N. B.—As all the above-mentioned quantities, though
stated with as much accuracy as is possible, in advance,

their estimates upon the following express conditions,
which shall apply to and become part of every estimate
received:

1st. Bidders must satisfy themselves, by personal ex-
amination of the tug "Manhattan," and by such other
means as they may prefer, as to the accuracy of the fore-
going Engineer's estimate, and shall not, at any time
after the submission of an estimate, dispute or complain
of the above statement of quantities, nor assert that there
was any misunderstanding in regard to the nature or
amount of the work to be done.

2d. Bidders will be required to complete the entire
work, to the satisfaction of the Department of Docks, and
in substantial accordance with the specifications of the

and the entire work to be done under both or either of
the above classes, is to be fully completed within forty-
one days after the date of the contract, Sundays and hol-
idays excepted; and the damages to be paid by the con-
tractor for each day that the contract may be unfulfilled
after the time fixed for the fulfillment thereof has ex-
pired, are, by a clause in the contract, fixed and liqui-
dated at Fifty Dollars per day.

All the old material taken from the said tug, to be
removed under this contract, and not to be put back
again in the work, will be relinquished to the contractor,
and bidders must estimate the value of such material
when considering the price for which they will do the
work under the contract.

Bidders will state in their estimates a price for the
whole of the work to be done, in either or both of the
above-enumerated classes, respectively, in conformity
with the approved form of agreement and the specifica-
tions therein set forth, by which prices the bids will be
tested separately for each class. These prices are to
cover all expenses of every kind involved in or incidental
to the fulfillment of the contract, including any claim that
may arise through delay, from any cause, in the perform-
ing of the work thereunder. The Department of Docks
reserves the right, when an estimate is made containing
bids for more than one class, to accept any one or more of

the bids contained therein, which may be the lowest in
their respective classes, and to reject the remainder which
may not be the lowest in their respective classes. The
contract for any class or classes will be awarded, if
awarded, to the lowest bidder in each class or classes.

Bidders will distinctly write out, both in words and in
figures, the amount of their estimates for doing the work
in either or both classes of the work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of the service of a
notice to that effect; and in case of failure or neglect so
to do, he or they will be considered as having abandoned
it, and as in default to the Corporation; and the contract
will be re-advertised and relet, and so on until it be ac-
cepted and executed.

Bidders are required to state, in their estimates, their
names and places of residence; the names of all persons
interested with them therein; and if no other person be
so interested, the estimate shall distinctly state the fact;
also that the estimate is made without any connection
with any other person making an estimate for the same
work, and that it is in all respects fair and without collu-
sion or fraud; and also that no member of the Com-
mon Council, head of a Department, Chief of a Bureau,
Deputy thereof, or Clerk therein, or other officer of the
Corporation, is directly or indirectly interested therein, or
in the supplies or work to which it relates, or in any por-
tion of the profits thereof; which estimate must be
verified by the oath, in writing, of the party making the
estimate, that the several matters stated therein are in all
respects true. *Where more than one person is inter-
ested, it is requisite that the verification be made and
subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent,
in writing, of two householders or freeholders in the
City of New York, with their respective places of busi-
ness or residence, to the effect that if the contract be
awarded to the person or persons making the estimate,
they will, on its being so awarded, become bound as his
or their sureties for its faithful performance; and that
if said person or persons shall omit or refuse to execute
the contract, they will pay to the Corporation of the City
of New York any difference between the sum to which
said person or persons would be entitled on its comple-
tion, and that which said Corporation may be obliged to
pay to the person or persons to whom the contract may
be awarded at any subsequent letting; the amount in each
case to be calculated upon the estimated amount of the work
to be done in each item of either class, by which
the bids are tested. The consent above
mentioned shall be accompanied by the oath or affirma-
tion, in writing, of each of the persons signing the
same, that he is a householder or freeholder in the
City of New York, and is worth the amount of the
security required for the completion of the contract,
over and above all his debts of every nature, and
over and above his liabilities as bail, surety and other-
wise; and that he has offered himself as surety in good
faith and with the intention to execute the bond required
by law. The adequacy and sufficiency of the security
offered will be subject to approval by the Comptroller of
the City of New York, after the award is made and
prior to the signing of the contract.

