MESSAGES FROM THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 2186 (of 1915).

Communication from His Honor the Mayor in Regard to Proposed Ordinance Regulating Dealers in Second Hand Articles, Without Recommendation.

December 31, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith approved proposed Ordinance Int. No. 2186, entitled "Ordinance regulating dealers in second-hand articles."

At the request of the Jewelers' Association, I held a public hearing on this ordinance, and two main objections were presented on their behalf: First, against the provision that purchasers of second-hand goods must retain the articles for thirty

days; and second, against the direction that purchasers of second-hand articles must close their stores at sundown. Others objected to any general regulation on this subject which would affect the large jewelry houses of the city; but that some ordinance is most necessary has been impressed upon me by the Police Commissioner.

It was suggested at the hearing that if your Honorable Board would change the enacting clause of the ordinance, so that instead of taking effect "immediately," the new ordinance would take effect "April 1st, 1916," such an extension of time would afford an opportunity to adjust conflicting views. During that time an amendment can be prepared which will do substantial justice to the jewelry trade and at the same time afford the police control which I am convinced is necessary.

I have accordingly signed this ordinance and hope that your Honorable Board will amend it to-day, so that we may have three months in which to prepare the necessary permanent amendments. Respectfully,

JOHN PURROY MITCHEL, Mayor.

§ 43. Report to the Police Commissioner.

Every dealer in second-hand articles, upon being served with a written notice so to do by a member of the police department, shall report to the police commissioner, on blank forms to be furnished by the police department, a copy of the records required to be kept under § 42 of this article, of all goods, articles or things, or any part thereof, purchased, received or sold in the course of business of the second-hand dealer during the days specified in such notice.

[§ 44] § 45. Lost or stolen property to be advertised. Clarence K. McGuire, Attorney and Counselor at Law, Corn Exchange Bank Building, 15 William Street, New York, December 10th, 1915.

To the Committee on General Welfare of the Board of Aldermen of the City of New York:

Respected Sirs—The proposed ordinance to regulate the business of second-hand dealers is favored by pawnbrokers for the following reasons:

First—All second-hand dealers should be licensed. It is a well-known fact that many persons are engaged in what is strictly a second-hand business, but have failed to apply or have issued a license for the reason that they are then obliged to keep books which are subject to police scrutiny. The proposed measure would do away with the trafficking and sale of pawn tickets on the streets of the City, which often causes loss to the innocent purchaser. Representations are made that it is a custom of pawnbrokers to loan but a third or half of the value of the pledged article and the purchase of a ticket will enable the buyer to procure a bargain. Such is not the case, for loans vary according to conditions of the money market and the prospect of the redemption of the article, by the pledgor. If the pawnbroker has reason to believe the article will be redeemed and interest paid, he will naturally lend more, so the innocent buyer, in the case of a loan which is near the full value of the article, cannot pay the amount of the loan and accrued interest without incurring a loss.

Second—The name of pawnbrokers' sales stores is highly misleading. Wherever second-hand dealers exist in this City, licensed or unlicensed, such a sign is conspicuously displayed. The public, not knowing the law, ignorant of the fact that a pawnbroker must sell pledged articles at public auction and not otherwise, believe that such stores are the medium through which the pawnbroker disposes of unredeemed pledges. That this misleads innocent people and is a gross deception, goes without question.

Third—Displaying signs that unredeemed pledges are for sale is done solely to deceive. Much that has been said under "Second" applies here. In no event are these second-hand stores permitted to market the unredeemed pledges of the pawnbroker. The second-hand dealers buy all sorts of articles and proceed to fill their display windows with them and market these articles to the public with the statement that they are unredeemed pledges.

Fourth—This ordinance properly prevents the use by second-hand dealers of the three-ball sign. For almost five hundred years the well-known emblem of the pawnbroker has been displayed in all the civilized countries of the world. It is a favorite trick of the second-hand dealer to conspicuously plaster his store, building and display windows with this device. One needs only to walk down Park Row from Chatham Square to Brooklyn Bridge, and on the west side of the street will be seen a row of stores so decorated and so made up to represent licensed pawnshops, as is impossible to tell whether they are or not.

The City of New York receives from each pawnbroker an annual license fee of \$500, and requires a bond of \$10,000 to be filed as security for good faith. It is but fair for the City that thus benefits, to likewise protect those whom it licenses and permits to engage in the pawnbroking business from the slightest color of misrepresentation on the part of anyone. As a second-hand dealer is also a licensed business, it is clearly within the right of the Board of Aldermen, under its police power, to regulate every detail of the business, even down to the sign use. Respectfully submitted,

CLARENCE K. MCGUIRE.

