PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY ON THURSDAY, MARCH 1, 1906.

There were present—Alexander E. Orr, President, presiding; John H. Starin, Vice-President; Mayor George B. McClellan, Comptroller Herman A. Metz and Commissioners Woodbury Langdon, Morris K. Jesup and John Claffin.

George L. Rives and Albert B. Boardman, Counsel; George S. Rice, Chief Engineer, and Alfred Craven, Deputy Chief Engineer, also were present.

E. S. Marvin, President, and H. G. Andrews, Vice-President, of the Flatbush Board of Trade, Brooklyn, and E. S. Piper, addressed the Board, requesting the laying out of an additional rapid transit line extending from the present proposed terminus in the vicinity of Ocean avenue and Clarkson street, in the Borough of Brooklyn, and running thence under Ocean avenue to Manhattan Beach and Coney Island. In response to a question of President Orr, the Vice-President of the Flatbush Board of Trade promised in behalf of that body that they would obtain the consents to such a line, provided it was laid out.

Mr. Boardman made a statement to the Board in regard to the progress of the work of obtaining consents for additional rapid transit lines.

Minutes of the meeting of the 8th of February were read and it was moved that they be approved.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon, Jesup and Claffin.

Nays—None.

Carried.

Alderman James C. Meyers addressed the Board, complaining that the subway north of One Hundred and Fifty-seventh street had not been opened for operation on the 1st of March, as it had been understood it would be.

The following letter was read, with a report of the Chief Engineer:

INTERBOROUGH RAPID TRANSIT COMPANY,
No. 23 NASSAU STREET,
NEW YORK, March 1, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIR—The extension of the west side line of the Rapid Transit Railway, under construction pursuant to contract between the City (acting by your Board) and Mr. John B. McDonald, dated February 21, 1900, as amended, from the One Hundred and Fifty-seventh street station to the Harlem Ship Canal is about completed and will be shortly ready for operation.

I therefore have to request that your Board will authorize the operation of that line from the One Hundred and Fifty-seventh street station to the Harlem Ship Canal from and after 6 o'clock a. m. on Monday, March 12, 1906, and the operation of this section by shuttle train service until the One Hundred and Sixty-eighth and One Hundred and Eighty-first street stations are ready for use.

Very respectfully yours,
(Signed) AUGUST BELMONT, President.

NEW YORK, March 1, 1906.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—Some time ago I was ordered by you to notify the Board as early as practicable as to the time when the Rapid Transit Railroad north of One Hundred and Fifty-seventh street would be ready for safe operation. I beg to inform you that the work is now in such a condition that it is possible to operate with safety trains as far as the Harlem Ship Canal.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

Mr. Rice said he knew of no reason why the road could not be operated after March 5. The following resolution was thereupon moved, it being understood that the Secretary would inform the Interborough Company that the Board would expect the road to be operated from and after March 5, 1906:

Resolved, That authority be and the same hereby is given to the Interborough Rapid Transit Company to open for operation on and after the 5th day of March, 1906, that portion of the Rapid Transit Railroad now under construction, pursuant to contract dated February 21, 1900, as amended, from One Hundred and Fifty-seventh street station to the Harlem Ship Canal, provided that no advertisements be displayed in the stations thereof until plans for the same be first submitted to and approved by this Board.

Ayes—The President, Vice-President, Mayor, Comptroller and Commissioners Langdon, Jesup and Claffin.

Nays—None.

Carried.

The Comptroller reported as to the matter of the coal conveyor and conduit of the Interborough Company connecting its power house with the North River at Fifty-eighth street, that that Company has no franchise for the conduit and conveyor, and that the whole matter had been turned over to the President of the Borough of Manhattan.

Requisition No. 28, Contract No. 2, was presented as follows:

Petition signed by practically all the merchants on the north side of Fulton street, Brooklyn, in the business section, was presented, complaining that the shaft of the contractor at the corner of DeKalb avenue and Fulton street was a serious obstruction and interference with the business of the merchants on that side of the street, and requesting that this obstruction be removed, with the following report of the Chief Engineer thereon:

NEW YORK, February 23, 1906.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR MR. ORR—Referring to the petition, herewith returned, received to-day with your letter of yesterday forwarded from Brooklyn, I beg leave to state that permission

by Mr. Parsons was given to the contractor, at the commencement of the work, to locate a shaft at the corner of DeKalb avenue and Fulton street. This shaft, located as it is, is a partial obstruction to pedestrians traveling on the north side of the street. Access is secured, however, if they wish to go through a narrow passageway between the cars, generally at rest, used by the contractor for dumping purposes and the street surface system, but if a person is timid a roundabout course, involving about 50 feet of travel, can be availed of by going to DeKalb avenue.

At the instigation of Mr. C. F. Jones, of Chapman & Co., one of the petitioners, I immediately visited the work in connection with the engineers in charge, including the Division Engineer, went over the whole subject, and made a detailed report, copy of which was sent to Mr. Jones. Notwithstanding this fact, a petition has been gotten up to have the situation attended to in accordance with Mr. Jones' suggestion.

The only way in which Mr. Jones' ideas can be carried out is by having the shaft and engine house moved. This would involve an expenditure of probably about \$1,000; but I do not see how the contractor could be called upon to incur this expense, inasmuch as he has received permission in the beginning to carry on his work in the manner prescribed, and the moving of the shaft would necessitate the lengthening of the arm of the boom of the derrick and increase the cost of handling all material so used by the shaft.

I recognize the fact that the rapid transit work is bound to be some inconvenience to the traveling public, but I think that in this particular case the grievance set forth in the petition is not as serious as it is assumed to be. The cause of trouble appears to be that on one side of the street the travel is greater than on the other, and that the obstruction at DeKalb avenue seems to increase this tendency.

Very truly yours,
(Signed) GEORGE S. RICE, Chief Engineer.

P. S.—I may add that the use of this shaft will be necessary until near the completion of the work, as all material along Flatbush avenue has to be taken out at this place. There is no doubt in my mind that the shaft will be necessary until next fall.

Commissioner Claflin suggested that possibly the business men on the north side of Fulton street would be willing to pay the expense of removal of the obstruction, and it was understood that the Chief Engineer would confer with the merchants on this subject.

Correspondence, as follows, was presented, between the President of the Board and the New York Connecting Railroad Company, together with report of the Committee on Plans and Contracts:

February 2, 1906.

SAMUEL REA, Esq., Vice-President, New York Connecting Railroad Company:

DEAR SIR—Since the last meeting of the Committee on Plans and Contracts, which you attended, when the proposed grant of a franchise to your company was discussed, the Committee have given very careful consideration to the subject of the compensation to be paid to The City of New York, the only subject remaining open between us.

The Committee are now prepared to make the following recommendations to the Board, viz.:

Your company to pay the sum of one hundred thousand dollars (\$100,000) as soon as you have obtained the consent of the Board of Estimate and Apportionment and (so far as may be necessary) the consents of property owners, or, in lieu thereof, the consent of the Appellate Division of the Supreme Court.