No estimate will be received or considered unless ac-
companied by either a certified check upon one of the
National banks of the City of New York, drawn to the order
of the Comptroller, or money, to the amount of five per
centum of the amount of security required for the faith-
ful performance of the contract. Such check or money
must not be inclosed in the sealed envelope containing
the estimate, but must be handed to the officer or clerk
of the Department who has charge of the estimate-box,
and no estimate can be deposited in said box until such
check or money has been examined by said officer or
clerk and found to be correct. All such deposits, ex-
cept that of the successful bidder, will be returned by
the Comptroller to the persons making the same, within
three days after the contract is awarded. If the success-
ful bidder shall refuse or neglect, within five days after
notice that the contract has been awarded to him, to
execute the same, the amount of the deposit made by
him shall be forfeited and retained by the City of
New York as liquidated damages for such neglect or
refusal; but, if he shall execute the contract within the
time aforesaid, the amount of his deposit will be returned
to him by the Comptroller.

Bidders are informed that no deviation from the speci-
fications will be allowed, unless under the written in-
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded
to, any person who is in arrears to the Corporation, upon
debt or contract, or who is a defaulter, as surety or other-
wise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation of the City of
New York.

Bidders are requested, in making their bids or esti-
mates, to use the blank prepared for that purpose by the
Department, a copy of which, together with the form of
the agreement, including specifications, and showing the
manner of payment for the work, can be obtained upon
application therefor at the office of the Department.

Public Charities and Correction, in the City of New
York, until 9.30 o'clock A. M., of Tuesday, October
27, 1885. The person or persons making any bid or
estimate shall furnish the same in a sealed envelope,
indorsed "Bid or Estimate for Skilled Labor to
ERECT AND COMPLETE PAVILION FOR FEMALE INSANE
ON HART'S ISLAND," for which there is one separate set
of specifications and the work for which is to be let in one

date of presentation, to the head of said Department, at
the said office, on or before the day and hour above
named, at which time and place the bids or estimates
received will be publicly opened and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION
RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES
IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PRO-
VIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract
awarded to, any person who is in arrears to the Corpora-
tion upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Corpora-
tion.

The award of the contract will be made as soon as
practicable after the opening of the bids.

The person or persons to whom the contract may be
awarded will be required to give security for the per-
formance of the contract by his or their bond, with two
sufficient sureties, each in the penal amount of SEVEN
THOUSAND (\$7,000) DOLLARS.

Each bid or estimate shall contain and state the name and
place of residence of each of the persons making the same;

the names of all persons interested with him or them
therein; and if no other person be so interested, it shall
distinctly state that fact; also that it is made without
any connection with any other person making an esti-
mate for the same purpose, and is in all respects fair
and without collusion or fraud; and that no member of the
Common Council, head of a department, chief of a
bureau, deputy thereof, or clerk therein, or other officer
of the Corporation, is directly or indirectly interested
therein, or in the supplies or work to which it relates, or in
any portion of the profits thereof. The bid or estimate
must be verified by the oath, in writing, of the party or
parties making the estimate that the several matters stated
therein are in all respects true. Where more than one
person is interested it is requisite that the verification be
made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in the
City of New York, with their respective places of busi-
ness or residence, to the effect that if the contract be
awarded to the person making the estimate, they will, on
its being so awarded, become bound as his sureties for its
faithful performance; and that if he shall omit or refuse
to execute the same, they shall pay to the Corporation any
difference between the sum to which he would be entitled
on its completion, and that which the Corporation may be
obliged to pay to the person or persons to whom the
contract may be awarded at any subsequent letting; the
amount in each case to be calculated upon the estimated
amount of the work by which the bids are tested. The
consent above mentioned shall be accompanied by the
oath or affirmation, in writing, of each of the persons
signing the same, that he is a householder or freeholder in
the City of New York, and is worth the amount of the
security required for the completion of this contract, over
and above all his debts of every nature, and over and above
his liabilities as bail, surety or otherwise; and that he
has offered himself as a surety in good faith and with the
intention to execute the bond required by section 27 of
chapter 8 of the Revised Ordinances of the City of New
York, if the contract shall be awarded to the person or
persons for whom he consents to become surety. The
adequacy and sufficiency of the security offered to be
approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accom-
panied by either a certified check upon one of the
National banks of the City of New York, drawn to the
order of the Comptroller, or money, to the amount of five
per centum of the amount of the bond required for the
faithful performance of the contract. Such check or
money must not be inclosed in the sealed envelope con-
taining the estimate, but must be handed to the officer or
clerk of the Department who has charge of the Estimate-
box, and no estimate can be deposited in said box until
such check or money has been examined by said officer
or clerk, and found to be correct. All such deposits,
except that of the successful bidder, will be returned to
the persons making the same, within three days after
the contract is awarded. If the successful bidder shall
refuse or neglect, within five days after notice that the
contract has been awarded to him, to execute the same,
the amount of the deposit made by him shall be forfeited
and retained by the City of New York, as liquidated
damages for such neglect or refusal; but if he shall exe-
cute the contract within the time aforesaid, the amount
of his deposit will be returned to him.

