FRANCHISE MATTERS.

Bronx Traction Company.

The public hearing was opened on the petition of The Bronx Traction Company for a franchise to construct, maintain and operate a double track street surface railway from Westchester Square in the former Village of Westchester, Borough of The Bronx, upon and along Westchester avenue to Eastern boulevard or Pelham Bay Park as an extension to its existing system.

The hearing was fixed for this day by resolution adopted November 29, 1911.

Affidavits of publication were received from the "New York Press," the "New York Times" and the CITY RECORD.

The Secretary presented the following:

Board of Estimate and Apportionment, The City of New York, Bureau of Franchises, Room 801, 277 Broadway, December 18, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—The Bronx Traction Company, owned, controlled and operated by the Union Railway Company of New York City, has applied to the Board of Estimate and Apportionment, by a petition dated November 24, 1911, for permission to construct, maintain and operate a double-track extension to its existing street surface railway upon and along Westchester avenue from Westchester square to Eastern boulevard, Borough of The Bronx. The length of the proposed extension is approximately 6,400 feet, comprising 2.42 miles of single track.

The petition was presented to the Board at its meeting of November 29, 1911, and referred to the Bureau of Franchises. At this meeting a resolution was adopted fixing December 21, 1911, as the date for the preliminary public hearing thereon, and requesting the Mayor to designate two daily newspapers in which the petition and notice of hearing should be published according to law. The New York "Times" and New York "Press," were the papers designated.

In January, 1910, the Company presented a petition for three extensions, as follows:

(a) On White Plains road, from Morris Park avenue to Gun Hill road.

(b) A second track to its existing line on Fort Schuyler road, from Main street, Westchester Village, to Eastern boulevard.

(c) On Eastern boulevard and the Shore road, from Fort Schuyler road to the northerly boundary line of the City.

The first of these extensions, which was merely to cure a defect in title to a constructed line, was granted by a contract dated January 19, 1911.

A form of contract to govern the grant for the second of the extensions applied for has been prepared, accepted by the Company and presented to the Board at its meeting of June 8, 1911, at which time a resolution was adopted tentatively approving the proposed contract and referring the same to the Corporation Counsel for his approval as to form. Such approval has since been received, but no date fixed for the final hearing, as the Company does not desire to proceed with the construction of this line until such time as the work of regulating and grading the street to a width of 100 feet is under way.

On account of opposition which developed at the time of the public hearing upon these petitions, it was recommended in the report in relation to the double-tracking of the Fort Schuyler road extension, that so much of the petition as related to the proposed extension on Eastern boulevard be denied. At the meeting of June 8, 1911, the matter was laid over until July 6, when, at his request, it was referred to the President of the Borough of The Bronx. No report in relation thereto, however, has been received from him.

At the preliminary hearing upon the above petition, the President of the Borough of The Bronx and the Park Commissioner for the Borough of The Bronx presented a joint report recommending the denial of the Eastern boulevard petition, and suggesting other routes which might be used to accomplish the same purpose; namely, to convey passengers to points in Pelham Bay Park. One of the routes suggested was that on Westchester avenue, for which the Company has now applied.

At that time this street was being regulated and graded to a width of 100 feet. Such grading has now been completed. The proposed extension on Westchester avenue will afford a comparatively convenient means of access for a five-cent fare to the southerly portion of Pelham Bay Park, which can now only be reached from the Baychester station of the New York, New Haven and Hartford Railroad Company's branch line. The terminus at Eastern boulevard of the proposed street surface railway line will be at a point much nearer to the athletic fields and boat and bathing houses located in this end of the park than is the station on the New Haven road. Direct connection will be made at Westchester square with the cars of the Company now operating over Westchester avenue from the southerly end of the Borough of The Bronx and with the cars from the westerly and northerly sides of the Borough by means of the lines operating to this point by way of West Farms and the West Farms road.

The necessity for additional transportation facilities to enable the residents of the Boroughs of Manhattan and The Bronx to easily reach Pelham Bay Park, was brought to the attention of the Board in a report presented at the meeting of December 22, 1910. This report also contained a proposed amendment to section 191 of the Railroad Law which would permit the construction of street surface railways in Pelham Bay Park upon routes to be designated, and under a franchise granted by the Board. A bill to this effect was subsequently introduced in the Legislature, but failed of passage.

Conditions for the Proposed Franchise.

The route adopted for this extension is one which is particularly adapted for a street surface railway, being upon a wide street and almost a direct line between its terminii, and there would seem to be no special conditions required in the franchise because of peculiarities of the route to protect the interests of the City.

A copy of the petition was transmitted to the President of the Borough of The Bronx, with a request that he advise whether he was still of the opinion that the extension proposed was a desirable one, and whether there were any special conditions which he would recommend to be imposed in the franchise. He has since informed me verbally that there are no special conditions which he would recommend.

In the following are discussed certain conditions which have been used in the contract, which is transmitted herewith, and to which it is believed special attention should be directed.

Term of Grant—The two contracts already accepted by this Company, that is, one upon White Plains road and the other upon Fort Schuyler road, were for a term of twenty-five years from January 19, 1911, with the privilege of renewal for a further term of twenty-five years. It is suggested that this contract be made coterminus with the two previous contracts, that is, that the first term shall expire on January 19, 1936, with the privilege of a renewal for a term of twenty-five years from that date.

Motive Power—By the contract attached hereto, the Company is permitted to use the overhead electric power similar to that employed upon other street surface railways in the Borough of The Bronx, or any other motive power, except locomotive steam power, which may be approved by the Board, the abutting property owners and the Public Service Commission. A provision has been inserted, however, requiring the Company to remove all overhead wires, except the trolley wires, upon six months' notice, by the Board.

Rate of Fare—This Company is controlled by the Union Railway Company of New York City, which operates the greater portion of the street surface railways in the Borough of The Bronx, and because of its control by that Company, transfers between the Bronx Traction Company and the Union Railway Company of New York City must be exchanged pursuant to law. The usual clause in regard to rate of fare has been inserted in the contract attached hereto.

Compensation—Under the provisions of the Railroad Law, an existing street surface railway company is required to pay for a franchise for an extension three per cent. of its gross receipts during the first five years, and five per cent. thereafter in the proportion of the total receipts of the Company that the length of the extension bears to the total length of line of the Company. As the Bronx Traction Company does not make separate reports of its earnings to the Public Service Commission for the First District, such earnings being included in the report of the Union Railway Company, it has been assumed that the earnings of the last named are proportional for all parts of its system. Upon this basis, the compensation recommended is as follows:

Annually during the first term of five years one thousand five hundred and fifty dollars ($1,550).

Annually during the second term of five years two thousand eight hundred dollars ($2,800).

Annually during the third term of five years three thousand one hundred dollars ($3,100).

Annually during the fourth term of five years three thousand four hundred dollars ($3,400).

Annually during the remaining term expiring January 19, 1936, three thousand seven hundred and fifty dollars ($3,750).

In view of the fact that this extension will provide a direct means of access to Pelham Bay Park by a street surface railway for a five-cent fare, I am of the opinion the extension will be a most valuable one to the Company, and that a substantial initial payment would be entirely proper. On the other hand the Company is a part of a system now in the hands of a Receiver, or just about to be reorganized, and as the several companies under this Receiver have applied for and accepted franchises for many extensions during the past two years which have been of material benefit to the traveling public, I believe especial consideration should be given in this instance and the payment made as small as can consistently be done. The grant is to run for practically twenty-four years, with a renewal privilege of twenty-five years more. I would therefore recommend one thousand five hundred dollars ($1,500) as such initial sum, which, spread over the fifty years, amounts to but thirty dollars per annum, which I consider nominal.

As the Company now has on deposit a total sum of six thousand dollars $(6,000) as security for the faithful performance of the terms and conditions of contracts previously made, the contract for this extension has been drawn so as to provide that such sum shall also be security for the compliance by the Company with the terms and conditions of the grant for the proposed extension on Westchester avenue, and although six thousand dollars ($6,000) is not a large sum, still, under the conditions recited above, I believe to be sufficient to impose at the present time.

Other Conditions—The other conditions contained in the proposed form of contract are those which have been heretofore discussed in various reports upon applications for similar rights, and in consequence it does not appear necessary to further allude to them in this report.

The contract is in the standard form which has been previously approved by the Corporation Counsel, and will be submitted to him for his final approval at once. Should the same be approved, I would recommend that at the meeting of the Board to be held on December 21, the contract be approved by the Board of Estimate and Apportionment, ordered entered on the minutes of the Board for thirty (30) days, and February 1, 1912, be fixed as a date for final hearing, and that the Mayor be requested to designate two newspapers in which notice of such hearing and the contract shall be published.

The president of the Company has stated that the contract, as submitted herewith, will be accepted if the franchise is granted by the Board.

The necessary resolutions accompany the report. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following appeared in favor:

Henry A. Robinson, Counsel to the Company; H. S. Sayres, representing the City Island Board of Trade.

No one else desiring to be heard, the Chair declared the hearing closed.

The following was offered:

Whereas, The Bronx Traction Company has, under date of November 24, 1911, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a double track street surface railway as an extension to its existing system upon and along Westchester avenue from Westchester square to Eastern boulevard, Borough of The Bronx; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on November 29, 1911, fixing the date for public hearing thereon, as December 21, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in "The New York Press" and "The New York Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Bronx Traction Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Bronx Traction Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Bronx Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This Contract, made this day of , 1912, by and between the City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Bronx Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of The Bronx, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing double track railway of the Company at or near the intersection of West Farms road with Westchester avenue; thence in, upon and along Westchester avenue to its intersection with Eastern boulevard, and to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map Showing Proposed Extension of The Bronx Traction Company in the Borough of The Bronx, City of New York, to accompany petition dated November 24, 1911, to the Board of Estimate and Apportionment."

—and signed by Edward A. Maher, president, and T. F. Mullaney, chief engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor, until January 19, 1936, with the privilege of renewal of said contract for the further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the su mrequired to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one thousand five hundred dollars ($1,500) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum, which shall in no case be less than one thousand five hundred and fifty dollars ($1.550), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of one thousand five hundred and fifty dollars ($1,550).

During the second term of five (5) years, an annual sum, which shall in no case be less than two thousand eight hundred dollars ($2,800), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of two thousand eight hundred dollars ($2,800).

During the third term of five (5) years an annual sum, which shall in no case be less than three thousand one hundred dollars ($3,100), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of three thousand one hundred dollars ($3,100).

During the fourth term of five (5) years an annual sum, which shall in no case be less than three thousand four hundred dollars ($3,400), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of three thousand four hundred dollars ($3,400).

During the remaining term expiring January 19, 1936, an annual sum, which shall in no case be less than three thousand seven hundred and fifty dollars ($3,750), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of three thousand seven hundred and fifty dollars ($3,750).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding; provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by street surface railway companies to the City, pursuant to the Railroad Law, as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter, required to be paid by any ordinance of the City, or resolution of the Board, or any laws of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim, by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment or any structures used in connection therewith in streets and avenues hereinbefore described, shall be permitted by the Company, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if, in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board and the Board may fix a percentage upon the cost to be paid to the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company, pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operations of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without costs, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within three (3) months from the date of filing such consents or the date of such order; otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that, when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission of the First District of the State of New York.

Twelfth—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railwav shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road, or on any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force,

or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolutions of the Board.

Eighteenth—Cars on said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Provided, however, that the Company during the first five (5) years of this contract shall not be required to operate its cars between the hours of one (1) o'clock a. m. and five (5) o'clock a. m., each day, unless the Board shall determine, after a hearing had thereon, that public convenience requires the operation of cars during said hours.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, if directed by the President of the Borough of The Bronx, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twentieth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks, and for a distance of two (2) feet beyond the rails, on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make payment or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of The Bronx, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and, should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances, at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-sixth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City, and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-seventh—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company and requiring the Company to remedy the same within a reasonable time; and, upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-ninth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that any and all sums of money or any and all securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by the City as a fund for the security for the performance by the Company of the terms and conditions of the franchises so granted, shall likewise be a fund for the security for the faithful performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of a violation of the provisions relating to those matters, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof this contract shall be canceled and annulled at the option of the Board acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of article 5, and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

....., Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Bronx Traction Company, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, February 1, 1912, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, February 1, 1912, in two (2) daily newspapers to be designated by the Mayor therefor, and published in the City of New York, at the expense of the Bronx Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Bronx Traction Company, and fully set forth and described in the foregong form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, February 1, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—12.

Riverside Light and Power Company.

The public hearing was opened on the form of contract for the grant of a franchise to the Riverside Light and Power Company to construct, maintain and operate wires or other electrical conductors in conduits for light, heat and power

within that portion of the Borough of Manhattan adjacent to the Hudson River between 129th and 134th Streets.

The hearing was fixed for this day by resolution adopted November 9, 1911.

Affidavits of publication were received from the New York Press, the Sun and the CITY RECORD.

A communication was received from Beardsley, Hemmens and Taylor submitting protests on behalf of the New York Edison Company and the United Electric Light and Power Company, also opinions by the Board of Gas and Electric Commissioners of Massachusetts and the Public Utility Commissioners of New Jersey with regard to similar applications, which was ordered filed.

No one appeared in opposition to the proposed grant. Charles E. Kelly, counsel for the company, appeared in favor. No one else desiring to be heard, the Chair declared the hearing closed.

The following was offered:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Riverside Light and Power Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract, made this day of , 191 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Riverside Light and Power Company, a corporation formed under and pursuant to the laws of the State of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter contained, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits, for the purpose of supplying electrical current for light, heat and power, said conductors to be laid, constructed, maintained and operated only within that portion of the Borough of Manhattan bounded and described as follows:

Beginning at the intersection of the centre line of West 129th street with the easterly line of the marginal street, wharf or place, as adopted by the Commissioner of Docks February 27, 1907, approved by the Commissioners of the Sinking Fund April 3, 1907, and laid down on the maps of the Department of Docks and Ferries; thence northeasterly along the easterly line of the said marginal street, wharf or place to its intersection with the centre line of West 134th street; thence easterly along the centre line of West 134th street to its intersection with the centre line of 12th avenue; thence southerly along the centre line of 12th avenue to its intersection with the northerly line of West 131st street; thence easterly along the northerly line of West 131st street to a point 125 feet east of the easterly line of 12th avenue; thence southerly from the said point on the northerly line of West 131st street, 125 feet east of the easterly side of 12th avenue to the centre of West 131st street, the same distance from 12th avenue; thence westerly from the said point in the centre of West 131st street, 125 feet east of the easterly line of 12th avenue to the centre line of 12th avenue; thence southerly along the centre line of 12th avenue to its intersection with the centre line of West 129th street; thence westerly along the centre line of West 129th street to the easterly line of the marginal street, wharf or place, at the point or place of beginning. Said boundaries and district being more particularly shown by a red line on the map or plan attached to this contract, dated May 16, 1911, and signed by Joseph Conron, president of the Company, and made a part hereof.

It is, however, understood and agreed that the Company shall have no right to carry on the business of furnishing electricity for light, heat or power in the blocks abutting on West 131st street east of 12th avenue, but that any wires or conductors laid by it in said street shall only be for the purpose of connecting the plant which it proposes to construct in the block on the north side of said street with the territory above described west of the centre line of 12th avenue, for the purpose of supplying consumers therein.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company.

First—The said right to lay, construct, maintain and operate said conductors and appurtenances shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until March 7, 1926, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

1. The sum of five hundred dollars ($500) for the privilege hereby granted within thirty (30) days after the signing of this contract by the Mayor.

2. During the period between the date on which this contract is signed by the Mayor and March 7, 1916, an annual sum which shall in no case be less than one hundred dollars ($100) and which shall be equal to two (2) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one hundred dollars ($100).

3. During the succeeding five years of this original contract an annual sum which shall in no case be less than one hundred and seventy-five dollars ($175) and which shall be equal to three (3) per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one hundred and seventy-five dollars ($175).

4. During the last five years of this original contract, an annual sum which shall in no case be less than two hundred and fifty dollars ($250) and which shall be equal to five (5) per cent. of the gross receipts of the Company if such percentage shall exceed the sum of two hundred and fifty dollars ($250).

All annual sums as above shall be paid into the treasury of the City on February 1 of each year, and shall be for the amount due to December 31 next preceding. Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal) notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, in the same streets and avenues, or within the district hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by the operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conductors and appurtenances, including conduits, if any, of the Company, constructed or maintained pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company, or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its conductors and appurtenances, including conduits, if any, constructed or maintained pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The Company shall construct and operate its electric system subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the charter of the City, and shall bear the expense of all inspection by such authorities, and of the inspection of all work of construction.

Within thirty (30) days after the signing of this contract by the Mayor, the Company shall apply to the Commissioner of Water Supply, Gas and Electricity for leave to place its wires or conductors underground, in or across the streets, where they are now laid or where it is proposed to locate them, and shall also demand of the Consolidated Telegraph and Electrical Subway Company space in its conduits or subway crossing Manhattan street, West 131st street and West 132d street at these points, in which to place the existing wires or conductors, or if no such conduits or subways have been built by the Subway Company which will accommodate these wires or conductors, then that the said Subway Company be required to build the same across the said streets where the said wires or conductors are now laid or where it is proposed to locate them.

If there be no conduits or subways of the Subway Company for the accommodation of the existing wires or conductors of the Company crossing the streets at these points, it shall have the right to maintain said wires or conductors as at present maintained and operated until such new conduits or subways are placed at its disposal by the Subway Company for use and occupation, whereupon the Company agrees and binds itself to discontinue the use of its present electric conduits in the public streets and to place its said wires or conductors in such conduits or subways of the Consolidated Telegraph and Electrical Subway Company.

All other or additional wires or conductors of the Company shall be placed in conduits or subways to be leased from the Consolidated Telegraph and Electrical Subway Company, or from the City, should it succeed to the rights of such company, provided, however, that should the said Consolidated Company within six (6) months after notice and demand neglect or refuse to construct such conduits or subways as are necessary and to place the same at the disposal and use of the Company, the Company, with the further consent of the Board, may construct such conduits or subways as are necessary for use by its own wires or conductors. Any such subways or conduits constructed by the Company shall be transferred to the Consolidated Telegraph and Electrical Subway Company, or the City, on payment to the Company of the reasonable cost thereof, and the Company agrees and binds itself to so transfer any such conduits or subways upon payment therefor by the Subway Company or the City.

Eighth—The electric plant, conduits, wires, conductors, connections and all appurtenances thereto, shall be constructed, maintained and operated in the latest approved manner, and with the most modern and improved appliances.

Ninth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its wires and conductors and furnish light, heat or power to any public building or street lamp within the territory herein described.

Tenth—The Company shall file with the Board on the first day of February in each year a map or plan, upon which shall be plainly indicated the number of wires which are in use by the Company on December 31 of the preceding year, the streets in which the same are located, and also those which were put in use during the preceding year.

Eleventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant, by the Company.

Twelfth—The rates to be charged shall never be in excess of those authorized by the laws hereafter enumerated, and it is agreed that the same may be altered or changed by the Board as hereinafter provided.

For electricity furnished to the City, the Company shall not charge higher rates than those authorized by chapter 733 of the Laws of 1905, as amended by chapter 390 of the Laws of 1906, and chapter 479 of the Laws of 1910.

For electricity furnished to other consumers, the Company shall not charge higher rates than those authorized by chapter 732 of the Laws of 1905, as amended by chapter 616 of the Laws of 1906.

The Company also agrees that if in the future any new or improved style of street lighting is available for use, it will furnish the same at such reasonable prices as may be fixed by the Board, subject to the provisions of this contract.

Thirteenth—During the term of this contract, or any renewal thereof, the Board shall have the power to regulate and fix the maximum and minimum rates to be charged by the Company throughout the territory in which it is hereby granted the right to operate, provided such rates shall be reasonable and fair.

The maximum rates herein fixed for electricity furnished by the Company shall continue until March 7, 1916, at which time and at the end of each period of five years thereafter during the term of the contract or any renewal thereof, the Board shall have the power to readjust such rates, provided the same shall not exceed those fixed by law or be unreasonable or unfair to the Company.

Fourteenth—The Company shall upon request from any individual, company or corporation, occupying premises in the territory covered by this contract, not in arrears to it for services already rendered, and who has not agreed with any previous occupier of the premises occupied by such individual, company or corporation, to

assume the payment of any moneys due by such previous occupier to the Company, extend its conductors to the premises of such individual, company or corporation, and supply current for light, heat or power or any or all of such purposes; provided that it shall not be required to so extend its conductors where the ground in which the same are to be laid shall be frozen, during the period in which the said frozen condition shall continue.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the conductors of the Company can apply to the Board to compel the Company in compliance with the provisions of this contract, to connect with and furnish electricity to such consumer or person, and all orders of the Board made on the request of any such consumer or person shall be complied with by the Company.

The provisions of section 62 of the Transportation Corporations Law fixing a penalty for failure of any electric company to extend its service to an applicant, and of this subdivision of the contract requiring the payment of interest on deposits made by consumers, may in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

Fifteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Sixteenth—The Company shall submit to the Board a report not later than February 1 of each year, for the year ending December 31 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt as by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate of interest per annum on funded debt.
10. Statement of dividends paid during year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the stockholders of the Company held for that purpose.
13. Cost of underground conductors and appurtenances, including conduits, if any, to the year preceding, and moneys expended on same during year.
14. Present value of said conduits and appurtenances, based on cost and depreciation.
15. Miles of conductors.
16. Amount of electricity in kilowatts furnished to consumers other than City, number and kind of lamps, motors and heaters supplied with same and amount received therefor.
17. Amount of electricity furnished to the City, in kilowatts, number and kind of lamps, motors and heaters supplied with same and amount received therefor.
18. Total receipts from sales of electricity.
19. Operating expenses, interest and other charges.
20. Net earnings and surplus from such sales.
21. Cost of furnishing electricity per kilowatt.
22. Balance sheet for year.
23. Amounts paid by Company, for damages to persons or property on account of construction and operation.

—and such other information in regard to the business of the Company as may be required by the Board.

Seventeenth—The Company shall at all times keep accurate books of account and shall, on or before February 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending December 31 next preceding. Such report shall contain a statement of the gross receipts from all business done by the Company in the territory in which it is authorized to operate by this contract, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Eighteenth—In case of any violation or breach or failure to comply with any of the provisions of this contract, the same may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that all property constructed and in use by virtue of this grant shall thereupon become the property of the City without proceedings at law or in equity.

If for a period of two consecutive weeks the electric system of the Company shall not be operated, the Board may declare the right and franchise granted by this contract terminated without further proceedings at law or in equity, if it shall appear in the judgment of said Board that the same was not operated through the fault of the Company. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Nineteenth—If the said Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the full term of its occupancy of such streets, or fail to comply with any provision of this contract, except as hereinafter otherwise provided, the Board, if it so elects, instead of commencing proceedings to terminate this contract may give written notice to the said Company, specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars ($50) as fixed and liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time and after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, and in default of such payment, the same shall be a proper charge against and may be deducted from the security fund to be deposited with the Comptroller as hereinafter provided.

Twentieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of five hundred dollars ($500), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted; and in case of such default in the annual payment, the City shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the said Company. In case of the failure of the Company to comply with the terms of this contract relating to the filing of annual statements, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars ($50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on its own motion or on complaint made, shall give notice to the Company, directing its president or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalties, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him.

In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars ($500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City, in the same manner as elsewhere provided herein. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or, if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction, as and when above provided, shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then, and in such case, such other Board, authority, officer or officers shall have the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-third—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways of the territory in which the Company is authorized to operate by this contract.

Twenty-fourth—The words "streets and avenues," or "streets or avenues," when and where used, shall be deemed to mean and include any and all streets, avenues, roads, highways, boulevards, parkways, parks and public places.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained, in addition to all provisions of law pertinent hereto.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Fire Alarm Companies.

In the matter of the use and occupation of the streets by certain fire alarm companies without authority.

The Secretary presented the following:

Bureau of Franchises, December 11, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—In connection with the investigation made by this Bureau into the franchises and operations of various fire alarm and other telegraph companies operating and maintaining wires in the streets of the City without apparent authority, and to which attention had been called by the Commissioner of Water Supply, Gas and Electricity, the following-named companies were found either to have been connected at one time or to be associated at the present time with the operating companies involved:

Holmes Burglar Alarm Telegraph Company;
American District Telegraph Company of New Jersey;
New York Fire Protection Company;
General Fire Extinguisher Company;
Pneumatic Fire Alarm Company of Pennsylvania;
Gamewell Fire Alarm Telegraph Company, and
Gamewell Auxiliary Fire Alarm Company.

In view of their connection with the operating companies, these companies were included in the resolution adopted by the Board of Estimate and Apportionment on Friday, November 11, 1910, calling for information as to the operations and the franchises claimed by the companies mentioned in that resolution.

In answer to the resolution all of the above reported that they were not using or operating in the streets of any portion of The City of New York, and in order to confirm these reports, communications were addressed to the five Borough Presidents, the Fire Commissioner and the Commissioner of Water Supply, Gas and Electricity, requesting those officials to advise if they had any information which would show that these companies were conducting operations of any character involving the use of the streets.

In reply to these requests, all the officials addressed have written stating that the companies mentioned are not themselves in any manner using the streets of The City of New York, although as is known and mentioned in the report of this Bureau submitted to the Board at its meeting of November 11, 1910, some of these companies control and are connected with the present operating companies.

The Holmes Burglar Alarm Telegraph Company was incorporated on January 23, 1874, and at one time carried on operations involving the use of the streets of The City of New York. On January 25, 1883, however, by virtue of an agreement entered into between it and the American District Telegraph Company of New York, under which the Holmes Electric Protective Company was formed, it transferred its property to that Company, which has since carried on the burglar alarm operations involving the use of the streets.

The State Board of Tax Commissioners has advised that in 1905 the Holmes Burglar Alarm Telegraph Company transferred its remaining property to another company, presumably the Holmes Electric Protective Company, and has since that date paid no capital stock tax, indicating the entire cessation of all business. It is not assessed on a special franchise.

The American District Telegraph Company of New Jersey, I am informed, was organized in the State of New Jersey in November, 1901, to act principally as a holding company, and the National District Telegraph Company, which operates in The City of New York, states that it is under the control of such company.

The American District Telegraph Company of New Jersey does not appear to be assessed for special franchise taxes in New York City, and, I have been informed, never attempted to obtain permission from the Secretary of State to operate in this State.

The New York Fire Protection Company was organized July 26, 1905, and appears to have at one time acquired control of the Special Fire Alarm Electrical Signal Company, which it later transferred to the Automatic Fire Protection Company of Maine. The Special Fire Alarm Electrical Signal Company is now operated by the National District Telegraph Company.

The New York Fire Protection Company is not assessed on a special franchise, and reports that it is doing no business of any nature.

The General Fire Extinguisher Company was incorporated on November 10, 1892, and is engaged in the furnishing of sprinkler servicee by what is known as the Grinnell Automatic system (see advertisement, New York "Times," November 29, 1911). A sprinkler system was also operated at one time by the Automatic Fire Alarm Company, but about the year 1893 it is reported to have turned the same over to the General Fire Extinguisher Company in consideration of certain stock. I have been informed by the Fire Department and by the attorney for the Automatic Fire Alarm Company that sprinkler installations are very often connected to the auxiliary

systems of the Automatic and Consolidated Fire Alarm Companies and the National District Telegraph Company. The State Board of Tax Commissioners report that the General Fire Extinguisher Company has no property subject to special franchise valuation.

The Pneumatic Fire Alarm Company of Pennsylvania is not a New York corporation, and no information has been furnished as to its organization. It is under the control of the Consolidated Fire Alarm Company, but as that Company has been found to be conducting operations in the cities of Philadelphia and Chicago, as well as in The City of New York, this does not in itself indicate that the Pennsylvania Pneumatic Company operates in this city. A company of a very similar name was granted a franchise and has conducted operations in the City of Philadelphia, and it may be that this is the same Company. The State Board of Tax Commissioners could furnish no information regarding this Company.

The Gamewell Fire Alarm Telegraph Company was incorparated in New York on July 2, 1877. It is the owner of patents for and manufactures various kinds of fire and police alarm apparatus.

In a report to the City Department of Taxes and Assessments, filed March 29, 1910, it states that nearly all the capital of the Company is employed outside the State of New York, its factory being located in the State of Massachusetts. This report also states that the Company's business in the State of New York is the sale by samples of fire alarm and police signal telegraph apparatus, and systems for fire and police departments of municipalities and industrial plants.

The Gamewell Auxiliary Fire Alarm Company is controlled by this Company, and together they control the Manhattan Fire Alarm Company, the operating company of the Gamewell system in New York City. The Gamewell Fire Alarm Telegraph Company is not assesed for a special franchise in New York City.

The Gamewell Auxiliary Fire Alarm Company is a Maine corporation, which was authorized to operate in New York State on October 26, 1903. It is controlled by the Gamewell Fire Alarm Telegraph Company, as above stated, and is the licensor of the Manhattan Fire Alarm Company. No definite information has been obtained as to the character of the operations which it carries on in New York State, but it is not assessed for a special franchise in The City of New York.

This report is submitted for the purpose of completing the information regarding these companies in their relation to the City upon the minutes of the Board, showing that they need not be considered as they do not use the streets. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

In the matter of the use and occupation of certain streets by certain fire alarm companies without authority.

The Secretary presented the following:

Bureau of Franchises, December 14, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—The Board of Estimate and Apportionment, by resolution adopted October 11, 1911, called upon the Consolidated Fire Alarm Company, the Automatic Fire Alarm Company, the Manhattan Fire Alarm Company and the National District Telegraph Company, together with their subsidiary companies, to file petitions for franchises on or before December 1, 1911, and to advise as to whether they intended to comply with this resolution on or before October 20, 1911.

Of the companies mentioned, the Consolidated Fire Alarm Company, the Automatic Fire Alarm Company and the Manhattan Fire Alarm Company have fully complied with the said resolution, their petitions for franchises having been presented to the Board at its meeting held December 7, and referred to the Bureau of Franchises, and are now under investigation.

The National District Telegraph Company, whose subsidiaries are the Special Fire Alarm Electrical Signal Company and the Brooklyn Telegraph and Messenger Company, by Rush Taggart, as general counsel, on October 19 advised the Board that they expected to comply with the above-mentioned resolutions, and the Special Fire Alarm Electrical Signal Company, itself, by C. F. Patterson, its Secretary, on October 20, communicated to the same effect. Both these communications were presented to the Board at its meeting held October 26.

On December 1, however, Mr. William H. Baker, the Vice-President of the American District Telegraph Company, which is associateed with the National District Telegraph Company, by virtue of their common control by the Western Union system, called at this office and stated that Mr. Taggart was engaged in devising a plan for associating the various companies, to which the resolution of October 11 referred, and for which he was general counsel, before submitting a petition on their behalf; that he had not, up to that time, succeeded in fully carrying out this plan, and desired an extension of time for compliance with the Board's resolution. I informed Mr. Baker that a request for such an extension should be made in writing, and suggested that such an extension to December 11 should give sufficient time to Mr. Taggart to arrange his plan, particularly in view of the fact that this date would be just two months from the time of the adoption of the resolution by the Board.

On December 2 I received a communication from Mr. Taggart, in which he stated that he was at that time unable to say whether he could submit the petition called for by December 11, and I immediately addressed a communication to him stating that it was my intention to report to the Board at once in regard to these companies and their compliance or non-compliance with the resolution of October 11, and that I should expect to hear from him not later than December 11.

On December 8, Mr. Taggart submitted a petition on behalf of the National District Telegraph Company requesting the consent and approval of the Board to the occupation of the streets which were shown on the maps accompanying the communication of that Company dated December 10, 1910, in answer to the resolution of the Board calling upon it for a statement of its operations.

While the petition does not expressly state, I presume that it is intended to include the subsidiaries of this Company, viz., the Special Fire Alarm Electrical Signal Company and the Brooklyn Telegraph and Messenger Company, as it refers to the maps previously filed by it, and which show the operations of these two companies. However, it only asks for the consent of the Board to the occupation of the streets as shown on those maps, which would limit the consent to a mere approval of certain limited sections of lines which are in the public streets, and which if granted would necessitate the Company making further application if it desired to extend those lines or do additional construction.

The Company and its subsidiaries operate in the Boroughs of Manhattan, The Bronx and Brooklyn, and I think that if it desires to carry on general operations it should either apply for permission to operate throughout these Boroughs or else within such territory therein as would allow for increase in subscribers and in operations.

The petition is not signed by an official of the Company, but by Mr. Rush Taggart, as attorney, and is not verified, as required by the practice of the Board.

I would, therefore, suggest that the Secretary be directed to notify that Company that it should file a new petition specifying the Boroughs or portions of the City wherein it is proposed to carry on operations, and not designate such territory by a map which is not a part of the petition, and that the same should be verified by the officer or attorney signing it on behalf of the Company, specifying his authority in such verification. The Company should also be requested to confirm, by letter, the conclusion that it intends this petiton to cover the operations of itself and of the two companies operated by it, or make such explanation as it sees fit.

A proposed resolution for this purpose fixing Friday, December 29 as the date for the filing of such new or amended petition is herewith submitted.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, This Board did, on October 11, 1911, duly adopt a resolution calling upon various fire alarm and wire-using companies, including the National District Telegraph Company and its subsidiaries, to submit petitions for franchises, in order to validate their occupancy of the public streets, which has been held by the Corporation Counsel to be without proper authority; and

Whereas, The National District Telegraph Company, in compliance with the said resolution, did, under date of December 6, 1911, submit a petition for this purpose, which, from the report of the Bureau of Franchises submitted to the Board this day, appears to be defective in several particulars; now therefore be it

Resolved, That the Secretary to the Board be and he is hereby directed to advise the Company that the same is not in proper compliance with the resolution of this Board adopted October 11, and that in order to comply with such resolution it should file a new or amended petition specifying the Boroughs or portions of Boroughs in which the Company desires to be authorized to operate, and that the new or amended petition should be verified by the officer or attorney signing the same, which said verification should specify the authority of such officer or attorney in acting on behalf of the Company, and also calling upon the Company to advise in writing whether its petition is intended to include the operations of the companies operated by it under lease or otherwise; and be it further

Resolved, That the National District Telegraph Company be and it is hereby directed to file such amended petition and submit such communication to this Board on or before Friday, December 29, 1911.

Metropolitan Electric Protective Company.

The Secretary presented the following:

Bureau of Franchises, December 16, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The Metropolitan Electric Protective Company has by a petition presented to the Board of Estimate and Apportionment with this report applied for a franchise or right to use the streets of the Borough of Manhattan for the installation of electrical conductors to allow of the furnishing of burglar alarm service.

This Company had previously, by a communication dated October 31, 1910, and presented to the Board at its meeting held November 11, 1910, applied for a franchise to use the streets of the City, but the said application, not having been in the form required by the practice of the Board, Simon B. Hess, the president of the Company, was notified on November 7, 1910, of what that form should be. In a reply on November 10, 1910, he acknowledged the communication sent him and stated that the same would receive his immediate attention. Nothing having been heard from this Company on November 17, 1911, a member of this Bureau called on Mr. Hess, at the office of the Company, 130 West 26th street, and requested him for information regarding the operations of the Company and its intention with regard to prosecuting its application for a franchise. Mr. Hess then advised verbally that the Company was at present engaged in the operation of what is known as the "block service," that is, furnishing burglar protection to business houses within a single block, such houses being connected with a central station located in the same block, and no use of the streets being made. The only connection involving the use of the streets which the Company claims to have is a connection between its central station at 130 West 26th street and its branch station at 38 East 8th street, such connection being by means of a private telephone leased from the New York Telephone Company. Mr. Hess at this time stated that, if possible, he would like to obtain a franchise for his Company to authorize it to use the streets, and that he would make such application within a short time thereafter.

A further communication was addressed to him on November 27, 1911, calling his attention to the fact that said application had not been made, and on December 11, 1911, he filed the petition which is now being presented to the Board. Immediately after the receipt of the petition a communication was addressed to the Company, requesting a certified copy of its certificate of incorporation, in order to allow of the determination whether, under the opinions of the Corporation Counsel rendered to the Board, it is a Company properly organized and to which the Board could grant a franchise.

