$559.75 within the appropriation made to the County Clerk of Queens County for the year 1910.

Queens County Clerk's Office, Jamaica, N. Y., March 24, 1911.

To the Honorable, the Board of Estimate and Apportionment of the City of New York:

Gentlemen—On November 17, 1910, I made a request for the transfer of the sum of $1,000 from Account 1929 to Account 1931 within the appropriation for 1910 for this office. Subsequently I asked that the amount be increased to $1,005. This application for transfer was denied by your Board on the report of the Comptroller that the question of prices was in dispute, and pending an adjustment of the bills, he suggested that the application be denied.

I beg to state that the question of prices has been adjusted between this office and the Department of Finance, so that it will be necessary to have only the sum of $559.75 transferred to meet the deficit. The Account as it stands now is shown on the attached statement.

I therefore request that the sum of $559.75 be transferred from the Account known as No. 1929, Repairing and Rebinding Books of Public Record, to the fund known as No. 1931, Recopying and Redrawing Maps, the same being within the appropriation for the year 1910. Respectfully yours,

MARTIN MAGER, County Clerk.

To the Board of Estimate and Apportionment:

Gentlemen—On March 24, 1911, the County Clerk of Queens County requested transfer of $559.75 within appropriations to his office for the year 1910. In connection therewith, I report as follows:

The transfer asked for is from No. 1929, Repairing and Rebinding Books of Public Record, to No. 1931, Recopying and Redrawing Maps. On February 23, 1911, a similar request in the sum of $1,005 was denied by the Board of Estimate and Apportionment, pending the adjustment of the rate to be charged for recopying and redrawing old maps, as follows:

Map No.	Title.	No. of Square Inches.
205.	Map of New Astoria	1,450
211.	Ravenswood	540
217.	Woolsey Map, Fifth Ward	1,040
215.	Stoothoff Farm	962
307.	Village of Jamaica	2,070
611.	150 lots, Halletts Cove	345
224.	Presbyterian Church, Jamaica	960
284.	John R. Schenck property, Roslyn.....	1,574
287.	Peter Corsline, Rasenswood	970
296.	W. C. Wilson, Long Island City	2,160
297.	Whitestone Water Works	988
306.	Co-operative Building Map	2,160
164.	Elizabeth Freeman	950
198.	Wm. Payntar estate, deceased	540
	Total square inches.....	16,709

The rate has been adjusted at five cents a square inch instead of the County Clerk's first charge of six cents. The total cost, at five cents, is $835.45. There is an unencumbered balance of $275.70 in No. 1931, giving a deficit in the sum of the request. An unencumbered balance of $1,032 in No. 1929 permits of the transfer.

I recommend that the request be granted by the adoption of the attached resolution. Yours truly, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

$1,242.79 within the appropriation made to the Department of Education for the year 1910.

Board of Education, Park Avenue and 59th Street, New York, March 9, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—I have the honor to transmit herewith a certified copy of a resolution adopted by the Board of Education at a meeting held on the 8th inst., relative to the transfer of $1,242.79 within the Special School Fund for the year 1910.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

Resolved, That the Board of Estimate and Apportionment be, and it is hereby respectfully requested, to transfer the sum of twelve hundred and forty-two and 79/100 dollars from the Special School Fund for the year 1910 and from the item contained therein, entitled "Repairs and Replacements by Contract or Open Order, Furniture and Repairs of, No. 1012, Borough of The Bronx," which item is in excess of its requirements, to the item also contained within the Special School Fund for the year 1910, entitled "Water, No. 1064, Borough of Queens," which item is insufficient for its purposes.

A true copy of resolution adopted by the Board of Education March 8, 1911.

A. E. PALMER, Secretary, Board of Education.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 24, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 8, 1911, the Board of Education requested the transfer of $1,242.79 within the Special School Fund appropriation for 1910, from Account 1012, Furniture and Repairs of, Borough of The Bronx, to 1064, Water, Borough of Queens.

The status of No. 1064 as per the books of the Department of Education on March 5, 1911, is indicated below:

1064. Water, Borough of Queens, 1910—

Dr. To

Jamaica Water Supply Company	$849 42
Queens Water Supply Company	548 78
	$1,398 20
Existing balance	155 41
Deficit	$1,242 79

The original appropriation was $5,000.

The annual expenditure for water for the public schools in the Borough of Queens, during the years 1908 and 1909, amounted to nearly $6,200 per year. Notwithstanding this fact, but $5,000 was asked for, to provide for this expenditure during 1910. This was insufficient, as shown by experience.

I recommend that the request be approved by adopting the resolution appended hereto. Respectfully, WM. A. PRENDERGAST, Comptroller.

$1,000 within the appropriation made to the Department of Water Supply, Gas and Electricity for the year 1911.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, March 24, 1911.

The Honorable, the Board of Estimate and Apportionment, 277 Broadway, Manhattan:

Gentlemen—In order to meet the requirements of this Department, I would respectfully request the transfer to and from of the following funds of the Appropriation Accounts authorized for this Department for the year 1911, in accordance with the statement of the Chief Engineer of Light and Power attached:

From

Heat, Light and Power, Boroughs of Manhattan and The Bronx, Bureau of Lamps and Lighting, Street and Park Lighting, 1911, No. 642.....		$1,000 00

To

Heat, Light and Power, Boroughs of Manhattan and The Bronx, Bureau of Lamps and Lighting, Contingencies, 1911, No. 640.....		$1,000 00

Very truly yours, HENRY S. THOMPSON, Commissioner.

Department of Water Supply, Gas and Electricity, Bureau of Lamps and Lighting, Manhattan, March 24, 1911:

Hon. HENRY S. THOMPSON, *Commissioner:*

Dear Sir—In explanation of the request of this Department for the transfer of funds from Appropriation Account, 1911, No. 642, to 1911, No. 640, in letter dated March 24, 1911, from the Commissioner of this Department to the Board of Estimate and Apportionment, I beg to advise that the said moneys will be necessary for the purchase of one (1) automobile for the use of the Chief Engineer of Light and Power of this Department.

The machine now being used was purchased at second hand in 1907, and is at the present time in a very unsatisfactory and dilapidated condition. When the Departmental estimate for the year 1911 was made, in the fall of 1910, no request for a new machine was embodied therein, for the reason that the machine then in use did not appear at that time to be in such condition that it should be replaced. But, subsequent to the date when this Department's estimate was submitted to the Board of Estimate and Apportionment, the machine got into very bad repair, owing to constant usage. It will cost four or five hundred dollars to refit and put same in such condition that it can be used to any advantage. The said refitting would probably take two months and would necessarily leave the Chief Engineer and his Bureau without a car for this period.

The car desired is to be fully equipped and in good repair, and is to cost less than $1,000. It may be a second-hand car.

In view of the fact that no appropriation entitled "Purchase of Automobiles" was created by the Board of Estimate and Apportionment for the Bureau of Lamps and Lighting for the year 1911, it would appear to me that the Appropriation Account for the Bureau of Lamps and Lighting entitled "Contingencies, 1911, No. 640," should, owing to the absence of the appropriate account for the said purchase, be made chargeable for the cost of the said machine. Very truly yours,

C. F. LACOMBE, Chief Engineer of Light and Power.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 25, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 24, 1911, the Commissioner of Water Supply, Gas and Electricity requested the transfer of $1,000 within appropriations to his Department for 1911. In connection therewith, I report as follows:

The transfer is from No. 642, Street and Park Lighting, to No. 640, Contingencies, in the Bureau of Lamps and Lighting, Boroughs of Manhattan and The Bronx. The $1,000 is for the purchase of an automobile for the Chief Engineer of Light and Power.

It is stated that the automobile used by the Engineer is in bad condition, and that necessary repairs would take approximately two months, and cost from $400 to $500. The machine was second-hand when purchased in 1907, and has been in constant use since that time. It is estimated that a new machine will cost slightly less than $1,000.

A similar request was made by the Commissioner on December 29, 1910. On January 11, 1911, my report to your Board recommending that the request be not approved was withdrawn by me to permit of further examination.

It is stated that it would be necessary to hire an automobile during the two months needed for repairs to the old machine. With approximately $500 for repairs, this would give a cost almost equal to the cost of the new automobile. It appears, therefore, that the proposed purchase would be more economical than the repairing of the old machine.

The attached resolution, if adopted, will grant the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

$37.59 within the appropriation made to the Municipal Courts for the year 1910.

Board of Justices, Municipal Court, City of New York, April 5, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—In accordance with a resolution adopted at a meeting of the Board of Justices, Municipal Court, City of New York, held on Tuesday, April 4, 1911, application is hereby made for the transfer of fifty-five ($55) dollars from the unexpended balance of appropriation for the Municipal Court, Borough of Manhattan, Second District, 1910, Contingencies, to the appropriation for Contingencies. Municipal Court, Borough of The Bronx, Second District, 1910.

To the Board of Estimate and Apportionment:

Gentlemen—On April 4, 1911, the Board of Justices of the Municipal Court requested the transfer of $55 within the appropriations to Municipal Courts for the year 1910. In connection therewith, I report as follows:

The transfer is from No. 1364, Contingencies, Second District Court, Manhattan, to No. 1382, Contingencies, Second District Court, The Bronx. The appropriation for No. 1364 was $600. The liability incurred was $539.85, leaving a balance of $60.15 The appropriation for No. 1382 was $300. The liabilities incurred amount to $337.59, as follows:

Law Journal	$10 00
Law books	83 00
Telephone service	100 36
Ice	12 73
Spring water	20 40
Carfares, postage, etc.	52 60
Typewriting machine	58 50
	$337 59

The deficiency of $37.59 is due to the purchase of a typewriting machine to replace an old one.

I recommend that the request be approved to the extent of $37.59 by the adoption of the attached resolution.

Respectfully, WM. A. PRENDERGAST, Comptroller.

$1,500 within the appropriation made to the Police Department for the year 1911.

Police Department of the City of New York, April 20, 1911.

Respectfully, JAMES C. CROPSEY, Police Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 27, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 20, 1911, the Police Commissioner requested a transfer of $1,500 within 1911 appropriations to the Police Department. In connection therewith I report as follows:

The transfer is from 829, Contingencies, to 820, Materials for Repairs and Replacements by Departmental Labor.

The following table covers No. 820 to April 27, 1911:

	Open Market Orders Issued.	Contracts Awarded.	
Appropriation			$9,600 00
Material for repairs to "Patrol" and launches..	$733 70	.....	
Materials for engine repairs.....	17 65	.....	
Hardware	90 58	$3,164 81	
Lumber and building material.....	71 35	2,115 75	
Paints, oils, glass.....	224 35	992 65	
Plumbing supplies	175 45	1,137 19

The Police Commissioner states that the unencumbered balance is insufficient to meet necessary expenditures for the remainder of the year. Requisitions for lumber, building materials, hardware and materials for general repairs amounting to $650 remain unfilled, and it is estimated that, in addition to this sum, $850 will be needed.

I recommend the adoption of the attached resolution granting the request.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 7, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 7, 1911, the Board of Aldermen adopted a resolution requesting the authorization of $5,500 special revenue bonds, the proceeds to be used in removing deposit from the St. Nicholas avenue and Myrtle avenue sewer, from Cypress avenue in the Second Ward, Queens, to the bulkhead in the Brooklyn sewer, about 100 feet beyond the Queens Borough line, and for the removal of bulkheads and temporary pumps and to relieve conditions detrimental to the health of the community in the vicinity of this sewer.

This resolution was referred to me for consideration and report.

I find this sewer was completed in September, 1908. A pumping plant and sewer were constructed out of corporate stock, at a cost of $5,500, to pump out the sewerage, pending the completion of the Scott avenue sewer in Brooklyn, which was to serve as its outlet. This permitted utilization of the sewer before it was actually completed.

This pumping plant was completed and turned over to the City the first week in August, 1909, immediately prior to the completion of the Brooklyn outlet. Since a brick bulkhead had been built to prevent entrance of water to the Brooklyn sewer, the Comptroller on August 9, 1909, addressed the Borough President of Queens, as follows:

"I am advised that in probably less than two weeks time the sewer in Brooklyn connecting the St. Nicholas avenue sewer, in Queens, to relieve which a pumping plant was recently erected and is being operated by you, will be completed to the extent that relief can be given your system and render unnecessary the further continuance or operation of the pumping plant for this purpose.

"The Brooklyn authorities stand ready at that time to permit such connection, provided your St. Nicholas avenue sewer is properly cleaned of sand and debris, and the timber used in its construction is removed. I do not understand why any material directly chargeable to the construction period should be present in work when finally and so recently accepted from the contractor and paid for by the City on your certification, yet an inspection has shown its presence to an extent that will prohibit a connection with the Borough system unless it is satisfactorily removed.

"To prevent any further waste of moneys on account of sewage relief for this section by the continued operation of this plant, I would ask your co-operation along the line above noted that a connection may be made at the earliest opportunity."

This failed of result, and although the Brooklyn outlet would have been available eighteen months ago, the cleaning of this sewer has been delayed until, now, $5,500 of special revenue bonds are asked to prepare it for serving its function as a sewer instead of a cesspool.

I recommend that this request be denied. The work should be charged against the sewer maintenance fund of the Borough. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Comptroller stated that the opposition to the request was withdrawn, as it had been determined that it was a proper charge.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution adopted by the Board of Aldermen March 7, 1911, requesting an issue of special revenue bonds of The City of New York to the amount of fifty-five hundred dollars ($5,500), the proceeds whereof to be expended by the President, Borough of Queens, in removing deposit from the St. Nicholas avenue and Myrtle avenue sewer, from Cypress avenue in the Second Ward, Borough of Queens, to the bulkhead in the Brooklyn sewer about 100 feet beyond the Queens Borough line, and for the removal of bulkheads and temporary pumps and to relieve conditions detrimental to the health of the community in the vicinity of this sewer, and the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York, to an amount not exceeding fifty-five hundred dollars ($5,500), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen requesting an issue of $18,000 special revenue bonds (subdivision 8, section 188, of the Charter), to provide for Sunday, holiday and overtime work of employees of the Department of Water Supply, Gas and Electricity assigned to the maintenance and construction force of the Engineering Bureau, Boroughs of Manhattan and The Bronx; communication from the Commissioner of said department relative thereto, together with a report of the Comptroller, to whom this application was referred April 6, 1911, recommending an issue of $12,000 for this purpose and also recommending a schedule of wages for said fund:

In the Board of Aldermen.

Resolved, That in pursuance of subdivision 8 of section 188, of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds in the amount of eighteen thousand dollars ($18,000), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity, in the payment of wages of employees assigned to the maintenance and construction force of the Engineering Bureau, Boroughs of Manhattan and The Bronx.

Adopted by the Board of Aldermen March 14, 1911, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor, March 28, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, March 6, 1911.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, Manhattan:

Dear Sir—In submitting the estimate for money required for Wages, Regular and Temporary Employees, assigned to the distribution systems in the Boroughs of Manhattan and The Bronx, the Department was led to believe that this money would be appropriated in a lump sum. In setting up the Budget a division was made of the money required for regular employees and for temporary employees. Where occasion required the employment of men on Sundays, holidays or during extra hours, the wages earned were charged to the account of temporary employees. There has been a considerable amount of emergency work done in the past few months on Sundays or after the regular working hours, so that the money appropriated for this purpose is now practically exhausted.

Under one of the resolutions which accompany the Budget, I find that no transfer of funds will be made from the account of regular employees to that of temporary employees, or vice versa. Strict compliance with these resolutions places the Department in the position of being unable to certify the wages of those employees who may hereafter be obliged to work on Sundays, holidays or after the regular working day.

Taking as a basis the amount of work performed on Sundays and holidays in past years, I anticipate that there will be required at least $18,000 to provide for the payment of wages of employees who will be called upon to perform work on these days. At least $10,000 of this amount would have been available had the Department's estimate been allowed as one sum. The time lost by employees on account of weather conditions or other causes could have been used for the payment of overtime and Sunday and holiday work, if the money had been appropriated as the Department had believed it would after several conferences with the representative of the Finance Department.

In consequence of the ruling of the Board of Estimate and Apportionment governing the Budget, I am obliged to submit an application to the Board of Aldermen for an issue of special revenue bonds in the sum of $18,000 to provide for the wages of employees for the emergency work which the Department will be called upon to do on Sundays and holidays for the remainder of the year.

