HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a Special Real Property Public Hearing will be held, on March 29, 2023, at 10:00 A.M. The Public Hearing will be held, at the Woodstock Library, 761 East 160th Street, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed deed amendment described below.

Pursuant to Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") has proposed amendments, to the terms and conditions of the sale of certain real property previously conveyed by the City of New York ("City"), located in the Borough of Bronx and known as:

<u>BLOCK</u> <u>LOT</u> 2287 p/o Lot 26 (f/k/a Lot 71)

on the Tax Map of the City ("Premises") and, now known as the Betances V project in HPD's Senior Affordable Rental Apartments Program.

The City of New York (the "City") conveyed the Premises to do south Bronx Housing Development Fund Company, Inc. ("South Bronx HDFC") by Indenture dated March 22, 1971 (the "1971 Indenture"), subject, to the terms, covenants and conditions of an agreement between the City and South Bronx HDFC dated November 13, 1970 (the "Disposition Agreement"). South Bronx HDFC conveyed a remainder estate in the Premises, to the City by Indenture dated July 8, 1975 (the "1975 Indenture"). Subsequently, the City took title, to the Premises, pursuant to an in rem tax foreclosure deed dated August 8, 1978. By deed dated June 27, 2019, the City conveyed the Premises, to the New York City Housing Authority ("NYCHA"), and NYCHA immediately leased the Premises and the adjacent property thenknown as Block 2287, Lot 26 ("Lot 26" and together with the Premises, the "Project Lots") to BG Betances Housing Development Fund Corporation ("Developer") and BG Betances L.P. ("Betances L.P" and together with the Developer, the "Sponsor"), pursuant to that certain Ground Lease Agreement dated as of June 27, 2019 for a period of ninety-nine (99) years. Sponsor is developing one 152-unit affordable, supportive, senior housing building on the Project Lots (the "Project").

This submission is to request approval to:

- Modify the 1971 Indenture to remove the restriction that subjects the Premises to "[a]ll the terms, covenants and conditions of" the Disposition Agreement, as it was not recorded and after diligent search, cannot be found in the City's records and thus the City cannot verify compliance therewith; and
- 2. Modify the 1975 Indenture to remove the restriction that the Premises are to be kept "free and clear of any and all liens or encumbrances" other than the mortgage made by the South Bronx HDFC to Bankers Trust Company securing a loan made March 23, 1971 in the sum of \$2,767,900 and any covenants, easements and restrictions as of the date thereof so that current and future financing can be maintained or made for the Premises, including an HPD mortgage, and so a certain Regulatory Agreement among Sponsor, the New York City Housing Development Corporation, and HPD and any future regulatory agreements can be recorded against the Premises.

A public file containing copies of the calendar document and other public documents will be made available to Bronx Community Board 1 for public review, at the office of Community Board 1 no later than twenty (20) days prior, to the public hearing.

The hearing location is accessible to individuals using wheelchairs or other mobility devices. For further information on accessibility or to make a request for accommodation, such as sign language interpretation services, please contact the Mayor's Office of Contract

AGENCY RULES

SMALL BUSINESS SERVICES

■ NOTICE

Notice of Adoption of Rule

Pursuant to the authority vested in the New York City Department of Small Business Services ("DSBS") in accordance with sections 1043 and 1301 of the New York City Charter, DSBS is adopting the addition of a new chapter 18 of title 66 of the Rules of the City of New York to implement and expand DSBS' Business Preparedness and Resiliency Risk Assessment and Grant Program.

DSBS published a proposed version of this rule in the City Record on December 23, 2022. DSBS held a public hearing for the proposed rule on January 24, 2023. DSBS received no comments concerning the proposed rule.

Statement of Basis and Purpose

On September 1, 2021, Hurricane Ida made landfall in New York City, flooding streets, subways, and homes and shattering the record for the most rainfall in a single hour in the City's history. As a result of this and other extreme weather events impacting the City in recent years, on September 3, 2021, an Extreme Weather Response Task Force was convened to study the City's response to extreme weather events. In a

report titled "The New Normal: Combatting Storm-Related Extreme Weather in New York City," the task force recommended expanding the Department of Small Business Services' ("DSBS") Business Preparedness and Resiliency Risk Assessment and Grant Program ("BPREP Grant Program") by expanding eligibility to a larger geographical area and increasing the number of businesses served citywide.\(^1\)

The BPREP Grant Program was established in 2015 to help small businesses better prepare for emergencies resulting from severe weather and to enhance the resiliency of their operations, assets, and physical space. The Program accomplished this by providing resources and information on business continuity best practices, conducting on-site resiliency assessments, providing grants to implement specific recommendations resulting from such assessments, and creating online resiliency resources. Only businesses impacted by Hurricane Sandy were eligible to participate in the BPREP Grant Program, and the maximum grant amount a business could receive was \$3,000. Eligible uses for such grants were limited to the purchase of movable equipment for which no installation was required.

Pursuant to this rule, DSBS will expand the BPREP Grant Program by: (1) extending eligibility to businesses and property owners in a larger geographical area, including areas at risk of flooding, as identified in the NYC Flood and Stormwater Resiliency Maps, and (2) increasing the maximum grant amount available to grantees. The reimbursement-based grants will help participating businesses and property owners fund the purchase of resiliency equipment, such as flood barriers and backup generators, recommended by professional consultants following on-site risk assessments of the properties. Grants may only be used to fund items that have been recommended to a participating business or property owner in its individualized risk assessment report, as approved by DSBS.

The grants will be available to small businesses and property owners whose business or property is located within an eligible geographical area and who satisfy all other requirements set forth in the rule, including that annual revenue from the business or property is limited to \$30 million. Award determinations will be made in two rounds, with the first round limited to applicants with annual revenue totaling no more than \$17 million who submit an application on or before an application deadline. The purpose of this grant is to ensure that businesses and properties located in areas at risk of flooding are prepared to withstand future extreme weather events and to resume operations as quickly as possible after a disruption caused by such an event.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Title 66 of the Rules of the City of New York is amended by adding a new chapter 18 to read as follows:

§ 18-01 Purpose.

The objective of the Business Preparedness and Resiliency Risk Assessment and Grant Program ("BPREP Grant Program") is to address the weather-related resiliency needs of small businesses and commercial property owners by assessing their operations, assets, and physical space to determine risks and vulnerabilities to flooding and to provide financial assistance for the purchase of equipment and other items to increase such businesses' and owners' overall preparedness for extreme weather events.
