Heights Taxpayers' Association,
New York, April 21, 1902.

Mr. CHARLES V. FORNES, President Board of Aldermen, City Hall:

Dear Sir—The Heights Taxpayers' Association has been informed that there is an ordinance pending in the Board of Aldermen which would authorize the Commissioner of Water Supply, etc., to require owners of houses and flats to put in water meters at their own expense. It was thereupon voted that this Association express its disapproval of the proposed ordinance. I should be obliged if you will refer this communication to the proper committee.

Yours truly,

FREDERIK A. FERNALD, Secretary.

No. 450.

April 18, 1902.

The Honorable Board of Aldermen of New York City:

Gentlemen—I, the undersigned, has lived many years in Woodlawn in the Borough of The Bronx. From the very first we came to live there, we have encountered all the troubles an outlying district can be burdened with: water floods, wildfires, etc. Many of these troubles have we been relieved of, but the wildfires are a persistent cause to anxiety to us. When any person desires to make a bonfire, there is no law to prevent him, according to what the President of The Bronx Borough has informed me. I have seen little tots amuse themselves by starting wildfires, and no grown person object. Often a laborer, who hardly is capable to write his own name, is considered intelligent enough and competent to judge whether property is in danger of being burned or not, when engaged in clearing some one's lot or lots from brush and other rubbish, and who often, when approached by fearing people, becomes brutal for interference with his work. When first the fire company was installed here in Woodlawn, we were glad to see the firemen smother the wildfires, but whether they were doing more than contracted for or not, I do not know: fact is, they do not trouble themselves about wildfires, but let it burn. When I go to my business, my women folk are called to go out, and in their long clothes and in greatest peril of losing their lives, to smother the flames, in order to save fences and buildings, while a fine, well represented fire station is established two blocks away. There certainly ought to be a restriction to this, and I believe that the necessity of a fire permit, especially if such permit demanded a fee to be paid, and to be used in a certain time under police supervision, would greatly improve the present conditions. As things now are, they certainly are a disgrace to a well-governed city.

With best wishes for New York City, which I love and admire, I sign myself as
Yours very respectfully,

MORTEN I. CHRISTENSEN,

274 Katonah avenue, Woodlawn, Bronx Borough, New York City.

No. 451.

To the Honorable the Board of Aldermen of The City of New York:

The petition of the Union Railway Company of New York City respectfully shows:
First—That your petitioner is a street surface railway corporation organized and existing under the laws of the State of New York, having filed its certificate of incorporation in the office of the Secretary of State of New York on the 5th day of July, 1892, for the purpose of constructing, maintaining and operating a street surface railway in the City of New York.

Second—That your petitioner desires to obtain from the Board of Aldermen of the City of New York its consent to and a grant of the right, privilege and franchise to use certain streets, avenues and highways in the City of New York for street railway purposes, and for the construction, maintenance and operation of a double track street surface railway as an extension of its existing railway through, upon and along the surface of certain streets, avenues and highways, and to and upon a bridge and viaduct adjacent to or within one-half mile of its railway for the purpose of reaching the depot, station and terminus of other railroads, not more than one-half mile distant from such bridge or viaduct, a description of said streets, avenues and highways, bridge and viaduct being as follows:

"Commencing at the intersection of Jerome and Sedgwick avenues at the terminus of the tracks of this company's Jerome avenue line, thence upon and along the westerly approach, known as the Sedgwick avenue approach, formerly called Ogden avenue approach, to Central or Macomb's Dam Bridge, thence southerly upon and along said bridge, and the One Hundred and Fifty-fifth Street Viaduct and the Macomb's Dam road to the terminus of the railway of the Eighth Avenue Railroad Company, between West One Hundred and Fifty-fourth and West One Hundred and Fifty-fifth streets; also from the intersection of said Central or Macomb's Dam Bridge and the One Hundred and Fifty-fifth Street Viaduct, thence westerly upon and along said viaduct to the station, depot or terminus of the Manhattan Elevated Railway Company, situated between said bridge and Bradhurst avenue, together with the necessary connections, switches, sidings, turnouts, turntables, cross-overs and suitable stands necessary for the accommodation and operation of said railroad by the overhead system of electricity or any other motive power which may be lawfully employed upon the same; all in the Boroughs of Manhattan and The Bronx, City, County and State of New York."

Third—That said corporation expects to operate said railway by the overhead trolley system substantially similar to that now in use on other portions of its line, or by any other motive power, except steam locomotive, which may be permitted by the State Board of Railroad Commissioners, and consented to by property-owners, pursuant to law.

Fourth—That the distance between the terminus of your petitioner's railroad and the terminus of the Manhattan Elevated Railroad, and the Eighth Avenue line is a distance over which there is no means of transportation, and the public are accordingly obliged to walk this distance in order to make connections, and that there is and has been for some time past an earnest public demand for an extension of your petitioner's railroad as above stated.

Fifth—That the terminus of the said viaduct and the terminus of said bridge are respectively within one-half mile of the route of your petitioner's existing street surface railway, and the depot, station or terminus of other railroads, which it is the purpose of your petitioner to reach with the said extension of its railway, is not more than one-half mile distant from such bridge or viaduct.

Wherefore, Your petitioner prays that the notice of the time and place when and where this application will be first considered be given, pursuant to the provisions of Section 92 of the Railroad Law and all other laws applicable thereto, and that consent or grant be given in the form of an ordinance, subject to the laws and ordinances applicable thereto and upon terms of compensation to be fixed and determined in accordance with the provisions of the Greater New York Charter.

No. 185.

The Committee on Laws and Legislation to whom was referred the annexed resolution in favor of requesting the United States Congress to pass an Act reducing the tariff duties on certain Cuban products, respectfully

REPORT:

That, having examined the subject, they ask to be excused from further consideration of the subject and recommend that the said resolution be placed on file.

