MESSAGES FROM THE MAYOR.

The Vice-Chairman laid before the Board the following communication from his
Honor the Mayor:

No. 1217.

Message from His Honor the Mayor in Relation to an Application for Special
Revenue Bonds to Provide Additional Cots and Blankets and an Added Force
for the Municipal Lodging House.

City of New York, Office of the Mayor, January 12, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—An application will be made by the Department of Charities for a
Special Revenue Bond to provide additional cots and blankets for those who may
apply to the City for sleeping accommodations at the Municipal Lodging House.

I have gone over this matter with the Commissioner of Charities, and hope that
you will be able to consider his request at the earliest possible moment.

For the last few years the Department has been furnishing sleeping accommoda-
tions each night during the summer for 300 to 400 people, and during the winter
for 800 to 1,500. The only paid staff that the City has to take charge of this situation
is one Superintendent at \$2,400, one Inspector at \$750 per annum, and a few helpers
recruited from the ranks of the lodgers, who are paid a nominal sum and given food
and lodging. Last winter the greatest number of cots available was about 900. Some
nights, for a short period of time, as many as 2,000 applications were made for night
lodging, and many were required to sleep on the floor in the boats, or in the waiting
rooms under the jurisdiction of the Department of Charities.

In the present financial depression an unusual number of applications are being
constantly made for night lodging, such applications on one night running up to
almost 2,700. The purpose of this Special Revenue Bond issue is also to provide for
a larger paid staff to take care of this greatly increased number of applicants at the
Municipal Lodging House. A Superintendent and Inspector are entirely too small a
force to operate with, and the old practice of having the applicants for aid do the
cleaning and take care of the cots and bedding is but, at best, a make-shift.

I hope that you will be able to take up this application forthwith.

Respectfully,
JOHN PURROY MITCHEL, Mayor.

Which was referred to the Committee on Finance.

ORDINANCES AND RESOLUTIONS.

The following resolutions were introduced by unanimous consent:

No. 1218—(G. O. No. 485).

Preamble and Resolutions Calling Upon Representatives in Congress to Bring
About with All Promptitude Passage of Senate Bill No. 3672, Providing for
Exchange Between Federal Government and State of New York of Certain
Waterways.

By Aldermen Curran and Dowling—

Whereas, the protracted failure in the House to pass Senate Bill No. 3672, pro-
viding for exchange between the Federal government and the State of New York
of the land to be abandoned in the old channel for that required for the proposed
new channel of the Harlem river, prevents even preparation for the vast traffic
which should flow through that tidal strait on the completion of the Barge Canal, to
the great benefit of business and prosperity in the Boroughs of Manhattan, Bronx and
Queens, as well as all places on Long Island Sound, be it

Resolved, That we call upon our Representatives in Congress, twenty-two in num-
ber, to bring about with all promptitude passage of Senate Bill No. 3672, not only for
the commercial advantage of their immediate constituencies, but also to benefit those
concerned in cheapening transportation and reducing the cost of living in all the
communities from Eastport, Me., to Chicago and Duluth, in Illinois and Minnesota.

Which was laid over.

No. 1219.

Resolution to Authorize the County Clerk of New York County to Draw on Account of Minor Incidental Expenses.

By Alderman Bedell—

Resolved, That, for the purpose of defraying minor incidental expenses contingent to his office, the Clerk of the County of New York may, by requisition, draw upon the Comptroller for a sum not exceeding One Hundred Dollars (\$100), and may in like manner renew the draft as often as he may deem necessary to the extent of the appropriation set apart for his office during the year 1915, viz., "Supplies, Code No. 3068; General Plant Service, Code No. 3070d"; but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller, by the transmittal of a voucher or vouchers, certified by the Clerk of the County of New York, covering the expenditure of money paid thereon.

Which was temporarily laid over under the rule.

Subsequently the Vice-Chairman put the question whether the Board would agree to adopt said resolution.

Which was decided in the affirmative by the following vote:

Dayton, Commissioner of Public Works; President Mathewson, by John G. Borgstede, Commissioner of Public Works; President Pounds, by Edmund W. Voorhies, Commissioner of Public Works; President Marks, by E. V. Frothingham, Commissioner of Public Works; the Vice-Chairman—62.

No. 1220—(G. O. No. 486).

Preamble and Resolution in Protest of the Passage of the Immigration Bill Now Before the Congress of the United States.

By Alderman White—

Whereas, There is before the Senate of the United States a bill which will require from those who seek the freedom of our shores a so-called literacy test, which, in the opinion of many is in contravention of the Constitution and certainly not in harmony with the spirit of the Declaration of Independence, which would safeguard to all men the right to life, liberty and the pursuit of happiness; and

Whereas, The trend of the contemplated legislation in the pending immigration act is not a move forward, but rather retrogressive, and leading the nation back to the days of know-nothingism and prejudice, and far removed from the ideas and thoughts expressive of twentieth century progress; therefore

Resolved, That this Board of Aldermen of The City of New York registers its earnest protest against the final enactment into law of this absurd and positively harmful bill, in that it will keep from this country much of the brawn of other lands, so frequently developing into the brains which have helped, as has been shown in the past, the greatness of our republic.

Resolved further, That a copy hereof be forwarded to the President, and to the Clerk of the Senate, and to the Clerk of the House of Representatives.

Which was laid over.

At this point the President entered the chamber and took the chair.

No. 1221.

Resignation of Joseph W. Spencer as Alderman from the 28th District.

New York, January 12th, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, New York City:

Sir—I hereby resign as member of the Board of Aldermen of The City of New York for the Twenty-eighth Aldermanic District, my resignation to be effective as of January 9th, 1915. Respectfully,

JOSEPH W. SPENCER.

Which resignation was accepted as of date mentioned.

No. 1222.

Resolution to Elect Clarence Schmelzel Alderman for the 28th District, in the Place and Stead of Joseph W. Spencer, Resigned.