Your company, in addition, to make the following annual payments for the rights and privilege of crossing streets and other public property:

(A) The sum of \$100 a year for twenty-five years for the privilege of crossing the East river.

(B) The sum of \$25,000 a year for the first term of ten years and \$50,000 a year for the second term of fifteen years.

(C) The reasonable annual value of the use and occupation of Ward's and Randall's Islands, to be agreed upon with the Sinking Fund Commissioners, substantially in the manner and for the purposes provided in the certificate of June 23, 1904.

The above periods to begin to run not from the date of actual operation of the railroad, but from the date when the consents above mentioned are secured.

The period for readjustment of rentals to be twenty-five years from the date when the consents above mentioned are secured.

All payments made by the terms of this franchise to The City of New York to be considered as not in any manner in the nature of a tax, but to be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Inasmuch as all other terms and conditions have been in substance agreed on between yourself representing the New York Connecting Railroad on the one side and the Committee on Plans and Contracts representing the Rapid Transit Board on the other, I shall be much obliged if you will notify me in time for the meeting of this Board on Thursday next, the 8th inst., whether your company will accept the terms above set forth.

Very truly yours,
(Signed) A. E. ORR, President.

THE NEW YORK CONNECTING RAILROAD COMPANY,
No. 128 BROADWAY, NEW YORK,
February 5, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—I have your letter of the 2d inst., with respect to the proposed franchise to our company.

We greatly regret that your Committee should require any preliminary payment. No such payment was prescribed in the franchise granted by your Board in 1904; nor, so far as we know, has anything since occurred to make it just. It is without precedent, so far as we know, in any like grant of right to cross streets made in New York or in any other city of our country or of Europe. The New York Connecting Railroad Company would, however, accept the franchise with this requirement if other of its terms as suggested by your Committee should be withdrawn or modified, as follows:

It is impossible for us to surrender the right of the company to submit to the authorities its annual payments under the franchise whenever the value of the franchise is to be determined for taxation. So far as the railroad and other physical property of the company shall be concerned, the law permits the company no benefit by way of reduction in taxation or otherwise for such annual payments, and to this hardship the company must submit. But if the State of New York shall continue to tax franchises of this character at their value, it seems to us perfectly clear and quite reasonable that the annual burdens upon the franchise should be taken into consideration. I am advised that the Court of Appeals of New York has decided that such an allowance is lawful. The value of a franchise is in this respect precisely like the value of a leasehold—less if the charges be more and more if the charges be less. To prescribe such a discrimination against the Connecting Railroad Company would, I respectfully submit, be inconsistent with the theory of the law and quite unjust. The company cannot yield this point.

The annual payments proposed by the franchise granted by your Board in 1904 were then estimated to net to the City about \$9,500 a year for the first ten years, and, on the basis of the same trackage, \$19,000 a year for the next fifteen years, payments to begin upon completion of the railroad for operation. The payments of \$25,000 and \$50,000 proposed in your letter are, therefore, more than two and one-half times the former rates, and are to begin to run as soon as consents are granted, probably three years earlier than by former provision. We submit that nothing has taken place which makes proper any increase in those rates. They are still far beyond reasonable rental for the privileges granted at the present time or probably for the next twenty-five years. In view, however, of the natural preference of your Board that the annual payments shall be fixed amounts instead of on a per foot of trackage basis, and because the company would thus gain greater freedom to increase facilities upon its own lands or within the limits of the franchise, we will, though with earnest protest, submit to some increase of the former rates, but in no view can we consider reasonable rates higher than \$15,000 for the first ten years and \$25,000 for the next fifteen years. And if the franchise be granted us on these terms, we must ask, in view of our preliminary payment of \$100,000, that the annual payments shall not

begin until after a reasonable period without rental allowed for construction. We should be willing to have that period limited to two years after obtaining the requisite statutory consents. The time for completing construction will probably be about three years.

Very respectfully,
(Signed) SAMUEL REA, Vice-President.

February 9, 1906.

SAMUEL REA, Esq., Vice-President, New York Connecting Railroad Company:

DEAR SIR—I am in receipt of your letter of the 5th inst. in relation to the terms of the proposed franchise to your company, which I have laid before the Committee on Plans and Contracts of this Board.

The Committee, on full consideration, have determined not to insist upon the point that the annual payments under the franchise should not be considered in fixing the value of the franchise for purposes of taxation.

The Committee will also agree to your suggestion that the annual payments should begin two years after obtaining the requisite statutory consents.

With respect to the amount of the annual payments, the Committee must decline to make any concession, and they will not recommend to the Board any less payments for the right and privilege of crossing streets and other property than \$25,000 a year for the first ten years and \$50,000 a year for the next fifteen years, together with the other sums mentioned in my letter of February 2, and the initial payment of \$100,000. It is true that the payments to the City which are now demanded are larger than those which were to have been made under the proposed grant of June 23, 1904, but the increase, I think, is not quite so great as you suppose.

The length of your proposed railway, according to our figures, is 11.35 miles. Deducting from this the length of the approaches over navigable waters (which we assume to be about three-fourths of a mile), leaves 10.60 miles as the length on which the payments were to be made by the grant of June 23, 1904. This comes to 55,968 feet of single track, and would have required a payment of \$2,798.40 a year during the first ten years of operation for each track laid by your company. For four tracks the proposed payments would have amounted to \$11,193.60. If any sidings were added additional payments would have been due.

The Committee are of the opinion that the growth of your company's business will prove to be extremely rapid, and that it will soon be found to be to your interest to increase your trackage by the addition of extensive sidings. Before the first 25 years of this grant are half over you may not improbably have an average of from five to six tracks laid along the whole line. If this anticipation should prove to be correct, the annual payments during the first ten years would be raised to somewhere between \$15,000 and \$17,000 a year, and payments during the last ten years of the term would amount to over \$30,000 a year.

But whatever may prove to be the fact as to the number of tracks your company will find it profitable to construct and operate, the Committee are convinced that the rates fixed by the franchise of June 23, 1904, are too low, in view of the great value of the grant to be made.

Upon a most careful re-examination of the subject they are satisfied that the payments now demanded are no more than what is fair and reasonable as regards the interests both of the City and of the railroad company.

Very truly yours,
(Signed) A. E. ORR, President.

THE NEW YORK CONNECTING RAILROAD COMPANY,
February 13, 1906.

Mr. A. E. ORR, President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIR—Your letter of 9th inst., conveying the views of your Committee on Plans and Contracts relative to the terms of the proposed franchise for the New York Connecting Railroad Company, was duly received, and with your indulgence we would like to have a few days to consider the matter before giving you a definite reply.

Yours very truly,
(Signed) SAMUEL REA, Vice-President.

