"Whereas, The Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of chapter 724 of the Laws of 1905, as amended, did, on the 27th day of October, 1905, approve and adopt a report, and the map, plan and profile accompanying the same, bearing date of October 9, 1905, and presented by the Board of Water Supply of The City of New York, for obtaining an additional supply of pure and wholesome water for The City of New York, and declared the same to be the final map, plan or plans approved and adopted by the Board of Estimate and Apportionment, as provided for in said act; and

"Whereas, The Board of Water Supply of The City of New York has submitted to the Board of Estimate and Apportionment for its approval, as directed in section 5, chapter 724, Laws of 1905, six similar maps or plans, entitled:

"Board of Water Supply of The City of New York. Map of Real Estate, situated in the Town of Olive, County of Ulster, and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of Olive City and Brodhead;" (section 4, Reservoir Department, comprising parcels Nos. 140 to 180, inclusive, and containing 741.944 acres.)

"Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves and adopts the said six similar maps or plans, and directs the Secretary of the Board to transmit them to the Corporation Counsel."

"Whereas, The Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of chapter 724 of the Laws of 1905, as amended, did, on the 27th day of October, 1905, approve and adopt a report, and the map, plan and profile accompanying the same, bearing date of October 9, 1905, and presented by the Board of Water Supply of The City of New York, for obtaining an additional supply of pure and wholesome water for The City of New York, and declared the same to be the final map, plan or plans approved and adopted by the Board of Estimate and Apportionment, as provided for in said act; and

"Whereas, The Board of Water Supply of The City of New York has submitted to the Board of Estimate and Apportionment for its approval as directed in section 5, chapter 724, Laws of 1905, six similar maps or plans, entitled:

"Board of Water Supply of The City of New York. Map of Real Estate, situated in the Town of Olive, County of Ulster, and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir, and appurtenances, in the vicinity of Browns Station, north of railroad;" (section 5, Reservoir Department, comprising parcels Nos. 181 to 222, inclusive, and containing 1,387.071 acres.)

"Resolved, That the Board of Estimate and Apportionment of The City of New York hereby approves and adopts the said six similar maps or plans, and directs the Secretary of the Board to transmit them to the Corporation Counsel."

The above mentioned communication from the Assistant Secretary of the Board of Estimate and Apportionment, also above copies of resolutions, were read for the information of the Board, and ordered filed.

On motion, it was

Resolved, That the Secretary be and is hereby authorized to execute supplemental contract with the New York Telephone Company, for establishing two telephone stations on separate circuits to the office of the Board of Water Supply, Barron Building, southwest corner of Franklin street and West Broadway, New York City, from the switchboard in the office of the Board of Water Supply, No. 299 Broadway, New York City, the Board of Water Supply to pay for same at the rate of \$96 per annum, in addition to the amount named in telephone contract for service at No. 299 Broadway.

On motion, it was

Resolved, That the Secretary be and is hereby authorized to execute lease, in triplicate, with Frank M. Campbell, for the two-story and attic frame building, 22.4 feet by 29.4 feet, situated on the east side of Cleveland street, north of Ackerman Cottage, on Lots Nos. 14 and 15, on Block 1, Section 1 of Kensico, in the Town of Valhalla, N. Y., the total area thereof being about 878 square feet; to take effect from the first day of June, 1907, at a monthly rental of thirty dollars (\$30), payable monthly.

On motion, it was

Resolved, That the Secretary be and is hereby authorized to execute lease, in triplicate, with Theodore A. Tompkins, for the building on the north side of the road leading from Yorktown Heights to Moseman's Corner, about 3,250 feet west of the railroad, and containing eight rooms and bath; to take effect from the first day of April, 1907, at a monthly rental of twenty dollars (\$20), payable monthly.

Whereas, Corbin Barton, Laborer, did not appear before the Board of Water Supply at its offices, No. 299 Broadway, New York City, and show cause why he should not be dismissed from the force of the Board on certain charges, of which notice was sent him by the Secretary on February 25, 1907; therefore be it

Resolved, That Corbin Barton, Laborer, be and he is hereby dismissed from the force of the Board from the close of the day's work March 6, 1907, owing to neglect of duty and conduct prejudicial to the interests of the work of the Board.

Commissioner Shaw, to whom was referred the matter of sufficiency of bonds on contracts, reported that in conference with the representative of the Comptroller, it was learned that the Comptroller will pass on the sureties on contracts.

Commissioner Shaw, to whom was referred the matter of having a room assigned for the consideration of damage claims, reported that a room had been assigned for this purpose.

Notice from the Municipal Civil Service Commission, relative to an amendment of the classification of exempt positions, by increasing the number of Division Engineers from four to sixteen, was taken from the table, and Commissioner Shaw was requested to appear before the State Civil Service Commission in advocacy of the amendment, and to be accompanied by Chief Engineer Smith and Consulting Engineer Burr.

Mrs. S. T. Adams, Peekskill, N. Y., Janitor, \$10 per month (pursuant to Rule XII., paragraph 7).

Gilbert N. Hasbrouck, New Paltz, N. J., Janitor, \$10 per month (pursuant to Rule XII., paragraph 7).

On recommendation of the Chief Engineer, it was

Resolved, That Loren M. Davis, Laborer, be and is hereby granted a leave of absence, without pay, for a period of one month, beginning March 11, 1907.

On motion, it was

Resolved, That Mildred A. Ristedt, Stenographer and Typewriter, be and is hereby granted a leave of absence for a period of ten days, commencing March 12, 1907.

Resignation was received from William Low, Rodman; and, on motion, it was

Resolved, That the resignation of William Low, Rodman, be and is hereby accepted, to take effect at the close of the day's work March 17, 1907.

An opinion dated March 11, 1907, was received from the Corporation Counsel with reference to modifying Contract No. 1; and, on motion, the same was read for the information of the Board and ordered filed.

Communication dated March 12, 1907, was received from James Jenkins, Esq., Counselor at Law, with reference to the sale to The City of New York of the property of Oscar Herman, as shown in Section 2, Map 1, Sheet 13, of the lands to be acquired by The City of New York for the Ashokan Reservoir. On motion, this matter was referred to Commissioner Chadwick for investigation and report.

On motion of Commissioner Shaw, it was

Resolved, That the Secretary be instructed to refer to Commissioner Chadwick, as soon as received, all communications in reference to purchase and sale of property, and all claims for damages, for investigation and report.

Commissioner Shaw reported that in response to letter of the Board of Water Supply, dated February 25, 1907, in relation to making borings under Hudson river at and near Storm King, the Secretary of War advised that, in view of the character of the work, his approval was not necessary under the laws of Congress. The Commissioner also reported that Chief Engineer Smith had been advised of the decision.

Commissioner Shaw also reported that in accordance with request of March 6, 1907, he appeared before the State Civil Service Commission (relative to the amendment of the classification of exempt positions—increasing the number of Division Engineers from four to sixteen), in company with Chief Engineer Smith and Consulting Engineer Burr, and that he had been advised unofficially that the application had been approved.

Commissioner Shaw reported that in response to reference of Chief Engineer's letter No. 635, as to the securing of other quarters for Department Offices at Poughkeepsie, N. Y., he had visited that city on the 8th inst. and found conditions as to exposures of present offices such as to render it essential that the property of the Board contained therein should be better protected, and recommended that a lease for three years from May 1, 1907, be executed with the Poughkeepsie Trust Company for the fourth and fifth floors of that Company's new building, now nearing completion, located near southwest corner of Main and Market streets, at an annual rental of \$2,000, and to include elevator service, heat and janitor service.

He also recommended that a clause be inserted in the lease that, if at any time during its existence the owners of property on the western side of the building should add additional stories to their building, or erect a new building, which would close the windows on either or both of the floors leased, thereby cutting off the light necessary for the work of the Board, that from and after such closing the lease should be null and void.

Letter dated February 28, 1907, was received from the Comptroller in relation to writs of execution against salaries of employees of The City of New York, asking co-operation in the matter should the Board's employees at any time have such writs filed with his Department. Read and ordered on file.

Communication No. 605, from the Chief Engineer, in relation to automobile service at Northern Aqueduct Department Headquarters, was taken from the table and referred to Commissioners Chadwick and Shaw for action.

