OFFICIAL JOURNAL.

VOL. XXVII.

NEW YORK, WEDNESDAY, AUGUST 16, 1899.

NUMBER 7,990.

BOARD OF ESTIMATE AND APPORTIONMENT.

BOARD OF ESTIMATE AND APPORTIONMENT—CITY OF NEW YORK,
MAYOR'S OFFICE, CITY HALL,
MONDAY, July 31, 1899.

The Board met in pursuance of an adjournment.
Present—Robert A. Van Wyck, the Mayor; Bird S. Coler, the Comptroller; John Whalen, the Corporation Counsel; Randolph Guggenheimer, the President of the Council.
Absent—Thomas L. Feitner, the President of the Department of Taxes and Assessments.

The Comptroller presented the following:

KINGS COUNTY CLERK'S OFFICE, HALL OF RECORDS,
BROOKLYN, June 28, 1899.

Hon. BIRD S. COLER, Comptroller:

DEAR SIR—I desire to request you to present to Board of Estimate my request for a transfer of \$3,500 from the current indexing appropriation for this office for 1899 to the Commissioners of Records account for recopying notices of pendency of actions in the County Clerk's office for 1899. I make this request, as the basis on which you have arranged to make payments on account of current indexing, for this year, will not use more than \$1,500 of the \$5,000 appropriated, and the account for recopying notices of pendency of action will be exhausted, I am informed, about the middle of July.

Yours respectfully,
WM. P. WUEST.

KINGS COUNTY CLERK'S OFFICE, HALL OF RECORDS,
BROOKLYN, July 19, 1899.

Hon. BIRD S. COLER, Comptroller:

DEAR SIR—Please revise transfer, which I requested, from \$3,500 to \$2,500; upon examination, it is found that papers filed have not been Block indexed, and as it is my duty to keep the system up to date, I may use more of the original appropriation than I then thought. I have explained the matter to Mr. Hervey of your Department.

Yours respectfully,
WM. P. WUEST.

And offered the following:

Resolved, That the sum of twenty-five hundred dollars (\$2,500) be and the same is hereby transferred from the appropriation made to the County Clerk of Kings County for the year 1899 entitled "Current Indexing," the same being in excess of the amount required for the purposes and objects thereof, to the appropriation made to the Commissioners of Records of Kings County for said year entitled "For Recopying and Certifying of Notices of Pendency of Actions in the Office of the County Clerk of Kings County," the said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented a communication from the County Clerk of Kings County requesting an appropriation of \$15,000 for recopying.

The Mayor moved that it be referred to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following:

DEPARTMENT OF STREET CLEANING,
NEW YORK, July 17, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman of the Board of Estimate and Apportionment, Borough of Manhattan, City:

SIR—I transmit to you herewith, for the approval of your Board as to the terms and conditions thereof, pursuant to section 544 of the Charter, a form of contract in triplicate approved as to form by the Corporation Counsel, for granting to this Department in the Twenty-fourth or the Twenty-ninth Ward of the Borough of Brooklyn, the privilege of dumping on land ashes, street sweepings and light household refuse collected by the Department in said borough.

The want of a suitable dumping place for such material in the Borough of Brooklyn makes a contract of this kind advisable, and it is thought that by advertising this contract bids can be received from owners of land for the privilege at rates to be paid by the City much lower than has hitherto been paid for that privilege in that borough.

Respectfully yours,
F. M. GIBSON,
Deputy Commissioner, Borough of Manhattan,
designated with full power of the Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
July 21, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—Deputy Commissioner F. M. Gibson, Acting Commissioner, Department of Street Cleaning, in communication of July 17, 1899, to the Board of Estimate and Apportionment, transmits for the approval of the Board, pursuant to section 544 of the Charter, "A form of contract in triplicate, approved as to form by the Corporation Counsel, for granting to this Department in the Twenty-fourth and Twenty-ninth Wards of the Borough of Brooklyn, the privilege of dumping on land, ashes, street sweepings, and light household refuse, collected by the Department in said borough."

The Commissioner says that the want of a suitable dumping place in that borough makes a contract of this kind advisable, and it is thought that by advertising this contract bids can be received at rates much lower than has hitherto been paid for the privilege there.

I think the manner proposed by the Commissioner, of calling for bids, and making a contract for this privilege, as well as the form of contract, may properly receive the approval of the Board of Estimate and Apportionment.

Respectfully,
EUG. E. McLEAN, Engineer.
LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, July 14, 1899.

Hon. JAMES MCCARTNEY, Commissioner of Street Cleaning:

SIR—I beg to acknowledge your communication of June 29, 1899, transmitting for my approval proposed contract for the following:

Granting to Department of Street Cleaning the privilege of dumping ashes, street sweepings and light household refuse on land in the Twenty-fourth Ward or the Twenty-ninth Ward of the Borough of Brooklyn.

I return said contract herewith approved as to form.

Respectfully yours,
THEODORE CONNOLLY, Acting Corporation Counsel.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the terms of the contract to secure to the Department of Street Cleaning the privilege of dumping on land ashes, street sweepings and light household refuse, in the Twenty-fourth and Twenty-ninth Wards of the Borough of Brooklyn.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented a communication from the Commissioner of Street Cleaning, dated July 18, 1899, requesting an amendment to the resolution fixing the salaries of Sweepers and Drivers, adopted by this Board December 27, 1895.

The Comptroller moved that it be referred back to the Commissioner of Street Cleaning with the request that he specify a list of the men whose salaries will be increased and who will be affected by it, and the increased amount involved.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following:

DEPARTMENT OF STREET CLEANING,
NEW YORK, July 17, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman of the Board of Estimate and Apportionment, Borough of Manhattan, City:

SIR—Under date of October 7, 1898, Commissioner McCartney wrote to your Board in regard to the salaries of the General Superintendent and the Assistant Superintendent of this Department. In that letter he called the attention of your Board to the fact that the salaries of these two officers, as now limited by the Charter, is quite inadequate to the services rendered by them and to their responsibilities.

He pointed out to you that these limitations to their salaries in the Charter (section 537) was a repetition of the law of the former City of New York as enacted at the reorganization of this Department in 1892, and that as a matter of fact the work of the Department, and of these two officers, and their responsibilities had greatly increased up to the beginning of 1898, when the addition of three other boroughs to the City still more added to their work and responsibility.

For these reasons Commissioner McCartney in his said letter requested your Board to adopt a resolution recommending to the Municipal Assembly, as pursuant to section 56 of the Charter, that, beginning with January 1, 1899, the salary of the General Superintendent of Street Cleaning be fixed at \$3,500 and that the salary of the Assistant Superintendent of Street Cleaning be fixed at \$3,000.

The matter, as it appears, was referred to the Comptroller and has not since been brought to the attention of your Board.

I request that your Board will act upon the matter and will, in addition and for reasons similar to those given for the increase of pay of the General Superintendent and the Assistant Superintendent, recommend, as above, an increase of the salary of the Superintendent of Final Disposition of Street Cleaning to \$3,000, to begin August 1, 1899.

Respectfully yours,
F. M. GIBSON,

Deputy Commissioner, Borough of Manhattan,
designated with full powers of the Commissioner.

Which was ordered placed on file.

The Comptroller presented the following:

JOHN R. THOMAS, ARCHITECT,
160 BROADWAY,
NEW YORK, July 10, 1899.

The Board of Estimate and Apportionment, New York City:

GENTLEMEN—I inclose herewith a bill for services as Consulting Architect in connection with work of the Department of Correction and request that you pass a resolution for its payment.

Yours very respectfully,

JOHN R. THOMAS.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
July 20, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—In relation to bill \$2,128.70, in favor of John R. Thomas, Consulting Architect for the Board of Estimate and Apportionment, in connection with work of the Department of Correction, would report:

Mr. John R. Thomas was appointed Consulting Architect by the Board of Estimate and Apportionment on November 5, 1896.

The contract of John H. Deeves, \$173,920, for constructing north wing to present Penitentiary, Blackwell's Island, has been reduced by \$400 on account of certain omissions, and extra work has been done and allowed to the amount of \$2,372, making a total of \$175,892, on which amount 2 1/2 per cent. is due Mr. Thomas, which equals \$4,397.30. Received on account \$3,043.60, leaving a balance of \$1,353.70. The charges, \$562.50 and \$127.50, 3/4 per cent. on estimated costs for women's wing and two churches and extension to dining-room, Riker's Island, respectively, are correct. These works have been abandoned. The 2 1/2 per cent. of \$3,000, equaling \$75, I consider it unwise to pay. The \$3,000 is only an estimated cost, and as the fire-escapes on Keepers' Quarters, Penitentiary, Blackwell's Island, will soon be built, I would advise a payment of 1 3/4 per cent. on the estimated cost and the balance between 2 1/2 per cent. of the actual cost of the work and 1 3/4 per cent. of \$3,000 be paid on the completion of the work.

The bill as thus corrected will be as follows:

Alterations and additions to Penitentiary on Blackwell's Island, contract price.	\$173,920 00
Deducted for omissions	400 00
	\$173,520 00
Changing kettles, etc.	\$2,121 00

Balance of 3/4 per cent. upon estimated cost of two churches and extension to dining-room, Riker's Island, \$17,000.	127 50

1 3/4 per cent. upon estimated cost of fire-escapes on keepers' quarters, Penitentiary, Blackwell's Island, \$3,000. \$52 50

\$2,096 20

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

And offered the following :

Resolved, That the bill of John R. Thomas, consulting architect, under the provisions of chapter 626 of the Laws of 1896, dated July 10, 1899, amounting to twenty-one hundred and twenty-eight dollars and seventy cents (\$2,128.70), be and the same is hereby approved at the sum of two thousand and ninety-six dollars and twenty cents (\$2,096.20).

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented a communication from the Commissioner of Public Buildings, Lighting and Supplies, dated July 28, 1899, requesting an appropriation of \$300,000 for the construction of an addition to Museum Building of the Brooklyn Institute of Arts and Sciences.

The Mayor moved that it be referred to the Comptroller.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following :

CITY OF NEW YORK,
DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES,
Nos. 13 TO 21 PARK ROW,
NEW YORK, July 13, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Estimate and Apportionment, The City of New York :

DEAR SIR—I have to request that you will cause or authorize the transfer of seven thousand dollars (\$7,000) from the appropriation of this Department, "Lamps and Lighting," Borough of Richmond, to that for "Supplies and Repairs," Borough of Richmond.

In explanation of the above request I have to call your attention to the fact that only \$8,000 was allowed in the 1899 appropriation for "Supplies and Repairs" in the Borough of Richmond, and \$4,000 of that amount has already been expended in fitting up the offices of the Bureau for the Collection of Assessments and Arrears, and the offices of the Receiver of Taxes.

There are now on file in this Department requisitions amounting to more than \$5,000, which seem necessary for properly conducting the business of the various departments, and several of the buildings under the care of this Department have leaky roofs, which need prompt attention to save the property, but there does not remain a sufficient amount of money in that fund to do the necessary work.

Very respectfully,

HENRY S. KEARNY, Commissioner.

And offered the following :

Resolved, that the sum of seven thousand dollars (\$7,000) be and hereby is transferred from the appropriation made to the Department of Public Buildings, Lighting and Supplies, for the year 1899, entitled "Lamps and Lighting," Borough of Richmond, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Department for 1899, entitled "Supplies and Repairs," Borough of Richmond, the amount of said appropriation being insufficient.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following :

COMMISSIONER OF PUBLIC CHARITIES,
BOROUGHS OF BROOKLYN AND QUEENS—No. 21 ELM PLACE,
BOROUGH OF BROOKLYN, NEW YORK CITY,
July 13, 1899.

To the Honorable Board of Estimate and Apportionment of the City of New York :

GENTLEMEN—In the year 1899 there was appropriated to the Department of Public Charities for the boroughs of Brooklyn and Queens the sum of \$10,000, for payment to the poor blind of said boroughs. The Charter requires that a uniform payment shall be made to each, in accordance with which the Board of Public Charities adopted a resolution to pay each \$50.

I respectfully report that I have approved of two hundred cases, which exhausts the appropriation, and that there are on file fourteen more applications, and that it is probable that more may apply. I therefore respectfully apply for an extra appropriation of \$700. If, however, such an appropriation cannot be made, I then request that said amount be transferred from my appropriation for "Salaries" to the appropriation for the payment of the poor blind of said boroughs.

Respectfully,

A. SIMIS, JR.,

Commissioner of Public Charities for the Boroughs of Brooklyn and Queens.

And offered the following :

Resolved, That the sum of seven hundred dollars (\$700) be and hereby is transferred from the appropriation made to the Department of Public Charities, for the year 1899, entitled "Salaries," Boroughs of Brooklyn and Queens, the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Department, for 1899, entitled "Poor Adult Blind," Boroughs of Brooklyn and Queens, the amount of said appropriation being insufficient.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following :

CITY OF NEW YORK, BOROUGH OF BROOKLYN,
DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES,
July 17, 1899.

Hon. DAVID A. BOODY, President, Brooklyn Public Library :

DEAR SIR—After an examination of the requirements of the four buildings in the Borough of Brooklyn to be used for purposes of Public Libraries, I have estimated that the amount required for repairs, alterations, etc., in same will be \$10,500. This Borough Department cannot undertake to do any of this work until the money shall have been provided. Therefore, I suggest that you at once have the Board of Estimate make a transfer of \$9,000 from the appropriation for the Library to the account of "Supplies and Repairs, Department of Public Buildings, Lighting and Supplies," Borough of Brooklyn, and \$1,500 from the same appropriation to the account of "Lamps and Lighting, Department of Public Buildings, Lighting and Supplies," Borough of Brooklyn. This money will be required simply for the purpose of 1899.

I also request that you have the proper authority in your Board send to me as soon as practicable an estimate of the amounts required for similar purposes in 1900, in order that I may make provision for the same in the budget of this Borough Department.

Very respectfully,

(Signed) WILLIAM WALTON, Deputy Commissioner.

CITY OF NEW YORK—BOROUGH OF BROOKLYN,
DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES,
July 18, 1899.

Hon. DAVID A. BOODY, President, Brooklyn Public Library, Brooklyn, New York, N. Y. :

DEAR SIR—In addition to the amount of \$10,500 certificate to you by me yesterday, as being necessary for the purposes of the Brooklyn Free Public Library buildings, so far as this Department is concerned, during the remainder of the year, I hereby certify that the sum of \$820 will be necessary to pay salaries, as follows :

Bedford Branch—1 Janitor, 5 months at \$50. \$250 00
Williamsburgh Branch—1 Janitor, 5 months at \$50. 250 00
South Brooklyn Branch—1 Janitor, 4 months at \$50. 200 00
Bedford Park Branch—1 Woman Cleaner, 5 months at \$12. 60 00
East New York Branch—1 Woman Cleaner, 4 months at \$15. 60 00

Total. \$820 00

I recommend that you have transferred from the Library appropriation to the appropriation "Salaries, Deputy, Clerks, Laborers, Cleaners, Janitors and Employees," of this Borough Department, the sum of \$820 to pay the salaries in question. You will notice that provision is made herein for salaries for five (5) months. I have been advised that the July salaries will be paid by your Trustees.

Please to give this matter your immediate attention.

Very respectfully,

(Signed) WILLIAM WALTON, Deputy Commissioner.

BOODY, McLELLAN & Co., BANKERS,
MEMBERS NEW YORK STOCK EXCHANGE, No. 57 BROADWAY,
NEW YORK, July 20, 1899.

Hon. BIRD S. COLER, Comptroller, City of New York :

DEAR SIR—I hereby request that the Board of Estimate transfer from the fund of the Brooklyn Public Library to the fund of "Supplies and Repairs, Department of Public Buildings, Lighting and Supplies," Borough of Brooklyn, the sum of \$9,000, and also from the fund of the Brooklyn Public Library to the fund of "Lamps and Lighting, Department of Public Buildings, Lighting and Supplies," Borough of Brooklyn, the sum of \$1,500, and from the fund of the Brooklyn Public Library to the fund of the "Salaries, Deputy, Clerks, Laborers, Cleaners, Janitors and Employees," Borough of Brooklyn, the further sum of \$820.

This request is made in accordance with the inclosed copies of communications from William Walton, Deputy Commissioner.

Respectfully yours,

DAVID A. BOODY, President, the Brooklyn Public Library.

And offered the following :

Resolved, That the sum of eleven thousand three hundred and twenty dollars (\$11,320) be and hereby is transferred from the appropriation made for library purposes, for the year 1899, entitled "Public Library, Brooklyn," the same being in excess of the amount required for the purposes thereof, to the following appropriations, and as follows :

DEPARTMENT OF PUBLIC BUILDINGS, LIGHTING AND SUPPLIES.	
"Supplies and Repairs, Borough of Brooklyn"	\$9,000 00
"Lamps and Lighting, Borough of Brooklyn"	1,500 00
"Salaries of Deputies, Clerks, Laborers, Cleaners, Janitors and Employees, Borough of Brooklyn"	820 00
	<hr/> \$11,320 00

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following :

OFFICE OF THE CITY RECORD,
No. 2 CITY HALL,
NEW YORK, July 12, 1899.

To the Honorable, the Board of Estimate and Apportionment :

GENTLEMEN—On account of the constant demands made by the various courts, departments and bureaus upon this office, the appropriations for "Printing, Stationery and Blank Books," and for "County Offices" have become so depleted that, in order to meet requisitions that may come in during the remainder of the year, it is necessary to request an additional appropriation of \$30,000, to be apportioned as follows :

"For County Offices and Courts other than Supreme Court, New York County" . . .	\$14,000 00
"For Printing, Stationery and Blank Books for City Departments and Offices" . . .	15,600 00
"For Printing, Stationery and Blank Books for County Courts and Offices, Richmond County"	400 00

The amounts of the appropriations for the present year were determined upon before the annual requisitions from the different courts, departments and bureaus had been received and before the letting of the yearly contracts. The quantities called for were unexpectedly large, although I believe that all the supplies allowed were necessary for the transaction of the business of the various courts, departments and bureaus.

The annual appropriation has also had serious inroads made upon it by the requisitions for engraving bonds and by legislation during the past winter. The amount I have asked for is, in my judgment, absolutely necessary to carry on the work of this office and to meet emergency requisitions during the remainder of the year.

Respectfully yours,

WILLIAM A. BUTLER, Supervisor City Record.

And offered the following :

Resolved, That the sum of fifteen thousand six hundred dollars (\$15,600) be and hereby is transferred from the appropriation made for the year 1899, entitled "Interest on Bonds and Stocks to be Issued after October 10, 1898, and in 1899," the same being in excess of the amount required for the purposes thereof, to the appropriation made to the Board of City Record for 1899, entitled "Printing, Stationery and Blank Books, for City Departments and Offices, Including Arrearages," the amount of said appropriation being insufficient.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following :

To the Board of Estimate and Apportionment :

Requisition is hereby made upon you pursuant to the provisions of section 10 of chapter 4 of the Laws of 1891, entitled "An Act to provide for rapid transit railways in cities of over one million inhabitants," as amended by section 7 of chapter 752 of the Laws of 1894, by the Board of Rapid Transit Railroad Commissioners, organized under the aforesaid act as amended, for the sum of six thousand one hundred and thirteen dollars and thirty-three cents (\$6,113.33), which is requisite and necessary to properly enable said Board to do and perform, or to cause to be done and performed, the duties prescribed by the said statute as amended.

Appended hereto is a statement (marked Schedule "A") and authenticated by the signatures of the President and Secretary of this Board, showing the purposes to which it is intended to apply the appropriation for which requisition is now made.

