## BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES OF BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, HELD IN ROOM 16, CITY HALL, WEDNESDAY, DECEMBER 20, 1905.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President of the Board of Aldermen; John F. Ahearn, President of the Borough of Manhattan; Martin W. Littleton, President of the Borough of Brooklyn; Louis F. Haffen, President of the Borough of The Bronx; Joseph Cassidy, President of the Borough of Queens; George Cromwell, President of the Borough of Richmond.

Hon. George B. McClellan, Mayor, presided.

The Secretary presented the following communication from the Commissioner of the Department of Correction requesting an appropriation of \$50,000 Corporate Stock to provide means for the construction, permanent betterment and equipment of buildings under his jurisdiction:

DEPARTMENT OF CORRECTION—COMMISSIONER'S OFFICE,  
No. 148 EAST TWENTIETH STREET,  
NEW YORK, December 20, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I regret to report that a fire occurred about 2.30 o'clock a. m. at the Workhouse, Blackwell's Island, and the women's wing was almost entirely destroyed.

I am happy to add to this report, however, that there was no loss of life and that the flames were confined to that portion of the structure in which the fire originated.

About five hundred and ninety of the female inmates of the Workhouse are temporarily housed at the Penitentiary, but it is of the greatest importance that steps should be taken at once to restore and rebuild this portion of the Workhouse. For this purpose the sum of fifty thousand dollars (\$50,000) will be required, and I would respectfully ask the Honorable the Board of Estimate and Apportionment to set aside that amount at the earliest possible time, so that the work may be begun.

In reporting this loss I must not fail to add that the efficiency of the fire corps organized from the employees and inmates of the Workhouse did excellent service, and to the efforts of the Warden and Keepers, aided by this corps, is due the fact that no more damage was done and no lives lost.

Very respectfully yours,

FRANCIS J. LANTRY, Commissioner.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount

not exceeding fifty thousand dollars (\$50,000) to provide means for the construction, permanent betterment and equipment of buildings under the jurisdiction of the Department of Correction, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty thousand dollars (\$50,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Board then proceeded to a public hearing in the matter of the Manhattan terminal of the Brooklyn Bridge, and the Secretary presented the following communication from the Commissioner of Bridges relative thereto:

DEPARTMENT OF BRIDGES,  
Nos. 13 TO 21 PARK ROW, MANHATTAN, N. Y.,  
December 18, 1905.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—I inclose herewith copy of a letter, dated December 18, addressed to the Board of Estimate and Apportionment, with reference to the terminals of the Manhattan Bridge.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

DEPARTMENT OF BRIDGES,  
Nos. 13 TO 21 PARK ROW, MANHATTAN, N. Y.,  
December 18, 1905.

To the Honorable the Board of Estimate and Apportionment, New York City:

GENTLEMEN—The outcry from certain civic organizations and a few daily newspapers in opposition to the plans for the terminals of the Manhattan Bridge merely indicate that these plans are not generally understood. They were submitted to your Honorable Board by a Committee of Engineers, composed of the Chief Engineer of the Board of Estimate and Apportionment, the Chief Engineer of the Rapid Transit Commission and the Chief Engineer of the Department of Bridges, who presented them to you with a general report on the terminals for the Manhattan Bridge, dated November 8, 1905.

These plans and the descriptions of them heretofore made do not attempt to indicate all their possibilities, but rather to limit their usefulness to those things for which definite provision can now be made under powers actually possessed by the City or in a sense provided for in the immediate future by the Rapid Transit Commission.

The criticisms of the terminal plans while perforce conceding somewhat reluctantly that they do provide what no other plans have ever before provided, a central highway for vehicles over the East river, an open avenue as wide as possible and as direct as may be under the circumstances between the two great boroughs, with sidewalks as on a street at the same level as the roadway, seem to hold them as fixing stub-end stations and the like for Brooklyn cars and trains at the Bowery and Canal street, in Manhattan.

It must be remembered that of the eight lines of railway over the bridge only one, the subway, can legally be extended beyond the bridge. The New York street railway cars may not legally be run over Brooklyn streets, and neither the surface cars nor the elevated trains of Brooklyn may be legally run either above or below the streets of Manhattan, excepting as may hereafter be determined by the Rapid Transit Commission. Obviously then any plans must provide for definite terminals for these lines of railway at the ends of the bridge whatever else it may be possible or may have been planned to do with the aid of new legislation or the subsequent sanction of the Rapid Transit Commission.

The objection to terminal stations as such are perhaps as fully known and as much dreaded by this Department as by any men or body of men in this City. It goes without saying that such stations should be avoided whenever practicable, but they have certain advantages, as for instance, where great masses of people reside or work within easy walking distance of one terminal, who might find it convenient to take cars at that terminal and ride a distance more or less great beyond the other terminal of the bridge, and who would in that case find it convenient to take a car suited to their needs, located at their terminal and not already crowded with passengers taken on before reaching this point.

The desirability of running through surface cars and elevated trains from Brooklyn to some distance into Manhattan and back into Brooklyn by a loop or loops connecting this bridge with the Brooklyn Bridge or the Maiden lane tunnel is conceded by those who have carefully studied transit over the East river, and was brought to your attention by this Department early in March, 1904. All attempts, however, to secure legal rights for such car or train operation have thus far signally failed, partly because public sentiment is so bitterly opposed to the extension of elevated railways, partly because the Brooklyn surface railways are disinclined to extend their lines far into Manhattan, and partly because the Rapid Transit Commission has not heretofore laid out definite routes for such connections. The Rapid Transit Commission has, however, recently laid out routes on the Flatbush avenue extension over the Manhattan Bridge, through Canal, Walker and Centre streets to and under the new Manhattan station of the Brooklyn Bridge and over this bridge or through the Maiden lane tunnel to Brooklyn again. These routes may or may not be built, depending on whether bids are received for their construction.