The day and the occasion appeal to the patriotism of every loyal American citizen, and reveal those higher attributes of our nature which make all the world akin. We meet to do honor to Prince Henry of Prussia, the brother of the ruling Emperor of united Germany; to extend to him the freedom of this city, to open to him the gates of the land of liberty, that he may view the achievements of our industry and mark the causes of our advancing civilization.

For more than a century the blood of Germans and Americans has been comingling, and the student of history and the visitor to the Fatherland note the mutations are "moving toward American ideals."

Our welcome is spontaneous, cordial and hearty.

In this hour of our rejoicing we should not, nor do we, forget that this nation has always given a helping hand to the oppressed and a home to every liberty loving man, of whatever tribe or clime.

In our day, in these very times, the valor of our arms has given freedom to an oppressed people. They were long suffering, overburdened, crushed by tyranny's yoke, struggling against all odds, crying for liberty, fighting with desperation and with courage unparalleled, manifesting the spirit of heroes, yet unable to break the chains which held them in thralldom.

This nation heard their cry and saw their tears. It hastened to their relief. Their fetters were broken, the world called it a magnificent triumph, and America sits to-day in the Congress of Nations.

The same voice of the same people that cried for liberty is now heard appealing to us for life, for opportunity to save their industries from ruin, and to give remunerative value to the products of their soil.

The victory achieved over Spanish rule brought with it moral obligations to which we are responsible to Cuba and the civilized world.

The promises of these United States should be inviolate.

It is fitting that this legislative body of the greatest of American municipalities should voice its opinion and record its prayer for the relief of the Cuban patriots, therefore be it

Resolved, That the Board of Aldermen of The City of New York urge upon the Senators and Representatives of this State in Congress, and upon the Congress of these United States to enact such laws as will give relief to the Cubans by granting and establishing such reciprocal tariff relations as will inure to our mutual benefit, and advance the commercial and mercantile interests of both peoples.

To this end we pray that the present duty on sugar and tobacco imported from the Island of Cuba into this country be materially reduced, and that the policy of the honored President of these United States (a citizen of this State), and of the Secretary of War, which seems to be the will—the voice of the people—find expression in written statutes and in enacted law.

That a copy of these resolutions, duly authenticated, be sent to the President of the United States, and to the New York Senators and Representatives in Congress.

The Committee on Laws and Legislation, to whom was referred the annexed resolution commending the Fire Commissioner for enforcing the law prohibiting the blocking of aisles and lobbies of theatres, etc., respectfully

REPORT:

That, having examined the subject, they ask to be excused from further consideration of the subject, and recommend that the said resolution be placed on file.

Whereas, The lives and persons of individuals attending theatres in this city have been heretofore menaced by the blocking of the aisles and lobbies of places of amusement by people occupying what is known as standing room in direct conflict with the provisions of section 702 of the Greater New York Charter; and

Whereas, Hon. Thomas Sturgis, Commissioner of the Fire Department, has with proper and meritorious concern for the safety of the public seen fit to exercise his rightful duty in enforcing the provisions of said section 702; therefore be it

Resolved, That the Board of Aldermen of The City of New York, recognizing the fearless attitude of Commissioner Sturgis, hereby approves of his sturdy efforts to enforce the law, and pledges to him the fullest measure of support in his action.

GENERAL ORDERS.

Alderman Jones called up General Order No. 43, being a report and resolution, as follows:

No. 404.

The Committee on Finance, to whom was referred on April 1, 1902 (Minutes, page 1778), the annexed resolution in favor of renewing the request heretofore made for the appropriation of \$890 to pay for copies of the Compilation of Maps of Greater New York, showing the political divisions thereof, respectfully

REPORT:

That having examined the subject, they believe the appropriation a proper one. The former Municipal Assembly requested copies of these maps. A resolution appropriating \$890 to purchase them pursuant to the provisions of subdivision 8 of section 188 of the Charter, passed the Board of Aldermen and the Council late in the year 1901, and became law on the last day of the previous administration, neither approved nor disapproved by the Mayor. These maps will be of great use to the members and the heads of Departments, as any member can easily understand. Members of the Board are called upon to be encyclopedias about the political divisions and the representatives of the various districts, and these will enable them to effectively perform those functions. They therefore recommend that the annexed resolution be adopted.

Whereas, The following preamble and resolution was adopted by the Board of Aldermen November 19, 1901, concurred in by the Council December 17, 1901, and received from his Honor the Mayor, December 31, 1901, without his approval or disapproval thereof;

"Whereas, The following resolution was duly adopted by the Board of Aldermen and the Council and was approved by his Honor, the Mayor, October 16, 1901: "Resolved, That the Commissioner of Public Buildings, Lighting and Supplies be and he is hereby requested and authorized to procure for the use of the several members of the Municipal Assembly copies of the 'Compilation of Maps of Greater New York, showing Political Divisions,' under the recently amended Charter, said maps to be and remain the property of the city;" and

Whereas, Under date of November 6, 1901, the Commissioner of Public Buildings, Lighting and Supplies has advised the Board of Aldermen, in response to a request by resolution of said Board as to how soon and when he will supply the members of the Municipal Assembly with said Compilation of Maps, etc., "that, owing to the fact the appropriation of this Department for supplies and repairs this year is exhausted, it will be impossible to honor the requisition for these maps;" therefore, be it

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of The Greater New York Charter, the Board of Estimate and Apportionment be and hereby is respectfully requested to appropriate the sum of eight hundred and ninety dollars (\$890), so that the Commissioner of Public Buildings, Lighting and Supplies may be enabled to comply with the provisions of the resolution aforesaid; and

Whereas, The said Compilations of Maps are now ready and can be delivered at once; therefore,

Resolved, That the request set forth in the foregoing preamble and resolution be and the same is hereby renewed, and when the Board of Estimate and Apportionment shall have complied therewith the City Clerk is hereby authorized and requested to deliver a set of the said maps to each member of the Board of Aldermen and the heads of the several departments of The City of New York.