By Alderman Curran—

Resolved, That Clarence Schmelzel, of 18 West 56th street, in the Borough of Manhattan, be and he is hereby elected Alderman for the 28th Aldermanic District for the remainder of the term of the years 1914 and 1915, in the place and stead of Joseph W. Spencer, resigned.

The Vice-Chairman put the question whether the Board would agree to adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Brush, Burden, Burns, Carberry, Chorosh, Cole, Cunningham, Curran, Diemer, Dixon, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Ferguson, Ferrand, Eagan, Fink, Gaynor, Hamilton, Hannon, Hogan, Igstaedter, Kenneally, Kenney, Kochendorfer, Levy, McCourt, McGarry, McNally, Moore (Chas. J.), Moore (Jesse D.), Moran, Mullen (Frank), Mullen (Jas. F.), Nugent, O'Rourke, Ottes, Pendry, Post, Pouker, Quinn, Robitzek, Rosenblum, Schweickert, Squiers, Stevenson, Taylor, Trau, Valentine, Weil, Wendel, White, Wilmot, The Vice-Chairman—61.

The Chair appointed the following committee to escort the newly elected Alderman before the Mayor to take the oath of office:

Aldermen Boschen, Dotzler and O'Rourke.

Subsequently the committee reported that Alderman Schmelzel had duly qualified, whereupon the President introduced him to the Board and assigned him to the seat formerly occupied by Alderman Spencer.

On motion of Alderman Bosse the courtesies of the floor were granted to Assemblyman Samuel R. Greene, of Kings County.

No. 1223—(G. O. No. 487).

Resolution Requesting the Public Service Commission of the First Department and the Corporation Counsel of The City of New York to Take Steps for the Enforcement of the Covenants of the Agreement Executed by The City of New York, Dated February 21st, 1900.

Whereas, Under the agreement executed by the City of New York, dated February 21st, 1900, for the construction and operation of the subways of the City of New York, at Chapter III thereof, under the title of leases, it is provided, among other things, as follows:

"The contractor shall keep all tunnels, sufficiently lighted at all times to permit the tracks and walls and roofs of the tunnels to be clearly visible for inspection,"—and whereas, under the same chapter, it is further provided:

"The contractor shall keep the waiting rooms in clean and comfortable condition, and provide therein proper seating capacity and good drinking water. The contractor shall provide, in connection therewith, sufficient and suitable water closets and keep the same in sanitary condition."

And Whereas, the Interborough Rapid Transit Company, the present holder of the said agreement and lease, has failed to comply with the provisions of the said agreement, first above mentioned, exposing the people of the City of New York to avoidable dangers, and has failed to comply with the provisions of the said agreement, last above mentioned, subjecting the public to unsanitary conditions and unnecessary inconveniences, which are avoidable; now, therefore, be it

Resolved, That the Public Service Commission of the First Department and the Corporation Counsel of the City of New York are hereby respectfully requested to take such steps as they may deem advisable for the prompt, proper and full enforcement of the covenants of the said agreement.

Which was laid over.

Hon. P. J. SCULLY, City Clerk, City of New York, Municipal Building, Borough of Manhattan:

Dear Sir—The Board of Elections of The City of New York is called upon to make payments for automobiles, express and cartage charges, carfares, prices of meals for clerks who are compelled to work overtime, as well as for postage stamps, which we are frequently called upon to purchase in large quantities, and other petty supplies, all incidental to and connected with the business of the various offices of the Board; and, therefore, for the purpose of meeting such expenditures, that the Comptroller of the City of New York shall be duly authorized to honor requisitions for an amount not exceeding \$500.00 at any one time on the funds appropriated by the Board of Estimate and Apportionment to the credit of the Board of Elections entitled (1915) 185, Contingencies, such requisitions to be renewable from time to time on presentation of satisfactory vouchers to the Comptroller of the proper expenditure of the amount of the previous requisition.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Brush, Burden, Burns, Carberry, Chorosh, Cole, Cunningham, Curran, Diemer, Dixon, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Ferguson, Ferrand, Eagan, Fink, Gaynor, Hamilton, Hannon, Hogan, Igstaedter, Kenneally, Kenney, Kochendorfer, Levy, McCourt, McGarry, McNally, Moore (Chas. The President laid before the Board the following communication from the Commissioner of Parks, Manhattan and Richmond:

No. 1227.

Commissioner of Parks, Boroughs of Manhattan and Richmond—Request for Authority to Modify the Contract for the General Construction of Additions "J" and "K," Metropolitan Museum of Art, Central Park.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, January 7, 1915.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—Under the terms of the contract for the General Construction of Additions "J" and "K," Metropolitan Museum of Art, Central Park, it is impossible for me to allow extras to the Contractor for the work, since the usual five (5%) per cent. clause in the contract has been changed to read:

"Modification of contract. Charter, Sections 413, 426. This contract and the specifications herein contained, and the plans herein referred to, may be modified and changed as may be agreed to in writing between the parties thereto, in a manner not materially affecting the substance thereof, nor materially increasing nor diminishing the price to be paid in order to carry out and complete more fully and perfectly the work herein agreed to be done and performed."

This clause is interpreted by the Corporation Counsel to mean that practically no extras can be granted on this contract. However, the following conditions have arisen on the work, which will compel me to expend approximately \$8,000 over and above the contract price:

The excavation for the new extensions has disclosed the fact that the old 4-foot brick sewer carrying off the waste water from the Central Park reservoir, and the 30-inch tile sewer, both of which run diagonally through the sub-basement of the new extensions, differ considerably both in plan and elevation from the lay-out shown on the plans of McKim, Mead & White, architects for the building. This is probably due to the fact that the old records referred to by them when the building plans were being formulated, were incorrect. At any rate, this Department has, through its Architect and Engineer, looked into the matter of overcoming the difficulties arising from these conditions, in the most practical and economical way, and has come to the following conclusions:

The 4-foot brick sewer, as found when uncovered, is cracked and settled, and in such poor condition structurally, that it would be very expensive to protect it and the building in a proper manner. This fact alone would justify its removal outside of the building. But in addition to this, the elevation of the sewer is much higher than shown on the plans, and to such a great extent that it practically cuts the sub-basement in half, there being insufficient headroom between the top of the sewer construction and the floor beams above to make it possible to use the sub-basement in its entirety. Furthermore, the lines of both sewers found in excavation vary from the lines shown on the plans to such an extent that it would be necessary to build additional concrete walls, and straddle the 4-foot sewer with steel beams to make it possible to support the walls and columns above. It would also necessitate the changing of the line of the 30-inch tile sewer where it runs under the foundation walls for a considerable distance.