The terminal plans for the Manhattan Bridge have been prepared with all these facts fully in view. It may be assumed that the New York Street Railway Company will not be expected to run its cars beyond the Brooklyn terminal, and if this be conceded, I fail to see what reasonable objection can be urged against the plans submitted for this terminal just as they are. The Brooklyn elevated railways will not be torn down at once and must reach this bridge in some way, and not for reasons before stated, over streets now free from these structures, and the Brooklyn surface cars reach the bridge, under the plans submitted, through Jay street or over the Flatbush avenue extension when this is completed.

The Manhattan terminal is designed to carry the Brooklyn subway into Canal street, to provide standing room on loops for Brooklyn trolley cars which would discharge at this point and be then ready to receive passengers for Brooklyn. It is complained that these loops are placed above the surface of the ground, that they should be placed on the ground as at the Brooklyn Bridge, where much danger and delay exists and frequent accidents occur because people have to cross the loop tracks. It is far better that the passengers should assemble below the loops, or, as in the new station for the Williamsburg Bridge, above them, and ascend or descend to the particular car which they would take. Another flight of stairs takes passengers to the Brooklyn elevated trains at a height above the street about the same as at the Brooklyn Bridge.

This terminal as designed would then provide for the operation of cars on all the routes now provided for as soon as the bridge and its terminals are completed; it also provides for almost any possible railway connection which may hereafter be desired. Suggest the route and we will follow and meet it; now, of course, in imagination only, because the work above outlined may now be done legally and nothing else may yet be done.

Let us see how far this terminal may be used in other directions. It has been suggested that Brooklyn elevated trains should run over the Third Avenue Elevated Railway structure on a second story down to and over the Brooklyn Bridge or up town. The elevated railway tracks on this terminal are on proper level to suit a connection

of this kind. If an independent elevated structure is desired to connect this bridge with the Brooklyn Bridge the Brooklyn tracks may cross the Manhattan tracks on the Bowery and through public streets and private property reach the new Brooklyn Bridge station at Pearl and Centre streets.

The Brooklyn trolley cars can be carried underground at once before reaching the loops which would then be mere local sidings and run into the subway laid out through Canal street; or, better, they could run through an independent subway in Canal street, pass under the Brooklyn subway at Harry Howard square, continue on through Canal street to and through West Broadway, and thence to the Brooklyn Bridge station through Duane street, or proceed on to Cortlandt or Liberty street and to Brooklyn by the Maiden lane tunnel.

It is difficult to conceive a probable line of extension or connection which may not be fully met from and by this terminal and to which the construction outlined on the present plans could not be adopted without serious change, and meantime the terminal itself would be doing the best that can be done in this location under the conditions imposed.

It is essential that the terminals of the Manhattan Bridge shall be completed by the time the bridge itself is done. The problem of these terminals has been studied long and with great care with the definite idea in mind that they shall afford free and direct transit for vehicles over the bridge and shall not any more or longer than possible block or impede the extension of transit lines over the river and far into the two boroughs, and the plans, while providing for aesthetically satisfactory structures, are sufficiently flexible to enable them to meet successfully almost any possible contingency of the future.

A condition quite similar to the present has resulted in the long delay of three or more years in getting trains and cars over the Williamsburg Bridge in a manner at all satisfactory. Engineers differed as to how the work should be done and the plans first suggested were, and justly so, unsatisfactory to the public. I sincerely hope now that this effort of the Department to provide adequate terminals to the Manhattan Bridge may be recognized for what it is, a sincere and candid treatment of the subject, based on years of careful and earnest study of the situation.

Acrimonious criticism and fierce invective will not facilitate progress and can only enhance delay. The terminals are complete in themselves, they will, I believe, meet the present conditions and provide adequately for the future, and will cost less than \$3,000,000.

Respectfully,  
GEO. E. BEST, Commissioner of Bridges.

The following representative of various associations appeared in opposition to the proposed plan of the Bridge Commissioner:

Mr. J. Edward Swanstrom submitted the following statement:

A conference of the civic bodies of Brooklyn and Manhattan was held under the joint auspices of the Brooklyn Transit Reform League and the City Club of Manhattan at the rooms of the former in the Temple Bar Building on Monday evening, December 18, 1905.

The following organizations were represented:

Brooklyn Transit Reform League, by J. Edward Swanstrom, William C. Redfield and Walter B. Brown; City Club of New York, by Lawrence Veiller and Henry Wright; New York Board of Trade and Transportation, by P. S. Tilden; Merchants' Association of New York, by Fred. R. DeBerard; Allied Boards of Trade, by Elwin S. Piper; Central and Smith Streets Board of Trade, by Nelson B. Kilmer; East Side Civic Club of Manhattan, by Charles B. Stover; West End Board of Trade, by Elmer E. White; Taxpayers' Improvement Association of Windsor Terrace, by D. Cuzzo; Flatbush Taxpayers' Association, by P. S. Tilden; West Side Taxpayers' Association, by J. P. Kohler; Ocean Hill Board of Trade, by Edward E. Pabst; Fulton Street Board of Trade, by Henry Nilland; Downtown Taxpayers' Association, by E. E. Pellatren; Ridgewood Board of Trade, by R. Gastmeyer, Jacob Heller, Otto Wickie and J. Weber; Thirty-second Ward Taxpayers' Association, by George H. Raye; Broadway Board of Trade, by Elwin S. Piper; Twenty-eighth Ward Board of Trade, by Albert Firmin and C. M. Sheehan.