In connection herewith the Vice-Chairman offered the following resolution:

Resolved, That the ordinance entitled "An Ordinance to amend chapter 14 of the Code of Ordinances of The City of New York," (Int. No. 2186, relating to dealers in second-hand articles), adopted December 21, 1915, and approved December 31, 1915, be and the same is hereby amended by striking therefrom, in section 2, the word "immediately" and inserting in lieu thereof the word and figures "April 1, 1916."

Said list shall be known as the calendar, and shall include all vetoes, messages from the Mayor and other City, County and Borough officials and departments that have been laid over for future consideration, special and general orders and any other matters which have been presented to the Board and which remain undetermined. In case any matters on the calendar of a particular meeting are not acted upon they shall be continued upon the calendar of the next meeting and of each succeeding meeting in their order of introduction until finally disposed of. The calendar shall state, in regard to any ordinance, or resolution, the vote required to pass it, and if it be a matter referred to in section 48 of the Charter, then also the day when the time limitation in said section contained will expire. The calendar shall state, as to any pending veto of the Mayor, the date of the regular meeting of the Board at which it is required by section 40 of the Charter to reconsider and vote upon the ordinance or resolution so vetoed.

They shall also place on the files of the President and other members before each meeting the journals containing the proceedings of the Board, the calendars provided for in rule 14, the approved papers and the proposed ordinances. They shall also discharge such other duties as are directed by the President or the Board.

CHAPTER VIII.

Committees and Their Duties.

19. The standing Committees shall bear the following titles, and shall be appointed by the Committee on Rules, subject to approval by a majority of all the members of the Board:

- Apportionment.
- Buildings.
- Codification.
- Departments.
- Finance.
- General Welfare.
- Markets.
- Privileges and Elections.
- Public Letting.
- Public Thoroughfares.
- Rules.
- Salaries and Offices.

20. The first named member of each committee shall be its Chairman. All vacancies in committees or in committee chairmanships shall be filled by the Committee on Rules, subject to approval by a majority of all the members of the Board. Resolutions calling for the appointment of special committees shall be referred to the Committee on Rules, and if said committee report favorably thereon, it shall embody in its report the names of the members who shall constitute such special committee. A committee shall not act upon any matter before it unless a majority of the committee be present. No matter shall be reported by a committee unless a majority of all the members of the committee shall have voted upon a roll call at a meeting of the committee in favor of the report. The Committee Clerk shall keep minutes and accurate records of the members present and the roll calls at every meeting of a committee, and such minutes and records shall be completed and open to public inspection, in the custody of the Committee Clerk, as a public record, within three days after each meeting. Meetings of a committee may be called by either the Chairman or a majority of the committee. A written notice of each committee meeting shall be mailed to the respective residence addresses of the members of the committee not later than three days prior to the time fixed for such meeting. The President of the Board shall be ex-officio a member of every standing committee, with the right of full participation in the business of the committee except the right to vote.

21. Committees shall report, in writing, on all matters referred to them with a brief statement of facts and their opinion in relation thereto, and a resolution or ordinance proposing the necessary action by the Board. The report itself shall not be subject to amendment. Every report shall state the time when the subject matter of such report was referred to the committee by the Board, and the action, if any, taken by the committee pursuant to any instructions of the Board. Every report shall lie over until the next regular meeting, unless otherwise ordered by a majority vote of all the members of the Board, except that unanimous consent must be given for the immediate consideration of matters governed by section 30 of the Charter. Consideration of a report at the meeting of its presentation, if ordered, shall be deferred until after all reports of other committees shall have been received and read.

22. A committee may be discharged from further consideration of any matter referred to such committee by a majority vote of all the members of the Board. No matter that has been referred to a committee shall be acted upon by the Board until the committee has reported thereon or has been discharged. A committee, however, to whom there shall have been referred any such matter as is specified in section 48 of the Charter, or any matter in regard to which any law or ordinance fixes a time limit for the consideration thereof by the Board, shall at the last regular meeting of the Board preceding the expiration of such time limit be deemed to be discharged from the further consideration thereof. A committee which shall have been instructed to report at a certain meeting shall be deemed to be discharged from further consideration of the matter referred to it unless it shall report at such meeting or shall receive from the Board a further extension of time to report.

CHAPTER IX.

The Introduction and Passage of Ordinances and Resolutions.

23. All enactments shall be by ordinances, so far as practicable.

24. Every proposed ordinance or resolution introduced shall, on its introduction, unless otherwise ordered, be referred by the presiding officer to a standing committee to consider and report thereon. At any time during the meeting of introduction, such reference may be changed by a majority vote of all the members of the Board.