The 4-foot sewer also passes under the heaviest corner pier of the building, and it would be dangerous to attempt to build same over the sewer.

It is, therefore, recommended that the present 4-foot sewer be discontinued and a new reinforced concrete sewer constructed west of the west wall of the new Additions. As a result of these conditions the following unforeseen work must be done that is not covered in the contract:

Additional expenditure No. 1—For all labor and materials necessary to change the course of the 30-inch tile sewer where it runs through the westerly wall, together with all the necessary excavation, backfill and new pipe.

This work becomes necessary for the reason that the architects' plans show the 30-inch tile sewer running through the concrete wall on the west side of "J" at an angle of 45 degrees, which would make it possible to arch over with I beams. The actual conditions, however, are that the 30-inch tile pipe runs under the wall for a distance of about 50-feet, thereby making it necessary to move this pipe to one side of the wall and running it through at an angle of 45 degrees, connecting it to the existing manhole at this point.

Additional expenditure No. 2—For the removal of the present 48-inch brick waste at the northwest corner of the building, and making a temporary connection to the 30-inch tile sewer.

This includes all the necessary work connected with the removal of the 48-inch brick waste, the existing condition of which is contrary to that shown on the architects' plans, and which comes in the way of the construction of the concrete foundation walls at that point. The connection to the 30-inch tile sewer referred to is the arrangement decided upon by all the authorities to run the water now in the 48-inch brick overflow into the 30-inch sewer, temporarily, to enable the Contractor to proceed with the excavation and complete the construction of all his concrete foundation walls; also to facilitate the work of erecting the new concrete sewer.

Additional expenditure No. 3—For removing the entire 48-inch brick overflow from line BB to the south wall of Addition "K," and including a credit for the concrete risers over the overflow that would have been necessary, if conditions were found to be as shown on the Architects' drawings.

This estimate includes the removal of the 48-inch overflow sewer the full length of Addition "K," and practically the full length of Addition "J," where it comes under the concrete wall forming the pipe tunnel. It also includes additional excavation that would have been unnecessary had the conditions been found as shown on the architects' drawings. The credit referred to is for the concrete risers forming the steps over the 48-inch overflow which would have been dispensed with had the architects' drawings agreed with the existing conditions.

Additional expenditure No. 4—For the construction of a concrete wall between the water mains east of Addition K.

This is made necessary because the five Croton water mains running under and just east of the buildings are about 2-feet further apart than shown on the architects' drawings. This would necessitate the lengthening of all the plate girders which form the roof and support over the mains, and would represent a considerably larger extra on the contract than the building of the above-mentioned wall, since this wall will permit the substitution of steel beams for plate girders, thereby reducing the cost of steel very considerably.

It is absolutely necessary to do all this work at once to enable the Contractor to proceed with his contract. The work is now at a standstill, and valuable time is being lost.

The desirability of removing the 48-inch overflow sewer and relocating it west of the building is concurred in by the Department of Water Supply, Gas and Electricity, the Chief Engineer of the Finance Department, the Architects, McKim, Mead and White; the Museum authorities, and the Chief Engineer and the Architect of this Department.

With all these conditions in mind, I respectfully request that your Honorable Board adopt a resolution authorizing me to issue extras on the contract, or if that is impossible, open market orders, to the amount of approximately \$8,000, for doing this work without competitive bidding. Yours respectfully,

CABOT WARD, Commissioner of Parks, Manhattan and Richmond.

The President laid before the Board the following communication from the New York Public Library:

No. 1228.

New York Public Library—Request for Special Revenue Bonds, \$14,900, for the Preparation of Books, Etc., for One Branch and Operation of Another During 1915.

The Trustees of The New York Public Library, Astor, Lenox and Tilden Foundations, Office of the Executive Committee, 476 Fifth ave., New York, January 8, 1915. Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York, N. Y.:

Dear Sir—On behalf of the Trustees of the New York Public Library, I hereby apply to your Honorable Board for an issue of revenue bonds to the amount of fourteen thousand nine hundred dollars (\$14,900), the proceeds thereof to be used for the preparation of books for our West 40th Street branch, and the partial maintenance, during 1915, of our new George Bruce branch, as follows:

West 40th Street branch, 457-9 W. 40th Street—Preparation of books, etc.	\$2,200 00
George Bruce branch, Manhattan and 126th Streets—Operation of branch from April 1 to December 31, 1915.	12,700 00

Total \$14,900 00

We have applied to the Board of Estimate and Apportionment for corporate stock to the amount of \$10,000 for an original stock or books at our West 40th Street branch, this never having been provided in accordance with our contract with the City, because we were able to lend to this branch temporarily the books in the old George Bruce branch on West 42d Street. The \$2,200 will be needed for the preparation of this original stock of books for the West 40th Street branch.

The new George Bruce branch on Manhattan Street, near its junction with 126th Street, is rapidly nearing completion, and the contractor will be ready to turn

over the building on or about March 15. It will be necessary for us to take possession of it at that time, and we shall need the \$12,700 for the maintenance of this branch for the remainder of the year beginning not later than April 1. Respectfully yours,

CLEVELAND H. DODGE, Chairman, Executive Committee.

The President laid before the Board the following communication from the County Clerk, County of The Bronx:

No. 1229.

County Clerk, County of Bronx—Request for Authority to Draw on Account of Minor and Incidental Expenses During 1915.

County Clerk's Office, County of Bronx, New County Court House, New York, January 9, 1915.