The meeting was called to order by Lawrence Veiller, and Elwin S. Piper was elected chairman, and Walter B. Brown, secretary.

A general and spirited discussion took place of the subject before the meeting, namely, to prepare a protest against the building of terminal stations either at the Brooklyn Bridge or at the ends of the Manhattan Bridge, and to suggest an alternative proposition, to be presented at the hearing before the Board of Estimate on the 20th inst.

The City Club presented a proposition to connect the Manhattan and Brooklyn Bridges by subways for both trolley and elevated cars running to the Bowery and Park row or adjacent streets and forming a continuous circuit. This was opposed by the Brooklyn delegates, who desired any such connections to be extended across town to the Hudson river.

As a result of the discussion, the following resolutions were unanimously adopted:

Resolved, That the representatives of the Brooklyn and Manhattan civic organizations here assembled are unanimously opposed to any terminal stations at the ends of bridges, inasmuch as bridges must be regarded as public highways; and further

Resolved, That we are opposed to those portions of the plan embodied in the report made to the Board of Estimate and Apportionment by the Special Committee on November 24, 1905, which provided for terminal stations for both elevated trains and trolley cars; and that instead they recommend that the elevated trains and trolley cars be taken into subways, as recommended as being feasible, on pages 55 to 62 of the 1902 report of the Rapid Transit Commission; and be it further

Resolved, That the elevated trains, trolley cars or any other form of transit, run back to Brooklyn over the Brooklyn and Manhattan Bridges in subways by such routes, loops and connections as will best meet the needs of the people of Brooklyn and Manhattan, and running as far west as the Hudson river.

Mr. J. Edward Swanstrom, President of the Brooklyn Transit Reform League, was elected chairman of the delegation to present the resolutions at the meeting of the Board of Estimate on Wednesday.

Mr. Lawrence Veiller, representing the City Club.

Mr. Henry Sanger Snow, Vice-President of the Brooklyn League, appeared in support of the statements submitted by Mr. Swanstrom.

Mr. Calvin Tomkins submitted the following statement:

THE MUNICIPAL ART SOCIETY OF NEW YORK,  
OFFICE OF THE PRESIDENT, NOS. 37 AND 39 WEST THIRTY-FOURTH STREET,  
December 19, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—The tendency of bridge terminals is to congest passenger traffic at these points. The idea that the transit facilities of any of the four East river bridges should be arranged for the purpose of receiving and discharging passengers at terminals is antiquated. A bridge should not be considered as an isolated structure, but rather as a section of a continuous street.

The recommendations of this society have always been that the traffic over these bridges should be conducted into subways in Manhattan which should extend across the City to the Hudson river. If deemed desirable, the bridges can also be connected by subways in Manhattan, although we do not recommend this. Continuous bridge service through Manhattan subways seems to us to be the only effective way of collecting and distributing the bridge traffic. We also suggest the desirability at this time of obtaining an expert engineering report on the practicability of the use of moving sidewalks on the bridges, such sidewalks to be carried in a loop some distance beyond the bridge terminals in Brooklyn and return made over the bridges and through subway loops to the westerly side of Manhattan. The great carrying capacity of this type of structure, coupled with the immaterial effect of steep grades upon its use, makes it peculiarly adaptable to bridge purposes, if its efficiency on a large scale can be demonstrated in advance. The difficulties incident to extending either the Brooklyn system of elevated or surface roads into Manhattan make it desirable to arrange for convenient transfers to these roads at the Brooklyn side of the bridge where there is plenty of room for that purpose.

In any event, we respectfully urge upon your Honorable Body that you refrain from erecting expensive terminal buildings at the present entrance of the

Manhattan Bridge, thereby tending to perpetuate at that point conditions similar to those which now obtain at the Brooklyn Bridge entrance.

Yours very truly,  
(Signed) CALVIN TOMKINS,  
Chairman, City Plan Committee, Municipal Art Society.

Mr. A. B. Firman.

Mr. Elwin S. Piper, President of the Allied Boards of Trade and Taxpayers' Associations, submitted the following statement:

Speaking for the alliance of seven of the leading civic bodies of Brooklyn known as the Allied Boards of Trade and Taxpayers' Associations, I desire to state that that organization is absolutely and irrevocably opposed to the erection of the three bridge terminal buildings contemplated, or any one of them. We believe that the bridges over the East river should be treated and operated as highways only, and should serve only to connect the streets and avenues of Brooklyn with the streets and avenues of Manhattan. In our estimation, to operate the bridges in any other way would be to the great disadvantage of Brooklyn and the entire city, by continuing and extending the fearful congestion at the bridge terminals from which we have suffered so long.

We most heartily indorse the substitute plan incorporated in the resolutions adopted by the civic bodies of Manhattan and Brooklyn in joint meeting assembled at Temple Bar, Brooklyn, Monday evening. In our opinion the subway loops extending to the North river proposed by the resolutions would greatly relieve, if not entirely eliminate, congestion. We believe these subway loops could be built much quicker and would cost much less than the terminal buildings. By intersecting all the north and south elevated, trolley and subway routes of Manhattan they would greatly convenience and facilitate travel in Manhattan without taking one dollar of earnings from the Manhattan lines. While not mentioned in the resolution, it goes without saying that the civic societies are as anxious to have the Manhattan lines loop into Brooklyn as they are to have the Brooklyn lines loop into Manhattan.

