BOARD OF ESTIMATE AND APPORTIONMENT.

Minutes of Meeting of Board of Estimate and Apportionment, Held in Room 16, City Hall, Thursday, June 20, 1912.

PUBLIC IMPROVEMENT MATTERS.

The Board met in pursuance of an adjournment.

Present—William J. Gaynor, Mayor; Douglas Mathewson, Deputy and Acting Comptroller; John Purroy Mitchel, President, Board of Aldermen; George McAneny, President, Borough of Manhattan; Lewis H. Pounds, Acting President, Borough of Brooklyn; Cyrus C. Miller, President, Borough of The Bronx; Maurice E. Connolly, President, Borough of Queens, and Louis L. Tribus, Acting President, Borough of Richmond.

The Mayor, Hon. William J. Gaynor, presided.

After disposing of the Financial and Franchise calendars the following Public Improvement matters were considered:

The minutes of the meetings held May 31 and June 6, 1912, were approved as printed in the CITY RECORD June 15, 1912.

DISCONTINUING DOCK STREET, BETWEEN WATER STREET AND THE EAST RIVER, AND LAYING OUT A NEW STREET TO ADJOIN THE BROOKLYN BRIDGE LANDS AND TO EXTEND BETWEEN THE SAME LIMITS, BOROUGH OF BROOKLYN.

The following communication from the President of the Borough of Brooklyn was presented:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, June 15, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of Board of Estimate and Apportionment.

Dear Sir—At the meeting of the Board of Estimate and Apportionment held on May 2, 1912, there was referred to me the application of the Jay street terminal for a change in the location of Dock street, between Water street and the East River, in the 2d Ward of the Borough of Brooklyn, with the request that I report my recommendations in the matter. A similar petition had already been presented to me direct and I have called meetings of the Local Board of that district to consider the matter. The final meeting of this Board was held on the 10th inst., at which meeting there were representatives of the Dock Department and the Bridge Department. The Dock Department not only had no objection to the proposed change, but thought that it would be a decided benefit to the City; the Bridge Department has no objection either. The Aldermen of the Local Board, however, all voted against the closing of Dock street, their objection being based not upon the proposed change, but because they deemed it best to proceed to acquire all of the land between the present bridge property and the present dock property for dock purposes. When the question was asked if any one present had any objection to the proposed change no one answered and no objections were made. A suggestion was made, however, that if the location be changed the new street have a width of 65 feet.

The entire matter has received careful consideration in my office and I have concluded that the proposed change will be of benefit to the City, and I submit herewith a map similar to the one submitted by the petitioners, except that it shows the proposed street 60 feet wide, which I think would be reasonable and fair both to the City and the petitioners.

According to the survey furnished by the petitioners, if the area of present Dock street were figured to the pierhead line, this 60 feet proposed would be practically an equal area, but if taken only to the bulkhead line an equal area would give a street about 55 feet wide. Respectfully,

ALFRED E. STEERS, President, Borough of Brooklyn.

On motion, the matter was referred to the Chief Engineer for report.

LAYING OUT AND ACQUIRING TITLE TO A "PUBLIC PARK OR PLAYGROUND" AT THE NORTHWESTERLY CORNER OF LAFAYETTE AVENUE AND CLASSON AVENUE, BOROUGH OF BROOKLYN.

The following communication from the Secretary of the Public Recreation Commission, to which this matter was referred on May 16, 1912, was presented:

The Public Recreation Commission, City of New York, 51 Chambers Street, Room 1001, June 13, 1912.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, 277 Broadway, New York, N. Y.:

Dear Sir—In response to your communication of May 17, forwarding copy of the report of the Chief Engineer of the Board of Estimate and Apportionment, and copies of two resolutions of the Local Board of the Prospect Heights District, relative to laying out and acquiring title to a "public park or playground" at the northwesterly corner of Lafayette avenue and Classon avenue, Borough of Brooklyn, I am authorized to make the following report:

An investigation of this site discloses the fact that there is already a playground inside of the school buildings, facing on DeKalb avenue, which is not used after school hours for play purposes, but simply by the school children during recess. The Principal of the school, Mr. W. A. Huntley, states that this playground is not used because no money is available for supervision. It appears to the Recreation Commission that the need in this locality is rather a wider use of the existing playground than the purchase of new lands, and the Commission therefore recommends that the application referred to this Commission be refused at least until it has been demonstrated that the wider use of the existing playground cannot supply the need.

Very respectfully yours, BASCOM JOHNSON, Secretary.

On motion, the communication was ordered printed in the minutes and placed on file, and the Secretary was directed to send a copy to the President of the Borough of Brooklyn.

EXTENSION OF THE AREA OF ASSESSMENT IN THE PROCEEDING FOR ACQUIRING TITLE TO CASTLE HILL AVENUE, FROM WEST FARMS ROAD TO THE PUBLIC PLACE AT ITS SOUTHERLY TERMINAL, AND TO THE SAID PUBLIC PLACE, BOROUGH OF THE BRONX.

(At the meetings of the Board on April 11, April 25, May 2, May 16, June 6 and June 13, 1912, this matter was laid over.)

On motion of the President of the Borough of The Bronx, the matter was again laid over for one week (June 27, 1912).

PETITION FOR THE RECONSIDERATION OF THE RESOLUTION ADOPTED BY THE BOARD ON MAY 2, 1912, RELATIVE TO THE APPROVAL OF THE RULE AND DAMAGE MAPS PREPARED IN THE PROCEEDING FOR ACQUIRING TITLE TO OPDYKE STREET, FROM CORONA AVENUE TO TIEMANN AVENUE, TOGETHER WITH THE PUBLIC PLACE BOUNDED BY CORONA AVENUE, OPDYKE STREET AND ALBURTIS AVENUE, BOROUGH OF QUEENS.

(At the meeting of the Board on June 13, 1912, this matter was laid over for one week, and the Corporation Counsel was requested to refrain from taking any action toward securing the appointment of Commissioners of Estimate and Assessment in this proceeding pending the receipt of further advice as to the disposition of the matter by the Board.)

On motion of the President of the Borough of Queens, the matter was laid over for three weeks (July 11, 1912).

ACQUIRING TITLE TO THE PROPERTY WITHIN THE AREA BOUNDED BY HIGH STREET, WASHINGTON STREET AND FULTON STREET, BOROUGH OF BROOKLYN, FOR THE PURPOSE OF LAYING OUT A MORE SUITABLE APPROACH TO THE BROOKLYN BRIDGE.

(At the meeting of the Board on May 23, 1912, this matter was laid over for four weeks.)

On motion of the Acting President of the Borough of Brooklyn, the matter was referred to the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

RESTRICTING THE HEIGHT OF BUILDINGS ON FIFTH AVENUE, BOROUGH OF MANHATTAN.

The following communication from G. P. Putnam's Sons was presented:
G. P. Putnam's Sons, Publishers and Booksellers, 2, 4 and 6 West 45th Street, New York, June 11, 1912.

Board of Estimate, City Hall, New York City:

Gentlemen—As members of the Fifth Avenue Association, and consequently interested in the development and welfare of Fifth avenue, between Washington square and Fifty-ninth street, we are herewith writing to express our approval of the ordinances recently proposed by Borough President George McAneny, for the restriction of the height of buildings on Fifth avenue. We feel that such a restriction might well extend to 300 feet on either side of the avenue instead of 100 feet, as suggested by the Borough President. Very truly yours,

G. P. PUTNAM'S SONS.

ROBERT F. PUTNAM.

On motion of the President of the Borough of The Bronx, the matter was referred to the committee consisting of the President of the Board of Aldermen, the President of the Borough of Manhattan and the President of the Borough of The Bronx, appointed May 9, 1912, to consider a proposed ordinance restricting the height of buildings on Fifth avenue.

RELIEF FROM ASSESSMENT IN THE MATTER OF OPENING AND EXTENDING ROEBLING STREET, AS WIDENED, FROM BROADWAY TO DIVISION AVENUE; THE PUBLIC PLACE BOUNDED BY THE EASTERLY LINE OF ROEBLING STREET EXTENDED SOUTHERLY IN A DIRECT LINE TO THE NORTHEASTERLY SIDE OF LEE AVENUE, LEE AVENUE AND DIVISION AVENUE; AND TAYLOR STREET, AS WIDENED, FROM LEE AVENUE TO BEDFORD AVENUE, BOROUGH OF BROOKLYN.

The Secretary presented the following report of the Committee to which this matter was referred on October 21, 1910:

June 17, 1912.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—On October 21, 1910, a petition for relief from assessment for the widening of Roebling and Taylor streets, in the Borough of Brooklyn, was referred to a committee consisting of the President of the Borough of Brooklyn, the President of the Board of Aldermen and the Comptroller. This Committee gave hearings to the property owners interested, and at the request of those who appeared before and addressed communications to the Committee, a report was deferred until the approximate expense of the proceeding should have been determined. Before the proceedings had reached a stage when the expense could be determined, chapter 679 of the Laws of 1911 was enacted, which gave the Board of Estimate and Apportionment the power to apportion the expense of any improvement involving either the acquisition of property or physical construction between a restricted area of assessment, a large area including a portion of a Borough, one or more Boroughs, and the City at large. The Committee believed that before applying the provisions of this act to any special cases, a definite policy with respect to its application should be formulated and adopted by the Board.

On April 11, 1912, your Committee made a progress report submitting a report of the Chief Engineer of the Board which had been prepared at the request of the Committee, which report recommended a certain definite policy to be followed in the treatment of this and similar cases. The Board, upon the recommendation of the Committee, adopted the policy thus outlined as that of the Board, and we believe that the Roebling and Taylor streets matter should be finally disposed of in accordance with the general policy thus adopted, which included, among other things, the following general principles which are applicable to this case:

(1) The estimated amount to be imposed upon the Borough of Brooklyn in any one year as a Borough assessment should not exceed \$2,500,000.

(2) The act shall not be used to nullify the prohibition contained in section 980 of the Charter by which the Board of Estimate and Apportionment is not allowed to reconsider its determination as to the distribution of the expense of street openings unless it is desired to apply the principle of Borough assessment.

(3) No portion of the expense shall be placed upon the City at large unless the improvement is unmistakably of metropolitan character.

(4) Where there is local benefit there must always be local assessment.

The Board has already determined, after a public hearing, that 25 per cent. of the expense of this improvement shall be borne by the City at large, while the remaining 75 per cent. was, under the Board's determination, to be placed upon a very large area of benefit, including some 28,000 lots. Your Committee believes that the Board having once determined that 25 per cent. of the cost of this improvement shall be assumed by the City at large, it would be proper to adhere to that determination, but we believe that the distribution of the remaining 75 per cent. can be made more equitable.

Section 980 of the Charter provides that the Board shall "have power to define the area or areas of assessment * * * into zones or sub-areas of benefit, and to direct what portion in percentages of the cost and expense of the proceedings shall be made a charge upon * * * such zones or sub-areas." In the case of street widenings it appears to your Committee that, while it is entirely proper to assess a portion of the cost of the additional land required for such widening upon the abutting property, it is inequitable to impose upon that property the damages caused to buildings. We believe that about 25 per cent. of the cost of the additional land, exclusive of improvements, could thus be assessed upon the frontage, the remaining cost of the land and the cost of damage to buildings being placed upon a large area, upon the Borough or upon the City.

While the exact cost of the proceedings under consideration cannot be given at the present time, it will be approximately \$650,000, and we are advised that the awards for land constitute about 44 per cent. of the entire awards, and in order to apply the principle above outlined, we would recommend that 10 per cent. of the entire cost, or approximately one-fourth of the expense of the additional land, be assessed upon a restricted area extending one-half block on each side of the widened street. We further believe that, inasmuch as both Bedford avenue and Lee avenue will be substantially benefited by their improved connection with the Williamsburg Bridge, a larger area of assessment lying entirely outside of but not including the restricted area just described should bear such a proportion of the expense as will result in a graduated assessment, constantly decreasing with its distance from the streets to be widened, and extending to a line 100 feet south of Flushing avenue. Upon such an area there could be placed 20 per cent. of the entire cost of the proceeding, resulting in a fairly graduated assessment. The City at large assuming 25 per cent. of the expense, as already determined, there would then remain 45 per cent. to be distributed as a Borough assessment. The distribution of the expense under this plan would be as follows:

(1) Upon a restricted area (A) extending one-half block on each side of the street, 10 per cent. of the expense.

(2) Upon a larger area of assessment (B), but not including area A, 20 per cent. of the expense.

(3) Upon the Borough of Brooklyn, 45 per cent. of the entire cost.

(4) Upon The City of New York, 25 per cent. of the entire cost.

Your Committee believes that the placing of 25 per cent. of the cost of this improvement upon the City at large should not be considered a precedent, but it is done in this case because the Board has already determined that such proportion of the expense should be borne by the City.