25. There shall be two classes of unfinished business, known respectively as Special Orders and General Orders. Every report of a committee upon a request of the head of a City, County or Borough Department, which involves an exemption of a contract from public letting, or the issuance of special revenue bonds, shall be a Special Order for the next regular meeting after it is submitted. The Board may, by a majority vote of all the members of the Board, make any matter pending

before it a Special Order for a stated time. All reports of committees not otherwise disposed of on the legislative day introduced, except those required by these rules to be placed on the list of Special Orders, shall be placed on the list of General Orders.

20. Except as provided in rules 25 and 28, Special Orders and General Orders shall be considered by the Board in the order in which they appear upon the calendar.

21. No ordinance or resolution shall be considered on the day of its introduction, except by unanimous consent. In the event of more than one request for immediate consideration, the same shall be considered in the order of introduction. In the event, however, of the receipt of a message from the Mayor recommending the enactment of an ordinance or the adoption of a resolution, the matters referred to in such message may be considered at any time by a majority vote of all the members of the Board, except that unanimous consent must be given for such consideration if such matters are governed by section 30 of the Charter. In the event of immediate consideration, the proposed ordinance or resolution shall be read section by section, and shall be subject to amendment and debate before being adopted. No ordinance or resolution which is amended shall be adopted until it has been printed as amended, except by the consent of two-thirds of all the members of the Board; unanimous consent, however, must be given if the amendment relates to the matters governed by section 30 of the Charter.

28. When a special order is under consideration, it shall take precedence of any other special order set for a subsequent hour of the same day, but such other special order may be taken up immediately after the previous special order has been disposed of. Any matter specified in section 48 of the Charter shall at the last regular meeting of the Board preceding the expiration of the time limit in said section contained be deemed to be a special order and shall take precedence of all other special orders.

29. When any proposed ordinance or resolution requiring the concurrence of two-thirds, three-fourths, four-fifths or five-sixths of the members, as provided in the Charter, is under consideration, such concurrence shall not be requisite, except on the question of its final passage.

30. All ordinances introduced shall be in writing, and shall be presented in duplicate. An ordinance amending or repealing any existing law or ordinance shall contain in parentheses the part repealed and the new part to be inserted underscored. When any such ordinance is printed in the Minutes, the part repealed shall be in brackets instead of parentheses, and the new part shall be in italics instead of being underscored. All ordinances presented, whether new or of an amendatory nature, shall state specifically the section, article and chapter of the Code of Ordinances to be added, added to, amended or repealed.

CHAPTER X.

Motions and Their Precedence.

31. When a question is before the Board, only the following motions shall be received, and such motions shall have precedence in the following order, viz.: (1) for adjournment; (2) for a call of the Board; (3) to lay on the table; (4) for the previous question; (5) to postpone indefinitely; (6) to postpone to a day certain; (7) to refer; (8) to amend.

The motion to adjourn, or for a call of the Board, or to lay on the table, shall be decided without debate, and shall always be in order. Upon motions not debatable no member shall be allowed to explain his vote or give his reasons for asking to be excused from voting.

32. All motions shall be reduced to writing, if desired by the President or any member of the Board, delivered to the clerk and read before the same shall be debated. Any motion may, by unanimous consent, be withdrawn at any time before decision or amendment.

If the matter in debate contains several questions which may be separately considered, they shall, at the request of any member, be separately voted upon.

A motion to postpone or refer shall, until it is decided, preclude all debate on the main question.

33. When a question has once been decided, it shall be in order for any member of the Board who voted in the majority to move for its reconsideration, and it shall be reconsidered upon majority vote of all members present and voting, except that no matter shall be reconsidered more than twice; but no motion for the reconsideration of any vote shall be in order after the proposed ordinance, resolution, message, report, amendment or motion upon which the vote was taken shall have gone out of the possession of the Board; and no motion for reconsideration shall be in order unless made on the same day on which the vote was taken, or on the legislative day next succeeding. But when a proposed ordinance or resolution shall have been recalled from the Mayor, a motion for reconsideration may be made at any time thereafter, and all resolutions recalling a proposed ordinance or resolution from the Mayor shall be regarded as privileged. No vote shall be reconsidered upon either of the following motions:

To adjourn.

To lay on the table.

CHAPTER XI.

Questions of Order.

34. When a roll call shall have been ordered, the absentees shall not be called more than once, unless requested by at least five members.

After two calls for absentees a motion to discontinue the roll call shall be in order and may be adopted by a majority vote.

35. All questions relating to the priority of business shall be decided without debate.

When the reading of a paper, other than a petition, is called for, and the same is objected to by any member, the question whether the paper shall be read shall be determined by a majority vote without debate.

CHAPTER XII.

Attendance of Quorum—Call of the Board.

