(Cal. No. 2).

(At the close of the public hearing on April 3, 1913, this matter was laid over for one week.)

The President of the Borough of The Bronx offered the following:

Whereas, At a meeting of this Board, held on the 6th day of March, 1913, a resolution was adopted proposing to change the map or plan of The City of New York so as to change the lines and grades of the street system bounded by Seabury avenue, Wellington avenue and its prolongation; Westchester Creek, Lating street, Balcom avenue, the prolongation of Whittemore avenue, Graff avenue and its prolongation, Commerce avenue and Newbold avenue, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 3d day of April, 1913, at 10:30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 3d day of April, 1913; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolution and notice have been published in the CITY RECORD for ten days prior to the 3d day of April, 1913; and

Whereas, All persons interested in such proposed change were afforded an opportunity to be heard thereon, and such proposed change was duly considered by this Board; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the lines and grades of the street system bounded by Seabury avenue, Wellington avenue and its prolongation, Westchester Creek, Lating street, Balcom avenue, the prolongation of Whittemore avenue, Graff avenue and its prolongation, Commerce avenue, and Newbold avenue, in the Borough of The Bronx, City of New York, does hereby favor the same so as to make the aforesaid change in accordance with a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated April 4, 1912.

Which was adopted by the following vote.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, and the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Extending Crotona Parkway, so as to Include the Block Bounded by East 175th Street, Boston Road and Southern Boulevard, Borough of The Bronx. (Cal. No. 3).

(At the meeting of the Board on March 27, 1913, this matter was laid over for two weeks.)

The Secretary presented the following communication from the East Tremont Taxpayers' Association:

East Tremont Taxpayers' Association, Prospect Hall, northwest corner of Tremont and Prospect avenues, The Bronx, New York, April 4, 1913.

Honorable Board of Estimate, City of New York, 277 Broadway, New York:

Gentlemen—The East Tremont Taxpayers' Association passed a resolution on March 28, 1913, favoring the extending of the Crotona parkway from 175th street to Boston road. In order to carry this through the car barns of the Union Railway must be removed. This, the association is heartily in favor of. Yours very truly,

JOS. T. HANLON, Secretary.

On motion of the President of the Borough of The Bronx, the matter was laid over for four weeks (May 8, 1913).

Relief from Assessment in the Matter of the Proceeding for Acquiring Title to White Plains Road, from a point Near Old Unionport Road to a Point Near Thwaites Place, and to the Area Between Bronx Park East and White Plains Road South of Bear Swamp Road, Borough of The Bronx. (Cal. No. 4).

(At the meeting of the Board on March 6, this matter was laid over for three weeks, and on March 27, for two weeks.)

On motion of the President of the Borough of The Bronx, the matter was laid over for two weeks (April 24, 1913).

Vesting Title to Havemeyer Avenue, from Watson Avenue to Waterbury Avenue, and to a Short Adjoining Section of Haviland Avenue, Borough of The Bronx. (Cal. No. 5).

(At the meeting of the Board on April 3, 1913, this matter was laid over for one week.)

On motion of the President of the Borough of The Bronx, the matter was laid over for one week (April 17, 1913).

Reconstructing Sewers in East 134th Street, from Brook Avenue to St. Anns Avenue; in East 135th Street, from Willow Avenue to Walnut Avenue, and from Brook Avenue to St. Anns Avenue; and in East 136th Street, from Brook Avenue to St. Anns Avenue, Borough of The Bronx. (Cal. No. 6).

(At the meeting of the Board on March 6, 1913, this matter was laid over for one week, on March 13 for three weeks, and on April 3 for one week.)

The Secretary presented the following communication from the President of the Borough of The Bronx:

City of New York, President of the Borough of The Bronx, 3d Avenue and 177th Street, Office of the President, April 8, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—At the meeting of the Board of Estimate and Apportionment on April 3, 1913, the matter of reconstructing sewers in East 134th street, from Brook avenue to St. Ann's avenue, in East 135th street, from Willow avenue to Walnut avenue, and from Brook avenue to St. Anns avenue, and in East 136th street, from Brook avenue to St. Anns avenue, Borough of The Bronx, was again laid over for two weeks (April 10, 1913).