We believe that these assessments will not be burdensome and that it will be unnecessary to extend the privilege of paying them in annual installments, but that they should be paid in one sum upon confirmation of the local assessments and in accordance with the provisions of section 247 of the Charter as enacted by chapter 679 of the Laws of 1911 with respect to the Borough assessment.

Your Committee has requested the Chief Engineer of the Board of Estimate and Apportionment to prepare technical descriptions for areas of assessment "A" and "B," which are as follows:

"A."

Beginning at a point on the southerly line of Broadway where it is intersected by a line midway between Roebling street and Driggs avenue and running thence eastwardly along the southerly line of Broadway to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Roebling street and the westerly line of Havemeyer street, as these streets are laid out between Broadway and South 9th street; thence southwardly along the said bisecting line to the intersection with a line midway between Roebling street and Havemeyer street as these streets are laid out immediately adjoining Division avenue; thence southwardly along the said line midway between Roebling street and Havemeyer street and along the prolongation thereof to the intersection with the prolongation of a line midway between Taylor street and Wilson street as these streets are laid out between Bedford avenue and Lee avenue; thence southwestwardly along the said line midway between Taylor street and Wilson street and along the prolongation thereof to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Bedford avenue, the said distance being measured at right angles to Bedford avenue; thence northwestwardly along the said line parallel with Bedford avenue to the intersection with a line midway between Taylor street and Clymer street; thence northeastwardly along the said line midway between Taylor street and Clymer street to the intersection with the prolongation of a line midway between Roebling street and Driggs avenue; thence northwardly along the said line midway between Roebling street and Driggs avenue and along the prolongation thereof to the point or place of beginning.

"B."

Beginning at a point on the southerly line of Broadway where it is intersected by a line midway between Bedford avenue and Driggs avenue and running thence eastwardly along the southerly line of Broadway to the intersection with a line midway between Havemeyer street and Marcy avenue as these streets are laid out immediately adjoining Broadway; thence southwardly along the said line midway between Havemeyer street and Marcy avenue to the intersection with a line midway between Havemeyer street and Marcy avenue as these streets are laid out immediately north of Division avenue; thence southwardly along the said line midway between Havemeyer street and Marcy avenue and along the prolongation thereof to the intersection with a line midway between Lee avenue and Marcy avenue as these streets are laid out north of Middleton street; thence southeastwardly along the said line midway between Lee avenue and Marcy avenue and along the prolongation thereof to the intersection with the prolongation of a line midway between Nostrand avenue and Marcy avenue as these streets are laid out south of Flushing avenue; thence southwardly along the said line midway between Nostrand avenue and Marcy avenue and along the prolongation thereof to the intersection with a line always distant 100 feet southerly from and parallel with the southerly line of Flushing avenue, the said distance being measured at right angles to Flushing avenue; thence westwardly along the said line parallel with Flushing avenue to the intersection with a line midway between Bedford avenue and Skillman street; thence northwardly along the said line midway between Bedford avenue and Skillman street and along the prolongation thereof to the intersection with the prolongation of a line midway between Bedford avenue and Wythe avenue as these streets are laid out between Clymer street and Hayward street; thence northwestwardly along the said line midway between Bedford avenue and Wythe avenue and along the prolongation thereof to the intersection with a line midway between Morton street and Clymer street; thence northeastwardly along the said line midway between Morton street and Clymer street and along the prolongation thereof to the intersection with the prolongation of a line midway between Bedford avenue and Driggs avenue as these streets are laid out south of Broadway; thence northwardly along the said line midway between Bedford avenue and Driggs avenue and along the prolongation thereof to the point or place of beginning, excluding the area heretofore described as area "A."

We would recommend that the Board give a public hearing upon these areas of assessment at the meeting to be held on July 11, and that the expense of the proceeding be apportioned in accordance with the above recommendations.

Respectfully submitted, ALFRED E. STEERS, President, Borough of Brooklyn; JOHN PURROY MITCHEL, President, Board of Aldermen; WM. A. PRENDERGAST, Comptroller.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment on April 10, 1908, authorized the acquisition of title to the lands and premises required for the opening and extending of Roebling street, as widened, from Broadway to Division avenue; the Public Place bounded by the easterly line of Roebling street extended southerly in a direct line to the northeasterly side of Lee avenue, Lee avenue and Division

avenue; and Taylor street, as widened, from Lee avenue to Bedford avenue, in the Borough of Brooklyn, and directed that 25 per cent. of the cost and expense of the proceeding for the acquisition of title to the foregoing streets shall be borne and paid by The City of New York, and that the remainder of such cost and expense shall be assessed upon an area of assessment for benefit as fixed and determined by the resolution authorizing the acquisition of title to the foregoing streets; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of reconsidering its action with respect to the distribution of the cost and expense of said proceeding, and of making a new determination concerning the same in conformity with the provisions of chapter 679 of the Laws of 1911;

Resolved, That the Board of Estimate and Apportionment will hold a public hearing in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, July 11, 1912, at 10.30 o'clock a. m., at which all persons interested will be given an opportunity to be heard upon the proposed reconsideration and redetermination concerning the distribution of the cost and expense of the aforesaid proceeding so as to place 10 per cent. of the entire cost and expense thereof upon the area hereinafter described as Area "A"; 20 per cent. of the entire cost and expense of the proceeding upon the area hereinafter described as Area "B"; 45 per cent. of the entire cost and expense upon the Borough of Brooklyn, and the remaining 25 per cent. of the entire cost and expense upon The City of New York.

Area "A"

(To bear 10 per cent. of the entire cost and expense of the foregoing proceeding.)

Beginning at a point on the southerly line of Broadway where it is intersected by a line midway between Roebling street and Driggs avenue, and running thence eastwardly along the southerly line of Broadway to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Roebling street and the westerly line of Havemeyer street as these streets are laid out between Broadway and South 9th street; thence southwardly along the said bisecting line to the intersection with a line midway between Roebling street and Havemeyer street as these streets are laid out immediately adjoining Division avenue; thence southwardly along the said line midway between Roebling street and Havemeyer street and along the prolongation thereof to the intersection with the prolongation of a line midway between Taylor street and Wilson street as these streets are laid out between Bedford avenue and Lee avenue; thence southwestwardly along the said line midway between Taylor street and Wilson street and along the prolongation thereof to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Bedford avenue, the said distance being measured at right angles to Bedford avenue; thence northwestwardly along the said line parallel with Bedford avenue to the intersection with a line midway between Taylor street and Clymer street; thence northeastwardly along the said line midway between Taylor street and Clymer street to the intersection with the prolongation of a line midway between Roebling street and Driggs avenue; thence northwardly along the said line midway between Roebling street and Driggs avenue and along the prolongation thereof to the point or place of beginning.

Area "B"

(To bear 20 per cent. of the entire cost and expense of the foregoing proceeding.)

Beginning at a point on the southerly line of Broadway where it is intersected by a line midway between Bedford avenue and Driggs avenue, and running thence eastwardly along the southerly line of Broadway to the intersection with a line midway between Havemeyer street and Marcy avenue as these streets are laid out immediately adjoining Broadway; thence southwardly along the said line midway between Havemeyer street and Marcy avenue to the intersection with a line midway between Havemeyer street and Marcy avenue as these streets are laid out immediately north of Division avenue; thence southwardly along the said line midway between Havemeyer street and Marcy avenue and along the prolongation thereof to the intersection with a line midway between Lee avenue and Marcy avenue as these streets are laid out north of Middleton street; thence southeastwardly along the said line midway between Lee avenue and Marcy avenue and along the prolongation thereof to the intersection with the prolongation of a line midway between Nostrand avenue and Marcy avenue as these streets are laid out south of Flushing avenue; thence southwardly along the said line midway between Nostrand avenue and Marcy avenue and along the prolongation thereof to the intersection with a line always distant 100 feet southerly from and parallel with the southerly line of Flushing avenue, the said distance being measured at right angles to Flushing avenue; thence westwardly along the said line parallel with Flushing avenue to the intersection with a line midway between Bedford avenue and Skillman street; thence northwardly along the said line midway between Bedford avenue and Skillman street and along the prolongation thereof to the intersection with the prolongation of a line midway between Bedford avenue and Wythe avenue as these streets are laid out between Clymer street and Hayward street; thence northwestwardly along the said line midway between Bedford avenue and Wythe avenue and along the prolongation thereof to the intersection with a line midway between Morton street and Clymer street; thence northeastwardly along the said line midway between Morton street and Clymer street and along the prolongation thereof to the intersection with the prolongation of a line midway between Bedford avenue and Driggs avenue as these streets are laid out south of Broadway; thence northwardly along the said line midway between Bedford avenue and Driggs avenue and along the prolongation thereof to the point or place of beginning, excluding the area heretofore described as Area "A."

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record and in the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 11th day of July, 1912.

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens, and the Acting President of the Borough of Richmond—16.

SEWER IN SULLIVAN STREET, FROM FRANKLIN AVENUE TO BEDFORD AVENUE, BOROUGH OF BROOKLYN.

(Final Authorization.)

The Acting President of the Borough of Brooklyn asked and obtained unanimous consent for the present consideration of this matter and presented the following report of the Chief Engineer:

Report No. 11226.

June 19, 1912.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Brooklyn advising that all of the conditions imposed by the Board prior to the authorization of the following local improvement have been complied with:

Sewer in Sullivan street, from Franklin avenue to Bedford avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on June 13, 1912, at which time information was presented to show that its probable cost would be about \$3,300. The Borough President states that the time to be allowed for the completion of the improvement is thirty days, and that the expense incurred for the preliminary work amounts to \$37.50.

The work to be done comprises the following: 298 linear feet 18-inch pipe sewer, 266 linear feet 15-inch pipe sewer, 269 linear feet 12-inch pipe sewer, 7 manholes, 2 receiving basins.

The cost of the improvement is now estimated to be \$3,200.

I see no reason why the construction work required to carry out this improvement should not be given, and would recommend such action. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The Acting President of the Borough of Brooklyn then offered the following resolution:

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 20th day of May, 1912, and approved by the President of the Borough of Brooklyn on the 21st day of May, 1912, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to construct a sewer in Sullivan street, from Franklin avenue to Bedford avenue;"

—and thereupon, on the 13th day of June, 1912, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough

of Brooklyn to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Brooklyn had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Brooklyn, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$3,200; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$84,835, having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Deputy and Acting Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the Acting President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the Acting President of the Borough of Richmond—16.

On motion of the Deputy and Acting Comptroller, the Board adjourned to meet Thursday, June 27, 1912, at 10:30 o'clock a. m. JOSEPH HAAG, Secretary.

Corporation Sales.**CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.**

AT THE REQUEST OF THE COMMISSIONERS OF THE SINKING FUND, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain encroachments standing upon property owned by The City of New York, acquired by it for water supply purposes, in the

Borough of Brooklyn.

