NUMBER 1,775.

DEPARTMENT OF PUBLIC PARKS.

Report for the Quarter ending March 31, 1879.

DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE (EAST),
NEW YORK, April 8, 1879.

Hon. EDWARD COOPER, Mayor of the City of New York:

SIR—In pursuance of section 27, chapter 335, Laws of 1873, I have the honor to transmit the following report of the transactions of the Department of Public Parks for the three months ending March 31, 1879:

The Commission of Engineers, appointed in December last to examine the work on the Riverside Avenue Improvement, submitted a report in relation to the same.

In view of the conclusions of this report, the Superintendent Engineer in charge of the work was directed to appear before the Board and present in writing his reasons why he should not be removed.

The Superintendent Engineer, in accordance with the order of the Board, submitted a statement in answer to the report of the Board of Engineers appointed to examine the work.

These statements were received, printed and ordered filed, a copy of both being transmitted to the Mayor and Comptroller.

Mr. Franklin, the Engineer, was subsequently relieved from the charge of this work and transferred to other duties, and Mr. William J. McAlpine was appointed Superintendent Engineer in his place and stead, and the contractors ordered to proceed with their work in accordance with the terms of the contract.

The power to purchase supplies and materials for use in the Department was vested in the President until the further order of the Board.

The President was authorized to sign an agreement with the Gold and Stock Telegraph Company for the use of the telegraph line to the Central Park for the year 1879, at a sum not exceeding \$720, the Company replacing the old with new instruments containing all recent improvements.

In return for the compliment paid the Department by the Prefect of the Seine, Paris, France, this Department has forwarded, through the State Department at Washington, two large albums, containing views taken in the Central Park, together with a large illustrated and descriptive map of the Central Park and copies of the several reports issued by the Department.

The President was authorized to sign a lease for the year 1879 for the offices now occupied by the Department, 36 Union Square, at a rental of \$2,500 per annum.

Working plans and drawings for the cases for the Museum of Art have been prepared in accordance with the views and wishes of the trustees of the Museum.

The pay of blacksmiths' helpers was fixed at the rate of \$1.80 per day.

The following action was taken in relation to the proposed suspension bridge north of the High Bridge:

Whereas, By act of the Legislature, passed in the year 1871 (chapter 534), it is provided that the Board of Commissioners of the Department of Public Parks "may forthwith commence the building or construction of a suspension bridge north of the bridge known as High Bridge, but not more than half a mile therefrom;" and

Whereas, This act was passed in recognition of a long-existing and conspicuous public necessity for the means of crossing the Harlem river; and

Whereas, The land for the approaches to the bridge on both sides of the river has long been taken and paid for by the city, and the amount thereof has been assessed on the property owners, and its construction will immediately connect an extensive system of highways now in actual use on both sides the river; and

Whereas, This proposed bridge has this especial advantage, that the shores which it is to connect are, at the proposed place of construction, bold and elevated, so that the bridge will be of a height that will not impede the navigation of the Harlem river, as proposed to be improved by the United States Government; and

Whereas, The unprecedentedly low prices of iron and the reduced rates to wages render this an especially fitting time for this Board to discharge the duty which was so many years since imposed upon it; therefore, be it

Resolved, 1st, That in pursuance of the provisions of section 3, chapter 534, Laws of 1871, and section 16, chapter 329, Laws of 1874, and for the purpose of providing for the expense of constructing the bridge over the Harlem river, in the City of New York, described in said section 3, chapter 534, of the Laws of 1871, as "a suspension bridge, north of the bridge known as High Bridge, but not more than half a mile therefrom," the Department of Public Parks of said city, and the Board of Commissioners thereof, hereby make requisition on the Comptroller of said city to issue in the name of and on behalf of the Mayor, Aldermen, and Commonalty of said city, bonds to the amount of five thousand dollars; said bonds are to be issued in sums of even hundreds of dollars, shall be payable in not less than two nor in more than twenty years after the respective times at which they are issued, and shall bear such rate of interest, not exceeding six per cent. per annum, as shall be determined by said Comptroller.

Resolved, 2d, That the said department, and the said Commissioners thereof, hereby certify that said amount, namely, five thousand dollars, is necessary to be raised for said purposes.

Resolved, 3d, That a certified copy of the memorial of Messrs. L. G. Morris, Gustave Schwab, Franklin Edson, and others, presented to the Department on the 11th day of December, 1878, be transmitted, with the foregoing resolutions, to the Board of Estimate and Apportionment.