Hon. JAMES HINES, Clerk, Board of Aldermen, New York City:

Dear Sir—Will you kindly have a resolution presented, allowing me to draw the sum of \$100 against Code No. 3251, year 1915, for minor and incidental expenses for use in this office, with a clause allowing me to draw an additional \$100 when the first one hundred has been exhausted.

Very truly yours,

Attention of Mr. Frank J. Martin.

In connection herewith Alderman Curran offered the following resolution and moved its adoption:

Resolved, That for the purpose of defraying minor and incidental expenses contingent to the office of the County Clerk of the County of Bronx, he may draw upon the Comptroller for a sum not exceeding one hundred dollars (\$100), and may in like manner renew the draft as often as may be deemed necessary, to the extent of the appropriation in the Budget for 1915, "Code No. 3251," but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the County Clerk of the County of Bronx, covering the expenditure of money paid thereon.

The Vice-Chairman put the question whether the Board would agree to adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Brush, Burdett, Burns, Carberry, Chorosh, Cole, Cunningham, Curran, Diemer, Dixon, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Ferguson, Ferrand, Eagan, Fink, Gaynor, Hamilton, Hannon, Hogan, Igstaedter, Kenneally, Kenney, Kochendorfer, Levy, McCourt, McGarry, McNally, Moore (Chas. The President laid before the Board the following communication from the Department of Correction.

No. 1230.

Department of Correction—Request for Special Revenue Bonds, \$2,500, for the Purpose of Purchasing One Passenger Automobile for Administrative Use.

Department of Correction of the City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, January 11, 1914.

Hon. GEORGE MCANENY, President, the Board of Aldermen of The City of New York:

Dear Sir—Pursuant to the provisions of Subdivision 8, Section 188 of the Charter, I hereby make application for an issue and allotment of Special Revenue Bonds in the amount of \$2,500, for the purpose of purchasing one passenger automobile for administrative use. The only passenger automobile in the possession of this department is a second-hand National four-cylinder car, bought in 1911, and which is now completely worn out after having been thoroughly repaired at various times. This car is not in commission and it cannot be operated, and, because of its age and hard service, could be placed in repair only at a prohibitive cost.

The number of and the distance between the institutions and divisions of this department make the possession of a passenger car for the use of the Commissioner and other departmental officials a matter of imperative need. The lack of an administration automobile imposes a distinct handicap upon the department.

Special authorization is also requested from the Board of Aldermen for permission to purchase the automobile herein requisitioned without formal advertisement or contract, on account of the special character of the intended purchase and in order that purchases may be expedited.

Respectfully,

KATHARINE BEMENT DAVIS, Commissioner.

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 1231.

Commissioner of Public Charities—Request for Special Revenue Bonds, \$16,460, for Additions to Staff of the Municipal Lodging House, and Purchase of Cots and Bed Clothing.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, January 6th, 1915.

In Re Special Revenue Bonds, Municipal Lodging House.

To the Honorable the Board of Aldermen, City Hall, N. Y.:

Gentlemen—I respectfully request you to authorize an issue of Special Revenue Bonds to the amount of \$16,460 to provide for the following additional persons to be added to the staff of the Municipal Lodging House and for the purchase of cots and bed clothing for that institution, viz.:

1 Deputy Superintendent, Municipal Lodging House.....	\$1,200 00
1 Clerk	720 00
1 Social Investigator.....	1,200 00
2 Social Investigators at \$900.....	1,800 00
1 Housekeeper	600 00
1 Steward	900 00
1 Laundryman	600 00
2 Hospital Helper Mechanics.....	1,440 00
Physicians at \$4 per diem (250 days).....	1,000 00
	\$9,460 00
Cots and bed clothing.....	7,000 00
	\$16,460 00

The above is in lieu of the request which I made in my Departmental Estimate for Personal Service and Hospital Helpers, Municipal Lodging House, for the year 1915. Notwithstanding my strong protest, these positions were cut out of the request for the Municipal Lodging House. The only salaried positions which were left in the Budget beyond an allowance of \$4,380 for Hospital Helpers, were the following:

1 Superintendent.....	\$2,400 00
1 Inspector	750 00
	\$3,150 00

It is manifestly absurd to expect the Department to conduct so important an institution, registering in the course of a year over 200,000 lodgers and caring for from 2,000 to 2,700 lodgers a night, and to do this work with any degree of efficiency or credit to the City, with a Superintendent, an Inspector, and a few Hospital Helpers who must be recruited from the ranks of the applicants at the lodging house itself. In ordinary times the lodging house cares for from 300 to 400 men and women each night during the summer months and from 800 to 1,500 during the winter. Even in ordinary times it is absurd to expect the Department of Public Charities to operate the lodging house efficiently and to render even a reasonably satisfactory and adequate service with the institution so woefully undermanned. All of which I pointed out to the Budget Committee during the hearings last fall.

We are, however, facing an extraordinary condition this winter. Last winter, at this time, the lodging house maintained less than 900 beds, although it registered at times approximately 2,000 applicants. All applicants in excess of the number of beds were sent to sleep on the bare floors of boats moored at the dock at the foot of East 26th Street, on the floors of waiting rooms and even on the floors of the prison pen and the morgue. This character of service was maintained with great difficulty with the small staff which has been heretofore, and still is, maintained at the Municipal Lodging House. This administration has attempted to correct this condition and has succeeded to some degree. Although we have registered as many as 2,660 lodgers in a single night, we have provided beds for all of them. We have not yet been obliged to put a single person on the floor.

As Overseer of the Poor, it is my duty under the State law to provide for the destitute; therefore, as the winter approached and as it seemed evident to everybody that it was going to be a very hard one and that there would be thousands of people out of work and out of funds, with no place to sleep and nothing to eat, after consulting with His Honor, the Mayor, I speedily made arrangements to provide 1,000 beds in addition to those which had been added to the lodging house during the past winter and summer. I also secured several hundred cots which could be pressed into service in case of emergency. These additional beds were provided at an expense of \$3,750. On November 2nd, 1914, we requested Special Revenue Bonds to pay the bills incurred, which request has been granted by your honorable body, and is now pending before the Board of Estimate and Apportionment. There has been included in the above request the sum of \$7,000 for the purchase of cots and furnishings, as we have already been obliged to press into service almost all the beds which we have thus far added, and we have not yet encountered the most severe winter weather.