In reply thereto, on December 16, this Bureau was furnished with a copy of the certificate of incorporation certified by the Clerk of New York County, from which certificate it appears that the Company is organized under the Business Corporations Law of the State of New York. As companies so organized have been held by the Corporation Counsel to be lacking a grant from the State of the right to operate in the streets, and, therefore, not of such a nature that the Commissioner of Water Supply, Gas and Electricity would be fully authorized under the Charter to grant a permit to use the streets of the City, even though the consent of the Board had been previously acquired, it would seem that the Board could not grant to this Company a franchise which would fully and properly authorize it to use the streets. (See opinions of Corporation Counsel to the Board dated March 17, 1906, Minutes 1906, page 797, and October 4, 1911, presented to the Board at its meeting held October 11, 1911.)

Under the circumstances, I would suggest that the Board deny the petition of the Company without prejudice to its right to present a new application when properly organized.

A proposed resolution for this purpose is herewith submitted.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, The Metropolitan Electric Protective Company has, by a petition presented to the Board this day, applied for the franchise or right to use the streets of the Borough of Manhattan, City of New York, for the installation of electrical conductors across, above and beneath the streets therein, for the purpose of furnishing burglar alarm service, and

Whereas, The Metropolitan Electric Protective Company is incorporated under the Business Corporations Law, and

Whereas, The Corporation Counsel has in previous opinions stated that this Board "should insist that the applicant, being a corporation, should be properly organized under the Transportation Corporations Law for telegraph and telephone companies"; now, therefore, be it

Resolved, That the said application of the Metropolitan Electric Protective Company be and the same is hereby denied without prejudice to the right of the Company to present a new application when properly organized.

Rockwood & Co.

In the matter of the consent granted to Rockwood & Co. to construct, maintain and use a wagon scale on the easterly sidewalk of Waverly avenue north of Park avenue, Borough of Brooklyn.

This consent was granted by resolution adopted by this Board July 29, 1911, and approved by the Mayor August 2, 1911.

A communication was received from the architect of the Company stating the construction of scale was commenced November 8, 1911, and completed November 30, 1911.

The Secretary presented the following:

Bureau of Franchises, December 14, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—The Board of Estimate and Apportionment adopted a resolution on July 27, 1911, which was approved by the Mayor August 2, 1911, granting permission to Rock-

wood & Co. to construct, maintain and use a wagon scale in the easterly sidewalk of Waverly avenue, sixty-seven feet north of the northerly line of Park avenue, in the Borough of Brooklyn, in front of its premises, for the purpose of weighing materials used in connection with the manufacture of cocoa and chocolate. The said resolution provided that the scale should be completed on or before November 1, 1911. Subsequently the grantee found it would be unable to complete the installation of the scale by the said date, and in response to a petition addressed to the Board, a resolution was adopted on October 11, 1911, and approved by the Mayor on October 17, 1911, extending the time for the completion of the scale a period of one month, to December 1, 1911.

Pursuant to the requirements of the resolution granting consent, Rockwood & Co. notified the Board that the scale was completely installed, the work having been completed on November 30, 1911. I caused an examination to be made, and it was found that the scale was installed in accordance with the consent granted and as shown on the plan attached thereto. Prior to the installation of this scale the Company's wagons were backed up on the sidewalk to a loading platform and the supplies weighed piecemeal as they were removed from the wagon—the entire process of unloading one wagon consuming about thirty minutes. The wagons are now driven upon the scale and weighed and their contents then taken directly, without loss of time, into the building. It would therefore appear that the use of the scale has reduced the occupation of the sidewalk space by wagons conveying supplies to the Company to the extent of about ten or fifteen minutes per wagon and the increased expedition in handling the goods is said to have proven a benefit to the Company.

As all the terms and conditions of the consent have been complied with by the grantee, I would suggest that the papers be filed.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

Treasury Department, United States of America.

In the matter of the consent granted to the Treasury Department, United States of America, to install, maintain and use a wagon scale in the easterly sidewalk of Washington street, in front of the United States Appraisers' Warehouse, north of Barrow street, Borough of Manhattan.

This consent was granted by resolution adopted by this Board May 11, 1911, approved by the Mayor May 12, 1911.

The Secretary presented the following:

Bureau of Franchises, December 14, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment*:

Sir—A resolution was adopted by the Board of Estimate and Apportionment on May 11, 1911, and approved by the Mayor May 12, 1911, granting consent to the Secretary of the Treasury on behalf of the United States Treasury Department, to install, maintain and use a wagon scale on the easterly sidewalk of Washington street, in front of the United States Appraisers Warehouse, at a point about twenty feet north of the northerly line of Barrow street, in the Borough of Manhattan; the said scale to be used for the purpose of weighing coal for the warehouse.

Section 14 of the said resolution provided that the grantee should execute an instrument in writing, accepting the consent, and file the same with the Board of Estimate and Apportionment within three months after the date of approval of the resolution by the Mayor. Such period expired on August 12, but the acceptance was not filed, and although attention was called to the fact, the Government's representative has failed to take any action to obtain an extension of time in which to file the required acceptance and so validate the consent.

I would therefore suggest that in order to clear the records, the resolution of May 11 be rescinded, which will be without prejudice to the renewal of the application by the Government.

A resolution to that effect is herewith submitted.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

Whereas, By resolution adopted by the Board of Estimate and Apportionment on May 11, 1911, and approved by the Mayor May 12, 1911, consent was granted to the Secretary of the Treasury on behalf of the United States Treasury Department, to construct, maintain and use a wagon scale in the easterly sidewalk of Washington street, at a point about twenty feet north of Barrow street, in the Borough of Manhattan; and

Whereas, By section 14 of the said resolution, the grantee was required to execute an instrument in writing, accepting the consent, and file the same with the Board of Estimate and Apportionment on or before August 12, 1911; and

Whereas, The grantee failed to file the said instrument as required, now, therefore, be it

Resolved, That the said resolution, adopted by the Board of Estimate and Apportionment on May 11, 1911, and approved by the Mayor May 12, 1911, granting consent to the Secretary of the Treasury, on behalf of the United States Treasury Department, to install, maintain and use a wagon scale in the easterly sidewalk of Washington street, at a point about twenty feet north of Barrow street, in the Borough of Manhattan, be and it hereby is rescinded.

Corporation of Trinity Church.

In the matter of the revocation of consent granted to the Corporation of Trinity Church to locate and construct a bridge over the Boulevard between 153d and 155th streets, Borough of Manhattan, for the purpose of connecting the easterly and westerly sides of Trinity Cemetery.

This consent was revoked by resolution adopted by this Board November 9, 1911, approved by the Mayor November 15, 1911.

The resolution further requested the Department of Public Parks to revoke said consent.

Seventy-Sixth Street and Park Avenue Company.

A communication was received from the President of the Seventy-sixth Street and Park Avenue Company stating work was commenced on the tunnel under and across East 76th street, west of Park avenue, in the Borough of Manhattan, connecting premises owned by the grantee on the northwesterly and southwesterly corners of 76th street and Park avenue.

This consent was granted by resolution adopted by this Board October 11, 1911, approved by the Mayor October 17, 1911, and the notice is given in conformity with Section 13 of the consent.

The communication was ordered filed.

Tuttle and Bailey Manufacturing Company.

In the matter of the consent granted to Tuttle and Bailey Manufacturing Company to install, maintain and use a pipe under North 10th street, east of Wythe avenue, Borough of Brooklyn, connecting premises known as 79-95 and 98-124 North 10th street.

This consent was granted by resolution adopted by this Board July 27, 1911, approved by the Mayor August 2, 1911.

The Secretary presented the following:

Bureau of Franchises, December 12, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment*:

Sir—The Tuttle and Bailey Manufacturing Company presented a petition, dated June 29, 1911, to the Board of Estimate and Apportionment for permission to install, maintain and use a pipe, sixteen inches in outside diameter, under and across North 10th street, in the Borough of Brooklyn, at a point approximately two hundred and twenty feet east of the easterly line of Wythe avenue, connecting properties owned by the petitioner on opposite sides of said street, and known, respectively, at 79-95 and 98-124 North 10th street, for the purpose of conveying steam, compressed air and electric current between the said properties.

At the meeting of the Board, held July 27, 1911, a report from this Bureau was presented, and a resolution was adopted granting the requested consent, which resolution was approved by the Mayor on August 2, 1911. This consent was in the customary form used by the Board in similar cases, and section 15 of the resolution provided that it should be null and void unless the grantee should execute an instrument, accepting the consent and file the same with the Board of Estimate and Apportionment, within thirty (30) days after the approval of the consent by the Mayor.

The grantee failed to file the acceptance as so provided within the time stated, but on September 11, 1911, the Tuttle and Bailey Manufacturing Company presented a new petition to the Board reciting that it had been found that the pipe would be inadequate to the purposes of the Company, and permission was therefore requested to construct, maintain and use a tunnel under and across North 10th street, at about the same location. The petition requested that the resolution authorizing the installation of the pipe be revoked. The tunnel project includes the consideration of certain existing pipes and cables, apparently installed by the Tuttle and Bailey Company, under and across North 10th street, without proper authorization, and negotiations are now under way with the Company. In the meantime, the resolution granting consent for the pipe has become null and void through non-acceptance, and it should, therefore, be revoked, in order to clear the records.

A resolution to that effect is herewith submitted.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, A resolution was adopted by the Board of Estimate and Apportionment on July 27, 1911, and approved by the Mayor August 2, 1911, granting permission to the Tuttle and Bailey Manufacturing Company, a domestic corporation, and the owner of certain properties on the opposite sides of North 10th street, in the Borough of Brooklyn, to install, maintain and use a pipe, sixteen inches in outside diameter, under and across said North 10th street, at a point 221 feet 8 inches east of the easterly line of Wythe avenue, connecting the said properties; and

Whereas, The said grantee has not complied with section 15 of the said consent requiring the filing of a certificate of acceptance, with the Board of Estimate and Apportionment within thirty days of the date of the approval of the consent by the Mayor; and

Whereas, The said grantee, in a petition dated September 11, 1911, has stated its intention of not installing the said pipe, and has requested that the said resolution be revoked; now, therefore, be it

Resolved, That the aforesaid resolution, adopted by the Board of Estimate and Apportionment on July 27, 1911, and approved by the Mayor August 2, 1911, granting permission to the Tuttle and Bailey Manufacturing Company to install, maintain and use a pipe, sixteen inches in outside diameter, under and across North 10th street, in the Borough of Brooklyn, be and it hereby is rescinded.

New York, Westchester and Boston Railway Company.

In the matter of the completion of a four track railroad on the main line from the northerly line of the City as far south as East 174th street by February 2, 1912.

By resolutions adopted November 23, 1911, this Company was directed to increase its efforts to complete its entire railroad between the City line and 174th street by February 2, 1912, and advise the Board on or before December 8, 1911, whether or not the provisions of the contract in this respect would be complied with.

The Company was further directed in the event of a statement to the effect that the railroad would not be completed by said date to show cause in writing why the contract would not be complied with together with an explanation of the reasons therefor.

The Secretary presented the following:

New York, Westchester and Boston Railway Company, President's office, Grand Central terminal, New York, December 6, 1911.

Board of Estimate and Apportionment of the City of New York, 277 Broadway, New York City:

Sirs—On November 23, 1911, your honorable Board passed the following resolutions with reference to the completion of the railroad of the New York, Westchester and Boston Railway Company:

"Whereas, By contract dated August 2, 1911, the New York, Westchester and Boston Railway Company was granted certain modifications of the ordinance of August 2, 1904, as amended by resolution of July 21, 1905, and contract dated January 29, 1909, and it was expressly agreed and understood by and between the City and the Company that as part consideration for such modifications and amendments the Company would complete a four track railroad upon its main line from the northerly line of the City as far south as East 174th street by the second day of February, 1912; and

"Whereas, From an examination of the progress of the work under way, it would appear the Company will be unable to complete the construction of said four track railroad between East 174th and East 178th streets by February 2, 1912; now, therefore, be it

"Resolved, That the New York, Westchester and Boston Railway Company be and it is hereby notified and directed to materially increase its efforts for the completion of its entire railroad between the City line and 174th street by the date specified in the contract, and advise this Board on or before December 8, 1911, as to whether or not the provisions of the contract of August 2, 1911, in this respect will be complied with; and be it further

"Resolved, That should the Company submit a statement to this Board that said railroad will not be completed on or before February 2, 1912, it is hereby directed to show cause in writing to this Board on or before December 8, 1911, why the contract of August 2, 1911, will not be complied with and a full and complete explanation of the reasons therefor."

In answer to these resolutions, we beg to make the following statement:

That the Company has used all possible efforts to complete its railroad between the City line and 174th street, and will continue to use all possible efforts to that end.

That owing to unavoidable delays and to conditions which could not be controlled by the Company, it will, however, be impossible to finish the entire line between 174th street and the City line by February 2, 1912. The reasons for the failure to complete by that time are as follows:

The delay in the completion of the work is in that portion of it extending from 174th street to Unionport road; from that point north to the City line there has been no delay.

When the last extension of time was granted, the Company asked for an extension of a year, but during negotiations as to the form of the contract, this period was cut down to six months, and in this form was finally passed by the Board. The Railway Company accepted the change, believing at the time, if no unexpected delays arose, the work could be completed.

The entire right of way has been secured from 174th street to the City line. $129,851 has been expended in grading and masonry between 174th street and the north side of Adams street. All the work within these limits is covered by contracts, that with the American Bridge Company covering the construction of the steel viaduct calling for 10,000 tons of steel. The work as a whole between Adams street and Unionport road is 90 per cent. completed.

There are two principal reasons, both of which could not have been anticipated, why the work cannot be completed within the time required.

1. Delay in the erection of the steel work between Adams street and 174th street. This section consists of about 1,500 feet of grading and the balance consists of masonry upon which to support steel viaduct. The grading and masonry is being pushed rapidly, and probably will all be completed by the middle of January. The delay in this section is due chiefly to the steel work. Under date of May 8, 1911, the American Bridge Company, who have the steel contract, stated that they could complete their portion of this work within four months from the approval of the stress sheets. The ordinary time for approval of stress sheets is about one month. A large portion of the plans for the work were forwarded to the Bridge Company on the 6th of July, which was on the same day that the approval of change of route and extension of time was passed by the Board, but was nearly a month prior to the signing of the contract granting such approval by the Mayor, the contract itself

not being finally executed and delivered by the City until after the 15th of August, 1911. The rest of the plans were all sent to the Bridge Company by the 28th day of July, 1911. During the month of July the Company also was proceeding with the removal of buildings off the new route, preparatory to carrying on the work, so that up to this time the Company had undertaken the work at considerable expenditure, with the possibility that the contract might not be signed, but with the desire to expedite the early completion of the work.

The stress sheets were received from the Bridge Company about the end of August, and were checked and approved within two weeks and returned to the Bridge Company. We are now informed by the Bridge Company that, instead of being able to complete the work within four months from the time of the approval of the stress sheets, they can only commence shipment of the steel for this section in January, and that the complete shipment will not be made before the end of March. It will take fully a month to complete the erection of the steel after the receipt of all of the material, and 30 days more to lay the tracks and install the signals.

Plans for several of the street crossings between 174th street and the south side of Adams street were submitted to the City officials on August 2, and plans for all the streets between these limits on October 23. These plans, although approved by the Local Board, have not as yet been finally returned to the Company approved by the Board of Estimate and Apportionment. Rather, however, than delay the work awaiting such approval we have proceeded with the construction of the various crossings, subject to the risk of failing to receive the approval of your honorable Board.

2. Delay also has occurred on the portion between 180th street and Unionport road, involving the crossings over Adams street and Berrian street. At the time that the last extension was granted, an application had been made to the Local Board of The Bronx for the purpose of closing both Adams street and Berrian street, the land on both sides of these streets being owned by the Railroad Company, and immediately after the granting of the extension of time and change of route formal application was made to the Board of Estimate and Apportionment to close these streets. There seemed, at that time, to be no reason to anticipate any difficulty in closing the streets in question, and the Railroad Company proceeded with this construction between 180th street and Unionport road, upon the theory that this application would be granted, so far as it was possible to do so without the actual occupation of the streets in question.

It now appears that the application for the closing of Adams street and Berrian street may not be granted, and we have now been forced to change our plans so as to provide for the erection of steel structures across these streets. Before even the steel for these structures can be ordered the plans must be submitted to the Board of Estimate and Apportionment for their approval, and they are now in preparation. We might add that it was not until this week that it became apparent that it was necessary to change the plans in regard to crossing Adams street and Berrian street. As these structures are of considerable size, it is not conservative to undertake to promise that they can be erected short of six months from the time of the delivery of the plans to the American Bridge Company. We beg to add that every effort will be made to hurry the work upon these two structures, and to induce the Bridge Company to shorten the time of construction and erection.

Furthermore, it is the intention of the Company, as soon as the work is completed to the north side of Adams street, to commence operation to that point. While the Company regrets that the railroad will not be completed in accordance with the terms of the last contract, it submits that the delay incident to the work is not one of its making, and that the complicated conditions in regard to the arrangement of the streets near the central transfer station at 180th street, Adams street and Berrian street have caused serious delay, which, however, was not inadvisable in view of the importance of working out adequate plans for the benefit of the public, such as will become an integral part of the rapid transit system of the City, and which will cause the least possible injury to private property and the arrangement of streets.

As indicated by this letter, it will be necessary for this Company to make further application for an extension of time in which to complete the railroad from 174th street to the City line, and such petition will be filed in due course.

Respectfully yours, L. S. MILLER, President.

Contract 63, Catskill Aqueduct.

H. P. NICHOLS, Esq., *Bureau of Franchises:*

Dear Sir—Referring to your grant to us to construct, maintain and use a narrow gauge railroad track in Sedgwick avenue and across Albany road:

We respectfully request permission to extend the time to complete the construction of this track beyond December 1, 1911:

We have a contract with The City of New York to regulate and regrade Van Cortlandt avenue from Sedgwick avenue to Albany road. That part of Albany road crossed by our track is also under contract to be regraded, this particular part having to be raised about seven feet. It is expected that the contractor for the Albany road crossing will have finished regrading before we have regraded Van Cortlandt avenue, in which case we can then cross Albany road with our track, and after regrading Van Cortlandt avenue deposit spoil in the park swamp.

We therefore respectfully request permission for an extension of time under this grant for the construction of this section of track.

Yours respectfully,

MASON & HANGER COMPANY, EDGAR A. GROVES, Engineer.

Bureau of Franchises, December 15, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—By resolution adopted by the Board of Estimate and Apportionment on August 31, 1911, and approved by the Mayor September 7, 1911, consent was granted to Mason & Hanger Company to construct, maintain and use temporarily a narrow gauge railroad track in the Borough of The Bronx, beginning at the shaft of the City tunnel of the Catskill Aqueduct in Sedgwick avenue near the line of the Croton Aqueduct; running thence westerly along the southerly side of Sedgwick avenue and across said avenue to private property abutting on the westerly side of Van Cortlandt avenue; thence along the said private property to and across Albany road and Van Cortlandt Park South to and into Van Cortlandt Park, the said track to be used for the purpose of conveying excavated material from the water tunnel to points in Sedgwick avenue, Van Cortlandt avenue and Van Cortlandt Park, for the purpose of regulating and grading the said avenues under contract with the City, and filling in certain swamp land in the park under an agreement with the Department of Parks.

The consent was in the customary form used by the Board for similar privileges, and provided for the filing of an acceptance with the Board, the payment of compensation for the privilege and the deposit of a security fund with the Comptroller, all of which conditions were faithfully carried out by the grantee within the times specified.

Section 14 of the said consent also provided that the grantee should complete the construction of the track on or before December 1, otherwise the consent should be forfeited forthwith, provided that such time might be extended by the Board of Estimate and Apportionment.

I am now in receipt of a communication from Mason & Hanger's representative, requesting an extension of time in which to complete the construction of the track. The communication states that Albany road including that portion over which the track is to cross is under contract to be regraded to an elevation at the point in question of approximately seven feet above the present surface, and the construction of the track will, therefore, have to be delayed until such regrading is completed.

The Office of the Consulting Engineer of the Borough President has been consulted and there appears to be no objection to granting the requested extension of time. However, the date upon which the regrading of Albany road will be completed at this point cannot be definitely determined, and I would; therefore, suggest that an extension of time to August 1, 1912, be granted, for the construction of the uncompleted portion of the track.

A resolution to that effect is herewith submitted for adoption.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, By resolution adopted by the Board of Estimate and Apportionment on August 31, 1911, and approved by the Mayor September 7, 1911, consent was granted to Mason & Hanger Company to construct, maintain and use temporarily a narrow gauge railroad track, in the Borough of The Bronx, beginning at the shaft of the City tunnel of the Catskill Aqueduct in Sedgwick avenue near the line of the Croton Aqueduct; running thence westerly along the southerly side of Sedgwick avenue and across said avenue to private property abutting on the westerly side of Van Cortlandt avenue; thence along said private property to and across Albany road and Van Cortlandt Park South to and into Van Cortlandt Park; the said track to be used for the purpose of conveying excavated material from the said shaft and tunnel to points in Sedgwick avenue, Van Cortlandt avenue and Van Cortlandt Park, for the purpose of regulating and grading the said avenues and filling in certain swamp land in said park, and

Whereas, Section 14 of the said consent provided as follows:

"14. Said grantee shall commence the construction of the structure hereby authorized and complete the same on or before December 1, 1911, otherwise this consent shall be forfeited forthwith, and without any proceedings either at law or otherwise for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment,"

—and

Whereas, The grantee has presented a petition dated December 13, 1911, to the Board of Estimate and Apportionment requesting an extension of time in which to construct the portion of the said track extending from private property abutting on Albany road across Albany road and Van Cortland Park South to and into Van Cortlandt Park, and

Whereas, A report has this day been received from the Bureau of Franchises suggesting that an extension of time be granted to August 1, 1912; now, therefore, be it

Resolved, That Mason & Hanger Company be and it is hereby granted an extension of time up to and including August 1, 1912, in which to complete the construction of the track, as required by section 14 of the consent granted to said Company by resolution adopted by the Board of Estimate and Apportionment on August 31, 1911, and approved by the Mayor September 7, 1911; and be it further

Resolved, That the extension of time herein and hereby granted shall not in any wise affect the terms, conditions and requirements in the original consent fixed and contained or the acceptance of such original consent filed with this Board by said Mason & Hanger Company, but said acceptance and the original consent as modified by this resolution shall remain in full force and effect as if said modified terms, conditions and requirements were contained in the original consent.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Report of the Chief of the Bureau of Franchises as a Result of His Attendance as a Delegate of the City, at the Seventeenth Annual Meeting of the National Municipal League at Richmond, Va., November 13 to 16, 1911.

The Secretary presented the following:

Bureau of Franchises, December 18, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Pursuant to resolution adopted by the Board on November 2, 1911, I attended the Seventeenth Annual Meeting of the National Municipal League, held at Richmond, Virginia, on November 13, to 16, as a delegate from the City.

The annual address of the President, Hon. William Dudley Foulke, at the opening session on Monday evening was based upon his residence during the past summer in the City of Frankfort-on-the-Main, Germany, where he made a close study of the workings of the municipality. It was clearly pointed out in this address the extent to which "municipal trading," so called, has been carried on in certain cities abroad and the results obtained. The address furnished much food for thought in that it indicated the gradual steps which had led up to the present conditions from the first step taken toward municipal or government ownership, which, of course, has been under way many years.

The succeeding days, Tuesday and Wednesday, were passed in what might be called a continuous session from 10 a. m. to 6 p. m. in the discussion of many phases of municipal activity and the improvements desirable and necessary in the opinion of the speakers, but less radical views and more practical suggestions were advanced than at any convention which it has been my privilege to attend in the past six years. Although my attendance was primarily, to take part in the discussion of the report of the Committee on Franchises, entitled "The Outline of a Model Street Railway Franchise," which took place on Thursday morning, still, as the question of transportation is so vital to many other civic problems, such as congestion of population, housing, the spread of disease either by infection or contagion in overcrowded and ill-ventilated cars, I made it a point to be present when these matters were being discussed and found most of them of direct benefit in giving me a broader view on many subjects which I had not considered before as closely related to the work of the Bureau of Franchises. Take, for instance, the subject of compensation to be required from public service corporations. This has been a much mooted question, and when the requirements of a city for additional sources of revenue are so great, it seems imperative that this source should not be overlooked. Therefore the report of the Committee on Excess Condemnation and Special Assessments, of which the Hon. Lawson Purdy (the President of our Tax Board) is President, followed by a paper on "The German Imperial Unearned Income Tax," which brought to the fore a method comparatively new in this country in securing additional revenue, and lent more than usual interest to the session on that day will be the subject of future study by me.

It was most pleasant to note that some of the suggestions made by students of municipal government in their respective cities had been carried out for some years in New York City and others had been adopted more recently, all of them, to my mind, working satisfactorily. I speak particularly of the employment by the Department of Finance of Engineers to pass upon payments by the City certified by departments under whose jurisdiction the actual work was done, and also upon forms of contract before letting, with a view to the standardization of the same.

It will be remembered that when the last Budget was under discussion, a substantial appropriation for a municipal reference library was considered, but, owing to the size which the tentative Budget had assumed, it had to be omitted. I have always believed such a library would be of great assistance to this Bureau. It was my privilege during the Convention to have several conferences with Dr. Horace E. Flack, Reference Librarian of Baltimore, Md., as a result of which I was more than ever impressed with the advantages which would accrue should such a library be established. It should be easy of access to municipal officials and the results of the latest experiments in all phases of municipal work should be collated and information furnished from week to week to the different heads of departments and bureaus on those matters in which they are particularly interested. The recent report of Commissioner of Accounts Fosdick to the Mayor, urging the establishment of such a library in connection with the New York Public Library, as a branch of the same, to be located in the City Hall and to absorb the library now there—all to be done for a most modest sum at the outset—appeals to me most strongly. There have been times when newspaper articles have given notice of some new departure in franchise grants by some other city, and where correspondence has failed to elicit what is most needed to guide me in determining whether or not the results obtained were successful, in some instances it has been necessary to send a representative to the city in question, and I have felt that the City was amply repaid in so doing; but, in such cases, it was only by accident that the matter was originally drawn to my attention, whereas a library, in close touch with all cities of the United States, would receive promptly such information and forward it to the particular Bureau having jurisdiction over the same subject here, thereby enabling those employed in the solution of technical problems of always having at hand the latest available data re-enforced by the experience of other municipal officers.

At all conventions of this kind, the discussion of the paper is probably of more value than the paper itself, as the discussion suggests some idea of the individual presenting the same. A full and intelligent discussion of the paper, especially if it is of a particularly technical character, cannot be had unless those wishing to take part have advance copies of the paper and an opportunity to make some study of the same before attending the Convention. In consequence, your delegate caused to be introduced resolutions requiring that, in so far as possible, copies of all papers to be presented at the next meeting of the League should be distributed by the Secretary at least thirty days in advance to those members of the League making demand for the same. This was unanimously adopted and I trust will be carried out.

The Franchise Discussion.

In the case of the Franchise paper, I was enabled to secure an advance copy on the day before leaving for the convention, and in consequence was generally familiar with the recommendations of the Committee when the discussion commenced. I should, however, have been better prepared to discuss it had I been able to look up certain matters in the library of the Bureau before leaving.

The report of the Committee on Franchises, entitled "Suggestions for a Model Street Surface Railway," was compiled by Mr. James W. S. Peters, President of the City Club of Kansas City, Missouri, and Mr. Delos F. Wilcox, Chief of the Bureau of Franchises of the Public Service Commission for the First District, and was presented by Mr. Wilcox. The appendix to the report contained an outline of sections for a model street surface railway franchise, or, in other words, suggestions of subjects which should or should not be incorporated in any street railway franchise, depending upon the conditions under which the grant was made; first, as to constitutional limitations; second, as to the rights of the particular municipality under its Charter, and, third, whether or not there was a State Public Service Commission. Of these headings (some forty-four in number) I find that about one-half are included in the standard form of railway franchise as now used by this Board, and the greater part of the remainder deal with financial affairs of the corporations receiving the grant, and are not only unnecessary in The City of New York, on account of the existence of the Public Service Commission as at present, but are, in my opinion, out of place in a local franchise under the conditions existing, for I feel that it is the duty of the State to take care of the creatures which it has created rather than that of the City to enter into either a partnership with them or to control their activities unless absolutely forced so to do in order to secure sufficient and efficient public service. In other words, I believe that the duties of the officials of The City of New York, particularly of the Board of Estimate and Apportionment, are sufficiently numerous at present without having placed upon them the additional burden of the supervision of the financial affairs of these corporations, even were the Public Service Commission to go out of existence.

Three of the headings are not included in the present standard form in use by this Board, but are certainly worthy of consideration.

The first suggestion relates to the insertion of a provision in any grant made for an original franchise or extension to any street surface railway requiring the grantee to obligate itself to build further extensions as the needs of the City may require and as may be determined by the granting body. This is not new, for in a franchise granted by the Board of Aldermen as far back as 1851, it was provided that the railway should extend as far as the street was then opened and from time to time, as the street was graded, the road should be continued until it reached the farthest end of Manhattan Island. More recently it has been provided in franchises permitting stub-end terminals that the Company must, if so directed by the City, remove such stub-end terminal and apply for and accept a franchise under similar conditions for a loop terminal which may surround a block and occupy other streets than those mentioned in the grant. Unfortunately, at the present time the provisions of the Railroad Law do not lend themselves conveniently to such a condition, but it is possible of accomplishment. I think this matter is well worthy of close study by the Board, for it has occurred often in the past that railways having very profitable franchises have declined to make any extensions until the extensions in themselves would prove profitable, and in this manner the development of the City has been seriously retarded. The second is in regard to a change of route from one street to another during the term of a grant, when traffic conditions are such as to make continued operation in the street designated in the original grant inadvisable from the City's standpoint, or in some cases a double track railway may be operated in a street where congested conditions exist and good operation would require the removal of one track to another street, so that the operation in each street would be in but one direction. Such a provision would involve additional expense on the Company if called upon to carry it out, and there would probably be much objection on the part of companies to accepting same. Still, on the other hand, the interests of the City as a whole should, in my opinion, be first considered. The third suggestion is in regard to a sliding scale of fare, lower or higher than the fixed sum of five cents now provided in the Railroad Law, or the sale of tickets at different prices during different hours, as has been fixed in some cities. My study of this question has not progressed sufficiently to warrant any recommendations to the Board at the present time, but, as to the first two suggestions, to wit, extensions and changes of route during the term of grant, I think they may be properly considered at once and a policy outlined to be pursued in granting future franchises.

Now, as to the report and recommendations of the Franchise Committee of the League:

The first opinion expressed is that with a properly constituted Public Service Commission, a simple license from the municipality to use the streets is all that is required. To this opinion I am most unalterably opposed, for, while the City under its Charter is permitted to grant rights for a period not exceeding fifty years, should it do so as a mere license, and the State Public Service Commission created by the Legislature either lose its power or be abolished altogether (as has occurred in more than one instance during the last fifty years with the State Board of Railroad Commissioners) the City would be at the absolute mercy of the corporation, having no conditions which it could impose; and the license being considered by the Company in the nature of a vested right for the time limit provided in the Charter, the City would be helpless to correct any evils which might exist, except under its police power.

I am therefore of the opinion that a franchise containing substantially all that is now contained in the City's standard form should be adhered to.

Another suggestion is that the entire railway system of a given community should be operated as a unit under one comprehensive franchise, and, further, the advisability of a practical consolidation of street railway, electric light, heat and power systems because of the economies to be effected by joint management. I am not prepared to advocate this for The City of New York as yet. The gas, electric light, heat and power interests are to all intents and purposes one to-day, but to add to that now very great combination the burden of the entire traction system, which is even of much greater size and is divided up into several systems, would not tend to improve the situation or even effect the economies proposed, as each has a field which in my opinion may be properly considered as an entity in itself.

How far the City has succeeded in obtaining extensions with the monopoly which controls its subways is a matter of record, and it is supposed to be a regulated monopoly. That conditions would be at all improved should a further consolidation take place is not patent to my mind.

The "indeterminate" franchise was also recommended. To this I cannot subscribe as yet, for the reason that it has not been tested out sufficiently in the case of the Public Service Commissions Law in which it has recently been incorporated by the Legislature. Until it shall have had some sort of trial, I do not believe that the limitations as now contained in the Charter should be changed. Assuming the indeterminate feature to be introduced, the report then proceeds to the discussion of the recapture clause, the fixing of value and the way in which the City is to raise money to pay for the property thus taken over—the discussion of all of which is unnecessary at the present time, unless the indeterminate plan shall be accepted.

Finally comes the question of the compensation, if any, to be required for the grant of a franchise. The report recommends that revenue from the grant should not be exacted for the relief of the general tax rate. This is a much mooted question. Under the Charter of the day, it was the evident intent of its phrasing that some revenue should be derived from the grant and that the Board of Estimate and Apportionment should determine the money value thereof. The Charter must, however, be read in connection with the Railroad Law, and this provides that no grant shall be made in cities of the first class unless at least three percent. of the gross receipts be paid into the City Treasury during the first five years, and five per cent. of such gross receipts thereafter. Outside of this minimum, the Board is at perfect liberty to exercise its discretion, and in all grants heretofore made during the past six years, it has seldom required sums in excess of such minimums, except an initial payment, which has varied from a few hundred dollars to perhaps twenty thousand dollars, but in no case was material in any grant made, bar one, to wit: the New York Connecting Railroad Company.

In conclusion, I would say that I feel the present standard form used by New York City is a fair proposition for both the City and the Company, except in so far as the three conditions discussed above should or should not be added to such standard form, and as to the tax clause, the justification of its insertion being debatable, and is now, by the direction of his Honor the Mayor, being investigated.

Suggestions for Future Work by the League.

At the conclusion of the discussion, Mr. Peters, for the Committee, outlined a plan of procedure to be followed by the Franchise Committee during the interim before the next meeting, which may be briefly stated as follows:

That several universities located in different parts of the country be given certain topics of this subject upon which research work can be done, as, for example:

(a) Provisions of the separate State constitutions regarding franchises.

(b) The specific provisions of city charters within their territory, showing the power delegated by the State to the respective cities.

(c) The work accomplished by the State or local utilities commissions and the difference between their several powers.

(d) The decisions of the Courts regarding franchise rights and privileges.

(e) The decisions of the public utilities commissions affecting such grants of rights.

Then, to each of several technical men who have devoted themselves to a study of this subject, questions be submitted on the practical application of the conditions imposed by different States and cities in their grants, and the results obtained under each. When returns are made to the Franchise Committee, it is suggested that Committee compile the answers, and from the data so obtained draw such conclusions as are warranted for presentation to the League.

In my opinion, if this program is carried out, it would be the first time that a broad, comprehensive and scientific investigation was made of this subject, and it would be of infinite value to all officials as a guide in making grants of this character.

As a result of my attendance at this meeting and the discussion with the delegates upon these subjects, and after mature consideration, I am led to believe,

First: That a modification of the franchise sections of the present Charter should be made as soon as possible, the sections being redrawn so as to clarify and simplify the procedure before the Board.

Second: That the standard form of franchise now in use can be redrawn so as to materially shorten its length but still contain all the essential features, and, in addition, those which the Board may see fit to direct to be incorporated, in which revised form I believe it will be of much more practical use to the several administrative officers under whose jurisdiction these companies operate to a greater or lesser degree.

In line with the above suggestions, I expect to report to the Board early in January upon the modifications of the franchise sections of the Charter, so that, if the Board desires any amendments thereto by the next Legislature, the bill may be promptly introduced. A little later on, after consultation with the Corporation Counsel, I shall present for adoption by the Board an amended standard form of franchise, which, I believe, will be an improvement on some of the features of the present form.

I should be glad to have the Franchise Committee take up the two subjects mentioned above, as to the policy to be pursued by the Board, at as early a date as convenient.

The expenses of your delegate to this convention amounted to the sum of forty-seven dollars.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

Church of the Immaculate Conception of Williamsbridge.

In the matter of the application of the Church of the Immaculate Conception of Williamsbridge to install, maintain and use a 7-inch pipe containing a 3-inch steam pipe under and across Holland avenue north of Gun Hill road connecting the parish building with the Church building for the purpose of supplying heat to the latter premises.

This application was presented to the Board at the meeting of December 7, 1911, and was referred to the Bureau of Franchises.

The Secretary presented the following:

Petition to the Board of Estimate and Apportionment, New York City, for permission to lay steam main in Holland avenue, Bronx, New York City, Church of Immaculate Conception of Williamsbridge, Petitioner, Rev. C. Cassaneti, Rector.

To the Honorable Board of Estimate and Apportionment, New York City:

Application is hereby made to your honorable Board for permission to install a 3-inch steam main, said pipe to be 60 feet north of Gun Hill road, and to extend from the Parish building on west side of Holland avenue, to the Church of the Immaculate Conception, directly opposite, on the east side of Holland avenue.

