The Comptroller presented the following report and offered the following resolution relative to the hiring by the Board of Education of halls for lecture purposes during the season from October, 1907, to May, 1908:

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education in a communication to this Department under date of December 12, 1907, requests that the Commissioners of the Sinking Fund authorize the hiring of certain halls for lecture purposes during the season from October, 1907, to May, 1908, at the rental set opposite the location of each hall, all such rentals to include light, heat and janitor service, and for the number of nights per week indicated in each case, and to authorize the Comptroller to pay the rental for the same without the necessity of entering into leases therefor.

Upon examination I have to report that the rentals mentioned are the same as previously paid, with the one exception of Lafayette Hall in the Borough of The Bronx, which shows an increase of \$2.50 per night. These prices being in my opinion fair and reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund authorize the hiring of the following halls for lecture purposes during the season from October, 1907, to May, 1908, at the rental set opposite the location of each hall and for the number of nights per week indicated in each case, and authorize the Comptroller to pay the rental for the same without the necessity of entering into leases therefor:

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution relative to a request of the Board of Education, for the approval of a lease of the old farmhouse on the west side of Fifty-third street, near Beverley road, Borough of Brooklyn:

Hon. HERMAN A. METZ, Comptroller:

December 17, 1907.

SIR—The Board of Education has requested to be leased for school purposes the old farmhouse on the west side of Fifty-third street, near Beverley road, Borough of Brooklyn. This is the same building heretofore examined by you and the head of the Bureau of Real Estate, in company with Mr. William Matthews, who resides in the neighborhood.

The building is a very old one-and-one-half-story frame structure (owner claims brick filled), about 34 by 42 feet, on stone foundation. The house is now empty and it was impossible to gain entrance thereto, as the place was locked, and it was even impossible to look in, on account of the solid blinds, which were closed. I am told, however, that there are four rooms on the first floor that might be used for school purposes, the largest of these being about 17 by 17 feet, another 15 by 17 feet, and the two others about 15 by 15 feet. There is also a wide hall extending through the building. The owner has recently had these rooms papered and was preparing to put in a steam-heating plant (second hand), concrete the cellar floor, and move the toilet to another location on the upper floor, but the work was stopped a few days ago at the suggestion of somebody from the Board of Education.

The building stands on a plot about 80 by 100 feet, and is, or was, owned by Patrick F. O'Loughlin, Doorman of the Sixty-seventh (Brooklyn) Precinct, No. 35 Snyder avenue, but he conveyed the property last week to his wife Catherine.

The nearest school at present is primary Public School 21, at Remsen place, near Canarsie lane. This school is one large room in an old one-story frame building, heated by a stove, and has 37 seats with desks and 5 without; total, 42. The present enrollment is 44, and the average attendance from 39 to 42, but seven or eight of the children will be transferred to the grammar school about February 1. This school has no half-time classes. The older children in this district are compelled to go from one to one and a half miles to Public School 90, at Church and Bedford avenues, or to Public School 92, at Rogers avenue and Robinson street.

The old farmhouse, however, would not relieve the situation to any considerable extent, as it is badly adapted for school purposes, would not accommodate over 80 to 100 children at the utmost, and it is almost as remote from the centre of the school population in the district as the present Public School 121, the distance between the two buildings being not more than 1,000 feet.

The residents of the district, I find, are strongly opposed to the taking of this building for school purposes. The East Flatbush Taxpayers' Association adopted resolutions last week, in which they declare that this building is "too small, unsanitary, not well lighted and too remote from the homes of the children." I also understand that the building has not yet been examined or approved by the Inspectors of the Health or Building Departments.

I am informed that the local school officers, including James J. McCabe, District Superintendent, are also opposed to the leasing of this building.

A much better solution of the problem would seem to be a portable school building or buildings placed on leased ground at or near the centre of the district, somewhere in the neighborhood of Church and Utica avenues.

It is claimed that the district now has about 200 children of school age, and it is expected that this number will be largely increased next spring. The leasing of the farmhouse would, therefore, fail to meet the situation either in size, location or adaptability, while if portable buildings are used until the proper school building can be provided for the district, other portable buildings can be added as required.

I am told that the new Canarsie school, Public School 114, at Remsen avenue and Avenue F, has four empty rooms and many empty seats in the grammar grades, but this school cannot be reached by the trolley and is said to be too far away for the children of the Rugby district to walk in stormy weather.

Under all the circumstances, it seems to me that the only proper thing to do is to reject the proposition of the Board of Education and to recommend the use of portable buildings on leased ground, centrally located, for temporary school purposes, and I so recommend.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby reject the proposition of the Board of Education to lease the old farmhouse on the west side of Fifty-third street, near Beverley road, in the Borough of Brooklyn and recommend the use of portable buildings on leased ground, centrally located, for temporary school purposes.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises on the northeast corner of Richmond avenue and Bennett street, Port Richmond, Borough of Richmond, for the use of the Board of Education:

December 17, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education on December 11, 1907, adopted a resolution requesting a renewal for one year, of the lease of the rooms now used as an annex to Public School 20, in the Masonic Hall Building at the northeast corner of Richmond avenue and Bennett street, Port Richmond, Borough of Richmond, which will expire January 1, 1908, at an annual rental of \$900.

After an examination it appears that the rental asked, \$900 per annum, is an increase of 25 per cent. over the rental now paid. It is a fact, however, that rents have increased to a considerable extent in this section of the Borough within the past year, and the proposed increase is therefore not unreasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the front part of the second floor of the premises on the northeast corner of Richmond avenue and Bennett street, Port Richmond, Borough of Richmond, now used for school purposes, for a period of one year from January 1, 1908, at an annual rental of \$900, payable monthly, and upon the same terms and conditions as contained in the existing lease. Lessors, Richmond Lodge No. 66, F. & A. M.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a renewal of the lease to the City of the front part of the second floor of premises on the northeast corner of Richmond avenue and Bennett street, Port Richmond, Borough of Richmond, occupied as an annex to Public School 20, for a period of one year from January 1, 1908, at an annual rental of nine hundred dollars (\$900), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease; lessors, Richmond Lodge, No. 66, F. & A. M.; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following was received from the Board of Education relative to a lease of premises at the southeast corner of Two Hundred and Ninth street and Hull avenue, Borough of The Bronx:

December 27, 1907.

Hon. HERMAN A. METZ, Comptroller:

DEAR SIR—I have the honor to transmit herewith certified copies of resolutions adopted by the Board of Education at the meeting held on December 26, 1907, as follows:

Relative to leasing vacant stores on Two Hundred and Seventh street, between Hull and Decatur avenues, Borough of The Bronx.

Respectfully yours,

A. EMERSON PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Buildings has had under consideration recommendations from the member for District No. 26, the Local School Board and the District Superintendent in regard to furnishing additional school accommodations for Public School 8, Borough of The Bronx.

It was at first decided to lease vacant land in the vicinity and erect thereon portable buildings. In accordance with this decision, resolutions were adopted by the Board of Education on November 13, 1907 (see Journal, pages 2262-2263), requesting the Commissioners of the Sinking Fund to authorize the execution of leases of unimproved property lying between Reservoir Oval, Holt place, Perry avenue and Two Hundred and Seventh street, Borough of The Bronx, at nominal rentals. Since that date, however, an offer has been received from John A. Benson, of Nos. 304-306 West One Hundred and Thirty-third street, Borough of Manhattan, to lease to the Board of Education five stores on Two Hundred and Ninth street, between Hull and Decatur avenues, Borough of The Bronx, at a rental of \$75 per month, and, as it will be possible by accepting this offer to furnish the necessary school accommodations in a much shorter time than would be possible by leasing the Reservoir Oval land and erecting portable buildings thereon, your Committee reconsidered its former action, and

on December 11, 1907 (see Journal, page), the Board of Education adopted a motion rescinding the resolutions in regard to leasing the said Reservoir Oval property, and requesting the return of the same by the Commissioners of the Sinking Fund. The Deputy Superintendent of School Buildings for the Borough reports that the rental asked for these stores is reasonable, and that the same are suitable for school purposes. The following resolution is submitted for adoption:

Resolved, That, subject to the approval of the Departments of Health and Buildings as to sanitary and structural conditions, the Commissioners of the Sinking Fund be and they are hereby requested to consent to and approve of the execution of a lease by the Board of Education to the City of the five vacant stores on Two Hundred and Ninth street, between Hull and Decatur avenues, Borough of The Bronx, as an annex to Public School 8, for a period of three years from January 15, 1908, at a rental of \$75 per month; the owner to pay the water rates, to remove the present partitions between the stores, to erect board partitions enclosing toilets and forming teachers' room as directed, to keep the roof in repair, to provide heat and janitor's service; the Board of Education to provide additional plumbing, if necessary, also to furnish a supply closet and teachers' lockers, and on the expiration of the lease to restore the premises to their original condition, reasonable wear and tear excepted, or, in lieu of said restoration, to allow the owner of the premises the sum of \$100. Owner, John A. Benson, Nos. 304 and 306 West One Hundred and Thirty-third street, New York City.

A true copy of report and resolution adopted by the Board of Education on December 26, 1907.

A. EMERSON PALMER, Secretary, Board of Education.

Mr. MORTIMER J. BROWN, Appraiser of Real Estate, Comptroller's Office:

DEAR SIR—Complying with a request from your office received by me over the telephone this day for information in regard to the location of five stores on Two Hundred and Ninth street, between Hull and Decatur avenues, The Bronx, which it is proposed to lease for school purposes, I beg to advise you that it is reported to me that said stores are located on the south side of Two Hundred and Ninth street, about 30 feet east of Hull avenue. The rental of \$75 per month is for the five stores.

Respectfully yours,

A. EMERSON PALMER, Secretary, Board of Education.

In connection therewith the Comptroller presented the following report and offered the following resolution:

January 3, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education at a meeting held November 13, 1907, adopted a resolution requesting the Commissioners of the Sinking Fund to authorize the execution of a lease of unimproved property lying between Reservoir Oval, Holt place, Perry avenue and Two Hundred and Seventh street, Borough of The Bronx, at nominal rentals, for the purpose of erecting thereon portable buildings for school purposes.

