NOTICE IS HEREBY GIVEN that resolutions have been adopted by the City Planning Commission, scheduling a public hearing on the following matters to be held at, Spector Hall, 22 Reade Street, New York, NY, on Wednesday, January 17, 2018, at 10:00 A.M.

BOROUGH OF BROOKLYN No. 1 **GOWANUS CANAL CSO**

CD 6

C 180065 PCK

IN THE MATTER OF an application submitted by the Department of Environmental Protection and the Department of Citywide Administrative Services, pursuant to Section 197-c of the New York City Charter, for the site selection and acquisition of property, located at 242 Nevins Street (Block 411, Lot 24, Block 418, Lot 1, Block 425, Lot 1), for a combined sewer overflow control facility.

NOTICE

On Wednesday, January 17, 2018, at 10:00 A.M., in Spector Hall, at 22 Reade Street, in Lower Manhattan, a public hearing is being held by the City Planning Commission to receive comments related to a Draft Environmental Impact Statement (DEIS), concerning an application by the New York City Department of Environmental Protection (DEP), for approval of several discretionary actions, including site selection and acquisition, for sites in Brooklyn, Community District 6.

The Proposed Actions would facilitate the construction of new combined sewer overflow (CSO) facilities as part of the Gowanus Canal Combined Sewer Overflow (CSO) Facilities Project. The Project is mandated by the United States Environmental Protection Agency (USEPA), to satisfy remediation objectives under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA, or Superfund). The first of the two CSO facilities, the "Head End Facility," would include an 8-million-gallon (MG) underground tank that would increase CSO capture for overflows that would otherwise be discharged at the "head end," or northernmost portion of the Gowanus Canal. The second facility, the "Owls Head Facility," would include a 4-MG tank that would additionally increase capture for overflows. The Owls Head Facility would be located at the middle of the Gowanus Canal, approximately 0.5 miles south of the northernmost portion of the Canal.

Written comments on the DEIS are requested, and will be received and considered by the New York City Department of Environmental Protection, the Lead Agency, until Monday, January 29, 2018, at 5:00 P.M.

This hearing is being held, pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (ČEQŘ), CEQR No. 17DĚP040K.

(2) the removal or destruction of large quantities of vegetation or fauna, the substantial interference with the movement of any resident or migratory fish or wildlife species, impacts on critical habitat areas, or the substantial affecting of a rare or endangered species of animal or plant or the habitat of such a species;

(3) the encouraging or attracting of a large number of people to a place or places for more than a few days relative to the number of people who would come to such a place absent the action;

(4) the creation of a material conflict with a community's existing

 (5) the impairment of the character or quality of important

(9) the creation of a material demand for other actions which would result in one of the above consequences

(10) changes in two or more elements of the environment, no one of which is substantial, but taken together result in a material change to the environment.

(b) (Reference to § 6-15 Type II list, deemed to be State Type II list of 6 NYCRR Part 617.13. See City Planning Rules § 5-02(b)(2).); For the purpose of determining whether an action will cause one of the foregoing consequences, the action shall be deemed to include other contemporaneous or subsequent actions which are included in any long-range comprehensive integrated plan of which the action under consideration is a part, which are likely to be undertaken as a result thereof, or which are dependent thereon. The significance of a likely consequence (i.e. where it is material, substantial, large, important etc.) should be assessed in connection with its setting, its probability of occurring, its duration, its irreversibility, its controllability, its geographic scope and its magnitude (i.e. degree of change or its absolute size). Section 6-15 of this chapter refers to lists of actions which are likely to have a significant effect on the environment and contains lists of actions found not to have a significant effect on the environment.

 6-07; **Determination of Significant Effect – Notification.** (a) (*Error. They should not contain more detail than is appropriate considering the nature and magnitude of the proposed action and the significance of its potential impacts.