The said steam pipe to be laid in a 7-inch wrought-iron or steel pipe 6 feet below roadway and extending the full width of street, or 60 feet.

The purpose for laying above is that steam may be supplied from the Parish building to heat the Church building, this permitting of concentration of source of heat.

The Parish building is located on the northwest corner of Gun Hill road and Holland avenue, and the Church building is on the northeast corner of Gun Hill road and Holland avenue, and the long side of buldings is along Holland avenue.

Both properties are owned by the Church of the Immaculate Conception of Williamsbridge. REV. C. CASSANETI, Rector.

November 22, 1911.

Bureau of Franchises, December 18, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The Church of the Immaculate Conception of Williamsbridge, by its Rector, the Reverend C. Cassaneti, has presented a petition dated November 22, 1911, to the Board of Estimate and Apportionment for permission to install, maintain and use a seven-inch wrought-iron or steel pipe containing a three-inch steam pipe under and across Holland avenue at a point about sixty feet north of the northerly line of Gun Hill road, connecting the parish building on the westerly side of Holland avenue with the Church of the Immaculate Conception directly opposite, for the purpose of supplying heat to the church from the parish building. The petition recites that both properties are owned by the church.

At a meeting of the Board held December 7, 1911, the matter was referred to this Bureau for investigation and report.

Copies of the petition and accompanying plan were sent to the President of the Borough of The Bronx and to the Commissioner of Water Supply, Gas and Electricity, with a request that examinations be made by the various Bureaus having jurisdiction, with a view to ascertaining if there are any objections to the proposed pipe or any particular conditions which should be incorporated in the form of consent heretofore used by the Board for similar privileges.

In replies dated respectively December 13 and December 7, it is stated that there are no objections to the project and no particular conditions necessary to be inserted in the form of consent.

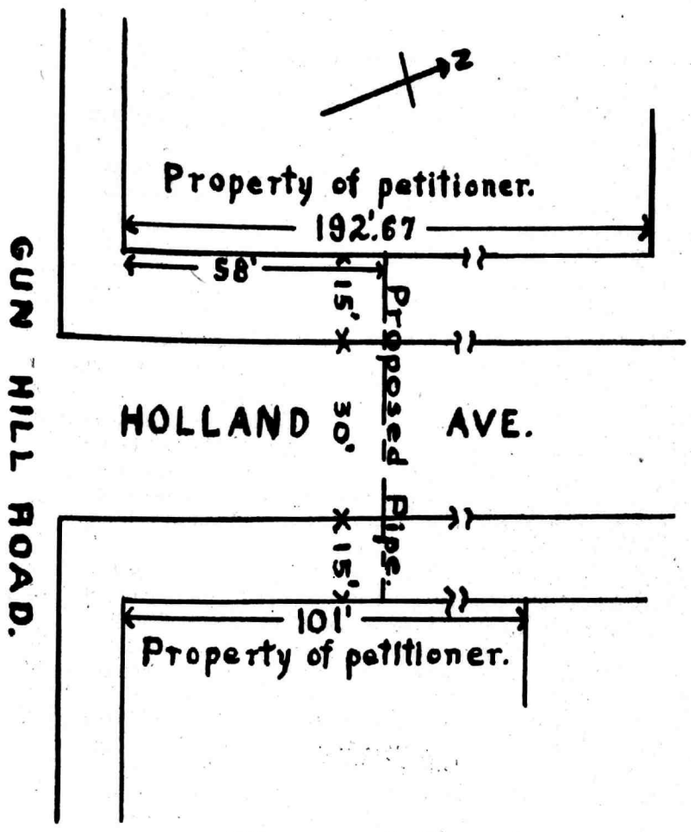

As there are no objections to the project I can see no good reason why the requested permission should not be given, and would suggest that consent be granted during the pleasure of the Board, but in no case to extend beyond a term of ten (10) years from the date of the approval of the consent by the Mayor and revocable upon sixty days' notice.

Holland avenue is sixty feet in width between building lines, and at the rate of charge heretofore established by the Board for private pipes in the City streets, viz.: Two dollars per linear foot for pipes not over sixteen inches in diameter and less than one hundred feet in length, the compensation for the privilege would be one hundred and twenty dollars per annum. However, it has been the custom of the Board in similar cases where the structure is for the use of churches or charitable or benevolent enterprises, to exact only a nominal compensation for the privilege and to relieve the petitioner from the burden of furnishing a security deposit. I

would therefore suggest that the compensation be fixed at the nominal sum of twenty-five dollars per annum and that the security deposit be waived.

As it may be impossible to install the pipe before the winter season sets in, it has been made a condition of the resolution granting consent, herewith submitted for adoption, that the pipe shall be completely installed before June 1, 1912.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

Plan of Proposed Pipe for Church of the Immaculate Conception.

BUREAU OF FRANCHISES.

The following was offered:

Whereas, The Church of the Immaculate Conception, by its Rector, the Rev. C. Cassaneti, has presented a petition dated November 22, 1911, to the Board of Estimate and Apportionment, for its consent to the installation, maintenance and use of a seven-inch wrought-iron pipe under and across Holland avenue at a point about sixty feet north of the northerly line of Gun Hill road, in the Borough of The Bronx, connecting the parish building on the westerly side of Holland avenue with the Church of the Immaculate Conception on the easterly side; the said pipe to be used for the purpose of conveying heat from the parish building to the church; now, therefore, be it

Resolved, That the consent of Corporation of The City of New York be and the same is hereby given to the Church of the Immaculate Conception, the owner of certain properties on the northwesterly and northeasterly corners of Holland avenue, in the Borough of The Bronx, City of New York, to install, maintain and use a wrought-iron pipe seven inches in diameter, under and across Holland avenue at a point about sixty feet north of the northerly line of Gun Hill road, connecting the parish building on the westerly side of Holland avenue with the Church of the Immaculate Conception on the easterly side; the said pipe to contain a three-inch pipe for the transmission of steam for heating purposes from the said parish building to the said church, for the exclusive use of the petitioner and for no other purpose; all as shown on the plan accompanying the application and entitled:

"Plan showing location of proposed steam pipe to be laid under roadway in Holland avenue, Borough of The Bronx, to accompany application dated November 22, 1911, Rev. C, Cassaneti to the Board of Estimate and Apportionment, City of New York,"

—and signed Rev. C. Cassaneti, Rector, a copy of which is attached hereto, and made a part hereof, upon the following terms and conditions:

1. Said consent shall continue only during the pleasure of the Board of Estimate and Apportionment, and shall be revocable upon sixty (60) days' notice in writing to the grantee, but in no case shall it extend beyond a term of ten (10) years from the date of its approval by the Mayor, and thereupon all rights of the grantee in said street by virtue of this consent shall cease and determine.

2. The grantee shall pay into the Treasury of The City of New York, as compensation for the privilege hereby granted, the sum of twenty-five dollars per annum. Such payments shall be made in advance on November 1 of each year, provided, however, that the first payment shall be made within sixty (60) days of the approval of this consent by the Mayor, and shall be only such proportion of the annual charge as the time between the approval of this consent by the Mayor and November 1 following bears to a whole year.

Such payments shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid under any ordinance of The City of New York, or by any law of the State of New York.

3. Upon the removal of the grantee from either of the premises to be connected by the structure, or upon the revocation or termination by limitation of this consent, the grantee shall cause the structure hereby authorized to be removed and all of said street affected by this permission to be restored to its proper and original condition, if required so to do by The City of New York or its duly authorized representatives, and the entire cost of such work shall be borne by the said grantee. If the structure hereby authorized shall not be required to be removed, it is agreed that it shall become the property of The City of New York.

4. This consent is for the exclusive use of the grantee and shall not be assigned either in whole or in part, or leased or sublet in any matter, nor shall title thereto, or right, interest or property therein pass to or vest in any other person, firm or corporation whatsoever, either by the acts of the grantee or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment.

5. The grantee shall pay the entire cost of all work, labor and material in connection with the structure hereby authorized, and particularly—

(*a*) Its construction, maintenance and removal.

(*b*) The protection of all structures which shall in any way be disturbed by its construction or removal.

(*c*) All changes in sewers, or other subsurface structures necessitated by its construction or removal, including the laying or relaying of pipes, conduits, sewers or other structures.

(*d*) The replacing or restoring of the pavement in said street which may be disturbed during its construction or removal.

(*e*) Each and every item of the increased cost of the installation of any future structures or repairs or alterations to any existing or future structures caused by its presence in the street.

(*f*) The inspection of all work during its construction or removal as herein provided, which may be required by the President of the Borough and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction or removal shall be begun, the grantee shall obtain permits to do the work from the President of the Borough and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed by those officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to those officials working plans which shall include and show in detail the method of construction of the structure hereby authorized and the mode of protection or changes in all structures required by the construction or removal of the same.

Upon the completion of the work, the grantee shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structure erected or installed under this consent; also the location and dimensions of all substructures, encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb line intersection.

7. The grantee shall allow to The City of New York a right of way through, under or above any part of the structure hereby authorized for any and all structures which are now or may be hereafter placed by The City of New York in said street.

If at any time it shall become necessary to replace or alter any structure in said street, the City shall have the right to break through or remove all or any portion of the structure hereby authorized and the grantee shall pay to the City the expense incurred by such removal.

8. The structure hereby authorized and any fixtures laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. It shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to said street.

10. Said grantee shall be liable for all damages to persons or property, including the street and structures therein and thereunder, by reason of the construction and operation or maintenance of the structure hereby authorized, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. Said grantee shall give notice, in writing, to the President of the Borough and to the Commissioner of Water Supply, Gas and Electricity of its intention to begin the work hereby authorized at least forty-eight hours before such work commences. The grantee shall also give to the Board of Estimate and Apportionment notice, in writing, of the date on which the work is commenced and also the date on which the same is completed, not later than ten (10) days after such dates.

13. Said grantee shall commence the construction of the structure hereby authorized and complete the same on or before June 1, 1912, otherwise this consent shall be forfeited forthwith, and without any proceedings, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

14. This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized.

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The American Sugar Refining Company of New York.

An application was received from The American Sugar Refining Company of New York for permission to maintain and operate certain bridges, vaults, tunnels and cables under and over South 2d street, South 3d street and South 4th street, Borough of Brooklyn.

At the meeting of October 14, 1910, a petition was received from this Company for permission to construct, maintain and use an electrical conduit in Kent avenue, north of South 2d street, and while conducting the necessary investigation to formulate a report upon this petition, certain unauthorized structures were found in the streets and the petition submitted is to authorize the existence of these structures.

The petition was referred to the Bureau of Franchises.

New York and Harlem Railroad Company.

In the matter of the operation of cars over the Madison Avenue Bridge between the Boroughs of Manhattan and The Bronx, under lease by the Metropolitan Street Railway Company.

By resolution adopted December 7, 1911, the Company was directed to present a verified petition in writing for such right on or before December 30, 1911, and advise the Board on or before December 15, 1911, of its intentions with regard to complying with the direction, as the Courts had decided the Company was not possessed of a franchise which lawfully entitled it to operate over the bridge and its approaches.

The Secretary presented the following:

Metropolitan Street Railway Company, 621 Broadway, New York, December 14, 1911.

Board of Estimate and Apportionment of The City of New York, 277 Broadway, New York, N. Y.

Dear Sirs—We acknowledge the receipt of a copy of the resolution adopted by your Board on December 7, 1911, directing the New York and Harlem Railroad Company to present to your Board on or before December 30, 1911, a petition in writing for a franchise to maintain a railway on the new Madison Avenue Bridge, and also directing that it advise your Board as to its intentions in regard thereto on or before December 15, 1911. We have been informed by representatives of that Company that it does not intend to take any action in this matter unless so requested by the lessee.

Our understanding is that the properties of the Metropolitan Street Railway Company system will be sold at foreclosure sale on December 29, 1911, and it is expected that the purchaser will take possession shortly thereafter.

Under these circumstances, we do not feel justified in taking any action, and therefore request that you hold this matter in abeyance until after the first of the year in order that the purchaser may determine its own policy in regard thereto.

Yours very truly,

ADRIAN H. JOLINE, DOUGLAS ROBINSON, Receivers.

Bureau of Franchises, December 18, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—The Receivers of the Metropolitan Street Railway Company in a communication of December 14, 1911, in reply to a resolution adopted by the Board on December 7, 1911, directing the New York and Harlem Railroad Company to present a petition for a franchise for the continued operation over the new Madison Avenue Bridge, request that this matter he held in abeyance until after January 1.

Their reasons for such request are that the properties under their control are about to be sold at foreclosure sale on December 29, 1911, and it is expected that the purchaser will shortly thereafter take possession. They also state that the New York and Harlem Railroad Company will not take action on its own initiative, but only at the request of the lessee, and in view of the short time left to the Receivers, it is submitted that the policy to be pursued should be left to the purchaser to determine.

I have talked with the General Manager for the Receivers and also with counsel and they have expressed their personal willingness to comply with the resolution of the Board, but in view of the facts as above stated, the Receivers are loath to take up this matter at this time.

I see no objections to granting the request, and would suggest the resolution of December 7, 1911, under which a return was to be made on or before December

30, 1911, be amended so as to read "on or before February 1, 1912," which will allow thirty days after the purchaser comes into possession. A resolution to this effect is herewith submitted.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, By resolution adopted Dec. 7, 1911, the New York and Harlem Railroad Company was directed to present to this Board on or before December 30, 1911, a petition, in writing, duly verified, for a franchise to maintain and operate a railway as an extension to its existing system upon, along and over the new Madison Avenue Bridge and the approaches thereto, from 135th street and Madison avenue, Borough of Manhattan, to 138th street and Park avenue, in the Borough of The Bronx, and advise this Board, in writing, on or before December 15, 1911, of its intentions with regard to complying with this direction; and

Whereas, The Receivers for the Metropolitan Street Railway Company, lessee of the New York and Harlem Railroad Company, state the properties of the Metropolitan Company are about to be sold at foreclosure sale, and request that the matter be held in abeyance in order that the purchaser may determine its policy; now, therefore, be it

Resolved, That the resolution adopted by this Board Dec. 7, 1911, be and it is hereby amended by striking therefrom all matter subsequent to the word "Resolved" and inserting in lieu thereof the following:

Resolved, That the New York and Harlem Railroad Co., and its successors, be and it herein and hereby are directed to present to this Board on or before February 1, 1912, a petition, in writing, duly verified, for a franchise to maintain and operate a railway as an extension to its existing system upon, along and over the new Madison Avenue Bridge and the approaches thereto, from 135th street and Madison avenue, Borough of Manhattan, to 138th street and Park avenue, in the Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following matters not on the Calendar for this day were considered by unanimous consent:

Eagle Pencil Company.

In the matter of the consent granted to the Eagle Pencil Company to install, maintain and use a pipe under and across East 13th street, east of Avenue C, Borough of Manhattan.

This consent was granted by resolution adopted by this Board November 23, 1911, approved by the Mayor December 1, 1911.

The Secretary presented the following:

Division of Franchises, December 20, 1911.

Hon. WILLLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—By resolution adopted by the Board of Estimate and Apportionment November 23, 1911, approved by the Mayor December 1, 1911, the Eagle Pencil Company was granted permission to construct, maintain and use a 12-inch pipe under and across East 13th street, east of Avenue C, Borough of Manhattan, connecting properties of the grantee on opposite sides of said street for the purpose of conveying water, steam and compressed air between said premises:

Section 15 of the consent provides as follows:

"This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained and file said instrument with the Board of Estimate and Apportionment of The City of New York, within thirty (30) days after the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

"And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized."

Under and pursuant to the above quoted section the grantee presented an agreement dated December 8, 1911. This agreement was approved as to form by the Corporation Counsel and returned to this office with a communication dated December 15, 1911.

Certified copies of the approved resolution have been forwarded to the grantee and to the officials interested for their information and guidance.

As the grant is now effective it is recommended that the papers be filed.

Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

Which was ordered filed.

New York Catholic Protectory.

In the matter of the consent granted to the New York Catholic Protectory to install, maintain and use certain pipes under and across Unionport road, Borough of The Bronx.

This consent was granted by resolution adopted by this Board October 11, 1911, approved by the Mayor October 17, 1911.

The Secretary presented the following:

Division of Franchises, December 20, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—By resolution adopted by the Board of Estimate and Apportionment October 11, 1911, approved by the Mayor October 17, 1911, the New York Catholic Protectory was granted permission to continue to maintain and use certain pipes under and across Unionport road, east of Walker avenue, Borough of The Bronx.

Pursuant to the provisions of section 13 of the consent, the grantee was required to execute an instrument in writing accepting the consent and agreeing to conform to and abide by all the terms, conditions and requirements thereof and file said instrument with the Board within thirty (30) days after the approval of the consent by the Mayor. The Protectory filed the agreement December 12, 1911. The agreement was then transmitted to the Corporation Counsel for his approval as to form and his attention invited to the fact that it had not been filed within the time required.

The Corporation Counsel in a communication dated December 19, 1911, returning the agreement, states as follows:

"The New York Catholic Protectory having failed to file its acceptance within the time stipulated is in default, but this default may be waived by resolution of your Board. The acceptance itself is in proper form and therefore has been approved by me as to form."

I would, therefore, recommend that the Board accept the agreement as if it had been filed at the time specified in the consent. Certified copies of the approved resolution will then be forwarded to the grantee and to the officials interested for their information and guidance, as the grant will then be effective.

A resolution in accordance with the above recommendation is transmitted herewith. Respectfully, HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, By resolution adopted by the Board of Estimate and Apportionment October 11, 1911, approved by the Mayor October 17, 1911, the New York Catholic Protectory was granted permission to continue to maintain and use certain pipes under and across Unionport road east of Walker avenue, Borough of The Bronx; and

Whereas, Section 13 of the consent provided that the grantee should file a certain agreement accepting such consent within thirty days after its approval by the Mayor; and

Whereas, Said agreement was filed with this Board December 12, 1911; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment hereby accepts the aforementioned agreement as if said agreement had been filed at the time specified in said resolution.

Franbro Realty Company.

In the matter of the consent granted to the Franbro Realty Company to construct, maintain and use a conduit along the southerly side of East 32d street, connecting premises 318 and 344 East 32d street, Borough of Manhattan, for the purpose of conveying steam and electricity between said premises.

This consent was granted by resolution adopted by this Board October 26, 1911, approved by the Mayor October 27, 1911.

The Secretary presented the following:

Division of Franchises, December 20, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held October 26, 1911, a report from this Bureau was presented on the petition of the Franbro Realty Company for permission to construct, maintain and use a conduit along the southerly side of East 32d street, from 318 to 344 East 32d street, Borough of Manhattan, for the conveyance of steam and electricity; the said premises both being situated on the southerly side of the street. A resolution was adopted by the Board on the same day, granting consent to the proposed conduit, and the said resolution was approved by the Mayor on October 27, 1911.

The said report was presented only after a copy of the proposed form of consent had been submitted to the petitioner's Engineer, who in reply had advised me in writing that the Company had stated the consent would be accepted if acted upon favorably by the Board.

Section 15 of the said consent provides that the same shall be null and void unless the grantee shall execute an instrument in writing accepting the consent and file the same with the Board within thirty (30) days after approval of the consent by the Mayor. The acceptance was not filed within the allotted time and in response to a telephone inquiry I have been advised by the Franbro Realty Company that it does not intend to accept the said consent and has made arrangements to connect the said buildings by pipes laid on the intervening premises.

The preparation of the report and resolution necessitated investigation by this Bureau and by the offices of the Borough President and the Commissioner of Water Supply, Gas and Electricity, and the adoption of the consent by the Board involved the printing of the report and resolution. I would, therefore, suggest that in accordance with the precedent established by the Board in a similar case, the Comptroller be requested to forward a bill for the sum of fifty dollars ($50) to the Franbro Realty Company, in care of Percival Robert Moses, Engineer for the Company, 366 Fifth avenue, such sum being the estimated costs to the City of the investigation, report, printing, etc., in connection with this matter, and advise the Board within thirty (30) days if such sum has been paid.

A form of resolution to that effect is herewith submitted. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, A resolution was adopted by the Board of Estimate and Apportionment on October 26, 1911, and approved by the Mayor October 27, 1911, granting consent to the Franbro Realty Company to construct, maintain and use a conduit under and along the southerly side of East 32d street, in the Borough of Manhattan, connecting 318 and 344 East 32d street, for the purpose of conveying steam and electric current between the said premises; and

Whereas, The Franbro Realty Company has failed to accept the said consent; now, therefore, be it

Resolved, That the aforementioned consent be and it is hereby rescinded; and be it further

Resolved, That the Comptroller be and he hereby is authorized and requested to make formal demand upon the Franbro Realty Company, through Percival Robert Moses, of 366 Fifth avenue, Engineer for the Company, for the sum of fifty dollars ($50) as payment to the City for the costs of examination, report and printing in connection with the matter of the petition of the Franbro Realty Company to the Board of Estimate and Apportionment, and advise the Board within thirty (30) days as to whether or not the said sum has been paid.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

FINANCIAL MATTERS.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

$665.39, within the appropriation made to the Department of Water Supply, Gas and Electricity, for the year 1911.

Yours truly, HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 13, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1911, the Commissioner of Water Supply, Gas and Electricity requested transfers aggregating $665.39 within the appropriations to his Department for 1911. In connection therewith I report as follows:

The credit transfer is to Account 520, Water Supply, Boroughs of Manhattan and The Bronx, Distribution, Water Registration, Permits and Revenue Collection, Manhattan, Purchase of Furniture and Fittings. The transfer is to provide for the purchase of a 15-bank adding machine for the Water Registrars' Bureau, at a cost of $668.18. The unencumbered balance in this account is $2.79.

The debit transfers are from five accounts for the Water Registrars' Bureau, in The Bronx, Queens and Richmond. There are unencumbered balances in the accounts to permit of the transfers.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Water Supply, Gas and Electricity for the year 1911, as follows:

From

Water Supply, Boroughs of Manhattan and The Bronx, Distribution, Water Registration, Permits and Revenue Collection, The Bronx—

526. General Supplies $100 00
527. Purchase of Furniture and Fittings..... 82 69
530. Contingencies 300 00

$1,000, within the appropriation made to the Department of Bridges, for the year 1911.

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, N. Y., December 6, 1911.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Gentlemen—I have to request a transfer within the Budget appropriation for the Department of Bridges for the year 1911, as follows:

From

Manhattan Bridge—

144. Emergency Snow Removal..... $1,000 00

Amount being in excess of requirement;

To

Bridges over the Harlem River and in the Borough of Manhattan—

88. Emergency Snow Removal..... $1,000 00

Amount therefor being insufficient.

This request does not increase the Budget appropriation for the year 1911.

Respectfully, ARTHUR J. O'KEEFFE, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1911, the Commissioner of Bridges requested the transfer of $1,000 within the appropriations to his Department for 1911. In connection therewith I report as follows:

The credit transfer is to No. 88, Bridges over the Harlem River and in the Borough of Manhattan, Emergency Snow Removal. The Budget appropriation for the account was $5,000, and the expenditures to November 30, 1911, amount to $3,278.97, leaving an available balance of $1,721.03.

The records of the Department show that 60 per cent. of the cost of snow removal is incurred during the first six months of the year. On this average the 1911 budget allowance would have been sufficient. The snow removal since December 1, 1911, however, has required an expenditure of approximately $750, leaving a balance at present of less than $1,000, or an amount no more than sufficient for a single heavy snow fall.

As there is an ample balance in No. 144, Manhattan Bridge, Emergency Snow Removal, it would appear desirable to make the proposed transfer at this time so that the snow-roll expenses, which may be incurred by the Harlem River Division, can be met without unnecessary delay.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Bridges for the year 1911, as follows:

From

144. Manhattan Bridge, Emergency Snow Removal $1,000 00

To

88. Bridges over the Harlem River and in the Borough of Manhattan, Emergency Snow Removal $1,000 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

—

$110, within the appropriation made to the Department of Public Charities, for the year 1911.

Department of Public Charities of The City of New York, foot of East 26th street, December 6, 1911.

The Honorable the Board of Estimate and Apportionment:

Gentlemen—For the purpose of meeting a deficit in the appropriation allowed for Telephone Service, Richmond, for the current year, request is hereby made for a transfer within the appropriation made to this Department for 1911, as follows:

From

795. Repairs and Replacements by Contract or Open Order, Richmond.. $110 00

To

800. Telephone Service, Richmond 110 00

The Budget allowance for the latter appropriation for 1911 was $400 00

The total expenditure for Telephone Service to November 30, 1911, was 456 37

Amount of deficit November 30, 1911 ..... $56 37

To anticipate cost of service for balance of year..... 53 63

Amount of transfer..... $110 00

Trusting that this request will receive your early and favorable consideration, I am, Yours very truly, M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1911, the Commissioner of Public Charities requested the transfer of $110 within appropriations to his Department for the year 1911. In connection therewith I report as follows:

The transfer is from No. 795, Repairs and Replacements by Contract or Open Order, Richmond, to No. 800, Telephone Service, Richmond.

The appropriation for No. 795 was $3,800, which was increased by transfer to $8,800. The liability incurred to December 1, 1911, was $7,870.51, leaving an unencumbered balance of $929.49.

The appropriation for No. 800 was $400. The liability to November 30, 1911, was $456.37, or $56.37 in excess of the appropriation. The Deputy Commissioner states that $110 will be required to provide for the deficit and the telephone charges for the month of December.

I recommend that the request be approved by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Public Charities for the year 1911, as follows:

From

Administration, Richmond—

795. Repairs and Replacements by Contract or Open Order $110 00

To

Administration, Richmond—

800. Telephone Service $110 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

—

$2,000, within appropriation to Department of Parks, Manhattan and Richmond, for the year 1911.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, December 2, 1911.

To the Honorable, the Board of Estimate and Apportionment, The City of New York:

Gentlemen—I respectfully request a transfer of $1,000 within the appropriations made to this Department, in the Budget for 1911, as follows:

From

1078. Fuel $1,000 00

To

1074. Repairs and Replacements by Contract or Open Order 500 00
1075. Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage 500 00

$1,000 00

The transfer to these accounts is necessary to enable me to award a contract for the installation of a new boiler for the heating plant in the Arsenal Building, as the one now in operation is in very bad condition, and is liable to have to be discontinued at any time this winter. It is proposed to start at once to install the new boiler, so that at no time during the winter months will the heat have to be cut off, and in doing the work at the present time, the new boiler can be connected and thoroughly tested, while the old boiler is in operation.

The unencumbered balance in the account to which this contract is to be charged as of date amounts to $2,255.93. The estimated cost of the boiler is between $2,000 and $2,200; the requested transfer of $500 to this account will enable me to award a contract for boiler, and leave a balance sufficient for incidental expenses for the balance of the year.

The request for a transfer of $500 to Account No. 1075—Apparatus, Machinery, etc., is necessary for the reason that there is no balance in the account as of date to apply to the purchase of two snow plows at $150 each; the balance will be needed to meet small purchases for the remainder of the year. Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 16, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 2, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested transfers in the sum of $1,000 within appropriations to his Departments for the year 1911. On December 15, 1911, the Commissioner orally amended the request to provide for transfers aggregating $2,000. In connection therewith I report as follows:

The request is in four supply accounts for the Maintenance of Parks and Boulevards. It is proposed to transfer $1,000 from No. 1078, Fuel, and $1,000 from No. 1072, Forage, Shoeing and Boarding Horses; $1,500 to go to No. 1074, Repairs and Replacements by Contract or Open Order, and $500 to No. 1075, Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage.

The appropriation for No. 1074 was $35,000. There is a balance available of about $2,200, and the $1,500 additional is to give enough funds for the purchase of two boilers, and leave a small amount for emergency expenses to the end of the year. One boiler, to cost $2,200, is for the Arsenal Building in Central Park, and the other, to cost $1,000, is for the Seward Park Public Baths. The Commissioner states that the Arsenal boiler is old and defective, and that it is necessary to replace it. He also states that the boiler in the Seward Park Public Baths has become useless, and that the Baths have been closed until a new one can be installed.

The appropriation for No. 1075 was $12,000. The expenditures amount to $11,789.87, leaving an available balance of $210. The additional $500 is to provide for the purchase of two snow plows, at $150 each, and give a balance of $410 for incidental liabilities.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfers of funds appropriated to the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1911, as follows:

From

1072. Forage, Shoeing and Boarding Horses..... $1,000 00
1078. Fuel 1,000 00

To

1074. Repairs and Replacements by Contract or Open Order..... $1,500 00
1075. Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage 500 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

$15,836.62, from the account for the year 1911, "Redemption of the City Debt, No. 46," to the account made to the Department of Finance, for the same year, entitled, "No. 27, Contingencies."

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—Request hereby is made for a transfer of $15,836.62 from Redemption of the City Debt, No. 46, The City of New York, to the Department of Finance, Executive Division, No. 27, Contingencies.

The transfer is required to provide for the compensation of additional guards made necessary by the withdrawal by the Police Commissioner of Patrolmen from the City Paymaster's office; for the payment of fees for the appraisal of real estate and for the additional expense incurred in the hire of automobiles for the City Paymaster.

The attached resolution, if adopted, will grant the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

$500 within the appropriation made to the Department of Docks and Ferries for the year 1911.

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, December 16, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman of the Board of Estimate and Apportionment:*

Sir—I respectfully request that the sum of $500 be transferred in this Department's 1911 Tax Appropriation Budget from item No. 192, Bureau of Ferries—Operation—Fuel, to item No. 193, Bureau of Ferries—Operation—Charter of Ferryboats. There is ample balance in item No. 192 to permit of this transfer and the additional amount is needed in item No. 193 to make up the sum required to meet the cost of chartering ferryboats for the remainder of the year. Very Respectfully,

B. F. CRESSON, JR., Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 19, 1911.

To the Board of Estimate and Apportionmentr

Gentlemen—On December 16, 1911, the Deputy and Acting Commissioner of Docks requested the transfer of $500 within the appropriations for the Department of Docks and Ferries for the year 1911. In connection therewith I report as follows:

The proposed transfer is from the Bureau of Ferries, Operation, No. 192, Fuel, to the Bureau of Ferries, Operation, No. 193, Charter of Ferryboats. The following table shows the status, on December 1, 1911, of the account to be credited:

Code No.	Appropriation.	Expenditures and Liabilities.	Deficit.	Requested Transfer.
193	$5,000 00	$5,332 50	$332 50	$500 00

The Acting Commissioner states that the deficit is due to the recent breaking down of two ferryboats, necessitating the chartering of the "Babylon" at $80, and the "Hopatcong" at $97.50 per diem for the rest of the year. There is ample balance unencumbered in No. 192 to permit of requested transfer.

I recommend the adoption of attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

$123.04 from the Account No. 845 to the Account No. 844, within the appropriation made to the Board of Elections for the year 1911.

Board of Elections of The City of New York, General Office, 107 West 41st Street, New York, December 7, 1911.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City:

Dear Sir—I beg to hand you herewith a copy of a resolution adopted by the Board of Elections at its meeting to-day, requesting the Board of Estimate and Apportionment to make a transfer from one salary appropriation to another; this involves no new or additional appropriation, and is necessary to pay our working force their salaries for the month of December. Respectfully yours,

J. G. BRITT, President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 19, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a communication from the President of the Board of Elections under date of December 16, 1911, relative to a deficiency in the appropriation for Contingencies for the Board of Elections, I report as follows:

The President of the Board of Elections states the following:

The deficiency of $123.04 occurs by reasons of the fact that the Board was unable to reduce the payroll immediately upon taking office, but was obliged to wait for a couple of months so that the reductions in salaries of employees might be made with due deliberation and the exercise of proper discretion, hence this deficiency.

The appropriation for the salary account was $102,900. The balance in the account on December 15, 1911, was $4,152.15. The payroll for the rest of the year will amount to $4,275.19, thereby making the $123.04 necessary. The appropriation for the employment of Temporary Clerks was $22,500. There is sufficient unencumbered balance for the transfer.

The attached resolution, if adopted, will grant the request. Respectfully,

WM. A. PRENDERGAST, Comptroller.

$5,000 to the Contingent Account of Board of Estimate and Apportionment, 1911.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, December 18, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Dear Sir—I desire to call to your attention the necessity for a further transfer to the credit of the appropriation for Contingencies for the Board of Estimate and Apportionment for the year 1911. The condition of the account at this date is as follows:

Original appropriation		$12,000 00
To which were added, from time to time, transfers amounting to.....		30,000 00
Also credit for an allowance made by the Chicago Budget Exhibit Commission, representing transportation charges for the exhibit of The City of New York.....		626 77
Total		$42,626 77
Vouchers have been transmitted to your office amounting to.	$40,275 25	
Outstanding orders for which no invoices have yet been received	2,272 26	
Vouchers now in this office ready for transmittal to you....	1,316 26	
		43,863 77
Showing a shortage of.....		$1,237 00

I would suggest that a transfer of not less than $5,000 be made at an early date.

Yours very truly, JOSEPH HAAG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 19, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a communication from the Secretary of the Board of Estimate and Apportionment under date of December 18, 1911, relative to a deficiency in the Contingency Account of the Board, I report as follows:

The total available for Contingencies was $42,626.77. The Secretary states that the balance in the account is $2,351.52, against which he holds vouchers for $1,316.26. Outstanding orders amounts to $2,272.26, making a total obligation of $43,863.77.

The Secretary states the necessity for a transfer is due to the fact that the employees of the various investigating committees appointed by the Board, and their expenses, are payable from the appropriation for Contingencies. In addition to the amounts for these purposes, funds are needed for the ordinary contingent expenses. To cover the existing deficiency and the expenditures for the rest of the year, it is estimated that $5,000 will be required.

In account No. 44, "Interest on Bonds and Stock to be issued in 1910 after September 30, and in 1911," there is the sum of $5,000 which will not be needed for the purpose for which it was appropriated, and therefore is available for transfer.

I recommend the adoption of the attached resolution approving the transfer of $5,000. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 237 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves transfer of funds appropriated for the year 1911, as follows:

$250 within the appropriation made to the Department of Docks and Ferries for the year 1911.

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, December 6, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor and Chairman of the Board of Estimate and Apportionment:*

Sir—I request that the sum of $250 be transferred in this Department's 1911 Tax Appropriation Budget from Item 202, Bureau of Ferries, Maintenance—Contingencies, to Item 150, General Administration—Contingencies.

There is ample balance in Item 202 to permit this transfer, and the additional amount is needed in Item 150 to meet the expenditures for the remainder of the year 1911 chargeable to said item. Respectfully yours,

B. F. CRESSON, JR., First Deputy and Acting Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1911, the First Deputy and Acting Commissioner of Docks requested a transfer of $250 within appropriations of the Department of Docks and Ferries for the year 1911, as follows:

Resolved, That, pursuant to the provisions of section 237 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves transfer of funds appropriated to the Department of Docks and Ferries for the year 1911, as follows:

From

The Secretary presented the following communication from the New York Public Library requesting, and report of the Comptroller recommending, the transfer of $2,000 within the appropriation made to said library, Astor, Lenox and Tilden Foundations, for the year 1911, and returning resolution of the Board of Aldermen presented to the Board at the meeting held November 2, 1911, and referred to the Comptroller, requesting an issue of $1,043 special revenue bonds (subdivision 8, section 188 of the Charter), to provide for alterations to branch libraries, at 209 West 23d street, 228 East 23d street and 135 2d avenue, Manhattan, made necessary by the widening of streets, as the above transfer provides for this expenditure:

(On November 2, 1911, the resolution of the Board of Aldermen above referred to was referred to the Comptroller.)

The Trustees of The New York Public Library, Astor, Lenox and Tilden Foundations, November 23, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* City of New York, 280 Broadway N. Y.

Dear Sir—In accordance with a recommendation of the Committee on Circulation of this library and also of the Executive Committee, I have the honor to request that a balance of $2,000 in our 1911 appropriation for Light, Heat, Water and Insurance be transferred to the appropriation for Repairs to Buildings and Grounds. This amount is needed for the following:

(a) Outstanding obligations:			
Expenses due to widening of streets—			
East 23d street.....	$485 00		
West 23d street.....	293 00		
Second avenue	265 00		
	$1,043 00		
New sewer connection at Kingsbridge.....	569 00		
			$1,612 00
(b) Necessary repairs:			
Labor and material for painting at Riverside branch..	$348 00		
Repairs at Bloomingdale branch.....	40 00		
			388 00
Total			$2,000 00

There are outstanding obligations against all the present available balance in the appropriation for Repairs to Buildings and Grounds, except a few hundred dollars held for emergencies.

