## COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund at a Meeting Held in Room 16, City Hall, at 10 o'clock a. m., on Thursday, August 21, 1902.*

Present—Charles V. Fornes, Acting Mayor; N. Taylor Phillips, Deputy and Acting Comptroller; Elgin R. L. Gould, Chamberlain, and James H. McInnes, Acting President, Board of Aldermen.

On motion of the Deputy Comptroller, John Korb, Jr., was unanimously elected temporary Secretary.

The following communication was received from the Board of Education, requesting an amendment to resolution authorizing a renewal of the lease of premises No. 84 Prospect avenue, Borough of Brooklyn. (See Minutes, May 7, 1902, page 413.)

NEW YORK, July 30, 1902.

MR. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund:

DEAR SIR—The Committee on Buildings of this Board is in receipt of a communication from the owner of the premises No. 84 Prospect street, Borough of Brooklyn, occupied as an annex to Public School 94, refusing to accept a rental of \$330 per year for the property, as approved by your Board.

The Board of Education in recommending the renewal of this lease approved a yearly rental of \$360, as the owner had made improvements in the property and refused to accept less, and the Committee on Buildings respectfully ask, in view of the necessity for school accommodations in this vicinity, that the Commissioners of the Sinking Fund will rescind its former action in naming \$330 per year as the annual rental for this property and approve the sum of \$360.

Very truly yours,

WM. LUMMIS, Chairman, Committee on Buildings.

July 31, 1902.

MR. WILLIAM LUMMIS, Chairman, Committee on Buildings, Board of Education:

DEAR SIR—I beg to acknowledge the receipt of your communication of July 30, 1902, stating that the owner of premises No. 84 Prospect avenue, Borough of Brooklyn, occupied as an annex to Public School 94, has refused to accept a rental of \$330 per year for the property, as approved by the Commissioners of the Sinking Fund.

The Engineer of the Department of Finance in a report to the Comptroller, relative to these premises, reported as follows:

"I have no objection to raise to the terms of renewal of any of the above noted premises, except the land and building used as an annex to Public School 94, at No. 84 Prospect avenue. The owner, William B. Aitken, has raised the rent from \$330 to \$360 per annum on account of improvements made on the property. The improvements made were only such as were necessary to keep the property in repair, as called for in the lease, and consisted of mending a leaking roof and the painting of the exterior of the building. In my former reports I stated the rental \$330 was high, but as these premises have been used for school purposes for a number of years (since October 15, 1896), and the only available premises in the vicinity of the main school, this rental might be approved by the Commissioners of the Sinking Fund, although \$300 would be full. I do not consider that the property has enhanced any in value since my previous investigation. The tax valuation, \$2,000, is the same now as then; therefore, in my opinion, a rental of more than \$330 per annum would be excessive."

The resolution authorizing the renewal was adopted on May 7, 1902, two months before the lease expired. Your letter stating that the owner refuses to sign the lease is received one month after the lease expired, and three months after the authorization of the lease.

There is no day fixed for a meeting of the Commissioners of the Sinking Fund, but the matter will be brought up for the consideration of the Board at its next meeting.

Very truly yours,  
(Signed) N. TAYLOR PHILLIPS, Secretary,  
Commissioners of the Sinking Fund.

Discussion followed.

The Deputy Comptroller offered the following resolution:

Resolved, That so much of the resolution adopted by this Board at meeting held May 7, 1902, as relates to a renewal of the lease of premises No. 84 Prospect avenue, in the Borough of Brooklyn, for the Board of Education for a term of one year from July 1, 1902, with the privilege of a renewal, at an annual rental of three hundred and thirty dollars (\$330), payable quarterly, be and the same is hereby amended by substituting three hundred and sixty dollars (\$360) as the rental in place of three hundred and thirty dollars (\$330).

Which was unanimously adopted.

The Secretary was instructed to notify the Board of Education that because of their unnecessary delay in either getting the renewal executed or obtain other quarters at a reasonable rental, the Board adopted the resolution with much reluctance.

The following report and resolution were received from the Board of Education relative to a lease of the basement of the Presbyterian Church, Washington avenue and One Hundred and Seventy-fourth street, Borough of The Bronx:

To the Executive Committee:

The Committee on Buildings respectfully reports that it has received a recommendation from the Committee on Elementary Schools that the Presbyterian Church, Washington avenue and One Hundred and Seventy-fourth street, The Bronx, be hired and equipped for use as an annex to Public School 63.

The matter has been investigated and the premises proposed to be leased found to consist of a large room in the basement of the church, 30 by 66 feet, and also a toilet room. After subdivision by curtains four fair-sized classrooms will be afforded.

The premises were leased for school purposes about four years ago, the annual rental then paid being the same amount now asked, \$2,500, the church reserving the right to use the rooms on Sundays.

In view of the necessity for additional school accommodations in this vicinity, your Committee would recommend that the request of the Committee on Elementary Schools be granted, and the following resolution is submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the execution of a lease of the basement of the Presbyterian Church, Washington avenue and One Hundred and Seventy-fourth street, The Bronx, for use as an annex to Public School 63, for a period beginning at date of occupancy and terminating July 1, 1903, at an annual rental of \$2,500, including light, heat and janitor's services. First Presbyterian Church of Tremont, owners, reserve the right to use the rooms on Sundays.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on June 18, 1902.

A. EMERSON PALMER, Secretary, Board of Education.

NEW YORK, August 19, 1902.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund:

DEAR SIR—Replying to your communication of the 5th inst., addressed to Hon. Charles C. Burlingham, President of the Board of Education, relative to the application of the Board of Education for a lease of the Presbyterian Church, Washington avenue and One Hundred and Seventy-fourth street, Borough of The Bronx, I beg leave to advise you that I am in receipt of the following communication from Mr. C. B. J. Snyder, Superintendent of School Buildings:

Referring to yours of the 7th inst., transmitting a copy of report of the Engineer, Comptroller's office, in regard to lease of the basement of the Presbyterian Church, Washington avenue and One Hundred and Seventy-fourth street, Borough of The Bronx, I inclose herewith copy of resolution adopted by the Board of Trustees of the said church on August 13, 1902:

Resolved, That this church lease the basement of its premises to The City of New York for the term of one year, to commence September 1, 1902, at the annual rental of two thousand dollars (\$2,000), payable quarterly, the church to supply janitor service and heat, the lease to contain a privilege to the church of using the premises when not desired for school purposes, and also exemption from taxation by reason of rental.

Kindly notify the Commissioners of the Sinking Fund.

Respectfully,

FRED. H. JOHNSON,  
Assistant Secretary, Board of Education.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

August 1, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The attached resolution adopted by the Board of Education June 18, 1902, requests the Commissioners of the Sinking Fund to authorize a lease of the basement of the Presbyterian Church, Washington avenue and One Hundred and Seventy-fourth street, Borough of The Bronx, from date of occupancy until July 1, 1903, at an annual rental of \$2,500, the lessor to furnish light, heat and janitor service.

I have caused an examination to be made of the premises, and find that the main room is about 30 feet by 66 feet, with two smaller rooms in the rear, one 12 feet by 24 feet, known as a library, and the other 12 feet by 12 feet, used as a kitchen, or a total of 2,412 square feet.

The building is heated by steam, lighted by gas, and has the toilet accommodations put in by the owners when the property was formerly leased by the Board of Education.

I consider the terms proposed to be full, if not excessive, for any equivalent building, which is bearing its full share of taxes, while this is church property and exempt from taxation.

The entire premises are valued on the tax books at \$25,000, upon which the rental asked is ten per cent. on the assessed value, or at the rate of \$1.05 per square foot per annum.

I am of the opinion that a rental of \$2,000 per annum for the term mentioned with the privilege of renewal for an additional year under the conditions mentioned would be full rental value, and I would recommend such terms to the Commissioners of the Sinking Fund.

Should the owners decline to accept the terms, then the Board of Education should be requested to seek other quarters.

Respectfully,  
EUG. E. McLEAN, Engineer.

Approved:  
N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City from the Board of Trustees of the Presbyterian Church, of the basement of said church, Washington avenue and One Hundred and Seventy-fourth street, Borough of The Bronx, for a term of one year from September 1, 1902, with the privilege of a renewal, at an annual rental of two thousand dollars, payable quarterly; the church to supply janitor's service and heat, and the lease to contain a privilege to the church of using the premises when not desired for school purposes—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that said lease be made.

The report was accepted and the resolution unanimously adopted.

The following report and resolution were received from the Board of Education relative to a lease of premises corner of Albert street and the old Bowery Bay road, Borough of Queens:

*To the Executive Committee:*

The Committee on Buildings respectfully reports that it has received a request from the Committee on Elementary Schools to lease the second floor of the premises known as the Steinway Free Library, on the corner of Albert street and the old Bowery Bay road, for use as an annex to Public School 8, Long Island City, Borough of Queens.

The matter has been investigated and it is found that the building is suitable for school purposes and the second floor can be made to afford three classrooms, each 20 by 25 feet; satisfactory arrangements in regard to sanitary accommodations can also be made.

The rental asked, \$600 per year, is considered high, but the conditions are so favorable and the necessity for additional school accommodations in the neighborhood is so urgent, that your Committee recommends that the request of the Committee on Elementary Schools be approved.

The following resolution is submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the lease of the second floor of the building known as the Steinway Free Library, corner of Albert street and the old Bowery Bay road, for use as an annex to Public School 8, Long Island City, Borough of Queens, from the date of occupancy to January 1, 1904, at an annual rental of \$600. Owners, Messrs. Steinway & Sons, No. 111 East Fourteenth street, Manhattan.

A true copy of report and resolution adopted by the Executive Committee of the Board of Education on July 16, 1902.

