DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE
MONDAY, FEBRUARY 1, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all

of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

SECTION 1. The City hereby grants to the Company the right to construct and maintain certain retaining walls and to construct, maintain and operate certain additional tracks in the vicinity of and in connection with the so-called North Shore Freight Yard of the Company, located in the First Ward of the Borough of Queens, City of New York, as follows:

(a) A retaining wall within the boundaries of Sixth Street and extending along the southerly line of said street from a point about two hundred and fifteen (215) feet east of the easterly line of West Avenue to a point about one hundred and eighty-five (185) feet west of the westerly line of East Avenue; also a retaining wall from a point in East Avenue about thirty-four (34) feet south of the southerly line of Sixth Street; thence across East Avenue; across the open square or space known as Siford Angle, under the jurisdiction of the Department of Parks, and across Jackson Avenue to a point on the southerly line of Jackson Avenue about forty-five (45) feet three (3) inches southwesterly from the southerly line of Sixth Street.

(b) Four (4) tracks under and across Vernon Avenue immediately south of the retaining wall specified above.

(c) Two (2) tracks under and across East Avenue and Jackson Avenue at the junction thereof, and immediately south of the retaining wall specified above.

—all as shown on a map and profile to accompany application dated June 10, 1914, of The Long Island R. R. Co. to the Board of Estimate and Apportionment, City of New York, for the right to install and maintain tracks under and across and change the grades of Vernon, East and Jackson Avenues and retaining wall underneath the surface of Sixth St., East Ave. and Jackson Ave., Long Island City, in the Borough of Queens.

—signed, The Long Island R. R. Co., by Ralph Peters, President, approved, J. R. Savage, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that the proposed street grades shown on said map shall be followed, except in so far as other grades are established or if it shall be unnecessary to change the existing established grades. If grades other than those shown on said map are established, then such other established grades shall be followed.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said structures shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until October 1, 1937 with the right to renew the contract for a further period of twenty-five (25) years upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board. If the parties shall not agree upon the compensation to be paid for any renewal of the contract, then or before the day nine (9) months before the expiration of the original term, then the matter shall be submitted to three disinterested freeholders to be selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party.

They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and paid, shall be conclusive upon both parties.

If such appraisers shall determine that any compensation shall be paid to the City during the renewal term, the parties shall enter into a written agreement providing for the payment of the compensation so fixed and the time and manner of making such payment. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any way being to the contrary. And the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, unless the proposed successor in title to the rights of the Company shall file with the Board an instrument under seal, agreeing to assume and be bound by all of the terms and conditions of this contract, and agreeing to waive any more favorable conditions contained in any statute relating to the consolidation or merger of corporations, or otherwise. The filing of such agreement shall constitute a condition precedent to the passing or vesting of the rights hereby granted, or of any portion thereof, or of any right, interest or property therein. In case of the failure of such proposed successor in title to the rights of the Company to file such agreement within sixty (60) days after the date on which the consolidation, merger, etc., is to take effect, the rights hereby granted shall cease and determine.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege for the same or other terms and conditions, over the same streets and avenues hereinafter described.

Fourth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the retaining walls, guard rails, tracks and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be sold or disposed of by the City for any purpose whatsoever, of the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—Said retaining walls, guard rails, tracks, bridges and other structures authorized or required by this contract shall be constructed, maintained or repaired subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said retaining walls, tracks, bridges or other structures shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the tracks hereby authorized, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Sixth—The Company shall commence and complete construction of the structures herein authorized or required within ten (10) years from the date of the adoption by the Board of a resolution changing and re-establishing the grades of the streets to permit the construction of the structures as contemplated should it be necessary to change or re-establish the grades of any of the streets in which structures are herein authorized or required, or in case it shall be unnecessary to change or re-establish the grades of the streets on which this contract is signed by the Mayor, then the Company shall commence and complete the construction within ten (10) years from the date on which the contract shall be so signed; otherwise this right shall cease and determine, and the sum of five thousand dollars (\$5,000), which sum is a portion of the amount heretofore deposited with the Comptroller of the City as security for the faithful performance of the terms and conditions of a contract hereinafter referred to and dated May 4, 1914, and which is herein after made a part of this contract, shall be set aside for the faithful performance of the terms and conditions of this contract, shall thereupon be forfeited to the City. In case of the forfeiture of the rights hereby granted as above and the forfeiture to the City of the sum of five thousand dollars (\$5,000), as provided herein, the Company shall immediately deposit with the Comptroller of the City an additional sum of five thousand dollars (\$5,000), to replace such sum forfeited for the purpose of completing and making up the sum of ten thousand dollars (\$10,000) required to be deposited with and held by the Comptroller of the City as security for the performance of the terms and conditions of the aforementioned franchise contract of May 4, 1914; provided that the period for commencement and completion may be extended by the Board, but the total extension of time shall not exceed in the aggregate six (6) months; and provided further that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement and completion of such construction may be extended for a period of such prevention, and such extension shall be allowed for until the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been rendered, and unless upon the request of the Board the Company shall in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in and such proceedings.