Hoping that this request may receive favorable consideration, I am,
Very respectfully, JOHN L. CADWALADER, Chairman.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On October 10, 1911, the Board of Aldermen adopted a resolution requesting $1,043 in special revenue bonds, to be expended by the New York Public Library, for alterations to branch libraries, at 209 West 23d street, 228 East 23d street and 135 2d avenue, "made necessary by the widening of streets per orders of the city authorities." On November 23, 1911, the Committee on Circulation and the Executive Committee of the library requested a transfer of $2,000 within 1911 appropriations for these and other items of proposed expenditure. In connection therewith I report as follows:

The transfer asked for is from No. 1392, Light, Heat, Water and Insurance, to No. 1394, Repairs to Buildings and Grounds. The appropriation for No. 1394 was $18,000, and it is stated that there are outstanding obligations against the present balance except a few hundred dollars held for emergencies. The $2,000 additional is stated to be necessary, as follows:

For removing encroachments as requested in application for revenue bonds—	
East 23d Street Branch	$485 00
West 23d Street Branch	293 00
Second Avenue Branch	265 00
New sewer connection at Kingsbridge Branch	569 00
Labor and Material for painting at Riverside Branch	348 00
Repairs at Bloomingdale Branch	40 00
	$2,000 00

The appropriation for No. 1392 was $59,535, and there is a balance available for the transfer.

I recommend that the transfer be approved by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated for Library Purposes for the year 1911, as follows:

From

New York Public Library, Astor, Lenox and Tilden Foundations—
1392. Light, Heat, Water and Insurance $2,000 00

To

New York Public Library, Astor, Lenox and Tilden Foundations—
1394. Repairs to Buildings and Grounds $2,000 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary was directed to notify the Board of Aldermen of the action of the Board in this matter.

The Secretary presented the following communication from the Justice of the First District Municipal Court, Borough of Manhattan, requesting the transfer of $1,500 from Budget appropriations to said Court for 1909 and 1910, to the Budget Account for Contingencies, for the year 1911, together with a report of the Comptroller recommending that said request be not approved, as this transfer would be contrary to the provisions of section 237 of the Charter:

Municipal Court of The City of New York, Borough of Manhattan, First District, 54-60 Lafayette Street, New York, December 5, 1911.

Honorable Board of Estimate and Apportionment, City Hall, New York City:

Gentlemen—I am informed by the Clerk of this Court that there are a number of things immediately needed for that office. A requisition was filed with the office of the President of the Borough of Manhattan, requesting to furnish the necessary items, such as a typewriting machine, docket tables, filing cabinets, etc. Owing to an opinion rendered by the Corporation Counsel, a copy of which the President of this Borough was kind enough to send to this Court, the President of the Borough has no power, under the Charter, to furnish anything for this Court. The Clerk has been advised by the President of the Borough that he must seek his relief from some other source.

The work of this Court (which is the busiest in Greater New York) is considerably taxed, and so is also the office of the Clerk, working under difficulties on account of the lack of accommodation and the meagre outfit of the office. The records and documents in the custody of the Clerk must be properly preserved, but cannot be done satisfactorily under present conditions.

The Comptroller in a communication dated November 27, 1911, addressed to the Clerk, states that there are about $1,715.30 unexpended balances of the years 1909 and 1910, respectively, to the credit of this Court, and which he is about to ask your Honorable Board to be transferred to the general fund.

I would therefore ask your Honorable Board to transfer at least $1,500 of the said unexpended balances to the contingent fund of the said Court so as to enable the Court to supply the office of the Clerk with the necessary things, and to complete the libraries of the Court, the shortage of which is sorely felt by the bench and bar of said Court. Respectfully, WAUHOPE LYNN, Justice.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 8, 1911, the Hon. Wauhope Lynn, Justice of the First District Municipal Court, Borough of Manhattan, requested the transfer of $1,500 from Budget appropriations to the Court for 1909 and 1910, to the Budget Account for Contingencies in the Court for the year 1911. The transfer of Budget funds for other than the year for which they were appropriated is contrary to the provisions of section 237 of the Greater New York Charter.

I recommend, therefore, that the request be not approved.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the request of the Justice of the First District Municipal Court, Borough of Manhattan, as contained in a communication dated December 5, 1911, for the transfer of fifteen hundred dollars ($1,500) from the unexpended balances of appropriations made for said Court for the years 1909 and 1910 to the Contingent Account for said Court for the year 1910, be and the same is hereby disapproved.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary was directed to transmit a copy of the report of the Comptroller to the Justice of the First District Municipal Court, Manhattan.

The Secretary presented resolutions (3) of the Board of Aldermen requesting issues of special revenue bonds (subdivision 8, section 188 of the Charter), as follows:

A—$500 for the purpose of making plumbing repairs to Queens County Jail, under the jurisdiction of the Sheriff of Queens County;

B—$1,457.12 for purpose of reimbursing the Committee on Congestion of Population in New York for funds advanced by said Committee to The New York City Commission on Congestion of Population for expenditures incurred by said Commission prior to reporting to the Board of Aldermen;

C—$400 for salaries of employees in Department of Bellevue and Allied Hospitals for the months of November and December, 1911, and communications as follows:

From the Commissioner of Water Supply, Gas and Electricity, requesting that a preliminary appropriation of $600,000 be made from the Brooklyn Water Revenues for the improvement, extension and maintenance of the system of water supply for the first three months of 1912;

From the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting authority to employ three additional Architectural Draftsmen at $1,500 each per annum, from January 1, 1912, payable from corporate stock funds;

From the Commissioner of Docks and Ferries, transmitting communication from the General Secretary of the Church Temperance Society, offering to operate a shelter for longshoremen on the marginal street area between West 16th and West 17th streets, North River, Borough of Manhattan, upon certain conditions;

(On July 17, 1911, an issue of corporate stock in the sum of $3,500 was authorized for the construction of two shelter houses for longshoremen under the jurisdiction of the Department of Docks and Ferries.)

From the Secretary of the Board of Education, transmitting certified copy of resolution adopted by said Board relative to the acquisition of a school site on East 158th street, Trinity and Jackson avenues, The Bronx;

From Mrs. Leonard Moody, of 15 7th avenue, Brooklyn, New York, offering to sell property 135 Clinton street, Brooklyn, for the sum of $22,000, as part of the site for the new Kings County Court House;

From the Fire Commissioner, requesting the inclusion in the Corporate Stock Schedule of Employees, Fire Alarm Telegraph Bureau, Boroughs of Manhattan and Brooklyn, of six Automobile Enginemen at $1,200 each per annum.

Which were referred to the Comptroller.

The Secretary presented communications relative to the establishment of new positions, additional grades of positions and retirements, pursuant to the provisions of chapter 669 of the Laws of 1911, as follows:

From the Secretary of the Board of Education, transmitting certified copy of resolution adopted by said Board, relative to fixing the compensation of the Janitors of various school buildings;

From the Commissioner of Water Supply, Gas and Electricity, renewing his request for the establishment of the position of Auditor, with salary at the rate of $4,500 per annum;

From the Secretary of the Board of Education, transmitting certified copy of resolution adopted by said Board, recommending the retirement of Samuel Bryon, former Janitor of Public School 90, Brooklyn, on an annuity equal to one-half of his salary for the three years next preceding the date of his retirement;

From the Commissioner of Bridges, recommending the retirement of Daniel McGonigle, Paver, in the employ of said Department;

From the Commissioner of Bridges, recommending the retirement of Bernard Carlin, a Bridge Tender in the employ of said Department.

Which were referred to the Committee on Salaries and Grades, consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented a communication from the Comptroller relative to the adoption by this Board of a definite policy in relation to the future disposition of claims under section 246 of the Charter.

Which was laid over until January 4, 1912.

(On December 7, and again on December 14, 1911, the above matter was laid over for one week.)

The Secretary presented a communication from Hon. John H. Boschen, Alderman of the 23d District, Borough of Manhattan, relative to the desirability of The City of New York becoming a member of the Atlantic Deeper Waterways Association.

Which was referred to the Presidents of the Boroughs of Queens and The Bronx for a report at the next meeting, January 4, 1912.

The Secretary presented communications as follows:

From the Secretary, Commissioners of the Sinking Fund, transmitting certified copy of resolution adopted by said Commissioners, recommending to the Board of Estimate that the resolution adopted by said Board on July 1, 1910, authorizing an issue of corporate stock to the amount of $53,000, for the purpose of providing means for the cost of construction of a pier at Whale Creek, in the Borough of Brooklyn, under the jurisdiction of the Department of Docks and Ferries, be amended, by reducing said authorization to $51,200, and further recommending that corporate stock, to the amount of $1,800, be authorized to provide means to pay the cost of paving, with asphalt, the deck of Pier 42, East River, Borough of Manhattan, under the jurisdiction of the Department of Docks and Ferries;

From the Commissioner of Water Supply, Gas and Electricity, requesting that the unexpended balance of $146,700 in the corporate stock account, for the establishment of Two Driven Well Stations at Flatlands and Mapleton, Brooklyn, be cancelled, as the Department has no need of these funds;

From the Secretary of the Board of Education, amending request presented to the Board at the meeting of November 2, 1911, and referred to the Corporate Stock Budget Committee, relative to the amendment of resolutions authorizing issues of corporate stock for Construction and Improvement of School Buildings, etc., in Manhattan, The Bronx, Brooklyn and Queens;

Two (2) relative to the selection of a site for the new County Court House, Borough of Manhattan, as follows:

1. From S. J. Jacobs of 80 Broadway, New York City, suggesting the square block bounded by Canal street, Broadway, Howard street and Crosby street, as extended.

2. From Moses Cowen, of 87 Nassau street, New York City, suggesting property on the north side of Canal street, between Mulberry and Baxter streets;

Two (2) from H. A. Coster, of Westchester, and the Chippewa Democratic Club of Westchester, protesting against the erection of a contagious disease hospital in the Borough of The Bronx;

From the Commissioner of Water Supply, Gas and Electricity, requesting an issue of $200,000 corporate stock for remodeling and repairing the Old Croton Aqueduct;

From the Fire Commissioner, requesting the amendment of various corporate stock authorizations for new fire houses by increasing certain authorizations and reducing others;

From the Police Commissioner, submitting statement of corporate stock requirements for the years 1912 up to and including the year 1916, in pursuance of resolution adopted by this Board on November 16, 1911;

From the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting that the resolution adopted July 17, 1911, authorizing the issue of $15,000 corporate stock for the purchase of museum cases for the Metropolitan Museum of Art, be amended by providing for the construction of said cases by departmental labor.

Which were referred to the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

The Secretary presented a communication from John C. It is my desire to so rearrange the schedules that the entire force of the Bureau of Highways will be laid off on the same date, which, from the funds at hand, appears to be December 26, 1911. Respectfully yours,

DENIS O'LEARY, Acting President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 8, 1911, the Acting President of the Borough of Queens requested modification of the schedule for the Bureau of Highways, Maintenance of Highways, 1830, Wages, Temporary Employees, in his office for the year 1911. In connection therewith I report as follows:

It is proposed to make small decreases in eight line items and increase eight, without change in compensation. The following table shows the line item changes in detail:

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Acting President of the Borough of Queens requesting, and report of the Comptroller recommending, approval of the schedule, as revised, for the office of the President, Borough of Queens, Bureau of Street Cleaning, Sweeping, Carting and Final Disposition, Revenue Bond Force, providing for a decrease in the item "Laborers and Sweepers," by $1,541.30, and an increase in the item "Hired Teams, Horses and Carts," by the same amount:

The City of New York, Office of the President of the Borough of Queens, Long Island City, December 2, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman Board of Estimate and Apportionment,* City of New York.

Sir—Pursuant to resolution of your Honorable Board, application is hereby made for revision of the schedule lines supporting Special Revenue Bond Fund, R-PQ-15, Revenue Bond Fund for Bureau of Street Cleaning, Queens, Additional Means for Operations of 1911, to wit:

Present Schedule.

President of the Borough of Queens.

Bureau of Street Cleaning, Sweeping, Carting and Final Disposition, Revenue Bond Force—

Wages, Temporary Employees:	
Laborers and Sweepers, at $2.50 per diem (14,023 days)	$35,058 80
Hired Teams, Horses and Carts, Revenue Bond Force—	
Wages, Temporary Employees:	
Drivers, with horse and sprinkler, at $3.50 per day Drivers, with horse and cart, at $3.50 per day Drivers, with team and truck, at $6 per day Drivers, with team and sweeper, at $6 per day	$24,134 01

Proposed Schedule.

President of the Borough of Queens.

Bureau of Street Cleaning, Sweeping, Carting and Final Disposition, Revenue Bond Force—

Wages, Temporary Employees:	
Laborers and Sweepers, at $2.50 per diem (13,407 days)	$33,517 50
Hired Teams, Horses and Carts, Revenue Bond Force—	
Wages, Temporary Employees:	
Drivers, with horse and sprinkler, at $3.50 per day Drivers, with horse and cart, at $3.50 per day Drivers, with team and truck, at $6 per day Drivers, with team and sweeper, at $6 per day	$25,675 31

The Superintendent of the Bureau of Street Cleaning reporting as follows:

"The amount at present allotted for Laborers and Sweepers is more than is required to carry on the present force of Laborers and Sweepers to December 31, 1911. The transfer of $1,541.30 from Item 'Laborers and Sweepers at $2.50 per diem' to Items 'Drivers with Horse and Sprinkler at $3.50 per diem,' etc., is necessary in order to carry on the present force of Horses and Carts, Trucks and Teams, to December 31, 1911, the insufficiency of the appropriation for employing Horses and Carts, Trucks and Teams, being caused by the extension of our collection service."

Respectfully,

DENIS O'LEARY, Acting President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 2, 1911, the Acting President of the Borough of Queens requested modification of the schedule for the revenue bond force in the Bureau of Street Cleaning in his office for the year 1911. In connection therewith I report as follows:

It is proposed to decrease Laborers and Sweepers by $1,541.30 and increase hired teams, horses and carts by the same amount. The Acting President states that the modification is necessary to carry the present force of hired teams, horses and carts to the end of the year, the deficiency in the line item having been caused by an extension of the collection service.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule for other than Budget funds, as revised, for the office of the President of the Borough of Queens, for the year 1911, as follows:

President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Munnipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 1, 1911, the Board of Education requested modification of schedule No. 1208, Office of the Secretary, Salaries, for the year 1911. In connection therewith I report as follows:

It is proposed to increase the salary of Morris Warschauer, a Clerk, from $750 to $1,050 per annum. A clerk at $2,100 per annum, who acted as Secretary to the Committee on Buildings, died a few weeks ago and Mr. Wauschauer has been assigned to his work. In view of his increased duties and responsibilities it is desired to increase his compensation $300, giving him a per annum rate of one-half that paid the former incumbent. The $300 for the increase is to be provided by striking out the $2,100 position, the balance of $1,800 to be scheduled as unassigned.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
1208.	Clerks, 3 at $2,100	$2,100 00	.....	$175 00	.....
	Clerk, 1 at $750	750 00	.....	62 50	.....
	Clerk, at $1,050	.....	$1,050 00	.....	$87 50
	Balance unassigned	.....	1,800 00	.....	150 00
		$2,850 00	$2,850 00	$237 50	$237 50

The attached resolution, if adopted, will grant the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Acting President of the Borough of Brooklyn requesting, and report of the Comptroller recommending, the modification of budgetary part allowance Schedule No. 1804, for the office of the President of the Borough of Brooklyn, for the year 1911, to be effective as of December 1, 1911, providing for the change in title of a Transitman at $1,800 per annum to Topographical Draftsman at the same rate:

The City of New York, Office of the President of the Borough of Brooklyn, November 27, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, City of New York:*

Dear Sir—I transmit herewith proposed revision of Salary Schedule No. 1804, President, Borough of Brooklyn, Bureau of Sewers, Engineering Division, Regular Force, which I respectfully recommend that you request the adoption of by the Board of Estimate and Apportionment to take effect as of date of December 1, 1911.

This proposed revision provides for the appointment of 4 Topographical Draftsmen at $1,800, instead of 3; for 7 Transitmen at $1,800, instead of 8. The new line schedule, therefore, to read: 7 Transitmen, at $1,800, and 4 Topographical Draftsmen, at $1,800. Yours very truly,

L. H. POUNDS, Commissioner of Public Works, and Acting President, Borough of Brooklyn.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1911, the Acting President of the Borough of Brooklyn requested modification of the budgetary part allowance schedule for the Bureau of Sewers, Engineering Division, Regular Force, No. 1804, Salaries, in his office, for the year 1911. In connection therewith I report as follows:

It is proposed to change the title of a Transitman, at $1,800 per annum, to Topographical Draftsman at the same rate. The Acting President states that the new title is to conform to the work being done by the incumbent in the position.

The following table shows the line item changes in detail:

Account No.	Schedule Line	Schedule Transfer. Decrease.	Schedule Transfer. Increase.
1804.	Transitmen, 8 at $1,800	$1,800 00	.....
	Topographical Draftsmen, 3 at $1,800	.....	$1,800 00

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond requesting, and report of the Comptroller recommending, approval of the schedule, as revised, for said Department, Maintenance of Playgrounds, Special Revenue Bond Force, for the year 1911, providing for a decrease in the number of days for Gymnasium Attendants at $4 a day, and an increase in the number of days for Gymnasium Attendants at $3 a day, and Playground Attendants at $3 and $2 a day, respectively:

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, December 1, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, City of New York:*

Sir—I respectfully request a modification of the schedule supporting the special revenue bond issue of $8,000, for the payment of Playground and Gymnasium Attendants, from November 1 to December 31, 1911, which reads as follows:

Parks, Manhattan and Richmond.

Special Revenue Bond Force, Maintenance of Playgrounds—

Gymnasium Attendant, at $4 per day (600 days)	$2,400 00
Gymnasium Attendant, at $3 per day (1,000 days)	3,000 00
Playground Attendant, at $3 per day (600 days)	1,800 00
Playground Attendant, at $2 per day (400 days)	800 00
	$8,000 00

—by increasing the number of days provided for Gymnasium Attendants, at $3 per day, by 137 days, and Playground Attendants, at $3 per day, by 177 days, and Playground Attendants, at $2 per day, by 381 days, decreasing the days provided for Gymnasium Attendants, at $4 per day, by 426 days.

The modification is made necessary for the reason that the force employed on playgrounds has been thoroughly reorganized, with a view of improving the efficiency of the service. The schedule, as modified, will read as follows:

Parks, Manhattan and Richmond.

Special Revenue Bond Force, Maintenance of Playgrounds—

Gymnasium Attendants, at $4 per day (174 days)	$696 00
Gymnasium Attendants, at $3 per day (1,137 days)	3,411 00
Playground Attendants, at $3 per day (777 days)	2,331 00
Playground Attendants, at $2 per day (781 days)	1,562 00
	$8,000 00

—and will entail no increase in the schedule total. Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 13, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 1, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested modification of a 1911 revenue bond schedule entitled, "R-DP-11, Special Revenue Bond Force, Maintenance of Playgrounds." In connection therewith I report as follows:

On November 2, 1911, an issue of $8,000 special revenue bonds, for a force for the maintenance of playgrounds was approved, and a schedule adopted as follows:

Gymnasium Attendants at $4 per day (600 days)	$2,400 00
Gymnasium Attendants at $3 per day (1,000 days)	3,000 00
Playground Attendants at $3 per day (600 days)	1,800 00
Playground Attendants at $2 per day (400 days)	800 00
	$8,000 00

It is proposed to decrease the Gymnasium Attendants at $4, 426 days, and increase Gymnasium Attendants at $3 by 137 days, Playground Attendants at $3 by 177 days, and Playground Attendants at $2 by 381. The modification leaves the total of the schedule unchanged.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
R-DP-11.	Gymnasium Attendants at $4 per day (600 days).	$1,704 00	.....	$1,704 00	.....
	Gymnasium Attendants at $3 per day (1,000 days).	.....	$411 00	.....	$411 00
	Playground Attendants at $3 per day (600 days).	.....	531 00	.....	531 00
	Playground Attendants at $2 per day (400 days).	.....	762 00	.....	762 00
		$1,704 00	$1,704 00	$1,704 00	$1,704 00

The Commissioner states that the modification is necessary for the reason that the force employed on playgrounds has been reorganized, with a view of improving the efficiency of the service.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1911, as follows:

Department of Parks.

Boroughs of Manhattan and Richmond, Maintenance of Playgrounds—

R-DP-11. Special Revenue Bond Force:

Gymnasium Attendants, at $4 per day (174 days)	$696 00
Gymnasium Attendants, at $3 per day (1,137 days)	3,411 00
Playground Attendants, at $3 per day (777 days)	2,331 00
Playground Attendants, at $2 per day (781 days)	1,562 00
	$8,000 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Acting President of the Borough of Manhattan requesting, and report of the Comptroller recommending, modification of budgetary part allowance Schedules Nos. 1667 and 1692, for the office of the President of the Borough of Manhattan, for the year 1911, providing for a rearrangement of the items in these two schedules to meet the present payroll conditions:

City of New York, Office of the President of the Borough of Manhattan, City Hall, December 1, 1911.

JOSEPH HAAG, Esq., *Secretary of the Board of Estimate and Apportionment,* 277 Broadway, New York City:

Dear Sir—Request is hereby made that the supporting schedules attached to the Budget of the President of the Borough of Manhattan for the year 1911 be amended so as to read as follows:

Bureau of Highways, Maintenance of Highways—

1667. Wages, Temporary Employees:

Foremen, at $4 per diem (3,300 days)	$13,200 00
Foremen, at $3.50 per diem (4,500 days)	15,750 00
Assistant Foreman, at $3.50 per diem (700 days)	2,450 00
Assistant Foremen, at $2.50 per diem (4,500 days)	11,250 00
Pavers, at $5 per diem (14,680 days)	73,400 00
Rammers, at $4 per diem (7,445 days)	29,780 00
Laborers, at $3 per diem (300 days)	900 00

Foreman Mason, at $5.60 per day (50 days)	280 00
	$18,780 00

The changes under Code 1692 consist of a rearrangement of amounts allowed under various titles for overtime, and, particularly, to correct an error in the last modification of this code number, in which the rate allowed for Plumbers was $5 per diem instead of $5.50 per diem. Very truly yours,

E. V. FROTHINGHAM, Acting President of the Borough of Manhattan.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 1, 1911, the President of the Borough of Manhattan requested modification of a wage and a wage Budgetary part allowance schedules in his office for the year 1911. In connection therewith I report as follows:

The request is in the Bureau of Highways, Maintenance of Highways, No. 1667, Wages—Temporary Employees, and the Bureau of Public Buildings and Offices, General Maintenance, Mechanical Force, No. 1692, Wages, Temporary Employees.

In No. 1667 it is proposed to reduce the number of working days of Pavers, at $5, from 15,000 to 14,680; to increase a Draftsman at $1,500 per annum, from 30 to 38 months, and to add a Draftsman, at $1,200 per annum, for 6 months.

In No. 1692 it is proposed to rearrange the schedule for overtime by decreasing the number of working days for Varnisher, Carpenter, Engineer, etc., and increasing those for Oilers, Electricians, Laborers, Sewer Cleaners, etc.

It is stated that the changes in the two accounts are to meet the present payroll conditions. No increase in compensation is involved.

The following table shows the line changes in detail:

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the President of the Borough of The Bronx requesting, and report of the Comptroller recommending, the modification of Salary Schedule 1752, supporting the appropriation made in the Budget for the year 1911, for the office of said Borough President, providing for a decrease in the number of days for Engineers, at $4.50 a day, and an increase in the number of days for Firemen, at $3 per day, to cover the payrolls of the force now employed, for the remainder of the year 1911:

City of New York, President of the Borough of The Bronx, 3d avenue and 177th street, office of the President, November 9, 1911.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—Request is hereby respectfully made for a modification of the schedule lines supporting the appropriation made to the President of the Borough of The Bronx for the year 1911, as follows:

Bureau of Public Buildings and Offices—

1752. Wages, Temporary Employees:

Engineers, at $4.50 per day (398 days)	$1,791 00
Firemen, at $3 per day (463 days)	1,389 00
	$3,180 00

The changes from the present schedule consists of the decrease in the number of days for Engineers, from 424 to 398, and the increase of the number of days for Firemen, from 424 to 463. These changes are made necessary in order to provide the necessary force for the balance of the year 1911, and said changes do not increase the total amount allowed for said schedule.

Respectfully, CYRUS C. MILLER, President, Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 14, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 9, 1911, the President of the Borough of The Bronx requested modification of the 1911 schedule in his office for the Bureau of Public Buildings and Offices, Maintenance, No. 1752, Wages, Temporary Employees. In connection therewith, I report as follows:

It is proposed to decrease Engineers, at $4.50, by 26 days, and increase Firemen, at $3, by 39 days. No other change is involved. It is stated that the modification is to cover the payrolls of the force now employed for the rest of the year.

The following table shows the changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Increase.
1752.	Engineers, at $4.50 per day (424 days)	$117 00	.....
	Firemen, at $3 per day (424 days)	.....	$117 00

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented a report of the Comptroller recommending, that the request of the Park Board for modification of a 1911 salary schedule, providing that $989.25 in the schedule be used for the purchase of an automobile for said Board, be not approved, as the proposed modification is contrary to the resolution governing the 1911 Budget.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the Park Board.

The Secretary presented the following communication from the Acting President of the Borough of Brooklyn requesting, and report of the Comptroller relative to, the modification of budgetary part allowance schedule 1770, Office of the President of the Borough of Brooklyn, for the year 1911, to be effective as of December 1, 1911, providing for the promotion of a Transitman at $1,650, to Assistant Engineer at $1,800 per annum, and changing the title of a Transitman at $1,800 to Assistant Engineer at the same rate, and by striking out a Rodman at $1,050 and substituting a Driver at $900 per annum:

The City of New York, Office of the President of the Borough of Brooklyn, November 25, 1911.

Hon. WILLAM A. PRENDERGAST, *Comptroller*, City of New York:

Dear Sir—I transmit herewith proposed revision of Salary Schedule 1770, Engineering Division, Regular Force, Salaries, Bureau of Highways, Office of the President of the Borough of Brooklyn, which I respectfully recommend that you request the adoption of by the Board of Estimate and Apportionment to take effect as of date of December 1, 1911.

This proposed revision provides for the appointment of 2 Assistant Engineers at $1,800 each, and eliminates 1 Transitman at $1,800, 1 Transitman at $1,650 and 1 Rodman at $1,050. The new line schedule, therefore, to read 8 Assistant Engineers at $1,800 instead of 6, and 5 Transitmen at $1,800 instead of 6, and 6 Rodman at $1,050 instead of 7, and 3 Drivers at $900 instead of 2. Yours very truly,

L. H. POUNDS, Commissioner of Public Works, and Acting President, Borough of Brooklyn.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 13, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 25, 1911, the Acting President of the Borough of Brooklyn requested modification of the budgetary part allowance schedule for the Bureau of Highways, Engineering Division, Regular Force, 1770, Salaries, in his Office for the year 1911. In connection therewith I report as follows:

It is proposed to promote a Transitman, at $1,650, to Assistant Engineer at $1,800 per annum, and change the title of a Transitman, at $1,800, to Assistant Engineer at the same rate.

The increase of $150 per annum involved is to be provided by striking out a Rodman, at $1,050, and substituting a Driver, at $900 per annum.

The incumbent proposed for increase, his period of service, etc., is as follows:

John W. Schmidt, Transitman, from $1,650 to Assistant Engineer, at $1,800 per annum. Mr. Schmidt was appointed on September 12, 1904, as Rodman and Chainman, in the Office of the President of the Borough of Richmond, at $1,050 per annum. On October 1, 1905, he was promoted to Leveler at $1,200. On July 1, 1906, he was increased to $1,350, and on September 1, 1906, his title was changed to Transitman. On February 1, 1907, he was increased to $1,500; on March 1, 1909, to his present rate, and on May 20, 1910, h ewas transferred to the Bureau of Highways, Brooklyn.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Increase.
1770.	Assistant Engineers....6 at $1,800	.....	$3,600 00
	Transitmen ....6 at 1,800	$1,800 00	.....

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond requesting, and report of the Comptroller recommending, approval of the schedule for the corporate stock force, for said Department, Erection and Equipment of Playhouses and Toilet Facilities in playgrounds, throughout the City, to provide for an additional force, for the installation of a new steam heating system and other alterations, in Gracie Mansion, Carl Schurz Park:

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, November 22, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller*, City of New York:

Sir—I respectfully ask that you submit to the Board of Estimate and Apportionment for their approval the following schedule, for the payment of wages, from other than Budget appropriations:

58B. Erection and Equipment of Playhouses and Toilet Facilities in playgrounds throughout the City:

Mason, at $5 per day (16 days)	$80 00
Carpenter, at $5 per day (11 days)	55 00
Laborer, at $2.50 per day (24 days)	60 00
Team with Driver, at $6 per day (3 days)	18 00
	$213 00

The approval of the schedule is necessary for the reason that I am about to have installed in the Gracie Mansion a steam heating system, and the schedule will provide the necessary labor required to tear down the present brick enclosed furnace, which is beyond repair, and prepare a concrete pit to accommodate a new boiler.

This work will also necessitate a number of changes in the cellar to make the walls and flooring safe, all of which can be done under the schedule. Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 16, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 22, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested approval of a schedule of Wages, Temporary Employees for the Corporate Stock fund entitled, "C-DP-58B, Erection and Equipment of Playhouses and Toilet Facilities in playgrounds throughout the City." In connection therewith I report as follows:

The schedule is requested for a force to make safe the walls and flooring in the Gracie Mansion, Carl Schurz Park, and to make changes in the building necessary to the installation of a new steam heating system. The total of the schedule is $213.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented reports of the Comptroller as follows:

Recommending that the request of the Board of Health for the modification of Salary Schedules Nos. 296 and 333, supporting the appropriation made in the Budget for the year 1911, for said Department be referred to the Committee on Standardization of Salaries and Grades, for consideration, as this modification is to provide for an increase in the salary of a Clerk from $540 to $600 per annum, which has not been provided for in the 1912 Budget.

Recommending that the request of the Board of Health for the modification of Salary Schedules Nos. 368 and 333, supporting the appropriation made in the Budget for the year 1911, for said Department, be referred to the Committee on Standardization of Salaries and Grades, for consideration, as this modification is to provide for an increase in the salary of a Clerk from $540 to $600 per annum, which has not been provided for in the 1912 Budget.

Which were referred to the Committee on Standardization of Salaries and Grades.

The Secretary presented the following communication from the Department of Parks, Borough of The Bronx, requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans, specifications (as amended) and estimate of cost ($11,500) for furnishing all the labor and materials for erecting and constructing an additional greenhouse in the Botanical Garden, Bronx Park, under the jurisdiction of said Department.

Department of Parks, Borough of The Bronx, Office of Chief Engineer, Zbrowski Mansion, Claremont Park, November 14, 1911.

JOSEPH HAAG, Esq., *Secretary,* 277 Broadway, Manhattan, N. Y.:

Dear Sir—Pursuant to the resolution adopted by the Board of Estimate and Apportionment July 17, 1911, amended August 31, 1911, I submit herewith, by order of the Commissioner of Parks, for the Borough of The Bronx, plans and specifications for the following contract, the estimated cost of which is $11,500.

"For furnishing all labor and materials for completely erecting and constructing additional greenhouse in the Botanical Garden, in Bronx Park, in The City of New York." Yours very truly, MARTIN SCHENCK, Chief Engineer.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 15, 1911, the Commissioner of Parks, Borough of The Bronx, requested approval of the form of contract, plans, specifications and estimate of cost, in the sum of $11,500, for erecting and constructing an additional greenhouse in the Botanical Garden, Bronx park.

A corporate stock issue in the sum of $12,500 was approved by the Board of Estimate and Apportionment on July 17, 1911, for the improvement. The fund is entitled "C-DP-301Q, Botanical Garden in Bronx Park, Erection of an Additional Greenhouse."

The contract calls for the erection, complete, of an addition to a range of greenhouses in the Botanical Garden, and the installation of the necessary heating plant. The structure is to measure about 25 by 140 feet.

Amendments have been made in the form of contract, plans and specifications, which now are satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the request with amendments noted.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, plans and specifications, as amended, and the estimate of cost in the sum of eleven thousand five hundred dollars ($11,500), for furnishing all the labor and materials for erecting and constructing, complete, an additional greenhouse in the Botanical Garden, Bronx Park, under the jurisdiction of the Department of Parks, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Parks, Borough of Queens, requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of preliminary contract for services of Buchman and Fox, as Architects, in preparing and furnishing preliminary drawings, specifications and estimates of cost, for a proposed engineering and construction office, to be located in Forest Park, Queens, under the jurisdiction of said Department at a cost not to exceed $75, also recommending approval, pursuant to said resolution, of the form of final contract for the services of said architects in preparing complete plans and specifications for the construction and supervision of said engineering and construction office, at a cost not to exceed $300:

The City of New York, Department of Parks, Arsenal, Central Park, November 16, 1911.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—I send you herewith a copy of preliminary contract for services and of final contract for services of Buchman and Fox, Architects, in respect to the construction of the proposed engineering and construction office at Forest Park, Borough of Queens, for approval. Very truly yours,

WALTER G. ELIOT, Commissioner of Parks, Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 16, 1911, the Commissioner of Parks, Borough of Queens, requested approval of forms of preliminary and final contracts for the services of Buchman and Fox, of No. 9 East 59th street, Manhattan, as architects, to prepare preliminary studies and estimates and later complete plans and specifications for and to supervise the construction of the proposed Engineering and Construction Office, to be located in Forest park, Borough of Queens.

The forms of contracts are the same as those prepared by the Corporation Counsel for all contracts of this nature. The proposed remuneration of $75 for the preliminary work and $300 for the final plans, specifications and supervision is reasonable, and is included in the total estimated cost of $7,900 for the whole work, which amount was appropriated in the 1911 corporate stock budget.

I recommend the adoption of the attached resolutions approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of preliminary contract for services of Buchman and Fox, as Architects, for the preparing and furnishing to the City of preliminary drawings, specifications and estimates of cost for a proposed Engineering and Construction Office to be located in Forest park, under the jurisdiction of the Department of Parks, Borough of Queens, at a cost not to exceed seventy-five dollars ($75).

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The followng resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of final contract for services of Buchman and Fox, as Architects, for the preparation of complete plans and specifications for, and the supervision of the construction of, the proposed Engineering and Construction Office to be located in Forest park, under the jurisdiction of the Department of Parks, Borough of Queens, at a cost not to exceed three hundred dollars ($300).

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the plans, amended specifications, form of contract and estimate of cost ($28,600), for the construction of an extension to the pier at the foot of West 45th street, Borough of Manhattan, under the jurisdiction of said Department:

Department of Docks and Ferries, City of New York, Pier "A," North River, November 21, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—I transmit herewith plans, specifications and form of contract 1303 for construction of extension to the pier at the foot of West 45th street, North River, Borough of Manhattan.

The estimated cost is $28,600 and the expense is to be charged against Corporate Stock Funds C-DD-4E.

I request your approval of the plans, specifications, form of contract and estimate. Yours very truly. CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 21, 1911, the Commissioner of Docks and Ferries requested approval of plans, specifications, form of contract and estimate of cost, in the sum of $28,600, for the construction of an extension to the pier at the foot of West 45th street, North River, Borough of Manhattan.

The proposed extension will bring the outer end of the pier to the new pierhead line and will add 200 feet 3 inches to the present pier. The total length of the pier when extended will be 767 feet 3 inches. To connect the new extension to the present pier it will be necessary to take up about 50 feet of the backing logs, decking and sheathing of the existing pier. This work is included in the plans and specifications. Since the submission of the specifications they have been amended by eliminating Article 75 on page 32, providing that the contractor shall pay all expenses of inspection required outside of the City. No inspection will be necessary outside of the City, and the elimination of the Article has been agreed to by the Department of Docks and Ferries. The specifications, as amended, are satisfactory. The plans and form of contract as submitted are satisfactory, and the estimate of cost is reasonable. The cost of the work is to be charged to the corporate stock fund, "C-DD-4E, Department of Docks and Ferries, Construction of Extension to pier at foot of West 45th street," for which the sum of $35,000 was approved by the Board of Estimate and Apportionment on July 17, 1911.