Yours truly, HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 22, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1911, the Board of Aldermen adopted a resolution requesting special revenue bonds to the amount of $18,000, the proceeds to be used by the Department of Water Supply, Gas and Electricity in the payment of wages of employees assigned to the maintenance and construction force of the Engineering Bureau, Boroughs of Manhattan and The Bronx.

In connection therewith, I report as follows:

On March 6, 1911, the Commissioner of Water Supply, Gas and Electricity, in a communication to your Board, stated that the 1911 Budget allowances for the wages of regular and temporary employees in the distribution system, Manhattan and The Bronx, was insufficient for necessary Sunday, holiday and overtime emergency work, and that he would apply to the Board of Aldermen for the $18,000 in special revenue bonds to cover the estimated deficit.

The Budget appropriations referred to by the Commissioner are two part allowance accounts, entitled as follows:

Water Supply, Boroughs of Manhattan and The Bronx, Distribution, Maintenance of Croton and Bronx Systems—

506. Wages, Regular Employees, Maintenance and Construction Force.
507. Wages, Temporary Employees, Maintenance and Construction Force.

From a statement submitted by the Commissioner, it appears that the amount paid in 1910 for Sunday, holiday and emergency overtime work was $46,839, while the amount available for 1911 is $18,535.

The total additional amount estimate for 1911 is $3,303 for Assistant Foremen and $9,940 for Caulkers, or a total of $13,243. The estimate is based on a comparison with 1910, as follows:

	Assistant Foremen at $3 Per Day.		Caulkers at $4 Per Day.	
	Days.	Amount.	Days.	Amount.
Sunday, holiday and emergency work paid for in 1910	1,291	$3,873 00	3,155	$12,620 00
Allowance for Sunday, holiday and emergency work in 1911	190	570 00	670	2,680 00
Anticipated deficits	1,101	$3,303 00	2,485	$9,940 00

The Chief Engineer of the Department states the following:

The Budget provides for the employment of Assistant Foremen and Caulkers for but a total of 313 days a year on the two accounts. The Assistant Foremen are generally the shopmen in each district, and it is necessary for them to be on the work seven days in each week. The Caulkers are necessary if the Department proposes to make repairs and do emergency work on Sundays, and it has been necessary at all times to have at least one Caulker employed on each shift at each shop for every day in the year.

It is stated that the overtime allowance for Assistant Foremen was exhausted in February, and that incumbents have not been paid for overtime since February 21.

The estimated total of $13,243 is for full time. Loss of time by employees will give a saving, and it seems that an appropriation of $12,000 would be reasonable.

I recommend the adoption of the attached resolutions granting the request to the extent of $12,000 for Sunday, holiday and overtime work, and approving a schedule for the fund. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Adopted by the Board of Aldermen February 21, 1911, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor March 7, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of The Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On February 21, 1911, the Board of Aldermen adopted a resolution requesting $4,500 in special revenue bonds for the salaries of ten Trained Nurses at $480 per annum, and one at $600, to be employed in the alcoholic and prison wards of Bellevue Hospital. In connection therewith I report as follows:

Nos. 30 and 34 are the alcoholic and prison wards. In No. 30, the number of male patients averages 65 to 70. Seven Nurses are assigned to the ward, giving three constantly on duty. In Ward 34, the number of female patients averages 40 to 45. Two female Nurses are on duty, six being assigned to the ward in eight-hour shifts.

On March 4, 1911, the Trained Nurses on duty in the hospital were 130, assisted by 146 Pupil Nurses. Fifteen to twenty per cent. of the Nurses are assigned to special service at the dispensary, the old ferryboats "Southfield" and "Westfield," dressing office, reception office, admitting baths, amphitheatre, diet kitchen, Nurses' residence, infirmary and social service. The General Medical Superintendent states that the proportion of Nurses on duty to patients in the hospital is 1 to 9½ in the day time and 1 to 26½ at night. He also states that the number of Nurses in the general service is insufficient and that none can be spared from other wards for service in the alcoholic wards.

The Board of Trustees of the Department states the following:

In accordance with the progressive treatment of alcoholism now in vogue in large cities, especially in Europe, the alcoholic wards were recently placed under the care of the Resident Alienist. Only by supplying these additional Nurses will it be possible to secure the desired efficiency in the management of that service. It is believed that by the appointment of these Nurses better protection against imposition will be possible, and that it will enable the so-called "alcoholic repeater" to be properly dealt with. Associated with the alcoholic service are the prison wards, and these additional Nurses will be utilized for the improvement of these wards.

The grade of position of Trained Nurse at $480 per annum has not been established, pursuant to the provisions of section 56 of the Greater New York Charter. The Board of Trustees therefore has orally requested the substitution of the title of Hospital Attendant for the ten incumbents at the $480 rate.

Dr. M. S. Gregory, Resident Alienist, states that the present staff of Nurses is needed to care properly for the violent or delirious patients in the alcoholic wards. He also states that the new treatment of alcoholic patients calls for increased nursing. It is proposed to appoint the additional Nurses and Hospital Attendants on May 1. This would make $3,600 necessary for the remaining eight months of the year.

I recommend the adoption of the attached resolutions granting the request to the extent of $3,600 and approving a schedule for the fund. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 19, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1911, the Board of Aldermen adopted a resolution requesting an issue of special revenue bonds to the amount of $26,000, the proceeds to be used by the Commissioner of Water Supply, Gas and Electricity for the purchase of hypo-chlorite of lime and sulphate of copper. In connection therewith, I report as follows:

The Commissioner bases a request for the allowance upon a report made to him by the Chief Engineer of the Department on February 27, 1911. The Chief Engineer stated that after laboratory analyses of the Croton water supply and a conference with the Sanitary Superintendent of the Board of Health, it was found to be advisable immediately to resume treating the water by hypo-chlorite of lime, to avoid serious pollution from increase in bacilli. Additional treatment with sulphate of copper is stated to be necessary to remove the algæ, which colors the water and makes it distasteful.

A preliminary supply of hpyo-chlorite of lime has been contracted for at $1.35 per hundred pounds. The present consumption of water is 320,000,000 gallons daily, of which 290,000,000 are being treated. It is proposed to treat the entire supply, giving an average for 1911 of approximately 300,000,000 gallons a day.

The treatment calls for 20 pounds of lime per million gallons, or 6,000 pounds a day, costing approximately $81 a day, or $29,565 per annum. The present supply of hypo-chlorite of lime will last to June 1, 1911. The treatment may be temporarily discontinued, and $15,000 for a six months' supply would appear to be sufficient. The cost of the necessary sulphate of copper is estimated at $3,000. A total allowance of $18,000 would seem to be ample for the balance of the year.

I recommend the adoption of the attached resolution approving the request of the Board of Aldermen to the extent of $18,000.

Respectfully, WM. A. PRENDERGAST, Comptroller.

To the Board of Estimate and Apportionment:

Gentlemen—On March 7, 1911, the Board of Aldermen adopted a resolution requesting $587.50 in the special revenue bonds for the wages of a Laborer, from April 1 to December 31, 1911, in the Division of Taxicabs, Bureau of Licenses, Mayor's Office. In connection therewith, I report as follows:

The incumbent is William J. Carroll, who was transferred from the office of the President of the Borough of Manhattan, on December 20, 1910. In the Bureau he has been paid at the rate of $2.50 a day, from No. 8 Contingencies. The Chief of the Bureau states that Carroll cleans the headquarters of the Inspectors of Taxicabs, at 244 West 49th street, and jacks up taxicabs for inspection. His compensation is not a proper permanent charge against the Contingency Account. Excluding Sundays and holidays, there are 228 working days, from April 1 to the end of the year. The amount necessary, at $2.50 a day, is $570.

I recommend the adoption of the attached resolutions granting the request to the extent of $570, and approving a schedule for the fund.

Respectfully, WM. A. PRENDERGAST, Comptroller.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 26, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1911, the Board of Aldermen adopted a resolution requesting special revenue bonds in the sum of $3,000, to provide funds for the installation of fireproof partitions and doors in the corridors of the College of The City of New York, 17 Lexington ave., pursuant to an order of the Bureau of Buildings, Borough of Manhattan. In connection therewith I report as follows:

The building referred to is the original college structure, erected in 1849, at the corner of Lexington avenue and 23d street. In 1871 a rear structure was added, toward the middle of the block, and extending through to 22d street. In 1907 the college was moved to the new group of buildings on St. Nicholas terrace. Since then the Board of Trustees has maintained a high school annex to the college in the original college structure, and the 22d street section has been used as an annex by the Normal College. At present 650 boys of the City College, and 600 girls of the Normal College, or a total of 1,350 pupils, are registered in the two annexes.

The exits from the 22d street structure, occupied by the girl pupils, are inadequate. In fire drills, three-fourths of the pupils are made to take the corridors on the Lexington avenue and 23d street exits of the 23d street building. The corridor and stairways connecting them are of wood.

In a communication to the Curator of the City College, under date of January 3, 1911, the Superintendent of the Bureau of Buildings, Manhattan, stated that the exit facilities from the 23d street building were inadequate, unless they were thoroughly protected. He stated that the two outside fire escapes on that building were of very little value, and suggested that the stairways be enclosed by building fireproof enclosures from the foundation up through the building, with self-closing fireproof doors in the openings. He requested that the work be started as soon as possible.

In view of the facts stated herein, I recommend that the request of the Board of Aldermen be approved by the adoption of the resolution attached hereto.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Aldermen on March 14, 1911, requesting an issue of special revenue bonds in the sum of three thousand dollars ($3,000), to provide funds for the installation of fireproof partitions and doors in the corridors of the College of the City of New York, 17 Lexington avenue, Manhattan, pursuant to an order of the Bureau of Buildings, Borough of Manhattan, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment, and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding three thousand dollars ($3,000), redeemable from the tax levy of the year succeeding the year of their issue.

The Secretary presented the following report of the Comptroller certifying claim of August J. Kremp, pursuant to section 246 of the Charter, in the sum of $290.72, for salary for services rendered in the Bureau of Buildings, Borough of Queens, as Plan Examiner, from January 22 to April 30, 1909, inclusive:

(On April 27, 1911, the above matter was laid over one week.)

City of New York, Department of Finance, Comptroller's Office, April 21, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—August J. Kremp having presented a claim in the sum of $290.72, as salary for his services rendered in the Bureau of Buildings, Borough of Queens, as Plan Examiner, from January 22, 1909, to April 30, 1909, inclusive, under and pursuant to the provisions of section 246 of the Greater New York Charter, I hereby certify that said claim is illegal and invalid by reason of technical objections thereto, but notwithstanding, in my judgment, it is equitable and proper for the City to pay the same in the sum of $290.72, inasmuch as it has received a benefit in that amount.

Respectfully, WM. A. PRENDERGAST, Comptroller.

City of New York, Department of Finance, Comptroller's Office, April 13, 1911.

In the matter of the application of August J. Kremp, pursuant to the provisions of section 246 of the Charter, for the payment of $290.72, alleged to be due him as salary for his services as Plan Examiner in the Bureau of Buildings, Borough of Queens, from January 22 to April 30, inclusive, 1909:

ALBERT E. HADLOCK, Esq., *Chief of the Division of Law and Adjustment:*

Sir—Heretofore a claim was filed in this Department by August J. Kremp, for $290.72, alleged to be due him as salary for his services as Plan Examiner in the Bureau of Buildings, Borough of Queens, from January 22, 1909, to April 30, 1909, inclusive, and under date of July 1, 1910, it was reported upon by this Division. It appears that claimant's salary was not established in accordance with the provisions of section 56 of the Charter, and therefore the claim was disallowed.

Subsequently, under date of December 15, 1910, John F. Gabriel, an Attorney-at-Law, on behalf of this claimant, made application for the payment of this amount under chapter 601 of the Laws of 1907. A further report of this Division, dated January 12, 1911, together with all the papers herein, was transmitted to the Corporation Counsel for his advice as to whether the Comptroller might properly certify this claim to the Board of Estimate and Apportionment under section 246 of the Charter.

Under date of March 13, 1911, Acting Corporation Counsel G. L. Sterling, in a communication to Comptroller William A. Prendergast states in part that the facts involved appear to be that prior to January 22, 1909, claimant passed a Civil Service examination, and his name was placed upon the eligible list for Plan Examiner. He was appointed as Plan Examiner by the Superintendent of Buildings of the Borough of Queens on or about January 22, 1909. Payrolls in favor of the claimant, with pay at the rate of $1,050 per annum was transmitted, to which were attached the usual certificates of the Civil Service Commission, and payment was refused by this Department on the ground that claimant's salary had never been fixed pursuant to the provisions of section 56 of the Charter. In May, 1909, the Board of Aldermen, in accordance with the recommendation of the Board of Estimate and Apportionment, pursuant to that section, fixed the pay of this claimant as a Plan Examiner in the Bureau of Buildings, Borough of Queens, at the rate of $1,050 a year. He was paid a salary for the month of May, 1909, and thereafter at that rate. Section 405 of the Charter provides for a Bureau of Buildings in the office of the President of each borough in the City, and for the appointment of a Superintendent of Buildings in each borough.

The Acting Corporation Counsel quotes in part from sections 406 and 56 of the Charter, and continues that until the action of the Board of Aldermen, upon the recommendation of the Board of Estimate and Apportionment, pursuant to section 56 of the Charter, the situation was that the claimant occupied a position to which no compensation was attached. He would, therefore, have no legal or valid claim to salary for the period from January 22, 1909, until the action of the Board of Aldermen and the Board of Estimate and Apportionment. It would seem, however, that claimant's appointment was not in violation of any provision of the Civil Service law. The power to appoint or create positions in the Bureau of Buildings, Borough of Queens, is vested in the Superintendent of Buildings for that Borough. Under the provisions of section 56 of the Charter, neither the Board of Aldermen nor the Board of Estimate and Apportionment creates the position. They fix the rate of pay or compensation of every person whose compensation is paid from the City treasury, or fix the different rates of pay of positions. The appointment of the claimant was not in violation of any provision of the Civil Service law, and the Comptroller may certify this claim to the Board of Estimate and Apportionment pursuant to the provisions of section 246 of the Charter. Whether he should so certify it is a matter which is addressed to his sound discretion under all the circumstances involved.

As has been above stated, it seems that claimant could not recover in an action at law for the services rendered by him between January 22, 1909, and April 30, 1909, because the Board of Aldermen had not fixed the salary of his office upon recommendation of the Board of Estimate and Apportionment, and so his claim is illegal and invalid by reason of a technical objection thereto. There is no question, however, that claimant performed the services required of him as Plan Examiner during the period for which he claims, and that the City received a benefit to the extent of the amount claimed by him, so that the equities appear to be in favor of the claimant.

Transmitted herewith are two payroll vouchers in favor of the claimant herein, one for the months of February, March and April, 1909, for the sum of $262.50, at the rate of $1,050 per annum, and another for the month of January, 1909, in the sum of $28.22, both of which cover the period for which this application is made, and both of which are certified by the Civil Service Commission, pursuant to section 20 of the Civil Service Law.

I have prepared a certificate for signature by the Comptroller, and a resolution for adoption by the Board of Estimate and Apportionment, pursuant to section 246 of the Charter, and respectfully recommend that the same, with this report and all the papers herein, be submitted to the Comptroller for such action as he may deem just and proper. Respectfully,

GEORGE JACOBS, Law Clerk.

Approved: ALFRED E. HADLOCK, Chief of the Division of Law and Adjustment.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 246 of the Greater New York Charter, the Board of Estimate and Apportionment hereby determines that The City of New York has received a benefit and is justly and equitably obligated to pay, and that the interest of the City will be best subserved by the payment of the sum of two hundred and ninety dollars and seventy-two cents ($290.72), without interest, to August J. Kremp, for services rendered as Plan Examiner at a salary of ten hundred and fifty dollars ($1,050) per annum, in the Bureau of Buildings, Borough of Queens, from January 22, 1909, to April 30, 1909, inclusive; that the same be paid to said August J. Kremp in full satisfaction of all claims for such services, and only upon the execution by him of a full release in favor of the City in such form as shall be approved by the Corporation Counsel, said sum to be paid out of the funds against which the payroll vouchers are drawn.

