COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Council the following communication from the Department of Docks and Ferries:

No. 380.

THE CITY OF NEW YORK, DEPARTMENT OF DOCKS AND FERRIES, NEW YORK, March 3, 1899.

Hon. RANDOLPH GUGGENHEIMER, President of the Council, City Hall, New York:

SIR—I inclose herewith copy of resolution adopted by the Board of Docks at the meeting held this day, requesting authority from the Council for the payment of bill of J. W. Fiske for 300 park settees furnished this Department last summer.

Requisition was made for said settees on the Superintendent of State Prisons, in accordance with sections 105 and 107 of chapter 429 of the Laws of 1896, as amended by chapter 623 of the Laws of 1897, but he was unable to furnish them and directed the Board to purchase same in open market, as per letter from C.V.Collins, Superintendent, dated July 13, 1898, which I attach

The settees were required for immediate use and were purchased from J. W. Fiske, who supplied them promptly.

Very respectfully, WILLIAM H. BURKE, Secretary.

Resolved, That the Municipal Assembly be and hereby is respectfully requested to authorize the purchase by this Department of three hundred settees for use on the recreation piers, at a cost of five dollars and thirty-five cents each, amounting to one thousand six hundred and five dollars.

STATE OF NEW YORK,
OFFICE OF THE SUPERINTENDENT OF STATE PRISONS,
ALBANY, July 13, 1898.

WM. H. BURKE, Esq., Secretary, Department of Docks, Pier A, North River, New York: DEAR SIR—I return herewith Order No. 19543, with cut, with the information that I have to-day asked the State Commission of Prisons to issue certificate allowing you to purchase 300 park settees as designated in the open market. I do not care to embarrass you any more than is absolutely necessary, and with our present large number of prior orders it will be impossible for us to turn out 300 settees within the time you require them.

Respectfully, C. V. COLLINS, Superintendent of State Prisons.

in the First Ward, this borough, petition this Board to have said place graded, paved, curbed, flagged and sewered; and

Whereas, Upon the hearing had thereon it appears that by the maps furnished by the Department of Highways, that the elevation of the natural grade or surface upon which the petitioner's buildings have been erected on the abutting lands along such place, is so high above the established grade that to excavate or cut down to the city grade will leave their premises upon an elevation detrimental to their interest, which can be obviated only by a readjustment of the grade levels more in conformity with the natural lay-out of the surface of the lands in it and the vicinity thereof, and so concurred in by such of the petitioners as were present, and

Whereas, We are satisfied that by reason of the lots along said place being but sixty-five feet deep, thus bringing the dwellings, privy vaults, cesspool and cistern in so close proximity to each other as to endanger the health and life of the occupants of such dwellings that absolute necessity exists for the speedy construction of public sewer therein, and

Whereas, The Deputy Commissioner of Sewers has submitted to this Board a plan for sewer in such place, which Park place was opened and dedicated to Long Island City years after the city maps were filed, and hence not included in such city sewer system, nor does Park place appear on the original city map of streets as filed; now, in view of the foregoing, be and it is hereby

Resolved, That the Local Board of the Borough of Queens, in meeting assembled this 14th day of October, 1898, does hereby recommend to the Board of Public Improvements that it cause the adoption of said map or plan of sewer as part of the city system of sewerage for such district, and take such necessary action as will promptly bring about the construction of the sewer so urgently required by the petitioners as aforesaid.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

That, in pursuance of section 413 of the Greater New York Charter, the following resolution of the Board of Public Improvements, adopted by that Board on the first day of March, 1899, be and the same hereby is approved, and the public work or improvement therein provided for is hereby authorized, viz.:

Resolved, by the Board of Public Improvements, that in pursuance of section 413 of the Greater New York Charter, the construction of a sewer and appurtenances in Cambreling avenue, from East One Hundred and Eighty-seventh street to St. John's College, Borough of The Bronx, under the direction of the Commissioner of Sewers, be and the same hereby is authorized and approved, there having been presented to said Board an estimate, in writing, of the cost of the said work or improvement and a statement of the assessed value, according to the last preceding taxroll, of the real estate included within the probable area of assessment. The estimated cost of the said work is eight thousand two hundred dollars. said work is eight thousand two hundred dollars.

BOROUGH OF THE BRONX, NEW YORK CITY, October 13, 1898.

Hon. MAURICE F. HOLAHAN, Board of Public Improvements:

DEAR SIR—In accordance with section 384, chapter 378, Laws of 1897, I hereby certify that the following resolution was adopted by the Local Board, Twenty-first District, at its meeting October 13, 1898, viz.:

Resolved, That, on petition of Charles H. Cronin and others, duly advertised, and submitted

this the 13th day of October, 1898, the Local Board, Twenty-first District, hereby recommends to the Board of Public Improvements that a sewer be constructed in Cambreling avenue (formerly Fulton avenue), between One Hundred and Eighty-seventh street and the lands of St. John's College, and that a copy of this resolution be transmitted forthwith to the said Board of Public Improvements.

Respectfully, LOUIS F. HAFFEN.

Which was referred to the Committee on Sewers.

COMMUNICATIONS RESUMED.

The President laid before the Council the following communication from the Board of Aldermen: No. 388.

Resolved, That the Municipal Assembly hereby places itself on record as opposed to the efforts of those railroad companies seeking the laying of four tracks on Amsterdam avenue, in the Borough of Manhatan, believing that such would be a menace to the life and limb of the men, women and children of the community and a detriment to the social and business interests of the neighborhood immediately affected.

Which was adopted.

REPORTS OF STANDING COMMITTEES.

Report of Committee on Bridges and Tunnels-

No. 301.—(S. R. 193.) The Committee on Bridges and Tunnels, to whom was referred the annexed ordinance in favor of authorizing additional contract without public letting for strengthening the City Island Bridge (page 737, Minutes, February 21, 1899), respectfully

REPORT :

That, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to authorize the Commissioner of Bridges to contract, without public letting, for extra masonry and steel for construction of bridge between Pelham Bay Park and City Island, Borough of The Bronx.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

That the following resolution of the Board of Public Improvements, adopted by that Board on the 20th day of February, 1899, be and the same hereby is approved, and the public work or improvement therein provided for is hereby authorized, viz.:

Whereas, In the judgment of the Consulting Engineer and Chief Engineer of the Department of Bridges, Piers Nos. 2, 4, 5, 6 and 7 of the new bridge, between Pelham Bay Park and City Island, should be made one foot thicker and one foot longer from out to out, as shown on plan, and Pier No. 3 should be made thirty-six inches in diameter under the coping, thus increasing the amount of masonry about six hundred and thirty-three cubic yards; and

Whereas, The said Engineers recommend that the working stress of fourteen thousand pounds per square inch in the tension flanges for all girders and in the tension chords of the drawspan for said bridge be changed to eleven thousand pounds per square inch, thus increasing the quantity of steel to be furnished by about two hundred and seventy thousand pounds; and

Whereas, The contractor who was the lowest bidder for constructing said bridge has consented to furnish the above material at the same cost and price as fixed upon by him in the contract which he has executed for constructing said bridge, which said cost or price would amount to about fourteen thousand nine hundred and eighty dollars; now be it

Resolved, by the Board of Public Improvements, with the concurrence of the Municipal Assembly, That the Commissioner of Bridges be and hereby is authorized to enter into a contract, at the same prices as are stated in the original contract, without public letting, for about six hundred and thirty-three cubic yards of masonry and about two hundred and seventy thousand pounds of steel, to be used as above stated in the construction of the new bridge between Pelham Bay Park and City Island, Borough of The Bronx, authorized by the Board of Estimate and Apportionment, under chapter 634, Laws 1894, and chapter 507, Laws 1896.

