BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held May 25, 1906, the following petition was received and was referred to the Bureau of Franchises.

To the Honorable the Board of Estimate and Apportionment of the City of New York:

The petition of Conron Bros. Company respectfully shows:

1. The said Conron Bros. Company is a corporation duly organized and existing under the laws of the State of New York, having for its principal place of business No. 40 Tenth avenue, in the City of New York, and is operating a plant at that point for artificial refrigeration for itself and a few others in the same block, and has been doing so for a period of three years.

2. The said Conron Bros. Company petitions your Honorable Board to grant a license to lay a conduit not more than twelve inches in diameter, to contain refrigerating pipes, extending across Thirteenth street, about one hundred feet east of Tenth avenue; also a pipe to cross Washington street about the middle of the block and about one hundred feet north of Thirteenth street, the said pipes to be laid under the surface of the streets.

3. That said pipes are to be used to convey brine, ammonia or other refrigerating medium, to connect with other pipes of Conron Bros. Company at the terminal points for the purpose of supplying to such customers as may desire the same refrigeration for properly insulated compartments for the preservation of meats and other perishable goods.

4. That the said district through which it is proposed to lay said pipes is largely devoted to the meat and produce trade, and for the proper carrying on of which it is necessary to have refrigeration, and that this company has been requested by persons engaged in said business along said route, to extend its lines and to supply such persons with refrigeration.

5. That should said permit be granted, your petitioners will supply to all persons providing proper compartments of boxes and requiring the same, refrigeration at reasonable prices, and will save the City harmless from any loss or damage to any sewer, gas or water pipe, or from any cause that may arise from the exercise of the privilege so obtained by it, and will furnish such indemnity or security as the City may require to insure the faithful compliance with the conditions that it may see fit to impose upon your petitioners conditioned to the license applied for.

6. This company desires that the said franchise may continue for a period of ten years from the date of granting the same, and the company offers to pay to the City as a reasonable compensation or tax therefor annually a sum equal to 2 1/2 per cent on the gross amount of receipts derived from the customers supplied by pipes to be laid under the proposed franchise.

The company further offers that the percentage of its gross receipts to be paid for said franchise after the period of five years shall be increased to 5 per cent during the remainder of the term.

7. This company further petitions that it may have the right or option, at the expiration of the said term of ten years, to a further term of ten years upon paying a like tax of 5 per cent upon the gross receipts as above specified.

8. That said proposed line will not interfere with any fixtures or appurtenances forming part of the water mains, sewers, conduits, subways or sub-pavement fixtures of any kind, or of any sub-structures existing by virtue of any franchise heretofore granted, all of which appears from the map herewith submitted. The company will do all work under the said franchise under the directions of the proper officers and departments of the City Government and will comply with all the requirements thereof.

Dated New York, June 1, 1906.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
