Paragraph 11 is hereby amended so as to read as follows:

"Once in each year every employee or Master Plumber carrying on his trade, business or calling in The City of New York, shall register his name and address in the office of the Bureau of Buildings in the borough in which his place of business is located."

Paragraph 111 is hereby amended by adding at the end thereof these words:

"A plumber proposing to do work in a borough other than that in which he is registered shall present his certificate at the office of the Bureau of Buildings in that borough before commencing work, so that the fact of his having been properly registered may be recorded."

Section 79. Substitute the following:

"Section 79. A fresh-air inlet must be connected with the house drain just inside of the house-trap; where under ground, it will be of extra heavy cast iron. It must extend to the outer air and finish with a return bend at least one foot above the grade and ten feet away from any window or cold air box. When this arrangement is not possible, the fresh-air inlet must open into the side of a box not less than eighteen inches square, placed below the sidewalk at the curb. The bottom of the box must be eighteen inches below the under side of the fresh-air inlet pipe. The box may be of cast iron, or it may be constructed with eight inch walls of brick or flagstone laid in hydraulic cement. The box must be covered by a flagstone fitted with removable metal grating, leaded into the stone, having openings equal in area to the area of the fresh-air inlet, and not less than one-half inch in their least dimension. The fresh-air inlet must be of the same size as the drain up to four inches; for five inch and six inch drains it must not be less than four inches in diameter; for seven inch and eight inch drains not less than six inches in diameter; and for larger drains not less than eight inches in diameter, the removable portion of grate to be at least eight by twelve inches in area. An automatic device approved by the Superintendent of Buildings may be used, when set in a manner satisfactory to the said Superintendent."

Section 97. Substitute the following:

"Section 97. No form of trap will be permitted to be used unless it has been approved by the Bureau of Buildings, and no masons' cesspool, bell, pot, bottle or D-trap will be permitted, nor any form of trap that is not self-cleaning nor has interior chamber or mechanism, nor any trap, except earthenware ones, that depend upon interior partitions for a seal."

Section 119. Substitute the following:

"Section 119. In lodging houses the water closet and urinal apartments must have a window opening to the outer air; if three stories or less in height, they may have such window opening on a ventilating shaft not less than ten square feet in area."

Section 131. Substitute the following:

"Section 131. In lodging houses there must be one water closet on each floor, and where there are more than fifteen persons on any floor there must be an additional water closet on that floor for every fifteen additional persons or fraction thereof."

Change the number of section 134 to section 133 and substitute the following:

"Section 133. Water closets and urinals must be flushed from separate cisterns on each floor, the water from which is used for no other purpose; where flushometers are used, they must be supplied from separate tanks provided for that purpose, and in no case are connections to be made direct with the water service pipe."

## BOROUGH OF RICHMOND.

## Minutes of the Local Board, First District, Borough of Richmond.

The Local Board, First District, Borough of Richmond, The City of New York, met at the Borough Office in the First National Bank Building at St. George, in said borough, on Tuesday, April 15, 1902, at 10 o'clock in the forenoon.

The roll was called and the following members were present and answered to their names: Alderman Maloy, Alderman Gillies, Alderman Shea, and the President. Alderman Gillies moved that the reading of the minutes of the meeting of April 8 be dispensed with, and that the minutes be approved as typewritten.

Which was carried.

President Cromwell laid before the Board nine petitions, as advertised.

## AMOS STREET, FOURTH WARD.

## Storm Water Sewer.

The following resolution was moved by Alderman Gillies, and adopted:

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby directs that a storm water sewer and receiving basins be constructed on Amos street, from Tompkins avenue to the bulkhead line, in the Fourth Ward, and that such sewer be constructed in accordance with the new grade of Amos street to be established pursuant to resolution adopted by this Board on March 11, 1902.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea, the President.

Negative—None.

## FRANKLIN AVENUE, FIRST WARD.

## To Extend Sanitary Sewer to Bulkhead Line.

The following resolution was moved by Alderman Maloy, and adopted:

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby directs that the sanitary sewer terminating at or near the northerly end of Franklin avenue, in the First Ward, be extended from its present terminus to the pier and bulkhead line, such extension being made necessary by reason of the filling in of the property of J. B. King & Co., in which the sewer in question out-falls at present; and

That a copy of this resolution, together with a statement of the estimated cost of this improvement and the assessed valuation of the property within the probable area of assessment, as presented to this Board by the Commissioner of Public Works, be forthwith transmitted to the Board of Estimate and Apportionment.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea, the President.

Negative—None.

## FRANKLIN AVENUE AND PARK PLACE, FIRST WARD.

## Repairing and Completing Grade, etc.

President Cromwell stated that, as the petition asked for repairs and maintenance and not for an assessable improvement, it did not require action by the Local Board, and he would refer it to his Commissioner of Public Works.

Which was assented to.

## JERSEY STREET, FIRST WARD.

## Repaving.

The following resolution was moved by Alderman Maloy, and adopted:

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby refers to the Commissioner of Public Works, for investigation and report, the petition of residents and property owners on Jersey street, in the First Ward, that said street be paved with block pavement, on concrete foundation, with tar joints, from Richmond terrace southerly to Brook street, and that the work be chargeable to the proper fund and to the Staten Island Electric Railroad Company in accordance with the provisions of its franchise.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea, the President.

Negative—None.