Resolved, 4th, That the Engineer of Construction be requested to transmit to this Board, elevations, plans and specifications of said bridge, and an estimate of the cost thereof, all of which shall be subjected to the approval of the Board.

Permission was granted to the New York Elevated Railroad Company to erect the stairs to the South Ferry Station of said railroad on the sidewalk on the southeast corner of the Battery park.

An inventory of all the property belonging to this Department on the first day of January, 1879, has been prepared and placed on file.

A report has been received from the director of the menagerie, and a request made to the Board of City Record to print the same.

The salaries of the various employees of the Department, consisting of Engineers, Clerks, and Superintendents, have been revised and fixed.

Temporary offices for the use of the Engineers, Superintendents, etc., in the Twenty-third and Twenty-fourth Wards have been located at the corner of One Hundred and Thirty-eighth street and Third avenue.

A bill having been presented to the Legislature appropriating a portion of the Central Park to the use of the military, the Department adopted the following preamble and resolutions, and transmitted them to the Legislature:

Whereas, A bill has been presented to and is now before the Legislature, the provisions of which direct that the Department of Public Parks shall establish a parade ground on the ball ground on the Central Park, and

Whereas, The Central Park, by its formation and the purposes for which it was intended and are now used, that of a pleasure ground for all classes of our citizens, has made almost universal the sentiment of the great injustice and irreparable wrong that would be done by introducing military parades within its boundaries, and

Whereas, By years of careful thought and consideration of this subject, by each successive administration governing the Central Park, as well as by many of the highest military officials of

this city and State, including the present Major-General Commanding the First Division N.G.S.N.Y., it has been conceded that the plan and organization of the Central Park are not calculated for military purposes, as sufficient grounds within the Park cannot be appropriated for such purposes without diverting them from the use for which they were intended, and have been for years guaranteed and enjoyed; therefore,

Resolved, That the Department of Public Parks has learned with much concern of the proposition now before the Legislature for the taking of a portion of the grounds of the Central Park for a military parade ground, and fully recognizing the great injustice that such action would entail to the park, feel it their duty not only on their own behalf, but on behalf of the citizens of the city of New York, to earnestly protest against the enactment of any such measure, and earnestly pray that the bill now before the Assembly may not become a law.

Resolved, That a copy of the foregoing preamble and resolution be duly authenticated and transmitted to the Honorable the Legislature.

The painting of Mount St. Vincent and the Casino buildings has been duly authorized.

The buildings standing in the line of the Riverside improvement have been authorized to be sold and removed.

The subject of laying the Croton water pipes in the Riverside avenue during the course of construction has received attention, and concert of action had with the Department of Public Works relative to the same.

CENTRAL PARK.

The maintenance work of the Central Park, as well as the City Parks, has been carefully attended to during this period as well as the severity of the winter weather has permitted.

Much attention and labor has been bestowed upon the paths and walks to keep them free from snow and ice.

During the past season there has been forty-nine days of skating, which necessitated the attention of the maintenance force at least one-half of their time in keeping the ice in condition for skating.

The constant increase of travel to the Central Park demonstrated the fact of the lack of expanse at the Fifth avenue and Fifty-ninth street entrance for vehicles.

Frequent collisions occurring at this point, the Department has had the centre row of trees planted at this entrance removed, making one wide unobstructed roadway.

The rolling stock of the Department has been thoroughly overhauled during the winter and is now in good condition for immediate use.

The signs in all the Parks have been repainted and lettered, and over one hundred new ones made to take the place of those worn out.

The pruning of trees and shrubs has been attended to; a new set of frames made for the hot-beds at Mount St. Vincent, and a large quantity of straw matting made for covering the same.

The plants in the propagating and greenhouses have received careful attention, and are now presenting a fine appearance.

A new drinking fountain has been set in the rear of the Mount St. Vincent building.

The old Sea Lion tank, near the Arsenal, has been removed, and the ground regraded.

The Park benches have been put in good order, repainted, and are now ready for summer use.

The slopes along the West Drive having been considerably washed out during the past autumn and winter, have received attention—reshaped and sodded.

TOMPKINS SQUARE.

The works on this square were all suspended during the first two months of the quarter, with the exception of planting of trees.

In the early part of March, all other works, such as grading the grass plots, setting the blue-stone edging in the southwest and northeast corners, grading and laying foundation for the remaining walks, were resumed as the weather permitted, with the view of pushing the work forward to an early completion.

FOURTH AVENUE PARKS.