Seventh—It is agreed that the right hereby granted to construct, maintain and operate the structures authorized or required herein shall not be in preference or in hindrance to public work of the City, and should the said structures in any way interfere with the construction of public works in the streets and avenues, whether

the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, support and protect the retaining walls, tracks, bridges and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eighth.—The retaining walls herein authorized, where they occupy the bed of streets, shall be so constructed as to permit the laying of pavement over the same at the established sidewalk and roadway grades, and wherever necessary for the protection of the public said walls shall be surmounted by good and sufficient guard rails or fences. Said retaining walls shall be constructed of concrete under the direction of the President of the Borough of Queens and shall be of sufficient strength and thickness to support the surface of the streets within which they are constructed and the subsurface structures in such streets.

Ninth.—Vernon Avenue, East Avenue and Jackson Avenue shall be carried at their established widths and grades over the tracks of the Company hereby authorized, by means of bridges. Plans for such bridges shall be submitted to the Board for its approval, and must receive such approval before the work of construction thereon shall be commenced.

Such bridges shall be so constructed and maintained as to accommodate thereon the existing twelve (12) inch water mains of the City crossing the tracks of the Company at East Avenue, Jackson Avenue and Vernon Avenue, and also the proposed thirty (30) inch water main to be constructed across the Company's tracks at East Avenue. Should the City at any time during the term of this contract desire to construct across the tracks of the Company herein authorized any additional water mains or pipes other than those specified above, the Company shall permit the same to be carried on the bridges herein required, provided said bridges shall be of sufficient strength to accommodate such pipes or mains or be properly strengthened in order to accommodate them.

Tenth.—The Company shall do all the work and pay the entire cost:

- Of constructing and maintaining the retaining walls, guard rails or fences and tracks hereby authorized or required.
- Of constructing the necessary bridges to carry the streets over the tracks hereby authorized at the established grades thereof, and maintaining such bridges or portions thereof as and in the manner provided by the Railroad Law.
- Of changing the street grades, water supply and drainage systems as may be necessary in the construction of the structures hereby authorized or required, and of all work of any kind incidental thereto, including reflagging, repaving and recuring of the streets and the roadway of the bridges constructed as herein required.
- Of protecting all the surface and subsurface structures which shall in any way be disturbed by the construction of the structures hereby authorized or required.

The Company shall pay the entire cost. Of all damages to the lands, tenements and hereditaments caused by and in consequence of the changes in grades which may be made in the said streets or other streets affected thereby in connection with the structures herein authorized, and the grantee shall also indemnify The City of New York from and against any and all liability for such damage.

Eleventh.—The City shall have the right, without cost, during the term of this contract, whether original or renewal, to construct and maintain under and across the existing tracks of the Company and the tracks and structures hereby authorized to be constructed across Vernon Avenue, East Avenue and Jackson Avenue, all such sewer pipes which in the opinion of the President of the Borough of Queens shall be necessary or proper and which shall not conflict with the maintenance and operation of the railroad of the Company.

Twelfth.—The privilege hereby granted so far as it shall affect the use or occupation of any lands or property of the City under the jurisdiction of the Department of Parks, is and shall be subject to the further consent of such department.

Thirteenth.—In case of any violation or breach of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the structures constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Fourteenth.—If the Company shall fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a period to be fixed by the Board when giving such notice, and upon failure of the Company to remedy such default within the period fixed the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Fifteenth.—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction, maintenance or operation of the structures authorized or required by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Sixteenth.—This grant is upon the express condition that the sum of ten thousand dollars (\$10,000) heretofore deposited with the Comptroller of the City by the Company under and pursuant to the franchise granted to the Company by the City by contract dated May 4, 1914, authorizing the construction of certain tracks across Hamilton Street, South Street and Farmers Avenue in the Borough of Queens, for the faithful performance by the Company of the terms and conditions of said contract, shall likewise form a fund which shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the construction and maintenance of the structures herein authorized, change of street

grades, alterations to water supply and drainage systems, protection of the surface and subsurface structures interfered with during the course of construction and of the payment for the damages to lands, tenements and hereditaments occasioned by the change of street grades in connection with the structures herein authorized or required, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in payment of the annual charges, should any be hereafter required, shall collect the same with interest from the said fund after ten (10) days' notice to the Company, or in case of default to observe the said terms and conditions of this contract and orders of the Board acting hereunder, the Company shall pay a penalty of ten dollars (\$10) a day for each day of failure; all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in default, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund heretofore deposited with him, as specified herein. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice pay to the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars (\$10,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City. These provisions for the recovery of penalties are in addition to the right to forfeit the franchise conferred by Section 2, Fourteenth, of this contract.

Seventeenth.—The words "notice" or "direction," wherever used in this contract shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Eighteenth.—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. Nothing contained in this contract, nor any act, order or direction of the City or any of the boards, departments or officials thereof, performed or given pursuant thereto, shall be construed as a recognition of the legality or validity of the tracks of the Company now laid and existing across Vernon, East and Jackson Avenues in the First Ward, Borough of Queens, said to have been constructed under the charter rights of the Company's predecessor in title, the Flushing and North Side Railroad Company, nor as a waiver or surrender by the City of any right or cause of action, legal or otherwise, that it may now or shall hereafter possess, by reason of the failure of the Company or of any of its predecessors in title to comply with any provision of law governing or controlling the laying of such existing tracks.

Sec. 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 5. This grant is also upon the further and express condition that the provisions of the Railroad Law, pertaining hereto, shall be strictly complied with by the Company.

Sec. 6. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In WITNESS WHEREOF, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing of any building, or permitting the occupancy of any such building by any tenant free of rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the buildings.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
