**MAYOR DE BLASIO RELEASES VIDEO SUPPORTING DOI INVESTIGATION OF  
NYPD PROTEST RESPONSE**

**NEW YORK**— Mayor de Blasio today released a video message to New Yorkers supporting the findings and recommendations of the Department of Investigation’s report on the NYPD’s response to New York City protests in the wake of George Floyd’s murder. In late May, Mayor de Blasio directed the DOI to conduct an independent review of the protest response.

“It’s a season of reflection right now, that’s what the holidays are.” said **Mayor Bill de Blasio** in the video. “I read this report, and I agree with it. I agree with its analysis and I agree with its recommendations, because it makes very clear we got to do something different, and we got to do something better.”