The work on these parks, which was suspended last fall, was resumed early in March, when the Engineers were employed in giving grades and lines for foundation walls and granite copings.

In prosecuting this work it has been discovered that an error was made in setting the coping around the openings into the tunnel.

This Department has communicated with the railroad company, with the view of having them reset their coping on a proper grade, so soon as this is done the work on these parks will be pushed rapidly forward.

MANHATTAN SQUARE.

A topographical and drainage map of this square has been prepared, as well as all the necessary drawings for the drainage of the same, and the engineers are now engaged in staking out the lines and grades for the sewers.

WASHINGTON SQUARE.

Plans have been prepared for the improvement of the square, the westerly roadway now running across the square to be discontinued.

UNION SQUARE.

An alteration has been made in the fountain basin at the square, the muck bottom and rank planting to which it has heretofore been treated having been considered unhealthy; an interior wall has been built, forming an inner basin.

MUSEUM OF ART BUILDING.

The plasterers', iron, plumbing, gas-fitting, heating, carpenters and tilers' work for the large hall and adjoining rooms in the basement story have been in progress during the past three months.

In the early part of the present year orders were issued for the preparation of drawings and details for cases for main hall of principal story, and also drawings for iron doors to the basement staircases.

Orders have also been given to construct a temporary roadway from the Fifth avenue to the east entrance of the building, and to the elevator on the north side.

TWENTY-THIRD AND TWENTY-FOURTH WARDS.

Much care has been given to the roads, avenues, etc., in the Twenty-third and Twenty-fourth Wards. Jerome avenue has received a covering of sand and is now in excellent condition almost its entire length.

The culverts have been repaired and have been kept open and in a good condition.

The numerous bridges over Mill Brook have received careful attention, and wherever found necessary, repairs have been made to keep them in a safe condition.

The bridges over the Bronx river have been kept in thorough repair.

The old sleepers in Fleetwood bridge, which had become rotten and dangerous, have been removed and replaced by new ones, and the bridge is now in a superior condition.

During the early portion of the period embraced in this report, when no work could be done on the roads in this territory, the men were employed breaking stone, which is now being advantageously used in repairing Macadamized roads, thus obviating the necessity of purchasing stone for that purpose, and avoiding the delay in making repairs to the roads which would be otherwise inevitable.

The following is a statement showing the number of days employed in Twenty-third and Twenty-fourth Wards, for the quarter ending March 31, 1879:

BROOK AVENUE SEWER.

During the past quarter the work on this sewer has been mainly confined to excavation, pile driving, and laying timber foundations. The weather being favorable the rubble masonry on the side walls was commenced on the 18th March. The work on the brick masonry has been resumed.

Details of work done during the quarter—

34,277 cubic yards of earth excavated.

1,517 cubic yards of rock excavated.

817 piles driven.

419 lineal feet of platform foundation laid.

325 cubic yards of rubble masonry laid.

THIRD AVENUE, ONE HUNDRED AND THIRTY-FOURTH AND ONE HUNDRED AND THIRTY-FIFTH STREET SEWERS.

The brick work of the sewer in Third avenue is completed. During the quarter there was laid in One Hundred and Thirty-fourth street—

240 lineal feet of 18-inch pipe sewer.

200 lineal feet of 12-inch pipe sewer.

4 manholes built.

Operations were recommenced on this sewer on March 26, and the work is progressing rapidly.

WOODSTOCK DRAINS.

The plans for the drainage of the district "bounded by George street on the north, Union avenue and White's lane on the east, Delmonico and Concord avenues on the west, thence southerly to Long Island Sound," commonly called the "Woodstock Drains," have been completed and with the specifications submitted for the consideration of the Board, and received its approval.

This much needed work it is expected will be commenced at an early day.

Surveys have been made, and plans and specifications submitted to and approved by the Board, for sewers in the following streets, viz.:

One Hundred and Thirty-fourth street, from 410 feet east of Willis avenue to Brook avenue, with branch in Brown place.

One Hundred and Forty-first street, from Alexander avenue to Brook avenue, with branches in Alexander and Willis avenues.

One Hundred and Forty-second street, from Alexander avenue to Brook avenue, with branches in Alexander and Willis avenues.

Maps have been partly prepared for assessment lists for sewers in Mott and Brook avenues.

Surveys have been made preparatory to the taking up of the curb, gutter, flagging, etc., of Third avenue, with a view to the regulating and grading of the avenue between the bridge and One Hundred and Forty-seventh street.