Should the lowest formal estimate be accepted by the
Board of Public Charities and Correction, due notice of
the fact will be given forthwith upon the receipt of the
Comptroller's approval of the sureties, presented by the
bidder as consenting to be bound for the faithful execution
of this contract if awarded. Thereupon, if the Board shall
not deem it for the best interests to reject all the proposals,
the contract for this aforesaid work and materials shall be
awarded to this lowest bidder, who shall execute the
contract and bond of even date therewith in due form, to
the satisfaction of said Board, within five days after the
award aforesaid. If the party or parties to whom said
contract is awarded neglect or refuse to execute the
same as aforesaid, and the Bond accompanying the
same, the said contract shall be regarded as having
been abandoned, the party or parties notified as in
default to the Corporation of the City of New York,
and the work and materials will be re-advertised as pro-
vided in section 64, chapter 410, Laws of 1882.

Bidders will write out the amount of their estimate, in
addition to inserting the same in figures.

Payment will be made by a requisition on the Com-
ptroller, in accordance with the terms of the contract, as
the Commissioners may determine.

Bidders are informed that no deviation from the
specifications will be allowed, unless under the written
instructions of the Commissioners of Public Charities
and Correction, AND ARE PARTICULARLY CAU-
TIONED TO EXAMINE WITH CARE THE PRO-
VISIONS OF ARTICLE 5 OF THE PRINTED
CONTRACT FORM.

The form of the agreement, including specifications,
and showing the manner of payment, can be obtained at
the office of the Department.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to him or their bid, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be readvertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioners of the Department of Public Parks may designate.

N.B.—The price must be written in the estimate, and also stated in figures, and all bids will be considered as informal which do not contain a bid for the whole work called for herein. Permission will not be given for the withdrawal of any bid, and the right is expressly reserved by the Department of Public Parks to reject any or all bids which it may deem prejudicial to the public interests. No bid will be accepted from, or contract awarded to any person who is in arrears to the Corporation of New York upon debt or contract, or who is a defaulter, as surety or otherwise upon any obligation to said Corporation.

No bid will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the bid, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no bid can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal;

but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their proposals, under oath, their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that such bid is made without any connection with any other person making a bid for the same purpose, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The bid must be verified by the oath, in writing, of the party making the proposal, that the several matters therein stated are in all respects true. When more than one person is interested in the bid, the verification must be made by all the parties interested.

Each bid shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the bid, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation of New York any difference between the sum to which he would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or the affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders will be required to state in their proposals ONE PRICE OR SUM for which they will execute the ENTIRE WORK, including the furnishing of all materials, labor and transportation; all implements, tools, apparatus and appliances of every description necessary to complete in every particular the whole of the work as set forth in the plans and in the specification, schedule, and form of agreement hereto annexed.

The time allowed to complete the whole work will be two hundred days, and the damages to be paid by the Contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are, by a clause in the contract, fixed and liquidated at twenty dollars per day. See paragraph (E) of contract.

The successful bidder will be strictly held to the time allowed for the completion of the work and in accordance with the plans, specifications, schedule and form of agreement hereto annexed, and in compliance with such directions as may be given from time to time by the Commissioners of the Department of Public Parks and the Architect appointed by them.