This requisition is made and presented pursuant to a resolution duly adopted by the concurrent vote of four members of this Board at a regular meeting thereof duly held on this 13th day of July, 1899.

In Witness Whereof, the Board of Rapid Transit Railroad Commissioners has caused this requisition to be subscribed by its Acting President and Secretary, and its official seal to be hereto affixed at The City of New York this 13th day of July, 1899.

[SEAL.]

BION L. BURROWS, Secretary.

JNO. H. STARIN, Acting President.

SCHEDULE "A."

Purposes for which it is proposed to apply the appropriation for which requisition is now made :

1. Compensation of Counsel for the three months ending September 30, 1899.	\$5,000 00
2. Salary of Messenger for same period.	180 00
3. Salary of Secretary for four months ending September 30, 1899.	833 33
4. Contingent expenses.	100 00

Total. \$6,113 33

BION L. BURROWS, Secretary.

JNO. H. STARIN, Acting President.

And offered the following :

Resolved, That, pursuant to the provisions of section 10 of chapter 4 of the Laws of 1891, as amended by section 7 of chapter 752 of the Laws of 1894, the sum of six thousand one hundred and thirteen dollars and thirty-three cents (\$6,113.33) be and hereby is provided for the purposes of paying the following items of expense of the Board of Rapid Transit Railroad Commissioners contained in the requisition of said Commissioners, dated July 13, 1899, viz. :

1. Compensation of Counsel for the three months ending September 30, 1899.	\$5,000 00
2. Salary of Messenger for same period.	180 00
3. Salary of Secretary for four months ending September 30, 1899.	833 33
4. Contingent expenses.	100 00

Total. \$6,113 33

—and that the unexpended balance of any previous appropriation made by this Board, upon the requisition of said Commissioners, be applied to the same purpose ; and

Resolved, That, for the purpose of providing for the payment of so much thereof as is in excess of said unexpended balance, the Comptroller be and he hereby is authorized and directed to issue and sell Revenue Bonds of The City of New York to an amount not exceeding six thousand one hundred and thirteen dollars and thirty-three cents (\$6,113.33), bearing interest at a rate not exceeding three per cent. per annum, and the amount required for the redemption thereof to be included in the Budget for 1900.

Which was adopted by the following vote :

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following:

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
CHAMBER OF COMMERCE, No. 32 NASSAU STREET,
NEW YORK, July 13, 1899.

To the Honorable, the Board of Estimate and Apportionment:

The assessment rolls of the several boroughs composing the greater City of New York were, on the 3d inst., finally completed and delivered to and filed with the Municipal Assembly. The amount of the assessment of the realty of the city is \$2,932,445.464, as against \$2,528,533.441, representing the total of the latest realty assessments theretofore existing. The result of the assessment, as this Board understands, is to give to The City of New York a debt-incurring capacity of at least \$40,000,000 over and above all existing debt.

In the memorial of the undersigned, the Rapid Transit Board, submitted to the Legislature, with the concurrence of the Comptroller, on January 19, 1899, this Board said:

"On January 9, 1899, however, the Tax Commissioners made public the assessed valuations of real estate for purposes of taxation during the year 1899. These new valuations show an increase of \$421,512,876, ten per cent. of which, or \$42,151,287.60, represents the amount by which the City's debt-incurring capacity could be thereby increased. These new valuations are still subject to modification, but it is not likely that the aggregate thereof will be materially changed before their final confirmation, which will occur on the first Monday in July. In view of the fact that under the most favorable circumstances the City would not be called upon to issue bonds for rapid transit purposes before July, 1899, the changed financial condition which these new assessments will create may be regarded for the purposes of this discussion, as presently existing."

The former City of New York, composing the boroughs of Manhattan and The Bronx, in November, 1894, voted by a majority of 132,647 votes in the affirmative to 42,916 votes in the negative for municipal construction of a rapid transit railroad. Routes and a plan of construction of a rapid transit railroad were prescribed by this Board on the 24th day of February, 1897. Thereafter and before the 20th of April, 1897, they received the approval of the municipal authorities; and thereafter and by order entered on the 6th day of April, 1898, they were approved by the Appellate Division of the Supreme Court. Nothing then remained to be done except to prepare and duly advertise a contract for construction.

On the next day, April 7, 1898, the rapid transit contract was, pursuant to law, submitted to the Corporation Counsel for his approval as to form. He has since had it under consideration, but has sent this Board no communication with reference to it. This delay, the Rapid Transit Board assumes, has been due to doubt on the part of the Corporation Counsel as to the power of the City to incur the debt necessary for the construction of the rapid transit road. The contract had, however, been so drawn, or, at least, such was the intention of this Board, as to meet that doubt and to prevent the City from seeking thereby to incur debt beyond its constitutional power. The Rapid Transit Board hoped that the provisions inserted for that purpose might enable the Corporation Counsel, whatever should be his doubt as to the amount of the debt-incurring capacity of the City, to return the contract with his approval so that there should be the least possible delay in proceeding with rapid transit construction. Now, however, the new amendment has removed this doubt and permitted the City to incur debt to the full extent necessary to the commencement of this construction; and the Board assumes that the Corporation Counsel will without delay return the form of contract with his approval or with his suggested amendments, if he do not approve the form.

The Rapid Transit Board respectfully begs to point out to your Honorable Body that, until the Board shall be permitted to make a contract, the proposed rapid transit debt of the City cannot be technically created and secure the legal precedence to which upon considerations of public good faith as well as public policy it is entitled; and that, until such precedence shall be secured, the creation of other debts to an amount sufficient to reduce the debt-incurring capacity of the City below the amount required for the commencement of the rapid transit road would effectually prevent its construction and effectually defeat the will of the City as represented by the vote of its people.

The Rapid Transit Board respectfully asks your Honorable Body, therefore, to delay the authorization of other debt on the part of the City to an amount sufficient to reduce the debt limit below the cost of the rapid transit road until there shall have been a reasonable opportunity for the letting of a rapid transit contract. That contract was sanctioned by popular vote nearly five years ago.

No other public purpose involving the creation of debt not payable out of the current income of the City has either sanction or support or necessity equal to those which commend rapid transit to your Honorable Body.

We beg to submit with this letter a copy of the letter addressed by the Board to the Mayor on the 10th day of May, 1899, and of a letter addressed by the counsel of the Board to the Corporation Counsel on the 24th day of May, 1899.

[SEAL.] THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
By JNO. H. STARIN, Acting President.

BION L. BURROWS, Secretary.

MAY 24, 1899.

Hon. JOHN WHALEN, Corporation Counsel:

DEAR SIR—We are requested by Hon. Alexander E. Orr, President of the Rapid Transit Board, to submit to you the inclosed copy of a communication recently addressed to his Honor the Mayor by the Rapid Transit Board, and to express to you the hope, with which we respectfully concur, that you will be able to take up at an early day the matter of the form of the rapid transit contract.

Very respectfully yours,

PARSONS, SHEPARD & OGDEN,
TRACY, BOARDMAN & PLATT.

OFFICE OF THE SECRETARY OF THE
BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,
No. 111 BROADWAY,
NEW YORK, May 19, 1899.

To the Honorable ROBERT A. VAN WYCK, Mayor:

SIR—The Board of Rapid Transit Railroad Commissioners of The City of New York respectfully begs to submit this inquiry concerning the extent to which the municipal authorities will feel able to promote construction by the City of the proposed rapid transit road. Its routes extend from the City Hall and Brooklyn Bridge northerly along Centre and Elm streets and Fourth avenue to Forty-second street, thence under Forty-second street to Broadway, thence under Broadway to One Hundred and Fourth street, the routes there dividing, one continuing to and along the east side to Bronx Park, and the other continuing under Broadway to Kingsbridge.

These routes and the plan of construction of the railroad were prescribed by this Board on February 4, 1897. They were approved by the Mayor and Common Council on March 25, 1897, by the Park Department on April 12, 1897, and by the Commissioner for the Twenty-third and Twenty-fourth wards on April 19, 1897. Later, and after prolonged litigation, they were approved by the Appellate Division by its order made on April 6, 1898. The routes and plans have, apart from such official and judicial adoption, received general and practically unanimous public approval. In the proposal recently made by the Metropolitan Street Railway Company they were adopted almost in their entirety as practically the best routes and plan which, in the judgment of the company, were available, even if construction were to be by private capital.

The Board, without any delay after securing the necessary approvals, prepared the form of contract for construction and leasing of the road in conformity with the rapid transit statutes, the vote of the people and the provisions of the order of the Appellate Division. Pursuant to section 13 of the Act of 1894, this form was submitted to the Corporation Counsel on April 7, 1898, for his approval as to form; but no communication has as yet been received from him whether of approval or disapproval.

Early in the present year the Board submitted to the Legislature a bill designed to give the Board the power, if municipal construction should not be practicable, to resort to private capital. This bill was, however, materially and even seriously amended; and in its amended form it has not been accepted by the City. The result is that the rapid-transit road must be built by the City if it is to be built at all. The so-called tunnel act, even as recently amended, is plainly ineffectual for the purpose for several sufficient reasons, and, among others, that any complete rapid-transit road must necessarily emerge to the surface at several points in the boroughs of Manhattan and The Bronx and be built as a viaduct.

The present rapid transit law, although in some respects susceptible of improvement, is nevertheless entirely adequate for municipal construction, provided the municipal authorities will co-operate with this Board. In prescribing the routes and plan, in procuring the necessary official and judicial approvals, and in preparing the proposed contract for the construction and operation of the road, the Board has done all within its power. It cannot move further until the Corporation Counsel shall give his approval to the form of the proposed contract for construction, or shall advise the Board in what respect the contract should be amended in order that it may secure his approval.

That contract was drafted after the consolidation of the present city had gone into effect, and this Board had clearly before it the possible difficulty incidental to the limits to which the City's debt-incurring capacity was then subject. The proposed rapid transit contract was drawn by the Board, therefore, so as to enable the City to avail itself of the provisions of the act permitting construction of the road in sections, and to delay, whenever necessary, any stage of construction until the financial situation of the City should afford the requisite credit. The effort on the one hand was to preclude the possibility that the City could incur a debt beyond the constitutional limit; on the other hand the Board sought by the form of contract to make the delay

the very least necessary, so that just as soon as the debt-incurring capacity should be sufficient, actual construction might proceed. The Board deemed the removal of every source of delay to be clearly necessary in view of the popular vote and of the dominating necessity for rapid transit.

The Board is advised that the provisions so inserted in the contract to meet the debt limit question are sufficient; but if in the opinion of the Corporation Counsel they are not sufficient, the Board desires to be so advised that the contract may be forthwith amended. Or if, for any reason, the contract ought not to be made until the new assessment of realty in the City is confirmed, the Board respectfully begs that it may be so informed. The Board could thus, at least, be ready for immediate action at the first moment the new assessment provides adequate debt-incurring capacity.

That assessment, if confirmed, will add upward of \$42,000,000 to the City's debt-incurring capacity—an amount much more than enough to build the rapid transit road, nor will the use of the City's credit for municipal construction of this road prevent the City from borrowing money for other urgent purposes.

In the memorial addressed by the Board to the Legislature on January 19 last, the Board, with the concurrence of the Comptroller, said:

"Assuming, however, that during the next three years, the bonds issued for school-houses, bridges, docks, repaving streets, for the water supply and for miscellaneous purposes, should not exceed the amount of the sinking fund revenues—i. e., \$12,000,000 per annum—it would be possible to provide for additional issues to an amount equal to the estimated cost of the rapid transit road. * * * If, for example, the road could be built in three years and the contract could be let in sections, costing say \$10,000,000 each, the contractor being bound to build the entire line when called upon to do so, and the City having the option of stopping or going on with the work as each section was completed, then the addition to the City's debt would only be \$10,000,000 a year, or considerably less than the amount represented by the annual proceeds of the sinking funds available for the redemption of the City debt."

It is hoped that the constitutional amendment to be voted on by the people next November will still further reduce the existing City debt so as to make the debt limit no longer an obstruction to rapid transit or to any other municipal improvement. But whether that amendment shall be adopted or not, and whatever may be its effect if adopted, it seems to be clear, upon the information communicated to us by the Comptroller, that the new assessment, with the large annual income, now \$12,000,000 or \$13,000,000 from sinking funds, will enable the City to construct the rapid transit road without interfering with any other necessary improvement.

If the Board of Estimate prefer that no contract shall be made until the new assessment of realty shall be complete, the Board will defer to its judgment. But the Board respectfully submits that it is important that the form of the proposed contract be now settled so that upon the completion of the assessment, advertisement of the contract may begin, and rapid transit construction undertaken with the least possible delay.

Moreover, if the contract be made immediately upon the completion of the new realty assessment, rapid transit will, of course, not run the risk of postponement by prior creation of new debts by the City. It is believed that no municipal enterprise necessitating the issue of long-term bonds has either a greater or an earlier claim for consideration by the financial authorities of the City than the rapid transit road. Very certainly no other has the sanction of a popular vote, the effect of which was carefully preserved by the Greater New York Charter. The Board begs respectfully to submit to your Honor, and through your Honor to the other members of the Board of Estimate and Apportionment, that, when the debt-incurring capacity of the City shall be made clear by the new assessment, contracts ought not to be made by the City tending to exhaust or diminish such capacity until after the rapid transit contract is made, or until after a reasonable opportunity shall have been given to make such contract.

In conclusion, the Board begs to repeat that its power to carry out the purpose for which it was created now depends practically, first, upon the permission of the Corporation Counsel to make any contract, and, second upon the assent of the Board of Estimate to a postponement of the making of other contracts involving large municipal debt until a rapid transit contract actually made shall assure the carrying out of that great public purpose. The Board, therefore, respectfully ask your Honor, and through you, the other municipal authorities, whether in these two respects it may be aided to secure prompt and actual construction of the rapid transit road by the City.

Very respectfully submitted,

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

The Committee on Buildings recommends that the award be made to the lowest bidders in each instance, in which recommendation the Committee on Finance concurs, and submits for adoption the following resolution:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of two hundred and seventy thousand one hundred dollars (\$270,100) be, and the same is hereby appropriated from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of The Greater New York Charter, application for the issue of which is hereby made; said sum to be applied in payment of contracts to be entered into by the Committee on Buildings, for and on behalf of the Board of Education of The City of New York, for the purposes mentioned and in the sums specified:

BOROUGH OF BROOKLYN.

Alterations in and Erecting an Addition to Eastern District High School.

John Thatcher..... \$42,500 00

Alterations in and Erecting an Addition to Public School 30.

John Thatcher..... 44,600 00

Erecting New Public School 64.

K. A. Murphy..... 183,000 00

\$270,100 00

—requisition for said sum being hereby made upon the Comptroller.

But no part of said appropriation authorized by this resolution to be paid until the Committee on Buildings shall have filed the contracts to be entered into by it, for and on behalf of the Board of Education of The City of New York, with the contractors named, to whom the awards are hereby made; said contracts to be in such form, and with such security for the faithful performance of the same, as shall be satisfactory to the Committee on Finance; the rules of this Board in regard thereto, and as to the payments to be made on account thereof, to be complied with.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted July 10, 1899, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of \$270,100 from the proceeds of Corporate Stock of The City of New York to be issued by the Comptroller pursuant to section 48 of the Greater New York Charter; said sum to be applied in payment of contracts to be entered into by the Committee on Buildings for and on behalf of the Board of Education for the purposes mentioned and in the sums specified:

BOROUGH OF BROOKLYN.

(1). Alterations in, and Erecting an Addition to Eastern District High School, Driggs Avenue and South Third Street.

John Thatcher..... \$42,500 00

(2). Alterations in, and Erecting an Addition to Public School 30, South Side of Sullivan Street, between Van Brunt and Conover Streets.

John Thatcher..... 44,600 00

(3). Erecting New Public School 64, Belmont Avenue.

K. A. Murphy..... 183,000 00

\$270,100 00

Proposals were invited for the above work, on carefully-prepared plans and specifications, by advertisement in the CITY RECORD, and on No. 1 two bids were received, ranging from \$42,500 to \$44,000; on No. 2 four bids were received ranging from \$44,600 to \$47,624 and on No. 3, four bids were received ranging from \$183,000 to \$189,866.

The contracts were awarded to the lowest bidders at their bids as above shown.

There is no reason why the appropriation should not receive the approval of the Board of Estimate and Apportionment.

In No. 1, the changes provide for the subdivision of the building into class-rooms, the introduction of fireproof stairways and the erection of an addition 40 by 45 feet, which will provide for ten class-rooms, being five each on the second and third stories, while the first story has been left in large open space to be subdivided as necessity warrants, it not being well adapted for school purposes.

The alterations to the old portion of the building are necessarily extensive in order to fit it for school purposes.

In No. 2 the addition is to be two stories in height, built upon the rear of the present lot, and will accommodate eight new classes. The construction is of brick, upon a pile foundation. Fireproof stairways and corridors are provided, together with ample accommodation for pupils' clothing, teacher's retiring-room, etc.

The contract provides for certain necessary alterations to the present building, in order to meet the changed conditions caused by the erection of the new extension or addition.

In No. 3 the new building is to be four stories and basement in height, built of buff Indiana limestone, grey brick and grey terra-cotta, the interior of the building being of fireproof construction.

The basement is planned to provide in-door playrooms for the pupils and spaces for the heating and ventilating apparatus.

The first, second, third and fourth stories provide for twenty-eight classrooms, the assembly room, 61 by 74 feet, being on the fourth story.

Respectfully,

EUG. E. MCLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education by resolution adopted July 10, 1899, for the appropriation of two hundred and seventy thousand one hundred dollars (\$270,100) from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly approved by the Mayor March 7, 1899, for the purpose of providing means for the payment of contracts to be entered into by the Committee on Buildings, for and on behalf of the Board of Education of The City of New York, with the following-named contractors, and as follows:

The Committee on Buildings recommends that the award be made to the lowest bidder, in which recommendation the Committee on Finance concurs, and submits for adoption the following resolution:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of twenty-five thousand seven hundred dollars (\$25,700) be and the same is hereby appropriated from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, application for the issue

of which is hereby made; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of The Board of Education of The City of New York with E. Rutzler, contractor, for supplying heating and ventilating apparatus and electric-lighting plant for new school building on north side of Butler street, between Fourth and Fifth avenues, Borough of Brooklyn; requisition for said sum being hereby made upon the Comptroller.

But no part of said appropriation authorized by this resolution to be paid until the Committee on Buildings shall have filed the contract to be entered into by it, for and on behalf of the Board of Education of The City of New York, with the contractor named, to whom the award is hereby made; said contract to be in such form and with such security for the faithful performance of the same as shall be satisfactory to the Committee on Finance; the rules of this Board in regard thereto, and as to the payments to be made on account thereof, to be complied with.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted July 10, 1899, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of \$25,700 from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with E. Rutzler, contractor, for supplying heating and ventilating apparatus and electric-lighting plant for a new school building on north side of Butler street, between Fourth and Fifth avenues, Borough of Brooklyn.

Proposals were invited for the above work on carefully prepared plans and specifications, by advertisement in the CITY RECORD, and five bids were received, varying from \$25,700 to \$29,282.

The contract was awarded to the lowest bidder, E. Rutzler, at his bid of \$25,700.

There is no reason why the appropriation should not receive the approval of the Board of Estimate and Apportionment.