36. Whenever any member raises the question as to the presence of a quorum, the presiding officer shall forthwith direct the clerk to call the roll, and shall announce the result, and such proceedings shall be without debate; but no member, while speaking, shall be interrupted by raising the question of absence of quorum, and such question shall not be raised more often than once every hour, unless the absence of a quorum be disclosed upon a roll call. Whenever, upon a roll call, any member present refuses to make response when his name is called, it shall be the duty of the presiding officer, either upon his own motion, or upon the suggestion of any member of the Board, to request the member so remaining silent to respond to his name, and if such member fails to do so, the fact of such request and the refusal shall be entered in the journal, and such member shall be counted as present for the purpose of constituting a quorum.

37. For the purpose of securing the attendance of members a call of the Board may be ordered at any time, except that no such call shall be in order when the voting on any question has begun, unless it shall appear upon an actual count by the presiding officer that a quorum is not present. If demanded by two members, the roll shall be called upon a demand for a call of the Board, and, if a majority be recorded in the negative, a call of the Board shall not again be in order except by unanimous consent until an hour has elapsed.

CHAPTER XIII.

Miscellaneous Provisions.

38. The roll call of the Board shall be in alphabetical order, except that the Presidents of the Boroughs, the Vice-Chairman and the President of the Board shall be called last, and in the following order:

President of the Borough of Richmond, President of the Borough of Queens, President of the Borough of The Bronx, President of the Borough of Brooklyn, President of the Borough of Manhattan, the Vice-Chairman, and the President of the Board. The two latter officers shall be called by their respective titles instead of by their names.

39. The following persons only shall be admitted to the floor of the Aldermanic Chamber during its sessions:

1. The Mayor, his Private Secretary and Chief Clerk.
2. Heads of Departments, their Deputies and Secretaries.
3. Reporters of the Public Press.
4. The Employees of the Board and of the City Clerks' office.

40. The rules of parliamentary practice comprised in "Reed's Rules" shall govern the Board in all cases to which they are applicable, and in which they are not inconsistent with the standing rules and orders of the Board.

41. A rule of the Board may be altered, suspended or rescinded, or a new rule may be added, only by a majority vote of all the members. A motion to suspend, alter or rescind any rule or to add a new rule, shall not be in order without a unanimous vote of the Board, unless one week's previous notice in writing shall have been given to each member specifying the purpose of the proposed suspension, alteration, rescission or addition.

42. Except by unanimous consent a motion to adjourn shall not be put to a viva voce vote, but a roll call thereon shall be ordered.

Third Ambulance Company, N. G. N. Y., 56 West 66th Street, New York City, December 28th, 1915.

The Honorable Board of Aldermen, City of New York, City Hall, New York City:

Gentlemen—I hereby apply to your honorable Board for the sum of ten hundred ninety-eight dollars (\$1,098), to be allowed for the purpose of paying the wages of one Hostler for the year 1916. This organization has recently purchased ten horses to be used by the organization for military purposes. The President laid before the Board the following communication from the Department of Public Charities:

No. 28.

Department of Public Charities—Request for an Issue of \$2,700 Special Revenue Bonds to Provide Necessary Funds to Pay Salaries of Three Assistant Power Plant Operators.

Department of Public Charities of The City of New York, Municipal Building, Tenth Floor, December 31st, 1915.

Re Special Revenue Bonds to Pay Salaries of Power Plant Operators.

To the Honorable the Board of Aldermen:

Gentlemen—I have the honor to request that the Board of Aldermen authorize an issue of special revenue bonds in the amount of \$2,700 to provide this Department with the necessary funds to pay the salaries of three Assistant Power Plant Operators (formerly designated Stokers).

Throughout the year 1915, and previously, the Cumberland St. Hospital and the Coney Island Hospital were each provided with three Engineers and three Firemen. The Budget for 1916 provides:

Cumberland Street Hospital—1 Supervising Institutional Mechanic (Engineer), 2 Power Plant Operators (Engineers), 1 Assistant Power Plant Operator (Stoker), Coney Island Hospital—1 Supervising Institutional Mechanic (Engineer), 2 Power Plant Operators (Engineers), 2 Assistant Power Plant Operators (Stokers).

In other words, the force provided in the Budget for the two institutions in question will restrict us to the use of one Stoker at Cumberland Street Hospital and two Stokers at Coney Island Hospital. This means that at Cumberland Street Hospital during two of the three watches, the Engineer will be required to do his own stoking, and at Coney Island Hospital the Engineer on one of the watches will be required to do his own stoking.

The question of the safety to the patients and inmates of these hospitals is a most serious one, and I believe we should not be required to be so handicapped that, should anything unforeseen occur to the plant or buildings, such as a leaky or broken pipe, a disarranged motor, an elevator out of order, or something of the kind, the Engineer on duty would be required to leave his boilers and thus endanger the lives of many persons, and at the same time make himself liable to the loss of his license by reason of such absence.