A. EMERSON PALMER, Secretary, Board of Education.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

Hon. EDWARD M. GROUT, Comptroller:

August 1, 1902.

SIR—The Board of Education on July 16, 1902, adopted the attached resolution, requesting a lease of the second floor of the building known as the Steinway Free Library, corner of Albert street and the old Bowery Bay road, for use as an annex to Public School 8, Long Island City, Borough of Queens.

Having caused an examination of the premises to be made I find that the same consist of the entire second or top floor of a two-story brick and frame dwelling 25 feet by 70 feet, owned by Steinway & Sons. The only access or entrance thereto is obtained by means of a wooden stairway on the outside of the building. Ceiling is 12 feet to the cornice, rising thence to 18 feet. The floor is subdivided into one large room 25 feet by 60 feet, and two small rooms 9 feet by 10 feet and 10 feet by 16 feet, affording in all 1,750 square feet of floor space.

The rooms were formerly occupied by a branch of the Queens Borough Library, rent free, and I am advised that the Trustees of the library were compelled to ask the City to provide other quarters, because the present heating facilities, which consist of a hot-air furnace, were entirely inadequate to keep the rooms comfortable in winter, and the roof leaked very badly.

Toilet and sanitary accommodations also are not sufficient for school purposes.

The first floor of the building is at present occupied by a private kindergarten.

The rental asked, viz., \$600 per annum, is high; but if the owners will make the necessary repairs to the roof and keep the same in good order, and will also provide a heating apparatus of ample power, in view of the necessity for additional school accommodations in the neighborhood, I would recommend the approval by the Commissioners of the Sinking Fund of a lease of the premises from the date of occupation to January 1, 1904, at \$600 per annum, from Steinway & Sons, owners.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved.

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of a lease to the City from Messrs. Steinway & Sons, of the second floor of the building known as the Steinway Free Library, corner of Albert street and the Old Bowery Bay road, for use as an annex to Public School 8, Long Island City, Borough of Queens, for a term from the date of occupation to January 1, 1904, at an annual rental of six hundred dollars (\$600), payable quarterly, the owners to make the necessary repairs to the roof and keep the same in good order, also to provide a heating apparatus of ample power—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following report and resolution were received from the Board of Education, relative to a lease of premises corner of Ocean parkway and Sherman street, Borough of Brooklyn:

*To the Board of Education:*

The Committee on Buildings respectfully reports that the Local School Board of District No. 38, Brooklyn, has requested that steps be taken to relieve the crowded condition of Public School 94, by leasing stores in the vicinity.

The City Superintendent of Schools has also urged the necessity for providing additional accommodations in this school.

Your Committee would therefore recommend that two stores on Ocean parkway and Sherman street, Borough of Brooklyn, formerly recommended in a report presented to the Executive Committee, on April 16, 1902 (see Journal, pages 733-734), be leased for two years, with the privilege of renewal for an additional year.

The following resolution is submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the lease of two stores on Ocean Parkway and Sherman street, Borough of Brooklyn, including yards and a portion of each cellar, for two years from date of occupation, with the privilege of renewal for an additional year, at an annual rental of \$960. Owner, Gottlieb Fey, No. 453 Fifty-first street, Brooklyn.

A true copy of report and resolution adopted by the Board of Education July 30, 1902.

A. EMERSON PALMER, Secretary, Board of Education.

I have caused an examination thereof to be made, and find them to consist of the entire store floor of the two-story brick and brownstone building on the southwest corner of Ocean parkway and Sherman street. There are two connecting stores, one 18.2 feet by 37.6 feet, a rear extension 12 feet by 18 feet, the other irregular in shape, about 41.3 feet in depth, 17.6 feet wide in front and 36 feet in rear. In all there is about 1,791 square feet of floor space in the two stores, which, at the rental asked, viz., \$960, would give a rate per square foot per annum of 53 cents. There is a good 8-foot cellar and a large yard in the rear.

Term is for two years, with the privilege of a renewal for an additional year. I am of the opinion that the terms of the proposed lease are reasonable and just and that the same may properly receive the approval of the Commissioners of the Sinking Fund.

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

In connection therewith the Deputy Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City, from Gottlieb Fey, of the entire store floor of the two-story brick and brownstone building on the southwest corner of Ocean parkway and Sherman street, Borough of Brooklyn, including yards and a portion of each cellar, for a term of two years from the date of occupation, with the privilege of a renewal for an additional year, at an annual rental of nine hundred and sixty dollars (\$960), payable quarterly—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following report and resolution were received from the Board of Education relative to leases of premises Nos. 522 and 596 Sixth avenue, Borough of Brooklyn:

*To the Board of Education:*

The Committee on Buildings, to which was referred a recommendation from the Local School Board of District No. 30, Brooklyn, that the premises Nos. 522 and 596 Sixth avenue, near Public School 107, be leased for kindergarten purposes, respectfully submits the following:

The buildings have been examined and it is found that the premises proposed to be leased at No. 522 Sixth avenue consist of a store floor with a portion of the cellar and use of yard, and after alterations are made, at a cost of about \$325, one good-sized classroom will be afforded. The rental asked, \$336 per year and water tax, is not considered unreasonable.

The building at No. 596 Sixth avenue will afford the same accommodations as No. 522, and the cost of alterations, new closets, etc., will be about \$350. The rental asked is \$240 per year and water tax.

The City Superintendent has strongly recommended the leasing of these buildings to afford additional kindergarten accommodations, and in view of this fact your Committee recommends that the request of the Local School Board be granted.

The following resolutions are submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the lease of the store floor, with a portion of the cellar and use of yard, in the building No. 522 Sixth avenue, Brooklyn, for use as a kindergarten annex to Public School 107, for one year from date of occupation, with the privilege of renewal for an additional year, at an annual rental of \$336 and water tax. The owners to paint the interior of the store, walls, ceiling and woodwork. Owners, Estate of Samuel Frost; agents, J. H. D. Bergen & Son, No. 314 Court street, Brooklyn.

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the lease of the store floor and rear basement, with the use of yard, in the building No. 596 Sixth avenue, Brooklyn, for use as a kindergarten annex to Public School 107, for one year from date of occupation, with the privilege of renewal for an additional year, at an annual rental of \$240 and water tax, the owner to repair woodwork and plaster and paint the interior of the store. Owner, Mary W. Wright; agent, Percy F. Pimm, No. 156 Prospect Park West, Brooklyn.

In connection therewith the Deputy Comptroller presented the following report:

August 5, 1902

Hon. EDWARD M. GROUT, Comptroller:

SIR—The attached resolution adopted by the Board of Education, July 30, 1902, requests the Commissioners of the Sinking Fund to authorize the leasing of two stores in the Borough of Brooklyn, to be used for kindergarten purposes.

I have caused the premises to be examined and would report as follows:

1. No. 522 Sixth avenue is a three-story brick tenement, with a stone front, situated on the northwest corner of Fourteenth street. The store floor is about 18 feet 6 inches by 36 feet 6 inches; one good-sized classroom will be provided. Building is a three-story brick. Necessary alterations and sanitary arrangements are to be made by the City, at an estimated cost of \$325.

As the floor space afforded is 675 square feet, and the annual rental is to be \$336, the rate per square foot per annum will be 50 cents, which, in my opinion, is full, if not excessive. The owner is to paint the interior walls, ceiling and woodwork.

It should be a condition of the lease that the owner, at his own expense, will install a water meter for the store floor alone, otherwise the City would assume the water tax on the whole tenement.

2. No. 596 Sixth avenue is a four-story brick tenement, with a store front, situated on the northwest corner of Prospect avenue. The store is 41 feet 6 inches in depth, with a width in front of 19 feet 6 inches, and in the rear of 17 feet 6 inches, affording about 762 square feet of floor space, which, at the rental asked, viz.: \$240 per annum, gives a rate per square foot per annum of about 31 cents. The estimated cost to the City of alterations, new closets, etc., is \$350.

The same condition as to installing a water meter for the store floor alone, at the expense of the owner, should be made part of this lease.

In view of the urgent necessity for school accommodations in this locality, I would recommend that the leases be approved by the Commissioners of the Sinking Fund.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Discussion followed.

The Acting Mayor moved that the privilege of renewal be made two years.

Carried.

The Deputy Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of leases to the City, as follows:

1. The store floor with a portion of the cellar and use of yard of the building No. 522 Sixth avenue, in the Borough of Brooklyn, for use as a kindergarten annex to Public School 107, for a term of one year from the date of occupation, with the privilege of a renewal for two additional years at an annual rental of three hundred and thirty-six dollars (\$336), payable quarterly, and water tax, the owners to paint the interior of the store, walls, ceiling and woodwork, and install at its own expense a water meter for the store floor alone; estate of Samuel Frost, lessor.

2. Store floor and rear basement, with the use of the yard, in the building No. 596

Sixth avenue, Borough of Brooklyn, for use as a kindergarten annex to Public School 107, for a term of one year from the date of occupation, with the privilege of a renewal for two additional years at an annual rental of two hundred and forty dollars (\$240), payable quarterly, and water tax, the owner to repair woodwork and plaster and paint the interior of the store; also to install, at her own expense, a water meter for the store floor alone; Mary W. Wright, lessor.

—the Commissioners of the Sinking Fund deeming the said rents fair and reasonable and that it would be for the interests of the City that such leases be made.

Which was unanimously adopted.

The following report and resolution were received from the Board of Education relative to leases of premises at Nos. 2, 4 and 6 East Broadway, Borough of Manhattan; corner One Hundred and Forty-fourth street and St. Ann's avenue, and corner One Hundred and Sixty-third street and Jackson avenue, Borough of The Bronx:

To the Board of Education:

The Committee on Buildings respectfully reports that the City Superintendent of Schools has strongly urged the necessity for additional school accommodations, especially kindergarten classes, in various sections of the city, and steps have been taken to find buildings available for the purpose.