BOARD OF PUBLIC IMPROVEMENTS—CITY OF NEW YORK, 346 BROADWAY, BOROUGH OF MANHATTAN, NEW YORK, January 19, 1899.

Hon. P. J. Scully, City Clerk:

Sir—Referring to the resolution of the Board of Aldermen providing for the removal of the improved drinking-fountain from the corner of One Hundred and Seventy-third street and Eastburn avenue to the southeast corner of One Hundred and Seventy-third street and Webster avenue, which was referred to this Board by the Committee on Streets and Highways of the Council, I beg to state that the Commissioner of Highways submitted his report on this matter to the Board of Public Improvements at the meeting held on the 18th instant, and same was unanimously adopted.

I inclose herewith a copy of said report, together with the original papers in the matter, from which you will see that the Commissioner of Highways states that it is absolutely necessary to have a fountain at One Hundred and Seventy-third street and Eastburn avenue, but suggests that it would be well to erect a new fountain at Webster avenue and One Hundred and Seventy-third

In view of this report, it is impossible for this Board to approve the removal of the fountain now at One Hundred and Seventy-third street and Eastburn avenue.

Respectfully,

JOHN H. MOONEY, Secretary. DEPARTMENT OF HIGHWAYS-COMMISSIONER'S OFFICE, No. 150 NASSAU STREET, New York, January 10, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—Under date of December 23, the Secretary of the Board of Public Improvements transmitted to this department for investigation and report the accompanying resolution of the Council, authorizing and directing the Commissioner of Highways to remove the improved drinking-fountain now on the sidewalk near the curb at the corner of One Hundred and Seventythird street and Eastburn avenue to the southeast corner of One Hundred and Seventy-third street

and Webster avenue, Borough of The Bronx.

Upon investigation I find that a drinking-fountain is an absolute necessity in the vicinity of One Hundred and Seventy-third street and Eastburn avenue, and that the removal of the fountain from the southwest corner of One Hundred and Seventy-third street and Eastburn avenue would inflict great hardship on the hundreds of horses which daily make use of it. I therefore recommend that the fountain be not removed.

On Webster avenue there are three drinking-fountains between One Hundred and Sixty-ninth and One Hundred and Seventy-fifth streets. An additional drinking-fountain at One Hundred and Seventy-third street and Webster avenue would be an accommodation to the public, and if one is erected it should be placed on One Hundred and Seventy-third street, about 50 feet east of Webster avenue, because there is a strip of asphalt along the curb-lines of that avenue, and the constant stopping of teams on asphalt strips to allow horses to drink would be a source of annoy ance to bicycle riders, for whom the asphalt strips were laid.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

Which was placed on the order of second reading.

No. 391.

By the President-

To the Hon. RANDOLPH GUGGENHEIMER, President, and the Members of the Municipal Council of The City of New York :

cil of The City of New York:

Gentlemen—I have noticed in the City Record of February 16, the message No. 1217, from his Honor the Mayor, directed to the members of your Honorable Body, in regard to the general ordinance relating to business, requiring a license and the regulation thereof, which was under consideration by your Body at the meeting held on the fourteenth day of February.

On behalf of and at the request of several members of the United Bootblacks' Protective League, and others, I beg to state that we have appealed several times to the members of the Municipal Council, and to the members of the Board of Aldermen, stating that the license fees are too heavy for the stand owners in the bootblacking trade. Under existing conditions it is very hard for us to pay \$5 for each chair, and it deprives us of means to support our families properly.

I see that in accordance with the suggestions and objections of his Honor the Mayor, it is again referred to the Committee on Laws of your Body for reconsideration. I sincerely hope that you will see the necessity of reducing the fees for the bootblacks to at least one dollar per chair. Such action will secure the commendation of all of the members of our trade as well as others who are interested in our behalf. are interested in our behalf.

I turther request that your Honorable Body communicate with the Corporation Counsel and instruct him to adjourn or dismiss all those stand owners whose trials are now pending before the various courts, as such stand owners should not be punished for a fault which is not theirs. A large number of stand owners have applied to the Bureau of Licenses, but they could not get any until the ordinance in question took effect. And it seems to me to be unjust to let the poor stand owners lose time and money by waiting perhaps a month or more for the settlement of this question.

I also request that you have the Chief of Police instructed to suspend the enforcement of such ordinances, until a decision is reached, so that we may get our licenses from the said Bureau.

Hoping that your esteemed Body has a sympathy for the poor classes and thanking you in advance for the time which I am taking and trouble which you will take in the reading of this petition, I am, your obedient servant, GAETANO P. CAGGIORE, Nos. 26-28 Cedar street.

Dated, March 7, 1899. Which was referred to the Committee on Law Department.

The Committee on Finance, to whom was referred the annexed resolution in favor of authorizing the Comptroller to issue Corporate Stock, to provide for the purchase or construction of stock or plant for the Department of Street Cleaning (page 192, Minutes, January 17, 1899), respectfully

That, having examined the subject, they believe the proposed issue of stock to be necessary.

They therefore recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment, by a resolution adopted January 11, 1899, subject to concurrence therewith by the Municipal Assembly, authorized the Comptroller to issue Corporate Stock of The City of New York to the amount of five hundred and sixty-nine thousand three hundred and ninety-nine dollars and twenty-five cents (\$569,399.25), for the purpose of providing means for the purchase or construction of stock or plant for the Department of Street Cleaning, under the authority of section 546 of the Greater New York Charter, the estimated expense thereof being apportioned among the several boroughs as follows:

Boroughs of Manhattan and The Bronx.

\$73,612 00
Borough of Brooklyn.

Resolved, That the Municipal Assembly hereby concurs in said resolution, and that the Comptroller be and hereby is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to the amount of five hundred and sixty-nine thousand three hundred and sixty-nine three hundred and sixty-nin and sixty-nine thousand three hundred and ninety-nine dollars and twenty-five cents (\$569,399.25), for the purpose of providing means for the purposes aforesaid.

This is to certify that at a meeting of the North Side Board of Trade of The City of New York,

This is to certify that at a meeting of the North Side board of Trade of The City of New York, held this day, the following resolution was adopted:

Whereas, Numerous bills are pending in the Senate and Assembly of this State providing for the changing of the grades, lines and locations of streets, avenues, public parks and public places in the Twenty-third and Twenty-fourth Wards of The City of New York in the sections thereof

wherein the final maps have been adopted; and
Whereas, The Charter of the Greater New York lodges in the Borough Board of Local
Improvements and in the Board of Public Improvements the authority and power, whenever they
may deem it for the public interest so to do, to initiate a change in the map or plan of The City of
New York, so as to lay out new streets, parks, bridges, tunnels and approaches to bridges and
tunnels, and to widen, straighten and extend, alter, and close existing streets, and to change the
grade of existing streets as shown upon such map or plan, after due publication, and giving all
persons interested in such changes an opportunity to be heard in favor or against the proposed
changes: and

CHAS. V. ADEE, Clerk.