The plenum system of heating and ventilation is prescribed, reinforced by radiators, for direct radiation; the heating system of these radiators being that known as the exhaust hot-water system, forced circulation, whereby the exhaust steam is, by means of a heater, absorbed by the circulating water, and its heat, by means of the water, conveyed to the radiators and coils in the rooms.

The electric-lighting plant consists in the installation of electric wiring, etc., but does not include the generation of electricity or the furnishing of fixtures. The electricity is to be obtained from the outside.

Respectfully,

EUG. E. MCLEAN, Engineer.

BOARD OF EDUCATION, No. 146 GRAND STREET,
NEW YORK, July 18, 1899.

Hon. BIRD S. COLER, Comptroller:

MY DEAR SIR—There is awaiting action by the Board of Estimate and Apportionment a resolution of the Board of Education for an appropriation of \$153,302.50 to complete the Hall of the Board of Education.

The object of this letter is to request that this appropriation may have the earliest consideration possible, as the requirements of the several executive departments who will occupy the building are imperative. To illustrate—the Building Department is now occupying leased premises at No. 585 Broadway. There is no money subject to the order of the Board to pay the rent of these premises beyond August 1. Therefore we must vacate, and it is proposed to move this important Department into two floors of the new Hall, which only have rough floors, no plastering and no heating and ventilating apparatus whatever. Temporary windows will be used to keep out the weather, and so make it possible to occupy them, and if you can pass the present appropriation, now pending, we expect before cold weather sets in to so far complete the Hall that we may shift this Department to the floors it will eventually occupy as its permanent quarters. If this is not done other premises will have to be secured before cold weather sets in—and we have no money for such a purpose—or all building operations must cease.

I have gone to some length into this question in order that you may fully understand the importance of prompt action upon this appropriation.

Regretting the necessity of urging you so forcibly as I have, and hoping it may be found possible to comply with the requirements, I remain,

Very sincerely yours,

JOSEPH J. LITTLE, President, Board of Education.

To the Board of Education:

The Committee on Finance, to which was referred the report of the Committee on Buildings recommending award of contract for heating and ventilating apparatus, electric lighting, elevators, plumbing, etc., for the new Hall of the Board of Education, Borough of Manhattan, respectfully reports that, in response to the usual duly authorized advertisement, the following bids were received:

Frank Dobson.....	\$162,100 00
Baker, Smith & Co.....	154,960 00
Thomas Cockerill & Son.....	153,302 50
E. Rutzler.....	157,425 00
Gillis & Geoghegan.....	156,650 00

The Committee on Buildings recommends that the award be made to the lowest bidders, in which recommendation the Committee on Finance concurs, and submits for adoption the following resolution:

Resolved, That the sum of one hundred and fifty-three thousand three hundred and two dollars and fifty cents (\$153,302.50) be and the same is hereby appropriated from the proceeds of bonds to be issued by the Comptroller, with the approval of a majority of the Board of Estimate and Apportionment, pursuant to chapter 252, Laws of 1889, application for the issue of which is hereby made; said sum to be applied in payment of a contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education of The City of New York, with Thomas Cockerill & Son for supplying heating and ventilating apparatus, electric lighting, elevators, plumbing, etc., for the new Hall of the Board of Education, Borough of Manhattan; requisition for said sum being hereby made upon the Comptroller.

But no part of said appropriation authorized by this resolution to be paid until the Committee on Buildings shall have filed the contract to be entered into by it, for and on behalf of the Board of Education of The City of New York, with the contractors named, to whom the award is hereby made; said contract to be in such form and with such security for the faithful performance of the same as shall be satisfactory to the Committee on Finance; the rules of this Board in regard thereto, and as to the payments to be made on account thereof, to be complied with.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
July 21, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted July 10, 1899, appropriates the sum of \$153,302.50 from the proceeds of bonds to be issued by the Comptroller, with the approval of a majority of the Board of Estimate and Apportionment, pursuant to chapter 252, Laws of 1889, said sum to be applied in payment of a contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with Thomas Cockerill & Son, for applying heating and ventilating apparatus, electric lighting, elevators, plumbing, etc., for the new Hall of the Board of Education, Borough of Manhattan.

Proposals were invited for the above work, on carefully-prepared plans and specifications, by advertisement in the CITY RECORD, and five bids were received, ranging from \$153,302.50 to \$162,100.

The contract was awarded to the lowest bidders, Thomas Cockerill & Son, at their bid of \$153,302.50.

There is no reason why the appropriation should not receive the approval of the Board of Estimate and Apportionment.

The work consists in the interior outfit of the building in the matter of plumbing, carpentry work in partitions, etc., and the necessary masonry work, etc., in the installation of a complete electrical equipment, consisting in electric wiring, and circuit work for light and power, and for telephones, calls and other signals, switch-board, electric elevators, electric pumps and electric light fixtures.

The electricity is to be obtained from outside sources, so that no dynamos are provided for.

There are to be two passenger elevators, running one from the cellar, the other from the first floor to the eighth story, and two freight elevators running from the cellar to the first story, all run by electric power.

The heating and ventilation will be, partly, on the Plenum system, the fans being run by electric power, and partly by direct radiation from radiators heated by steam.

Respectfully,

EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That, pursuant to the provisions of chapter 252 of the Laws of 1889, the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education, by resolution adopted July 10, 1899, for one hundred and fifty-three thousand, three hundred and two dollars and fifty cents (\$153,302.50), to provide for the payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education of The City of New York, with Thomas Cockerill & Son, for supplying heating and ventilating apparatus, electric lighting, elevators, plumbing, etc., for the new Hall of the Board of Education, Borough of Manhattan; and for the purpose of providing means therefor, be it further

Resolved, That, subject to concurrence herewith by the Municipal Assembly, the Comptroller be authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of chapter 378 of the Laws of 1897, to the amount of one hundred and fifty-three thousand three hundred and two dollars and fifty cents (\$153,302.50).

E. Rutzler.....	4,796 00
New York Steam Fitting Company.....	4,798 00

The Committee on Buildings recommends that the award be made to the lowest bidder, in which recommendation the Committee on Finance concurs, and submits for adoption the following resolution:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of four thousand four hundred and ninety-three dollars (\$4,493) be and the same is hereby appropriated from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, application for the issue of which is hereby made; said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education of The City of New York, with Frank Dobson, contractor, for heating and ventilating apparatus for Public School 12, Borough of Richmond; requisition for said sum being hereby made upon the Comptroller.

But no part of said appropriation authorized by this resolution to be paid until the Committee on Buildings shall have filed the contract to be entered into by it, for and on behalf of the Board of Education of The City of New York, with the contractor named, to whom the award is hereby

made; said contract to be in such form, and with such security for the faithful performance of the same, as shall be satisfactory to the Committee on Finance; the rules of this Board in regard thereto, and as to the payments to be made on account thereof, to be complied with.

Proposals were invited for the above work on carefully-prepared plans and specifications, by advertisement in the CITY RECORD, and three bids were received, ranging from \$4,493 to \$4,798.

The award of the contract was made to the lowest bidder, Frank Dobson, at his bid of \$4,493.

There is no reason why the appropriation should not receive the approval of the Board of Estimate and Apportionment.

The heating and ventilating apparatus consists of what is called the direct-indirect system, the radiators being placed at the windows and the air supplied by openings in the walls.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education by resolution adopted July 10, 1899, for the appropriation of four thousand four hundred and ninety-three dollars (\$4,493) from the proceeds of Corporate Stock of The City of New York to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly approved by the Mayor March 7, 1899, for the purpose of providing means for the payment of the contract to be entered into by the Committee on Buildings for and on behalf of the Board of Education of The City of New York with Frank Dobson, contractor, for heating and ventilating apparatus for Public School 12, Borough of Richmond.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, and President of the Council—4.

The Comptroller presented the following:

To the Board of Education:

The Committee on Finance, to which was referred the report of the Committee on Buildings, recommending awards of contracts for furniture for addition to Public School 98, Borough of The Bronx, respectfully reports that, in response to the usual duly-authorized advertisement, the following bids were received:

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted July 19, 1899, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of \$18,000, from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of The Greater New York Charter, said sum to be applied in payment of the contract to be entered into by the Committee on Buildings, for and on behalf of the Board of Education, with John H. Van Tine, contractor, for sanitary work at Public School 173, Borough of The Bronx, southerly side of East One Hundred and Eighty-third street, between Beaumont and Cambreling avenues.

Proposals were invited for the above work by advertisement in the CITY RECORD, on carefully prepared plans and specifications, and three bids were received varying from \$18,000 to \$22,146.

The award was made to the lowest bidder, John H. Van Tine, at his bid of \$18,000.

There is no reason why the appropriation should not be approved by the Board of Estimate and Apportionment.

The work consists of all the sanitary arrangements of the large school building now in the course of erection, which has a frontage of 175 feet and is five stories in height. In the contract for the erection of this building no provision was made for any plumbing work or the erection of pupils' closets, as definite information could not be obtained as to the location of sewers, etc., which were not then built. Sewers are now in place, but outlets will not be completed for nearly two years. As the building is nearing completion, it became necessary to contract for the plumbing work and pupils' closets, the waste to go into large cesspool vaults, the piping being so arranged as to be easily connected with the sewers when outlets are provided.

Respectfully,

EUG. E. McLEAN, Engineer.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted July 19, 1899, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of \$31,456, from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter; said sum to be applied in payment of the contracts to be entered into by the Committee on Buildings for and on behalf of the Board of Education, for the purposes mentioned below and in the sums specified:

BOROUGH OF BROOKLYN.

John H. Goetschius..... \$7,500 00
Erecting New Public School 120 at Barren Island.
John Tostevin..... 23,956 00
\$31,456 00

Proposals were invited for the above work, on carefully prepared specifications and plans, by advertisement in the CITY RECORD, and four bids were received for the Erasmus High School, varying from \$7,500 to \$9,896; and for Public School 120, five bids were received varying from \$23,956 to \$30,000.

The contracts were awarded to the lowest bidders, John H. Goetschius, at his bid of \$7,500, and John Tostevin, at his bid of \$23,956.

There is no reason why the appropriation should not receive the approval of the Board of Estimate and Apportionment.

The work on the Erasmus High School consists of various repairs, erection of partitions, racks, lockers, shelves, building counters in lunch-room, making window and door openings, supplying certain furniture, and doing the necessary plumbing, etc.

The work on School 120, on Barren Island, consists in the erection of a frame school building, 63 by 104 feet 6 inches, two stories in height, and a janitor's house, 38 feet, 6 inches, by 35 feet, 6 inches, two stories and attic in height, both being founded on piles; also, the necessary water-closets, vaults, cesspools, etc. The specifications include all plumbing, and are intended to provide for the erection of two buildings, complete in all their parts except heating and furnishing. The school-house, on the first floor, will give an indoor playroom for the children, and the second floor provides six classrooms, principal's room, wardrobes, etc.

The janitor's house is considered necessary on account of the isolated character of the location; also, providing for the occasional use of principals and teachers.

Respectfully,
EUG. E. McLEAN, Engineer.

To the Board of Education:

The Committee on Finance, to which was referred the report from the Committee on Buildings recommending award of contract for special furniture for old school buildings in the Borough of Brooklyn to the Richmond School Furniture Company, amounting to \$1,677, respectfully reports that the funds are exhausted, and therefore the Board has not the financial ability at this time to carry out the contract. The following resolution is submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to transfer the sum of one thousand six hundred and seventy-seven dollars (\$1,677) from the item contained in the Special School Fund for the year 1899 entitled "General Repairs," Borough of Brooklyn, which appropriation is in excess of its requirements, to the appropriation for the same year, also contained in the Special School Fund, entitled "Furniture and Repairs of," which appropriation is insufficient for the purposes thereof.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted July 19, 1899, requests the Board of Estimate and Apportionment "to transfer the sum of \$1,677 from the item contained in the special School Fund for the year 1899, entitled 'General Repairs,' Borough of Brooklyn, which appropriation is in excess of its requirements, to the appropriation for the same year, also contained in the special School Fund, entitled 'Furniture and Repairs of,' which appropriation is insufficient for the purposes thereof."

The request is made in order to meet an award of contract for special furniture for old school buildings in the Borough of Brooklyn to the Richmond School Furniture Company, amounting to \$1,677.

I cannot see any objection that can be urged against granting the request for the transfer made by the Board of Education.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the sum of one thousand six hundred and seventy-seven dollars (\$1,677) be and hereby is transferred from the appropriation made to the Department of Education, for the year 1899, entitled "Special School Fund, Borough of Brooklyn—General Repairs," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for 1899, entitled "Special School Fund, Borough of Brooklyn—Furniture, and Repairs of," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following:

BOARD OF EDUCATION,
No. 146 GRAND STREET, NEW YORK,
July 20, 1899.

CHAS. V. ADEE, Esq., Clerk, Board of Estimate and Apportionment:

DEAR SIR—I have the honor to transmit herewith certified copies of reports and resolutions adopted by the Board of Education at a meeting held on July 19, 1899, as follows:

1. Requesting an appropriation of \$18,000 Corporate Stock for sanitary work at Public School 173, Borough of The Bronx.

2. Requesting a transfer of \$1,677 from the item in the Special School Fund for 1899, entitled "General Repairs," Borough of Brooklyn, to the item in the same fund entitled "Furniture and Repairs of."

3. Appropriating \$31,456 Corporate Stock for furniture, etc., for laboratory, drawing-rooms, etc., at the Erasmus Hall High School, and for erecting new Public School 120 at Barren Island, Borough of Brooklyn.

4. Appropriating \$12,720 Corporate Stock for alterations in and additions to Public Schools 2, 32 and 48, Borough of Queens.

5. Requesting appropriation of \$4,000 Corporate Stock for payment of bills for draughting supplies, surveys, borings, etc., boroughs of Manhattan and The Bronx.

Relative to Item No. 4, I would explain that by a clerical error in our Building Bureau the bid of John M. Daly on Public School 32, Borough of Queens, appears as \$4,499, when it should

be \$4,999; consequently he is not the lowest bidder. The lowest bidders on Public School 32 are Wille & Co., in the sum of \$4,942. In view of the award having been made by the Board of Education to other than the lowest bidders, through error, I am requested by Hon. Joseph J. Little, President of the Board, to ask the Board of Estimate and Apportionment to withhold so much of the requisition in Item No. 4 as relates to Public School 32 and grant \$8,221 to cover Public Schools 2 and 48.

The error will be corrected at the next meeting of the Board of Education, to be held on August 2, 1899.

Respectfully,

A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance, to which was referred the report of the Committee on Buildings recommending an award of contract for alterations in and erecting additions to Public Schools 2, 32 and 48, Borough of Queens, respectfully reports that, in response to the usual duly-authorized advertisement, the following bids were received:

	PUBLIC SCHOOL 2.	PUBLIC SCHOOL 32.	PUBLIC SCHOOL 48.
Hugh F. Quinn.....	\$2,153 00
John M. Daly.....	\$4,499 00
William A. Huck.....	8,243 00
James Murnane.....	1,211 00
George Hildebrand.....	1,310 00
Erskine & McGregor.....	2,197 00
William Muether.....	1,349 00
Wille & Co.....	1,747 00	4,942 00	\$7,010 00

The Committee on Buildings recommends that the award be made to the lowest bidders in each instance, in which recommendation the Committee on Finance concurs, and submits for adoption the following resolution:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of twelve thousand seven hundred and twenty dollars (\$12,720) be, and the same is hereby, appropriated from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of The Greater New York Charter, application for the issue of which is hereby made; said sum to be applied in payment of contracts to be entered into by the Committee on Buildings, for and on behalf of the Board of Education of The City of New York, for the purposes mentioned and in the sums specified:

Alterations in and Erecting Additions to Public Schools 2, 32 and 48, Borough of Queens.		
Public School 2. James Murnane.....		\$1,211 00
" 32. John M. Daly.....		4,499 00
" 48. Wille & Co.....		7,010 00
		\$12,720 00

—requisition for said sum being hereby made upon the Comptroller.

But no part of said appropriation authorized by this resolution to be paid until the Committee on Buildings shall have filed the contracts to be entered into by it, for and on behalf of the Board of Education of The City of New York with the contractors named, to whom the awards are hereby made; said contracts to be in such form and with such security for the faithful performance of the same as shall be satisfactory to the Committee on Finance; the rules of this Board in regard thereto, and as to the payments to be made on account thereof, to be complied with.

A true copy of report and resolution adopted by the Board of Education on July 19, 1899.
A. EMERSON PALMER, Secretary, Board of Education.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
July 22, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted July 19, 1899, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of \$12,720 from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, said sum to be applied in payment of contracts to be entered into by the Committee on Buildings for and on behalf of the Board of Education, for the purposes mentioned and in the sums specified.

Alterations in, and Erecting Additions to, Public Schools 2, 32 and 48, Borough of Queens.		
Public School 2. James Murnane.....		\$1,211 00
" 32. John M. Daly.....		4,499 00
" 48. Wille & Co.....		7,010 00
		\$12,720 00

Proposals were invited for the above work, on carefully-prepared plans and specifications, by advertisement in the CITY RECORD, and for Public School 2 six bids were received, ranging from \$1,211 to \$2,197. For Public School 48 one bid was received—\$7,010. For Public School 32 three bids were received, but there was, according to the statement of the Secretary in his letter of transmittal, July 20, 1899, an error, which is explained as follows:

"Relative to Item No. 4" (of his list), "I would explain that by a clerical error in our building bureau, the bid of John M. Daly on Public School 32, Borough of Queens, appears as \$4,499, when it should be \$4,999; consequently he is not the lowest bidder. In view of the award having been made by the Board of Education to other than the lowest bidders, through error, I am requested by Hon. Joseph J. Little, President of the Board, to ask the Board of Estimate and Apportionment to withhold so much of the requisition in Item No. 4 as relates to Public School 32, and grant the sum of \$8,221 to cover Public Schools 2 and 48.

The error will be corrected at the next meeting of the Board of Education, to be held on August 2, 1899."

The contracts were awarded to the lowest bidders, including John M. Daly, erroneously, as one.

It appears to me that in view of the above explanation it would be proper for the Board of Estimate and Apportionment to accede to the request of President Little, and approve the appropriation, at the sum of \$8,221, leaving the error to be corrected hereafter.

The main work in Schools 2 and 48 consists in erecting one-story extensions, with alterations, etc., in the old buildings, procuring, in each, two additional class-rooms, and in School 48, installing furnace heating, building flues and chimney.

Respectfully,
EUG. E. McLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of a part of the requisition of the Board of Education by resolution adopted July 19, 1899, for the appropriation of eight thousand two hundred and twenty-one dollars (\$8,221) from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly approved by the Mayor March 7, 1899, for the purpose of providing means for the payment of contracts to be entered into by the Committee on Buildings, for and on behalf of the Board of Education of The City of New York, with the following-named contractors, and as follows:

Public School 2, James Murnane.....		\$1,211 00
" 48, Wille & Co.....		7,010 00
		\$8,221 00

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following:

Resolved, That, subject to the approval of the Board of Estimate and Apportionment, the sum of four thousand dollars (\$4,000) be, and the same is hereby, appropriated from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of The Greater New York Charter, application for the issue of which is hereby made; said sum to be applied in payment of bills for draughting supplies, surveys, borings, etc., incidental to the preparation of plans for new school buildings in the boroughs of Manhattan and The Bronx.