Among those reported as suitable for school use the following buildings have been selected and the location, etc., approved by the City Superintendent.

Nos. 2, 4 and 6 East Broadway, between Catharine street and Chatham square, Borough of Manhattan. Second, third and fourth floors will provide twelve classrooms; rental, \$4,800 per year.

One Hundred and Sixty-third street and Jackson avenue, Borough of The Bronx. A four-story apartment house, 25 feet front, 80 feet deep. The store floor and a portion of cellar will provide two classrooms; rental, from August 1, 1902, to May 1, 1903, \$600 per year and water tax, and from May 1, 1903, to July 1, 1904, \$700 per year and water tax.

Northwest corner of One Hundred and Forty-fourth street and St. Ann's avenue, The Bronx. Store floor and portion of cellar will afford two classrooms; rental, \$50 per month.

Your Committee respectfully recommends that the following resolutions be adopted:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a lease of the second, third and fourth floors in the building Nos. 2, 4 and 6 East Broadway, between Catharine street and Chatham square, Borough of Manhattan, for two years from the date of occupation, with the privilege of renewal at an annual rental of \$4,800, including janitor's services for halls and elevators. David Cohen, Nos. 2, 4 and 6 East Broadway, owner.

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a lease of the store floor (about 22 feet 9 inches by 51 feet) and a portion of cellar (about 22 feet 4 inches by 28 feet) in the building on the northwest corner of One Hundred and Sixty-third street and Jackson avenue, Borough of The Bronx, from August 1, 1902, to May 1, 1903, at \$900 per year and water tax, and from May 1, 1903, to July 1, 1904, at \$700 per year and water tax. Agent, Henry C. Schaefer, No. 759 Courtlandt avenue, The Bronx.

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a lease of the store floor (about 23 feet by 50 feet) and part of cellar (about 12 feet by 24 feet 6 inches) in the building on the northwest corner of One Hundred and Forty-fourth street and St. Ann's avenue, Borough of The Bronx, for one year from date of occupation, with the privilege of renewal for an additional year, at an annual rental of \$420. Agents, Warren & Skillin, No. 96 Broadway, Manhattan.

A. EMERSON PALMER, Secretary, Board of Education.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

August 9, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The attached resolution adopted by the Board of Education July 30, 1902, requests the Commissioners of the Sinking Fund to authorize three (3) leases of premises in various sections in the city for kindergarten classes.

I have caused an examination to be made of the same and would report as follows:

1st. NOS. 2, 4 AND 6 EAST BROADWAY.

Premises consist of three entire floors or lofts of the ten-story, fireproof, steam-heated structure known as the Braveman Building, situated at the junction of Chatham square and East Broadway, Borough of Manhattan.

Lofts are plastered and ceiled. The ceilings are 10 feet 6 inches high and the floors are well lighted from three sides.

The lot on which the building stands is 49 feet by 64 feet, irregular, being Lot No. 1, Block 281, section 1; assessed valuation, \$125,000.

Each loft is about 40 feet by 60 feet, and is intended to be subdivided by the Board of Education to provide twelve classrooms.

I am informed by the owner that elevator service and heat are to be included, though not mentioned in the resolution. Janitor service by the lessor extends only to the halls and elevators.

As the entire floor space afforded will be about 7,200 square feet and the annual rental is to be \$4,800, the rate per square foot per annum will be about 66 cents.

I am of the opinion that the terms of the proposed lease are reasonable and just, and in view of the necessity for additional school accommodations, especially kindergarten classes in this section of the city, I would recommend that the lease be approved by the Commissioners of the Sinking Fund.

2d. ONE HUNDRED AND SIXTY-THIRD STREET AND JACKSON AVENUE, BOROUGH OF THE BRONX.

The building is a four-story brick apartment house with a store front. The dimensions of the store are 22.6 feet by 50.8 feet, affording a floor space of 1,148 square feet, which, at the rental asked, viz., \$600 per annum, would give a rate of 52 cents per square foot per annum.

In my opinion the rental is excessive. A full rental value for this store would be \$480 per annum, owner to pay water tax. I learn upon inquiry that it has been rented for that amount and that it has been recently offered for business purposes at \$420 per annum.

The present owner is the American Missionary Society, No. 287 Fourth avenue, who, it is reported, holding a mortgage on the property for \$17,500, recently took title to the same under foreclosure for about \$18,000.

If the owner will not accept \$480 per annum for a two-year term, I would recommend that the Board of Education be requested to look for other quarters.

3d. ONE HUNDRED AND FORTY-FOURTH STREET AND ST. ANN'S AVENUE, BOROUGH OF THE BRONX.

The premises consist of a store 23 feet by 50 feet on the first floor of a five-story apartment house, with a floor space of 1,150 square feet and a rental of \$420 per annum.

The rate per square foot per annum is 36 cents, which, in my opinion, is fair and reasonable, and I would therefore recommend that the lease, upon the terms proposed, receive the approval of the Commissioners of the Sinking Fund.

Respectfully,  
EUG. E. McLEAN, Engineer.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education of leases to the City of the following named premises:

1. Premises consisting of the second, third and fourth floors of the Braveman Building, situated at the junction of Chatham square and East Broadway, and known as Nos. 2, 4 and 6 East Broadway, Borough of Manhattan, for a term of two (2) years, from the date of occupation, with the privilege of renewal, at an annual rental of four thousand eight hundred dollars (\$4,800), payable quarterly, the rent to include elevator service, heat and janitor's service for the halls and elevators; David Cohen, lessor.

2. The store floor and a part of the cellar (about 12 feet by 24 feet 6 inches) in the building on the northwest corner of One Hundred and Forty-fourth street and St. Ann's avenue, Borough of The Bronx, for a term of one (1) year from the date of occupation, with the privilege of renewal for an additional year, at an annual rental of four hundred and twenty dollars (\$420), payable quarterly; Messrs. Warren & Skillin, agents,

—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such leases be made.

The report was accepted and the resolution unanimously adopted.

The following report and resolution were received from the Board of Education relative to a lease of rooms in the Hebrew Benevolent Orphan Asylum, Amsterdam avenue and One Hundred and Thirty-eighth street, Borough of Manhattan:

To the Board of Education:

The Committee on Buildings, to which was referred a report and resolution of the Committee on Elementary Schools, adopted by the Board of Education on June 25, 1902, recommending that the offer for public school purposes of the premises of the Hebrew Benevolent Orphan Asylum Society, located on Amsterdam avenue and One Hundred and Thirty-eighth street, Borough of Manhattan, be accepted; that the new public school to be therein organized to be known as Public School 192, and that boys and girls of the first four years be instructed therein, respectfully submits the following:

The Deputy Superintendent of School Buildings for the Borough of Manhattan has visited the building in question and reports that there are sixteen available rooms (18 by 30 feet) located on the first story, ten on the northerly or boys' side of the building and five classrooms and a kindergarten room on the southerly or girls' side, all being spacious, light, airy and cheerful, and well adapted for school purposes; the usual toilet accommodations are available.

The society has offered the use of the premises to the Board of Education for school purposes at a nominal rental of \$1 per year, to include light, heat and janitor's services, and has agreed to keep the building in repair, the Board of Education to supply the necessary furniture and apparatus for conducting the school.

Your committee respectfully recommends that this offer be accepted and submits the following resolution for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a lease of sixteen rooms in the building of the Hebrew Benevolent Orphan Asylum Society, Amsterdam avenue and One Hundred and Thirty-eighth street, Borough of Manhattan, located on the first story, ten on the northerly or boys' side and five classrooms and a kindergarten room on the southerly or girls' side, for three years from date of occupation, with the privilege of three additional years, at an annual rental of one dollar (\$1), to include light, heat and janitor's services. The owners, the Hebrew Benevolent Orphan Asylum Society, to keep the building in repair.

The Deputy Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City from the Hebrew Benevolent Orphan Society, of sixteen (16) rooms in the building of the Hebrew Benevolent Orphan Society, Amsterdam avenue and One Hundred and Thirty-eighth street, Borough of Manhattan, located on the first story, ten (10) on the northerly or boys' side, and five (5) classrooms and a kindergarten room on the southerly or girls' side, for a term of three (3) years from the date of occupation, with the privilege of three (3) additional years, at an annual rental of one dollar (\$1), to include light, heat and janitor's services,

—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Which was unanimously adopted.

The following report and resolution were received from the Board of Education relative to a lease of premises corner One Hundred and Fiftieth street and Union avenue, Borough of The Bronx:

To the Board of Education:

The Committee on Buildings, to which was referred a report and resolution of the Committee on Elementary Schools adopted by the Board of Education on June 25, 1902, recommending that the ground floor room of the building on the southwest corner of One Hundred and Fiftieth street and Union avenue, Borough of The Bronx, be hired as a kindergarten annex to Public School 152, respectfully submits the following:

The matter has been investigated and it is found that the premises proposed to be leased consist of a store floor and a room in the cellar for storage of fuel, in a four-story brick and stone apartment house, which will afford one classroom 15 by 32 feet.

The City Superintendent has reported that additional kindergarten facilities are greatly needed, and as the rental asked, \$270 per year, including steam heat, is considered reasonable, it is recommended that the premises be leased for one year, with the privilege of renewal for an additional year.

The following resolution is submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize a lease of the store floor and a room in the basement of the building on the southwest corner of One Hundred and Fiftieth street and Union avenue, Borough of The Bronx, for use as a kindergarten annex to Public School 152, for one year from date of occupation, with the privilege of renewal for an additional year, at an annual rental of \$270, including steam heat. Owners, the American Mortgage Company, J. Clarence Davies & Co., One Hundred and Forty-ninth street and Third avenue, The Bronx, agents.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

August 8, 1902.

