MESSAGE FROM THE MAYOR.

No. 594.

His Honor the Mayor—Request for Exemption from Public Letting of the Mayor's Defense Fund to an Amount Not to Exceed \$25,000.

City of New York, Office of the Mayor, November 26, 1918.

Hon. ROBERT L. MORAN, Acting President, Board of Aldermen, New York City:

Dear Mr. President—Request is hereby made to your honorable body for the exemption from public letting of the Mayor's Defense Fund, known as Code No. 3081, 1918, to an amount not to exceed \$25,000.

The necessity for this action is due to the sudden return of the troops from abroad, which will necessitate expenditure of money of certain items over \$1,000 in the reception which the City contemplates extending to our troops.

It is unfortunate, but true, nevertheless, that we receive very little notice in advance of the landing of troops in New York, and for this reason hurried arrangements must be made for their reception, and it would interfere materially with the work of the Mayor's Committee if it were necessary to wait upon the action of the Board of Aldermen for authority to proceed with the necessary arrangements, which will naturally incur the expenditure in some instances of over \$1,000.

Your honorable body is urgently requested to pass the accompanying resolution, so that the officials of The City of New York may be in a position to provide appropriate reception to the homecoming troops. Very truly yours,

JOHN F. HYLAN, Mayor.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Chairman of the Mayor's Committee on National Defense be and he hereby is authorized and empowered to enter into contracts, without formal advertising for bids, for such reception or receptions of the troops from abroad as may be contemplated by said Committee; the sum total of all expenditures incurred hereunder to be not in excess of \$25,000, and to be charged to the remainder credited to the budgetary account for 1918 under title "Code No. 3081, National Defense Emergency Fund, \$300,000."

On motion of Alderman McCourt, the resolution accompanying the foregoing communication was made a Special Order for the day.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Beckerman, Bell, Burden, Burke, Calman, Cassidy, Cox, Cunningham, Curley, Dempsey, Diemer, Donnelly, Dunn, Falconer, Ferguson, Ferland, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Moore, Mullen, O'Brien, O'Kane, O'Rourke, Palitz, Post, Quinn, Roberts, Robeson, Ryan, Schmitz, Schweickert, Squiers, Stapleton, Sullivan, Vlodeck, Walsh, Williams, Wirth, Wise, Zetler; the Vice-Chairman—56.

A Designation.

To the Clerk of the Board of Aldermen:

I hereby designate Edward J. Halligan as Official Stenographer for the session of the Board of Aldermen on Tuesday, November 26, 1918.

PETITIONS AND COMMUNICATIONS.

No. 936.

William McKinley Camp, No. 62, U. S. W. V.—Resolution Endorsing Ordinance of Alderman Kenneally Relative to the Display of Flags.

Dear Sirs—It is the wish of William McKinley Camp, No. 62, U. S. W. V., that these resolutions be read before a vote is taken on Alderman Kenneally's proposed ordinance. Truly yours, JAMES P. BYRNE, 331 East 31st street, New York.

Resolutions Passed by William McKinley Camp, No. 62, United Spanish War Veterans, at a Regular Meeting held Saturday Evening, November 22, 1918, at No. 217 Court Street, Brooklyn.

Whereas, Alderman Wm. Kenneally has introduced an ordinance in the Board of Aldermen prohibiting the display of the red flag in any parade or public place in the City of New York; and

Whereas, At a hearing held at the Aldermanic Chamber Friday, November 22, several misguided individuals attempted to justify the display of the symbol of anarchism, bolshevism and I. W. W. ism; therefore be it

Resolved, That we heartily endorse the proposed ordinance and the remarks made in its behalf by Alderman Kenneally at the hearing; and be it further

Resolved, That in the opinion of William McKinley Camp, United Spanish War Veterans, unanimously expressed at this meeting, just as there is not room in this world for the two opposing principles of autocracy and Democracy, so there is not room in the United States for the American flag—the symbol of liberty, law and order—and the red flag—the symbol of terrorism, piracy and blood; and be it still further

Resolved, That we earnestly advise those who are not satisfied to live under the folds of the American flag only—so recently consecrated anew at Freedom's Altar by the blood of our valiant men in France, Belgium, Italy and Russia—to go to those countries where the followers of the red flag are dominant and are so palpably showing their incapacity for self-government. There they will find that state of unrest and disorder they are so earnestly seeking.

JAMES P. BYRNE, Chairman of Committee on Resolutions.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Queens:

No. 937.

President, Borough of Queens—Request for Authority to Purchase Vehicles for Use of the Bureaus of Highways and Street Cleaning; Cost, \$11,601.50 (Supplemental to No. 848).

Office of the President of the Borough of Queens, Long Island City, November 20, 1918.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—On October 14 I transmitted a letter to your Honorable Board in which request was made for approval of a resolution providing for the purchase, without public letting, of one automobile truck, at an estimated cost of \$6,750; ten steel dumping trucks at \$500 each and four steel dumping carts at \$225 each for the use of the Bureau of Street Cleaning. The reasons for this request were set forth at that time.

Since this request was made it has developed that sufficient money has been provided in the budget for next year for the purchase of four steel dumping carts. It has also developed that the price of steel dumping trucks has increased from \$500 to \$525 each. It is my desire, therefore, to withdraw my letter of October 14 and to submit instead the following:

Your approval is requested of a resolution providing for the purchase of one automobile truck for the use of the Bureau of Highways, at an estimated cost of \$6,351.50, and ten steel dumping trucks at \$525 each; total, \$5,250.

Funds have been provided for the purchase of the above equipment by transfer of funds, under the provisions of a resolution adopted by the Board of Estimate and Apportionment on November 8.

Inasmuch as the time is short and the price of this class of material continually advancing, may I request that this proposal have your immediate attention.

Respectfully, FRANK X. SULLIVAN, Commissioner of Public Works.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Public Charities:

No. 938.

Commissioner of Public Charities—Request for Authority to Purchase a Touring Car Without Public Letting; Cost, \$1,800.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, November 21, 1918.

Re Request for Permission to Purchase Touring Car in the Open Market, Without Public Letting.

To the Honorable the Board of Aldermen, City Hall, New York:

Gentlemen—Application is hereby made for permission to purchase in the open market, without public letting, one touring car, at a cost not to exceed \$1,800. The car which I now use is a 1917 Cadillac "8" touring, and I consider it too large and too expensive to operate in my traveling about the city.

We are very much in need of ambulances at our Kings County Hospital, and I propose to have an ambulance body that we have in the Department mounted on this Cadillac chassis and thereby provide an ambulance that would cost new to-day about \$3,500. The total cost of mounting this body and painting it will be not more than \$100.

If you grant permission to make this purchase you will enable us to have practically a new ambulance and a new touring car at a cost of about \$1,800. May I ask that this matter be given favorable consideration by your Honorable Board at an early date. Very truly yours,

BIRD S. COLER, Commissioner.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communications from the Commissioner of Street Cleaning:

No. 939.

Commissioner of Street Cleaning—Request for Authority to Purchase Two Fifth Wheel Electric Tractors Without Public Letting; Cost, \$9,722.

City of New York, Department of Street Cleaning, Office of the Commissioner, Municipal Building, New York City, November 21, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen, City Hall, New York:

Dear Sir—In accordance with the provisions of section 419 of the Greater New York Charter, I hereby request that the Board of Aldermen authorize the purchase, without public letting, of two (2) fifth wheel electric tractors, equipped with 44 cell 21 plate M. V. Y. Exide batteries, at an expenditure not to exceed \$9,722.

These machines are desired for the purpose of hauling garbage to the water-front dumps in the Borough of Brooklyn. The area of this borough is 77.62 square miles and contained a population of 1,875,800 in the year 1917. About seven hundred (700) tons of garbage are collected daily in said borough. All of this garbage must be taken to the water-front dumps, of which there are three—one located at the foot of Washington avenue, known as the Wallabout dump, another at the foot of 6th street, and a third at Coney Island.

It is impossible for the one-horse carts which collect the garbage from households to transport the garbage directly to these dumps from the outlying sections of the borough, as it would permit them to make but one load a day. This is obviated by hauling the garbage in the original carts to relay stations where it is dumped into motor trucks or trailers, which in turn take it to the water-front dumps, where it is deposited upon the scows. These tractors are necessary to haul trailers for this purpose. At the present time the work is being done by two gasoline tractors which were purchased for use in the Borough of Manhattan, and which are needed at this season of the year for such use.

The appropriation for the purchase of these two tractors was allowed in the budget for this year and the money must be expended before December 31, 1918, or lost. Consequently, there is insufficient time to prepare specifications, have the same printed and advertise contracts in the City Record, for the purpose of obtaining competitive bids. In any event, it is doubtful whether the desired machines could be obtained by means of competitive bidding.

Request is therefore made for permission to purchase them in the open market.

Yours truly,

A. R. MacSTAY, Commissioner.

Which was referred to the Committee on Public Letting.

No. 940.

Commissioner of Street Cleaning—Request for Authority to Purchase Fifteen Two-horse Dumping Ash Trucks Without Public Letting; Cost, \$3,000.

City of New York, Department of Street Cleaning, Office of the Commissioner, Municipal Building, New York City, November 21, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen, City Hall, New York:

Dear Sir—In accordance with the provisions of section 419 of the Greater New York Charter, I hereby request that the Board of Aldermen authorize the purchase, without public letting, of fifteen (15) second-hand two-horse steel bodied back dumping ash trucks, at a total expenditure not to exceed three thousand dollars (\$3,000). These vehicles are intended to be used in the Borough of Brooklyn, where, because of the vast extent of territory covered by this department in collecting ashes and garbage, it is frequently necessary for the collecting carts to take their materials to a relay station, where it is deposited in larger vehicles—either horse-drawn or motor-driven. These wagons are also utilized for the removal of snow in emergencies, where contractors fail to perform their agreements.

The appropriation for the purchase of these vehicles has been provided in this year's budget; the money must be expended before December 31, 1918, or be lost. The time to prepare specifications and contracts, have the same printed and advertised in the City Record during ten days, in order to get competitive bids, is too short. In any event, it is doubtful whether the desired vehicles could be obtained in this way.

Request is therefore made for the approval of such purchase in the open market.

Yours truly,

A. R. MacSTAY, Commissioner.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the County Clerk, Richmond County:

No. 941.

County Clerk, Richmond County—Request for Amendment of Resolution Authorizing Issue of Special Revenue Bonds.

County Clerk's Office, Richmond County, Richmond, N. Y., November 20, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, Aldermanic Chamber, City Hall, New York:

Dear Sir—On July 16, 1918, your Honorable Board adopted a resolution authorizing the Comptroller to issue special revenue bonds to the amount of two thousand four hundred dollars (\$2,400), the proceeds whereof to be used for the purpose of relabeling, rebinding and resewing books in my office, all obligations to be incurred on or before December 31, 1918, which resolution was adopted by the Board of Estimate and Apportionment on August 9, 1918.

Immediately thereafter I submitted proposed bids and specifications to the Corporation Counsel for approval and also interviewed proposed contractors and was informed by them that they were short of labor and that it would be impossible for them to submit any bids until probably in October; again in October I interviewed a number of contractors and at that time they informed me that they were filled with contracts for new books to be supplied to the different City departments in the year 1919, and that they would be unable to submit any bids until after January 1, 1919.

I would therefore request that this authorization for special revenue bonds to the amount of two thousand four hundred dollars (\$2,400) be carried over into the year 1919, so that contract can be made after January 1, 1919.

Yours respectfully,

C. L. BOSTWICK, County Clerk.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 942.

Commissioner of Street Cleaning—Request for Special Revenue Bonds, \$34,000, to Cover Expense of Dredging Adjacent to Unloading Plants.

City of New York, Department of Street Cleaning, Office of the Commissioner, Municipal Building, New York City, November 21, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City of New York:

Sir—I respectfully request that the Board of Aldermen adopt a resolution authorizing an issue of revenue bonds amounting to \$34,000, pursuant to section 188, subdivision 8, of the Greater New York Charter, to cover the expense of dredging the slips adjacent to the unloading plants located on Rikers Island, Hunts Point and

Port Ivory, Staten Island, and, in addition, at the garbage dump at the foot of Washington avenue, Brooklyn, known as the Wallabout dump.

At the three first named points, the Department maintains and operates machinery and appliances for the unloading of ashes, street sweepings and rubbish from flat or deck scows. In the process of unloading, much of the material necessarily falls into the water, and, in consequence, it is necessary to frequently dredge, in order to maintain a proper depth of water for the scows to reach the docks.

Prior to March 2, 1918, the work of unloading scows at these points was performed by the firm of Dailey & Ivins, who had the contract with the City for the final disposition of ashes, street sweepings and rubbish from the Boroughs of Manhattan and The Bronx. This contract also obliged them to keep the approaches to these docks properly dredged at all times to permit of the prompt unloading of these scows. On that date, the firm in question suddenly abandoned their contract and were thrown into bankruptcy by their creditors. As a result, the work of unloading vessels devolved upon this Department. At the date of the abandonment of all of these slips were badly in need of dredging.

At Rikers Island there are two plants for unloading vessels, known as No. 4 and No. 5. When the water is shallow, due to a foul bottom, it is difficult to put the scows under the machines at low water, and, in consequence, the plant has to close down until there is sufficient water to enable the scows to be placed alongside the dock. During these intervals the large force of employees which the City has at these plants are obliged to remain idle. As a result the City loses large sums of money in wages, besides which its dumping operations at the City dumps are seriously delayed.

Prior to October 2, 1918, the City had a contract with the Metropolitan By-Products Company, Inc., for the reception and final disposition of all the garbage from the Boroughs of Manhattan, The Bronx and Brooklyn. Under this contract, contractors were obliged to dredge at all the garbage dumps in the said three Boroughs, one of which was located at Wallabout, Brooklyn. On that date they abandoned their contract, and the work of garbage disposal likewise devolved upon this Department. The slip adjacent to the dump at Wallabout was badly in need of dredging on that date and conditions at present are much worse.

Owing to the existence of the above mentioned contracts, there was no appropriation included in the departmental budget for this year to cover the expense of dredging, and we have, therefore, been unable to dredge at any of these points. Scows are frequently going aground at all four points, and, in some instances, their hulls have been damaged on this account. Claims have been filed against the City by the owners of said vessels for these damages.

Soundings have been made by the Engineers of the Department of Docks and an estimate has been furnished by them, fixing the cost of dredging at plant No. 4, Rikers Island, at \$23,000, and plant No. 5, Rikers Island, \$21,000. At the plant of Port Ivory, Staten Island, \$6,250, and at the Wallabout dump, \$3,750, making a total of \$54,000.

Due to the approach of the winter season, with the consequent enormous increase in the output of ashes and rubbish, it is imperative that this work be finished at the earliest possible moment and I would thank you to give this matter immediate attention and favorable consideration. Yours truly,

A. R. MacSTAY, Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Correction:

No. 943.

Commissioner of Correction—Request for Special Revenue Bonds, \$7,500, to Be Used for the Purpose of Equipping the Reception, Classification and Administration Building at New Hampton Farms.

City of New York, Office of the Mayor, November 21, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City of New York:

Dear Sir—I am sending you herewith, duly approved by the Mayor, request, dated November 19th, from the Commissioner of Correction for an issuance of \$7,500 revenue bonds, to be used for the purpose of equipping the reception, classification and administration building recently completed at New Hampton Farms.

Very truly yours,

GROVER A. WHALEN, Secretary to the Mayor.

City of New York, Department of Correction, Municipal Building, Office of the Commissioner, November 19, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—Pursuant to section 188 of the Greater New York Charter, I hereby respectfully request the issuance of revenue bonds in the sum of \$7,500, to be used for the purpose of equipping the reception, classification and administration building recently completed at New Hampton Farms. This building will be turned over to the City by the contractors shortly, and, in order that it may be placed in commission as a modern reformatory industrial school type institution, it will be necessary to provide a complete outfit of furniture.

This building consists of 302 inmate rooms, 25 rooms for officers, 4 storage rooms, 5 laboratories, cooling rooms, reading room, barber shop, finger print and photography rooms, record rooms, officers' and employees' recreation room, and hospital. The building is now practically completed, but it is impossible to take formal possession because of the lack of proper equipment, such as beds, surgical instruments, rugs, blankets, barber's chairs, desks, mirrors, settees, vacuum cleaners, etc.

As the cost of all equipment is rapidly increasing, I trust your honorable Board will take favorable action on this request at its earliest convenience, so that the Department will not be hampered by a lack of facilities at New Hampton when the cold weather arrives. Very truly yours,

JAMES A. HAMILTON, Commissioner.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 944.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Composer in City Departments.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, November 25, 1918.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of three resolutions, adopted by the Board of Estimate and Apportionment November 22, 1918, recommending the establishment of grades of positions in various City departments, as follows:

Cal. No.	Department and Position.	Compensation.	Incumbents.
81A	City Departments—Composers	Per Week \$30 00	Unlimited
88A	City Departments—Pipe Caulker	Per Diem \$5 00	Unlimited
	Tagger	5 00	Unlimited
100A	City Departments—Blacksmith's Helper	4 00	Unlimited

I also transmit copies of the reports of the Committee on Salaries and Grades relative thereto. Respectfully,

JAMES MATTHEWS, Assistant Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City departments of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Week.	Number of Incumbents.
Composers	\$30 00	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment November 22, 1918.

JAMES MATTHEWS, Assistant Secretary.

November 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Police Commissioner on October 28, 1918, transmitted a communication (No. 68, Calendar of November 1, 1918) from the Organizer of Typographical Union No. 6, requesting that the prevailing rate of wages to Composers employed by the Police Department be fixed at \$30 per week.

Investigation discloses that the prevailing rate of wages paid Composers in the

Greater City is \$30 per week. The present rate paid by the City is \$28 per week and the latter rate is provided for in the 1919 Budget.

The Committee recommends the adoption of the attached resolutions establishing the rate for Compositors employed by the City at \$30 per week. Respectfully,
ROBERT L. MORAN, Acting President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; President, Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

No. 945.

Board of Estimate and Apportionment—Resolution to Establish the Grades of Positions of Pipe Caulker and Tapper in City Departments.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City Departments of the grades of positions, in addition to those heretofore established, as follows:

Title	Rate Per Diem	Number of Incumbents
Pipe Caulker	\$5 00	Unlimited
Tapper	5 00	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment November 22, 1918.
JAMES MATTHEWS, Assistant Secretary.
November 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Commissioner of Water Supply, Gas and Electricity transmitted a communication (No. 66, Calendar of October 11, 1918) stating that investigation made by him had disclosed that the prevailing rate for Pipe Caulkers is \$5 per diem. Investigation also made by the Office of the Secretary to the Board verifies the finding of the Commissioner.