I am sure it will be clear to your Honorable Body that this Department cannot be expected to operate a lodging house, accommodating 2,700 people, with any degree of efficiency, using the same force which for years past has been provided and apparently required to operate an institution accommodating less than a thousand. But for the fact that the Department has been able to provide help through securing voluntary contributions, it would have been quite impossible to operate the lodging house at all—the institution would have completely broken down. The Superintendent has been obliged frequently to be on duty almost twenty-four hours out of the twenty-four.

Moreover, we are endeavoring to carry out a plan whereby lodgers applying more than three nights in succession will be required to work for any additional meals or lodging which has been provided for them. This plan has depended thus far on voluntary service, in order to prevent the influx of thousands of the unemployed from neighboring cities and states. The work policy should be regularly and rigidly enforced in this institution. It is quite out of the question to do this without adequately manning the institution. I am therefore requesting revenue bonds to the amount of \$9,460 for Personal Service and Hospital Helpers, which is slightly less than the amount which was cut out by the Budget Committee, viz.: \$9,580. This request has been put in a slightly different form to meet the situation as it now appears and also to conform with the rulings of the Civil Service Commission.

In order that we may be able to give intelligent and discriminating attention to the needs of applicants for help at the lodging house, in order that we may give particular consideration to those who apply for assistance more often than three nights in a month, and in order that we may be able to properly differentiate between the employable and the unemployable and adequately meet the needs of both, I sincerely hope that your Honorable Body will appreciate the importance of granting this request.

Very respectfully yours,

JOHN A. KINGSBURY, Commissioner.

City of New York, Department of Health, Office of the Secretary, January 11, 1915.

Resolved, That for the purpose of defraying any minor or incidental expenses contingent to the Bureau of Laboratories of the Department of Health, the Director of Laboratories may, by requisition, draw upon the Comptroller for a sum not exceeding \$500; the said Director of the Bureau of Laboratories, of the Department of Health, may, in like manner, renew the draft as often as the Board of Health may deem it necessary to the extent of the appropriation set apart for contingencies for the Bureau of Laboratories of the Department of Health, but no such renewal shall be made until the sum paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Commissioners of the Board of Health covering expenditures of money paid thereon.

No. 1233.

Board of Estimate and Apportionment—Resolution for Corporate Stock, \$25,000, for the Construction of a Steam Tunnel and Mains to Connect the New Power House on Randalls Island.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, January 12, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment, January 8, 1915, authorizing the issue of \$25,000 corporate stock to provide means for the construction of a steam tunnel and mains, to connect the new power house on Randalls Island to existing steam mains, under the jurisdiction of the Department of Public Charities.

I also enclose copy of report of the Committee on Corporate Stock Budget relative thereto. Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000), to provide means for the construction of a steam tunnel and mains, to connect the new power house on Randalls Island to existing steam mains, under the jurisdiction of the Department of Public Charities, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purpose aforesaid, provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved forms of contract, plans, specifications and estimates of cost pertaining to the same, and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for the payment of any salary or wage of departmental employees except after approval of the Board of Estimate and Apportionment, and in accordance with the schedules to be adopted by said Board, and be it further

Resolved, That the Commissioner of Public Charities is directed to submit to this Board for its approval forms of contract, plans, specifications and estimates of cost, prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 8, 1915.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Contract Supervision, December 19, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On December 5, 1914, you referred to the Corporate Stock Budget Committee a communication from the Commissioner of Public Charities dated November 27, 1914, in response to a resolution adopted by the Board on October 30, 1914, directing departments to submit to the Board comprehensive estimates of their corporate stock requirements to October 15, 1915.

In this communication is included a request for \$25,000 for steam conduit to connect the power house with buildings of children's hospitals and schools and for additional mechanical equipment, Randall's Island.

The new power house on Randall's Island is nearing completion, at present the buildings on the Island are divided into two groups, each group heated from separate plants. It is intended to connect the steam distributing mains of each group to a steam main from the new plant. The work contemplated must be done before the new boiler plan can be put in operation. Upon completion of the work the two existing power plants can be shut down and a possible saving of \$5,000 a year made by operating from one point.

After discussing with the officials of the Department of Public Charities the best method of connecting the new power plant with existing mains it has been decided to build a steam tunnel in place of the conduit originally contemplated. The tunnel construction, while more expensive than conduit, affords facilities for repairs to the steam mains, and for extensions of the service which is not possible with conduit construction. In order to keep the cost of the work within the amount requested it is proposed to construct the tunnel with prison labor, the Commissioner of Correction having agreed to supply the labor, providing the Department of Public Charities agrees to pay for the employment of one keeper for every group of fifteen prisoners employed on the work at the rate of \$66.66 per month, the established wage for this service. To this provision the Department of Public Charities has agreed.

It would appear that the proposed tunnel is a necessity and should be constructed.

We recommend the adoption of the attached resolution approving the issue of corporate stock to the amount of \$25,000 for the construction of a steam tunnel, and for steam mains to connect the new power house on Randall's Island with existing steam mains. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS MATHEWSON, President, Borough of The Bronx, Corporate Stock Budget Committee.

Board of Estimate and Apportionment—Resolution to Establish the Grade of Position of Finger Print Clerk in the Office of the Municipal Civil Service Commission.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, January 12, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment January 8, 1915, recommending the establishment in the office of the Municipal Civil Service Commission of the grade of position of Finger Print Clerk, with compensation at the rate of \$1,320 per annum, for one incumbent.

I also enclose copy of report of the Committee on Salaries and Grades relative thereto.

Yours very truly,

JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Municipal Civil Service Commission of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	Number of Incumbents.
Finger Print Clerk.....	\$1,320 00	1

A true copy of resolution adopted by the Board of Estimate and Apportionment, January 8, 1915.