THE NEW YORK CONNECTING RAILROAD COMPANY,
February 27, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—The New York Connecting Railroad Company has considered your letter of 9th inst. with respect to the terms of the franchise which the company has asked from your Board. I had already pointed out to you that charges, such as your Board now proposes, were far in excess of those prescribed in the franchise granted in 1904. In view of the very large and direct benefit to the City which must result from the completion of the connecting railroad we cannot regard the changes as other than extreme. It is with reluctance and hesitation that the company has concluded to acquiesce, assuming, as we do, that the franchise will now be completed without the prejudice to the company, and I may add, the very material loss to the City, both direct and indirect, which must attend any unnecessary delay in the completion of the railroad.

Very respectfully yours,
(Signed) SAMUEL REA, Vice-President.

To the Board:

The Committee on Plans and Contracts respectfully reports that it has had under consideration the application of the New York Connecting Railroad Company for a franchise, which was presented to the Board on Thursday, the 16th of November, 1905. They have had the benefit of the views of the Board of Aldermen as expressed in their resolutions of April 18, 1905, and January 23, 1906, and also of a very thorough report from the Bureau of Franchises. They have also had numerous interviews with the representatives of the Connecting Railroad Company and some correspondence with them.

Your Committee have felt free to deal with the subject as an entirely new application, notwithstanding the action taken by this Board in granting a franchise to the Company in June, 1904. Your Committee have in particular insisted that a much higher rate of compensation should be exacted from the Company. The revised form of certificate recommended by the Committee is herewith submitted, and an examination of this document will show the conditions which it is proposed to impose.

Dated, March 1, 1906.

(Signed) A. E. ORR,
JNO. H. STARIN,
H. A. METZ.

The Mayor expressed the opinion that no time could be saved by acting upon this franchise at this meeting, inasmuch as the Board of Estimate and Apportionment would probably not act on the matter until the constitutionality of the Act conferring upon that Board the power in such matters formerly possessed by the Board of Aldermen, had been finally determined upon by the Court of Appeals. He said, furthermore, that although he was not entirely familiar, at the moment, with the terms of the proposed franchise, he thought he would be compelled to veto it when it came before him as Mayor. On this understanding the further consideration of the matter was postponed until the next meeting of the Board.

Mr. Hottenroth, representing the Committee on Bridges of the North Side Board of Trade, addressed the Board to the effect that the North Side Board of Trade thought that the proposed bridge of the New York Connecting Railroad Company over Ward's and Randall's Islands should be utilized for general local traffic for the Borough of The Bronx, and requested that a hearing be given on that subject before final action on the franchise. It was understood that a hearing would be given.

Resolution of the Board of Aldermen was presented as follows, with report thereon from the Interborough Rapid Transit Company. It was understood that the Secretary would transmit a copy of the letter to the Board of Aldermen:

In the Board of Aldermen.

Whereas, There has been and is being inflicted upon the public of The City of New York, and particularly upon the poor of the City, needless suffering and discomfort, by the failure of the Interborough Railway Company, the Manhattan Street Railway Company and the Brooklyn Rapid Transit Company to properly heat the cars

on their respective lines to a comfortable and healthful temperature during extremely cold weather; and

Whereas, An ordinance, passed by this Honorable Board of Aldermen April 21, 1903, requires that such cars shall be properly heated whenever the street temperature reaches 40 degrees or lower, providing for the imposition of a fine of \$25 for each violation of the said ordinance; and

Whereas, There is a provision in the contract and lease between The City of New York as lessor and the Interborough Railway Company as lessee, requiring said lessee to keep its cars comfortably heated; and

Whereas, The failure to properly and comfortably heat the cars of the elevated, surface and subway railroads constitutes a menace to public health, besides the suffering and discomfort which it entails; now therefore be it

Resolved, That this Honorable Board of Aldermen call upon the Mayor of The City of New York, the State Railroad Commissioners and the Board of Rapid Transit Commissioners to take steps looking to the immediate enforcement of the ordinance of April 21, 1903, and the imposition of the prescribed penalty for violations of the same, and the fulfillment of the terms of the lease by The City of New York to the Interborough Company of the subway lines, upon the part of the Interborough Company.

Adopted by the Board of Aldermen, February 6, 1906, a majority of all the members elected voting in favor thereof.

(Signed) P. J. SCULLY, Clerk.

INTERBOROUGH RAPID TRANSIT COMPANY,
No. 23 NASSAU STREET,
New York, March 1, 1906.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,
No. 320 Broadway, New York City:

DEAR SIR—With further reference to your letter of February 19, transmitting a copy of resolution adopted by the Board of Aldermen on the 6th of February, 1906, on the question of heating the cars of this company, I beg to inform you it is our practice, both on the elevated and subway, to heat all cars running on the elevated portion of the structure by means of electric heaters, whenever the street temperature reaches 45 degrees or lower. The heat is turned on in the yard one hour before the cars go into service, and a careful record is kept, showing the temperature on the outside and the time that the heater switches are cut in and out, in order that the heat may be properly regulated. The amount of heat used is as follows:

Between 45 and 30 degrees, 1 point of heat.

Between 30 and 15 degrees, 2 points of heat.

Below 15 degrees, 3 points of heat.

You will notice that the heat is first turned on at 45 degrees of temperature, which we have found by experience makes the cars more comfortable than by waiting until the temperature reaches 40 degrees, as provided in the ordinance referred to in the resolution.

Yours respectfully,
(Signed) AUGUST BELMONT, President.

At this point the Mayor withdrew from the meeting.

Report of the Chief Engineer, as follows, as to the progress of the work on the Brooklyn-Manhattan Rapid Transit Railroad, was read, and it was understood that the Chief Engineer would make a further report on the same subject at the next meeting:

NEW YORK, March 1, 1906.

Hon. A. E. ORR, President, Rapid Transit Board:

DEAR SIR—At your request I report to you the condition of the work under the East river, in connection with Contract No. 2, connecting Manhattan with Brooklyn.

The work has advanced to the middle of the river, so that at the present time there is a distance of 1,060 feet between the headings of the north tube and 1,340 feet between the headings of the south tube. This work has not progressed as rapidly as was expected, nor desired; and while it is possible that it may be advanced to completion by the middle of September, it is not probable. Taking the rate of progress lately made and working on the plans followed at the present time, it will take until about the 1st of December next to complete this work, without any further hindrances.

On the 16th of February last I sent a letter to the Rapid Transit Subway Construction Company, calling attention to the delay in completing the work, and a few days ago had a conference on this matter, with the result that the gravity of the situation seems to be duly recognized.

Very truly yours,
(Signed) GEORGE S. RICE,
Chief Engineer.