Hon. BIRD S. COLER, Comptroller:

The Board of Education, by resolution adopted July 19, 1899, appropriated, subject to the approval of the Board of Estimate and Apportionment, the sum of \$4,000, from the proceeds of Corporate Stock of The City of New York, to be issued by the Comptroller, pursuant to section 48 of the Greater New York Charter, "said sum to be applied in payment of bills for draughting supplies, surveys, borings, etc., incidental to the preparation of plans for new school buildings in the boroughs of Manhattan and The Bronx."

This appropriation is reasonable in amount for the purposes mentioned, and there is no reason why it should not receive the approval of the Board of Estimate and Apportionment.

Respectfully,

EUG. E. MCLEAN, Engineer.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the requisition of the Board of Education by resolution adopted July 19, 1899, for the appropriation of four thousand dollars (\$4,000) from the proceeds of Corporate Stock of The City of New York, to be sold pursuant to the provisions of section 48 of the Greater New York Charter, and the ordinance of the Municipal Assembly approved by the Mayor, March 7, 1899, for the purpose of providing means for the payment of bills for draughting supplies, surveys, borings, etc., incidental to the preparation of plans for new school buildings in the boroughs of Manhattan and The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following:

DEPARTMENT OF PARKS—CITY OF NEW YORK,
THE ARSENAL, CENTRAL PARK,
June 24, 1899.

To the Board of Estimate and Apportionment, City:

GENTLEMEN—At a meeting of the Park Board, held on the 22d inst., the following preamble and resolution were adopted:

Whereas, By a communication from the Comptroller of The City of New York, dated April 12, 1899, there remained a balance of appropriation, under the provisions of chapter 417 of the Laws of 1892, as amended by chapter 609 of the Laws of 1895, for the purpose of constructing, improving and maintaining "such public roadways as may be necessary on the lands acquired by said city under chapter 552 of the Laws of 1884, as public parkways, and known as the Crotona, Mosholu and Bronx and Pelham parkways, and such roads as already exist in said parks and parkways, upon plans to be prepared by the said Department of Public Parks;" and

Whereas, There remains unexpended, unappropriated and now available from said amount the sum of \$53,438.59; therefore,

Resolved, Upon the plans submitted by the Commissioner of Parks for the Borough of The Bronx, the Board of Estimate and Apportionment be and hereby is requested to appropriate the sum of \$46,000 for the improvement of existing roads in Bronx Park, in accordance with the provisions of the acts above mentioned.

Herewith I beg to forward the plan showing the proposed improvement of roads in Bronx Park referred to in the foregoing.

Respectfully,

WILLIS HOLLY, Secretary, Park Board.

DEPARTMENT OF PARKS—BOROUGH OF THE BRONX,
OFFICE OF ENGINEER-IN-CHIEF,
ZBROWSKI MANSION, CLAREMONT PARK,
NEW YORK, June 15, 1899.

Hon. AUGUST MOEBUS, Commissioner of Parks:

SIR—According to a letter dated April 12, 1899, from Deputy Comptroller M. T. Daly, on April 1, 1899, there remained the sum of \$82,938.59 unexpended out of the proceeds of bonds issued under the authority of chapter 417, Laws of 1892, and chapter 609, Laws of 1895.

Against this sum.....	\$82,938 59
We have in this Department charged improvement of Boston road.....	\$10,000 00

	29,500 00

The above improvements are under way and are not finished. The appropriations were made by the Board of Estimate and Apportionment, May 20, 1897.

As this balance..... \$53,438 59 is moneys that no charges are made against and are now in the hands of the Comptroller. I respectfully recommend that the Honorable Board of Estimate and Apportionment be requested to grant the expenditure of \$46,000 from this balance for the improvement of existing roads in Bronx Park, as per plan inclosed, which is authorized by the laws under which this money was granted.

Respectfully,

DANIEL ULRICH, Engineer-in-Chief.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
July 27, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Park Board, at a meeting held June 22, 1899, adopted the following preamble and resolution:

"Whereas, By a communication from the Comptroller of The City of New York, dated April 12, 1899, there remained a balance of appropriation, under the provisions of chapter 417 of the Laws of 1892, as amended by chapter 609 of the Laws of 1895, for the purpose of constructing,

improving and maintaining, such public roadways as may be necessary on the lands acquired by said city under chapter 522 of the Laws of 1884, as public parkways, and known as the Crotona, Mosholu and Bronx and Pelham parkways, and such roads as already exist in said parks and parkways, upon plans to be prepared by the said Department of Public Parks;" and

Whereas, There remains unexpended, unappropriated and now available from said amount the sum of fifty-three thousand four hundred and thirty-eight dollars and fifty-nine cents, therefore,

Resolved, Upon the plans submitted by the Commissioner of Parks for the Borough of The Bronx, the Board of Estimate and Apportionment be and is hereby requested to appropriate the sum of forty-six thousand dollars for the improvement of existing roads in Bronx Park, in accordance with the provisions of the acts above mentioned."

I have obtained from Mr. Daniel Ulrich, Engineer-in-Chief, Borough of The Bronx, a statement which I inclose, explaining the plan which accompanied the resolution and giving detailed estimates of the manner in which it is proposed to expend the moneys asked for.

The work consists in improving existing roads in Bronx Park, as provided in the laws quoted above, and the roads so to be improved are colored red on the plan. Those lying immediately north of Pelham avenue, having a total length of about 3,525 feet and varying in width from eight feet to twenty feet, are estimated to cost \$12,000, and those lying east of the Southern Boulevard, having a total length of about 3,200 feet and being 36 feet and 40 feet in width, are estimated at a cost of \$34,000. Total, \$46,000.

These estimates I consider conservative, and as the work will be given out on contract, subject to competitive bids, I see no objection to its approval, there being sufficient balance available.

Respectfully,

EUG. E. MCLEAN, Engineer.

And offered the following:

Resolved, That out of the unexpended and unappropriated surplus balance credited from the sale of bonds issued under the provisions of chapter 417 of the Laws of 1892, as amended by chapter 609 of the Laws of 1895, there be and hereby is appropriated the sum of forty-six thousand dollars (\$46,000) for the purpose of improving existing roads in Bronx Park, as requested by the Park Board in its resolution adopted June 22, 1899.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented a communication from the Board of Education requesting an appropriation of \$200,000 by the issue of bonds for the purchase of a site and erection of an addition to the New Hall of the Board of Education.

The Mayor moved that it be referred to the President of the Council.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented a communication from the Municipal Assembly requesting an appropriation for music in Hudson Park.

The Mayor moved that it be referred to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented a communication from the Department of Public Buildings, Lighting and Supplies, dated July 27, 1899, requesting an appropriation of \$20,000 for repairs to the Brooklyn Disciplinary Training School Building.

The Mayor moved that it be referred to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented a communication from the Department of Bridges, dated July 26, 1899, requesting the transfer of \$25,000, to "Maintenance and Repairs of Bridges, Borough of Brooklyn," for work on Hamilton Avenue Bridge.

The Mayor moved that it be referred to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented the following:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
No. 300 MULBERRY STREET,
NEW YORK, July 28, 1899.

Hon., ROBERT A. VAN WYCK, Mayor, City Hall, New York City:

DEAR SIR—I have the honor to transmit herewith a copy of a resolution this day adopted by the Police Board requesting an appropriation of \$35,000, for the purpose of meeting the extraordinary expenses incurred by the Board by reason of the labor disturbances of the present month. I respectfully ask the earliest consideration by the Board of Estimate in this matter, as the bills are largely due to keepers of restaurants in the different parts of the city where the men were obliged to be fed; and for that reason the Board is desirous of making as speedy a settlement of the claims as it is possible.

Respectfully,

BERNARD J. YORK, President.

POLICE DEPARTMENT OF THE CITY OF NEW YORK,
No. 300 MULBERRY STREET,
NEW YORK, July 28, 1899.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Police Board held this day the following proceedings were had:

Whereas, On account of the extraordinary expenses entailed upon the Police Department by reason of the recent labor disturbances in The City of New York, beginning on the 15th day of July, 1899, the said Department was obliged to make provision for the proper subsistence of the members of the Uniformed Force and by reason thereof have incurred an expense amounting to the sum of \$35,000; therefore

Resolved, That the Board of Estimate and Apportionment be and they are hereby respectfully requested to make an additional appropriation to the account entitled "Contingent Expenses of the Police Department for the year 1899" of the sum of thirty-five thousand dollars, to enable the Police Board to meet the expenses of the said department necessarily incurred in the subsistence of the members of the Uniformed Force of the Police Department, and other expenses incident thereto caused by reason of the recent labor disturbances in the City of New York.

Very respectfully,

WM. H. KIPP, Chief Clerk.

And offered the following:

Resolved, That the sum of thirty-five thousand dollars (\$35,000) be and the same is hereby transferred from the appropriation for the year 1899, entitled, "Interest on Bonds and Stocks to be issued after October 10, 1898, and in 1899," the same being in excess of the amount required for the purposes and objects thereof, to the appropriation made to the Police Department for the year 1899, entitled "Contingent Expenses of Central Department and Station-houses, etc.," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel, and President of the Council—4.

The Comptroller presented the following:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,
OFFICE OF COMMISSIONER FOR THE BOROUGH OF THE BRONX,
ZBROWSKI MANSION, CLAREMONT PARK,
June 8, 1899.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—I respectfully desire to call your attention to the fact that the Department of Parks, Borough of The Bronx, from time to time is required to purchase sewer pipe. The necessity therefore arises to use the best vitrified sewer pipe in order to get the best results. The engineer connected with this Department has made for this purpose a thorough and careful examination of sewer pipes now in the market which could be used in connection with such works as are now in progress and contemplated by this Department, and he reports to me that there is one pipe which, in his opinion, is adequate in all its details to be used, and that is the "Self Centering Socket Pipe." I therefore respectfully request the approval of your Honorable Board for permission to use the same, and in all specifications to be submitted by me for work of this character that the "Self Centering Socket Pipe, or one having the qualifications of said pipe," be inserted therein. I make this request as I am informed that this particular kind of pipe is a patented article, and that the provisions of chapter 1554 of the Greater New York Charter make it necessary that your Honorable Board to fix the conditions under which work is to be done when patented appliances are to be used.

Respectfully yours,

AUGUST MOEBUS, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
July 6, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Commissioner of the Department of Parks, Borough of The Bronx, Hon. August Moebus, in communication of June 8, 1899, to the Board of Estimate and Apportionment, states that his Department is required from time to time to purchase sewer-pipe; that the necessity arises to use the best vitrified sewer-pipe in order to get the best results; that the Engineer connected with his Department has made a thorough and careful examination of sewer-pipes now in the market which could be used in connection with such works as are now in progress and contemplated by his Department; that he reports that there is one pipe which, in his opinion, is adequate in all its details to be used, and that is the "Self Centering Socket Pipe."

This particular pipe, being a patented article, he requests authority "to use the same, and in all specifications to be submitted by me for work of this character that the 'Self Centering Socket Pipe, or one having the qualifications of said pipe' be inserted therein."

On a number of occasions, heretofore, of applications for the purchase of patented articles, notably in those recently of the Fire Department, where it was incumbent upon the City to purchase the very best articles that could be procured, I have recommended the use of the words "or equal thereto" in the advertisements, so as to comply technically with the law. The Board of Estimate being entirely cognizant of the whole circumstances attending the particular case, no bad results could reasonably be looked for.

But in this case the Commissioner's request would have the effect of ruling out from his Department the use of any other pipe than that specified, viz., the "Self Centering Socket Pipe," bringing about, to a certain extent, a non-competitive condition, and consequent increase of price, which I understand section 1554 of the Charter aimed to prevent.

Should such a general permission be given in the case under consideration, similar applications might be expected from other departments, tending to lead, in the course of time, to the evils which the law was intended to prevent.

While I do not think it would be advisable to comply with the request of the Commissioner, on account of its practically excluding competition, I can see no reason why a patented article should not be used in any work if it be equal to the requirements of the specifications as to quality and fitness for the purpose. Section 1554 of the Charter says "No patented article shall be advertised for, contracted for or purchased, except under such circumstances that there can be a fair and reasonable opportunity for competition, the conditions to secure which shall be prescribed by the Board of Estimate and Apportionment."

The specifications could, without infringing upon this law, call for the best socket sewer pipe of any style whatever, without specifying any one, which would allow the use of the pipe under consideration, if considered desirable.

I have examined the drawings of the "Self Centering Socket Pipe," and consider the patent, which consists in the form of the "socket," a good one, and I have conversed with the inventor and proprietor, Mr. J. C. L. Rogge, and he informs me that all he desires is that the pipe may be received, under any contract, without asking for any special consideration as to price.

Respectfully,

EUG. E. McLEAN, Engineer.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, July 31, 1899.

To the Board of Estimate and Apportionment:

SIRS—I am in receipt of your communication of the 18th instant, inclosing for my consideration and advice a letter from the Commissioner of Public Parks of the Borough of The Bronx, requesting the approval of the Board of Estimate and Apportionment of the purchase of "Self Centering Socket Sewer Pipe," and inclosing the report of the Engineer of the Finance Department relative thereto.

By the resolution passed by your Board on July 13, 1899, and referred to me for advice, it appears that two questions were submitted:

First. Whether the Board of Estimate and Apportionment is required by section 1554 of the Charter to fix conditions of competitive bidding, where the competition is to be free for articles unpatented as well as patented, and it is only desired to receive bids for patented articles on equal terms with those not patented.

Secondly. Whether if such action is required, it would be a compliance therewith if the specifications in this instance should simply call for the best socket sewer pipe of any style.

In reply to the first question submitted, I would say that the insertion in the contracts of the words "Self Centering Socket Sewer Pipe, or pipe equal thereto," would in my opinion be sufficient to allow the said pipe to be used if the Commissioner decides that the said pipe is the one that will most satisfactorily fulfill the requirements of the contract.

I would suggest the passage by your Board of a resolution permitting the use of the patented article or one equal thereto, as has frequently been done in regard to supplies furnished the Fire Department. There would then be no objection possible on the ground of section 1554 not being complied with.

As to your second question, I would say it would not be a compliance with the section referred to if the specifications should simply call for the best socket sewer pipe of any style.

I herewith return papers submitted by you.

Very respectfully,

JOHN WHALEN, Corporation Counsel.

And offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the advertising for proposals for contracts for sewer pipe by the Commissioner of Public Parks, Borough of The Bronx, upon specifications calling for the "Self Centering Socket Pipe, or pipe equal thereto."

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Comptroller presented a communication from the District Attorney, Borough of Manhattan, dated July 29, 1899, requesting the transfer of \$6,675.54 to "Salaries," and \$10,500 to "Contingent Account."

The Mayor moved that it be referred to the Comptroller.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The Corporation Counsel presented the following:

DEPARTMENT OF STREET CLEANING,
NEW YORK, June 29, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—I transmit to you herewith for the approval of your Board as to the terms and conditions thereof, pursuant to section 239 of the Greater New York Charter, two forms of contract (each in triplicate) designated respectively "No. 1" and "No. 2," for the removal of snow and ice in the boroughs of Manhattan and The Bronx from the date of execution to the 15th day of April, 1900, both having been approved as to form by the Corporation Counsel.

Form "No. 1" is substantially the same as the form that has been executed for the last four winter seasons for the boroughs of Manhattan and The Bronx and the old City of New York. In that form the amount of snow and ice removed by the contractor is ascertained by inspection and by a system of loading coupons and checks.

In Form "No. 2" the amount of snow and ice removed by the contractor is ascertained by a much simpler method fundamentally, namely, by multiplying the area of snow and ice removed by the depth as officially reported for each day by the United States Weather Bureau in New York or by an observatory for the purpose established by this Department, if the establishment of such observatory shall turn out to be practicable. Under the system of Form "No. 2" many temptations to subordinates and employees to practice fraud or dishonesty are removed. It is intended, before advertising, to fill up the tables of the rate of progress contained in this form with figures compiled from the actual observation of the snow inspectors of this Department during the last four years, and the contractor will be required so make a minimum rate of progress day by day, according to the depth of snow, as provided in these tables.

It is my intention, if both these forms be approved as to terms and conditions by your Board, to advertise both, as the law requires, and then after receiving bids for both forms, unless it be deemed to the interest of the City to reject all the bids, to accept a bid for that one of the forms which by that time shall seem best and to reject all the bids on the other form, or else to advertise but one and receive bids on it.

Respectfully,

(Signed) JAMES McCARTNEY, Commissioner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
July 6, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Commissioner of Street Cleaning, in communication of June 29, 1899, to the Board of Estimate and Apportionment, submits for the approval of the Board, pursuant to section 239 of the Greater New York Charter, two forms of contract (each in triplicate) designated respectively "No. 1" and "No. 2," for the removal of snow and ice in the boroughs of Manhattan and The Bronx, from the date of execution to the 15th day of April, 1900, both having been approved as to form by the Corporation Counsel.

The two forms of contracts are substantially the same in all the requirements except as to the manner of calculating the amount of snow and ice to be removed.

According to the first form, which is the same as that used for the last four winter seasons, the following method of calculation is given: "for the purpose of ascertaining the amount of snow and ice removed and disposed of, * * * the party of the second part" (the City) shall station at each of the places designated by the said Commissioner for loading the snow and ice, one or more representatives, whose duty shall be to deliver to the representatives of the party of the first part one token, called a "loading coupon," for each and every full-sized load of snow and ice loaded at the places designated as aforesaid, upon carts, trucks, etc., of the contractor, and carried to the dumps or places of final discharge designated by the Commissioner, and there discharged by the contractor; that at each of these places each of the parties shall station representatives, whose duty shall be as follows: For each and every full-sized load of snow and ice delivered and discharged the representative of the contractor shall deliver to the representative of the Commissioner one of the tokens aforesaid, called "loading coupons," whereupon the representative of the Commissioner shall deliver to the representative of the contractor one token called a "voucher-check," by way of acknowledgment of the snow and ice so discharged.

The contractor agrees to pay for these "loading-coupons" not exceeding the amount of \$2,000.

In form No. 2 it is agreed between the parties "that the number of cubic yards of snow and ice removed and disposed of by the contractor" and for which he shall be paid, "shall be ascertained and determined by multiplying the depth of snow of the respective snowfall or snowfalls as officially determined and reported by the United States Weather Bureau located in the City of New York, by the superficial area of the paved avenues, streets, lanes, alleys and places, or portions thereof, in which the said work is done as computed by the Inspector designated by the Commissioner for the supervision of the work, provided, that if the Commissioner of Street Cleaning shall have established his own proper method and appliances for measuring and determining the depth of said snowfalls, then in that case the depth so measured and determined shall be used in ascertaining and determining said number of cubic yards, if the Commissioner shall so decide."

This is certainly an exceedingly simple mode of calculation, and it appears to me it would lead to more accurate results than the method prescribed in Form No. 1, and, as the Commissioner says, "many temptations to subordinates and employees to practice fraud or dishonesty are removed."

The system of Form No. 2 has never, as I understand, been tried in this country, though it has been in Europe. The fall of snow is undoubtedly a good measure of the work to be done.

The Commissioner says it is his intention "if both these forms be approved as to the terms and conditions, to advertise both, as the law requires, and then after receiving bids for both forms, unless it be deemed to the interest of the City to reject all the bids, to accept a bid for that one of the forms which by that time shall seem best, and to reject all the bids on the other form, or else to advertise but one and receive bids on it."

These two forms, differing from each other only in the manner of calculating quantities, may, in my opinion, both be properly approved by the Board of Estimate and Apportionment, leaving to the Commissioner the selection of that which he may consider best.

Respectfully,

EUG. E. McLEAN, Engineer.

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, July 31, 1899.