JOSEPH HAAG, Secretary.

City of New York, Board of Estimate and Apportionment, Municipal Building, Bureau of Standards, December 24, 1914.

To the Board of Estimate and Apportionment:

Gentlemen—On December 18, 1914, the Municipal Civil Service Commission requested the establishment for its office, pursuant to section 56 of the Charter, of the grade of position of Finger Print Clerk, at \$1,320, for one incumbent. The Bureau of Standards reports thereon as follows:

"The Commission now maintains finger print records of all applicants for the positions of Fireman and Patrolman. This work is performed by David A. Scott, a Stenographer and Typewriter, at \$1,200. It is the intention of the Commission to extend its finger print records to cover the labor class, which numbers 18,000 applicants per year and which will necessitate the permanent assignment of a Finger Print Clerk exclusively to this work.

"The Commission states that great difficulty is encountered in the proper identification of candidates for appointment in the Labor Class, for the reason that the handwriting of most applicants is faulty. Many candidates are entirely unable to write and their mark in such cases is accepted in lieu of their signature. The finger print system appears to be the only sure method of employing only such persons as have passed the tests of the Commission.

"Mr. Scott is first on the eligible list for Finger Print Clerk and a reappointment from this list will give him the title which conforms to his duties. The proposed salary of \$1,320 is the minimum provided in the tentative specifications for this work."

In view of the foregoing statement we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

REPORTS:
That a precisely similar request for \$10,000 was made by the Board of Education on June 30, 1914, and was placed on file by the Board of Aldermen on July 7, 1914, in pursuance of the following report:

"That Commissioner Wilsey stated to the Committee that if such imminent danger existed the Fire Department would order the premises vacated. That the school is now going on. He does not think the girls at this school in any danger, as they are all of larger growth and there are but 525 in this large building. Whatever the Fire Department insisted on before has been complied with. They have been in this building four years. Under these circumstances the Committee recommends that this request be ordered on file."

Commissioner Wilsey again appeared before the Committee in support of this newer request, and virtually reiterated his previous statements. He further set forth that this building is equipped in the rear with fire escapes and is so constructed that it has practically what might be called an interior court in which is located a very wide and commodious staircase. The fact is that this building is only under lease until next September under the privilege of a year's renewal, when it is expected that a new school for this especial purpose will be ready for occupancy.

The Board of Education is provided in the 1915 Budget with funds which it can use for this purpose without waiting for any bond issue, requisition for which can be made at a later date in case of the existence of a deficit.

The Committee again recommends that this request be placed on file.

Mr. Wilsey, on behalf of the Committee on Buildings, offered the following:
Whereas, On June 24, 1914 (see Journal, page 1501), the following resolution was adopted by the Board of Education:

"Resolved, That the Board of Aldermen be, and it is hereby, respectfully requested to adopt a resolution asking the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds, to the amount of \$10,000, for the purpose of defraying the cost of carrying out the orders issued by the Fire Department against the premises occupied by the Manhattan Trade School for Girls, Nos. 209-213 East 23d street, Manhattan."

And Whereas, No action has yet been taken on the above request; and
Whereas, The Board of Education should not be obliged to assume the responsibility of maintaining a school in the building referred to unless the work required under the orders issued by the Fire Department is done; therefore be it
Resolved, That the Board of Education again requests the Board of Aldermen to act promptly on the request for the issue of Special Revenue Bonds contained in the resolution adopted by this Board on June 24, 1914, as quoted above.

No. 1196.
Report of the Committee on Finance in Favor of Adopting Resolutions to Amend Certain Issues of Revenue Bonds for Repairs to 49 Lafayette St.
The Committee on Finance, to which was referred on January 4, 1915 (Minutes, pages 5 and 16), and the annexed requests from the President of the Borough of Manhattan and the Comptroller for certain amendments to two revenue bond appropriations for repairs to 49 Lafayette street, respectfully

REPORTS:
That, having examined the subject, it believes the proposed changes to be necessary in order that these funds may be utilized for the purposes intended.
It therefore recommends that the accompanying resolutions be adopted.

City of New York, President of the Borough of Manhattan, Municipal Building, December 21, 1914.
Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:
Dear Sir—Under date of November 10, 1914, your honorable Board adopted a resolution authorizing an issue of Special Revenue Bonds in the amount of \$4,004.12 and, under date of November 17, 1914, an additional issue of \$3,500 was authorized.

The funds are for the purpose of remodeling and making repairs to the building located at 49 Lafayette Place, which will be occupied by the Municipal Civil Service
In your authorization of the funds there is a provision in the resolution which states that all obligations contracted for shall be incurred on or before December 31, 1914.

In view of the fact that the concurrence of the Board of Estimate and Apportionment was not obtained until December 18, 1914, which will leave only twelve days before the expiration of the time limit, I, therefore, respectfully request that the time for incurring obligations upon contracts and orders be extended to April 1, 1915.
Very truly yours, MARCUS M. MARKS, President, Borough of Manhattan.

Resolved, That the following resolution adopted November 10, 1914, and received from his Honor the Mayor November 24, 1914, reading as follows:
"Resolved, That in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Four thousand and four 12-100 dollars (\$4,004.12), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of providing funds for the care and operation of the building located at Nos. 47-51 Lafayette street for the remainder of the year from September 16, 1914.

"All obligations contracted for hereunder to be incurred on or before December 31, 1914."
—be and the same is hereby amended so as to include the words "repairs and alterations" as well as "care and operation," and by striking therefrom the word and figures "December 31, 1914," and inserting in lieu thereof the word and figures "June 30, 1915."