As a result of a public hearing held in Borough Hall on March 31, 1913, it has been decided to modify the petition, and I would therefore request that the petition, estimate of cost and other papers referring to this matter be returned to this office. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

Alderman James I. Devine and Mr. Henry Bloch appeared in opposition to the proposed improvement.

On motion of the President of the Borough of The Bronx, the matter was referred back to him for further consideration.

Sewer in Redfern Avenue, from McNeil Avenue to Leland Place, and a Temporary Sanitary Sewer in Leland Place from Redfern Avenue to the Sewage Purification Plant, Borough of Queens. (Cal. No. 7).

(Preliminary and Final Authorization.)

The Secretary presented the following resolution of the Local Board of the Newtown District, Borough of Queens, and report of the Chief Engineer.

In the Local Board of the Newtown District.

Resolved, That the resolution adopted by the Local Board of the Newtown District July 21, 1911, initiating proceedings to construct a sanitary sewer in Redfern (Remsen) avenue, from McNeill avenue to Horton place, and a temporary sanitary sewer in Leland avenue, from Redfern avenue to the Sewage Purification Plant, at Far Rockaway, 5th Ward of the Borough of Queens, for the purpose of abating a nuisance or to prevent damage to property—be and the same is hereby amended to read as follows:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For the construction of a sanitary sewer and appurtenances in Redfern avenue from McNeil avenue to Leland place, and a temporary sanitary sewer in Leland place from Redfern avenue to the Sewage Purification Plant, 5th Ward of the Borough of Queens, for the purpose of abating a nuisance and to prevent damage to property, and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District on the 4th day of April, 1913, Aldermen Dujat and O'Connor, and Joseph Flanagan, Commissioner of Public Works, voting in favor thereof.

Attest: HUGH HALL, Secretary.

Approved this 4th day of April, 1913.

MAURICE E. CONNOLLY, President of the Borough of Queens.

Report No. 12343.

April 8, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on April 4, 1913, initiating proceedings for

constructing a sanitary sewer in Redfern avenue, from McNeil avenue to Leland place, and a temporary sanitary sewer in Leland place, from Redfern avenue to the sewage purification plant.

The Corporation Counsel has advised that each of these streets is dedicated to public use. The resolution affects a little over one block, or about 400 feet, of Leland place and three blocks, or about 2,400 feet, of Redfern avenue. The streets are in use and the abutting property is partially improved. The flow will be delivered directly to the sewage purification plant.

The sewer in Leland place is designated as of a temporary character for the reason that this street has not as yet been incorporated upon the City plan.

The work is estimated to cost about \$11,800, and the assessed valuation of the property to be benefited is \$1,739,210.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 4th day of April, 1913, and approved by the President of the Borough of Queens on the 4th day of April, 1913, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sanitary sewer and appurtenances in Redfern avenue from McNeil avenue to Leland place, and a temporary sanitary sewer in Leland place from Redfern avenue to the Sewage Purification Plant, 5th Ward of the Borough of Queens, for the purpose of abating a nuisance and to prevent damage to property,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

The Secretary presented the following report of the Chief Engineer:
Report No. 12344. April 8, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Queens, advising that all of the conditions which it is the practice of the Board to impose prior to the final authorization of local improvements have been complied with in the matter of constructing a sanitary sewer in Redfern avenue, from McNeil avenue to Leland place, and a temporary sanitary sewer in Leland place, from Redfern avenue to the sewage purification plant.

The Borough President states that the time to be allowed for the completion of this improvement is sixty days, and that no charges have been made against the Street Improvement Fund.

A report recommending the preliminary authorization of this improvement has been prepared and is now before the Board for consideration. Assuming that it will meet with approval, there seems to be no reason to prevent the final authorization now requested, and such action is recommended.