The Secretary presented the following report of the Comptroller, certifying claim of John Lucas & Co., pursuant to section 246 of the Charter, in the sum of $30.30 for turpentine furnished to the Department of Water Supply, Gas and Electricity:

(On April 27, 1911, the above matter was laid over for one week.)

Department of Finance, City of New York, Comptroller's Office, April 20, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—Under and pursuant to the provisions of Section 246 of the Greater New York Charter, I hereby certify that a claim has been presented by John Lucas & Co. for the sum of $30.30 for turpentine furnished to the Department of Water Supply, Gas and Electricity on the 19th day of July, 1910; that said claim, according to the report of Edwin W. Ivins, Auditor of Accounts, dated April 20, 1911, and opinions of the Corporation Counsel in similar cases, is illegal and invalid as against The City of New York, but, notwithstanding, in my judgment, it is equitable and proper that the City should pay the same in whole, inasmuch as it has received value for the same.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Finance, City of New York, Comptroller's Office, April 20, 1911.

In the matter of the application of John Lucas & Co., for determination of a claim for $30.30, under section 246 of the Charter, alleged to be due for turpentine furnished the Department of Water Supply, Gas and Electricity, July 19, 1910:

ALBERT E. HADLOCK, Esq., *Chief, Division of Law and Adjustment:*

Sir—John Lucas Company requests the Comptroller to certify their claim for $30.30, for the value of one barrel of turpentine shipped on an emergency order to the Ridgewood Pumping Station, Ridgewood, Long Island, January 19, 1910, to the Board of Estimate and Apportionment to be determined, and its payment authorized by said Board.

The following letter from the Chief Clerk and Auditor in the Department of Water Supply, Gas and Electricity explains the matter:

"Mr. J. W. F. BENNETT, *Deputy and Acting Commissioner:*

"Dear Sir—This voucher for $30.30 in favor of John Lucas & Co., is for the payment of a barrel of turpentine that was ordered by telephone after bids had been received for paint, oils, etc., and the contract awarded to John Lucas & Co., but before the contract had been executed, it being the intention to have the bill included in the contract payment. But the full amount allowed by the contract was afterward ordered and obtained under the contract, and this extra quantity was not included in the contract payment.

"As the turpentine was necessary and was furnished it ought to be paid for. I have, therefore, had this miscellaneous voucher prepared and recommend its approval.

"Respectfully, E. BEARDSLEY."

No certificate of necessity was filed, nor was an open market order given for the turpentine.

The foregoing I believe true. The emergency order, although improperly given, was filled to the advantage and benefit of the City, and at a price that was just and reasonable; and I recommend that the claim of John Lucas & Co. be certified in the sum of $30.30 to the Board of Estimate and Apportionment, as an illegal and invalid claim, which, nevertheless, it is equitable and just for the City to pay in its entirety.

Respectfully, E. W. IVINS, Auditor of Accounts.

Approved: ALBERT E. HADDOCK, Chief, Division of Law and Adjustment.

Approved: WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to section 246 of the Greater New York Charter, the Board of Estimate and Apportionment hereby determines that the City has received a benefit from John Lucas & Co., and is justly and equitably obligated to pay to said John Lucas & Co., without interest, the sum of thirty dollars and thirty cents ($30.30) for supplies delivered to the Department of Water Supply, Gas and Electricity, on July 19, 1910; that the said sum shall be paid in full satisfaction of the claim which has been presented on behalf of said John Lucas & Co., which was for the value of turpentine delivered by them to the Ridgewood Pumping Station of the Department of Water Supply, Gas and Electricity, and shall be paid only upon the execution by said firm of a full release in favor of the City in such form as shall be approved by the Corporation Counsel, and the Comptroller is hereby authorized to pay the said sum of thirty dollars and thirty cents ($30.30) out of the account S, 168, Maintenance and Distribution of Water Supply in the Borough of Brooklyn, 1910, Maintenance of Pumping Stations and Buildings, Materials for Repairs and Replacements by Departmental Labor.

Which was laid over one week—May 11, 1911.

(On April 27, 1911, the Board adopted a resolution approving of the modification of the schedule of salaries to provide for the change in title of Laborer to Axeman,

WALTER H. BUNN, Commissioner of Public Works and Acting President, Borough of Queens.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending, a modification of Salary Schedules 569 and 575, supporting the appropriation made in the Budget for the year 1911, for said Department, providing for the addition of a Stoker at $3 per day for 365 days, and reducing the allowance for all per diem employees in Schedule 575 from 303 to 302 days, involving the transfer of $40.07, to be effective as of April 26, 1911:

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, April 10, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—An additional Stoker is required for the pumping stations in the Borough of Queens, but there is not quite enough money in the appropriate account and schedule line. There is a surplus, however, in a similar account of the same Borough, and by the transfer of $58.50 and the modification of the schedules supporting the two accounts I can appoint the Stoker.

Therefore, I respectfully request that the Board of Estimate and Apportionment approve the enclosed modified schedules for appropriations Nos. 569 and 575 of 1911, and that they transfer the sum of $58.50 from No. 575 to No. 569.

Yours truly, HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 26, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 10, 1911, the Commissioner of Water Supply, Gas and Electriicity, requested modification of two wage schedules for regular employees in his Department for 1911, involving a schedule transfer of $58.50. In connection therewith I report as follows:

The schedules cover employees detailed to Water Supply in the Borough of Queens. In 569, Collection and Storage, Pumping Stations and Standpipes, it is proposed to add a Stoker at $3 per day for 365 days. The necessary funds are to be provided by dropping an unassigned balance of $1,036.50 and by transferring $58.50 from 575, Distribution and Maintenance. The allowance for all per diem employees in No. 575 is to be reduced from 303 to 302 days. This would release the $58.50 for the schedule transfer and give $44.60 as an unassigned balance.

The necessary schedule and cash transfers, in detail, as of April 26, 1911, are as follows:

Acct. No.	Line Items.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communications from the Department of Docks and Ferries requesting, and report of the Comptroller recommending, a modification of Salary Schedules 155, 194, 156, 167 and 196, supporting the appropriation made in the Budget for the year 1911, for said Department, providing for a change in the compensation of a Foreman House Painter, at $5 per diem, for 365 days, in Schedule 194, to a per annum rate of $1,500, and to provide for the prevailing rate of wages for Pipe Fitters, Roofers, and Tinsmiths and Roofers, in the other accounts, involving no additional appropriation:

Department of Docks and Ferries, City of New York, Pier A, North River, New York, March 3, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—Referring to your two resolutions adopted February 9, 1911, recommending to the Board of Aldermen the establishment of new grades in several positions, I beg to advise that the only titles specified in which this Department has employees are Pipe Fitter, Roofer and Tinsmith and Roofer. The additional compensation to be paid our employees in the three classes named would amount to $7.25 per day. In all probability the men so employed will not work full time during the year and the amounts provided in the Budget will thus undoubtedly be sufficient to meet the increased rate.

In the event of the present appropriation being found insufficient, a request could be made toward the end of the year for a transfer of funds to cover the deficiency.

It is only necessary at this time, therefore, when the resolutions are approved by the Board of Aldermen, to modify the Budget lines for Pipe Fitter, Roofer and Tinsmith and Roofer, to conform to the new rates, reducing the number of days accordingly. Yours respectfully, CALVIN TOMKINS, Commissioner of Docks.

Department of Docks and Ferries, City of New York, Pier A, North River, New York, March 23, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—On February 9, 1911, resolutions were adopted by the Board of Estimate and Apportionment recommending to the Board of Aldermen the establishment of new grades in several positions.

On the 3d inst., a letter was sent to you by this Department, stating that the resolutions, in so far as this Department is concerned, affected the positions of Pipe Fitter, Roofer, and Tinsmith and Roofer, that in all probability the amounts now provided in the Budget would be sufficient to meet the increased rate, and request was made for modification of the Budget lines for the three positions to conform to the new rates, $5.50, $4.75 and $4.75 per day, respectively, the number of days to be reduced accordingly.

We are in receipt of resolutions from the City Clerk, showing the new rates to have been approved by the Board of Aldermen.

I respectfully request that this Department's Budget for the year 1911 be amended in order that the new rates can be put into effect. Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.

Department of Docks and Ferries, City of New York, Pier A, North River, New York, April 3, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—Item 194 in this Department's Budget for the year 1911, Bureau of Ferries, Maintenance, provides for one Foreman House Painter, at $5 per day for 365 days, $1,825.

I respectfully request that this line item be changed to read: 1 Foreman House Painter, at $1,500 per annum, the balance of the allowance to be left unassigned.

Respectfully, CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 25, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 23 and April 3, 1911, the Commissioner of Docks requested the modification of four wage schedules supporting Budget appropriation to the Department of Docks and Ferries for the year 1911. In connection therewith, I report as follows:

In the Bureau of Ferries, Maintenance, Mechanical and Labor Force Engaged on Repairs, No. 194, Wages, Regular Employees, it is proposed to change a Foreman House Painter at $5 a day for 365 days, a schedule total of $1,825, to a per annum compensation of $1,500. It is stated that the change is for equalization with the rate of $1,500 per annum for the Foreman Painter in the Mechanical Bureau. In No. 194, and in the accounts in the Mechanical Bureau and the Bureau of Engineering for the wages of regular and temporary employees, it is proposed to make the following increases as the prevailing rates: Pipefitters, from $5 to $5.50 per diem; Roofers, from $4.50 to $4.75 per diem; Tinsmiths and Roofers, from $4.50 to $4.75 per diem.

The increases are provided for by a decrease in the number of working days. The new rates were fixed by the Board of Aldermen on February 28, 1911.

The following tables show the changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.

The Secretary presented the following communication from the Department of Parks, Borough of The Bronx, requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted June 3, 1910, of the plans, specifications and estimate of cost ($16,000) for reconstructing and resurfacing with asphaltic earth mixture The Bronx and Pelham Parkway, from the Southern boulevard to the Butler street road, Borough of The Bronx:

Department of Parks, Borough of The Bronx, Office of Chief Engineer, Zbrowski Mansion, Claremont Park, March 31, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller*, 280 Broadway, New York City:

Dear Sir—By order of the Commissioner of Parks for the Borough of The Bronx, I submit herewith, for your approval, specifications, together with cross-section plan, and a sketch showing the location of the work on the following contract, the estimated cost of which is $16,000:

"For furnishing all the labor and materials for reconstructing and surfacing with asphaltic earth mixture The Bronx and Pelham Parkway, from the Southern boulevard to the Butler street road, in the Borough of The Bronx, in The City of New York."

Plans and specifications for this work to be laid with asphaltic concrete were sent to the Board of Estimate and Apportionment, September 24, 1910.

Bids were received, but before the work could be awarded an injunction was served by the Warren people, who claimed infringement of their patent, and the Park Board was obliged to reject the bids and prepare the present specifications.

The Eastern boulevard and a portion of The Bronx and Pelham Parkway has already been laid under this same specification, which received the approval of the Board of Estimate and Apportionment in September last.

Your early attention to this matter will be greatly appreciated.

Yours very truly,

MARTIN SCHENCK, Chief Engineer of Parks, Borough of The Bronx.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 28, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 31, 1911, the Chief Engineer of the Department of Parks, Borough of The Bronx, submitted for the approval of the Board of Estimate and Apportionment plans, specifications and estimate of cost ($16,000) for reconstructing and surfacing with asphaltic earth mixture the roadway of the Bronx and Pelham parkway from the Southern boulevard to the Butler street road in the Borough of The Bronx, in The City of New York.

The specifications require the present macadam roadway to be cleaned of loose material and the depressions in the surface filled with broken stone and rolled so as to produce a uniform surface to the roadway. Upon this is to be spread a two-inch layer of asphalt mixed with sand or gravel and rolled cold.

Up to the present time only one company has attempted to lay a pavement of this nature in this City. The specifications, however, are so drawn that any asphalt company can bid on the work, provided it is willing to furnish the required guarantee to keep the pavement in repair for five years.

At the suggestion of the Department of Finance, the Chief Engineer of Parks, Borough of The Bronx, has made certain changes in the contract and specifications submitted for approval.

A discrepancy between the plans and the specifications has been corrected by changing the specified thickness of the asphalt surface from 1½ inches to 2 inches.

As originally drawn, the contract form provided for the payment of the entire contract price thirty days after the completion of the work, a bond amounting to 20 per cent. of the contract price being furnished to secure the proper repair of the roadway by the contractor under the five-year guarantee.

Clause U of the contract has been changed to retain 5 per cent. of the contract price in cash in addition to the above-mentioned bond for the five-year period of guarantee.

The new portion of Clause U reads as follows:

"And the City will pay and hereby binds itself to pay to the contractor in cash, on the expiration of thirty days from the time of the completion of the work and the filing in the office of the Comptroller of said final certificate, ninety-five per cent. (95%) of the moneys accruing to the contractor under this contract, and the balance of the moneys that may be due the contractor under this agreement thirty days after the expiration of the five-year guarantee period, thereinafter set forth, provided the pavement shall at that time be in good condition and repair."

Clause W of the contract, requiring the contractor to insure the work against damage by fire has been cancelled, and in place thereof, a clause has been inserted giving the Commissioner of Parks, Borough of The Bronx, the right to make necessary repairs and charge the cost against the retained money and the bond on the contract, in case of failure or neglect on the part of the contractor to keep the pavement in good condition.

The inserted clause is as follows:

"W. The contractor shall immediately repair and make good to the satisfaction of the Engineer any disintegration, cracks, bunches, defects or settlement or depression of the pavement which shall occur at any time during the period of five (5) years from and after the date of the final certificate of the completion and acceptance of the whole work under this contract. The contractor must keep himself informed of the condition of the roadway pavement under maintenance and must keep the whole of said pavement in repair and in good condition without notice from the Commissioner, and, in case of failure or neglect on his part so to do, then the Commissioner shall, whenever he deems it necessary to do so, have the right to purchase such materials as he shall deem necessary, and to employ such person or persons as he shall deem necessary or proper to undertake or complete said repairs, and to charge the expense thereof against any sum of money retained by the City, as herein provided, or to the contractor and his sureties, and the contractor or his sureties shall pay all such expense to which the Commissioner may have been put by reason of the neglect of the contractor to make such repairs as aforesaid."

In the present form, the plans and specifications and estimate of cost are satisfactory, and I recommend that they be approved.

A resolution is hereto attached, which, if adopted, will carry out the above recommendation. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted June 3, 1910, hereby approves the plans, specifications and estimate of cost, sixteen thousand dollars ($16,000), for reconstructing and surfacing with asphaltic earth mixture the Bronx and Pelham Parkway, from the Southern boulevard to the Butler Street road, in the Borough of The Bronx, in The City of New York, under the jurisdiction of the Department of Parks, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted June 3, 1910, of the specifications embraced in Contract 1272 of said Department, and estimate of cost ($4,725), for furnishing about 750 hours' services of tugs on the North and East Rivers and waters within the limits of The City of New York:

(On April 20, 1911, the request of the Commissioner of Docks for approval of the above contract was referred to the Comptroller.)

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, April 18, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—I transmit herewith form of Contract 1272, to which is attached specifications for obtaining about 750 hours' services of tugs. This contract is estimated at $6 per hour, which, with the 5 per cent. excess allowed, makes the total estimate $4,725.

Funds for this towing are provided for in the recent resolution of the Board of Estimate and Apportionment authorizing the issue of corporate stock moneys for this Department.

The specifications and estimate are now submitted for your approval.

Yours respectfully, CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 27, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 18, 1911, the Commissioner of Docks transmitted for approval, the specifications and estimate of cost ($4,725), for furnishing about 750 hours of services of tugs on the North and East Rivers and waters within the limits of The City of New York.

The Department of Docks and Ferries now has under its control and subject to the direction of its Engineers three tugs owned by the City. This number is insufficient at times. It is frequently necessary to move scows loaded with material, or plant, from one point on the waterfront to another, when the tugs owned by the City are otherwise engaged, and it is considered more economical and expedient to have a reliable towing company under contract for such work than to have an increased number of City owned tugs.