The Comptroller moved the following resolution:

Whereas, It is provided in the contract known as No. 1, for the construction and operation of rapid transit railroads, made and entered upon on the 24th day of February, 1900, between The City of New York, acting by the Board of Rapid Transit Railroad Commissioners for The City of New York, and John B. McDonald, contractor, in chapter 3, pages 168 and 169, that "the contractor covenants to and with the City that the contractor will, during the term of the lease, operate the railroad carefully and skillfully according to the highest known standards of railroad operation," and that "the contractor shall run trains of two kinds, local trains and express trains * * * The contractor shall, so far as is practicable, meet all reasonable requirements of the public in respect of frequency and character of its railway service to the full limit of the capacity of the railroad"; and

Whereas, It has become a matter of common complaint that during hours other than those known as commission hours in the morning and evening of the day, the service has not been adequate to "meet all reasonable requirements of the public in respect of frequency and character of service," and not to "the full limit of the capacity of the railroad"; therefore be it

Resolved, That a committee of three be appointed by the President of the Board of Rapid Transit Railroad Commissioners to investigate the question of frequency and efficiency of service in the subway, and to report back to this Board such suggestions as may be found necessary and suitable to be required of the Interborough Rapid Transit Railroad Company, now operating the cars in the subway, looking to the improvement of the train service.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon, Jesup and Claflin.

Nays—None.

Carried.

President Orr appointed as such committee the Comptroller, Commissioner Claflin and Mr. Rice.

Communication of the Comptroller was presented as follows, and Mr. Rives stated that all this information is in the possession of the Corporation Counsel, in whose charge are all matters under the Act connected with condemnation proceedings:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
February 6, 1906.

Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I am in receipt of a communication from your office under date of January 20, 1906, signed by your Secretary, Bion L. Burrows, transmitting copy of an option signed by Mary S. Taylor, owner of premises known as No. 2388 Southern Boulevard, Borough of The Bronx, being 18 feet 9 inches frontage, offering to release easements thereof for the construction and operation of the Rapid Transit Railroad, at \$10 per front foot.

I note that you state that "this matter is one which has already been before the Rapid Transit Board in the shape of an offer to release easements of the same property at \$15 a front foot, and as to which you reported adversely, which report was accepted and confirmed by the Board."

Since writing the report of January 9, 1906, referred to, I have made a further examination of the matter and find that in a communication under date of January 25, 1905, the Counsel to your Board, Honorable George L. Rives, transmitted a list of releases of easements granted by property owners along Westchester avenue, Southern Boulevard and the Boston road, which have been released. In such list, Lot No. 6 in Block 2981, appears to have been released by Mr. John P. Petty. It therefore appears that further action in the matter would be unnecessary.

Various complications have occurred and no doubt will occur in regard to offers to release easements along the Rapid Transit Railroad, in view of the fact that the present owners of the property offer to sell certain easement property which has been already released to The City of New York, and I would request to be informed at your earliest convenience whether it would not be possible for this office to obtain a complete list of easement properties which are owned by The City of New York, acquired, either by consent or by purchase, and if possible, to transmit a map or diagram of the same, in order that it may be possible in the future to obtain proper data, so that double payment may be avoided in the acquisition of easement properties.

Respectfully,
(Signed) H. A. METZ,
Comptroller.

At this point the Comptroller withdrew from the meeting.

Report of the Comptroller was presented as follows:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
February 6, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—This office is in receipt of a communication from the Board of Rapid Transit Commissioners transmitting an offer made by Gustav Diegel, through his attorneys, A. C. & F. W. Hottenroth, to sell to the City the easements for the operation of a rapid transit railway on Westchester avenue in front of Lot No. 92, in Block 2617 on the Tax Assessment Map of the County of New York.

The property is known on our atlases as No. 817 Westchester avenue and is 25.52 feet front by a depth of 77.75, the rate being \$10 a foot front, which is the price that the city is paying on said avenue. I would therefore respectfully recommend that the Board of Rapid Transit Commissioners for and in behalf of The City of New York acquire from Gustav Diegel Lot No. 92, Block 2617, Westchester avenue, 25.52 feet front, rate \$10, total \$255.20, all easements of light, air or access appurtenant to any of the said several pieces or parcels of land which may have been or which may hereafter be taken or damaged in whole or in part by the construction, maintenance or operation in, upon or over the streets above mentioned of the Rapid Transit Railroad, built in accordance with the routes and general plan prescribed by the Board of Rapid Transit Railroad Commissioners for The City of New York, by resolutions adopted January 14 and February 4, 1897, providing that a satisfactory title can be secured by grant or release, the consideration to be \$10 per running foot of frontage.

Respectfully submitted for approval,
(Signed) MORTIMER J. BROWN,
Appraiser of Real Estate in Charge of Bureau.

Approved:
(Signed) H. A. METZ, Comptroller.

The following resolution was moved:

Resolved, That this Board, for and in behalf of The City of New York, do acquire from Gustav Diegel Lot No. 92, Block 2617, Westchester avenue, 25.52 feet front, rate \$10, total \$255.20, the owner of certain property, as described above, all easements of light, air or access appurtenant to the said piece or parcel of land which may have been or which may hereafter be taken or damaged, in whole or in part, by the construction, maintenance or operation in, upon or over the said street of the Rapid Transit Railroad, in accordance with the routes and general plan prescribed by the Board of Rapid Transit Railroad Commissioners for The City of New York, by resolution adopted January 14, 1897, provided a satisfactory title can be secured by grant or release, the consideration to be \$10 per running foot frontage.

Ayes—The President, the Vice-President and Commissioners Langdon, Jesup and Claflin.

Nays—None.

Communications from the Corporation Counsel were presented as follows:

CITY OF NEW YORK,
LAW DEPARTMENT, OFFICE OF THE CORPORATION COUNSEL,
No. 2 TRYON ROW,
February 19, 1906.

Board of Rapid Transit Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I have caused the title to premises situated on the northerly line of Westchester avenue, 51.04 feet west of Eagle avenue, having a frontage of 27.56 feet on Westchester avenue, to be examined, and find that title thereto is vested in Annie Hauck, subject to a mortgage made by J. Ard Haughwout to the United States Guaranty and Indemnity Company, dated January 20, 1905, recorded in section 10, Liber 70, page 236.

This mortgage seems to have been assigned to Conrad Holtes and William H. Holtes; also a mortgage made by Milton Mayer and wife, Benjamin B. Marco and wife and Sarah Hart to Bella Schulein, dated September 28, 1905, and recorded in section 10, Liber 79, page 246, to secure the sum of \$3,000.

The easements necessary for the construction, maintenance and operation of an elevated railroad in front of said property may be conveyed by Annie Hauck, upon obtaining the consent of the mortgagees above named, but J. Ard Haughwout, Milton Mayer, Benjamin B. Marco and Sarah Hart should join in the release by the owner.

Respectfully yours,
(Signed) G. L. STERLING, Acting Corporation Counsel.

CITY OF NEW YORK,
LAW DEPARTMENT, OFFICE OF THE CORPORATION COUNSEL,
No. 2 TRYON ROW,
February 19, 1906.