Being the one and one-half story building and outhouse on the northwest corner of East 92d st. and Avenue D, in the Borough of Brooklyn, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 26, 1912, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

MONDAY, JULY 22, 1912,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. One and one-half story frame house on the northwest corner of E. 92d st. and Avenue D.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m. on the 22d day of July, 1912, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids, and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened July 22, 1912," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

NOTICE IS HEREBY GIVEN THAT AT THE

meeting of the Board of Estimate and Apportionment held on June 13, 1912, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board on October 19, 1911, for acquiring title to West 242d street, and Riverdale avenue, from West 230th street northwardly to its junction with Spuyten Duyvil road, in the Borough of The Bronx, so as to relate to the aforesaid streets as shown upon a map or plan adopted by the Board of Estimate and Apportionment May 16, 1912, and approved by the Mayor May 22, 1912.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the former northerly bulkhead line of Spuyten Duyvil Creek, where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West 227th street and West 230th street, as these streets are laid out between Netherlands avenue and Johnson avenue, and running thence westwardly along the said bisecting line to a point distant 100 feet westerly from the westerly line of Johnson avenue, the said distance being measured at right angles to Johnson avenue; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Johnson avenue to the intersection with the northerly line of West 232d street; thence northeastwardly in a straight line to a point on the easterly line of Oxford avenue where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West 232d street and West 234th street, as these streets are laid out between Tibbett avenue and Corlear avenue; thence eastwardly along the said bisecting line to a point distant 100 feet westerly from the westerly line of Spuyten Duyvil road, the said distance being measured at right angles to Spuyten Duyvil road; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Spuyten Duyvil road to a point distant 100 feet southerly from the southerly line of West 238th street, the said distance being measured at right angles to West 238th street; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of West 238th street to the intersection with a line parallel with Greystone avenue and passing through a point on the northerly line of West 238th street midway between Greystone avenue and Waldo avenue; thence northwardly along the said line parallel with Greystone avenue and along the prolongation of the said line to a point distant 200 feet northerly from its intersection with the northerly line of West 242d street; thence eastwardly in a straight line to a point distant 100 feet westerly from the westerly line of West 242d street, the said point being on a line at right angles to West 242d street and passing through a point on its westerly side where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Spuyten Duyvil road and the westerly line of Broadway, as these streets are laid out adjoining West 240th street on the north; thence eastwardly along the said line at right angles to West 242d street to its westerly side; thence southwardly along the said bisecting line to the intersection with the prolongation of a line midway between Tibbett avenue and Corlear avenue, as these streets are laid out adjoining West 240th street; thence southwardly along the said line midway between Tibbett avenue and Corlear avenue and along the prolongation of the said line to a point distant 100 feet southerly from the southerly line of West 238th street; thence westwardly and parallel with West 238th street to a point distant 100 feet easterly from the easterly line of Spuyten Duyvil road; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Spuyten Duyvil road to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West 232d street and West 234th street, as these streets are laid out between Tibbett avenue and Corlear avenue; thence eastwardly along the said bisecting line to the intersection with the prolongation of a line midway between Corlear avenue and Kingsbridge avenue, as these streets are laid out between West 230th street and West 231st street; thence southwardly along the said line midway between Corlear avenue and Kingsbridge avenue and along the prolongations of the said line to the intersection with the former northerly bulkhead line of Spuyten Duyvil Creek; thence generally westwardly along the said former bulkhead line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 11th day of July, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 11th day of July, 1912.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on June 13, 1912, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board on January 26, 1911, for acquiring title to Ashland street, from Cypress Hills Cemetery to Myrtle avenue, from Birch street to Spruce street, and from North Curtis avenue to Metropolitan avenue, Borough of Queens, so as to relate to Ashland street, between the aforesaid limits, as shown upon a map or plan adopted by the Board of Estimate and Apportionment May 16, 1912, and approved by the Mayor May 22, 1912; together with the small unacquired portions of Forest Park, onosite Nostrand place and at the intersection of Ashland street, Myrtle avenue and Guion street.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following are the proposed modified areas of assessment for benefit in this proposed amended proceeding:

1. Beginning at a point on the prolongation of a line midway between Stanton street and Shipley street where it is intersected by a line midway between Shaw avenue and Forest parkway, and running thence westwardly along the said line midway between Stanton street and Shipley street and along the prolongations of the said line to the intersection with a line distant 100 feet westerly from and parallel with the easterly boundary line of Cypress Hills Cemetery, the said distance being measured at right angles to the Cypress Hills Cemetery boundary line; thence northwardly along the said line parallel with the easterly boundary line of Cypress Hills Cemetery to a point distant 250 feet northerly from the prolongation of the northerly line of Ashland street, the said distance being measured at right angles to Ashland street; thence eastwardly and always distant 250 feet northerly from and parallel with the northerly line of Ashland street and its prolongations as laid out adjoining Cypress Hills Cemetery and Nostrand place to the intersection with the southerly line of Myrtle avenue; thence northwardly at right angles to Myrtle avenue a distance of 350 feet; thence eastwardly and parallel with Myrtle avenue to the intersection with the prolongation of a line midway between Bedford avenue and Greenwood avenue; thence southwardly along the said line midway between Bedford avenue and Greenwood avenue and along the prolongation of the said line to the intersection with the prolongation of a line midway between Ashland street and Brandon avenue as these streets are laid out at Chestnut street; thence westwardly along the said prolongation of a line midway between Ashland street and Brandon avenue to the intersection with the centre line of Oxford avenue; thence northwardly along the centre line of Oxford avenue to the intersection with the prolongation of a line midway between Emerson street and Ferriss place; thence westwardly along the said line midway between Emerson street and Ferriss place and along the prolongations of the said line to the intersection with the centre line of Diamond street; thence southwardly along the centre line of Diamond street to a point distant 100 feet northerly from the prolongation of the northerly line of Ferriss street, the said distance being measured at right angles to Ferriss street; thence westwardly and always distant 100 feet northerly from and parallel with the northerly line of Ferriss street and the prolongations thereof to the intersection with a line midway between Forest parkway and Shaw avenue; thence southwardly along the said line midway between Forest parkway and Shaw avenue to the point or place of beginning.

2. Beginning at a point on the northeasterly right-of-way line of the Montauk Division of the Long Island Railroad where it is intersected by the prolongation of a line distant 250 feet northerly from and parallel with the northerly line of Ashland street as this street is laid out east of Babbage street, the said distance being measured at right angles to Ashland street and running thence eastwardly along the said line parallel with Ashland street and along the prolongation of the said line to the intersection with a line distant 200 feet northeastwardly from and parallel with the southwestwardly line of Metropolitan avenue, the said distance being measured at right angles to Metropolitan avenue; thence southeastwardly along the said line parallel with Metropolitan avenue and the prolongation thereof to the intersection with a line at right angles to Metropolitan avenue and passing through a point on the prolongation of its southwestwardly side where it is intersected by the prolongation of a line midway between Ashland street and Hillside avenue; thence southwestwardly along the said line at right angles to Metropolitan avenue to its southwestwardly side; thence westwardly along the said line midway between Ashland street and Hillside avenue and along the prolongation of the said line to the intersection with the northeasterly right-of-way line of the Montauk Division of the Long Island Railroad; thence northwardly along the said right-of-way line to the point or place of beginning.

Resolved, That this Board consider the proposed modified areas of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 11th day of July, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 11th day of July, 1912.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on June 13, 1912, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the proceeding instituted by said Board on June 1, 1911, for acquiring title to Amboy road, from Fosters road to Huguenot avenue, Borough of Richmond, so as to relate to Amboy road between a line at right angles to the centre line of the said Amboy road, passing through a point distant 325 feet southwestwardly from the intersection of the said centre line of Amboy road with the centre line of the right-of-way of the Staten Island Rapid Transit Railway Company, the said distance being measured along the said centre line of Amboy road and a line passing through a point at right angles to the centre line of the Amboy road distant 250 feet northeastwardly from the intersection of the said centre line of the said Amboy road with the centre line of the right-of-way of the Staten Island Rapid Transit Railway Company, the said distance being measured along the centre line of the Amboy road.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Bounded on the northwest by a line always distant 1,000 feet northwestwardly from and parallel with the northwesterly line of Amboy road and its prolongation as laid out at Huguenot avenue, the said distance being measured at right angles to Amboy road; on the northeast by a line always distant 100 feet northeastwardly from and parallel with the northeastwardly line of Huguenot avenue as this street is in use and commonly recognized, the said distance being measured at right angles to Huguenot avenue; on the southeast by a line always distant 1,000 feet southeastwardly from and parallel with the southeastwardly line of Amboy road and its prolongation in a tangent as laid out at Huguenot avenue, the said distance being measured at right angles to Amboy road; and on the southwest by a line at right angles to Amboy road and passing through a point on the centre line of Amboy road distant 1,325 feet southwestwardly from its intersection with the centre line of the right-of-way of the Staten Island Railway, the said distance being measured along the centre line of Amboy road.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 11th day of July, 1912, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 11th day of July, 1912.

Dated June 27, 1912.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on June 20, 1912, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment on April 10, 1908, authorized the acquisition of title to the lands and premises required for the opening and extending of Roebeling street, as widened, from Broadway to Division avenue; the Public Place bounded by the easterly line of Roebeling street extended southerly in a direct line to the northeasterly side of Lee avenue, Lee avenue and Division avenue, and Taylor street, as widened, from Lee avenue to Bedford avenue, in the Borough of Brooklyn, and directed that 25 per cent. of the cost and expense of the proceeding for the acquisition of title to the foregoing streets shall be borne and paid by The City of New York, and that the remainder of such cost and expense shall be assessed upon an area of assessment for benefit as fixed and determined by the resolution authorizing the acquisition of title to the foregoing streets; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of reconsidering its action with respect to the distribution of the cost and expense of said proceeding, and of making a new determination concerning the same in conformity with the provisions of chapter 679 of the Laws of 1911.

Resolved, That the Board of Estimate and Apportionment will hold a public hearing in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, July 11, 1912, at 10.30 o'clock a. m., at which all persons interested will be given an opportunity to be heard upon the proposed reconsideration and redetermination concerning the distribution of the cost and expense of the aforesaid proceeding so as to place 10 per cent. of the entire cost and expense thereof upon the area hereinafter described as Area "A," 20 per cent. of the entire cost and expense of the proceeding upon the area hereinafter described as Area "B," 45 per cent. of the entire cost and expense upon the Borough of Brooklyn, and the remaining 25 per cent. of the entire cost and expense upon The City of New York.

Area "A."

(To bear 10 per cent. of the entire cost and expense of the foregoing proceeding.)

Beginning at a point on the southerly line of Broadway where it is intersected by a line midway between Roebeling street and Driggs avenue, and running thence easterly along the southerly line of Broadway to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Roebeling street and the westerly line of Havemeyer street as these streets are laid out between Broadway and South 9th street; thence southwardly along the said bisecting line to the intersection with a line midway between Roebeling street and Havemeyer street as these streets are laid out immediately adjoining Division avenue; thence southwardly along the said line midway between Roebeling street and Havemeyer street and along the prolongation thereof to the intersection with the prolongation of a line midway between Taylor street and Wilson street—as these streets are laid out between Bedford avenue and Lee avenue; thence southwestwardly along the said line midway between Taylor street and Wilson street and along the prolongation thereof to the intersection with a line distant 100 feet southwestwardly from and parallel with the southwesterly line of Bedford avenue, the said distance being measured at right angles to Bedford avenue; thence northwestwardly along the said line parallel with Bedford avenue to the intersection with a line midway between Taylor street and Clymer street; thence northeastwardly along the said line midway between Taylor street and Clymer street to the intersection with the prolongation of a line midway between Roebeling street and Driggs avenue; thence northwardly along the said line midway between Roebeling street and Driggs avenue and along the prolongation thereof to the point or place of beginning.

Area "B."

(To bear 20 per cent. of the entire cost and expense of the foregoing proceeding.)

Beginning at a point on the southerly line of Broadway where it is intersected by a line midway between Bedford avenue and Driggs avenue, and running thence easterly along the southerly line of Broadway to the intersection with a line midway between Havemeyer street and Marcy avenue as these streets are laid out immediately adjoining Broadway; thence southwardly along the said line midway between Havemeyer street and Marcy avenue to the intersection with a line midway between Havemeyer street and Marcy avenue as these streets are laid out immediately north of Division avenue; thence southwardly along the said line midway between Havemeyer street and Marcy avenue and along the prolongation thereof to the intersection with a line midway between Lee avenue and Marcy avenue as these streets are laid out north of Middleton street; thence southeastwardly along the said line midway between Lee avenue and Marcy avenue and along the prolongation thereof to the intersection with the prolongation of a line midway between Nostrand avenue and Marcy avenue as these streets are laid out south of Flushing avenue; thence southwardly along the said line midway between Nostrand avenue and Marcy avenue and along the prolongation thereof to the intersection with a line always distant 100 feet southerly from and parallel with the southerly line of Flushing avenue, the said distance being measured at right angles to Flushing avenue; thence westwardly along the said line parallel with Flushing avenue to the intersection with a line midway between Bedford avenue and Skillman street; thence northwardly along the said line midway between Bedford avenue and Skillman street and along the prolongation thereof to the intersection with the prolongation of a line midway between Bedford avenue and Wythe avenue as these streets are laid out between Clymer street and Hayward street; thence northwestwardly along the said line midway between Bedford avenue and Wythe avenue and along the prolongation thereof to the intersection with a line midway between Morton street and Clymer street; thence northeastwardly along the said line midway between Morton street and Clymer street and along the prolongation thereof to the intersection with the prolongation of a line midway between Bedford avenue and Driggs avenue as these streets are laid out south of Broadway; thence northwardly along the said line midway between Bedford avenue and Driggs avenue and along the prolongation thereof to the point or place of beginning, excluding the area heretofore described as Area "A."

Resolved, That the Secretary of this Board

cause these resolutions and a notice to all persons affected thereby to be published in the City Record and in the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 11th day of July, 1912.

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to change the grade of 78th street, between 13th avenue and 14th avenue, Borough of Brooklyn, and that a meeting of said Board will be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on July 11, 1912, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board; all of which is more particularly set forth and described in the following resolutions adopted by the Board on June 13, 1912, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of 78th street, between 13th avenue and 14th avenue, in the Borough of Brooklyn, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the Commissioner of Public Works of the Borough and dated May 17, 1912.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 11th day of July, 1912, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the City Record and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 11th day of July, 1912.

Dated June 27, 1912.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held June 13, 1912, the following petition was received:

June 10, 1912.