I recommend the adoption of the attached resolution, granting the request with the amendment noted above.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the plans, amended specifications, form of contract, and estimate of cost in the sum of twenty-eight thousand six hundred dollars ($28,600), for the construction of an extension to the pier at the foot of West 45th street, North River, Borough of Manhattan, under the jurisdiction of the Department of Docks and Ferries.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Yours truly,

J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 8, 1911, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of form of contract, plans, specifications and estimate of cost in the aggregate sum of $128,950, for furnishing and delivering cast iron pipe, special casting and valve box castings in department yards.

The contract is divided into seven sections. Bids will be received for one or all sections, but the bids for each section will be compared separately, and the contract awarded by sections.

Sections 1 and 2 provide for the furnishing and delivering of straight pipe, special castings and valve box castings at the department yard, 201st street and Webster avenue, The Bronx; valve box castings and special castings at the department yard, 140th street and 5th avenue, Manhattan; special castings at the department yard, 24th street, Manhattan, and valve box castings at the department yard, St. Peters and Westchester avenues, The Bronx.

These supplies are to be used in making repairs and extensions in new streets by departmental labor. The cost is to be paid from a corporate stock appropriation of $110,000, approved by the Board of Estimate and Apportionment on July 11, 1911, entitled, C-DW-36A, Water Supply System, Boroughs of Manhattan and The Bronx, Supplies and Materials for Labor Construction Force.

Sections 3 and 4 call for the furnishing and delivering of straight pipe, special castings and valve box castings at the department yard, Butler and Nevins street, Brooklyn.

These supplies are to be used in making repairs and extensions in new streets by departmental labor; in the extension of small mains by contract and by departmental labor; in setting double nozzle fire hydrants and in cross-connecting old mains.

The cost of the material furnished and delivered under the award for sections 3 and 4 is to be apportioned against corporate stock appropriations, as follows:

Thirty per cent. to be paid from an issue of $38,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and entitled, C-DW-37P, Water Supply, Borough of Brooklyn, Supplies and Materials for Labor Construction Force.

Twenty-five per cent. to be paid from an issue of $70,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and entitled, C-DW-28, Water Supply System, Borough of Brooklyn, Extension of Distribution for Small Mains.

Thirty per cent. to be paid from an issue of $1,350,000, approved by the Board of Estimate and Apportionment on March 6, 1908, and entitled, C-DW-12, Water Fund, Borough of Brooklyn.

Ten per cent. to be paid from an issue of $45,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and entitled, C-DW-26A, Water Supply System, Borough of Brooklyn, Furnishing and Setting 500 additional double nozzle fire hydrants.

Five per cent. to be paid from an issue of $25,000, approved by the Board of Estimate and Apportionment on July 17, 1910, and entitled, C-DW-37A, Water Supply System, Borough of Brooklyn, Cross-connecting Old Distribution Mains.

Under sections 5 and 6 straight pipe, special castings and valve box castings are to be furnished and delivered at the department yard, West New Brighton, Borough of Richmond.

These supplies are to be used in making repairs and extensions in new streets by departmental labor. The cost is to be paid from a corporate stock appropriation of $28,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and entitled, C-DW-38B, Water Supply System, Borough of Richmond, Supplies and Materials for Labor Construction Force.

Section 7 provides for the furnishing and delivering of straight pipe and special castings at the department yard, First Ward, Dreyer and Laurel Hill avenues, Long Island City, Queens.

The material is to be used in making repairs and extensions in new streets by departmental labor.

The cost is to be paid from a corporate stock appropriation of $28,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and entitled C-DW-34B, Water Supply System, Borough of Queens, Supplies and Materials for Labor Construction Force.

The estimates of cost for the respective sections are as follows:

Section 1	$11,250 00
Section 2	7,000 00
Section 3	64,000 00
Section 4	16,000 00
Section 5	12,000 00
Section 6	3,200 00
Section 7	15,500 00
	$128,950 00

The pipe and other castings are required to be made in accordance with the drawings of standard pipe, special castings and valve box and manhole head castings on file in the Department of Water Supply, Gas and Electricity.

The form of contract and specifications are satisfactory, and the estimates of cost are reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, plans and specifications and estimates of cost for furnishing and delivering cast iron pipe, special casting and valve box castings, as follows:

	Estimates of Cost.
Section 1	$11,250 00

Yours truly,
J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 8, 1911, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of $6,700 for transferring taps, rearranging connections and setting appurtenances on water mains in Water Street, between Whitehall and Dover streets, Borough of Manhattan.

The contract calls for the hauling of pipes, etc., from the Department Yard at 24th street and Avenue A to Water street, where it is to be used; the furnishing and delivering of lead, lead pipe and plumbing supplies; excavating trenches and back fillings; making new house connections and cutting out old ones, etc.

The taps and hydrants are to be transferred from an old 6-inch main to a new 12-inch main, which has recently been laid and which parallels the old one.

The changes will simplify the distribution system and reduce waste from leaking joints and taps. The work of laying a proposed high-pressure fire service main will also be facilitated by the change.

The cost is to be paid from a corporate stock issue of $1,125,000, approved by the Board of Estimate and Apportionment on July 2, 1909, and entitled, "C-DW-13, Water Fund, Boroughs of Manhattan and The Bronx."

The form of contract, plans and specifications are satisfactory, and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, plans, specifications and estimate of cost, in the sum of six thousand, seven hundred dollars ($6,700), for transferring taps, rearranging connections and setting appurtenances on water mains in Water street, Borough of Manhattan, under the jurisdiction of the Department of Water Supply, Gas and Electricity.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract and specifications, for hauling and laying water mains and appurtenances in various streets, in the Borough of Brooklyn, under the jurisdiction of said Department at estimates of cost, as follows: Section 1, District 3, $20,000; Section 2, District 4, $18,000:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 14, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 8, 1911, the Acting Commissioner of Water Supply, Gas and Electricity, requested approval of boundary plan, specifications and estimates of cost in the sum of $38,000 for hauling and laying water mains and appurtenances in various streets in the Borough of Brooklyn.

The contract is divided into two sections. Bids will be received for each or both sections, but the bids will be compared separately and the contract awarded by sections.

The estimates of cost are divided as follows:
Section 1, District 3 ..... $20,000 00
Section 2, District 4 ..... 18,000 00
$38,000 00

The mains are to extend the present distribution lines to streets that are being improved, and where water is urgently needed. The territory embraces all of the southerly portion of Brooklyn extending from Fort Hamilton to Jamaica Bay. The proposed list of streets is on file in the office of the Chief Engineer of the Department.

The estimates of cost include an allowance of 25 per cent. over the quantities required for the listed streets, in order to cover the extension of mains in other streets that may be decided upon between the time of receiving bids and the awarding of the contracts. Also, if it is found advisable to substitute other streets for any of those in the list on file, the right is reserved to do so to the extent of 10 per cent. of the linear feet to be laid in the streets included in the list.

In view of these reservations and the substitutions or additions that may be made to the lists, the preparation of plans in detail has been omitted. The necessary working plans will be furnished to the contractor as the work progresses.

The cost of the work is to be paid from a corporate stock fund of $70,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and entitled, C-DW-28, Brooklyn, Extension to Small Mains.

The form of contract and specifications are satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, specifications and estimates of cost in the sum of twenty thousand dollars ($20,000) for hauling and laying water mains in Section one (1), District three (3), and eighteen thousand dollars ($18,000) for hauling and laying water mains in Section two (2), District four (4), Borough of Brooklyn, under the jurisdiction of the Department of Water Supply, Gas and Electricity.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the President of the Borough of The Bronx requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the plans, specifications, form of contract and estimate of cost ($2,800), for completing the wiring and installing the fixtures in the Municipal Building, Borough of The Bronx, under the jurisdiction of said Borough President:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, November 21, 1911.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—Pursuant to the resolution adopted by the Board of Estimate and Apportionment on July 17, 1911, as amended on August 31, 1911, I submit herewith contract, plans and specifications for completing the wiring and installing the fixtures in the Municipal Building, situated at 3d avenue and Tremont avenue, Borough of The Bronx.

The estimated cost of this work is $2,800. The plans and specifications have been approved by the Department of Water Supply, Gas and Electricity, and the contract has been approved as to form by the Corporation Counsel. Yours truly,
CYRUS C. MILLER, President of the Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 21, 1911, the President of the Borough of The Bronx requested approval of the form of contract, plans, specifications and estimate of cost in the sum of $2,800, for completing the wiring and installing the fixtures in the Municipal Building, Borough of The Bronx.

It is proposed to install fixtures with the necessary wiring to complete work now partly completed, and thereby give adequate system of electric lighting. A number of old fixtures are to be replaced by new fixtures. The form of contract, plans and specifications are satisfactory, and have been approved by the Department of Water Supply, Gas and Electricity. The estimate of cost is reasonable.

The cost of the work is to be charged to corporate stock fund C-PX-3A, Installation of Lighting Equipment in Municipal Buildings, Borough of The Bronx. There is a sufficient balance in the fund to cover the proposed expenditure.

I recommend the adoption of the attached resolution granting the request.
Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted July 17, 1911, as amended August 31, 1911, hereby approves the plans, specifications, form of contract and estimate of cost, two thousand eight hundred dollars ($2,800), for completing the wiring and installing the fixtures in the Municipal Building, Borough of The Bronx, under the jurisdiction of the President of the Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Health requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of preliminary

contract, for the services of John Van Pelt, as Architect, in preparing and furnishing preliminary studies and specifications for the proposed shacks and other structures for erection, by departmental labor, at the Tuberculosis Sanatorium, at Otisville, Orange County, New York, under the jurisdiction of said Department, at a cost not to exceed $700, and form of final contract for services of said architect, in preparing complete plans and specifications, and supervising the construction of the proposed hospital building and reception pavilion at said Tuberculosis Sanatorium, at a cost not to exceed $2,800:

Department of Health, City of New York, S. W. Cor. 55th Street and Sixth Avenue, Borough of Manhattan, Office of the Secretary, New York, November 9, 1911.
Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway:

Sir—At a meeting of the Board of Health, of the Department of Health, held November 9, 1911, the following resolutions were adopted:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve of the employment of John V. Van Pelt, Architect, of 381 4th avenue, Borough of Manhattan, to prepare preliminary drawings and specifications for proposed shacks and other structures for erection by departmental labor at the Tuberculosis Sanatorium at Otisville, N. Y., the cost of said building including Architect's fees, not to exceed the sum of $75,000, chargeable to C-DH-7R; the sum of $350 to be paid said Architect when preliminary drawings, specifications and estimate of cost are submitted, and an additional sum of $350 when the said plans and specifications are finally approved, as corrected and revised, if required, by the Board of Health.

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to approve of the final contract for the services of John V. Van Pelt, Architect, of 381 4th avenue, for his services in preparing complete plans and specifications for, and supervising the construction of the proposed shacks at the Tuberculosis Sanatorium, at Otisville, Orange County, N. Y., at a total fee not to exceed five per cent. of the cost of the above buildings.

A true copy. EUGENE W. SCHEFFER, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 9, 1911, the Board of Health requested approval of two Architects' contracts as follows:

(1). For the employment of John V. Van Pelt, of 381 4th avenue, Borough of Manhattan, as Architect, to prepare preliminary drawings and specifications for the proposed shacks and other structures, for erection by departmental labor, at the Tuberculosis Sanatorium at Otisville, New York.

(2). For the employment of Mr. Van Pelt, as Architect, to prepare complete plans, specifications and supervise the construction of a proposed hospital building and reception pavilion at the Otisville Tuberculosis Sanatorium.

The first contract provides that the cost of the proposed buildings, including Architect's fees, shall not exceed the sum of $75,000. The total fee to be paid the Architect is $700, when the preliminary studies and specifications are finally approved and corrected.

The compensation for the contract is reasonable, and the form of contract is the same as that proposed by the Corporation Counsel, and customarily in use for preliminary Architect's contracts.

The work called for under this preliminary contract has been prepared by Mr. Van Pelt, and approved of and accepted by the Board of Health, which has decided to erect a hospital building and reception pavilion, at an estimated cost of $70,000, instead of a number of shacks and other structures.

The final Architect's contract calls for Mr. Van Pelt, as Architect, to prepare complete plans, specifications and supervise the construction of this proposed hospital building and reception pavilion. The compensation proposed is five per cent. upon the cost of the building, less the sum of $700, paid for the preparation of drawings and specifications already accepted.

The compensation for the contract is reasonable. The form of contract is the same as that prepared by the Corporation Counsel, and customarily in use for final Architect's contracts.

I, therefore, recommend the adoption of the attached resolutions approving the requests. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of preliminary contract for the services of John V. Van Pelt, as Architect, for the preparing and furnishing to the City of preliminary studies and specifications for proposed shacks and other structures, for erection by departmental labor, at the Tuberculosis Sanatorium at Otisville, Orange County, New York, under the jurisdiction of the Department of Health, at an amount not to exceed seven hundred dollars ($700).

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the form of final contract for the services of John V. Van Pelt, as Architect, to prepare complete plans, specifications and supervise the construction of a proposed hospital building and reception pavilion, at the Tuberculosis Sanatorium at Otisville, Orange County, New York, under the jurisdiction of the Department of Health, at an amount not to exceed two thousand eight hundred dollars ($2,800).

The Secretary presented the following communication from the Board of Water Supply requesting, and report of the Comptroller recommending, approval of the purchase by said Board of a perpetual easement in the private road known as Parcel 81, Section 2, Northern Aqueduct, Town of Phillipstown, Putnam County, New York, at a price not exceeding $350:

(On November 29, 1911, the request of the Board of Water Supply for approval of this purchase was referred to the Comptroller.)

Board of Water Supply, City of New York, 165 Broadway, New York, November 24, 1911.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—At the meeting of the Board of Water Supply held November 21, 1911, the following resolution was adopted:

Resolved, That the Board of Water Supply, pursuant to the provisions of chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Aportionment, hereby approves the purchase from Charles De Rham for $350 of a permanent easement in Parcel 81, Section 2, Northern Aqueduct, and that when and if such purchase shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to prepare the necessary agreements and other instruments for the signatures of the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper.

We respectfully request the approval of this purchase by the Board of Estimate and Apportionment. Respectfully,

BOARD OF WATER SUPPLY, per JOSEPH P. MORRISSEY, Secretary.

City of New York, Department of Finance, Comptroller's Office, December 13, 1911.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—The following communication, dated November 24, 1911, from the Board of Water Supply, was presented to your Board at a meeting held November 29, 1911, and was referred to this Department for consideration and report:

"At a meeting of the Board of Water Supply held November 21, 1911, the following resolution was adopted:

"Resolved, That the Board of Water Supply, pursuant to the provisions of chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Apportionment, hereby approves the purchase from Charles De Rham for $350 of a permanent easement in Parcel 81, Section 2, Northern Aqueduct, and that when and if such purchase shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to prepare the necessary agreements and other instruments for the signatures of the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper.

"We respectfully request the approval of this purchase by the Board of Estimate and Apportionment."

The permanent easement which the Board of Water Supply wishes to acquire is known and designated as Parcel 81, Section 2, Northern Aqueduct, in the Town of Phillipstown, Putnam County, N. Y., and covers a private road approximately 25 feet in width by 400 feet in length, containing 0.232 acres, as shown on the map herewith.

The Board of Water Supply obtained a temporary easement over these premises by condemnation proceedings in the year 1908. An award of $250 was made by the Commissioners for said easement, which was to terminate on the completion of the construction of the aqueduct.

In October, 1909, the Chief Engineer of the Board of Water Supply decided that it would be necessary to maintain a perpetual access road to the north chamber of the Indian Rock syphon, which, he states, can only be done over this road. The owner demanded $1,000 for the fee title to the premises, but the Board of Water Supply concluded that the fee title was not necessary. After negotiation he consented to grant a perpetual easement for the sum of $350, which amount is considerably less than the cost would be if the matter were sent to condemnation.

I, therefore, respectfully recommend, the price being reasonable and just, under the circumstances, that the Board of Estimate and Apportionment approve the purchase by the Board of Water Supply of a perpetual easement in the private road known as Parcel 81, Section 2, Northern Aqueduct, Town of Phillipstown, Putnam County, N. Y., at a price not exceeding $350, and that the Corporation Counsel is hereby requested to prepare all necessary agreements and other instruments for the signature of the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 724, Laws of 1905, as amended, hereby approves of the action taken by the Board of Water Supply, in relation to the acquisition of a perpetual easement from Charles De Rham, in the private road known as Parcel 81, Section 2, Northern Aqueduct, Town of Phillipstown, Putnam County, New York, and authorizes the purchase of said perpetual easement, at private sale, at a price not exceeding three hundred and fifty dollars ($350), and requests the Corporation Counsel to prepare all necessary agreements and other instruments for the signature of the Board of Water Supply, and to take such other steps and proceedings as may be necessary and proper.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a report of the Comptroller recommending the acquisition at private sale, at a price not exceeding $38,000, of property on the northeasterly corner of St. Nicholas avenue and West 160th street, Borough of Manhattan, as a site for a Carnegie library.

Which was laid over until the next meeting of the Board, January 4, 1912.

The Secretary presented the following communication from the Board of Education relative to, and report of the Comptroller recommending, the acquisition at private sale, at a price not exceeding $75,000, of property on Kelly street, between Avenue St. John and Leggett avenue, Borough of The Bronx, as a site for an elementary school, under the jurisdiction of the Department of Education:

(On November 16, 1911, the communication from the Board of Education requesting the acquisition of the above site was referred to the Comptroller.)

To the Board of Education:

The Committee on Sites respectfully reports that on February 7, 1910, the Board of Education selected as a site for school purposes a plot of land, 250 feet by 200 feet, on the easterly side of Avenue St. John, running from Fox street to Beck street, The Bronx. The matter has received further consideration, and your Committee is of the opinion that the action taken in selecting said site should be rescinded, and that, in lieu thereof, a site should be selected on the northwesterly side of Kelly street, between Avenue St. John and Leggett avenue, which, as the Committee is informed by the Real Estate Bureau of the Department of Finance, can be acquired for the purpose in view. Funds have been authorized in the Corporate Stock Budget for the year 1911 for the acquisition of a site and the erection of a school building in the vicinity of Union avenue and 155th street, and the site last above mentioned is in that vicinity. It is the intention to erect a new school building as soon as the necessary site is acquired.

The following resolutions are submitted for adoption:

Resolved, That the action taken by the Board of Education on February 7, 1910 (see Journal, pages 316-17), in selecting and determining as a site for school purposes certain lands and premises on Avenue St. John, Beck and Fox streets, Borough of The Bronx, be, and the same is hereby, rescinded.

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Kelly street, between Avenue St. John and Leggett avenue, in Local School Board District No. 24, Borough of The Bronx, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is $45,000:

Beginning at a point on the northwesterly line of Kelly street distant 105 feet northeasterly from the northeasterly line of Avenue St. John, and running thence northwesterly and parallel with Avenue St. John 172.89 feet; thence northeasterly to a point 110 feet southwesterly from the southwesterly line of Leggett avenue and 132.43 feet northwesterly from the northwesterly line of Kelly street; thence southeasterly and parallel with Leggett avenue 132.43 feet to the northwesterly line of Kelly street; thence southwesterly along the northwesterly line of Kelly street 325 feet to the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

A true copy of report and resolutions adopted by the Board of Education November 8, 1911. A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Comptroller's Office, December 14, 1911.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held November 16, 1911, there was referred to the Comptroller for consideration and report, a communication from the Secretary of the Board of Education transmitting certified copies of resolutions adopted by said Board on November 8, 1911, relative to the acquisition of a site for an elementary school on Kelly street, between Avenue St. John and Leggett avenue, in the Borough of The Bronx.

At a meeting of your Board held July 17, 1911, corporate stock to the amount of $695,000 was authorized to provide means for the acquisition of school sites in the different Boroughs, among which was one in the vicinity of Union avenue and East 155th street, Borough of The Bronx. This resolution was concurred in by the Board of Aldermen on July 25, 1911.

The site selected by the Board of Education on Kelly street, between Avenue St. John and Leggett avenue, is satisfactory for the location in the vicinity of East 155th street and Union avenue. These premises consist of a plot of ground with a frontage on Kelly street or 325 fet and a depth on the northerly side of 132 (plus) feet and a depth on the southerly side of 172 (plus) feet.

The original asking price for these premises was $81,000, but after negotiation by the Comptroller the same may be purchased for the sum of $75,000.

The price being reasonable and just, I respectfully recommend that your Board approve of the selection of the following described premises for use of the Department of Education:

All that certain plot, piece or parcel of land situate, lying and being in the Borough of The Bronx, City and State of New York, bounded and described as follows:

Beginning at a point on the northerly line of Kelly street distant one hundred and

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection by the Board of Education of the following described property located on Kelly street, between Avenue St. John and Leggett avenue, Borough of The Bronx, as a site for school purposes:

All that certain plot, piece or parcel of land, situate, lying and being in the Borough of The Bronx, City and State of New York, bounded and described as follows:

Beginning at a point on the northerly line of Kelly street distant one hundred and ten feet westerly from the point of intersection of the said northerly line of Kelly street with the westerly line of Leggett avenue; running thence northerly, at right angles to Kelly street, one hundred and thirty-two feet and forty-three one-hundredths of a foot to a point distant one hundred and ten feet and eighty-five one-hundredths of a foot westerly from the westerly side of Leggett avenue on a line beginning at a point on the westerly side of Leggett avenue distant one hundred and eighteen feet and seventy one-hundredths of a foot northerly from the intersection of the northerly side of Kelly street with the said westerly side of Leggett avenue, and running northwesterly to a point on the easterly side of Avenue St. John distant one hundred and eighty-six feet and nine one-hundredths of a foot northerly from the point of intersection of said easterly side of Avenue St. John and the northerly side of Kelly street; thence northwesterly along said line, three hundred and twenty-seven feet and forty-seven one-hundredths of a foot; thence southerly, or nearly so, one hundred and seventy-two feet and ninety-nine one-hundredths of a foot to the northerly line of Kelly street at a point thereon distant one hundred and five feet easterly from the easterly side of Avenue St. John; thence easterly along said northerly line of Kelly street, three hundred and twenty-five feet to the point or place of beginning; be each and all of said distances and dimensions more or less; together with all the right, title and interest, if any, of the owner, of, in and to the street in front thereof to the centre thereof.

—and authorizes the Comptroller to enter into a contract for the acquisition of the said property, at private sale, at a price not exceeding seventy-five thousand dollars ($75,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following report of the Comptroller recommending the acquisition, at private sale, of property situated on the northerly side of 5th street, between 1st and 2d avenues, Borough of Manhattan, as a site for the use of the Police Department, at prices not exceeding $25,000 for Parcel No. 1, and $28,000 for Parcel No. 2, premises being in two ownerships:

City of New York, Department of Finance, Comptroller's Office, December 15, 1911.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held July 17, 1911, corporate stock to the amount of $200,000 was authorized, to provide means for the acquisition of land and building a station house stable and precinct for the 15th Precinct, under the jurisdiction of the Police Department of the City of New York, which resolution was concurred in by the Board of Aldermen on July 25, 1911.

In connection therewith I directed that an examination of the available sites be made by the Appraiser of Real Estate of this Department, in company with the Police Commissioner, and it was finally determined that the plot of ground situated on the northerly side of 5th street, between 1st and 2d avenues, Borough of Manhattan, being 50 feet in width by about 97 feet in depth, was the most suitable for the purpose.

The premises are in two ownerships: Parcel No. 1 consists of a plot of ground 25 feet in width, both front and rear, with a depth on each side of 97 feet. Parcel No. 2 consists of a plot of ground 25 feet in width, both front and rear, with a depth on each side of 97 feet.

The original asking price for Parcel No. 1 was $27,500, but after negotiation it may be secured for the sum of $25,000. The original asking price for Parcel No. 2 was $33,000, but after negotiation by the Comptroller the same may be purchased for the sum of $28,000.

This plot was selected because the structures erected thereon are not of a high character, this being the only spot within the 15th Precinct where such a condition exists.

The Police Commissioner has approved of the selection of the above-mentioned site.

The price being reasonable and just, I respectfully recommend that your Board approve of the selection of the following described premises for use of the Police Department:

Parcel No. 1—All that certain lot or parcel of land, with the improvements thereon, situate in the Borough of Manhattan, City of New York, and lying and being on the northerly side of 5th street between 1st and 2d avenues, bounded and described as follows:

Beginning at a point in the northerly line of 5th street, distant two hundred and seventy-five (275) feet southeasterly from the northeasterly corner of 2d avenue and 5th street; running thence northeasterly parallel with 2d avenue ninety-seven (97) feet to the centre line of the block; thence southeasterly, parallel with 5th street twenty-five (25) feet; thence southwesterly, parallel with 2d avenue ninety-seven (97) feet to the northerly line of 5th street; and thence northwesterly along the said northerly line, twenty-five (25) feet to the point or place of beginning; being the lot distinguished on a map entitled "Map of Part of the Real Estate of Stephen Whitney, Deceased," filed in the office of the Register of the City and County of New York on the 14th day of June, 1861, and numbered 639 by the number one hundred and forty-six (146), be the said several dimensions more or less, said property being known by the street number, 323 5th street, Borough of Manhattan, City of New York; together with all the right, title and interest, if any, of the owner of the said property, of, in and to the street in front thereof to the centre thereof.

—and the Comptroller be authorized to enter into contract for the acquisition of the same at private sale at a price not exceeding $25,000, said contract to be submitted to the Corporation Counsel for his approval as to form; also

Parcel No. 2—All that certain lot or parcel of land, with the improvements thereon, situate in the Borough of Manhattan, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of 5th street distant two hundred and fifty (250) feet easterly from the intersection of the northerly side of 5th street and the easterly side of 2d avenue; running thence northerly at right angles with 5th street ninety-seven (97) feet to the middle line of the block; thence easterly along said line and parallel with 5th street twenty-five (25) feet; thence southerly at right angles with 5th street ninety-seven (97) feet to the northerly side of 5th street; thence westerly along the northerly side of 5th street twenty-five (25) feet to the point or place of beginning; being the lot known and distinguished by the number one hundred and forty-four (144) on a certain map entitled "Map of Part of the Real Estate of Stephen Whitney, Deceased," filed in the office of the Register of the County of New York, on June 14, 1861, as Map Number 639; be the said several dimensions more or less; said property being known by the street number 321 5th street, Borough of Manhattan, City of New York, together with all the right, title and interest, if any, of the owner of said property of, in and to the street in front thereof to the centre thereof.

—and the Comptroller be authorized to enter into contract for the acquisition of the same at private sale, at a price not exceeding $28,000, said contract to be submitted to the Corporation Counsel for his approval as to form. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

—and authorizes the Comptroller to enter into a contract for the acquisition of the said property at private sale, at a price not exceeding twenty-five thousand dollars ($25,000), said contract to be submitted to the Corporation Counsel for approval as to form; also

Parcel No. 2.

All that certain lot or parcel of land, with the improvements thereon, situate in the Borough of Manhattan, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of 5th street distant two hundred and fifty (250) feet easterly from the intersection of the northerly side of 5th street and the easterly side of 2d avenue; running thence northerly at right angles with 5th street ninety-seven (97) feet to the middle line of the block; thence easterly along said line and parallel with 5th street, twenty-five (25) feet; thence southerly at right angles with 5th street, ninety-seven (97) feet to the northerly side of 5th street; thence westerly along the northerly side of 5th street, twenty-five (25) feet to the point or place of beginning; being the lot known and distinguished by the number one hundred and forty-four (144) on a certain map entitled "Map of Part of the Real Estate of Stephen Whitney, deceased," filed in the office of the Register of the County of New York, on June 14, 1861, as Map Number 639; be the said several dimensions more or less; said property being known by the street number 321 5th street, Borough of Manhattan, City of New York; together with all the right, title and interest, if any, of the owner of said property, of, in and to the street in front thereof to the centre thereof,

—and authorizes the Comptroller to enter into a contract for the acquisition of the said property at private sale, at a price not exceeding twenty-eight thousand dollars ($28,000), said contract to be submitted to the Corporation Counsel for his approval as to form.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following report of the Comptroller recommending the acquisition, at private sale, at a price not exceeding $65,000, of property in the square block bounded by Kingsland avenue, Bullion street, Debevoise avenue and Benton street, Brooklyn, as a site for the new Cumberland Street Hospital, under the jurisdiction of the Department of Public Charities, subject to the concurrence of the Board of Aldermen:

City of New York, Department of Finance, Comptroller's Office, December 18, 1911.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—At a meeting of your Board held July 17, 1911, the following resolution was adopted:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding four hundred and twenty-five thousand dollars ($425,000), to provide means for the acquisition of a site and the construction of a new hospital to replace the present Cumberland Street Hospital, Borough of Brooklyn, under the jurisdiction of the Department of Public Charities, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid."

It has been determined by the Commissioner of Public Charities that the most available site for the purposes aforesaid is the square block bounded by Kingsland avenue, Bullion street, Debevoise avenue and Benton street, in the Borough of Brooklyn, which includes fifty lots of the size 20x100.

In a communication from Commissioner Drummond, addressed to the Comptroller under date of December 15, 1911, he states, in part:

"This property is in a rapidly developing neighborhood in close proximity to the busy Greenpoint section, as well as the Williamsburg section of this City.

"If this property can be secured at a reasonable rate, I think it would be advisable for the City to purchase it. There is a great demand for hospital facilities in this section, which would be met by the location of a hospital there."

I have personally visited this site in company with the Commissioner, and concur in his views.

After negotiation, the premises may be secured for the sum of $65,000.

I therefore respectfully recommend, the price being reasonable and just, that your Board approve of the selection of the following described premises for use of the Department of Public Charities:

All those certain lots, pieces or parcels of land situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the northerly side of Bullion street with the easterly side of Kingsland avenue; running thence easterly along the northerly side of Bullion street 515 feet 1¼ inches to the westerly side of Debevoise avenue; thence northerly along the westerly side of Debevoise avenue 199 feet 10⅜ inches to the southerly side of Benton street; thence westerly along the southerly side of Benton street 473 feet 5⅜ inches to the easterly side of Kingsland avenue; thence southerly along the easterly side of Kingsland avenue 206 feet 11½ inches to the point or place of beginning, be the said several dimensions more or less; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the centre thereof; said property being known on the tax maps of The City of New York as Section 10, Block 2885,

—and authorize the Comptroller, subject to the concurrence of the Board of Aldermen, to enter into contract for the acquisition of the same at private sale, at a price not exceeding $65,000, said contract to be submitted to the Corporation Counsel for his approval as to form. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, subject to the concurrence herewith by the Board of Aldermen, hereby approves of the selection by the Commissioner of the Department of Public Charities of the following described property located on Kingsland avenue, Bullion street, Debevoise avenue and Benton street, Borough of Brooklyn, for the use of said Department:

All those certain lots, pieces or parcels of land situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point formed by the intersection of the northerly side of Bullion street with the easterly side of Kingsland avenue; running thence easterly along the northerly side of Bullion street 515 feet 1¼ inches to the westerly side of Debevoise avenue; thence northerly along the westerly side of Debevoise avenue 199 feet 10⅜ inches to the southerly side of Benton street; thence westerly along the southerly side of Benton street 473 feet 5⅜ inches to the easterly side of Kingsland avenue; thence southerly along the easterly side of Kingsland avenue 206 feet 11½ inches to the point or place of beginning, be the said several dimensions more or less; together with all the right, title and interest, if any, of the owner, of, in and to the streets in front thereof to the centre thereof; said property being known on the tax maps of the City of New York as Section 10, Block 2885,

—and authorizes the Comptroller to enter into a contract for the acquisition of the said property at private sale, at a price not exceeding sixty-five thousand dollars ($65,000), said contract to be submitted to the Corporation Counsel for approval as to form.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a report of the Comptroller, referring to the request of the Board of Aldermen for an issue of $2,467.67 special revenue bonds (subdivision 8, section 188 of the Charter), to be used by the Department of Public Charities for the compensation of employees engaged temporarily upon special work, and stating that no action is necessary on this request, as the Board, on November 16, 1911, authorized transfers within the appropriation for said Department for the year 1911, which provided for the above purpose.

Which was ordered filed and the Secretary directed to notify the Board of Aldermen.

(On December 7, 1911, the above resolution was referred to the Comptroller.)

The Secretary presented the following communication from the Assistant Commissioner of Public Works, Borough of Manhattan, requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the forms of preliminary contracts for the services of Charles G. Armstrong & Son, as Architects, in preparing and furnishing preliminary studies and specifications for the President of the Borough of Manhattan, as follows:

1. For the construction of a swimming pool in public bath building located at 342-48 East 54th street, Manhattan, at a cost not to exceed $540.

2. For the construction of swimming pools in public bath buildings on Carmine street, Rutgers place and Rivington street, Manhattan, at a cost not to exceed $1,000.

Offices of Commissioner of Public Works, Borough of Manhattan, 21 Park Row, New York City, November 15, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, **New York:**

Dear Sir—Pursuant to a resolution of the Board of Estimate and Apportionment of July 17, as amended August 31, 1911, there are transmitted herewith for approval preliminary contracts for services of Charles G. Armstrong & Son for the preparation of plans and specifications of proposed swimming pools to be installed in the public baths, Borough of Manhattan.

The amount appropriated by resolutions of the Board of Estimate and Apportionment June 3, 1910, and July 17, 1911, respectively, was $154,000, and the cost of the work, including Architect's fees, will not exceed the amount authorized.

Yours very truly, W. R. PATTERSON, Assistant Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 15, 1911, the President of the Borough of Manhattan transmitted for approval forms of preliminary contracts for the services of Charles G. Armstrong & Son, of 149 Broadway, as Architects, to prepare and furnish preliminary studies and specifications, as follows:

A. For the preparation of preliminary drawings and specifications for the construction of a swimming pool in the public bath building, 342 to 348 East 54th street, Manhattan.

B. For the preparation of preliminary drawings and specifications for the construction of swimming pools in public bath buildings at Carmine street, Rutgers place and Rivington street, Manhattan.

Preliminary Contract A provides that the Architects are to prepare preliminary plans and specifications for the work and furnish an estimate in writing. The total estimated cost, including Architect's services, together with the cost of service and inspection, shall not exceed $54,000, the amount appropriated for the work in the 1910 Corporate Stock Budget.

The City agrees to make payment to the Architect for Contract A as follows:

When the preliminary studies and specifications are submitted to the President, and when the said studies and specifications are finally approved, as corrected and revised, $540.

Preliminary Contract B provides that the Architects are to prepare preliminary plans and specifications for the work and furnish an estimate in writing. The total estimated cost, including Architect's services, together with the cost of service and inspection, shall not exceed $100,000, the amount appropriated for the work in the 1911 Corporate Stock Budget.

The City agrees to make payment to the Architects for Contract B as follows:

When the preliminary studies and specifications are submitted to the President and when the said studies and specifications are finally approved, as corrected and revised, $1,000.

The proposed compensation in each case is reasonable. The form of contract is the same as that prepared by the Corporation Counsel for all preliminary Architects' contracts.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of preliminary contracts for the services of Charles G. Armstrong & Son, as Architects, for the preparing and furnishing to the City of preliminary studies and specifications, as follows:

A. Form of preliminary contract for the preparing and furnishing to the City of preliminary studies and specifications for the construction of a swimming pool in the public bath building, located at 342 to 348 East 54th street, Borough of Manhattan, at an amount not to exceed five hundred and forty dollars ($540).

B. Form of preliminary contract for the preparing and furnishing to the City of preliminary studies and specifications for the construction of swimming pools in public bath buildings at Carmine street, Rutgers place and Rivington street, Borough of Manhattan, at an amount not to exceed one thousand dollars ($1,000).

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, specifications and estimate of cost ($2,000), for furnishing and installing motor driven air compressors and appurtenances, complete, at the main and reserve high pressure fire service stations, Borough of Brooklyn, under the jurisdiction of said Department:

Yours truly, J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 8, 1911, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, specifications and estimate of cost in the sum of $2,000, for furnishing and installing motor driven air compressors and appurtenances, complete, at the main and reserve high pressure fire service stations, Borough of Brooklyn.

The contract provides that air compressors shall be installed as follows:

One in the main high pressure station at Furman and Joralemon streets, Brooklyn, and one in the reserve high pressure station at St. Edwards and Willoughby streets, Brooklyn.

The compressors are to be of the duplex cylinder type driven by a 10 horsepower electric motor, and each compressor is to have a capacity of 50 feet of free air per minute, against an air pressure of 90 pounds per square inch.

Air and twist drills are to be furnished with each compressor for shop use.

The compressors are required principally for cleaning by pneumatic pressure the high tension (6,600 volts) apparatus and equipment in the stations.