The present rate for Pipe Caulkers is \$4.50 per diem. The rate is provided in the 1919 Budget as no official request for the new rate was presented in time for consideration by the Budget Committee.

It would appear that the 102 Pipe Caulkers employed by the city are entitled to a rate of \$5 per diem. Inasmuch as the 10 Tappers in City departments are members of a trade allied to the Pipe Caulkers, and perform work in the same line, the Tappers are entitled to the same rate as Pipe Caulkers. The annual increased cost will amount to approximately \$18,500.

The Committee recommends that the rates for Pipe Caulkers and Tappers be established at \$5 per diem by the adoption of the attached resolution. Respectfully,

ROBERT L. MORAN, Acting President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; President, Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Blacksmith's Helper in City Departments.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City Departments of the grade of position, in addition to those heretofore established, as follows:

Title	Rate Per Diem	Number of Incumbents
Blacksmith's Helper	\$4 00	Unlimited

A true copy of resolution adopted by the Board of Estimate and Apportionment November 22, 1918.
JAMES MATTHEWS, Assistant Secretary.
November 19, 1918.

To the Board of Estimate and Apportionment:

Gentlemen—The Commissioner of Street Cleaning (No. 56, Calendar of October 25, 1918); the President of the Borough of Manhattan (No. 28, Calendar of November 1, 1918); the Commissioner of Docks and Ferries (No. 39, Calendar of November 8, 1918); transmitted communications from the Business Agent of the Blacksmiths' Helpers Union, requesting an increase in the wages of Blacksmiths' Helpers from \$3.50 to \$4.50 per diem.

The 1919 Budget rate for Blacksmiths is \$5.50 per diem, an increase of 50 cents over the 1918 rate. The Helper's rate was not increased, no request for an increase having been presented in time for consideration in the preparation of the 1919 Budget.

Investigation discloses that a majority of the Blacksmiths' Helpers employed in the Greater City are receiving \$4 per diem. Should this rate be established it would involve an increased annual cost for all City Departments, approximately, of \$8,000.

The Committee recommends the adoption of the attached resolution fixing the rate for Blacksmiths' Helpers at \$4 per diem. Respectfully,

ROBERT L. MORAN, Acting President, Board of Aldermen; FRANK L. DOWLING, President, Borough of Manhattan; President, Borough of Brooklyn; Committee on Salaries and Grades.

Which was referred to the Committee on Salaries and Offices.

The Vice-Chairman laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 947.

Board of Trustees, Bellevue and Allied Hospitals—Request for Special Revenue Bonds, \$40,000, for the Construction of Five Wooden Buildings at Fordham Hospital.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st avenue and 26th Street, New York, November 20, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Sir—The Trustees of Bellevue and Allied Hospitals respectfully request the Board of Aldermen to authorize an issue of special revenue bonds in the sum of \$40,000 for the construction of five wooden buildings with an average capacity of twenty-six beds each at Fordham Hospital, which has become very much overcrowded during the past year. These buildings will immediately provide the bed space required pending an issue of corporate stock for the construction of permanent additional wings to the hospital. The normal bed capacity of Fordham Hospital, based upon the State Board of Charities' rule of 1,200 cubic feet per bed for hospitals is 180 beds, exclusive of the roof ward which on the same basis provides for 10 beds more or a total of 190. The average daily census by months since January 1, 1917, was as follows:

	1917.	1918.
January	217	234
February	221	261
March	251	271
April	230	255
May	245	256
June	242	231
July	214	229
August	224	232
September	247	219
October	225	289
November	255	231
December	254	...

The highest daily census during the same period was as follows:

	1917.	1918.
January	244	261
February	239	276
March	278	304
April	261	271
May	276	278
June	279	253
July	237	259
August	265	252

	1917.	1918.
September	282	243
October	251	346
November	279	254
December	284	...

The Trustees respectfully urge your Board to give favorable consideration to this request as Fordham Hospital is the only municipal hospital in the Bronx section of the City, which has a growing population of over 700,000, according to the latest estimates. Respectfully,
JNO. G. O'KEEFE, Secretary, Board of Trustees.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the President, Borough of The Bronx:

No. 948.

President, Borough of The Bronx—Request for Issue of Special Revenue Bonds, \$4,295, to Purchase Seven-passenger Automobile Without Public Letting.

City of New York, President of the Borough of The Bronx, 3d Avenue and Tremont Avenue, November 25, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Dear Sir—Permission is hereby respectfully requested for authority to purchase in the open market without public letting, one seven-passenger automobile (touring type), at a total cost including freight and war tax not exceeding \$4,295.

This automobile is urgently needed to replace an old Cadillac touring car which has become unfit for further use, and when it is taken into consideration that we have only purchased one new passenger car during the past 8 years the necessity for this replacement can be readily seen.

As it is not practicable to prepare a specification which would permit of competitive bidding, and at the same time result in our securing the type of car best suited for this office, the approval of your Board for permission to purchase in the open market is earnestly requested. Respectfully,

HENRY BRUCKNER, President, Borough of The Bronx.

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter the President of the Borough of The Bronx be and he is hereby authorized and empowered to purchase in the open market, without public letting, one seven-passenger automobile at a total cost not to exceed four thousand two hundred and ninety-five dollars (\$4,295).

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Chief Engineer of the Board of Estimate and Apportionment:

No. 949.

Designation of Philip P. Farley to Act as Member of Board of Examiners of City Surveyors.

Office of the Chief Engineer, Board of Estimate and Apportionment, City of New York, Municipal Building, Bureau of Public Improvements, November 25, 1918.

Hon. ROBERT L. MORAN, Acting President, Board of Aldermen:

Dear Sir—I enclose herewith a letter from the President of the Borough of Brooklyn stating that he has designated Mr. Philip P. Farley, Consulting Engineer of the Borough to act as a member of the Board of Examiners of City Surveyors in place of Mr. George W. Tilson, formerly Consulting Engineer of the Borough.

I think it possible that this designation should be concurred in by the Board of Aldermen which created this Board and designated those constituting it. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The City of New York, Office of the President of the Borough of Brooklyn, November 22, 1918.

Mr. NELSON P. LEWIS, Chief Engineer, Board of Estimate and Apportionment:

Dear Sir—I have this day designated Mr. Philip P. Farley to the vacancy on the Board of Examiners of City Surveyors, caused by the resignation of Mr. George W. Tilson on July 1, 1918. Very truly yours,

EDWARD RIEGELMANN, President, Borough of Brooklyn.

Which was referred to the Committee on Rules.

184. Violations.

185. Suspension or revocation of licenses.

Section 178. Licenses. No motorman not employed as such by a subway or elevated railroad company in this city on January 1, 1919, shall operate any subway or elevated railroad car in this city without a license from the Commissioner of Licenses. No motorman employed as such by a subway or elevated railroad company in this city on January 1, 1919, shall operate any subway or elevated railroad car in this city after April 1, 1919, without a license from the Commissioner of Licenses.

Section 179. Applications for licenses. Applications for licenses shall be submitted and signed by the company in this city employing or desiring to employ the applicant, shall be countersigned by the applicant and shall contain the full name, address and age of the applicant and a sworn statement, verified by the company and the applicant, certifying in detail to his previous experience, training and fitness as a motorman, and that he is not addicted to the use of intoxicating liquors. Said sworn statement shall also state in detail over what specific route or routes in this city of the company, submitting the application the applicant is to operate cars, and shall certify in detail to the previous experience and training of the applicant in operating cars over such specific route or routes, and to his familiarity with such route or routes through the study of maps or in any other way.

Section 180. Issuance of license. If the Commissioner determines that the applicant is an inhabitant of the State of New York, is of the age of 21 years, is not addicted to the use of intoxicating liquors, and is fit and competent to act as motorman on a subway or elevated railroad car over the specific route or routes certified to in the application, he shall issue the license accordingly; otherwise the license shall not be issued. The ability to read and write the English language shall be one of the qualifications necessary to render such motorman fit and competent.

Section 181. Licenses during strikes. In the event of a strike of motormen in this city of the company submitting the application, or the probability of an immediate strike certified to under oath by the company, the Commissioner shall act upon the application within forty-eight hours of the time of its filing. In the event of the failure of the Commissioner to act on any such application within forty-eight hours, the applicant may be employed without a license until such time as the Commissioner has acted, but in no case for a period in excess of one month.

Section 182. License fees. Applicants shall pay a license fee of \$1 for each original license and 50 cents for each renewal thereof.

Section 183. Responsibility of superiors. No officer or employee of a company having authority or supervision over any such motorman, shall knowingly permit or suffer him to violate any of the provisions of this article.

Section 184. Violations. Upon the conviction of any person for any violation of a provision of this article, he shall be punished by a fine of not over \$50, or imprisonment for a term not exceeding 30 days, or both.

Section 185. Suspension or Revocation of Licenses. In the case of a licensee, in addition to the fine, imprisonment, or both, authorized by the preceding section, the Commissioner of Licenses may also, in his discretion, upon the conviction of such licensee, or pending or in advance of his criminal prosecution, suspend or revoke his license.

Sec. 4. The table of article headings of chapter 14 of the Code of Ordinance is hereby amended by adding at the end thereof the following:

16. Motormen on elevated and subway railroad cars.

Sec. 5. This ordinance shall take effect January 1, 1919.

No. 957.

Resolution of Request on Employers for Re-employment of Those Returning After Service in the Army, Navy and Auxiliary Forces of Our Republic.

By Alderman Palitz—

Whereas, Over 200,000 of the residents of our city are in the service in our Army and Navy; and

Whereas, They have offered their lives to our Republic in order to protect it and perpetuate the ideals of equality, liberty and justice, upon which our Republic was established, and to make the world safe for democracy; and

Whereas, Our boys, in conjunction with our Allies, have accomplished their task nobly, heroically and to the entire satisfaction and acclamation of the civilized world; and

Whereas, Our boys are about to return to our shores to rejoin their loved and dear ones; and

Whereas, Thousands of employers of these boys have shown in various ways their pride in their former employees who are fighting for our noble colors; therefore be it

Resolved, That we, the Board of Aldermen, City of New York, assembled this day, hereby request the various employers of the boys in service in our Army, Navy and Auxiliary Forces, to show their appreciation of their former employees for their sacrifice they have made, and which they were ready to make for the protection of our country, institutions, our lives and property, by re-employing each of them at the present standard rate of wages; and be it further

Resolved, That the Board of Aldermen hereby expresses its appreciation to such employers who will so re-employ the men in the service of our Nation for their patriotism and for their aid to the City of New York in this period of reconsideration.

Which was referred to the Committee on General Welfare.

Resolved, That the Board of Aldermen of The City of New York hereby extends sincere sympathy to the family of George G. Goetz, former member from the Borough of Queens, who, after heroic service in the field, fell victim to the ravage of pneumonia.

Which was unanimously adopted by a rising vote.

No. 959.

Resolution Calling the Attention of Members of the Board of Aldermen to Ways and Means of Obtaining Coal for the Residents of the City of New York.

By Alderman Vladeck—

Resolved, By the Board of Aldermen, that the attention of the Aldermen is hereby directed to the fact that the United States Fuel Administration, through the office of the State Fuel Administrator, and the various county fuel administrators, has arranged to provide coal for those who failed to obtain same heretofore, as follows:

The Aldermen may obtain from the County Fuel Administrators order blanks, which are to be filled out and signed by applicant and returned by the Aldermen to the office of the County Fuel Administrator. These order blanks are available only for such persons who have not previously ordered coal through the Fuel Administration.

Which was ordered on file.

Reports of the Committee on Finance—

No. 825.

Report of the Committee on Finance in Favor of Filing Request of the Commissioner of Docks for Special Revenue Bonds, \$16,789.61, to Cover Deficiency Under Contract for Lumber, Piles, Pier Iron and Rope.

The Committee on Finance, to which was referred on October 8, 1918 (Minutes, page 26), the annexed request of the Commissioner of Docks for special revenue bonds, \$16,789.61, to cover deficiency under contract for lumber, piles, pier iron and rope, respectfully

REPORTS:

The Board having granted authority to the Department of Docks to expend \$5,500 for purchasing materials in the open market, the necessity for this request no longer exists.

It therefore recommends the request be placed on file.

FRANCIS P. KENNEY, FRANK A. CUNNINGHAM, EDWARD V. GILMORE, JNO. J. O'Rourke, ALGERNON LEE, MICHAEL STAPLETON, B. E. DONNELLY, JOHN DIEMER, Committee on Finance.

The City of New York, Department of Docks and Ferries, Office of the Commissioner, Pier A, North River, October 2, 1918.

Hon. ALGERNON LEE, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Under date of August 1, 1918 (two months ago), I transmitted a request to the Board of Aldermen asking that a resolution be adopted recommending to the Board of Estimate and Apportionment the issuance of special revenue bonds in the sum of \$16,789.61 to cover a deficiency under contracts for lumber, piles, pier iron and rope but thus far we have not been advised of any action taken on this request.

Practically all of this Department's supply of lumber has been consumed and unless material is obtained within the next ten days, I will be faced with the necessity of laying off the dock-building force of this Department, which I would greatly regret being compelled to do, because there is an urgent demand for this class of labor at the present time, among outside dock-building contractors. In fact, an inquiry of mine elicited the information that these contractors could use at the present time 292 men. This indicates how necessary it is that this Department keep its dock-building force intact. Otherwise, if it be permitted to disperse, we will find it difficult to reassemble a force which, in the aggregate, is as valuable to the City of New York as the present one.

May I therefore urge upon you that you do your utmost to have the Board of Aldermen adopt a resolution requested in my said letter of August 1, 1918.

Yours very truly,

MURRAY HULBERT, Commissioner of Docks.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, October 25, 1918.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen:

Sir—In compliance with your request of October 10, 1918, I transmit herewith report prepared in this office, relative to the request of the Commissioner of Docks, for special revenue bonds, \$16,789.61, to cover deficiency under contracts for lumber, piles, pier iron and rope. Respectfully,

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Office of the Secretary, October 24, 1918.

No. 825—Commissioner of Docks—Request for Special Revenue Bonds, \$16,789.61 to Cover Deficiency Under Contracts for Lumber, Piles, Pier Iron and Rope.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—Upon investigation it is found that the Department of Docks and Ferries now has available for the purchase of lumber or other materials required in repairs to piers and bulkheads, tax levy and corporate stock funds, as follows:

Unencumbered balance in Code 2846 (tax levy)	\$62,388.81
Code C.D.D.-27, Corporate Stock	40,025.04

\$102,413.85

Request has also been made to your Board by the Commissioner of Docks for authority to purchase lumber and piles in the open market without public letting at a cost not to exceed \$55,000.

I am informed that this request has been reported favorably upon by the Committee in your Board having the matter in charge.

If this request is approved of, now that the season is so far advanced, the department will be in a position to not only amply provide itself with lumber and piles for the balance of the year, but will also have sufficient funds for any other material or supplies that may be needed until the appropriations provided in the 1919 budget become available.

It is likely, if the request for authority to expend \$55,000 for purchasing material in the open market is granted, that the request for \$16,789.61 will be withdrawn.

Pending action on the request for authority to expend \$55,000 as proposed, it is suggested that action on the request for special revenue bonds be withheld.

Respectfully,

A. G. CULVER, Assistant Engineer.

Which report was accepted.

Report of the Committee on Finance in Favor of Filing Resolution of Request for Information Relative to Communications Not Received by the Board.

The Committee on Finance, to which was referred on November 12, 1918 (Minutes, page 517), the annexed resolution requesting the President to advise the Board what disposition was made of request for \$16,789.61 special revenue bonds, by the Commissioner of Docks, and ordinances relating to traffic, alleged to have been sent prior to date of record, respectfully

REPORTS:

That the Committee, upon investigation, finds that no such communications were received by the Board. The Acting President explained this very clearly to the Board at its last meeting. It, therefore, recommends the said resolution be placed on file.

Resolved, That the President of the Board of Aldermen, or in his absence the Vice-Chairman, be and he hereby is requested to report to this Board what disposition be made of the communication of the Commissioner of Docks, dated August 1, 1918, requesting this Board to issue special revenue bonds to the extent of \$16,789.61, and what disposition was made at the time of their submission of the proposed ordinance relating to traffic which Lieut. Michael Ahern of the Police Department wrote on October 28th to the President were "submitted several months ago."

No. 211.

Report of the Committee on General Welfare in Favor of Filing an Ordinance to Amend the Code of Ordinances, Relating to "Common Shows."

The Committee on General Welfare, to which was referred on February 5, 1918 (Minutes, page 346), the annexed ordinance to amend section 60 of article 3 of chapter 3 of the Code of Ordinances, relating to "common shows," respectfully

REPORTS:

The subject matter of this ordinance is duplicated in Introductory No. 727, both of which were introduced by Alderman Hilkeimer.

Your Committee, therefore, recommends filing.

AN ORDINANCE to amend section 60 of article 3 of chapter 3 of the Code of Ordinances, relating to "common shows."

By it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Section 60 of article 3 of chapter 3 of the Code of Ordinances, relating to "common shows," is hereby amended to read as follows:

§60. Definition. A common show shall be deemed to include a carousel, Ferris wheel, gravity stepladder, chute, scenic cave, bicycle carousel, scenic railway, striking machine, switchback, merry-go-round, puppet show, ball game and all other shows of like character, but not to include motion picture theaters and games of baseball, nor to authorize gambling or any games of chance.

Sec. 2. This ordinance shall take effect immediately.

No. 747.

Report of the Committee on General Welfare in Favor of Filing Communication from C. Andrade, Jr., Requesting Amendment of the Code to Prohibit Drivers of Motor Vehicles Letting Motors Run While the Car Is Standing.

The Committee on General Welfare, to which was referred on September 24, 1918 (Minutes, page 153), the annexed communication from C. Andrade, Jr., suggesting for amendment of the Code prohibiting drivers of automobiles or trucks to let their motors run while the car is standing at the curb, respectfully

REPORTS:

Your Committee has given due consideration to the subject matter of this letter from C. Andrade, Jr., relative to an ordinance to prohibit the running of motors while a car is standing, the purpose of which is to conserve gasoline. The Committee is of the opinion that, with the cessation of hostilities and the ending of the world war, the enactment of an ordinance along the lines suggested is unnecessary.

It, therefore, recommends that this matter be placed on file.

CHAS. H. HAUBERT, ALEXANDER BASSETT, EDWARD J. ATWELL, EDWARD W. CURLEY, JAMES A. HATCH, WM. C. ROBESON, FRANK J. SCHMITZ, Committee on General Welfare.

52 Vanderbilt Avenue, New York, September 18, 1918.

To the President of the Board of Aldermen, City Hall, New York City:

Dear Sir—I enclose herewith copies of correspondence between myself and the United States Fuel Administration at Washington, which is self-explanatory.