HERBERT PARSONS, WILLIAM T. JAMES, JOHN L. FLORENCE, FREDERICK W. LONGFELLOW, JOSEPH A. BILL, JOHN T. MCCALL, TIMOTHY P. SULLIVAN, JAMES E. GAFFNEY, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Diemer, Donohue, Doull, Dowling, Florence, Foley, Gaffney, Gass, Gillen, Gillies, Goldwater, Goodman, Haggerty, Harburger, Harnischfeger, Higgins, Holler, Holmes, Howland, Jones, Keely, Klett, Leitner, Lundy, John T. Negative—Aldermen Owens and Walkley—2.

Alderman Jones called up General Order No. 41, being a report and resolution, as follows:

No. 351.

The Committee on Finance, to whom was referred on March 25, 1902 (Minutes, page 1701), the annexed resolution in favor of canceling an assessment erroneously laid on property of Mrs. Susan J. Jones in the Twenty-sixth Ward of the Borough of Brooklyn, respectfully

REPORT:

That, having examined the subject, they believe that the assessment was erroneous, that it should be canceled, and that the assessment against her lot, which was Lot No. 10, Block 318, in the Twenty-sixth Ward in the Borough of Brooklyn, should be transferred to Lot No. 8, as the resolution provides. The Committee base their information upon a letter of the Hon. Edward M. Grout, Comptroller, dated February 7, 1901, written while he was President of the Borough of Brooklyn, a copy of which has been furnished to the Committee, and on the report in regard to the matter made by Thomas R. Farrell, Deputy Commissioner of Highways, to the Hon. Edward M. Grout, under date of January 31, 1901, a copy of which has also been furnished to the Committee. These communications show that while flagging in front of the lot of Mrs. Jones, which is Lot No. 10, Block 318, on map of the Twenty-sixth Ward, was authorized, the space in front of her lot was not flagged, but that the entire flagging that was done was on adjoining lots.

We therefore recommend that the annexed resolution be adopted.

Resolved, That the assessment erroneously laid, the details of which are more particularly set forth in the several papers hereto attached, for flagging the sidewalk in front of the property of Mrs. Susan J. Jones, No. 170 Elton street, and known as Lot No. 10, Block 318, in the Twenty-sixth Ward, Borough of Brooklyn, be and the same is hereby canceled and vacated, and the Board of Assessors is hereby authorized to transfer the assessment against Lot No. 10 to Lot No. 8, and add the same to the assessment already laid against said Lot No. 8.

HERBERT PARSONS, WILLIAM T. JAMES, JOHN L. FLORENCE, FREDERICK W. LONGFELLOW, JOSEPH A. BILL, JOHN T. MCCALL, TIMOTHY P. SULLIVAN, JAMES E. GAFFNEY, Committee on Finance.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Culkin, Devlin, Dickinson, Donohue, Dowling, Florence, Foley, Gass, Gillen, Gillies, Goldwater, Goodman, Harburger, Harnischfeger, Higgins, Holler, Holmes, Howland, Jones, Keely, Kenney, Klett, Leitner, John T. McCall, McCarthy, Thomas F. McCaul, Malone, Marks, Mathews, Meyers, Nehrbauer, Oatman, Owens, Parsons, Peck, Richter, Schappert, Stewart, Sullivan, Tebbetts, Twomey, Wafer, Walkley, Ware, Whitaker, Wirth; President Cassidy, Borough of Queens, and the Vice-Chairman of the Board of Aldermen—56.

Alderman Klett called up General Order No. 42, being a report and resolution, as follows:

No. 68.

The Committee on Finance, to whom was referred on January 22, 1902 (Minutes, page 137), the annexed resolution in favor of authorizing the Comptroller to pay the bills of the New York and New Jersey Telephone Company for telephone service in the office of the Deputy City Clerk in the Borough of Queens, amounting to \$99.50, for services in the year 1900, and \$18.70 for services in the year 1901, respectfully

REPORT:

The resolution proposes that these sums shall be paid out of the appropriations for the respective years, entitled "City Contingencies," in which there are unexpended balances; the appropriations for those years, entitled "City Clerk's Contingencies," have already been exhausted. Your Committee are informed that the old Department of Public Buildings, Lighting and Supplies originally bore telephone expenses in the various departments until its appropriation proved insufficient, and that then the charge fell, as in this case, upon the offices using the telephone. The New York and New Jersey Telephone Company has submitted to your Committee the original contract, and a memorandum, the first item of which is a general charge for fifteen months' telephone service, from January 1, 1900, to April 1, 1901, at \$65 a year. The other items in the telephone bill are calls to New York, to Tremont, to Melrose, to Flushing, to Jamaica, and to New Rochelle.

Your Committee are at a loss to know what public business could require the calls to Tremont, Melrose, Flushing, Jamaica and, especially, New Rochelle. The city should certainly not be called upon to pay for telephone messages of private persons, which seems to have been the case. But the fault, if any there was, lay with the city's officials. For the reason that the telephone company could recover against the city, if compelled to sue, your Committee recommend the payment and so the saving of the costs of suit.

They therefore recommend the adoption of the resolution.