To the Honorable, the Chairman and Other Members of the Board of Estimate and Apportionment of the City of New York:

Gentlemen—The Petitioner, the New York Cahill Telharmonic Company, hereinafter sometimes termed the Petitioner and sometimes the Company, submits the following petition:

First—A franchise was granted to the petitioner by your Honorable Body, hereinafter referred to as the Board of Estimate, by a resolution of said Board passed on February 16, 1911, and embodied in a contract, signed on behalf of The City of New York, by his Honor, Mayor Gaynor, on March 9, 1911.

Second—In view of unexpected delays, difficulties and expense, which the Company has encountered in installing and establishing its music distributing plant in New York City, your petitioner requests the following, namely:

(1) That it be granted an extension of time of fifteen months, in which to commence its operations.

(2) That in lieu of the payments provided for by paragraph (a) on page 4 of the franchise contract, aforesaid, to be made by the Company to the City, the following shall be substituted, namely: One thousand dollars (\$1,000) to be paid by the Company to the City within three (3) months after the date on which an amendatory and supplemental contract between the Board and the Company, giving effect to this petition, shall be signed by the Mayor, and a further sum of five thousand dollars (\$5,000) to be paid by the Company to the City within one year after the date on which such amendatory and supplemental contract shall be signed by the Mayor.

(3) That in lieu of the payments provided for in paragraph (b) on page 4 of the franchise contract aforesaid, and falling due from the Company to the City in the first two years of the franchise contract, the Company shall pay the City a sum equal to three per cent. (3%) of its gross receipts arising and accruing to it from business done under its franchise contract.

Respectfully submitted,
NEW YORK CAHILL TELHAR-
MONIC COMPANY.

By THADDEUS CAHILL, President.
State of New York, City and County of New York, ss.:

Before me the undersigned, a notary public in and for said County of New York, came Thaddeus Cahill, to me known, who, being duly sworn, deposes and says that he is President of the New York Cahill Telharmonic Company, the petitioner in the attached petition; that he signed said petition in the name of said company and by its authority; and that the matters and things set forth in said petition are true, to the best of his knowledge, information and belief.

THADDEUS CAHILL.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held June 6, 1912, the following petition was received:

To the Board of Estimate and Apportionment of The City of New York:
In response to the request of your honorable Board, the Holmes Electric Protective Company respectfully shows:

1. That the Holmes Electric Protective Company is a corporation of the State of New York, duly incorporated and organized in January, 1883, under and in accordance with the provisions of chapter 265 of the Laws of 1848, entitled, "An Act to Provide for the Incorporation and Regulation of Telegraph Companies," approved April 12, 1848, and has been continuously since its incorporation and beginning with the month of January, 1883, and is now engaged in the business of constructing, leasing, owning, using, maintaining and operating lines of electric telegraph and electrical conductors in, along and through the streets, highways and public places within The City of New York, and elsewhere, for the purpose of transmitting electric telegraphic signals and communications for protection against burglary.

2. That a certified copy of its articles of incorporation has been heretofore filed in the office of your honorable Board, to which copy reference is hereby made.

3. That continuously since its incorporation, and organization in January, 1883, said Holmes Electric Protective Company, by virtue of the rights acquired by it under its incorporation as aforesaid, has occupied and used, and still occupies and uses the streets of The City of New York for its over-head system of lines of electric telegraph and electrical conductors. And also that continuously since about the month of August, 1891, upon the express direction and by the compulsion of the said City of New York, said Holmes Electric Protective Company has constructed and laid its lines of electrical conductors, cables and telegraph wires under ground in said city and has accordingly occupied and used and still occupies and uses for all the purposes of its business space in the electrical subways constructed in and under the streets of said City, pursuant to the provisions of the acts of the Legislature known as the Subway Acts.

4. That without waiving its present legal rights or any of them and without admitting any legal obligation on its part to require any further permission or consent of The City of New York for the use of the streets of said City for any of the purposes aforesaid, the Holmes Electric Protective Company hereby respectfully applies for the permission of your honorable Board to construct and lay lines of electrical conductors under ground in, along and through the streets, highways and public places within The City of New York, provided such permission shall be granted upon such consideration as may be acceptable to said Holmes Electric Protective Company, and upon such terms as shall not prejudice, impair or limit any of the rights heretofore acquired and now owned or possessed by said Company to use the streets of said City.

Respectfully submitted,
HOLMES ELECTRIC PROTECTIVE COMPANY.

By EDWARD F. FISHER, Second Vice-President and Secretary.

Alfred Ely, Attorney for Holmes Electric Protective Company, Office and Post Office Address, 31 Nassau St., Manhattan.

State of New York, County of New York, ss.:

Edward F. Fisher, being duly sworn, says that he is Second Vice-President and Secretary of the Holmes Electric Protective Company, the corporation described in and which executed the foregoing petition as therein set forth, and that he is duly authorized to execute the same in its name and behalf as such officer.

EDWARD F. FISHER.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held May 9, 1912, the following petition was received:

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—The petition of the United Electric Service Company respectfully shows:

That your petitioner is a party to a contract with The City of New York dated the 16th day of December, 1909. That, pursuant to said contract certain rights and privileges were granted to your petitioner as set forth in section 1 therein, subject to certain conditions also set forth in said contract.

That your petitioner desires to extend its business to that portion of the Borough of The Bronx west of the Bronx River in the said City of New York, and to that end hereby makes application for the consent of your honorable Board extending the rights and privileges of your petitioner under said contract so as to include the said portion of the Borough of The Bronx west of the Bronx River, and that section 1 of said contract be amended accordingly.

Respectfully submitted,
UNITED ELECTRIC SERVICE COMPANY.

By M. W. RAYENS, President.
City and County of New York, ss.:

M. W. Rayens, being duly sworn, deposes and says that he is the president of the United Electric Service Company; that he has read the foregoing petition and knows the contents thereof; and that the same is true to his own knowledge; and that the reason why this verification is made by deponent and not by the petitioner is that said petitioner is a domestic corporation and deponent is president thereof.

M. W. RAYENS.

New York, June 6, 1912. j28,jy11

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Receivers of the South Shore Traction Company have, under date of May 2, 1912, made application to this Board to have declared null and void a contract dated December 31, 1909, and an agreement dated December 24, 1909, by and between the City and South Shore Traction Company, and for certain modifications and amendments in the terms and conditions of a contract dated May 20, 1909, between the City and the South Shore Traction Company, granting said Company the right to construct, maintain and operate a street surface railway upon certain streets and avenues set forth in said contract; and

Whereas, Section 172 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on May 16, 1912, fixing the date for public hearing thereon as June 6, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Times" and "The Morning Telegraph," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and was continued until June 13, 1912; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said contract of May 20, 1909, and as to the money value of the franchise or right applied for and proposed to be granted to the South Shore Traction Company, and the adequacy of the compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the consent or right applied for by the South Shore Traction Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the South Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of June, 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the South Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, On May 20, 1909, a contract was executed by the City granting the right or privilege to the South Shore Traction Company to construct, maintain and operate a street surface railway with the necessary wires and equipment for the purpose of conveying persons and property in the Boroughs of Queens and Manhattan, in The City of New York, from the westerly terminal of the Queensboro Bridge to the boundary line between the City and Nassau County, by the way of the Queensboro Bridge and various streets and avenues in the Borough of Queens; and

Whereas, A contract dated December 31, 1909, and an agreement dated December 24, 1909, were executed which purported to modify said contract executed May 20, 1909; and

Whereas, On May 2, 1912, the Receivers of the South Shore Traction Company petitioned the Board to have said contract of December 31, 1909, and said agreement of December 24, 1909, declared null and void and of no effect, and that said contract dated May 20, 1909, be amended, first, as to route, and second, in such other respects as the Board deems fit and proper.

Now, therefore, in consideration of the premises and of the mutual covenants herein contained, the parties do hereby covenant and agree as follows:

Section 1. The said contracts of May 20, 1909, and of December 31, 1909, and said agreement of December 24, 1909, are hereby declared by the parties hereto to be null and void and of no effect, and the grant herein contained with the conditions thereof shall in all respects be substituted for and take the place of all the rights and privileges granted by said contracts and agreement.

Sec. 2. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the following rights and privileges:

First—To construct, maintain and operate a street surface railway with the necessary wires and equipment for the purpose of conveying persons and property in the Boroughs of Queens and Manhattan of The City of New York, upon the following routes, to wit:

Beginning at the southeasterly line of the Queensboro Bridge plaza, the same being the northwesterly side line of Jackson avenue; thence by double track in, upon and across Jackson avenue to the viaduct over the Sunnyside Yards of the Long Island Railroad Company (Queens boulevard), or the approach thereto; thence by double track upon and along the viaduct over the Sunnyside Yards of the Long Island Railroad Company (Queens boulevard) and the approaches thereto; to Thomson avenue; thence by double track in and upon Thomson avenue to Hoffman boulevard; thence by double track in and upon Hoffman boulevard to Brooklyn and Jamaica turnpike or Fulton street; thence by double track in and upon Brooklyn and Jamaica turnpike or Fulton street to Rose avenue and by single track to Campion avenue; thence by single track in and upon Rose avenue to Archer place and by single track in and upon Campion avenue to Carl street; thence by single track in and upon Archer place to private property, and by single track in and upon Carl street to private property; thence in and upon private property by single or double track to a point approximately in line with Guilford street if the same were extended; thence by double track in and upon private property approximately in line with Guilford street if the same were extended and crossing under the tracks of the Long Island Railroad Company to Guilford street; thence by double track in and upon Guilford street to a point between Beaufort avenue and Broadway; thence by double track in and upon private property to and across Liberty avenue to Jay street; thence by double track in and upon Jay street to and across Sylvester avenue; thence by double track in and upon private property to Rockaway turnpike at approximately the point where the same is intersected by Shore avenue; thence by double track in and upon Rockaway turnpike to Pacific street; thence by double track in and upon Pacific street to and

across Brooklyn avenue; thence by double track in and upon private property approximately in line with Pacific street if the same were extended, to Vine street; thence by double track in and upon Vine street to State street; thence by double track in and upon State street to Woodland avenue; thence by double track in and upon Woodland avenue to private property; thence by double track in and upon private property approximately on a line with Woodland avenue if the same were extended, to a point approximately in line with Central avenue if the same were extended; thence by double track in and upon private property approximately on a line with Central avenue if the same were extended, to Merrick road; thence by single track across Merrick road to Central avenue; thence by single track in and upon Central avenue and crossing the Montauk Division of the Long Island Railroad to a point where Central avenue intersects the boundary line between The City of New York and the County of Nassau.

Said route between the point in private property approximately in line with Guilford street if the same were extended, and the point where Central avenue is intersected by the boundary line between The City of New York and the County of Nassau, lying within certain streets, as shown upon a map commonly known as the "Jamaica map," which was adopted by the Board of Estimate and Apportionment January 11, 1912, and showing the street system and grades of that portion of the Fourth Ward, Borough of Queens, City of New York, bounded by Hillside avenue, Villard avenue, Old Country road, Farmers avenue, Freeport avenue, Rockaway boulevard, Van Wyck avenue and New Haven avenue, to wit: Sutphin road, from a point between the tracks of the Long Island Railroad and Brooklyn and Jamaica turnpike or Fulton street and crossing under the tracks of the Long Island Railroad to Lambertville avenue; Lambertville avenue, from Sutphin road to Spangler street; Spangler street, from Lambertville avenue to Brinkerhoff avenue; Brinkerhoff avenue, from Spangler street to Smith street; Smith street, from Brinkerhoff avenue to Ulster avenue; Ulster avenue, from Smith street to Westchester avenue; Westchester avenue, from Ulster street to the line dividing The City of New York from the County of Nassau.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said routes.

All of the above described routes are within the Borough of Queens, City of New York, and are, together with turnouts, switches and cross-overs, hereby authorized shown upon two maps, each entitled:

"Map Showing Proposed Railway of the South Shore Traction Co. in the Borough of Queens, City of New York, to Accompany Joint Petition dated May 2, 1912, to the Board of Estimate and Apportionment."

—and signed South Shore Traction Co., by Paul T. Brady and Willard V. King, Receivers; Harold B. Weaver, Chief Engineer, Manhattan and Jamaica Railway Co., by A. H. Flint, President, and Harold B. Weaver, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and cross-overs, which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Second—To operate the cars of the Company upon two tracks when constructed upon the Queensboro Bridge and approaches thereto, such tracks to be assigned to the Company by the Commissioner of Bridges; beginning at the northwesterly side line of Jackson avenue at the bridge plaza, in the Borough of Queens, and there connecting with the tracks of the Company above described; thence in and upon said bridge plaza to the easterly approach to the Queensboro Bridge; thence upon and along said bridge approach and across intersecting streets and avenues to the Queensboro Bridge; thence upon and along the Queensboro Bridge to the westerly bridge approach; thence upon and along said westerly bridge approach to the westerly terminus thereof, in the Borough of Manhattan. The said route is more particularly shown upon the map heretofore referred to, and is to be operated by the Company as a continuous route in connection with the route heretofore described.