## DUBOIS AVENUE, FIRST WARD.

## Curbing, Guttering and Flagging.

President Cromwell stated that, as the petition asked for the execution of an order issued on a resolution adopted by the preceding Local Board, it did not require action by the Local Board unless a new petition were presented asking for an assessable improvement under the provisions of the revised Charter, and he would therefore refer the matter to his Commissioner of Public Works.

Which was assented to.

## PALMER AVENUE, THIRD WARD.

## Opening, Grading and Regulating.

The petition was opposed by property owners who claimed to represent more than one-half the property assessable for the improvement asked, and was supported by the petitioners, who claimed to represent only one-half the property assessable.

President Cromwell stated that the Local Board would not take definite action on an assessable improvement which was not petitioned for or assented to by a majority of the assessable property, without accurate information in relation to the public necessity of said improvement, and that he would prefer that the petition be laid over until such information could be obtained.

Which was assented to by the petitioners and the opposers of the petition; and

On motion of Alderman Shea, there being no dissent;

The petition was referred to the Commissioner of Public Works for investigation and report.

## EGBERT PLACE, FOURTH WARD.

## Macadamizing.

President Cromwell stated that the macadamizing of Egbert place for 450 feet was directed under the former Town of Southfield bond issue, and that he had ordered this work to be done; whereupon

The petitioners withdrew their petition for macadamizing of the whole street.

## RICHMOND VALLEY, ETC., FIFTH WARD.

## Water Mains, Tottenville System.

The petition asked for water mains and fire hydrants through the villages of Richmond Valley, Pleasant Plains, Princes Bay and Huguenot; and

A petition was handed to the President, as an amendment to the advertised petition, that "the proposed continuation of the city water main from Tottenville to Richmond Valley and Huguenot be continued along the Amboy road through Giffords."

President Cromwell suggested that, as representative signers of both petitions were present, and as there was no opposition to either petition, the Local Board exercise its right to adopt a resolution embracing the entire district concerned.

Which was assented to.

The following resolution was moved by Alderman Shea, and seconded by Alderman Gillies, and was adopted:

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby urgently recommends to the Commissioner of Water Supply, Gas and Electricity, that he take immediate steps to cause the laying of water mains through the villages of Richmond Valley, Pleasant Plains, Princes Bay, Huguenot and Giffords, to connect with the water main at Tottenville, and the erection of a sufficient number of fire hydrants thereon to obviate the great danger of fire from the absence of a proper water supply which now exists.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea, the President.

Negative—None.

## NEW DORP—CONCORD.

## Water Main on the Richmond Road.

The following resolution was moved by Alderman Gillies, and adopted:

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby urgently recommends to the Commissioner of Water Supply, Gas and Electricity, that he take immediate steps to cause the laying of water mains through the Richmond road, from New Dorp to Concord, and the erection thereon of fire hydrants at proper intervals.

## CHERRY LANE, FIRST WARD.

## Gas Main, Manor Road to Elm Street.

Mr. George Nichol addressed the Board in relation to a petition which had been acted on by the preceding Local Board but had not yet been carried into effect, and asked that the Board adopt a new resolution; and

The following resolution was moved by Alderman Maloy, and adopted:

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby urgently recommends to the Commissioner of Water Supply, Gas and Electricity, that he grant permission to the New York and Richmond Gas Company to lay gas mains on Cherry lane, from Manor road to Elm street, in the First Ward of the borough.

## Electric Lights.

Alderman Maloy asked whether anything definite had been done about placing an electric light in front of St. John's German Evangelical Lutheran Church, and was informed by the President that no reply had yet been received from the Commissioner of Water Supply, Gas and Electricity to any of the official communications sent to him from the Borough of Richmond.

## Former Petitions.

Mr. Nichol asked about a petition and a resolution concerning a proposed extension of Cherry lane, which had been forwarded to the former Board of Public Improvements; and

President Cromwell stated that the present Board of Estimate and Apportionment is the successor of the former Board of Public Improvements in action regarding local improvements immediately following the initial steps taken by a Local Board, and that such business as was left unfinished on the termination of the Board of Public Improvements will be taken up by the Board of Estimate and Apportionment as rapidly as possible.

## Automobile Speed Permit.

President Cromwell introduced to the Local Board Mr. S. M. Butler, Secretary of the Automobile Club of America, who desired to obtain the suspension for part of one day of the law limiting the speed of automobiles in the city limits, and to obtain permission to use the South Side Boulevard for trials.

Mr. Butler explained the wishes and purpose of his club, and its plan to guard against accidents during the speed trials, and

The following resolution was presented by President Cromwell, and was adopted:

Resolved, That the Local Board, First District, Borough of Richmond, The City of New York, hereby recommends to the Honorable the Board of Aldermen of The City of New York that permission be granted to the Automobile Club of America to conduct speed trials for automobiles on the South Side Boulevard in the Fourth Ward of the Borough of Richmond, on the 31st day of May, 1902, between the hours of 11 a. m. and 4 p. m., or in case said day be stormy on the first clear week-day thereafter, between the same hours, and that during said hours on said day a speed of greater than eight miles per hour be permitted; provided, however, that the said automobile club furnish proper police protection of that part of the Boulevard over which the speed trials are to be conducted.

Affirmative—Alderman Maloy, Alderman Gillies, Alderman Shea, the President.

Negative—None.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.