Subsequently a communication was transmitted to the Commissioners of the Sinking Fund requesting them to withhold action thereon as the Board had other plans in mind, and at a meeting of the Board of Education held December 11, 1907, the former action of said Board was reconsidered and a motion rescinding was adopted, and at a meeting of the Board of Education held December 26, 1907, a resolution was adopted requesting the Commissioners of the Sinking Fund to authorize a lease of the five small stores on the south side of Two Hundred and Ninth street, east of Hull avenue, Borough of The Bronx, as an annex to Public School 8, for a period of three years from January 15, 1908, at a total rental of \$75 a month, payable monthly; the owner to pay water rates, to remove present partition between the stores, to erect board partitions enclosing toilets and forming Teachers' room, as directed, to keep the roof in repair, to provide heat and janitor service; the Board of Education to provide additional plumbing, if necessary, also to furnish supply closets and Teachers' lockers, and on the expiration of the lease to restore the premises to their original condition, reasonable wear and tear excepted, or in lieu of said restoration, to allow the owner the sum of \$100. Owner, John A. Benson, Nos. 304 and 306 West One Hundred and Thirty-third street, Manhattan.

The premises desired to be leased are five small stores in a new 3-story frame building with a 1-story frame extension, at the southeast corner of Two Hundred and Ninth street and Hull avenue, Borough of The Bronx. One store, 14 by 25 feet, is located 30 feet east of Hull avenue in the 3-story part of the building. The other four stores, two measuring 13 by 25 feet each, and two measuring 10 by 25 feet each, in the 1-story extension. The rental named for these five small stores, \$75 a month, is the same rental that the owner has been asking for the stores to other parties.

The rent charged being fair and reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Board of Education as expressed in the resolution attached, and authorize "a lease of the five small stores in the 3-story and 1-story new frame building at the southeast corner of Two Hundred and Ninth street and Hull avenue, Borough of The Bronx, all of said stores fronting on Two Hundred and Ninth street, as an annex to Public School 8, for a period of three years from January 15, 1908, at a rental for all of \$75 per month, payable monthly; the owner to pay the water rates, to remove the present partitions between the stores, to erect board partitions enclosing toilets and forming Teachers' room, as directed, to keep the roof in repair, to provide heat and janitor service; the Board of Education to provide additional plumbing, if necessary, also to furnish a supply closet and Teachers' lockers, and on the expiration of the lease, to restore the premises to their original condition, reasonable wear and tear excepted, or in lieu of said restoration, to allow the owner the sum of \$100." Owner, John A. Benson.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Board of Education, of a lease to the City from John A. Benson, of the five small stores in the 3-story and 1-story frame building at the southeast corner of Two Hundred and Ninth street and Hull avenue, Borough of The Bronx, all of the said stores fronting on Two Hundred and Ninth street, for use as an annex to Public School 8, for a period of three years from January 15, 1908, at a rental for all of seventy-five dollars (\$75) per month, payable monthly; the owner to pay the water rates, to remove the present partitions between the stores, to erect board partitions enclosing toilets and forming Teachers' room, as directed, to keep the roof in repair and to provide heat and janitor service; the Board of Education to provide additional plumbing if necessary, also to furnish a supply closet and Teachers' lockers, and on the expiration of the lease to restore the premises to their original condition, reasonable wear and tear excepted, or in lieu of said restoration to allow the owner the sum of one hundred dollars (\$100); the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution, authorizing a lease of premises at Rockaway and Flatlands avenues, Borough of Brooklyn, for the use of the Fire Department (see Minutes, 1907, page 933):

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held September 20, 1907, adopted a resolution authorizing the execution of a renewal of the lease to the City from Leonard Ruoff of premises situated at Rockaway and Flatlands avenues, Borough of Brooklyn, occupied for a number of years by the Fire Department, for a period of one year from October 7, 1907, at an annual rental of \$700, payable quarterly.

The resolution so adopted should have read, "for a period of one year from October 1, 1907." I would respectfully recommend that the Commissioners of the Sinking Fund amend the resolution adopted at the meeting held September 20, 1907, so that the date of occupation shall be from October 1 instead of October 7.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution, authorizing a lease of premises at the junction of Manhattan street, One Hundred and Twenty-sixth street and Amsterdam avenue, Borough of Manhattan, for the use of the new Seventh District Municipal Court (see Minutes, 1907, page 1369):

January 2, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held December 18, 1907, adopted a resolution authorizing a lease from the New York Operating Company of the entire second floor in the building at the junction of Manhattan street and Amsterdam avenue and One Hundred and Twenty-sixth street, Borough of Manhattan, with the exception of the office at the junction of Manhattan street and West One Hundred and Twenty-sixth street, and the room now occupied under the old lease as a Clerk's private office, and the public toilet room, for use of the new Seventh District Municipal Court.

Under date of December 31, 1907, this office has been informed that the lessors now are Catherine G. Burke and Clarence C. Burke, Trustees and Assignees of the New York Operating Company. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of December 18, 1907, by inserting as the name of the lessor, "Estate of F. P. The Comptroller presented the following report and offered the following resolution relative to the hiring of premises at No. 215 Montague street, Borough of Brooklyn, for the use of the Collector of Assessments and Arrears, Department of Finance:

January 3, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Collector of Assessments and Arrears of the Borough of Manhattan, in a communication under date of December 30, states that owing to the crowded condition of the Richmond and Brooklyn offices of his Department, he begs to submit that the Deputy Collector for Richmond has requested that he be permitted to use a portion of the Receiver of Taxes' office in the basement of the Borough Hall, which is used during the busy season for the issuing of tax bills, until the space becomes necessary again for the purposes of the Receiver, and in a communication under date of January 2, he states that he has made arrangements with the Receiver of Taxes so that he shall have until next September the use of a portion of the Receiver's office in the boroughs of The Bronx and Richmond, but that as far as the Brooklyn office is concerned, owing to the business that is now being done in the rooms already leased for the use of his Department, and in order not to put the Brooklyn force on night work, he will be compelled to hire additional room in order to keep up with the work. That he has been offered Room No. 212 in the Mechanics' Bank Building, No. 215 Montague street, Brooklyn, for a period of six months from the 1st day of January, 1908, at an annual rental of \$1,010, or \$505 for the period which he desires the lease on same. That the office contains 800 square feet and the amount charged per annum is the same as that heretofore paid.

In order to facilitate the work of the Collector of Assessments and Arrears, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the hiring for a period not exceeding six months of Room No. 212 in the Mechanics' Bank Building, No. 215 Montague street, Brooklyn, for the use of the Collector of Assessments and Arrears, at an annual rental of \$1,010, without the necessity of entering into a lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of the hiring by the Comptroller, of Room No. 212 in the Mechanics' Bank Building, No. 215 Montague street, Borough of Brooklyn, for the use of the Collector of Assessments and Arrears, for a period not exceeding six months, commencing January 1, 1908, at a rental at the rate of ten hundred and ten dollars (\$1,010) per annum, and the Comptroller be and is hereby authorized to pay the said rental without the necessity of entering into a lease.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Corporation Counsel, relative to a new lease and the renewal of a lease of premises in the Mercantile Building, No. 44 East Twenty-third street, Borough of Manhattan:

NEW YORK, December 30, 1907.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I respectfully request that the Commissioners of the Sinking Fund authorize a lease of rooms Nos. 1117 and 1118 on the eighth floor of the building known as the Mercantile Building, situated on the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for the use of the Law Department, for a term of two years from May 1, 1908, at an annual rental of \$1,400; lessor, Island Realty Company, No. 949 Broadway, R. G. Babbage, President. The lessor is to furnish light, heat, elevator and janitor service, and also to make such changes in the spacing, by way of changing partitions, as may be desired by this Department.

I also request that a separate resolution be passed authorizing a lease from the same lessor of rooms Nos. 317 and 318 on the third floor of the same building, for a term of two years, from May 1, 1908, for the use of the Law Department, at an annual rental of \$1,400, upon the same conditions as set forth above.

These premises are greatly needed by the Tenement House Bureau of this Department, for the reason that during the year 1907 that branch took over the legal work of the Bureaus of Buildings of the Boroughs of The Bronx, Brooklyn, Queens and Richmond, and even before the taking over of that work, the Bureau was very much in need of additional space.

The offer of rental is deemed to be reasonable, and it gives the Bureau an opportunity to enlarge its quarters without moving to some locality distant from the Tenement House Department and the Bureau of Buildings of the Borough of Manhattan, which are situated in the same building, and between which departments the Tenement House Bureau is in constant communication.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

In connection therewith the Comptroller presented the following report and offered the following resolution:

January 3, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—George L. Sterling, Acting Corporation Counsel, in a communication addressed to the Commissioners of the Sinking Fund, under date of December 30, 1907, requests that the Commissioners of the Sinking Fund authorize a lease of rooms Nos. 1117 and 1118 on the eleventh floor of the Mercantile Building, southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for the use of the Law Department for a term of two years from May 1, 1908, at an annual rental of \$1,400, payable quarterly; the lessor to furnish heat, light, elevator and janitor service, and also to make such changes in the spacing by way of changing partitions as may be desired by the Law Department.

He also requests that the City's present existing lease of the rooms Nos. 317 and 318 on the third floor of the same building, which will expire May 1, 1908, be renewed for a period of two years from that date at the present rental of \$1,400 a year and upon the same conditions as set forth above. Lessor, the Island Realty Company, No. 949 Broadway, R. G. Babbage, President.

These additional premises, he states, are greatly needed by the Tenement House Bureau of the Law Department, for the reason that during the year 1907 that branch took over the legal work of the Bureau of Buildings for the Boroughs of The Bronx, Brooklyn, Queens and Richmond, and even before such taking over of that work the Bureau was very much in need of additional space.

After an examination, I have to report that the rooms Nos. 1117 and 1118 on the eleventh floor of the Mercantile Building together constitute one large room about 22 by 58 feet, and is the same in size and floor location as the rooms Nos. 317 and 318 on the third floor, now occupied by the Law Department. These two leases are made to expire May 1, 1910, so that all the City leases in that building, both for the Tenement House and the Law Department, will expire at the same time.