By Alderman Ware—

Whereas, There is a widespread and growing demand for an East Side branch of the Rapid Transit subway, a demand naturally created by the needs of the thickly populated East Side section of the city and the rapidly growing districts of Harlem and The Bronx; and

Whereas, With the West Side route rapidly nearing completion, and with the Brooklyn extension assured, the present is the opportune time to consider and act upon this important matter, in order that the actual work on such an East Side subway may begin without unnecessary and consequently dangerous delay; and

Whereas, Both prudence and economy demand early action for the reasons set forth; therefore

Resolved, That the Board of Rapid Transit Commissioners be and it is hereby earnestly requested and urged to heed the appeal of the many thousands who are demanding the same transit facilities on the East Side that are being accorded to the residents of the West Side of Manhattan and to Brooklyn;

Resolved, further, That our Committee on Railroads be and it is hereby instructed to hold public hearings, to obtain a consensus of opinion of all interested persons and taxpayers, and to recommend to this Board such local or State legislation as may be necessary to aid in the furtherance of this much desired branch of the Rapid Transit system.

Reports of Committee on Railroads—

Nos. 188 and 188A.

The Committee on Railroads, to whom was referred on February 25, 1902, (Minutes, page 497) the annexed ordinance in favor of granting a franchise to operate a street surface railroad in the Borough of Queens to the Ocean Electric Railway Company respectfully

REPORT:

That, having examined the subject, they recommend for adoption the following resolution:

Resolved, That, in accordance with the provisions of section 74 of the Greater New York Charter, the said ordinance be and the same hereby is referred to the Board of Estimate and Apportionment to fix such sum as may be deemed an adequate compensation to the City of New York for the franchise sought for.

Which report was accepted, and the accompanying resolution was adopted.

No. 188.

Whereas, The Ocean Electric Railway Company has presented to the Board of Aldermen of The City of New York its application in writing for its consent and for the grant of a franchise or right to use certain streets or highways in the Borough of Queens, in The City of New York, for railroad purposes, and for the construction, maintenance and operation of a street surface railroad of standard gauge, to be operated by the overhead trolley system;

Now, therefore, in pursuance of the provisions of the Charter of Greater New York, it is

Resolved, That the following grant to the said The Ocean Electric Railway Company embodied in the form of an ordinance be published at least twenty days in the "City Record" and at least twice in two daily newspapers published in the city, to be designated by his Honor the Mayor, at the expense of the said applicant, to wit:

"Be it ordained by the Board of Aldermen of The City of New York as follows:

"That a grant of the franchise and right to use the certain streets and highways in the Borough of Queens, in The City of New York, hereinafter described, is hereby given to The Ocean Electric Railway Company, its successors, lessees or assigns, upon the terms and conditions hereinafter mentioned for the period of twenty-five years; and there is also hereby given to the said The Ocean Electric Railway Company, its successors, lessees or assigns, the right of renewal of said franchise and right to use said streets and highways for twenty-five years after the expiration of said original period of twenty-five years at a fair revaluation or revaluations, provided, however, that on the termination of the franchise and rights herein granted there shall be a fair valuation of the plant of the said The Ocean Electric Railway Company, located in that portion of the streets and avenues hereinafter set forth, and such plant shall become the property of the city on paying the grantee such valuation. Such payment shall be at a fair valuation of said plant as property, excluding any value derived from the franchise. And the city shall have the option either to operate the plant and property aforesaid on its own account or to lease the said plant and property and the right to the use of the streets and public places in connection therewith for limited periods in the same or similar manner as it leases the ferries and docks.

"The following is a description of the streets and avenues covered by the franchise and right herein granted: Beginning at the termination of the existing tracks of The Ocean Electric Railway Company at or near the intersection of Broadway and South street in Far Rockaway in the Fifth Ward of the Borough of Queens and City of New

York, and running from said point through, upon and along South street in an easterly direction to Grand View avenue at the point where said Grand View avenue intersects South street; running from thence along Grand View avenue, as opened or proposed to be opened, in a southerly direction, crossing Far Rockaway Inlet or Bay to the Atlantic Ocean. Also, from the point of termination of the existing railroad tracks on Washington avenue, so-called, in Rockaway Park on Rockaway Beach in the Fifth Ward of the Borough of Queens; running from thence in an easterly and southerly direction along Eastern avenue to the Boulevard; thence easterly along the Boulevard to Park avenue; and thence northerly along Park avenue to the existing right of way and railroad tracks of the New York and Rockaway Beach Railroad Company in what is now known as Hammel's, in said Fifth Ward of the Borough of Queens and City of New York.

"Together with all necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands for the convenient operation of said street surface railroad and for the accommodation of the cars of the said The Ocean Electric Railway Company which may be run over said railroad tracks by the said The Ocean Electric Railway Company, its successors, lessees or assigns.

"And also consent and permission is hereby granted to said The Ocean Electric Railway Company, its successors, lessees and assigns, to the erection along the line of said extensions of the necessary apparatus and poles for stringing wires so that the cars of said The Ocean Electric Railway Company may be used and operated thereon by means of power of electricity.

"Provided, however, that said railroad shall be so built and at all times kept and maintained on the surface of the streets and highways aforesaid in safe and suitable condition and the surface of the street shall be restored to its former condition as soon as can be done.

"The said The Ocean Electric Railway Company, its successors, lessees and assigns, shall be entitled to fix and collect the following rates of fare as compensation for transporting any passenger thereon, to wit: five cents for passage over the whole of the line of said The Ocean Electric Railway Company, or any part thereof.

"The said The Ocean Electric Railway Company, its successors, lessees and assigns, shall keep and maintain the railroad and its property in the streets and highways aforesaid throughout the full term of this grant and shall give the public good and sufficient service.

"And the said The Ocean Electric Railway Company, prior to and as a condition of the making of this grant, shall enter into a binding agreement, to be duly executed by it, to pay to The City of New York three per centum of the net profits derived from the use of the tracks constructed by it upon the streets and highways hereinabove specified, after there shall have been first retained by said The Ocean Electric Railway Company, its successors, lessees or assigns, from such profits a sum equal to five per centum upon the amount expended to construct the railroad upon that portion of said streets and highways covered by this grant.