So far as I know, there is no ordinance on this subject in the City of New York, and my respectful suggestion would be that such an ordinance be passed immediately, prohibiting the drivers of automobiles or trucks to let their motors run while the car is standing at the curb. Yours very truly,

C. ANDRADE, JR.

(Copy.)

United States Fuel Administration, Oil Division, Washington, D. C., September 17, 1918.

Mr. C. ANDRADE, JR., Counselor at Law, 52 Vanderbilt Avenue, New York City, N. Y.:

Dear Sir—It is estimated that more than one hundred and fifty thousand gallons of gasoline are wasted daily through motorists and truck drivers allowing their engines to run when the cars are not in operation. There are city ordinances against such a thing, but these cannot be enforced until the people generally realize that the wasting of gasoline is of serious consequence.

A poster will soon be displayed at all gasoline-filling stations urging gasoline users to conserve along the lines suggested in your much appreciated letter.

Very truly yours, UNITED STATES FUEL ADMINISTRATION, by C. C. WISSINGHAM, Chief Gasoline Section, Oil Division, Bureau of Oil Conservation.

52 Vanderbilt Avenue, New York, September 18, 1918.
Attention of Mr. C. C. Cunningham, Chief of Gasoline Section.

United States Fuel Administration, Oil Division, Washington, D. C.:

Dear Sir:—I have yours of the 17th—your reference O-24-KM.

Your letter is instructive as to the amount of gasoline wasted in the manner indicated. I had no idea that the figures were so enormous. I am writing to the President of the Board of Aldermen of the City of New York to-day, as per enclosed copy. I shall carry your letter with me and endeavor to do what I can personally to stop the waste of gasoline due to letting motors run while idle.

Can you not send out a general order operative everywhere through the United States instructing all police officers, etc., to enforce this rule?

Yours very truly,

C. ANDRADE, JR.

Report of the Committee on General Welfare in Favor of Filing an Ordinance to Amend the Code of Ordinances, Relating to "Licenses," and in Particular to "Licensees."

The Committee on General Welfare, to which was referred on October 8, 1918 (Minutes, page 34), the annexed ordinance to amend section 2 of article 1 of chapter 14 of the Code of Ordinances, relating to "licenses," and in particular to "licensees," respectfully

REPORTS:

That this ordinance was introduced by Alderman O'Rourke for the purpose of effecting a correction in certain conditions existing in the Borough of Richmond. It is drawn in such form so as to make its application general throughout the City.

Your Committee is of the opinion that such application is unwise and unnecessary. It therefore recommends the ordinance be placed on file.

SUGGESTED SUBSTITUTE TO MEET VIEW OF COMMISSIONER OF LICENSES.

AN ORDINANCE to amend section 2 of article 1 of chapter 14 of the Code of Ordinances relating to "licenses," and in particular to "licensees."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 2 of article 1 of chapter 14 of the Code of Ordinances, relating to "licenses," and in particular to "licensees," is hereby amended to read as follows:

§2. Licensees must be citizens[,] and residents.

No person shall be licensed under any provision of this chapter or of chapters 3 and 23 of this ordinance, except a citizen of the United States, or one who has regularly declared his intention to become a citizen[,] and is a bona fide resident of the city.

Sec. 3. This ordinance shall take effect immediately.

City of New York, Department of Licenses, 57 Centre Street, October 10, 1918.

Memorandum to the Commissioner.

Attached hereto is a copy of an amendment to section 2, article 1, chapter 14, of the Code of Ordinances, relating to licenses, which requires that no person shall be licensed under chapter 14 or chapter 3 of the Ordinances except a citizen of the United States or one who had regularly declared his intention to become a citizen and is a bona fide resident of the City.

I would suggest that this be further amended to include licensees licensed under provisions of section 149, article 13 of chapter 23, under which section stoopline and elevated railroad stands are licensed. Respectfully submitted,

A. GIEBECKER, Chief Clerk.

Report of the Committee on General Welfare in Favor of Adopting an Ordinance in Relation to Minors Under Sixteen Years Unaccompanied by Parent or Guardian.

The Committee on General Welfare, to which was referred on October 22, 1918 (Minutes, page 37), the annexed ordinance in relation to minors under sixteen years, unaccompanied by parent or guardian, respectfully

REPORTS:

That the Committee has given very extended consideration to the subject matter of this ordinance and held two public hearings in relation thereto, which were largely attended by public spirited citizens.

The first ordinance submitted was considered too drastic and this ordinance was prepared to meet the objections raised at the first hearing.

Your Committee is of the opinion that a great deal of good can be accomplished by the enactment into law of this ordinance, and that it will go far to safeguard the morals of young people during the period of the war and the demobilization of the armed forces.

Its operation is limited to 12 months after the war, by which time it is anticipated that the evil sought to be cured by its enactment will have disappeared and the repeal of the ordinance automatically effected.

Your Committee, therefore, recommends the adoption of the ordinance.

SUBSTITUTE.

AN ORDINANCE in relation to minors under sixteen years, unaccompanied by parent or guardian.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. No child, actually or apparently under the age of sixteen years, shall unnecessarily remain or loiter, nor be suffered or permitted by a parent, guardian or other person having custody of such child to unnecessarily remain or loiter, in any public park, concert hall, dance hall, theatre, museum or other place of amusement, or on the public highway or in or upon any other public place, land or building, unless accompanied by a parent, guardian, or other proper custodian, between the hour of 10 o'clock p. m. and sunrise the following morning, during the months of and from May to September, both inclusive, and between the hour of 9 o'clock p. m. and sunrise the following morning during the months of and from October to April, both inclusive.

Sec. 2. Any child, actually or apparently under the age of sixteen years, found violating the provisions of this ordinance by any police officer or other peace officer may be conducted to such child's home, if in the county where said child is found; or if not in the county, or if its home cannot be ascertained, then to the shelter of the Society for Prevention of Cruelty to Children in the county where said child has been found. Such officer shall, wherever possible, forthwith notify the parent or guardian or member of the child's family in the event of the child's detention.

A summons shall be served either upon the parent, guardian or other legal custodian, as the case may be, or upon the child, or both, by said officer in the manner provided generally in the case of violation of the corporation ordinances to answer for any violation thereof, and recourse shall be had to arrest only in case of disobedience thereof, or where otherwise absolutely necessary.

Sec. 3. This ordinance shall take effect immediately and shall be limited to the duration of the present war, and twelve months thereafter.

No. 905.

Report of the Committee on General Welfare in Favor of Filing Resolution Requesting the Public Service Commission to Compel the Brooklyn Rapid Transit Company to Substitute Steel for Wooden Cars on All Its Elevated and Subway Lines.

The Committee on General Welfare, to which was referred on November 12, 1918 (Minutes, page 517), the annexed resolution, requesting the Public Service Commission to compel the Brooklyn Rapid Transit Company to substitute steel for wooden cars on all its elevated and subway lines, respectfully

REPORTS:

Your Committee has been reliably informed that the Public Service Commission has already inaugurated proceedings to compel the Brooklyn Rapid Transit Company to install steel for wooden cars in the operation of its elevated and subway lines.

The adoption of this request, therefore, is unnecessary and your Committee recommends that the matter be placed on file.

Whereas, It is now well established that the loss of life occasioned by the wreck on the Brighton line of the Brooklyn Rapid Transit Company on November 1st would have been greatly reduced had the cars on the wrecked train been of modern steel instead of antiquated wooden construction; therefore be it

Resolved, by the Board of Aldermen of The City of New York as follows:

(1) That the Public Service Commission be and it is hereby earnestly requested by the people of the City of New York, acting through their representatives in the Board of Aldermen to press with every means in its power whatever orders it has issued to compel the installation of steel cars on the elevated and subway lines of the Brooklyn Rapid Transit Company; and

(2) That the Public Service Commission is further requested to compel the said Brooklyn Rapid Transit Company to eliminate as rapidly as possible all cars of wooden construction from all the elevated and subway lines under its control; and

(3) That a copy of this resolution be transmitted to the Secretary and members of the Public Service Commission.

Report of the Committee on General Welfare in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to the Display of Flags Generally.

The Committee on General Welfare, to which was referred on November 19, 1918 (Minutes, page 544), the annexed ordinance to amend article 2 of chapter 1 of the Code of Ordinances, relating to the display of flags generally, respectfully

REPORTS:

That, as the red or black flags are not recognized as the symbols of any constituted government, therefore, in the interest of peace, order and good government, your Committee believes they should be suppressed, and hence recommends the adoption of the accompanying substitute ordinance.

SUBSTITUTE.

AN ORDINANCE to amend section 24 of article 3 of chapter 23 of the Code of Ordinances, relating to the display of flags.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Section 24 of article 3 of chapter 23 of the Code of Ordinances is hereby amended to read as follows:

Sec. 24. Public assemblies; display of flags.

All assemblies, warranted by law, held in any of the streets of the City, where public discussions are held, shall have the American flag conspicuously displayed at all times during the holding of such assemblies. No red or black flag, and no banner, ensign or sign having upon it any inscription opposed to organized government, or which is sacrilegious, or which may be derogatory to public morals, shall be displayed at any such assembly, or in any public place, or carried through the streets of the city in any procession or parade. Any person who shall violate any provision of this section shall, upon conviction thereof, be punished by a fine of not more than one hundred dollars (\$100), or by imprisonment for not exceeding ten days, or by both such fine and imprisonment.

Sec. 2. This ordinance shall take effect immediately.

The Nation, 20 Vesey Street, New York, November 22, 1918.
Mr. C. H. HAUBERT, Acting Chairman, General Welfare Committee, Board of Aldermen, City Hall, New York City:

Dear Sir—I sincerely trust that the Board of Aldermen will not be misled into banning the red flag, as is proposed. I am no Socialist and never have been, and do not believe in their economic teaching, but the red flag is no longer a symbol of anarchy, and stands for an international movement of Socialism which is now practically controlling the whole of Europe. Even France is a highly socialized state. As I understand it, too, the red flag is a symbol of a wise internationalism. It has long since passed out of its significance as a flag of lawless force.

To forbid the carrying of the flag in New York by Socialists would seem to me to be a profound mistake, and, like all repressive measures of this kind, as is shown particularly by the example of Germany, it would merely inflame Socialism and increase the spread of Socialistic doctrines. Bismarck tried this sort of thing in Germany thirty-five years ago. To-day Germany is a Socialist republic.

Very truly yours,
OSWALD GARRISON VILLARD.
National Headquarters, The National Security League, 19 West 44th Street, New York, November 20, 1918.

Hon. CHARLES H. HAUBERT, Acting Chairman, Committee on General Welfare, Board of Aldermen, New York City:

Dear Sir—At the meeting of the Executive Committee of the National Security League held in this city last Wednesday, November 13, the following resolution was adopted:

"Resolved, That the National Security League urges upon the national, state and municipal authorities the enactment of regulations which, without interfering in any way with the right of free assembly, will forbid the use of the red flag in any public assemblies and parades."

The National Security League, having adopted this resolution, which was followed by Mayor Hylan's order forbidding the public display of the red flag, we would esteem it a privilege to have the opportunity, if any hearing on this subject is held to present reasons why the adoption of Alderman Kenneally's proposed ordinance would be in the interest of sustaining law and order. Very truly yours,
CHAS. E. LYDECKER, President.

Which, on motion of Alderman Haubert, was made a General Order for the day. After discussion by Aldermen Kenneally, Lee, Squiers and Beckerman, Alderman Gilmore moved the previous question.

The Vice-Chairman put the question: "Shall the main question be now put?" Which was adopted.

The Vice-Chairman then put the question whether the Board would agree with said report and adopt such ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Bostwick, Buckley, Burden, Burke, Cassidy, Cox, Cunningham, Curley, Dempsey, Diemer, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Hilkemeier, Hogan, Kenneally, Kenney, McCourt, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Robeson, Ryan, Schmitz, Schweickert, Smith, Squiers, Stapleton, Sullivan, Walsh, Williams, Wirth, Wise, Zettler; President Van Name, by John E. Report of the Committee on Labor and Industries in Favor of Adopting Substitute Resolution Relative to the Working Hours of Employees of the Department of Street Cleaning.

The Committee on Labor and Industries, to which was referred on June 4, 1918 (Minutes, page 368), the annexed resolution relative to the working hours of employees of the Department of Street Cleaning, respectfully

REPORTS:
Your Committee is clearly of the opinion that there should be no question whatever as to the payment of the employees of the Street Cleaning Department for overtime labor. Every private employer of labor makes compensation for every hour of overtime, and it is entirely proper that the City should also pay its employees in the Street Cleaning Department for such overtime service. In order to make the resolution clear your Committee recommends the adoption of the following substitute:

SUBSTITUTE.
Resolved, That the Board of Aldermen hereby recommends to the Board of Estimate and Apportionment that:

No. 1. No employee of the Department of Street Cleaning shall be required to work for a period longer than eight hours in any one day of twenty-four hours unless he be compensated for each hour constituting such overtime, at the rate of time and a half, such overtime to be calculated upon the basis of a working day of eight hours' duration, and of three hundred and thirteen working days in one year.

No. 2. No employee of the Department of Street Cleaning will be required to work more than six days in any consecutive seven days, except in the case of snow fall or other emergency, and in such case such employee shall be compensated for each such additional day or part thereof at the rate of time and a half.

Report of the Committee on Public Letting—
No. 880.

Report of the Committee on Public Letting in Favor of Filing Request of the President, Borough of Manhattan, for Authority to Purchase Asphaltic Wearing Surface Sand Without Public Letting.

The Committee on Public Letting, to which was referred on October 29, 1918 (Minutes, page 117) the annexed request of the President of the Borough of Manhattan for authority to purchase asphaltic wearing surface sand without public letting, respectfully

REPORTS:
Your Committee was informed by the Secretary of the Borough of Manhattan that this request was no longer necessary and that the matter be placed on file. Your Committee therefore recommends accordingly.

JOHN F. MCCOURT, CHAS. A. McMANUS, THOMAS M. FARLEY, CHAS. J. MOORE, WILLIAM K. WALSH, AUGUST FERRAND, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, Committee on Public Letting.

The City of New York, Office of the President of the Borough of Manhattan, Municipal Building, October 25, 1918.

Hon. ALFRED E. SMITH, President of the Board of Aldermen, City Hall:

Dear Sir—Permission is hereby requested to purchase by open market order, without public letting, about 3,000 cubic yards of asphaltic wearing surface sand, at an estimated cost not to exceed \$3,000.

The material is required in the production of asphalt mixture to be used in the repair of asphalt pavements.

The department is unable to enter into a contract on account of the market conditions and Government restrictions, which have not changed since the last exemption was granted under date of June 4, 1918.

The additional quantity is required for use to the end of the year, for which your favorable consideration is requested. Very truly yours,

FRANK L. DOWLING, President, Borough of Manhattan.
Which report was accepted.

No. 900 (S. O. 125).

Report of the Committee on Public Letting in Favor of Adopting Resolution Authorizing the Commissioner of Plant and Structures to Purchase Various Kinds of Materials Without Public Letting.

The Committee on Public Letting, to which was referred on November 12, 1918 (Minutes, page 512), the annexed request of the Commissioner of Plant and Structures for authority to purchase various kinds of materials, without public letting, respectfully

REPORTS:

Chief Engineer Byrne appeared before the Committee and stated that the funds for the purchase of these materials were not available until November 8th, and that there was not sufficient time to prepare the contracts for their purchase between now and the first of the year. He stated also that the materials in question were pressing needed for the proper conduct of the City's ferry service.

Your Committee therefore recommends the adoption of a resolution permitting an expenditure of \$38,500 by the Department of Plant and Structures, without public letting.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Plant and Structures be and he hereby is authorized and empowered to purchase in the open market, without public letting, the following materials to the amounts indicated:

Wood paving blocks	\$5,000 00
Canvas	5,000 00
Propeller wheels	15,000 00
Boiler tubes	10,000 00
Spruce lumber	3,500 00

JOHN F. MCCOURT, CHAS. A. McMANUS, THOMAS M. FARLEY, CHAS. J. MOORE, WILLIAM K. WALSH, AUGUST FERRAND, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, Committee on Public Letting.

City of New York, Department of Plant and Structures, Municipal Building, November 12, 1918.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—You are hereby requested to permit this Department to purchase in open market, without public letting, the following materials, to the amounts indicated:

Wood Paving Blocks	\$5,000 00
Canvas	5,000 00
Propeller Wheels	15,000 00
Boiler Tubes	10,000 00
Spruce Lumber	3,500 00

The reason for making this request for the first four items is based on the fact that funds for their purchase were not made available until November 8, 1918, and there is not sufficient time to prepare contracts for their purchase between now and the first of the year.

The fifth item, viz., spruce lumber, at the present market price for this material is about \$38 per thousand. During the past summer arrangements were made through the U. S. Shipping Board for 32,000 feet of this material, at a price of \$50 per thousand feet. It is expected that this Department will be able to purchase about 70,000 feet of this lumber at a price of \$50 per thousand feet. Yours truly,

JOHN H. DELANEY, Commissioner.

Which was laid over.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Street Cleaning to Purchase Two Automobiles Without Public Letting.

The Committee on Public Letting, to which was referred on November 19, 1918 (Minutes, page 536), the annexed request of the Commissioner of Street Cleaning for authority to purchase two automobiles without public letting, respectfully

REPORTS:

Your Committee has heretofore made a favorable report upon this request of the Street Cleaning Commissioner for the purchase of two automobiles, without public letting, at an expenditure not to exceed \$6,000, and in view of the Commissioner's statement that these machines are absolutely necessary to supervise the working force of over seven thousand sweepers and drivers, in addition to an inspection of fifty-two inland and waterfront dumps, your Committee is of the opinion that this request should be complied with, and it therefore recommends the adoption of the following resolution:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Street Cleaning be and he hereby is authorized and empowered to purchase in the open market, without public letting, two new four-cylinder touring type, six-passenger automobiles, 1918 model, at a cost not to exceed six thousand dollars (\$6,000), for both.

JOHN F. MCCOURT, CHAS. A. McMANUS, THOMAS M. FARLEY, CHAS. J. MOORE, WILLIAM K. WALSH, GEORGE HILKEMEIER, STEPHEN F. ROBERTS, PETER SCHWEICKERT, Committee on Public Letting.

City of New York, Department of Street Cleaning, Office of the Commissioner, Municipal Building, New York City, November 16, 1918.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall, New York:

Dear Sir—Pursuant to section 419 of the Greater New York Charter, I respectfully request permission to purchase in the open market, without public letting, two new 4-cylinder, touring type, six-passenger automobiles, 1918 model, for the use of the officials of the Department of Street Cleaning in making daily inspections and supervising the uniformed force in the field.