The expenditure is to be paid from a corporate stock appropriation of $750,000 approved by the Board of Estimate and Apportionment on May 28, 1909, and entitled C-DW-9A, Extension of High Pressure Water Supply for Fire Service to Gowanus and South Brooklyn districts. There is a sufficient balance in the fund for the proposed expenditure.

The form of contract and specifications are satisfactory, and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, specifications and estimate of cost in the sum of two thousand dollars ($2,000) for furnishing and installing motor driven air compressors and appurtenances, complete, at the main and reserve high pressure fire service stations, Borough of Brooklyn, under the jurisdiction of the Department of Water Supply, Gas and Electricity.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond, requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the plans, specifications and estimate of cost ($900), for furnishing and installing a system of steam heating in Gracie Mansion, Carl Schurz Park, Borough of Manhattan, under the jurisdiction of said Department; provided, however, that the plans are amended in accordance with the resolution accompanying said report:

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, November 27, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Sir—Commissioner Stover directs me to transmit to you the enclosed specifications and plans for furnishing and installing a system of steam heating in Gracie Mansion, Carl Schurz Park. This work is to be done by open market order, and the estimated cost of the same is $900. It is to be charged to "Erection and Equipment of Playhouses throughout the City," C-DP-58B. It is designed to heat the basement and first floor, and for future extension to second floor, to enable its use for this winter without stoves.

It is the intention to use Gracie Mansion as a playhouse for Carl Schurz Park, and for that reason it is desired that this heating system be installed as rapidly as possible. Since Gracie Mansion was turned over to the City many years ago it has never been used; but, while at the present time it is used by a great many people, no provision has been made for the heating thereof. Respectfully,

IRA H. PATCHEN, Secretary to the Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 15, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested approval of plans, specifications and estimate of cost in the sum of $900 for furnishing and installing a system of steamheating in Gracie Mansion, Carl Schurz Park, Borough of Manhattan.

The work is to be done by open market order. Therefore, no form of contract is necessary.

Gracie Mansion is an old two-story and basement frame building, in Carl Schurz Park. The basement is occupied by toilets for men and women, Attendants' rooms, and storage rooms for the apparatus used in the park. The first floor is occupied by the Home Thrift Association as a workshop for children making various articles of wood from packing boxes, etc. This floor also contains a small lecture room. The second floor is occupied by the Caretaker.

It is proposed to install a small steam boiler, to run piping and set radiators in various locations in the basement and first floor and to replace the present coal stoves, of which there are six on the two floors. No radiators are to be set on the second floor, but the piping is to be left with plugged outlets for future extension to the second floor.

The plans do not show the run of the piping. The locations of several of the radiators shown on the plans will have to be changed to suit the conditions at the building. The plans when so amended will be satisfactory. The specifications are satisfactory. The estimate of cost is reasonable.

The expenditure is to be charged to the Corporate Stock Fund, C-DP-58B, Erection and Completion of Playhouses and Toilet Facilities in Playgrounds throughout the City." There is a sufficient balance in the fund for the work.

I recommend the adoption of the attached resolution granting the requested approval, conditional upon the plans being amended as noted above.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 17, 1911, as amended on August 31, 1911, hereby approves the plans, specifications and estimate of cost in the sum of nine hundred dollars ($900), for furnishing and installing a system of steam heating in Gracie Mansion, Carl Schurz Park, Borough of Manhattan, under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond, provided the plans are amended to show the run of the piping and the proper locations of the radiators to be installed.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans, specifications and estimate of cost ($105,000), for furnishings, delivering and laying water mains and appurtenances in Broadway, 10th and Chambers streets, Bayside boulevard, Ashburton, Crocheron and Mitchell avenues, and Whitestone road, Borough of Queens, under the jurisdiction of said Department:

Yours truly,

J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 8, 1911, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of $105,000 for furnishing, delivering and laying water mains and appurtenances in Broadway, 10th and Chambers streets, Bayside boulevard, Ashburton, Crocheron and Mitchell avenues and Whitestone road, Borough of Queens.

The work proposed under the contract consists in the installing of a 24-inch water main in the above named streets, etc., leading from the pumping station at Bayside to the stand pipe at 15th street and Mitchell avenue, Flushing, a distance of about 19,000 feet.

The line of pipe is to provide trunk main capacity for the increased yield of the Bayside pumping station, which has recently been augmented by the driving of additional wells and the completion of the Oakland lake filters.

The form of contract, plans and specifications are satisfactory and the estimate of cost is reasonable.

The cost is to be paid from a corporate stock appropriation of $115,000, entitled "C-DW-34C," and approved for the purpose by the Board of Estimate and Apportionment on July 17, 1911.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of one hundred and five thousand dollars ($105,000) for furnishing, delivering and laying water mains and appurtenances in Broadway, 10th and Chambers streets, Bayside boulevard, Ashburton, Crocheron and Mitchell avenues and Whitestone road, Borough of Queens, under the jurisdiction of the Department of Water Supply, Gas and Electricity.

Yours truly, J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 12, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 8, 1911, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of $13,000, for furnishing and constructing a chlorinating plant at Dunwoodie, Yonkers, N. Y.

The work proposed under the contract consists of the erection of a two-story concrete building, 32 by 50 feet, and with a wing, 9 feet 4 inches by 32 feet. The building is to have a terra cotta roof.

The structure is to be equipped with a traveling crane for handling metal drums filled with chemical. Motors, pumps, tanks, hopper, piping, valves, measuring devices and other equipment necessary for dissolving the chemical and feeding a solution into both the new and old aqueducts are to be installed.

The new and old aqueducts at this point are about 150 feet apart. The plant will have feeding pipes leading into the aqueducts.

The plant is to be used to treat the entire Croton water supply for the Boroughs of Manhattan and The Bronx by introducing hypochlorite of lime to destroy any bacteria or other organisms in the water.

The expenditure is to be paid from a corporate stock appropriation of $15,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and entitled C-DW-36C, Water Supply, Boroughs of Manhattan and The Bronx, Construction of Chlorinating Plant at Dunwoodie.

The form of contract, plans and specifications are satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, plans, specifications and estimate of cost in the sum of thirteen thousand dollars ($13,000) for furnishing and constructing a chlorinating plant at Dunwoodie, Yonkers, N. Y., under the jurisdiction of the Department of Water Supply, Gas and Electricity.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a report of the Comptroller returning for filing resolution of the Board of Aldermen requesting an issue of $750 special revenue bonds (subdivision 8, section 188 of the Charter), to provide for the salary of an Assistant Commissioner of Public Works in the Borough of Queens, for the last three months of 1911, as this resolution was adopted on the request of the former Borough President, and the present Borough President requests that no action be taken thereon.

Which was ordered filed and the Secretary directed to notify the Board of Aldermen.

On December 7, 1911, the above resolution was referred to the Comptroller.

The Secretary presented a report of the Comptroller referring to protest from District 15 of the International Association of Machinists against "the specializing of machinists' work" in City departments, and particularly against the creating of the position of Automobile Machinist, stating that the title of Automobile Machinist was established to conform to the work of the incumbents occupying said position in the Department of Street Cleaning, and in the Fire Department, and there is no reason apparent why Machinists, if qualified to repair automobiles, may not be detailed to this work in any department, and, furthermore, the title has been adopted by the Civil Service Commission, and recommending that the communication be placed on file, and copy of report transmitted to District 15 of the International Association of Machinists.

Which was ordered filed, and the Secretary directed to transmit a copy thereof to District 15, International Association of Machinists.

(On October 19, 1911, the above protest was referred to the Comptroller.)

The Secretary presented a report of the Comptroller relative to the request of the Commissioner of Fire Department for the establishment, pursuant to section 56 of the Charter, of the grade of position of Chief of the Fire Department, at the rate of $10,000 per annum, for one incumbent, and stating that no action is necessary on said request, as the Budget for 1911 established said position.

Which was ordered filed, and the Secretary directed to transmit a copy thereof to the Fire Commissioner.

(On August 31, 1911, the above communication was referred to the Committee on Salaries and Grades.)

The Secretary presented the following report of the Corporate Stock Budget Committee recommending that the resolution adopted November 16, 1911, calling upon the heads of the various departments to submit a statement of prospective requirements and needs of said departments for the authorization and issue of corporate stock during the year beginning July 1, 1912, and so far as possible for the subsequent years to and including the year 1916, be amended by limiting said statements for the year 1912 only, as the Committee has become convinced that it would be better not to confuse the requested authorizations of corporate stock for the year 1912 with the estimated authorizations for the years up to and including 1916:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 13, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 16, 1911, your Board adopted a resolution calling upon the heads of the various departments to submit a statement of prospective requirements and needs of said departments for the authorization and issue of corporate stock, during the year beginning July 1, 1912, and, so far as possible, for the subsequent years to and including the year 1916, showing the amounts that will be required for expenditures during the year 1912, in pursuance of authorizations now existing, and showing separately the additional amounts that will be required or requested in each annually recurring Corporate Stock Budget for the years stated; all of such information to be submitted in a manner and form to be prescribed by the Comptroller.

Since the adoption of this resolution, your Committee has become convinced that it would be better not to confuse the requested authorizations of corporate stock for the year 1912 with the estimated authorizations for the years up to and including 1916.

Last year the Board of Estimate and Apportionment requested and obtained from the various departments estimates for five years. These estimates were not intended to become the basis of the Corporate Stock Budget for 1911, but were actually used as such. However, in the preparation of the Budget, it was found that the seven statements required of the various departments were of little practical value, and, in many instances, served to create confusion. We recommend that the Board of Estimate and Apportionment amend the resolution adopted November 16, 1911, so that it will call for estimates for authorizations of corporate stock for only one year, 1912.

The Board of Estimate and Apportionment is already in possession of the estimates for the years 1913, 1914 and 1915 and can refer to these estimates in case the information is wanted concerning the prospective needs in the years subsequent to 1912.

We recommend the adoption of the attached resolution amending the resolution adopted November 16, 1911. Respectfully,

WM. A. PRENDERGAST, Comptroller; FRANCIS P. BENT, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment at a meeting held November 16, 1911, which reads as follows:

"Resolved, That the various departments be required to submit to the Board of Estimate and Apportionment, at or before its first meeting in January, 1912, a statement of the prospective requirements and needs of said departments for the authorization and issue of corporate stock during the year beginning July 1, 1912, and, so far as possible, for the subsequent years to and including the year 1916, showing the amounts that will be required for expenditures during the year 1912, in pursuance of authorizations now existing, and showing separately the additional amounts that will be required or requested in each annually recurring Corporate Stock Budget for the year stated; all of such information to be submitted in a manner and form to be prescribed by the Comptroller."

—be amended to read as follows:

Resolved, That the various departments be required to submit to the Board of Estimate and Apportionment at or before its third meeting in January, 1912, a statement of the prospective requirements and needs of the said departments for the authorization and issue of corporate stock during the year beginning July 1, 1912, such information to be submitted in a manner and form to be prescribed by the Comptroller.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following report of the Comptroller, transmitting copy of forms and instructions for the use of the heads of the various departments and offices in submitting departmental estimates of authorizations of corporate stock required to be made for the year beginning July 1, 1912:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 14, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—Herewith I am transmitting copy of forms and instructions for the use of heads of the various departments and offices in submitting departmental estimates of authorizations of corporate stock required to be made in the year beginning July 1, 1912. Respectfully, WM. A. PRENDERGAST, Comptroller.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The matter was ordered filed and the Secretary directed to transmit copies thereof to the departments affected.

The Secretary presented the following communication from the Department of Parks, Borough of The Bronx, requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of the form of contract, plans and specifications (as amended), and estimate of cost ($19,000), for erecting a stone wall, surmounted by an iron fence, in the Botanical Garden, Bronx Park, under the jurisdiction of said Department:

Department of Parks, Borough of The Bronx, Office of Chief Engineer, Zbrowski Mansion, Claremont Park, November 14, 1911.

JOSEPH HAAG, Esq., *Secretary,* 277 Broadway, Manhattan, N. Y.:

Dear Sir—Pursuant to the resolution adopted by the Board of Estimate and Apportionment July 17, 1911, amended August 31, 1911, I submit herewith, by order of the Commissioner of Parks for the Borough of The Bronx, plans and specifications for the following contract, the estimated cost of which is $19,000: "For furnishing all the labor and materials for completely erecting and constructing a stone wall, surmounted by an iron fence, in the Botanical Garden, in The City of New York."

Yours very truly, MARTIN SCHENCK, Chief Engineer.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 16, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 14, 1911, the Commissioner of Parks, Borough of The Bronx, requested approval of the form of contract, plans, specifications and estimate of cost in the sum of $19,000 for furnishing all the labor and materials for erecting and constructing a stone wall surmounted by an iron fence in the Botanical Garden, in Bronx Park.

The proposed wall and fence are to be built on the boundary line of the Botanical Garden, from the southeast corner along the westerly side of Bronx boulevard to a stone wall north of the garden power house, a distance of about 2,800 feet. The fence is to enclose the garden on the easterly side.

The base wall is to be of split stone masonry on a foundation of concrete or rubble, carried down to a depth of three feet below the finished grade.

On top of the wall an iron picket fence, with pickets 6 feet 6 inches in height, is to be erected.

The cost is to be paid from a corporate stock fund of $20,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and entitled, DP-301J, Boundary Fence, Botanical Garden.

The plans and specifications as submitted were incomplete. Additional drawings have been furnished by the Architects. The form of contract, also, has been amended to provide for the retention of 2 per cent. of the cost for a period of one year, as security for the maintenance guarantee. A small change has been made in the specifications.

As amended, the form of contract, plans and specifications are satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the request with the amendments noted above. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract, plans and specifications, as amended, and the estimate of cost in the sum of nineteen thousand dollars ($19,000), for furnishing all the labor and materials for completely erecting and constructing a stone wall surmounted by an iron fence in the Botanical Garden, Bronx Park, under the jurisdiction of the Department of Parks, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a report of the Committee on Salaries and Grades, referring to the request of the City Clerk for the establishment of the grade of position of Messenger at $1,200 per annum, for one incumbent, and stating that no action is necessary on said requests as said grade of position was established on April 3, 1902, for an unlimited number of incumbents.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the City Clerk.

(On December 7, 1911, the request of the City Clerk for the establishment of said grade was referred to the above committee.)

The Secretary presented the following report of the Committee consisting of the Comptroller and the President of the Borough of Manhattan, relative to the terms and conditions of a contract with the Newman & Carey Company, under which snow might be dumped into the sewers of the Borough of Brooklyn:

(On December 7, 1911, the above matter was referred to said Committee.)

December 20, 1911.

To the Honorable Board of Estimate and Apportionment:

Dear Sirs—At a meeting of the Board of Estimate and Apportionment, held on December 7, 1911, the undersigned were appointed a Committee to report such terms and conditions under which it might be proper for the Borough President of Brooklyn to permit the Newman & Carey Company, with whom the City had a contract for the removal of snow during the winter of 1911-12 in the Borough of Brooklyn, to dispose of the snow by using certain sewers. A public hearing was held on December 15, 1911, at which there were present representatives of both the Newman & Carey Company and the Brooklyn Contractors' Association, as well as the representative of taxpayers who claimed to have no direct interest in the contract. From the statements there made, and from further investigations independently undertaken by your Committee, it appears that the Newman & Carey Company has been unable to obtain the full quota of trucks which would enable it to handle the contract properly, largely because of the prohibition placed upon its members by the Brooklyn Contractors' Association to rent their trucks to the Newman & Carey Company. As this state of affairs still continues, it is fair to assume that the conditions existing during the last fall of snow will be duplicated when the next snowfall arrives. Your Committee has obtained an opinion from the Corporation Counsel stating that under the conditions which existed during the last snow storm the City would be justified in permitting the sewers to be used for the disposal of snow.

When the contract for the removal of snow was advertised, there was no provision made for the use of sewers in the Borough of Brooklyn, and, consequently, this method of removal was not contemplated nor reflected in the cubic yard price bid for the removal of the snow. It would, therefore, be proper that the contractor receiving the benefit of this assistance, which will materially shorten the haul wherever the sewers are used, should pay for the privilege granted him by the City. The President of the Borough of Brooklyn, through the Department of Sewers, has made certain stipulations according to which the contractor is to defray the expense caused by the placing of Sewer Inspectors at each manhole used for this purpose, and for the erection of staging in certain sewers for their protection, and has further stipulated that the snow shall be dumped next to the manhole and shoveled in by labor to be supplied by the contractor.

Your Committee recommends that The City of New York shall, during the existence of an emergency recognized as such by this Committee, be authorized to deduct from the agreed compensation, as set forth in the contract made between The City of New York and the Newman & Carey Company, under date of October 23, 1911, the sum of not less than five cents per cubic yard for all snow delivered to the sewers at the designated manholes, such snow to be removed from the streets in accordance with the terms and conditions of the contract above mentioned, and to be put into the sewers in accordance with the stipulations and conditions imposed upon the contractor by the President of the Borough of Brooklyn.

Respectfully submitted,

GEORGE McANENY, President of the Borough of Manhattan; WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the report dated December 20, 1911, of the Select Committee, consisting of the President of the Borough of Manhattan and the Comptroller, relative to the use of the sewers in connection with the contract with Newman & Carey Company for the removal of snow and ice in the Borough of Brooklyn.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—12.

Negative—The President of the Borough of The Bronx—1.

The Secretary presented the following communication from the Commissioner of Street Cleaning, and report of the Committee, consisting of the President of the Board of Aldermen, the President of the Borough of Manhattan, and the Commissioners of the Departments of Water Supply, Gas and Electricity, and Street Cleaning, relative to extending the contract with the Emerson Contracting Company for renting street cleaning machines to the City over a portion of the year 1912:

(On December 14, 1911, the above matter was referred to said Committee.)

Department of Street Cleaning of The City of New York, 13-21 Park Row, New York, December 12, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment,* City of New York:

Sir—Your Board, under dates respectively of May 25, 1911, June 20, 1911, and July 6, 1911, adopted resolutions approving of the recommendations contained in the report dated May 23, 1911, of the Select Committee appointed February 9, 1911, consisting of the President of the Board of Aldermen, the President of the Borough of Manhattan, the Commissioner of Water Supply, Gas and Electricity, and the Commissioner of Street Cleaning, to enter into a contract with the Emerson Contracting Company, to rent to The City of New York until December 31, 1911, a sufficient number of machines, manufactured by said Company, to clean 150,000 squares, of 1,000 square yards each, at forty-eight (48) cents per square of 1,000 square yards for each cleaning, etc.

In accordance with the said resolutions, a contract was duly entered into with the said company, for the period beginning with the date of the Comptroller's certificate, pursuant to section 149 of the Charter, and ending the 31st day of December, 1911.

The Emerson Contracting Company was unable to do at the start what they are now able to do. Their machines have been improved a great deal, and as some sixty to seventy thousand dollars of the appropriation is left, I think there is a bright prospect that these machines will be most satisfactory, and I ask your honorable board to adopt such resolutions as may be necessary to authorize the said contract with the Emerson Company so as to cover such portion of the year 1912 as the balance of the money will allow. Respectfully,

WM. H. EDWARDS, Commissioner.

December 18, 1911.

To the Honorable Board of Estimate and Apportionment:

Dear Sirs—On December 14, 1911, a communication was presented from the Commissioner of Street Cleaning requesting that the contract now in existence between the City and the Emerson Contracting Company for the hire of street cleaning machines be extended to cover a portion of the year 1912. This contract, which was entered into last July, will expire on December 31, 1911, and of the total amount of $72,000 special revenue bonds authorized at that time for this work, approximately $2,000 have been issued.

Owing to a variety of causes the Emerson Contracting Company was not able to perform as much of the work as had been expected, and, as a result, a thoroughgoing test of the efficiency of its machines could not be made. Your committee is still of the belief that these machines may increase the efficiency of present methods of street cleaning, with consequent economy to the City, and that a further test is desirable in order to establish this fact more definitely.

It, therefore, recommends that the existing contract, which expires on December 31, 1911, be extended to June 30, 1912, all other terms and conditions remaining unchanged. Respectfully submitted,

FRANCIS P. BENT, Acting President of the Board of Aldermen; GEORGE McANENY, President of the Borough of Manhattan; WM. H. EDWARDS, Commissioner of Street Cleaning; HENRY S. THOMPSON, Commissioner, Water Supply, Gas and Electricity.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Commissioner of Street Cleaning to extend until June 30, 1912, the existing contract (which expires on December 31, 1911) between The City of New York and the Emerson Contracting Company to rent to The City of New York a sufficient number of machines manufactured by the said Company to clean 150,000 squares of 1,000

square yards each, at forty-eight cents ($0.48) per square of 1,000 square yards for each cleaning, etc., all other terms and conditions of said contract to remain the same.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a communication from the Commissioner of Weights and Measures, requesting the establishment of the position of Confidential Inspector of Weights and Measures, at $1,200 per annum.

Which was referred to the Committee on Salaries and Grades, consisting of the Comptroller and the President of the Board of Aldermen.

The Secretary presented a report of the Committee on Salaries and Grades, referring to the request of the Trustee of the Supreme Court Law Library of Queens County, for the establishment of the positions of Librarian and Messenger, and stating that no action is necessary on said request, as the Budget for 1912 includes the position of Librarian at $1,500 and office boy at $300 per annum for said Library.

Which was ordered filed and the Secretary directed to transmit a copy thereof to Clinton T. Roe, Esq., Trustee of the Supreme Court Law Library, Queens County.

On December 7, 1911, the above communication was referred to said Committee.

The Secretary presented the following communication from the Department of Public Charities requesting, and report of the Corporate Stock Budget Committee recommending, that the resolutions adopted June 3, 1910, and July 17, 1911, authorizing the issues of $100,000 and $20,000 respectively, for the construction of a dormitory for female employees, Metropolitan Hospital, Blackwells Island, under the jurisdiction of said Department, be amended by including in said authorizations the furnishing of said dormitory:

(On November 29, 1911, the request of the Commissioner of Public Charities for the amendment of the above resolution was referred to said Committee.)

Department of Public Charities of The City of New York, Foot of East 26th Street, November 27, 1911.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On June 3, 1910, your honorable Board adopted a resolution authorizing the issue of corporate stock in the sum of one hundred thousand dollars ($100,000), known as "C-CH-33-C," to provide means for the construction of a dormitory for female employees, Metropolitan Hospital, Blackwell's Island, under the jurisdiction of this Department.

On July 17, 1911, a further sum of twenty thousand dollars ($20,000) was authorized for the same purpose.

In order that the unexpended balance for construction work may be applied to the purchase of furniture for this institution, I would respectfully request your honorable Board to amend the title of these corporate stock accounts so as to read as follows:

"To provide means for the construction and furnishing of a dormitory for female employees, Metropolitan Hospital, Blackwell's Island, under the jurisdiction of the Department of Public Charities."

Yours very respectfully, M. J. DRUMMOND, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 8, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1911, the Commissioner of Public Charities requested the amendment of resolutions adopted by the Board of Estimate and Apportionment on June 3, 1910, and July 17, 1911, approving the issue of corporate stock for the construction of a dormitory for female employees at the Metropolitan Hospital, Blackwell's Island.

On June 3, 1910, the Board of Estimate and Apportionment approved of corporate stock to the amount of $100,000 for the construction of the dormitory. On July 17, 1911, an additional authorization of $20,000 was approved for the same purpose. The request is that the resolutions approving the authorizations be amended so that the balance remaining after the cost of construction has been met may be applied to the purchase of furnishings for the building, for which no funds have been provided. The status of the account (C-CH-33C) is as follows:

Amount of authorizations		$120,000 00
Premiums		572 29
Total available		$120,572 29
Contract liability	$113,750 00	
Miscellaneous charges	148 98	
		$113,898 98
Available balance		$6,673 31

We recommend that the request be approved by the adoption of the attached resolutions.

Respectfully,

WM. A. PRENDERGAST, Comptroller; FRANCIS P. BENT, Acting President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

The following resolution was offered:

A true copy of resolution adopted by the Board of Education on November 22, 1911.

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 7, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 22, 1911, the Board of Education requested the fixation, pursuant to the provisons of section 56 of the Greater New York Charter, of rates of compensation for Janitors of Public Schools 104, 188, 85, 163, Manhattan; 40, The Bronx; 140, 152, 8 and 21, Brooklyn, and of $2 per day extra for work on Sundays for a Cleaner in Public School 188, Manhattan. The last item is for services rendered in connection with the evening lectures which are delivered in Public School 188 on Sunday evenings during the lecture season from October to May.

We recommend that the request be granted by the adoption of the resolution attached hereto. Respectfully,

WM. A. PRENDERGAST, Comptroller; FRANCIS P. BENT, Acting President, Board of Aldermen; Select Committee.

The following resolution was offered:

Whereas, By opinions of the Corporation Counsel, as of June 28, 1910, and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education is illegal, unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The matter of adjusting the compensation of Janitors and the fixation of their salaries, under the provisions of section 56 of the Charter, is now in the hands of a Special Committee of the Board of Estimate and Apportionment; therefore be it

Resolved, That, pursuant to the provisions of section 56 of the Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, pending the report of said Committee, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor-Engineer, Public School 140, Brooklyn, $3,480 per annum.
Janitor-Engineer, Public School 152, Brooklyn, $3,564 per annum.
Janitor, Public School 8, Brooklyn, $2,808 per annum.
Janitor, Public School 104, Brooklyn, $3,000 per annum.
Janitor-Engineer, Public School 188, Manhattan, $1,800 per annum.
Janitor-Engineer, Public School 85, Manhattan, $2,448 per annum.
Janitor-Engineer, Public School 163, Manhattan, $1,332 per annum.
Janitor, Public School 40, The Bronx, $4,812 per annum.
Janitor, Public School 21, Brooklyn, $87 per month.
Cleaner in Public School 188, Manhattan, additional compensation $2 per day for work on Sundays in connection with evening lectures.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following report of the Comptroller submitting for adoption resolution transferring $9,534,905.84, the unexpended and unencumbered balances of appropriations for the years 1895 to 1910, inclusive, and in special revenue bond funds heretofore authorized, to the general fund for the reduction of taxation, and submitting statements relative to said transfer:

City of New York, Department of Finance, Comptroller's Office, December 19, 1911.

To the Honorable, the Board of Estimate and Apportionment, City of New York:

Gentlemen—I herewith submit a resolution for adoption, together with a statement compiled in the Division of Expert Accounting of the Department of Finance, showing the unexpended and unencumbered balances of appropriations for the years 1895 to 1910, inclusive, and the unexpended and unencumbered cash balances in special revenue bond funds heretofore authorized, aggregating nine million five hundred thirty-four thousand nine hundred and five dollars and eighty-four cents ($9,534,-

905.84), which balances, I am advised by the departments having jurisdiction over these accounts, are now no longer required and hence available for transfer to the general fund of the City, for the reduction of taxation, pursuant to the provisions of section 237 of the City Charter.

The magnitude of this sum, which, if transferred, will materially modify the tax levy for the year 1912, is gratifying, and, in my judgment, is largely attributable to the adoption in recent years of the principle of segregation and scientific classification of expense accounts in budget making. Appropriations for specific purposes, followed by careful scrutiny of the reasons given for requested transfers within departmental allowances, has undoubtedly resulted, generally, in a much more economical administration of budget appropriations. The liberality with which appropriation transfers have been approved in the past was, I believe, largely conducive to laxity in fiscal administration.

Many of these balances are in dormant accounts that have encumbered the City's books for years, and which, owing to the absence in the past of proper accounting methods in respect of unliquidated liabilities and the lack of periodical checking and comparison of the accounts of the departments with those in the Comptroller's office, it has been impracticable to close into the general fund to reduce taxation every year, as is contemplated in the City Charter.

It is only possible at this time to make so extensive and comprehensive a disposition of unencumbered appropriation and fund balances as is here proposed, because of the substantial completion of the work, now in progress, of reconciling the accounts in the City administrative departments and bureaus and county offices with the controlling accounts in the Department of Finance. This task was undertaken in the early part of 1910, when the fact was disclosed to the Corporate Stock Budget Committee of this Board that a great many differences existed between the credit balances shown on the books of the administrative departments and those appearing upon the books of the Department of Finance.

A small number of temporary accountants were retained at that time in the hope that the reconcilement of the accounts could be accomplished without the necessity of employing a permanent force. It soon became apparent, however, that this was a work of very much greater magnitude than could have been anticipated. Literally thousands of open accounts were out of agreement. The Municipal Civil Service Commission has given its approval during 1910 and 1911 to the employment of additional accountants on a temporary basis, and the men engaged pursuant to this arrangement have been steadily at work during the years mentioned, practically in every department of the City government, checking and correcting all open accounts.

The aggregate cost of this work will be approximately $65,000. Not the least important of the results accomplished, when it is finally completed, will be the establishment in the Department of Finance of proper control over fund balances and the basis for establishing the current liability of the City. Once this is done it will be possible, by means of the monthly statements now returned to the Department of Finance by all of the City and County departments and offices, and with the employment of a small force of accountants in the Comptroller's office, to keep all of the fund accounts constantly in agreement.

Your attention is directed to the very large amount of unexpended balances in appropriations for salaries and salaries and wages for the years 1909 and 1910. In the first mentioned year these amount to $1,060,413.31, and last year to $1,941,073.54. Only $300,382.11 was left unexpended of the 1908 appropriations for salaries and salaries and wages. That such large sums are now available for transfer to the general fund is directly due to the inauguration in the 1909 budget of the plan of setting up supporting schedules of employees by grades in the appropriations for salaries and salaries and wages. This has in a very large measure compelled the discontinuance of the practice formerly prevailing of utilizing unexpended salary appropriations in the last days of the year for the increase of salaries of the City employees, thus imposing upon the City for succeeding years greatly augmented yearly expense for salaries.

The large unexpended balance of $1,128,399.36 in the appropriation for interest on revenue bonds for 1910, is in large part resultant from the policy of the present administration of restricting revenue bond fund borrowings to the shortest periods of necessity, as well as to a more vigorous administration than in former years of the City's tax collecting function.

The action herein recommended, if approved, will have the further advantage of removing from the City's books both in the Department of Finance and the administrative departments, bureaus and offices, several thousand inactive accounts, thus reducing the labor of the bookkeepers and accounting officers in the carrying of these balances and reporting them from time to time as financial statements are requested by the Comptroller and the departmental executives.

An examination is now being made in the Department of Finance to determine the amount of unexpended and unencumbered cash balances in corporate stock funds, the purposes for which such authorizations were made having been fully accomplished. I will submit at an early date for your consideration and disposition a report showing the amounts which have thus accumulated; also a schedule of special revenue bond fund authorizations against which no issues have been found necessary and which, for the purposes of correct bookkeeping, should be ordered written off by your Board.

Subjoined is a tabulation summarizing, by departments and by years, the amounts herein recommended to be transferred to the general fund; also a detailed departmental statement indicating, by comparison with similar figures for 1908, the amounts now made available for transfer to the general fund from schedule controlled appropriations for salaries and wages in the 1909 and 1910 budgets.

Herewith is also presented for your information reports submitted to the Comptroller, under dates of November 17, 1911, and December 7, 1911, respectively, relative to special appropriations to cover certain claims of George W. Sauer and John A. Stemmler, and for the payment for certified copies of records of the County of Westchester, affecting title to real estate now within the County of New York, the closing of these accounts being included in the recommendation.

Respectfully submitted, WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Comptroller's Office, November 17, 1911.

HON. WILLIAM A. PRENDERGAST, *Comptroller*, City of New York:

Dear Sir—In the course of the examination now being made in the Division of Expert Accounting to determine the amounts of unencumbered balances in appropriations of 1910 and prior years available for transfer, pursuant to Section 237 of the City Charter, to the General Fund for the reduction of taxation, it appears that there are two special appropriations, authorized prior to consolidation in 1898, which have never been drawn upon. These are specifically designated and described as follows:

1895 Code No. 47, claim of George W. Sauer for damages to property at 8th avenue and 155th street, audited and allowed in pursuance of Chapter 512, Laws of 1894, an amount not to exceed $10,000.00.

1895 Code No. 48, claim of heirs of John A. Stemmler, or their representatives, for salary of John A. Stemmler, as Justice of the Seventh Judicial District Court, from January 1, 1870, to October 15, 1873, audited and allowed in pursuance of chapter 543, Laws of 1894, at a sum not exceeding $35,000.

An inquiry has been made under my direction to ascertain the facts as to the present status of the claims referred to in the appropriation titles previously quoted. As a result of the inquiry thus made, I beg to submit the following statement:

Re claim of George W. Sauer, under an unexpended appropriation of $10,000, 1895, No. 47.

This appropriation of $10,000 was made in 1895 pursuant to Chapter 512, Laws of 1894. The claimants' book in the Law and Adjustment Division of this Department contains an entry under Claim No. 13268, and filed September 12, 1889, by George W. Sauer, for damages to business and property known as "Atalanta" Casino, 155th street and 8th avenue, by the bursting of the 147th street sewer, $34,927.63.

An action was brought in the Supreme Court, and on October 27, 1898, judgment was rendered in favor of the claimant in the sum of $30,984.05, for the use and occupation of land from August, 1890, to February, 1896.

The Corporation Counsel, on behalf of the City, appealed from this judgment to the Appellate Division, and that court reversed the decision of the court below.

The records of the Corporation Counsel's office show that another claim was filed by Sauer on November 9, 1898, against the City, in the sum of $150,000, for damages to the fee and rental value of his property by reason of the building of the viaduct at 155th street.

The case came on for trial December 8, 1902, and a decision was rendered by Justice Bischoff in favor of the City and the complaint was dismissed. Appeals were carried by Sauer to the Appellate Division, Court of Appeals and finally to the Supreme Court of the United States. The judgment of the court in each instance was an affirmance of the decision of the court below.

Papers in this case disclose that during 1902 and several years prior thereto negotiations were pending between the attorneys for Sauer and the Corporation Counsel tending toward a settlement. A letter under date of February 21, 1902, by the then Deputy Comptroller to the attorney for the claimant requested information and data as to how the claimant arrives at the sum of $60,000, which amount he had agreed to accept, and recommended to the Comptroller by the Corporation Counsel.

Nothing further appears to have been done in the matter of settlement. Sauer died and others in interest were substituted; the case went on for trial and the decision of the United States Supreme Court rendered in June, 1905, we may assume, marks the closing chapter in this litigation that covered a period of over sixteen years.

The aforesaid proceedings are in no wise connected with and entirely independent of the statute herein referred to, and the only action taken by Sauer in reference to the said statute, as disclosed by the minutes of the Board of Estimate and Apportionment, is a letter from his attorney under date of June 27, 1894, to the then Comptroller, advising an enclosure of a certified copy of the statute and requesting appropriate action upon the same, which letter and enclosure were presented by the Comptroller to the Board of Estimate and Apportionment at its meeting held on June 29, 1894.

Nowhere does it appear in the minutes of the Board of Estimate and Apportionment that that Board exercised the discretionary authority to examine the claim of George W. Sauer, as provided in the aforesaid statute, and it may be contended from a legal standpoint that such examination is a condition precedent to perfecting the claim and the non-exercise of this discretionary authority would constitute a barrier to the payment of the sum appropriated.

On the other hand, assuming without admitting that the action of the Board of Estimate and Apportionment in 1894 constituted an examination and appropriation as provided by the said statute, whatever remedy the claimant may have had toward the collection of this alleged claim would now be barred by the statute of limitations.

It follows, therefore, that from whatever standpoint this matter may be viewed, the probability of the City's liability is so problematical and remote as to justify the conclusion that whatever rights the claimant may have had in the premises are now extinguished and the obligation that might have heretofore rested upon the City has ceased to exist.

Re claim of John A. Stemmler, under an unexpended appropriation of $35,000, 1895, No. 48.

This appropriation of $35,000 was made in 1895 pursuant to Chapter 543, Laws of 1894, and is for salary as Justice of the Civil Court of this City from January 1, 1870, to 1873.

It appears that one Joseph McGuire usurped and unlawfully held the office of Justice during the aforesaid period and by court proceedings it was finally determined that John A. Stemmler had been duly elected and was entitled to hold said office.

The records of the Corporation Counsel show that in March, 1896, an action was instituted by the legal representatives of John A. Stemmler against The City of New York and on March 15, 1898, the case was tried in the Supreme Court of this County and judgment directed in favor of the plaintiff for the amount of salary and interest, amounting, all told, approximately to $87,000.

The Corporation Counsel, on behalf of the City, appealed from the aforesaid judgment and the Appellate Division reversed the court below, and the case was again tried on the 9th day of December, 1902, in the Supreme Court and the complaint was dismissed and judgment rendered in favor of the City.