I consider this a matter of extreme importance, and hope your honorable Board will authorize the issuance of the special revenue bonds above requested.

Yours very truly, HENRY C. WRIGHT, First Deputy and Acting Commissioner.

Which was referred to the Committee on Finance.

PUBLIC NOTICE IS HEREBY GIVEN. PURSUANT to law, that at a meeting of the Board of Estimate and Apportionment, held December 17, 1915, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of the City of New York:

The petition of Union Railway Company of New York City, a New York corporation (herein called "the petitioner"), respectfully shows to this Honorable Board and asks as follows:

FIRST: That this Board, by resolution adopted July 2, 1914, and approved by the Mayor on July 10, 1914, duly authorized the execution by the Mayor of the City of New York on behalf of said City, of a proposed franchise contract granting to the petitioner the right and privilege to construct, maintain and operate double and single track extension to its present street surface railway with the necessary wires and equipment, for the purpose of conveying passengers only in the Boroughs of Manhattan and The Bronx, in the City of New York, upon the following routes, to wit:

First: Beginning at and connecting with the existing tracks of the Company in Lincoln Avenue; thence westerly by double track in, upon and along East 136th Street to and connecting with the existing tracks of the Company in Third Avenue, Borough of The Bronx, in order that the title of said company to operate over such route may be perfected and legalized.

Second: Beginning at and connecting with the existing tracks of the Company in Willis Avenue, at or near the northerly side of East 134th Street, Borough of The Bronx; thence southerly by double track in, upon and along Willis Avenue and upon and over the Willis Avenue Bridge and its approaches, to East 125th Street, Borough of Manhattan; thence by double track westerly in, upon and along said East 125th Street and West 125th Street to Manhattan Street; thence by double track westerly in, upon and along said Manhattan Street to West 129th Street; thence westerly by single track in, upon and along said Manhattan Street to 12th Avenue; thence southerly by double track in, upon and along said 12th Avenue to West 129th Street; thence westerly by single track in, upon and along said West 129th Street to Manhattan Street, and there connecting with the existing east-bound track in said Manhattan Street.

Third: Beginning at and connecting with the above described tracks on the Willis Avenue Bridge at the intersection of the northerly and easterly approaches to said bridge; thence easterly and northerly by double track in, upon and over said easterly approach to and connecting with the existing tracks in Southern Boulevard, Borough of The Bronx.

SECOND: That said proposed franchise contract was thereafter duly executed by the City of New York and by the petitioner under date of September 9, 1915.

THIRD: That the permission and approval of the Public Service Commission for the First District for the construction of said extensions and the exercise of said franchise was granted through an order adopted by said Commission on October 29, 1915, in Case No. 2021.

FOURTH: That said franchise contract provides, among other things, that the portion of said extensions in the Borough of Manhattan shall be operated by underground electric power and that the portion of said extensions in the Borough of The Bronx and upon the Willis Avenue Bridge and its approaches may be operated by overhead electric power.

FIFTH: That in order to operate the extension over the Willis Avenue Bridge and upon 125th Street pursuant to said contract it will be necessary to operate on 125th Street for a distance of approximately one hundred and ninety (190) feet west of First Avenue by overhead electric power with the necessary connections, wires, poles and equipment including a plover changing pit, instead of by underground electric power as required by the foregoing provisions of

the franchise contract for all operations in the Borough of Manhattan.

SIXTH: That the petitioner desires that the said franchise contract be amended so as to permit of operation on 125th Street for a distance of approximately one hundred and ninety (190) feet west of First Avenue by overhead electric power with the necessary connections, wires, poles and equipment including a plow changing pit.

Wherefore the petitioner respectfully asks this Board to approve such amendment and to authorize the execution of a proper supplemental contract by the City of New York.

New York, December 17, 1915. j3.14

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment, held this day, the following communication was received:
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

December 21, 1915.
To the Board of Estimate and Apportionment of the City of New York:

The Public Service Commission for the First District transmits herewith to your Honorable Board for your approval and the approval of the Mayor of the City, as required by law, a certified copy of resolutions adopted by it on December 21, 1915, amending the route and general plan of construction of the Third Avenue Route (Route No. 3) so as to provide for a passageway and station approach in and under Pine Street for a distance of about one hundred and sixty (160) feet from the westerly building line of Nassau Street, to connect the Broad Street Station of the Broadway-Fourth Avenue Line with the new Equitable Building. The present general plan of construction provides that "no part of any cross street shall be used for a station approach at a distance greater than seventy-five feet from the exterior line or side of the longitudinal street of the route." Under this limitation the proposed passageway cannot be constructed so as to connect with the main entrance of the Equitable Building on Pine Street. The Equitable Office Building Corporation, owner of the new Equitable Building, has made application to the Commission for the construction of a passageway which under our usual form of agreement will be constructed by the City or the operator of the railroad at the expense of the Equitable Office Building Corporation, and upon the completion of the passageway it will constitute a portion of the railroad and title thereto will vest in The City of New York. The approach through the Equitable Building and the passageway connecting therewith will furnish additional facilities to the traveling public and without any cost to the City or railroad company, and the Commission is of the opinion that the route and general plan should be modified in order that the passageway may be constructed.