The following weekly financial statement was read and ordered placed on file:

Weekly report of Chief Engineer, dated March 5, 1907, read and ordered on file. Communication No. 638 was received from the Chief Engineer, with reference to the estimated cost of carrying out Agreement No. 25, with John J. Walsh; and on motion, it was

Resolved, That the estimated cost of carrying out Agreement No. 25, with John J. Walsh, Croton-on-Hudson, N. Y., for making test pits along the site of the proposed Peekskill Division of the Catskill Aqueduct, between Hunter's brook and Garrison tunnel, in Putnam and Westchester counties, New York, be and is hereby increased to \$2,500.

Communication No. 644 was received from the Chief Engineer, with reference to Agreement No. 24, with Roy S. Barker; and, on motion, it was

Resolved, That Agreement No. 24, with Roy S. Barker, for making core borings in Orange County, New York, be and is hereby cancelled, this cancellation to take effect March 13, 1907.

Communication No. 640 was received from the Chief Engineer, with reference to making test borings in Peekskill Valley; and, on motion, it was

Resolved, That agreement, in triplicate, be executed with J. W. Randall, White Plains, New York, for making test borings in Peekskill Valley, Westchester and Putnam counties, New York, the Board of Water Supply to pay for same at the rate of \$8 per linear foot for every foot of depth bored below the top surface of the earth, water or exposed rock.

Communication No. 645 was received from the Chief Engineer, with reference to making test borings in Orange County, New York; and, on motion, it was

Resolved, That agreement, in triplicate, be executed with George M. Lyon, Poughkeepsie, N. Y., for making test borings in Orange County, New York, the Board of Water Supply to pay for same as follows:

Item 1. For the first 100 feet of each hole bored below the top surface of the earth, water or exposed rock, \$6 per linear foot.

Item 2. For the second 100 feet of each hole bored below the top surface of the earth, water or exposed rock, \$6.50 per linear foot.

Item 3. For the third 100 feet of each hole bored below the top surface of the earth, water or exposed rock, \$7 per linear foot.

Item 4. For the fourth 100 feet of each hole bored below the top surface of the earth, water or exposed rock, \$7.50 per linear foot.

Item 5. For the fifth 100 feet of each hole bored below the top surface of the earth, water or exposed rock, \$8 per linear foot.

Item 6. For the sixth 100 feet of each hole bored below the top surface of the earth, water or exposed rock, \$8.50 per linear foot.

Item 7. For every additional foot in excess of 600 feet below the top surface of the earth, water or exposed rock, \$8 per linear foot.

Communication No. 647 was received from the Chief Engineer, transmitting bill of John McCauley, amounting to \$425, for alleged damage done to property in the towns of Olive and Marletown, N. Y., during drilling and boring work of the Board at Tongore dam site; also transmitting copy of report from Carleton E. Davis, Department Engineer, concerning this claim. On motion, this matter was referred to Commissioner Chadwick for investigation and report.

Communication No. 639 was received from the Chief Engineer, transmitting bill of Clarence Frame, amounting to \$10, for expert services in securing "releases of way" for experimental tunnels into the Shawangunk mountains, from Esther Burke and Mary Countryman; and, on motion, it was

Resolved, That Clarence Frame, Stone Ridge, N. Y., be paid the sum of ten dollars (\$10), for expert services in securing "releases of way" for experimental tunnels into the Shawangunk mountains, from Esther Burke and Mary Countryman.

On motion, the Board adjourned.

THOS. HASSETT, Secretary.

No. 124.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred thousand dollars (\$100,000) to provide means for the construction and equipment of a steamboat for the use of the Department of Correction.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 15, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred thousand dollars (\$100,000), for the purpose of providing means for the construction and equipment of a steamboat for the use of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to the purposes aforesaid."

Received in the Board of Aldermen, February 19, 1907, and referred to the Committee on Finance. March 19, 1907, by said Committee reported to the Board and made Special Order for the next meeting at 2 o'clock p. m.

April 3, 1907, the Board of Aldermen having failed to pass upon the proposition within six weeks after the same was received, either by an affirmative or by a failure of a majority of all the members of the Board of Aldermen to vote against the same, therefore, in accordance with the provisions of section 48 of the Greater New York Charter, the proposition is deemed to be passed.

Dated April 3, 1907.

Approved by the Mayor, April 4, 1907.

P. J. SCULLY, City Clerk.

DEPARTMENT OF FINANCE.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street and avenue, in the BOROUGH OF MANHATTAN:

TWELFTH WARD, SECTION 8.

WEST ONE HUNDRED AND EIGHTY-SEVENTH STREET—OPENING, from Amsterdam avenue to New street, bounding High Bridge Park. Confirmed March 21, 1907; entered April 4, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and distant one hundred (100) feet westerly from the westerly line of Wadsworth avenue with the westerly prolongation of the middle line of the blocks between West One Hundred and Eighty-seventh street and West One Hundred and Eighty-eighth street; running thence easterly along said westerly prolongation and the middle line of the blocks between West One Hundred and Eighty-seventh street and West One Hundred and Eighty-eighth street with its easterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet easterly from the easterly line of New avenue; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the blocks between West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street; thence westerly along said easterly prolongation and the middle line of the blocks between West One Hundred and Eighty-sixth street and West One Hundred and Eighty-seventh street and its westerly prolongation to its intersection with a line parallel to and distant one hundred (100) feet westerly from the westerly line of Wadsworth avenue; thence northerly along said last-mentioned parallel line to the point or place of beginning.

VERMILYEA AVENUE—OPENING, from Dyckman street to West Two Hundred and Eleventh street. Confirmed March 21, 1907; entered April 4, 1907. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and distant two hundred (200) feet west of the westerly line of Dyckman street and the westerly prolongation of the middle line of the blocks between Broadway and Vermilyea avenue; running thence easterly along said westerly prolongation and middle line and its easterly prolongation to its intersection with a line parallel to and distant one hundred (100) feet east of the easterly line of West Two Hundred and Eleventh street; thence southerly along said parallel line to its intersection with the easterly prolongation of the middle line of the blocks between Vermilyea avenue and Sherman avenue; thence westerly along said easterly prolongation and middle line and its westerly prolongation to its intersection with a line parallel to and distant two hundred (200) feet west of the westerly line of Dyckman street; thence northerly along said last-mentioned parallel line to the point or place of beginning.

The above-entitled assessments were entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments it shall be the duty of the officer authorized to collect and receive the amount of such assessments to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before June 3, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing upon land described as follows, in the Borough of Manhattan:

Beginning at a point formed by the intersection of the easterly line of Amsterdam avenue with the northerly line of West Sixty-fifth street and running thence easterly along the northerly line of West Sixty-fifth street 100 feet to the westerly line of the lands belonging to The City of New York; thence northerly along the westerly line of the said lands of The City of New York 100 feet 5 inches; thence westerly and parallel with West Sixty-fifth street 100 feet to the easterly line of Amsterdam avenue; thence southerly along the easterly line of Amsterdam avenue 100 feet 5 inches to the northerly line of West Sixty-fifth street, the point or place of beginning.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held March 13, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, APRIL 10, 1907,

at 11 a. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately, cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls, shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping, shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CONTRACT No. 7.
FOR WORK AND MATERIALS FOR ERECTION AND COMPLETION OF THE INTERIOR FINISH IN THE NEW YORK PUBLIC LIBRARY

of filling in the area in the rear of the bulkhead wall at the Thirty-ninth Street Ferry terminal, Borough of Brooklyn, as is above more fully described, and as shown on a map to be seen in the office of the Engineer-in-Chief, which map makes part of this agreement.

In the estimated amount given the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

The purchaser shall furnish all labor and planking to properly trim the surface of the filling as directed by the Engineer and in accordance with the following specifications:

The work of filling will be ordered begun as soon as the bulkhead wall is completed, and all the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the bulkhead wall; at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall or close row of piles.

That part of the filling under the temporary approach at the north side of the area to be filled may not be done until the approach is removed by the Department of Docks and Ferries, which work will be done when sufficient filling has been placed to give another approach to the ferry along the south side of the basin.