Whereas, The action of the Board of Public Improvements, if it favor such change, in order to be effective requires the concurrence of both houses of the Municipal Assembly in an ordinance adopting and approving the same by a two-thirds vote, and the approval of the same by the

adopting and approving the same by a two-thirds vote, and the approval of the same by the Mayor; and
Whereas, The completion of the maps of the Twenty-third and Twenty-fourth Wards of The City of New York, as constituted prior to the annexation of the Westchester section in 1896, has been followed by great building operations therein and the investment of large amounts of capital, mainly due to the reasonable certainty given investors and intending purchasers that the lines of the streets and avenues so fixed were final and conclusive; therefore be it

Resolved, by the North Side Board of Trade that it is opposed to the practice of presenting bills to the Legislature of the State of New York with the object of changing the final map adopted for the Borough of The Bronx, in the section west of the Bronx river, for the following reasons:

I. Because the Charter itself provides ample means for all proper changes that may become necessary to be made for the public interests, after full discussion of the necessity and advisability

necessary to be made for the public interests, after full discussion of the necessity and advisability of such changes before the various public bodies, the Municipal Assembly and the Mayor of The City of New York.

2. Because it is an invasion of the doctrine of home rule in local affairs, provided for by the

new Charter of The City of New York.

3. Because it is a menace to the advancement and prosperity of the North Side by disturbing the protection now afforded to intending purchasers, investors, loaners and builders, by the completion and filing of said maps establishing grades, lines and locations of streets, avenues, parks, public squares and rubble places.

NEW YORK, January 30, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements, No. 346 Broadway, City:

DEAR SIR—I have to acknowledge receipt of a communication from your office of the 27th instant, concerning a communication received from the Council in relation to a resolution passed by the Board of Public Improvements, to authorize the Department of Public Buildings, Lighting and Supplies to enter into a contract for certain plumbing work in the Seventh Regiment Armory Building.

In reply, I have to report :

In reply, I have to report:

That, at a meeting of the Armory Board, held in October last, the said Board authorized the expenditure of fifteen thousand dollars, for plumbing work in the Seventh Regiment Armory Building, and so reported to the Board of Estimate and Apportionment. The Board of Estimate, in making up the appropriation for "Supplies and Repairs" for this Department for the year 1899, included this item for altering the plumbing in the aforesaid armory in the gross appropriation for Supplies and Repairs for the Department for 1899.

The money being available in the tund for Supplies and Repairs of the Department, it is plainly within the jurisdiction of the Department of Public Buildings, Lighting and Supplies to advertise for contracts for doing this work whenever the Municipal Assembly authorizes the said action.

OFFICE OF THE CORPORATION COUNSEL, NEW YORK, January 30, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements

SIR- I am in receipt of a communication from the Secretary of the Board, under date of SIR-1 am in receipt of a communication from the Secretary of the Board, under date of January 23, 1899, stating that on January 5 a communication was received by the Board from the Commissioner of Public Buildings, Lighting and Supplies, requesting the Board to approve a resolution authorizing him to make "certain alterations in the plumbing work in the Seventh Regiment Armory, Borough of Manhattan, at an approximate cost of \$15,000, to be paid for from the appropriation of his Department for 'Supplies and Repairs, 1899,' and, when approved, to transmit it to the Municipal Assembly"; and asking me to advise the Board whether the work referred to is to be done under the direction of the Commissioner of Public Buildings, or whether it should be done by the Trustees of the Seventh Regiment Armory, under section 230 of the Charter.

As stated by my predecessor, the Hon, Henry R. Beekman, under date of October 2, 1888.

As stated by my predecessor, the Hon. Henry R. Beekman, under date of October 2, 1888, "the question of the liability of the city for repairs to this armory * * * is no longer an open question, that liability having been established by a decision of the Supreme Court, filed by Mr. Justice Barrett at Chambers, December 29, 1886, in the People ex rel. Emmons Clark, Colonel, Commanding Seventh Regiment, against John Newton, Commissioner of Public Works, which was an application on the part of the regiment to compel certain repairs to the building by the Department of Public Works."

Judge Beekman decided, following a prior opinion of Judge Lacombe, dated September 23, 1886, that the vouchers which were then under consideration were properly chargeable to the appropriation for "Public Buildings—Construction and Repairs," and that the city and not the Seventh Regiment was liable therefor.

These rulings are conclusive on the question propounded, and I advise you that the work should be done under the direction of the Commissioner of Public Buildings, Lighting and

NEW YORK, March 7, 1899.

To the Honorable the Board of Aldermen:

Complying with the resolution of request adopted by the Municipal Assembly, the undersigned present herewith a report of our visit to and attendance at the convention of the League of of American Municipalities, held at the city of Detroit, Michigan, on August 1, 2, 3 and 4, 1898. We believe that the report of the proceedings of the convention should be preceded with a brief statement, showing how and when the said league was organized, and the recognition given to it by The City of New York.

Its Sentencher, 1887, a convention of over four hundred mayors councilmen and alderments.

to it by The City of New York.

In Seplember, 1887, a convention of over four hundred mayors, councilmen and aldermen from all sections of the country, met at Columbus, Ohio, and organized the said League of American Municipalities. The object of this organization is, as set forth in its constitution, "the general improvement and facilitation of every branch of municipal administration by the following means: First, the perpetuation of the organization as an agency for the co-operation of American cities in the practical study of all questions pertaining to municipal administration; second, the holding of annual conventions for the discussion of contemporaneous municipal affairs; third, the establishment and maintenance of a central bureau of information for the collection, compilation and dissemination of statistics, reports and all kinds of information relative to municipal government."

Some conception of the value of the Bureau of Information can be had from the following

Some conception of the value of the Bureau of Information can be had from the following reference thereto by the Secretary of the League in his recent report:

"One of the most important and useful features of this organization is its bureau of information.

" tis the duty of this bureau to collect, compile and disseminate statistics, reports and all kinds of information relative to municipal affairs. The bureau is required to comply with all reasonable requests made by officials of membership cities for information, and to publish all generally interesting information gathered and compiled by it. Owing to the fact that your secretary found it necessary to devote his energies largely to the work of securing members, the bureau of information has probably not received the attention it deserved. However, during the year three bulletins containing information of general interest have been published, and over 300 special inquiries have been attended to. The replies have given satisfaction generally, but there have been a few instances wherein the bureau has been unable to provide satisfactory answers. In replying to these special inquiries, mayors, councilmen and heads of departments have been provided with information on the following subjects:

The inspection and sale of milk.

Insurance on municipal buildings.

Rules and regulations for city poor houses.

* * The bureau of information now has a library of several hundred municipal books, which have been secured with no little effort. These books include the municipal codes of nearly all of the cities belonging to the League. There are also in this library several hundred published reports of municipal departments. As this library enlarges, and as the age of the organization increases the membership and interest, the service of the bureau of information will be made will more valuable.

made still more valuable.

The League since its inception has been joined by upward of one hundred of the principal cities of this country, and its work, as laid out by its Constitution, has been carried on with most

gratifying success.

While the first convention, held at Columbus, Ohio, in 1897, was in session the Board of Aldermen of our city telegraphed greetings and congratulations, which were received with much pleasure and enthusiasm.

Soon after the organization of the League New York, by formal action of the city authorities, became a member.

As the date of the Second Annual Convention approached—the one held recently at Detroit—resolutions were introduced and reported favorably, providing that a delegation formally selected should attend to represent our city.

It was also suggested that his Honor the Mayor and some of the heads of our city departments should attend.

The recess taken by the Municipal Assembly during the heated term of Summer prevented due consideration of and action on the said report.

In view of this condition, a conference was called, to which were invited all the members of both the Council and the Board of Aldermen, for the purpose of obtaining a volunteer delegation who would attend and thus represent our City.