The rental asked being fair and reasonable, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the two rooms Nos. 1117 and 1118 on the eleventh floor of the Mercantile Building, southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for the use of the Law Department, for a term of two years from May 1, 1908, at an annual rental of \$1,400, payable quarterly; the lessor to furnish light, heat, elevator and janitor service, and also to make such changes in the spacing by way of changing partitions as may be desired by the Law Department. I would further respectfully recommend that at the same time the Commissioners of the Sinking Fund authorize a renewal of the present existing lease of rooms Nos. 317 and 318 on the third floor of the Mercantile Building, for a period of two years from May 1, 1908, at an annual rental of \$1,400, payable quarterly; the lessor to furnish heat, light, elevator and janitor service, and upon the same terms and conditions as contained in the existing lease. Lessor, the Island Realty Company, R. G. Babbage, President.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Island Realty Company, R. G. Babbage, President, of the two rooms Nos. 1117 and 1118 on the eleventh floor of the Mercantile Building, at the southwest corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for use of the Law Department, for a term of two years from May 1, 1908, at an annual rental of fourteen hundred dollars (\$1,400), payable quarterly; the lessor to furnish light, heat, elevator and janitor service, and also to make such changes in the spacing by way of changing partitions as may be desired by the Law Department; and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, from the Island Realty Company, of rooms Nos. 317 and 318 on the third floor of the Mercantile Building, at the southeast corner of Twenty-third street and Fourth avenue, Borough of Manhattan, for use of the Law Department, for a period of two years from May 1, 1908, at an annual rental of fourteen hundred dollars (\$1,400), payable quarterly; the lessor to furnish light, heat, elevator and janitor service, and upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The following communication was received from the Department of Water Supply, Gas and Electricity, relative to a renewal of the lease of premises at No. 31 Perry street, Borough of Manhattan:

December 20, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund, New York City:

SIR—Application is herewith made for the execution of a renewal of the lease to the City of the third loft of the premises No. 31 Perry street, Borough of Manhattan, for use of the Department of Water Supply, Gas and Electricity, for a period of one year from December 31, 1907, at an annual rental of nine hundred dollars (\$900), payable monthly.

Otherwise upon the same terms and conditions as contained in the existing lease. Lessor, John Kane.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Approved:

In connection therewith the Comptroller presented the following report and offered the following resolution:

December 28, 1907.

The rent being the same as heretofore paid, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the renewal of the lease of the third loft of the premises No. 31 Perry street, Borough of Manhattan, for the use of

the Department of Water Supply, Gas and Electricity, for a period of one year from December 31, 1907, at an annual rental of \$900, payable quarterly, and upon the same terms and conditions as contained in the existing lease. Lessor, John Kane.

Respectfully submitted for approval,

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City, of the third loft of premises No. 31 Perry street, Borough of Manhattan, for the use of the Department of Water Supply, Gas and Electricity, for a period of one year from December 31, 1907, at an annual rental of nine hundred dollars (\$900), payable quarterly, and on the same terms and conditions as contained in the existing lease; lessor, John Kane; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communications were received from the Department of Street Cleaning, relative to a lease of a plot of ground on the north side of Forty-eighth street, 100 feet east of Second avenue, Borough of Brooklyn:

September 12, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Commissioners of the Sinking Fund:

DEAR SIR—I request the consent and approval of your Board, pursuant to section 541 of the Charter, for a lease from Moses Monday and Joseph Monday (of No. 270 Hooper street, Brooklyn), of a rectangular plot of ground on the north side of Forty-eighth street, 100 feet east of Second avenue, in the Borough of Brooklyn, being 140 feet front on Forty-eighth street by 100 feet in depth, for the use of this department as a yard for the storage of carts and similar purposes, for a term of three years beginning the 1st day of October, 1907, at the annual rental of eight hundred and forty dollars (\$840), payable quarterly, it being understood that the City will erect and maintain at its own expense all such fences as may be necessary and will also at its own expense do whatever grading and leveling may be necessary and will also furnish at its own expense whatever water shall be used by this department during the term of the lease and that the lessor will pay all the taxes, ground water taxes and assessments during said term.

The purpose of this contract is to furnish a yard in place of the yard now occupied on the north side of Forty-ninth street, between Third and Fourth avenues, leased from the Abels, Gold Realty Company, the owners of which ask (in case of a renewal for a term of three years), \$1,200 for the first year and \$1,500 for the two succeeding years.

Respectfully,

WALTER BENDEL, M. D., Commissioner.

December 21, 1907.

Hon. HERMAN A. METZ, Comptroller, Department of Finance:

SIR—Two propositions for leases for yards for the use of this Department are now under consideration by the Board of Sinking Fund Commissioners and have, I understand, been referred to you.

One is for the lease of a plot of ground 100 feet by 140 feet on the north side of Forty-eighth street, near Second avenue, in the Borough of Brooklyn; the other is for a plot of ground consisting of four (4) lots on the north side of East One Hundred and Twenty-first street, near Pleasant avenue, in the Borough of Manhattan.

Each of these plots is intended to be substituted for plots of ground for which leases expired on October 1, 1907, and the intention of these new leases was to secure to the City similar plots of ground at less rent than the City would have to pay for the leases of the other plots if the same had been renewed.

The department does not intend in either case to construct any buildings, but to use these plots of ground as storage yards for carts and the like belonging to the department.

In each case the owner is naturally anxious and desirous of knowing what disposition to City is going to make of his proposition to lease and I request, therefore, that for all these reasons immediate action be taken, if possible, by the Sinking Fund Commissioners.

Respectfully,

FOSTER CROWELL, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

November 14, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Walter Bense, Commissioner of the Department of Street Cleaning, requests the consent and approval of the Commissioners of the Sinking Fund to a lease from Moses Monday and Joseph Monday of a certain plot of ground on the north side of Forty-eighth street, 100 feet east of Second avenue, Borough of Brooklyn, being 140 feet in width on Forty-eighth street by 100 feet in depth, for the use of his Department as a yard for the storage of carts and for similar purposes, for a term of three years, beginning October 1, 1907, at an annual rental of \$840, payable quarterly, it being understood that the City will erect and maintain at its own expense all such fences as may be necessary, and will also, at its own expense, do whatever grading and leveling that may be necessary, and will also furnish at its own expense whatever water shall be used by his Department during the term of the lease; and that the lessor will pay all the taxes, ground water taxes and assessments during said term.

The purpose of this lease is to furnish a yard in place of the yard now occupied by the Department on the south side of Forty-ninth street, between Third and Fourth avenues, leased from the Abels-Gold Realty Company, the owners of which ask, in case of renewal for a term of three years, \$1,200 for the first year and \$1,500 per annum for the two succeeding years.

An examination of the premises desired to be leased by the Commissioner of the Department of Street Cleaning shows that the same is a plot of ground 140 by 100 feet, assessed at \$4,900 for the purposes of taxation, and is worth about \$10,000. The rent asked on a three-year lease, \$840 per annum, is not excessive.

The City has under lease a large stable property on a plot 100 by 100 feet on the westerly side of Fourth avenue, between Forty-eighth and Forty-ninth streets. The original lease was made for ten years, with a renewal for an additional years at the same rental. This property is taken in conjunction with the stable property.

I would respectfully recommend that the Commissioners of the Sinking Fund approve of the request of the Commissioner of the Department of Street Cleaning and authorize a lease from Moses Monday and Joseph Monday, of No. 270 Hooper street, Brooklyn, N. Y., of a plot of ground 140 by 100 feet, situated on the north side of Forty-eighth street, 100 feet east of Second avenue, Borough of Brooklyn, for the use of his Department as a yard for the storage of carts and for similar purposes, for a term of three years from the date of occupation, at an annual rental of \$840, payable quarterly; the City to erect and maintain at its own expense all such fences as may be necessary, and also at its own expense to do whatever grading and leveling that may be necessary, and also to furnish at its own expense whatever water shall be used by the Department during the term of the lease; the lessor to pay all taxes, assessments and ground water rates levied during the term of the lease.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from Moses Monday and Joseph Monday, of a plot of ground 140 by 100 feet,

situated on the north side of Forty-eighth street, 100 feet east of Second avenue, in the Borough of Brooklyn, for use as a yard for the storage of carts and for similar purposes, for a term of three years from the date of occupation, at an annual rental of eight hundred and forty dollars (\$840), payable quarterly; the City to erect and maintain at its own expense all such fences as may be necessary, and also at its own expense to do whatever grading and leveling that may be necessary; also to furnish at its own expense whatever water may be necessary to be used by the Department during the term of the lease; the lessor to pay all taxes, assessments and ground water rates levied against the property during the term of the lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolutions relative to the leasing of rooms in the Tribune Building, in Printing House square, for use of the Public Service Commission of the First District:

December 28, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—The old Rapid Transit Railroad Commissioners formerly occupied rooms under lease in the building No. 320 Broadway, Borough of Manhattan. By the provisions of chapter 429 of the Laws of 1907, the Public Service Commission of the First District of the State of New York succeeded to the duties of the Rapid Transit Commission and entered into possession of the rooms in the building No. 320 Broadway. Subsequently thereto it was found that the rooms occupied were not adequate for the needs of the Commission, and arrangements were made with the Tribune Association whereby rooms were provided suitable to their needs in the Tribune Building, Printing House square, and leases were entered into between the Public Service Commission and the Tribune Association, one dated July 18, 1907, requiring the payment of the sum of \$34,700 annually for the use of all the available office rooms and floor space upon the fourteenth floor, and rooms 2000 to 2024, inclusive, upon the twentieth floor; rooms 1900, 1902, 1908, 1909, 1910 and 1911, on the nineteenth floor, and the large and small "hearing rooms" on the third floor, which formerly consisted of rooms 305 to 310, inclusive, to be used and occupied as offices of said Commissioners and of the departments of said Commission, and for no other purpose, for the term of four years from September 1, 1907, at noon, to September 1, 1911, at noon, at the annual rental hereinbefore mentioned, to be paid in equal monthly payments on the last day of each and every month, the lease to contain a privilege to the Public Service Commission to renew the same for an additional period of one year, at the same annual rental, on giving ninety days' prior notice in writing. The lease also to contain the usual clauses found in leases of office buildings, and upon the execution of the lease, the Tribune Association agrees to assume the payment of the rent of the premises No. 320 Broadway until the expiration of the lease then in force, that is to say, from September 1, 1907, to February 1, 1908, upon their being subrogated to all the rights of the old Rapid Transit Railroad Commission as lessor, and as a tenant of said premises.

There is also a clause in the lease that if the "hearing rooms" on the third floor shall prove unsatisfactory for the purpose of the business of the Commission, the Tribune Association will, upon reasonable notice, make the necessary alterations and substitute therefor as the "hearing rooms" of said Commission rooms 1808, 1809, 1810 and 1811 on the eighteenth floor, and rooms 1909 and 1910 upon the nineteenth floor, and for the additional floor space so included in such substitution, an additional amount of \$400 per annum shall be paid by the Public Service Commission in the same manner as the other rent.