The Boroughs of Manhattan and Brooklyn are essential to each other. Manhattan, the borough of business; Brooklyn, the borough of homes. The act of consolidation brought great benefits to each and all the boroughs. The bridges and subways now building are already adding largely to these benefits, but nothing like the full measure of benefit will ever be attained until real physical union by the commingling and intermingling of the subway, elevated and surface lines of all the boroughs is an accomplished fact. We are not asking for this much now, but we are looking hopefully toward the time when the traction companies of the City will find it to their common advantage to enter into joint traffic agreements in the furtherance of this purpose. Wise will be the city administration that uses both its great powers and good offices toward the attainment of this, most desirable result. What we are asking now is but a step in the right direction. This step is within the power of this Board and the Rapid Transit Commission to take.

We feel absolutely confident that you will recognize the unanimous public sentiment against terminals, as expressed by the action of the civic bodies and voiced by the entire press of the City, and that this Honorable Board, in co-operation with the Rapid Transit Commission, will formulate and adopt plans to carry into effect at the earliest possible day the general proposition for cross town subways, as recommended and urged in our resolutions.

Mr. Judson G. Wall, president of the Prospect Heights Citizens' Association of Brooklyn submitted the following statement:

THE PROSPECT HEIGHTS CITIZENS' ASSOCIATION OF BROOKLYN,  
BROOKLYN, NEW YORK, December 20, 1905.

To the Honorable the Board of Estimate and Apportionment, City Hall, New York:

GENTLEMEN—On behalf of the Prospect Heights Citizens' Association of Brooklyn, I respectfully urge your Honorable Board to abandon the plan for a bridge terminal at Centre street and Park row, and in lieu thereof, authorize the construction of a four-track subway loop across Manhattan, via Reade, West, Liberty and Nassau streets, or such other streets as may be deemed most desirable.

This plan was recommended by the Municipal Art Society in a memorial to your Honorable Board January 27, 1905, a copy of which, with plan, is hereto annexed.

Such a subway would necessarily be at a lower level than the present subway, but the disadvantages of depth would be outweighed by its advantages.

We have three important elevated lines in Brooklyn: The Myrtle avenue line, the Fulton street line and the Fifth avenue line. A deep level subway would make it possible for each of these lines to have a separate track and platform, which could be reached from a gallery built over and across the tracks. This plan is now used on a small scale at the Brooklyn Bridge station of the present subway, and has also been adopted at the large Union Station of Columbus, Ohio, with much success.

The fourth track could be used for trains running to Borough Hall, Brooklyn, and giving transfers to all surface cars, or for trains from the Lexington avenue line and the Flatbush-Brighton Beach line.

The trolley service over the bridge cannot be improved very much until your Honorable Board extends Flatbush avenue.

The subway loop could be built for \$5,000,000 less than the proposed terminal, and we strongly urge your Honorable Board to appropriate a generous portion of the sum saved for the improvement of Flatbush avenue. When the Manhattan Bridge is completed, Flatbush avenue will form part of a direct line between Broadway, Manhattan and the Atlantic Ocean, via Prospect Park and Ocean parkway. This improvement would include the acquirement of property opposite the site selected for the new Central Library, as advised by Messrs. Carrere & Hastings.

The streets and sidewalks of lower Manhattan are overcrowded now. They were designed to meet conditions that have become obsolete. They were not planned to accommodate the occupants of twenty-five and thirty-story buildings.

A man walking ten blocks occupies approximately 5,000 square feet of sidewalk. Therefore a terminal which would compel an enormous number of people to rendezvous twice each day at one point would greatly increase the congestion, while a subway loop with five or six stations would relieve the situation.

In closing I respectfully urge that your Honorable Board, in dealing with the transportation problem, will adopt a policy of distribution as against a policy of concentration.

Respectfully submitted,

THE PROSPECT HEIGHTS CITIZENS' ASSOCIATION,  
(Signed) By JUDSON G. WALL, President.

Hon. Elmer S. White appeared in support of the statement submitted by Mr. Swanstrom.

The following resolution was then offered by the Comptroller:

Resolved, That the plans that are pending be sent back to the Department of Bridges for reconsideration with the alternatives which are suggested, and further consideration of the plans already adopted for the Brooklyn Bridge terminal be recommended with a view to determining whether it would be advisable to extend the bridges by a system of loops or otherwise so as to prevent congestion.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Chair announced that owing to certain improvements to be made in the meeting room of the Board of Estimate and Apportionment, the next meeting of the Board would be held in the Mayor's office.

The Board then adjourned to meet Friday, December 22, 1905, at 10.30 o'clock a. m.

J. W. STEVENSON, Secretary.

The minutes of the previous meeting were read and approved.

A communication was received from the Corporation Counsel, advising the Department as to its powers and duties under chapter 628 of the Laws of 1904, in the enactment of park ordinances, rules and regulations. Filed.

Commissioner Parsons offered the following:

Resolved, That the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he hereby is authorized to enter into a contract with McKim, Mead & White for services as architects in connection with the enlargement of the Metropolitan Museum of Art in Central Park, Manhattan, as provided for by chapter 108 of the Laws of 1904, as amended by chapter 27, Laws of 1905, the said architects having been selected for the work by the Trustees of said Museum, pursuant to said laws.

Which was adopted by the following vote:

Ayes—Commissioners Parsons, Kennedy—2.

Commissioner Parsons offered the following:

Resolved, That the time stipulated for the completion of the work under contract with Guidone & Galardi, for "Furnishing all the labor and materials for the erection and completion of a men's toilet and women's toilet, in the New York Zoological Park, in Bronx Park, in The City of New York," be and the same is hereby extended to January 15, 1906, in accordance with the recommendation of the Chief Engineer for the Borough of The Bronx.