On May 28, 1915, your Honorable Board adopted a resolution approving a modification of the Manhattan-Brooklyn Rapid Transit Railroad (Contract No. 2)—Brooklyn Extension of "The Subway" so as to provide for the construction of a passageway on Pine Street and Broadway to connect the Wall Street Station of the railroad with this building. At that time this proposed extension of the passageway easterly so as to connect with the Nassau Street subway was under consideration, but no definite action was taken. If the passageway is extended to Nassau Street the entire north side of the street will be occupied by two subway connections with the Equitable Building. The Broad Street Station of the railroad extends south from the southerly side of Wall Street and the passageway will have to be constructed on Nassau Street and across Wall Street from Pine Street to connect with the station.

The Commission therefore respectfully suggests the following points be given consideration: (1) interference with present subsurface structures, if any, in Pine, Nassau and Wall Streets, and (2) the extent to which the amended route might affect the use of the space under Pine, Nassau and Wall Streets for future subsurface structures.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by OSCAR S. STRAUS, Chairman.

Attest: TRAVIS H. WHITNEY, Secretary.
—and the following resolutions were thereupon adopted:

Resolved, That the communication be received, and, pursuant to law, this Board fixes Friday, January 7, 1916, at ten o'clock A. M., as the time and place when and where such plans and conclusions will be considered, and be it further

Resolved, That the Secretary of this Board be and he is hereby directed to publish notice of such consideration in the City Record.

JAMES D. MCGANN, Assistant Secretary, Room 1307, Municipal Building, Borough of Manhattan. Telephone, 4560 Worth.
Dated, New York, December 28, 1915. d31,j7

PUBLIC NOTICE IS HEREBY GIVEN THAT the consideration of the communication from the Public Service Commission for the First District, transmitting for approval the following:

1. Proposed certificate modifying certificate of March 19, 1913, to the New York Municipal Railway Corporation for additional tracks.

2. Proposed certificate modifying certificate of March 19, 1913, to the New York Municipal Railway Corporation for elevated railroad extensions.

—Which consideration was, by resolution adopted December 10, 1915, fixed for December 17, 1915, and continued until December 23, 1915, and then continued until December 28, 1915, was continued until Friday, January 7, 1916, at ten o'clock A. M., in Room 16, City Hall, Borough of Manhattan, when and where all those interested will be afforded an opportunity to appear and be heard.

SECTION 1. The City hereby grants to the Company, subject to the conditions and provisions

hereinafter set forth, the right and privilege to maintain and operate a double-track street surface railway as an extension to its existing railway, and hereby leases, demises and lets to the said Company, the tracks and equipment, property of The City of New York, for the purpose of conveying passengers only in the Borough of Manhattan in the City of New York, upon the following route, to wit:

And to cross such other streets and avenues as may be encountered in said route.

The said route hereby authorized with turnouts, switches and crossovers so leased, is shown upon a map entitled:

"Amended Map Showing Proposed Railway of The Third Avenue R. R. Co. in the Borough of Manhattan, City of New York, to accompany petition to the Board of Estimate & Apportionment, of June 2, 1909."

—and signed by F. W. Whitridge, Receiver; Edward A. Maher, General Manager, and T. E. Mullany, Chief Engineer, and dated New York, November 27, 1908, a copy of which is attached hereto, is to be deemed a part of this contract and is to be construed with the text thereof; provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

SEC. 2. The grant of this privilege and lease of the said property is subject to the following conditions, which shall be complied with by the Company:

First—The said right to maintain and operate said railway and the lease of said tracks and equipment shall be held and enjoyed by the Company for the term of ten (10) years from the fourth day of March, in the year 1914.

Second—That said party of the second part covenants and agrees that it will at all times during said term, put, keep and maintain the said tracks and equipment, and every part thereof, in good and sufficient repair and condition, and that all such repairs during said term shall be done at the sole cost, charge and expense of the said party of the second part.

Third—The said party of the second part covenants and agrees that it will not at any time make any claim that the said track and equipment is not, or was not at the time of the commencement of said term, in a suitable repair or condition for the uses and purposes of this lease.