On or about the 17th day of October, the Public Service Commission entered into an additional lease with the Tribune Association for rooms on the twelfth floor, known by the numbers 1200, 1207, 1208, 1209, 1210 and 1211, inclusive, for the same period as the lease of July 18, at an annual rental of \$4,275, payable monthly, with the privilege of renewal for an additional year upon giving ninety days' notice in writing.

The second lease contains the same clauses as the first lease, the Tribune Association in both leases agreeing to furnish light, heat, elevator and janitor service. The heat to be supplied from the 15th day of October in each year to the 15th day of May following, and to have in operation in the building steam passenger elevators, to be run during every day and at all hours required by the business of said Commission.

This would make a total expenditure of \$38,975 annually, with the possibility of an additional \$400 rent on the rearrangement of the "hearing rooms."

I find on examination that there is a different rate of rentals on the various floors of the Tribune Association Building. Rooms fronting on Nassau street rent at \$2.25 a square foot; on Spruce and Frankfort streets at \$2 a square foot, and on the court at \$1.75 a square foot, to tenants occupying rooms in the building, but the price named to the Public Service Commission for rent in this building is slightly under these figures, on account of the large amount of floor space that the Public Service Commission takes, as the following will show:

Floor.	Offices.	Square Feet of Space.	Rent.	Rate per Square Foot.	Rate to Others.
Third.....	"Hearing Rooms".....	1,875	\$3,000 00	\$1 61½	{ \$1 75 2 00
Twelfth.....	Rooms	2,485	4,275 00	1 71	{ 1 50 1 75 2 00
Fourteenth (all)...	Rooms	9,251	16,500 00	1 49	{ 1 75 2 00 2 25
	Corridors	2,100			
	(Rooms without corridors average \$1.78½.)				
Nineteenth.....	Rooms	2,532	4,200 00	1 63	{ 1 75 2 00 2 25
Twentieth.....	Rooms	6,415	11,000 00	1 53	{ 1 75 2 00 2 25
	Corridors	769			
	(Rooms without corridors average \$1.71¼.)				
Total number of square feet.....					25,409
Total rental					\$38,975 00

The rent charged being reasonable and just for the rooms occupied and the services rendered, I would respectfully recommend that the Commissioners of the Sinking Fund approve of the entering into of a lease by the Public Service Commission with the Tribune Association of all the available floor space on the fourteenth floor; rooms 2000 to 2024, inclusive, on the twentieth floor; rooms 1900, 1902, 1908, 1909, 1910 and 1911 on the nineteenth floor; rooms 305 to 310, inclusive, on the third floor, in the building known as the Tribune Building, New York City, to be used as offices for said Commissioners and of the Departments of said Commission, and for no other purpose, for the term of four years, from September 1, 1907, at noon, to September 1, 1911, at noon, at an annual rental of \$34,700, payable in equal monthly payments on the last day of each month, with the privilege of renewal for an additional year upon giving ninety days' notice in writing; the lessors to furnish light,

heat, elevator and janitor service, the Tribune Association consenting to assume the payment of the rent of the premises No. 320 Broadway, Borough of Manhattan, for a period from September 1, 1907, to February 1, 1908.

I would further respectfully recommend that the Commissioners of the Sinking Fund approve of the entering into of a lease by the Public Service Commission with the Tribune Association of rooms 1200, 1207, 1208, 1209, 1210 and 1211, inclusive, on the twelfth floor of the Tribune Building for a term of three years and ten months, from November 1, 1907, at noon, to September 1, 1911, at noon, at an annual rental of \$4,275 payable in equal monthly payments on the last day of each month, with the privilege of renewal for an additional year, upon giving ninety days' notice in writing; the lessors to furnish light, heat, elevator and janitor service.

Respectfully submitted for approval,

MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Public Service Commission of the First District of the State of New York, of a lease to the City from the Tribune Association, of rooms 1200, 1207, 1208, 1209, 1210, 1211, inclusive, on the twelfth floor of the Tribune Building, for a term of three years and ten months, from November 1, 1907, at noon, to September 1, 1911, at noon, at an annual rental of four thousand two hundred and seventy-five dollars (\$4,275), payable in equal monthly payments on the last day of each month, with the privilege of renewal for an additional year upon giving ninety days' notice in writing; the lessors to furnish light, heat, elevator and janitor service; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Public Service Commission of the First District of the State of New York of a lease to the City from the Tribune Association of all the available office rooms and floor space on the fourteenth floor; rooms 2000 to 2024, inclusive, on the twentieth floor; rooms 1900, 1902, 1908, 1909, 1910 and 1911 on the nineteenth floor; rooms 305 to 310, inclusive, on the third floor, in the building known as the Tribune Building, New York City, to be used as offices for said Commissioners and of the Departments of said Commission, and for no other purpose, for the term of four years, from September 1, 1907, at noon, to September 1, 1911, at noon, at an annual rental of thirty-four thousand seven hundred dollars (\$34,700), payable in equal monthly payments on the last day of each month, with the privilege of renewal for an additional year upon giving ninety days' notice in writing; the lessors to furnish light, heat, elevator and janitor service, the Tribune Association consenting to assume the payment of the rent of the premises No. 320 Broadway, Borough of Manhattan, for a period from September 1, 1907, to February 1, 1908; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented a report relative to the leasing of a building to be erected upon property adjoining the corner of Twombly place and Standard place, Jamaica, Borough of Queens, for the use of the Department of Taxes and Assessments and the Department of Finance, which was laid over until the next meeting.

The Comptroller presented the following report and offered the following resolutions, relative to a lease of premises No. 113 Schermerhorn street, Borough of Brooklyn, for the use of the Sheriff of Kings County, and the designation of same as the common jail of Kings County, for the accommodation of prisoners detained by civil process held in the custody of the Sheriff:

January 2, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—An Act known as chapter 637 of the session Laws of 1907, to amend the Greater New York Charter, relative to the Department of Correction and the institutions under the jurisdiction of the Commissioner, and to transfer the jail buildings in Kings County from the custody of the Sheriff to the Commissioner of Correction, was passed and became a law with the approval of the Governor on July 19, 1907, and accepted by the City, to wit:

"The people of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 695 of the Greater New York Charter, as re-enacted by chapter 466 of the Laws of 1901, is hereby amended to read as follows:

INSTITUTIONS UNDER THE JURISDICTION OF THE COMMISSIONER.

Section 695 The Commissioner shall have jurisdiction over, and it shall be his duty to take charge of and manage, all institutions for the care and custody of criminals and misdemeanants which belong to or shall be hereafter acquired by The City of New York except the House of Refuge, the House of Detention of witnesses, the Brooklyn Disciplinary Training School for Boys, incorporated societies for the prevention of cruelty to children and such places for the detention of prisoners or persons charged with crime as are by law placed under the charge of some other Department, board or officer. The buildings now used as jails in the County of Kings are hereby placed under the control and authority of the Commissioner; and all prisoners other than those detained by civil process, who by law are committed to the custody of the Sheriff of Kings County, are hereby placed in the custody of the Commissioner. The Commissioner shall have power to transfer prisoners from any prison under his control to any other prison under the jurisdiction of the Department of Correction. The Commissioners of the Sinking Fund shall, as provided in section 205, designate and set aside any portion of these buildings or any other suitable buildings as common jails for the accommodation of prisoners detained by civil process held in the custody of the Sheriff, and such portions of buildings or other suitable buildings so designated and set aside shall be and remain under the separate control of the Sheriff of the County aforesaid. * * *

It will be noted that the Commissioners of the Sinking Fund shall, as provided in section 205, designate and set aside any portion of these buildings, or any other suitable building, as a common jail for the accommodation of prisoners detained by civil process, held in the custody of the Sheriff, and such portions of buildings or other suitable buildings so designated and set aside shall be and remain under the separate control of the Sheriff of the County aforesaid.

You will observe that under the above provisions the Sheriff of Kings County will be without an official place for the proper custody of civil prisoners on and after January 1, 1908, and he being desirous of establishing an executive office and place for said prisoners in close proximity to the other County and Borough offices, for the convenience of the general public, is desirous, after looking over the neighborhood thoroughly, that a lease be made of the premises known as No. 113 Schermerhorn street, being a three-story, basement and cellar brick building with a two story and basement extension, containing thirteen rooms and bath, at an annual rental of \$1,200, for a period of five years, with the privilege of renewal for an additional five years; the City to make all changes and repairs, painting, plumbing, etc., and pay all water charges during the term of the lease.

After an examination of the premises, it appears that the same is a three-story, basement and cellar brick building, with a two-story and basement extension, on the north side of Schermerhorn street, between Boerum place and Smith street, Borough of Brooklyn. The building is in a very good condition, and the rent asked, \$1,200 a year, is, in my opinion, fair and reasonable.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease, for the use of the Sheriff of Kings County, of the premises No. 113 Schermerhorn street, Borough of Brooklyn, for a period of five years from January 1, 1908, with the privilege of renewal for an additional five years upon the

same terms and conditions, at an annual rental of \$1,200, payable quarterly, the City to make all changes and repairs, painting, plumbing, etc., and to pay all water charges. Lessor, James B. Dewson.

Respectfully submitted for approval,

THOMAS F. BYRNES,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from James B. Dewson, of premises No. 113 Schermerhorn street, Borough of Brooklyn, for the use of the Sheriff of Kings County, for a period of five years from January 1, 1908, with the privilege of renewal for an additional five years upon the same terms and conditions, at an annual rental of twelve hundred dollars (\$1,200), payable quarterly; the City to make all changes and repairs, painting, plumbing, etc., and to pay all water charges; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby designate the premises known as No. 113 Schermerhorn street, in the Borough of Brooklyn, as the executive offices of the Sheriff of Kings County and as the common jail of Kings County for the accommodation of prisoners detained by civil process held in the custody of the Sheriff.

H. A. METZ, Comptroller.

The bill having been approved by the Chief Engineer of the Department of Finance and by the Comptroller, the following resolution was offered for adoption:

Resolved, That the Commissioners of the Sinking Fund hereby concur in so much of the resolution adopted by the Armory Board at meeting held December 9, 1907, as relates to the bill of Lord & Hewlett, architects, amounting to forty-five dollars (\$45), for professional services in connection with extra work, Second Battalion, Naval Militia, armory, Borough of Brooklyn, and that the Comptroller be and is hereby authorized to pay the same.

Which resolution was unanimously adopted.

