CHARLES K. HYDE, Chief of Bureau.

The number of buildings reported as requiring fire-escapes was five hundred and sixty-two (562). Of these two hundred and forty-nine (249) were made to conform to the law upon notice, and three hundred and thirteen (313) are now under process.

The cases of this class reported prior to April 1, 1875, and [since removed is four hundred and 600 prior to April 1, 1875, and [since removed is four hundred and 100 prior to April 1, 1875].

The cases of this class reported prior to April 1, 1875, and [since removed is four hundred and fifty-eight (458).

During the quarter fifty-four cases have been sent to the Attorney for prosecution, and one thousand three hundred and forty-seven notices issued. The excess of notices issued over the number of cases reported may be accounted for by the fact that the agent or lessee, in addition to the owner, have to be notified, and where the proper parties are not found, or are non-residents, notices are mailed to their address if known, and copies posted on the buildings.

By referring to Exhibit "I," it will be noticed that there are six hundred and forty-five (645) cases still in progress of removal. Most of these are cases for which contracts are out, and fire-escapes being made, and also cases which require painting and repairing. A large number of cases are also yet in litigation.

In addition to the five hundred and sixty-two (562) buildings reported for fire-escapes, two hun-

In addition to the five hundred and sixty-two (562) buildings reported for fire-escapes, two hundred and eighty (280) churches have been reported as requiring the doors thereof to be so altered as to open outward. In a large majority of these cases the requirements of the Department are being complied with.

During the quarter eight thousand eight hundred and ten (8,810) buildings have been examined by the Inspectors of this Bureau, and, except those reported, have been found to be provided with fire-escapes, or not requiring any additional means of escape in case of fire.

Street Cleaning.

The Committee on Street Cleaning submitted the following resolutions. Whereupon, the same

Whereas, The statute which imposes on the Board of Police the duty of cleaning the streets of the city, requires also that the materials collected in street cleaning shall be removed from the city daily, except such portion thereof as in the judgment of the Board of Health may be suitable to fill low and sunken lots; and

Whereas, It is not practicable to collect such materials in such condition, during the summer season, to meet the approval of the Board of Health for the purpose of filling low and sunken lots;

Whereas, The materials in question being condemned by the Board of Health as dangerous to public health, are also condemned and repelled by the Health authorities of all adjacent jurisdictions, including Long Island, Staten Island, and New Jersey; and

Whereas, Neither law, good policy, nor the public health will permit the obnoxious material to be wasted in the waters within the jurisdiction of the city, and the attempt to dispose of them in the Atlantic ocean outside of Sandy Hook, in rough weather, is not only prodigiously expensive to the city, but also in a high degree perilous to the water craft and the lives of the men engaged in the service: and

many days in the year when it will be physically impossible to the disposition of the material collected in street sweeping are insurmountable by any authority conferred on the Board by any law, present to the Board, the public, and the citizens of New York, the problem of finding some place where the obnoxious materials may be wasted lawfully and without offense, or of leaving the streets uncleaned; therefore, Resolved, That the Commissioners of Pilots be requested to consider whether there is any position in the Bay, below the Narrows and west of East Bank, accessible by the water craft of the Department in all weather, where the material in question may be wasted without violation of law, and without injury to the sanitary, commercial, or other important interests of the city, and the use of which for the purposes indicated they would be willing to approve.

Resolved, That the Chief Clerk transmit a copy of the above preamble and resolution to the Commissioners of Pilots.

Resolved, That the following permits to dump be granted:

Resolved, That the application of John A. Bouker, for permission to use the end of Laight street pier, be denied.

Resolved, That permits be granted for steamers plying in the harbor to dump ashes and garbage, to any person or persons applying therefor, in compliance with chapter 148, Laws of 1875, without

The Committee on Street Cleaning reported on the application of Patrick Farley for street sweepings to be dumped on lots situated on Ninety-seventh street, between Second and Fourth avenues, that Mr. Farley had been notified that the permission and approval in writing of the Board of Health must be obtained before any material could be delivered to him for filling purposes. OFFICE OF THE COMMISSIONER OF JURORS, NEW COUNTY COURT-HOUSE, NEW YORK, June 1, 1875.

A PPLICATIONS FOR EXEMPTIONS WILL BE liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called.

When possible and legal, serving jurors will be allowed to select a convenient season—if application be made in time.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

The Commissioner will receive applications for relief from those jurors who have served continuously and promptly for several years, or have done excessive jury service in the State Courts.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted. No fees of any kind exist or are allowed in regard to jury notices, and any one asking, receiving, or giving any such "fee" or "present" will be arrested, and, if possible, punished to the full extent of the law.