To the Board of Estimate and Apportionment:

GENTLEMEN—I am in receipt of your communication of the 14th instant, enclosing a letter from the Department of Street Cleaning, submitting two forms of contract in triplicate for the removal of snow and ice, in the boroughs of Manhattan and The Bronx, from the date of execution to the 15th day of April, 1900; also a report of the Engineer of the Finance Department in relation thereto, which were presented to your Board at a meeting held July 13, 1899, at which time the Mayor moved that the subject be referred to the Corporation Counsel with instruction to insert in the form of contracts specific provision for compensation of sweepers and drivers, and also that the clause in reference to the Labor Law be made specific, in order that there may be no misunderstanding in relation thereto.

In reply to your communication, I would say that the law referring to a two dollar rate to be paid to the men employed as provided in section 536 of the Greater New York Charter, refers only to men hired temporarily to perform the work of the nature set forth in the contract submitted, and in no way refers to a contract of the kind referred to.

The clause in reference to the Labor Law will be found at paragraph twelve, page 7 of the contract, and I do not believe that any change should be made in the printed form heretofore approved by me.

I return herewith contract transmitted by you.

Very respectfully,

THEODORE CONNOLLY, Acting Corporation Counsel.

Whereupon the Mayor offered the following:

Resolved, That the Board of Estimate and Apportionment hereby approves of the specifications and terms and conditions of a contract for the removal of Snow and Ice in the boroughs of Manhattan and The Bronx, as approved by the Corporation Counsel, and designated as Form No. 1, and hereby declines to approve of the terms and conditions of the proposed contract for said work designated as Form No. 2.

Which was adopted by the following vote:

Affirmative—The Mayor, Corporation Counsel and President of the Council—3.

Negative—The Comptroller—1.

The Comptroller presented a communication from the President of the Borough of Queens, dated July 31, 1899, requesting an appropriation of \$300,000 for the Construction of a Municipal Building, in the Borough of Queens.

The Mayor moved that it be referred to the Commissioner of Public Buildings, Lighting and Supplies, for consideration and report.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, Corporation Counsel and President of the Council—4.

The President of the Borough of Queens and the Commissioner of Public Buildings, Lighting and Supplies, appeared before the Board and made statements in explanation thereof.

A communication was received from the Department of Parks, dated July 17, 1899, requesting the transfer of \$1,000 for music in Hudson Park, Borough of Manhattan.

In the matter

of

Widening Cauldwell avenue, between One Hundred and Fifty-eighth street and One Hundred and Sixty-first street, in the Borough of The Bronx.

To the Board of Public Improvements in The City of New York:

GENTLEMEN—We, the undersigned property-owners in the area of assessment for the widening of Cauldwell avenue, do hereby protest against the above proceeding of widening said Cauldwell avenue, between One Hundred and Fifty-eighth street and One Hundred and Sixty-first street.

NEW YORK, August 6, 1899.

PHILLIP LAUTER and others.

To the Board of Public Improvements of The City of New York:

I, D. Anna Farrer, the owner of a plot of land at the southwest corner of Cauldwell avenue and East One Hundred and Sixty-first street, in The City of New York, Borough of The Bronx, having a frontage of one hundred and twelve feet on Cauldwell avenue, and a depth on One Hundred and Sixty-first street of one hundred and five feet, and being one hundred and twelve feet front and rear by one hundred and five feet in depth on each side, and having six dwelling-houses erected thereon, do respectfully protest against the widening of Cauldwell avenue, as proposed in a proceeding now pending before your Board, and do submit the following facts and reasons against the adoption of the resolution proposed for such purpose:

That your petitioner is and has been for some time past, and was prior to the laying out of Cauldwell avenue, as at present laid out, the owner of premises formerly bounded on the easterly side of Avenue B, as shown on the map of Grove Hill. That when Cauldwell avenue was laid out, a strip of land was left between the property of this petitioner and the westerly side of Cauldwell avenue, over which an easement out to Cauldwell avenue survived to your petitioner.

That for the opening of Cauldwell avenue a very large assessment, amounting to about two thousand dollars, was assessed against the property of your petitioner, which has been paid. That assessments for grading, for sewer, for curbing and guttering, and for other purposes have been and are about to be assessed against your petitioner, for the improvement of the said Cauldwell avenue, upon the lines of the same so laid out and established as aforesaid.

That your petitioner since the laying out of Cauldwell avenue, as aforesaid, acquired the title in fee simple to all that portion of the strip of land lying between her property, formerly bounded along the westerly line of Avenue B and the new line of Cauldwell avenue, and is now the absolute owner and in full possession of the same, fenced and inclosed, and is in undisturbed occupancy of the whole of said strip of land, and her title to the same has been approved by the Lawyers' Title Insurance Company of The City of New York.

That your petitioner is about to build upon the same a substantial brick building, about thirty feet by seventy feet, which building will have a frontage about thirty feet on One Hundred and Sixty-first street and a frontage on Cauldwell avenue of about seventy feet, and will be of five stories or more in height.

That the widening of Cauldwell avenue, as proposed, will take from her the whole of said plot of land, one hundred and twelve feet on Cauldwell avenue by thirty feet on One Hundred and Sixty-first street, and deprive her of the use of the same; and the cost of such widening will result, in addition, in a very large assessment being levied and assessed against her other property, without any benefit whatsoever accruing thereto, but on the contrary very considerable damage will result therefrom.

Your petitioner therefore submits:

First—That the very recent laying out of Cauldwell avenue on its present lines, and the collection of assessments for the same and for the improvements made therein, precludes the City from now altering these lines and reassessing adjoining property for taking and improving the altered street.

Second—That there is no public purpose to be accomplished by the change, but the whole object is to benefit a few private owners, who, for their own personal advantage, are pushing this matter to compel the City and their neighbors to settle private rights, and to pay for the accomplishment of their aims, to acquire advantages at the expense of others.

Third—That it is a dangerous precedent to establish for the City authorities to undertake to settle private rights by resolution of the Board of Public Improvements.

Fourth—That Cauldwell avenue, as at present laid out, is a fine wide avenue, of the uniform width of sixty-five feet, extending from Teasdale place on the north to Westchester avenue on the south. The widening proposed will change this width to ninety-five feet for one block and a part of another block only, and will result in an irregularity which will destroy the symmetry of the avenue, and will result in a disfigurement which will be a great damage to all the property along that portion of the street so widened. The Board of Public Improvements should hesitate before doing an act, in compliance with the demands of a few property-owners, which for all time will be a disfigurement of the symmetrical lines of a broad fine avenue, which has been already laid out in harmony with the general plan of avenues and streets in this section of the city.

Fifth—The change in the westerly line of Cauldwell avenue, caused by the widening, will result in the taking in of property in which the City has no interest, and a Commission will have to be appointed and awards and assessments made. The absurdity of the contention that no assessment will be levied is emphasized by the production, before this Board, of a title insurance in private owners to that portion of the strip in question lying along the line of the property of your petitioner.

Sixth—That there will certainly be an assessment levied on all the property lying along both sides of the said street is beyond question. The certainty of the extension of the area of the assessment to a district similar to the former area of assessment for the opening of Cauldwell avenue is beyond dispute. The natural inference, therefore, must be that the area of assessment will reach from St. Ann's avenue to Trinity avenue. That owners within that area of assessment should be notified and be entitled to be heard in this matter.

Dated AUGUST 9, 1899.

In the matter

of

The proposition to widen Cauldwell avenue, between One Hundred and Fifty-eighth and One Hundred and Sixty-first streets.

SUPPLEMENTAL MEMORANDUM ON BEHALF OF MR. WILLIAM H. EBLING, JR.

Mr. Ebling is the owner of a lot 100 by 50 at the corner of One Hundred and Fifty-eighth street and Cauldwell avenue, and is therefore one of the property-owners most seriously affected by the proposed widening of the avenue between that street and One Hundred and Sixty-first street.

Shortly after this matter was first brought before the Board a petition, signed by a majority of the property-owners along Cauldwell avenue most directly affected, was filed with this honorable body, and a memorandum and specific objections on the part of Mr. Ebling.

After a number of meetings, the question of the City's title to the strip proposed to be taken for widening purposes having been raised, the advice and opinion of the Corporation Counsel was sought. After an interval of some weeks the Corporation Counsel handed down a decision in which he held that the City had no title or claim of title to the strip in question.

Notwithstanding this pronouncement of the City's legal adviser, the Board, without notice to any objecting property-owners, passed the resolution, and the same now stands as a matter of records on the Minutes of the Board. When Mr. Ebling's counsel learned of this action, in conjunction with Mr. Lawton, counsel for the Farrer interests, and others, the application was made for a rehearing.

This application, through the courtesy of the President of the Board, was granted, and counsel were given an opportunity to be heard in support of their objection.

While there seems to be an evident spirit on the part of the Board to pass this resolution, Mr. Ebling feels so confident of the correctness of the position he has assumed that he begs to call the attention of the Board to the petition heretofore filed, and to emphasize the fact that the majority of the property-owners directly affected are there represented.

With due respect to the members of this body who favor the measure, he asserts that the widening of the avenue at the point indicated, making an unsightly indentation in the street at that point, can serve no useful public purpose.

This contention he made when the measure was supported, on the theory that the thirty-foot strip to be taken was the property of the City, and could be applied to the City's purposes with a nominal award. This contention is fortified and made stronger by the opinion of the Corporation Counsel to the effect that the City has no title or claim of title in question.

It follows, then, that the title in fee to this strip is in some private owner or owners, and the said owner or owners would be entitled to a substantial award of damages in the event of the City taking the property for this widening project.

The Lawyers' Title Insurance Company of The City of New York has obligated itself to issue a policy covering this strip.

If the title is not in the City, as the Corporation Counsel holds, which opinion is fortified by the willingness of the Insurance Company to warrant the title to some one else, then it is submitted that a proceeding of this character is not the proper method of acquiring the strip necessary to widen the avenue, even assuming that it is a measure in the public interest; an assumption which we emphatically dispute.

The title should be acquired in regular condemnation proceedings where the owners may appear and prove their damage.

It is submitted that this resolution is against the public interest, is unauthorized in this proceeding, and not within the scope of the powers of this Board.

NEW YORK CITY, August 9, 1899.

In the matter

of

The proposed widening of Cauldwell avenue, between One Hundred and Fifty-eighth street, or Cedar place, and One Hundred and Sixty-first street.

NEW YORK, August 9, 1899.

BEFORE BOARD OF PUBLIC IMPROVEMENTS.

Argument of Henry H. Sherman, Counsel for Property-owner Opposed to the Widening and in Favor of Rescinding the Resolution of the Board.

Mr. Henry H. Sherman, of No. 111 Broadway—I represent Mr. Frank E. Stephens and a very large number of other property-owners, whose written petitions I have here filed with the Board, protesting against this proposed widening of Cauldwell avenue. These property-owners are mainly on Cauldwell avenue, and will be affected in all probability by the assessment to be levied for this so-called improvement. There are also represented here before you the owners of certain plots, which include the thirty foot strip in question here, which was a part of the former Avenue B. We have never had an actual opportunity hitherto to be heard before the Board, which has already heard, I understand, the arguments of the petitioners who asked for the widening. We did not know, most of us, of any proposition to widen Cauldwell avenue, or those of us who knew of it believed and were told that the attempt had been long ago abandoned. My clients and their neighbors similarly situated are astonished and surprised to find the present state of things existing and that a resolution has already been passed by your Board without their knowledge to make Cauldwell avenue of the necessary width of ninety feet at this point.

John Savage Shaw, by a map filed in the early fifties, laid out the Village of Grove Hill, and Avenue B, fifty feet wide was one of the streets thereon. These streets were simply village streets, and the title to them was never acquired by the City. They were, however, used by the property-owners who have frontages upon them, and the City kept them in order and informally accepted the dedication of them. Some of the property-owners who bought from Shaw saw to it that their deeds read in such wise that they took title to the middle of the street. In such cases there was only granted to Shaw's grantees the fee of the lot to the edge of the street, so long as it should be a street. Of course, when it ceased to be a street, the fee of the street in such cases reverted to the original owner, who is also represented here by grantees of his heirs or testamentary trustees, as I understand. Cauldwell avenue was quite recently laid out sixty feet wide throughout its entire length; the title has been fully acquired by the City in fee, and the street has been actually improved and is in full public use. It is a long avenue, and between One Hundred and Fifty-eighth and One Hundred and Sixty-first streets it includes twenty feet of the original fifty feet of the old Avenue B, leaving on the westerly side of Cauldwell avenue the thirty feet in dispute. The owner of one hundred and twelve feet on Cauldwell avenue, at the corner of One Hundred and Sixty-first street, is also represented here, I understand, by Mr. Lawton, and he objects most strenuously to this proposed widening, because it would deprive him of the advantage of the thirty feet in depth by one hundred and twelve feet in length on Cauldwell avenue, which he has recently purchased from the heirs or representatives of the original owners, Shaw; and I am informed and believe that his title to this strip one hundred and twelve feet by thirty feet is guaranteed by Title Insurance Company.

Mr. Ebling, who owns the southerly corner of One Hundred and Fifty-eighth street, or Cedar place, also likewise objects, because his deeds already give him title in front of his premises to the land in fee to the centre of the old Avenue B, which, by the Act of 1895, with which your Honors are familiar, is divested of all easements; and if this widening takes place, it will place his house, which is very pleasantly situated back from the street, immediately upon the street, and spoil it for residential purposes. The remainder of the buildings fronting on this strip are back from the street and present a very handsome appearance, which will be much marred if the street be widened and these houses be left immediately fronting upon the westerly side of the new Cauldwell avenue as widened. I may mention here that the petitions I present are signed not only by Mr. William H. Ebling, Jr., representing himself and the estates of Philip Ebling, but also by Mr. William Ebling, Jr., as executor of the estate of William Ebling, which owns a large plot of land on the easterly side of Cauldwell avenue, running through to Trinity avenue.

My clients, gentlemen, protest against this disfigurement of Cauldwell avenue, first upon the ground that it is an attempt to alter the prominent maps of this section of the Borough of The Bronx without any real justification whatsoever. No possible public purpose can be subserved by this alteration. The avenue is sixty feet in length from end to end. My clients, one and all, have been already very heavily assessed for making Cauldwell avenue what it is. If it is widened, thirty feet of somebody's land, which is all front land, will have to be taken away and paid for. It is worth, at least, as I am informed, thirty thousand dollars. This cannot be all assessed very well upon the property on the westerly side of Avenue B, and it will be entirely discretionary with the Commissioners of Estimate and Assessment as to where the lines of the area of assessment will run, and how far east or west, north or south they will extend. Our property has been highly burdened with the assessment for the opening and establishing, as it at present exists, of Cauldwell avenue. We do not want the avenue widened. Its widening will be an answer to no public demand, and will serve no possible useful public purpose of any kind whatsoever. Its widening is desired solely by private parties to straighten out questions of law and fact which arise in respect to them on titles—titles which they have assumed and purchased with their eyes open. I do not believe that they are in any hole at all, because it will be very easy, as I understand and believe, to purchase from the present owners, at a low price, all rights whatsoever in the thirty-foot strip. But, even assuming that the petitioners for this widening are in a hole, what right have they or have the City authorities to say that we must bear the expense of pulling them out of that hole? Besides, they do not need to be pulled out of the hole, if there is any hole. A way is distinctly, lawfully and constitutionally provided by the Act of 1895, chapter 1006, by which, if they have been damaged by the closing of this old street, as doubtless they have been, the machinery of the law, full and ample, will be set in motion for their relief by their asking for it. Have they availed themselves of the provisions of that law? That I do not know. But if they have not, they should have done so, and it is not even yet too late so to do.

It should be to the advantage of the purchasers of this thirty foot strip, who have been denounced by unthinking persons, to have the avenue widened. For then it will be a sure method of selling their property at a handsome price. They have full title to it, as evidenced by the willingness of this Title Insurance Company to insure a title, and must, therefore, be awarded the full value of their land if it is engulfed in this proposed widening, and for this full value not only the property-owners, who ask for the widening under grave misapprehension, as I claim, of their rights, but all the surrounding property-owners in the neighborhood, who have been already assessed for Cauldwell avenue, will have to pay for this very large assessment, which must be levied. The fact, if it be a fact, that upon the original opening of Cauldwell avenue but the nominal sum of one dollar was awarded to unknown owners as the price of the twenty feet of Cauldwell avenue which was then taken, is met and overcome by the further fact that the act of 1895 had not then been passed, and that that twenty-foot strip taken in the original opening of Cauldwell avenue was not divested of its easements, and therefore no substantial award could have been made for it. But, immediately upon the passage of the act of 1895, the thirty-foot strip was lawfully, and for a public purpose, and in furtherance of a just legislative scheme to close unnecessary streets, lanes and alleys, divested of all easements, and the successors in interest of John Savage Shaw are invested with an unincumbered fee of the thirty-foot strip, subject, of course, to the payment of any damages which might be assessed or awarded against them in proceedings taken by injured property-owners under the provisions of the act of 1895. If proceedings were taken under the act of 1895, which is the course I should advise the petitioners who favor the widening to pursue, then, doubtless, all the damages which they prove will be assessed, not upon themselves, not upon this protestant and these objectors, but upon the strip thirty feet wide. That will have to bear, in all probability, the whole burden, because that practically is the only property which has been benefited by the abandonment of Avenue B. I must say that these petitioners have been verily advised in this whole proceeding. They are taking the worst possible course in their own interests, and at the same time injuring their neighbors and bringing them into trouble about a matter with which they have and should have no earthly concern whatsoever.

The Act of 1895 simply shut up this old street, and, ipso facto, reinvested the fee-owner with full title to his land divested of all easements, subject, of course, to proper payment and compen-

sation therefor, giving to the abutting property-owner in lieu of this easement which he formerly enjoyed a claim for damages full and complete. This act, which is for a public purpose, to secure a uniform and harmonious street system, has been declared constitutional by all the courts, and notably by the Appellate Division in the case of the matter of The Mayor, 28th Appellate Division, page 143, and by the Court of Appeals, which affirmed the Appellate Division's decision, as reported in the 157th New York Reports—in the case of Gerard avenue. But still later, namely on June 10 last, by a decision in the case of the Matter of One Hundred and Eighty-second street, not yet reported, in which Mr. Justice Ingraham delivered the opinion, the Appellate Division reiterated and reaffirmed the constitutionality of this Act of 1895, and said that it was a highly remedial act, which subserved public purpose of great importance, namely, the growing of a system of public streets which should be uniform and harmonious—not a system as proposed here of an avenue 60 feet in one block and 90 feet in width on the next block. What possible necessity is there for a Boulevard 90 feet wide on the crest of this hill, back of a line of breweries? It is perfectly ridiculous and absurd to think that there can be any public necessity existing for such a state of things. The City Government is not responsible in any wise for the predicament, if there be any predicament, in which these petitioning property-owners find themselves, for they have bought their property and held it with their eyes open, with full knowledge of the law and the facts. The street opening law does not exist for their relief or for the relief of any purely private interest. The street opening law exists only for street, not public, purposes. It is not the authorities of the City who have deprived these persons of their easements, but the Legislature of The City of New York, which has solemnly, in pursuance of a well-recognized purpose, decreed that all old streets which are not in harmony with the new plan, which it was enacted should be unalterable, and which were not laid out or embraced in the new plan, should be opened, and that the property-owners, shut out or injuriously affected in any wise thereby, should have their remedy in the manner pointed out by the statute. Instead of pursuing the remedial methods prescribed by the law, these petitioners have set themselves up as a growling committee, and have asked the local authorities—meaning your Board—to overturn in behalf of their private grievance a street system established by the Legislature and the Department of Street Improvement, acting under legislative authority, by granting them the relief which they mistakenly ask in a manner not known to or recognized by the law. For the power in this Board of Public Improvement is not conferred upon or vested in you to redress private grievances. Your power is solely and entirely to act in the public interest, and not in the interest of any particular set of inhabitants or citizens. You must act for well-defined public reasons, for public purposes and from public methods, and solely and entirely to promote public conveniences and welfare. There is no possible public convenience, as I have already stated, which will be subserved by the widening of this avenue. Such action will be inharmonious, illogical, and the effect will be almost grotesque. It will cost all of these objectors enormous new burdens, which they could not have contemplated, and their present burdens have already been crushing in their intensity. My client, Mr. Stephens, recently purchased eight houses upon a plot, a portion of whose frontage is on Cauldwell avenue, and the result to him will be ruinous if the action taken by your Board is to be persisted in.