The following opinion was received from the Corporation Counsel relative to chapter 740 of the Laws of 1907, being an act to authorize the City to sell or lease the old Tompkins Market to the Trustees of Cooper Union. This opinion was requested by the Commissioners at meeting held November 13, 1907 (see Minutes, 1907, pages 1008 and 1264):

The matter of the proposed lease of Tompkins Market to the Trustees of Cooper Union was referred to a Select Committee consisting of the Comptroller, the Chamberlain and the President of the Board of Aldermen at meeting held September 20, 1907, and the opinion was referred to the Select Committee:

December 21, 1907.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I am in receipt of the communication of your Secretary, dated November 13, 1907, which reads:

"At a meeting of the Commissioners of the Sinking Fund, held on the 13th inst., the following resolution was adopted:

"Resolved, That the Corporation Counsel be and is hereby requested to advise the Commissioners of the Sinking Fund whether or not chapter 740 of the Laws of 1907, being an act to authorize The City of New York to sell or lease to the Cooper Union for the Advancement of Science and Art, the block of ground in said City bounded by Third avenue, East Sixth street, East Seventh street and Hall place, with the building thereon, requires the Commissioners of the Sinking Fund to sell or lease the said property without public auction, as provided by section 205 of the amended Greater New York Charter."

"Will you kindly advise the Commissioners, as requested in said resolution."

Chapter 740 of the Laws of 1907 is entitled "An act to permit The City of New York to sell or lease to the Cooper Union for the Advancement of Science and Art the block of ground in said City bounded by Third avenue, East Sixth street, East Seventh street and Hall place, with the building thereon."

Section 3 provides:

"All acts heretofore passed inconsistent with the provisions hereof are, so far as they relate to the said block of ground, hereby repealed."

In my opinion the law contemplates that the property in question shall be sold or leased without public auction, provided the Commissioners of the Sinking Fund act under chapter 740 of the Laws of 1907, referred to in the communication.

Respectfully yours,

G. L. STERLING,
Acting Corporation Counsel.

The Chairman of the Finance Committee of the Board of Aldermen suggested that the committee, before acting on this matter, look into the question of the necessity of providing quarters for the new Municipal Courts in the district, which are now housed in unsatisfactory buildings, at great expense to the City, and discussion was had in regard to the matter.

The following petition was received from Samuel Aronoff for a release or quitclaim of the City's interest in a portion of the old Hunterfly road, Borough of Brooklyn:

September 26, 1907.

Mr. R. B. JORDAN, Comptroller's Office, No. 256 Broadway, New York:

DEAR SIR—In the matter of the application of Samuel Aronoff, "No. 9231, Real Estate." The description of the property which I desire to have released by the City is as follows:

All that certain plot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows, to wit:

Beginning at the corner formed by the intersection of the westerly side of Chester street with the southerly side of Hunterfly road; running thence northwesterly along the said southerly side of Hunterfly road 111 feet; thence northerly and parallel with the westerly side of Chester street 36 feet 7½ inches; thence southeasterly, parallel with the southerly side of Hunterfly road, 111 feet, and thence southerly 36 feet 7½ inches to the point or place of beginning.

All that certain plot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows, to wit:

Beginning at the corner formed by the intersection of the easterly side of Chester street and the southerly side of Hunterfly road; running thence southeasterly along the said southerly side of Hunterfly road 111 feet; thence northerly, parallel with Chester street 36 feet 7½ inches; thence northwesterly and parallel with the southerly side of Hunterfly road 111 feet; thence southerly 36 feet 7½ inches to the point or place of beginning.

This property is situated in Section 12, Blocks 3559 and 3560, respectively. The premises are not designated on the tax maps by any lot number.

Very truly yours,

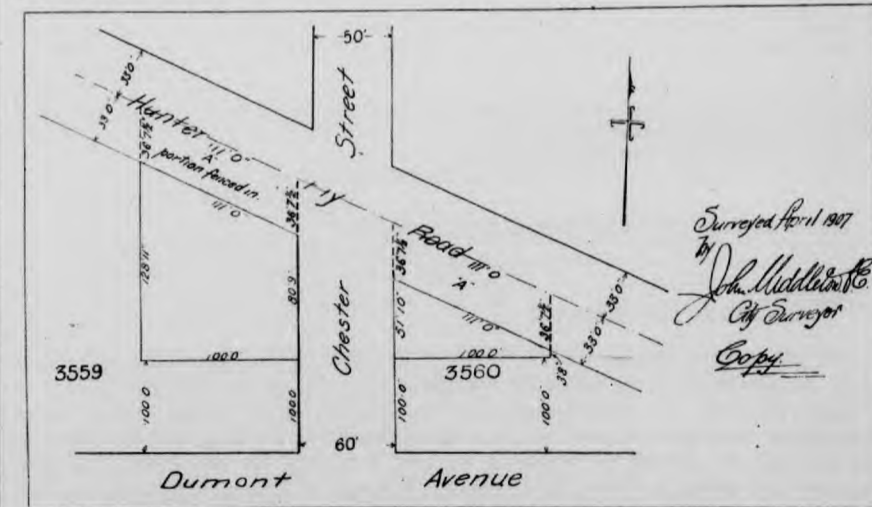

SIDNEY A. CLARKSON.

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

The petition of Samuel Aronoff respectfully shows:

That the Brownsville Association, a New York corporation, by two certain deeds bearing date respectively, the 10th day of July, 1906, and the 15th day of April, 1907, conveyed to your petitioner the following described property, shown on the annexed diagram.

Parcel I. All that certain plot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn, of The City of New York, County of Kings and State of New York, bounded and described as follows, to wit: Beginning at a point on the west side of Chester street, distant 100 feet northerly from the northwesterly corner of Chester street and Dumont avenue; running thence westerly and parallel with Dumont avenue, 100 feet, thence northerly and parallel with Chester street, 128 feet 11 inches, to the southerly side of Hunterfly road; thence along the said southerly side of Hunterfly road, 111 feet to the westerly side of Chester street, and thence southerly along the said westerly side of Chester street, 80 feet 9 inches, to the point or place of beginning.

Together with all the right, title and interest of the said Brownsville Association of, in and to the said Hunterfly road, lying in front of and adjoining said premises to the centre line thereof.

Parcel II. Beginning at a point on the easterly side of Chester street, distant 100 feet northerly from the corner formed by the intersection of the easterly side of Chester street with the northerly side of Dumont avenue; running thence easterly parallel with Dumont avenue, 100 feet, to the centre line of the block between Chester street and Rockaway avenue; running thence northerly along said centre line of said block, 3 feet 8 inches to the southerly side of Hunterfly road; thence northwesterly, along the southerly side of Hunterfly road 111 feet to the easterly side of Chester street; thence southerly along the easterly side of Chester street, 51 feet 10 inches to the point or place of beginning.

Also all the right, title and interest of the said Brownsville Association of, in and to Hunterfly road, lying in front of, and adjoining said premises to the centre line thereof.

That your petitioner is now in possession of said premises and is the absolute owner of the same in fee simple, and your petitioner's predecessors in title have for years been in possession of the same.

That the said premises abut the old Hunterfly road on the southerly side thereof and that portion of said road is marked "A" on said diagram.

Upon information and belief, that the Hunterfly road at this point has not been used as a public highway for over thirty years.

That portions of the road in the neighborhood of the premises above described have long been enclosed and occupied by owners of adjoining lots, and that the late City of Brooklyn, and its successors, The City of New York, have released their interest in a greater part thereof, in that locality, to the abutting owners for a nominal consideration, upon their application therefor.

That the interests of The City of New York in that portion of said road which adjoins the premises herein described, is not of substantial value, and your petitioner is informed and believes that in an application similar to this the City has appraised its like interest at a nominal sum.

Therefore your petitioner prays that all the right, title and interest of The City of New York in and to such parts or portions of the old Hunterfly road as abut on the premises above described to the centre line thereof, and marked on annexed diagram as "A," may be offered for sale according to law, and that the interest of The City of New York herein, and the expenses of such sale, examination of conveyances, etc., be appraised and fixed.

SAMUEL ARONOFF, Petitioner.

Dated, Brooklyn, N. Y., May 17, 1907.

State of New York, County of Kings, City of New York, Borough of Brooklyn, ss.:

Samuel Aronoff, being duly sworn, says that he is the petitioner in this action; that he has read the foregoing petition, and knows the contents thereof; and that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

SAMUEL ARONOFF.

Sworn to before me this 17th day of May, 1907.

CHAS. H. SCHWARTZMAN, Commissioner of Deeds, City of New York, residing in the Borough of Brooklyn.

In connection therewith the Comptroller presented the following report:

December 19, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—Samuel Aronoff, through Sidney A. Clarkson, attorney, last May filed a petition addressed to the commissioners of the Sinking Fund, asking for a release of the City's interest in a portion of the old Hunterfly road. A diagram of the property is attached hereto and the property is particularly described below.

A few days after the application was filed, I personally visited the property and walked over it.

Mr. Aronoff, through his attorney, was requested to make an offer for the property. He first offered \$200, and later \$300, neither of which were accepted, for the reason that a substantial sum, approximating the value of the property, was required.

After that there was no further development until December 17, 1907. On that date I personally went over the Hunterfly road for a considerable distance in order to become more familiar with the actual physical conditions as they exist. I was amazed to find that the piece of road shown on the easterly side of Chester street by the diagram was fenced in and the property piled high with building materials. That portion of the road immediately to the northeast of and adjoining this piece was also inclosed and used for storage purposes, but that land was not included in the Aronoff petition.

The occupant of the premises, known as the Empire House Wrecking Company, Nos. 251 to 261 Bristol street, has been there since last July, according to a statement made to me by Mr. Ruben Einstein, who is interested in the concern. Upon being questioned as to how the firm secured possession of the road, he said that the portion fronting on Bristol street was conveyed by deed, the details of which he said he did not remember. As to the portion in the rear, he said that representatives of Mr. Aronoff had told him that while Aronoff had no title to the property, the City was going to give it to him. And so the Commissioners of the Sinking Fund were relieved of the trouble of exercising their legal functions, and the petitioner acted for them by fencing in the property and giving another license to use it.

If such arrogant disregard of the law, the City and the rules of common decency is to go unpunished, applications to the Commissioners of the Sinking Fund will become a jest, and the people will do as they please with City property.