Respectfully yours,
JOHN A. KINGSBURY, Commissioner.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 6, 1915.
Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, The City of New York.
Dear Sir—At the meeting of the Board of Aldermen held on December 22, 1914, there was referred to your committee, a request from the Department of Public Charities, for an issue of special revenue bonds to the amount of \$3,330 to permit of the employment of persons from the Civil Service eligible lists, to fill the following named positions from January 1, 1915:

Stenographer and typewriter, 2 at \$750..... \$1,500 00
Clerk..... 750 00
Clerk..... 600 00
Clerk..... 480 00

—from January 1st, 1915.
The reason for this request is because the Municipal Civil Service Commission will refuse to pass the payroll of all persons employed in the Central Office under the title of "Hospital Helper," who have been appointed during 1914. With this money we will employ five people to take the places of those who are employed under the title of "Hospital Helper," doing clerical and stenographic work in the Central Office.

Another reason for the request for Special Revenue Bonds is the fact that it is against the rule of the Board of Estimate and Apportionment to transfer money from "Temporary Employees" schedule to "Regular Employees" schedule; therefore, the money for these Clerks and Stenographers cannot be obtained by transfer of funds already appropriated; hence this request for Special Revenue Bonds.
Respectfully yours,
JOHN A. KINGSBURY, Commissioner.
Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 6, 1915.

No. 1209.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, December 28, 1914.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen, The City of New York:

Dear Sir—On October 16, 1914, a report was made to you on an application of the President of the Borough of Manhattan, dated October 7, 1914, for special revenue bonds in the amount of \$4,000, the proceeds whereof to be used to defray certain necessary expenditures relative to the maintenance of the building located at 49 Lafayette Street. The details of these expenses were given in the report referred to.

A resolution requesting the issuance of special revenue bonds referred to was adopted by your Board November 10, 1914, in which it was provided that the proceeds of the said bonds were to be used for the "care and operation" of 49 Lafayette Street, and that all obligations contracted for as a result of such action were to be incurred on or before December 31, 1914.

The Board of Estimate and Apportionment, on December 18, 1914, approved of and concurred in the action of the Board of Aldermen in this matter to the extent of \$2,714.12. The reason why the full amount requested was not approved was due to the fact that it was originally intended that certain personal service of cleaners and elevator men employed by the President of the Borough of Manhattan would be paid for from the funds thus authorized. Owing to the delay in approving the request it was found necessary to pay these employees from another source.

It is now found that the wording of the resolution adopted by your Board on November 10, 1914, which reads "care and operation of," is not sufficiently broad to justify the payment of vouchers for all of the objects outlined in the report submitted by this Bureau dated October 16, 1914. It is therefore respectfully suggested that the wording of the resolution referred to be amended to cover "repairs and alterations" as well as "care and operation" of the said premises. Inasmuch as the funds authorized by the resolution cannot be expended this year, owing to the necessity for this amendment, it is also suggested the resolution be further amended so that obligations contracted for thereunder may be incurred on or before June 30, 1915.

On October 20, 1914, the President of the Borough of Manhattan communicated with your Board relative to the issuance of \$3,500 special revenue bonds, the proceeds of which were intended to be used to defray the cost of certain other repairs and alterations to 49 Lafayette Street, the details of which were outlined in a report to you dated October 31, 1914.

Your Board complied with this request by a resolution adopted November 17, 1914, which was approved of and concurred in by the Board of Estimate and Apportionment on December 18, 1914. Under the authority so given no obligations could be contracted for after December 31, 1914.

Inasmuch as the \$3,500 as well as the \$2,714.12 previously referred to were to be used on the same building and inasmuch as the \$2,714.12 cannot be used this year for the reasons stated herein, the Superintendent of the Bureau of Public Buildings and Offices, who will have direct charge of the proposed work, has requested that the resolution adopted by your Board November 17, 1914, relative to the \$3,500 be amended so that the funds thus authorized be available until June 30, 1915.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Resolved, That the following resolution adopted November 17, 1914, and received from his Honor the Mayor November 30, 1914, reading as follows:

"Resolved, That in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand five hundred dollars (\$3,500), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of remodeling and making repairs to the building at No. 49 Lafayette street, to be used by the Municipal Civil Service Commission. All obligations contracted for hereunder to be incurred on or before December 31, 1914."

—be and the same is hereby amended by striking therefrom the words and figures "December 31, 1914," and inserting in lieu thereof the words and figures "June 30, 1915."

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Diemer, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Ferguson, Ferrand, Eagan, Fink, Gaynor, Hamilton, Hannon, Hogan, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCourt, McNally, Molen, Moore (Chas. Report of the Committee on Finance in Favor of Adopting Resolution to Authorize the City Clerk to Draw on Contingent Accounts.

The Committee on Finance, to which was referred on December 22, 1914 (Minutes, page 850), the annexed resolution in favor of authorizing the City Clerk to draw on contingent account of President, Board of Aldermen, respectfully

But no such renewal shall be made until the money paid upon the preceding draft shall have been accounted for to the Comptroller by the transmittal of vouchers covering the expenditure of the money paid thereon.

No. 1200.

Report of the Committee on Finance in Favor of Adopting Ordinance for \$25,000 Corporate Stock for New Foundations to Female Dormitory, Metropolitan Hospital.

The Committee on Finance, to which was referred on January 4, 1915 (Minutes, page 7), the annexed resolution in favor of an issue of \$25,000 Corporate Stock for extending to solid rock the foundations of the female dormitory of Metropolitan Hospital, Blackwell's Island, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. The building has been vacated under instructions from the Bureau of Buildings and cannot be used until proper foundations are provided. The employees for whose use this dormitory was built are scattered in different directions on the Island, and it is distinctly a business-like operation to start the work at the first opportunity.

