Resignation accepted and resolution adopted by the Board of Aldermen, December 5, 1884.

Whereas, The Broadway Surface Railroad Company heretofore made application in writing to the Common Council of the City of New York for its consent and permission to be granted to the said Company, to construct, maintain, operate and use a street surface railroad, to be operated by horse power, upon and along the surface of the streets, avenues and highways in the City of New York, and upon the route mentioned in the petition of said The Broadway Surface Railroad Company, dated October 3, 1884, addressed to the said Common Council, and duly verified on the same day by James A. Richmond, President of the said company; and

Whereas, On receipt of the said petition in writing, containing the aforesaid application of the said company for the consent of the Common Council to the construction, operation and use by said company of its proposed railroad upon the route mentioned in said petition, the Common Council caused public notice of such application, and of the time and place when the same would be first considered, to be published daily for at least fourteen days in two daily newspapers of the City of New York, to wit, in the New York "World" and the "Evening Post," which papers were designated for that purpose by his Honor the Mayor, and the said notice having been likewise published daily at least fourteen days in the newspaper published in the City of New York called the "Daily Register;" and

Whereas, On the 29th day of October, 1884, at 11 o'clock A. M., at the Chamber of the Board of Aldermen, that being the time and place designated in said notice, a meeting of the Common Council was had to first consider the aforesaid application of said The Broadway Surface Railroad Company, and the said application and the accompanying papers having been thereupon referred to the Committee on Railroads, in order that all persons interested might have a hearing, and the said Committee having had several protracted sessions at which every person interested either for or against the application, who desired to be heard, was heard, and the said Committee having listened to, and received all arguments or evidence offered in support of or against the said application, and having made their report to this Board, dated November 10, 1884, accompanied by a stenographic or printed record of the proceedings before the Committee, together with all documents or exhibits offered by any or either of the parties, and the said report and record and the accompanying papers having been duly considered by the Board; and,

Whereas, In the opinion of the Common Council, an urgent necessity exists for a railroad in Broadway, between the Battery and Union Square, for the accommodation of the general public; and,

Whereas, In the judgment of this Board it is not expedient to make an auction sale of the consent or permission which alone the Common Council has power to grant for the construction of the proposed railroad, but this Board has determined to exact from any company to whom its consent for the construction of a railroad on Broadway shall be granted, in addition to the percentages on gross receipts, which by law is required to be paid into the City Treasury, such further compensation as shall be just and fair, bearing in mind that the object to be attained is not chiefly revenue, but the promotion of the public interest, by securing an efficient and well conducted railroad, which will afford the greatest accommodation to the public with the least interference with the present use of the street or the pavement thereof or the structures underneath the same; and

Whereas, A horse railroad can be easily constructed on Broadway, without any protracted interference with the public travel on said street or with the use thereof by carriages, trucks and other vehicles; and

Whereas, In the judgment of the Common Council the public inducements offered by the petitioner in the proposed construction and operation of its railroad are superior to those which under the law can be offered by any other company; now, therefore,

Resolved, That the consent of this Board be and the same is hereby granted and permission of the Common Council is hereby given to said The Broadway Surface Railroad Company to construct, maintain, operate and use a street surface railroad for public use in the conveyance of persons and property in cars upon and along the surface of the following streets, avenues and highways in the City of New York, to wit: Commencing at the southerly end of Broadway near the Battery and running thence with double tracks through and along Broadway and across Fourteenth street to and along Union Square to a point at or near the intersection of Fifteenth street and West Union Square, together with the necessary connections, switches, sidings, turn-outs, turn-tables and suitable stands for the convenient working of said road; and it is hereby further

Resolved, That the consent of the Common Council is given and granted to said The Broadway Surface Railroad Company for the construction, maintenance and use of its proposed railroad, as aforesaid, upon the streets, avenues and route hereinbefore mentioned, expressly upon the following conditions and not otherwise:

First—The said railroad shall be constructed according to the most approved plan for the construction of city railroads and with the most approved pattern of steel rails, which shall be laid in such manner as to interfere as little as possible with the use of the surface of the street by trucks, carriages and other ordinary vehicles, and the said connections, switches, sidings, turn-outs, turn-tables and suitable stands which shall be necessary for the convenient working of said road, shall likewise be constructed after the most approved plan, and shall be equal in all respects to the best of their kind now in use on any city railroads in the City of New York.