The Architect's schedule of materials to be furnished and work to be done, upon which the bids are to be based, is as follows:

(1.) Bidders must satisfy themselves by personal examination of the site of the proposed work, and its present condition and nature, by careful examination of the existing building, and by such other means as they may prefer, as to the sufficiency of the foregoing Architect's schedule and plans, and shall not at any time after the submission of their bids dispute or complain of such schedule and plans, or the specification and directions explaining or interpreting them, nor assert that there is any misunderstanding in regard to the location, extent, nature or amount of work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Commissioners of the Department of Public Parks, and the Architect appointed by them, and in accordance with the drawings and directions given or which may be given by the Architect, and in conformity with the specification hereto annexed. (4.) Bidders are notified that all building stone or other material now upon the ground, which in the judgment of the Commissioners and the Architect may be suitable, will be available to the Contractor.

The amount of the security required is THIRTY thousand dollars.

Bidders are informed that no deviation from the plans and specification will be allowed, except a written direction therefor shall have been previously given by the Architect, indorsed in writing, with the approval of the Commissioners of the Department of Public Parks.

The Contractor is required to notify the Architect, in writing, forty-eight hours prior thereto of the date he intends to actually begin work.

Bidders are specially notified that the Department of Public Parks reserves the right to determine the times and places for commencing and prosecuting the works, and that postponement or delay on the whole or any part thereof, cannot constitute a claim for damages.

85,000 pounds good, clean Rye Straw.
2,800 bags clean No. 1 White Oats, 80 pounds to the bag.
1,800 bags first quality Bran, 40 pounds to the bag.

—will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 155 and 157 Mercer street, in the City of New York, until 11 o'clock A. M., Wednesday, October 28, 1885, at which time and place they will be publicly opened by the head of said Department and read.

The form of the agreement and specifications, showing the manner of payment for the articles, may be seen and forms of proposals may be obtained at the office of the Department.

All of the articles are to be delivered at the various houses of the department in such quantities and at such times as may be directed.

Proposals must include all the items, specifying the price per cwt. for hay and straw, and per bag for oats and bran.

Any person making an estimate for the above shall present the same in a sealed envelope, to said Board, at said

office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the supply to which it relates.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded become bound as his sureties for its faithful performance, in the sum of four thousand dollars (\$4,000); and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of two hundred dollars (\$200). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

No estimate will be received or considered after the hour named.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or his bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

LAW DEPARTMENT.

REPORT FOR THE THREE MONTHS ENDING SEPTEMBER 30, 1885.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, October, 1885.

Hon. WILLIAM R. GRACE :

SIR—The last Quarterly Report of this Department called attention to the fact that no regular system of reporting had been prescribed by the Mayor under section 27, of the Charter of 1873. It was also stated that suggestions as to such a system would be made before the next (October) report. The making of such suggestions, however, has been delayed until now in order that an actual report, constructed in accordance with the scheme proposed, may afford a convenient test of its sufficiency. When a plan of reporting is once prescribed for this Department by the Mayor, it will of course be adhered to until modified by the same authority.

Periodical reports which clearly indicate its operations, will undoubtedly benefit the Department quite as much as they will enlighten the tax-payer. A quarterly report to the Comptroller containing the names of the parties to and the object of all suits pending in the Department, is now provided for by section 216 of the Consolidation Act. The most natural manner, therefore, to improve the system of reporting would be by an expansion and rearrangement of this Quarterly Report so that by transmitting to the Comptroller a duplicate of the report made to the Mayor, the requirements of section 216 may be complied with.

A yearly report should also be made. The business of this Department being largely dependent upon the sittings of the Courts cannot be fairly represented by any system of quarterly reports. The long vacation divides the year into unequal parts, the increase in one quarter and the diminution in another can only be equalized by an aggregation into a twelve months' synopsis. I suggest, therefore, that the quarterly reports should be designed merely to indicate the current business, leaving all statements, comparisons and recommendations, for the annual report. The following schedules will probably prove sufficient for the quarterly report :

Schedule 1—List of actions and special proceedings pending and undetermined at the end of current quarter, with a recapitulation stating the total number of each class (e.g., common law actions on tort, equity actions, assessment proceedings, etc., etc.).

Schedule 2—List of actions and special proceedings begun during the current year and still pending and undetermined at the end of the current quarter, with a similar recapitulation.

Schedule 3—List of old actions and special proceedings (that is, those begun prior to the current year) terminated during the quarter, with a statement showing how each was disposed of.

Schedule 4—A similar list of new actions and special proceedings (that is, those begun during the current year) and terminated during the quarter.