This department's duties require its officials to cover the street areas of the Boroughs of Manhattan, The Bronx and Brooklyn and to supervise the working force in excess of 7,000 Sweepers and Drivers, and, in addition, to inspect fifty-two inland and waterfront dumps. In the winter season it is imperative that the officials have these machines on call both day and night for the supervision of the work of snow removal in the three said boroughs. It is impossible for these duties to be performed otherwise than through the medium of automobiles.

In the past the City has always provided this department with such machines. At the time of the institution of the Central Garage all the machines then used by the Department of Street Cleaning were turned over to that Bureau, but this method was promptly found to be a failure in connection with this department, and the officials were obliged to hire and pay for private automobiles. The present equipment in the department is entirely second-hand and is out of repair and inadequate to do the work.

Yours truly,
A. B. MacSTAY, Commissioner.

Which, on motion of Alderman McCourt, was made a special order for the day.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Bell, Bostwick, Buckley, Burden, Cassidy, Cox, Cunningham, Curley, Dempsey, Diemer, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Hilkemeier, Hogan, Kenneally, Kenney, McCourt, McGarry, McManus, McNulty, Martin, Molen, Mullen, O'Brien, O'Kane, O'Rourke, Post, Roberts, Robeson, Ryan, Schmitz, Schweickert, Stapleton, Sullivan, Walsh, Williams, Wirth, Wise, Zettler; the Vice-Chairman—52.

Negative—Aldermen Beckerman, Braunstein, Burke, Calman, Falconer, Held, Lee, Moore, Quinn and Vladeck—11.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Central Purchase Committee to Purchase Dry Goods for Use of the Department of Public Charities.

The Committee on Public Letting, to which was referred on November 19, 1918 (Minutes, page 538), the annexed request of the Central Purchase Committee for authority to purchase two automobiles, without public letting, respectfully

REPORTS:

Acting Director Daly appeared before your Committee and stated that these supplies were urgently needed for the care of patients in the institutions of the Department of Public Charities. That prices were obtained from various concerns and that the several items mentioned in the request could be acquired at a cost not to exceed \$13,000.50.

In view of the urgent need of the Department of Public Charities for these supplies your Committee recommends the adoption of the following resolution:

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee be and hereby is authorized and

empowered to purchase in the open market, without public letting, dry goods for the Department of Public Charities, at an estimated cost not to exceed thirteen thousand and seven dollars and fifty cents (\$13,007.50).

JOHN F. McDURT, CHAS. A. McMANUS, THOMAS M. FARLEY, CHAS. J. MOORE, AUGUST FERRAND, GEORGE HILKEMEIER, WILLIAM K. WALSH, STEPHEN F. ROBERTS, Committee on Public Letting.

City of New York, Central Purchase Committee, Municipal Building, November 19, 1918.

Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—Would respectfully request your permission to purchase in the open market, without public letting, dry goods for the Department of Public Charities at an estimated cost not to exceed \$13,007.50.

Due to the Department of Public Charities' funds for wearing apparel and household equipment being depleted the last two months, requisition covering items of dry goods have been held up.

At the present time the following articles are urgently needed for the welfare of patients and inmates of the institutions of the Department of Public Charities, namely: 5,000 yards rippelette, 10,000 yards flannelette, 2,000 yards corduroy, 3,000 yards shroud muslin, 5,000 yards muslin, bleached, 4-4; 10,000 yards muslin, bleached, 5-4. Knowing that it will be impossible to contract for these items due to most of the mills being tied up with Government work, open market bids were sent out with the idea of receiving quotations from various concerns who no doubt would be able to deliver part of these items at once, whereas it would be impossible for them to deliver quantities in full.

The following prices were obtained in the open market bids, and purchases are being held pending the approval of your honorable Board:

5,000 yards rippelette, \$0.251.....	\$1,255 00
10,000 yards flannelette, 36 inches wide, which is 9 1/2 inches more than the specification calls for, \$0.3694.....	3,637 50
2,000 yards corduroy, \$0.92 1/2.....	1,850 00
3,000 yards shroud muslin, \$0.18.....	540 00
5,000 yards muslin, bl. 4-4, \$0.32 1/2.....	1,625 00
10,000 yards muslin, bl. 5-4, \$0.41.....	4,100 00

As I know that this Committee could not obtain any better results by contracting for these dry goods, and as the articles are of an emergent nature, I trust that your honorable Board will see their way clear to grant this request.

Respectfully,
JOHN J. DALY, Acting Director.

Which, on motion of Alderman McCourt, was made a Special Order for the day.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burden, Calman, Cassidy, Cox, Cunningham, Curley, Dempsey, Donnelly, Dunn, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gayner, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Rourke, Post, Quinn, Roberts, Robeson, Schmitz, Schweickert, Smith, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wise, Zetler; the Vice-Chairman—56.

Negative—Alderman Falconer—1.

Reports of the Committee on Public Thoroughfares—

No. 225.
Report of the Committee on Public Thoroughfares in Favor of Filing a Communication from E. V. Hanegan Relative to the Naming of Streets so as to Commemorate Districts Intimately Associated with the Revolution.

The Committee on Public Thoroughfares, to which was referred on February 13, 1918 (Minutes, page 387), the annexed communication from E. V. Hanegan, relative to the naming of streets so as to commemorate districts intimately associated with the revolution, respectfully

REPORTS:
That the writer is evidently misinformed as there is no request before the Board for the change of name as he states.

It therefore recommends the communication be placed on file.

MICHAEL STAPLETON, THOMAS W. MARTIN, THOMAS A. WILLIAMS, WILLIAM K. WALSH, JAMES A. BELL, B. E. DONNELLY, Committee on Public Thoroughfares.

252 West 37th Street, New York, N. Y., February 8, 1918.
Chairman, Board of Aldermen, New York City, N. Y.:

Dear Sir—From a current news item I have learned that your honorable body has been petitioned by private interests to officially name the junction of William, Beaver and South William Streets as Marine Square.

It is my humble opinion that the administrators of our beloved City should do what they can to commemorate the municipal districts intimately associated with the Revolution, and in any addition to, or revision of, the street nomenclature of the New York City of those days, there is presented an opportunity to perform this duty that should be thankfully grasped.

I therefore humbly petition your Board that it designate the district referred to as Hale Square, after Nathan Hale, who laid down his life hard by, that these United States might be free and independent. After Nathan Hale, unnamed in our street directory—shadowed there by a legion of unhistorical figures, whose claim to renown and to our commemoration is not so worthy.

I have the honor, sir, to be yours faithfully,
E. V. HANEGAN.

252 West 37th Street, New York, April 13, 1918.

Re Hale Square.

Mr. P. J. SULLY, Clerk of the Board of Aldermen, City Hall, Manhattan:

Dear Sir—Being unable to accept your courteous invitation to be present at the meeting of the Thoroughfares Committee Monday, April 18 (sic), you would favor me by informing your Committee to that effect.

I sincerely regret my inability to be on hand to make a personal plea before the Thoroughfares Committee in support of my suggestion that the space at the intersection of Beaver, Broad and William streets be designated as Hale Square, and I shall be further indebted to you if you would kindly present to the Committee before it decides this business the following lines of a comparatively unknown poem, written over sixty years ago, in eulogy of Nathan Hale, whose remains lie somewhere under the streets of old New York:

"We know not where they buried him,
Belike, beneath the tree,
But patriot memories cluster there
Where'er the spot may be.
Yes, Youthful martyr, all our isle
To us more sacred's made
Since on her breast thy manly form
In death's deep sleep was laid."

With thanks and all good wishes, I am, Yours very truly,
EDWIN V. HANEGAN.

Report of the Committee on Public Thoroughfares in Favor of Filing Request of the President of the Borough of Manhattan to Change the Name of 13th Avenue, Between 22d and 29th Streets

The Committee on Public Thoroughfares, to which was referred on February 13, 1918 (Minutes, page 390), the annexed request of the President of the Borough of Manhattan to change the name of 13th avenue, between 22d and 29th streets, respectfully

REPORTS:

That at the request of the President of the Borough of Manhattan the matter is recommended placed on file.

MICHAEL STAPLETON, JAMES A. BELL, THOMAS A. WILLIAMS, WILLIAM K. WALSH, B. E. DONNELLY, Committee on Public Thoroughfares.

January 30, 1918.

Subject: Changing Name of 13th Avenue, Between 22d Street and 29th Street.

After an examination of any possible conditions affecting the renaming of 13th Avenue, there seems to be no reason why 13th Avenue could not be renamed 12th Avenue, within the above mentioned limits—as it is really a southerly continuation of the latter named avenue.

Whatever few house numbers exist on 12th Avenue, south of 54th Street, can be worked into a renumbering system that will include the present 13th Avenue, whenever the development of that section may require it.

Should you favor this, I would suggest the matter be brought up before the Board of Aldermen—who have the power over the naming of streets, according to section 50 of the chapter 2 of the Charter, provided the change is made between December 1 and May 1.

Attached is a blue print showing the section in question.

CHARLES H. LEVY, Assistant Engineer, in Charge Bureau of Topography.

Report of the Committee on Public Thoroughfares in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to "Rules of the Road."

The Committee on Public Thoroughfares, to which was referred on May 21, 1918 (Minutes, page 256), the annexed ordinance to amend section 11, article 2, chapter 24 of the Code of Ordinances, relating to "Rules of the Road," respectfully

REPORTS:

That your Committee repeats its former opinion that the proposed ordinance is desirable, and, having the approval of the Police Department, it recommends the adoption of said ordinance.

AN ORDINANCE to amend section 11 of article 2 of chapter 24 of the Code of Ordinances, relating to "rules of the road."

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. Section 11 of article 2 of chapter 24 of the Code of Ordinances, relating to "rules of the road," by adding thereto a new subdivision to read as follows:

15. Vehicles carrying ten or more persons. Every vehicle, however propelled, whether operated for hire or otherwise on the streets and public places of the city and carrying ten or more persons, shall be manned by at least two persons while such vehicle is in operation.

Sec. 2. This ordinance shall take effect immediately.

Report of the Committee on Public Thoroughfares in Favor of Filing Request of the Downtown League for Restriction of Streets South of Chambers Street Against Peddlers.

The Committee on Public Thoroughfares, to which was referred on April 16, 1918 (Minutes, page 78), the annexed request of the Downtown League for restriction of streets south of Chambers street against peddlers, respectfully

REPORTS:

That your Committee believes the request is too broad in its scope.

It, therefore, recommends it be placed on file.

WILLIAM K. WALSH, JAMES A. BELL, B. E. DONNELLY, Committee on Public Thoroughfares.

Downtown League, 150 Nassau Street, April 16th, 1918.

To the Board of Aldermen, New York City:

Gentlemen—The Downtown League respectfully urges an ordinance for the elimination of licenses to push carts in the section south of Chambers Street. The congestion is now becoming so great in the narrow streets that it is necessary to adopt such measures to remedy existing conditions. The only real remedy is the refusal of a license to push carts in this district. The police are helpless to regulate and handle traffic in any other manner. Respectfully submitted,

DOWNTOWN LEAGUE, DAVID ROBINSON, Executive Manager.

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution Changing Name of Parkview Place to Devoe Terrace, Borough of The Bronx.

The Committee on Public Thoroughfares, to which was referred on April 23, 1918 (Minutes, page 108), the annexed request of the President, Borough of The Bronx, for change of name of Parkview place to Devoe terrace, respectfully

REPORTS:

That this matter has the unanimous approval of the property owners, as well as the President of the Borough.

Your Committee, therefore, recommends the adoption of the accompanying resolution.

Resolved, That the name of Parkview place, running from Webb avenue to West 190th street, in the Borough of The Bronx, be and the same hereby is changed to and shall hereafter be known and designated as Devoe terrace, and the President of the Borough is authorized and requested to note the change on the maps and records of The City of New York.

WILLIAM K. WALSH, JAMES A. BELL, B. E. DONNELLY, Committee on Public Thoroughfares.

City of New York, President of the Borough of The Bronx, Third Avenue and Tremont Avenue, Office of the President, April 17, 1918.

The Honorable Board of Aldermen, City Hall, Manhattan, New York City:

Gentlemen—I have received a unanimous request from the property owners on Parkview Place in this Borough asking that said street be officially designated as Devoe Terrace. This street is one block in length, extending from Webb Avenue to West 190th Street, and lies west of University Avenue. The old farm within which this street is located was for many years owned by the Devoe family. The street has been known locally for many years as Devoe Terrace, although the official name on the city maps is still Parkview Place.

Former Borough President Cyrus C. Miller at one time notified the property owners in accordance with their request that the street would be known as Devoe Terrace. For many years the street signs at the end of this street have been marked Devoe Terrace. No official action, however, has been taken by your Board to confirm the name of Devoe Terrace, and I would, therefore, ask for such action.

Yours very truly, HENRY BRUCKNER, President of the Borough of The Bronx.

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution Changing Name of Hamburg Avenue to Wilson Avenue, Borough of Brooklyn.

The Committee on Public Thoroughfares, to which was referred on June 11, 1918 (Minutes, page 349), the annexed resolution to change the name of Hamburg avenue to Wilson avenue, Borough of Brooklyn, respectfully

REPORTS:

That the present name of this thoroughfare is offensive to the citizens of our City and in particular to the property owners and residents of this section, and they unanimously demand a change of name.

Your Committee, therefore, recommends the adoption of said resolution.

Resolved, That the name of the thoroughfare now known as Hamburg avenue, running from Flushing avenue to Evergreen Cemetery, in the Borough of Brooklyn, be and the same hereby is changed to and shall hereafter be known and designated as Wilson avenue, and the President of the Borough of Brooklyn be and he hereby is authorized and directed to note the change on the maps and records of The City of New York.

745 Hancock Street, Brooklyn, N. Y., June 6, 1918.

Hon. A. E. SUMMERS, President, Board of Aldermen:

Dear Sir—Noting the enclosed, I refer same to you, thinking it possible to have caused an ordinance to be passed by your Honorable Board, an act requiring all vehicles having a footboard on end of wagon, same as vendors, ice-men and others, to cause said footboards to be closed when wagons are in motion; in other words, be no place for children to cut behind, so-called.

You are thoroughly conversant with nature of children when standing on the footboard when the driver from front seat call out to them, they jump off in alarm and scatter in all directions and run into vehicles from opposite directions, the drivers of the latter not being aware of their presence.

I claim if there were no lodgment for the feet, children would not be there.

Trusting this will meet your approval, I remain, yours,

R. W. BURCHELL.

Report of the Committee on Public Thoroughfares in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to "Speed."

The Committee on Public Thoroughfares, to which was referred on June 18, 1918 (Minutes, page 392), the annexed ordinance to amend section 17 of article 2 of chapter 24 of the Code of Ordinances relating to "speed," respectfully

REPORTS:

That having examined the subject, and in view of the many accidents occurring, your Committee believes the speed of heavy vehicles should be reduced.

It therefore recommends the adoption of the said ordinance.

AN ORDINANCE to amend paragraph 1 of section 17 of article 2 of chapter 24 of the Code of Ordinances, relating to "traffic regulations," and in particular to "speed," is hereby

amended to read as follows:
§17. Speed.

1. General provisions. No person shall operate, drive or propel, and no owner thereof riding thereon or therein shall cause or permit to be operated, driven or propelled, on any street or public place, any bicycle, tricycle, velocipede, motor-cycle, motor-tricycle, motor delivery wagon, or motor vehicle however propelled, or any vehicle drawn by horses or other animals, recklessly or negligently, or at a speed or in a manner so as to endanger, or to be likely to endanger, the life or limb or property of any person. A rate of speed exceeding 15 miles per hour shall constitute prima facie evidence of a prohibited rate of speed and manner of driving, and of a violation of the provisions of this section; a rate of speed exceeding 20 miles per hour shall constitute a prohibited rate of speed and manner of driving, and a violation of the provision; of this section, and a rate of speed exceeding 25 miles per hour, on a public highway which passes through country or outlying sections that are substantially undeveloped and sparsely settled, shall constitute a prohibited rate of speed and manner of driving, and a violation of the provisions of this section.

A rate of speed exceeding eight miles per hour, on, over or across any street in those sections of the Borough of Manhattan lying west of Broadway and south and west of Bleeker street; east of Broadway and south of Houston street, or on, over or across any such street in said Borough through which there is or may be operated any elevated railroad tracks, shall constitute a prohibited rate of speed and manner of driving, and a violation of this section.

Sec. This ordinance shall take effect immediately.

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution to Change the Name of German Place to Hegney Place, Borough of The Bronx.

The Committee on Public Thoroughfares, to which was referred on July 2, 1918 (Minutes, page 17), the annexed resolution of Local Board, Crutona District, to change the name of German place, The Bronx, to Hegney place, respectfully

REPORTS:

That the present name of this thoroughfare is offensive to the citizens of our city and in particular to the property owners and residents of this section, and they unanimously demand a change of name.

Your Committee, therefore, recommends the adoption of said resolution.

Resolved, That the name of German place, running from Westchester avenue to Brook avenue, in the Borough of The Bronx, be and the same is hereby changed to and shall hereafter be known and designated as Hegney place, and the President of the Borough is authorized and requested to note the change on the maps and records of The City of New York.

MICHAEL STAPLETON, THOMAS W. MARTIN, THOMAS A. WILLIAMS, WILLIAM K. WALSH, JAMES A. BELL, B. E. DONNELLY, Committee on Public Thoroughfares.

In Local Board of Crutona, 24th District, Borough of The Bronx.

By Hon. Henry Bruckner—

Whereas, Arthur Vincent Hegney, late resident of the Borough of The Bronx, who enlisted voluntarily in the military service of the United States, and was killed in an artillery action in France on March 7, 1918, was the first Bronx soldier to fall while serving his country, therefore be it

Resolved, That this Local Board hereby favors the change of name of German place, between Westchester avenue and Brook avenue, so that the same shall hereafter be known and designated as Hegney place, in the Borough of The Bronx, City of New York; and be it further

Resolved, That a copy of this resolution be transmitted to the Board of Aldermen for appropriate action, authorizing the President of the Borough of The Bronx to note such change on the maps and records of The City of New York.

Adopted by the Local Board of Crutona, 24th District, on the 18th day of June, 1918.

The Commissioner of Public Works, Hon. Wm. J. Flynn, Acting President of the Borough of The Bronx, and Hon. James R. Ferguson, Alderman, 31st Aldermanic District, voting in favor thereof.

Negative—Hon. Alexander Braunstein, Alderman, 32d Aldermanic District.

Report of the Committee on Public Thoroughfares in Favor of Adopting an Ordinance to Amend the Code of Ordinances, Relating to "Rules of the Road," by Adding Provision for the Institution of a "Traffic Violation Card."