Second—The said railroad shall be operated by horse-power only, and the cars to be run on said railroad shall be drawn by not less than two horses, and shall each be provided with a conductor as well as a driver; provided, however, that the said company may make use of any motive power suitable for the purposes of a street surface railroad other than locomotive steam power, which may hereafter be consented to by the local authorities and by a majority of the property-owners obtained in accordance with the provisions of chapter 252 of the Laws of 1884.

Third—The said company shall comply with all reasonable ordinances or regulations which the local authorities having charge of streets, avenues, roads or highways in the City of New York shall make as to the rate of speed, mode of use of tracks and removal of ice and snow from said tracks as the interest and convenience of the public may require; and this consent is likewise given upon the express condition that said company shall not charge any passenger more than five cents for one continuous ride from any point on its road or on any road or line or branch operated by it or under its control, to any other point thereon, or on any connecting branch thereof, within the limits of the City of New York, and if said company has acquired, or shall hereafter obtain, the right to run its cars upon the existing tracks of The Broadway and Seventh Avenue Railroad Company, or if The Broadway and Seventh Avenue Railroad Company has heretofore acquired, or shall hereafter obtain, the right to run its cars on the said railroad tracks proposed to be constructed by The Broadway Surface Railroad Company, but one fare of five cents shall be charged for the transportation of a single passenger over the whole or any portion of said respective tracks when run in such connection. Provided, further, that no railroad company shall be permitted to run any cars upon or over any portion of Broadway, below Fifteenth street, unless upon the express condition of payment being made into the City Treasury of three per cent. during the first five years, and five per cent. thereafter, of the gross receipts from passengers riding upon any portion of the railroad tracks which may be constructed pursuant to this consent or permission. And said The Broadway Surface Railroad Company shall also, whenever and as required, and under the supervision of the proper local authorities, have and keep in permanent repair the portion of every street and avenue or highway upon which its tracks shall be constructed pursuant to this consent, between its tracks, the rails of its tracks, and a space two feet in width outside of and adjoining the outside rails of its track or tracks so to be constructed, so long as it shall continue to use such tracks so constructed under the provisions of this resolution and consent.

Fourth—The said The Broadway Surface Railroad Company shall, for and during the first five years after the commencement of the operation of any portion of its railroad constructed pursuant to this consent and permission, annually on the first day of November in each year, pay into the treasury of the City of New York, to the credit of the Sinking Fund thereof, three per cent. of its gross receipts for and during the year ending the next preceding thirtieth day of September, and also after the expiration of said five years make a like annual payment of five per cent. of its gross receipts into the treasury of said city to the credit of the Sinking Fund thereof, instead of three per cent.; and if, under any provision of law, The Broadway Surface Railroad Company shall permit the cars of any other street surface railroad company to run upon the railroad tracks to be constructed pursuant to this consent and permission, it shall likewise be the duty of said The Broadway Surface Railroad Company to pay or cause to be paid into the treasury of this city, to the credit of the Sinking Fund thereof, during the first five years, an amount equal to three per cent., and after the expiration of five years an amount equal to five per cent. of the gross receipts of such other railroad company derived from passengers riding in any of its cars on any portion of Broadway south of Fifteenth street, and that, too, whether any of such passengers enter or leave the said cars above or below Fifteenth street. And it shall be the duty of the President and Treasurer of said The Broadway Surface Railroad Company, on or before the first day of November in each year, to make a verified report to the Comptroller of the City of New York of the gross amount of its receipts derived from passengers riding in its cars for the year ending the next preceding 30th day of September, and the books of said company shall be open to inspection and examination by said Comptroller or his duly appointed agent, at all reasonable times, for the purpose of ascertaining the correctness of said report as to said gross receipts; and it shall be the further duty of The Broadway Surface Railroad Company to ascertain and keep, or cause to be kept, an account of the number of passengers carried in the cars of any other railroad company over any portion of the tracks of The Broadway Surface Railroad Company constructed and laid pursuant to the provisions of this consent, in such manner as shall be approved by the Comptroller of the City of New York. And it is the intention of this provision that for the purpose of computing the percentages to be paid into the City Treasury, pursuant to the terms and conditions of the consent or permission of the Common Council hereby given, each and every passenger riding in either direction on any part of Broadway south of Fifteenth street upon or over any

portion of the railroad tracks which shall be constructed by The Broadway Surface Railroad Company pursuant to this consent shall be regarded as having paid five cents fare to the company in whose car he shall ride, and for the payment of the percentages on all fares received from such passengers by any railroad company using such tracks The Broadway Surface Railroad Company shall be responsible.