In a resolution adopted by the Board of Estimate and Apportionment on April 6, 1911, authorizing a corporate stock issue for the Department of Docks and Ferries provision was made for miscellaneous supplies, towing and hire of horses and carts to the extent of $469,600.

None of this corporate stock has yet been issued.

The work to be performed by the tugs employed under the proposed contract will all be in connection with the construction of new piers, bulkheads, etc., and, therefore, the cost is properly chargeable to corporate stock.

The estimate of cost is reasonable and the specifications are satisfactory.

I recommend the adoption of the resolution hereto attached.

Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in pursuance of its resolution of June 3, 1910, hereby approves of the specifications embraced in Contract Number 1272, Department of Docks and Ferries, and estimate of cost, four thousand seven hundred and twenty-five dollars ($4,725), for furnishing about 750 hours services of tugs on the North and East Rivers and waters within the limits of The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted June 3, 1910, of the drawings, specifications and estimate of cost ($23,805.60) for furnishing and delivering granite stone for bulkhead or river wall, Contract 1273 of said Department:

(On April 20, 1911, the request of the Commissioner of Docks for approval of the above contract was referred to the Comptroller.)

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, April 18, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—I transmit herewith form of Contract 1273, to which is attached the specifications for obtaining supply of granite stone for the bulkhead wall. This contract is divided into two classes.

Class 1 calls for headers and stretchers 10,600 cubic feet. This granite called for in Class 1 is estimated at $1.12 per cubic foot, amounting to $11,872. With the 5 per cent. excess allowed in the contract, Class 1 is estimated at a total of $12,465.60.

Class 2 calls for coping stones 9,000 cubic feet. This granite in Class 2 is estimated at $1.20 per cubic foot, amounting to $10,800 for the 9,000 cubic feet. With the 5 per cent. excess allowed in the contract, Class 2 is estimated at $11,340.

This supply of granite is provided for in the recent resolution of the Board of Estimate and Apportionment, authorizing issue of corporate stock funds for this Department. The specifications and estimate are now submitted for your approval.

Yours very truly, CALVIN TOMKINS, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 28, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 18, 1911, the Commissioner of Docks transmitted for approval plans, specifications and estimate of cost ($23,805.60) for furnishing and delivering granite stone for bulkhead or river wall.

The material to be furnished is divided into two classes, separate bids to be received for each, as follows:

Class I. For granite headers and stretchers containing about 10,600 cubic feet.

Class II. For coping stones containing about 9,000 cubic feet.

The Department of Docks and Ferries employs continuously a large force of men engaged in the construction of bulkhead walls around the waterfront of New York.

At the present time, granite wall and coping stone are necessary for use in the Yorkville and Blackwell section, Gowanus section, for Corlears section, and for the construction of bulkhead wall on the North River. The material is necessary.

On April 6, 1911, a resolution was adopted by the Board of Estimate and Apportionment authorizing an issue of corporate stock, the proceeds to be used by the Department of Docks and Ferries. In this resolution, provision was made for miscellaneous supplies, towing and hire of horses and carts used in connection with the construction and improvement of docks to the extent of $469,600. The granite it is proposed to buy under these specifications is to be used in new work and its cost may properly be charged to the above described fund.

The estimate of cost is reasonable and the drawings and specifications as submitted are satisfactory.

I recommend the adoption of the resolution hereto attached.

Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in pursuance of its resolution of June 3, 1910, hereby approves of the drawings, specifications and estimate of cost, twenty-three thousand eight hundred and five dollars and sixty cents ($23,805.60), for furnishing and delivering granite stone for bulkhead or river wall, Contract 1273, Department of Docks and Ferries.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted June 3, 1910, of the specifications and estimates of cost for furnishing and delivering lumber and piles for said Department, as per accompanying resolution; said approval being conditioned upon the subsequent authorization of sufficient corporate stock for said purpose:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, March 31, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman of the Board of Estimate and Apportionment:*

Sir—I transmit herewith copy of the form of Contract 1271 for lumber and piles. This contract is divided into six classes, as per specifications included in the form. Classes 1, 2, 3 and 4 are for new work, and are, therefore, to be charged against corporate stock funds. Classes 5 and 6 are appropriation charges.

The estimates on the corporate stock classes are as follows, these estimates including the 5 per cent. excess permitted by the contract:

Class 1. For sawed yellow pine lumber	$52,176 60
Class 2. For miscellaneous lumber	6,435 50
Class 3. 2,000 yellow pine piles, 80 feet and up	33,600 00
Class 4. 1,000 yellow pine piles 50 to 60 feet	8,925 00

Funds have not yet been provided for this lumber, but provision therefor is made in the request for corporate stock moneys now before you.

I respectfully request that the specifications and estimates on these four corporate stock classes be approved by you. Yours respectfully,

CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 24, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 31, 1911, the Commissioner of Docks and Ferries transmitted for the approval of the Board of Estimate and Apportionment, specifications and estimate of cost for a proposed contract, for furnishing lumber and piles to be used in the construction of piers, bulkheads, wharves, etc., in The City of New York.

The lumber, etc., to be procured under the contract is divided into six (6) classes, two of which, Nos. 5 and 6, are to be charged against the Budget appropriation for 1911. Approval of these, therefore, is not necessary.

The classes for which approval is asked, are as follows:

Class 1. For sawed yellow pine lumber	$52,176 60
Class 2. For miscellaneous lumber	6,435 50
Class 3. For 2,000 pine or cypress piles, 80 feet and up	33,600 00
Class 4. For 1,000 pine or cypress piles, 50 to 60 feet	8,925 00
	$101,137 10

In the Department of Docks and Ferries, a large labor and skilled force is constantly employed constructing new piers, extending old ones, building wharves, bulkheads, etc. It is requisite that lumber and piles of various kinds and sizes should at all times be available.

I am informed that during the present season the Department will proceed, if possible, with the construction of new piers at 95th street and 135th street, North River, a Pier (new) 43, East River, at 209th street, Harlem River, and extensions to old piers 45th to 54th streets, North River. Piles, also, are necessary in the construction of foundations for bulkhead walls where that class of work is being done at various places along the waterfront.

It is explained by the Commissioner of Docks, in his communication of March 31, 1911, that funds have not yet been provided for this lumber, but that provision therefor is made in the request for corporate stock now before the Board of Estimate and Apportionment.

The approval of the specifications and estimate of cost is desired at this time so that the contract may be in readiness for letting as soon as funds for the purpose are available. I see no objection to this being done, conditional, of course, on the subsequent authorization of corporate stock to cover the cost of the material.

The specifications are considered satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the resolution hereto attached.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in pursuance of the resolution of June 3, 1910, hereby approves the specifications and estimate of cost for furnishing and delivering lumber and piles under Contract Number 1271, Department of Docks and Ferries, as follows:

Class 1, for sawed yellow pine lumber	$52,176 60
Class 2, for miscellaneous lumber	6,435 50
Class 3, for 2,000 pine or cypress piles	33,600 00
Class 4, for 1,000 pine or cypress piles	8,925 00

Provided, however, that the approval herein given is conditional on the subsequent authorization of sufficient corporate stock for the purposes.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending, approval, pursuant to resolution adopted June 3, 1910, of the specifications for furnishing and delivering about 5,600 tons of anthracite (egg) coal to said Department, at an estimated cost of $5.35 per ton:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, April 6, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Gentlemen—On April 6, 1911, the Commissioner of Docks transmitted to the Board of Estimate and Apportionment for approval specifications for obtaining about 5,600 tons of anthracite (egg) coal at an estimated cost of $5.35 per ton.

The specifications agree with the standard form of specifications for coal as adopted by the Board of Estimate and Apportionment on January 12, 1911. The estimated price per ton is high, but not excessive.

I submit for adoption the resolution appended hereto. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted June 3, 1910, hereby approves of the specifications for furnishing and delivering about 5,600 tons of anthracite (egg) coal to the Department of Docks and Ferries at an estimated cost of five dollars and thirty-five cents ($5.35) per ton.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, April 17, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Sir—Pursuant to resolution of the Board of Estimate and Apportionment of January 5 last, I beg to forward to you herewith, for the approval of said Board, plans, specifications and form of contract for constructing a playground in the easterly end of St. Gabriel's Park, in the Borough of Manhattan.

The estimated cost of this improvement, which will be chargeable against the fund provided by corporate stock issue, designated as Code No. 58A, is $4,200.

Yours truly,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 24, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 17, 1911, the Commissioner of Parks, Borough of Manhattan and Richmond, transmitted for approval the plans, specifications and estimate of cost, ($4,200), for constructing a playground in the easterly end of St. Gabriels Park, in the Borough of Manhattan.

St. Gabriel's Park is situated in the block bounded by 1st and 2d avenues, 35th and 36th streets. It is laid out and equipped mainly as a playground or place of recreation for children. In the easterly end there remains a portion still unimproved. Around this portion it is proposed to construct a wrought iron picket fence seven feet in height. The ground is to be graded and underdrained and a water supply system with drinking and flush hydrants is to be installed. The improvement is desirable.

The plans and specifications are satisfactory and the estimate of cost reasonable.

On June 3, 1910, the Board of Estimate and Apportionment authorized an issue of corporate stock to the amount of $250,000 to provide means for the improvement of playgrounds throughout the City under the jurisdiction of the Department of Parks, Boroughs of Manhattan and Richmond. Of this appropriation only a small amount has been used.

I recommend the adoption of the resolution hereto attached.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond, requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted June 3, 1910, of the specifications and estimate of cost ($1,450) for furnishing and delivering glass for the American Museum of Natural History, as submitted by the Commissioner of said Department:

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, April 12, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* City of New York:

Sir—Pursuant to resolution of the Board of Estimate and Apportionment of January 5 last, I beg to forward to you herewith for the approval of said Board, as required, form of proposed contract and specifications for furnishing and delivering glass for the American Museum of Natural History, Manhattan, the cost of which, estimated at $1,450, will be chargeable against the fund provided by corporate stock issue, designated as C-DP-3A. Respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 28, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 12, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, submitted for the approval of the Board of Estimate and Apportionment a form of proposed contract and specifications and an estimate of cost, ($1,450), for furnishing and delivering glass for the American Museum of Natural History, Manhattan.

The various items of double thick glass called for are to be used for sash in the partitions now in course of erection for executive offices in the main wing of the Museum.

The polished plate glass is to be used in the doors of the partitions and in the construction of various geological, shell and group cases for the second, third and fourth floors.

The examination of these specifications by the Department of Finance showed that through an error in one item five lights of polished plate glass 26 inches by 48 inches by 1¼ inches were called for, whereas the necessity is for these lights to be of a thickness of ¼ inch. The necessary correction in the specifications has been made.

The proposed form of contract and specifications (as amended) and the estimate of cost are satisfactory.

Therefore I recommend that they be approved.

A resolution is hereto attached which, if adopted, will carry out the above recommendation. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted June 3, 1910, hereby approves the specifications and estimate of cost, one thousand four hundred and fifty dollars ($1,450), for furnishing and delivering glass for the American Museum of Natural History, Manhattan, under the jurisdiction of the Commissioner of Parks, Boroughs of Manhattan and Richmond.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the College of The City of New York requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted June 3, 1910, of the revised plans and specifications for alterations for new showers in the gymnasium building of said College, at an estimated cost of $8,600:

The College of The City of New York, Office of the Curator, St. Nicholas Terrace and 139th Street, March 27, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller,* City of New York, 280 Broadway, New York City:

Dear Sir—Pursuant to the resolution of the Board of Estimate and Apportionment, adopted January 5, 1911, herewith is transmitted for approval specifications for a new shower system in the gymnasium building of the College of The City of New York. The amount allowed for this work in the Corporate Stock Budget, adopted by the Board of Estimate and Apportionment June 3, 1910, is $9,000.

Very truly yours, R. V. DAVIS, Jr., Curator.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 25, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 27, 1911, the College of The City of New York submitted for the approval of the Board of Estimate and Apportionment specifications for a new shower system in the Gynasium Building of the College of The City of New York. Plans for the work were submitted on March 31, 1911.

It is proposed to install a triple shower fixture on each of the six columns along the south side of the swimming pool, the floor being regraded to a new drain system. A new urinal is to be installed at the side of the pool. The present wooden ladders are to be replaced by bronze ladders. 9 new wire mesh enclosure at the west stairway is to be provided for a towel room and two new closets are to be provided in the locker room on the ground floor.

The present shower baths are so situated that the baths taken by the students are not under proper supervision. There is also unnecessary delay on account of the present arrangement. The additional showers are therefore a needed improvement.

The estimated cost is $9,000. This amount was released for the purpose in the Corporate Stock Budget adopted June 3, 1910.

The plans originally submitted called for bronze ladders for the swimming pool of very heavy construction. At the suggestion of the Department of Finance the design of these ladders has been changed to make them similar to those in use with satisfactory results in the swimming pool at Columbia University. This effects a saving of $400 in the cost of the two ladders.

I recommend that these plans and specifications be approved at an estimated cost of $8,600.

A resolution is hereto attached which, if adopted, will carry out the above recommendation. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted June 3, 1910, hereby approves the revised plans and specifications for alterations for new showers in the gymnasium building of the College of The City of New York at an estimated cost of eight thousand six hundred dollars ($8,600.)

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Board of Water Supply requesting, and report of the Comptroller recommending, approval of the purchase by said Board at a price not exceeding $1,000, of a permanent underground easement in Parcel 1151, Section 16, Southern Aqueduct, and also for the purchase, at a price not exceeding $3,600, of the fee title of Parcel 1153, Section 16, Southern Aqueduct:

(On April 13, 1911, the request of the Board of Water Supply for approval of the above purchases was referred to the Comptroller.)

Board of Water Supply, City of New York, 165 Broadway, April 6, 1911.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—We send you herewith a copy of report of Commissioner Chadwick, dated March 24, 1911, recommending the purchase for $1,000 of a perpetual easement in Parcel 1151, Southern Aqueduct, Section 16, and for $3,600 of the fee of Parcel 1153, Southern Aqueduct, Section 16.

At the meeting of the Board of Water Supply held April 4, 1911, this recommendation was approved and the following resolution was adopted:

Resolved, That the Board of Water Supply, pursuant to chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Apportionment, hereby approves the purchase from James Gordon Bennett for $1,000 of a perpetual easement in Parcel 1151, Southern Aqueduct, Section 16, containing .359 acre; and the purchase from James Gordon Bennett for $3,600 of the fee of Parcel 1153, Southern Aqueduct, Section 16, containing .422 acre; and that when and if said purchases shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to search the title to said premises and take such other steps and proceedings as may be necessary and proper to consummate said purchases.

We respectfully request the approval of this purchase by your Board.

Respectfully, BOARD OF WATER SUPPLY.
Per JOSEPH P. MORRISSEY, Secretary.

Department of Finance, City of New York, Comptroller's Office, April 22, 1911.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—Mr. Joseph P. Morrissey, Secretary of the Board of Water Supply, in a communication to your honorable Board under date of April 6, 1911, says:

"We send you herewith copy of report of Commissioner Chadwick, dated March 24, 1911, recommending the purchase for $1,000 of a perpetual easement in Parcel 1151, Southern Aqueduct, Section 16, and for $3,600 of the fee of Parcel 1153, Southern Aqueduct, Section 16.

"At the meeting of the Board of Water Supply held April 4, 1911, this recommendation was approved and the following resolution was adopted:

"'Resolved, That the Board of Water Supply, pursuant to chapter 724 of the Laws of 1905, as amended, and subject to the approval of the Board of Estimate and Apportionment, hereby approves the purchase from James Gordon Bennett for $1,000 of a perpetual easement in Parcel 1151, Southern Aqueduct, Section 16, containing .359 acre; and the purchase from James Gordon Bennett for $3,600 of the fee of Parcel 1153, Southern Aqueduct, Section 16, containing .422 acre; and that when and if said purchases shall be approved by the Board of Estimate and Apportionment, the Corporation Counsel is hereby requested to search the title to said premises and take such other steps and proceedings as may be necessary and proper to consummate said purchases.'

"We respectfully request the approval of this purchase by your Board."

In the accompanying report, Commissioner Chadwick speaks of Mr. Bennett as the "former owner," because under the law title to these two parcels vested in the City upon the appointment of the Commissioners of Appraisal; condemnation proceedings have not yet been begun in either case, however.