Schedule 5—List of claims received for collection during the quarter, with a statement of the disposition thereof, namely, whether they were collected without suit, put in suit, or withdrawn.

Schedule 6—List of payments made from each appropriation during the quarter.

For the annual report I would recommend the presentation of the following schedules :

Schedule 1—Similar to Schedule 1 of the quarterly.

Schedule 2—Similar to Schedule 2 of the quarterly.

Schedule 3—Similar to Schedule 3 of the quarterly, showing the total number of old actions and special proceedings ended during the year.

Schedule 4—A similar list of new actions and special proceedings.

Schedule 5—Similar to Schedule 5 of the quarterly, but covering the transactions of the year.

Schedule 6—Similar to Schedule 6 of the quarterly, but covering the transactions of the year.

Schedule 7—A table giving the disposition of calendar cases. This should show the actions and special proceedings coming on the day calendar during the year for disposition, what cases were tried, with the results of each trial, what were adjourned on the City's motion, and what were adjourned on the motion of the other side, etc.

Schedule 8—A similar statement of the appeals coming on for argument.

Schedule 9—A schedule showing the condition and disposition of street opening cases.

Besides these lists, the report should contain general statements as to interlocutory business, titles searched, and opinions given, and other branches of work not included in the above classification, with such recommendations or suggestions as may commend themselves to the head of the Department.

I herewith present the quarterly report, showing the operations of the Department during the three months ending September 30, 1885, constructed in the manner above indicated, comprising Schedules numbered from 1 to 6.

From these it appears that there were pending and undetermined on September 30, 8,008 actions and special proceedings. During the vacation quarter 183 were finally disposed of.

Although general comments and suggestions as to the business of the Department may be more properly referred to in an annual report, the present seems a fitting occasion to call attention to the successful operation of the new system, inaugurated a year ago, for the preparation of accident cases. One year has elapsed since it was perfected, and as that period includes a court year—that is, from October 1, 1884, to June 30, 1885—the effects of improved methods of preparation have had a chance to become apparent in the results of trials.

In the summer of 1884, after consultation with the Police Commissioners, arrangements were made whereby every accident occurring in the streets and coming to the attention of the police, is reported at once to this Department. Printed blanks, containing such items of information as to the character and cause of the accident, names of witnesses, etc., as it seems desirable that this Department should obtain, are furnished to each precinct. Promptly upon the receipt of the reports at this Department, they are classified and arranged and steps taken for an investigation into such as seemed likely to become the foundation of claims against the city. In this way there is secured a sufficient amount of preliminary information to make the examination of the claimant, which the charter permits, exhaustive and valuable. It also enables subsequent investigations to be pushed in the right direction. This system, of course, calls for a considerable expenditure of time and labor upon cases which do not eventually ripen into actions, but in view of the results, such expenditure can hardly be considered unremunerative. Its results are very apparent when accident cases are brought to trial. The annexed table, marked Schedule "A," shows the disposition of such trials for the current year, from October 1, 1884, to June 30, 1885. In those suits there was claimed as damages, \$606,382.39. The total amount paid by the city was only \$8,656.12. Fifty-two accident cases in all were disposed of at trial term, and the recovery therein was not quite one and one-half per cent. of the amount claimed. In the year, from October 1, 1883, to June 30, 1884, forty-two similar cases were disposed of, and the recovery was six and one-quarter per cent.

So high an average of success cannot probably be obtained every year, but so long as the present thorough preparation of these cases is continued the city is not likely to be mulcted in damages except when its authorities have been clearly in fault.

It would not be unreasonable, however, to require any one who intends to sue the city for damages resulting from an accident in the streets, to give prompt notice of such intention, and I would recommend the passage of an act which would fix a short statute of limitations against claimants for such damages. Such a bill will be prepared by this Department and presented to the next Legislature. In view of the fact that the cities of Oswego, Utica, Rochester, Rome and Ogdensburg have already secured this advantage, I see no reason why the same rule should not be extended to this city.

Suggestions for reports from the bureaus connected with the Department have not yet been prepared, but no such reports are needed this quarter, as the recent exhaustive examination of the Commissioners of Accounts has covered the ground.

Respectfully, yours, etc.

E. HENRY LACOMBE, Counsel to the Corporation.