As a result thereof, the undersigned attended. We were cordially received and most hospitably entertained. It was especially gratifying to the officers and members of the convention, that New York manifested, by the presence of a delegation, that it was interested in the movement and work

We cannot commend that work too highly. It tends to instruct toward a better understanding of municipal questions and the solving of interesting and complex municipal problems.

We advise an active participation in that work. We urge that all moral and material aid that can be given should be freely and liberally extended.

We know that by a union of effort municipal duty will be more clearly understood; municipal

necessities more generally appreciated, and the strengthening and broadening of all the principles and elements that tend to form and make up official municipal life, will be assured.

Every city in the United States ought to be a member. There is ample cause, in the direction of mutuality of interest, for such an alliance. There is no reason why any city should not

The following copy of the Constitution is submitted in order that, becoming part of our minutes, it can, as it should, form a subject of and for ready reference in the future:

CONSTITUTION OF THE LEAGUE OF AMERICAN MUNICIPALITIES.

ARTICLE I.

Name and Objects.

Section 1. The objects of this organization, which shall be known as the League of American Municipalities, shall be the general improvement and facilitation of every branch of municipal administration by the following means: First, the perpetuation of the organization as an agency for the co-operation of American cities in the practical study of all questions pertaining to municipal administration; second, the holding of annual conventions for the discussion of contemporaneous municipal affairs; third, the establishment and maintenance of a central bureau of information for the collection, compilation and dissemination of statistics, reports and all kinds of information relative to municipal government.

ARTICLE II.

Membership.

Section 1. Any municipality in the United States or Canada may become a member of this

organization.

Sec. 2. Each and every municipality becoming a member of this organization shall pay an annual membership fee, as follows: Cities under 25,000 population, \$20; between 25,000 and 50,000, \$30; between 50,000 and 100,000, \$40; between 100,000 and 200,000, \$50; over 200,000, \$60.

ARTICLE III.

Meetings.

Section 1. The annual meeting of this organization shall be held at such place as the annual convention may determine, and at such time as the executive committee may determine.

Sec. 2. Each and every municipality holding membership shall be entitled to send its mayor

and as many members of its general council and its board of aldermen as it may desire as dele-

gates to the annual meeting.

Sec. 3. On the questions of electing officers and selecting place of annual meetings, each and every member shall be entitled to one vote, which shall be the majority expression of the members' delegation; on all other questions the vote of the majority of delegates present shall control. All delegates shall be entitled to participate in the discussions and debates of the

ARTICLE IV.

Officers.

Section I. The officers of this organization shall consist of a president, a vice-president, a secretary, a treasurer and three trustees, each of whom shall be a municipal official at the time of his election, except the secretary, and no two of whom shall be from the same State. This board of officers shall constitute the executive committee.

Sec. 2. There shall be appointed at each annual meeting an honorary vice-president from each State represented, and such standing committees as the president or convention shall deem

ARTICLE V.

Section 1. The president shall preside at all meetings of the organization and at those of the executive committee, shall have the appointment of all committees, and shall perform such other duties as are incumbent upon the office. In the absence of the president, the vice-president shall assume and perform the duties of the office.

Sec. 2. The Secretary shall keep accurate minutes of the proceedings of the organization and of the executive committee, shall have charge of the bureau of information, shall conduct all correspondence shall seven notices of all meetings of the organization shall collect and receipt for all

respondence, shall issue notices of all meetings of the organization, shall collect and receipt for all fees and dues and pay them to the treasurer monthly, taking and keeping a receipt for same and keep accurate account between the organization and its members, and shall receive such compensation and give such bond as the executive committee shall determine.

Sec. 3. The treasurer shall receive from the secretary and keep all money belonging to the organization, giving his receipt therefor; shall pay all bills approved by the president; shall keep an account of the funds of the organization, and submit to it at each annual meeting a report of all receipts and disbursements during the preceding year, and shall give such bond as the executive committee may determine.

Sec. 4. The bonds provided for in the two preceding sections shall be in some solvent security

company, and the premiums thereon shall be paid by the organization.

Sec. 5. The executive committee shall meet on the morning of the first day of the annual meeting of the organization, and as often as the president may direct, and consider and report all matters referred to it by the organization.

ARTICLE VI.

Bureau of Information.

Section I. The organization shall establish and maintain, under the care of the secretary, a bureau of information for purposes as set forth in Section I of Article I. of this constitution.

Sec. 2. It shall be the duty of each and every member to take such action as it may deem proper, through its mayor or its general council and board of aldermen, to have the heads of its

various departments send copies of all published public reports to the bureau of information, and to have said officials extend all reasonable courtesies to said bureau in the way of furnishing

special information as requested.

Sec. 3. It shall be the privilege of each and every member, through its mayor, council or heads of various departments, to request any special information relative to municipal work from the bureau of information.

Sec. 4. It shall be the duty of the bureau of information to comply with all reasonable requests made by members for information and to publish all generally interesting information gathered and compiled by it.

ARTICLE VII. Order of Business.

Section 1. At the annual meeting of the organization the order of business shall be as follows:

1, Roll call; 2, reading of minutes of last meeting; 3, president's address; 4, report of secretary; 5, report of treasurer; 6, report of executive committee; 7, report of other committees; 8, addresses, papers and discussions; 9, election of officers; 10, election of next meeting-place.

ARTICLE VIII.

Amendments.

Section 1. The foregoing constitution may be amended at any annual meeting by a two-thirds vote of the members present, provided such proposed amendments shall have been submitted in writing not later than the first day of the annual meeting.

Having described the objects of the League, and having presented all the data which is necessary to submit in connection with that description, we will now give a brief synopsis of the

proceedings of the Detroit Convention:

Aug. 1—Mayor John MicVicar, of Des Moines, Ia., the President, introduced Mayor William C. Maybury, of Detroit, who delivered an address of welcome, to which the President responded. This was followed by the presentation of the President's Annual Report. The Secretary and Treasurer also presented their Annual Reports, after which Governor Pingree, of Michigan,

tary and Treasurer also presented their Annual Reports, after which Governor Pingree, of Michigan, addressed the Convention.

A paper on "Garbage Disposal" was submitted by Dr. Quitman Kohnke, of New Orleans. Hon. F. A. Walker, of Trenton, N. J., also presented a paper on the same subject. Hon. James A. Lavery, of Poughkeepsie, N. Y., addressed the Convention on the "Relation of Municipalities to Organized Labor."

Aug. 2—Mayor Young, of Akron, O., discussed the subject: "Should the Administrative Affairs of the Departments of Public Works, Water, Fire, Police, Parks, Charities and Correction be conducted by Boards, Single-headed Commissions or Council Committees?" Mayor F. V. Evans, of Biriningham, Ala., discussed the same question.

Professor Parsons delivered a lengthy address on "Municipal Liberty," illustrating it with a chart.

Alderman S. A. Adams, of Minneapolis, gave his views on "Regulation of Saloons," who was followed on the same subject by Mayor Perry, of Grand Rapids, Mich., and Councilman T. A.

followed on the same subject by Mayor Perry, of Grand Rapids, Mich., and Councilman T. A. Hammond, Jr., of Atlanta, Ga.

Mayor Saltsman, of Erie, Pa., dilated on the subject of "Street Paving," and Prof. E. W. Bemis, of the Agricultural College of Kansas, discoursed on "Electric Lighting."

Aug. 3—A paper on "Remuneration to Cities for Franchise Rights In, Over and Under Public Streets and Alleys," by Mayor Phelan, of San Francisco, was presented, after which Mayor T. S. McMurray, of Denver, Col., spoke on the same subject.