"And the consent of this Board of Aldermen is hereby given to the construction, maintenance and operation of the railroad aforesaid for the public use in the conveyance and transportation of persons and property in cars propelled by electric power, or some other desirable mechanical power other than steam, for compensation upon the surface of the streets hereinabove specified.

"And consent is hereby given to the construction of all necessary connections, switches, sidings, turnouts, turntables and stands in connection with said railroad necessary for the convenience and accommodation of passengers and for the convenient operation of said railroad." And it is further

Resolved, That the above ordinance be and the same is hereby referred to the Board of Estimate and Apportionment for its consideration and action.

No. 188A.

By Alderman Willett—

To the Honorable the Board of Aldermen of The City of New York:

The petition of The Ocean Electric Railway Company respectfully shows:

I. That your petitioner is a street surface railroad corporation, duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York, entitled "The Railroad Law."

II. That, as such corporation, your petitioner is the owner of all the property, rights and franchises of The Rockaway Village Railroad Company, a domestic railroad corporation.

III. That your petitioner is now engaged in operating a street surface railway at Far Rockaway, in the Fifth Ward of the Borough of Queens, in The City of New York, and that your petitioner has obtained the consent of the Board of Railroad Commissioners of the State of New York to a change of motive power on the lines of said Rockaway Village Railroad from animal power to electricity, or any other suitable motive power except steam.

IV. That your petitioner's railroad tracks in Far Rockaway aforesaid as now laid run from the railroad station along Central avenue to Lockwood avenue, along Lockwood avenue to the Turnpike road, or Broadway, and along the Turnpike road, or Broadway, to South street, where they terminate. South street is a highway running parallel with the ocean front at Far Rockaway, and your petitioner desires to extend its said railroad tracks along South street to Grand View avenue and thence along Grand View avenue as projected, southerly to the ocean. Your petitioner's railroad is mainly used in the summer time by the public who desire to reach the beach at the ocean for bathing and purposes of recreation, your petitioner's railroad running from the station of the Long Island Railroad at Far Rockaway aforesaid, and being the only means of street railroad communication with the beach aforesaid. At present the public desiring to reach the ocean after leaving your petitioner's cars are obliged to walk for a long distance before they reach the water, and there is a public demand for an extension of your petitioner's railroad so that its passengers can be carried directly to the ocean front.

V. Your petitioner also desires to extend its lines of railroad track from their present termination on Washington avenue, in what is known as Rockaway Park, by way of Eastern avenue to the Boulevard, and thence along the Boulevard through the Seaside, Holland's and Hammel's districts to Park avenue, in Hammel's, and along Park avenue to the present railroad right of way of the New York and Rockaway Beach Railroad Company. During the years 1900 and 1901 a rapid transit service has been operated by the overhead trolley system between Far Rockaway and Rockaway Park aforesaid, passing through Seaside, Holland's and Hammel's aforesaid, and through Arverne as well. This trolley car service has been operated upon the right of way of the New York and Rockaway Beach Railroad Company, which company operates a steam railroad between Long Island City and Brooklyn and Rockaway Beach. Owing to the number of trains moved over said steam railroad tracks and the volume of passenger business using said trains, there are not sufficient facilities for the local rapid transit service between Rockaway Park and Far Rockaway. It is the desire of your petitioner to lay a double track from the termination of the existing street surface tracks on Washington avenue, Rockaway Park, and along Eastern avenue to the boulevard in Hammel's to what is known as Park avenue, thence along Park avenue to the right of way of the said steam railroad. These additional tracks will supply your petitioner with additional track room and enable it to move its cars safely and expeditiously and to accommodate the public desiring to travel between Far Rockaway and Rockaway Beach and intermediate points.

VI. For this reason your petitioner prays and makes application to the Board of Aldermen of The City of New York for its consent and permission to be granted to your petitioner, its successor, successors, lessees and assigns, to construct and maintain an extension of its present street surface railroad for the public use, through, upon and along South street from the intersection of the turnpike or Broadway to Grand View avenue, and from thence along Grand View avenue, as proposed, to the Atlantic Ocean; and from the present termination of the railroad tracks on Washington avenue in what is known as Rockaway Park, by way of Eastern avenue to the boulevard, and thence along the boulevard easterly to Park avenue; thence along Park avenue northerly to the right of way of the New York and Rockaway Beach Railroad Company; all in the Fifth Ward of the Borough of Queens, in The City of New York, together with all necessary connections, switches, sidings, turnouts, turntables, crossovers and suitable stands for the convenient operation of said railroad, and for the accommodation of your petitioner's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns; and also that consent and permission be granted to your petitioner, its successors, lessees and assigns, to the erection along the line of said extended railroad of the necessary apparatus for stringing wires, so that the cars of your petitioner may be used by the means or power of electricity.

AN ORDINANCE to regulate the sale, use and transportation of explosives in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The terms "explosive" and "explosives" as used herein include gun powder, blasting powder, gun cotton, dynamite, nitro-glycerine or any substance or compound or mixture or article having properties of such a character that alone or in combination or in contiguity with other substances or compounds, it might decompose suddenly and generate sufficient heat or gas or pressure, or all of them, so as to produce rapid-flaming combustion or administer a destructive blow to surrounding persons or things.

Sec. 2. No person, firm or corporation shall have, keep, sell, use, give away or transport any explosive within the corporate limits of The City of New York without a license from the Fire Commissioner, issued in accordance with the provisions of this ordinance.