The property for which release is sought is described as follows:

All that certain plot, piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows, to wit:

Beginning at the corner formed by the intersection of the westerly side of Chester street with the southerly side of Hunterfly road; running thence northwesterly along said southerly side of Hunterfly road 111 feet; thence northerly and parallel with the westerly side of Chester street 36 feet 7½ inches; thence southeasterly parallel with the southerly side of Hunterfly road 111 feet, and thence southerly 36 feet 7½ inches to the point or place of beginning; also

Beginning at the corner formed by the intersection of the easterly side of Chester street and the southerly side of Hunterfly road; running thence southeasterly along the said southerly side of Hunterfly road 111 feet; thence northerly parallel with Chester street 36 feet 7½ inches; thence northwesterly and parallel with the southerly side of Hunterfly road 111 feet; thence southerly 36 feet 7½ inches to the point or place of beginning.

In view of the foregoing, I most urgently recommend that the application be denied.

Respectfully submitted for approval,

ROBERT JORDAN, Examiner.

H. A. METZ, Comptroller.

On motion, the application was denied, as recommended in the report.

The Comptroller presented the following report and offered the following resolution relative to a lease of premises at Nos. 106 to 110 Court street, Borough of Brooklyn, for the use of the First District Municipal Court:

January 2, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—By an act of the Legislature known as chapter 603 of the Laws of 1907, which became a law July 18, 1907, with the approval of the Governor, for the purpose of providing for the reorganization of the Municipal Courts in The City of New York, changes in the districts and in the practice therein, in the Clerk, to regulate the salaries of the Justices thereof, and there was an additional Justice provided for the First District in the Borough of Brooklyn as now constituted, and by section 15 of said act the Commissioners of the Sinking Fund were required to provide by purchase, lease or otherwise, quarters for the court in said district, and the Comptroller of said City, without the concurrence of any board, officer or authority, shall provide the necessary funds for the purposes aforesaid, by the sale of Revenue Bonds of said City, to the end that the payment of the increased salaries and other expenses of said court may be fully provided for and equipped for full and effective operation on January 1, 1908.

The lease of the present First District Court, located on the second floor and in five rooms on the third floor of Nos. 108 and 110 Court street, was approved by the Commissioners of the Sinking Fund June 5, 1907, and runs for a period of five years from February 1, 1907, at an annual rental of \$3,000. The amount of space so occupied is 5,520 square feet, or at about 55 cents a square foot.

It was proposed by the Justice to lease the store floor under the present court room for an additional part of said court and to provide suitable stairways connecting the two courts. The premises proposed to be leased are 28 feet 6 inches wide by 72 feet deep, and contain about 2,052 square feet. Partitions that are now standing in the rear of the store to be removed, side walls and ceilings to be painted, fixtures and wiring for the introduction of electric lights to be installed, a suitable stairway to be constructed connecting the court room on this floor with the court room on the second floor; front and rear sashes to be so arranged so as to supply all possible daylight and ventilation; the City to furnish the heat, gas or electric light as it does on the second floor, and also to provide for the Judge's bench, seats for the litigants and

furnishings suitable for court room purposes. This the owner informs me will cost about \$1,200.

I am of the opinion that the price of \$1,900 per annum for a five-year lease, or at about 92 cents per square foot, would be fair and reasonable for the use of this store floor and the alterations and repairs which must be made to make it suitable for court purposes.

I would respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution that upon the surrender and cancellation of the lease authorized by the Commissioners of the Sinking Fund at a meeting held June 5, 1907, for the use of the second floor and a portion of the third floor of the premises Nos. 108 and 110 Court street, Borough of Brooklyn, that the Comptroller be directed to enter into a lease with Joseph D. Willis of the rooms now occupied by the First District Municipal Court, consisting of the second floor and five rooms on the third floor of the building Nos. 106, 108 and 110 Court street, corner of State street, Borough of Brooklyn, containing 5,520 square feet, and for the store floor, size 28 feet 6 inches by 72 feet, of the premises Nos. 104 and 106 Court street, containing about 2,052 square feet; the owner to make all alterations and repairs necessary to fit the building for court room purposes, and to build a stairway connecting the store floor with the first floor above, now occupied as a court room; to furnish stoves for heating purposes and to furnish all fixtures and wiring for the introduction of electric light or gas; said lease to run for a period of five years from the date of occupation of the new court room with the old, at an annual rental of \$4,900, payable quarterly; the City to furnish heat and gas or electric light, also to provide furniture suitable to fit the rooms for court purposes. The owner to keep the building in repair. Lessor, Joseph D. Willis.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from Joseph D. Willis, of the second floor and five rooms on the third floor of the building Nos. 106, 108 and 110 Court street, corner of State street, Borough of Brooklyn, containing 5,520 square feet, and the store floor of premises Nos. 104 and 106 Court street, size 28 feet 6 inches by 72 feet, containing about 2,052 square feet, for use of the First District Municipal Court, for a period of five years from the date of occupation of the new court room with the old, at an annual rental of four thousand nine hundred dollars (\$4,900), payable quarterly; the owner to make all alterations and repairs necessary to fit the building for court room purposes, and to build a stairway connecting the store floor with the first floor above, now occupied as a court room, to furnish stoves for heating purposes and to furnish all fixtures and wiring for the introduction of electric light or gas, and to keep the building in repair; the City to furnish heat and gas or electric light and provide furniture to fit the rooms for court purposes. The lease to contain a clause providing for the cancellation and surrendering of the existing lease authorized by the Commissioners of the Sinking Fund, at meeting held June 5, 1907, of the second floor and a portion of the third floor of premises Nos. 108 and 110 Court street, Borough of Brooklyn, for the use of the First District Municipal Court, upon the execution and delivery of this lease; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same, when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following was received from the Department of Health, relative to a lease of premises corner of Franklin and Washington streets, Borough of Manhattan:

NEW YORK, December 19, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund, City of New York:

SIR—Enclosed you will find a copy of a communication submitted to the Board of Health by the Supervising Inspector of Foods of this Department, relative to the establishment of a sub-office in the heart of the food district; also a resolution adopted by the Board at a meeting held December 18, 1907, requesting authority to provide such quarters for the Supervising Inspector as may be necessary for the purpose stated in the report, which you are respectfully requested to submit to the Commissioners of the Sinking Fund for consideration.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

NEW YORK, December 19, 1907.

Hon. N. TAYLOR PHILLIPS, Secretary, Commissioners of the Sinking Fund:

SIR—At a meeting of the Board of Health of the Department of Health, held December 18, 1907, the following resolution was adopted:

Resolved, That the Honorable the Commissioners of the Sinking Fund be and they hereby are requested to authorize this Board to rent or lease such additional office room in the wholesale district, so called, as in the opinion of the President may be necessary for the use of the Supervising Inspector of Foods of this Department, at a rental not exceeding \$35 per month.

A true copy.

EUGENE W. SCHEFFER, Secretary.

December 10, 1907.

To the Chief Sanitary Inspector:

SIR—I have the honor to submit herewith a few reasons why the department, in my judgment, should have a sub-office in the heart of the food district.

1. The inspection of foods is fast becoming a potent factor in the many trades where official adjudication is a constant necessity. The department's work during the past two years has become interwoven with that of the food men to such an extent that the mercantile exchanges, transportation companies and all food men lean upon it for advice, information and guidance.

2. Working from the field it is difficult to keep in touch with the men unless there be a place centrally located where they can report either in person or by telephone.

3. For many years it has been the custom to gain permission from certain houses to use their offices and telephones for official work, but now the increased volume of business would make it appear more of an imposition than a courtesy to continue this custom; then, too, it is liable to create adverse criticism from the fact that people in competing lines of trade may feel that partiality is shown because of the courtesies so extended.

4. At the present time there are three places, all near each other, used for temporary headquarters, and it would appear that by a continuance of such methods as the free use of offices and telephones the dignity and high standing of the department might suffer not a little.

5. For the past year it has been quite necessary to receive many men in different branches of trade who seek information, adjustment of difficulties and advice that it is necessary to give. This has nearly all been done in a dark, dingy cellar at No. 114 Warren street, the only place obtainable, on account of its being in the trade, and where the privilege was gratuitously granted.

6. It would be quite impossible to do the work effectively at the department's headquarters, as they are too far removed from the seat of business activity. Tradesmen want immediate action on perishable merchandise, and they will not go far away from their work to get it. Transportation companies require great attention at night and it would be one of the objects to have the office open at all hours. There are large dealings with importers, marine and fire underwriters, United States Government officials, confectioners, produce, fruit and egg men, grocers, canned goods dealers, and

every branch of the food trades. At present from five to twenty of these men are received daily by the Inspector in charge at the place herein referred to. It would seem to work hardship to these people to go so far uptown, as this means much loss of time to them. Countless reasons may be advanced in addition to those already mentioned, but they appear to be enough.

Location.

There are three buildings that would be suitable for this purpose: the Powell Building, corner of Hudson and Franklin streets, the Fruit Auction Company's Building, corner of Franklin and Washington streets and the Matlage Building, corner of Warren and Greenwich streets. The rentals are about the same in each.

Cost.

The cost would be approximately, office \$35 per month; Typewriter and Stenographer, about \$50; telephone and fixtures, including table, five chairs, desk, typewriter desk, coat rack, towels, cabinet for copies of records and paper files, \$100 to \$150.

All buildings include rental, light, heat and janitor service. These are about the cheapest modern offices obtainable in the centre of the food district.

Respectfully submitted,

(Signed) BAYARD C. FULLER,
Supervising Inspector of Foods.

In connection therewith the Comptroller presented the following report and offered the following resolution:

January 4, 1908

Hon. HERMAN A. METZ, Comptroller:

SIR—The Secretary of the Department of Health in a communication dated December 19, 1907, transmits a resolution adopted by the Board of Health of the Department of Health at a meeting held December 18, 1907, requesting that the Commissioners of the Sinking Fund authorize the Board of Health to rent or lease for such additional office room in the wholesale district, so-called, as in the opinion of the President may be necessary for the use of the Supervising Inspector of Foods of the Department of Health, at a rental not exceeding \$35 per month.

The rooms desired to be occupied for the purpose aforesaid are known as Nos. 502 and 503 on the fifth floor in the building on the corner of Franklin and Washington streets, known as "The Fruit Auction Company Building." It is located on the Franklin street side, 17 feet by 18 feet 6 inches, and contains about 314 square feet, the rent asked for the same being \$400 per annum. This is the same price as is charged for similar rooms in the same building, and is in my opinion reasonable and just.