Fourth—It is further covenanted and agreed, by and between the parties hereto, that if by reason of total or partial destruction through fire or the action of the elements, the said tracks and equipment shall require to be rebuilt or reconstructed, the same shall be so rebuilt or reconstructed by and at the expense of the said party of the second part in the manner directed by the proper city official.

Fifth—The said party of the second part hereby further covenants and agrees to and with the said party of the first part that it shall, and will peaceably and quietly leave, surrender and yield up into the possession of the said party of the first part, without any fraud or delay, the tracks and equipment hereby leased and demised, at the end of said term or other sooner termination thereof, and the said party of the second part hereby covenants and agrees that said tracks and equipment shall then be well and sufficiently repaired, and in good order and condition.

Sixth—The Company shall pay to the City for the privilege hereby granted and the property hereby leased, the following sums of money:

(a) During the term expiring March 4, 1919, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than twelve hundred (1,200.) dollars.

(b) During the remaining portion of the aforesaid term expiring March 4, 1924, an annual sum which shall be equal to five (5) per cent. of its gross annual receipts, but which sum shall not be less than fifteen hundred (1,500.) dollars.

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the tracks hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between March 4, 1914, and September 30, 1914, shall bear to the whole of one year.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Seventh—The annual charges or payments shall continue throughout the whole term of this contract, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this lease; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this lease.

Eighth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall consent to the operation of any street surface railway by any such other corporation or individual which may receive a franchise therefor from the City, and which may necessitate the use of any portion of the railway which shall be operated by the Company pursuant to this contract; provided, however, that nothing in this clause contained shall

estop the Company from appearing before the Board and being heard on any application for rights upon or along said route.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the City on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice, such individual or corporation shall have the right to begin the operation of cars upon the tracks of the City upon the route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the City, and shall have the right to continue such operation and use of such property during the term of this contract or until the right to use such property under the terms of the franchise or right granted said corporation or individual by the City shall expire, provided such expiration is prior to the expiration of this contract or any renewal thereof; but such corporation or individual shall, before beginning such operation, give a good and sufficient bond to the Company guaranteeing the payment of any sum or sums which such corporation or individual may be required to pay to the Company for the use of its property.

Provided, however, that the Board shall be the judge as to whether the bond is good and sufficient, in case there is a dispute with respect thereto between the Company and such corporation or individual. Such corporation or individual shall pay to the Company for the right to use such power and other property above described such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such power and property, then such compensation shall be fixed by three arbitrators selected in the following manner:

One disinterested person shall be chosen by the Company; one disinterested person shall be chosen by such corporation or individual and the two so chosen shall choose a third disinterested person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive, but the amount or amounts determined by said arbitrators shall not be less with due regard to the extent and duration of use than shall be sufficient to cover the proportionate cost of any property installed by the Company pursuant to this contract, including paving and additions and betterments thereto and of the proportionate current expenses of maintenance, depreciation and renewal, of regulation of traffic, of removal of snow and ice, of the sprinkling of streets, of the use of power, and of the performance of such other duties and obligations as are imposed upon the Company in respect to the said railway, other than the payments to the City pursuant to this contract.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board, which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privilege. If the Company fails to file the same with the Board within said thirty (30) days, then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Appellate Division of the Supreme Court, Second Department, upon the application of either party, and the decision of that court shall be final. In the event that said Appellate Division of the Supreme Court, Second Department, should decline to assume jurisdiction in the matter, then and in such event such sum or sums shall be fixed by the Board, and such fixation by the Board shall be final and conclusive.

Ninth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Tenth—Said railway shall be operated in the latest approved manner of street railway operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Eleventh—Said railway shall be maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No repairs or reconstruction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues, or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity. Twelfth—Said railway shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the

Borough of Manhattan, provided, that any other power may be used, except locomotive steam power, horse power or overhead electric power, which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Thirteenth—No wires for the transmission of power shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) ducts not less than three (3) inches in diameter each for the exclusive use of the City. Such conduits shall be used only by the Company for the operation of its railway and by the City, as above.

Fourteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride, from any point on its road or on any road, line or branch operated by it or under its control at any other point thereof, or any connecting branch thereof within the limits of the City.

The Company shall carry free upon the railway hereby leased during the term of this lease all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fifteenth—No cars shall be operated upon the railway hereby leased, other than passenger cars, and cars necessary for the repair or maintenance of the railway, and no freight or express cars shall be operated upon the tracks of said railway; and the tracks hereby leased shall not be used for the storage of cars.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders or wheel guards, in conformity with such laws and ordinances as are now in force or may hereafter, during the term of this lease, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eighteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Nineteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Twentieth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway is constructed, shall if directed by the President of the Borough of Manhattan cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between the curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twenty-first—The Company shall at all times keep the streets and avenues, upon which the said railway is constructed, between the tracks the rails of the tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-second—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between the tracks, the rails of the tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the Company to pave or repair the pavement on the streets after the expiration of twenty (20) days' notice to do so from the President of the Borough of Manhattan, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-third—Any alterations to the sewerage or drainage systems, or to any other substructure, or to any surface structures in the street, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-fourth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fifth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time during the term of this lease the Company shall, at its own expense, change the tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-sixth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

—And such other information in regard to the business of the Company as may be required by the Board.