Board of Rapid Transit Commissioners, No. 320 Broadway, New York City:

GENTLEMEN—I have caused the title to premises situated on the easterly line of Westchester avenue, 44.43 feet south of One Hundred and Fifty-sixth street, having a frontage of 25.27 feet on Westchester avenue, to be examined, and find that title thereto is vested in Milton and Josh. W. Mayer, subject to a mortgage made by Lawrence Davis to Bel B. Purdy, dated March 23, 1903, recorded in section 10, Liber 52, page 440, to secure the sum of \$17,000; also a mortgage made by Lawrence Davis to Abraham H. Feuchtwanger, dated June 14, 1904, recorded in section 10, Liber 62, page 201, to secure the sum of \$3,000.

Milton and Josh. W. Mayer can convey the easements necessary for the construction, maintenance and operation of an elevated railroad in front of said premises on obtaining the consent of the mortgagees above mentioned, Lawrence Davis and Ida Kraus to join in the release with the owners of the property.

Respectfully yours,
(Signed) G. L. STERLING, Acting Corporation Counsel.

Offers to release easements were presented as follows and referred to the Comptroller for report:

A. SPENCER, CARE OF WM. H. VAN BENSCHOTEN,
COUNSELLOR-AT-LAW, No. 31 NASSAU STREET,
New York, March 1, 1906.

Board of Rapid Transit Commissioners, No. 320 Broadway, City:

SIRS—I herewith present to your Board the properties shown on the annexed diagram for settlement for damages caused by the construction, maintenance and operation of the elevated road in front of said properties.

I am authorized to settle the same by the owners at the rate of \$10 a front foot.

Yours very truly,
(Signed) A. SPENCER.

Nineteen feet on the west side of Boston road, beginning 38 feet south of One Hundred and Seventy-eighth street, Augusta Jahn, owner. Ten dollars a front foot.
West side of Boston road, beginning 194.16 feet north of Bryant street, owned by Eliza Jane Pierce, executrix of Geo. Pierce, deceased. Ten dollars a front foot.

THOMAS C. SMITH, REAL ESTATE BROKER AND APPRAISER,
No. 135 BROADWAY,
NEW YORK, February 27, 1906.

Mr. BION L. BURROWS, Secretary, Rapid Transit Commission, No. 320 Broadway, City:

DEAR SIR—As the Rapid Transit Commissioners have paid ten dollars (\$10) per linear foot to owners of real estate abutting on Westchester avenue, in the Borough of The Bronx, for damage caused by the erection of the superstructure of the rapid transit road on that thoroughfare, I suppose you will be willing to settle on the same basis with the owners of land abutting on Naegle avenue; also on Broadway, running north to Spuyten Duyvil, in the Borough of Manhattan. I recognize the fact that you have settled with some of the owners at the rate of six dollars (\$6) per linear foot, but I am confident that if Commissioners of Appraisal and Estimate are appointed and expert testimony is taken before them, that they will allow a greater damage, and in this connection I will instance the awards for damage made by the Commissioners who heard testimony in the proceeding to acquire easements on Broadway, from One Hundred and Twenty-second to One Hundred and Thirty-fifth streets, in which proceeding I testified for The City of New York.

I inclose copy of an agreement signed by Charles Weisbecker, also diagrams showing the exact location of Mr. Weisbecker's property.

I will kindly ask you to advise me at your early convenience of the decision of the Rapid Transit Commissioners in this matter.

Yours very truly,
(Signed) THOS. C. SMITH.

Hon. ALEXANDER E. ORR, Esq., President of the Board of Rapid Transit Commissioners, New York City:

DEAR SIR—The undersigned, the owner of property designated on the tax map of The City of New York as Lot No. 13, in Block 2745, and having a frontage of 37.45 feet on Southern Boulevard, Borough of The Bronx, does hereby offer to sell and convey any and all easements in, over and upon said Southern Boulevard in front of and adjoining said property, necessary for the maintenance and construction of the Rapid Transit Railroad, now completed in front of said premises, at and for the sum of ten dollars (\$10) per running foot, provided this offer be accepted in writing on or before the 1st day of April, 1906, and said offer to be paid to Bertha Kramer on or before the 15th day of April, 1906.

Hereto annexed is a diagram of the property above mentioned.

Dated New York, February 24, 1906.

(Signed) JOSEPH A. FLANNERY,
Attorney for BERTHA KRAMER, No. 170 Broadway,
Borough of Manhattan, New York City.

Report of the President as to award of contract for printing and binding the annual report was presented as follows and ordered approved:

February 28, 1906.

To the Board:

In accordance with authority duly conferred upon me by resolution adopted January 25, 1906, I have caused to be inserted in the CITY RECORD an advertisement in due form, inviting bids for the printing and binding of the annual report of the Board for the year 1905. The bids were received and opened at noon on the 26th of February, 1906, as follows:

	Amount of Bid.
1. The Berkeley Press.....	\$2,026 00
2. Martin B. Brown Company.....	2,114 10
3. William P. Mitchell.....	2,170 00
4. J. W. Pratt Company.....	2,176 00
5. C. S. Nathan.....	2,277 50
6. C. J. O'Brien.....	2,340 00

The bid of the Berkeley Press was defective, in that there was no statement of the proposed bondsmen of the bidder, nor did their bid include any price per hour for authors' alterations. On this account I have awarded the contract to the next lowest bidder, the Martin B. Brown Company, their bid being \$2,114.10, and complying in all respects with the requirements of the law.

Respectfully submitted,
(Signed) A. E. ORR, President.

Letter of Frank J. Sprague was presented as follows, and the Secretary was instructed to request Mr. Sprague to furnish the information referred to:

OFFICE OF FRANK J. SPRAGUE,
No. 20 BROAD STREET, NEW YORK CITY,
February 23, 1906.

ALEXANDER E. ORR, Esq., Chairman, Rapid Transit Commission, New York City:

DEAR SIR—Without at present offering any argument on the question of the advisability of separating, on future subways, contracts for equipment and operation from those of construction, I beg to state that if such separation be made, either by virtue of a decision on the part of the Rapid Transit Commission having plenary power or because of any mandatory provision of new laws, I shall be prepared to bid for equipment and operation of any competitive subway, that is, one not operated as a branch of the existing one, on plans which will insure a maximum carrying capacity and a greater measure of safety in operation.

In this connection I assume that the issuance of specifications will be deferred pending the determination of the present agitation before the Legislature; but prior to such issuance I request the privilege of laying before your Board certain essential facts and conclusions relating to the existing equipment and operation as viewed in the light of contract requirements and results accomplished, to the end that there may be incorporated certain essential requirements beneficial to the City and equally binding upon all bidders.

Yours very truly,
(Signed) FRANK J. SPRAGUE.

The following resolution was moved:

Resolved, That this Board hereby adopts the following amended schedule for employees working under compressed air:

Schedule of Pay to Employees Working Under Pressure of Compressed Air.

No increase in pay until pressure of five pounds is reached.

From 5 to 15 pounds, pay increased one-sixth of regular rate (2-12).