Mayor James K. McGuire, of Syracuse, N. Y., discussed the question of "Water Works," who was followed on the same subject by Judge George Hillyer, President of the Water Board of Atlanta, Ga., and Mayor Levagood, of Elyria, O.

Aug. 4—The following several resolutions were adopted:

(1) Resolved, That it is the sense of this Convention of the League of American Municipalities that municipal questions should be absolutely divorced from the domain of partisan politics that rule in state and national affairs. The municipality should set the example for the state and nation in ministering to the needs of all the people, and the best results cannot be secured under a system of politics that seeks to consider as first only the interests of a few people who belong to the dominant party.

Resolved, That it is the sense of this Convention that an intelligent and gradual change from the contract to the per diem plan is very necessary to the end that all people, especially the working people, may reap the full results of moneys expended in public work.

Resolved, That this convention is in hearty sympathy with every effort of our people to build up a better citizenship, and as one of the most effective means to this end we favor the adoption of the eight-hour working day by all municipalities.

After which Mayor Samuel M. Jones, of Toledo, Ohio, spoke on "Municipal Ownership of Public Service Industries," who was followed on the same subject by Mayor J. A. Johnson, of Fargo, N. D.

Whereas, Money collected by taxation and devoted to public use should be accounted for with all the care and regard for taxpayers' interests as are deposited in savings banks; and

Whereas, A uniform system of accounting applicable to every municipality in a State, formulated and audited by the State, designed to show the entire and true costs of all public utilities owned and operated by municipalities, is the most effective check on unwise expenditures, and the most reliable guide to a correct municipal policy that can be devised; be it

Resolved, That the law should provide for a State audit of all municipal and private corporation accounts, and the annual publication of a comparative statement showing the results of municipal administration; and be it

Resolved, That this League recommend all municipal governments in each State to co-operate for the purpose of securing, at the earliest practicable date, the enactment of a law providing for a uniform system of municipal accounting, to be formulated, audited and the results published annually by State authority.

Routine business followed; some amendments to the Constitution, of minor importance, were

annually by State authority.

Routine business followed; some amendments to the Constitution, of minor importance, were adopted, and nomination, election and installation of officers were the closing events of the session. The character of the proceedings, the intelligence of the membership, the instructive nature of the arguments presented by those who had special subjects to dilate upon, and the general discussion on each subject, all tended largely towards emphasizing the advantages of the League, and demonstrating that its growth and perpetuity were assured.

It was resolved that the next annual convention shall be held at Syracuse, in this State. In closing, we must refer to the magnificent reception accorded all the Delegates by the city authorities of Detroit. From the time of the arrival to the hour of departure of the respective delegations, the Mayor of the city, assisted by associate officials, and also by the Governor of State, did all that was possible to entertain their guests in the most hospitable manner. Many interesting points were visited, many instructive exhibitions were given, and a cordial relationship between host and guest was created, strengthened and cemented by the strong and everlasting ties of true sincerity.

We recommend that copy thereof be procured, be bound and placed in the City Library for study and reference.

We also suggest that the several publications—of which there are not many—devoted to municipal matters be subscribed for and be placed on the tables of the City Library for the benefit of officials and the public.

We offer the following:

Resolved, That a committee of five from the Council and a committee of five from the Board of Aldermen shall be appointed and shall jointly form a delegation to represent the city at the convention of the League of American Municipalities, to be held at Syracuse in September next.

Resolved, That said joint committee shall make earnest effort to induce his Honor the Mayor and the heads of departments to attend the said convention; also,

Resolved, That the League shall be and is invited to meet in New York City in the year 1901 and that the special committee of ten is hereby instructed to exert all possible means to have said invitation accepted.

Resolved, That the Clerk of this Board shall carry into effect the suggestion above contained as to the bound copy of the proceedings of the convention and shall ascertain and report the respective titles of books, periodicals, etc., devoted to the interests of municipalities, giving brief description of the character of each, where published, suscription price, etc.

Respectfully submitted, HENRY SIEFKE, FRANK GASS, COLLIN H. WOODWARD, ELIAS GOODMAN.

Which was laid over.

No. 2302.

By Alderman Stewart-Whereas, Our Committee on Public Buildings, Lighting and Supplies did, on January 17 last, report in favor of legislation that will secure for the city departments telephones owned and operated by the municipality itself, which report has not yet been considered and acted upon; and

Whereas, The entire telephone service of the city, outside as well as within the jurisdiction of the municipal authorities, ought to receive attention, and the exorbitant rates exacted be materially reduced; and

Whereas, This year, as for many years past, there is effort at Albany to bring about the necessary reduction; therefore
Resolved, That the Committee on Legislation be and it is directed to examine the

accompanying paper, containing valuable extracts from a report of the President of the Merchants and Manufacturers Board of Trade of New York, relating to this subject, and also examine the several bills that have been introduced in the Legislature pertaining to this matter.

Resolved, That the said Committee on Legislation shall arrange public hearing, and having fully studied the subject, shall recommend to this Board such legislation as will tend toward bringing about the best results, for the benefit of the general public, whether such legislation be

bringing about the best results, for the benefit of the general public, whether such registation be necessary here or at Albany.

(Extract from Report of President Merchants and Manufacturers' Board of Trade of N.Y.)

The wonderful rapidity with which it has grown into the busy life of the American people is not the least of its surprising capabilities. It is swiftly outstripping the telegraph as a means of communication, and the following comparison is a remarkable evidence of the astounding progress it has made and of the fact that if its cost to the consumer can be brought into proper and legitimate relations with the cost of production its extension, will be practically unlimited.

In 1891 the number of miles of wire owned by the Western Union Telegraph Company was 715,591. The number of offices, 20,098. The total receipts, \$23,034,327. The expense, \$16,428,742, and the profits, \$6,605,585. The average toll was 32.5 cents.

In 1897 the mileage was 841,002. Number of offices, 21,769. Gross receipts, \$22,638,859.

Average toll, 30.5 cents.

According to the statement of the American Ball Telephone Company the content of the statement of the American Ball Telephone Company the content of the statement of the American Ball Telephone Company the content of the statement of the American Ball Telephone Company the content of the statement of the American Ball Telephone Company the content of the statement of the content of the statement of the American Ball Telephone Company the content of the statement of the content of the statement of the American Ball Telephone Company the content of the statement of the content of the statement of the content of the statement of the statement of the statement of the content of the statement of the statement

According to the statement of the American Bell Telephone Company, there was in 1881:

 Miles of wire on poles.
 171,498

 Miles of wire on buildings.
 13,445

 Miles of wire underground.
 54,690

Miles of exchange service wire 240,412
Number of employees 7,845
Number of subscribers 202,931 And in 1897:

 Miles of wire on poles.
 286,632

 Miles of wire on buildings.
 12,594

 Miles of wire underground.
 234,801

Thus while the percentage of increase of wire mileage by the Western Union Telegraph is a fraction over 17.5 per cent., that of the telephone, exclusive of exchange mileage, in the same period, is over 123 per cent., while the increase in the number of recorded subscribers has grown from 202,931 to 325,244.

The American Bell Telephone Company practically conducts the telephone business of the United States

The number of instruments in the hands of licensees under rental at the beginning of 1897 was 772,627. The number of exchange connections daily, 2,630,071, or a total per year of about

847,000,000.