Parcel 1151, extending from Seminary avenue southwest to Yonkers avenue, contains .359 acre, and the price of $1,000 asked for the easement is at the rate of $2,785 an acre. For comparison, the easements in Parcels 1156, 1157, 1158, 1159 and 1160, all adjoining and containing a total area of .642 acre, located about 1,600 feet southwest of Parcel 1151, awards aggregating $2,500 were made by the Commissioners of Appraisal on November 23, 1910. This would be at the rate of $3,894 an acre.

Parcel 1153, a hatchet-shaped parcel, located southwest of Yonkers avenue and having a frontage of 100 feet on that thoroughfare, contains .422 acre, and the price of $3,600 for the fee title is at the rate of $8,531 an acre. For comparison, Parcel 1154, adjoining, located on the other side of the centre line of the Aqueduct and having a frontage of only 50 feet on Yonkers avenue, the award made March 3, 1911, was $4,000, or at the rate of $15,504 an acre.

As the prices asked for these parcels are less in each case than the awards made for similar properties in the neighborhood, as mentioned above, and as the City will save the expense of condemnation proceedings, I respectfully recommend, the prices being reasonable and just, that the Board of Estimate and Apportionment approve of the request of the Board of Water Supply, and authorize the Comptroller to enter into contracts with James Gordon Bennett for the acquisition, at private sale, of a permanent underground easement in Parcel 1151, Section 16, extending from Seminary avenue to Yonkers avenue, Southern Aqueduct, containing .359 acre, together with all surface rights in said parcel during construction, at a price not exceeding $1,000; and also for the purchase of the fee title of Parcel 1153, Section 16, Southern Aqueduct, a hatchet-shaped parcel located southwest of Yonkers avenue, containing .422 acre, for a price not exceeding $3,600, said contracts to be submitted to the Corporation Counsel for his approval as to form.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 724 of the Laws of 1905, as amended, hereby approves of the action taken by the Board of Water Supply relative to the acquisition at a private sale of a permanent underground easement in Parcel 1151, Section 16, extending from Seminary avenue to Yonkers avenue, Southern Aqueduct, containing .359 acre, together with all surface rights in said parcel during construction, at a price not exceeding one thousand dollars ($1,000); and also of the fee title to Parcel 1153, Section 16, Southern Aqueduct, a hatchet-shaped parcel located southwest of Yonkers avenue, containing .422 acre, at a price not exceeding thirty-six hundred dollars ($3,600), and authorizes the Comptroller to enter into contracts with James Gordon Bennett for the acquisition of the above described permanent underground easement and fee title, said contracts to be approved by the Corporation Counsel as to form.

Which was adopted by the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

The Secretary presented the following resolution of the Board of Aldermen requesting, and report of the Comptroller recommending, an issue of $1,000 special revenue bonds (subdivision 8, section 188 of the Charter), for the purpose of paying Laborers in the Bureau of Sewers, Office of the President of the Borough of The Bronx, for Sunday, holiday and overtime work; also recommending approval of a schedule of wages for said fund:

(On March 23, 1911, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand dollars ($1,000), the proceeds whereof to be used by the President, Borough of The Bronx, for the purpose of paying Laborers for emergency work on Sundays and holidays in the Bureau of Sewers, Borough of The Bronx.

Adopted by the Board of Aldermen February 28, 1911, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor March 14, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 25, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On February 28, 1911, the Board of Aldermen adopted a resolution requesting an issue of special revenue bonds to the amount of $1,000 for the payment of Laborers in the Bureau of Sewers, Borough of The Bronx, for emergency work on holidays and Sundays. In connection therewith I report as follows:

The President states that breaks or stoppages in sewers frequently occur and emergency work is necessary to prevent damage to property from the sewerage backing up or flowing over. No regular repair gang is kept in reserve in the sewer yard, but on Sundays and holidays the General Foreman notifies the most convenient Foreman to gather a sufficient number of men for the repairs.

There is no fund in the Bureau of Sewers for the emergency work. In former years the expenditures for the purpose were paid out of the maintenance appropriations. The work is chargeable to funds for Temporary Employees, and the only appropriation in the 1911 Budget for Temporary Employees in the Bureau is $840 for a Bricklayer. The resolutions governing the Budget do not permit of transfer from any balance in the appropriation for regular employees. It would appear, therefore, that an allowance for the emergency work would be proper.

The expenditures in 1910 were $657.63. The $1,000 is requested to give funds for any emergency.

I recommend the adoption of the attached resolutions granting the request and approving a schedule for the fund. Respectfully,

WM. A. PRENDERGAST, Comptroller.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 24, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On February 28, 1911, the Board of Aldermen adopted a resolution requesting special revenue bonds to the amount of $2,500, to be used by the President of the Borough of The Bronx for the wages of laborers employed on rock excavation during 1911. In connection therewith I report as follows:

Laborers on rock excavation are needed from time to time by the engineering force in the Bureau of Highways for test borings for preliminary estimates. In previous years funds for the work were available in unscheduled appropriations for the Engineering Division in the Bureau. The 1911 Budget provides only for regular employees, and the request is for temporary laborers.

The expenditures in 1910 for the work was $1,490.49. It is stated that approximately the same amount is needed for 1911. The rate paid is $2.25 a day. The sum of $1,503 would provide for Laborers at the rate for 668 days.

I recommend the adoption of the attached resolutions granting the request to the extent of $1,503, and approving a schedule for the fund. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

The Secretary presented a report of the Comptroller recommending that the request of the Board of Aldermen, for an issue of $66,920.92 special revenue bonds (subdivision 8, section 188 of the Charter), to provide for a deficiency in the 1911 Budget appropriation for the compensation of Janitors in the Department of Education, be held in abeyance, pending the report of the Special Committee of this Board on the fixation of the salaries of Janitors.

Which was laid over.

(On April 13, 1911, the resolution of the Board of Aldermen, as above, was referred to the Comptroller.)

The Secretary presented the following report of the Corporate Stock Budget Committee, recommending an issue of $385,630 corporate stock for the purpose of defraying the cost of constructing and equipping new Public School 45, 189th and Hoffman streets and Lorillard place, Borough of The Bronx, and stating that funds for the above purpose were requested in the Corporate Stock Budget of the Board of Education for the years 1911 to 1915, heretofore referred to the Corporate Stock Budget Committee:

(On December 15, 1910, a communication from William Stonebridge, of 579 East 184th street, relative to inadequate school accommodations in The Bronx, was also referred to the above Committee.)

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 10, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In the matter of a proposed new school house in the Borough of The Bronx, to be known as No. 45, we report as follows:

The demand is for additional accommodations to relieve P. S. 32, East 183d street, Beaumont and Cambridge avenues, in which 1,648 pupils are on part time, although five classes are accommodated in the gymnasium. No relief can be had except through a new building, as all the schools in the neighborhood are congested.

A site, 195 feet by 169 feet, at 189th and Hoffman streets and Lorillard place, was acquired in 1906 for a school to relieve P. S. 32, and also P. S. 5, Webster avenue and 189th street, with 1,082 pupils on part time.

In a communication to the Comptroller on April 3, F. W. Wilsey, Chairman of the Committee on Buildings, Board of Education, requests that funds be made available for the construction of P. S. 45. He states that a delegation of citizens from that neighborhood waited upon the Committee on March 20 to call attention to new apartments being erected in the territory and the consequent increase in school registration. It was stated that accommodations for six thousand families are in course of construction. On December 23, 1910, William Stonebridge protested to this Board against appropriating moneys for new subways until funds are available for the relief of P. S. 32.

The Board of Education requested funds for P. S. 45 in 1909 and again in 1910. In the corporate stock estimate for 1911-1915, this item is sixth in order of priority on the list of new elementary school buildings estimated for the City as a whole. The five items preceding it must all await the acquisition of sites.

It is proposed to erect a building having 49 class rooms and assembly at an aggregate cost of $385,630, including equipment.

There can be no doubt as to the urgency of the need for additional school accommodations in this locality. An examiner from the Department of Finance and the Secretary to the President of the Borough of Manhattan, accompanied by Chairman Wilsey of the Committee on Buildings, and Associate Superintendent Edson, in charge of The Bronx schools, have made an investigation and are agreed that the situation is one of the most urgent in the City.

We recommend that $385,630, for the construction and equipment of P. S. 45, be appropriated by the adoption of the resolution attached hereto. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 169 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue corporate stock of The City of New York to an amount not exceeding three hundred and eighty-five thousand six hundred and thirty dollars ($385,630), the proceeds whereof to be applied for the purpose of defraying the cost of constructing and equipping New Public School 45, 189th and Hoffman streets and Lorillard place, Borough of The Bronx, under the jurisdiction of the Department of Education.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to transmit copies of the above report of the Corporate Stock Budget Committee to Mr. William Stonebridge, 579 East 184th street, New York City, and to the Local School Board District 26, Borough of The Bronx.

The Secretary presented a report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, referring to the request of the President of the Borough of The Bronx for the establishment in his office of the position of Structural Steel Draftsman, at $1,800 per annum, for an unlimited number of incumbents, and stating that no action is necessary on said request, as the position of Draftsman, at $1,800 per annum, is established in said office for an unlimited number of incumbents and permits of the employment of Structural Steel Draftsmen.

Which was ordered filed and the Secretary directed to transmit a copy thereof to the President of the Borough of The Bronx.

(On March 16, 1911, the above request was referred to said Committee.)

The Secretary presented the following communication from the President of the Borough of Richmond requesting, and report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen recommending, the establishment in the office of said Borough President of the grade of position of Assistant Superintendent of Street Cleaning, at $1,800 per annum, for one incumbent:

(On March 23, 1911, the request of the President of the Borough of Richmond for the establishment of the above grade was referred to said Committee.)

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, March 15, 1911.

Board of Estimate and Apportionment, 277 Broadway, New York:

Gentlemen—We have in our Street Cleaning Bureau Robert D. Rice,. who, for a number of years, has acted as Assistant Superintendent, while also carrying out his duties as Inspector. During 1909 his title was changed to Assistant Superintendent and his duties are in full accord.

Mr. Rice entered the service of the old Department of Street Cleaning in Manhattan as a "Driver." He was assigned to the Borough of Richmond under the then "District Superintendent" title, and has grown up with our Bureau of Street Cleaning, successfully attending to every assigned duty. We wish to recognize long and efficient services by increasing his remuneration to that more nearly commensurate with his value, namely, from $1,500 to $1,800 per annum.

Mr. Rice reached each successive position through creditably passing Civil Service examinations.

By a rearrangement of schedules, replacing a man who has left our service by one at a lower rate of remuneration, we can make the change and increase without a change in total Budget appropriation.

To meet the above condition, therefore, we would ask the establishment of the position of Assistant Superintendent of Street Cleaning at a salary of $1,800 per annum for one incumbent. Yours very truly,

GEORGE CROMWELL, President of the Borough.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, March 31, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 15, 1911, the President of the Borough of Richmond requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Assistant Superintendent of Street Cleaning at $1,800 per annum, for one incumbent. In connection therewith we report as follows:

The position of Assistant Superintendent is established at $1,500 and $2,000 per annum, for an unlimited number of incumbents. The proposed establishment is to increase Robert D. Rice from the $1,500 rate. The President states the following:

Mr. Rice entered the service of the old Department of Street Cleaning in Manhattan as a Driver. He was assigned to the Borough of Richmond under the title of District Superintendent, and has grown up with our Bureau of Street Cleaning, successfully attending to every assigned duty. We wish to recognize long and efficient service by increasing his remuneration to that more nearly commensurate with his value. Mr. Rice reached each successive position through creditably passing Civil Service examinations.

The $300 increase is to be provided by filling a vacancy at a decrease of the same amount.

We recommend the adoption of the attached resolution, approving of establishment for one Assistant Superintendent at the requested rate. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the President of the Borough of Richmond, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Acting President of the Borough of Queens requesting, and report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen recommending, the establishment in the office of the President of the Borough of Queens of the position of Inspector of Sewer Construction, at $4 per diem, for an unlimited number of incumbents:

(On April 6, 1911, the request of the Acting President of the Borough of Queens, for the establishment of the above positions, was referred to said Committee.)

The City of New York, Offices Commissioner of Public Works, of the Borough of Queens, Long Island City, March 30, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman, Board of Estimate and Apportionment:*

Dear Sir—Pursuant to the provisions of section 56 of the Greater New York Charter your Honorable Board is hereby requested to recommend to the Board of Aldermen the establishment of the position of Inspector of Sewer Construction, Office of the President of the Borough of Queens, Bureau of Sewers, at $4 per diem.

We have had employed in this office for a number of years, and prior to consolidation, Inspectors of Sewer Construction, at this salary, and as the position is one of great importance, and having at present considerable construction work of this nature, we would thank your honorable Board for immediate action.

Respectfully,

WALTER H. BUNN, Acting President of the Borough of Queens.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 13, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 30, 1911, the Acting President of the Borough of Queens requested the establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Inspector of Sewer Construction at $4 per diem. In connection therewith we report as follows:

The Acting President states that Inspectors of Sewer Construction have been paid at the rate requested since before consolidation. The incumbents are employed temporarily, and it is stated that establishment is necessary on account of extensive sewer construction at present. The grade is for employees paid out of funds other than Budget appropriations.

We recommend that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

The Secretary presented the following report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, recommending the establishment in the Nautical School in the Department of Education of the grade of position of Fireman with salary at the rate of $540 per annum, with maintenance, for four incumbents:

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 13, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—The grade of Fireman, at $540 per annum, with maintenance, has not been established, pursuant to the provisions of section 56 of the Charter, for the training ship "Newport," Department of Education, although three Firemen are on the payrolls at the rate, and it is proposed to employ a fourth for the annual cruise.

We recommend that the grade be approved for establishment by the adoption of the resolution attached hereto. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Nautical School in the Department of Education of the grade of position, in addition to those heretofore established, as follows:

The Secretary presented the following communication from the Fire Department requesting the establishment in said Department of the grade of position of Foreman Steam Fitter, at $6 per diem, for one incumbent; Foreman Saw Filer, at $5 per diem; and Licensed Fireman at $3.50 per diem, respectively, together with a report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, to whom, on March 23, 1911, this application was referred, recommending the establishment of the position of Foreman Steam Fitter, at $6 per diem, and that the request for the establishment of the positions of Foreman Saw Filer and Licensed Fireman be disapproved:

Headquarters, Fire Department, City of New York, 157 and 159 East 67th street, Borough of Manhattan, March 9, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman, Board of Estimate and Apportionment:*

Sir—I have the honor to request the establishment in this Department of the following grades of existing positions:

Foreman Steamfitter, at $6.50 per diem, for one incumbent, who now receives $5 per day. There are at present in the employ of this Department one Foreman Steamfitter and three Steamfitters, who are each compensated at the rate of $5 per day. On February 9, 1911, the Board of Estimate and Apportionment adopted a resolution requesting the Board of Aldermen to establish additional grades of certain mechanical positions, among them that of Steamfitter, at $5.50 per day. It is therefore considered proper to request that the pay of the Foreman Steamfitter be fixed at $6.50 per diem.

Foreman Saw Filer, at $5 per diem, for one incumbent, who now receives $4 per diem. This employee, besides keeping in serviceable condition all saws in various branches of the repair shops, is in charge of all the woodworking machinery therein. Employees with like title and similar duties in the service of the United States Government, at the Brooklyn Navy Yard, receive $5.47 per diem.

Licensed Fireman, at $3.50 per diem. The incumbent of this position who now receives wages at the rate of $3 per day, has charge at the repair shops of four boilers, the entire steam plant and radiators, and works seven days per week.