Which was adopted by the following vote:

Ayes—Commissioners Parsons, Kennedy—2.

Commissioner Kennedy submitted a communication from Charles Cranford respecting his bid presented on 21st inst., for furnishing and delivering top soil or garden mould for Red Hook and Carroll Parks, in the Borough of Brooklyn, at the same price as that contained in bid of the Norton & Gorman Contracting Company for the same work and withdrawing any claim he might have in favor of the last-named bidder in case the Board should desire to award the contract without readvertising.

Commissioner Kennedy also stated that he had been advised by the Law Department that there would be no legal objection to such award of the contract, and thereupon offered the following:

Resolved, That the proposals of the lowest formal bidders respectively, for furnishing top soil or garden mould for parks in the Borough of Brooklyn, for which bids were received on the 21st inst., as follows:

1. Prospect Park;
2. Seaside Park and Ocean parkway;
3. Red Hook and Carroll Parks;
4. Fort Greene and City parks;

—be forwarded to the Comptroller for his approval of sureties, and when so approved, that contracts for the same be entered into and executed by the President for and on behalf of this Board.

Which was adopted by the following vote:

Ayes—Commissioners Parsons, Kennedy—2.

Commissioner Parsons offered the following:

Resolved, That the proposals of the lowest formal bidders respectively for supplying beef for the Central Park Menagerie, and coal and forage for parks, in the Borough of Manhattan, for which bids have been this day received, be forwarded to the Comptroller for approval of sureties, and when so approved, that contracts for the same be entered into and executed by the President for and on behalf of this Board.

Which was adopted by the following vote:

Ayes—Commissioners Parsons, Kennedy—2.

On motion, at 3.45 p. m., the Board adjourned.

WILLIS HOLLY, Secretary.

Certificates declaring premises at No. 585 Fulton street, Borough of Brooklyn: corner of Elm and Forrest avenues, Evergreen; Flushing avenue, corner of Woodward avenue, East Williamsburg; north side of Flushing avenue, about 100 feet east of Woodward avenue, East Williamsburg; east side of Woodward avenue, south of and adjoining Long Island Railroad, East Williamsburg, Borough of Queens, public nuisances.

Whereas, The premises Montauk Theatre, No. 585 Fulton street, Brooklyn, N. Y., in The City of New York, and the business pursuit specified in this case being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the theatre be vacated and closed for public use until such time as the dangerous conditions are removed and the order of said Board of Health complied with.

Whereas, The premises corner of Elm and Forrest avenues, Evergreen, Borough of Queens, in The City of New York, and the business pursuit specified in this case being, in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the report of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the keeping of cows thereat without a permit from this Department be discontinued forthwith; that the defective parts of the floors of the cow stalls and stables and the saturated earth beneath same be removed, the site cleaned and disinfected, and that the floors of the stalls and stable be made water-tight, and so graded as to discharge all liquid matter into a water-tight, properly trapped cesspool-connected valley drain; that all manure be removed from about the rear part of the stable, the site cleaned and disinfected, and that hereafter manure be kept in a water-tight covered box and removed therefrom at least once a week.

Whereas, The premises Flushing avenue, corner of Woodward avenue, East Williamsburg, Queens, in The City of New York, and the business pursuit specified in this case being, in the opinion of the Board, in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the report of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the walls, ceiling and floor of the milk house be thoroughly cleaned; that the cooling box be thoroughly cleaned; that the drain leading from floor of the milk house be properly trapped; that the manure boxes be emptied, and the ground space about the manure boxes be thoroughly cleaned; that the walls and ceiling of the stable be cleaned and whitewashed.

Whereas, The premises north side of Flushing avenue, about 100 feet east of Woodward avenue, East Williamsburg, Borough of Queens, in The City of New York, and the business pursuit specified in this case being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the report of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and in effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the walls and ceiling of the milk house be cleaned and whitewashed; that the ice box be cleaned with a solution of washing soda (one pound to the gallon); that the walls and ceiling of the stable be cleaned and whitewashed; that the wooden drains leading from stable to the cesspool be replaced by iron or earthen pipes with properly calked joints; that all saturated earth beneath the stable be removed; that all manure be removed from the premises; that the ground space about and beneath the boxes be cleaned and disinfected; that the old manure boxes be removed and replaced by new boxes, water-tight and closely covered; that the stable be properly ventilated; that the cesspool be disinfected, emptied and cleaned by a licensed scavenger.

Whereas, The premises east side of Woodward avenue, south of and adjoining Long Island Railroad, East Williamsburg, Borough of Queens, in The City of New York, and the business pursuit specified in this case being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the report of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in

condition and effect dangerous to life and health and a public nuisance, the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the walls, floor and ceiling of the milk house be cleaned and whitewashed; that all of the floor be made of concrete; that the manure boxes be emptied; that the ground space about the manure boxes be thoroughly cleaned of all offensive matter; that the saturated earth beneath the stable floor be removed; that the valley drains be so repaired as to discharge all liquid matter into a properly trapped, cesspool-connected drain; that the walls and ceiling of the stable be cleaned and whitewashed; that the keeping of cows without a permit be discontinued.

**SPECIAL NOTICE TO APPLICANTS.**

The Civil Service Commission desires to warn you against all persons who offer to sell, in advance of the examinations, the questions that you will be expected to answer; and also against all individuals or so-called "schools" that would have you think they possess advantages by the use of which you will be enabled to pass a successful examination and secure appointment. If you pay any money for these purposes, other than the nominal charge for legitimate Civil Service School tuition, a fraud will be imposed upon you, and you will not only lose your money but be guilty of a misdemeanor. (Section 56, Penal Code.)