The total number of messages sent by the Western Union Telegraph Company in 1897 was

58,151,844.
The average number of daily calls on the telephone per subscriber is about 81/3, or, say 2,500

per year.

The company paid its stockholders in dividends, in 1896, \$3,361,233. The gross earnings for the same year were \$4,538,979.07.

It is not my purpose to make any special reference to the financial aspect of this subject. It is very generally known to the public that the telephone monopoly is extremely profitable, and the only object in presenting the comparisons is to show the universality of the demand for the telephone service as evidenced by its remarkable growth and popularity. Legislation has been invoked to secure lower rates of charge to subscribers, and all the elements of cost of installation—of material and of service—have been exhaustively investigated by Congressional and State legislative committees. The findings of the various committees have been published and widely circulated through the press. Figures showing the charge for telephone service in the chief countries of Europe have also been issued in these numerous publications, and any additional testimony of that nature is unnecessary and superfluous. testimony of that nature is unnecessary and superfluous.

It has become known to every intelligent reader of the daily newspapers that a large reduction in the charges are justifiable, and that they can be made without injury to any vested rights, or without any substantial reduction in profit-earning capacity. It has been repeatedly lemonstrated that popular charge for public service of any kind is the surest means of enlarging public use. This is shown in the case of street railroads, gas companies, and similar quasi-public operations.

The demand that telephone charges shall be reduced has grown constantly as the service has been extended, and as the truth concerning the enormous profits earned have been disclosed. This demand exists in every part of the United States where telephones are in use, and commercial bodies in nearly all the larger cities have unceasingly urged both federal and State interference to bring about this reduction. In many places competing companies have been formed, and in Washington, D. C., there is a regularly organized telephone users' association, whose purpose is to secure relief from what they regard as the unjust charges demanded for the service in that city and district, and Congress, in 1898, during an exhaustive investigation which is still pending, enacted a law restricting the telephone company in Washington to \$50, \$40 and \$25 per year. per year.

This Board, since its organization, has been persistent in its demands to have equitable legislation enacted, which will secure relief from the unjust exactions of the telephone monopoly.

The Legislature of the State of New York has refused to pass any of the measures which have been presented to it, and the telephone subscribers in this city are still compelled to pay a higher price for the service than is charged in any other city. The published rates charged here

Per Year, For unlimited service. \$240 00.
For 4,000 messages. 225 00, or about 5 cents per message.
For 600 messages. 90 00, or about 15 cents per message.

While for public telephones the charge to the transient sender is 10 cents per message, and the licensee or the proprietor of the establishment who maintains a public telephone receives a commission of 20 per cent. So that the company actually receives 8 cents for every message sent over the public line.

It is undoubtedly a grave abuse of privilege and a decidedly unjust discrimination to charge 15 cents per message to the subscriber while the net amount received from the occasional user is only 8 cents per message.

The large number of subscribers in New York City paying this high rate are warranted in using every legitimate and lawful means to obtain redress.

The telephone company having acquired the right to carry its wires through or under the streets of a city, is in possession of a valuable public franchise, and becomes at once subject to the same rules as govern other corporations occupying public domain or free rights of way, and occupies toward the public a similar relation to that of the street railroad, the gas company, or any other semi-public corporation which is in possession of, and by law is protected in, these certain rights and privileges. It is, therefore, entirely proper and quite within the right of the poorest citizen to demand that he shall receive the same service and at the same charge as his more fortunate neighbor. The growing uses of the telephone, its adaptability to so many of the needs of the public, marks it as one of those instrumentalities which is destined to have an indefinite extension, and the neglect by the people to insist that all, poor as well as rich, should receive a share in the benefits arising from its use must be regarded as the extreme of negligence.

The giving of a public franchise involves a reciprocal action upon the part of the corporation, for since the rights belong to all of the people and not to any particular class, all of the people are entitled to equal treatment, and there is no justification for any discrimination in the matter of charge for the service rendered between individuals.

This is, I think, a well-settled principle which, with certain limitations, must be and is binding upon the telephone companies. The telephone companies claim that differences should be made between the very small and the very large consumer, but it is utterly abborrent to every sense of justice that the small consumer should be charged three hundred per cent. more for what he justice that the small consumer should be charged three hundred per cent. more for what he receives than is the large consumer. The telephone can be made to serve a greatly increased number of people if its costs were made on an equitable basis. Give every one who desires or can use it an opportunity to have it, and it would be found in nearly every house in the country. Why should not the farmer, living at a distance from his post-office, be permitted a share in the enjoyment of this great public benefaction? Why should not the mechanic, who earns fair wages, be allowed to receive some of the advantages which his wealthier neighbor enjoys, and why, if it is true that the telephone companies exist by reason of rights given them by the public, should they be allowed to any longer, by a system of excessive charges for small subscribers, keep this class out of their admitted rights of participation? A toll of five cents per message would make it possible for thousands more to partake of a share of the benefits of which they are now being denied. It rightfully belongs to them. The telephone is operated under peculiar conditions. It does not occupy the same position in regard to competition as other corporations. The 23,000 subscribers in The City of New York should welcome competition and unite in any effort to create it, thus relieving and benefiting the

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE to prevent the storage of cars on the tracks of the elevated railways in the Borough of Manhattan, City of New York.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

That on and after the 1st day of April, 1899, it shall be unlawful for any railroad company running cars on elevated structures in the Borough of Manhattan, City of New York, to keep, retain or store on any track of the several lines in the public highways any car or cars not actually in transit.

Sec. 2. Each and every company which shall refuse or neglect to comply with the provisions of section 1 of this ordinance shall thereby incur a penalty of one hundred dollars (\$100) for each and every violation thereof, to be recovered by the Corporation Counsel, as in the case of other

penalties.
Sec. 3. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.
Sec. 4. This ordinance shall take effect immediately.

In connection with the foregoing report Alderman Goodman, of the Committee on Railroads, offered the following minority report :

No. 2304.

NEW YORK, March 7, 1899.

To the Honorable the Board of Aldermen:

The undersigned, the minority of the Committee on Railroads, begs to dissent from the conclusions of the majority of said Committee in the matter of the proposed ordinance to compel the Manhattan Railroad Company to remove its cars from the third track on which they are at times stored while not in use.

I am in full sympathy with the object desired to be attained, but cannot consent to the manner or methods by which the end is sought to be reached.

Ere we proceed to consider or act upon the ordinance before us, we ought ascertain what

legal powers we possess in the premises.

It has been contended that the municipal authorities have no jurisdiction which can be exercised in the direction contemplated, and as that question has not been officially decided it seems unwise, if not unwarranted, to take any action of a positive nature in the matter.

Not only should we request advice from the Counsel to the Corporation, but we should invite

an opinion from the representative of the railroad company, in order that all legal points involved be fairly and fully brought before us.

The ordinance provides that the cars stored on the third track shall be removed by April I

next. This is so unreasonable as to become preposterous, and might with justice be characterized next. This is so unreasonable as to become preposterous, and might with justice be characterized as oppression.

The cars not in active use, naturally require considerable space; and in order to provide accommodation for them, we should grant sufficient time for the company to secure private property and prepare it for the purpose intended.

A hearing should be afforded the company and the public, in order that we can learn what can be done; so that there can be decided equitably, what must be done.

The disinclination on our part to afford a hearing, places us in position to justify adverse criticism, and naturally makes our motives appear as questionable.

We should take pattern from the course pursued by his Honor the Mayor, who afforded a hearing

We should take pattern from the course pursued by his Honor the Mayor, who afforded a hearing on another ordinance, which we denied.