Twenty-seventh—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company, for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain the structures and equipment as herein provided in good condition throughout the whole term of this contract the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums will be deducted from the fund hereinafter provided for.

Twenty-ninth—The Company shall assume all liability for damages to persons or property occasioned by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—The said party of the second part hereby further covenants and agrees that the sum of Two thousand and hundred dollars (\$2,000) heretofore deposited with the Comptroller of the City under and pursuant to the provisions of Section 2, Thirty-first, of said contract of March 4, 1909, as security for the performance by the Company of all the terms and conditions of said contract, shall remain on deposit with said Comptroller as security for the performance by the Company of all the terms and conditions of this contract, and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice and the quality of construction and maintenance of the property throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; and after default in the payment of the annual charges, shall collect the same with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the headway, heating and lighting of cars, fenders, wheel-guards and watering of streets, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of a violation of the provisions relating to those matters.

If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof this contract shall be annulled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-third—The words "streets or avenues" and "streets and avenues" wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City

has title or over which the public has an easement, encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to operate a railway.

Thirty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. This contract is also upon the further and express condition that the provisions of Article 5, and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions in this contract fixed and contained.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, Conron Bros. Company has, by a petition dated July 10, 1915, applied to this Board for the grant of the right, privilege and franchise to construct, maintain and operate piers for refrigeration purposes in and under Fort Greene Place, between Atlantic Avenue and Hanson Place, Borough of Brooklyn; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on September 24, 1915, fixing the date for the public hearing thereon as October 22, 1915, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Brooklyn Daily Eagle" and "New York Herald," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing; and

Whereas, On October 22, 1915, said hearing was continued to November 5, 1915, and was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to Conron Bros. Company and the adequacy of the compensation to be paid therefor; now, therefore, it is Resolved, That the following form of resolution for the grant of a franchise or right applied for by Conron Bros. Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to Conron Bros. Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of the City of New York, as follows, to wit:

THIS CONTRACT, made and executed in duplicate this _____ day of _____, 19____, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and Conron Bros. Company, a domestic corporation (hereinafter called the Company), party of the second part, WITNESSETH:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

SECTION 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate conduits with the necessary branches and extensions therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, provided that no conduit be of a greater outside diameter than twelve (12) inches, including insulation or other covering; the same to be constructed and operated only beneath the surface of Fort Greene Place between the northernly side of Atlantic Avenue and the southerly side of Hanson Place, in the Borough of Brooklyn, City of New York, such portion of Fort Greene Place and the existing conduits of the Company being more particularly shown on a map entitled:

"Map showing Conduits and Pipes applied for by Conron Bros. Company to accompany petition dated July 10, 1915, to the Board of Estimate and Apportionment, City of New York."

—Signed by Joseph Conron, President, a copy of which is hereto annexed and made a part of this contract.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company.

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from December 1, 1915, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such investigation as they may obtain by inquiries and information, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of seven hundred and fifty dollars (\$750) in cash within one (1) month after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted, the said sum of seven hundred and fifty dollars (\$750) being the amount due the City by reason of the past unauthorized occupation of the street by the Company.

(b) During the first term of five years, an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than three hundred dollars (\$300).

(c) During the second term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than four hundred and fifty dollars (\$450).

(d) During the third term of five years, an annual sum which shall be equal to three (3) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars (\$600).

The gross receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(e) An annual payment of twenty-five cents (\$0.25) for each linear foot of conduit constructed within the limits of the street, excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of the street.

The annual charges shall commence on December 1, 1915.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due December 31, next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between December 1, 1915, and December 31, 1915, shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding

standing any clause in any statute or in the charter of any other company providing for payments for refrigerating right or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any part of the street herein mentioned, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions, in the same street hereinafter described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any way notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith require the payment of said sums herein provided for, or where the damages are not liquidated by the terms of this contract such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw such amount from the security fund deposited with him. The finding of the Board as to the amount to be paid by the Company shall be final and can only be attacked on the ground of fraud or mistake. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

These provisions for the recovery of such damages are in addition to the right to forfeit the franchise, conveyed by Section 2, subdivision Twenty-first, of this contract.

Twenty-fourth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such notice or direction, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash, or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach or either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from the negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