The Committee on Public Thoroughfares, to which was referred on July 16, 1918 (Minutes, page 60), the annexed ordinance to amend section 10 of article 2 of chapter 24 of the Code of Ordinances, relating to the "Rules of the Road," by adding provision for the institution of a traffic violation card, respectfully

REPORTS:

That this matter was introduced at the instance of the Police Commissioner. Its purpose is to save time of the police, auto drivers and the courts by not requiring the appearance in court of offenders on every trivial traffic violation.

Your Committee believes the purpose a good one and recommends the adoption of said ordinance.

AN ORDINANCE to amend section 10 of article 2 of chapter 24 of the Code of Ordinances, relating to "rules of the road," by adding provisions for the institution of traffic violation cards.

Be it Ordained by the Board of Aldermen of the City of New York as follows:
Section 1. Section 10 of article 2 of chapter 24 of the Code of Ordinances, relating to "rules of the road," is hereby amended to read as follows:

§10. Drivers; [age limit] traffic violation cards.

1. Age Limit. Drivers or persons in charge of vehicles, other than licensed vehicles, shall not be less than 16 years of age, unless provided with a permit from the police department.

2. Traffic violation cards. Drivers, operators or persons in charge of any vehicle upon any street in the city of New York, shall procure and carry in his or her possession a card known as a "Traffic Violation Card," to be provided by the police department. Such card to be issued in two classes of separate colors, to be known as a "First Class Traffic Violation Card" and a "Second Class Traffic Violation Card," and to contain cancellation spaces for five violations on each card.

3. Violations. Upon the apprehension of any violator of chapter 24 of this code, the officer must indicate upon such "Traffic Violation Card," in the space provided for such purpose, the fact of such violation, and this cancellation may, in the discretion of the officer, be in lieu of an arrest or an issuance of a summons, except where the cancellation is for a violation of the section referring to speed. Upon the cancellation of the fifth space on a "First Class Traffic Violation Card," the officer shall arrest or summons the offender, according to law.

4. Renewal of card. Upon the arrest and conviction of a person holding a "First Class Traffic Violation Card" upon which all the spaces have been cancelled, such person shall be obliged to give up and surrender such "First Class Traffic Violation Card," and may, in the discretion of the police department, be given in place and stead thereof a "Second Class Traffic Violation Card."

5. Revocation or suspension of license. Upon the arrest and conviction of a person holding a "Second Class Traffic Violation Card" upon which all the spaces have been cancelled, such person shall be obliged to give up and surrender his or her license to drive or operate a vehicle within the city of New York, and shall not be eligible for a license to drive or operate a vehicle for the period of at least one year from the date of such conviction, in addition to any other punishment prescribed by this code.

Sec. 2. The table of section headings of article 2 of chapter 24 of the Code of Ordinances is hereby amended to read as follows:

Rules of the Road.

Section 10. Drivers; [age limit] traffic violation cards.

11. Driving.
12. Lights.
13. Peddlers.
14. Riding on back of vehicle.
15. Right of way.
16. Obstruction of traffic.
17. Speed.
18. Safety stops for omnibuses and street surface railway cars.

Sec. 3. This ordinance shall take effect immediately.

City of New York, Police Department, Office of the Commissioner, July 9, 1918.

The Board of Aldermen of The City of New York, City Hall, New York

Gentlemen—I am enclosing herewith for the consideration of your Honorable Body the attached draft of "An Ordinance to amend section 10, article 2, chapter 24 of the Code of Ordinances, City of New York, relating to 'Rules of the Road,' by adding provisions for the institution of a Traffic Violation Card."

It is earnestly hoped that this proposed amendment may be looked upon favorably, and be enacted and made part of the Ordinances of The City of New York at the earliest opportunity. Very truly yours,

R. E. ENRIGHT, Police Commissioner.

Which, on motion of Alderman Stapleton, was recommitted to the Committee on Public Thoroughfares.

No. 717.

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution Relative to Elimination of Objectionable German Names Borne by Streets in the Borough of Brooklyn.

The Committee on Public Thoroughfares, to which was referred on July 9, 1918 (Minutes, page 89), the annexed resolution relative to elimination of objectionable German names borne by streets in the Borough of Brooklyn, respectfully

REPORTS:

That your Committee agrees with the President of the Borough of Brooklyn and will co-operate in every way to accomplish the result sought immediately on the submission of desirable names.

It therefore recommends the adoption of said resolution.

Whereas, The Government of the United States is engaged in a war with the German Empire; and

Whereas, Patriotism and good citizenship demand that everything tending to give aid and comfort to the enemy shall be removed from before the minds of our people; and

Whereas, Certain streets in the Borough of Brooklyn bear the names of individuals and localities of German origin, to the offense and humiliation of our citizens; and

Whereas, Attention has at various times been called to the propriety of substituting, for the streets so designated, names more in keeping with the patriotic spirit which animates the American people; therefore, be it

Resolved, That the Board of Aldermen give immediate consideration to the subject of eliminating objectionable German names now used to designate a number of streets in the Borough of Brooklyn, and that appropriate action be taken by said Board to carry such changes into effect; and be it further

Resolved, That, wherever practicable, the names of streets to be substituted for such objectionable designations shall be suggested by citizens resident on the streets affected.

MICHAEL STAPLETON, THOMAS W. MARTIN, THOMAS A. WILLIAMS, WILLIAM K. WALSH, JAMES A. BELL, B. E. DONNELLY, Committee on Public Thoroughfares.

Which report, with resolution, was adopted.

No. 724 (G. O. 117).

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution to Change the Name of Bremen Street, Borough of Brooklyn, to Stanwix Street.

The Committee on Public Thoroughfares, to which was referred on July 16, 1918 (Minutes, page 91), the annexed resolution to change the name of Bremen street, Borough of Brooklyn, to "Stanwix street," respectfully

REPORTS:

That the present name of this thoroughfare is offensive to the citizens of our city, and in particular to the property owners and residents of this section, and they unanimously demand a change of name.

Your Committee therefore recommends the adoption of said resolution.

Resolved, That the name of Bremen street, running from Bushwick avenue to Flushing avenue, in the Borough of Brooklyn, be and the same is hereby changed to and shall hereafter be known and designated as "STANWIX STREET" and the President of the Borough is hereby authorized and requested to note the change on the maps and records of The City of New York.

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution Designating "Pershing Square" in the Borough of Manhattan.

The Committee on Public Thoroughfares, to which were referred on September 24, 1918 (Minutes, pages 152, 198), the annexed resolution and ordinance:

No. 741.

John McE. Bowman—Suggestion to give the name of "Pershing Square" to the Grand Central terminal zone.

No. 798.

Resolution to designate a certain section as "Pershing Square."
—respectfully

REPORTS:

That, though slight, it is a fitting tribute to the honor and glory achieved by the Commander of the forces of our Republic in the war welded to make the world safe for democracy.

Your Committee therefore recommends the adoption of the accompanying resolution.

SUBSTITUTE.

Resolved, That the space bounded on the south by that part of the north side of East 41st street, which extends from No. 113 East 41st street to Park avenue, approximately 230 feet; on the west by that part of the west side of Park avenue, which extends from 41st street to 43d street, approximately 180 feet 6 inches; on the north by that part of the south side of East 43d street, which extends from Park avenue to No. 118 East 43d street, approximately 230 feet, and on the east by a line extending south from No. 118 East 43d street to 113 East 41st street, in the Borough of Manhattan, approximately 180 feet 6 inches, be and the same is hereby designated and shall hereafter be known as "Pershing Square."

ORIGINAL.

Resolved, That the space bounded on the south by that part of the north side of East 41st street which extends from No. 113 East 41st street to Park avenue, on the west by that part of the west side of Park avenue which extends from 41st street to 43d street, on the north by that part of the south side of East 43d street which extends from Park avenue to No. 118 East 43d street, and on the east by a line extending south from No. 118 East 43d street to No. 113 East 41st street, in the Borough of Manhattan, be and the same is hereby designated and shall hereafter be known as "Pershing Square."

MICHAEL STAPLETON, THOMAS W. MARTIN, THOMAS A. WILLIAMS, WILLIAM K. WALSH, JAMES A. BELL, R. E. DONNELLY, Committee on Public Thoroughfares.

The Biltmore, Madison and Vanderbilt Avenues, Forty-third and Forty-fourth Streets, New York, July 19, 1918.

Hon. ALFRED E. SMITH, President of Board of Aldermen, Aldermanic Chambers, City Hall, New York City.

My Dear Mr. President—Permit me to suggest, as a timely manifestation of our appreciation of General John J. Pershing, our gallant Commander at the head of our Expeditionary Forces in France, that the Grand Central Terminal zone be named "Pershing Square." It would be a splendid tribute to this illustrious American General, and unquestionably would meet with the approval of those who live in our great city.

Millions of travelers arrive and depart here during the year, and as the square has no official name at the present time, my associates and myself, property owners, etc., suggest that this section of the City be named in honor of the American General.

Every large city has its focal point, a sort of nerve center from which lines of communication radiate. In London it is Charing Cross; in Paris it is the Palais Royal. Because of its rapid growth and peculiar topographical location the center of New York has changed many times, always moving northward with the increase of population and expansion of business. To-day the acknowledged center of the City is the Grand Central zone. It would be with a feeling of pride that anyone traveling into New York, and arriving at this point, could say, "I arrived in Pershing Square."

Very truly yours,

JOHN McE. BOWMAN.

Report of the Committee on Public Thoroughfares in Favor of Adopting an Ordinance Regulating Warning or Signaling Devices on Automobiles.

The Committee on Public Thoroughfares, to which was referred on September 24, 1918 (Minutes, page 181), the annexed communication from the Police Commissioner, recommending adoption of an ordinance regulating warning or signaling devices on automobiles, respectfully

REPORTS:

That the Police Commissioner recommended this ordinance for the purpose of regulating devices for warning used on automobiles, and to prevent the unnecessary noises in connection with the uses of such devices.

Your Committee believes some such regulation to be advisable and recommends the adoption of said ordinance.

AN ORDINANCE to amend article 12 of chapter 23 of the Code of Ordinances, relating to "noises," by inserting therein a new section providing for warning or signaling devices on motor vehicles.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows: Section 1. article 12 of chapter 23 of the Code of Ordinances, relating to "noises," is hereby amended by inserting therein a new section providing for warning or signaling devices on motor vehicles, to read as follows:

§132a. Motor vehicles; warning or signalling device required. Every motorcycle or motor vehicle operated or driven on the streets of this city shall be provided with an adequate warning or signalling device. This device, whether a horn or whistle, must be operated by hand power or electricity, and the use of horns, whistles or other devices operated by the engine exhaust of motorcycles or motor vehicles is prohibited.

Section 2. The section of table headings of article 12 of chapter 23 of the Code of ordinances is hereby amended to read as follows:

Noises.

- Section 130. General provisions.
- 131. Hospital streets.
- 132. School streets.
- 132a. Motor vehicles; warning or signalling device required.
- 133. Peddlers, hawkers and vendors.
- 134. Junkmen.
- 135. Metal rails, pillars and columns, transportation of.
- 136. Showmen.

Sec. 3. This ordinance shall take effect immediately.

City of New York, Police Department, Office of the Commissioner, September 4, 1918.

The Honorable Board of Aldermen:

Gentlemen—With a view to regulating warning devices on automobiles and preventing abuse of them, or unnecessary noise in connection with their use, I have the honor to recommend that there be enacted a new ordinance to be incorporated in chapter 23, article 12 of the Code of Ordinances of the City of New York, the same to read as follows:

"Every motorcycle or motor vehicle operated or driven on the public highways of this city should be provided with an adequate warning or signaling device. This device, whether a horn or whistle, must be operated by hand power or electricity, and the use of horns, whistles or other devices operated by the engine exhaust of motorcycles or motor vehicles is prohibited."

Respectfully, R. E. ENRIGHT, Police Commissioner.

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution Designating Joan of Arc Park in the Borough of Manhattan.

The Committee on Public Thoroughfares, to which was referred on September 24, 1918 (Minutes, page 153), the annexed communication from the Joan of Arc Statue Committee suggesting to give the name of "Place Jeanne d'Arc" or "The Joan of Arc Park" to the strip of land on the east side of Riverside Drive between 91st and 93d streets to 95th street, respectfully

REPORTS:

That this matter is suggested by the Joan of Arc Society and has the approval of the Park Commissioner of Manhattan, the Alderman representing the district and the residents and property owners of the neighborhood.

Your Committee, therefore, recommends the adoption of the accompanying resolution.

Resolved, That the strip of land on the easterly side of Riverside Drive between 91st and 93d streets to 95th street, in the Borough of Manhattan, the center of which is marked by a statue of Joan of Arc, be and the same hereby is designated and shall hereafter be known as "The Joan of Arc Park."

MICHAEL STAPLETON, THOMAS W. MARTIN, THOMAS A. WILLIAMS, WILLIAM K. WALSH, JAMES A. BELL, R. E. DONNELLY, Committee on Public Thoroughfares.

405 Fifth Avenue, New York City, August 29, 1918.

The Honorable ALFRED E. SMITH, President, the Board of Aldermen, City Hall, New York:

My Dear Sir—As per telephone conversation yesterday morning, August 28, in re, the giving of the name of "Place Jeanne d'Arc," or "the Joan of Arc Park," to the strip of land on the east side of Riverside Drive between 91st and 95th streets, I believe that it would be a delicate and charming compliment that would be appreciated not only by the people of France, but also by a great many people in the United States as well. It would involve no expense whatever. The beautiful statue of Joan of Arc by Miss Anna Vaughn Hyatt, erected by the Joan of Arc Statue Committee, marks the center of this space. It is an object of great interest; scarcely a holiday of any kind passes that flowers are not sent there, as is the case with the Joan of Arc statues in Paris.

We would greatly appreciate it if you would call the attention of the Board of Aldermen, of which you have the honor to be President, to the matter. I doubt if anything more popular than this could be done or a more graceful tribute tendered to our gallant ally. Believe me, faithfully yours,

GEORGE F. KUNZ, President.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, November 21, 1918.

Dr. GEORGE F. KUNZ, Ph.D., Sc.D., President, Joan of Arc Committee, 405 5th Avenue, New York City.

My Dear Dr. Kunz—I have your favor of the 20th inst., and wish to thank you and the Joan of Arc Committee for your offer of supplying that section of Riverside drive in which you are most interested with guano, which the Park Department thankfully accepts. I have directed our Chief Engineer, Mr. Miller, to correspond with you further with reference to the details.

As regards the name, I would suggest that you call it the Joan of Arc Park (in the English language) as the majority of the people here would naturally understand it better. This name ought to be designated in some way on the sign so as to give people a chance to learn the name of the park, but any other arrangement which you may have in mind will be satisfactory to the Park Department. Very truly yours,

PHILIP BEROLZHEIMER, Commissioner of Parks.

Report of the Committee on Public Thoroughfares in Favor of Filing Resolution Requesting the Commissioner of Plant and Structures to Appear Before the Board in Regard to the Operation of Local Cars Over the Williamsburg Bridge.

The Committee on Public Thoroughfares, to which was referred on September 24, 1918 (Minutes, page 202), the annexed resolution, requesting the Commissioner of Plant and Structures to appear before the Board in regard to the operation of local cars over the Williamsburg Bridge by the Bridge Operating Company, respectfully

REPORTS:

That Commissioner Delaney appeared before the Committee and stated that the time was not auspicious for the City to make any change in the operation of this railway, on account of conditions of the labor market, the difficulty in obtaining materials and equipment, and conditions of existing contracts with the railroad companies. He deemed it advisable, therefore, to lease the road for periods of three months until such time as conditions improve.

Your Committee believes that the statement of the Commissioner fulfills the purpose of the resolution, and recommends said resolution be placed on file.

Whereas, the permit granted by the Commissioner of Plant and Structures to the Bridge Operating Company for the operation of local cars over the Williamsburg Bridge expires on September 30, 1918; and

Whereas, the Commissioner of Plant and Structures has not taken any steps for the operation of the said line by The City of New York; and

Whereas, any extension of the permit to the Bridge Operating Company means a great financial loss and discomfort to the people of Brooklyn and New York; be it

Resolved, By the Board of Aldermen of The City of New York, that the Commissioner of Plant and Structures is requested to appear before the said Board at the next session of the said Board to answer questions in regard to the extension of the permit to the Bridge Operating Company for the operation of local cars over the Williamsburg Bridge.

Report of the Committee on Public Thoroughfares in Favor of Filing an Ordinance to Amend the Code of Ordinances, Relating to "Traffic Regulations" and in Particular to the "Rules of the Road."

The Committee on Public Thoroughfares, to which was referred on October 1, 1918 (Minutes, page 15), the annexed ordinance to amend article 2 of chapter 24 of the Code of Ordinances, relating to "traffic regulations," and in particular to the "rules of the road," respectfully

REPORTS:

That your Committee believes that the adoption of said ordinance and the elimination of the word "Willfully," as proposed, would be too drastic a provision.

It, therefore, recommends the said ordinance be placed on file.

AN ORDINANCE to amend article 2 of chapter 24 of the Code of Ordinances, relating to "traffic regulations," and in particular to "rules of the road."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows: Section 1. Subdivision 13 of section 11 of article 2 of chapter 24 of the Code of Ordinances is hereby amended to read as follows:

13. Obstructing traffic. No vehicle shall be allowed to remain upon or be driven through any street, so as (willfully) to blockade or obstruct the traffic of that street.

Sec. 2. Subdivision 1 of section 17 of article 2 of chapter 24 of the Code of Ordinances is hereby amended to read as follows:

1. General provisions. No person shall operate, drive or propel, and no owner thereof riding thereon or therein shall cause or permit to be operated, driven or propelled, on any street or public place, any bicycle, tricycle, velocipede, motorcycle, motor-tricycle, motor delivery wagon, or motor vehicle, however propelled, or any vehicle which runs on rails or tracks or is drawn by horses or other animals, recklessly or negligently, or at a speed or in a manner so as to endanger, or to be likely to endanger, the life or limb or property of any person. A rate of speed exceeding 15 miles per hour shall constitute prima facie evidence of a prohibited rate of speed and manner of driving, and of a violation of the provisions of this section; a rate of speed exceeding 20 miles per hour shall constitute a prohibited rate of speed and manner of driving, and a violation of the provisions of this section, and a rate of speed exceeding 25 miles per hour, on a public highway which passes through country or outlying sections that are substantially undeveloped and sparsely settled, shall constitute a prohibited rate of speed and manner of driving, and a violation of the provisions of this section.