Sec. 3. The grant of the right or privilege to construct, maintain and operate the said railway from the Queensboro Bridge plaza, at Jackson avenue, Borough of Queens, to the intersection of Central avenue and the boundary line between the Borough of Queens and the County of Nassau, upon the route heretofore described, is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on each street and avenue described in the route of the Company to the construction and operation of said railway, shall be obtained by the Company, and a copy of such consents shall be filed with the Board before construction is commenced on such street or avenue. The consent in writing of the owners of half in value of the property bounded on all streets and avenues to the construction and operation of said railway, shall be obtained by the Company within one year from the signing of this contract by the Mayor, and a copy of such consent shall be filed with the Board within such time, or a copy of an order of the Appellate Division of the Supreme Court that said railway ought to be constructed in lieu of such consents.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until May 20, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or corporations, or to any individual or individuals a similar right or privilege upon the same or other terms and conditions over the routes heretofore described. The Company shall not at any time oppose the construction and operation of any street surface railway by any such other corporation or individual which may receive a franchise therefrom from the City which may necessitate the use of any portion of the railway which shall be constructed or operated by the Company pursuant to this contract; and the consent of the Company to the use of any portion of its railway by such corporation or individual shall not be necessary.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon the route or any portion thereof over which such corporation or individual may receive a right or privilege, and to use thereof the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such corporation or individual upon the tracks of the Company, and shall have the right to continue such operation until this contract or the right to use such property under the terms and conditions of this contract granted said corporation or individual by the City shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined by the Public Service Commission of the State of New York, for the First District.

Within thirty (30) days after such determination by the Public Service Commission such new corporation or individual shall file with the said commission its acceptance or rejection in writing of said determination. In the event of rejection such corporation or individual shall immediately cease the operation of its cars over the tracks of the Company and shall within thirty (30) days thereafter pay to said Company for the use of its tracks and equipment already enjoyed a sum equal to the legal interest on such portion of the actual cost of construction of said railway structures and additions and betterments thereto, as the number of cars operated by such corporation or individual shall have borne to the number of cars operated by the company or companies using the same during said period; also a like proportion of the cost of keeping the tracks and electrical equipment in repair; also a like proportion of laying and repairing of pavement, removal of ice and snow, taxes, and all duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, together with the actual cost of the power used for the operation of the cars of such individual or corporation. Provided, however, that such corporation or individual shall not be compelled to pay to the Company any sum as compensation for loss to it due to competition.

Fifth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten (10) years of this contract, upon giving to the Company one (1) year's notice, may require the Company to operate its railway upon the whole or any portion of its route lying in and northwesterly from the Brooklyn and Jamaica turnpike, or Fulton street; and at any time after the first fifteen (15) years of this contract, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or any portion of its route lying southeasterly from the Brooklyn and Jamaica turnpike, or Fulton street, by underground electric power, substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system and remove its poles, wires and other structures used by it for that purpose, from the streets and avenues of the City.

Sixth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The Company shall complete and put in operation that portion of the railway herein authorized from the Manhattan terminal of the Queensboro Bridge to the intersection of the tracks of the Long Island Railroad with Thomson avenue at or near Greenpoint avenue on or before October 31, 1912, from the intersection of the tracks of the Long Island Railroad Company with Thomson avenue to the intersection of Thomson avenue and Broadway on or before December 31, 1912, from the intersection of Thomson avenue and Broadway to the proposed new Long Island Railroad station in the former village of Jamaica, on or before March 31, 1913. The Company shall complete and put in operation that portion of its railway herein authorized between the former village of Jamaica and the City line at Central avenue within six months after notification by the President of the Borough of Queens that he is willing to issue a permit for the construction of tracks on the streets involved.

Upon the failure of the Company to complete the construction and place in operation any of the said portions of the railway on or before the dates or times herein specified, the right herein granted shall cease and determine, and all sums or securities paid to the City, or deposited with the Comptroller, as security for performance by the Company of the terms and conditions of this contract, as herein provided, shall be forfeited to the City without action by the City, provided, however, that the Board may extend the time within which to complete the construction and place the railway in operation as it may deem just and equitable.

Eighth—Said railway shall not cross any railway or railroad other than street surface railways encountered in the route at the grade thereof, but shall be constructed either above or below the grade of such railway or railroads. If any railway or railroad other than street surface railways are operated at the same grade of the streets or avenues in which the Company is hereby authorized to construct a railway at the time the Company constructs such railway, then the Company may construct at its own expense and use a temporary crossing and approaches thereto either upon private property or within the lines of such streets or avenues to be determined by resolution of the Board, and continue to use such temporary crossing until such time as either the grade of such street or avenue or such railway or railroad shall have been changed so that such railway or railroad shall not cross such street or avenue at the grade thereof. When such grade shall have been changed and a permanent crossing shall have been constructed to carry such street or avenue either above or below the grade of such railway or railroad, then the Company shall upon the order of the Board, abandon the above described temporary crossing, and construct its tracks upon such permanent structure as shall be directed by the Board. Any property acquired in fee by the Company for the purpose of the temporary crossing hereinbefore provided for shall be ceded to the City without compensation therefor by the Company, when the same is required by the City for the purpose of widening such street or avenue, upon the removal of the tracks of the Company from such temporary crossing and approaches thereto, to the permanent crossing structure.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time during the term of this contract, or should any such street or avenue be made a boulevard, in which it may be desirable to have the position of the tracks changed, the Company shall, at its own expense, change its tracks to conform with such new grades, lines and positions as shall be directed by the Board or by the official having jurisdiction of such streets, avenues or boulevards, and during the construction of any public improvement upon said street, avenue or boulevard, the Company shall take care of and protect the track at its own expense; all to be done subject to the direction of the City official having jurisdiction.

Should, in the opinion of the President of the Borough of Queens, the present roadway of any of the said streets, avenues or highways be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic; provided, that no roadway shall be widened beyond the total width of the street, avenue or highway.

Eleventh—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twelfth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Provided, however, that the Company may, with the approval of the City officials having jurisdiction over such matters, oil that portion of the surface of the streets and avenues, between the tracks, the rails of the tracks and two (2) feet beyond the rails on either side thereof, at least twice each summer season, in such a manner as may be necessary to prevent the rising of dust, and if the Company shall so oil such portions of the streets and avenues then the Company shall not be required to water such streets and avenues as herein provided.

Thirteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free

and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Fourteenth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Fifteenth—The Company hereby agrees that if the City is, or shall become, entitled to acquire, and shall at any time during the term of this contract acquire or otherwise come into the possession of any of the property on which railway tracks shall be constructed on that portion of the route described herein as private property, no compensation shall be awarded for the right to have railway tracks thereon, and in the event that the City shall have acquired such property, then the rights hereby granted in the streets and avenues shall be extended to cover such property and all the terms and conditions of this contract shall be applicable thereto.

Sixteenth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is authorized to operate.

Sec. 4. The grant of the right or privilege to operate cars upon two (2) tracks of the Queensboro Bridge and the approaches thereto, upon the route heretofore described, and to use other equipment owned by the City upon said bridge, is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until May 20, 1919, and may continue for a further term not exceeding in any case fifteen (15) years, which further term may be terminated at the option of the Board at any time during said fifteen (15) years, upon six (6) months' notice by the Board to the Company.

Second—The Company shall use only such tracks as shall be assigned to the Company by the Commissioner of Bridges, and nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, or to affect the right of the Commissioner of Bridges to assign the same or other tracks to such individual or other corporation.

Such tracks and all electrical equipment necessary for the operation of cars thereon shall be installed at the expense of the City, and shall remain the property of the City, but the Company shall keep and maintain such tracks and electrical equipment in good order and repair, and in such manner as shall be approved and directed by the Commissioner of Bridges, and shall furnish all motive power required by the Commissioner of Bridges for the operation of its cars. If deemed necessary by the Commissioner of Bridges, the Company shall install and operate a system of signals to insure the safe and efficient operation of cars; such system to be approved by the Commissioner of Bridges. In the event of any necessity for changing the layout of tracks, curves, switches, sidings or platforms on the bridge in order to facilitate operation of cars by the Company, said Company must do all the work and furnish all the labor and tools necessary for effecting such changes, which shall all be made under the control and direction of the Commissioner of Bridges, and no such changes or construction connected therewith, or relating thereto, shall be made unless the plan or plans for the same have been first submitted to the Commissioner of Bridges and approved by him.

If, however, the tracks and appliances herein mentioned are used by any other individual or corporation, then the Company shall bear only such proportion of the cost imposed by the terms and conditions of this paragraph as the use of such track and appliances by the Company bears to the entire use of such track and appliances.

Third—Before beginning the operation of the cars, the Company shall file with the Commissioner of Bridges a statement for his approval and assent as to the type of car which it proposes to operate and a sketch showing clearance dimensions, weight on axles and wheel spacing or such other information as may be required by said Commissioner. All cars operated over the bridge by the Company and all equipment and appliances relating to such operation shall be subject at all times to the inspection of the Commissioner of Bridges or his authorized representatives, who shall have power to forbid the entrance to the bridge of cars which may for any reason be unsatisfactory, and who shall have power to direct the removal of any old or inadequate appliance and the substitution thereof of appliances of approved character.

Said Commissioner may adopt rules and regulations in regard to the number of cars to be operated over the bridge, the rate of speed of said cars, the movement and headway thereof, the type and weight of cars to be used and the condition thereof, the switching of cars and the use of platforms and the control of the electrical current used by the Company, and the said Commissioner may alter and amend any such rules and regulations so as to secure the safety and comfort of persons using the bridge and preserve the purposes for which the bridge was constructed, and, upon serving notice upon the Company that such rules and regulations have been made, amended or altered, the Company shall comply with all the requirements thereof.

Fourth—The Company shall furnish and supply a sufficient number of cars (herein called local bridge cars) and commence the operation of same as soon as practicable after this contract is signed by the Mayor, and continue to operate the same during the term of this contract back and forth upon the bridge between the bridge plaza in the Borough of Queens and the bridge approach in the Borough of Manhattan, with such frequency as to provide reasonable accommodations for the traveling public, provided, however, that if the through cars operated by the Company, or the operation of cars across the bridge by any other company, shall in the opinion of the Commissioner of Bridges be sufficient to supply reasonable accommodations for the traveling public, the operation of such local bridge cars shall be discontinued for such period as designated by the Commissioner of Bridges.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the Commissioner of Bridges to make any alterations or changes in the construction, operation or management of the bridge or to affect in any way the control of such Commissioner over such bridge, as provided by the Charter of the City.

Sec. 5. The grant of the said rights and privileges to construct, maintain and operate a street surface railway from the Queensboro Bridge plaza, at Jackson avenue, in the Borough of Queens, to the intersection of Central avenue and the boundary line between the Borough of Queens and the County of Nassau, upon the route heretofore described, and to operate cars upon the Queensboro Bridge and the approaches thereto, are both subject to the following conditions, which shall be complied with by the Company.

First—The Company shall pay to the City for this privilege the following sums of money:

(a) During the first term of five (5) years an annual sum which shall in no case be less than

thirty-five hundred dollars (\$3,500) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of thirty-five hundred dollars (\$3,500).

During the second term of five (5) years an annual sum which shall in no case be less than seven thousand dollars (\$7,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand dollars (\$7,000).

During the third term of five (5) years an annual sum, which shall in no case be less than twelve thousand dollars (\$12,000), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twelve thousand dollars (\$12,000).

During the remaining term ending May 20, 1934, an annual sum which shall in no case be less than fourteen thousand seven hundred dollars (\$14,700), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of fourteen thousand seven hundred dollars (\$14,700).

(b) For the use of the bridge structure and approaches thereto the sum of five cents for each round trip or the sum of two and one-half cents for each single trip of each and every car operated upon the bridge.

The number of such cars shall be certified by the Commissioner of Bridges to the Comptroller once each month in such form as shall be designated by the Comptroller.

(c) For the use of the tracks owned by the City upon the bridge and approaches, a sum equal to four (4) per cent. per annum upon the valuation of thirty thousand dollars (\$30,000) per mile of single track used, provided, however, that if such tracks are used by any other company or companies, then the Company shall pay only such portion of such four (4) per cent. per annum upon the cost thereof as shall be proportionate to the use of such tracks by the Company. The Commissioner of Bridges shall compute the sums due the City for the use of such tracks and certify the same to the Comptroller.