*Hon. EDWARD M. GROUT, Comptroller:*

SIR—The Board of Education on July 30, 1902, adopted the attached resolution requesting the Commissioners of the Sinking Fund to authorize a lease of the store floor and a room in the basement of the building on the southwest corner of One Hundred and Fiftieth street and Union avenue, Borough of the Bronx, for use as a kindergarten annex to Public School 152.

Having caused an examination to be made, I find that the premises are situated on the ground or store floor of a four-story brick apartment house, known as No. 577 Union avenue; dimensions are 15 feet 6 inches by 33 feet, affording about 518 square feet, which, at the rental now asked, viz., \$270 per annum, gives a rate per square foot per annum of 52 cents.

I find that this store was offered January 9, 1901, at a rental of \$360, but the terms being regarded as excessive, no action was taken. In my report thereon, dated January 16, 1901 (see Minutes, Sinking Fund, 1901, page 23), I recommended that \$270 per annum, owner to furnish steam heat, was full value for the premises.

As the terms now offered are the same as I at that time approved, I see no objection to the Commissioners of the Sinking Fund approving of such lease.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a lease to the City from the American Mortgage Company, of the store floor and room in the basement of the building on the southwest corner of One Hundred and Fiftieth street and Union avenue, Borough of The Bronx, for use as a kindergarten annex to Public School 152, for a term of one (1) year from the date of occupation, with the privilege of renewal for an additional year, at an annual rental of two hundred and seventy dollars (\$270), payable quarterly, including steam heat,

The crematory and appurtenances were purchased by The City of New York from said Zephaniah F. Magill pursuant to resolution of Board of Estimate and Apportionment of February 23, 1900 (Minutes, page 139).

I see no objection to the approval of a renewal of said lease by the Commissioners of the Sinking Fund for a term of one year from August 1, 1902, such renewal to be otherwise upon the same terms and conditions as in the existing lease.

July 25, 1902.

*Hon. EDWARD M. GROUT, Comptroller:*

SIR—On or about April 9, 1902, in connection with the exchange of Room 203 on the fifth floor, for Rooms 225 and 226 on the same floor, you referred to me a report of the Engineer in which the rent of Room 203 is stated at \$1,200 instead of \$1,250, which the Engineer now informs me is the correct rent. I understand that this error has led to a miscalculation of the whole rent due for the quarters occupied by the Department of Finance, and that an overpayment is likely to result on the first of the coming month unless the error is corrected.

I would suggest that you refer this matter to Mr. Korb so that he may prepare any resolution which may be necessary to place before the Sinking Fund Commission, to the end that the error of \$50 may be corrected.

Respectfully submitted,

JOHN R. SPARROW, Supervising Accountant.

Resolved, That the resolution adopted by this Board at meeting held February 26, 1902, and as amended by resolution adopted May 2, 1902, authorizing a lease of rooms in the Stewart Building, occupied by various city departments, be and the same is hereby amended by substituting as the total amount of the rental, "one hundred and ten thousand nine hundred and fifty dollars (\$110,950)" in place of "one hundred and eleven thousand dollars (\$111,000)."

Which resolution was unanimously adopted.

The following communication was received from the Department of Street

Cleaning, requesting an amendment to resolution authorizing a lease of premises Nos. 408 to 416 East Forty-eighth street, Borough of Manhattan:

NEW YORK, July 28, 1902.

Hon. SETH LOW, Mayor, Chairman, Board of Sinking Fund Commissioners:

SIR—I request that your Board amend its resolution of July 17, 1902, in reference to the renewal of the lease of the premises Nos. 406-416 East Forty-eighth street, Manhattan, so as to make the parties lessor, Edward S. Schaeffler, individually, and Frank Schaeffler and Edward S. Schaeffler, as trustees, and to make the term of the lease five (5) years from July 21, 1902, subject, however, to the expiration of the trust.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

In connection therewith the Deputy Comptroller offered the following resolution:

Resolved, That the resolution adopted by this Board at meeting held July 17, 1902, authorizing a lease from Margaretha Schaeffler, Edward S. Schaeffler and Frank Schaeffler, as trustees, of premises known as Nos. 408 to 416 East Forty-eighth street, in the Borough of Manhattan, for the use of the Department of Street Cleaning, be and the same is hereby amended by substituting as the lessors "Edward S. Schaeffler, individually, and Frank Schaeffler and Edward S. Schaeffler, as trustees," in place of Margaretha Schaeffler, Edward S. Schaeffler and Frank Schaeffler, and by making the term of the lease five (5) years from July 21, 1902, subject, however, to the expiration of the trust.

Which was unanimously adopted.

The Deputy Comptroller offered the following:

Resolved, That the resolution adopted by this Board at a meeting held July 17, 1902, authorizing a lease of the stable at No. 516 East Twentieth street, Borough of Manhattan, for the use of the Department of Correction, be and the same is hereby amended by providing that the City shall pay the water rent.

Which was unanimously adopted.

The Deputy Comptroller presented the following report and offered the following resolutions relative to the lease of quarters in the Brooklyn Athenaeum Building for the use of the Court of Special Sessions:

August 6, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Commissioners of the Sinking Fund, held May 21, 1902, a resolution was adopted requesting the Comptroller to investigate and report to the Board what quarters could be found for the Court of Special Sessions in Brooklyn during repairs to the Borough Hall.

Pursuant to your instructions I have caused a search to be made for suitable quarters and find it a most difficult proposition, only one place being offered which would appear to fill the requirements.

This is the Brooklyn Athenaeum Building, corner of Clinton street and Atlantic avenue, which is offered at \$400 per month, to include light, heat and janitor service.

The building is of brick, three stories in height, the upper floor being an auditorium with a 29-foot ceiling. It is this floor, entire, together with what is known as the main hall, and three other rooms on the second story, which are offered for the use of the court.

The auditorium contains about 4,700 square feet, inclusive of the stage and ante-rooms, and the rooms on the second floor, to be used for clerks, etc., about 2,500 square feet more, or a total of 7,200 square feet, which, at the rental asked, is about 66 cents per square foot per annum. I think the terms are reasonable and that a lease should be authorized.

In reply to a communication sent to the President of the Borough of Brooklyn, making inquiry regarding the time when the temporary quarters would be required, you are informed that the temporary quarters are required at once and that the alterations to the Borough Hall will take not less than six months. In consequence I would recommend that a lease be made for the premises to date from August 15, 1902, and to extend to May 1, 1903, at the rate of \$400 per month, the lessors to furnish heat, light and janitor service. A privilege of renewal to be granted for four (4) months additional at the rate of \$350 per month.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Brooklyn Athenaeum and Reading Room, Charles T. Young, President, of the entire upper floor of the Brooklyn Athenaeum and Reading Room Building, corner Clinton street and Atlantic avenue, Borough of Brooklyn, being the auditorium and ante-rooms, and the main hall on the second floor, and the two rooms connecting therewith front and rear, for use as temporary quarters for the Court of Special Sessions, for a period from the 15th day of August, 1902, to May 1, 1903, at a rental of four hundred dollars (\$400) per month, with the privilege of a renewal for four additional months at the rate of three hundred and fifty dollars (\$350) per month, the lessor to furnish light, heat and janitor's service; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by Sections 149 and 217 of the Greater New York Charter.

Resolved, That pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby assign the above mentioned premises as the place where the Court of Special Sessions shall be held in Brooklyn, pending repairs to the Borough Hall.

The report was accepted and the resolutions unanimously adopted.

The following communication was received from the Fire Department relative to a lease of premises on East Fifth street, Williamsbridge, Borough of The Bronx:

BOROUGH OF MANHATTAN, August 6, 1902.

Hon. SETH LOW, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I have the honor to request that the Sinking Fund Commission authorize the leasing for use as temporary quarters for Engine Company No. 62 of this Department, for a period not to exceed twelve months, and beginning August 7, 1902, at the monthly rental of sixty dollars (\$60), of the two-story brick building, 25 by 50 feet, situated on the south side of East Fifth street, about 125 feet east of White Plains avenue, Williamsbridge, Borough of The Bronx. The premises in question are owned by the Mace Estate, Westchester avenue, Williamsbridge, and are leased by the occupant, Edmund C. Johnson, from whom the Department desires to hire them, the rental asked being deemed fair and reasonable.

Prompt action in this matter is regarded as imperative, for the reason that the ground upon which the house at present occupied by this company is located, has been acquired by the City by condemnation proceedings in connection with the proposed widening of the White Plains road, and the building itself sold at public auction, by order of the President of the Borough of The Bronx, with a requirement for its removal by the purchaser.

The premises which it is desired to lease will be required for the use of Engine Company No. 62, until a new house, the proposals for the construction of which

are to be opened at this office to-morrow, shall be ready for occupancy, which it is believed will be within a year.

Favorable action at the next meeting of the Sinking Fund Commission upon the request herein made will be appreciated.

Yours respectfully,

THOS. STURGIS, Commissioner.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

August 14, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Thomas Sturgis, Fire Commissioner, in a communication dated August 6, 1902, requests that premises situated on the south side of East Fifth street, 53 feet east of White Plains avenue, Williamsbridge, Borough of The Bronx, consisting of a two-story brick stable about 28 by 64 feet, be rented temporarily for quarters for Engine Company No. 62, at \$60 per month, for a term not exceeding twelve months; lessor, Edmund C. Johnson, White Plains avenue and Fifth street, Williamsbridge.

I have caused an examination to be made of the premises, and find that the price asked is certainly very high, but the circumstances under which the building is taken seem to justify that such rental should be paid.