It, therefore, recommends that the accompanying ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000), to provide means for extending to solid rock the foundations of the female dormitory, Metropolitan Hospital, Blackwell's Island, under the jurisdiction of the Department of Public Charities.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment December 23, 1914, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 47 of the Greater New York Charter, as amended, hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000), for the purpose of providing means for extending to solid rock the foundations of the female dormitory, Metropolitan Hospital, Blackwell's Island, under the jurisdiction of the Department of Public Charities, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid; provided, however, that no part of the proceeds of the corporate stock herein authorized shall be available until after the Board of Estimate and Apportionment has approved the form of contract, plans, specifications and estimates of cost pertaining to the same, and that no part of such proceeds shall be used for the payment of fees of any architect, engineer or expert until after a contract with such architect, engineer or expert has been approved by the Board of Estimate and Apportionment, and that no part of the proceeds of corporate stock herein authorized shall be used for the payment of any salary or wage of departmental employees except after approval by the Board of Estimate and Apportionment, and in accordance with the schedules to be adopted by said Board, and be it further

Resolved, That the Commissioner of Public Charities is directed to submit to this Board for its approval, forms of contract, plans, specifications and estimates of cost prior to advertising for bids for work chargeable to the proceeds of the corporate stock herein authorized, and said Commissioner is also directed to submit to this Board for its approval all preliminary and final agreements with an architect or architects, engineer or engineers, expert or experts, whenever such agreements or contracts are chargeable against corporate stock herein authorized.

GENERAL ORDERS.

No. 474 (Int. No. 1174).

Message from His Honor the Mayor with an Ordinance to Suspend for a Time the Requirements of the Existing Ordinance in Relation to Stands Within Stoop Lines.

City of New York, Office of the Mayor, December 22, 1914.

To the Honorable the Board of Aldermen:

Gentlemen—The ordinance now in force prescribes that stands for various purposes within the stoop lines on public streets shall not be larger than 10 feet long by 4 feet wide. Under previous ordinances larger stands were permitted, and there are yet a few of these old stands that have not been cut down to the present legal dimensions.

I had before me last week a delegation of standkeepers who had these old stands, and they explained that they are making so little money, because of present general conditions, that an enforcement of the 10 feet by 4 feet ordinance would take away their means of earning a livelihood, as they have no money at present to cut the stands down. Their struggle to support themselves and their families appealed to me most strongly.

Several members of your honorable Board have already spoken to me about this matter and suggested that I ask the Commissioner of Licenses to suspend the enforcement of the present ordinance. This, of course, he has not power to do. Would it not be better to face this difficulty squarely and pass an ordinance suspending the operation of the 10 feet by 4 feet requirements until October 1, 1915? Herewith you will find a proposed draft of an ordinance that covers the old stands that were constructed prior to the present ordinance and have been maintained for a number of years. It would be well for you to consult with the Borough Presidents, who have done such excellent work in clearing incumbrances from the streets, and consider their recommendations. Respectfully,

JOHN PURROY MITCHEL, Mayor.

Be it Ordained by the Board of Aldermen of the City of New York as follows:
§1. The enforcement of Section 364 of the Code of Ordinances, as amended July 31, 1911, is hereby suspended as to requirements of 10 feet long by 4 feet wide, until October 1, 1915, in the case of old stands that have been erected and maintained prior to the passage of said amended Section 364, where the cutting down thereof, in the discretion of the Commissioner of Licenses, will entail a severe burden on the owner of the said stand.

§2. This ordinance shall take effect immediately.

The President offered the following substitute ordinance:

AN ORDINANCE suspending the operation of Section 364 of the Code of Ordinances of The City of New York, relating to stands within the stoop line, until October 1, 1915.

BE IT ORDAINED by the Board of Aldermen of The City of New York as follows:

Section 1. The enforcement of Section 364 of the Code of Ordinances, as amended July 31, 1911, is hereby suspended as to the requirement of dimensions not exceeding 10 feet in length by 4 feet in width, until October 1st, 1915, in the case of old stands that have been erected and maintained prior to the passage of said amended Section 364, where the cutting down thereof, in the discretion of the Commissioner of Licenses, would entail a severe burden on the owner of said stand. But the enactment of this ordinance shall not be construed to permit the erection of any new stand of dimensions exceeding those fixed by the said amended Section 364 during the period of time indicated.

Section 2. This Ordinance shall take effect immediately.

There being no objection to the same, the Vice-Chairman put the question whether the Board would agree to adopt said substitute ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Curran, Dixon, Dostal, Dotzler, Dowling, Duggan, Dujat, Ferguson, Ferrand, Eagan, Fink, Gaynor, Hamilton, Hannon, Hogan, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCourt, McGarry, McNally, Molen, Moore (Chas. It, therefore, recommends that the said ordinance be adopted.

AN ORDINANCE relating to hand bills, circulars, cards or other advertising matter.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS
RESUMED.

The President laid before the Board the following communication from the Commissioner of Public Charities:

No. 1237.

Request of the Commissioner of Public Charities for Authority to Pay the Richmond Dairy Company \$5,068.66, for Milk and Cream Furnished to the New York City Farm Colony and the Sea View Hospital, During November and December, 1914.

Department of Public Charities of the City of New York, Municipal Building, Tenth Floor, January 11, 1915.

Re Payment for Milk and Cream Without Public Letting.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—Permission is hereby requested to pay the Richmond Borough Dairy Company of Rosebank, Staten Island, Five thousand sixty-eight dollars and sixty-six cents (\$5,068.66) for milk and cream supplied to the New York City Farm Colony and the Sea View Hospital during November and December, 1914. This amount covers milk and cream furnished in excess of a contract entered into with the Richmond Borough Dairy Company on July 3, 1914, and has been billed at the contract price.

Both the institutions mentioned ordered deliveries against this contract independently of the other with the result that the quantity for which the contract called was exceeded. There is no doubt but the price is as low as could have been secured if new bids had been requested, inasmuch as the contract was made in the summer when milk is cheaper than in winter.

The contractor supplied the milk and cream in good faith, and should receive payment, but under the provisions of section 419 of the Greater New York Charter, the bill may not be vouchered for payment without the consent of your honorable board.

This milk and cream having been furnished and used during the year 1914 it is intended to pay for same from the proceeds of the special revenue bonds you authorized on the 22nd of December.

Under these circumstances it does not appear that the City of New York will be the loser in paying for the goods furnished without public letting, and you are urgently requested to grant the authority to do so. Very truly yours,

JOHN A. KINGSBURY, Commissioner.

Which was referred to the Committee on Public Letting.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing thereof by any tenant, free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three annuities between the time of the sale of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