Respectfully, R. WALDO, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 20, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 9, 1911, the Commissioner of the Fire Department requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of three additional grades of positions for Mechanics in his Department, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Foreman Steamfitter	$6 50	1
Foreman Saw Filer	5 00	1
Licensed Fireman	3 50	1

The Budget for 1911 provides for one Foreman Steamfitter and three Steamfitters at the rate of $5 per diem. The Board of Aldermen on February 28, 1911, on the recommendation of the Board of Estimate and Apportionment, fixed the rate for Steamfitters in City departments at $5.50 per diem. In the Fire Department the increased compensation is to be provided for by schedule modifications. The $6.50 rate for Foreman Steamfitter would give $1 more than the rate to be paid to Journeymen Steamfitters. The incumbent, Charles Manley, was appointed on May 1, 1895, as a Steamfitter, at $3 a day. On November 11, 1897, his wage was fixed at $5 a day, as Acting Foreman of the repair shops. On July 1, 1898, he returned to work as Steamfitter at $3 a day, and was increased to $3.50 on January 1, 1900. On January 2, 1903, he was designated as Foreman Steamfitter at $4 a day. On January 1, 1909, his compensation was fixed at $5 a day, the prevailing rate for Steamfitters at that time.

The usual practice in private employ and City departments is to pay Foremen in mechanical trades fifty cents a day more than employees under their supervision. It appears that a $6 rate for the one incumbent would be reasonable.

The established grade for Saw Filer is $4 a day, for one incumbent in the Department. Saw Filers in the Department of Docks and Ferries and the Department of Parks are paid at the rate of $4 and $3.50 a day, respectively. We recommend that this item in the request be not approved.

The prevailing rate for licensed Firemen, Firemen and Stokers in City departments is $3 a day. The rate is paid to the incumbent for whom the $3.50 grade is requested. We recommend that this item in the request be not approved.

We recommend the adoption of the attached resolution approving of establishment of the grade of Foreman Steamfitter, at $6 a day, for one incumbent.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Fire Department of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Foreman Steamfitter	$6 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Action on the disapproval of the request for the establishment of the positions of Foreman Saw Filer and Licensed Fireman was deferred one week, and the Secretary was directed to transmit a copy of the above report of the Select Committee to the Fire Commissioner for his information.

The Secretary presented the following communication from the Department of Water Supply, Gas and Electricity requesting, and report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, recommending, the establishment in said Department of the following grades of positions:

	Rate Per Annum.	Incumbents.
Inspector of Meters and Water Consumption.....	$1,950 00	25
Inspector of Meters and Water Consumption.....	2,100 00	5
Inspector of Meters and Water Consumption.....	2,250 00	3

(On March 2, 1911, the request of the Commissioner of Water Supply, Gas and Electricity for the establishment of the above grades was referred to said Committee.)

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, February 23, 1911.

JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* New York City:

Dear Sir—The highest grade of Inspectorship in the Bureau of Water Registers is $1,800 per annum, this salary being equivalent to the daily rate of wages paid for this position as far back as 1885.

In the Bureaus of Electrical Inspection and Lamps and Lighting of this Department there have been established in recent years the grades of Inspectors from $1,950 to $2,250 per annum.

The duties of a Water Meter Inspector are becoming yearly more technical. The Civil Service examination for this position is of a much higher order than in former years. It is necessary in order to make the examinations and inspections, as now required by the Department, to have had practical experience as a plumber and some knowledge of hydraulics.

For the purpose of equalizing the salary of Inspectors doing the same class of inspection and to make possible the advancement of those Inspectors who have merited promotion, I would recommend for your consideration the establishment of the position of Inspector of Meters and Water Consumption at $1,950, $2,100 and $2,250 per annum.

Yours truly, HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 5, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On February 23, 1911, the Commissioner of Water Supply, Gas and Electricity requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grades of positions of Inspector of Meters and Water Consumption, at $1,950, $2,100 and $2,250 per annum. In connection therewith, we report as follows:

It is stated that the establishment is to equalize the compensation of Inspectors in different divisions but performing services of equal importance, and to make possible the promotion of employees on merit. In the Bureau of Lamps and Lighting and the Bureau of Electrical Inspection there are $2,250 and $2,500 grades of Inspector, for an unlimited number of incumbents.

The Commissioner states that the qualifications for Water Meter Inspector are yearly becoming more technical, requiring practical experience in plumbing and some knowledge of hydraulics; and that the maximum grade of $1,800 for the position is only equivalent to the daily rate of wages paid for the work in 1885.

A representative of the Commissioner states as follows:

"It is proposed eventually to classify the Inspectors into the four following grades:

"(A) Inspectors who read meters and make ordinary inspections. Compensation from $1,200 to $1,350 per annum.

"(B) Inspectors of a higher order, who are capable of making a complete re-examination of a premises and who have served three years or over in the first grade. Compensation from $1,500 to $1,650 per annum.

"(C) Inspectors, Supervisors (limited as to number), who are handling men and in charge of an allotted section, and having passed through the other grades and served not less than six years, and promoted for merit. Compensation from $1,800 to $1,950 per annum.

"(D) Inspectors, Chief (five in number), one for each Borough, in charge of the inspection division. Compensation from $2,100 to $2,250 per annum."

There are to be twenty-five Supervising Inspectors, graded from $1,800 to $1,950 and distributed as follows: Manhattan, 10; The Bronx, 4; Brooklyn, 7; Queens, 2, and Richmond, 2. The $2,100 and $2,500 grades are for five Chief Inspectors, one for each Borough. It would appear sufficient, therefore, to limit the grade at $1,950 to twenty-five incumbents, and the grades at $2,100 to $2,250 to five and three incumbents each, respectively.

It is stated that the only immediate promotion proposed is for Charles W. Rennie, Chief Inspector, Brooklyn, from $1,800 to $2,100 per annum. Mr. Rennie was appointed on March 29, 1897, as an Inspector of Meters and Water Consumption at $3 per diem. On November 15, 1901, his compensation was fixed at $1,000 per annum; on June 1, 1905, he was increased to $1,200; on May 1, 1906, to $1,350; on April 1, 1907, to $1,500, and on July 1, 1909, to the present rate.

We recommend the adoption of the attached resolution approving of the requested grades, for limited establishment as previously noted. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grades of position, in addition to those heretofore established, as follows:

(On March 30, 1911, the request of the Surrogate of Kings County for the establishment of the above position and the position of Assistant Index Clerk at $1,500 per annum, was referred to said Committee.)

Chambers of Surrogate's Court, Brooklyn, N. Y., March 24, 1911.

JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, Manhattan, New York City:

Gentlemen—I would respectfully request, in pursuance of section 56 of the Charter of Greater New York, that the Board of Estimate and Apportionment recommend to the Board of Aldermen the creation of the following salary grades for this office:

2 Comparers, each at a salary of, per annum..... $1,200 00
1 Assistant to Index Clerk at a salary of, per annum..... 1,500 00

In support of this request, I would call the attention of your Honorable Board to the fact that we have never had Comparers in this office, the work having been done by the Recording Clerks themselves. This has proved unsatisfactory; and after trying various other ways of having this work compared, I am of the opinion that it is absolutely necessary that it should be done by Clerks who devote their entire time to the comparing of all records. I would also state that the Register of Kings County has seven Comparers, and the County Clerk has two. It is of the utmost importance that these records should be absolutely accurate, especially as to wills, since after one year from probate the original will can be taken from the office, and we have no means of making any correction thereafter.

As to the Assistant Index Clerk, the business of the office has increased to such an extent that it is an impossibility for one Clerk to keep up the intricate system of indexing now in use. This new system which has been introduced is practically completed, and in order to keep these indexes up to their present efficient condition this request is made. Respectfully yours, HERBERT T. KETCHAM.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 17, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 24, 1911, the Surrogate of Kings County requested the establishment in the Court, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Comparer, at $1,200 per annum, for two incumbents, and Assistant Index Clerk, at $1,500, for one incumbent. In connection therewith, we report as follows:

The comparing now is done by the Recording Clerks. There are 510 wills and 2,230 accountings unrecorded, and it is stated that the full staff of ten Clerks is needed exclusively for the work of recording. The Surrogate states the following:

"The plan of having the comparing done by the Recording Clerks themselves has proved unsatisfactory. After trying various other ways of having this work compared, I am of the opinion that it is absolutely necessary that it should be done by Clerks who devote their entire time to the comparing of all records. The Register of Kings County has seven Comparers, and the County Clerk has two.

"It is of the utmost importance that the records in this Court should be absolutely accurate, especially as to wills, since, after one year from probate, the original will can be taken from the Court, and we have no means of making corrections thereafter."

Four Comparers and three Assistant Comparers in the office of the Register of Kings County are at $1,500 per annum each. Two Comparers in the office of the County Clerk of Kings County receive $1,000 per annum each. In the Surrogate's Court, County of New York, the comparing is done by a Chief Examiner, at $1,500 per annum, and an Assistant Examiner at $1,200.

It appears, from examination, that there is no necessity at this time for establishment of the position of Assistant Index Clerk. The work is done by an Index Clerk, at $1,800 per annum, and it is stated that assistance may be given, whenever necessary, by other Clerks in the office.

We recommend the adoption of the attached resolution approving of establishment for two Comparers at the requested rate. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the office of Surrogate, Kings County, of the position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Comparers	$1,200 00	2

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to transmit a copy of the report of the Select Committee, as above, to the Surrogate of Kings County.

The Secretary presented the following communication from the Fire Department requesting, and report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, recommending, the establishment in said Department of the position of Inspector of Blasting, at $1,500 per annum, for two incumbents:

(On April 6, 1911, the request of the Fire Commissioner for the establishment of the above positions was referred to said committee.)

Headquarters Fire Department, City of New York, 157 and 159 East 67th Street, Borough of Manhattan, March 25, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman, Board of Estimate and Apportionment:*

Sir—I have the honor to request the establishment in this Department of the position of Inspector of Blasting for two incumbents, with salary each at the rate of $1,500 per annum.

The establishment of the position will not increase the total annual appropriation of the Department, as it is proposed to eliminate the position of Superintendent of Buildings, at $3,000 per annum, in the Bureau of Repairs and Supplies, Boroughs of Manhattan, The Bronx and Richmond, for which provision has been made in the Budget for the current year. Respectfully,

R. WALDO, Fire Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 21, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 25, 1911, the Fire Commissioner requested the establishment in his Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the position of Inspector of Blasting, at $1,500 per annum, for two incumbents. In connection therewith, we report as follows:

The Inspectors of Blasting are to be employed in the Bureau of Combustibles. It is stated that their services are necessary for the inspection of upwards of 200 depositories of blasting explosives and for the supervision of blasting operations. The yearly departmental cost will not be increased by the establishment of the positions, as the salaries are to be provided for by the elimination of the position of Superintendent of Buildings, at $3,000 per annum, in the Bureau of Repairs and Supplies, Manhattan, The Bronx and Richmond.

We recommend that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The Secretary presented the following communication from the Commissioner of Docks requesting, and report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, recommending, the establishment in the Department of Docks and Ferries of the position of Storekeeper, with salary at the rate of $1,800 per annum, for one incumbent:

(On March 16, 1911, the request of the Commissioner of Docks for the establishment of the above position was referred to said Committee.)

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, March 13, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At a meeting of the Board of Estimate and Apportionment held July 1, 1910, a resolution was adopted recommending to the Board of Aldermen the establishment of the position of Storekeeper for this Department for one incumbent, with pay at the rate of $1,800 per annum. This resolution was approved by the Board of Aldermen on July 19, 1910, and by his Honor the Mayor on July 27, 1910.

After due consideration, I feel that the requirements of the Department call for the services of at least two Storekeepers. I, therefore, respectfully request that a resolution be adopted recommending to the Board of Aldermen the establishment of the position of Storekeeper for two incumbents in place of one, with pay at the rate of $1,800 per annum, each.

In the 1911 Budget for this Department, Item 154, Bureau of Engineering, Salaries, provides for two Foremen of Dock Laborers, at $1,800 per annum each. These two Foremen of Dock Laborers, now employed under the said Budget authorization, have recently passed a promotion examination for the position of Storekeeper, and are the first two men on the list, and, moreover, they have both been acting temporarily for some time as Storekeepers, pending the establishment of the eligible list by the Municipal Civil Service Commission, and pending the establishment of a grade in the position of Storekeeper for this Department for two incumbents.

The modification requested above will not, therefore, entail any additional expense to the Department, but merely serves to permit men who are now doing the work of Storekeeper to be placed under their correct title, and gives them the promotion which they have properly earned through competitive examination. This promotion is not a promotion in salary, it will be noted, but is simply a promotion in position.

As soon as the grade is established for this Department for two incumbents, a request will be made for a modification of the authorization in Item 154, to provide for two Storekeepers, at $1,800 per annum, in lieu of the two Foremen of Dock Laborers, at $1,800 per annum. Yours very truly,

CALVIN TOMKINS, Commissioner of Docks.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 1, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 13, 1911, the Commissioner of Docks requested the establishment in the Department of Docks and Ferries, pursuant to the provisions of section 56 of the Greater New York Charter of the position of storekeeper, at $1,800 per annum, for an additional incumbent.

The position is established for one incumbent. The Commissioner states that a foreman of dock laborers, at $1,800 per annum, is working as storekeeper in the Department Yard. The incumbent has passed a promotion examination for storekeeper and is the first on the eligible list. The proposed establishment is for a change in title to conform to the work being done. No increase in compensation is involved.

We recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Docks and Ferries of the position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Storekeeper	$1,800 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Commissioner of Bridges requesting, and report of the Corporate Stock Budget Committee recommending, the issue of $15,000 corporate stock for the purpose of providing means for the removal of old bridge over Eastchester Bay in Pelham Bay Park, Borough of The Bronx, restoring the site thereof and for expenses incidental thereto, together with a resolution of the North Side Board of Trade of The City of New York urging the above appropriation:

(On March 30, 1911, the request of the Commissioner of Bridges for the above appropriation was referred to said Committee.)

Department of Bridges, City of New York, 13-21 Park Row, Manhattan, New York, March 24, 1911.

To the Honorable, the Board of Estimate and Apportionment of The City of New York:

Gentlemen—I am in receipt of a communication dated March 21, 1911, from Col. W. M. Black, Corps of Engineers, War Department, New York District 1, which reads as follows:

"Referring to the approval by the Secretary of War, May 18, 1903, of plans of the bridge over Eastchester Bay in Pelham Park, N. Y., attention is invited to condition 3 of this approval, which requires that 'All parts of the old bridge, including the approaches, shall be completely removed, except those parts of the approaches that are in front of the approaches of the proposed bridge.'

"Funds being now available for deepening the channels as provided under a project approved by Congress June 25, 1910, it is necessary to commence the work of improvement at an early date, and, since the amount of the funds available is sufficient to accomplish only part of the work, it is intended to first remove the worst obstructions to navigation. Among these is a ledge of rock lying in the channel on the line of the old bridge, which it appears from a recent examination of the locality has not yet been removed.

"In order that the commerce of the creek may receive the benefits to be derived from improvements to be made above the bridge, it is necessary that the removal of this ledge be included in the work first to be done. I have, therefore, the honor to request early action in the matter of removing at least such part of the old bridge as projects into the channel authorized by Congress for improvement."

It thus appears that the War Department is ready and will soon begin operations for the improvement of the channel of Hutchinson River above the site of the Pelham Bridge, and requests this Department to comply with the provisions of the permit of the War Department for the erection of the new Pelham Bridge and have at least that part of the old bridge removed which projects into the channel.

The old bridge has not been in use since October 15, 1908, at which date the new bridge was sufficiently completed for the opening of traffic thereon. Application was made to the Corporate Stock Budget Committee of your Board a year ago for $60,000 for removing the old bridge and completing the towers, electrical equipment and other features of the new bridge. A sum of $48,000 was released by resolution of your Board on June 3, 1910, for construction of bridge and engineering expenses. A contract has been let for completing the new bridge in accordance with the above-mentioned resolution.

The removal of that portion of the old bridge which projects into the channel, which work the War Department requests to have done at an early date, is a considerable part of the total work needed to remove the entire bridge and restore the site to a satisfactory condition. It is, therefore, desirable and will be more economical to include the whole work in one contract rather than let a contract at this time for a portion of the removal and another contract later for completing the removal.

The traffic in Hutchinson River is increasing and it is incumbent upon the City to comply with the request of the War Department, so that there will be no interference on the part of the City with the plans of the Federal Government for improving the channel. I, therefore, request your honorable Board to authorize, without delay, an issue of corporate stock to an amount not exceeding $15,000 for the purpose of removing the old Pelham Bridge and restoring the site.

