**STATEMENT FROM MAYOR BILL DE BLASIO ON QUADRENNIAL COMMISSION
REPORT**

“I’m grateful to Fritz Schwarz, Jill Bright, Paul Quintero and their staff for dedicating their expertise, time and energy to this extraordinary effort. The commission, which has worked independently and tirelessly since its appointment earlier this year, took a comprehensive look at the issues of management and compensation in City government. I look forward to carefully reviewing the report, and providing my full response by January 13th, as required. Regardless of the report's recommendation, I will not accept a raise this term.”

As required by the City Administrative Code, Mayor de Blasio appointed the independent [Quadrennial Advisory Commission](#) earlier this year.