Sec. 3. The Fire Commissioner shall have authority, subject to the limitations herein prescribed, to issue licenses:

- To retail dealers in explosives;
- To persons engaged in work requiring the use of explosives;
- Persons engaged in the transportation of explosives.

Sec. 4. The Fire Commissioner may issue licenses to persons desiring to sell explosives at retail at a particular place in The City of New York to be described in such licenses (provided the same shall not be in a building used in any part thereof as a dwelling), authorizing the holders of such licenses to have and keep for sale, but for no other purpose, at the place so described such quantities of explosives as the Fire Commissioner shall determine, not exceeding at any one time, however, of gun powder, twenty-eight pounds; of blasting powder, fourteen pounds, and of any other explosive or explosives, five pounds. Explosives so had and kept for sale under such licenses shall be securely inclosed and protected from danger of explosion in a manner to be specifically prescribed by the Fire Commissioner in each license, according to the circumstances of each case.

Sec. 5. The Fire Commissioner may issue licenses to persons engaged in work requiring the use of explosives for blasting or other purposes, upon such terms and conditions as the particular work shall, in his judgment, require or permit, due regard being had for the comfort and safety of the community; provided, however, that in no case shall such license authorize the holder thereof to keep on hand for the purposes of such work any larger quantity of explosives than will be needed for the twenty-four hours of work next ensuing, and that such explosives shall be kept in such place or places and protected from danger of explosion in a manner to be specifically prescribed by the Fire Commissioner in each license, according to the circumstances and requirements of each case.

Sec. 6. The Fire Commissioner may issue licenses to persons, firms or corporations engaged in the manufacture of explosives out of the city, or in the transportation thereof, authorizing them, or their agents or employees, to carry within the city during the daytime for the purpose of distribution to, or delivery from, places within the city where the same may be lawfully kept for sale or used, pursuant to the two preceding sections, a quantity not exceeding at any one time, or in any one vehicle, five hundred pounds of gun powder or two hundred and fifty pounds of any other explosive.

Sec. 7. No licensee shall employ anyone in the use, care, sale or transportation of explosives, unless such employee shall hold a certificate of fitness issued to him by the Fire Commissioner, which certificate shall only be issued after personal examination of such employee by the Fire Commissioner.

Sec. 8. No explosive shall be manufactured in The City of New York.

Sec. 9. No license issued hereunder shall become operative until the holder thereof shall have filed a bond, approved by the Comptroller, with the Fire Commissioner, conditioned for the payment of any damage or injury resulting to persons or property from explosions occasioned by the non-observance of this ordinance, or the terms and conditions of the licenses, which bond shall, in the case of retail dealers in explosives be in the penal sum of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000); and in all other cases in the penal sum of not less than one thousand dollars (\$1,000) nor more than twenty-five thousand dollars (\$25,000), as the Fire Commissioner shall determine.

Sec. 10. In case of the violation by any licensee of the provisions of this ordinance, even though no damage to persons or property be sustained, twenty (20) per cent. of said bond for the first infraction and the whole amount for the second offense shall be forfeited and paid over to and for the use and benefit of the Relief Fund of the Fire Department of New York City.

Sec. 11. The commander, owner or owners of any ship or vessel arriving in the harbor of New York and having more than twenty-eight pounds of explosives on board shall, immediately upon arrival and before such ship or vessel shall approach nearer than three hundred yards of the pier line of said city, give written notice to the Fire Commissioner of the fact that such explosives are on said vessel. And all vessels having on board or loading explosives exceeding twenty-eight pounds shall cause to be displayed at the mast-head nearest the land while remaining within the city limits a red flag, at least five feet square, and no ship or vessel shall lie at the pier after sunset having more than twenty-eight pounds of explosives without a permit from the said Commissioner, said permit to be issued for not exceeding forty-eight hours.

Sec. 12. Nothing in this ordinance shall be construed to apply to any vessel or ship of war in the service of the United States or any foreign government while lying at a distance of three hundred yards or upwards from the pier line of said city, nor to any ship or vessel of war in the service of the United States while lying in any part of the Navy Yard in the Borough of Brooklyn, nor, except as provided in section 13 hereof, to armories.

Sec. 13. Within twelve months after the passing of this ordinance all of the ammunition stored in armories in the said city shall be stored in vaults, each of which shall have connected with it a standpipe having an orifice in the exterior wall of the building, so placed and of such a character that the apparatus of the Fire Department can be connected with it, in order that the magazine may be flooded when, in the opinion of the Fire Commissioner or such other person or persons as he may designate, it shall be necessary to do so; provided, however, in case the armory is in charge of troops under arms said magazine should not be flooded except by and with the consent of the officer in command of said armory.

Sec. 14. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 15. This ordinance shall take effect immediately.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 2 o'clock p. m., on Wednesday, April 16, 1902.

Present—Seth Low, Mayor; Edward M. Grout, Comptroller; Elgin R. L. Gould, Chamberlain; Charles V. Fornes, President, Board of Aldermen, and Herbert Parsons, Chairman, Finance Committee, Board of Aldermen.

The reading of the minutes was dispensed with.

The Comptroller presented the following report relative to fire insurance on city property:

March 25, 1902.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I am in receipt of a communication from the Commissioner of Docks, dated March 14, 1902, which reads as follows:

"I beg to advise that I have directed, if you so approve, that bids be asked upon a schedule of insurance expiring during the current year, in responsible companies, public notice thereof to be given according to the practice of this Department in the 'City Record,' and a postal card sent from this office to all prominent insurance companies and agents, calling their attention to said advertisement.

"This procedure will be adopted in the future unless we hear from you that, after a further consideration of the matter, you deem it inadvisable.

"Inasmuch as the contracts heretofore sent you for insurance have not yet been approved, will you please express your opinion as to the advisability of abolishing all insurance on the buildings and floating property of this department.