Section 3. Subdivision 6 of section 17 of article 2 of chapter 24 of the Code of Ordinances is hereby amended to read as follows:

6. Exceptions. Nothing contained in any of the provisions of subdivision 1 of this section as to specific rates of speed, nor in any of the provisions of either subdivisions 2, 3, 4 or 5 hereof, shall apply [to vehicles which run only on rails or tracks nor] to any of the following vehicles, when the same are responding for emergency work in case of fire, accident, public disaster or impending danger, to wit: wagons, trucks and apparatus of the fire department, the insurance patrol, the police department, the bureau of buildings or the militia; ambulances, or the emergency repair wagons of public service corporations.

Sec. 4. This ordinance shall take effect immediately.

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution to Change the Name of Malbone Street, Borough of Brooklyn, to "Empire Boulevard."
 The Committee on Public Thoroughfares, to which was referred on November 19, 1938 (Minutes, page 545), the annexed resolution to change the name of Malbone street, Borough of Brooklyn, to Empire boulevard, respectfully

REPORTS:

That the present name of this thoroughfare is offensive to the citizens of our city and in particular to the property owners and residents of this section, and they unanimously demand a change of name.
 Your Committee, therefore, recommends the adoption of said resolution.

Whereas, Certain property owners on Malbone street have petitioned the Board to change the name of Malbone street in the Borough of Brooklyn, from Flatbush avenue to East New York avenue, to Empire Boulevard; now therefore be it

Resolved, That the name of Malbone street, from Flatbush avenue to East New York avenue, in the Borough of Brooklyn; be and the same is hereby changed to, and shall hereafter be known and designated as Empire Boulevard.

MICHAEL STAPLETON, THOMAS W. MARTIN, THOMAS A. WILLIAMS,

To the Board of Aldermen of Brooklyn:

We, the undersigned owners of real estate on Malbone street, Brooklyn, realizing that the nuisances formerly located on Malbone street, together with the unfortunate associations suggested by the word itself, do petition your honorable Board to change the name. The nuisances have been abated, the street is very wide, and laid out as a direct connection between East New York avenue and Prospect Park. The only bar to its further development is its present name. We do, therefore, petition that the name be changed, as a first choice to Empire Boulevard; a second choice, Wilson avenue.

Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$8,000 for the Purchase of Printing, Stationery and Blank Book Supplies for the Various Offices and Courts of Kings County for the Year 1938.

The Committee on Finance, to which was referred on October 22, 1938 (Minutes, page 95), the annexed request of the Supervisor of the City Record for special revenue bonds, \$8,000, for the purchase of printing, stationery and blank book supplies for the various offices and courts of Kings County for the year 1938, respectfully

REPORTS:

That, having examined the subject, and basing its conclusions on the annexed report of the investigating bureau, your Committee is of opinion that the amount requested is necessary and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight thousand dollars (\$8,000), the proceeds whereof to be used by the Supervisor of the City Record for the purpose of purchasing of printing, stationery and blank book supplies for the various offices and courts of Kings County for the year 1938.

FRANCIS P. KENNEY, WILLIAM P. KENNEALLY, MICHAEL STAPLETON, SAMUEL J. BURDEN, JOHN J. O'ROURKE, ALGERNON LEE, R. E. DONNELLY, JOHN S. GAYNOR, EDWARD V. GILMORE, Committee on Finance.

The City of New York, Board of City Record, Office of the Supervisor, Municipal Building, October 22, 1938.

Hon. ALFRED E. SMITH, President, Board of Aldermen:

Sir—I respectfully request, pursuant to subdivision 8 of section 188 of the Greater New York Charter, that the Board of Aldermen authorize an issue of special revenue bonds in the sum of \$8,000, to provide funds for the purchase of printing, stationery and blank book supplies for Kings County for the year 1938.

Requisitions have been received from the various offices and courts of Kings County for different kinds of printing, stationery and blank book supplies, and the cost of filling these requisitions will be about \$7,200. The other \$800 requested is to take care of any other requisitions that may be received during the balance of the year.

Respectfully, PETER J. BRADY, Supervisor of the City Record.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, November 12, 1938.

Hon. FRANCIS P. KENNEY, Chairman, Committee on Finance, Board of Aldermen, City Hall, N. Y.:

Sir—In compliance with your request of October 26th, I transmit herewith copy of report prepared in this office, relative to the request of the Supervisor of the City Record for \$8,000 special revenue bonds for the purchase of printing, stationery and blank book supplies for the various offices and courts of Kings County for the year 1938. Respectfully, JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Office of the Secretary, November 8, 1938.

No. 866—Supervisor, City Record—Request for Special Revenue Bonds, \$8,000, for Purchase of Printing, Stationery and Blank Books for Kings County for the Year 1938.

Hon. FRANCIS P. KENNEY, Chairman, Finance Committee, Board of Aldermen:

Sir—In the 1938 budget there was provided to the Board of City Record the sum of \$30,000 for printing stationery and blank books to be used by the various Kings County offices, which was the sum requested by the Board. All of the \$30,000 is either expended or encumbered with outstanding orders.

There are on file with the Supervisor 38 requisitions for blank books, etc., which he desires to fill, but is unable to do so owing to the lack of funds. The amounts of these requisitions for the various offices are given below:

Register	\$4,014 21
County Clerk	1,957 45
Surrogate's Court	477 67
Sheriff	22 50
Commissioner of Jurors	165 25
District Attorney	162 35
County Court	110 03
Public Administrator	20 74
Commissioner of Records	118 95

\$7,089 15

A considerable part of the requisitions filed by the Register and County Clerk is for books which must be put into use on January 1, 1939. The balance of the \$8,000 it is estimated will be required for requisitions to be filed and filled before the first of the year.

The depletion of this fund is attributed to the increased cost of printing and particularly the making of blank books, which has advanced over 40 per cent. in a year's time.

Last year the total cost of printing, stationery and blank books for Kings County offices as expended by the Supervisor of the City Record was approximately \$14,000.

Respectfully, THOS. P. SMITH, Jr., Examiner.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burke, Calman, Cassidy, Cox, Cunningham, Curley, Dempsey, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullam, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Kane, O'Rourke, Post, Quinn, Roberts, Robeson, Ryan, Schweickert, Smith, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Zentler; President Van Name, by John E. Report of the Committee on Finance in Favor of Adopting Resolution to Authorize an Issue of Special Revenue Bonds, \$118, for the Purpose of Providing Flags for Use by the Board of Aldermen.

The Committee on Finance, to which was referred on October 29, 1938 (Minutes, page 125), the annexed resolution for special revenue bonds, \$118, for the purpose of providing flags for use by the Board of Aldermen, respectfully

REPORTS:

That the Aldermanic flag carries out the purpose of the ordinance recently adopted and it is obvious the National emblem should be displayed by the Board on all public occasions.

Your Committee, therefore, recommends the adoption of said resolution.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one hundred and eighteen dollars (\$118), the proceeds whereof to be used by the City Clerk and Clerk of the Board of Aldermen for the purpose of purchasing one silk United States flag and one silk official Aldermanic flag (the latter in accordance with ordinance adopted October 29, 1938), with poles and necessary attachments thereto, said flags to be used by the Board of Aldermen when parades are held, on other public and state occasions and for display in the Aldermanic Chamber.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Correction to Purchase a Herd of Cows Without Public Letting.

The Committee on Public Letting, to which was referred on October 22, 1938 (Minutes, page 95), the annexed request of the Commissioner of Correction for authority to purchase a herd of cows, without public letting, respectfully

REPORTS:

That the reasons for this request are fully set forth in the accompanying letter of application. Your Committee believes the request to be reasonable and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Correction be and he hereby is authorized and empowered to purchase in the open market, without public letting, one herd of dairy cows for the purpose of supplying milk to the department's institution at New Hampton Farms; said herd to consist of 25 Holstein cows, at an estimated cost of \$225 each, and one Holstein bull, at an estimated cost of \$250, the total cost not to exceed \$5,900.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, October 21, 1938.

Hon. ALFRED E. SMITH, President, Board of Aldermen, City Hall:

Dear Sir—I hereby respectfully request permission to purchase in the open market, without the formality of public letting, one herd of dairy cows, at a cost not to exceed \$5,900. The money for this purchase has already been appropriated by the Board of Estimate and Apportionment in the budget for the year 1938.

This herd will consist of 25 Holstein cows, at an estimated cost of \$225 each, and one Holstein bull, at an estimated cost of \$250. The cows are to be tuberculin tested and have a satisfactory record of milk production. Also this purchase is to be made in conjunction with an expert from the State Department of Agriculture at Albany, N. Y.

This request is made as no advantage can be obtained in a case like this by advertising, because each cow must be personally selected by the representative of the Department.

I trust your Honorable Board will take favorable action upon this request at its

earliest convenience, as we are badly in need of the milk that could be supplied by this herd to our institution at New Hampton Farms. Yours respectfully,

JAMES A. HAMILTON, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Health to Purchase Forage to Maintain Animals at Municipal Sanatorium, Otisville, Without Public Letting.

The Committee on Public Letting, to which was referred on October 29, 1918 (Minutes, page 115), the annexed request of the Department of Health for authority to purchase forage to maintain animals at the Municipal Sanatorium, Otisville, without public letting, respectfully

REPORTS:

That the reasons for this request are fully set forth in the accompanying letter of application. Your Committee believes the request to be reasonable and recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Health be and he hereby is authorized and empowered to purchase forage to maintain animals at the Sanatorium, Otisville, N. Y., in the open market, without public letting, to an amount not to exceed two thousand four hundred and sixty-one dollars and ten cents (\$2,461.10).

JOHN F. McCOURT, THOMAS M. FARLEY, WILLIAM K. WALSH, STEPHEN F. ROBERTS, CHAS. A. McMANUS, CHAS. J. MOORE, AUGUST FERRAND, Committee on Public Letting.

October 22, 1918.

Mr. P. J. SCULLY, City Clerk, Municipal Building, City of New York:

Dear Sir—On August 11, 1918, bids were opened by the Central Purchase Committee, for the delivery of forage to the various City departments, including deliveries to the Municipal Sanatorium, Otisville, Orange County, N. Y.

The award, in so far as deliveries to Otisville were concerned, was made by this Department on or about August 15th. The Police Department, who was a co-contractor with the Department of Health on this contract, had no funds to which their share of the contract could be applied. These bids, however, were not finally rejected by the Central Purchase Committee until October 8th. In the meantime, the Department of Health had to purchase forage to maintain the animals at Otisville, which, together with the quantities required for the balance of the month of October, will amount to twenty-four hundred and sixty-one dollars and ten cents (\$2,461.10), to be purchased on open market orders.

The Department of Health hereby respectfully requests the Board of Aldermen to authorize the purchase of this forage to the amount stated above, without public letting. Very truly yours,

CHARLES L. KOHLER, Secretary.

The City of New York, Office of the President of the Borough of Brooklyn, October 24, 1918.

Hon. Board of Aldermen, City Hall, New York City:

Gentlemen—Owing to the conditions prevailing in the coal market at present, I would request that your honorable Board adopt the following resolution which extends the resolution at present in effect, permitting us to purchase coal without public letting, up to and including October 31, 1918.

"Resolved, That, acting in pursuance of section 419 of the Charter, the President of the Borough of Brooklyn is hereby authorized to purchase without public letting, such coal as may be necessary for use during the period from November 1, 1918, to April 30, 1919."

Yours very truly, JOSEPH FENNELLY, Assistant Commissioner of Public Works and Acting Borough President.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Central Purchase Committee to Purchase Coal Without Public Letting.

The Committee on Public Letting, to which was referred on October 29, 1918 (Minutes, page 117), the annexed request of the Central Purchase Committee for authority to purchase coal for use of various departments during the first three months of 1919, without public letting, respectfully

REPORTS:

That your Committee is of opinion that the request is reasonable, due to the uncertain conditions of the market.

It therefore recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Central Purchase Committee be and it hereby is authorized and empowered to purchase coal, in the open market without public letting, for use during the months of January, February and March, 1919, by the following departments: Armory Board, Bellevue and Allied Hospitals, Department of Correction, Department of Docks and Ferries, Fire Department, Department of Health, Department of Parks, Manhattan and Richmond; Department of Parks, Bronx; Department of Parks, Brooklyn; Department of Parks, Queens; Department of Plant and Structures, Police Department, Department of Public Charities, Department of Street Cleaning, Department of Water Supply, Gas and Electricity, Police Department and Fire Department.

JOHN F. McCOURT, THOMAS M. FARLEY, WILLIAM K. WALSH, STEPHEN F. ROBERTS, CHAS. A. McMANUS, CHAS. J. MOORE, AUGUST FERRAND, Committee on Public Letting.

City of New York, Central Purchase Committee, Municipal Building, October 26, 1918.

To the Honorable Board of Aldermen, City Hall, N. Y.:

Gentlemen—Permission is hereby requested to purchase coal in the open market, without public letting, for the first three months of 1919 for the following departments:

Armory Board, Bellevue and Allied Hospitals, Department of Correction, Department of Docks and Ferries, Fire Department, Department of Health, Department of Parks, Manhattan and Richmond; Department of Parks, Bronx; Department of Parks, Brooklyn; Department of Parks, Queens; Department of Plant and Structures, Police Department, Department of Public Charities, Department of Street Cleaning, Department of Water Supply, Gas and Electricity.

The reason for this request is that the condition of the coal market at the present time is the same as in April and May of this year, when efforts were made by the Central Purchase Committee to obtain competitive bids for all of the above departments, with the result that bids were received on but few of the items requested, and these bids ranged from \$1 to \$1.50 per ton higher than the open market prices prevailing at that time. The reasons for these high prices and lack of bids were the uncertainties on both prices and quantities of coal available to the New York Market. The coal prices are subject to Federal Government regulation and are liable to frequent changes, hence the dealers would not bind themselves to long term prices. An example of this change in prices is the 25 per cent. advance in freight rates which became effective near the end of June last, and which caused coal prices to rise from 35 to 45 cents per ton.

The Central Purchase Committee has, for the past several months, been receiving quotations from various wholesale coal dealers who have been supplying the City departments heretofore, and whose bids were for immediate delivery on coal which they had at their disposal. The departments were consulted on these bids and the purchases recommended if the coal was satisfactory and the prices reasonable. These prices are reviewed in the Fuel Administrator's office by the Finance Department Inspectors.

All the anthracite coal coming into the New York market is classified as either company coal or individual coal; the former being coal that is mined by the large railroad companies, and the latter by the small individual mine operators who are obliged to ship their coal over the same railroads that produce and transport the so-called company coal. Of the domestic sizes, about 95 per cent. of the coal coming to this port is company coal, and about 5 per cent. individual coal. Of the steam sizes, about 90 per cent. is company coal and about 10 per cent. is individual coal. Due to the difference in transportation charges, Federal regulation has established different prices to the mine operators for coals from these two sources. All the city coal dealers are allotted certain limited tonnages of the different coals, based on their 1916 tonnages. The prices to the dealers are fixed by Government regulations, but are subject to frequent changes, the dealers being allowed only a small profit.

As the City is receiving both company and individual coal, and as the prices of both of these are subject to change, it is impossible to estimate with any degree of accuracy the total cost of the fuel requirements for the first quarter of 1919.

From the above facts your Honorable Board can readily see the difficulty we have in contracting for coal and as you have granted permission for purchasing coal in the open market for the past nine months, I trust you can grant the above request for the first quarter of 1919. Very truly yours,

JOHN J. DALY, Acting Director.

Approved: JAMES A. HAMILTON, Chairman.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

GENERAL ORDER.

G. O. 111 (Int. No. 898).

Report of the Committee on Finance in Favor of Adopting Resolution Releasing William H. Jamouneau Co., Inc., from Overtime Charges on Contract for Furnishing Awnings and Screens at the Harlem Hospital.

The Committee on Finance, to which was referred on November 12, 1918 (Minutes, page 509), the annexed resolution releasing William H. Jamouneau Co. (Inc.), from overtime charges on contract for furnishing awnings and screens at the Harlem Hospital, respectfully

REPORTS:

That having examined the subject, your Committee is of opinion that this concern was unjustly penalized, and should be afforded relief.

It, therefore, recommends the adoption of said resolution.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at a stated meeting held November 8, 1918:

Resolved, That the Board of Estimate and Apportionment, pursuant to section 408 of the Greater New York Charter, hereby determines that the deduction of one thousand eight hundred thirty dollars (\$1,830), as liquidated damages for sixty-one days' overtime, at thirty dollars (\$30) a day, made by the Trustees of Bellevue and Allied Hospitals from the final payment due on their contract No. 4294, dated May 24, 1915, with the Wm. H. Jamouneau Company (Inc.), for furnishing awnings and screens at Harlem Hospital for the lump sum of four thousand seven hundred ninety dollars (\$4,790), was and is unwarranted; that the City suffered no damage by delay in the performance of said contract, and the contractor was not at fault for any delay therein; that said contractor completed the contract work within sixty days after the City had the place ready for the performance thereof; that within the first sixty days after the work started the contractor completed approximately half of the entire contract and then had to postpone the balance of the work for over six months while the City was providing places for the residue; that the said contractor was entitled under the contract to sixty working days' time to perform it, but was denied such time; that the Trustees of Bellevue and Allied Hospitals erroneously failed to make any allowance for the necessary time to complete approximately half of the work required to be done after the building was in fact ready to receive the same; that the contractor should be released from the said fine, penalty or overtime charge of one thousand eight hundred and thirty dollars (\$1,830) aforesaid, and said amount should be paid to Wm. H. Jamouneau Company (Inc.), as a final payment on said contract upon the delivery to The City of New York, its duly executed release in form to be approved by the Corporation Counsel, and that the Comptroller should be authorized to make payment thereof out of the moneys applicable to said contract No. 4294, or any available fund; and be it further

Resolved, That the Board of Aldermen be and it is hereby recommended and requested to release the said Wm. H. Jamouneau Company (Inc.) from the said overtime charge of one thousand eight hundred and thirty dollars (\$1,830), and to authorize the Comptroller to pay said amount as a final payment on said contract No. 4294 as aforesaid.

FRANCIS P. KENNEY, WM. P. KENNEALLY, MICHAEL STAPLETON, SAMUEL J. BURDEN, JNO. J. O'ROURKE, ALGERNON LEE, R. E. DONNELLY, JOHN S. GAYNOR, EDWARD V. GILMORE, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:
Affirmative—Aldermen Atwell, Bassett, Beckerman, Bell, Bostwick, Braunstein, Buckley, Burke, Calman, Cassidy, Cox, Cunningham, Curley, Dempsey, Donnelly, Dunn, Falconer, Farley, Ferguson, Ferrand, Fowler, Friedman, Fullum, Gaynor, Gilmore, Hatch, Haubert, Held, Hilkemeier, Hogan, Kenneally, Kenney, Lee, McCourt, McGarry, McManus, McNulty, Martin, Molen, Moore, Mullen, O'Brien, O'Kane, O'Rourke, Post, Quinn, Roberts, Robeson, Ryan, Schweickert, Smith, Stapleton, Sullivan, Vladeck, Walsh, Williams, Wirth, Wise, Zettler; President Van Name, by John E. ORDINANCES AND RESOLUTIONS RESUMED.