The contract for the new building for Engine Company No. 62 has not as yet been let, and as the present quarters must be vacated immediately, a temporary place must be found.

It appears from information I have obtained that this building is practically the only one which can be leased, and the lessor, Mr. Johnson, was occupying the same for his own business, but agreed to give it up for the accommodation of the Fire Department on the terms proposed.

A full rental, were the building on the market, would not exceed \$45 per month, but under the circumstances I believe that the City is justified in paying the proposed rate.

I would therefore recommend that the Commissioners of the Sinking Fund authorize a lease to date from August 7, 1902, at which time the Fire Department took possession, in order to make the necessary alterations, at a monthly rental of \$60, the City to have the privilege of giving up the same upon thirty days' notice.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Edmund C. Johnson of premises situated on the south side of East Fifth street, 53 feet east of White Plains avenue, Williamsbridge, Borough of The Bronx, consisting of a two story brick stable, about 28 feet by 64 feet, for the use of the Fire Department, for a term not exceeding twelve (12) months from August 7, 1902, at a rental of sixty dollars (\$60) per month, the City to have the privilege of giving up the same upon thirty (30) days' notice; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved of by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Brooklyn Public Library, relative to lease of premises corner Second avenue and Seventy-third street, Borough of Brooklyn:

August 14, 1902.

To the Secretary, Commissioners of the Sinking Fund, New York City:

DEAR SIR—As it was not the intention of the Board of Directors of the Brooklyn Public Library to require the Trustees of the Bay Ridge Library to pay any taxes or assessments, you are respectfully requested to amend a resolution of June 25, authorizing the lease of the Bay Ridge Library by inserting the condition that the City should pay all taxes and assessments during the term of the lease which expires May 1, 1903.

Very truly yours,

FRANK P. HILL, Librarian.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

August 16, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Frank P. Hill, Librarian, Brooklyn Public Library, in communication dated August 14, requests the Commissioners of the Sinking Fund to amend their resolution of June 25, authorizing a lease of the Bay Ridge Library, on the northeast corner of Second avenue and Seventy-third street, by inserting the condition that the City should pay all taxes and assessments during the term of the lease, which expires May 1, 1903.

The status of this property was fully explained in the report of the Engineer dated June 9, 1902, upon which the resolution above referred to was passed.

The Trustees have declined to execute the lease authorized unless a clause for the City to assume the taxes and assessments is inserted.

I have conferred informally with Assistant Corporation Counsel McKeen in Brooklyn, who informs me that the legal objections to the City assuming title to the property can now be overcome under the provisions of the so-called "Morgan Bill" passed by the last Legislature, and, in consequence, he sees no objection to the insertion of the clause requested.

As the City has been in possession of the premises, using the same for a public library, and the rental asked is merely the interest on the mortgage, and as there seems no doubt that the City will eventually come in possession of the fee, I see no objection to granting the request, and I would therefore recommend that the Commissioners of the Sinking Fund amend their resolution by providing that the City shall assume all taxes and assessments during the term of the lease.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held June 25, 1902, requesting the Corporation Counsel to prepare a lease to the City from the Bay Ridge Free Library of premises at the corner of Second avenue and Seventy-third street, in the Borough of Brooklyn, for the use of the Brooklyn Public Library, be and the same is hereby amended by inserting a provision that the City shall assume all taxes and assessments during the term of the lease.

The report was accepted and the resolution unanimously adopted.

The following communication was received relative to a lease of rooms at No. 51 Jackson avenue for the use of the President of the Borough of Queens:

LONG ISLAND CITY, August 5, 1902.

Commissioners of the Sinking Fund, Room 12, Stewart Building, New York City: GENTLEMEN—The office accommodations now provided for our respective departments in the Hackett Building at Long Island City are totally inadequate to accommodate the force necessary to carry on the work of our respective departments.

In the case of the Department of Water Supply, Gas and Electricity, the Electrical Department is located in Jamaica, owing to the lack of room here, thereby necessitating continual travel between the two offices, and causing annoying delays in the transaction of the business of that branch of the Department.

Both the Sewer and the Water Departments find that additional office room is

necessary to accommodate the engineering force required for the amount of construction work for which appropriations have been made.

The principal offices of the Sewer Department are located on the third floor of the Hackett Building. Part of the engineering force is located on the second floor. All the present offices of the Water Department are on the second floor.

On the third floor of the Post Office building, adjoining, there is a large, well-ventilated and well-lighted room, which can be made available for the Sewer Department by simply cutting a doorway in the partition wall. If this room can be rented the Sewer Department can relinquish the room on the second floor to the Water Department; this will give the latter Department sufficient room for its engineering force.

We understand that this room in the adjoining building can be rented for the sum of five hundred dollars (\$500) per annum, including heat. We would, therefore, respectfully request that this additional room be secured.

Yours very respectfully,

M. J. GOLDMAN,  
Superintendent of Sewers, Borough of Queens.  
G. A. ROULLIER, Deputy Commissioner,  
Department of Water Supply, Gas and Electricity, Borough of Queens.

Approved:

R. G. MONROE, Commissioner, Department of Water Supply, Gas and Electricity.  
JOS. CASSIDY, President, Borough of Queens.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

August 16, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The attached communication signed by the Deputy Commissioner of Water Supply, Gas and Electricity, and Superintendent of Sewers of the Borough of Queens, and approved by the Commissioner of Water Supply, Gas and Electricity and the President of the Borough of Queens, requests the Commissioners of the Sinking Fund to authorize a lease of the rear half of the third floor of the Post Office Building, No. 51 Jackson avenue, Long Island City, to provide accommodations for the engineering force of the Bureau of Sewers, and who will, then turn over to the Department of Water Supply, Gas and Electricity a room on the second floor of the Hackett Building adjoining, and also two rooms on the third floor.

The reasons for the lease are set forth in the communication above referred to. Under date of July 24, 1901, the Engineer reported upon this lease, which was then requested by the Sewer Department, and recommended that no action be taken until after January 1, 1902, as a new arrangement of offices under the President of the Borough was provided for in the Charter.

The report at that time stated that the rear half of this building contained about 1,400 square feet, and the terms, which included steam heat and the services of a janitor, were considered full but not excessive. The owner is William Richenstein.

I would therefore recommend that the Commissioners of the Sinking Fund authorize a lease for a term commencing upon the date of occupation, at \$500 per annum, and to extend until December 1, 1903, with the privilege of renewal for one or two years on the same terms and conditions. I have named December 1, 1903, on account of the date of the lease of the Hackett Building, the owner to cut a doorway between the Post Office Building and the Hackett Building if required.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from William Richenstein, of the rear half of the third floor of the Post Office Building, No. 51 Jackson avenue, Long Island City, for the use of the President of the Borough of Queens, Bureau of Sewers, for a term from the date of occupation until December 1, 1903, with the privilege of renewal for one or two years on the same terms and conditions, at an annual rental of five hundred dollars (\$500), payable quarterly, rent to include steam heat, the owner to cut a doorway between the Post Office Building and the Hackett Building if required; and the Commissioners of the Sinking Fund deeming said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented a report relative to an application of the Brooklyn Public Library for a lease of vacant church at Marine and Fourth avenues, Fort Hamilton, which was laid over.

The following communication was received from the President of the Borough of Brooklyn relative to a renewal of the lease of lots on Lexington avenue, Borough of Brooklyn:

BROOKLYN, August 14, 1902.

Commissioners of the Sinking Fund, New York City:

DEAR SIRS—Pursuant to communications from the Deputy Comptroller, of the 8th inst., to the President of this borough, I beg respectfully to make application for the renewal for three years of the lease for premises on the north side of Lexington avenue, west of Broadway, for a storage yard for the Bureau of Highways, from Mr. Henry C. Bauer, at the rate of \$500 per annum, the sum hitherto paid.

The former lease expired on the 12th of November, 1901, and its renewal was apparently overlooked by the previous administration. The property has been in continuous use, however, as one of the regular yards of the Bureau of Highways, although the owner has received, during the interval, no rental.

I beg to inclose copy of letter to me from the Chief Engineer of Highways concerning this subject, which will explain itself.

Yours very truly,

WILLIAM C. REDFIELD,

Commissioner of Public Works and Acting President of the Borough of Brooklyn.

In connection therewith the Deputy Comptroller presented the following report of the Principal Assistant Engineer of the Department of Finance and offered the following resolution:

August 18, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. William C. Redfield, Acting President of the Borough of Brooklyn, in communication of August 14, requests the Commissioners of the Sinking Fund to authorize a renewal for three years of the premises, six (6) vacant lots, 120 feet by 100 feet, situated on the northerly side of Lexington avenue 249 feet 2 inches west of Broadway, Borough of Brooklyn, for the use of the Bureau of Highways as a storage yard, at a rental of \$500 per annum; lessor, Henry C. Bauer, No. 841 Bushwick avenue, Brooklyn.

The Department has been in possession of the above premises since the former lease expired, November 12, 1901, and in consequence the City is a hold-over tenant for the current year expiring November 12, 1902, at \$500 per annum.

I would therefore recommend that the Commissioners of the Sinking Fund authorize a renewal for one year from November 12, 1901.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from Henry C. Bauer, for the use of the

President of the Borough of Brooklyn, of Lots Nos. 104 to 109, inclusive, described as follows:

Beginning at a point on the northerly side of Lexington avenue, Borough of Brooklyn, distant 249 feet and 2 inches westerly from the corner formed by the intersection of the southwesterly side of Broadway with the northerly side of Lexington avenue, running thence northerly and parallel with Patchen avenue 100 feet; thence westerly and parallel with Lexington avenue 120 feet; thence southerly and again parallel with Patchen avenue 100 feet to the northerly side of Lexington avenue; thence westerly and along the northerly side of Lexington avenue 120 feet to the point or place of beginning.