Fifth—And this consent of the Common Council is likewise given upon the express condition that said The Broadway Surface Railroad Company, in addition to the percentages of gross receipts hereinbefore required to be paid by it into the City Treasury, shall, at the expiration of the first year from the date when the operation of its railroad shall commence, and annually thereafter, pay into the City Treasury to the credit of the Sinking Fund thereof, by way of rent or as additional compensation, the sum of forty thousand dollars per annum, being equivalent to the interest on one million dollars at four per cent., and said The Broadway Surface Railroad Company shall execute to the Mayor, Aldermen and Commonalty of the City of New York a bond, with at least two sufficient sureties, to be approved as to form and sufficiency of the sureties by any justice of the Supreme Court in the First Judicial District and Department, in the penal sum of one hundred thousand dollars for the due and regular payment of said annual sum of forty thousand dollars, and for the due and regular payment of the aforesaid percentages on gross receipts.

Sixth—And the consent herein given is granted likewise on the express condition that all the provisions of chapter 252 of the Laws of 1884, pertinent thereto, shall be complied with.

I.

CITY OF NEW YORK—FINANCE DEPARTMENT,

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Comptroller, to whom was referred at the last meeting, a communication from the Commissioner of Public Works, submitting plans of a suitable building for the wholesale market business, to be erected on the Gansevoort property in the Ninth Ward, respectfully

REPORTS:

That the plans of the proposed market building have been submitted by the Commissioner of Public Works for the approval of the Commissioners of the Sinking Fund, in accordance with a resolution adopted by them on September 4th, 1884. The cost is estimated at \$468,050.

The lands which have been dedicated and set apart for this purpose having been acquired by the city, the Commissioners of the Sinking Fund, as provided by section 2 of chapter 525 of the Laws of 1884, amending section 345 of chapter 410 of the Laws of 1882, have power, in their discretion, to direct the Commissioner of Public Works to prepare the same, or any portion thereof, for occupancy.

The Board of Estimate and Apportionment have made an appropriation in the Provisional Estimate for the year 1885, of the sum of \$150,000 for erecting a market building.

I submit a resolution for the action of the Commissioners of the Sinking Fund to approve of the plans of the building for a new market presented by the Commissioner of Public Works, subject to the approval of the Board of Estimate and Apportionment, and an appropriation by them in the Final Estimate for 1885, for such amount as they may deem advisable.

II.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 4th, 1884.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Comptroller, to whom was referred at the last meeting of the Board, a contract made by the Department of Docks with the Southern Development Company, for the purchase by the city of certain wharf property, respectfully

REPORTS:

That the said contract has been transmitted to the Commissioners of the Sinking Fund for their consideration and approval, as provided by Section 715 of the Consolidation Act of 1882, and that it has been approved by the Counsel to the Corporation, and executed by Collis P. Huntington, agent and attorney for the Southern Development Company, and the officers of the Department of Docks in behalf of the Mayor, Aldermen and Commonalty, dated December 1st, 1884.

The wharf property agreed to be purchased under said contract is situated on the Hudson river, commencing at the northerly line of North Moore street extended, and running thence northerly fifty feet, on the westerly side of West street, as more particularly described therein, subject to an existing lease; and the consideration to be paid therefor is the sum of thirty-two thousand five hundred dollars (\$32,500), on or before the 23d day of December, 1884.

The object of this purchase of wharf property is to enable the Department of Docks to proceed with the construction and the improvement of the water-front of the city on the Hudson river, as provided by law, and I know of no reason why said purchase should not be approved by the Commissioners of the Sinking Fund.

A resolution is submitted approving of the same.