Detailed plans have been prepared for piers and abutments of the proposed bridge over the Harlem river, between Madison avenue and One Hundred and Thirty-eighth street, together with specifications for the work.

Detailed plans have also been prepared for an iron bridge over the Bronx river at Woodlawn, together with specifications for the same.

A careful inspection of the Central bridge over the Harlem river has been made, with a view to determining the extent of the repairs necessary to render it safe for the coming season.

Maps restoring the lines of One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, from Third to College avenues, as they existed previous to the adoption of the map by the Commissioners appointed by chapter 841, Laws of 1868, have been ordered prepared for filing.

A map or plan of Sewerage District No. 33 B, comprising a portion of the Twenty-third and Twenty-fourth Wards, has been approved and filed.

Eight monument points and thirty-one monuments have been set in the Hunt's Point district, defining on the ground some 11,160 lineal feet, or about 2 11-100 miles of streets.

All existing monuments on Third avenue have been located from the Harlem river to Teasdale place.

CENTRAL PARK METEOROLOGICAL OBSERVATORY.

During the past quarter, the Meteorological Observatory at the Central Park has supplied information to the Courts, Health Department, Bureau of Street Cleaning, and Bureau of Sewers, for legal and other purposes. It has supplied the newspapers with such data as they have desired. There have been issued nearly one hundred monthly reports to home and foreign observatories and societies each month. These reports have been printed at the observatory with Edison's Electric Pen process. There have been sent weekly statements to the CITY RECORD for publication, and also to the Health Department for comparison with the mortality of the city.

Instruments have been brought to be compared with the standards, and their errors determined and tabulated for the persons applying. Correspondence and wishes from other institutions have been attended to and answered, among these may be mentioned: An inquiry from the Astronomer Royal of England, as to the feasibility of establishing earth thermometers at this observatory; from Dr. Buys Ballot, of the Royal Observatory of Holland, and the Statistical Society of London, in reference to storms crossing the Atlantic, and also from the Toronto Meteorological offices in reference to health and the normals of different meteorological elements.

The self-recording instruments have worked in a satisfactory manner, so that the observatory has a complete record for every instant for the past quarter, and the following tables are for the first quarter, not only of this year, but for the past ten years, so that persons interested in these topics can make comparisons for themselves.

The average of the wet thermometer for this quarter is 1.43 degrees lower than the average. The maximum wet temperature is exceeded by that of the years 1874, 1876, and 1878, being 61, 61 and 62 degrees respectively, while that for this was 60 degrees. The minimum wet temperature of this quarter is 4 degrees below zero.

The average humidity of this quarter is 3 less than the average.

The velocity of wind for the past quarter was 15,881 miles, while the average for the past ten years is 18,715 miles. Most of this discrepancy occurred in the month of March.

Approved by the Mayor, April 4, 1879.

AN ORDINANCE to secure the right of way to ambulances belonging to the Department of Public Charities and Correction and to incorporated hospitals in the City of New York.

The Mayor, Aldermen, and Commonalty of the City of New York do ordain as follows:

Section 1. The ambulances belonging to the Department of Public Charities and Correction and incorporated hospitals in the City of New York shall have the right of way in the streets of said city as against all persons, vehicles, or animals, when conveying any patient or injured person to any hospital in the city, or when proceeding to the scene of any accident by which any person or persons have been injured; and any person refusing to yield the right of way, where it is possible, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished pursuant to the provisions of sections 20 and 21 of chapter XL, Laws of 1833, and the provisions of section 5 of article IV., Laws of 1853; and the Commissioners of Police are hereby required to enforce, rigidly, the provisions of this ordinance.

Sec. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 3. This ordinance shall take effect immediately.

Adopted by the Board of Aldermen, March 11, 1879.

Approved by the Mayor, March 24, 1879.

Resolved, That permission be and the same is hereby given to Naumburg, Kraus, Lauer & Co. to place and keep a wooden bridge over gutter in front of premises Nos. 61 and 63 Wooster street, the work to be done at their own expense; such permission to continue only during the pleasure of the Common Council.

Adopted by the Board of Aldermen, March 11, 1879.

Received from his Honor the Mayor, March 25, 1879, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That the Counsel to the Corporation be and he is hereby requested to memorialize the Legislature of this State, on behalf of the Mayor, Aldermen, and Commonalty of the City of New York, praying for an amendment to the act, chapter 125, Laws of 1878, so as to authorize and empower the Board authorized to make and enter into contracts for lighting the streets, avenues, and places of the City of New York with gas, to include the public parks of said city; and to that end that he be and is hereby also requested to transmit a copy of such memorial and amended act to the State Legislature, now in session, at his earliest convenience.