—for a term of one year from November 12, 1901, at an annual rental of five hundred dollars (\$500), payable semiannually, otherwise upon the same terms and conditions as contained in the existing lease—the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Tenement House Department relative to a lease of premises in the Haffen Building, Nos. 2806 and 2808 Third avenue, Borough of The Bronx:

NEW YORK CITY, August 1, 1902.

To the Commissioners of the Sinking Fund of The City of New York, 280 Broadway, N. Y.:

SIRS—I submit herewith for your action a proposition for the lease of premises in the Borough of The Bronx to be occupied by the new Tenement House Department. The premises are the entire second floor and part of the third floor of the Haffen Building, Nos. 2806 and 2808 Third avenue, between One Hundred and Forty-seventh and One Hundred and Forty-eighth streets. The area is:

On the second floor..... 1,640 square feet  
On the third floor..... 1,190 square feet

Total area..... 2,830 square feet

The rental is at the rate of \$2,500 per annum; 88 cents per square foot per annum.

I have sought to obtain space in the buildings in the Borough of The Bronx now owned by the City, but have not been successful. I have also sought to obtain space at a lower rental, but have not been successful.

It is necessary for the proper administration of this Department that there should be a branch office in the Borough of The Bronx fully equipped. This is necessary, not only for our own convenience and the saving of Inspectors' and other employees' time, but is also necessary for the convenience of the public, as it does not seem to me desirable to compel people to travel from the Borough of The Bronx to Eighteenth street, in the Borough of Manhattan, to file plans and then to have to travel to One Hundred and Seventy-second street to the Bronx Hall in order to file plans in the Bureau of Buildings.

I have contemplated, since the inception of this Department, establishing a branch office in The Bronx, but have not deemed it expedient up to the present time to take up this matter.

I shall greatly appreciate favorable action on the part of your Honorable Board at the earliest possible moment, as I am anxious to have the work of arrangement of interior partitions in the offices started at once.

Trusting this will meet with your approval, I am,

Yours respectfully,

ROBERT W. DE FOREST, Tenement House Commissioner.

In connection therewith the Deputy Comptroller presented the following report and offered the following resolution:

August 8, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Robert W. de Forrest, Tenement House Commissioner, in a communication to the Commissioners of the Sinking Fund, bearing date August 1, 1902, requests their consent to and approval of a lease of the entire second floor and all of the third floor, excepting one office 15 feet 6 inches by 21 feet 6 inches on the north-west corner of said floor, and the hall leading thereto, of the Haffen Building, Nos. 2806-2808 Third avenue, Borough of The Bronx, for a term of two years from the date of occupation, with the privilege of renewal for an equal term, at a yearly rental of \$2,500, payable monthly, or quarterly in advance; said lease to include steam heat, water supply, gas, electric light, janitor and elevator service; the owner, Mathias Haffen, to divide each floor by partitions to suit into offices.

I have caused an examination to be made of said premises and would report as follows:

The Haffen Building, Mathias Haffen, owner; Neubeck & Busher, agents, is a new seven-story, fireproof office structure situated on the easterly side of Third avenue, between One Hundred and Forty-seventh and One Hundred and Forty-eighth streets, extending through to Willis avenue. It has a frontage on Third avenue of 45.6 feet on Willis avenue of 29.03 feet and a depth of 48.93 feet.

The lot is distinguished on the Assessment Map, Borough of The Bronx, as Lot No. 59, Block 2307, Section 9.

The second floor has a floor space of 1,640 square feet; on the third floor a floor space of 1,190 square feet is to be obtained, making a total of 2,830 square feet of floor space to be occupied by the Tenement House Department of The City of New York. Upon the yearly rental asked, viz., \$2,500, the rate per square foot per annum will be 88 cents.

The attached copy of a letter from the agents of the building gives in detail the terms of the proposed lease. Commissioner de Forrest approves of the same and requests favorable action thereon by the Commissioners of the Sinking Fund.

I am of the opinion that the terms of the proposed lease are reasonable and just and that the same may be properly approved by the Commissioners of the Sinking Fund.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

N. TAYLOR PHILLIPS, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Mathias Haffen of the entire second floor and all of the third floor excepting one (1) office, 15 feet 6 inches by 21 feet 6 inches, on the northeast corner of said floor and the hall leading thereto, of the Haffen Building, Nos. 2806 and 2808 Third avenue, Borough of The Bronx, for the use of the Tenement House Department, for a term of two (2) years from the date of occupation, with the privilege of renewal for an equal term, at an annual rental of two thousand five hundred dollars (\$2,500), payable quarterly; the said rent to include steam heat, water supply, gas, electric light, janitor and elevator service; the owner to divide each floor by partitions to suit into offices; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Docks and Ferries relative to a lease of the easterly half of Jackson Street Pier West, for-

merly known as Pier, old 53, East river, Borough of Manhattan, to John W. Sullivan:

NEW YORK, July 30, 1902.

N. TAYLOR PHILLIPS, Esq., *Secretary to Commissioners of the Sinking Fund*:

SIR—I beg to advise that on July 23, 1902, as Deputy and Acting Commissioner of Docks, I agreed to lease, assign and to farm-let unto John W. Sullivan, all and singular, the right to collect and retain all wharfage and cramage which may arise, accrue and become due for the use and occupation in the manner and at the rates prescribed by law at the easterly half of Jackson Street Pier West, formerly known as Pier, old 53, East river, Borough of Manhattan, City of New York, for a term of five years, at a rental of \$500 per annum, to be paid quarterly, in advance, at the office of this Department, it being understood that this agreement to lease shall be of no force or effect unless the terms thereof are accepted by said John W. Sullivan and approved by the Commissioners of the Sinking Fund and that the said John W. Sullivan shall agree to execute a lease containing the usual covenants and conditions at present embodied in leases of wharf property now used by this Department.

The terms and conditions of this proposed lease were accepted by John W. Sullivan under date of July 28, 1902.

I would therefore request that the Commissioners of the Sinking Fund consent to this proposed lease.

Yours respectfully,

JACKSON WALLACE, Deputy and Acting Commissioner.

I see no objections to the approval of this lease by the Commissioners of the Sinking Fund.

EUG. E. McLEAN, Engineer, Department of Finance.

August 7, 1902.

The Deputy Comptroller offered the following resolution:

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Docks, of a lease to John W. Sullivan, of all and singular the right to collect and retain all wharfage and cramage which may arise, accrue and become due for the use and occupation in the manner and at the rates prescribed by law at the easterly half of Jackson Street Pier West, formerly known as Pier, old 53, East river, Borough of Manhattan, City of New York, for a term of five years, at a rental of five hundred dollars (\$500) per annum, to be paid quarterly in advance, at the office of the Department of Docks, and as recommended by the Commissioner of Docks in a communication dated July 30, 1902.

Which was unanimously adopted.

The Deputy Comptroller presented the following report of the Principal Assistant Engineer of the Department of Finance, and offered the following resolution, relative to compensation to be paid by Messrs. Wessell, Nockel and Gross for a pipe line privilege:

August 19, 1902.

Hon. EDWARD M. GROUT, *Comptroller*:

SIR—The Board of Aldermen by resolution adopted July 31, 1902, received from the Mayor August 12, 1902, without his approval or disapproval thereof, therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it, grants permission to

“Wessell, Nockel & Gross to lay and maintain a 6-inch tube, as shown upon the accompanying diagram, for the purpose of conducting steam from their premises, No. 444 West Forty-fifth street to No. 449 West Forty-fifth street, on the opposite side, in the Borough of Manhattan, provided that the said Wessell, Nockel & Gross shall pay to The City of New York as compensation for the privilege such amount as may be determined as an equivalent by the Commissioners of the Sinking Fund.”

I would report that the distance between curb lines at this point is 30 feet, and pursuant to the schedule of rates for determining the compensation to be paid for the privilege of laying pipes (16 inches diameter or less) in streets or avenues, adopted by the Commissioners of the Sinking Fund on July 17, 1902, \$60 per annum is the correct charge for the privilege, and \$15 fee for opening the street.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

Resolved, That the compensation to be paid to The City of New York by Messrs. Wessell, Nockel & Gross for the privilege of laying and maintaining a 6-inch tube for the purpose of conducting steam from their premises, No. 444 West Forty-fifth street to No. 449 West Forty-fifth street, on the opposite side, in the Borough of Manhattan, shall be sixty dollars (\$60) per annum, to be paid to the Department of Finance and a fee of fifteen dollars (\$15) for opening the street to be paid to the President of the Borough of Manhattan; compensation to commence from the date of the adoption of this resolution and continue until such time as the said Messrs. Wessell, Nockel & Gross be granted permission to remove the said tube and the pavement has been relaid to the satisfaction of the President of the Borough of Manhattan; the opening of the street and the relaying of the pavement to be done at the expense of the said Messrs. Wessell, Nockel & Gross under the direction of the President of the Borough of Manhattan, and subject to such conditions as he shall prescribe; provided also that the said Messrs. Wessell, Nockel & Gross shall give a satisfactory bond for the faithful performance of all the conditions prescribed by the said President of the Borough of Manhattan and by resolution of the Board of Aldermen adopted July 31, 1902, and received from the Mayor August 12, 1902; said bond to be approved by the Comptroller and filed in his office; and provided further that the right be reserved to revoke such permission at any future time if necessary in the interests of the City.

The report was accepted and the resolution unanimously adopted.

The Deputy Comptroller presented the following report of the Principal Assistant Engineer of the Department of Finance and offered the following resolution relative to compensation to be paid by Messrs. Moe Levy & Co. for a pipe-line privilege:

August 19, 1902.