Respectfully,

S. HASTINGS GRANT, Comptroller.

Resolved, That in pursuance of the provisions of section 715 of the Consolidation Act of 1882, the Commissioners of the Sinking Fund do hereby approve of the agreement made and entered into December 1st, 1884, between The Southern Development Company and the President, Treasurer and Secretary of the Department of Docks, on behalf of the Mayor, Aldermen and Commonalty of the City of New York, for the purchase by the Corporation of certain wharf property on the Hudson river, situated on the westerly side of West street, northerly from North Moore street, as more fully described therein, for the sum of thirty-two thousand five hundred dollars (\$32,500), subject to the examination of the title by the Counsel to the Corporation, and his final approval thereof, before the day designated to close the said purchase of said wharf property under said agreement, to wit: On or before the 23d day of December, 1884, provided that the amount agreed to be paid for said wharf property shall be in the City Treasury or shall be obtained from the sale of Dock Bonds.

The report was accepted, and, on motion, the resolution was unanimously adopted.

III.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 5th, 1884.

To the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of this Board, held on the 4th instant, a communication from General Shaler, Secretary of the Armory Board, was presented, submitting a preamble and resolution passed at a meeting of said Board, December 1st, accompanied by plans and specifications for an armory building for the Twenty-second Regiment, and Division and Brigade Headquarters, also for the Eighth Regiment and Second Battery of Artillery, and also an estimate of the cost of erecting said armory buildings according to said plans. These documents were referred to the Comptroller and Chamberlain, who respectfully submit the following

REPORT:

The Armory Board have approved of said plans and specifications of armory buildings and recommend that the buildings be constructed in accordance therewith, subject to such modifications as may be suggested or approved by the architect and the Major General commanding the Division, at a cost not to exceed the sum of \$300,000 for each building, which amount the Armory Board have recommended shall be appropriated for the erection of each of them.

We are of the opinion that the total cost of each of said armories should be the amounts recommended by the Armory Board in the resolution adopted by said Board at a meeting held December 1st, 1884, to wit, the sum of \$300,000, for the construction of each building.

A resolution is submitted herewith to approve of and concur with the said resolution of the Armory Board.

Respectfully submitted,

S. HASTINGS GRANT, Comptroller.
H. B. LAIDLAW, Chamberlain.

Resolved, That pursuant to the provisions of section 3 of chapter 91 of the Laws of 1884, the Commissioners of the Sinking Fund do hereby concur with a resolution adopted by the Armory Board, at a meeting held December 1st, 1884, recommending the construction of a building for an armory for the Twenty-second Regiment and Division and Brigade Headquarters, also for the Eighth Regiment and Second Battery of Artillery, in accordance with the plans and specifications approved by said Board, and that the sum of three hundred thousand dollars (\$300,000), be and is hereby approved as the amount to be appropriated and expended for constructing each of said buildings, the said plans and specifications to be subject to such modifications as may be suggested or approved by the architect and the Major General commanding the Division, to bring the cost of construction to a sum not to exceed said amount, which sum shall include the compensation of the architect and all expenses attending the erection and completion of each of said armory buildings ready for occupation; provided that no expenditure therefor shall be incurred until the money is raised from the sale of bonds for the purpose, and contracts shall have been made at public lettings pursuant to the general provisions of law as to public contracts in the City of New York, contained in sections 59, 64 and 65, of the New York City Consolidation Act of 1882, and as prescribed by said section 3 of chapter 91 of the Laws of 1884.

The report was accepted, and, on motion, the resolution was adopted.

The Mayor submitted the following communication from the Department of Docks, which, on motion of the Recorder, was referred to the Mayor, Comptroller and Counsel to the Corporation, viz.:

Which was agreed to.

The Chairman presented the following report:

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE,
December 4, 1884.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting held December 3, 1884, statements received by the Comptroller from the Department of Public Works, the Department of Public Parks, the Board of Education, and the Clerk of Street Openings, of the amounts required from the proceeds of bonds for the completion of existing contracts and liabilities, and estimates of the amounts which will be required from the proceeds of bonds for all objects and purposes under their charge, respectively, during the year 1885, were presented to the Board of Estimate and Apportionment, and referred for examination and report to the Mayor, the Comptroller, and the Counsel to the Corporation.

Having carefully examined these statements, we, the undersigned, respectfully submit the following

REPORT:

On the 12th of November the Mayor addressed a communication to the Counsel to the Corporation, and requested his opinion upon the following points:

"First—Will the city authorities be precluded by the new Constitutional Amendment from issuing any bonds other than for the supply of water, after January 1, 1885?