The work to be done comprises the following: 960 linear feet 8-inch pipe sewer, 1,975 linear feet 15-inch pipe sewer, 23 manholes.

The cost of the improvement is estimated to be \$12,900. Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following was offered:

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 4th day of April, 1913, and approved by the President of the Borough of Queens on the 4th day of April, 1913, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sanitary sewer and appurtenances in Redfern avenue from McNeil avenue to Leland place, and a temporary sanitary sewer in Leland place from Redfern avenue to the Sewage Purification Plant, 5th Ward, of the Borough of Queens, for the purpose of abating a nuisance and to prevent damage to property,"

—and thereupon, on the 10th day of April, 1913, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of \$12,900; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of \$1,739,210 having also been presented, and

Whereas, It has become necessary to construct the temporary sanitary sewer in Leland place for the purpose of preventing damage to property, or to abate a nuisance, and it is impracticable to proceed immediately to the construction of the same in accordance with any plan already adopted, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Proposed Amendment of Section 992 of the Greater New York Charter (Cal. No. 8).

The Secretary presented the following communication from the Brooklyn Good Government Association, which was ordered printed in the Minutes and filed:

Brooklyn Good Government Association, Office of Secretary, 2315 East 13th street, Brooklyn, April 3, 1913.

Board of Estimate and Apportionment, City:

This association wishes to register its emphatic disapproval of the proposed

amendment to the City Charter (992) to throw the burden of showing title on the property owners ceding land.

We consider this an unjust burden to put on the individual.

Yours very truly,

HENRY C. MAGUIRE.

Laying Out Jamaica Avenue Across the Tracks of the Rockaway Beach Division of the Long Island Railroad Company (Cal. No. 9).

The Secretary presented the following communication from the Public Service Commission, which was ordered printed in the Minutes and filed:

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau street, New York, April 4, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sir—Transmitted herewith and hereby served upon The City of New York is a certified copy of an order in case No. 1431, adopted by the Commission at its meeting on April 4, 1913, further extending the time of the Long Island Railroad Company for completing the Jamaica avenue improvement across the tracks of its New York and Rockaway Beach Division. Yours very truly,

TRAVIS H. WHITNEY, Secretary.

At a stated meeting of the Public Service Commission for the First District, duly held at its office, No. 154 Nassau street, in the Borough of Manhattan, City and State of New York, on the 4th day of April, 1913.

Present—Milo R. Maltbie (Acting Chairman), John E. Eustis, J. Sergeant Cram, George V. S. Williams, Commissioners.

Case No. 1431—Extension Order.

In the matter of the application of the City of New York relative to opening across the tracks of the New York and Rockaway Beach Division of the Long Island Railroad Company, Jamaica avenue, in the 4th Ward of the Borough of Queens, City of New York.

Application in writing, dated March 13, 1913, having been made by J. A. McCrea, General Manager of the Long Island Railroad Company, asking for an extension of time in respect to the matters hereinafter mentioned, and sufficient reason appearing for the granting of said application in part only, it is

Ordered that the time for the completion of the improvement directed by the determination of the Commission made in the above entitled matter on January 19, 1912, be, and the same hereby is, further extended to July 1, 1913.

BY THE COMMISSION,

TRAVIS H. WHITNEY, Secretary.

[SEAL]

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original adopted by said Commission on April 4, 1913, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof I have hereunto subscribed my hand and affixed the seal of the Commission this 4th day of April, 1913.

[SEAL]

TRAVIS H. WHITNEY, Secretary.

The following matter not on the Calendar for this day was considered by unanimous consent:

Disapproval of Senate Bill No. 1449—Introductory No. 1259 (No. 10).