All material must be dumped and filled in only in such manner at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

During the progress of the work the Department reserves the right to deposit within the area the ashes from the ferry boats and ferry house, in amount not exceeding 25 cubic yards per day; this material to be deposited on any part of the area, and the purchaser is to receive no compensation for such filling, but is to consider the same in making up his bid.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Riprap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work or any part of it is ready to be begun, after which not less than 500 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within 366 calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed, unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of the filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

Dated The City of New York, April 2, 1907.

JOHN A. BENSEL,
Commissioner of Docks.

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon, on,

THURSDAY, APRIL 11, 1907,

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT AT THE FERRY TERMINAL AT CANAL STREET, STAPLETON, BOROUGH OF RICHMOND.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area in rear of the platform at the ferry terminal at Canal street, Stapleton, Borough of Richmond, which area is bounded on the north and east by the bulkhead wall recently built or to be built; on the west by the east line of Front street, and on the south by the riprap embankment recently built along the north side of the new pier at the foot of Canal street, the crib bulkhead and a line drawn about 97 feet north of and parallel to the north line of Canal street, which line is the south boundary of City property. The filling shall be brought to a grade level with the top of the bulkhead wall over the entire area, except where it is necessary to slope the filling down to the limiting lines.

It is estimated that the above-described limits inclose a basin to be filled in under this agreement whose cubical contents (net) amounts to about 19,000 cubic yards.

Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling in the area in the rear of the bulkhead at the ferry terminal at Canal street, Stapleton, as is above more fully described.

In the estimated amount given the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by the examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

The purchaser shall furnish all labor and planking, if necessary, to properly trim the surface of the filling to the required grade, as directed by the Engineer, and in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 40 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

During the progress of the work the Department reserves the right to deposit within the area the ashes from the ferryboats and ferry house, in amount not exceeding twenty cubic yards per day; this material to be deposited at any part of the area, and the purchaser is to receive no compensation for such filling, but is to consider the same in making up his bid.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications, it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Riprap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the top of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work or any part of it is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within 200 calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of the filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated at the NORTHEAST CORNER OF CHERRY AND OLIVER STREETS, in the Borough of Manhattan, duly selected as a site for a public bath, according to law.

WE, THE UNDERSIGNED COMMISSIONERS OF Estimate and Appraisal in the above-entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Estimate and Apportionment of The City of

New York, Room 805, No. 277 Broadway, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Saturday, April 6, 1907, file their objections, in writing, with us at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in the City of New York, and we, the said Commissioners, will hear parties so objecting at our said office on the 22d day of April, 1907, at 1 o'clock in the afternoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, April 5, 1907.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of LANE AVENUE, between Westchester avenue and the West Farms road, with the public place bounded by Lane avenue, West Farms road and Westchester avenue, and of Westchester avenue, between Main

street or West Farms road and the Eastern Boulevard, at Pelham Bay Park, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court House, in the Borough of Manhattan, in the City of New York, on Friday, the 12th day of April, 1907, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment, one of whom shall be designated as a Commissioner of Assessment. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Lane avenue, between Westchester avenue and the West Farms road, with the public place bounded by Lane avenue, West Farms road and Westchester avenue; and of Westchester avenue, between Main street or West Farms road and the Eastern Boulevard, at Pelham Bay Park, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, piece or parcel of land, viz.:

Beginning at a point on the westerly line of West Farms road (as the same is now being legally acquired) at the southerly termination of a curve of 350 feet radius;
 1. Thence easterly on the prolongation of the radius of said curve drawn through said southerly point and also along the westerly line of said West Farms road for 146.881 feet;
 2. Thence southeasterly still along said westerly line of said West Farms road for 236.013 feet to the western line of Westchester avenue;
 3. Thence southeasterly along last-mentioned line for 610.732 feet;
 4. Thence northeasterly curving to the left on the arc of a circle of 300 feet radius and tangent to the preceding course for 221.50 feet;
 5. Thence northerly on a line tangent to the preceding course for 394.973 feet to the point of beginning.

Westchester Avenue.

Beginning at a point in the northern line of West Farms road (as the same is being legally acquired), distant 70.292 feet easterly from the western extremity of a curve of 344.657 feet radius;

1. Thence easterly curving to the left on the arc of a circle of 344.657 feet radius and along the northern line of said West Farms road for 230.244 feet;
 2. Thence easterly still along the northern line of said West Farms road and tangent to the preceding course for 17.349 feet;
 3. Thence northerly deflecting 82 degrees 43 minutes to the left for 65.359 feet;
 4. Thence northeasterly deflecting 60 degrees 14 minutes to the right for 1,368.074 feet;
 5. Thence northeasterly deflecting 11 degrees 33 minutes 10 seconds to the left for 1,950.67 feet;
 6. Thence northeasterly deflecting 19 degrees 35 minutes to the right for 198.76 feet;
 7. Thence northerly deflecting 38 degrees 54 minutes to the left for 837.068 feet;
 8. Thence northerly deflecting 13 degrees 0 minutes 20 seconds to the left for 799.854 feet;
 9. Thence northerly deflecting 23 degrees 38 minutes 25 seconds to the right for 150 feet;
 10. Thence northeasterly deflecting 23 degrees 38 minutes 25 seconds to the right for 620.987 feet;
 11. Thence southeasterly deflecting 53 degrees 22 minutes 20 seconds to the right for 120 feet to the western line of the Eastern Boulevard;
 12. Thence northerly along the western line of the Eastern Boulevard for 172.233 feet to the western line of Pelham Bay Park;
 13. Thence northerly along the western line of Pelham Bay Park for 176.677 feet;
 14. Thence westerly deflecting 77 degrees 50 minutes 55 seconds to the left for 30.688 feet;
 15. Thence southerly deflecting 58 degrees to the left for 164.703 feet;
 16. Thence southeasterly deflecting 42 degrees 9 minutes 5 seconds to the right for 806.40 feet;
 17. Thence southerly deflecting 47 degrees 16 minutes 50 seconds to the left for 914.093 feet;
 18. Thence southerly deflecting 13 degrees 0 minutes 20 seconds to the right for 607.262 feet;
 19. Thence southeasterly deflecting 19 degrees 19 minutes to the right for 2,300.852 feet;
 20. Thence southeasterly for 1,575.375 feet to the point of beginning.

Lane avenue and the public place are laid out on a map entitled "Map or plan showing the locating and laying out and the grades of West Farms road, from the New York, New Haven and Hartford Railroad to the Westchester creek, and of a public place near junction of Westchester avenue, prepared by the President of the Borough of The Bronx, under authority of chapter 466 of the Laws of 1901," which map was filed in the office of the President of the Borough of The Bronx on June 17, 1904, in the office of the Register of the City and County of New York, on June 15, 1904, as Map No. 1081, and in the office of the Counsel to the Corporation of The City of New York on or about the same date.

Westchester avenue is laid out on a map entitled "Map or plan showing the locating, laying out and the grades of Westchester avenue, from Main street to Eastern Boulevard, in the Twenty-fourth Ward, Borough of The Bronx, under authority of chapter 466 of the Laws of 1901," which map was filed in the office of the President of the Borough of The Bronx on May 24, 1906, in the office of the Register of the City and County of New York, on May 18, 1906, as Map No. 1122 B, in the office of the Counsel to the Corporation of The City of New York, on or about the same date, in pigeon-hole No. 1.

The lands to be taken for Lane avenue, the public place and Westchester avenue are located east of the Bronx river.