The Board of Estimate and Apportionment and the Board of Aldermen having approved the Budget for the year 1908, in which Budget there was an allowance made for rent for various purposes, some of which money was to be appropriated to pay the rents for the various rooms occupied by the Department of Health, but among which this was not mentioned. It is a new lease and the Department has no appropriation to pay for the same, and it is a matter entirely for the Commissioners of the Sinking Fund to determine whether the necessities of the case require that these rooms shall be leased, and if in their judgment the premises should be leased for the Board of Health, the rent to be payable out of the appropriation for rents for the year 1908. I would then respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of rooms Nos. 502 and 503, on the fifth floor, in the Fruit Auction Company Building, located on the corner of Franklin and Washington streets, Borough of Manhattan, containing 314 square feet, for a term of one year from the date of occupation, at an annual rental of \$400, payable quarterly. The owners to furnish light, heat, elevator and janitor service. Lessor, The Fruit Auction Company, George R. Read & Co., Agents.

Respectfully submitted for approval.

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Fruit Auction Company, George R. No. 59 Pearl street, Borough of Manhattan;
Nos. 66 to 72 Lafayette street, Borough of Manhattan;
No. 1974 Broadway, Borough of Manhattan.

Hon. HERMAN A. METZ, Comptroller:

SIR—Mr. Patrick H. Quinn, Chief Auditor of Accounts, transmits for investigation a number of vouchers of the Public Service Commission for leases of buildings in various parts of the City, as well as one building in Pennsylvania, for the use or employees of the Public Service Commission. It seems that these leases were entered into, approved and authorized by the old Rapid Transit Board, and as the Public Service Commission succeeded the old Rapid Transit Board they succeeded to all the leases of said Board.

The bills and vouchers transmitted are as follows:

Rooms 707 to 713 in building No. 122 Liberty street, Manhattan, for the months of April, May, June, July, August, September and October, 1907, at \$220.84 per month.....	\$1,545 88
Rooms 1609 to 1612 in building No. 59 Pearl street, Manhattan, for the month ending November 30, 1907.....	148 16
Rooms in the building Nos. 66 to 72 Lafayette street, Manhattan, for the month of October.....	91 66
Rooms 504, 506 and 508 in the building No. 1974 Broadway, Manhattan, for the months of July, August, September, October and November.....	500 00
Second floor of No. 231 West One Hundred and Twenty-fifth street and one room on the second floor of No. 219 West One Hundred and Twenty-fifth street, Manhattan, for the months of July, August, September and October, at \$83.33 per month.....	416 65
Room 513 in the building No. 320 Broadway, Manhattan, from July 24 to September 1, 1907, \$40 per month.....	50 32
Extra service in building No. 320 Broadway, Manhattan, month of July..	75 00
Extra service in building No. 320 Broadway, Manhattan, month of August.	75 00
Rooms in building No. 320 Broadway, Manhattan, July 1 to August 30....	1,958 34
Rooms 56, 59, 60 to 67, in building No. 5 Court square, Brooklyn, for the three months ending June 30 and September 30, 1907.....	528 00

Rooms 612 and 613 in Empire Building, Pittsburg, Pa., for the months of October, November and December, 1907..... 293 75

The use of these various rooms in buildings other than those occupied by the Public Service Commission in the Tribune Building, is for the engineering force that has to be near to the work on which it is engaged, and I have been informed by Mr. Eustis of the Public Service Commission that upon the expiration of these leases, some of them will be given up and other premises nearer the new line of work will have to be taken. As far as possible, it is the intention of the Public Service Commission to avoid these outside leases.

The occupation of the rooms in Pittsburg is required by the engineering force. They are examining the structural iron work and cement, and I am informed that it is the intention of the Board to hire less expensive quarters, if possible.

The use of the rooms formerly occupied by the Rapid Transit Board at No. 320 Broadway, was discontinued on September 1, 1907, and the rooms taken over by the Tribune Building, when rooms in the Tribune Building were leased for the Public Service Commission.

I would suggest, under the circumstances, inasmuch as these leases have been in force for some time, and as the Rapid Transit Board and the Public Service Board are liable for the occupation of the rooms, that the Commissioners of the Sinking Fund adopt a resolution authorizing the Comptroller to pay the amounts hereinbefore set forth, for the use of the rooms as set forth, without the necessity of entering into a lease.

Respectfully submitted for approval,
MORTIMER J. BROWN,
Appraiser of Real Estate, Department of Finance.

Approved:
H. A. Metz, Comptroller.

Resolved, That the Comptroller be and is hereby authorized and directed to pay the following bills for rent, etc., of rooms occupied by the old Rapid Transit Board and by the Public Service Commission, as follows:

Rooms 707 to 713 in building No. 122 Liberty street, Manhattan, for the months of April, May, June, July, August, September and October, 1907, at \$220.84 per month.....	\$1,545 88

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

MONDAY, JANUARY 13, 1908,
TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, John E. Eustis.

(1) The Chief Engineer, Henry B. Seaman, made the following report:
January 13, 1908.

PARKER BUILDING FIRE.
The Honorable WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—I beg to report that on Sunday, January 12, I was requested by Mr. George H. Pegram, Chief Engineer of the Interborough Rapid Transit Company, to make an inspection of the Parker Building, at Nineteenth street and Fourth avenue, Manhattan, with a view of ascertaining the probability of the Fourth avenue wall falling upon the subway. On the night of Friday, the 10th inst., this building had burned, and traffic in the subway had been stopped by the Superintendent of Buildings, who feared that the front wall would collapse. Shortly afterwards I was also notified by Secretary Whitney of the existing conditions. I went to New York at once.

An inspection, with Mr. Pegram, showed the Fourth avenue wall to be intact, and the Nineteenth street wall in fair condition except the five upper stories of the fourth and fifth panels of the building as numbered from Fourth avenue. The first three panels and the last five panels from Fourth avenue showed the flooring to be practically intact. The wall on the south side of the building appeared in good condition, and although two cracks were reported they were not serious.

This building is reported by the architect to be of skeleton iron construction, with cast-iron columns. These columns are less liable to injury from fire than either wrought-iron columns or rolled-steel columns would be. The foundation of this building is either upon rock or upon gravel very close to rock, as at this point the subway, when constructed, required a depth of four feet of rock at the bottom to be removed. In view of the perfect alignment of the Fourth avenue wall, and of its general freedom from the effects of heat, and to the fact that the north and south walls of this building for a distance of three panel lengths are intact, and that the floors in the same panels are still in position, there is no doubt of the absolute safety of this wall.

By invitation I met in conference, at the Engineers' Club, Messrs. Hedley, Parsons, Pegram, Gardner and others of the Interborough Rapid Transit Company. I there expressed my opinion of the safety of the wall, which opinion was concurred in by both Engineers Parsons and Pegram.

Mr. Hedley then made every endeavor to obtain permission from the Police Department and from the Building Department to resume traffic in the subway, and a conference was arranged for 3.30 p. m. at the office of Mr. Edward S. Murphy, Superintendent of Buildings. At that conference the opinions as to the safety of the wall were given to Mr. Murphy, and finally, after reducing these opinions to writing, and a promise by the Interborough Rapid Transit Company to place a crib over the subway in front of the building, permission was granted to run trains, and operation was resumed at 5 a. m. this morning. A copy of my letter to Mr. Murphy I herewith enclose.

The crib now across Fourth avenue, however, has stopped traffic in front of the building, and in consequence the running of the Fourth avenue cars has been suspended.

Very truly yours,
HENRY B. SEAMAN, Chief Engineer.

New York, January 12, 1908.

Mr. EDWARD S. MURPHY, Superintendent of Buildings, Bureau of Buildings, No. 220 Fourth Avenue, New York City:

DEAR SIR—I have this afternoon examined the walls of the building on the southeast corner of Fourth avenue and Nineteenth street, where the fire occurred on Friday night last. I shall report to the Public Service Commission of the First District, at their meeting to-morrow morning, that in my opinion the subway trains may be operated with safety through the subway on Fourth avenue.

Yours very truly,
(Signed) HENRY B. SEAMAN,
Chief Engineer, Public Service Commission for the First District.

- (2) Commissioner McCarroll moved the following resolution, prepared by the Counsel to the Commission, which was duly seconded:

BROOKLYN UNION ELEVATED RAILROAD COMPANY.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

TUESDAY, JANUARY 14, 1908,

TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Present—Commissioner Milo R. Maltbie, Acting Chairman; Commissioners William McCarroll, Edward M. Bassett, John E. Eustis.

- (1) Chairman Willcox was excused because of absence on business of the Commission, and, on motion, duly seconded, Commissioner Maltbie was elected Acting Chairman.

(2) On motion, the record of the proceedings of the Commission for January 8, 10 and 11, as printed in the CITY RECORD for January 14, was approved.

- (3) The Secretary presented the following communication from the Acting Corporation Counsel with regard to Rapid Transit Subway easements affecting lands on the westerly side of Fourth avenue, between Eighth and Ninth streets, Borough of Manhattan:

January 13, 1908.

In re Rapid Transit Subway easements affecting lands on the westerly side of Fourth avenue, between Eighth and Ninth streets, Borough of Manhattan.

Hon. WILLIAM R. WILLCOX, Chairman of the Public Service Commission, First District:

SIR—Under date of September 24, 1907, I transmitted to you the duplicate report of the Commissioners of Appraisal in the above proceeding, dated April 9, 1907, together with a certified copy of the order of the Supreme Court, dated August 2, 1907, entered August 5, 1907, confirming said report and advising that the awards therein made for Damage Parcels Nos. 1, 2 and 4 should be paid, but that as to the award to John Wanamaker for Damage Parcel No. 3, amounting to \$143,560, an appeal had been taken by the City and that the Comptroller had been advised not to pay said award until further advice from this office.

The appeal taken by the City as to the award for Damage Parcel No. 3 raised the question of benefits to the remaining lands owned by Mr. Wanamaker by reason of said remaining lands being given a new frontage on Fourth avenue at the corner of Eighth street, and of the right of the City to offset such benefits as against the value of the part of Mr. Wanamaker's land taken in the above proceeding.

The argument of the appeal was by consent of both sides deferred until the presentation of a similar question to the Court of Appeals in the proceeding by The City of New York to acquire lands on the North river, between Eighteenth and Twenty-third streets, in relation to awards made to the Consolidated Gas Company. The Court of Appeals has recently decided in the last-mentioned proceeding adversely to the City's contention that benefits to an owner's remaining lands cannot be offset against the value of the owner's lands actually taken.

In view of this decision of the Court of Appeals there is now no chance of a successful result of the appeal in relation to Damage Parcel No. 3 in the above proceeding.