"Second—If they will be thus precluded, what steps, if any, may be taken lawfully by the city authorities before that date to provide means for avoiding any consequent embarrassment in the administration of the city's affairs?"

In the opinion of the Counsel to the Corporation, the present "indebtedness" of the city is the gross amount of the bond debt within the meaning of the new Constitutional Amendment which cannot be exceeded by the issue of bonds after January 1, 1885, and as this indebtedness now exceeds the limit prescribed by that amendment of the Constitution, of ten per cent. of the assessed valuation of real estate subject to taxation within the City of New York, the conclusion is that no bonds can be issued after that date, excepting bonds to provide for the supply of water.

Acting upon this opinion and well aware of the necessity of providing means to avoid any embarrassment in the administration of the city's affairs consequent upon the change of condition effected by the amendment, we now recommend the present issue of sufficient bonds to meet the difficulty. We fully appreciate the grave responsibility which will have to be assumed in thus anticipating the operation of the amendment, and therefore recommend that no bonds be issued except to provide for existing contracts and present liabilities. Nor in our opinion should any more bonds be issued for those purposes than may be necessary to provide for more than four months' expenditure in cases where the Legislature may be able to afford relief.

We therefore recommend that provision be now made for existing liabilities in connection with street improvements, as follows:

The residue is..... \$943,153 00

We therefore recommend the sale of \$1,000,000 of bonds for these purposes.

FOR OPENING STREETS, AVENUES, PARKS AND PUBLIC PLACES.

Although Commissioners have been appointed in several proceedings for such openings, the only one which will probably be completed and confirmed during the present year is the "Opening of Cedar Park," in the annexed district. The amount required to pay the awards and expenses in this case will be about \$200,000, which will become due and payable immediately upon the confirmation of the report, and will, therefore, be a liability incurred before January 1, 1885, the payment of which must be made from the proceeds of bonds.

Your Committee, in view of the grave responsibility which would be incurred by the officers of the city in issuing bonds in advance of the actual incurring of obligations, does not feel willing to recommend such issue to provide for awards and costs in any proceedings which will probably not be completed and confirmed until after January 1, 1885.

There are also awards now due in proceedings of this kind already closed, payment of which has not yet been demanded by the persons entitled thereto. These aggregate in round numbers \$225,000, and as there is now in the Assessment Fund available for these payments about \$100,000, the balance should be provided for. The claims are existing debts of the city.

We therefore recommend a total issue for these purposes of \$

As we are not advised of any existing contracts for school-houses or sites in excess of the balance now standing to the credit of that fund we do not recommend the issue of any more bonds under chapter 458 of 1884.

We further recommend that a special appropriation, under section 205 of the Consolidation Act for the use of the Health Department for the prevention of dangers from contagious or infectious diseases, be included in such supplemental estimate, and recommend that \$50,000 be appropriated for such purpose.

We further recommend that a special appropriation be made for water-meters of a sum not exceeding \$10,000.

FIRE DEPARTMENT.

HEADQUARTERS
FIRE DEPARTMENT, CITY OF NEW YORK,
155 AND 157 MERCER STREET,
NEW YORK, November 22, 1884.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor, and doing the work required for constructing a house for the Fire Department, to be erected on Old Slip, between Front and Water streets, for Hook and Ladder Company No. 15, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 155 and 157 Mercer street, in the City of New York, until 11 o'clock A. M., Thursday, December 11, 1884, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications and drawings, which form part of these proposals.

The house to be completed and delivered in one hundred and sixty (160) days after the date of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at twenty-five (\$25) dollars per day.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance in the sum of fifteen thousand dollars (\$15,000); and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded, at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made, and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of seven hundred and fifty dollars (\$750). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and let as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The form of the agreement and specifications and drawings, and showing the manner of payment for the work, may be seen and forms of proposals may be obtained at the office of the Department.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods and Lumber," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the NATIONAL BANKS of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall exe-

contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated New York, December 8, 1884.

JURORS

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1883.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the cause of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

GEORGE CAULFIELD,
Commissioner of Jurors,
Room 17, New County Court-house