The Board of Estimate and Apportionment on the 11th day of January, 1907, duly fixed and determined the area of assessment for benefit in this proceeding, as follows:

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to MACOMB'S ROAD (although not yet named by proper authority), from its junction with Jerome avenue, opposite Marcy place, to Macomb's road north of East One Hundred and Seventieth street, in the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, in the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to

the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of April, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of April, 1907, at 1 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of April, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of East One Hundred and Sixty-ninth street with a line drawn parallel to and distant 100 feet northwesterly from the northwesterly line of Jerome avenue; running thence northeasterly along said last mentioned parallel line to its intersection with a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of Clarke place; thence northwesterly along said parallel line and its northwesterly prolongation to its intersection with the southerly prolongation of a line drawn parallel to and distant 100 feet westerly from the westerly line of that portion of Inwood avenue lying between Clarke place and Macomb's road; thence northerly along said prolongation and parallel line and its northerly prolongation to its intersection with the westerly prolongation of a line drawn parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Seventy-second street; thence easterly along said last mentioned prolongation and parallel line to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of Jerome avenue; thence southerly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet northerly from the northerly line of East One Hundred and Seventy-first street; thence easterly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of Walton avenue; thence southerly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southerly from the southerly line of Clarke place; thence westerly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet easterly from the easterly line of Gerard avenue; thence southerly along said parallel line to its intersection with a line drawn parallel to and distant 100 feet southerly from the southerly line of East One Hundred and Sixty-eighth street; thence westerly along said parallel line to the easterly line of River avenue; thence on a straight line to the point of intersection of the northwesterly line of Jerome avenue with a line drawn parallel to and distant 100 feet southwesterly from the southwesterly line of East One Hundred and Sixty-ninth street; thence northwesterly along said parallel line to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That, provided there be no objections filed to said supplemental and amended abstract, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan in The City of New York, on the 28th day of May, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said supplemental and amended abstract of estimate of assessment for benefit, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

the Borough of Manhattan, in The City of New York, on or before the 15th day of April, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 17th day of April, 1907, at 1 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 16th day of April, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Seventy-fourth street with the middle line of the blocks between Bryant street and Vyse street; running thence northeasterly along said middle line of the blocks to its intersection with a line drawn through a point 300 feet southwesterly from the southeast corner of Boston road and Vyse street, on the southeasterly line of Vyse street and at right angles thereto; thence northwesterly along said right-angled line to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Vyse street; thence northeasterly along said parallel line and its prolongation to its intersection with a line parallel to and 100 feet northerly from the northerly line of Boston road; thence easterly along said last mentioned parallel line to its intersection with the southeasterly line of Vyse street; thence northeasterly along said southeasterly line of Vyse street and its northwesterly prolongation to its intersection with a line parallel to and 200 feet northeasterly from the northwesterly line of East One Hundred and Eighty-second street; thence southeasterly along said parallel line to its intersection with the prolongation of the northwesterly line of Boston road; thence southwesterly along said northwesterly line of Boston road and its prolongation into a line parallel to and 100 feet southeasterly from the southeasterly line of Longfellow street to the intersection of the latter with a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Seventy-sixth street; thence northwesterly along said parallel line to its intersection with the middle line of the blocks between Longfellow street and Bryant street; thence southwesterly along said middle line of the blocks to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Seventy-fourth street; thence northwesterly along said parallel line to the point or place of beginning; as such area is shown on the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened as shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to said supplemental and amended abstract, our supplemental and amended final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 2d day of May, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said supplemental and amended abstract of estimate of assessment for benefit, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 20, 1907.

SECOND SUPPLEMENTAL PROCEEDINGS.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

TOWNS OF SOUTHEAST AND CARMEL, PUTNAM COUNTY.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 499 of the Laws of 1883, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Ninth Judicial District, at the Court House in White Plains, Westchester County, N. Y., on May 18, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and the other two of whom shall reside in the county in which the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said act and the acts amendatory thereof and relating thereto, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate sought to be taken is situated in the Towns of Carmel and Southeast, in the County of Putnam and State of New York.

The following is a brief description of the real estate sought to be taken, a reference to the date and place of filing of the map.

All those tracts or parcels of land to be acquired in fee for the construction of the Croton Falls Reservoir (Reservoir K), as shown on a certain map entitled "Department of Water Supply, Gas and Electricity, Exhibit No. 2 of 1906, Property Map No. 1, of additional lands required for the construction of the Croton Falls Reservoir (Reservoir K) in the Towns of Carmel and Southeast, Putnam County, New York (Third Taking)," adopted by the Aqueduct Commissioners, October 30, 1906, and filed in the County Clerk's office at Carmel, November 16, 1906, which are bounded and described as follows:

First Tract—Beginning at a point in the Town of Carmel and County of Putnam, and in the boundary of lands of The City of New York, which point is the northeasterly corner of parcel No. 61 of said lands, and running thence along the boundary of said parcel of said lands, north 70 degrees 14 minutes west 604.7 feet; thence leaving the said boundary of said parcel of said lands, north 18 degrees 33 minutes east 160.7 feet; thence north 3 degrees 57 minutes west 739.0 feet; thence north 10 degrees 07 minutes west 675.6 feet; thence north 21 degrees 12 minutes west 771.7 feet; thence curving to the left with a radius of 262.0 feet, 202.5 feet; thence north 65 degrees 20 minutes west 617.7 feet; thence north 10 degrees 51 minutes east and crossing a brook 1,375.6 feet; thence north 43 degrees 18 minutes west 499.9 feet to a point in the boundary of lands of The City of New York; thence along the said boundary of said lands the following courses and distances to the end: South 86 degrees 26 minutes east 262.6 feet; thence south 26 degrees 45 minutes east 1,022.1 feet; thence south 14 degrees 53 minutes east, again crossing the aforesaid brook, 886.4 feet; thence south 22 degrees 27 minutes east 2,228.7 feet; thence south 4 degrees 01 minute west 748.0 feet to the point or place of beginning, containing 45.834 acres, all in the Town of Carmel.

Second Tract—Beginning at a point on the easterly side of the west branch of Croton river and of Stoneleigh avenue, and on the southerly side of a road or highway leading from said avenue to Croton Falls, said point being the northwesterly corner of parcel No. 62 of lands of The City of New York, and running thence along the boundary of lands of The City of New York north 11 degrees 17 minutes east and crossing the aforesaid road or highway leading from Stoneleigh avenue to Croton Falls 701.2 feet to

NINTH JUDICIAL DISTRICT.

Westchester and Putnam Counties—Croton Falls Reservoir (Highways).

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York, under chapter 499 of the Laws of 1883 and the laws amendatory thereof and supplemental thereto, at a Special Term of the Supreme Court, in the Ninth Judicial District, to be held at the Court House in White Plains, in the County of Westchester, N. Y., on the 18th day of May, 1907, at the opening of the Court on that day, or as soon thereafter as counsel can be heard, for an order of the Court approving the highway system, as shown on the map hereinafter referred to, and permitting The City of New York to permanently discontinue the roads hereinafter described as roads to be discontinued and to construct the new roads hereinafter described, such new roads to be used as public highways forever.

A motion will also be made for the appointment of Commissioners of Appraisal, as required by said act and the acts amendatory thereof, to act as Commissioners of Appraisal and to ascertain the compensation to be made to the owners of and all persons interested in the real estate as the term "real estate" is defined in said act, laid out on said map, as proposed to be taken or affected for the purposes indicated by said act.

Said highway system, together with the roads to be discontinued and the new roads to be constructed by the City are shown on a map entitled "Department of Water Supply, Gas and Electricity, Exhibit No. 4 of 1906. NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State

of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court to be held in and for the Third Judicial District at the Court House in the City of Kingston, Ulster County, N. Y., on April 20, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said law and the acts amendatory thereof upon such Commissioners of Appraisal for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Olive, Ulster County, and is to be acquired for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster, and State of New York, shown on a map entitled "Reservoir Department. Section No. 2. Board of Water Supply of The City of New York. BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

INVITATION TO CONTRACTORS.

LEXINGTON AVENUE ROUTE.

THE CITY OF NEW YORK (HEREIN after called The City), acting by its Board of Rapid Transit Railroad Commissioners (hereinafter called the Board), contemplates building a rapid transit railroad along the routes described below. By this advertisement The City invites proposals to construct such railroad upon the routes and in accordance with the detailed plans and specifications adopted therefor. Such proposals may be submitted for any one or more of the eleven separate parts of which such railroad consists, as hereinafter stated.

The points within the City between which the said several parts of the said road are to run and the route or routes to be followed, are briefly as follows:

Section 5-O-3: This part of Section 5-O, as described in the routes and general plan, begins at Lexington avenue and One Hundred and Twenty-ninth street and runs southerly under Lexington avenue to a point about 50 feet north of One Hundred and Third street.

Section 5-O-2: Begins at the southerly end of Section 5-O-3, and runs southerly under Lexington avenue to a point about 50 feet north of Seventy-first street.

Section 5-O-1: Begins at the southerly end of Section 5-O-2, and runs southerly under Lexington avenue to a point between Forty-second and Forty-third streets, the southerly end of Section 5-O, as described in the routes and general plan.