"It appears that during the past year the sum of \$8,381.67 was expended for premiums on insurance, while insurance on the new tug 'Brooklyn,' not yet placed, will increase this amount by about \$1,000. The only sum recovered by the Department during the past twelve years, I am informed, and the only sum probably recovered during the existence of the Department, was \$275, due to an accident to the tug 'Richard Croker' in the year 1900."

I desire to call the attention of the Board to the fact that the custom of the City is to carry its own insurance, except in the case of certain isolated buildings in the parks, steamboats and some other isolated property, school buildings in course of construction, school houses and furniture in Queens and Richmond, and the Fulton and West Washington Markets.

The City has lost very few buildings or property by fire, and the result of the policy of not insuring all public property has been an enormous saving to the city.

In the case of the Dock Department, the statement is that the only loss since 1851 has been one of \$275. I do not know what premiums have been paid during that period, but had it been at the rate paid last year (\$8,381.67), it would have amounted to about half a million dollars, with a loss of but \$275.

The Commissioner of Docks asks for an expression of opinion as to the advisability of abolishing all insurance on the buildings and floating property of his Department, and I respectfully submit the matter for consideration.

Respectfully,

EDWARD M. GROUT, Comptroller.

Discussion followed, participated in by all the members of the Board.

The Comptroller offered the following resolution:

Resolved, That the general policy of the City in the past of carrying its own fire and marine risks should, in the judgment of this Board, be made a uniform policy, and the City should not hereafter take any further policies of either fire or marine insurance, and

Resolved, That the Secretary be and is hereby requested to communicate with the heads of the different City Departments, informing them of this action, and requesting that no further policies of insurance be taken.

Which was unanimously adopted.

The following communication was received from the Department of Docks and Ferries, relative to the terms and conditions of proposed Contract No. 730 for dredging on the North river, between the Battery and West One Hundred and Fifty-ninth street, Borough of Manhattan:

RUSSELL BLEECKER, Secretary.

The terms of this contract provide for the delivery of the cement at the yards of the Department and at points along both river fronts, within 180 calendar days. The following communication was received from the Board of Education relative to an amendment to resolution authorizing a lease of premises Nos. 305, 308, 310, 316 and 318 East Ninety-sixth street, Borough of Manhattan. (See min. p. 12):

NEW YORK, March 25, 1902.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

DEAR SIR—I beg leave to call your attention to resolutions adopted by the Commissioners of the Sinking Fund on January 24, 1902, approving of and consenting to the execution by the Board of Education of a lease to the City from Henry A. Conolly, agent for the estate of Edward D. Conolly, of premises Nos. 305, 308, 310, 316 and 318 East Ninety-sixth street, Borough of Manhattan, when approved as to form by the Corporation Counsel, etc.

In pursuance of said resolutions three copies of the proposed lease of the premises mentioned were transmitted to the Corporation Counsel for approval as to form. Said copies were returned without the approval of the Corporation Counsel and with a request that we furnish him with a copy of the authority under which Henry A. Conolly proposed to act as agent, in pursuance of which the former leases were executed, was transmitted to the Corporation Counsel, who after receipt of the same, advised us as follows:

"The Secretary incloses a copy of Mr. Conolly's authority to act as agent in the collection of the rents under the existing leases of Nos. 308, 310, 316 and 318 East Ninety-sixth street in the Borough of Manhattan. It does not, however, in any way authorize him to execute the lease which is under consideration or any lease of said premises. I understand that this property is owned by Catharine Conolly, Mary A. Conolly, Catharine Conolly Sampers, Hugh E. Conolly and Henry A. Conolly."

Mr. Henry A. Conolly in a personal interview says that the desire of the heirs of the estate of Edward D. Conolly is that the lease should be executed by all the persons named in the paragraph quoted above. Inasmuch as the resolution adopted by the Commissioners of the Sinking Fund, on January 24, 1902, authorized the execution of a lease from Henry A. Conolly, agent, etc., it would appear that further action by said Commissioners is necessary before we can enter into a lease with Catharine Conolly, Mary A. Conolly, Catharine Conolly Sampers, Hugh E. Conolly and Henry A. Conolly.

Kindly take such steps in this matter as you deem expedient.

A. EMERSON PALMER,

Secretary Board of Education.

The resolution adopted by the Commissioners of the Sinking Fund may be properly amended, to contain the names of the owners as mentioned above.

EUG. E. McLEAN,

Engineer, Department of Finance.

March 26, 1902.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the resolution adopted by this Board at meeting held on January 24, 1902, authorizing a lease of premises Nos. 306, 308, 310, 316 and 318 East Ninety-sixth street, Borough of Manhattan, from Henry A. Conolly, agent for the estate of Edward D. Conolly, for the use of the Board of Education, be and the same is hereby amended by substituting in place of "Henry A. Conolly, agent for the estate of Edward D. Conolly," the names "Catharine Conolly, Mary A. Conolly, Catharine Conolly Sampers, Hugh E. Conolly and Henry A. Conolly."

Which was unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a lease of premises at Richmond Hill, for the Queens Borough Library:

February 15, 1902.

Hon. EDWARD M. GROUT, Comptroller:

Sir—The Board of Trustees of the Queens Borough Library, at a meeting held February 7, 1902, passed a resolution requesting the Commissioners of the Sinking Fund to authorize the Comptroller to execute a lease of premises for the use of the Richmond Hill Branch at Richmond Hill, owned by the Union Congregational Church, at Richmond Hill, for a term of one year from May 1, 1902, with the privilege of renewal, at an annual rental of \$800, payable quarterly; owner to furnish facilities for lighting by either gas or electricity, to provide toilet room, to remove the pulpit platform, put in hot air flue connecting furnace with rear room, pay water rent, furnish all janitor service and make all necessary repairs to outside of building.

