ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,
 No. 280 BROADWAY,
 NEW YORK, January 22, 1894.

**PROPOSALS FOR ESTIMATES FOR FUR-
 NISHING MATERIALS AND WORK
 IN THE ERECTION OF AN ARMORY
 BUILDING ON THE EASTERLY SIDE
 OF MADISON AVENUE, EXTENDING
 FROM NINETY-FOURTH TO NINETY-
 FIFTH STREET, NEW YORK CITY.**

PROPOSALS FOR ESTIMATES FOR FURNISH-
 ing materials and work in the erection of an
 Armory Building on the easterly side of Madison ave-
 nue, extending from Ninety-fourth to Ninety-fifth
 street, City and County of New York, will be received by
 the Armory Board at the MAYOR'S OFFICE, CITY
 HALL, UNTIL 11 O'CLOCK A. M. OF THE 7TH
 DAY OF FEBRUARY, 1894, at which time and
 place they will be publicly opened and read by said
 Board.

Any person making an estimate for the above work
 shall furnish the same in a sealed envelope to the
 President of said Armory Board, indorsed "Estimate
 for Furnishing Materials and Work in the erection of an
 Armory Building on the easterly side of Madison ave-
 nue, extending from Ninety-fourth to Ninety-fifth
 street," and also with the name of the person or per-
 sons presenting the same, and the date of its presenta-
 tion.

Any bidder for this contract must be known to be
 engaged in and well prepared for the business, and
 must have satisfactory testimonials to that effect; and
 the person or persons to whom the contract may be
 awarded will be required to give security for the per-
 formance of the contract, by his or their bond, with two
 sufficient sureties, in the amount of FIFTY THOU-
 SAND (\$50,000) DOLLARS.

Bidders are required to submit their estimates upon
 the following express conditions, which shall apply to
 and become part of every estimate received:

1st. Bidders must satisfy themselves, by personal ex-
 amination of the location of the proposed work, and
 by such other means as they may prefer, as to the
 accuracy of the estimate, and shall not at any time after
 the submission of an estimate dispute or complain of
 the statement of quantities, nor assert that there was
 any misunderstanding in regard to the nature or
 amount of the work to be done.

2d. Bidders will be required to complete the entire
 work to the satisfaction of the Armory Board, and in
 substantial accordance with the specifications of
 the contract and the plans therein referred to. No extra
 compensation, beyond the amount payable for the work
 before mentioned, shall be actually performed, at the
 prices therefor to be specified by the lowest bidder,
 shall be due or payable for the entire work.

Bidders will state in their estimates a price for the
 whole of the work to be done, in conformity with the
 approved form of contract and the specifications therein
 set forth, by which price the bids will be tested. This
 price is to cover all expenses of every kind involved in
 or incidental to the fulfillment of the contract, including
 any claim that may arise through delay from any cause
 in the performing of the work thereunder.

Bidders will distinctly write out, both in words and
 in figures, the amount of their estimates for doing this
 work.

The person or persons to whom the contract may be
 awarded will be required to attend at this office with the
 sureties offered by him or them, and execute the con-
 tract within five days from the date of the service of a
 notice to that effect; and in case of failure or neglect so
 to do, he or they will be considered as having aban-
 doned it, and as in default to the Corporation; and the
 contract will be re-advertised and relet, and so on until
 it be accepted and executed.

Bidders are required to state in their estimates their
 names and places of residence; the names of all persons
 interested with them therein; and if no other person be
 so interested, the estimate shall distinctly state the fact;
 also that the estimate is made without any connection
 with any other person making any estimate for the
 same purpose; and that it is in all respects fair and
 without collusion or fraud; and also that no member of
 the Common Council, head of a department, chief of a
 bureau, deputy thereof or clerk therein, or other
 officer of the Corporation, is directly or indirectly inter-
 ested therein, or in the supplies or work to which it
 relates, or in any portion of the profits thereof; which
 estimates must be verified by the oath, in writing, of the
 party making the estimate, that the several matters
 stated therein are in all respects true. *Where more
 than one person is interested, it is requisite that the
 verification be made and subscribed by all the parties
 interested.*

Each estimate shall be accompanied by the consent,
 in writing, of two householders or freeholders of the
 City of New York, with their respective places of
 business or residence, to the effect that if the contract
 be awarded to the person or persons making the
 estimate, they will, on its being so awarded, become
 bound as his or their sureties for its faithful per-
 formance; and that if said person or persons shall omit or
 refuse to execute the contract, they will pay to the
 Corporation of the City of New York any difference
 between the sum to which said person or persons
 would be entitled upon its completion, and that which
 said Corporation or the Armory Board may be obliged
 to pay to the person to whom the contract may be
 awarded at any subsequent letting; the amount in
 each case to be calculated upon the estimated amount of
 the work to be done by which the bids are tested. The
 consent above mentioned shall be accompanied by the
 oath or affirmation, in writing, of each of the persons
 signing the same, that he is a householder or free-
 holder in the City of New York, and is worth the
 amount of security required for the completion of
 the contract and stated in the proposals, over and
 above all his debts of every nature, and over and above
 his liabilities as bail, surety and otherwise; and that he
 has offered himself as a surety in good faith and with an
 intention to execute the bond required by law. The
 adequacy and sufficiency of the security offered is
 to be approved by the Comptroller of the City of New
 York, after the award is made and prior to the signing
 of the contract.