Section 5-A: Begins at the southerly end of Section 5-O, as described in the routes and general plan, and runs thence under private property, Forty-second street and private property again to a point in Park avenue, between Thirty-eighth and Forty-first streets, at which a junction can conveniently be made with the existing subway.

Section 5-B: Begins at the northerly end of Section 5-O, above described, and runs thence northerly under the Harlem river to the Borough of The Bronx, where it continues under Third avenue and Morris avenue and then curves under private property to a point in One Hundred and Forty-ninth street, between Morris avenue and Cortlandt avenue, at which a junction can conveniently be made with the present subway.

Section 5-C-1: This part of Section 5-C, as described in the routes and general plan, begins at the northerly end of Section 5-O above described, and runs thence northerly under Lexington avenue and the Harlem river to the Borough of The Bronx, and then continues under Park avenue to One Hundred and Fifty-sixth street.

Section 5-C-2: This part of Section 5-C consists of a spur beginning at a point on the main line of the route of Section 5-C at Park avenue and One Hundred and Forty-ninth street, and runs under private property, One Hundred and Fifty-third street, Exterior street and Sedgwick avenue to the intersection of Sedgwick avenue and One Hundred and Sixty-fourth street.

Section 5-C-3: This part of Section 5-C consists of a loop beginning in the Borough of The Bronx at a point in Park avenue between One Hundred and Fifty-first and One Hundred and Fifty-second streets, and runs thence northwesterly and westerly under private property and connects with the spur Section 5-C-2 above described near the point where the centre line of said spur would intersect One Hundred and Fifty-first street if produced.

Section 5-D: This part of Section 5-D, as described in the routes and general plan, begins at the southerly end of Section 5-O, above described, in Lexington avenue, between Forty-second and Forty-third streets, and runs thence southerly under Lexington avenue to a point about half way between Thirty-sixth and Thirty-seventh streets, at which point the tracks will diverge into two branches. One of these branches will curve southwesterly under private property to Thirty-sixth street, and then run westerly under Thirty-sixth street, curving southerly into Fifth avenue, and then under Fifth avenue to a point where it will be rejoined by the second branch diverging as above stated. The second branch will run from the said point of divergence southerly and westerly under Lexington avenue and Thirty-fifth street to Fifth avenue, where it will rejoin the branch first above described at a point between Thirty-fourth and Thirty-fifth streets. From the last mentioned point the route of this section will run southerly under Fifth avenue along Madison square and into Broadway; thence southerly under Broadway to a point about half way between Seventeenth and Eighteenth streets.

Section 5-D-2: Begins at the southerly end of Section 5-D-3 and runs southerly under Broadway (passing under Union square) to a point about 50 feet north of Reade street.

Section 5-D-1: Begins at the southerly end of Section 5-D-2, and runs thence southerly under Broadway, Vesey street, Church street, Trinity place and Greenwich street to a suitable terminus under Battery Park.

The general plan of construction calls for a railroad placed in subways or tunnels. The road is intended to be operated by electricity or some other power not requiring combustion within the tunnels, and the motor cars are intended to be capable of moving trains at a speed of not less than forty miles per hour for long distances, exclusive of stops.

For all of Sections 5-O-1, 5-O-2, 5-O-3 and 5-A there will be four tracks. For Section 5-B there will be two tracks. For Section 5-C-1 and Section 5-C-2, there will be two tracks. In the loop above described as Section 5-C-3, there will be four tracks as far south as the point between Thirty-sixth and Thirty-seventh streets, where the line diverges as above described; there will be two tracks from the point of divergence through Thirty-sixth street and Fifth avenue to the point where the lines reunite and two tracks from the point of divergence through Lexington avenue and Thirty-fifth street to the point in Fifth avenue where the lines reunite, and for the remainder of the distance southerly under Fifth avenue and Broadway there will be four tracks. For Section 5-D-2 there will be four tracks to the Chambers street station. South of the Chambers street station southerly under Broadway, Vesey street, Trinity place and Greenwich street there will be two tracks. Additional tracks for terminal purposes are to be constructed under Battery place and Battery Park. Suitable stations, as shown on the plans, together with cross-overs, turnouts and sidings, as may be necessary, are to be provided.

The tracks are to be of standard gauge. The tunnels are to have a height of not less than 13 feet in the clear, and a maximum width of 15 feet for each track, except at stations, curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of streets as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings as well as where approaching the Harlem river. The roof and sides of the tunnels will be of iron or steel and masonry.

Entrances to stations will in general be placed within private property, rights in which will be acquired for the purpose.

Construction is to be generally carried on by means of tunnelling or excavation under cover, except as may be otherwise specially provided in the contract, or in places where the Board shall give express permission to construct by open excavation. In the City Hall Park, Battery Park or other places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction are to be replaced by the contractor under the direction and to the satisfaction of said Department.

The Board has included in the detailed plans for construction, provisions for pipe galleries through and along the principal longitudinal streets of all portions of the route except Sections 5-A and 5-C-3. Bids for the construction of the railroad on any one or more of these sections must be accompanied by bids for the construction of the pipe galleries appurtenant to such section or sections; and if not so accompanied will not be considered by the Board. The Board reserves the right to accept a bid for the construction of any section of the railroad and at the same time to reject the accompanying bid for pipe galleries.

The Board has also included in the detailed plans for construction, provisions for third tracks in Thirty-fifth and Thirty-sixth streets, and for two additional tracks under Greenwich street, Battery place and Battery Park south of Morris street, and additional station and terminal facilities in Battery Park. Such additional tracks and facilities are intended ultimately to form part of other railways heretofore duly authorized and approved. Bids for the construction of Sections 5-D-3 and 5-D-1 must be accompanied by separate bids for the construction of such additional tracks and station and terminal facilities; and if not so accompanied will not be considered by the Board.

If proposals satisfactory to the Board are received for the construction of one or more of the several parts of the road as above described, the Board may contract (subject to the approval of the Board of Estimate and Apportionment as provided by law) for those parts for which satisfactory proposals are received, reserving the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

A fuller description of the said routes is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

The words "the railroad" wherever used hereafter in this invitation are to be construed to mean the part or parts included in any contract entered into in pursuance hereof.

Payments to the contractor for construction will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries and the additional tracks and terminal facilities above mentioned) is to be completed as soon as practicable, and within the periods mentioned in the form of contract.

Proposals may be submitted for construction alone; or, at the option of the bidder, for construction, equipment, maintenance and operation. In case a satisfactory proposal is received from any person, firm or corporation to construct, equip, maintain and operate the railroad, the contract will provide for maintenance and operation for a term of twenty years, and for a renewal thereof for a further term of twenty years from the expiration of the original term, all as stated in the form of contract; the contractor to pay an annual rental for the use of the railroad which shall be ascertained as stated in the form of contract and which shall begin as soon as any portion of the railroad shall be declared by the Board to be ready for operation.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, AT NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 25, 1907,

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals shall be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Bidders shall specify separately in their proposals the amounts for which they will construct each separate part as described above; the amounts for which they will construct pipe galleries; and the amounts for which they will construct the additional tracks and station and terminal facilities above mentioned if they bid on Section 5-D-1 or 5-D-3. They may, however, make their bid for any one section of this proposed railroad conditional upon either the acceptance or rejection of their bid for any one or more of the other sections which they shall specify, or upon the acceptance or rejection of their bids for any other rapid transit railroad construction submitted by them at the same time.

The price stated for the construction of each separate part shall include the furnishing of all materials and the performance of all labor requisite to the complete construction of such part, including all sewer and street construction

and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

Bidders who submit proposals to construct and also equip, maintain and operate the railroad must specify in their proposals, in addition to the matters hereinbefore contained, the following:

(A) An estimate of the cost of the equipment of the railroad upon which the proposal is based. The word "equipment" includes motors, cars, machinery, power houses, all real estate upon which any such power houses shall stand, rails, ties, ballast, telephone and telegraph appliances, and other real and personal property as specified in the form of contract. Such equipment is to remain the property of the contractor, but will be subject to a lien of the City to secure performance by the contractor of all the obligations of the contract, including the payment of rental under the lease during its entire term and during any extension thereof.

(B) The maximum fare (not to exceed 5 cents) which will be charged a single passenger for a continuous ride over the whole or any part of the railroad.