Adopted by the Board of Aldermen, March 25, 1879.

Approved by the Mayor, March 26, 1879.

Resolved, That the American Street Light Reflector Company be authorized, under the direction of the Commissioner of Public Works, to affix their reflectors to the street lights on the Fifth avenue, between Twenty-ninth and Thirty-seventh streets, also Thirtieth street, from Fourth to Sixth avenue; provided that such work shall be done solely at their own expense, and without charge to the city.

Adopted by the Board of Aldermen, March 25, 1879.

Approved by the Mayor, March 27, 1879.

Resolved, That the Commissioner of Public Works be requested to repair the pavements of the following streets: Mangin street, Goerck street, Suffolk street, Norfolk street, Hester street, Sheriff street, Pitt street, Ridge street, Mulberry street, Mott street, Marion street, Park street, Leonard street, White street, Franklin street, City Hall place, James street, Roosevelt street, Oak street, Water street (from Catharine street north), Gold street, Vandewater street, Cliff street, Division street, Henry street, Monroe street, Hamilton street, Cherry street, Pike street, Rutgers street, Jefferson street, Montgomery street, Gouverneur street and slip, Jackson street, East street, Corlears street, Pelham street, Birmingham street, and that Madison street be repaved from Market to Grand street.

Adopted by the Board of Aldermen, March 11, 1879.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE,
NEW YORK, April 5, 1879.

PROPOSALS FOR DRY GOODS, GROCERIES, BRICK, ETC.

PROPOSALS, SEALED AND INDORSED AS above, will be received by the Commissioners of Public Charities and Correction, at their office, until 9 o'clock A. M., of Friday, April 18, 1879, at which time they will be publicly opened and read by the head of said Department, for furnishing and delivering at the foot of East Twenty-sixth street, free of all expense to the Department—

DRY GOODS.
2,000 yards Calico Prints.
100 great gross Suspender Buttons.
100 great gross Bone Buttons.
10 gross Pearl Shirt Buttons.

GROCERIES, ETC.
500 pounds Ground Mustard.
200 pounds Baking Powder.
250 barrels Onions.
1,000 barrels Potatoes.

BRICK.
100,000 Hard North River Brick.

The quality of the goods furnished must conform in every respect to the samples of the above to be seen at this office, and bidders must examine specifications for particulars of goods required before making their proposals.

All proposals must be made on blanks furnished by the Department.

The award of the contract will be made as soon as practicable after the opening of the bids.
No proposal will be considered unless accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that, if the contract be awarded under that proposal, they will, on its being so awarded, become bound as sureties in the estimated amount of fifty per cent. for its faithful performance, which consent must be verified by the justification of each of the persons signing the same for double the amount of surety required. The sufficiency of such security to be approved by the Comptroller.

The Department of Public Charities and Correction reserve the right to decline any and all proposals if deemed to be for the public interest, and to accept an offer for the whole bid or for any single article included in the proposal, and no proposal will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is defaulter, as security or otherwise, upon any obligation to the Corporation.

Blank forms of proposals and specifications, which are to be strictly complied with, can be obtained on application at the office of the Department, and all information furnished.

TOWNSEND COX,
THOMAS S. BRENNAN,
ISAAC H. BAILEY,
Commissioners.

SUPREME COURT.

In the matter of the application of the Department of Public Works, for and on behalf of the Mayor, Aldermen and Commonality of the City of New York, relative to the opening of Eighty-second street, from First avenue to the East river, in the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to the owner or owners, occupant or occupants, of all houses and lots, and improved and unimproved lands, affected thereby, and to all others whom it may concern, to wit:

First.—That we have completed our estimate and assessment, and that all persons interested in these proceedings, or in any of the lands affected thereby, and who may be opposed to the same, do present their objections in writing, duly verified, to Menzo Diefendorf, Esq., our Chairman, at the office of the Commissioners, No. 206 Broadway, Room 72, in the said city, on or before the second day of May, 1879; and that we, the said Commissioners, will hear parties so objecting within ten week days next after the said second day of May, 1879, and for that purpose will be in attendance at our office on each of said ten days, at three o'clock in the afternoon.

