Crab Shanty Restaurant, 361 City Island Avenue, 10464, seeks a zoning map amendment to rezone all or part of five lots on Block 5633: 120 (p/o), 122, 124 (p/o), 127 (p/o), and 137 (p/o) from R3A to R3A/C1-2 within the Special City Island District to facilitate the continued operation of the restaurant. The action would bring the UG 6 eating and drinking establishment on Lot 137 into conformance with the use regulations of the Zoning Resolution, and it would serve to legalize the rear portion of the restaurant that is an addition not covered by the Certificate of Occupancy. The action would establish the parking lot on Lots 122, 124, and 127 as accessory to the eating and drinking establishment on the adjacent Lot 137, and thus a conforming UG 6 use.

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Pregualification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS) Department for the Aging (DFTA) Department of Consumer Affairs (DCA) Department of Corrections (DOC) Department of Health and Mental Hygiene (DOHMH) Department of Homeless Services (DHS)

- Department of Probation (DOP) Department of Small Business Services (SBS)

Department of Youth and Community Development (DYCD) Housing and Preservation Department (HPD) Human Resources Administration (HRA) Office of the Criminal Justice Coordinator (CJC)

■ NOTICE

Notice of Acceptance of Final SSGEIS

NOTICE IS HEREBY GIVEN that the Notice of Completion and the Final Second Supplemental Generic Environmental Impact Statement (Final SSGEIS) were issued by the New York City Office of the Deputy Mayor for Housing and Economic Development on March 5, 2021 marking the completion of the project's City Environmental Quality Review.

Governors Island Corporation, doing business as The Trust for Governors Island, is seeking discretionary approvals that would enable up to 4.5 million gross square feet of development on the South Island (the section of the Island south of Division Road). The proposed density of development is intended to create a critical mass of active uses that would enliven the Island for 24/7 year-round usage and support the maintenance of the Island's open space and landscapes as well as the historic buildings on the North Island. This increase in density would also help finance improvements to infrastructure, including additional ferry service and expanded access.

The Proposed Actions include zoning text and map amendments and potential approval of capital funding. Specifically, the Special Governors Island District would be expanded to cover the entire Island and create new controls pertaining to the South Island. The underlying zoning for the South Island would be changed to a C4-1 mid-density commercial district, while the zoning for the North Island would remain R3-2. The Special Governors Island District controls applicable to the North Island would remain unchanged. The proposed zoning framework applicable to the South Island would provide controls for future development and facilitate the preservation and use of recreational open space on the South Island.

The Notice of Completion and the Draft SSGEIS were issued on October 15, 2020, which marked the beginning of the public comment period on this document. A public hearing was held on February 3, 2021 in conjunction with the public hearing on the associated Uniform Land Use Review Procedure. Written comments on the Draft SSGEIS were received until February 16, 2021.

As of August 1, 2017, the New York City Mayor's Office of Contract Services (MOCS), has launched the Procurement and Sourcing Solutions Portal (PASSPort), a new procurement system that will replace the paper – VENDEX process. All organizations intending to do business with the City of New York should complete an online disclosure process to be considered for a contract. This disclosure process was formerly completed using Vendor Information Exchange System (VENDEX) paper-based forms. In anticipation of awards, bidders/proposers must create an account and enroll in PASSPort, and file all disclosure information. Paper submissions, including Certifications of No Changes to existing VENDEX packages will not be accepted in lieu of complete online filings. You can access PASSPort from the following link: http://www.nyc.gov/passport.

THIS PROJECT IS SUBJECT TO HireNYC