Hon. EDWARD M. GROUT, *Comptroller*:

SIR—The Board of Aldermen by resolution adopted July 31, 1902, received from the Mayor, August 12, 1902, without his approval or disapproval thereof, therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it, grants permission to

“Moe Levy & Co. to lay a small conduit, in which to place pipes for the purpose of conducting steam, under and across the carriageway of Walker street from their premises Nos. 120 to 126, to their premises on the opposite side of said thoroughfare and known as Nos. 119 to 125, in the Borough of Manhattan, provided that the said Moe Levy & Co. shall pay to The City of New York as compensation for the privilege such fee as may be determined as an equivalent by the Commissioners of the Sinking Fund.”

I would report that it is proposed to lay a 12-inch pipe to carry a 6-inch pipe for conducting steam and a 3-inch pipe for a return. The distance between curb lines at this point is 24 feet, and in accordance with the schedule of rates, adopted by the Commissioners of the Sinking Fund on July 17, 1902, for determining the compensation to be paid for the privilege of laying pipes (16 inches in diameter or less) in streets or avenues, \$48 per annum is the correct charge for the privilege and \$12 fee for opening the street.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

Resolved, That the compensation to be paid to The City of New York by Moe Levy & Co. for the privilege of laying a small conduit in which to place pipes for the purpose of conducting steam under and across the carriageway of Walker street from their premises, Nos. 120 to 126, to the premises on the opposite side of said thoroughfare and known as Nos. 119 to 125, in the Borough of Manhattan, shall be forty-eight dollars (\$48) per annum, to be paid to the Department of Finance, and a fee of twelve dollars (\$12) for opening the street to be paid to the President of the Borough of Manhattan; compensation to commence from the date of the adoption of this resolution and continue until such time as the said Moe Levy & Co. be granted permission to remove the said conduit, and the pavement has been relaid to the satisfaction of the President of the Borough of Manhattan; the opening of the street and the relaying of the pavement to be done at the expense of the said Moe Levy & Co. under the direction of the President of the Borough of Manhattan and subject to such conditions as he shall prescribe; provided also that the said Moe Levy & Co. shall give a satisfactory bond for the faithful performance of all the conditions prescribed by said President of the Borough of Manhattan and by resolution of the Board of Aldermen adopted July 31, 1902, and received from the Mayor August 12, 1902; said bond to be approved by the Comptroller and filed in his office; and provided further that the right be reserved to revoke such permission at any future time if necessary in the interests of the City.

The report was accepted and the resolution unanimously adopted.

The following application was received from Edmund F. Driggs as Referee for a release or quit claim of the interest of the City in premises at the junction of Ashland place and Flatbush avenue, Borough of Brooklyn:

In the Matter of the Application

of

Edmund F. Driggs to Remove the Cloud on the Title of Premises at the Junction of Ashland Place and Flatbush Avenue, in the Borough of Brooklyn.

To the Sinking Fund Commissioners of The City of New York:

GENTLEMEN—Edmund F. Driggs, your petitioner, residing at No. 67 Fort Greene place, in the Borough of Brooklyn, a citizen of The City of New York, and upwards of twenty-one years of age, respectfully shows as follows:

That your petitioner is the duly appointed Referee in a certain action wherein Mary Ellen Cohen is plaintiff and Thomas F. Magner, as Trustee under the last will and testament of Edward J. Curran, deceased, and others, are defendants, and was duly appointed such by an interlocutory judgment of the Supreme Court of the State of New York, held in and for the County of Kings on the 12th day of May, 1902, as appears by a certified copy thereof, which is hereto annexed and made a part of this petition.

That in and by said judgment your petitioner was directed to sell the following described premises:

All that certain lot, piece or parcel of land situate, lying and being in the Eleventh Ward of the Borough (late City) of Brooklyn, County of Kings and State of New York, bounded and described as follows:

Beginning at a point on the northeasterly corner of Flatbush avenue and Hanson place and running thence northeasterly along the northeasterly side of Flatbush avenue sixty-nine feet and ten inches; thence northeasterly at right angles to Flatbush avenue forty-two feet and five inches to Ashland place (formerly Raymond street); thence southerly and along the westerly side of Ashland place (formerly Raymond street) eighty feet and three inches to the northwesterly corner of Ashland place (formerly Raymond street) and Hanson place, and thence westerly and along the northerly side of Hanson place twelve feet and two inches to the place of beginning, and in pursuance of said direction did, on the 9th day of June, 1902, proceed to sell the same at public auction in the Borough of Brooklyn, at which time the said premises were bid in by one Patrick Skelly, of The City of New York, who signed the terms of sale and paid his deposit of ten per cent., and the closing of title was set down for June 30, 1902.

That on said day the Title Guarantee and Trust Company, who made a search of said premises for the said purchaser, found that the premises under examination and above described, intersected and overlapped to and upon an old Dutch road called Fulton street, as is more fully shown in the diagram below given.

That said premises were the property of one Edward Curran, who died seized of same in or about the 21st day of June, 1893, and he became such owner by virtue of a deed from Eliza Fitzpatrick to Edward Curran, dated July 9, 1889, and recorded in the Kings County Register's Office, in Liber. 1901, page 424 of Conveyances, on the 11th day of July, 1889.

That for the particulars as to whom the said Edward Curran left him surviving and other facts pertaining to his estate, your petitioner refers to the complaint in the above entitled action, a copy of which is hereto annexed and made a part of this, his petition.

That Ashland place (formerly Raymond street) above mentioned, was regularly and legally opened as a street in the then City of Brooklyn, and is now open and used as a street.

That heretofore and for upwards of one hundred years prior to the time of the within application, the aforesaid Dutch road, known as Fulton street, was laid out as a highway and intersects the easterly portion of the lot of land owned by the aforesaid Edward Curran, now deceased, as shown in the following diagram and colored red:

That on the lands aforesaid and included in said road there has been standing for over twenty years a substantial frame building, and prior to that time for over twenty years said premises were inclosed by a substantial fence, and that no person other than the said Edward Curran and his grantors in the title ever asserted any claim to title, and that said Edward Curran, now deceased, and his grantors, from whom he derived title, it is now averred that he and they have for more than twenty years last past been in peaceable and undisputed possession of the premises first herein described, and including such portion as formerly was in said Dutch road, known as Fulton street, and that the heirs at law and next of kin of said Edward Curran, deceased, are now the owners of the whole of said premises, free

from any claim on the part of any other person, and that The City of New York has no substantial interest in said lands, or any part thereof, but by reason of the foregoing there is a cloud on said land.

That The City of New York, nor the former City of Brooklyn, has not conveyed its interest in the lands lying in said Dutch road, known as Fulton street, and included in that portion marked red in the diagram above shown, to any person, and your petitioner verily believes that the title to said above described premises is clouded by reason of the fact that the former City of Brooklyn, or present City of New York, has, or claims to have, some interest in the land lying in said road known as Fulton street not heretofore conveyed by either municipality.

That the said road, known as Fulton street, as your petitioner is informed and verily believes, is a Dutch road, and under the case of Dunham vs. Williams, 37 N. Y., page 251, the fee of said road vested not in the adjacent owners, but in the Town of Brooklyn, and afterwards in its successor, the City of Brooklyn, which said decision was followed by the case of Mott vs. Clayton, 9 App. Div., 181, declaring that the then City of Brooklyn had succeeded to all rights of owner in the bed of said road, which decision has not been reversed, as your petitioner is informed and verily believes, so that now there appears to be a portion of the property belonging to the estate of Edward Curran, as shown on diagram marked red, which The City of New York as the successor of the City of Brooklyn owns, or claims to own, subject to the right in said property by adverse possession of the aforesaid Edward Curran, now deceased.

Your petitioner further shows that section 205, chapter 466, Laws of 1891, provides for the release of any claim or apparent claim which The City of New York may have on lands, and which claim or apparent claim constitutes a cloud on the title of lands, to which said section your petitioner refers and makes the same a part of this, his petition.

Your petitioner further states that the taxes on said premises have been paid.

That because of the objections as hereinbefore stated your petitioner has been compelled to adjourn the closing of the title under the aforesaid judgment, so that he might make the within application to clear and make the title marketable, and unless the same can be done within a reasonable time your petitioner is afraid that the purchaser will refuse to take title, and that a resale of the premises will be necessary, which will be a great loss and an unnecessary expense to the parties interested.

Wherefore, Your petitioner prays pursuant to section 205, chapter 466, Laws of 1891, above mentioned, for a release from The City of New York to your petitioner from any apparent right, claim or title which said City of New York may have in lands shown on diagram aforesaid, and now owned by the estate of Edward Curran, deceased, being the land formerly lying in said road, known as Fulton street, and bounded as follows: All that certain piece, parcel or tract of land, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows, to wit: Beginning at a point on the westerly side of Ashland place (formerly Raymond street) distant 46 feet northerly from the northwesterly corner of Hanson place and Ashland place (formerly Raymond street); running thence in a northwesterly direction 33 feet and 4 inches to a point which is distant 23 feet and 8 inches from the northeasterly side of Flatbush avenue; running thence in a northeasterly direction and at right angles to Flatbush avenue 18 feet and 9 inches to Ashland place (formerly Raymond street); running thence southerly along said Ashland place (formerly Raymond street) 34 feet and 3 inches to the point or place of beginning.

And your petitioner will ever pray.

Dated Brooklyn, N. Y., July 9, 1902.

EDMUND F. DRIGGS.

City of New York, Borough of Brooklyn, County of Kings, ss:

Edmund F. Driggs, being duly sworn, deposes and says: That he is the petitioner in this action, that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge, except as to those matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true.

EDMUND F. DRIGGS.