No. 962.

Resolution of Adjournment.

Resolved, That this Board do now adjourn, to meet on Monday, December 2, 1918, at 1 o'clock, p. m., for the transaction of such business as may come before it and for reception and consideration of the Report of the Committee on Finance on the Budget for 1919.

Which was adopted.

And the Vice-Chairman declared that the Board stood adjourned until Monday, December 2, 1918, at 1 o'clock, p. m.

P. J. SCULLY, City Clerk, and Clerk of the Board of Aldermen.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York Held Wednesday, July 17, 1918, at 10.30 A. M.

Present—Morris Cukor, President; Thomas R. Killera and William Drennan, Commissioners. The President presided.

A public hearing was had in connection with the application of the Commissioner of Public Markets that the provisions of the Civil Service Rule requiring competition be suspended and the appointments of: Laura A. Canble, as Director of Division of Information and Education; William W. Smith, as Director of Division of Production; William P. Mulry, as Director of Division of Physical Plant; Edward J. O'Malley, as Director of Division of Distribution, approved under the provisions of Clause 5 of Rule XII. Jonathan C. Day, Commissioner of Public Markets, appeared in favor of the proposed amendment. There were no other appearances and the Chair declared the hearing closed.

A public hearing was had on the proposed amendment of the classification by striking from the Exempt Class under the heading "Commissioner of Accounts" the title, "Efficiency Engineer" and by including therein the title, "Secretary to the Commissioner." James McGinley, Esq., Chief of Staff, Office of the Commissioner of Accounts, appeared in favor of the proposed amendment. Herman Bernard, representing the Citizens Union, also appeared in the matter. There were no other appearances, and the Chair declared the hearing closed.

A public hearing was had on the proposed amendment of the classification by including in the Exempt Class under the heading "Department of Public Charities" the title, "Superintendent of Buildings and Repairs." Patrick J. Carlin, Commissioner, Department of Public Charities, appeared in favor of the proposed amendment. There were no other appearances and the Chair declared the hearing closed.

The Commission then went into regular session, and the minutes of the meetings of June 26, July 1, 2, 3 and 10, 1918, were approved.

The Commission referred to the Examining Division the application of the Department of Public Markets that the provisions of the Civil Service Rules requiring competition be suspended and the appointments of: Laura A. Canble as Director of Division of Information and Education; William W. Smith, as Director of Division of Production; William P. Mulry, as Director of Division of Physical Plant; Edward J. O'Malley, as Director of Division of Distribution, be approved under the provisions of Clause 5 of Rule XII.

The request of the Commissioner of Accounts that the classification be amended by striking from the Exempt Class for his department, the title, "Efficiency Engineer" and including therein the title, "Secretary to the Commissioner" was referred to the Corporation Counsel for an opinion as to whether the exemption of the position was discretionary with the Commission or whether the position was exempt under the provisions of the Civil Service law.

The request of the Department of Public Charities that the classification be amended by including in the exempt class for that department the title, "Superintendent of Buildings and Repairs" was denied.

The following resolutions were adopted, after a hearing of each of the candidates named therein:

Resolved, That the name of Edward Schulz, 929 Pacific st., Bklyn, N. Y., be and the same is hereby removed from the eligible list of Patrolman, under the provisions of clause 14 of Rule VII, and placed on the list of persons disqualified for employment in the City service.

The Commission again considered the case of John F. Fitzsimmons, 420 99th st., Bklyn., a candidate for Patrolman in connection with a report dated July 10th from the Examiner-in-Charge of the Bureau of Investigation. On motion, it was

Resolved, That the name of John F. Fitzsimmons, 420 99th st., Bklyn., be and the same is hereby marked "Qualified" on the eligible list of Patrolman.

Arthur F. Neary, 1100 Avenue I, Bklyn., a candidate in the examination for promotion to Lieutenant, Fire Department, appeared as directed in connection with his appeal that the mark of identification be removed from his papers and the papers rated. The request was denied.

Walter F. J. McLaughlin, 714 Greenwich st., Man., a candidate for Fireman, failed to appear as directed. In this connection the Commission considered a report dated July 5th from the Examiner-in-Charge of the Bureau of Investigation. The Secretary was instructed to summon the candidate before the Commission at its next regular meeting.

Henry Bruder, 617 Morgan ave., Bklyn., a candidate for Patrolman, failed to appear as directed. In this connection the Commission considered a report dated July 9th from the Examiner-in-Charge of the Bureau of Investigation. The Secretary

was instructed to summon the candidate before the Commission at its next regular meeting.

The Commission then considered in the presence and with the assistance of Assistant Corporation Counsel Malone the matter of the proposed promotion examination of fourteen medical inspectors in the Department of Health, covered by an opinion of the Corporation Counsel dated May 21, 1918. The Secretary was instructed to communicate with the Corporation Counsel and request that the Commission be advised at the earliest possible date, first, whether the Commission would be justified in postponing the promotion examination in question, pending the decision of the Appellate Division in the case of People ex rel. Finnegan vs. MacBride; and, secondly, whether pending the receipt of such information and the holding of the proposed examination, the Commission would be justified in attaching a special certificate to the payrolls of the Medical Inspectors.

The Secretary was instructed to advertise public hearings in the following matters: Application of the Board of Education that the provisions of the Civil Service Rules requiring competition be suspended and the appointment of Tristram W. Metcali as Director of Reference and Research, under the provisions of clause 5 of Rule XII, approved.

Amending the classification by including in the exempt class for the Department of Water Supply, Gas and Electricity, the title "Confidential Inspector."

Amending the non-competitive classification, Part I, under the heading, "Department of Public Charities (City Institutions), without maintenance," by including therein the title "Deckhand, at \$1,056 per annum."

On motion, the following resolutions were adopted:

Resolved, That Helen E. Duffy, 219 W. 80th st., Man., be and she is hereby appointed a Stenographer and Typewriter in the office of the Commission, with compensation at the rate of \$250 a day, for a period of thirty days from July 17, under the provisions of clause 4 of Rule XII.

Resolved, That Margaret C. deFerra, 2041 5th ave., Man., be and she is hereby appointed a Stenographer and Typewriter in the office of the Commission, with compensation at the rate of \$250 a day, for a period of fifteen days from July 13, under the provisions of clause 4 of Rule XII.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, NOVEMBER 27, 1918.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

CHARLES L. CRAIG, Comptroller.

Auction Sale.

THE COMPTROLLER OF THE CITY OF
New York will sell at public auction to the highest bidder on

TUESDAY, DECEMBER 3, 1918,
at 11 a. m., at the office of the Collector of City Revenue, Room 308, Municipal Building, Manhattan, certain worn-out automobile tubes and casings as follows:

PARCEL NO. 1—323 AUTOMOBILE TUBES
(ABOUT 800 LBS.).

PARCEL NO. 2—382 AUTOMOBILE CASINGS
(ABOUT 600 LBS.).

The tubes and casings are located at the State Canal of Instruction, Peekskill, N. Y., where they may be seen by intending bidders by arrangement made with the Supply Officer at that point.

The weights and quantities given are approximate only and bidders must insure themselves as to the actual weight and quantity of the material to be sold, as the property will be sold as is.

Each lot will be sold separately, and the right to reject any or all bids is reserved.

All purchasers at the sale will be required to pay the full amount of their bid in cash or certified check drawn to the order of the Comptroller at the time and place of sale. The articles purchased are to be removed immediately after the sale. If the purchaser fails to effect the removal of the articles purchased within ten days from the date of sale, he shall forfeit his purchase money and the ownership of the articles purchased. The City further reserves the right, if the articles are not so removed within ten days, to sell the articles over again. The money received at said sale is also to become the property of the City. The City will not be responsible for any loss or damage to any of the property between the time of the sale and the time of removal.

Confirmation of Assessments.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE
Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property affected by the following assessments for LOCAL IMPROVEMENTS IN THE BOROUGH OF QUEENS:

SECOND WARD.
KINGSLAND AVENUE, regulating, grading, curbing, laying sidewalks and crosswalks, from Laying (Driving) place to 51st street (Central Avenue). Area of assessment affects Blocks 611, 654, 656 to 659, 667, 668, 672, 671.

ELMHURST AVENUE, on the west side; regulating, grading, laying curb and sidewalks, from Roosevelt Avenue to Case st. Area of assessment affects Block 677.

That the above assessment was confirmed by the Board of Assessors on November 13, 1918, and entered November 13, 1918, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid on or before January 15, 1919, which is sixty days after the date of said entry of the assessments, interest will be collected thereon at the rate of seven per centum per annum to be calculated from ten days after the date of said entry to the date of payment, as provided by sections 119 and 1119 of the Greater New York Charter.

The above assessments are payable to the Collector of Assessments and Arrears at his office in the Municipal Building, Court House square, L. I. City, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 noon. **CHARLES L. CRAIG, Comptroller.**
Dated, New York, Nov. 23, 1918. at 2144

IN PURSUANCE OF SECTION 986 OF THE
Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court and the entering in the Bureau for the Collection of Assessments and Arrears of assessment for OPENING AND ACQUIRING TITLE to the following named street IN THE BOROUGH OF THE BROOKLYN.

SECTIONS 15 and 18.
BLOODELL AVE. SUPPLEMENTAL OPENING AND EXTENDING from Bayview st. to Westchester ave. Confirmed Jan. 22, 1914, Sept. 13, 1916, and Oct. 11, 1918. Entered Nov. 15, 1918. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.: Beginning at a point on the southeasterly right of way line of the New York, New Haven and Hartford Railroad where it is intersected by the prolongation of a line distant 250 feet north-easterly from and parallel with the northeasterly line of Bloodel Ave., as this street is laid out between Barlow st. and Eastchester rd., the said distance being measured at right angles to Bloodel Ave., and running thence southeasterly along a line always distant 250 feet north-easterly from and parallel with the northeasterly line of Bloodel Ave. and the prolongations thereof to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of Westchester ave., as this street is laid out where it adjoins Bloodel Ave., the said distance being measured at right

angles to Westchester ave.; thence southwestwardly along the said line parallel with Westchester ave. and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet southwestwardly from and parallel with the southwestwardly line of Bondell ave. as this street is laid out between Westchester ave. and Fink ave., the said distance being measured at right angles to Bondell ave.; thence northwestwardly along the said line parallel with Bondell ave., and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northwesterly line of Williamsbridge rd. and the southwesterly line of Bondell ave. as these streets are laid out between St. Raymond ave. and Hallett ave.; thence northwestwardly along the said line to the intersection with a line distant 100 feet southwestwardly from and parallel with the southwesterly line of Eastchester rd. as this street is laid out between Williamsbridge rd. and Bondell ave., the said distance being measured at right angles to Eastchester rd.; thence southwestwardly along the said line parallel with Eastchester rd. to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northwesterly line of Williamsbridge rd. and the southwesterly line of Bondell ave.; thence northwestwardly along the said line to the intersection with the southwesterly right of way line of the New York, New Haven and Hartford Railroad; thence northwestwardly along the said right of way line to the point or place of beginning.

The above entitled assessment was entered on the day hereinafter given in the Record of Titles of Assessments filed in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid on or before Jan. 14, 1919, which is sixty days after the date of said entry of the assessment, interest will be collected thereon at the rate of seven per centum per annum, to be calculated from the date of entry of the assessment to the date of payment, as provided by sections 119 and 187 of the Greater New York Charter.

The above assessment is payable to the Collector of Assessments and Arrears at his office in the Bogen Building, 177th st. and Arthur ave., Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 11 a. m.

STATE INDUSTRIAL COMMISSION— DEPARTMENT OF LABOR.

Resolutions Adopted.

Whereas, the Bureau of Inspection has submitted to this Commission appeals filed from orders issued by the Division of Factory Inspection against the premises noted herein by the appellants given, the granting of which appeals would constitute a variation of law; and
Whereas, the said Division of Factory Inspection has had a reinspection made of the premises in each case, and upon the reports submitted gives the existing conditions and recommends as follows:

1. Premises affected, Buffalo, 61 Carroll st.; appellant, R. Hoffman & Company. 2—Enclose existing stairway fire escape. Oct. 4, 1918. 6-story non-fireproof building erected before Oct. 1, 1915; open lifts; no combustible carried; no fire alarm signal system; sprinkler installed having two sources of water supply. Occupancy of building 61, 60 of whom are engaged in factory work; above the 1st floor, 60; above 2d floor, 45. Exits: One exterior screened stairway, eight feet from building, with fire doors at all floors leading thereon; one interior stairway enclosed with wooden partitions; all glass in said stairway partitions is wired; the doors are self-closing; the enclosure is therefore smokeproof; exits remote; no safe egress from roof.

Recommendation: Waive order for stairway enclosure while conditions and occupancy remain unchanged.

2. Premises affected, Buffalo, 251 Elm st.; appellant, The Dwell-Kaiser Co. 3—Additional exit. June 25, 1917. 7-story non-fireproof building, erected before Oct. 1, 1915; divided lifts; no fire alarm signal system; sprinkler installed having two sources of water supply. Occupancy of building, 161, of whom 130 are factory employees; above 1st floor, 130; above 2d floor, 100. Exits: One interior stairway properly enclosed, with fireproof partitions; doors therein are sliding self-closing; fire escape on front of building, which meets the requirements of the local authorities and Industrial Code except for fireproofing the windows on the 2d floor, which are plate glass office windows, with wooden sash and frames on pivots; windows not self-closing. This building has a wing in the southeast corner, connected by openings in fire wall on 1st, 2d, 3d, 4th, 5th, 6th and 7th floors; according to variation granted July 11, 1917, the occupancy of this wing at the 4th floor was 4; on 5th floor, 2; on 6th floor, 2 males; on 7th floor, 1 male; one female on 7th floor also.

This variation required an iron stairway to be provided from 7th floor to roof of adjoining fireproof building, which was two fireproof enclosed stairway extending to roof with both heads; this stairway will take care of the 5th, 6th and 7th floor employees; the 4th floor had 4 males employed and straight ladder fire escape was accepted as second means of exit from 4th floor. Iron stairway provided and balconies placed at 6th and 7th floors, with fireproof door opening to balcony on 7th floor; no opening provided to balcony through wall at 6th floor. Fireproof door and frame for 6th floor on premises awaiting installation; window under stairs leading to roof and from 6th floor roof to adjoining roof, 5th floor, have not been fireproofed.

Recommendation: Accept the fire escape on front portion of building as a second means of exit on condition that a sufficient number of sprinkler heads are provided over the plate glass windows on the 2d floor on the course of this fire escape to form an adequate water curtain, and, in addition, that said windows be made self-closing; that window under stairway, southeast end of building, leading to roof, be made fireproof; that opening be cut through wall at 6th floor to balcony and self-closing fire door provided; that present window under stairway leading from 6th floor to roof of adjoining building be changed to a fireproof door with stairway leading to roof about 5 feet away.

3. Premises affected, East Rochester; appellant, The Farnes Co. Provide two means of exit as per Section 79-a. (Sept. 3, 1918.) 2-story semi-fireproof building, erected since Oct. 1, 1915; used for office purposes and as a service building; divided lifts; no sprinkler; no combustible; no fire alarm. Regular occupancy of building is 6; typical floor area, 1,325 square feet; the 2d floor used as kitchen, toilet and dining room purposes; no regular occupancy on the 2d floor; 1st floor used for offices.

Recommendation: Inasmuch as this building is not used for factory purposes, but is used as a service building, and has no connection whatever with the factory, order waived, so long as conditions and occupancy remain unchanged.

4. Premises affected, Poughkeepsie, 114 N.

Hamilton st., R.; appellant, Smith Brothers. 3—Fire alarm signal system. 4—Fire drills. (Jan. 30, 1918.) 3-story building at south end, extending north about 60 feet; balance of building 2 stories high; swing to contour of ground at north end of 2d floor, said 2d floor is at grade with driveway. Exits: One fireproof enclosed stairway at south end which leads to 2d floor, with door leading from 2d floor over roof of 2-story section to fire escape at northerly end. Fire escape but 1 story high, where it leads to ground at driveway, giving above building two means of exit. When factory is running the occupancy is 50 to 75; owing to the fact that this is classed as a non-essential industry, there are less than 20 people employed at this time. Automatic sprinkler with one source of water supply.

Recommendation: Accept the automatic sprinkler with one source of water supply, while conditions remain as at present, and waive the order for fire alarm signal system.

5. Premises affected, New Rochelle, 181-183 Main st.; appellant, Cushman's Bakery. 2—Additional exit. 3—Prohibit occupancy. (Oct. 25, 1918.) 3-story non-fireproof building, erected before Oct. 1, 1915; no sprinkler; combustibles carried; no fire alarm signal system. Occupancy of building, 20; above the 1st floor, 5 to 10; above the 2d floor, one man goes up each day for a sufficient period of time to fill automatic machines with flour. Exits: One interior stairway, doors to which open outwardly.

Recommendation: Accept an additional exit while conditions and occupancy remain unchanged, a 20-inch exterior wooden stairway provided with proper hand rails and located at the rear of the building, and extending from 2-story section to ground with balcony at 2d floor level, a non-fireproof door to be provided from 2d floor level to this balcony; this stairway to be accessible from the 2d floor by means of windows opening onto roof of 2-story extension; stairway to be properly roofed over as a protection from the elements. This exterior stairway to extend to roof of 2-story section.

6. Premises affected, Fort Plain, Main st.; appellant, Shultz & Goldthorpe Co., Inc. Additional exit. (Sept. 4, 1918.) 3-story non-fireproof building, with open lifts; no sprinkler; combustibles carried. Occupancy above the 1st floor, 1 permanently; above 2d floor, 1 occasionally; 17 in building. Exits: One interior unenclosed stairway extending to roof; no safe egress from roof. Building of wood-frame construction, used for manufacture of cloth gloves; 2d floor used for storage of empty boxes and some old equipment; one man visits this floor occasionally to procure or place material. The 2d floor at present is occupied by one man who operates a turning machine. The occupancy of this floor may be increased.

Recommendation: Inasmuch as no one is employed on the 2d floor, accept as second means of exit from said floor a stationary wooden ladder not less than 20 inches wide, extending from the westerly end of the 2d floor with scuttle in floor of 2d floor leading to a stairway to be provided from 2d floor to 1st floor at said westerly end, said stairway to be 20 inches wide, properly handrailed.