From 15 to 28 pounds, pay increased one-fourth of regular rate (3-12).

From 28 to 35 pounds, pay increased one-third of regular rate (4-12).

From 35 pounds up, pay increased five twelfths of regular rate (5-12).

To be paid the extra allowance only when working in compressed air, and when less than a month, pro rata for part of month.

The actual amounts which it is proposed to pay for a full month's work in each case are as follows:

	Axemen. \$720.	Rodmen. \$960.	Assistant Engineers.		
			\$1,200.	\$1,500.	\$1,800.
Regular monthly rate.....	\$60 00	\$80 00	\$100 00	\$125 00	\$150 00
From 5 to 15 pounds.....	70 00	93 33	116 67	145 67	175 00
From 15 to 28 pounds.....	75 00	100 00	125 00	156 25	187 50
From 28 to 35 pounds.....	80 00	106 67	133 33	166 67	200 00
From 35 pounds up.....	85 00	113 33	141 67	177 08	212 50

The proposed schedule changes the pressures at which the rate changes from 12½, 25 and 37½ pounds to 15, 28 and 35 pounds, respectively. This corresponds with the pressure at which the rate of pay of the contractor's men changes, and is much easier to determine.

Schedule to take effect March 1, 1906.

Ayes—The President, Vice-President and Commissioners Langdon, Jesup and Claflin.

Nays—None.

Carried.

President Orr reported on behalf of the Committee on Plans and Contracts that maps and plans and formal resolutions had been prepared for the proposed additional rapid transit route from Fortieth street to New Utrecht avenue, Eighty-sixth street, Stillwell avenue to Coney Island, and that copies thereof would be forwarded to each member of the Board preparatory to a final vote thereon at the next meeting.

Mr. Rives presented the following letter of Douglas Robinson, Charles S. Brown & Co., and the matter was referred to the Comptroller for report:

DOUGLAS ROBINSON, CHARLES S. BROWN & CO.,
No. 160 BROADWAY,
NEW YORK, February 10, 1906.

GEORGE L. RIVES, Esq., No. 32 Liberty Street, New York City:

DEAR SIR—We have been requested by Messrs. Strong & Cadwalader, under date of January 25, to appraise an irregular piece of land situated on Hillside avenue, adjoining the power house of the subway, and colored green on Map 546 of the Rapid Transit Subway Construction Company's engineer.

This plot is difficult to value, owing to its shape and to the surroundings, but we think the value of the whole plot colored green on the diagram is three thousand five hundred dollars (\$3,500).

Truly yours,

(Signed) DOUGLAS ROBINSON, CHARLES S. BROWN & CO.

Copy of an order of Justice Martin L. Stover of the Supreme Court, dated the 30th of December, 1905, awarding \$10,000 to Franklin Bien; \$8,000 to Michael Coleman, and \$8,000 to Philip A. Smyth, Commissioners, to appraise the value of easements between One Hundred and Twenty-second and One Hundred and Thirty-fifth streets, taken by the Rapid Transit Railroad, was presented and referred to the Corporation Counsel for report.

Mr. Rives reported that the Corporation Counsel had submitted to him a brief prepared by him in an action by the City against the New York and Long Island Railroad Company, which is engaged in building a tunnel underneath Forty-second street and the East river, under the so-called old Steinway franchise.

The Board then went into executive session.

Mr. Rives reported on all the bills relating directly or indirectly to rapid transit matters pending before the Legislature.

Communication of the Comptroller, dated the 28th of February, 1906, inclosing copy of letter from the Morris Park Subway Association, with respect to additional rapid transit facilities for that section of the City, was presented and referred to the Committee on Plans and Contracts.

Miscellaneous communications were presented and referred to respective Committees.

The Board then adjourned.

Work Done by Office Force.

Necessary calculations for and plotting of above field work. This includes calculations of traverse, balancing of same and calculation of co-ordinates.

Reduction of elevations from heights of instruments and rod readings.

Plotting of topographical map at a scale of 80 feet to 1 inch, and marking a reduced copy of same at a scale of 200 feet to 1 inch; also tracings of the latter from which blue prints were made for the purpose of making a map showing a street system and grades for that portion of the borough for which no street had yet been adopted.

The following maps were prepared for the Board of Estimate and Apportionment and approved by them:

Map showing street system and grades of that portion of the Second Ward bounded by Myrtle avenue, Forest Park drive, boundary of the Second Ward, and the Manhattan Beach Railroad.

Map showing the street system and grades of that portion of the Second and Fourth Wards, Borough of Queens, City of New York, bounded by the Brooklyn borough line, boundary of the Second Ward, Myrtle avenue, St. Ann's avenue, Brevoort street, Metropolitan avenue, Van Wyck avenue, Liberty avenue, Ocean avenue and Sutter avenue.

Map showing street system and grades of the Second Ward, Borough of Queens, bounded by Metropolitan avenue, Trotting Course lane, Satterlee avenue, Dry Harbor road, Trotting Course lane, Hoffman boulevard, Omega street, Water Edge avenue and Union turnpike.

The above three maps cover an area of 5,750 acres.

Indexing field books and making a graphical index of the maps filed at Jamaica.

Computing and making final maps giving the block dimensions, street widths and grades within the area of the Maspeth map.

Making a duplicate copy of the Commissioners' map of Long Island City.

Tracing tax maps.

Tracing maps filed at Jamaica, and making extracts from minutes of Town Board on file at Jamaica, and of those in the possession of the Comptroller.

Making profiles of—

Academy street, from South Washington place to Webster avenue (sent out).

Paynter avenue, from Prospect street to Academy street (sent out).

Wilbur avenue, from Van Alst avenue to Academy street (sent out).

Making the following maps for the alteration of the Commissioners' map of Long Island City:

Bradley avenue (reducing width to 60 feet), from Greenpoint avenue to Howard street.

De Bevoise avenue (reducing to 100 feet in width), from Ditmars avenue to Winthrop avenue.

Bradley avenue (closing), from Howard street to Review avenue.

Map showing approach to Blackwell's Island Bridge with profile of same (sent May 1, 1905).

Van Alst avenue (reducing width), from Hoyt avenue to Winthrop avenue (sent May 2, 1905).

Map revising the grades in the old Second, Third, Fourth and Fifth Wards of Long Island City.

Making a map revising the grades of Long Island City in that portion bounded by Jackson avenue, Flushing avenue, Fourth avenue and Bowery Bay road, which was adopted by the Board of Estimate and Apportionment.

Drafting on six copies of this map.

Making a map showing profile of Eighteenth street, Third Ward.

Making a map of Stanhope street, Second Ward, reducing width of same, from Brooklyn borough line to Metropolitan avenue.

Making a map for a park bounded by Congress avenue, Myrtle avenue and Leavitt street, Third Ward.

Making a map of Highland Park, Fourth Ward.

Making a map showing property owners and assessed valuations in neighborhood of Blackwell's Island Bridge approach.