Second.—That the abstract of the said estimate and assessment, together with our maps, and also all the affidavits, estimates, and other documents which were used by us in making our report, have been deposited in the office of the Department of Public Works, in the City of New York, there to remain until the nineteenth day of May, 1879.

Third.—That the limits embraced by the assessment aforesaid, are as follows, to wit: All those lots, pieces or parcels of land situate, lying and being in the City of New York, and bounded and described as follows: Beginning at a point on the easterly side of First avenue, distant one hundred and two feet two inches northerly from the northerly side of Eighty-second street; thence easterly and parallel with Eighty-second street to the East river; thence southerly along the said East river to a point distant one hundred and four feet two inches southerly from the southerly side of Eighty-second street; thence westerly and parallel with Eighty-second street to the easterly side of First avenue; thence northerly along the easterly side of First avenue to the point or place of beginning.

Fourth.—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held in the New Court-house, in the City of New York, on the tenth day of June, 1879, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, March 26, 1879.
MENZO DIEFENDORF,
GEO. H. SWORDS,
THOS. L. FEITNER,
Commissioners.

HEALTH DEPARTMENT.

HEALTH DEPARTMENT,
No. 301 MOTT STREET,
NEW YORK, March 7, 1879.

AT A MEETING OF THE BOARD OF HEALTH of the Health Department of the City of New York, held at its office on the 4th day of March, 1879, the following resolution was adopted:

Resolved, That under the power conferred by law upon the Health Department, the following additional sections to the Sanitary Code, for the security of life and health, be and the same are hereby adopted and declared to form a portion of the Sanitary Code.

Section 202. Any cattle, meat, birds, fowl, fish, fruits, or vegetables, found by any inspector or officer of this Department in a condition which is, in his opinion, unwholesome or unfit for use as human food, shall, upon the order of the Sanitary Superintendent, be removed from any market, street, or public place, and the owner or person in charge thereof, when so directed by the said inspector or by such order of the Sanitary Superintendent, shall remove, or cause the same to be removed, to the place designated by the Sanitary Superintendent, or to the official dock, and shall not sell, or offer to sell, or dispose of the same, for human food. And when, in the opinion of the Sanitary Superintendent, any such meat, fish, fruits, or vegetables shall be unfit for human food, or any such animal, cattle, sheep, swine, or fowls, by reason of disease, or exposure to contagious disease, shall be unfit for human food, and improper or unfit to remain near other animals or to be kept alive, the Board of Health may direct the same to be destroyed, as dangerous to life and health, and may order any such animals, sheep, swine, or fowls, to be removed by any inspector, police officer, officer, or agent of this Department, and to be killed and taken to the official dock.

Section 203. That hereafter no person shall gather, collect, accumulate, store, expose, carry, or transport in any manner through the streets and public places of this city, or in or to any tenement-house, cellar, or house in said city, any bones, refuse, or offensive material, without a special permit in writing from the Board of Health, in accordance with the conditions and subject to the limitations thereof, and in such manner as not to cause offensive odors or any nuisance whatsoever.

[L. S.] CHARLES F. CHANDLER,
EMMONS CLARK, Secretary, President.

NEW COUNTY COURT-HOUSE COMMISSION.

NEW COUNTY COURT-HOUSE, ROOM 28,
NEW YORK, March 31, 1879.

PROPOSALS FOR ELEVATOR.

SEALED PROPOSALS FOR ERECTING AN ELEVATOR in the New County Court-house, will be received by the Commissioners for the Completion of the New County Court-house, at the above address, until Monday, April 14, 1879, at 12 o'clock, noon, when the same will be publicly opened and read.

Bidders will write out the amount of their estimate, in addition to stating the same in figures.

Each proposal must be accompanied by the consent, in writing, of two householders or freeholders of the city of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person or persons making the bid, they will, on its being so awarded, become bound as sureties, in the sum of twenty-five hundred dollars, for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to any higher bidder, to whom the contract may be awarded at any subsequent letting.

The Commissioners reserve the right to reject any or all proposals if, in their judgment, the same may be for the interest of the city.

The sealed envelope, containing the estimate or proposal, will be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and also the words "Proposal for Elevator."

Forms of proposals may be obtained, and the plans, specifications, and terms of contract, as approved by the Council to the Corporation, may be seen at the office of the Architect, Mr. Leopold Eidlitz, 128 Broadway.

WYLLIS BLACKSTONE,
JOHN P. CUMMING,
THOMAS B. TAPPEN,
FRANCIS BLESSING,
Commissioners for the completion of the New County Court-house.