(d) For the use of terminal loops and other terminal facilities which are the property of the City a sum equal to four (4) per cent. upon the cost of the tracks in the terminals, and all overhead equipment necessary for the operation of the cars, provided, however, that if such terminal loops and other terminal facilities are used by any other company or companies, then the Company shall pay only such portion of four (4) per cent. per annum upon the cost thereof as shall be proportionate to the use of such facilities by the Company. The Commissioner of Bridges shall compute the sums due the City for the use of such terminal facilities and overhead equipment and certify the same to the Comptroller.

The Company upon the delivery of this contract and before any rights herein conferred are exercised by the Company shall pay to the City the sum of twenty thousand dollars (\$20,000), which sum the City agrees to accept as payment for all sums due the City pursuant to the said contract of May 20, 1909, from the date thereof to the date hereof, and is the sum the Company agrees to be due the City pursuant to said contract.

The gross annual receipts mentioned above shall be the gross earnings of the Company from all sources within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or by any law of the State of New York.

Second—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of any other railway or railroad company notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Third—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Fourth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Fifth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The rate of fare upon the local bridge cars, or the through cars of the Company, entitling a passenger to ride once across the bridge shall not exceed three cents, and the Company shall at all times have tickets on sale, one of which shall entitle a passenger to ride across said

bridge, and the Company shall sell such tickets at the rate of not exceeding three cents for one and five cents for two.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Sixth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company, and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sums shall be charged for such service than provided for by it.

Seventh—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, as may be determined by the Board. Provided, however, that the Company, during the first five (5) years of this contract, shall not be required to operate its cars between the hours of one (1) o'clock a. m. and five (5) o'clock a. m. each day unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Ninth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Tenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eleventh—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twelfth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or at option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fourteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Fifteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Sixteenth—This grant is upon the express condition that the Company shall, before anything is done in exercise of the rights conferred hereby, and at all times thereafter during the term of this contract have on deposit with the Comptroller of the City the sum of twenty thousand dollars (\$20,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company

of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twenty thousand dollars (\$20,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Seventeenth—The Company upon the delivery of this contract and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City a further sum of thirty thousand dollars (\$30,000), either in money or securities to be approved by him, fifteen thousand dollars (\$15,000) of which shall be returned to the Company only upon the condition that the Company shall have completed the construction of a double-track street surface railway and placed the same in operation from the Manhattan terminal of the Queensboro Bridge to the intersection of the tracks of the Long Island Railroad Company with Thomson avenue, at or near Greenpoint avenue, and from said Greenpoint avenue to the intersection of Thomson avenue with Broadway, and from the intersection of Thomson avenue with Broadway to the proposed new Long Island Railroad station in the former village of Jamaica, on or before the dates herein elsewhere specified for the completion of the construction of those portions of the railway, and the remaining fifteen thousand dollars (\$15,000) shall be returned to the Company only upon the condition that the Company shall have completed the construction of the railway and placed the same in operation from the said proposed new Long Island Railroad station to the intersection of Central avenue and the City line, within the time herein elsewhere specified for the completion of that portion of the railway.

The sum of thirty thousand dollars (\$30,000) provided for in this paragraph is to be in addition to any sum already deposited by the Company with the Comptroller of the City of New York under the provisions of paragraph 17 of the contract of May 20, 1909, the respective rights of the City and of the Company in the sum so deposited under said contract being left for future adjustment through judicial proceedings or otherwise.

For the purpose of facilitating the work of the Company in constructing and putting in operation said section of its railway, it is hereby consented that the Company may construct its temporary overhead crossings on Thomson avenue within the lines of said avenue.

If and when any such portions of the railway shall be constructed and put in operation at any time within the periods herein specified, a certificate stating that such portion of the railway has been constructed and put in operation shall be prepared by the President of the Company, and delivered to the Board, and the Board shall immediately verify the correctness of such statement, and either accept such statement as correct, or, if it deems it to be incorrect, return said certificate to the Company, specifying in writing the respects in which it deems such statement to be incorrect. If such statement or statements, with respect to the portions of the railway hereinabove referred to, which are required to be constructed and placed in operation within specified periods, as a condition of the return of said portions of the said sum of thirty thousand dollars (\$30,000), are filed with the Board within said specified periods and are found by the Board to be correct or are thereafter proven to be correct, the Board shall thereupon adopt a resolution directing the Comptroller to return to the Company the said portions of said thirty thousand dollars (\$30,000) as herein provided. Unless such certificate or certificates are delivered to the Board by the Company and the statement therein contained accepted by said Board as correct or proven by the Company to be correct, then such sum of thirty thousand dollars (\$30,000) or such portion thereof as shall not have already been returned to the Company, as herein provided, shall be forfeited to and become the property of the City.

Eighteenth—Nothing herein contained shall be construed to constitute a waiver of any forfeiture of money which has accrued under the contract between the City and the Company dated May 20, 1909.

Nineteenth—The words "notice" or "direction" wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twentieth—The words "streets or avenues" and "streets and avenues" wherever used in this contract shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title" encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Twenty-first—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 6. This grant is also upon the further and express condition that the provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 7. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the South Shore Traction Company, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Monday, July 15, 1912, in the City Record, and at least twice during the ten (10) days immediately prior to Monday, July 15, 1912, in two (2) daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the South Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the South Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Monday, July 15, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.
Dated New York, June 13, 1912. j20,jy15

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were thereupon adopted:

Whereas, The Staten Island Rapid Transit Railway Company has, under date of April 20, 1912, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate two additional standard gauge railroad tracks, one over and across Nicholas avenue and the other over and across Granite avenue, in the Third Ward, Borough of Richmond; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws this Board adopted a resolution on April 25, 1912, fixing the date for public hearing thereon as May 23, 1912, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Sun" and the New York "Press" newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Staten Island Rapid Transit Railway Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Staten Island Rapid Transit Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Staten Island Rapid Transit Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this _____ day of _____, 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Staten Island Rapid Transit Railway Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate,

(a) An additional or third track siding across and upon Nicholas avenue, in the Third Ward, Borough of Richmond, beginning at a point on the right-of-way of the Company approximately 220 feet east of the easterly line of said Nicholas avenue, and there connecting with an existing third or additional track; thence westerly upon and along said right-of-way to a point approximately 130 feet west of the westerly line of said Nicholas avenue, and there connecting with an

existing third or additional track; said third or additional track to be constructed immediately to the south of the present track of the Company crossing Nicholas avenue. All as shown upon a map entitled:

"Map Showing Proposed Third Track across Nicholas Avenue, in the Third Ward, Borough of Richmond, City of New York, to Accompany the Petition of The Staten Island Rapid Transit Railway Co. to the Board of Estimate and Apportionment, dated April 20, 1912."

—and signed by C. C. F. Bent, Vice-President, and W. B. Redgrave, Engineer Maintenance of Way, a copy of which is attached hereto, and made a part hereof.

(b) An additional or third track siding across and upon Granite Avenue, in the Third Ward, Borough of Richmond, beginning at a point on the right-of-way of the Company approximately 110 feet east of the easterly line of said Granite Avenue, and there connecting with an existing third or additional track; thence westerly upon and along said right-of-way to a point approximately 80 feet east of the easterly line of Bay Avenue, said third or additional track to be constructed immediately to the south of the present track of the Company crossing Granite Avenue. All as shown upon a map entitled:

"Map Showing Proposed Third Track across Granite Avenue, in the Third Ward, Borough of Richmond, City of New York, to Accompany the Petition of The Staten Island Rapid Transit Railway Co. to the Board of Estimate and Apportionment, dated April 20, 1912."

—and signed by C. C. F. Bent, Vice-President, and W. B. Redgrave, Engineer Maintenance of Way, a copy of which is attached hereto and made a part hereof.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company from the date on which this contract is signed by the Mayor to and until October 28, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine under oath the books of the Company and its officers and determine the valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred and fifty dollars (\$150) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) From the date on which this contract is signed by the Mayor until October 28, 1934, the annual sum of two hundred dollars (\$200), being the annual sum of one hundred dollars (\$100) for each crossing herein authorized.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise

exemption from liability to perform each and all of the conditions of this contract.

Fourth—The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of the City, acting by the Board, or its successors in authority.

Fifth—Upon the termination of this contract, or if the same be renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to the Company or any other company, or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence and complete the construction of the tracks and appurtenances herein authorized within one (1) year from the date upon which this contract is signed by the Mayor, otherwise the rights herein granted shall cease and determine.

Seventh—The Company shall pay the entire cost of the construction and maintenance of the tracks herein authorized to be constructed, and in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction of such tracks.

(b) All changes in sewer or other subsurface structures made necessary by the construction of the said tracks, including the laying or relaying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said streets which may be disturbed during the construction of the tracks.

(d) The inspection of all work during the construction or removal of the tracks, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the construction shall be begun the Company shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. The Company shall perform all the duties which may be imposed upon it by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The Company shall submit to these officials working plans, which shall include and show in detail the method of construction of said railroad tracks, and the mode of protection or changes in all subsurface structures required by the construction of such tracks.

Ninth—The said railroad crossings shall, for their entire length between the lines of the streets where they are laid on the surface, be paved between the rails and for a width of two (2) feet outside thereof with asphalt blocks or vitrified brick, laid upon a concrete foundation, or such other material as may be prescribed by the President of the Borough of Richmond, and in a manner acceptable to him. The said crossings shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York.

Tenth—The Company shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said railroad tracks, and appurtenances, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

Eleventh—Free and uninterrupted access to and passage over the streets shall be maintained at all times, both during construction and thereafter, and no cars shall be allowed to stand upon said railroad tracks within the limits of said streets.

Twelfth—This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—The Company shall at all times keep the streets upon which the rails authorized by this contract are laid, between the said rails and for a distance of two (2) feet beyond the said rails, on either side thereof, free and clear from ice and snow.

Fourteenth—The Company shall, upon being ordered by the Board so to do, remove the tracks hereby authorized to be constructed on and across Nicholas Avenue and Granite Avenue, from the surface of said streets, and construct the same over or under the said streets, as directed by the Board, and in such manner as the Board may prescribe, under the supervision of the local authorities of the Borough, at its own expense. And it further agrees, that if at any time during the continuance of this contract or any renewal thereof, proceedings shall be taken under the Railroad Law or any law of the State, looking to the removal of the tracks laid by it on the surface of any street, under authority of this contract, then and in that event the Company shall remove the tracks herein authorized and construct the same across said streets, either over or under the same as directed, at its own cost and expense. Nothing contained herein shall be deemed to affect the rights or liabilities of the Company as to the tracks already laid by it.

Fifteenth—The Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks hereby authorized at all times when cars or trains shall be operated thereon. Should gates be erected, maintained and operated across any of the streets or avenues for the purpose of excluding pedestrians or vehicles from the tracks hereby authorized, the Company shall locate and erect the posts for such gates at such points as may be directed by the President of the Borough of Richmond.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad tracks and other structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Seventeenth—This grant is upon the express condition that the Company within thirty (30) days after the signing of this contract by the

Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the repairs of street pavement, and the removal of the tracks at its own expense as herein provided, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the other terms and conditions of this contract and orders of the Board acting hereunder, the Company shall pay a penalty of ten dollars (\$10) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Eighteenth—The words "notice" or "direction" wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Nineteenth—The word "street," wherever used herein, shall be deemed to mean such streets, avenues, highways, driveways, concourses, boulevards or public places across and over which the Company is hereby granted the right to construct its tracks.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. Nothing in this contract contained shall be deemed to limit in any way the police power now vested or hereafter to be delegated or granted to the City by the State of New York.

Sec. 5. The Company promises, covenants and agrees to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK.
(Seal.) By..... Mayor.
Attest:..... City Clerk.
THE STATEN ISLAND RAPID TRANSIT RAILWAY COMPANY,
(Seal.) By..... Vice-President.
Attest:..... Secretary.

(Here add acknowledgments.)
Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by The Staten Island Rapid Transit Railway Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 11, 1912, in the City Record, and at least twice during the ten (10) days immediately prior to Thursday, July 11, 1912, in two (2) daily newspapers to be designated by the Mayor therefor and published in The City of New York at the expense of The Staten Island Rapid Transit Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by The Staten Island Rapid Transit Railway Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, July 11, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.
Dated New York, June 6, 1912. j17,jy11

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The New York Dock Railway has, under date of November 23, 1910, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate railroad tracks as follows:

1. Across Imlay and Bowne streets, at or near their intersection, and across Imlay and Commerce streets at or near their intersection.
2. Across Baltic street, between Columbia street and the East River.
3. Across Joralemon street, between Furman street and the East River.
—all in the Borough of Brooklyn; and

Whereas, Section 172 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on January 5, 1911, fixing the date for a public hearing thereon as February 16, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Evening Sun" and "The New York Commercial," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The New York Dock Railway, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by The New York Dock Railway containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The New York Dock Railway the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.
This contract, made this..... day of..... 1912, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York Dock Railway (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate railroad tracks either at the same grade as the surface of the streets, or above or below the grade thereof, as shall be determined by the Public Service Commission for the First District of the State of New York, pursuant to law, for the purpose of conveying goods, wares and merchandise only, in the Borough of Brooklyn, City of New York, the centre lines of which are as follows:

(a) One track beginning at a point in the northerly side of Joralemon street about 266 feet westerly from the westerly line of Furman street; thence in, upon and across Joralemon street in a southwesterly direction to the southerly side thereof, at a point about 319 feet westerly from the westerly side line of Furman street.