I have accordingly consented to discontinue the appeal without costs, and on the 8th day of January, 1908, an order discontinuing said appeal was entered in the office of the Clerk of the Appellate Division, First Department.

I have accordingly advised the Comptroller that the award of \$143,560 for damages to Parcel No. 3, made to John Wanamaker, may now be paid.

Respectfully yours,

G. L. STERLING,
Acting Corporation Counsel.

It was moved and duly seconded that the communication be filed.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

- (4) The Secretary presented the following communication from the Comptroller of The City of New York:

January 10, 1908.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission, No. 154 Nassau Street, Manhattan:

SIR—Some time since this office had an offer from Mr. William B. Denison, owner of premises known as Block 3268, Lot 1, and Block 3269, Lot 1, Borough of The Bronx, located on the easterly side of Broadway, beginning at Two Hundred and Thirty-third street and running north about 720 feet. The offer was for the purpose of releasing to the City the easements to operate a rapid transit road along the front of this property, and was in substance to sell to the City at the price heretofore paid, namely, \$10 per foot front.

Property has been heretofore acquired in this vicinity for the same purpose at the same rate, and I understand that the offer of Mr. Denison has been approved by the Corporation Counsel, as expressed to you in a communication from said office.

In order to close the matter at once, Mr. Denison will now sell the property at \$8 per foot front, provided he receives his money within twenty days from date. I would therefore respectfully request an answer as to whether you will accept this offer, and request the Board of Estimate and Apportionment to appropriate the necessary issue of Corporate Stock to pay for the same.

I will be pleased to present the same to the Board of Estimate and Apportionment for their acceptance at a financial meeting to be held Friday, January 17, 1908.

An early reply will greatly oblige,

Respectfully,

H. A. METZ, Comptroller.

Commissioner Bassett stated that the matter had been presented to the Counsel to the Commission, who approved the acceptance of the offer.

Upon motion, duly seconded, the following was thereupon adopted:

Whereas, William B. Denison, the owner of the premises known as Block 3268, Lot 1, and Block 3269, Lot 1, Borough of The Bronx, located on the easterly side of Broadway, beginning at Two Hundred and Thirty-third street, and running north about 720 feet, has offered to release to the City the easements to operate a rapid transit road along the front of the said property for the sum of \$8 per foot front, it is

Resolved, That the said offer be accepted and that the Board of Estimate and Apportionment be requested to authorize the sale of Corporate Stock sufficient to pay for the said easements.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

- (6) The Secretary presented a communication from the Art Commission of The City of New York, giving notice of a meeting of that body to be held on January 14, in Room 21, City Hall, at 4 o'clock p. m., at which action would be taken on designs for the Brooklyn subway tablets, and stating that the Chairman of this Commission, having jurisdiction over this subject, is, under the Charter, a member of the Art Commission for the consideration of these designs. The communication was ordered filed.

The Secretary presented the following communication from the Brooklyn Union Elevated Railroad Company in answer to Order No. 198, which was ordered filed:

January 9, 1908.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau Street, Manhattan:

DEAR SIR—Replying to the following certified resolution:

“Resolved, That the Brooklyn Union Elevated Railroad Company be required to make answers by Saturday, January 11, 1908, at 12 o'clock, to the following questions:

“1. Whether the number of trains operated on the Brooklyn Bridge during rush hours on January 9, 1908, was greater or less than usual, and if the maximum was not operated, the reasons therefor.

“2. What are the plans of the company as to the number of local trains to be operated on the Brooklyn Bridge during rush hours until such time as the company will begin the operation of through trains?”

—would advise:

1. The number of trains operated during the afternoon rush January 9 was less than the maximum usually operated, being sixteen trains in service in place of eighteen.

This was made necessary partly because of the fact that men are leaving this service without notice to us, anticipating the early discontinuance of this service; also a great number of the men assigned to this service are at the present time sick.

2. It is the plan of the company to continue operating all the available bridge equipment during the rush hours until such time as through operation is undertaken and eighteen trains will be in service at all times during rush hours unless we are short of men or some of the cars are disabled.

Yours respectfully,

J. F. CALDERWOOD,
Vice-President and General Manager.

The Secretary presented the following communication from the Interborough Rapid Transit Company upon Order No. 199, which, on motion, was referred to the Chairman:

January 13, 1908.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau Street, City:

DEAR SIR—Replying to your letter of January 11 in regard to certain questions as set forth in your resolution:

1. At 2.30 a. m. on the 11th inst. Chief Engineer Pegram was notified by Deputy Fire Chief Binns that this company must immediately discontinue the operation of trains past the scene of the fire for about two hours, or until the building cooled. At 10.23 in the evening of the 11th inst. Second Deputy Police Commissioner Bugher again notified us that we must discontinue service past the point mentioned.

2. Station Inspector notified all agents and gatemen to inform passengers that trains were running from the north end only to Twenty-third street, and between Fourteenth street and Borough Hall. As passengers purchased tickets agent told them this and gatemen further advised them before ticket was placed in box. If, after being informed by the agent that the road was blocked between Twenty-third and Fourteenth streets, passenger insisted, he was sold a ticket.

3. Answered in reply 2. Station men placed cardboard signs in front of the ticket window where all passengers could see same when buying their tickets. Passengers at all subway stations were notified.

4. No plans was made for increasing the elevated service, as there was ample.

Yours truly,

E. P. BRYAN, President.

The Secretary called the attention of the Commission to supplementary payrolls of the City Magistrates' Court, First Division, for salary of Mrs. Carrie McCauley, Probation Officer, from January 1, 1905, to November 30, 1907, at the rate of \$900 per annum; also a payroll for the salary of Alice Smith, Anna Doyle, Julia Coleman and Carrie McCauley as Probation Officers in the said Court for the month of December, 1907, at the rate of \$75 a month. In connection with the payrolls the Commission considered a communication addressed to the Comptroller by Hon. Charles G. Wahle, Acting President of the Board of City Magistrates, under date of December 24, as follows:

"Dear Sir—There is sent herewith the payroll bearing upon it the names of the women Probation Officers, with salaries as fixed by the Board of Estimate and Apportionment. A comparison of this payroll with those heretofore submitted will show that the names of Mrs. Sarah Hirsandsky, Mrs. Mary A. Skelly and Mrs. Henrietta L. Smith, heretofore appearing on the roll, have been replaced by the names of Miss Anna Doyle, Miss Alice Smith, Miss Julia Coleman, and that Mrs. Carrie McCauley has been added to the payroll. Authority for doing so is found in the resolution duly adopted at a special meeting of the Board of City Magistrates, regularly called and held on the 23d of December, 1907, a copy of which is hereto annexed and marked 'a'.

"The reason for this resolution you will learn from an examination of an excerpt from the report of our Committee on Probation Work, which contains the chronological review of all the proceedings had with reference to women Probation Officers from the 24th of November, 1904, down to and including the issuance of a mandamus in the McCauley matter by Mr. Justice Giegerich on the 18th of December, 1907, a copy of which excerpt is hereto annexed, marked 'b'.

"Annexed hereto and marked 'c' is a copy of a letter dated the 12th of December, 1907, received from the Secretary of the Board of Estimate and Apportionment, showing that the appropriations for the years 1907 and 1908 provided for the salaries of eight women Probation Officers in the City Magistrates' Courts, First Division."

On motion, it was

Resolved, That, in accordance with the opinion of Mr. Justice Giegerich rendered in the matter of McCauley, published in the "Law Journal" December 5, 1907, page 969, and the order thereupon entered on the 9th day of December, 1907, the Secretary be and he hereby is directed to certify the payrolls of Mrs. Carrie McCauley as Probation Officer from January 1, 1905, to November 30, 1907, and the payrolls of Alice Smith, Anna Doyle, Julia Coleman and Carrie McCauley as Probation Officers for

the month of December, 1907, all at the rate of \$75 a month; and to note the authority for such proceeding on the records of the office; and be it further

Resolved, That the matter of placing the names of Mrs. Sarah Hirsandsky, Mrs. Mary A. Skelly and Mrs. Henrietta L. Smith on a preferred list of Probation Officer, as requested by the Board of City Magistrates, be and the same hereby is laid over.

The Commission then adjourned to meet Monday, December 30, 1907, at 10 o'clock in the forenoon.

F. A. SPENCER, Secretary.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held October 18, 1907, the following petition was received:

To the Board of Estimate and Apportionment of The City of New York:

Gentlemen—The Long Island Railroad Company, for the purpose of facilitating travel over its line, promoting the safety and comfort of its passengers, and to avoid the crossing at grade of the Union turnpike and several other streets, has had, by vote of two-thirds of its directors, altered or changed its route between a point about four hundred (400) feet west of Ascan avenue and a point about seven hundred (700) feet east of Lefferts avenue, in Richmond Hill, in the Second Ward of the Borough of Queens, City of New York, so that the same shall be a straight line between these points instead of the existing curve (which constitutes an element of delay and danger in operation), and had adopted a survey map and profile (of which a copy is hereto annexed), which survey map and profile was duly filed in the office of the Clerk of the County of Queens on October 4, 1907. The new route between these points will be constructed entirely upon property which is the property of the railroad. It will not cross any streets at grade, as the existing curve does; it will be carried over all intersecting streets by bridges. It will therefore be a public improvement.

It respectfully requests the consent of The City of New York to the said alteration and change of this portion of its route.

Dated New York, October 7, 1907.

Borough of Manhattan.

Being the buildings, or parts of buildings, within the area of the proposed Delancey street extension, located between Broome and Spring streets, and extending from Elizabeth to Marion street, in the Borough of Manhattan, which were not sold on Monday, June 24, 1907, and which are more particularly described as follows: Nos. 7, 9, 11 Marion street, and from Nos. 8 to 22 Marion street (entire buildings), Nos. 196 to 204 Mulberry street (31 square feet), No. 188 Mulberry street (882 square feet), No. 185 Mott street (51 square feet), Nos. 156 to 162 Elizabeth street (entire buildings and machinery), which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held June 5, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, JANUARY 29, 1908

at 10 a. m., on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete

after the expiration of thirty days from the day of sale. A copy of the contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and contract. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security deposited. This security must be deposited within forty-eight hours after the sale, and may at any time after the expiration of the contract period be applied by the City to the cost of completing any work required under the contract but unfinished at the expiration of the contract period.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, existing within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two (2) feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening in main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that said work has been properly performed.

The permits for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings or appurtenances, or any portion thereof, within thirty days from the day of sale will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the costs and expenses thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within thirty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