(b) All draft and final EIS's shall [be preceded by] <u>include</u> a cover [sheet] <u>page</u> stating: (1) whether it is a draft or a final;

The referenced documents shall be made available to the public in the same places where copies of the statement are made available. When a statement uses incorporation by reference, the referenced document shall be briefly described and its date of preparation provided. § 6-10 Draft Environmental Impact Statements – Procedures. (a) Notice of Completion. Upon the satisfactory completion of a draft EIS, the lead agencies shall immediately prepare, file and make available for public inspection a Notice of Completion as provided in paragraphs (1), (2) and (3) of this subdivision. (b) When an agency decides to carry out or approve an action which may have a significant effect on the environment, it shall make the following findings in a written decision:

(1) consistent with social, economic and other essential considerations of state and city policy, from among the reasonable alternatives thereto, the action to be carried out or approved is one which minimizes or avoids adverse environmental effects to the maximum extent possible, including the effects disclosed in the relevant environmental impact statement;

(2) consistent with social, economic and other essential considerations of state and city policy, all practicable means will be taken in carrying out or approving the action to minimize or avoid adverse environmental effects.

(c) For public information purposes, [a copy of] the Decision shall be filed in the same manner as the draft EIS pursuant to § 6-11(b) of this chapter.

6-13 Programmatic Environmental Impact Statements. (a) Whenever possible, agencies shall identify programs or categories of actions, particularly projects or plans which are wide in scope or implemented over a long time frame, which would most appropriately serve as the subject of a single EIS. Broad program statements, master or area wide statements, or statements for comprehensive plans are often appropriate to assess the environmental effects of the following:

(1) a number of separate actions in a given geographic area;

(2) a chain of contemplated actions;

separate actions having generic or common impacts; (3)

(4) programs or plans having wide application or restricting the range of future alternative policies or projects.

(b) No further EIS's need be prepared for actions which are included in a programmatic EIS prepared pursuant to Subdivision (a) of this section. However:

(1) a programmatic EIS shall be amended or supplemented to reflect impacts which are not addressed or adequately analyzed in the EIS as originally prepared; and

(2) actions which significantly modify a plan or program which has been the subject of an EIS shall require a supplementary EIS;
 (3) programmatic EIS's requiring amendment and actions

requiring supplementary EIS's pursuant to this section shall be processed in full compliance with the requirements of this chapter. § 6-14 Rules and Regulations. (Inapplicable, City Planning Rules § 5-02(a).

 6-15 **Lists of Actions.** (a) *Type I.* (See City Planning Rules § 5-02(d).); Type I actions enumerated in § 617.12 of 6 NYCRR 617 are likely to, but will not necessarily, require the preparation of an EIS because they will in almost every instance significantly affect the environment. However, ministerial actions never require the preparation of an EIS except where such actions may directly affect a critical area or an historic resource enumerated in Paragraphs (22) and (23), respectively, of Subdivision (a) of § 617.12. In addition, for the purpose of defining Paragraph (2) of said subdivision and section, the following thresholds shall apply:

(1) relating to public institutions:

(i) new correction or detention centers with an inmate capacity of at least 200 inmates;

- (ii) new sanitation facilities, including:
 (A) incinerators of at least 250 tons per day capacity;

(iv) new schools with seating capacity of at least 1,500 seats; (v) any new community or public facility not otherwise specified herein, containing at least 100,000 sq. ft. of floor area, or the expansion of an existing facility by more than 50 percent of size or capacity, where the total size of an expanded facility exceeds 100,000 sq. ft. of floor area

(2)relating to major office centers: any new office structure which has a minimum of 200,000 sq. ft. of floor area and exceeds permitted floor area under existing zoning by more than 20 percent, or the expansion of an existing facility by more than 50 percent of floor area, where the total size of an expanded facility exceeds 240,000 sq. ft. of floor area.

(b) Type II.

(1) (See City Planning Rules § 5-02(d).); Type II actions will never require the preparation of an EIS because they are determined not to have a significant effect on the environment, except where such actions may directly affect a critical area or an historic resource enumerated in paragraphs (22) and (23), respectively, of subdivision (a) of § 617.12 of 6 NYCRR⁶¹⁷.