Your own merit and ability will determine your position as a result of the examination.

A reward of \$100 will be paid to any person who will furnish the Civil Service Commission with information and evidence that will secure the conviction of any person attempting to defraud applicants, and such information will be considered confidential.

Questions used in previous examinations may be seen upon application at the Examining Department, second floor, No. 61 Elm street, New York City.

## COLLEGE OF THE CITY OF NEW YORK.

BOARD OF TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK.

PROPOSALS FOR BIDS OR ESTIMATES FOR TEMPORARY HEATING OF THE MAIN BUILDING IN THE COURSE OF ERECTION ON THE PLOTS OF GROUND LOCATED ON ST. NICHOLAS TERRACE, ONE HUNDRED AND FORTIETH STREET, AMSTERDAM AVENUE AND ONE HUNDRED AND THIRTY-EIGHTH STREET, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Trustees of the College of the City of New York at the office of the Board, No. 17 Lexington avenue, in The City of New York, until 12 o'clock m., on

THURSDAY, FEBRUARY 1, 1906,

The time during which temporary heating will be required shall be from such times to such times between February 1, 1906, to May 1, 1906, inclusive, as may be designated by the Board.

The amount of security required will be not less than One Thousand Dollars (\$1,000).

Inasmuch as the boilers and other portions of the steam plant have not yet been accepted by the City, the bidders must arrange with and reimburse the contractors who are supplying the boilers and other apparatus, mains, etc., and give satisfactory proof prior to award of contract that they have made arrangements with the present contractors satisfactory to them and the Board as to the use of their apparatus.

The bidders shall state a price per day of 24 hours for supplying temporary heating to Wings "D" and "E" of the main building, and a separate price per day for all of the main building not included in Wings "D" and "E," the Board to have the right to order the temporary heating from such times to such times as it may direct.

Bidders are requested to make their bids or estimates upon the blank form prepared for the purpose, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the Board of Trustees, No. 17 Lexington avenue, in The City of New York, Borough of Manhattan.

Should any person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give proper security, he or they will be considered as having abandoned it, and as in default to The City of New York, and the contract will be readvertised and relet, as provided by law.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

**PUBLIC NOTICE IS HEREBY GIVEN** that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

**TUESDAY, JANUARY 30, 1906,**  
at 11 a. m., on the premises, the building and appurtenances thereunto belonging erected upon real estate within the bounds of City Hall Park and formerly occupied by the Fire Department, belonging to the Corporation of The City of New York, all the right, title and interest of the City of New York in and to the building thereunto belonging, situated on the southwest corner of Chambers and Centre streets, in the

**Borough of Manhattan.**  
Pursuant to a resolution of the Commissioners of the Sinking Fund adopted January 11, 1906, the Comptroller has directed the sale of the above-described building to be made under the supervision of the Collector of City Revenue on Tuesday, January 30, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

**TERMS AND CONDITIONS.**  
The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick in mortar, all floor beams, joists, studs, flooring, ceiling, roofing, boards and wood-work of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

## BOARD OF ESTIMATE AND APPORTIONMENT.

CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held December 15, 1905, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated "New York Times" and "New York Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record and at least twice in "The New York Times" and "The New York Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board;

Now, therefore, it is Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

"Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

### PROPOSED FORM OF CONTRACT.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad, by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following-named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brook avenue and thence crossing the

Southern Boulevard, between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly, between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence between Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fourth street to One Hundred and Thirty-fifth street; thence between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Fortieth street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street, and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue to Austin place; thence crossing Austin place, between Whitlock avenue and Timpson place to Timpson place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpson place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street; thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street; thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street to Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road and Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, Jefferson street, Madison street and Bear Swamp road or Bronxdale avenue to Williamsbridge road; thence crossing Williamsbridge road approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway; thence crossing Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line, being the route shown on maps entitled "Survey Maps and Profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York, State of New York," adopted by the Board of Directors of said Company on the 8th day of February, 1904, and signed by W. C. Gotshall, President; W. C. Gotshall, Chief Engineer, and Francis Blanchard, Secretary, under seal and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, at or near its intersection with Clason's Point road; thence across Clason's Point road, near its intersection with the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City," forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority. The "Survey Map and Profiles" are heretofore referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Section 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of The City of New York a map or maps showing the number of tracks and length of same, including crossovers, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or successors, for the term of twenty-five years from the date when this contract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

3. If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Said appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller or his successor in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and determine, unless the said Railroad Company, its successors or assigns, shall have previously procured a new grant for the same from The City of New York.
4. The Railroad Company, its successors or assigns, shall pay to The City of New York, for the rights and privileges hereby granted, the following sums of money:

During the first five years commencing from the day when this contract is signed; an annual sum of eight thousand dollars (\$8,000), and during the next succeeding five years an annual sum of thirteen thousand dollars (\$13,000), and during the next succeeding fifteen years an annual sum of thirty-five thousand dollars (\$35,000).

From the date of the commencement of the operation of any portion of the railroad until the end of the first five years of this grant, an additional sum of five and four-tenths cents per linear foot per annum of single track, including all crossovers, switches, turnouts, sidings and stands, within the present boundaries of The City of New York, and for the next succeeding five years an additional sum of seven and seven-tenths cents per linear foot per annum of single track, as aforesaid, in lieu of said sum of five and four-tenths cents, and for the next succeeding fifteen years an additional sum of twenty cents per linear foot per annum, as aforesaid, in lieu of said sum of seven and seven-tenths cents.