Also a second track in, upon and across Joralemon street, parallel to the last described track and situated about 12.5 feet northwesterly from the centre line of said last described track.

(b) One track beginning at a point in the northerly side of Baltic street at a point about 654.5 feet westerly from the westerly side line of Columbia street; thence in, upon and across Baltic street in a southwesterly direction to the southerly side thereof at a point about 678 feet westerly from the westerly side line of Columbia street.

Also one track beginning at a point in the northerly side line of Baltic street at a point about 712 feet westerly from the westerly side line of Columbia street; thence in, upon and across Baltic street in a southwesterly direction to a point in the southerly side thereof about 752 feet westerly from Columbia street.

Also one track beginning at a point on the northerly side of Baltic street at a point about 695 feet from the westerly side line of Columbia street; thence in, upon and across Baltic street in a southwesterly direction to a point near the southerly side thereof in the centre line of the track last above described, and there connecting with the said last above described track.

Also one track beginning at a point in the northerly side line of Baltic street about 677 feet westerly from the westerly side line of Columbia street; thence in and upon Baltic street in a southwesterly direction to a point within Baltic street in the centre line of the last above described track and there connecting with said last described track.

(c) One track beginning at a point in the southwesterly side of Bowne street about 51 feet southeasterly from the southeasterly side line of Imlay street; thence in and upon Bowne and Imlay streets in a northwesterly direction to a point in the northwesterly side line of Imlay street about 25 feet northeasterly from the intersection of the prolongation of the southwesterly side line of Bowne street with the northwesterly side line of Imlay street.

Also one track beginning at a point in the southwesterly side line of Bowne street about 17 feet southeasterly from the southeasterly side line of Imlay street; thence in and upon Bowne and Imlay streets in a northwesterly direction to a point near the northwesterly side line of Imlay street in the centre line of the track last above described, and there connecting with the said last described track.

Also one track beginning at a point in the southwesterly side line of Bowne street about 5 feet southeasterly from the southeasterly side line of Imlay street; thence in and upon Bowne and Imlay streets in a northwesterly direction to a point near the northwesterly side line of Imlay street and in the centre line of the track above described as beginning in the southwesterly side line of Bowne street at a point about 51 feet southeasterly from the southeasterly side of Imlay street and there connecting with the said last described track.

(d) One track beginning at a point in the northeasterly side line of Commerce street about 61 feet southeasterly from the southeasterly side line of Imlay street; thence in and upon Commerce and Imlay streets in a general westerly direction to a point in the northwesterly side line of Imlay street about 20 feet northeasterly from the intersection of the prolongation of the southeasterly side line of Commerce street with the northwesterly side line of Imlay street.

Also one track beginning at a point on the northeasterly side of Commerce street about 31 feet southeasterly from the southeasterly side line of Imlay street; thence in and upon Commerce and Imlay streets in a general westerly direction to a point near the northwesterly side line of Imlay street in the centre line of the last described track, and there connecting with said last described track.

Also one track beginning at a point in the northeasterly side line of Commerce street about 20 feet southeasterly from the southeasterly side line of Imlay street; thence in and upon Commerce and Imlay streets to a point near the northwesterly side line of Imlay street, and in the westerly side line of Imlay street, above described as beginning in the northeasterly side line of Commerce street at a point about 61 feet southeasterly

from the southeasterly side line of Imlay street, and there connecting with said described track.

Also one track beginning at a point in the north-easterly side line of Commerce street about 8 feet southeasterly from the southeasterly side line of Commerce street; thence in Commerce and Imlay streets in a general westerly direction to the northeasterly side of Imlay street at a point a few feet northerly from a point where the track above described as beginning in the northeasterly side line of Commerce street at a point about 61 feet southeasterly from the southeasterly side of Imlay street intersects the northwesterly side of Imlay street.

The said tracks hereby authorized are shown upon two maps, one a general map showing the water-front in the vicinity of the railroad proposed to be constructed or operated by the Company, and the other showing in detail the tracks for which authority is hereby granted, each of said maps being entitled:

"Map showing proposed railway of the New York Dock Railway in the Borough of Brooklyn, City of New York, to accompany petition to the Board of Estimate and Apportionment, dated November 23, 1910."

—And signed by John B. Summerfield, President, and J. W. Galbreath, Engineer; a copy of each of which is attached hereto, is to be deemed a part of this contract, and is to be substantially followed, provided that deviations and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Company within one (1) month from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said one (1) month, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railroad shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years, and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate thereafter prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fourth—The Company shall pay to the City for this privilege the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) During the first ten (10) years of this contract an annual sum of five hundred dollars (\$500).

During the succeeding five years of this contract an annual sum of one thousand dollars (\$1,000).

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to Septem-

ber 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Before any rights hereby conferred are exercised by the Company and within thirty (30) days after the date on which this contract is signed by the Mayor, the Company shall also pay to the City the sum of six thousand two hundred and fifty dollars (\$6,250) for the past use and occupation of the streets by railroad tracks previously operated by the New York Dock Company.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Fifth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any person or corporation a franchise or right to use the streets heretofore described or any part of them for railway purposes.

Seventh—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Eighth—It is understood that the tracks hereby authorized are now constructed and operated upon the surface of the streets, but should the Public Service Commission for the First District of the State of New York determine at any time during the term of this contract, pursuant to law, that such tracks must be operated either above or below the grade of the streets, then the Company shall at its own cost and expense construct the railroad hereby authorized at such a position, and shall complete said construction within nine (9) months from the date of such determination by said Public Service Commission; otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City, provided that the period for completion of such construction may be extended by the Board, but the total extension of time shall not exceed in the aggregate six (6) months, and provided, further, that when the completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railroad shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed, if any, by the Company for the operation of the railroad within the limits of the City, whether the same be upon streets and avenues or upon private property shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—The work of construction of the tracks hereby authorized shall be done in such manner as shall not substantially interfere with the ordinary use of any street or avenue as a public highway.

Eleventh—Cars may be operated upon said tracks by steam locomotives, which shall be housed or boxed so as to conform with the type commonly known as the dummy engine, or by any other motive power which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York, provided, however, that the Board, upon giving to the grantee one year's notice, may require the Company to operate its railroad upon the whole or any portion of the tracks hereby authorized by such proper system of electric power as may be designated by the Board, and the Company shall thereupon discontinue the use of steam locomotives from such tracks.

Twelfth—Neither passengers nor vehicles shall be prevented from crossing the tracks hereby authorized by the occupation of such tracks by cars or trains operated thereon for a greater period than five (5) consecutive minutes, at any time, and the aggregate of such periods shall not exceed ten (10) minutes in any hour between 7 o'clock a. m. and 6 o'clock p. m.

Thirteenth—Should the Company be allowed to operate at the same grade as the streets and

avenues, the Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks at all times when cars or trains shall be operated thereon. Should it seem necessary in the opinion of the Board at any time during the term of this contract that gates be erected, maintained and operated across any of the streets or avenues for the purpose of excluding pedestrians and vehicles from the tracks hereby authorized, then the Company shall erect, maintain and operate such gates as may be designated upon thirty (30) days' notice by the Board to the Company.

Fourteenth—As long as said railroad, or any portion thereof, remains in any street or avenue, the Company shall set the curbs, pave the roadway and sidewalks and keep in permanent repair that portion of the surface of the streets or avenues in which the said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of Brooklyn, said President may make the same at the expense of the Company, and the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Fifteenth—Should the Company be allowed to operate at the same grade as the streets and avenues, it shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Sixteenth—Should the grades or lines of the streets and avenues in which the railroad is hereby authorized be changed at any time after the railroad has been constructed and during the term of this contract, which may necessitate the change of the grade or a position of the said tracks, then the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Seventeenth—It is agreed that the right hereby granted to operate a railroad shall not be in preference or in hindrance to public work of the City, and should the said railroad in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eighteenth—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railroad, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Nineteenth—Said railroad shall be constructed and operated in the latest approved manner of railroad construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railroad equipment, including rolling stock and railroad appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Twentieth—The rates for carrying property upon the tracks hereby authorized shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company, and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no rates in excess of those fixed shall be charged for such service.

Twenty-first—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railroad constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad constructed and in use in streets and avenues by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-fourth—The Company shall assume all liability to persons or property by reason of the

construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted the rendering of efficient public service, at reasonable rates, the repairs of the street pavement, the quality of construction of the railroad and the maintenance of the property in good condition throughout the whole term of the contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders or either of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the obstruction of traffic and the maintenance of flagmen, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any draft made upon the security fund the Company shall, upon ten (10) days' notice pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Twenty-seventh—The Company hereby agrees that it will not institute any proceedings to acquire by condemnation any land, property, appurtenances or rights pursuant to any law, unless and until permitted to do so by resolution of the Board, otherwise this grant shall cease and determine.

Twenty-eighth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-ninth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further express condition and limitation that the Company will not institute any proceedings to acquire by condemnation any land, property, appurtenances or rights owned by or leased to, used or occupied by the Union Ferry Company of New York and Brooklyn, in the operation of its public ferries, or any of them, or in connection therewith, nor any right of way over or through such lands or property except for the express purpose of making an extension to connect by land any two or all of the Company's three sets of land tracks described in its certificate of incorporation, and shown on the map heretofore described, attached hereto, and made a part of this contract. The Company shall first, however, by valid proceedings under the Railroad Law, file a proper certificate for such extension and apply for and receive the consent of the City to such extension and connection and the franchises therefor. Said Company shall not for any purpose apply to the local authorities of the City for a right or franchise to use or cross within one thousand (1,000) feet of the nearest entrance to any of said ferries any street, highway or place used by the public leading to any of said ferries without serving prior written notice thereof on said Ferry Company; provided, however, that nothing in this section contained shall be deemed to prevent the Company from taking all necessary proceedings by condemnation or otherwise on prior written notice thereof, served on said Ferry Company, to maintain the crossing of its track at the foot of Montague street (so-called) as and only to the extent the track of the New York Dock Company now crosses thereon, but any right so secured by condemnation or otherwise shall be taken subject to the right of the City to open a new street through the property.

Sec. 4. The grant of this privilege to the Company is likewise subject to the following conditions:

This contract shall not become operative until the Company shall procure and cause to be executed and proved in proper form for record and duly delivered to the Board, an agreement in which both the New York Dock Railway and the New York Dock Company shall each agree with the City and between themselves:

First—That each of said Companies hereby consents to the condemnation by the City at any time in the future of any property, land, franchises or tracks owned by them, or either of them, or of the right to use such land, property, franchises or tracks, in common with said Companies, or either of them, which for public use or for public purposes may be required by the City or by any persons or corporation, thereunto duly authorized by the City.

Second—That in any such condemnation no

award shall be claimed by either Company for the value of any railroad franchise granted by the City, nor shall any award be made therefor.

Third—That should the City at any time in the future establish a freight terminal or other means of public service requiring the use of the railroad, docks or other property and facilities of either Company, then either Company or both shall upon notification by the Board permit the City to enter upon such property and use such property and facilities for said purposes. The compensation to either Company and other terms upon which the City shall be entitled to use such property and facilities shall be as favorable to the City as those upon which similar property and facilities are similarly used in manner and extent by other persons or corporations. If no similar property and facilities are similarly used in manner and extent by other persons or corporations, then the said compensation and other terms shall be reasonable, and may be determined by condemnation, but the City shall at all times be permitted to enter upon such property for said purposes after sixty (60) days' notice by the Board to either or both of said Companies, provided that such condemnation proceedings shall be initiated within ninety (90) days after such entry.

Fourth—That the foregoing provisions shall be binding upon the said Companies and their successors or assigns.

Sec. 5. The grant herein is made by the City solely for the purpose of legalizing the existence of tracks in public streets which had heretofore been constructed and operated without authority, and this grant is not to be construed as in any way forming a precedent for the City in determining its policy in relation to future applications of the Company, its successors or assigns, to occupy the streets or public property by railroad tracks.