No estimate will be received or considered unless
 accompanied by either a certified check upon one of the
 State or National banks of the City of New York, drawn
 to the order of the Comptroller, or money, to the amount
 of TWENTY-FIVE HUNDRED DOLLARS (\$2,500).
 Such check or money must not be inclosed in the sealed
 envelope containing the estimate, but must be handed
 to the officer or clerk of the Board, who has charge
 of the estimate-box; and no estimate can be deposited
 in said box until such check or money has been ex-
 amined by said officer or clerk and found to be correct.
 All such deposits, except that of the successful bidder,
 will be returned by the Comptroller to the persons
 making the same within three days after the contract is
 awarded. If the successful bidder shall refuse or
 neglect, within five days after notice that the contract
 has been awarded to him, to execute the same, the
 amount of the deposit made by him shall be forfeited
 to and retained by the City of New York as liquidated
 damages for such neglect or refusal; but if he shall
 execute the contract within the time aforesaid, the
 amount of his deposit will be returned to him by the
 Comptroller.

No estimate will be accepted from, or contract awarded
 to, any person who is in arrears to the Corporation,
 upon debt on contract, or who is a defaulter, as surety
 or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or esti-
 mates, to use a blank prepared for that purpose by the
 Board, a copy of which, together with the form of the
 agreement, including specifications, and showing the
 manner of payment for the work, can be seen upon
 application at the office of the Architect, J. R.
 THOMAS, No. 160 BROADWAY, New York City.
 The Board reserves the right to reject any or all
 estimates not deemed beneficial to or for the public
 interest.

Plans may be examined and specifications and blank
 forms for bids or estimates obtained by application to
 the Architect, at his office, No. 160 BROADWAY,
 New York City.

 lavatory, janitor's room, storage room, etc.

The designs to provide a main drill-room on the

 drill-room, and to be used only for an emergency.

Galleries to be provided for accommodation of visitors.

 lighting, the latter to be by combination gas and electric
 fixtures. Gun-racks and lockers to be provided for all
 the companies.

In order to secure conformity of drawings it is sug-
 gested that they be made on a scale of one-eighth of an
 inch to a foot.

The entire cost of the building, including all work and
 materials necessary to complete the same in every
 respect, both interior and exterior (other than fixtures
 for lighting, furniture for galleries, company and ad-
 ministration rooms, and which will be otherwise pro-
 vided for), shall not exceed \$285,000, including the
 Architect's fees.

The Armory Board reserves the right to reject any or
 all plans that may be offered, if for any reason they
 deem it best so to do, and in case any plan is accepted
 as presented, or with alterations or suggestions of the
 Board, and it is subsequently found that contracts satis-
 factory to the Board can be made for the complete erec-
 tion of the building, and the payment of the Architect's
 fees not to exceed the sum named, the Architect pre-
 senting such plans shall be engaged for the work, and
 his compensation for plans and superintendence shall be
 four per cent. of the amount of such contract. The plans
 must be presented with the view of inviting proposals
 for the erection of the building for a gross sum, and

 office, on or before the 15th day of February, 1894.
 The official map of the site is on file in the Register's

TO CONTRACTORS.

(No. 462.)

PROPOSALS FOR ESTIMATES FOR FURNISHING AND DELIVERING ABOUT 1,200 TONS OF ANTHRACITE COAL.

ESTIMATES FOR FURNISHING AND DELIVERING about 1,200 tons of Anthracite Coal will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department on Pier "A," foot of Battery place, North river, in the City of New York, until 11 o'clock A.M. of

THURSDAY, JANUARY 25, 1894.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Two Thousand Dollars.

The Engineer's estimate of the quantity of coal to be furnished and delivered is about 1,200 tons.

It is expected that about 1,200 tons will be required to be delivered at the West Fifty-seventh Street Yard of the Department of Docks, and that about 200 tons will be required to be delivered at the East Twenty-fourth Street Yard.

Where the City of New York owns the wharf, pier or bulkhead at which materials under this contract are to be delivered, no charge will be made to the contractor for warehousing upon vessels conveying said materials.

N.B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:—
1st. Bidders must satisfy themselves, by personal examination, of the location of the proposed delivery of materials, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.
2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per ton to be specified by the lowest bidder, shall be due or payable for the entire work.

A ton of coal under these specifications shall be 2,240 pounds avoirdupois.

The work to be done under this contract is to be commenced within ten days from the date of the receipt of an order from the Engineer to begin the delivery of coal, and the delivery will be continued in lots of about 200 tons at such times and places and in such manner as may be directed by the Engineer, and the delivery of said coal will be fully completed on or before the 1st day of July, 1894; and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per ton, for furnishing and delivering coal, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in such case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

PROPOSALS FOR ESTIMATES FOR FURNISHING ABOUT 8,000 BARRELS OF PORTLAND CEMENT.