To date 25,620 acres, including the entire Second Ward and portions of the Third and Fourth Wards, have been covered by the topographical surveys.

The topographical surveys of Long Island City, covering 4,544 acres, and which was disposed of previous to the foundation of this Bureau, added to the above, gives a total of 30,164 acres of the borough topographically surveyed.

Exclusive of Long Island City, a system of streets and grades has been adopted for an area of 11,517 acres. On 4,400 acres of this the lines of the streets have been laid down on the ground, monuments set for same, necessary field work completed, and the final maps of this territory are now being prepared. In addition to this, all field work and necessary calculations have been made for the purpose of setting monuments in 550 acres of the Ingleside map.

The traverses for sustaining the topographical survey have been run over the entire borough, with the exception of the Fifth Ward.

The following is a list of street opening maps, including the date of transmission to the Law Department, Bureau of Street Openings, on which a portion of the force was engaged:

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes in the

Borough of Brooklyn.

All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the widening of Roebling street, from the Bridge Plaza at South Fourth street to Union avenue, in the Borough of Brooklyn. A map showing the property to be sold is filed in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

FRIDAY, APRIL 20, 1906,

at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against them or any of them, and against and from all damages and costs to which they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to

exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO, OF CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes, in the

BOROUGH OF BROOKLYN.
All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the extension of Grand street, from the intersection of Havemeyer street and South Fourth street to Hooper street, in the Borough of Brooklyn.

A man showing the property to be sold is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

TUESDAY, APRIL 17, 1906,
at 11 a. m., on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.
The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chins, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted, and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

FOR FURNISHING AND DELIVERING CHEMICAL SUPPLIES, MATERIALS AND APPARATUS FOR THE DEPARTMENT OF PHYSICS OF THE COLLEGE OF THE CITY OF NEW YORK.

The time for the delivery of the articles, materials and supplies and the performance of the contract is between the 1st and 30th days of June, 1906, or thereafter from time to time as may be directed by the Professor of Physics not later than December 31, 1906.

The amount of security will be fifty per cent. (50%) of the amount of the bid or estimate.

For particulars as to the quantity and quality of the supplies or of the nature and the extent of the work required or of the materials to be furnished, bidders are referred to the specifications and the blank proposals and lists of articles, materials, supplies and apparatus to be furnished and delivered to the places designated. Such work and materials must conform in every respect to the specifications and schedules. The quality of the articles, supplies, goods, wares and merchandise must conform to and must be the same or equal in quality, character, finish and design to the samples furnished, or to those described by the names of well-known dealers and manufacturers, and referred to by catalogue numbers. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Board of Trustees. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Board of Trustees in passing upon tenders. Bidders must state the price of each item. Awards will be made to the lowest bidder on each item whose goods are the same or equal to the samples furnished for inspection or referred to by catalogue number.

Bidders shall describe the various items by reference to the particular maker's catalogue or circular, or by the submission of a sample. Only one bid will be received from a bidder for each item.

Samples will be on exhibition at the College of the City of New York, No. 17 Lexington avenue, Room 15, until the bids are opened.

All goods must be delivered as directed, in the original bottles or packages, at the Department of Physics, the College of the City of New York, One Hundred and Fortieth street and Convent avenue, Borough of Manhattan (unless otherwise stated in the specifications). The weight, measure, etc., will be allowed as received at the institution.

No charge will be allowed for freight expenses, boxes or cartage, but boxes may be taken away by the contractor.

Contractors who fail to make prompt deliveries will be considered as in default and debarred from bidding in the future.

Bidders are requested to make their bids or estimates upon the blank form prepared by the said Board of Trustees, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the College of the City of New York, and any further information can be obtained at the office of the said college, corner of Lexington avenue and Twenty-third street, Borough of Manhattan.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close and discontinue portions of Thames and Temple streets; to lay out a new street to be called Thames street, from Broadway to Trinity place, and to widen Cedar street, on the southerly side, from Broadway to Trinity place, in the Borough of Manhattan, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on March 23, 1906, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on March 2, 1906, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by the closing and discontinuing of that part of Thames street, between Broadway and Trinity place, and Temple street, from Cedar street to Thames street, except the part to be included in the new Thames street, to be hereinafter described.

The laying out of a new street, to be called Thames street, from Broadway to Trinity place. The widening of Cedar street on the southerly side, from Broadway to Trinity place, in the First Ward of the Borough of Manhattan, City of New York.

Closing and Discontinuing of Parts of Thames and Temple Streets.

Beginning at a point in the westerly line of Broadway distant 431.60 feet northerly from Rector street; thence westerly distance 264.42 feet to the easterly line of Trinity place at a point distant 468.28 feet northerly from Rector street; thence northerly along said easterly line of Trinity place, distance 21.54 feet; thence easterly and parallel, or nearly so, to first course, distance 95.58 feet to the westerly line of Temple street; thence northerly along said westerly line, distance 97.36 feet to a point near the present Cedar street; thence easterly and across the present Temple street, distance 25.01 feet; thence southerly and parallel to last course but one, distance 97.35 feet to the northerly line of Thames street; thence easterly and along the old line of said street, distance 145.69 feet to the westerly line of Broadway; thence southerly along said westerly line, distance 21.51 feet to the point or place of beginning.

The Laying Out of a New Street to Be Called Thames Street, from Broadway to Trinity Place.

Beginning at a point in the westerly line of Broadway distant 459.10 feet northerly from Rector street; thence westerly distance 266.78 feet to the easterly line of Trinity place at a point distant 496 feet from Rector street; thence northerly along the easterly line of Trinity place, distance 30.31 feet; thence easterly and parallel to first course, distance 269.60 feet to the westerly line of Broadway; thence southerly along said line, distance 30.26 feet to the point or place of beginning.

The Widening of Cedar Street on the Southerly Side, from Broadway to Trinity Place.

Beginning at a point in the westerly line of Broadway distant 553.17 feet northerly from Rector street; thence westerly along the old line of Cedar street, distance 150.92 feet to the easterly line of Temple street; thence southerly along said line, distance 4.02 feet; thence easterly, distance 150.73 feet to the westerly line of Broadway; thence northerly along said westerly line, distance 2.76 feet to the point or place of beginning.

Also, beginning at a point in the easterly line of Trinity place distant 598.23 feet northerly from Rector street; thence easterly along the old line of Cedar street, distance 99.67 feet to the westerly line of Temple street; thence southerly along said line, distance 3.42 feet; thence westerly, distance 99.57 feet to the easterly line of

Trinity place; thence northerly along said line, distance 2.81 feet, to the point or place of beginning.

Said street to be found in Section 1, Blocks 49 and 50 of the Land Map of the Borough of Manhattan, City of New York.

The following is a more particular description of the said proposed changes of the map of The City of New York, and as to the new Thames street to be laid out and Cedar street to be widened, by reference to a certain mark or cut in the building at the northwesterly corner of Broadway and Cedar street hereinafter mentioned, namely:

Closing Thames Street, Between Broadway and Trinity Place or Church Street.