The late lamented Louis J. Heintz was elected Commissioner of Street Improvements for this territory in response to a well-defined local uprising in favor of home rule and of promoting street system. He and his successors put that system into operation. It was provided by the act creating the Department of Street Improvements for the Twenty-third and Twenty-fourth Wards that the said maps, plans and profiles "shall not be subject to any future change or modification, but shall be final and conclusive as to the location, width, grades and class of the streets, avenues, public squares and places exhibited on such maps, plans and profiles."

The final maps and plans filed thereunder were duly approved November 2, 1895, as I am informed, so that these petitioners have six years after that time, under the Act of 1895, within which to file their claims for any damages sustained by them by reason of the abandonment of Avenue B, due to the fact that that avenue was not continued as a part of the new street system. The course pointed out by that act is the one which these petitioners should pursue according to the dictates of wisdom and prudence. Any other course, in my judgment, would be unwise and foolish.

Furthermore, how do you gentlemen of the Board of Public Improvements know as a matter of fact that the allegations made here as to the Shaw ownership and claim by the petitioners are true? Suppose they have made misstatements and mistakes; and suppose you have made a mistake in accepting as true the statements they make? Is this a court of record to hear and determine questions disputed between private parties? No; I claim, maintain and hold that this tribunal is created solely for the purpose of laying out streets, with reference to the public, for City purposes, with regard solely to the public weal and welfare, and in total disregard of the conflicting claims of property-owners, who have their remedies fully prescribed by statute, even if they do not take the trouble to be advised by competent counsel of their rights and privileges under the law and the Constitution.

These petitioners are not going to lose any rights if their petition is defeated. They are not going to be damaged and injured in the eye of the law one dollar's worth. But if this petition is granted and the action taken is permitted to stand, my clients and a great number of others whose attention has not yet been called to this proceeding, will be irreparably damaged; they will have to pay for the widening of an avenue whose width has been already established, whose sidewalks have been fixed and laid, whose paving has been provided for, whose lines will be totally changed arbitrarily in one particular part to suit the whims of unreasonable persons who do not know their own best interests, who do not know their own rights, and who are willing, because of their abject surrender to the dictates of incompetence, ignorance or greed, to ask that their neighbors be plundered for their apparent gain.

I protest against this as an injury, in the name of home rule, in the name of the late departed Commissioner Heintz, whose birthday, next to that of George Washington, is most widely celebrated in the Borough of The Bronx, in the name of a liberty-loving and free community whose streets should not be changed and whose maps should not be altered at the blowing of every new wind from Heaven.

The complications which will arise from unwise action on your part cannot be all foreseen. If you abandon principle in your dealings with the street system, and act simply according to the wishes of miscellaneous and hysterical persons who may petition you from time to time, a complicated street system and situation will arise the ghosts of which will plague the City government for generations to come.

Furthermore, according to the latest decision of the Appellate Division, in regard to this Act of 1895, the easements of the abutting owners in the strip of closed street are not finally divested until payment is made and tendered for the damages sustained; so that in this view, and if this be the law, there is nothing to prevent the abutting owners from continuing their use of the strip until they have been fully compensated.

The lots of these abutting at present have probably very little value. If they should buy all rights to the thirty-foot strip, their lots would be more than double in value, and it would leave their property in very much better shape, and this I am very sure would not cost nearly so much as the sum for which they would be sure to assess if Cauldwell avenue be widened. If they purchase the thirty-foot strip, their lots would then be one hundred and thirty feet deep instead of one hundred feet, and the handsome houses which now set back about thirty feet and are very ornamental, would be greatly sought for and appreciated by home seekers, and very handsome prices could be realized for them. I doubt not that such a one hundred and thirty foot lot would be worth at least five thousand dollars.

To sum up, we say that the petitioners for the widening are mistaken as to the law and their rights, and that the proposed widening would be the height of folly in every aspect; and that we who have already paid our share will be surely burdened without any reason or excuse. The petitioners should assert their rights and pursue the ample remedy accorded them by the statute. In that way the Shaw interest will doubtless be assessed for most of the damages. In case of the widening, the Shaw interest would be fully valued and the burden be thrown upon the surrounding property. The street opening law exists only for public purposes, and not to solve difficulties in land titles existing between private parties with which neither the City nor its citizens as a whole have any concern whatsoever. The street opening law exists only for the purpose of opening streets which are needed for public as distinguished from private purposes. It does not interfere, of course, with the laying out of purely private streets. That is always the privilege of land-owners, but it does not contemplate in any wise the use of the vast powers of this Board to discriminate between classes of property-owners, or to give to one class an advantage over another class. This Board is not a court of justice to reconcile or to decide between conflicting private ownerships or interests.

It is the Legislature of the State of New York that has spoken in the Act of 1895. It is not for you to undo what the law has solemnly enacted. It is not for you to change or alter a well-considered street system, except at the behest of some overwhelming public demand.

The Corporation Counsel, to whom the matter was referred, decided simply, as I understand, that the City as a municipal corporation has no interest in the thirty-foot strip, and that the abutting owners had an easement therein subject to the provisions of chapter 1006 of the Laws of 1895, which the Corporation Counsel did not in that opinion attempt to construe. The City having no interest, where have you, gentlemen, any authority for taking up the matter afresh and altering the well-considered street system of that district.

On motion of the Commissioner of Bridges, the following resolutions were adopted in the matter of acquiring land for the approaches to the bridge over the Harlem river at One Hundred and Forty-fifth street:

"Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of sections 970 and 990 of chapter 378, Laws of 1897, deems it for the public interest that the title to the lands and premises required for the opening and extending of the approaches to the bridge over the Harlem river at East One Hundred and Forty-ninth street, in the Borough of The Bronx, City of New York, should be acquired by The City of New York at a fixed or specified time.

"Resolved, That it appears to this Board, from the surveys made and information furnished to it by the President of the Board of Public Improvements, that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said approaches to the bridge over the Harlem river at East One Hundred and Forty-ninth street.

"Resolved, That this Board directs that, upon a date to be hereafter more fully specified, not less than six months after the filing of the oaths of the Commissioners of Estimate and Assessment who may be appointed by the Supreme Court in proceedings for the acquisition of title to such street or avenue, that the title to any piece or parcel of land lying within the lines of such approaches to the bridge over the Harlem river at East One Hundred and Forty-ninth street, so required, shall be vested in The City of New York.

"Resolved, That the Board of Public Improvements, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, whenever the same has not been heretofore acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the approaches to the bridge over the Harlem river at East One Hundred and Forty-ninth street, in the Borough of The Bronx, City of New York.

"Resolved, That the entire cost and expense of said proceedings shall be borne and paid by The City of New York."

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Public Buildings, Lighting and Supplies, Commissioner of Bridges, President of the Borough of The Bronx and President of the Board.

Negative—None.

"Resolved, That the Board of Public Improvements of The City of New York, in pursuance of the provisions of sections 970 and 990 of chapter 378, Laws of 1897, deems it for the public interest that the title to the lands and premises required for the opening and extending of the approach to the bridge over the Harlem river at West One Hundred and Forty-fifth street, in the Borough of Manhattan, City of New York, should be acquired by The City of New York at a fixed or specified time.

"Resolved, That it appears to this Board, from the surveys made and information furnished to it by the President of the Board of Public Improvements, that there are no buildings upon the lands that shall or may be required for the purpose of opening and extending said approach to the bridge over the Harlem river at West One Hundred and Forty-fifth street.

"Resolved, That this Board directs that, upon the date of the filing of the oaths of the Commissioners of Estimate and Assessment who may be appointed by the Supreme Court in proceedings for the acquisition of title to such street or avenue, the title to any piece or parcel of land lying within the lines of such approach to the bridge over the Harlem river at West One Hundred and Forty-fifth street, so required, shall be vested in The City of New York.

"Resolved, That the Board of Public Improvements, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, whenever the same has not been heretofore acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the approach to the bridge over the Harlem river at West One Hundred and Forty-fifth street, in the Borough of Manhattan, City of New York.

"Resolved, That the entire cost and expense of said proceedings shall be borne and paid by The City of New York."

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Public Buildings, Lighting and Supplies, Commissioner of Bridges and President of the Board.

Negative—None.

Resolved, That the Corporation Counsel be and he is hereby requested to embrace in one and the same proceeding the proceeding to acquire title to the land required for the approach to the bridge over the Harlem river at West One Hundred and Forty-fifth street, in the Borough of Manhattan, and the proceeding to acquire title to the land required for the approaches to the bridge over the Harlem river at East One Hundred and Forty-ninth street, in the Borough of The Bronx, resolutions for which were adopted by this Board on August 9, 1899.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Bridges, Commissioner of Public Buildings, Lighting and Supplies, President of the Borough of The Bronx and President of the Board.

Negative—None.

The following report from the Chief Topographical Engineer was read and placed on file:

CITY OF NEW YORK—TOPOGRAPHICAL BUREAU,
August 8, 1899.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

DEAR SIR—In reply to the action taken by the Board of Public Improvements, referring, for report, communication from the President of the Borough of Richmond, recommending a change of grades of Bay street, from a point fifty feet northerly from the north house-line of Maple avenue to a point 1,200 feet southerly therefrom, I have to state that this matter was favorably reported on to the Board of Public Improvements, and that said Board on April 4, 1899, passed a resolution adopting a map showing such change, and that the matter was forwarded to the Municipal Assembly for its concurrence.

The papers are herewith returned.

Respectfully,

LOUIS A. RISSE,
Chief Topographical Engineer and Engineer of Concourse.

The following report from the Chief Topographical Engineer was approved and the recommendation denied:

CITY OF NEW YORK,
PRESIDENT OF BOARD OF PUBLIC IMPROVEMENTS,
TOPOGRAPHICAL BUREAU,
ONE HUNDRED AND SEVENTY-SEVENTH STREET AND THIRD AVENUE,
August 8, 1899.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

SIR—In reply to the action taken by the Board of Public Improvements, referring for report communication from the President of the Borough of Manhattan approving the recommendation of the Municipal Assembly for the opening, laying out and continuation of Avenue B, from Twentieth to Twenty-third street, I have to state that Avenue B is laid out as far as Twenty-first street, and that if it were continued in a straight line it would run through the ferry-houses of the Broadway, Williamsburgh, Ferry.

This extension would run over land under water and is therefore under the jurisdiction of the Dock Department.

The avenue might be extended northerly from Twenty-first street to its intersection with the marginal street which was established by the Dock Department, and from which point direct access could be given to Twenty-third street.

I return herewith the papers in the matter and transmit a sketch showing location of streets, avenues, slips, etc., in that locality.

Respectfully,

LOUIS A. RISSE,
Chief Topographical Engineer and Engineer of Concourse.

The following communication from the Corporation Counsel was read and placed on file:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, August 8, 1899.

In the matter

of

The Public place situated between East One Hundred and Sixty-first street, East One Hundred and Sixty-second street, Courtlandt avenue and the New York and Harlem Railroad, in the Twenty-third Ward.

To the Board of Public Improvements:

GENTLEMEN—I have received a communication from your Secretary, dated January 19, 1899, in reference to the subject described above, and informing me that at a meeting of the Board held on January 18, 1899, this matter, with all the papers relating thereto, was referred to me for my opinion.

Attached to the papers are two communications from Mr. Haffen, the President of the Borough of The Bronx, to the President of the Board of Public Improvements, dated, respectively,

December 14, 1898, and January 17, 1899, and also a copy of a report from the Chief Engineer of the Topographical Bureau, dated January 18, 1899.

The plot of land between One Hundred and Sixty-first and One Hundred and Sixty-second streets, Courtlandt avenue and the New York and Harlem Railroad, was duly laid out as a public place on the official map filed November 2, 1895, by the former Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards.

Previously, however, and on the 21st of November, 1894, the Board of Street Opening and Improvement requested the Counsel to the Corporation to take the necessary proceedings to acquire title, for the use of the public, to this tract of land, and also resolved "That the entire cost and expense of such proceedings shall be assessed upon the property deemed to be benefited thereby."

At the meeting of the same Board held on April 9, 1896, a communication dated February 13, 1896, from the Counsel to the Corporation, was presented, to the effect that he had caused an application to be made to the Supreme Court for the appointment of Commissioners of Estimate and Assessment in the matter of opening this public place; that on the 6th of February, 1896, an order appointing such Commissioners had been duly entered; that the Commissioners had qualified, and their oaths were duly filed on the 11th of February, 1896.

He suggested that, as there were buildings on the land, a resolution should be adopted that the title should vest in the City upon a date to be fixed by the Board not less than six months from the 11th day of February, 1896, the date of the filing of said oaths.

Whereupon, and on April 9, 1896, the Board of Street Opening and Improvement adopted a resolution that title to this land be vested in The City of New York, on the 18th day of August, 1896.

I am informed by the Assistant Corporation Counsel in charge of the Bureau of Street Openings that the Final Maps were received on the 13th of September, 1898; that a preliminary report as to awards only has been filed; that objections to the awards have been heard and the final report as to the same will be ready in a short time.

This course was taken in order that the question of the assessments might be passed upon in the future, and to that branch of the matter I now come; what I have previously stated being necessary in order to understand the situation.

It will be observed that, as the matter stands at present, it has been determined by the Board of Street Opening and Improvement that the entire cost of acquiring title to this land should be recovered by assessment upon the property deemed benefited, and that if the proceeding continues to a conclusion in the ordinary course such an assessment would be imposed.

It is urged, however, by Louis F. Haffen, the President of the Borough of The Bronx, that no assessment should be laid, but the entire cost of the acquisition of title to this land should be borne by The City of New York.

It is claimed by Mr. Haffen that the Hon. Francis M. Scott, when Counsel to the Corporation, acquiesced with him in the proposition that an act of the Legislature authorizing the payment of this cost by the City should be passed, and that the Mayor also concurred.

The only act relating to the subject which was passed by the Legislature, of which I am aware, is chapter 644 of the Laws of 1897. Whatever the intention of those urging the passage of this act may have been, it certainly does not provide that the property-owners shall be relieved from assessment for this improvement.

The act authorized the Board of Street Opening and Improvement to acquire title to this land, and to make application for the appointment of Commissioners of Estimate and Assessment; that the proceedings should be had pursuant to the acts in force relative to the opening of streets and public places in The City of New York, which acts, so far as they are not inconsistent with the said chapter, were made applicable to this public place in the same manner and to the same extent as if it had been originally laid out as a public place by the Commissioners appointed under the Act of 1897.

The second section provided for the payment of the awards and expenses by the City out of the Fund for Street and Park Openings.

The third section authorized the issuance of bonds on account of the fund, if necessary in order to pay the damages, costs and expenses.

I fail to see how this act altered in any respect the existing law, but whether it did or not it seems clear, as already stated, that it does not operate to relieve the property-owners of the proposed assessment, so that if the proceeding is prosecuted to its conclusion, it will be necessary that the awards and assessments be made and confirmed in the usual manner under the general street-opening laws.

Mr. Haffen states that there was an error or oversight in omitting from the act a provision that the whole cost of the improvement should be borne by the City. It seems likely that such was the case, otherwise, as already intimated, there would have been no reason for the passage of the act.

The Legislature would doubtless have the power to relieve the property-owners from the assessments through a new special act, as is suggested in Mr. Haffen's letter. I think, however, that such a course is not the only way of attaining that end.

It is provided in section 980 of the Greater New York Charter, as follows:

"The Board of Public Improvements may in any case determine whether any, and if any, what proportion of the cost and expense thereof (acquisition of title to the land) shall be borne and paid by The City of New York, and the remainder of such cost and expense shall be assessed upon the property deemed to be benefited thereby."

I am inclined to think that the Board of Public Improvements has the power, under the above provisions of the statute, to rescind or revoke the former action of the Board of Street Opening and Improvement as to assessing the entire cost upon the property benefited and to determine that the entire cost shall be borne by The City of New York.

Whether such a course should be followed or not in the present case rests in the direction of the Board of Public Improvements.

Very respectfully,

CHAS. BLANDY, Acting Corporation Counsel.

The following communication was referred to the Commissioner of Highways for the estimated cost of the proposed work, and the assessed valuation of property within the area of assessment:

BOROUGH OF BROOKLYN, August 7, 1899.

Board of Public Improvements:

GENTLEMEN—In the absence of the President of the Borough of Brooklyn, I submit for your consideration the inclosed resolution, requesting the Comptroller to certify to your Board whether one-third of the total assessment has been paid by the property-owners along the line of Butler street, between New York and Brooklyn avenues, for the grading and paving of said street, as required before the contract can be let.

Proceedings for the improvement of Butler street were commenced by the officials of the former City of Brooklyn, and the Comptroller and Corporation Counsel have determined (see Minutes of the Board of Public Improvements, August 24, 1898, pages 672 to 680) that as soon as one-third of the total assessment has been paid, the Board of Public Improvements may authorize the Department of Highways to enter into a contract for carrying out the improvement.

I am informed that a recent payment brings the total of the assessments received by the City for the grading and paving of Butler street up to the required amount.

As it will be necessary before final action can be taken by the Board of Public Improvements that an estimate of cost of the grading and paving be at hand, I submit also a resolution requesting the Commissioner of Highways to report such information.

Very respectfully,

JOHN L. SHEA, Commissioner of Bridges.

And the following resolution was unanimously adopted:

Resolved, That the Comptroller be requested to certify to the Board of Public Improvements whether one-third of the total assessment for the grading and paving of Butler street, between New York and Brooklyn avenues, in the Borough of Brooklyn, has been paid.

The following report from the Commissioner of Highways was read:

DEPARTMENT OF HIGHWAYS,
BOROUGH OF MANHATTAN, August 3, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—Acknowledging receipt of a letter dated the 24th ultimo, from the Secretary of the Board, with a resolution adopted by the Local Board of the Eighth District, Borough of Brooklyn, recommending that proceedings be initiated to regulate, grade and pave with asphalt, Regent place, between Flatbush avenue and Ocean avenue, and to set or reset curb and gutter, and to lay crosswalks and flag or reflag sidewalks where not already done, I beg to report that the estimated cost of the proposed improvement, based on five years' maintenance, and including a concrete foundation for the asphalt, is \$6,200. This improvement is necessary and I recommend that it be authorized.