Sec. 6. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 7. This grant is also upon the further and express condition that the provisions of article 5 and other provisions of the Railroad Law pertinent thereto shall be strictly complied with by the Company.

Sec. 8. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

By.....Mayor.

Attest:City Clerk.

NEW YORK DOCK RAILWAY,

By.....President.

(Seal.)

Attest:Secretary.

(Here add acknowledgments.)

Agreement made this day of, between the New York Dock Railway (hereinafter called the Railway Company), party of the first part; the New York Dock Company (hereinafter called the Dock Company), party of the second part, and the City of New York (hereinafter called the City), party of the third part:

Whereas, The Railway Company on November 23, 1910, applied to the Board of Estimate and Apportionment, as the local authority of the City, for the right to construct, maintain and operate a railroad across five streets, namely, Jerusalem, Baltic, Imlay, Commerce and Bowne streets, in the Borough of Brooklyn; and

Whereas, On July 1, 1912, a resolution granting the right to construct, maintain and operate said railway across said streets and authorizing the Mayor to execute and deliver the contract for said right, in the name and on behalf of the City, was approved by the Mayor; and

Whereas, Said contract provides that the same shall not become operative until the Railway Company procures and causes to be executed and proved in proper form for record and duly delivered to the Board of Estimate and Apportionment a certain agreement the terms and conditions of which are fully set forth in said contract;

Now, therefore, in consideration of the premises and of the sum of one dollar by each of the parties of the first part and second parts to the other paid, the receipt whereof is hereby acknowledged, the parties of the first and second parts do hereby covenant and agree with each other, and with the party of the third part, as follows:

First—The Railway Company and the Dock Company each hereby consents to the condemnation by the City at any time in the future of any property, land, franchises or tracks owned by them, or either of them, or of the right to use such land, property, franchises or tracks in common with said Companies or either of them, which for public use, or for public purposes may be required by the City, or by any persons or corporation thereunto duly authorized by the City.

Second—In any such condemnation no award shall be claimed by either Company for the value of any railroad franchise granted by the City, nor shall any award be made therefor.

Third—Should the City at any time in the future establish a freight terminal or other means of public service requiring the use of the railroad, docks or other property and facilities of either Company, then either Company or both shall upon notification by the Board permit the City to enter upon such property and use such property and facilities for said purposes. The compensation to either Company and other terms upon which the City shall be entitled to use such property and facilities shall be as favorable to the City as those upon which similar property and facilities are similarly used in manner and extent by other persons or corporations. If no similar property and facilities are similarly used in manner and extent by other persons or corporations, then the said compensation and other terms shall be reasonable and may be determined by condemnation, but the City shall at all times be permitted to enter upon such property for said purposes after sixty (60) days' notice by the Board to either or both of said Companies, provided that such condemnation proceedings shall be initiated within ninety (90) days after such entry.

Fourth—The foregoing provisions shall be binding upon the said Companies, their successors and assigns.

In witness whereof, the Railway Company and the Dock Company by their officers thereunto duly authorized, have caused their corporate names to be hereunto signed and their corporate seals to be hereunto affixed, the day and year first above written.

NEW YORK DOCK RAILWAY,

By.....Secretary.

Attest:President.

NEW YORK DOCK COMPANY,

By.....President.

Attest:Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provisions as to rates, fares and charges are as hereinbefore specified, and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by The New York Dock Railway and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 11, 1912, in the City Record, and at least twice during the ten (10) days immediately prior to Thursday, July 11, 1912, in two (2) daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of the New York Dock Railway, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of a franchise or right applied for by The New York Dock Railway and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, July 11, 1912, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

MONDAY, JULY 15, 1912,
CONTRACT NO. 1336.

"QUEENS" AND "RICHMOND," TO BE EMPLOYED ON THE MUNICIPAL FERRIES BETWEEN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF BROOKLYN, FOR A PERIOD OF ONE YEAR FROM JULY 16, 1912.

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuation:

For the ferryboats "Manhattan," "Brooklyn," "Bronx," "Queens" and "Richmond" \$300,000 for each boat, or a total of \$1,500,000 for the five boats; and in no case shall the Department be deemed as a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East Rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hurt, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

Losses shall be payable in thirty days after proof of loss or damage and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

Bids will be received by the Commissioner of Docks at Pier "A," foot of Battery place, until 12 o'clock noon on Thursday, July 11, 1912, at which time and place the estimates received will be publicly opened by the Commissioner of Docks and read, and the award of the contract made, according to the law, as soon thereafter as practicable.

No bid or estimate will be considered unless as a condition precedent to the reception of consideration of any proposal it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars. The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent. of their estimates, in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deem it for the interest of the City so to do.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee to the lands, tenements and hereditaments required for the opening and extending of EAST ONE HUNDRED AND EIGHTIETH STREET, from Bronx River to West Farms road, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 16th day of July, 1912, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 18th day of July, 1912, at 2 o'clock p. m.

Second—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 5th day of April, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of a line 100 feet south of and parallel with the southerly line of the West Farms road, the said distance being measured at right angles to the West Farms road, with a line distant 600 feet southwesterly from and parallel with the southwesterly side of East One Hundred and Eightieth street, the said distance being measured at right angles to the line of East One Hundred and Eightieth street, and running thence northwesterly and always parallel with and distant 600 feet from the southwesterly side of East One Hundred and Eightieth street, and along the prolongation of the said line to the intersection with a line distant 100 feet westerly from and parallel with the northwesterly side of Boston road, the said distance being measured at right angles to the line of the Boston road; thence northwesterly and parallel with the northwesterly side of the Boston road and always distant 100 feet from the same, and along the prolongation of the said line to the intersection with the prolongation of a line 600 feet northeasterly from and parallel with the northeasterly side of East One Hundred and Eightieth street, the said distance being measured at right angles to the line of East One Hundred and Eightieth street; thence southwesterly and parallel with the northeasterly line of East One Hundred and Eightieth street, and always distant 600 feet from the said line, and along the prolongation of the said line to the southeasterly side of the West Farms road; thence southwesterly at right angles to the line of the West Farms road 100 feet; thence southwesterly and westerly and always distant 100 feet southeasterly and southerly from the southeasterly and southerly sides of the West Farms road to the point or place of beginning.

Third—That the abstract of said assessment for benefit, together with the benefit maps and also all the affidavits, estimates, proofs and other documents used by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 18th day of July, 1912.

Fourth—That, provided there be no objections filed to said supplemental and amended abstract, the supplemental and amended final report as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 8th day of October, 1912, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to the foregoing supplemental and amended abstract of assessment, the motion to confirm the supplemental and amended final report as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose, in fee to the lands, tenements and hereditaments required for the opening and extending of WEST TWO HUNDRED AND FIFTY-FOURTH STREET, from Broadway to Fieldston road, in the Twenty-fourth Ward, in the Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part I, thereof, in and for the County of New York, in the County Court House, in the Borough of Manhattan, City of New York, on the 18th day of July, 1912, at the opening of court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above-entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of West Two Hundred and Fifty-fourth street, from Broadway to Fieldston road, in the Twenty-fourth Ward, in the Borough of The Bronx, City of New York, being the following described pieces or parcels of land:

Beginning at a point in the western line of Broadway distant 1,236.18 feet southerly from the intersection of said line with the southern line of Moshulu avenue; thence southerly along

the western line of Broadway for 60.0 feet; thence westerly deflecting 90 degrees to the right for 1,030.0 feet; thence northerly deflecting 90 degrees to the right for 15.0 feet; thence westerly deflecting 90 degrees to the left for 251.058 feet; thence northerly deflecting 85 degrees 27 minutes 50 seconds to the right for 30.09 feet; thence easterly deflecting 85 degrees 27 minutes 50 seconds to the right for 248.677 feet; thence northerly deflecting 90 degrees to the left for 15.0 feet; thence easterly for 1,030.0 feet to the point of beginning.

West Two Hundred and Fifty-fourth street is shown on Section 25 of the Final Maps and Profiles of the Twenty-third and Twenty-fourth Wards, filed in the office of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards of The City of New York, on November 22, 1895; in the office of the Register of the City and County of New York, on November 23, 1895, as Map No. 1062, and in the office of the Secretary of State of the State of New York on November 23, 1895.

West Two Hundred and Fifty-fourth street is also shown on a map or plan entitled "Map or Plan showing the reduction of width of West Two Hundred and Fifty-fourth street, from Fieldston road to a point in the southerly side line of West Two Hundred and Fifty-fourth street, 251.058 feet from Fieldston road in the Twenty-fourth Ward, Borough of The Bronx, City of New York. Prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901," which map was filed in the office of the President of the Borough of The Bronx, on June 21, 1911; in the office of the Register of the County of New York on June 17, 1911, as Map No. 1536, and in the office of the Counsel to the Corporation of The City of New York on June 19, 1911, in pigeon hole 163.

Land required for West Two Hundred and Fifty-fourth street, between Broadway and Fieldstone road, is located in Block No. 3421, of Section 13, of the Land Map of The City of New York.

The Board of Estimate and Apportionment on the 19th day of October, 1911, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the westerly line of Newton avenue, midway between West Two Hundred and Fifty-third street and West Two Hundred and Fifty-fourth street and running thence northwesterly in a straight line to a point on the westerly line of Sylvan avenue distant 100 feet southerly from its intersection with the southerly line of West Two Hundred and Fifty-fourth street; thence westwardly and parallel with West Two Hundred and Fifty-fourth street and the prolongation thereof, as this street is laid out where it adjoins Sylvan avenue to a point distant 100 feet westerly from the westerly line of Fieldston road, the said distance being measured at right angles to Fieldston road; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Fieldston road to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre line of West Two Hundred and Fifty-fourth street and West Two Hundred and Fifty-sixth street, as these streets are laid out between Valles avenue and Sylvan avenue; thence easterly along the said bisecting line to the intersection with the westerly line of Sylvan avenue; thence easterly in a straight line to a point on the easterly line of Sylvan avenue, where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West Two Hundred and Fifty-fourth street and West Two Hundred and Fifty-sixth street, as these streets are laid out between Newton avenue and Broadway; thence easterly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Broadway, the said distance being measured at right angles to Broadway; thence southwardly and parallel with the easterly line of Broadway to the intersection with the prolongation of a line midway between West Two Hundred and Fifty-third street and West Two Hundred and Fifty-fourth street, as these streets are laid out between Newton avenue and Broadway; thence westwardly along the said line midway between West Two Hundred and Fifty-third street and West Two Hundred and Fifty-fourth street and along the prolongation of the said line to the point or place of beginning.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening EAST ONE HUNDRED AND SIXTY-FIRST STREET (although not yet named by proper authority), from Elton avenue to Mott avenue, in the Twenty-third Ward of The City of New York, as the same has been heretofore laid out and designated as a first class street or road.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment for benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 18th day of July, 1912, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of July, 1912, at 3 o'clock p. m.

Second—That the abstract of our said estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 22d day of July, 1912.

Third—That, pursuant to the notice heretofore given when we filed our estimate of damage, we shall assess, pursuant to the provisions of chapter 627 of the Laws of 1897, to the extent of twenty-five per centum only of the total awards, costs and expenses of the acquisition of any land, property rights, rents, easements and privileges not the property of the Mayor, Aldermen and Commonalty of The City of New York, required for the widening and improvement of said street, upon each and every parcel of land in the Twenty-third Ward, Borough of The Bronx, of said City, to an amount in each case which we shall deem said parcel or parcels of land benefited by said widening and improvement.

Fourth—That, provided there be no objections filed to said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 11th day of October, 1912, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment for benefit, the notice of motion to confirm our final last partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Court House square, Long Island City, Borough of Queens, in the City of New York, on or before the 25th day of July, 1912, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 29th day of July, 1912, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House square, Long Island City, in the Borough of Queens, in said City, there to remain until the 29th day of July, 1912.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the easterly line of Montgomery avenue midway between the northerly line of Hull avenue and the southerly line of Halle avenue, running thence southerly along the easterly line of Montgomery avenue to a point midway between the northerly line of Clinton avenue and the southerly line of Hull avenue, running thence easterly and at all times midway between the southerly line of Hull avenue and the northerly line of Clinton avenue to the westerly line of Mueller street; thence northerly along the westerly line of Mueller street to a point midway between the northerly line of Hull avenue and the southerly line of Jay avenue prolonged; thence running westerly and at all times midway between the northerly line of Hull avenue and the southerly line of Jay avenue to the easterly line of Willow avenue; thence running westerly to a point being midway between the northerly line of Hull avenue and the southerly line of Halle avenue; thence westerly and at all times midway between the northerly line of Hull avenue and the southerly line of Halle avenue to the easterly line of Montgomery avenue, the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in the City of New York, on the 16th day of October, 1912, at the opening of the court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, May 3, 1912.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless, The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-ends, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, to gether with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
