PETITIONS.

NEW YORK, October 7, 1893.

To the Honorable the Board of Aldermen of the City of New York :

GENTLEMEN—An ordinance, entitled an ordinance to amend sections 21 and 22 of article IV., chapter 8 of the Revised Ordinances of 1880, was passed by your Honorable Board April 4, 1893, and approved by his Honor the Mayor April 17, 1893, under the provisions of which (section 1) section 21 of article IV. is amended and provides as follows :

"In no case shall it be lawful to place any such carts, wagons or other vehicles crosswise of the carriageway on Broadway, below Thirty-fourth street, nor shall any such cart, wagon or other vehicle be permitted to remain in front of any premises on said part of Broadway, unless placed in close proximity to the curb-stone, with the side of such cart, wagon or other vehicle parallel therewith ; but carts, wagons and trucks shall only be allowed to remain during the process of loading and unloading the same."

Your petitioners understand the object of the amendment was to permit of—to as great a degree as possible—the unobstructed passage of street cars and vehicles on Broadway below Thirty fourth street.

The several express companies presenting this petition to your Honorable Board for its consideration, have for a number of years past maintained branch offices on the east side of Broadway, between Twenty-second and Twenty-third streets, for the accommodation of their patrons in that vicinity, and since the ordinance above referred to became operative, its enforcement has seriously interfered with the handling of their business.

In view of the fact that the portion of Broadway described, between Twenty-second and Twenty-third streets, is of a much greater width than that part of Broadway below Twenty-second and above Twenty-third streets, we respectfully submit that, so far as the block mentioned is concerned, there exists no necessity for an ordinance of this kind, and your petitioners therefore pray that your Honorable Board will amend and modify the ordinance in question to the end that the east side of the block on Broadway, bounded by Twenty-third street on the north and Twenty-second street on the south, be exempted from its provisions, and we be permitted to load and unload our wagons as was the custom prior to the adoption of the amendment herein referred to.

We feel assured your Honorable Board will appreciate the reasonableness of our request and accord it due consideration.

HEALTH DEPARTMENT, No. 301 MOTT STREET,
NEW YORK, October 19, 1893.

To the Honorable the Board of Aldermen, New York City:

At a meeting of the Board of Health of the Health Department held October 18, the following preamble and resolution was adopted:

Whereas, It appears from the report of the Sanitary Committee of this Board, which has been approved by the Board, that a plant and apparatus is necessary at the foot of Canal street, North river, for the disinfection of sewage at that place and adjacent thereto, through the agency of electrolyzed sea water, and that the same plant and apparatus will be needed at other places in this city for similar purposes, especially where new outlet sewers are constructed or repaired, or slips are dredged; and

Whereas, Section 64 of the New York Consolidation Act of 1882 provides that the method of procuring supplies, etc., exceeding an aggregate cost of the sum of one thousand dollars shall be by contract unless otherwise ordered by a vote of three-fourths of the members elected by the Common Council; therefore be it

Resolved, That the Board of Aldermen be and is hereby respectfully requested to order, under the provision of the law above quoted, that the plant and apparatus necessary for disinfection of sewage at the foot of Canal street and other places, where such disinfection is necessary, may be procured by the Health Department in the open market and in such manner as said Department may deem necessary for the best interests of the public, at an expense to the City not to exceed six thousand dollars.

HEALTH DEPARTMENT—OFFICE OF THE CHIEF SANITARY INSPECTOR,
No. 301 MOTT STREET,
NEW YORK, October 25, 1893.

CHARLES F. ROBERTS, M. D., Sanitary Superintendent:

SIR—On June 17, 1893, on complaint of a citizen, an inspection was made of the vacant lots south side of One Hundred and Fourth street, beginning at First avenue and extending one hundred feet west, and commencing at East One Hundred and Fourth street and extending on the west side of First avenue one hundred feet south, and the same were found in a dangerous condition through being unfenced. An order, No. 14948, was issued June 20, 1893, to fence said lots to Mitchell Valentine, Westchester, New York, and after repeated inspections, viz.: June 27, July 15, August 1, August 17 and September 15, 1893, when it was ascertained that Wilhelmina Juch, No. 129 East One Hundred and Fourth street, was owner, and on whom a new service was made September 16, 1893. On September 25, 1893, personal notice was given to Mrs. Juch to have the lots fenced within 48 hours, on her own admission of ownership, but she has made and forwarded to this Department within a few days an affidavit declaring she has erred and did not own said lots. On reinspection October 20, 1893, nuisance was found not abated; further investigation developed that the ownership is in dispute and now the subject of litigation, and as no person upon whom the responsibility of fencing the lots can be fixed,

I respectfully recommend that the Board of Aldermen be requested to pass a resolution authorizing and directing the Commissioner of Public Works to have said lots fenced.

WILLARD BULLARD, Chief Sanitary Inspector.

Whereas, The news of the deplorable death of the Hon. Carter H. Resolved, That this Board hereby expresses its sympathy with the family of the deceased and with the City of Chicago, and tenders its condolence in this hour of bereavement, at the same time recording its abhorrence of the assassin's desperate deed ; and be it further

Resolved, That this preamble and resolutions be entered in full on the minutes ; and be it further

Resolved, That this Board do now adjourn, as a mark of respect to the memory of the deceased.

The President put the question whether the Board would agree with said resolutions.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within ten days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

COMMISSIONER'S OFFICE,

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud.