The assessed value of the real estate within the probable area of assessment is \$75,000.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

Thereupon the following resolution was adopted:

Resolved, by the Board of Public Improvements, That, in pursuance of sections 413 and 422 of the Greater New York Charter, the regulating and grading of Regent place, between Flatbush avenue and Ocean avenue, in the Borough of Brooklyn, and the paving of the carriageway with asphalt pavement on a concrete foundation, with a five years' guarantee of maintenance from the contractor, the setting or resetting of the curb and gutter, laying of crosswalks, and the flagging or reflagging of the sidewalks where not already done, under the direction of the

Commissioner of Highways, be and the same hereby is authorized and approved, there having been presented to said Board an estimate in writing, in such detail as the said Board has directed, of the cost of the proposed work or improvement, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, the estimated cost of said work being six thousand two hundred dollars. The said assessed value of the real estate included within the probable area of assessment is seventy-five thousand dollars.

And the said Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but the whole of such cost and expense shall be assessed upon the property deemed to be benefited thereby.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Bridges and President of the Board—5.
Negative—None.

In connection with the foregoing resolution, the following form of ordinance was approved for transmission to the Municipal Assembly:

IN MUNICIPAL ASSEMBLY.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

That, in pursuance of sections 413 and 422 of the Greater New York Charter, the following resolution of the Board of Public Improvements, adopted by that Board on the 9th day of August, 1899, be and the same hereby is approved, and the public work or improvement therein provided for is hereby authorized, and it is hereby determined that the cost and expense thereof shall be borne and paid as therein provided; namely,

"Resolved, by the Board of Public Improvements, That, in pursuance of sections 413 and 422 of the Greater New York Charter, the regulating and grading of Regent place, between Flatbush avenue and Ocean avenue, in the Borough of Brooklyn, and the paving of the carriageway with asphalt pavement on a concrete foundation, with a five years' guarantee of maintenance from the contractor, the setting or resetting of the curb and gutter, laying of crosswalks, and the flagging or reflagging of the sidewalks where not already done, under the direction of the Commissioner of Highways, be and the same hereby is authorized and approved, there having been presented to said Board an estimate in writing, in such detail as the said Board has directed, of the cost of the proposed work or improvement, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, the estimated cost of said work being six thousand two hundred dollars. The said assessed value of the real estate included within the probable area of assessment is seventy-five thousand dollars.

"And the said Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but the whole of such cost and expense shall be assessed upon the property deemed to be benefited thereby."

The following resolution was adopted, in accordance with the report of the Commissioner of Highways, laid over at the meeting of August 2:

Resolved, by the Board of Public Improvements, That, in pursuance of sections 413 and 422 of the Greater New York Charter, the paving of the gutters on both sides of Jansen avenue, in the Borough of Manhattan, four hundred feet south from the curb-line of Terrace View avenue, North, under the direction of the Commissioner of Highways, be and the same hereby is authorized and approved, there having been presented to said Board an estimate in writing, in such detail as the said Board has directed, of the cost of the proposed work or improvement, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, the estimated cost of said work being four hundred dollars. The said assessed value of the real estate included within the probable area of assessment is thirty-two thousand nine hundred and fifty dollars.

And the said Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but the whole of such cost and expense shall be assessed upon the property deemed to be benefited thereby.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Bridges and President of the Board.

Negative—None.

In connection with the foregoing resolution, the following form of ordinance was approved for transmission to the Municipal Assembly:

IN MUNICIPAL ASSEMBLY.

Be it Ordained by the Municipal Assembly of The City of New York, as follows:

That, in pursuance of sections 413 and 422 of the Greater New York Charter, the following resolution of the Board of Public Improvements, adopted by that Board on the 9th day of August, 1899, be and the same hereby is approved, and the public work or improvement therein provided for is hereby authorized, and it is hereby determined that the cost and expense thereof shall be borne and paid as herein provided; namely,

"Resolved, by the Board of Public Improvements, That, in pursuance of sections 413 and 422 of the Greater New York Charter, the paving of the gutters on both sides of Jansen avenue, in the Borough of Manhattan, four hundred feet south from the curb-line of Terrace View avenue, North, under the direction of the Commissioner of Highways, be and the same hereby is authorized and approved, there having been presented to said Board an estimate in writing, in such detail as the said Board has directed, of the cost of the proposed work or improvement, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, the estimated cost of said work being four hundred dollars. "And the said Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but the whole of such cost and expense shall be assessed upon the property deemed to be benefited thereby."

The following communication from the Commissioner of Highways was read:

CITY OF NEW YORK—DEPARTMENT OF HIGHWAYS,
BOROUGH OF MANHATTAN, August 4, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—I respectfully request authority to cancel 20 days' overtime on the contract of Messrs. Donovan Brothers for macadamizing Prospect avenue, Middletown roads, Borough of Richmond, known as Contract No. 9.

In my judgment, 20 of the 41 days' overtime under said contract should be canceled, because the contractors were delayed 14 days by the tardiness of a property-owner in removing a fence which encroached on Prospect avenue and 6 days by encountering a private sewer running several hundred feet on the wing of the road. It was necessary to lower this sewer in solid soap-stone by reason of the change of grade at that point of the work.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

The following resolution was thereupon adopted:

Resolved, That the Commissioner of Highways be and is hereby authorized to remit the penalty for twenty (20) days' overtime on contract of Donovan Brothers, for macadamizing Prospect avenue, Middletown roads, Borough of Richmond, known as Contract No. 9, said overtime not having been caused by any fault of the contractor.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Bridges, President of the Borough of Richmond and President of the Board.

Negative—None.

The following communication from the Commissioner of Highways was read:

DEPARTMENT OF HIGHWAYS,
BOROUGH OF MANHATTAN, August 1, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—I respectfully request authority to cancel a charge of 216 1/4 days' overtime under the contract of Messrs. Spencer & Maher (Charles L. Doran, assignee), for regulating, grading, etc., One Hundred and Sixty-ninth street, from Jerome avenue to the Concourse, on the ground that by failure on the part of the City to make payments, in consequence of the debt limit question, the work under the contract was delayed for a period equal to the overtime.

As a condition of the cancellation of the overtime, the contractor has signed a document releasing the City from all claims he may have on account of the City's failure to make payments under the contract when they became due.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

And the following resolution was thereupon adopted:

Resolved, That the Commissioner of Highways be and is hereby authorized to remit the penalty for two hundred and sixteen and one-quarter (216 1/4) days' overtime on contract of Messrs. Spencer & Maher, for regulating, grading, etc., One Hundred and Sixty-ninth street, from Jerome avenue to the Concourse, Borough of The Bronx; in consequence of the debt limit question, the work under the contract was delayed for a period equal to the overtime.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Bridges, President of the Borough of The Bronx and President of the Board.

Negative—None.

The matter of construction of sewers in Fifty-fourth street, between Fort Hamilton and Seventh avenue, etc., Borough of Brooklyn, which was laid over at the meeting of April 12, (Minutes, page 623), was referred to the Chief Topographical Engineer to report if the streets affected were legally opened.

The following communication was referred to the Chief Topographical Engineer :
BROOKLYN, August 7, 1899.

To the Board of Public Improvements :

We, the undersigned, hereby apply for the opening of the streets shown on the inclosed map, and which are colored blue, for which we have submitted a deed of cession to the Corporation Counsel, and which is acceptable to him.

He desired, however, that the streets shown on the accompanying map in Queens County shall be first accepted by your Board as part of the official map of the City.

All that is now required to complete this is that the streets as shown on the inclosed map shall be accepted by City as part of the City Map.

The streets laid down thereon are in accordance with the Commissioner's Map of Kings County, and the streets in Queens County are the continuation of the lines of streets as laid down on the Commissioner's Map of Kings County.

Your early attention will facilitate this matter and greatly oblige,
Yours truly,

RUSSELL & JULLIAND,
By KIENDL BROS., Attorneys.

The following report from the Chief Topographical Engineer was referred to the Commissioner of Sewers :

TOPOGRAPHICAL BUREAU, August 3, 1899.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements :

SIR—In reply to the action taken by the Board of Public Improvements, referring, for report, petition of the Germania Real Estate and Improvement Company for a permit to build sewers in East Twenty-first street, from Foster avenue southerly to a point 480 feet southerly from Avenue F ; in East Twenty-second street, from Foster avenue southerly to a point 370 feet southerly of Avenue F, I have to state as follows :

The sewers to be constructed are as follows : Twenty-first street, from Foster avenue to a point 480 feet southerly from Avenue F ; East Twenty-second street, from Foster avenue to a point 370 feet southerly of Avenue F ; East Twenty-third street, from Foster avenue to a point 360 feet southerly of Avenue F ; East Twenty-fourth street, from Foster avenue to a point 150 feet southerly of Avenue F ; East Twenty-fifth street, from Foster avenue to Avenue F ; East Twenty-sixth street, from Flatbush avenue to Avenue F, as shown on the maps and contract submitted by the Commissioner of Sewers.

All these sewers are filed on Map Y, Sewerage District No. 45, filed March 7, 1899, and there is no obstacle against granting the permission with the exception of sewers in East Twenty-first street and East Twenty-third street, in which cases the filed Sewerage Map Y does not show the same summit as the contract plan. The sewers proposed to be built extend beyond the summit between Avenues F and G, as indicated on the filed map.

I recommend, therefore, that the contract plan be changed to conform to Sewerage Map Y, or that a supplementary map showing change of location of summit of sewer be filed. Book and papers returned.

Respectfully,
LOUIS A. RISSE,
Chief Topographical Engineer and Engineer of Concourse.

To the Assistant Sanitary Superintendent :

SIR—On complaint of a citizen an inspection was made of premises No. 540 Fifth avenue, and the same were found to be in a dangerous condition ; that the cellar of the razed building is filthy with offensive refuse and stagnant water.

An order (No. 11968) was issued on April 11, 1899, against Pease & Elliman, of No. 532 Fifth avenue, requiring the abatement of the nuisance. They disclaimed responsibility, and notice was served on J. Tuckerman Tower, of Milbrook, N. J., who has neglected to comply with the order.

All means at the disposal of this Department for the enforcement of the order having been exhausted, I recommend that the Board of Public Improvements be requested to authorize the Department of Highways to have the cellar filled in with fresh earth.

Respectfully submitted,

June 16, 1899. }

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements, No. 346 Broadway, City :

DEAR SIR—I respectfully call your attention to Seventy-ninth street, between Boulevard and the river.

This street is in a very bad condition.

The block between West End avenue and Riverside drive roadway is full of holes, the curb is out about six or eight inches in grade as well as position and the sidewalks are dangerous to pedestrians.

This neighborhood has been entirely improved with high-class dwellings and apartment houses, and as this street is one of the entrances to Riverside Park, I suggest, as the street has to be repaved to make it safe, that the sidewalk be widened and grass plots and trees be planted, the same as are in Eighty-sixth and Ninety-sixth streets, all of which are wide streets, same as Seventy-ninth.

I herewith submit diagram showing contemplated improvements to the street, and I trust the Board will act soon upon this matter, as I am just finishing some fine dwellings at Seventy-ninth street and Riverside drive, and if I lay the sidewalks at the proper grade it will make it dangerous where they come in contact with the adjoining property.

Yours respectfully,
CLARENCE TRUE.

Petition of residents of Second street, Williamsbridge, New York, asking for passage of a resolution empowering the Northern Gas-light Company to lay gas-mains through the above street.

NEW YORK, July 14, 1899.

To the Honorable the Board of Aldermen :

The petition of the undersigned, citizens of New York, residents and property-holders on Second street, from White Plains avenue to Sixth avenue, Williamsbridge, Borough of The Bronx, respectfully sets forth :

That the present system of lighting the above-named thoroughfare with gasoline lamps, and our dwelling-houses with oil lamps, is totally inadequate to our wants, comfort and convenience in this neighborhood.

We therefore, respectfully but energetically, urge your Honorable Body to pass a resolution authorizing the Northern Gas-light Company to lay a gas-main from White Plains avenue to Sixth avenue, on Second street.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—On July 10, 1899, the Local Board of the Sixth District, Borough of Brooklyn, adopted a resolution expressing belief that Tenth street, between Prospect Park, West, and Fourth avenue, should be repaved with asphalt pavement. This resolution was transmitted to me with a letter dated July 24, from the Secretary of the Board, for investigation and report.

In reply, I beg to say that Tenth street, between the points named, is paved with belgian blocks, suitable for a foundation for an asphalt pavement.

The estimated cost of the proposed improvement is \$22,600, with five years' maintenance of the asphalt.

There is no money to pay for this work at present.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—With a letter dated the 14th ultimo, from the Secretary of the Board, I received, for investigation and report, a petition by the Scoville and Adams Company, of New York, and others, for repaving with asphalt, on the present stone pavement, Eleventh street, between University place and Broadway, Borough of Manhattan.

This street is paved with belgian blocks, in which there are but few depressions, though the blocks are much worn. The estimated cost of an asphalt pavement between the points named is \$5,800, with a guarantee of maintenance for ten years. There is no money to pay for the improvement at this time, hence I cannot recommend its authorization.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements :

DEAR SIR—On July 24 the Secretary of the Board forwarded to this Department, for investigation and report, a communication addressed to you by the President of the Board of Education, requesting that the roadway of West Thirteenth street, between Fifth and Sixth avenues, Borough of Manhattan, be repaved with asphalt.

I have had an examination made of the pavement on that part of Thirteenth street and find that it consists of oblong granite blocks, laid on sand foundation in 1882. While the blocks are considerably worn, the pavement is free from bad ruts. There is a public school on the block and the street is much used by the trucks and delivery wagons of the large drygoods stores in the vicinity. An asphalt pavement is desirable, but at present there are no funds to pay the estimated cost of \$8,900.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

DEAR SIR—In the matter of the resolution adopted by the Local Board of the Nineteenth District, Borough of Manhattan, recommending that One Hundred and Eightieth street, between Amsterdam avenue and Kingsbridge road, be paved with asphalt block pavement, on concrete foundation, I beg to report that the work of regulating and grading this street was recently completed, and it is necessary to pave the roadway as soon as sufficient time has been allowed for settlement of the filling, which was necessary to bring the street to grade.

I therefore recommend that the paving of One Hundred and Eightieth street, from Amsterdam avenue to Kingsbridge road, with asphalt block pavement, on concrete foundation, be authorized, at an estimated cost of \$19,000, including five years' maintenance. The assessed value of the real estate within the probable area of assessment is \$198,000.

DEAR SIR—I beg to submit the following report on a resolution adopted by the Local Board of the Nineteenth District, Borough of Manhattan, recommending that One Hundred and Sixty-

fourth street, from Amsterdam avenue to Eleventh avenue, be regulated and graded, said resolution having been received, with a letter dated June 26, from the Secretary of the Board.

Proceedings for legally opening this street are pending, and as time will be saved by authorizing the regulating and grading of the street now, I recommend that the regulating, grading, curbing and flagging of One Hundred and Sixty-fourth street, from Amsterdam avenue to Eleventh avenue, be authorized.

The estimated cost is \$12,500, and the assessed value of the real estate within the probable area of assessment is \$179,500.

Very respectfully,
JAMES P. KEATING, Commissioner of Highways.

DEPARTMENT OF HIGHWAYS—BOROUGH OF MANHATTAN,
August 3, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—Referring to a letter, dated June 26, from the Secretary of the Board, with a resolution adopted by the Local Board of the Nineteenth District, Borough of Manhattan, recommending that One Hundred and Sixty-third street, from Broadway to Eleventh avenue, be regulated and graded, I beg to report that this street has not yet been legally opened, but proceedings for acquisition of title to it by the City are pending, and will probably be consummated before this Department is ready to make a contract for the improvement. Under these circumstances I recommend that One Hundred and Sixty-third street, from Broadway to Eleventh avenue, be regulated, graded, curbed and flagged, as provided in the resolution of the Local Board, at an estimated cost of \$10,700. The assessed value of the real estate within the probable area of assessment is \$122,000.

Very respectfully,
JAMES P. KEATING, Commissioner of Highways.

DEPARTMENT OF HIGHWAYS—BOROUGH OF MANHATTAN,
August 3, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—As requested by a letter, dated June 26, from the Secretary of the Board, I beg to submit the following report on a resolution adopted by the Local Board of the Twentieth District, Borough of Manhattan, recommending that Eighty-third street, from East End avenue to the East river, be paved with granite-block pavement.

Proceedings are pending for the establishment of the official grade of this street, and an estimate of the cost of paving it cannot be furnished at present.

Very respectfully,
JAMES P. KEATING, Commissioner of Highways.

The following report from the Commissioner of Highways was approved, and placed on file:

DEPARTMENT OF HIGHWAYS—BOROUGH OF MANHATTAN,
August 3, 1899.

Hon. MAURICE F. HOLAHAN, President, Board of Public Improvements:

DEAR SIR—Referring to a letter, dated July 24, from the Secretary of the Board, transmitting to this Department, for investigation and report, a resolution adopted by the Local Board of the Sixth District, Borough of Brooklyn, recommending that Fifteenth street, between Fourth and Sixth avenues, be repaved with asphalt, I beg to report that there is a surface railroad on this street, and that the next street north (Fourteenth street) is already paved with asphalt from Fourth avenue to Prospect Park, West. It is therefore not deemed advisable to recommend the repaving of Fifteenth street at this time. In any case there is no money available to meet the estimated expenditure of \$14,300 for an asphalt pavement, on concrete foundation, on the section of Fourteenth street named in the resolution of the Local Board.

Very respectfully,
JAMES P. KEATING, Commissioner of Highways.

The following report from the Commissioner of Sewers was read, and the matters were laid over:

DEPARTMENT OF SEWERS—BOROUGH OF MANHATTAN,

Yours respectfully,

(Signed) MATTHEW F. DONOHUE, Deputy and Acting Commissioner of Sewers.

The following petition was placed on file, the Corporation Counsel having advised the Board that no change can be made from the original resolution passed by the Common Council of the City of Brooklyn:

To the President of the Borough of Brooklyn, Board of Improvements and Municipal Assembly, City of New York:

GENTLEMEN—The undersigned property-owners, owning property along the line of Berriman street, between Atlantic avenue and New Lots road, respectfully petition your Honorable Body to substitute asphalt pavement in preference to granite-block paving for the proposed improvement of said Berriman street, proceedings for which are now under way.

Trusting this petition may meet with your approval, we respectfully sign our names hereto.

THOS. SMITH AND OTHERS.

The following report from the Chief Topographical Engineer was read, and the matter laid over:

CITY OF NEW YORK—TOPOGRAPHICAL BUREAU,
August 3, 1899.

Mr. JOHN H. MOONEY, Secretary, Board of Public Improvements:

SIR—In reply to the action taken by the Board of Public Improvements referring, for report, a communication from the Commissioner of Sewers transmitting blue print of section No. 3 of the main relief sewer through Greene avenue and other streets, Borough of Brooklyn, and stating that much damage is done to property by the continuous flooding of cellars along the proposed course of the main sewer from Johnson to Central avenue and Woodbine street, and urgently recommending the authorization of this proposed sewer extension which is estimated to cost \$170,000, I have to state as follows:

This relief sewer extension will run through the following streets: (1st) Greene avenue, from Patchen to Bushwick avenue, opening confirmed December 26, 1857; (2d) Bushwick avenue, from Greene avenue to Weirfield street, opening confirmed June 7, 1860; (3d) Weirfield street, from Bushwick to Evergreen avenue, no record of opening; (4th) Evergreen avenue, from Weirfield to Halsey street, opening confirmed April 7, 1873; (5th) Halsey street, from Evergreen to Central avenue, opening confirmed January 15, 1872; (6th) Central avenue, from Halsey to Eldert street, opening confirmed November 6, 1871.