(C) What transportation facilities over railways connecting or to connect with the rapid transit railroad the contractor will assure to the City, specifying separately in Schedule "A," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding 5 cents without change of cars; in Schedule "B," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding 5 cents, but with or without change of cars at the option of the contractor, and in Schedule "C," forming part of the proposal, the connecting lines over which a continuous trip shall be assured to passengers with or without change of cars at the option of the contractor, for fares exceeding 5 cents per trip but within limitations to be specified.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest and award a contract or contracts accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law. If any part or parts of the road are not contracted for, the Board reserves the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

The award of the contract or contracts (if awarded) will be made by the Board within fifteen days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract the contractor will be required to furnish security to the City as follows:

(1) By depositing in cash or approved securities for each part of the road for which the contract is made the following amounts, viz.:
For Section 5-O-1..... \$125,000 00
For Section 5-O-2..... 125,000 00
For Section 5-O-3..... 125,000 00
For Section 5-A..... 25,000 00
For Section 5-B..... 150,000 00
For Section 5-C-1..... 100,000 00
For Section 5-C-2..... 50,000 00
For Section 5-C-3..... 5,000 00
For Section 5-D-1..... 150,000 00
For Section 5-D-2..... 150,000 00
For Section 5-D-3..... 150,000 00

If the contract covers two or more parts of the road, the deposit shall be the aggregate of the deposits required in respect of each of the several parts contracted for.

(2) By giving a bond in a penalty equal to the amount of the deposit as above required. At the option of the contractor, cash or approved securities may be deposited instead of giving a bond.

If securities are deposited for any purpose under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. Bonds must be in one of the forms annexed to the form of contract.

In addition, and as further security to the City, 10 per cent. of each amount certified from time to time to be due to the contractor will be retained until the railroad is completed.

Each bidder must state in his proposal the names and places of business of the proposed sureties on the bond proposed to be given, and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board shall give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders, and without abatement by reason of any increase of rental which such excess may produce to the City.

Every proposal must, when submitted, be enclosed in a sealed envelope indorsed "Proposal for Constructing Rapid Transit Railroad (Lexington Avenue Route) Sections—", and must be delivered to the Board or to its secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposals will be received or deposited unless accompanied by a certified check drawn upon a National or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for an amount equal to ten per cent. of the deposit above required to be made upon the delivery of a contract for construction of the section or sections of the proposed Rapid Transit Railroad to which such proposal relates.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail with-

in ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and make the deposit in cash or securities, and to execute and deliver the bond with sureties, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure, and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be inclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK.

*This section will not be contracted for at present if a contract for Section 5-D-3 is let.

INVITATION TO CONTRACTORS.

SEVENTH AND EIGHTH AVENUE AND JEROME AVENUE SUBWAY ROUTES.

THE CITY OF NEW YORK (HEREIN after called The City), acting by its Board of Rapid Transit Railroad Commissioners (hereinafter called the Board), contemplates building a rapid transit railroad along the routes described below.

By this advertisement The City invites proposals to construct such railroad upon the routes and in accordance with the detailed plans and specifications adopted therefor. Such proposals may be submitted for any one or more of the fifteen separate parts of which such railroad consists as hereinafter stated. The points within the City between which the said several parts of the said road are to run, and the routes to be followed, are briefly as follows, beginning at the southerly end of the said routes and continuing to the northerly end thereof:

Section 4-D-1: Begins at a terminal under the Battery Park and then runs northerly under Greenwich street to a point thirty feet north of the northerly side of Morris street.

Section 4-D-2: Begins at the northerly end of Section 4-D-1 and runs northerly under Greenwich street and West Broadway to the centre line of Chambers street. This section will also include what is designated as the Barclay street loop.

Section 4-C: Begins at the northerly end of Section 4-D-2 and runs northerly under West Broadway to West Fourth street.

Section 4-B: Begins at the northerly end of Section 4-C and runs under Washington square to the intersection of Waverley place and Macdougall street and then under private property to Sixth avenue near the corner of Clinton place and then under Greenwich avenue to West Eleventh street. It then passes under private property to a point near the corner of Seventh avenue and West Twelfth street and continues northerly under Seventh avenue to a point about half way between Twenty-fifth and Twenty-sixth streets.

Section 4-O-1: Begins at the northerly end of Section 4-B and runs northerly under Seventh avenue to the southerly line of Fortieth street.

Section 4-O-2: Begins at the northerly end of Section 4-O-1 and runs northerly to the northerly side of Forty-third street, passing under the existing subway.

Section 4-O-3: Is an alternative for Section 4-O-2. It begins at the northerly end of Section 4-O-1 and runs northerly so as to afford a suitable connection extending under Seventh avenue at Broadway or Times square to a point near Forty-third street, where a junction can be made with the existing subway.

Section 4-A: Begins near the intersection of the centre line of Seventh avenue with the northerly line of Forty-third street at the northerly end of Section 4-O-2, above described, and runs thence northerly under Seventh avenue to the Central Park, and thence under the Central Park to Central Park West, near the intersection of Sixty-second street.

Section 4-AA-1: Begins at the northerly end of Section 4-A and runs thence under Central Park West to about the centre of the Plaza at the intersection of Central Park West with One Hundred and Tenth street.

Section 4-AA-2: Begins at the northerly end of Section 4-AA-1 and runs northerly under Eighth avenue to a point between One Hundred and Forty-ninth and One Hundred and Fiftieth streets. It then runs under Macomb's lane to One Hundred and Fifty-third street and forms a loop under One Hundred and Fifty-fourth street and private property coming back to Eighth avenue. It also includes a spur running northerly along Eighth avenue to a point about half way between One Hundred and Fifty-fourth and One Hundred and Fifty-fifth streets.

Section 15-A: Begins at the northerly end of Section 4-AA-2 and runs thence northeasterly under Eighth avenue and private property to and under the Harlem river, and under private property in the Borough of The Bronx to a point under One Hundred and Sixty-second street west of Ogden avenue. It then continues easterly under One Hundred and Sixty-second street and private property to a point in the westerly side of Jerome avenue about opposite its intersection with the centre line of One Hundred and Sixty-fourth street produced, and thence continues under Jerome avenue to a point about half way between One Hundred and Sixty-fourth and One Hundred and Sixty-fifth streets.

Section 15-AA-1: Begins at the northerly end of Section 15-A and runs northerly under and along Jerome avenue to a point about half way between One Hundred and Eighty-fourth street and Fordham road.

Section 15-AB-1: Begins at the northerly end of Section 15-AA-1, and runs northerly under Jerome avenue to the point of junction of Jerome avenue with Woodlawn road, opposite the Woodlawn Cemetery.

Sections 4-H-1 and 4-H-2 hereinafter described are alternatives for Sections 4-C, 4-B, 4-O-1, 4-O-2, 4-O-3 and 4-A above mentioned. If the said last mentioned sections, or any of them, are contracted for, Sections 4-H-1 and 4-H-2 will not be included in the contract for which proposals are now invited.

Section 4-H-1: Begins at the northerly end of Section 4-D-2 above described and runs northerly under Hudson street to a point between Eleventh street and Bank street, and then under Eighth avenue to the northerly line of Twenty-third street.

Section 4-H-2: Begins at the northerly end of Section 4-H-1 and runs northerly under Eighth avenue and Central Park West to the point near the intersection of Sixty-second street at which the northerly end of Section 4-A above described is located.

The general plan of construction calls for a railroad placed in subway or tunnels. The road is intended to be operated by electricity or some other power not requiring combustion within the tunnels, and the motors are intended to be capable of moving trains at a speed not less than forty miles per hour for long distances, exclusive of stops. There will be four tracks from the terminal in Battery Park to about One Hundred and Fiftieth street. There will be two tracks in the Macomb's lane loop and two tracks from One Hundred and Fiftieth street and Eighth avenue northerly under the Harlem river and Jerome avenue.

There will be a single-track loop constituting a part of Section 4-D-2 which will begin under West Broadway at a point near Murray and Warren streets and then pass under private property, Greenwich street and Barclay street to a point near the northwest corner of West Broadway and Barclay street.

Suitable stations as shown on the detailed plans, together with crossovers, turnouts and sidings as may be necessary, are also to be provided.