The premises are located on the west side of Park street, between Myrtle avenue and the Brooklyn and Jamaica road, and consist of a frame church edifice 30 by 60 feet, with an extension 12 by 23 feet, affording a floor space of about 2,000 square feet, which, at the rental asked, viz., \$800, would give a rate of about 38 cents per square foot per annum.

The building is in good condition, is heated by a hot air furnace of ample capacity and appears to be well adapted for library purposes.

I am of the opinion that the terms of the lease as proposed are reasonable and just and that the same may properly receive the approval of the Commissioners of the Sinking Fund.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

EDWARD M. GROUT, Comptroller.

Resolved, That the Corporation Counsel be, and is hereby requested to prepare a lease to the City from the Union Congregational Church at Richmond Hill, of premises on the west side of Park street, between Myrtle avenue and the Brooklyn and Jamaica road, for the use of the Richmond Hill branch of the Queens Borough Library, for a term of one (1) year from May 1, 1902, with the privilege of a renewal, at an annual rental of eight hundred dollars (\$800), payable quarterly, the owner to furnish facilities for lighting by either gas or electricity, to provide toilet room, to remove the pulpit, put in hot air flue connecting furnace with rear room, pay water rent, furnish all janitor service and make all necessary repairs to outside of building; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the city from James Stanley Connor, of the first floor of the building known as Avon Hall, Nos. 1217-1219-1221 Bedford avenue, in the Borough of Brooklyn, for the use of the Bedford Branch of the Brooklyn Public Library, for a term of (2) two years from March 1, 1902, at an annual rental of one thousand eight hundred dollars (\$1,800), payable quarterly, the rent to include heat and janitor's services, the janitor's services to include sidewalk cleaning and the care of the boiler and toilet, for a period of seven months in each year, from October 1 to May 1; if under seven months, deduction to be made in proportion; the owner to make such alterations and repairs as are required to fit the same for library purposes prior to the commencement of the lease, to lay felt on the top of the present floor and a 7/8-inch wood floor on top of that; also to change the toilet room and paint and paper the same; dancing in the hall overhead to be permitted only after 9 p. m., except from September 1 to May 1, on each Monday and Wednesday, from 7.30 p. m., and on each Saturday from 3 to 5 p. m., and from 7.30 p. m., and on all holidays; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interest of the city that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

Which was unanimously adopted.

The Comptroller presented the following report of the Engineer of the Department of Finance and offered the following resolution relative to the application of the Morris Park Hook and Ladder Company for the assignment of rooms in the Village Hall, Village of Richmond Hill, Borough of Queens. (See Minutes page —):

April 15, 1902.

Hon. EDWARD M. GROUT, Comptroller:

Sir—At a meeting of the Commissioners of the Sinking Fund, held March 5, 1902, the Chairman of the Finance Committee of the Board of Aldermen offered the following resolution:

"Resolved, That the Morris Park Hook and Ladder Company No. 1, Richmond Hill Fire Department, be granted permission to occupy such rooms in the building formerly known as the Village Hall, in the Village of Richmond, not now in use, as were set apart in the said building prior to January 1, 1898."

This resolution was referred to the Comptroller and a report having been made thereon March 11, 1902, by the Principal Assistant Engineer of this Department (see Minutes Sinking Fund, March 12, 1902), the matter was referred to the Police Department.

Under date of March 20, 1902, in a communication from the Police Department, Major Elstein, Second Deputy Commissioner of Police, is quoted as having reported in reference to the matter as follows:

"I personally examined the premises referred to. To take away from the Police Department the three rooms on the second floor over the present quarters of the Morris Park Hook and Ladder Company, Richmond Hill Fire Department, would seriously cripple the Police Department of the Seventy-eighth Sub-Precinct for room. Two of the rooms referred to are occupied—one by the commanding officer and the other by the superior officers of the station as sleeping rooms. The remainder of the force occupies a large room formerly used as a public hall, as a sleeping room."

"There is one room downstairs adjoining the present meeting room of the Fire Department, which room is also used by the Police Department, that could be spared if desired."

I have since then had a personal interview with Major Elstein, and I find that he is very decidedly of the opinion that it would not be advisable or expedient to give up any rooms on the second floor of said Village Hall. He urges the consideration that while the present force in that precinct may be at present small in number, there is always a necessary increase of about 30 per cent. during the summer months, and that the present accommodations will then be taxed to their full extent. He offers, however, under the circumstances, to relinquish one room, 18 feet 10 inches by 11 feet 6 inches, on the main floor, which is immediately adjacent to the present sitting room of the Hook and Ladder Company.

I would recommend, therefore, that the Commissioners of the Sinking Fund set apart and assign, for the use and occupation of the Morris Park Hook and Ladder Company No. 1, Richmond Hill Fire Department, a room 18 feet 10 inches by 11 feet 6 inches adjoining its sitting room on the main floor of the building, formerly known as the Village Hall, in the Village of Richmond Hill, Borough of Queens, such use and occupation to continue during the pleasure of the Commissioners of the Sinking Fund.

Respectfully,

EUG. E. McLEAN, Engineer.

Resolved, That pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby set apart and assign for the use and occupation of the Morris Park Hook and Ladder Company No. 1, Richmond Hill Fire Department, the room 18 feet 10 inches by 11 feet 6 inches adjoining the sitting room of the Morris Park Hook and Ladder Company on the main floor of the building formerly known as the Village Hall, in the Village of Richmond Hill, Borough of Queens, such use and occupation to continue during the pleasure of the Commissioners of the Sinking Fund.

The report was accepted and the resolution unanimously adopted.

Adjourned.

N. TAYLOR PHILLIPS, Secretary.