Yours truly, KINGSLEY L. MARTIN, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 29, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 24, 1911, the Commissioner of Bridges requested corporate stock to the amount of $15,000 for removal of the old Pelham Bridge, over Eastchester Bay in Pelham Bay Park, and the restoration of the site and construction work incidental thereto.

In connection therewith, we report as follows:

The request is based upon the following communication to the Commissioner, under date of March 21, 1911, from Colonel W. M. Black, Corps of Engineers, War Department, New York District No. 1:

Referring to the approval by the Secretary of War, May 18, 1903, of plans of the bridge over Eastchester Bay in Pelham Park, N. Y., attention is invited to condition 3 of this approval which requires that

"All parts of the old bridge, including the approaches, shall be completely removed, except those parts of the approaches that are in front of the approaches of the proposed bridge."

Funds being now available for deepening the channel as provided under a project approved by Congress, June 25, 1910, it is necessary to commence the work of improvement at an early date, and since the amount of the funds available is sufficient to accomplish only part of the work, it is intended to first remove the worst obstructions to navigation. Among these is a ledge of rock lying in the channel on the line of the old bridge.

In order that the commerce of the creek may receive the benefits to be derived from improvements to be made above the bridge, it is necessary that the removal of this ledge be included in the work first to be done. I have therefore the honor to request early action in the matter of removing at least such part of the old bridge as projects into the channel authorized by Congress for improvement.

The request of the War Department covers the greater part of the removal and restoring work. A contract for the entire work, therefore, would appear to be desirable on the grounds of economy. The Commissioner estimates that the work will cost $14,700, exclusive of contingent expenses.

In the 1910 corporate stock estimate for the department, $60,000 was requested for the removal of the old bridge and the completion of the new. The removal of the old bridge did not then appear to be an immediate necessity and only $48,000 was made available for the completion of the new bridge and the necessary engineering expenses. The original appropriation for the bridge was $250,000. In June, 1910, $30,078.97 of the amount was rescinded.

The old bridge has not been in use for about two and a half years. To prevent delay in the improvements about to be begun by the Federal government, the immediate removal of the old structure appears to be necessary.

We recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

North Side Board of Trade of The City of New York, Borough of The Bronx, April 26, 1911.

This is to certify, That, at a meeting of the North Side Board of Trade of The City of New York, held this day, the following resolution was adopted:

Whereas, The Commissioner of Bridges has asked for an appropriation to remove the old bridge at Pelham Bay; and

Whereas, The retention of this old bridge is a menace to navigation, as well as a disfigurement to the landscape, marring the beauty of one of the most artistic bridges in the City; now therefore be it

Resolved by the North Side Board of Trade, That the Board of Estimate be respectfully urged to appropriate the funds necessary for the removal of the old bridge.

ERNEST HALL, Vice-President; CHAS. E. REID, Secretary. (Seal.)

(Seal)

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding fifteen thousand dollars ($15,000), for the purpose of providing means for the removal of old bridge over Eastchester Bay in Pelham Bay Park, Borough of The Bronx, restoring the site thereof, and for expenses incidental thereto, and that when authority therefore shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding fifteen thousand dollars ($15,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following communication from the Department of Education requesting, and report of the Corporate Stock Budget Committee recommending, the additional issue of $197 corporate stock for the purpose of defraying the cost of constructing four portable school buildings at Spofford avenue, between Coster and Faile streets, The Bronx:

Department of Education, 500 Park avenue, May 1, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Dear Sir—On December 22, 1910, the Board of Estimate and Apportionment authorized corporate stock in the sum of $5,400 for the purpose of defraying the cost of construction of four portable school buildings to be located on a site owned by the Board of Education at Spofford avenue between Coster and Faile streets, Borough of The Bronx.

On April 17, 1911, bids were opened for the construction of these portable buildings. The lowest bid submitted was $5,763, whereupon the work was ordered readvertised. On May 1, 1911, bids were again opened. The lowest bid was $5,597. As corporate stock for this purpose was provided in the sum of $5,400 a deficit exists in the sum of $197.

Owing to the requirement of the Building Department that the sanitaries of this school be connected with the sewer, the expense has been increased beyond what was at first estimated. Inasmuch as there is congestion and no school facilities in this immediate neighborhood the work should progress as soon as possible.

I would therefore respectfully ask that corporate stock to meet the deficit be authorized. Respectfully,

FRANK D. WILSEY, Chairman, Committee on Buildings.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 1, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On May 1, 1911, the Chairman of the Committee on Buildings, Board of Education, requested the authorization of corporate stock in the sum of $197 to meet a deficit in the appropriation for the construction of four portable school buildings at Spofford avenue, between Coster and Faile streets, Borough of The Bronx.

Owing to an order by the Bureau of Buildings that the lavatories or toilets of the school be connected with the sewer, the expense will be greater than was estimated. On December 15, 1910, corporate stock in the sum of $5,400 was requested for the purpose, and the amount was subsequently appropriated. Bids were opened on May 1, the lowest being $5,597. As the matter is urgent, we recommend that corporate stock for the additional $197 required be authorized by the adoption of the resolution attached hereto. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 169 of the Greater New York Charter, the Board of Estimate and Apportionment hereby authorizes the Comptroller to issue corporate stock of The City of New York to an amount not exceeding one hundred and ninety-seven dollars ($197), the proceeds whereof to be applied to defraying the cost of construction of four portable school buildings at Spofford avenue, between Coster and Faile streets, Borough of The Bronx.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen, requesting an issue of $12,265 special revenue bonds (subdivision 8, section 188 of the Charter) for the following purposes of the County Clerk of Kings County:

Payment of Copyists	$7,565 00
Payment for services relating to election canvass	1,000 00
Payment of salary of one Clerk, at the rate of $1,200 per annum, to be employed in the Marriage License Bureau	1,200 00
For furniture, equipment, etc., for the Naturalization Bureau of the Supreme Court, in the office of the County Clerk, Kings County	2,500 00

—together with a report of the Comptroller, to whom this application was referred February 16, 1911, recommending (1) that the Board authorize the issue of $8,365 special revenue bonds, to provide for the payment of Copyists and for the salary of the Clerk in the Marriage License Bureau; (2) the adoption of a schedule for the additional Clerk; (3) that no action be taken on the item of $1,000, for services relating to election canvass, as its immediate use is not apparent, and (4) disapproval of the item of $2,500, for equipping the Naturalization Bureau, as this expense should be met by the Federal Government:

In the Board of Aldermen.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the amended New York Charter, the Board of Estimate and Apportionment be and hereby is requested to authorize the Comptroller to issue special revenue bonds to the amount of twelve thousand two hundred and sixty-five dollars ($12,265), the proceeds whereof shall be applied as follows: $7,565, to the payment of Copyists at 5 cents per folio to bring the copying up to date; $1,000, to the payment for services relating to election canvass; $1,200, to the payment of salary of one Clerk at an annual salary of $1,200, said Clerk to be employed in Marriage License Bureau; $2,500, to the payment for steel racks, counters, cases and necessary furniture to equip the Naturalization Bureau of the Supreme Court in the office of the County Clerk of Kings County in the Hall of Records, Borough of Brooklyn, New York.

Adopted by the Board of Aldermen January 24, 1911, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor February 7, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 1, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On January 24, 1911, the Board of Aldermen adopted a resolution requesting $12,265 in special revenue bonds to be expended by the County Clerk of Kings County, as follows:

Payment of Copyists at 5 cents per folio to bring the copying up to date.	$7,565 00
Payment for services relating to election canvass	1,000 00
Payment of salary of one Clerk at annual salary of $1,200, said Clerk to be employed in the Marriage License Bureau	1,200 00
Payment for steel racks, counters, cases and necessary furniture to equip the Naturalization Bureau of the Supreme Court in the office of the County Clerk, in the Hall of Records	2,500 00

In connection therewith, I report as follows:

The County Clerk states that the work of copying has fallen behind for several years on account of appropriations being insufficient to meet a steady increase in business. The appropriation for 1909 was $6,000; for 1910, $6,600, and for 1911, $6,600. Copying Clerks are paid 5 cents a folio, and the rate charged by the City is 10 cents a folio. The County Clerk states that there were 124,092 folios uncopied on January 1, 1911, against a total of 159,175 folios received in the office during 1910. He further states that the greater part of the uncopied total was in arrears when he took office on January 1, 1910. The 1911 appropriation is equivalent to 132,000 folios, or 27,175 less than the total received during 1910. A total of 159,175 folios for 1911, as in 1910, added to the 124,092 folios in arrears, would give a total of 283,267 for the year. At the 5-cent rate, the appropriation necessary would be $14,163.35, or $7,563.35 more than the sum available. The County Clerk states that there are many, and increasing, complaints from citizens on account of the copying arrears.

The $1,000 requested for "Services relating to election canvass" is for expenses in connection with elections to be held in November, 1911. Payment is not to be made until December, 1911, and it is stated that the expenditures may exceed the present estimate. The immediate necessity for this appropriation is not apparent, especially as the requested amount may not be sufficient to cover the total expenditure. I recommend, therefore, that no action be taken on the item at this time.

It does not appear to be incumbent upon the City to provide funds for the equipment of the Naturalization Bureau. The United States Government pays the clerical force in the Bureau, supplies stationery, etc., and receives the naturalization fees. The County Clerk of New York County states that he will request funds for equipping the Naturalization Bureau in his office from the Department of Commerce and Labor. It seems that the Naturalization Bureau in Kings County should be equipped by the Federal Government. I recommend, therefore, that the $2,500 item in the request be not approved.

The grade of the position of Clerk at $1,200 per annum, for an additional incumbent, was established pursuant to the provisions of section 56 of the Greater New York Charter, by the Board of Aldermen on April 18, 1911. The amount necessary for the remainder of the year is $800.

I recommend the adoption of the attached resolutions granting the request to the extent of the items for recopying and the Clerk for eight months, and approving a schedule for the additional incumbent.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 1, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—The Board of Education in a communication dated April 21, 1911, requested approval by the Board of Estimate and Apportionment of plans, specifications and estimate of cost, $3,800, for installing electric equipment in the additions to and alterations in Public School 40, Borough of The Bronx.

The new addition contains twelve classrooms, a workshop and playroom. It is proposed to place additional switches on the present switchboard in the old building and run new extensions from this switchboard to the new building. The specifications and plans include also the replacement of many of the present fixtures, the installation of some additional fixtures and the overhauling of the entire system of the present building. Much of this work is in the nature of repairs, the value of which I estimate at $500, which should be charged to repair account, leaving $3,300 as the estimated cost of work in the new building and work in the old building which is necessitated by the installation of the additional new work which is chargeable to the fund designated C-DE-77D, in which, at the date of this report, there is a sufficient balance to pay the cost of this work.

An examination of the plans and specifications shows them to be complete and satisfactory. They have been approved by the Department of Water Supply, Gas and Electricity.

I submit for adoption the resolution appended hereto.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted June 3, 1910, hereby approves the plans and specifications for installing electric equipment in the additions to and alterations in Public School 40, Borough of The Bronx, under the jurisdiction of the Department of Education, and the estimate of cost for same, three thousand eight hundred dollars ($3,800), of which three thousand three hundred dollars ($3,300) is to be charged to corporate stock funds, and five hundred dollars ($500) to the repair and maintenance fund.

Which was adopted by the following vote:

The Secretary presented the following communication from the Department of Parks, Boroughs of Manhattan and Richmond, requesting, and report of the Comptroller recommending approval, pursuant to resolution adopted June 3, 1910, of the plans, specifications and estimate of cost ($21,000) for the improvement of the playground on the south side of East 101st street, between 2d and 3d avenues, Manhattan, as submitted by the Commissioner of said Department:

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, March 29, 1911.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 1, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On March 29, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, submitted for the approval of the Board of Estimate and Apportionment plans, specifications and estimate of cost ($21,000) for improving the playground on the south side of East 101st street, between 2d and 3d avenues, in the Borough of Manhattan.

The plans show a system of 3-inch and 4-inch porous terra cotta drains underlying the surface of the playground, which is covered with an 8-inch layer of broken stone finished with a 4-inch layer of cinders.

Foundations for a field house approximately 70 feet 6 inches by 29 feet are required to be built up to the grade level.

The field is to be surrounded with a very substantial and handsome fence of concrete and iron, a reinforced concrete seat being constructed as part of the lower concrete portion. A wire mesh fence 7 feet in height divides the east and west portions of the playground. New cement sidewalks, curbs and asphalt block entrances, water supply pipes, electric light conduits, etc., are provided.

Considering the substantial character of this work throughout, the estimated cost is reasonable.

I recommend that the plans, specifications and estimate of cost be approved by the adoption of the attached resolution.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, April 13, 1911.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—A Bacteriologist, now receiving $1,200 per annum, who has been employed in this Department since 1903 and who has declined several opportunities for advancement, has again been offered an appointment in another department from a list which he heads, at a salary of $1,500 per annum.

This man has become so valuable and so necessary to this Department that I would like very much to promote him to $1,500 per annum, at which salary he can be retained. The salary schedule supporting the account out of which he is paid is now before your Board for a modification by the elimination of two Laboratory Assistants, at $900, and the addition of one Chemist, at $1,200, and a further modification of that schedule to permit this promotion will still leave a balance in the budgetary part allowance.

The appropriation is entitled, "Water Supply, General Administration, Laboratories, Salaries, Maintenance and Construction Force, No. 461," and the supporting schedule, with the suggested modifications that I desire approved, is herewith enclosed.

Yours truly, HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 29, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 1, 4 and 13, 1911, the Commissioner of Water Supply, Gas and Electricity requested modification of two budgetary part schedules in his Department for 1911. In connection therewith I report as follows:

The schedules are for Water Supply, General Administration. In the Division of Contracts and Statistics, 458, Salaries, Maintenance and Construction Force, it is proposed to increase the compensation of Charles V. Maguire, a Clerk, from $1,050 to $1,300 per annum, and change his title to Attendant.

Mr. Maguire was an Attendant, at $1,300, with the old Aqueduct Commission. He was transferred at $1,050 to the Department of Water Supply, Gas and Electricity on June 1, 1910, when the Commission was abolished. The Commissioner states that he proposes to restore the incumbent to his old rate for good service.

In Laboratories, 461, Salaries, Maintenance and Construction Force, it is proposed to increase the compensation of Thomas W. Melia, a Bacteriologist, from $1,200 to $1,500 per annum.

Mr. Melia was appointed on July 9, 1903, as Laboratory Assistant at $750 per annum. On March 1, 1906, his compensation was increased to $900, and on April 30, 1907, he was promoted to Bacteriologist, at his present rate.

The Commissioner states the following;

"Mr. Melia declined several opportunities for advancement. He has again been offered an appointment in another department, from a list which he heads, at a salary of $1,500 per annum. He has become so valuable and so necessary to this Department that I would like very much to promote him to $1,500 per annum, at which salary he can be retained."

It is also proposed to add a Chemist at $1,200, and drop two Laboratory Assistants at $900 each.

The necessary schedule transfers are in detail as follows:

Account No.	Schedule Lines.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.
458.	Clerk, 1 at $1,050	$1,050 00	.....
	Attendant, at $1,300	.....	$1,300 00

	Laboratory Assistants, 7 at $900	1,800 00	.....
		$4,050 00	$4,000 00

No change is proposed in the Budget part allowances.

The attached resolution, if adopted, will grant the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Department of Docks and Ferries requesting, and report of the Comptroller recommending, the modification of the budgetary part allowance in Salary Schedule 154, supporting the appropriation made in the Budget for the year 1911, for said Department, providing for the addition of three Inspectors of Regulating, Grading and Paving, at $1,500 each per annum and thirteen Inspectors of Pier Buildings, at $5 each per diem, for 365 days, and for the rearrangement of the schedule, so that line items will show those paid wholly from corporate stock and those paid from the budgetary part allowance:

Department of Docks and Ferries, City of New York, Pier "A," North River, New York, March 3, 1911.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Sir—In connection with the preparation of this Department's Budget for the year 1911, request was made for an allowance of $23,674 for salaries of Engineers. Draftsmen, Clerks, etc., in the Bureau of Enginering, and for salary and wages in connection with asphalt inspection, dredging inspection, and supervision of permit work.