All these streets lie within the Twenty-fifth Ward (Old Brooklyn) and Twenty-eighth Ward (South Bushwick), and the proposed sewer discharges into Greene avenue sewer at Patchen avenue, which has a diameter of 120 inches.

The Legislature sanctioned a bond issue to pay for these sewers under the following act: Chapter 583 of the Laws of 1888, as amended by chapter 354 of the Laws of 1889, chapter 379 of the Laws of 1894.

A sewer system for Brooklyn was laid out and built in about 1840. This system proved to be inadequate for the development of the city, resulting in the flooding of cellars and basements and causing the City to be involved in many suits for damages.

To remedy these conditions a commission of Civil Engineers was appointed, which devised a plan for a system of relief sewers of which a part has been built during the past years, but were stopped on account of the debt limit of the City of Brooklyn having been reached.

After an examination of the reports and maps at the office of the Chief Engineer of Sewers, Borough of Brooklyn, and of his reports submitted to the Board of Public Improvements, it was found evident that the question of relief sewers was systematically and scientifically treated. The relief sewer system was amplified by the present Chief Engineer of Sewers of the Borough of Brooklyn, and there is little doubt that if the plans are adhered to there will be in due time a perfect sewerage system in that part of the borough.

I recommend, therefore, that the plans submitted by the Commissioner of Sewers be approved and the work authorized.

The papers in the matter are herewith returned.

Respectfully,
LOUIS A. RISSE,
Chief Topographical Engineer and Engineer of Concourse.

On motion of the President of the Borough of Richmond, the following preamble and resolution were adopted:

Whereas, The New York and Staten Island Electric Company has recently turned off the electric current from 357 incandescent lights in that section of the Borough of Richmond formerly known as the Village of Edgewater, being all the incandescent lights in that section of the borough; and

Whereas, All the residential streets of said section are consequently in total darkness; and Whereas, It is alleged that the reason for this action on the part of the company is the failure by the City to pay the bills of said company for lighting in that locality under the contract which expired May 31, 1898, and the failure of the City to make any new arrangement for such lighting; now, therefore, be it

Resolved, That the Commissioner of Public Buildings, Lighting and Supplies, be and he hereby is requested to forthwith make such temporary arrangements as may be necessary for the immediate lighting of said streets.

Affirmative—Commissioner of Water Supply, Commissioner of Highways, Commissioner of Street Cleaning, Commissioner of Bridges, President of the Borough of Manhattan, and President of the Board.

Negative—None.

Adjourned.

27. Labor and material for Temporary Centres for Sewer-boxes.
28. Labor of every description for about 490 linear feet of 4-foot Circular Sewer-boxes and connecting Sewer-box.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Board of Docks, and in substantial accordance with the specifications of the contract and the plans herein referred to. No extra compensation, beyond the amount payable for the work in each class before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the receipt of a notification from the Engineer-in-Chief of the Department of Docks and Ferries that the work is ready to be begun, and all the work to be done under this contract is to be fully completed on or before the expiration of seventy-five days after the date of service of said notification, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO REJECT ALL THE BIDS IS RESERVED IF DEEMED FOR THE INTEREST OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Board, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Board.

Dated April 21, 1899.
J. SERGEANT CRAM,
CHARLES F. MURPHY,
PETER F. MEYER,
Commissioners, composing the Board of Docks.

WEDNESDAY, AUGUST 16, 1899,

at which time and place they will be publicly opened by the head of said Department and read.

The coal is to be free-burning, of the first quality of either of the kinds known and mined as follows:

"Lackawanna," by New York, Ontario and Western Railroad, or any other free-burning coal.
—all to weigh 2,000 pounds to the ton, and be well screened and free from slate.

The bidder must name the particular kind of coal he proposes to furnish and state where and by whom it is mined.

All of the coal is to be delivered at the various houses and the fire-boats of the Department, in the Boroughs of Brooklyn and Queens, in such quantities and at such times as may be from time to time directed, and the same is to be weighed in the presence of a Weighmaster designated for that purpose by the Department. All as more fully set forth in the specifications to the contract, to which particular attention is directed.

No estimate will be received or considered after the hour named.

Bidders must write out the amount of their estimate in addition to inserting the same in figures, stating the price per ton for each size and the total amount.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of Three Thousand Dollars (\$3,000).

No estimate will be considered unless accompanied by either a certified check upon one of the banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of One Hundred and Fifty Dollars (\$150).

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with Illuminating Gas to the various Precinct Station-houses, Stables and Department Buildings in the Borough of Brooklyn, in The City of New York, for the term of one year, will be received at the Central Office of the Department of Police, in The City of New York, until 12 o'clock M., of

FRIDAY, THE 25TH DAY OF AUGUST, 1899.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Illuminating Gas in the Borough of Brooklyn," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars as to the quality, kind and quantity of illuminating gas required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state the price or rate per one thousand cubic feet for the entire schedule, or for any portion of the same, for which they will contract to supply the illuminating gas for the term of one year, in accordance with the specifications therefor. The Police Department reserves the right to purchase by the entire schedule or to contract for each item.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject all bids should it be deemed to the public interests so to do.

No estimates will be accepted from or a contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Twenty Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the

The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned at his office in the Central Department.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned at his office in the Central Department.

By order of the Board, **WILLIAM H. KIPP,**
Chief Clerk.

NEW YORK, August 14, 1899.
POLICE DEPARTMENT OF THE CITY OF NEW YORK,
No. 300 MULBERRY STREET.

TO CONTRACTORS.**PROPOSALS FOR ESTIMATES.**

SEALED ESTIMATES FOR SUPPLYING THE
Police Department with Official and Sample Ballots for election purposes will be received at the Central Office of the Department of Police, in The City of New York, until 12 o'clock M. of

WEDNESDAY, THE 16TH DAY OF AUGUST, 1899.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Official and Sample Ballots," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of official and sample ballots required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and material furnished, in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity is to be delivered at such times and places, and in such quantities in each place, as stated in the specifications and as shall be directed by the Superintendent of Elections of The City of New York.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of Twenty Thousand Dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a

surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interests of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Samples of Official and Sample Ballots required may be examined and blank forms for estimates may be obtained by application to the Superintendent of Elections of The City of New York, at his office in the Central Department.

DEPARTMENT OF PUBLIC CHARITIES.

DEPARTMENT OF PUBLIC CHARITIES,
BOROUGH OF BROOKLYN AND QUEENS,
NEW YORK, August 10, 1899.

PROPOSALS FOR ENGINEERS' AND MISCELLANEOUS SUPPLIES.

SEALED BIDS OR ESTIMATES FOR FURNISHING ENGINEERS' SUPPLIES, ETC., for the balance of the year 1899, in conformity with samples and specifications, will be received at the office of the Department of Public Charities, foot of East Twenty-sixth street, in The City of New York, until 12 o'clock noon, on

TUESDAY, AUGUST 22, 1899.

at which time they will be publicly opened and read. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Engineers' Supplies," with his or their name or names and address, which should also be written on the page of the specifications designated therefor, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President, or his duly authorized agent, of said Department, and read.

The awards will be made to the lowest bidders (see also note at end of specifications for supplies).

The Department reserves the right to take more or less, or none at all, of any of the articles, according as the demand therefor may be.

All bids must be based upon the descriptions furnished or samples exhibited by this Department and not on samples furnished by the bidder.

Bidders must state the price of each article per foot, pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total footing and awards made to the lowest bidder on each item.

All estimates not conforming to these requirements may be considered as informal.

If two or more bids are alike, the Department reserves the right to allot the article or articles among the bidders, or to award to any one of them. Bidders are not compelled to furnish more than 20 per cent. of any article in excess of the mentioned amount. But if they are willing, and the Department deems it advantageous, further purchases of the respective articles may be made, at the contract price, during the balance of the year.

Samples will be on exhibition at the Storehouse, Flatbush, during office hours, until the bids are opened.

All goods to be delivered as directed, at Storehouse, Flatbush, Borough of Brooklyn (unless otherwise stated in specifications), weight, etc., allowed as received at institutions.

No bonds or deposit required on bids under One Thousand Dollars.

No empty packages are to be returned to bidders or contractors except such as are designated in the specifications.

Bidders will state the price for each article, by which the bids are tested.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate of \$1,000 or over shall be accompanied by the consent, in writing, of two householders or freeholders, or security, trust or

deposit companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Payment will be made by a requisition on the Comptroller in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, Nos. 126 and 128 Livingston street, Brooklyn, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

JOHN W. KELLER, President,

- No empty packages are to be returned to bidders or contractors and none will be paid for by the Department.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Dry Goods, Hardware, etc.," with his or their name or names and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient

sureties, each in the penal amount of fifty (50) per cent. of the bid for each article. (No bonds or deposit required on bids under One Thousand Dollars.)

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be deposited in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Department. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Department officers in passing upon tenders.

Bidders must state the price of each article per pound, dozen, gallon, yard, etc., by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total footing and awards made to the lowest bidder on each item.

All estimates not conforming to these requirements may be considered as informal.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Each article when delivered shall have a tag attached bearing line number.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the General Bookkeeper and Auditor, foot of East Twenty-sixth street, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will in no case upon its absolute enforcement in every particular.

SEALED BIDS OR ESTIMATES FOR BALCONIES AND FIRE ESCAPES for the Dining-room Building, Penitentiary, Blackwell's Island, in conformity with plans and specifications, will be received at the office of the Department of Correction, No. 148 East Twentieth street, in The City of New York, until 11 o'clock A. M. of

THURSDAY, AUGUST 24, 1899.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Balconies and Fire-escapes for the Dining-room Building, Penitentiary, Blackwell's Island," with his or their name or names, and the date of presentation, to the head of said Department at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent, of said Department, and read.

THE COMMISSIONER OF THE DEPARTMENT OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED BY SECTION 64, CHAPTER 410, LAWS OF 1882. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of ONE THOUSAND (\$1,000) Dollars each.

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either currency or a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of Fifty (50) dollars, being five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be deposited in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The work must conform in every respect to the plans and printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The form of the contract, including specifications and plans, and showing the manner of payment, will be furnished at the office of the Department, No. 148 East Twentieth street, New York City, and George M. Walgrove, No. 42 East Twenty-third street, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

No bonds or deposit required on bids under One Thousand Dollars. Awards will be made on the lowest items.

THE COMMISSIONER OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be deposited in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, No. 148 East Twentieth street, New York City, or, in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment and other details, will be furnished at the office of the Department, No. 148 East Twentieth street, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner will insist upon its absolute enforcement in every particular.

Deputy and Acting Commissioner.

DEPARTMENT OF FINANCE.

NOTICE OF SALE OF LANDS AND TENEMENTS WITHIN THAT PART OF THE CITY OF NEW YORK NOW KNOWN AS THE BOROUGH OF MANHATTAN AND THE BRONX FOR UNPAID ASSESSMENTS.

CITY OF NEW YORK,
DEPARTMENT OF FINANCE,
BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES, ASSESSMENTS AND WATER RENTS,
STEWART BUILDING, No. 280 BROADWAY,
May 6, 1899.

UNDER THE DIRECTION OF BIRD S. COLER, Comptroller of The City of New York, the undersigned hereby gives public notice, pursuant to the provisions of section 1027 of the Greater New York Charter:

That the respective owners of the lands and tenements within that part of The City of New York now known as the boroughs of Manhattan and The Bronx, on which assessments for local improvements, including those confirmed by a Court of Record, have been laid and confirmed according to law, now remaining unpaid, and which were confirmed during the year 1893 and prior thereto, are required to pay the amount of the assessment or assessments so due and remaining unpaid to the Collector of Assessments and Arrears, at his office in the Department of Finance, Room No. 35, Stewart Building, No. 280 Broadway, together with the interest thereon, at the rate of seven per centum per annum, to the time of payment, with the charges of this notice and the advertisement.

And if default shall be made in such payment, such lands and tenements will be sold at public auction, at the County Court-house, in the City Hall Park, in The City of New York, on Wednesday, the 6th day of September, 1899, at 1 o'clock P. M., for the lowest term of years for which any person shall offer to take the same, in consideration of advancing the amount of the assessment so due and unpaid and the interest and charges thereon as aforesaid, and all other costs and charges that may have accrued thereon; and such sale shall be continued from time to time until all the lands and tenements as advertised for sale shall be sold.

And notice is hereby further given that a detailed statement of the assessments, the ownership of the property assessed, and on which the assessments are due and unpaid, is published in a pamphlet, and that copies of the pamphlet are deposited in the office of the Collector of Assessments and Arrears in the Department of Finance, and will be delivered to any person applying for the same.

EDWARD GILON,
Collector of Assessments and Arrears.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

AUDUBON AVENUE—REGULATING, GRADING, CURBING AND FLAGGING, between One Hundred and Sixty-fifth and One Hundred and Seventy-fifth streets. Area of assessment: Both sides of Audubon avenue, between One Hundred and Sixty-fifth and One Hundred and Seventy-fifth streets, and to the extent of half the blocks on One Hundred and Sixty-fifth street, Croton street, and One Hundred and Sixty-seventh, One Hundred and Seventy-first, One Hundred and Seventy-second, One Hundred and Seventy-fourth and One Hundred and Seventy-fifth streets.

That the same was presented for confirmation to the Board of Revision of Assessments on July 6, 1899, and became confirmed by the operation of law on August 7, 1899, and was entered on same date in the Record of Titles of Assessments Confirmed, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments, interest will be collected thereon, as provided in section 1019 of said Greater New York Charter. Said section provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per cent. per annum, to be calculated from the date of such entry to the date of payment."

The above assessment is payable to the Collector of Assessments and Arrears at the office of the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, No. 280 Broadway, Borough of Manhattan, between the hours of 9 A. M. and 2 P. M., and on Saturdays from 9

A. M. to 12 M., and all payments made thereon on or before October 6, 1899, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per cent. per annum from the date of entry in the Record of Titles of Assessments in said Bureau to the date of payment.

FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of the City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening GUN HILL ROAD (formerly Olim avenue) (although not yet named by proper authority), from Jerome avenue to Bronx river, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of the City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 16th day of September, 1899, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 16th day of September, 1899, at 3 o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 16th day of September, 1899.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which taken together are bounded and described as follows, viz.: Beginning at a point formed by the intersection of the easterly side of Moshulu parkway, North, with a line drawn parallel to and distant 100 feet southerly from the southerly side of a certain unnamed street running westerly from the westerly side of East Two Hundred and Eighth street, nearly opposite the junction of Kosshuh place, with the easterly side of said Two Hundred and Eighth street to the easterly side of Moshulu parkway, North; running thence northerly along said easterly side of Moshulu parkway, North, and its prolongation northwardly on an arc of a circle whose radius is 782.9 feet to its intersection with a line drawn parallel to the northerly side of Gun Hill road and distant 100 feet northerly therefrom; thence easterly along said parallel line to its intersection with a line drawn parallel to the westerly side of Jerome avenue and distant 100 feet westerly therefrom; thence northerly and northwesterly along said parallel line to its intersection with the westerly prolongation of a line drawn at an equal distance from Gun Hill road and East Two Hundred and Thirty-third street; thence easterly along said westerly prolongation and equally distant line to the centre line of the Bronx river; thence southerly along said centre line of the Bronx river to its intersection with the easterly prolongation of the middle line of the block between East Two Hundred and Seventh street and East Two Hundred and Ninth street; thence westerly along said easterly prolongation and middle line of the blocks to the easterly side of Perry avenue; thence westerly on a straight line to the intersection of the northwesterly side of Reservoir Oval, West, with the easterly prolongation of the middle line of the block between East Two Hundred and Eighth street and East Two Hundred and Tenth street; thence westerly along said easterly prolongation and middle line of the blocks to its intersection with the easterly prolongation of a line drawn parallel to and distant 100 feet southerly from the southerly side of a certain unnamed street running westerly from the westerly side of East Two Hundred and Eighth street, nearly opposite the junction of Kosshuh place, with the easterly side of said Two Hundred and Eighth street to the easterly side of Moshulu parkway, North; thence westerly along said easterly prolongation and parallel line to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of the City of New York; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court-house in the Borough of Manhattan, in The City of New York, on the 16th day of October, 1899, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated Borough of Manhattan, New York City, July 26, 1899.

WALTER LARGE, Chairman,
DAVID M. KOEHLER,
JOHN J. HART,
Commissioners.

JOHN P. DUNN,
Clerk.

SECOND JUDICIAL DISTRICT.

In the matter of the application of Thomas F. Gilroy, as Commissioner of Public Works of the City of New York, for and on behalf of the Mayor, Aldermen and Commonalty of the City of New York, to acquire certain real estate under and in pursuance of chapter 490 of the Laws of 1883, and the several acts amendatory thereof.

RESERVOIR "D," FOURTH SECTION.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Report of Paul Halpin, Adrian H. Dean and John S. Eno, Commissioners of Appraisal in the above-entitled matter, was filed in the office of the Clerk of the County of Westchester, at White Plains, in said County, on the 10th day of July, 1899, and a copy thereof filed in the office of the Clerk of Putnam County, at Carmel, in said County, on the 11th day of July, 1899.

Notice is further given that said report includes and affects the parcels of land designated as Parcels Nos. 10, 15, 18, 37, 42, 43, 45, 50, 52, 56, 65, 72, 73, 74, 75, 78 and 85.

Notice is further given that an application will be made at a Special Term of the Supreme Court of the State of New York, to be held in and for the Second Judicial District, at the Court-house in the Borough of Brooklyn, City of New York, on the twenty-ninth (29th) day of August, 1899, at 10:30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order confirming said report, and for such other and further relief as may be just.

Dated New York, July 24, 1899.

FIRST DEPARTMENT.

In matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of CANAL PLACE (although not yet named by proper authority), from East One Hundred and Thirty-eighth street to East One Hundred and Forty-fourth street, in the Twenty-third Ward, Borough of The Bronx, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, THE undersigned, were appointed by an order of the Supreme Court, bearing date the 13th day of June, 1899, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 3d day of July, 1899, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Section 9, Block No. 2340, Commissioners of Estimate and Assessment, for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 3d day of July, 1899; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, ninth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 18th day of September, 1899, at 12 o'clock noon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, July 27, 1899.

JAMES A. DUNN, Chairman,
WILLIAM J. CARROLL,
JOHN A. HENNEBERRY,
Commissioners.

FIRST DEPARTMENT.

In the matter of the application of the Board of Estimate and Apportionment of the City of New York for and on behalf of The Mayor, Aldermen and Commonalty of the City of New York, by the Counsel to the Corporation of the City of New York, relative to acquiring title to certain pieces or parcels of land in the Twenty-third Ward of the City of New York, for a site for the erection of a building for court purposes, pursuant to the provisions of chapter 209 of the Laws of 1897.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Appraisal in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections, in writing, to us, at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan in The City of New York, on or before the 2d day of September, 1899, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 6th day of September, 1899, at 3 o'clock P. M.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Public Improvements of The City of New York, Nos. 13 to 21 Park Row, in the Borough of Manhattan, in said city, there to remain until the 5th day of September, 1899.

Third—That our report herein will be presented to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 10th day of October, 1899, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

The premises acquired in this proceeding are designated on the tax maps of The City of New York by the old Ward Nos. 1, 2 and 5 in old Block No. 1358, and by new Ward Nos. 35, 42 and 39 in new Block No. 2365.

Dated Borough of Manhattan, New York City, June 30, 1899.

GEORGE M. VAN HOESEN, Chairman,
JOSEPH FREDMAN,
PATRICK H. WHALEN,
Commissioners.