An appeal was taken to the Appellate Division and the judgment of dismissal was affirmed, and from there the plaintiff carried the appeal to the Court of Appeals, and that court affirmed the judgment of the court below. Judge Martin, writing the opinion for the majority of the court, said:

"* * * We are of the opinion both that the plaintiffs did not prove facts sufficient to constitute a cause of action under the statute, and that the statute upon which this action was founded was unconstitutional." 179 N. Y. 486.

Nothing further appears in the records concerning this matter and the statute under which the appropriation herein was made having been declared unconstitutional, it follows whatever liability might have existed against the city must now be deemed entirely obliterated.

In view of the facts herein previously set forth, I would respectfully suggest that the Comptroller recommend to the Board of Estimate and Apportionment the transfer, pursuant to Section 237 of the City Charter, of the amounts included in the appropriation accounts under consideration to the General Fund for the reduction of taxation. Yours truly,

R. B. McINTYRE, Examiner in Charge, Expert Accounting Division.

The action herein suggested is hereby approved, November 28, 1911.

D. MATHEWSON, Deputy and Acting Comptroller.

Dated November 28, 1911.

City of New York, Department of Finance, Comptroller's office, December 7, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller*, City of New York:

Dear Sir—In the course of the examination now nearing completion by the Division of Expert Accounting to ascertain the unencumbered balances in appropriations for 1910 and the years prior thereto available for transfer to the General Fund for the reduction of taxation, in pursuance of section 237 of the City Charter, the account hereinafter set forth represents a balance from an appropriation made in 1907, open and unexpended.

An inquiry having been made under my direction to ascertain the facts relative to the status of this account, I now beg to submit the following statement as a result of such inquiry:

"1907, Code 442, for certified copies of records of the County of Westchester affecting title to real estate now within the County of New York, chapter 465, Laws of 1904."

By statutes enacted in 1865 and 1873, certain territories that theretofore were embraced in the County of Westchester became annexed to the County of New York. The necessity became apparent for having in this County copies of records of the County of Westchester that affected the titles to the real estate embraced in the annexed territories; hence chapter 465, Laws of 1904, which is:

"An act to provide for depositing in the office of the Register of the County of New York certified copies of records of the County of Westchester affecting title to real estate now within the County of New York, and for filing in the office of the Register of the County of New York certified copies of maps now on file in the office of the Register of the County of Westchester, showing real property now in the County of New York";

—and contains provision therein for the compensation of the Register of the County of Westchester by the Comptroller of The City of New York, such expense to be a charge against the County of New York.

The funds for defraying this expense were procured, it appears, from two sources, viz., revenue bonds for County charges and annual Budgetary appropriations. The following statement shows the amounts paid and the funds from which payments were made:

Years.	Payments from Revenue Bonds.	Payments from Budgetary Appropriations.	Total.
1904	$19,886 29	.....	$19,886 29
1905	96,294 45	$25,000 00	121,294 45
1906	84,151 10	25,000 00	109,151 10
Total	$200,331 84	$50,000 00	$250,331 84

In addition to the appropriation of $50,000, hereinbefore made and expended, there was appropriated in the Budget for the year 1907 the sum of $12,500 on account of the aforesaid expense. No bills were presented for payment by the Register of the County of Westchester during the latter year or subsequent thereto, and in 1909 the sum of $2,500 was transferred from this account to the General Fund for the reduction of taxation, leaving a balance of $10,000, as appears at the present time.

An examination of the records received from the Register of the County of Westchester and the bills therefor leaves no room for doubt that this task is completed and the unexpended balance in this account is a surplus that may with propriety be transferred to the General Fund for the Reduction of Taxation, as provided in chapter 237 of the City Charter.

In view thereof, I would respectfully suggest that the Comptroller recommend to the Board of Estimate and Apportionment the action herein suggested.

Yours very truly,

R. B. McINTYRE, Examiner in Charge, Division of Expert Accounting.

The action recommended herein is hereby approved.

D. MATHEWSON, Deputy Comptroller.

SPECIAL REVENUE BONDS FOR—

R-CM-14 Salaries and Expenses of the Commissioner of Jurors, Richmond County 194 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Chief City Magistrate, First Division, requesting the transfer of $300 from the account Revenue Bond Fund, R-CT-2G to the accounts Nos. 1416 and 1418 within the Budget appropriation for said Court for the year 1911, together with a report of the Comptroller recommending that said request be disapproved, as this transfer is contrary to the rules and regulations governing the expenditures of money derived from specific authorization of revenue bonds and Budget appropriations:

Office of the Chief City Magistrate, First Division, City of New York, 300 Mulberry street, Manhattan, New York, December 6, 1911.

To the Honorable Board of Estimate and Apportionment of The City of New York, 277 Broadway, Manhattan:

Gentlemen—Application is hereby respectfully made for the transfer of the sum of three hundred dollars ($300) from the Revenue Bond Fund, R-CT-2G (in amount, $4,500, approved by your honorable Board on June 15, 1911, for the City Magistrates' Courts, First Division), to the following two accounts of this division, divided as follows:

1416. General Supplies	$150 00
1417. Contingencies	150 00
	$300 00

This transfer is necessary in order to meet outstanding obligations of this division and estimated additional necessary expenditures for supplies and contingencies to the end of the current year.

Very respectfully yours, W. McADOO, Chief City Magistrate.

Attest: PHILIP BLOCH, Chief Clerk.

Board of City Magistrates, First Division, City of New York, 300 Mulberry street, Manhattan, New York, December 11, 1911.

WILLIAM M. LAWRENCE, *Assistant Secretary, Board of Estimate and Apportionment,* 277 Broadway, Manhattan:

Dear Sir—I beg to acknowledge receipt of your communication of December 8, advising that request for the transfer of $300 within the appropriations of 1911 has been transmitted to the Comptroller.

I find that the incorrect number was given in our request on one of the appropriation accounts, viz., the account for Contingencies is No. 1418 instead of 1417, as mentioned.

Will you kindly have the account number for this appropriation corrected as above and oblige,

Yours very respectfully, PHILIP BLOCH, Chief Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1911, the Chief City Magistrate of the City Magistrates' Court, First Division, requested the transfer of $300 from the account Revenue Bond Fund, R-CT-2G, to the 1911 Budget accounts No. 1416, General Supplies, and No. 1418, Contingencies. The proposed transfer is contrary to the rules and regulations governing the expenditures of moneys derived from specific authorization of revenue bonds and Budget appropriations. I recommend, therefore, that the request be not approved.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the request of the Chief City Magistrate, Magistrates' Courts, First Division, as contained in a communication dated December 6, 1911, for the transfer of three hundred dollars ($300) from the Revenue Bond Fund, R-CT-2G, to the Budget accounts for the year 1911, entitled, 1416—General Supplies, and 1418—Contingencies, be and same is hereby disapproved.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary was directed to transmit a copy of the report of the Comptroller to the Chief City Magistrate, First Division.

The Secretary presented the following communication from the Acting President of the Borough of Brooklyn requesting, and report of the Comptroller recommending, the modification of Salary Schedule No. 1772 supporting the appropriation made in the Budget for the year 1911 for the Office of the President of the Borough of Brooklyn, by increasing the number of days for Foremen, Flaggers and Rammers and decreasing the number of days for Laborers in order to meet the payrolls for the month of December, 1911:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, December 11, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Dear Sir—I enclose herewith copy of Schedule No. 1772, Maintenance of Highways, Wages, Temporary Employees, showing the present schedule and a proposed schedule. Owing to the uncertainty due to work done from the Restoring and Repaving Account of our Bureau of Highways (Non-Budgetary Account), it has been impossible to tell just what charges are to be made against the above Budget account from week to week, and we find that the number of days in the present schedule will not be sufficient for our Foremen at $4 a day, Flaggers at $4.50 and the Rammers at $4 a day. As there is a surplus number of days in the line for Laborers, I would respectfully request that you recommend to the Board of Estimate and Apportionment the adoption of the attached proposed schedule.

I would thank you to have this matter given early consideration.

Yours very truly, L. H. POUNDS, Acting Borough President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 11, 1911, the Acting President of the Borough of Brooklyn requested modification of the schedule for the Bureau of Highways, Maintenance of Highways, No. 1772, Wages, Temporary Employees, in his office for the year 1911. In connection therewith I report as follows:

It is proposed to increase the days for Foremen at $4 by 625, Rammers at $4 by 250, and Flaggers at $4.50 by 300, the $4,850 necessary for the increases to be provided by decreasing the days of Laborers at $2.50 by 1,940. The Acting President states the following reasons for the request:

"Owing to the uncertainty due to work done from the Restoring and Repaving Account of our Bureau of Highways, it has been impossible to tell just what charges are to be made against the above Budget Account from week to week, and we find that the number of days in the present schedule will not be sufficient for our Foremen, Flaggers and Rammers."

The modification is to meet the payrolls for the month of December. The following table shows the changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Increase.
1772.	Foremen, at $4 per day (5,000 days)	.....	$2,500 00
	Rammers at $4 per day (5,625 days)	.....	1,000 00
	Flaggers at $4.50 per day (3,235 days)	.....	1,350 00
	Laborers at $2.50 per day (86,269 days)	$4,850 00	.....
		$4,850 00	$4,850 00

No increase in compensation is involved.

I recommend the approval of the request by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the office of the President of the Borough of Brooklyn, for the year 1911, to take effect as of December 1, as follows:

		$440,113 37

Which was adoptd by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a report of the Comptroller recommending that the plans, specifications and form of contract for the construction of a concrete sea wall on Willett's Point road, Third Ward, Borough of Queens, be returned to the President of the Borough of Queens with the suggestion that this matter be taken up with the Department of Docks and Ferries, as there appears to be a question as to whether this work should be performed by the Borough President or by the Department of Docks and Ferries.

The Secretary was directed to return the plans, etc., together with a copy of the report of the Comptroller to the President of the Borough of Queens.

The Secretary presented the following report of the Comptroller recommending approval of the Budget Schedules 831, 832, 833, 834 and 835 as revised for the Police Department for the year 1911 and the transfer of $78,799.30 within said schedules to provide for deficiencies in the Budget appropriations for the salaries of the uniformed force.

Department of Finance, City of New New York, Bureau of Municipal Investigation and Statistics, December 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 6, 1911, the Police Commissioner, pursuant to the provisions of sub-division 7, of section 188 of the Greater New York Charter, requested $205,994.24 in special revenue bonds to meet deficiencies in the Budget appropriations for the salaries of the uniformed force for the year 1911, as follows:

Code No. 834—Detectives, First Grade	$1,187 37
Code No. 835—Patrolmen	204,806 87
Total	$205,994 24

The estimate of the Police Department for the salaries of Patrolmen for 1911 was $11,115,967. The amount allowed was $10,687,500, or $428,467 less than the amount requested. The appropriation probably would have been sufficient if the accruals from salaries had reached the average total in former years. The accruals for 1911 have been decreased by the prompt filling of vacancies in the uniformed force.

On February 23, 1911, the Police Commissioner transmitted a communication to the Corporation Counsel stating that the amount appropriated for the salaries of Patrolmen in actual service on that date was much less than the sum required for the whole year; that owing to an estimated deficiency in the appropriation he had not filled certain vacancies and that the number of Patrolmen was much less than the quota permitted by law. The Corporation Counsel was requested to advise the Commissioner, whether or not, in his opinion, vacancies in the position of Patrolmen could be filled, although the budget appropriation was not sufficient to pay the salaries of new appointees. On April 13, 1911, an opinion was transmitted reading in part, as follows:

"Inasmuch as the Charter provides the maximum number of Patrolmen who may be employed in the Police Department, I think that if the Police Commissioner in the exercise of his discretion considers that the full number allowed should be employed, it would be incumbent upon the City to provide the funds to pay the salaries of such Patrolmen. If there is not money enough appropriated for the year 1911 to pay the salaries of the full number of Patrolmen allowed under the statute, I think the difference in amount should be paid from the proceeds of special revenue bonds as provided in subdivision 7 of section 188 of the Charter.

"Sections 1541 and 1542 of the Charter provide that no expense shall be incurred by any of the departments unless an appropriation shall have been previously made covering such expense, nor any expense incurred in excess of the sum appropriated in accordance with law and it is the duty of the heads of all departments of the City charged with the duty of expending or incurring obligations payable out of the moneys received by tax in said City, so as to regulate such expenditures for any purpose or object, that the same shall not in any one year exceed the amount appropriated by the Board of Estimate and Apportionment for such purpose or object.

"I do not think that the sections just referred to apply to the present case, but as already stated, I think you have the power to employ the full quota of Patrolmen, either as authorized under the Charter or as fixed by the Board of Estimate and Apportionment, and if the appropriation is not sufficient to meet the pay of all such Patrolmen, the Comptroller should pay their salaries and raise the necessary funds as stated above."

Acting on this opinion, the Police Commissioner filled a large number of vacancies in the position of Patrolmen. Since the early part of the year, therefore, the full quota of 8,589 Patrolmen has been maintained. There were 12 vacancies in the position of Patrolmen on December 12, and it is stated that they will probably be filled before the end of the year.

The following figures show the status of the appropriation account "Code No. 835-Patrolmen," on December 1, 1911:

Appropriation for 1911	$10,687,500 00
Expenditures for 11 months	9,941,362 51
Unexpended balance	$746,137 49
Amount required for December salaries	950,944 36
Amount of deficiency	$204,806 87

The estimate for salaries, in excess of their pay of Patrolmen, of Detectives of the First Grade for 1911, was $125,800. The amount allowed was $113,100, or $12,700 less than the amount requested. The appropriation was made on the basis of about 125 Detectives of the First Grade, against the quota permitted by law of 150. There were 149 on the payroll on December 12. It is estimated that $1,187.37 will be needed to make up the deficiency in the appropriation, making a total deficiency in Nos. 834 and 835 of $205,994.24.

There are unencumbered balances in the appropriations for the salaries of the uniformed force for 1911, as follows:

Code No.	Title of Appropriation.	Unexpended Balance.
831.	Captains	$30,318 95
832.	Lieutenants	32,401 92
833.	Sergeants	16,078 43
	Total	$78,799 30

The $78,799.30 is available for transfer, making it necessary to provide only $127,194.94, under subdivision 7 of section 188 of the Charter, for the deficiency in the appropriations for the Detectives of the First Grade and Patrolmen.

In view of the foregoing, I recommend the adoption of the attached resolutions providing for the transfers and the necessary modification of schedules.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the Police Department, for the year 1911, as follows:

Yours truly,

J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 8, 1911, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of $3,000 for furnishing and installing equipment in the Machine and Carpenter Shop at the 179th Street Pumping Station, Borough of Manhattan.

The work consists of furnishing, delivering and installing a steam engine with all accessories, a line of steam pipe; and machines and tools to equip the machine and carpenter shops.

The shops are to be equipped so that minor repairs to the pumping station may be made by departmental labor.

The cost is to be paid from a corporate stock issue of $170,000, approved by the Board of Estimate and Apportionment on January 8, 1909, and entitled, "C.D.W.-22A—Water Supply, Gas and Electricity, Department of, Manhattan, Extending and Remodelling High Service Pumping Station at Jerome avenue, 179th street and at 98th street."

The form of contract, plans and specifications are satisfactory, and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, plans, specifications, and estimate of cost in the sum of three thousand dollars ($3,000), for furnishing and installing equipment in the Machine and Carpenter Shop at the 179th Street Pumping Station, Manhattan, under the jurisdiction of the Department of Water Supply, Gas and Electricity.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following communication from the Department of Health requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of final contract for services of Clinton and Russell, Architects, for preparing plans, specifications, and for the supervision of the construction of a Dormitory Building on the grounds of the Willard Parker Hospital, foot of East 16th street, Borough of Manhattan, under the jurisdiction of said Department:

Department of Health, City of New York, Southwest Corner 55th Street and 6th Avenue, Borough of Manhattan, Office of the Secretary, November 9, 1911.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York City.

Sir—At a meeting of the Board of Health of the Department of Health, held November 9, 1911, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to approve of the final contract for the services of Clinton and Russell, Architects, of 32 Nassau street, Borough of Manhattan, for their services in preparing complete plans and specifications for, and supervising the construction of a proposed dormitory building at the Willard Parker Hospital, foot of East 16th street, Borough of Manhattan, the cost of said building, including Architects' fees, not to exceed the sum of $75,000, chargeable to CD-H6; Architects' fees not to exceed five per cent. of the cost of the proposed building.

A true copy. EUGENE W. SCHEFFER, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 16, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 9, 1911, the Board of Health requested the approval of a form of final Architects' contract for the services of Clinton & Russell, of 32 Nassau street, as Architects for the preparation of complete plans, specifications, etc., and the supervision of the construction of a dormitory building at the Willard Parker Hospital, foot of East 16th street, Borough of Manhattan.

The proposed contract provides that the Architects are to prepare complete plans, specifications, etc., and supervise the construction of the building. The total estimated cost, including Architects' services, together with the cost of service and inspection, shall not exceed the sum of $90,000, the amount appropriated for the work.

The sum of $75,000 was originally appropriated for the work on June 3, 1910, and a preliminary contract was executed with Clinton & Russell, under date of June 28, 1910, to prepare and furnish preliminary studies and specifications for a dormitory at a total estimated cost, including Architects' fees, of $75,000. It was found that to meet the requirements of the Board of Health, the building would cost between $85,000 and $86,000, exclusive of Architects' fees. The Board of Health then requested an additional appropriation of $15,000, and it was approved by the Board of Estimate and Apportionment on December 22, 1910.

The compensation provided for in the proposed contract is the same as that provided for in all final Architects' contracts with the City.

The form of contract is the same as that prepared by the Corporation Counsel for all final Architects' contracts.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of final contract for services of Clinton & Russell, as Architects for the preparation of complete plans, specifications, etc., and the supervision of the construction of a dormitory building on the grounds of the Willard Parker Hospital, foot of East 16th street, Borough of Manhattan, under the jurisdiction of the Department of Health.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

—

The Secretary presented a report of the Comptroller recommending that no action be taken on the request of the Department of Health for the transfer of $15 within salary schedules for the year 1911, for the reason that said request does not provide for the line item changes in the schedules, nor for a modification without which the transfer cannot be made.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the Department of Health.

—

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted July 17, as amended August 31, 1911, of contract, plans, specifications and estimate of cost ($3,000), for furnishing, con-

structing and erecting frame sheds at Gate House No. 5, Jerome Park Reservoir, Borough of The Bronx, under the jurisdiction of said Department:

Department of Finance, City of New York, Bureau of Municipal Investigaiton and Statistics, December 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 8, 1911, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of plans, specifications and estimate of cost in the sum of $7,000, for hauling and setting fire hydrants and appurtenances in various streets in the Borough of The Bronx.

The contract calls for the replacing of old type hydrants, south of East 149th street, with the modern standard type, which has been adopted by the department. The capacity of the distribution system for fire protection will be increased.

The work also includes the setting of valves on the hydrant branches to admit of repairs without shutting off the water.

Two typographical errors in the specifications have been corrected.

The form of contract, plans and specifications (as amended) are satisfactory. The estimate of cost is reasonable.

The cost is to be paid from a corporate issue of $45,000, approved by the Board of Estimate and Apportionment on July 2, 1909, and entitled, "C-DW-10 B, Placing 300 Double Nozzle Water Hydrants, in Manhattan and The Bronx."

I recommend the adoption of the attached resolution approving the request with the amendment noted above.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves of the form of contract, plans and specifications (as amended), and the estimate of cost in the sum of three thousand dollars ($3,000), for hauling and setting fire hydrants and appurtenances in various streets in the Borough of The Bronx, under the jurisdiction of the Department of Water Supply, Gas and Electricity.

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented a report of the Budget Committee referring to the request of the Supervisor of the City Record for the amendment of the budget appro-

priation for his office for the year 1912, entitled "County of Kings—Special Contract Obligations—Printing, Stationery and Blank Books for County Offices and Courts" by eliminating the item "No. 2361—Supreme Court—Second Department—$6,000," and stating that no action is necessary on said request as this item was eliminated by the Board of Aldermen, and approved by the Mayor.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the Supervisor of the City Record.

(On November 16, 1911, the above matter was referred to said committee.)

The Secretary presented a communication from the Chief City Magistrate, Second Division, requesting that the appropriation of $10,200 in the Budget for the year 1912, for the services of General Interpreters, Borough of Brooklyn, Schedule No. 1434, be transferred to the appropriation for the City Magistrates' Courts, Second Division, for the year 1912, as these Interpreters are employed in the City Magistrates' Courts and their payrolls certified by the Chief City Magistrate.

Which was referred to the Budget Committee, consisting of the Comptroller, the President of the Borough of Manhattan and the President of the Board of Aldermen.

The Secretary presented the following report of the Comptroller recommending that the resolution adopted by the Board on May 4, 1911, authorizing the issue of $8,365 special revenue bonds (subdivision 8, section 188 of the Charter), for the compensation of Copyists, and for the salary of one Clerk in the office of the County Clerk of Kings County, be amended by increasing the amount of said authorization to $9,065 to provide for an item of $700 for the payment of services relative to Election Canvass.

(On February 16, 1911, the resolution of the Board of Aldermen, requesting an issue of $12,265 special revenue bonds, for the following purposes of the County Clerk of King County:

Payment of Copyists	$7,565 00	
Payment for services relative to Election Canvass	1,000 00	
Payment of salary of one Clerk in Marriage License Bureau	1,200 00	
Furniture, etc., for Naturalization Bureau, in Supreme Court	2,500 00	
		$12,265 00

—was referred to the Comptroller.)

(On May 4, 1911, on the recommendation of the Comptroller, the Board adopted a resolution concurring in the above resolution of the Board of Aldermen to the extent of $8,365 for the payment of the compensation of Copyists, and for the salary of one Clerk, and disapproved the item of $2,500 for furniture, etc., for the Naturalization Bureau, but took no action on the item of $1,000 for services relative to Election Canvass, as the necessity for this appropriation was not apparent at that time.)

(The resolution of the Board of Aldermen, requesting the issue of $12,265 Special Revenue Bonds, as above set forth, the report of the Comptroller and resolution of the Board of Estimate and Apportionment relative thereto, are printed in the Financial Minutes of the meeting held May 4, 1911, at pages 1821 to 1823 of the pamphlet.)

Department of Finance, City of New New York, Bureau of Municipal Investigation and Statistics, December 11, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1911, the Board of Aldermen adopted a resolution requesting $12,266, in special revenue bonds, to be expended by the County Clerk of Kings County. On May 4, 1911, the Board of Estimate and Apportionment approved the request to the extent of $8,365 for two out of four items. No action was taken on an item of $1,000 for "Services relating to Election Canvass," on the recommendation of the Comptroller, as follows:

The $1,000 requested for "Services relating to Election Canvass" is for expenses in connection with elections to be held in November, 1911. Payment is not to be made until December, 1911, and it is stated that the expenditures may exceed the present estimate. The immediate necessity for this appropriation is not apparent, especially as the requested amount may not be sufficient to cover the total expenditure. I recommend therefore, that no action be taken on the item at this time.

Section 240 of chapter 11 of the Consolidated Laws (County Law) provides that "The accounts of the County Clerks, for the services and expenses incurred under the law respecting elections, other than for militia and town officers," shall be County charges. These charges have been paid in Kings County in recent years by special revenue bonds.

The County Clerk states that the total expenditures for this year's election, mainly for additional help, are in the sum of $700.

I recommend, therefore, the adoption of the attached resolution approving the Election Canvass item of $1,000 in the request to the extent of $700.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment on May 4, 1911, as follows:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Borough of The Bronx called up the matter of his application for the establishment of the grade of position of Consulting Engineer in his office, with salary at the rate of $7,200 per annum, for one incumbent, which was referred to the Committee on Salaries and Grades at the meeting held November 2, 1911, and moved that said Committee be discharged from further consideration of the matter.

The motion was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The Acting President of the Board of Aldermen—3.

The Secretary then presented the following:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, October 23, 1911.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—Request is hereby respectfully made for the establishment of the following-named grade in the office of the President of the Borough of The Bronx, viz., Consulting Engineer, at $7,200.

The position of Consulting Engineer is occupied by Mr. Amos L. Schaeffer, who has held said position at an annual compensation of $6,000 since his appointment on the 19th of March, 1910. His services have been eminently satisfactory, and in view of the fact that Consulting Engineers employed in the Boroughs of Brooklyn and Manhattan are receiving $7,200 per annum, you are asked to fix the same rate for the Consulting Engineer of this Borough. Respectfully,

CYRUS C. MILLER, President, Borough of The Bronx.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position of Consulting Engineer in the office of the President of the Borough of The Bronx, in addition to those already existing therein, with salary at the rate of seven thousand two hundred dollars ($7,200) per annum, for one incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The Acting President of the Board of Aldermen—3.

The following matters not upon the calendar for this day were considered by unanimous consent:

The Comptroller presented the following communication from the Department of Health requesting, and report recommending, transfer of $433.21, within appropriations to said Department for the year 1910:

Department of Health, City of New York, Southwest Corner of 55th Street and 6th Avenue, Borough of Manhattan, Office of the Secretary, New York, November 28, 1911.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway:

Sir—At a meeting of the Board of Health of the Department of Health, held November 28, 1911, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully requested to transfer the sum of $433.21 from any appropriations made to the Department of Health for the year 1910, which are in excess of the requirements thereof, to the appropriations made to the same Department for the same year, entitled:

248. General Administration, Maintenance of Automobiles, including Equipment, Care and Storage	$175 49	
314. Laboratories, Research and Vaccine, Contingencies	10 72	
368. Hospitals, Hospital Service, Richmond, Contingencies	247 00	
		$433 21

—the amount of said appropriations being insufficient.

A true copy. EUGENE W. SCHEFFER, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a request from the Board of Health, on November 28, 1911, for the transfer of $433.21 within appropriations to the Department of Health for the year 1910, I report as follows:

The following are the credit transfers proposed:

248. General Administration, Maintenance of Automobiles, including Equipment, Care and Storage	$175 49
314. Laboratories, Research and Vaccine, Contingencies	10 72
368. Hospitals, Hospital Service, Richmond, Contingencies	247 00

The $175.49 for No. 248 is to meet unpaid bills of $282.75 to the Department of Bridges, and $95 to the Lozier Automobile Company for repairs to automobiles in 1910.

The $12.75 for No. 314 is for carfares expended in July, 1910, by employees of the Research Laboratory, and still left unpaid.

The transfer of $247 for No. 368 is to meet bills due to the S. R. Smith Infirmary, Richmond Borough, for the care of cases of contagious diseases in 1910.

It is proposed to cover the deficits by transfers from unencumbered balances in three General Administration Accounts, No. 246, Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage; No. 249, Forage, Shoeing and Boarding Horses, and No. 251, Contingencies.

I recommend that the request be granted by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfers of funds appropriated to the Department of Health for the year 1910, as follows:

From.	
246. General Administration, Apparatus, Machinery, Vehicles, Harness, etc., including Care and Storage	$161 85
249. General Administration, Forage, Shoeing and Boarding Horses	13 64
251. General Administration, Contingencies	257 72
To	
248. General Administration, Maintenance of Automobiles, including Equipment, Care and Storage	$175 49
314. Laboratories, Research and Vaccine, Contingencies	10 72
368. Hospitals, Hospital Service, Richmond, Contingencies	247 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Comptroller presented the following communication from the Acting President of the Borough of Brooklyn requesting and report recommending modification of Salary Schedules, for the office of the President of Brooklyn, 1911.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, December 14, 1911.

HON. WM. A. PRENDERGAST, *Comptroller, Department of Finance,* City of New York:

Dear Sir—I respectfully request that you recommend to the Board of Estimate and Apportionment modification of Salary Schedule 1767, Division of Substructures, as follows:

"Eliminate one Draftsman, at $1,800 per annum, and substitute therefor one Assistant Engineer, at $1,800 per annum."

This modification will require no additional appropriation.

Yours very truly, L. H. POUNDS, Acting Borough President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 19, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 14, 1911, the Acting President of the Borough of Brooklyn requested modification of the schedules for the Division of Substructures, No. 1767, Salaries, in his office for the year 1911. In connection therewith I report as follows:

The only change involved is the substitution of an Assistant Engineer, at $1,800 per annum, for a Draftsman at the same rate. It is stated that work calls for an Assistant Engineer instead of a Draftsman.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
1767.	Assistant Engineer, at $1,800..	....	$1,800 00	....	$150 00
	Draftsman, 3 at $1,800.....	$1,800 00	....	$150 00	....

No increase in compensation is involved.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the office of the President of the Borough of Brooklyn, for the year 1911, to take effect as of December, 1911, as follows:

1767.	Salaries—	
	Assistant Engineer	$4,000 00
	Assistant Engineer	1,800 00
	Draftsmen, 2 at $1,800	3,600 00

	Stenographer and Typewriter	1,200 00
	Clerk	480 00
		$22,180 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Comptroller presented the following communication from the Department of Taxes and Assessments requesting, and report recommending, modification of Salary Schedules for said Department for 1911:

Department of Taxes and Assessments of The City of New York, Borough of Manhattan, Hall of Records, December 11, 1911.

Honorable Board of Estimate and Apportionment:

Gentlemen—Pursuant to the directions of the Board of Taxes and Assessments, request is made for such amendment of the lines in the Supporting Schedule for Salaries, as without omission or alteration of any grade of salary established by the Board of Estimate and Apportionment and the Board of Aldermen, and without any change in the amount of the appropriation, will read as per schedule attached hereto.

The reason for this request, at this time, is that there have been several deaths among the employees of this Department, thus creating vacancies which have been filled at lower rates of salary than those received by the deceased persons, and a modification of the schedules is therefore necessaryy to provide for the payment of the persons thus appointed at the decreased rate of salary.

It is urgenty requested, therefore, that immediate action may be taken in this matter, in order that there may be no delay in the auditing of the payrolls of this Department for the current month. Respectfully,

C. ROCKLAND TYNG, Secretary.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 20, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 11, 1911, the Commissioner of the Department of Taxes and Assessments requested modification of the salary schedule for the Department for the year 1911. In connection therewith I report as follows:

It is proposed to strike out the line items for a Deputy Tax Commissioner at $3,250 and one at $2,700, the incumbents having died, and fill the positions by the appointment of a Deputy Tax Commissioner at $2,400, and by the promotion of Edward F. Murray from $1,650 to $2,400 per annum. A Clerk at $1,050 per annum, and one at $420 also are to be stricken out, and $20 is to be transferred from an unassigned balance.

It is also proposed to promote William R. Plaatje, a Clerk at $1,350, to a Deputy Tax Commissioner at $1,650. An increase of $300 from $1,350 to $1,650 is also proposed for George F. Bagley, a Clerk, who was last increased on June 1, 1910. The remaining item in the request is for an increase of $120 for James A. Dorman, a Clerk now at $420, and who was transferred from the Tenement House Department on February 17, 1911.

The following table shows the line item changes in detail:

The modifications leave the schedule totals unchanged and add one incumbent.

The attached resolution, if adopted, will grant the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Comptroller presented the following communication from the New York Public Library requesting, and report recommending, the transfer of $400 within appropriations made to said library, 1911:

The Trustees of the New York Public Library, Astor, Lenox and Tilden Foundations, December 8, 1911.

Board of Estimate and Apportionment of The City of New York, 277 Broadway, New York:

Gentlemen—In accordance with a resolution of the Committee on Circulation, and by direction of the Executive Committee of our Board of Trustees, I have the honor to request that a balance of four hundred dollars ($400) in our 1911 appropriation for telephone service be transferred to the appropriation for Purchase and Maintenance of Book Delivery Wagons. The money available for new tires and repairs of these delivery wagons is insufficient, and we hope this request for a transfer may receive favorable consideration.

Very respectfully, JOHN L. CADWALADER, Chairman.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 21, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On December 8, 1911, the Trustees of the New York Public Library, Astor, Lenox and Tilden Foundations, requested a transfer of $400 within appropriations for the year 1911. In connection therewith I report as follows:

The proposed transfer is from No. 1390, Telephone Service, to No. 1395, Purchase and Maintenance of Book Delivery Wagons.

The appropriation for No. 1395 was $5,900. Two electric trucks were purchased at a cost of $5,300, and the maintenance charges to November 22, 1911, amounted to $469.55, leaving a balance of $130.45. The accountant of the library states that the request is based upon the following table:

Credit balance		$130 45
Outstanding liabilities:		
Garage (November)	$70 00	
Repairs	17 83	
Lamps	3 60	
Tire (1)	29 39	
		120 82
Balance unencumbered		$9 63
Estimated for balance of year:		
Garage (December)	$70 00	
Blankets for batteries	12 00	
Repairs	15 00	
Tires, 7 at $30 each	210 00	
Chains, 2 at $12 each	24 00	
Sundry repairs and supplies	78 63	
		409 63
Estimated deficit		$400 00

There is an unencumbered balance in No. 1390 to permit of the transfer.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of Section 237 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves transfer of funds appropriated to the New York Public Library, Astor, Lenox and Tilden Foundations for the year 1911, as follows:

From

New York Public Library, Astor, Lenox and Tilden Foundations—
1390. Telephone Service $400 00

To

New York Public Library, Astor, Lenox and Tilden Foundations—
1395. Purchase and Maintenance of Book Delivery Wagons..... $400 00

Which was adopted by the following vote:

Affirmative—The Comptroller, the Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Comptroller presented the following report recommending the transfer of $125,000 to Department of Street Cleaning from 45 "Interest on Revenue Bonds" to Special Contract Obligations, Manhattan ($115,000), The Bronx ($10,000):

The City of New York, Department of Finance, Comptroller's Office, December 21, 1911.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—I transmit herewith copy of resolution transferring the sum of $125,000 from an appropriation of the Department of Finance to two appropriations of the Department of Street Cleaning.

This transfer is necessary in order to provide funds for the purpose of meeting the expense, so far incurred by the Department of Street Cleaning, in connection with the recent strike in that Department. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of Section 237 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves transfer of funds appropriated for the year 1911, as follows:

E. M. Gathwright, Brown's Station, N. Y., appeared before the Commission in the matter of his protest against an alleged violation of the Civil Service Law by the Board of Water Supply in the appointment of Inspectors on the construction work of the Ashokan Reservoir and Catskill Aqueduct.

The Commission then went into regular session, and the minutes of the meeting held November 29 were approved.

On motion, it was

Resolved, That the Classification be and the same hereby is amended by striking from the Exempt Class, under the heading "Office of the Commissioners of Accounts," the title "Chief Engineer," and by including in the Exempt Class, under the heading "Office of the Commissioners of Accounts," the following: "Director, Standard Testing Laboratory."

The request of Edward McVay, of 210 West 84th street, Borough of Manhattan, that he be restored to eligibility for admission to future examinations of the Commission was granted.

The protest of E. M. Gathwright against an alleged violation of the Civil Service Law in the appointment of Inspectors in the Board of Water Supply was referred to the Corporation Counsel for an opinion.

On the recommendation of Commissioner Welling, to whom the matter had been referred at a previous meeting, it was

Resolved, That the Classification be and the same hereby is amended by striking from the Non-competitive Class, under the heading "Positions in the Brooklyn Disciplinary Trianing School for Boys, at compensations not exceeding the amounts set forth below (with maintenance)," the title "Principal, $1,200," and substituting therefor the following: "House Mother, $900."

On the recommendation of Commissioner Welling, to whom the matter had been referred at a previous meeting, the appeal of J. Colson, of 2952 Myrtle avenue, Glendale, L. I., from the decision of the Examiners in disqualifying him in the practical examination for promotion to the position of Foreman Painter on July 8, 1911, was denied.

On the recommendation of the Committee on Transfers, the following transfers were approved:

Alexander J. Rinn, Clerk, at $1,200 per annum in the Department of Water Supply, Gas and Electricity, to the position of Court Attendant at $1,200 in the Board of City Magistrates, First Division, his name appearing among the first three on the eligible list for the latter position.

Harry Neumann, Janitor, at $600 per annum in the Department of Public Charities to the Department of Education, at $984 per annum.

Margaret M. Mailley, Typewriting Copyist at $600 per annum, in the Department of Health, to the Tenement House Department at $750 per annum.

Grace Brower, Typewriting Copyist at $600 per annum, in the Department of Health, to the Tenement House Department at $750 per annum.

Lena B. Miller, Typewriting Copyist in the Department of Health at $600 per annum, to the Tenement House Department at $750 per annum.