All such payments shall be made to the Comptroller of the City, in equal payments at the end of each quarter year, on the first day of January, April, July and October of each year. Any and all payments to be made by the terms of this contract to The City of New York by the Railroad Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

5. The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

6. The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Port Chester Railroad Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

8. If said Board disapproves the same it shall within 30 days after said hearing prescribe such changes in said map as it may deem necessary. Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company, at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York of and from all such liability.

The City shall have the right at any time it so desires to open across the route of the Railroad Company within the present limits of The City of New York any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

9. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

10. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.
11. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water-tight.

12. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the roadbed shall be ballasted throughout its entire length within the present limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.
14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as heretofore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northerly line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.
16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same, except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment, within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in

conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of the City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of the City of New York for any purpose except for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time, either day or night, shall there be greater headway within the City limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 5 o'clock a. m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line—not exceeding 60 trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof, or of any such connecting line, or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other company within the present limits of The City of New York to run cars over the railroad hereby authorized. The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

Whenever the New York and Port Chester Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by said Board of Estimate and Apportionment.

24. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

25. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

26. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of

forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

27. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

28. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northerly line of the City to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river to the southerly terminus as aforesaid, at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited; and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be so expended the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be so expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given is not proven, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within said five years from the date of the signing of this contract shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railroad shall cease and determine, and, in such case, all structures erected by the Railroad Company, its successors or assigns, upon any portion of the route so forfeited within the lines of any street within said City, shall become the property of The City of New York.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the Railroad Company shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed shall be allowed a hearing.

The Board of Estimate and Apportionment shall extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above, for a period or periods not exceeding in the aggregate two years if the reasons given by the Railroad Company for non-fulfillment are for causes over which the Railroad Company had no control and was in nowise responsible.

29. The Railroad Company shall assume all liability by reason of the construction and operation of the railroad, and the City shall assume no liability whatsoever to either persons or property by reason of said construction, maintenance or operation, and the Railroad Company hereby agrees to indemnify and save harmless the said City from all liability whatsoever by reason of the construction, maintenance and operation of said railroad.

As a condition of this grant, the Railroad Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Railroad Company, its successor or assigns.

30. Any portion of the right of way of the said Railroad Company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

31. The Railroad Company shall not operate cars over any extension of any length whatsoever within the present limits of the City of New York not specifically hereby authorized, and shall not make any connection within the present limits of The City of New York with any other railroad, either by means of extensions or branches or by means of a platform building, unless it shall have received authority therefor from said Board of Estimate and Apportionment or its successors in authority, and upon such terms as shall be fixed by the Board. In the event that the provisions of this section cause a conflict because of the lawful right of any other railroad to compel a connection with the Railroad Company, the City agrees that it may be made a party to any legal proceedings between the said companies and its rights and duties therein determined.

32. In case any of the streets as now shown on the map of The City of New York and crossed by the said railroad above grade are altered or widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and The City of New York shall each pay one-half of the cost of such alteration as may be necessary.

33. In case the route as laid out shall make it necessary, in the opinion of the Board of Esti-

mate and Apportionment, to change the map of The City of New York in order to avoid impracticable, unnecessary or undesirable crossings, purely on account of the location of the railroad, and by reason of such change additional or substitute streets crossing the railroad are determined upon, then the Railroad Company shall pay to the City the additional cost thus made necessary, or may, at its own expense, acquire the lands necessary and cede them to the City without cost, provided, however, that the lands so to be acquired or paid for shall not extend more than 400 feet upon each side of said railroad.

34. Any alterations which may be required to the sewerage or drainage system, or to any sub-surface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the Railroad Company and in such manner as the proper City officials may prescribe.

35. In case the Board of Estimate and Apportionment shall, in order to avoid impracticable, unnecessary and undesirable crossings purely on account of the location of the railroad, within one year from the date of the signing of this contract, adopt a map or a change in the map laying out a street or streets bounding or adjoining the right of way of the Railroad Company, on either or both sides thereof, from the easterly line of the White Plains road to the northerly line of the City, or any part thereof, then the Railroad Company shall acquire the lands necessary for such streets and cede them to the City without cost, or will pay to the City the cost of acquiring such lands, provided that it shall not be required to acquire and cede or pay for an amount of land which in the aggregate will exceed a strip fifty feet in width and in length the distance between the easterly side of White Plains road and the northerly line of the City. The Railroad Company, at its own expense, shall regulate and grade said strips of land to such grade as shall be hereafter fixed by the City authorities, such regulating and grading to be done, from time to time, as directed by the Board of Estimate and Apportionment. On notice to the City by the Railroad Company that said Railroad Company cannot acquire such lands, the City covenants to use all possible diligence in acquiring the actual possession of the lands necessary for such streets to the end that the Railroad Company may regulate and grade the same while it is grading its railroad within the present limits of The City of New York.

36. All construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the Railroad Company to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund hereinafter provided.

37. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

38. The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times, as well during construction as afterwards, to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

39. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months after notification thereof, make a like deposit of \$25,000 as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of any such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company, upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller of The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad, laying of tracks thereon, ballasting of the same

and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct, and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate shall include proof that all of the antecedent acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000 and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day of such default in addition to the amount necessary to restore said fund to the original amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

[SEAL.]

By..... Mayor.

NEW YORK AND PORT CHESTER  
RAILROAD COMPANY,

By..... President.

Attest:

[SEAL.]

Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of Proposed Contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of Proposed Contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days im-

mediately prior to January 26, 1906, in THE CITY RECORD, and at least twice, during the ten days immediately prior to January 26, 1906, in "The New York Times" and "The New York Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of Proposed Contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

### SUPREME COURT.—FIRST DEPARTMENT.

#### FIRST DEPARTMENT.

In matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of an UNNAMED STREET, laid out on map approved by the Board of Estimate and Apportionment December 11, 1903, running parallel to Broadway, about 200 feet westerly therefrom, commencing at West One Hundred and Eighty-first street and ending on the westerly side of Broadway, nearly opposite Nagle avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 24th day of November, 1905, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 4th day of December, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block 2180, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 4th day of December, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of February, 1906, at 1 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, NEW YORK CITY, January 12, 1906.

FREDERICK ST. JOHN,  
MICHAEL B. STANTON,  
JOHN W. WARD,  
Commissioners.

JOHN P. DUNN, Clerk.

#### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WATERLOO PLACE (although not yet named by proper authority), between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN such cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Friday, the 26th day of January, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Waterloo place, between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, piece or parcel of land, viz.:

Beginning at a point in the southern line of East One Hundred and Seventy-sixth street distant 306.73 feet northwesterly from the intersection of said line with the western line of Southern Boulevard.

1. Thence northwesterly along the southern line of East One Hundred and Seventy-sixth street for 50 feet;

2. Thence southwesterly deflecting 90 degrees to the left for 345.94 feet to the northern line of East One Hundred and Seventy-fifth street;

3. Thence southeasterly along last-mentioned line for 50.98 feet;

4. Thence northeasterly for 335.97 feet to the point of beginning.

Waterloo place is shown on a map entitled "Map or Plan showing the locating and laying out and the grades of Waterloo place, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," filed in the office of the President of the Borough of The Bronx, June 20, 1905, in the office of the Register of The City and County of New York, on June 20, 1905, as Map No. 1032, and in the office of the Counsel to the Corporation of The City of New York on or about the same date.

The land to be taken for Waterloo place is located in Block 2958 of section 11 of the land map of The City of New York.

Dated New York, January 12, 1906.

#### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of RANDALL AVENUE (although not yet named by proper authority), from Truxton street and Leggett avenue to the Bronx river, in the Twenty-third Ward, Borough of The Bronx, in The City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of February, 1906, at 11 o'clock a. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of the westerly side of the Bronx river with a line parallel with and 100 feet southerly from the southerly side of Eastern Boulevard; thence westerly along said parallel line to its intersection with a line parallel with and 100 feet westerly from the westerly side of Truxton street; thence northerly along said parallel line to its intersection with a line parallel with and 100 feet southwesterly from the southwesterly side of Leggett avenue; thence northwesterly along said parallel line and its prolongation to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Southern Boulevard; thence southeasterly along said parallel line to its intersection with the northwesterly prolongation of a line drawn parallel to and distant 100 feet northeasterly from the northeasterly side of that portion of Leggett avenue lying between Southern Boulevard and Truxton street; thence southeasterly along said prolongation and parallel line to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Truxton street; thence northeasterly along said parallel line and its prolongation to its intersection with a line parallel with and 100 feet northerly from the northerly side of Spofford avenue; thence easterly along said parallel line to its intersection with the southwesterly side of the Bronx river; thence southeasterly, southerly and westerly, following the windings of said Bronx river to the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps, deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 7th day of March, 1906, at the opening of the Court on that day.

Dated BOROUGH OF MANHATTAN, New York City, December 6, 1905.

#### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to land through or under which is required an easement for the purpose of constructing an outlet sewer in WEST ONE HUNDRED AND SEVENTY-EIGHTH STREET, from the westerly line of Spuyten Duyvil and Port Morris Railroad to the bulkhead line of the Harlem river, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

**P**URSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III, thereof, in the County Court House, in the Borough of Manhattan, in The City of New York, on Friday, the 26th day of January, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for an easement for the purpose of constructing a sewer in West One Hundred and Seventy-eighth street, from the westerly line of the Spuyten Duyvil and Port Morris Railroad to the bulkhead line of the Harlem river, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, pieces or parcels of land, viz.:

Beginning at a point in the westerly line of the Spuyten Duyvil and Port Morris Railroad distant 580.17 feet northerly from the intersection of said line with the northern line of West One Hundred and Seventy-seventh street.

1st. Thence westerly parallel to West One Hundred and Seventy-seventh street for 450.60 feet to the bulkhead line of the Harlem river;

2d. Thence northerly along last-mentioned line for 35.02 feet;

3d. Thence westerly parallel to West One Hundred and Seventy-seventh street for 449.83 feet to the western line of the Spuyten Duyvil and Port Morris Railroad;

4th. Thence southerly along last-mentioned line for 25.07 feet to the point of beginning.

This easement is laid out on a map or plan approved by the Board of Estimate and Apportionment on the 23d day of June, 1905, and filed in the office of the President of the Borough of The Bronx, the Register of the County of New York and the Corporation Counsel on or about the 4th day of December, 1905.

The land to be taken for said easement is located in Blocks 2883, 2886, 3231 and 3241 of Section 11 of the Land Map of The City of New York.

The sewer to be constructed is shown on a map, entitled "Modified plan of drainage, showing location, size and grades of sewers in Sewerage District No. 380, Twenty-fourth Ward, Borough of The Bronx, City of New York, one of three similar maps prepared by the President of the Borough of The Bronx, under authority of chapter 466 of the Laws of 1901." Dated New York, May 17, 1904. Approved by the Board of Estimate and Apportionment. Filed in the offices of the President of the Borough of The Bronx, October 24, 1904, and in the offices of the Register of the County of New York, and the Corporation Counsel of The City of New York, on or about the 18th day of October, 1904.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