7. Premises affected, Poughkeepsie, Millard ave., rear; appellant, Russell, Burdall & Ward Bldg. & Nat. Co. 1—Prohibit occupancy. 2—Two exits as per Section 79-a. 3-story building, erected since Oct. 1, 1915; automatic sprinkler installed; combustibles carried; no fire alarm signal system. Occupancy, 60; above 1st floor, 50; above 2d floor, 20. Exits: One interior stairway extending from 2d to 3d floors, said stairway being unenclosed; doors to stairway open outwardly; imperfect horizontal exit on each floor. Building occupied for office purposes except the 1st floor, which is used as a supply room; the stairway between the 2d and 3d floors is constructed of wood, 27 inches wide, and unenclosed, and erected as a means of communication between the two office floors; at westerly end is a horizontal exit at each floor leading to old office building; fire doors are provided at but one side of this fire wall.

Recommendation: Accept as compliance with order the horizontal exit now provided leading to old office building when standard fire doors have been provided on each side of said opening on all floors except the 1st, on which floor but one door will be required owing to the fact that the main water pipe for sprinkler supply prevents the installation of the second floor. As a second means of exit a horizontal exit also to be provided at the easterly end of the 2d and 3d floors leading to the new storage building, each opening to be provided with standard fire doors on each side of the wall, said horizontal exit to conform in all respects to Section 79-a; steps to be provided at such openings in as much as the floor levels in the storage building are not the same as in the new office building.

And it appearing that there are practical difficulties and unnecessary hardships in complying with the strict provisions of the law and the rules and regulations of the Industrial Code on the premises noted herein; and

Further appearing that in accepting the conditions herein set forth and granting the variations noted in each case, the spirit of the law will be complied with and public safety secured; and

Further appearing that each of the appellants herein has been notified that he would have an opportunity to appear and be heard at this time and place, and such of the appellants who appearing having been given a hearing by the Commission, therefore:

Be it resolved, by the State Industrial Commission, that the variation noted above be and same hereby are granted to the appellant in each case for the premises designated, with the understanding that said variations are effective as long as conditions remain as of this date.

Signed at New York, Office of the State Industrial Commission, as:

1. WILLIAM S. COFFEY, Secretary of the State Industrial Commission of the State of New York, DO HEREBY CERTIFY that I have compared the foregoing copy of a resolution with the original thereof, duly adopted by the State Industrial Commission on the 27th day of November, 1918, and duly filed in the office of said Commission, and that the same is a true and correct copy and transcript of said resolution and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the State Industrial Commission this 28th day of November, 1918.

W. S. COFFEY, Secretary.

A. B. MacSTAY, Commissioner. n29.211

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Street Cleaning, at Room 1244, Municipal Building, Manhattan, until 12 Noon, on

TUESDAY, DECEMBER 10, 1918, FOR ALL THE HORSE MANURE, STRAW, STABLE WASTE AND REFUSE WHICH ACCUMULATE AT THE FOLLOWING NAMED STABLES OF THE DEPARTMENT OF STREET CLEANING DURING THE PERIOD JANUARY 1, 1919, TO DECEMBER 31, 1919, INCLUSIVE.

Stable A, 17th st. and Avenue C, approximate number of horses, 28.

Stable B, 214 W. 53d st., approximate number of horses, 94.

Stable C, 625 W. 130th st., approximate number of horses, 107.

Stable D, 505 E. 110th st., approximate number of horses, 74.

Stable E, 408 W. 13d st., approximate number of horses, 66.

Stable F, 505 E. 80th st., approximate number of horses, 89.

Stable G, 44 Hamilton st., approximate number of horses, 123.

Stable H, 414 E. 48th st., approximate number of horses, 68.

Stable I, 387 W. 206th st., approximate number of horses, 8.

Stable L, 113 W. 99th st., approximate number of horses, 39.

Stable M, 71 Horatio st., approximate number of horses, 64.

Stable R, 349 Kington st., approximate number of horses, 138.

Stable S, 2491 Amsterdam ave., approximate number of horses, 48.

The horse manure, straw, stable waste and refuse is to be removed by the successful bidder, at his own cost and expense, on each and every day during the year, except Sundays and legal holidays, before 12 noon.

The contracts, if awarded, will be awarded for each stable separately, to the bidder or bidders offering the highest amount per horse, per year, for each of the horses kept at the said stables during the period January 1, 1919, to December 31, 1919, inclusive.

Payment is to be made at the end of each and every month, during the term of the contract, for the average number of horses kept at each of the said stables during each month, at a rate per year for each horse; the average number to be determined by adding the number of horses kept at each of said stables on each and every day during the month and dividing the total number so kept by the calendar days in each month.

The amount of the bond required will be Five Hundred Dollars (\$500) for each stable for which a bid is submitted. The amount of security to be deposited with the bid shall be not less than 5 per cent. of the aggregate amount of the bonds.

The Department of Street Cleaning reserves the right to change the location of any of the above mentioned stables at any time.

Blank forms of proposals for bids or estimates, copies of the contract in the form approved by the Corporation Counsel, and forms of bids may be obtained upon application at the Main Office of the Department of Street Cleaning, Room 1244, Municipal Building, Manhattan. Bids on any other form will not be considered.

A. B. MacSTAY, Commissioner. n29.211

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Street Cleaning, at Room 1244, Municipal Building, Manhattan, until 12 noon, on

FRIDAY, DECEMBER 6, 1918, FOR (NO. 1) FURNISHING FORAGE AT THE 25 STABLES OF THE DEPARTMENT OF STREET CLEANING IN THE BOROUGH OF MANHATTAN, THE BOROUGH OF BROOKLYN.

The time for the completion of the contract will be on or before December 31, 1918.

The amount of the security required for the faithful performance of the contract will be thirty per cent. of the contract price.

The amount of the deposit to be made with the bid shall be not less than one and one-half per cent. of the total amount of the bid.

The bidder shall state separately in his bid, as follows:

(1) Under the heading "Furnage, Unit Price," the sale price or prices per 100 lbs. for furnishing each kind of furnage in suitable bags or bales, at the "Contractor's Delivery Point," as elsewhere designated in the sheets.

(2) Under the heading "Carriage, Unit Price," the bidder shall state the price or prices per 100 lbs. for delivering each kind of furnage from the "Contractor's Delivery Point," as indicated in the bid sheets, to the "Department Receiving Points."

(3) On the sheet headed "Schedule of Contractor's Delivery Points," the location of the place or places from which he will deliver furnage to vehicles furnished by the Department. The points shall be designated in the column provided for the purpose on the "Schedule of Quantity and Prices" by means of "Letters" corresponding with those which appear opposite the described locations as shown on the "Schedule of Contractor's Delivery Points," from which it is intended that the item of furnage is to be delivered.

Bidders desiring to furnish either or all of the various items of furnage required for the Boroughs of Manhattan, The Bronx and Brooklyn, but not to deliver the same, may submit their bids on the sheet entitled "Schedule of Quantity and Prices, Class B."

Bids may be submitted on this form for furnishing the various items of furnage in the quantities required for each of the said Boroughs.

Bidders are requested to use either Schedule A or Schedule B, but in no case shall any bidder use both schedules. Bids for one or more of the items on Schedule A, and for one or more of the items on Schedule B will not be considered. This requirement will be strictly enforced.

The attention of bidders is directed to the contents of the "Special Instructions and Additional Instructions" attached to the proposal for bids.

Should the bidder make use of the schedules specified under Class "A" or "B," extensions must be made and total prices stated for furnishing each item (in case the bidder desires to deliver the furnage), and the total price for furnage and carriage combined.

Deliveries will be required to be made at the time and in the manner and in such quantities as may be directed by the Commissioner.

The U. S. Food Administration has granted to this Department the right to contract for furnage to the end of the year 1918, and the successful bidder, if duly licensed by the U. S. Food Administration, will be granted the necessary permit.

Blank forms of bid and proposals may be obtained at the Main Office of the Department of Street Cleaning, Room 1244, Municipal Building, Manhattan.

A deposit of one dollar (\$1) will be required for each set of bid forms, to be returned in case the bids are submitted or the forms returned in good condition.

Dated, Nov. 21, 1918.
A. B. MacSTAY, Commissioner.
If See General Instructions to Bidders on last page, last column, of the "City Record."

SEALED BIDS WILL BE RECEIVED BY

the Commissioner of Street Cleaning, Room 1244, Municipal Building, Manhattan, until 12 noon, on

THURSDAY, DECEMBER 5, 1918.

Borough of Brooklyn.

FOR A CONTRACT, PURSUANT TO SECTION 24 OF THE GREATER NEW YORK CHARTER, FOR THE RECEIPT, TRANSPORTATION AND FINAL DISPOSITION OF (1) THE ASHES, STREET SWEEPINGS AND RUBBISH WHICH SHALL BE COLLECTED BY THE CARTS OR VEHICLES OF THE DEPARTMENT OF STREET CLEANING, FROM ANY SOURCE IN THE BOROUGH OF BROOKLYN; (2) THE ASHES, STREET SWEEPINGS AND RUBBISH WHICH SHALL BE DELIVERED AT THE DUMPS IN THE BOROUGH OF BROOKLYN BY CARTS OR VEHICLES AUTHORIZED BY THE DEPARTMENT OF STREET CLEANING TO USE THE DUMPS, DURING THE PERIOD COMMENCING JAN. 2, 1919, AND ENDING JAN. 1, 1921, WITH THE RIGHT TO THE CITY OF NEW YORK TO RENEW THE CONTRACT FOR ANOTHER PERIOD OF TWO YEARS UPON THE SAME TERMS AND CONDITIONS, EXCEPTING THE PROVISIONS FOR RENEWAL.

Each bid must be accompanied by a certified check on a solvent banking corporation in the City of New York, payable to the order of the Commissioner of the City of New York for five (5) per centum of the amount for which the work bid for is proposed in any one year to be performed.

The check must not be enclosed in the envelope containing the bid, but must be delivered separately in another sealed envelope.

The amount of security required for the faithful performance of the contract is Two Hundred Thousand Dollars (\$200,000).

In addition, a special deposit of Fifty Thousand Dollars (\$50,000) in cash or in corporate stock or certificates of indebtedness of any nature issued by the City of New York, which the Commissioner shall approve as of equal value, shall be deposited with the Commissioner of the City of New York before the signing and delivery of the contract. This amount, or the unencumbered and unexpended portion thereof, will be returned to the Contractor in installments as set forth in the contract.

Each bidder shall furnish with his bid a statement showing a complete description of the methods to be used by him in performing the work required to be done under this contract, with specifications setting forth such methods in detail, and containing a reference to any patent or patent rights, or patented articles intended to be used by him. The bidder shall also furnish with his bid a list of the locations at which he proposes to establish dumps, and a statement of the kind and character of the dumps.

The compensation to be paid to the contractor, which shall be in full for all work performed, shall be as follows for the various items:

For the removal and final disposition of ashes and street sweepings, at a price or sum per standard ash cart load (a) or in like proportion.

For the removal and final disposition of rubbish at a price or sum per standard paper and rubbish cart load (b) or in like proportion.

These prices shall be stated in words and shall also be stated in figures; in case of any discrepancy between the words and the figures, the words shall control.

All materials, whether more or less than the quantities estimated, stated or indicated in the "Information for Bidders" shall be received and disposed of by the contractor without any extra or other compensation than the said prices, which said prices shall cover all and every cost of reception, transportation and final disposition, however incurred, from the time that the materials are delivered to the contractor.

In the comparison to ascertain the lowest bid the following method will be used. Multiplying the price or sum bid per cartload for ashes and street sweepings by the total number of standard cartloads as shown in the table for 1917 in the "Information for Bidders" (1,628,315); multiply

the price or sum bid per cartload for rubbish by the total number of standard cartloads as shown in the said table (108,572); and add these two results.

The Commissioner of Street Cleaning reserves the right to select from the bids that bid the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids.

Blank bid forms, envelopes in which to enclose the same, copies of the contract, including the specifications, in the form approved by the Corporation Counsel, may be obtained upon application at the Main Office of the Department of Street Cleaning, Room 1244, Municipal Building, Borough of Manhattan.

FOR A CONTRACT PURSUANT TO SECTION 24 OF THE GREATER NEW YORK CHARTER FOR THE RECEIPT, TRANSPORTATION AND FINAL DISPOSITION OF (1) THE ASHES, STREET SWEEPINGS AND RUBBISH DELIVERED BY THE CARTS OR VEHICLES OF THE DEPARTMENT OF STREET CLEANING AT THE WATERFRONT DUMPS IN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF THE BRONX; (2) THE ASHES, STREET SWEEPINGS AND RUBBISH DELIVERED AT THE WATERFRONT DUMPS IN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF THE BRONX BY CARTS OR VEHICLES AUTHORIZED BY THE DEPARTMENT OF STREET CLEANING TO USE THE DUMPS; (3) THE ASHES WHICH ACCUMULATE ON BLACKWELL'S ISLAND, NORTH BROTHER ISLAND AND RANDALL'S ISLAND; (4) THE ASHES AND RUBBISH COLLECTED IN THE HARBOR OF NEW YORK AND ADJACENT WATERS, DURING THE PERIOD COMMENCING JAN. 2, 1919, AND ENDING JAN. 1, 1922, WITH THE RIGHT TO THE CITY OF NEW YORK TO RENEW THE CONTRACT FOR A FURTHER PERIOD OF TWO (2) YEARS UPON THE SAME TERMS AND CONDITIONS, EXCEPTING THE PROVISIONS FOR RENEWAL.

Each bid shall be accompanied by a certified check on a solvent banking corporation in the City of New York, payable to the order of the Controller of The City of New York, for five (5) per centum of the amount for which the work bid for is proposed in any one year to be performed.

The check must not be enclosed in the envelope containing the bid, but must be delivered separately in another sealed envelope.

The amount of security required for the faithful performance of the contract is Two Hundred Thousand Dollars (\$200,000).

In addition a special deposit of Fifty Thousand Dollars (\$50,000) in cash, or in corporate stock or certificates of indebtedness of any nature issued by the City of New York, which the Commissioner shall approve as of equal value, shall be deposited with the Controller of The City of New York before the signing and delivery of the contract. This amount, or the unencumbered and unexpended portion thereof, will be returned to the Contractor in installments, as set forth in the contract.

Each bidder shall furnish with his bid a statement showing a complete description of the methods to be used by him in performing the work required to be done under this contract, with specifications setting forth such methods in detail, and containing a reference to any patent or patent rights, or patented articles intended to be used by him.

The compensation to be paid to the contractor, which shall be in full for all work performed, shall be at prices per cart load, the carts being classified in six (6) classes, as follows:

"Class A." Scows having a deck area of less than 1,600 square feet.

"Class B." Scows having a deck area of more than 1,600 square feet and not more than 1,750 square feet.

"Class C." Scows having a deck area of more than 1,750 square feet and not more than 2,250 square feet.

"Class D." Scows having a deck area of more than 2,250 square feet and not more than 2,700 square feet.

"Class E." Scows having a deck area of more than 2,700 square feet.

"Class F." All vessels other than deck scows, at a uniform price per full load. A description of said vessels and the capacities thereof in cubic yards to be stated by the bidder in his bid.

These prices shall be stated in words and shall also be stated in figures; in case of any discrepancy between the words and the figures, the words shall control.

All materials, whether more or less than the quantities estimated, stated or indicated in the "Information for Bidders" shall be received and disposed of by the contractor without any extra or other compensation than the said prices, which said prices shall cover all and every cost of reception, transportation and final disposition, however incurred, from the time that the materials are delivered to the contractor.

The Commissioner of Street Cleaning reserves the right to select from the bids that bid the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids.

Blank bid forms, envelopes in which to enclose the same, copies of the contract, including the specifications, in the form approved by the Corporation Counsel, may be obtained upon application at the Main Office of the Department of Street Cleaning, Room 1244, Municipal Building, Borough of Manhattan.

In the Matter of the Application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the real property required for the opening and extending of PUTNAM AVENUE EAST, from West 238th street to Van Cortlandt Park South, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above-entitled proceeding as follows:

First—That the above named Court, after considering the testimony and proofs submitted on the trial of the above-entitled proceeding, has completed its estimate of the compensation which should be made by The City of New York to the respective owners of the real property to be acquired in this proceeding, and has made an assessment of the value of the benefit and advantage of the improvement to the respective owners of the real property within the area of assessment for benefit herein, and that the tentative decree of the said Court as to awards for damages and as to assessments for benefit was signed on the 27th day of November, 1918, by Hon. Nathan Otinger, Justice of the Supreme Court presiding at the trial of the above-entitled proceeding, and was filed with the Clerk of the County of Bronx on the 29th day of November, 1918, for the inspection of whomsoever it may concern.

Second—That the said Court has assessed all the real property within the area of assessment filed and described as the area of assessment for benefit by the Board of Estimate and Apportionment on the 19th day of January, 1917, and that the said area of assessment includes the parcels of real property situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Van Cortlandt Park South, the said distance being measured at right angles to Van Cortlandt Park South; on the southeast by a line bisecting the angle formed by the intersection of the prolongation of the southeasterly line of Putnam Avenue East, as this street is laid out adjoining Van Cortlandt Park South, with the prolongation of the northeasterly line of Bailey Avenue, as this street is laid where it adjoins west 238th street; on the southwest by a line distant 100 feet southwesterly from and parallel with the southwesterly line of West 238th street, the said distance being measured at right angles to West 238th street; and on the northwest by the northwesterly right-of-way line of the New York and Putnam Division of the New York Central Railroad.

Third—That The City of New York and all other parties interested in such proceeding or in any of the real property affected thereby, having any objections thereto, shall file such objections in writing, duly verified, in the manner required by law for the verification of pleadings in an action, setting forth the real property owned by the objector and his postoffice address, with the Clerk of the County of Bronx on or before the 19th day of December, 1918, and parties other than The City of New York shall within the same time serve on the Corporation Counsel of The City of New York, at his office, Room No. 1557, Municipal Building, Chambers and Centre streets, in the Borough of Manhattan, City of New York, a copy of such verified objections.

Fourth—That on the 29th day of December, 1918, at 10 o'clock in the forenoon of that day, or as soon thereafter as Counsel can be heard, the Corporation Counsel of The City of New York will apply to the Hon. Nathan Otinger, the Justice of the Supreme Court who signed said tentative decree at a Trial Term, Part II of the Supreme Court, to be held in the County Court House in the Borough of Manhattan, to fix a time when said Justice will hear parties who will have filed objections to the said tentative decree.

Dated, New York, November 29, 1918.

WILLIAM F. BURR, Corporation Counsel.