The tracks are to be of standard gauge. The tunnels are to have a height of not less than 13 feet in the clear, and a maximum width of 15 feet for each track, except at stations, curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of streets as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings as well as where approaching the Harlem river. The roof and sides of the tunnels will be of iron or steel and masonry.

Entrances to stations will in general be placed within private property, rights in which will be acquired for the purpose.

Construction is to be generally carried on by means of tunnelling or excavation under cover, except as may be otherwise specially provided in the contract, or in places where the Board shall give express permission to construct by open excavation. In Battery Park, Washington square and Central Park, or other places under the jurisdiction of the Department of Parks, all trees injured or destroyed in the course of construction are to be replaced by the contractor under the direction and to the satisfaction of said Department.

The Board has included in the detailed plans for construction, provisions for pipe galleries through and along the principal longitudinal streets except in those portions described above as Section 15-A and a part of Section 4-O-2.

Bids for the construction of the railroad on any one or more of these sections must be accompanied by bids for the construction of the pipe galleries appurtenant to such section or sections; and if not so accompanied will not be considered by the Board. The Board reserves the right to accept a bid for the construction of any section of the railroad and at the same time to reject the accompanying bid for pipe galleries.

If proposals satisfactory to the Board are received for the construction of one or more of the several parts of the road as above described, the Board may contract (subject to the approval of the Board of Estimate and Apportionment as provided by law) for those parts for which satisfactory proposals are received, reserving the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

A fuller description of the said routes is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

The words "the railroad" wherever used hereafter in this invitation are to be construed to mean the part or parts included in any contract entered into in pursuance hereof.

Payments to the contractor for construction will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries and the additional tracks and terminal facilities above mentioned) is to be completed as soon as practicable, and within the periods mentioned in the form of contract.

Proposals may be submitted for construction alone; or, at the option of the bidder, for construction, equipment, maintenance and operation.

In case a satisfactory proposal is received from any person, firm or corporation to construct, equip, maintain and operate the railroad, the contract will provide for maintenance and operation for a term of twenty years, and for a renewal thereof for a further term of twenty years from the expiration of the original term, all as stated in the form of contract; the contractor to pay an annual rental for the use of the railroad which shall be ascertained as stated in the form of contract and which shall begin as soon as any portion of the railroad shall be declared by the Board to be ready for operation.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 25, 1907,

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals shall be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and

without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

Bidders shall specify separately in their proposals the amounts for which they will construct each separate part as described above; and the amounts for which they will construct pipe galleries. They may, however, make their bid for any one section of this proposed railroad conditional upon either the acceptance or rejection of their bid for any one or more of the other sections which they shall specify, or upon the acceptance or rejection of their bids for any other Rapid Transit Railroad construction submitted by them at the same time.

The price stated for the construction of each separate part shall include the furnishing of all materials and the performance of all labor requisite to the complete construction of such part, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

Bidders who submit proposals to construct and also to equip, maintain and operate the railroad, must specify in their proposals in addition to the matters hereinbefore contained, the following:

(A) An estimate of the cost of the equipment of the railroad upon which the proposal is based. The word "equipment" includes motors, cars, machinery, power houses, all real estate upon which any such power houses shall stand, rails, ties, ballast, telephone and telegraph appliances, and other real and personal property as specified in the form of contract. Such equipment is to remain the property of the contractor, but will be subject to a lien of the City to secure performance by the contractor of all the obligations of the contract, including the payment of rental under the lease during its entire term and during any extension thereof.

(B) The maximum fare (not to exceed five cents) which will be charged a single passenger for a continuous ride over the whole or any part of the railroad.

(C) What transportation facilities over railways connecting or to connect with the Rapid Transit Railroad the contractor will assure to the City, specifying separately in Schedule A, forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding five cents without change of cars; in Schedule B, forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers for a single fare not exceeding five cents, but with or without change of cars at the option of the contractor; and in Schedule C, forming part of the proposal the connecting lines over which a continuous trip shall be assured to passengers with or without change of cars at the option of the contractor, for fares exceeding five cents per trip but within limitations to be specified.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals as will in the judgment of the Board best promote the public interest and award a contract or contracts accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law. If any part or parts of the road are not contracted for, the Board reserves the right to make a separate contract or separate contracts thereafter for the remaining part or parts.

The award of the contract or contracts (if awarded) will be made by the Board within fifteen days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract, the contractor will be required to furnish security to the City as follows:

(1) By depositing in cash or approved securities for each part of the road for which the contract is made the following amounts, viz.:

For Section 4-D-1.....	\$25,000 00
For Section 4-D-2.....	50,000 00
For Section 4-C.....	100,000 00
For Section 4-B.....	100,000 00
For Section 4-O-1.....	50,000 00
For Section 4-O-2.....	20,000 00
For Section 4-O-3.....	20,000 00
For Section 4-A.....	100,000 00
For Section 4-AA-1.....	200,000 00
For Section 4-AA-2.....	200,000 00
For Section 15-A.....	60,000 00
For Section 15-AA-1.....	100,000 00
For Section 15-AB-1.....	100,000 00
For Section 4-H-1.....	200,000 00
For Section 4-H-2.....	175,000 00

If the contract covers two or more parts of the road, the deposit shall be the aggregate of the deposits required in respect of each of the several parts contracted for.

(2) By giving a bond in a penalty equal to the amount of the deposit as above required. At the option of the contractor, cash or approved securities may be deposited instead of giving a bond.

If securities are deposited for any purpose under this contract they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. Bonds must be in one of the forms annexed to the form of contract.

In addition, and as further security to the City, 10 per cent. of each amount certified from time to time to be due to the contractor will be retained until the railroad is completed.

Each bidder must state in his proposals the names and places of business of the proposed sureties on the bond proposed to be given, and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board shall give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by

new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders, and without abatement by reason of any increase of rental which such excess may produce to the City.

Every proposal must, when submitted, be enclosed in a sealed envelope indorsed "Proposal for Constructing Rapid Transit Railroad (Seventh Avenue Route, etc.). Sections —" and must be delivered to the Board or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposals will be received or deposited unless accompanied by a certified check drawn upon a national or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for an amount equal to 10 per cent. of the deposit above required to be made upon the delivery of a contract for construction of the section or sections of the proposed rapid transit railroad to which such proposal relates.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and make the deposit in cash or securities, and to execute and deliver the bond with sureties, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure, and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be included in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its Secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with.

NOTICE IS HEREBY GIVEN OF A PUBLIC hearing on the form of contract for the construction of that portion of the proposed Brooklyn-Manhattan loop lines lying in Centre street, between Canal and Broome streets, in the Borough of Manhattan, to be held on

THURSDAY, APRIL 11, 1907,
at 3 p. m., in the office of the Board, Room 401, No. 320 Broadway, New York.

Copies of draft of the said contract may be obtained at the office of the Board for ten cents each.

INVITATION TO CONTRACTORS.
(CENTRE STREET, FROM PEARL TO CANAL.)

THE CITY OF NEW YORK (HEREIN after called the City) acting by its Board of Rapid Transit Commissioners (hereinafter called the Board) contemplates building a certain Rapid Transit Railroad, known as Route No. 9, in Centre street (Manhattan) and other streets in the Boroughs of Manhattan and Brooklyn, including ultimately Delancey street, Grand street, Desbrosses street, Canal street and William street in Manhattan, and Fulton street, Lafayette avenue and Broadway in Brooklyn.

By this advertisement, the City invites proposals to construct that part of said Railroad which is situated in Centre street between Pearl street and Canal street, and in Walker street and Canal street between Centre street and Chrystie street, in accordance with the detailed plans and specifications adopted therefor.

The general plan of construction calls for a subsurface railroad. There will be four tracks in Centre street and two tracks in Walker street and Canal street, and provisions for spurs turning west into Canal street.

A station between Leonard and White streets will be constructed, and suitable cross-overs, turnouts and sidings are also to be provided, all as shown in the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the stations are intended to be placed within private property, rights in which will be acquired for the purpose.

The manner of construction shall be, in Centre street, by excavation under cover, and in Walker street and Canal street also by excavation under cover unless otherwise directed by the Board.