On the recommendation of the Committee on Transfers, the following transfers were disapproved:

George N. Enners, Rodman at $960 per annum in the Board of Water Supply, to the Department of Parks, Borough of Queens, at $1,050 per annum, there being a preferred list of Rodman, also a competitive eligible list for appointment in the City service.

William Morris, Attendant at $900 per annum, from the Office of the President of the Borough of Manhattan to the Office of the President of the Borough of Brooklyn, there being a promotion list for the latter Department.

On the recommendation of the Committee on Reinstatements, the following reinstatements were approved, under Rule XIII., paragraph 4:

George A. Keelon, Janitor-Engineer, Department of Education; Jeremiah J. Lynch, Patrolman-on-Aqueduct, Board of Water Supply; Joseph F. McGill, Inspector of Tenements, Tenement House Department.

On the recommendation of the Committee on Reinstatements, the following reinstatement was disapproved:

Nelson K. Jacobs, Patrolman-on-Aqueduct in the Board of Water Supply, for the reason that he had been dismissed from that department on charges.

On the recommendation of the Committee on Appeals, the following appeals were denied, no errors of marking or rating having been shown:

John J. Gillen, 222 High street, Brooklyn, N. Y., Clerk, second grade, for temporary appointment; stated that his declination of temporary appointment in the Bureau of Buildings, Brooklyn, was caused by temporary inability (July 25, 1911).

The action on the foregoing matters was approved and, on motion, it was

Resolved, That the eligible list of Junior Architectural Draftsman be and the same hereby is promulgated.

The following matters, not on the calendar, were considered by unanimous consent:

Report of the Chief Examiner, dated December 5, relative to the request of the Commissioner of Parks, Borough of Queens, for authority to appoint H. H. Murphy, of Flushing, L. I., to the position of Superintendent of Repairs and Supplies, for a period of three months from January 1, 1912, pending the preparation of an eligible list of candidates possessing various qualifications, recommending that before proceeding further in the matter Commissioner Eliot be requested to call for a conference with the Commission. Recommendation adopted.

Report of the Chief Examiner, dated December 5, relative to the suggestion of Mr. John N. Bogart, 173 E. 85th street, under date of December 1, that certification for the position of Inspector in the Bureau of Fire Prevention probably could be made from the list of Inspector of Licenses, and stating that the examination questions for the latter position did not bear out the Commissioner's contention. Report ordered filed.

Request of the Chief Accountant, Office of the Commissioners of Accounts, dated December 2, for approval of the employment of Harry J. Van Houten as Special Investigator in connection with the question of labor efficiency, with compensation at the rate of $4 per day. Appointment as Inspector approved for a period of fifteen days, under paragraph 4 of Rule XII.

Requests of the following-named persons for restoration to the eligible lists specified:

Richard Joseph, 420 W. 130th street, New York City, Temporary Clerk, preferred; declined appointment in the Department of Water Supply, Gas and Electricity (June 19, 1911), for the reason that he was employed in another City Department.

Stephen R. Gordon, 23 E. 48th street, New York City, Inspector, Board of Water Supply; stated that his failure to reply to notification from the Bureau of Public Works, Manhattan (August 28, 1911), was due to a misapprehension of the rules. Granted.

On motion, it was

Resolved, That the requirements that all applicants must be residents of the State of New York, and that each application shall bear the certificate of four persons resident or engaged in business in The City of New York, be and the same hereby are waived, in so far as they apply to the forthcoming examination for Veterinarian, Department of Health.

The Commission ordered that rating of the papers of the candidates in the examination for promotion to Third Grade Clerk in the Bureau of Audit, Department of Finance, be withheld until further notice, the Department having failed to keep records in accordance with the requirements of the rules, and in uniformity with the efficiency records in other Departments of the City Government.

The President stated, with reference to the request of Hon. Robert L. Harrison, Chairman of the Committee on By-Laws and Legislation of the Board of Education, that the Commission abolish the grades of certain inspectorships in the Department of Education in order that the said Board might apply to the Board of Aldermen for a reduction of the salaries in those grades, that the Corporation Counsel had advised that it would be unconstitutional to thus discriminate against the employees of one City Department. Secretary directed to advise the Board of Education that the Commission was without legal power to comply with the request.

A letter was presented from the Commissioner of Correction, dated December 5, transmitting copy of a letter which he had addressed to the Commission under date of October 20, stating that Robert J. McNally had been appointed for a period of fifteen days as Finger-print Expert at the Workhouse, Blackwells Island, and requesting that a non-competitive examination be held to qualify Mr. McNally for provisional appointment pending the establishment of an eligible list. It appeared that the Department had been notified of the approval of the emergency appointment, for a period of fifteen days, under paragraph 4 of Rule XII., but that through some oversight Mr. McNally had not been summoned for the necessary non-competitive examination. After consideration of the matter, the Secretary was instructed to certify the payroll of Mr. McNally for services rendered since the expiration of the emergency appointment, in accordance with the provisions of paragraph 6 of Rule XII., and to summon him at the earliest possible date for non-competitive examination to qualify him for provisional appointment as Finger-print Expert under the provisions of paragraph 3 of Rule XII. On motion, it was

Resolved, That the Secretary be and he hereby is directed to proceed with a special open competitive examination for the position of Finger-print Expert, under the provisions of clause 6 of Rule VI., that being a peculiar and unusual position to which no classified title is applicable.

The Commission then adjourned, to meet Wednesday, December 13, 1911, at 10 o'clock a. m.

F. A. SPENCER, Secretary.

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, acquired by it for school site purposes in the

Borough of Brooklyn,

Being all the buildings, parts of buildings, etc., standing on the plot of ground 80 feet by 100 feet, on the easterly side of Pennsylvania avenue, distant 200 feet southerly from the southeast corner of Pennsylvania and Liberty avenues, in the Borough of Brooklyn, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution adopted by the Commissioners of the Sinking Fund at a meeting held October 25, 1911, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, DECEMBER 29, 1911,

at 11 a. m., in lots and parcels and in manner and form as follows:

PARCEL 1—ONE-STORY FRAME CHURCH BUILDING, 173 PENNSYLVANIA AVENUE.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m. on the 29th day of December, 1911, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidders to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened December 29, 1911," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date, to the "Collector of City Revenue, Room K, 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on November 29, 1911, the following resolutions were adopted, and amended at the meeting held on December 14, 1911:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of East 7th street, from Foster avenue to Canal avenue north, excluding the right-of-way of the Manhattan Beach Division of the Long Island Railroad; and also excluding a triangular area on the northerly side of the right-of-way of the railroad with a frontage of 10 feet on the easterly side of East 7th street, extending from the easterly line of East 7th street along the railroad right-of-way for a distance of 50 feet, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line midway between East 7th street and East 8th street, distant 100 feet northerly from the northerly line of Foster avenue, the said distance being measured at right angles to Foster avenue, and running thence southwardly along the said line midway between East 7th street and East 8th street and along the prolongations of the said line to the intersection with a line midway between Avenue V and Avenue W; thence eastwardly along the said line midway between Avenue V and Avenue W to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of East 7th street and the westerly line of Coney Island avenue, as these streets are laid out between Avenue V and Avenue W; thence southwardly along the said bisecting line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Canal avenue north, the said distance being measured at right angles to Canal avenue north; thence westwardly along the said line parallel with Canal avenue north to the intersection with the prolongation of a line midway between East 7th street and Hubbard street; thence northwardly along the said line midway between East 7th street and Hubbard street and along the prolongations of the said line to the intersection with a line midway between Avenue X and Crawford avenue; thence westwardly along the said line midway between Avenue X and Crawford avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the westerly line of East 7th street and the easterly line of Ocean parkway as these streets are laid out between Avenue X and Crawford avenue; thence northwardly along the said bisecting line to the intersection with the prolongation of a line midway between East 7th street and Ocean parkway as these streets are laid out north of Avenue W; thence northwardly along the said line midway between East 7th street and Ocean parkway and along the prolongations of the said line to the intersection with a line parallel with Foster avenue and passing through the point of beginning; thence eastwardly along the said line parallel with Foster avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 11th day of January, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 11th day of January, 1912.

Dated December 28, 1911.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment, held on November 29, 1911, the following resolutions were adopted, and amended at the meeting held on December 14, 1911:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board December 4, 1908, for acquiring title to 36th street, from Fort Hamilton avenue to West street, Borough of Brooklyn, so as to relate to 36th street, from Fort Hamilton avenue to West street; and to include in the proceeding the acquisition of title to Old New Utrecht road, from 36th street to 14th avenue; and 35th street, from Church avenue to West street.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the easterly line of West street, where it is intersected by the prolongation of a line midway between 36th street and 37th street, and running thence northwestwardly along the said line midway between 36th street and 37th street and along the prolongation of the said line to the intersection with a line midway between 14th avenue and 15th avenue; thence southwestwardly along the said line midway between 14th avenue and 15th avenue to the intersection with a line midway between 37th street and 38th street; thence northwestwardly along the said line midway between 37th and 38th street to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of 14th avenue, the said distance being measured at right angles to 14th avenue; thence southwestwardly along the said line parallel with 14th avenue to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of 38th street, the said distance being measured at right angles to 38th street; thence northwestwardly along the said line parallel with 38th street to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of 14th avenue, the said distance being measured at right angles to 14th avenue; thence northeastwardly along the said line parallel with 14th avenue to the intersection with a line midway between 37th street and 38th street; thence northwestwardly along the said line midway between 37th street and 38th street to the intersection with a line midway between 13th avenue and 14th avenue; thence northeastwardly along the said line midway between 13th avenue and 14th avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southwesterly line of 36th street and the northeasterly line of 37th street, as these streets are laid out between 12th avenue and 13th avenue; thence northwestwardly along the said bisecting line to a point distant 100 feet northwesterly from the northwesterly line of Fort Hamilton avenue, the said distance being measured at right angles to Fort Hamilton avenue; thence northeastwardly and always distant 100 feet northwesterly from and parallel with the northwesterly line of Fort Hamilton avenue, to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of 36th street and the southwesterly line of Chester avenue, as these streets are laid out between 12th avenue and Tehama street; thence southeastwardly along the said bisecting line to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of 36th street, the said distance being measured at right angles to 36th street; thence southeastwardly along the said line parallel with 36th street to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Church avenue, the said distance being measured at right angles to Church avenue; thence northeastwardly along the said line parallel with Church avenue to the inter-

section with the prolongation of a line distant 100 feet northeasterly from and parallel with the northeasterly line of 35th street, the said distance being measured at right angles to 35th street; thence southeastwardly along the said line parallel with 35th street and along the prolongations of the said line to the intersection with the easterly line of West street; thence eastwardly at right angles to West street a distance of 100 feet; thence southwardly and parallel with West street to the intersection with a line at right angles to West street and passing through the point of beginning; thence westwardly along the said line at right angles to West street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 11th day of January, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 11th day of January, 1912.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on November 29, 1911, the following resolutions were adopted, and amended at the meeting held on December 14, 1911:

Whereas, The Board of Estimate and Apportionment of The City of New York adopted a resolution April 8, 1910, for acquiring title to Tyndall avenue from Mosholu avenue to West 260th street, and to Liebig avenue from Mosholu avenue to the City line, Borough of The Bronx, which proceeding was amended November 18, 1910, so as to relate to Liebig avenue, from Mosholu avenue to the City line; and Tyndall avenue, from Mosholu avenue to a line extending between a point on the westerly line of Tyndall avenue distant 81.01 feet north of the northerly line of West 260th street, and a point on the easterly line of Tyndall avenue distant 65.23 feet north of the northerly line of West 260th street; and

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of further amending the aforesaid proceeding, in so far as it relates to Liebig avenue, so as to conform to the street as shown on a map or plan adopted by the Board of Estimate and Apportionment October 19, 1911, and approved by the Mayor November 18, 1911.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the prolongation of a line midway between Von Humboldt avenue and Liebig avenue, as these streets are laid out immediately southerly from and adjoining West 259th street, distant 100 feet northerly from the northerly line of West 256th street, the said distance being measured at right angles to the line of West 256th street, and running thence northwardly along the said line midway between Von Humboldt avenue and Liebig avenue, and the prolongation thereof, to the southerly line of West 259th street; thence northwardly to a point on the northerly line of West 259th street midway between Von Humboldt avenue and Liebig avenue as these streets are laid out north of West 259th street; thence northwardly along a line always midway between Von Humboldt avenue and Liebig avenue to the northerly boundary line of The City of New York; thence eastwardly along the said boundary line to a point midway between Liebig avenue and Tyndall avenue; thence southwardly along a line midway between Liebig avenue and Tyndall avenue to a point distant 100 feet northerly from the northerly line of West 261st street; thence eastwardly and parallel with West 261st street to a point midway between Tyndall avenue and Fieldston road; thence southwardly along a line always midway between Tyndall avenue and Fieldston road to the northerly line of Mosholu avenue; thence southeastwardly and parallel with the line of Fieldston road as this street is laid out between Mosholu avenue and Faraday avenue to the intersection with a line midway between Mosholu avenue and Faraday avenue; thence southwestwardly along the said line midway between Mosholu avenue and Faraday avenue to the intersection with a line parallel with West 256th street and passing through the point of beginning; thence westwardly along the said line parallel with West 256th street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 11th day of January, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 11th day of January, 1912.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment held December 7, 1911, the following petition was received:

To the Board of Estimate and Apportionment:

The petition of the New York City Interborough Railway Company respectfully shows to your honorable Board as follows:

That heretofore it has received franchises and entered into contracts with The City of New York for the construction of its railroad as follows:

(1) Hunts Point road, from the intersection of Randall avenue to Long Island Sound.

(2) Randall avenue, from the intersection of Hunts Point road to Bronx River.

(3) Tremont avenue (or East 177th street), from Eastchester Creek to Locust Point.

(4) Muscoota street (or 225th street), from Broadway to Kingsbridge road.

That it has made the deposits required by this contract and that the time within which it is required to construct the foregoing extensions expires in March, 1912.

That it is physically impossible, because of the condition of these streets, to build its railroad in accordance with the provisions of its contract, and attached hereto is a copy of the letter received from the President of the Borough of The Bronx relative to application made for a permit to begin this construction.

Wherefore, your petitioner requests of your Board an extension of time for the completion of these street railways above mentioned until such time as the streets may be physically opened, regulated and graded.

Dated November 25, 1911.

NEW YORK CITY INTERBOROUGH RAILWAY CO., By EDWARD A. MAHER, President.

State of New York, City of New York, County of New York, ss.:

Edward A. Maher, being duly sworn, says that he is the president of the New York City Interborough Railway Company. That he has read the foregoing and that the same is true of his own knowledge, except as to the matters therein stated to be alleged upon information and belief, and as to those matters he believes it to be true. EDWARD A. MAHER.

Sworn to before me this 25th day of November, 1911.

JAMES F. FEELEY, Notary Public, New York County. (Notary's Seal.)

—and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the New York City Interborough Railway Company, dated November 25, 1911, was presented to the Board of Estimate and Apportionment at a meeting held December 7, 1911.

Resolved, That in pursuance of law this Board sets Thursday, the 4th day of January, 1912, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

New York, December 7, 1911. d21,j4

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The City of New York, by an ordinance adopted by the Board of Aldermen July 26, 1904, and approved by the Mayor August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to construct, maintain and operate a four-track railroad upon certain routes, particularly set forth in section 1 of said ordinance, and which ordinance, including all the terms and conditions thereof, was accepted by said Company by an instrument in writing duly filed with the Comptroller of The City of New York on August 13, 1904; and

Whereas, The Board of Estimate and Apportionment, by resolution adopted July 14, 1905, and approved by the Mayor July 21, 1905, consented to certain modifications or alterations in the aforesaid routes; and

Whereas, Said ordinance was further amended by contracts between the City and the Company dated January 29, 1909, and August 2, 1911, respectively; and

Whereas, The said Company has petitioned the Board of Estimate and Apportionment by a petition verified October 11, 1911, for the consent of The City of New York to certain modifications and alterations in said routes, as is fully set forth in said petition; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on October 26, 1911, fixing the date for a public hearing thereon as November 23, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and "Morning Telegraph," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, The said Board has made inquiry as to the proposed modification and amendment of said ordinance as heretofore amended; now, therefore, it is

Resolved, That the following form of resolution for the consent or right applied for by the New York, Westchester and Boston Railway Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain changes, alterations and amendments in the route of the New York, Westchester and Boston Railway Company as granted by an ordinance of the Board of Aldermen approved by the Mayor August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment approved July 21, 1905, and by contracts dated January 29, 1909, and August 2, 1911, respectively, and the right to cross certain streets, avenues, highways and public places and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, such changed, altered or amended route being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said ordinance of the Board of Aldermen as heretofore amended, which said ordinance as heretofore amended otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this.....day of..... 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York, Westchester and Boston Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City did by ordinance approved by the Mayor August 2, 1904, grant to the Company the right to cross certain streets and highways and the privilege to construct and operate a four-track railroad upon certain routes particularly set forth in section 1 of said ordinance, and as shown on certain maps and profiles therein referred to and filed in the office of the County Clerk of the City and County of New York, on the 23d day of June, 1904; and

Whereas, The Board did on July 14, 1905, adopt a resolution which was approved by the Mayor July 21, 1905, consenting to a change in the route of the Company; and

Whereas, The Board did on November 20, 1908, adopt a resolution which was approved by the Mayor November 30, 1908, authorizing the execution and delivery of a contract modifying and altering certain of the terms and conditions of the said ordinance of the Board of Aldermen approved by the Mayor August 2, 1904, as amended by the said resolution of the Board of Estimate and Apportionment approved by the Mayor July 21, 1905, and said contract so authorized was executed by the President and Secretary of the Company on January 29, 1909, and by the Mayor and City Clerk, February 8, 1909, and bears the former date; and

Whereas, The Board did on July 6, 1911, adopt a resolution which was approved by the Mayor July 11, 1911, authorizing the execution and delivery of a contract changing the route of the Company and modifying and altering certain of the terms and conditions of the said ordinance of the Board of Aldermen approved by the Mayor August 2, 1904, as amended by the said resolution of the Board of Estimate and Apportionment approved by the Mayor July 21, 1905, and as further amended by the said contract dated January 29, 1909, and said contract so authorized was executed by the President and Secretary of the Company on July 21, 1911, and by the Mayor and City Clerk on August 2 and August 15, 1911, respectively, and bears date of August 2, 1911; and

Whereas, In and by said ordinance as amended by said resolution and said contracts, the consent of the City was granted to the Company for the construction, maintenance and operation of the said railroad across certain enumerated streets, avenues or highways, either above or below the grade thereof within said City upon certain conditions therein fully set forth; and

Whereas, On the 10th day of December, 1910, the Board of Directors of said Company at a meeting of said Board of Directors duly held on said date, and by a vote of two-thirds of all the Directors of said Company, adopted a resolution altering and amending the route of the said Company as amended by the said resolution of July 21, 1905, and the said contract dated January 29, 1909, and which alterations and amendments are shown upon a certain map dated December 10, 1910, entitled:

"Map and Profile of New York, Westchester & Boston Railway Company, New York County, New York, part of section 1, December 10, 1910, being map and profile of that part of the route of the main line of said railway Company within said County extending from a point near the intersection of Willis avenue and 132d street in the Borough of The Bronx, City of New York, to a point between 134th street and 135th street, east of Willow avenue, in said Borough and City, as altered, changed, amended and adopted by affirmative vote of two-thirds of all the Directors of the said Company on the 10th day of December, 1910. E. J. Langford, Chief Engineer, New York, Westchester & Boston Railway Company."

—and signed by the Chief Engineer, President, Secretary and ten Directors, which map was filed in the office of the County Clerk of New York County on July 24, 1911; and

Whereas, The Company has applied to the Board as the local authority of the City by a petition verified October 11, 1911, for the consent of such local authority for such change, alterations and amendments to the route of said railroad and for the right to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on said amended route and for the modification of the said ordinance, resolution and contracts in accordance therewith, to wit:

That the description of the main line of the Company as contained in section 1 of the contract of January 29, 1909, as amended by contract dated August 2, 1911, be altered and amended between the terminus of the railway of the Company at the Harlem River to a point between 134th and 135th streets east of Willow avenue.

—and

Whereas, After due publication, a public hearing at which citizens were entitled to appear and be heard, was held by the Board upon the modifications and amendments contained in the petition on the 23d day of November, 1911; and

Whereas, The Board has made inquiry as to the proposed modifications and amendments of said ordinance of 1904, resolution of 1905, and contracts of 1909 and 1911; and

Whereas, On the ..... day of ....., 1912, the Board, as the local authority of the City, adopted a resolution granting to the Company the right to make such changes, alterations and amendments to the route of said railroad and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and authorized the Mayor to execute and deliver a contract granting such rights in the name and on behalf of the City, which resolution was approved by the Mayor on the ..... day of....., 1912.

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right to make such changes, alterations and amendments to the route of said railroad and the right to cross certain streets, avenues, highways and public places and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, which amended route is shown upon the map heretofore referred to and is more particularly described as follows:

1. The description of the main line of the Company as contained in section 1 of the contract of January 29, 1909, as amended by contract dated August 2, 1911, is hereby amended by striking therefrom that portion of said description reading as follows:

"Beginning at a point on the Harlem River near the point where Lincoln avenue intersects the north bank of the Harlem River in the Borough of The Bronx, and crossing Lincoln avenue between the Harlem River and 132d

street; thence running easterly substantially parallel to 132d street between 132d street and the Harlem River; thence crossing 132d street at or near its intersection with Willow avenue; thence crossing 133d street, 134th street, 135th street, 136th street, 137th street 138th street, between Willow avenue and the Harlem River and Port Chester Railroad;"

—and substituting therefor the following:

"Beginning at a point on the Harlem River near the point where Lincoln avenue intersects the north bank of the Harlem River in the Borough of The Bronx, and crossing Lincoln avenue between the Harlem River and 132d street; thence running easterly substantially parallel to 132d street between 132d street and the Harlem River to a point approximately seven hundred and two feet east of the easterly line of Willis avenue; thence running easterly and contiguous to the existing route of the Harlem River and Portchester Railroad Company and crossing East 132d street at a point where the centre line of the Main Line is distant approximately two hundred and ten feet easterly from the easterly line of Willow avenue; thence running northerly and contiguous to the existing route of the Harlem River and Portchester Railroad Company and crossing East 133d street and East 134th street at points where the centre line of the Main Line is distant approximately three hundred feet and three hundred and forty feet, respectively, easterly from the easterly line of Willow avenue; thence running northerly and contiguous to the existing route of the Harlem River and Portchester Railroad Company and crossing East 135th street, East 136th street, East 137th street and East 138th street between Willow avenue and the Harlem River and Portchester Railroad;"

The amended route hereby authorized is more particularly shown upon a map entitled:

"N. Y., W. & B., Ry. Map showing proposed change of route from the intersection of Willis avenue and 132d street to a point between 134th street and 135th street East of Willow avenue, Borough of The Bronx, to accompany petition dated October 11, 1911, to the Board of Estimate and Apportionment."

—and signed by L. S. Miller, President, and J. L. Crider, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said ordinance approved by the Mayor August 2, 1904, the said resolution of the Board, approved by the Mayor July 21, 1905, and the said contracts dated January 29, 1909, and August 2, 1911, respectively, shall remain unchanged and shall apply to the routes described in said ordinance as amended, as hereby further amended, with the same force and effect as when they applied to the routes described in said ordinance as amended, and as though the changes in route herein authorized had been specifically described in said ordinance as amended.

Second—The Company hereby agrees to assume all liability to any person or corporation by reason of the execution of this contract, the change of route herein authorized and the abandonment of the route herein described, and it is a condition of this contract that the City shall assume no liability whatsoever either to any person or corporation on account of the same, and the Company hereby agrees to repay to the City any damage which the City may be compelled to pay by reason of this contract, and by the said change of route and abandonment.

Section 3. The Company covenants and agrees to abandon and relinquish, and does hereby abandon, surrender and relinquish to the City all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on those portions of the route described in the said ordinance approved by the Mayor August 2, 1904, as amended by resolution approved by the Mayor July 21, 1905, and by contracts dated January 29, 1909, and August 2, 1911, respectively, to wit: Main Line between the intersection of Willis avenue and East 132d street and a point between East 134th and East 135th streets east of Willow avenue; which are not covered by the description of the new and amended route as herein described, and which are not shown on the map of the amended route hereinabove referred to as having been filed in the office of the County Clerk of New York County on the twenty-fourth day of July, 1911, and which are not shown outlined in red upon the map accompanying the said petition of October 11, 1911, a copy of which is attached hereto and forms a part of this contract.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to, and abide by and perform all of the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By....., Mayor.
(CORPORATE SEAL)
Attest: ....., City Clerk.
NEW YORK, WESTCHESTER AND BOSTON RAILWAY COMPANY,
By....., President.
(SEAL)
....., Secretary.
(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the proposed franchise, and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, are as specified and fully set forth in the said ordinance approved by the Mayor August 2, 1904, as heretofore amended, as further amended by the foregoing form of proposed contract for the consent of such modifications and alterations.

Resolved, That these preambles and resolutions, including said resolution for the consent of The City of New York to the modifications and alterations as applied for by the New York, Westchester and Boston Railway Company, and said form of proposed contract for the grant of said franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, January 4, 1912, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, January 4, 1912, in two (2) daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of the New York, Westchester and Boston Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the consent of the City to certain modifications and alterations in the routes of the New York, Westchester and Boston Railway Company, as granted by ordinance of the Board of Aldermen, approved by the Mayor August 2, 1904, and amended by resolution of the Board of Estimate and Apportionment, approved by the Mayor July 21, 1905, and by contracts dated January 29, 1909, and August 2, 1911, respectively, such modifications and alterations being fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, January 4, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

PUBLIC SERVICE COMMISSION.

INVITATION TO CONTRACTORS.

Part of Lexington Avenue Route.

THE CITY OF NEW YORK, ACTING BY the Public Service Commission for the First District (hereinafter called "the Commission") invites proposals to construct Section 3 of the Lexington Avenue Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 3. Begins at a point under Broadway about thirty feet north of the northerly building line of Howard street and extends thence northerly under Broadway to a point about midway between Houston and Bleecker streets; with a station at Prince street.

The general plan of construction calls for a subsurface railroad having four tracks. Turnouts, cross-overs, connections and sidings, etc., will be constructed, all of which are more particularly indicated on the contract drawings.

Bidders will not be required to do the station-finish work, nor to provide or lay tracks, ties or ballast.

The work of construction under the contract will include the construction of all necessary sewers and connections, along the route of the railroad; also the necessary support, maintenance, readjustment and reconstruction of vaults adjacent to buildings, pipes, tubes, conduits, subways or other subsurface structures; the support and care, including underpinning where necessary, of all buildings, monuments, surface, subsurface and elevated railroads and other structures, etc., affected by or interfered with during the construction of the work; also the restoration of the sidewalks and the temporary paving and maintenance of roadways.

The method of construction will be by trench excavation (under cover, unless otherwise specified in the form of contract or permitted by the Commission).

Bidders must examine the form of contract and the specifications, maps and plans; must visit the location of the work and inform themselves of the present conditions along the line thereof and make their own estimates of the facilties and difficulties attending the execution of the proposed work.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract and in the contract drawings therein referred to. Printed copies of the form of contract, bond and contractor's proposal may be had on application at the office of the Commission, 154 Nassau street, Borough of Manhattan, City of New York. The contract drawings may be inspected at the same office, and copies thereof may be purchased by prospective bidders by payment of Five Dollars ($5). The printed form of contract and the contract drawings are to be deemed a part of this invitation.

The Commission is informed by the Department of Docks and Ferries that docks and bulkheads along the East River may be available for dumping purposes. Information in regard thereto may be obtained by any intending bidder upon inquiry at the office of the Commission.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the form of contract.

The Contractor will be required to complete the work as soon as practicable and within a period of forty (40) months.

Sealed bids or proposals will be received at the office of the Commission at 154 Nassau street, Borough of Manhattan, City of New York, until the 11th day of January, 1912, at twelve (12) o'clock noon, at which time, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission, copies of which may be obtained at the office of the Commission.

A statement, based upon the estimate of the Engineer, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work required is to be found in the schedules forming a part of the form of Contractor's Proposal. The quantities given in such schedules are approximate only, being given as a basis for the uniform comparison of bids and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

All proposals must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 5, Section No. 3," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposals will be received or deposited unless accompanied by a separate certified check drawn upon a national or state bank or trust company having its principal office in The City of New York, satisfactory to the Commission and payable to the order of the Comptroller of The City of New York for the sum of Fifteen Thousand Dollars ($15,000). Such check must not be enclosed in the envelope containing the proposal.

The unit prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interest may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Bidders whose proposals are otherwise satisfactory, in case the sureties or securities named by them are not approved by the Commission, may substitute in their proposals the names of other sureties or securities approved by the Commission, but such substitution must be made within five days after notice of disapproval, unless such period is extended by the Commission.

A bidder whose proposal shall be accepted shall, in person or by duly authorized representative, attend at the said office of the Commission within ten days after the delivery of a notice by the Commission that his proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and such bidder shall then deliver a contract in the form referred to, duly executed and with its execution duly proved.

At the time of the delivery of the contract, the Contractor will be required to furnish security to the City by giving a bond for Sixty Thousand Dollars ($60,000). At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which Savings Banks may invest their funds and must be approved by the Commission.

The Contractor's bond must be in the form annexed to the form of contract.

In addition and as further security fifteen (15) per centum of the amount certified from time to time to be due to the Contractor will be deducted until the amounts so deducted and retained shall equal the sum of Two Hundred and Seventy-five Thousand Dollars ($275,000). Thereafter there shall be so deducted and retained for such purpose ten (10) per centum of the amounts certified from time to time to be due to the Contractor.

In case of failure or neglect to execute and deliver the contract or to execute and deliver the required bond or to make the required deposit, such bidder will, at the option of the Commission, be deemed either to have made the contract or to have abandoned the contract. In the latter case, the Commission will give notice thereof to such defaulting bidder, and the Commission may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Commission, it will be to the best interests of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other Contractor over the amount of the bid of such defaulting bidder.

If the Commission shall give notice to any bidder that his or its proposal is accepted and that the contract is consented to by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Commission, to execute and deliver the contract and to execute and deliver the bond with sureties, or to make the required deposit, then the invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damage by it sustained by reason of such failure, and in such case the bidder shall, by the terms of the proposal, absolutely assign to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

All such deposits made by bidders whose proposals shall not be accepted by the Commission will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

New York, December 19, 1911.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by WILLIAM R. WILLCOX, Chairman.

TRAVIS H. WHITNEY, Secretary. d21,j11

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of the UNNAMED STREET, extending from Fort George avenue to Dyckman street, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT THE bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Court House in the Borough of Manhattan, in The City of New York, on the 12th day of January, 1912, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as Counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by law.

Dated Borough of Manhattan, New York, December 29, 1911.

WM. KLEIN, ROBERT L. LUCE, SIMON LEVY, Commissioners of Estimate; WM. KLEIN, Commissioner of Assessment. d29,j10

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the westerly side of HAMILTON PLACE, between 140th and 141st streets, in the Borough of Manhattan, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT THE REport of Charles L. Hoffman, George William Clune and Benno Lewinson, Commissioners of Estimate and Appraisal, duly appointed in the above-entitled proceeding, which report bears date the 9th day of December, 1911, was filed in the office of the Board of Education of The City of New York on the 28th day of December, 1911, and a duplicate of said report was filed in the office of the Clerk of the County of New York on the same day.

Notice is further given that the said report will be presented to the Supreme Court of the State of New York, in the First Judicial District, at Special Term, Part III. thereof, to be held at the County Court House, in the Borough of Manhattan, in The City of New York, on the 11th day of January, 1912, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be not confirmed, and that the said report be referred back to the same Commissioners for revisal and correction, or to new Commissioners to be appointed by the said Court, to reconsider the subject matter thereof.

Dated New York, December 28, 1911.

ARCHIBALD R. WATSON, Corporation Counsel, Borough of Manhattan, City of New York. d29,j10

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening EAST ONE HUNDRED AND SEVENTY-SECOND STREET (although not yet named by proper authority), from Jerome avenue to Morris avenue, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

In re applications for damages to Lots Nos. 24, 25, 26 and 28, in Block No. 2821, caused by the abandonment, discontinuance and closing of FOURTH (Belmont street) AVENUE, between Grand Boulevard and Concourse, and the boundary line of the Village of Mount Eden.

In re application for damages to Lot No. 28, in Block 1198, caused by the abandonment, discontinuance and closing of EIGHTH AVENUE and WALNUT STREET, between Jerome avenue, Townsend avenue and East One Hundred and Seventy-second street.

WE, THE COMMISSIONERS OF ESTIMATE and Assessment in the above entitled proceeding, having been directed as follows:

First—By order bearing date the 18th day of August, 1902, and entered in the office of the Clerk of the County of New York on the 18th day of August, 1902, to ascertain and determine the compensation, if any, which, upon proofs of all the facts, should justly be made and legally awarded to Miroclcto Franchetti, for the loss and damage, if any, sustained by or in connection with the premises known as Old Lot No. 28, in Old Block No. 1198, and now known as New Lot No. 74, in New Block No. 2846, by reason of the closing, discontinuance and abandonment of Eighth avenue and Walnut street, between Jerome avenue, Townsend avenue and East One Hundred and Seventy-second street.

Second—By order bearing date the 4th day of August, 1903, and entered in the office of the Clerk of the County of New York on the 4th day of August, 1903, to ascertain and determine the compensation, if any, which, upon proofs of all the facts, should justly be made and legally awarded to Henry C. Berghoff, for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 28, in Block No. 2821, by reason of the closing, discontinuance and abandonment of Fourth (Belmont street) avenue, between Grand Boulevard and Concourse and the boundary line of the Village of Mount Eden.

Third—By order bearing date the 4th day of August, 1903, and entered in the office of the Clerk of the County of New York on the 4th day of August, 1903, to ascertain and determine the compensation, if any, which, upon proofs of all the facts, should justly be made and awarded to August Ellinghaus, for the loss and damage sustained by or in connection with the premises known as Lot No. 25, in Block No. 2821, by reason of the closing, discontinuance and abandonment of Fourth (Belmont street) avenue, between Grand Boulevard and Concourse and the boundary line of the Village of Mount Eden.

Fourth—By order bearing date the 3d day of August, 1903, and entered in the office of the Clerk of the County of New York on the 3d day of August, 1903, to ascertain and determine the compensation, if any, which should justly be made and legally awarded to Thomas J. McAuliffe, for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 24, in Block No. 2821, by reason of the closing, discontinuance and abandonment of Fourth (Belmont street) avenue, between Grand Boulevard and Concourse and the boundary line of the Village of Mount Eden.

Fifth—By order bearing date the 4th day of August, 1903, and entered in the office of the Clerk of the County of New York on the 4th day of August, 1903, to ascertain and determine the compensation, if any, which, upon proofs of all the facts, should justly be made and legally awarded to John J. Sippel, for the loss and damage, if any, sustained by or in connection with the premises known as Lot No. 26, in Block No. 2821, by reason of the closing, discontinuance and abandonment of Fourth (Belmont street) avenue, between Grand Boulevard and Concourse and the boundary line of the Village of Mount Eden.

All the foregoing premises are more particularly described in the petitions on which the said orders were based and filed therewith in the office of the Clerk of the County of New York and are shown on the Damage Map attached to our Abstract of Estimate and Assessment.

And having also, by the provisions of chapter 1006 of the Laws of 1895, to ascertain and determine the benefit and advantage to the lands, tenements and hereditaments and premises which shall be benefited by the discontinuance, closing and abandonment of the aforesaid Fourth (Belmont street) avenue, Eighth avenue and Walnut street.

We, therefore, the undersigned, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

Sixth—That we have completed our supplemental and amended estimate as to damages to Lots Nos. 24, 25, 26 and 28, in Block No. 2821, being Damage Parcels Nos. 1, 2, 3 and 4, and also our supplemental and amended assessment for benefit, and that all persons interested in this proceeding or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 6th day of January, 1912, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of January, 1912, at 3 o'clock p. m.

Seventh—That the abstract of our said supplemental and amended estimate and assessment, together with our Damage and Benefit Maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 9th day of January, 1912.

Eighth—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises, situate, lying and being in the Borough of The Bronx, in The City of New York, and being all that part of former Fourth (Belmont street) avenue within the block bounded by Grand Boulevard and Concourse, Sheridan (Main avenue) avenue, Belmont street and the boundary line of the Village of Mount Eden.

JOSEPH J. MYERS, Clerk. d12,29

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resoved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