Beginning at the intersection of the southerly side of Thames street with the westerly side of Broadway, and running thence westerly, along the southerly side of Thames street, 264.42 feet, to the easterly side of Church street or Trinity place; thence northerly, along the easterly side of Church street or Trinity place, 21.54 feet, to the northerly side of Thames street; thence easterly, along the northerly side of Thames street, 266.28 feet, to the westerly side of Broadway, and thence southerly, along the westerly side of Broadway, 21.51 feet to the place of beginning.

Closing Portions of Temple Street, Between Thames Street and Cedar Street.

First Parcel—Parcel between Thames street and south line of a proposed new street.

Beginning at the northwesterly corner of Thames and Temple streets, which corner is distant 95.58 feet easterly from the easterly side of Trinity place or Church street, measured along the north side of Thames street, and running thence northerly, along the westerly side of Temple street, 6.09 feet, to the southerly side of a new street to be laid out between Broadway and Trinity place or Church street; running thence easterly, along the southerly side of said new street, 25.01 feet, to the easterly side of Temple street; running thence southerly, along the easterly side of Temple street, 6.08 feet, to the northerly side of Thames street, and running thence westerly, along the northerly side of Thames street, 25.01 feet, to the place of beginning.

Second Parcel—Parcel between north line of a proposed new street and new south line of Cedar street.

Beginning at the intersection of the northerly side of a new street to be laid out between Broadway and Trinity place or Church street with the easterly side of Temple street, and running thence northerly, along the easterly side of Temple street, 61.01 feet, to the southerly side of Cedar street, as proposed to be widened; thence westerly, along the said southerly side of Cedar street, 25.01 feet, to the westerly side of Temple street; thence southerly, along the westerly side of Temple street, 61.01 feet, to the northerly side of said new street, and thence easterly, along the northerly side of said new street, 25.01 feet, to the place of beginning.

New Street to Be Laid Out Between Broadway and Trinity Place or Church Street.

Beginning at the westerly side of Broadway, 61.05 feet south of the southerly side of Cedar street, as proposed to be widened, measured along the westerly side of Broadway, and running thence westerly, along a straight line forming an angle on its northerly side with the westerly side of Broadway of 91 degrees 39 minutes and 45 seconds, 269.60 feet, to the easterly side of Trinity place or Church street, at a point 61.11 feet south of the said southerly side of Cedar street, as proposed to be widened, measured along the easterly side of Trinity place; thence southerly, along the easterly side of Trinity place, 30.31 feet; thence easterly, along a line parallel with the first course, and at every point 30.25 feet southerly therefrom, measured at right angles to said first course, 266.78 feet, to the westerly side of Broadway, and thence northerly, along the westerly side of Broadway, 30.26 feet, to the point of beginning.

Widening Cedar Street on the South Side, Between Broadway and Trinity Place or Church Street.

Beginning at the intersection of the westerly side of Broadway and the southerly side of Cedar street, and running thence southerly along the westerly side of Broadway 2.76 feet; thence westerly along a straight line 275.31 feet to a point on the easterly side of Trinity place or Church street 2.81 feet south of the intersection of the southerly side of Cedar street and the easterly side of Trinity place or Church street; thence northerly along the easterly side of Trinity place or Church street 2.81 feet to the southerly side of Cedar street, and thence easterly along the southerly side of Cedar street as it runs 275.60 feet, more or less, to the place of beginning.

The southern boundary line of the parcel above described is for greater certainty monumented and located by reference to the buildings on the north side of Cedar street as follows: If said southerly line be prolonged both ways this line will be 37.11 feet southerly, measured on a line perpendicular to said line from the centre of a cut in the shape of a triangle on the upper easterly face of the stone base of the building at the northwesterly corner of Cedar street and Broadway, a few inches above the sidewalk level, and 36.08 feet southerly, measured on a line perpendicular to the said line from the corner of the stone base at the sidewalk level of the building at the northeast corner of Cedar street and Trinity place or Church street.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 23d day of March, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 23d day of March, 1906.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of HATFIELD AVENUE (although not yet named by proper authority), from Nicholas avenue to a point about 100 feet easterly where Hatfield avenue is fully improved, in the Third Ward, Borough of Richmond, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, to be held for the hearing of motions, in the Village of Richmond, in the County of Richmond, in the Borough of Richmond, in The City of New York, on Thursday, the 29th day of March, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening and extending of a certain street or avenue known as Hatfield avenue, from Nicholas avenue to a point about 100 feet easterly where Hatfield avenue is fully improved, in the Third Ward, Borough of Richmond, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point on the easterly line of Nicholas avenue 207.20 feet, more or less, southerly from the point of intersection of the southerly line of Harrison avenue and the easterly line of Nicholas avenue;

1. Thence southerly along said easterly line of Nicholas avenue 60 feet;

2. Thence easterly deflecting 90 degrees to the left 104.33 feet to the portion of Hatfield avenue that is fully improved;

3. Thence northerly deflecting 90 degrees to the left 60 feet;

4. Thence westerly 104.33 feet to the point of beginning.

Hatfield avenue is shown on a map entitled "Map or plan showing layout and grades of Hatfield avenue, Harrison avenue and connecting streets in the Third Ward, Borough of Rich-

mond, The City of New York," dated September 4, 1903, which map was filed in the offices of the President of the Borough of Richmond, the Clerk of the County of Richmond and the Counsel to the Corporation of The City of New York, December 4, 1903.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BROOK AVENUE (although not yet named by proper authority), from Hatfield place to Charles avenue, in the Third Ward, Borough of Richmond, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the

ments and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 26th day of March, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of March, 1906, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said city, there to remain until the 31st day of April, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and 100 feet southerly from the southerly line of Hatfield place with the southerly prolongation of the easterly line of Lots Nos. 61, 62, 63, 64 and 65 abutting on the easterly side of Brook avenue; running thence northerly along said prolongation and easterly line of the aforesaid lots to its intersection with the northerly line of Lot No. 61; thence still northerly and parallel with Brook avenue and said line prolonged northwardly to its intersection with a line parallel to and 100 feet northerly from the northerly line of Charles avenue; thence westerly along said parallel line to its intersection with the northerly prolongation of the westerly line of Lots Nos. 46, 47, 48, 66, 67, 68, 69 and 70 abutting on the westerly side of Brook avenue; thence southerly along said prolongation and westerly line of aforesaid lots and said line prolonged southwardly to its intersection with a line parallel to and 100 feet southerly from the southerly line of Hatfield place; thence easterly along said parallel line to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 15th day of May, 1906, at the opening of the court on that day.

Dated Borough of Manhattan, New York, February 23, 1906.

DAVID B. VAN NAME,
WM. J. WELSH,
WM. A. GALLOWAY,
Commissioners.

JOHN P. DUNK,
Clerk.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