In the detailed plans for construction, provisions for pipe galleries through Centre street from Pearl street to Canal street are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Board reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

The price stated for railroad construction is to include the furnishing of all materials and the performance of all labor requisite to the complete construction of that part of the proposed railroad which is to be built under this contract, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein

referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty-one months from the date of delivery of the contract.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, No. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

THURSDAY, APRIL 11, 1907,
AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals must be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of Department, chief of Bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder, or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof.

No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals as will in the judgment of the Board best promote the public interest and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

The award of the contract or contracts (if awarded) will be made by the Board within ten days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of three hundred thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, 10 per cent. of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Each bidder must state in his proposal the names and places of business of the proposed sureties on the bond and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board will give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders.

Every proposal must, when submitted, be enclosed in a sealed envelope indorsed "Proposal for Constructing Rapid Transit Railroad—(Centre street, from Pearl to Canal)" and must be delivered to the Board or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a national or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for the sum of twenty-five thousand dollars.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and make the deposit in cash or securities, and to execute and deliver the bond with sureties, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding

the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be included in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its Secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with. CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held Friday, March 15, 1907, the following petition was received:

ALTERATIONS.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of the New York City Interborough Railway Company respectfully shows:

1. Your petitioner is a street surface railroad corporation duly organized and existing under the laws of the State of New York, and has duly made and filed, pursuant to section 13 of the Railroad Law, a survey, map and certificate of alterations or changes of the route of its road herein proposed.

2. Your petitioner desires to obtain from The City of New York, and hereby respectfully applies for its consent to and a grant of the franchise or right to use certain streets, roads, avenues, highways or public grounds within or belonging to The City of New York for the construction and operation in and upon the surface thereof of a double or single track surface railroad (including necessary connections, switches, sidings, turnouts, turntables, crossovers and suitable stands or other structures necessary for the accommodation and operation of said railroad by the overhead or other system of electricity or other motive power which may be lawfully used upon the same), as alterations or changes

of the route of its existing road for public use and conveyance of persons and property for compensation.

3. The following is a description of the said certain streets, roads, avenues, highways, driveways or public ground within or belonging to The City of New York in, through, upon and along which your petitioner desires to make such proposed alterations or changes in its route, to wit:

First Change—Beginning at the intersection of Kingsbridge road with Sedgwick avenue, at a point in Route No. 3, as described in the certificate of incorporation of the said New York City Interborough Railway Company, and extending thence northwardly on and along Sedgwick avenue to its intersection with Reservoir avenue; the said route as it winds and turns crosses the following highways, avenues, streets, public places, etc.: Kingsbridge road, Sedgwick avenue, East Two Hundred and Twenty-ninth street and Reservoir avenue. The said route to be in the place and stead of that portion of Route No. 1, which is described in the certificate of incorporation as extending from the intersection of Kingsbridge road and Reservoir avenue; thence northwardly on and along Reservoir avenue to Sedgwick avenue.

Second Change—Beginning at a point in Route No. 2, as described in the certificate of incorporation of the said New York City Interborough Railway Company, at the intersection of Tremont avenue and Rye avenue, and extending thence easterly on and along Tremont avenue to the intersection of Tremont avenue, Webster avenue, East One Hundred and Seventy-sixth street, Carter avenue and Burnside avenue; thence in a northerly direction on and along Webster avenue (petitioner to use the road and route of the Union Railway Company on Webster avenue) to the intersection of Webster avenue with East One Hundred and Eightieth street; the said route as it winds and turns crosses the following highways, avenues, streets, public places, etc.: Tremont avenue, East One Hundred and Seventy-sixth street, Carter avenue, Webster avenue, East One Hundred and Seventy-seventh street, East One Hundred and Seventy-eighth street, East One Hundred and Seventy-ninth street and East One Hundred and Eightieth street. The said route to be in the place and stead of that portion of petitioner's route described in petitioner's certificate of incorporation as extending from the intersection of Tremont avenue with Rye avenue; thence northwardly on and along Rye avenue to East One Hundred and Eightieth street; thence southeasterly on and along East One Hundred and Eightieth street to Webster avenue; also in place and stead of the altered or changed route described in the certificate of change of route filed in the office of the Clerk of the County of New York June 22, 1905, as follows: Extending in, through, upon and along Tremont avenue, from former Rye avenue to the intersection of Tremont avenue with East One Hundred and Seventy-sixth street, Carter avenue, Webster avenue and Burnside avenue; thence in a northerly direction in, through, upon and along Burnside avenue to its intersection with Valentine avenue, and thence in, through, upon and along Valentine avenue to its intersection with East One Hundred and Eightieth street; also in place and stead of the altered or changed route described in the certificate of change of route filed in the office of the Clerk of the County of New York April 25, 1905, as follows: Extending on and along Tremont avenue, from Rye avenue to the intersection of Tremont avenue with Valentine avenue; thence in a northerly direction on and along Valentine avenue to its intersection with East One Hundred and Eightieth street.

Third Change—Beginning at a point in Route No. 6, as described in the certificate of incorporation of the said New York City Interborough Railway Company, at the intersection of East One Hundred and Forty-ninth street with Cortlandt avenue, extending thence easterly on and along East One Hundred and Forty-ninth street to its intersection with St. Ann's avenue; thence northwardly on and along St. Ann's avenue to its intersection with East One Hundred and Fifty-sixth street; the said route as it winds and turns crosses the following highways, avenues, streets, public places, etc.: Cortlandt avenue, Third avenue, Melrose avenue, East One Hundred and Forty-ninth street, Bergen avenue, Brook avenue, East One Hundred and Fiftieth street, Westchester avenue, Rae street, Carr street, East One Hundred and Fifty-sixth street. The said route to be in the place and stead of that portion of Route No. 6, extending from the intersection of East One Hundred and Forty-ninth street and Cortlandt avenue, on and along Cortlandt avenue to East One Hundred and Fifty-sixth street; thence easterly on and along East One Hundred and Fifty-sixth street to its intersection with St. Ann's avenue.

All of said changed or altered routes are in the Borough of The Bronx.

4. Your petitioner proposes to operate the road to be constructed upon said altered and changed route by the overhead trolley system or by any other motive power other than locomotive steam power, which may be approved by the State Board of Railroad Commissioners and consented to by the owners of property bounded upon the same, as provided by law.

Wherefore your petitioner prays that public notice herein of the time and place when and where this application will be first considered be given, as required by the provisions of section 92 of the Railroad Law, and of all other laws applicable thereto, and that the desired consent or grant be embodied in the form of a contract with all the terms and conditions as to compensation and otherwise, in accordance with the provisions of the Greater New York Charter.

Dated at The City of New York, March 12, 1907.

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY,
ALFRED SKITT,
President.

Attest:
H. M. FISHER,
Secretary.

State of New York, County of New York, ss.: Alfred Skitt, being duly sworn, deposes and says that he is the President of New York City Interborough Railway Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge, except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that it is a corporation; that the deponent is an officer of said corporation, to wit, its President, and that the grounds of his information in regard to the matters stated in the foregoing petition, so far as the same are not within his personal knowledge, are statements made by officers or agents of the corporation to him as President thereof.

ALFRED SKITT.

Sworn to before me this 12th day of March, 1907.

CHARLES A. DANA,
Notary Public,
New York County.

State of New York, County of New York, ss.: On this 12th day of March, 1907, before me personally came Alfred Skitt, to me known, who, being by me duly sworn, did depose and say that he resided in the City of Yonkers, N. Y.; that he is President of the New York City Interborough Railway Company, the corporation described in and which executed the foregoing instrument; that he knew the seal of said corporation; that the seal affixed to the said instrument was such corporate seal; that it was so affixed by order of the Board of Directors of said corporation, and that he signed his name thereto by like order.

CHARLES A. DANA,
Notary Public,
New York County.

Whereas, The foregoing petition from the New York City Interborough Railway Company, dated March 12, 1907, was presented to the Board of Estimate and Apportionment at a meeting held March 15, 1907;

Resolved, That, in pursuance of law, this Board sets the day of the hearing on the petition at 10 o'clock in the forenoon, on the 19th day of April, 1907, in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Secretary.

New York, March 15, 1907.

And the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the New York City Interborough Railway Company, dated March 12, 1907, was presented to the Board of Estimate and Apportionment at a meeting held March 15, 1907;

Resolved, That, in pursuance of law, this Board sets Friday, the 12th day of April, 1907, at 10.30 o'clock in the forenoon and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