Sworn to before me this 14th day of July, 1902.

JAMES W. KNOX, Notary Public, Kings County, N. Y.

I, Thomas F. Magner, as substitute Trustee under the last will and testament of Edward Curran, deceased, do hereby state that I have read the foregoing petition and know the contents thereof, and that I join in the prayer for the release as prayed for therein.

Dated July 16, 1902.

THOMAS F. MAGNER, Trustee, Etc.

City of New York, Borough of Brooklyn, County of Kings, ss:

On this 16th day of July, 1902, before me personally appeared Thomas F. Magner, to me known and known to me to be the individual described in and who executed the above instrument and duly acknowledged to me that he executed the same.

JOHN S. GILLIES,  
Commissioner of Deeds for The City of New York,  
Residing in the Borough of Brooklyn.

In connection therewith the Deputy Comptroller presented the following report of the Engineer of the Department of Finance, opinion of the Corporation Counsel, and offered the following resolution:

July 29, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Edmund F. Driggs, Esq., of the Borough of Brooklyn, as referee in a petition bearing date July 9, 1902, and duly verified July 14, 1902, makes application to the Commissioners of the Sinking Fund for a release or quit-claim from The City of New York of all the right, title and interest of said City in and to all that portion of an old Dutch road, formerly known as old Fulton street, or the Brooklyn, Flatbush and Jamaica turnpike included within the lines of Lot No. 31, in Block 164, on the Assessment Map of the Eleventh Ward of the Borough of Brooklyn, which said lot is more particularly described in said petition and shown on a diagram attached thereto.

Accompanying said petition is a copy of the complaint in an action in the Supreme Court, County of Kings, for the partition of said premises, wherein Mary Ellen Cohen is plaintiff and Thomas F. Magner, as trustee under the last will and testament of Edward J. Curran, deceased, and others, are defendants.

Also a certified copy of an interlocutory judgment, dated May 12, 1902, whereby Edmund F. Driggs, Esq., was duly appointed referee to sell said premises.

I have caused an examination to be made of the matters as set forth in said petition and have confirmed the facts as therein stated.

Similar releases to the one herein requested were made by the former City of Brooklyn, under resolutions of the Common Council of said city, and since consolidation, by The City of New York, under resolutions of the Commissioners of the Sinking Fund, have been made for a nominal consideration, and in view of the opinion of the Corporation Counsel, frequently expressed in previous similar cases, that old Fulton street or the old Brooklyn, Flatbush and Jamaica turnpike was a Dutch road, and upon its abandonment the title to the same reverted to the Government, and that the interest of The City of New York in the land included within its limits is very slight and in no way substantial, and that a nominal sum would be sufficient for a quit-claim deed, it would appear to me that there is no objection to granting the application of Edmund F. Driggs, referee, in this instance.

The Bureau for the Collection of Assessments and Arrears reports that all taxes, water rates and assessments upon said property are paid.

I would therefore recommend that this application be sent to the Corporation Counsel for his opinion as to whether the City's interest is material in the premises or a mere cloud upon the title of a private owner.

If he shall certify that the City's interest is not material, the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter (chapter 466, Laws of 1901), may properly authorize a release or quit-claim for a nominal consideration to said Edmund F. Driggs, referee, of all the right, title and interest of The City of New York in and to all that portion of old Fulton

street, or the old Brooklyn, Flatbush and Jamaica turnpike included within the lines of Lot No. 31, in Block 164, on the Assessment Map of the Eleventh Ward of the Borough of Brooklyn (Land Map, Section 7, Block 2110), which said lot is more particularly described as follows:

"Beginning at a point on the northeasterly corner of Flatbush avenue and Hanson place, and running thence northwesterly along the northeasterly side of Flatbush avenue 69 feet and 10 inches; thence northeasterly at right angles to Flatbush avenue 42 feet and 5 inches to Ashland place (formerly Raymond street); thence southerly and along the westerly side of Ashland place (formerly Raymond street), 80 feet and 3 inches to the northwesterly corner of Ashland place (formerly Raymond street) and Hanson place, and thence westerly and along the northerly side of Hanson place 12 feet and 2 inches to the place of beginning,"

—be the said several dimensions, more or less.

I would also recommend that the interest of the City be appraised at the nominal sum of one dollar (\$1), and that the expenses of such release, examination, etc., be fixed at one hundred dollars (\$100), to be paid by such petitioner before the execution and delivery of such release.

Respectfully,  
EUG. E. McLEAN, Engineer.

NEW YORK, August 11, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I have received under date of July 29, 1902, a communication signed by James W. Stevenson, Deputy Comptroller, submitting for my consideration an application made to the Commissioners of the Sinking Fund by Edmund F. Driggs, referee, for a release of the City's interest in certain premises in the Eleventh Ward of the Borough of Brooklyn.

I am requested to advise the Comptroller whether the interests of The City of New York in and to that portion of the old Fulton street, or old Brooklyn, Flatbush and Jamaica turnpike, as described in said application, is material or simply nominal and a mere cloud upon the title of private owners, and if the latter, I am asked to so certify, pursuant to section 205 of the amended Greater New York Charter, so that the matter may be presented to the Commissioners of the Sinking Fund for action.

This application is precisely similar in its nature to that of Thomas F. Everett and others, concerning which I rendered an opinion to the Comptroller in the early part of this year, and also to the application of Patrick Murphy, concerning which I rendered an opinion on March 22 last. The status of the Jamaica turnpike road was there considered and it was decided that the interest of The City of New York therein was merely nominal and a cloud upon the title of the owners of the property within which the portion of the road was included.

I respectfully refer you to those opinions for the reason set forth in reaching that conclusion, and I hereby certify that whatever interests the City may have in property formerly forming a part of the old Brooklyn, Flatbush and Jamaica turnpike which is included in the premises covered by the petition of Edmund F. Driggs, referee, is a mere cloud upon the owner of such property. This application is made by the said referee so that he may convey a perfect title to the premises which are the subject of the partition suit in which he was appointed and has acted.

The City property is known and designated as Lot No. 31, in Block 164, on the Assessment Map of the Eleventh Ward of the Borough of Brooklyn, and is bounded and described as follows:

"Beginning at a point on the northeasterly corner of Flatbush avenue and Hanson place, and running thence northwesterly along the northeasterly side of Flatbush avenue 69 feet and 10 inches; thence northeasterly at right angles to Flatbush avenue 42 feet and 5 inches to Ashland place (formerly Raymond street); thence southerly and along the westerly side of Ashland place (formerly Raymond street) 80 feet and 3 inches to the northwesterly corner of Ashland place (formerly Raymond street) and Hanson place, and thence westerly and along the northerly side of Hanson place 12 feet and 2 inches to the place of beginning."

You also request that I transmit quit-claim deeds to the property in question to be executed in triplicate. In order to properly prepare these deeds it will be necessary that a copy of the resolution of the Sinking Fund Commissioners granting the petition be before me, so I shall defer complying with this request until I receive from you a certified copy of such resolution.

Respectfully,  
G. L. RIVES, Corporation Counsel.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorizes a release or quit-claim to Edmund F. Driggs, referee, of all the right, title and interest of The City of New York in and to all that portion of old Fulton street, or the old Brooklyn, Flatbush and Jamaica turnpike included within the lines of Lot No. 31, in Block 164, on the Assessment Map of the Eleventh Ward of the Borough of Brooklyn (Land Map, Section 7, Block 2110), which said lot is more particularly described as follows:

"Beginning at a point on the northeasterly corner of Flatbush avenue and Hanson place, and running thence northwesterly along the northeasterly side of Flatbush avenue 69 feet and 10 inches; thence northeasterly at right angles to Flatbush avenue 42 feet and 5 inches to Ashland place (formerly Raymond street); thence southerly and along the westerly side of Ashland place (formerly Raymond street) 80 feet and 3 inches to the northwesterly corner of Ashland place (formerly Raymond street) and Hanson place, and thence westerly and along the northerly side of Hanson place 12 feet and 2 inches to the place of beginning,"

—be the said several dimensions, more or less.

The Corporation Counsel having certified to the Commissioners of the Sinking Fund, under date of August 11, 1902, that whatever interest the City may have in the property is a mere cloud upon the title of the owners.

Resolved, That the interest of The City of New York in and to the same be and is, hereby placed at the sum of one dollar (\$1), and the expenses of such release, examination, etc., be and hereby is appraised and fixed at one hundred dollars (\$100).

Which resolution was unanimously adopted.

The Deputy Comptroller presented the following statement and resolution relative to a transfer of \$1,000,000 from "Interest" to "Redemption" Fund:

August 20, 1902.

Hon. EDWARD M. GROUT, Comptroller:

SIR—I hereby certify that the available cash balance in the City Treasury to the credit of the Sinking Fund for the Payment of Interest on the City Debt at the close of business August 16, 1902, was \$2,231,570.29.

Respectfully,  
JOSEPH HAAG, Chief Bookkeeper.

Resolved, That a warrant payable from the "Sinking Fund for the Payment of Interest on the City Debt" be drawn in favor of the Chamberlain for the sum of one million dollars (\$1,000,000), to be by him deposited in the City Treasury to the credit of the "Sinking Fund for the Redemption of the City Debt No. 1," thereby transferring this amount of surplus revenue of the "Sinking Fund for the Payment of Interest on the City Debt" to the "Sinking Fund for the Redemption of the City Debt No. 1," pursuant to section 209 of the Greater New York Charter.

Which resolution was unanimously adopted.

Adjourned.

JOHN KORB, Jr., Temporary Secretary.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

### NOTICES TO CONTRACTORS.

### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the board of aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to The City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of The City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by The City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the department for which the work is to be done. Plans and drawings of construction work may also be seen there.