(2) (Inapplicable. Replaced by State Type II list 6 NYCRR Part 617.13. See City Planning Rules § 5-02(a) and § 5-02(b)(2).);

Chapter 6: Rules For the Processing of Plans Pursuant To Charter Section 197-a * * *

§ 6-02 Plan Submission.

(a) Notification of Intent. Prior to making the report, the staff shall inform the sponsor of all deficiencies with respect to form and content and any changes, additions or deletions which, in the opinion of the staff, may correct such deficiencies. The sponsor may, thereupon, indicate its willingness to make such changes, additions or deletions in which case the Department will defer its report to the Commission until the changes have been made. The

sponsor may, instead, request that the plan be presented without change to the Commission for its threshold findings of form and content and sound planning policy. At the time of any Department report on a proposed plan, the Commission may receive a similar report from representatives of the sponsor.

(b) City Planning Commission Determination. Within 30 days after its presentation by the Department staff, the Commission shall determine, when required by the Charter and in accordance with the standards set forth in § 6-04 of these rules, whether the proposed plan is of appropriate form and sufficient content, and whether it is in accordance with sound planning policy. If the Commission has determined that a proposed plan does not meet the standards for form or content or for sound planning policy, it shall direct the plan back to the sponsor with a statement explaining its deficiencies. When the Commission has determined that a proposed plan is of appropriate form and content and is in accordance with sound planning policy, it shall direct the Department to undertake the necessary environmental review if the plan has been sponsored by a community board in accordance with Article 5 of these rules. If the plan has been sponsored by an agency other than a community board the Commission shall determine whether a Type II declaration, a negative declaration, or a notice of completion of a draft EIS has been issued, and if so, it shall direct the Department to distribute the plan in accordance with § 6-06 of these rules.

(c) Coordination of Plan Review. The Commission may determine that, despite its finding of appropriate form and content and sound planning policy, a proposed plan should not immediately proceed because there are other planning efforts, ULURP reviews or environmental studies underway which should be coordinated with the plan. In such a case, the Commission may direct the Department to work with the sponsor and any other interested agencies in developing an appropriate timetable and strategy for the plan, and to report back to the Commission.

(d) *Progress Report.* When 180 days has elapsed following a threshold determination pursuant to Subdivision (b), if a proposed plan has not been distributed for review either because the environmental review remains incomplete, or because the plan has been delayed pursuant to Subdivision (c), the sponsoring agency may make a written request to the Commission to expedite the plan's distribution. The Commission shall direct the Department to report in writing within a fixed period of time the progress of the plan, including any outstanding aspects of the environmental review, or any continuing problems of coordination delaying its review. Upon receipt of the report, the Commission may direct the Department to complete the review within a reasonable period of time. * * *

In the case of a plan affecting the entire borough, a single boroughwide public hearing may be held in lieu of separate hearings by the community boards. Notice of the public hearing shall be given and the hearing conducted in accordance with the ULURP rules governing borough board hearings. The borough board shall transmit its written recommendation to the City Planning Commission with copies to the City Council and the sponsor.

Upon receipt of the plan, the community board or borough board may conduct a public hearing and may make any recommendation to the City Planning Commission with copies to the City Council and sponsor. When it transmits such a plan, the Department shall notify the community board or borough board of the remaining time period during which it may review and comment on the plan.

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

• Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS) Department for the Aging (DFTA) Department of Consumer Affairs (DCA) Department of Corrections (DOC) Department of Health and Mental Hygiene (DOHMH) Department of Homeless Services (DHS) Department of Probation (DOP) Department of Small Business Services (SBS) Department of Youth and Community Development (DYCD) Housing and Preservation Department (HPD) Human Resources Administration (HRA) Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

PARKS AND RECREATION

VENDOR LIST

Construction Related Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS. DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Application documents may also be obtained online at: http://a856-internet.nyc.gov/nycvendoronline/home.asap.; or http:www.nycgovparks.org/opportunities/business.
