Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and to present a clean exterior. CITY OF NEW YORK—BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held September 15, 1905, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Commonwealth Telephone Company hereby respectfully petitions your Honorable Board for a franchise permitting it to construct, maintain and operate its telephone system, with the necessary underground and overhead conductors and other appliances therefor, through, over, under and along the streets, highways and public places of The City of New York, and for the enactment of an ordinance granting to your petitioner such right and franchise for a period of twenty-five years.

There is annexed to this petition marked "A" and made part hereof a draft of an ordinance granting the franchise and privileges for which your petitioner hereby applies and enumerating the terms and conditions upon which the said franchise may be granted.

Complying with the terms of a resolution adopted by your Honorable Board at a meeting thereof held June 9, 1905, your petitioner begs to call your attention to the following circumstances: First—The facts relating to your petitioner's incorporation and to this application are that your petitioner was duly incorporated under the laws of the State of New York for the purpose of constructing and operating a system of telephone and telegraph within the City and State of New York, and also in the States of New Jersey, Pennsylvania, Delaware and Maryland, and that subsequent to such incorporation and prior to the date of the verification of this petition your petitioner was duly organized pursuant to the law of the State of its incorporation.

This application to your Honorable Board follows as, of course, to obtain the franchise hereby petitioned for in order to exercise and enjoy within the limits of The City of New York the powers and rights stated in your petitioner's certificate of incorporation.

Second—Some of the reasons for this application, among others, are that in consideration of the franchise hereby applied for this company offers to furnish to The City of New York for municipal purposes free telephone service which it is believed will be fully adequate for all City purposes, together with a percentage of the gross earnings of said company, beginning with four per cent. thereof and thereafter increasing during the term of the desired ordinance.

Wherefore your petitioner prays that this Honorable Board will grant this petition and will give your petitioner opportunity to be heard for the purpose of submitting such additional evidence and further argument as to this Board may seem necessary.

Dated NEW YORK, August 31, 1905.

THE COMMONWEALTH TELEPHONE COMPANY.

EDWIN M. BROOKS, President.

State of New York, County of Kings, ss:

Edwin M. Brooks being duly sworn deposes and says:

I am the President of the Commonwealth Telephone Company, the petitioner described in and who executed the foregoing petition. I have read the foregoing petition and know the contents thereof and the same is true to my own knowledge except as to the matters therein set forth upon information and belief and as to those matters I believe it to be true.

EDWIN M. BROOKS.
Sworn to before me this 31st day of August, 1905.

JAMES WHITLOCK,
Commissioner of Deeds, City of New York, N. Y.,
No. 413 Pacific street, Brooklyn, N. Y.

AN ORDINANCE granting to the Commonwealth Telephone Company the right and franchise to construct, operate and maintain in, upon and along the streets, highways and public places of The City of New York and the several boroughs thereof, wires, cables and other appliances proper and necessary for the purpose of carrying on a general telephone and telegraph business.

Be it Ordained by the Board of Estimate and Apportionment of The City of New York as follows:

Section 1. Sec. 2. The franchise hereby granted shall exist and continue for a term of twenty-five years from the date of this ordinance; subject, nevertheless, to a renewal and extension thereof for such further period as may be lawful and authorized by this Board upon a valuation thereof and of the lines and property then owned by the grantee or its successor, such value to be established either by arbitrators to be mutually selected and agreed upon by and between the said grantee or its successor and the municipal authorities of The City of New York, then authorized by law to regulate, grant and determine public franchises, or, in the event of failure or inability to fix and establish such a valuation by arbitration, then same to be fixed either by judicial proceeding or in such manner as may be otherwise provided and established by law. For the purpose of fixing and establishing the valuation of the property and franchises contemplated by this ordinance, together with any extension thereof, within the said City of New York, and also for the purpose of determining the amount of earnings of the grantee hereunder and of fixing the proportion thereof payable to the said City of New York, the books, papers and corporate records of the said grantee shall at all times be open to the full inspection and examination of the Comptroller of The City of New York and of his subordinates thereunto specifically authorized.

Upon the expiration of the franchise hereby granted or of any extension thereof, which may be hereafter made, The City of New York shall have the right to acquire for itself all the plant and property of the grantee or its successor in the streets, avenues, highways and public places of The City of New York, upon just compensation, to be established as hereinbefore specified.

Sec. 3. The rates for telephone service within the said City of New York which may be lawfully charged and collected by the said grantee or its successor are hereby fixed as follows; subject only to modification by the Board of Estimate and Apportionment of The City of New York, but no change in the said rates shall be made within the period of five years from the date of this ordinance:

Second—The said grantee or its successor shall pay to The City of New York annually, at such date as may be fixed by this Board, a sum equal to 4 per cent. of its gross earnings for business within The City of New York for the first five years of said ordinance; 5 per cent. of its gross earnings for business within The City of New York for the second five years of said ordinance; 6 per cent. of its gross earnings for business within The City of New York for the remaining fifteen years of said ordinance.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