In the Budget schedule as adopted in Item 154, sufficient provision is not made for the supervision work, there appearing in the schedule only the titles of the various monthly salaried men in the Bureau of Engineering.

In order to relieve the situation, I would request that the supporting schedule in Item 154, Bureau of Enginering, be altered and amended so as to include:

Inspectors of Regulating, Grading and Paving.....3 at $1,500 per annum
Inspectors of Pier Building.....13 at $5 per day

This request for a change in the schedule will not affect the total budgetary part allowance. Yours very truly,

CALVIN TOMKINS, Commissioner of Docks.

Gentlemen—On April 21, 1911, the Secretary of the College of The City of New York requested modification of the salary and wages schedules for the office of the Curator for the year 1911. In connection therewith I report as follows:

It is proposed to transfer $270 from the salary to the wages account, to increase the compensation of three Clerks. The transfer is contrary to the resolutions governing the 1911 Budget. I recommend, therefore, that the items involving the transfer be not approved.

The City of New York, Department of Taxes and Assessments, Borough of Manhattan, Hall of Records, City of New York, April 21, 1911.

Honorable Board of Estimate and Apportionment, 277 Broadway, City:

Gentlemen—I beg to request that the resolution adopted by your honorable Board on April 6, 1911, modifying the schedule 1342, Department of Taxes and Assessments, for the year 1911, may be made effective from February 25, 1911, the date on which the request for this modification of schedule was made.

This request is made for the reason that a Clerk was appointed with salary at the rate of $420 per annum, under the assumption that there would be no delay in, or objection to, your approval of such a modification. By reason of the delay in the action thereon he has as yet received no salary since date of his appointment, and unless the request now made is granted it will be impossible to pay him for his services previous to the 1st of April. This would be a hardship and injustice to him, and it is earnestly desired that it may be remedied.

Your prompt attention is respectfully requested to this request.

Respectfully, LAWSON PURDY, President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 1, 1911.

It is stated by the President that the Clerk has received no compensation, and modification is necessary for his payment prior to April 1.

I recommend that the request be granted by the adoption of the attached resolution. Respectfully, WM. A. PRENDERGAST, Comptroller.

To the Board of Estimate and Apportionment:

Gentlemen—The Board of Education, in a communication dated April 20, 1911, requested approval of plans and specifications and estimates of cost for furniture, etc., for new additions to Erasmus Hall High School, Borough of Brooklyn, as follows:

	Approximate Cost.
Item 1	$9,200 00

Item 3	3,100 00
Item 4	1,900 00
Item 5	8,100 00

An examination of the plans shows the following:

Item 1 includes clocks, umbrella stands, couches, folding screens, mirrors, fire extinguishing apparatus, stereopticon screens, drawing tables and boards, bulletin boards, portable blackboards, bookcases, settees, tables, chairs, desks, exhibition cases, reading stands, post office boxes, workbenches, staining of floors, lettering of desks, shelving, railings, etc.

Item 2 includes slate blackboards.

Item 3 includes lecture room chairs and lunch room settees.

Item 4 includes window shades.

Item 5 includes pupils' desks and seats.

Since the submission of these specifications the Department of Education has submitted an amendment to Item 3, permitting an optional bid on pedestal tablet arm chairs for the lecture rooms of solid construction instead of built up as specified, also requesting a separate alternate bid on the same chairs with a book shelf underneath instead of the book rack on the back. This amendment is now incorporated in the specifications.

The plans and specifications appear to be complete and satisfactory and the estimates of cost reasonable. The cost is to be charged against the fund designated C-DE-97F in which, at the date of this report, there is a sufficient balance to pay the cost of this work. I submit for adoption the resolution appended hereto.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following resolution of the Board of Aldermen and report of the Comptroller in the matter of an issue of $30,000 special revenue bonds for the employment of Musicians for evening playgrounds, by the Department of Education:

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty thousand dollars ($30,000), the proceeds whereof to be used by the Department of Education for the purpose of furnishing music and equipment for sundry evening playgrounds during 1911.

Received from his Honor the Mayor April 18, 1911, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York, Comptroller's Office, May 2, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 4, 1911, the Board of Aldermen requested the issue of special revenue bonds in the sum of $30,000, the proceeds to be used by the Department of Education for the purpose of furnishing music and equipment for sundry evening playgrounds during 1911. In connection therewith, I report as follows:

The evening playgrounds for which music is to be provided are maintained under the control of the Board of Education on the roofs or in the court yards of the public school houses. Thirteen playgrounds were maintained during the summer of 1910, two being supplied with tel-electric pianos and the rest with bands, each composed of four musicians and a leader.

In the Budget for 1910, $9,504 was appropriated in the Special School Fund for music for the playgrounds. In the estimate for 1911 an increase of $10,080 was requested, the total estimate being divided as follows:

Music for Evening Roof Playgrounds:	
25 leaders, 48 nights, at $6 per night, each	$6,336 00
92 musicians, 48 nights, at $3 per night, each	13,248 00
	$19,584 00

In addition to the eleven playgrounds in Manhattan and two in Brooklyn already in operation, it was proposed to organize three new ones in Manhattan, three in The Bronx and five in Brooklyn. Since the preparation of the estimate for 1911, the plans have been modified for ten playgrounds in Brooklyn and eleven in Manhattan, at a total cost of $29,525 for music and equipment, as follows:

Evening Playgrounds, 1911, *Estimated Cost of Music and Equipment.*

School.	Music.	Electric Light.	Bandstands and Chairs.
Borough of Manhattan.			
1	$1,152 00	.....	.....
20	1,152 00	.....	.....
21	1,344 00	.....	.....
42	1,152 00	.....	.....
64	1,152 00	.....	.....
65	1,152 00	.....	$225 00
147	1,152 00	.....	.....
160	1,152 00	.....	.....
174	1,152 00	.....	.....
177	1,152 00	$508 (est.)	.....
188	1,344 00	.....	.....
Borough of Brooklyn.			
5	1,152 00	550 00	225 00
6	1,152 00	.....	225 00
43	1,344 00	.....	.....
53	1,152 00	.....	.....
122	1,152 00	.....	.....
148	1,152 00	600 00	225 00
149	1,152 00	325 00	225 00
150	1,152 00	600 00	225 00
156	1,152 00	524 00	225 00
157	1,152 00	325 00	225 00
Total	$24,768 00	$2,932 00	$1,825 00

The Board of Education requested this $30,000 to be apportioned to give $24,768 for music, and the balance for equipment. This would give an increase of $15,264 for music over the allowance for 1910. The rates for musicians have been increased from $3 to $4 per night, and for leaders from $6 to $8 per night.

The Board of Estimate and Apportionment, after due consideration, eliminated the item of music for the evening roof playgrounds from the 1911 Budget on the ground of economy. No reasons have been advanced for an appropriation now that were not considered at the time the Budget was adopted. The Budget Committee was of the opinion that, if the roofs of the school buildings were opened to the public on summer evenings and teachers supplied to direct and supervise games and other forms of recreation, the rest might be left to the public's initiative.

In reference to the 1911 appropriations for the Department of Education, the Budget Committee stated the following:

"All new activities have been postponed, not because none of them have appealed to the Board of Estimate and Apportionment, but because the Committee is convinced that at the present time, in the Department of Education, as elsewhere in the City government, it is more important to increase the efficiency of work already under way than to expand existing activities or make new experiments."

Notwithstanding the policy adopted by this Board, the Board of Education now proposes a large expansion of the evening roof playgrounds, $24,768 being requested for music alone, as against the appropriation of $9,504 for 1910.

I herewith transmit, without recommendation, two resolutions, which, if adopted, will provide music for the evening playgrounds as maintained during 1910, and approve a schedule for the fund.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Dr. Louis Houpt, of the Board of Education, urged favorable consideration of the request.

The resolution authorizing the issue of special revenue bonds as requested in the resolution of the Board of Aldermen failed of adoption, receiving the following vote:

Affirmative—The Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—12.

Negative—The Mayor and the President of the Borough of The Bronx—4.

The Secretary presented the following communication from the Commissioner of Accounts requesting, and report of Select Committee, consisting of the Comptroller and President of the Board of Aldermen, recommending the establishment of the following grades of positions in the office of said Commissioner:

City of New York, Office of the Commissioners of Accounts, 280 Broadway, April 25, 1911.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, Manhattan:

Dear Sirs—In accordance with the report, dated February 27, 1911, made to your honorable body by your Commission on Standardization, in which report it was recommended that the Commissioner of Accounts have charge temporarily of the coal testing laboratory until a complete laboratory is established, request is hereby made for the establishment of the following positions for the purpose of operating the coal testing laboratory under the resolution passed by your honorable Board March 30, 1911, in which the sum of $15,000 was provided for the preliminary work of organization:

1 Clerk at	1,200 per annum
1 Stenographer at	1,000 per annum

The Coal Samplers will be required to obtain samples of coal from the point of delivery as well as prepare the samples at the laboratory for the tests.

A Clerk will be required to have charge of the samples and check up the calculations of the Chemists.

A Stenographer will be required for general purposes and to assist in keeping records and other clerical work.

The number of incumbents in the grades requested to be established has been arrived at after careful study and through the joint efforts of the Commission on Standardization. Respectfully,

RAYMOND B. FOSDICK, Commissioner of Accounts.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 2, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 25, 1911, the Commissioner of Accounts requested establishment in his office, pursuant to the provisions of section 56 of the Greater New York Charter, as follows:

New Positions.	Rate Per Annum.
Fuel Engineering Chemist	2 at $1,800 00
Engineering Chemist	1 at 1,500 00

New Grades of Positions.

The establishment is for incumbents to form the nucleus of the force for the Standard Testing Laboratory to be organized in compliance with the resolution of your Board of March 30, 1911, and to be temporarily in charge of the Commissioner of Accounts.

The three Chemists are to test samples of coal purchased for the various City Departments, and to secure a proper audit of all claims therefor.

The Coal Samplers are to collect samples of coal from points of delivery and to propare the samples in the laboratory for the tests.

The grade for the $1,200 Clerk is established in the office. No action, therefore, is necessary on this item in the request.

The Stenographer is for general purposes and to assist in keeping records and other clerical work. It would appear to be advisable to make the rate $1,050 per annum, to conform to the salary gradation customary in other Departments.

The Commissioner of Accounts states the following:

The number of incumbents in the grades requested to be established has been arrived at after careful study and through the joint efforts of the Commission on Standardization.

The sum of $15,000 has been requested for the preliminary work of organizing the laboratory.

We recommend the adoption of the attached resolution approving of the request with the exceptions noted. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Commissioners of Accounts, of the positions and grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 2, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—The necessary grades for Musicians and Leaders employed by the Board of Education to furnish music for the evening roof playgrounds have not been established in compliance with the provisions of section 56 of the Greater New York Charter. Hitherto, Musicians have been paid at the rate of $3 per night (6 nights in the week), and Leaders at the rate of $6 per night. This year, the Musical Mutual Protective Union has raised the rates to $4 per night for a Musician and $8 per night for a Leader. It is proposed to employ 44 Musicians and 11 Leaders for the evening roof playgrounds during the coming summer.

We recommend, therefore, that the necessary grades be established by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The following resolution was offered:

Which was referred to the Chief Engineer for a report at the next meeting, May 11, 1911.

The President of the Board of Aldermen offered a resolution disapproving of certain provisions in the proposed Charter, and providing that a committee of the Board, consisting of the Comptroller, the President of the Borough of Manhattan and the President of the Board of Aldermen, be appointed to appear before the Joint Committee on the affairs of cities in opposition to the enactment into law of such provisions.

Which was ordered on the Calendar for the next meeting, May 11, 1911.

The following was offered by the President of the Borough of Manhattan:

Whereas, Under the provisions of Senate Bill 541, entitled, "An act to provide for the erection of a Court House in the County of New York," now pending before the Legislature, the Charter powers of this Board with relation to the approval of the use of City property, or the acquisition of other property, for purposes of a Court House site, and with relation to the appropriation of moneys necessary for the construction of a Court House building, are nullified, and said power transferred to the Justices of the Supreme Court, and

Whereas, The passage of said bill would directly infringe not only the theory and purposes of the Charter, but the principles of City home rule; therefore, be it

Resolved, That this Board hereby disapproves of the measure in question and authorizes its committee on Court House site to oppose its enactment or further advancement.

Department of Street Cleaning of The City of New York, April 24, 1911.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment:*

Sir—I have to request that a further revision of schedules and transfer amounting to the sum of ten thousand two hundred and seventy-two dollars ($10,272), be made within the appropriation allowed this Department for the year 1911, entitled and as follows:

From	
General Administration—	
881. Purchase of Horses	$360 00
Administration, Borough of Manhattan, Division of Sweeping—	
889. Wages, Regular Employees	6,286 00

Administration, Borough of The Bronx, Division of Sweeping—	
940. Wages, Regular Employees	924 00
	$10,272 00
To	
Administration, Borough of Manhattan, Division of Carting and Stable—	
891. Wages, Regular Employees	$6,286 00
Administration, Borough of Manhattan—

Respectfully, WM. H. EDWARDS, Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 4, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a request of the Commissioner of Street Cleaning, on April 24, 1911, for modification of six 1911 schedules for Wages, Regular Employees, involving cash transfers in the sum of $9,912; and for an additional transfer of $360 between appropriations for the purchase of horses, I report as follows:

It is proposed to transfer $9,912 from the allowances for machine and sprinkling cart Drivers, at $2 a day, in Manhattan, Brooklyn and The Bronx, to Hostlers and Stablemen, at $2 a day, in the same Boroughs. The amount is released for transfer by a decrease of 4,956 in the number of days for the machine and sprinkling cart Drivers.

The Commissioner states the following:

"The increase in Hostlers and Stablemen is due to the purchase of additional horses for the three Boroughs. The number of days and the line item appropriations for machine and sprinkling cart Drivers were merely approximated in the 1911 Budget, and the modification may be made and still leave sufficient funds for the Drivers. No change in compensation is involved in the proposed changes."

The following table shows the changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
889.	Machine and Sprinkling Cart Drivers, at $2 per day (17,500 days)	$6,286 00	.....	$6,286 00	.....
891.	Hostlers, at $2 per day (1,200 days)	.....	$3,236 00	.....	$3,236 00
	Stablemen, at $2 per day (760 days)	.....	3,050 00	.....	3,050 00
915.	Machine and Sprinkling Cart Drivers, at $2 per day (6,000 days)	2,702 00	.....	2,702 00	.....
917.	Hostlers, at $2 per day (800 days)	.....	2,702 00	.....	2,702 00
940.	Machine and Sprinkling Cart Drivers, at $2 per day (2,000 days)	$924 00	.....	$924 00	.....
942.	Stablemen, at $2 per day (380 days)	.....	924 00	.....	924 00
		$9,912 00	$9,912 00	$9,912 00	$9,912 00

The $360 transfer to No. 907 is for the purchase of a draft horse.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

FILLING PRIVILEGE.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

MONDAY, MAY 15, 1911,

for the right to dump and fill behind the bulkhead wall recently built or to be built on part of the Yorkville section on the East River, Borough of Manhattan.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material as hereinafter described, the area behind the new bulkhead wall extending from the intersection of the southerly side of E. 67th st., prolonged outshore and the bulkhead wall, and extending northerly along the bulkhead wall a distance of about 262 feet to the southerly side of E. 68th st., prolonged outshore, and extending also from the rear of the bulkhead wall when it is completed, inshore a distance of about 50 feet to the present top of bank.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a sloping grade to the level of the street adjacent. Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling the whole of the area above described.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under the agreement. These cubical contents in the net void space are equal to 4,000 cubic yards.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by the estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer; the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All material must be dumped and filled in only in such manner, at such points, and in such order of procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within forty days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed, unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order ths suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling, and at all times until the completion thereof, take all necessary precaution and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from the negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

The contractor agrees that he will comply with the provisions of the Labor Law. He further agrees that no Laborer, Workman or Mechanic in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract, shall be permitted or required to work more than eight hours in any one calendar day, except as in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such Laborers, Workmen or Mechanics upon public work or upon any material to be used thereon, shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such Laborer, Workman or Mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of Sections 3 and 14 of the Labor Law.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resoved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