He recognizes the justice, if not the inherent right to be heard, of those upon whom hard-ships are to be imposed, whether those hardships are necessarily demanded for the public good or

The enforced recall of an ordinance, and its modification by the Council, last week, emphasizes the necessity and advantage of a careful examination of important matters of this character ere we act thereon, and proves the efficacy of public hearings as suggested.

I offer the following:

Resolved, That the proposed ordinance now under consideration be and the same is hereby recommitted to the Railroad Committee with instructions to hold public hearings thereon.

Resolved, That the Clerk of this Board be and he is instructed to request an opinion from the Counsel to the Corporation defining our powers as to the adoption and enforcement of ordinances that the elevated railroad companies must recognize.

Respectfully submitted, ELIAS GOODMAN.

DEPARTMENT OF BRIDGES-CITY OF NEW YORK, Commissioner's Office, Stewart Building, Manhattan, New York City, N. Y., November 28, 1898.

To the Honorable Municipal Assembly of The City of New York:

GENTLEMEN—I transmit herewith, for adoption by your Honorable Body, resolution authorizing the defraying of minor or incidental expenses on the New York and Brooklyn Bridge to the extent of one thousand dollars.

A like resolution, duly approved April 26, 1898, was passed by your Honorable Body, authorizing the use of a sum not to exceed five hundred dollars. Minor and incidental expenses to the amount of about four hundred dollars depleted said sum, so that but about \$100 remained to pay men employed under the emergency created by the recent snowstorm. It cost about two hundred dollars to remove the snow from the bridge, and it is necessary that the men employed should be paid from this contingent sum immediately upon the completion of their work.

I therefore respectfully ask that your Honorable Body adopt a resolution authorizing the expenditure of a sum not exceeding one thousand dollars for the purpose of defraying minor or incidental expenses on the New York and Brooklyn Bridge, chargeable as in said resolution suggested.

BOARDS OF LOCAL IMPROVEMENTS.

NINETEENTH DISTRICT, BOROUGH OF MANHATTAN.

Meeting held in Borough Office, City Hall, February 21, 1899, 12 M.

The roll was called and the following members answered to their names: Iames I, Coogan (President), in the chair, Councilman Wise and Al

and Aldermen Goodman,

The minutes of the previous meeting were read and approved.

The President submitted a communication from the Board of Public Improvements, inclosing copy of report from the Commissioner of Highways, in which it was stated that in reference to the placing of crosswalks across the Boulevard at One Hundred and Forty-fifth and One Hundred

and Forty-sixth streets, he recommends that the same be done and asphalting a space, not exceeding four feet, adjoining the curb on Amsterdam avenue, from Washington Bridge to Fort George, that the same cannot be done at present, because there are other streets in need of immediate

repair.

The Secretary read a communication from the Board of Public Improvements, inclosing copy of report from the Commissioner of Sewers, in reference to the construction of a sewer on the west side of the Boulevard, from the terminus of the present sewer in One Hundred and Seventieth street and Kingsbridge road, asking that the resolution of the Local Board be amended.

Alderman Woodward offered the following resolution:

Resolved, That the Board of Local Improvements of the Nineteenth District of the Borough of Manhattan recommend to the Board of Public Improvements that a sewer be constructed, beginning at the intersection of One Hundred and Sixty-fifth street and Fort Washington avenue to Eleventh avenue, and along the westerly side of the same and Kingsbridge road to One Hundred and Seventy-first street. and Seventy-first street.

Adopted.

The Secretary read a communication from the Board of Public Improvements in reply to the answer of the Board of Local Improvements of the Nineteenth District, in which it was stated that One Hundred and Thirty-fifth street, from St. Nicholas to Amsterdam avenue, is already legally opened.

Alderman Goodman offered the following resolution: Resolved, That the matter be referred to Councilman Wise for attention.

Adopted.

39 75

The President submitted a communication from Mr. Elton W. Clark, No. 531 West One Hundred and Forty-first street, complaining of the condition of the sidewalk on the northeast corner of One Hundred and Forty-first street and Hamilton place.

Alderman Woodward offered the following resolution:

Resolved, That the Board of Local Improvements of the Nineteenth District of the Borough of Manhattan recommend to the Board of Public Improvements that the proper Department be directed to proceed to repair the sidewalk on the northeast corner of Hamilton place and One Hundred and Forty-first street.

Hundred and Forty-first street.

Adopted.

The Secretary read a communication from Mr. John P. Everett, No. 4 Warren street, requesting the laying of asphalt, over the present pavement, on West One Hundred and Seventh street, between Amsterdam avenue and the Boulevard, at the expense of the city.

Alderman Goodman offered the following resolution:
Resolved, That the matter be placed on file.

The President submitted a communication from the Commissioner of Highways, requesting that the matter of constructing retaining-walls on Macomb's Darn road, where necessary, to sustain said road between One Hundred and Fifty-fourth street and the Macomb's Dam bridge abutment, and the regulating and grading thereof, be placed before the Board of Local Improvements of the Nineteenth District. Nineteenth District.

Alderman Woodward offered the following resolution:

Resolved, That the Board of Local Improvements of the Nineteenth District of the Borough of Manhattan recommend to the Board of Public Improvements that the proper Department be directed to proceed to construct retaining-walls on Macomb's Dam road, where necessory, to sustain said road between One Hundred and Fifty-fourth street and Macomb's Dam bridge abutment, and to regulate and grade the street in front thereof.

Adopted

Adopted.

The President submitted communications from the Commissioner of Highways and Mr. C. J.

The President submitted communications from the Commissioner of Highways and Mr. C. J.
Davey, No. 153 West One Hundred and Second street, requesting that some action be taken
looking to the grading and feneng of the vacant lots on the north side of One Hundred and Second
street, between Columbus and Amsterdam avenues.

Alderman Roddy offered the following resolution:
Resolved, That the Board of Local Improvements of the Nineteenth District of the Borough
of Manhattan recommend to the Board of Public Improvements that the proper Department be
directed to proceed to fence the vacant lots on the north side of One Hundred and Second street,
between Columbus and Amsterdam avenues.

Adonted.

Adopted. There being some question as to the right of the Board to interfere with the grading of the lots, that portion of the request was laid over. On motion, the meeting adjourned.

I. E. RIDER, Secretary.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope indorsed "Bid or Estimate for Engineer's Supplies," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner of Correction, or his duly authorized agent and read.

THE COMMISSIONER OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE FUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 4:0, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as

site that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, or security, trust or deposit companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordi-

nances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at th

the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, of from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and howing the manner of payment, will be furnished at he office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner will insist upon its absolute enforcement in every particular. ment in every particular.

N. B.—Bidders should take into account the difference in population in some of the wards of the Borough of Richmond during the summer months as compared with the rest of the year.

Proposals will be received for one, or more, or all of the said wards in the Borough of Richmond.

The above estimates for the boroughs of Queens and Richmond are based on the per capita output in the year .807 of what are now the boroughs of Manhattan and The Bronx, applied proportionately to the estimated populations of the several wards in the Boroughs of Queens in d Richmond.

The above-mentioned quantities, though stated with as much accuracy as possible in advance, are approximate only. Bidders will be required to submit their proposals upon the following express conditions, which shall become a part of every proposal received:

The compensation to be paid to the contractor must be stated at a price per ton of two thousand (2,000) pounds at the place of delivery, and all refuse, whether more or less than the quantity so estimated, shall be received and properly disposed of by the contractor without any extra or other compensation than said price per ton for the whole amount actually received, and this sum shall cover all and every cost and expense of receiving and finally disposing of the refuse, however incurred, from the time that the refuse is delivered from the vehicles aforesaid.