ESTIMATES FOR FURNISHING ABOUT 8,000 barrels of Portland Cement will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department on Pier "A," foot of Battery place, North river, in the City of New York, until 11 o'clock A.M. of

THURSDAY, JANUARY 25, 1894.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Seven Thousand Dollars.

The cement required under the contract must be "Portland" cement, fully up to the standard of the best brands imported, and average at least 400 pounds gross weight to the barrel.

The quantity to be delivered under this contract is about 8,000 barrels.

It is estimated that about 5,000 barrels of this cement will be required to be quick setting and that about 3,000 barrels will be slow setting; and it is further estimated that after about March 1 the deliveries will be required to be made so that about 600 barrels per week, more or less, will be required in each week.

It is expected that about 5,000 barrels will be required to be delivered at West Fifty-seventh Street Yard, and that about 3,000 barrels will be required to be delivered at East Twenty-fourth Street Yard.

The contract is to be fully completed and to terminate on the 1st day of July, 1894.

The damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the respective times specified for the fulfillment thereof may have expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

The empty barrels will be relinquished to the contractor, as provided for in the specifications, and bidders must estimate the value of the empty barrels when considering the price for which they will furnish the cement under the contract.

Bidders will state in their estimates the price for each barrel of cement to be furnished, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the receiving of the material by the Department. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for furnishing this material.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount, in such case, to be calculated upon the estimated amount of the work by which the bids are tested.

the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 10 and 15, No. 31 Chambers street.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty of the City of New York, shall be required to be paved, repaved or repaired, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,
NO. 2 CITY HALL,
NEW YORK, January 18, 1894.

PROPOSALS TO SUPPLY PRINTED, LITHOGRAPHED OR STAMPED FORMS, BLANKS, PAMPHLETS AND STATIONERY, i. e., OFFICIAL WRITING PAPER AND ENVELOPES TO THE COURTS AND THE DEPARTMENTS AND BUREAUS OF THE GOVERNMENT OF THE CITY OF NEW YORK.

TO PRINTERS AND LITHOGRAPHERS.

SEALED ESTIMATES FOR SUPPLYING THE City Government with Printed, Lithographed or Stamped Forms, Pamphlets, and Stationery, i. e., Official Writing Paper and Envelopes, etc., will be received at the office of the Supervisor of the City Record, in the City Hall, until 12 o'clock M. of Thursday, the 1st day of February, 1894. The said estimates will be publicly opened and read at a meeting of the Board of City Record to be held in the Mayor's office at or about the time above-mentioned.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for Furnishing Printed, Lithographed or Stamped Matter," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a depart-

ment, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for his faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be SIXTEEN HUNDRED DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record who has charge of the estimate-box; and no estimate will be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of a successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If a successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

A contract will be made with the lowest bidder for all the printing, lithographing or stamping required by any department or court—all the District Courts being considered as one, the blanks, etc., being similar—unless there be an item involving more than five hundred dollars, or several items each involving a expenditure of a like sum, in which case a contract or contracts will be made with the lowest bidder or bidders on such item or items, and the contract for the remainder of the work for the department will be awarded to the bidder ascertained to be lowest after the deduction of such item or items. The bids must, therefore, be in detail on the items required for a department or court.

The printed or lithographed blanks, etc., must be folded, and be put up in packages by the contractors, according to the directions of the Supervisor of the City Record, and the contractors must complete the delivery of the goods at the office of the City Record within ninety (90) days from the execution of the contracts. If it is obvious that blanks should be folded for the convenience of the departments or for their better keeping, the contractor must fold them without specific direction from the Supervisor.

As many of the printed forms would be made worthless by typographical errors, or by mistakes in the preparation of samples, proofs must be furnished, under an agreement that the contractors shall not be expected to make changes practically altering the character of forms.

Blanks, etc., must be dated "1894," unless otherwise marked; but those of the Bureau of Assessments in the Finance Department shall have only the date "1894."

Particular care must be taken that the names of the present incumbents of offices are put upon the blanks, etc. For instance, Comptroller, Asst. P. Fitch; Sheriff, Charles M. Clancy; District Attorney, John R. Fellows; Commissioner of Street Improvements, Louis F. Haffen; Coroners, Louis W. Schultze, John B. Shea, Edward T. Fitzpatrick and William H. Dobbs; Surrogates, Frank T. Fitzgerald and John H. V. Arnold; Commissioner of Street Cleaning, William S. Andrews.

The delivery of the work must begin within five days from the execution of the contracts, and be continued in such a manner that the immediate needs of the Department shall be supplied.

DESCRIPTION OF ARTICLES.

For particulars as to the quantities and kinds of Printing and Lithographing, reference must be had to the samples and specifications on file in the Department of Public Works. The kinds of paper to be used are stated on the samples. Copies of the specifications may be procured from the Supervisor of the City Record.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of TWENTY THOUSAND (\$20,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them; herein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for his faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The terms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Architect, Leopold Eidlitz, No. 160 Fifth Avenue, New York City; and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.
