AQUEDUCT COMMISSION.

Minutes of Stated Meeting of the Aqueduct Commissioners, held at their Office, No. 209 Stewart Building, on Wednesday, March 16, 1898, at 2 o'clock P. M.

25

Present-President Dooling, Commissioners Ten Eyck, Murray and Power. The minutes of stated meeting of March 9, 1898, were read and approved. Chairman Murray, of the Committee of Finance and Audit, reported the examination and audit of bills contained in Vouchers Nos, 12207 to 12214, inclusive, amounting to \$112.92. The same were approved and ordered certified to the Comptraller for payment, by the follow-

ing vote : Affirmative-President Dooling, Commissioners Ten Eyck, Murray and Fower-4. The Construction or Executive Committee referred the following communication to the Commissioners :

NEW YORK, March 15, 1898.

295930

To the Honorable the Committee on Construction : GENTLEMEN-Since writing to you at the time of the last meeting, I have investigated the subject of the complaint of Dr. T. J. Acker to his Honor, Mayor Van Wyck,

While there are in some of the roads adjudying Cruten from a law had places, these roads are in no worse condition than usual at the source of the year i increases, the roads mentioned are not worse that the other country result in the workey. The previous and through the " damway" (monalled) has here, source law concerned a point by the contractors awing to the practicity of the analysis of the practice of the other roads mean of the court of the term of the source of the term of the previous the term of the other roads. The previous that the other roads are independent encreases and the other roads of the practice of the term of the term of the term of the other roads dowed to practicely surside of the term of the term of the other roads dowed to practicely surside of the City's responsibility. The City prysite could takes like everyheady clue and the Road Commutivities should look after the roads and keep them in repair. Tudying, however, from what is known of the former condition of affairs, I cannot say that they are not taking as much care of them as they did before construction was begin. The City has so far taken the outer alls held to replace the role ones. These roads are keep time to exceed be allows to be outer alls held to replace the roads much easy have had use influence in the matter of Dr. Acker's compliant.

Yours respectfully, A. FTELEV, Chief Engineer.

1443

Commissioner Murray moved that the report be received and that the Secretary he directed to transmit a copy thereof to the Mayor, which was carried by the following vote : Affirmativo-President Dochag, Commissioners Ten Lyck, Mirray and Power-4.

The Construction or Executive Committee also referred the following communication to the Commissioners :

NUW YORK, March 15, 1898. To the Honorable the Committee on Construction :

GENTERATE — You know that a form of contract is now in readiness for the construction of an extensive ferce wall along the boundary lines of the New Croton Reservoir. At this work will require considerable time, it would be well to now put it under contract. When the above mentioned form of contract was prepared, it was thought to be for the interests of the City to divide the whole work into fourteen sections, each covering approximately from line (it to six (b) miles. This is to six (b) miles.

This is to ask you before going on with the preparations for the work whether you approve of

That body policy. That policy. The accompanying plan, which has been prepared and printed for the purposes of this work, will show you the proposed division of the territory, Yours respectfully, A. FTELEV, Chief Engineer.

President Dooling moved that the matter be laid on the table, which was carried by the

following vote: Abroative-President Dooling, Commissioners Teo Eyek, Murray and Power-+

The Secretary presented the following a