Bidders must satisfy themselves by personal exami-

Bidders must satisfy themselves by personal examination of the proposed work, and by consultation with the authorized representatives of the Department of Street Cleaning in the said boroughs, and by such other means as they may select, as to the accuracy of the foregoing estimates, and as to the quantity and nature of the work to be done, and shall not at any time after the submission of a proposal dispute or complain of such statement or estimate to the Commissioner, or assert that there was any misunderstanding in regard to the nature or amount of work to be done.

Bidders are required to state under outhor affirmation

nature or amount of work to be done.

Bidders are required to state under oath or affirmation in their proposals their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, that fact shall be distinctly stated; also that the proposal is made without any connection with any other person or persons making a proposal for the same work, that it is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, is directly or indirectly interested therein or in any of the work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is re wired that the verification be made and subscribed by all the parties so interest.

The price in the proposal must be written out in words, and must also be given in figures.

Permission will not be given for the withdrawal of any proposal, and the right is expressly reserved by the Commissioner of Street Cleaning to reject any or all of the proposals should he deem it best for the interest of the City so to do. The said Commission r also reserves the right to select from the proposals that proposal the acceptance of which will, in his judgment, best secure the efficient performance of the word, and the acceptance of the propo al so sel cted shall be conditioned on the approval of the Board of Estimate and Apportionment. No proposal will be accepted from, nor will the contract be awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation. Each proposal must be accompanied by the consent, in writing, of two householders or freeholders of The City of New York, with their respective places of business or residence, or of two guaranty or surety companies duly authorized by law to act as surety, incorporated under the laws of the State of New York, as shall be satisfactory to the Comptroller of The City of New York, to the effect that if the contract be awarded to the person or persons making the said proposal, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, to an amount equal to at least one-half the compensation for one year's performance of the contract, as determined by the foregoing estimates of quantities of materials to be handled, at the price hid per ton by the contractor in his proposal, and that if he or they should omit or refuse to execute the same, they will pay to The City of New York any difference between the sum to which he or they would be entitled on its completion and that which The City of New York may be obliged to pay to the person or persons to whom the said contract may be subsequently awarded, the amount t

Comptroller of The City of New York.

Each proposal must be accompanied by a certified check on one of the State or National banks of The City of New York, payable to the order of the Comptroller of said city, for five (5) per centum of the amount for which the work bid for is proposed to be performed in one entire year, as determined by the foregoing estimates of quantities of materials to be handled, at the price bid by the bidder per ton in his proposal. Such check must be inclosed in the sealed envelope containing the proposal.

On the acceptance of any proposal or the rejection of

On the acceptance of any proposal or the rejection of all the proposals, the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract, the check of the accepted bidder will likewise be returned to him.

All proposals must be made with reference to the form of contract and the requirements thereof on file in the Department of Street Cleaning, or if not so made, they will be rejected. The form of contract, with specifications, showing the manner of payment of the work and forms of proposals, may be obtained at the main office of the Department of Street Cleaning.

N. B. This public notice is a part of the contract for which proposals are herein invited.

specifications.

The person or persons making any bid or estimate
shall furnish the same in a sealed envelope, indorsed
"Bid or Estimate for Engineers' Supplies," with his
or their name or names and address, and the date of
presentation, to the head of said Department, at the
said office, on or before the day and hour above
named, at which time and place the bids or estimates
received will be publicly opened by the President of
said Department, or his duly authorized agent, and read.
The BOARD of PUBLIC CHARITIES RESERVES THE
RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED
TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN
SECTION 419, CHAPT R 378, LAWS OF 1897.

No bid or estimate will be accepted from or contract
awarded to any person who is in arrears to the Corpo-
ration upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Cor-
poration.

The award of the contract will be made as soon as
awarded to any person who is in arrears to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the person mance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verified profits of the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they w
```

The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. (No deposit or bonds required on bids under One Thousand Dollars.) Such check or money must Nor be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall excute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within the days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the

rided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are caustioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders must state the price of each article per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total footing and awards made to the lowest bidder on each it m.

(No. 650.)

PROPOSALS FOR ESTIMATES FOR DREDGING NEAR THE FOOT OF RUTGERS SLIP, ON THE EAST RIVER, BOROUGH OF MAN-HATTAN.

ESTIMATES FOR DREDGING ON THE EAST river will be received by the Board of Commissioners at the head of the Department of Docks and Ferries, at the office of said Department, on Pier "A," foot of Battery place, North river, in The City of New York, until 1 o'clock P. M., on

MONDAY, MARCH 13, 1899,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Three Thousand Dollars.

The Engineer's estimate of the quantities of materials necessary to be dredged is as follows:

Class 1.—Mud dredging, about 10,000 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(r) Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and Ferries, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks and Ferries that any part or portion of the dredging herein mentioned is required. The dredging to be done under this contract will be near the foot of Rutgers slip, on the East river, and is to be done from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the expiration of 25 days from the date of service of the above-mentioned notification, or as otherwise defined in article 21 of this contract.

The damages to be paid by the contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired,

are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard, for the whole of the dredging to be done in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amounts of their estimates for doing this work in each class.

The person or persons to whom the contract may be

may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amounts of their estimates for doing this work in each class.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to The City of New York; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which the bidder is directly or indirectly interested, or of which the bidder is directly or indirectly interested, or of which the bidder has knowledge, either personal or otherwise, to bid a certain price or not less than a certain price for said labor or material, or to keep others from bidding thereon; and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or any other following the set of the comparison of the partice of the stimular of the word of the person of the person of indirectly, any pecuniary or other consideration by the bidder or any one in his behalf, with a view to influencing the action or judgm

approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the imae aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the said city.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if warded, will be awarded by lot to one of the lowest bidders.

imber estimated is exclusive of waste. N.B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and Perries and in substantial accordance with the specifica-

tions of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the receipt of a notification from the Engineer-in Chief of the Department of Docks and Ferries that the work, or any part of it, is ready to be begun, and all the work to be done under this contract is to be wholly completed on or before the expiration of one hundred and eighty days after the date of service of said notification, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

All old material to be removed under the contract excepting the sewer-box in present Pier No. 2, will be, come the property of the contractor, and he will be-required to remove it from the site of the work, and due allowance will be made by the contractor for the value of all such old material in making his bid for the work to be done and the material to be furnished under the contract.

and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to, any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which the bidder is directly or indirectly interested, or of which the bidder is as knowledge, either personal or otherwise, to bid a certain price, or not less than a certain price, or said labor or material, or to keep others from bidding thereon; and also that no member of the Municipal Assembly, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or any other officer or employee of The City of New York, or any of its departments, is directly or indirectly interested in this estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person of interested it is requisite that the verification by made and subscribed to by all the parties interested.

In case a bid shall be submitted by or in behalf of any corporation by some duly authorized officer or agent thereof, who shall also subscribe his

practicable, the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to The City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which The City of New York may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his itabilities as bail, surety and otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless

after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the effective will be allowed unless under the written.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to The City of New York, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the said city.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

M.,

WEDNESDAY, MARCH 15, 1899,

at which time and place they will be publicly opened by the head of said Department and read. No estimate will be received or considered after the

information as to the amount and kind of work

hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be fully completed and delivered within twenty days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at Ten (10) Dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline

troller, or money to the amount of Sixty-two (62) Dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposites, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.