The President of the Board of Aldermen offered the following resolution:

Resolved, By the Board of Estimate and Apportionment of The City of New York, that the Corporation Counsel be and hereby is requested to direct his representative at Albany to oppose the enactment of Senate bill No. 1449, Int. 1259, entitled "An Act to amend sections one and nine of chapter one hundred and fifty-two of the laws of eighteen hundred and ninety-four, entitled 'An Act providing for the improvement of the land and waterfront adjacent to Riverside Park in the City of New York by extending and improving said park, and regulating the use of said land and waterfront,' generally," for the reason that the Board of Estimate and Apportionment is not desirous that this bill should be passed.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

FRANCHISE MATTERS.

Communications from the Mayor's Office (Cal. No. 1).

Communications were received from the Mayor's office returning duly approved by his Honor the Mayor on March 28, 1913, resolutions adopted by this Board March 27, 1913, granting certain privileges and designating newspapers as follows:

(a) Granting a franchise to The Stock Quotation Telegraph Company to construct, maintain and operate suitable wires under the streets and avenues within the Borough of Manhattan and the portion of the Borough of The Bronx lying west of the Bronx River, and to construct, maintain and operate suitable wires or other electrical conductors and the necessary conduits for the same under the streets and avenues within the Boroughs of Brooklyn and Queens for the purpose of furnishing general and financial news and other news of general interest by means of stock tickers.

(b) Granting the Manhattan and Queens Traction Corporation permission to construct, maintain and operate a temporary elevated crossing within the lines of Thomson avenue from the tracks of the Long Island Railroad at or near Thomson avenue and Greenpoint avenue, Borough of Queens, and consenting to the transfer of passengers over, under or across the tracks of the Long Island Railroad at Thomson avenue between Newtown and Bushwick turnpike and Maurice avenue, temporarily.

(c) Granting the Manhattan and Queens Traction Corporation an extension of time up to and including April 30, 1913, in which to complete and put in operation that portion of its railway from the intersection of the tracks of the Long Island Railroad with Thomson avenue at or near Greenpoint avenue to the intersection of Thomson avenue with Broadway, Borough of Queens.

(d) Designating the "Herald" and the "Sun" as the two daily newspapers in which the petition and notice of hearing thereon of the Electric Protection Company of New York for the consent of this Board to the surrender of the contract granting said Company a franchise shall be published prior to the hearing on April 24, 1913. Which were ordered filed.

Stage Coach Companies, Operation and Control, Need of Legislation (Cal. No. 2).

A communication was received from the Public Service Commission for the First District acknowledging receipt of communication advising the Commission of the appointment of a Committee by this Board to act in conjunction with the Commission in connection with proposed legislation regarding Stage Coaches and stating the matter will have its prompt attention.

By motion adopted at the meeting of March 27, 1913, the Franchise Committee of this Board was authorized to confer with the Public Service Commission on this matter.

The Secretary presented the following:

Bureau of Franchises, April 8, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—The Committee on Franchises was directed, at the meeting of the Board held March 27, 1913, to confer with a committee from the Public Service Commission in regard to the bill which the Board had forwarded to the Legislature in relation to the control of stage coach companies (Pollock-Walker bill), and on April 2 a joint hearing was held in the Mayor's office, at which were present the Mayor, the President of the Board of Aldermen, Deputy Comptroller Mathewson and Borough President McAneny, for the Board of Estimate, and Mr. Maltbie, of the Public Service Commission.

The merits of the bill were discussed, and the opponents, Messrs. Shonts and Quackenbush, representing the New York Railways Company, and Mr. Woody of the Brooklyn Rapid Transit Company were heard. The consensus of opinion was that the bill should be pressed for passage and that the opponents to the measure had not made out a sufficiently strong case to warrant any amendments to the bill.

Subsequently, a conference was held in President McAneny's office, at which were present Messrs. Maltbie and Eustis of the Public Service Commission, Mr.

McAneny and the writer, when it was decided that every effort should be made to secure the passage of the bill.

The City's representative at Albany has been advised, and Mr. William P. Burr, Assistant Corporation Counsel, will be present at the hearing before the Senate's Committee, which is fixed for April 8.

Resolutions are attached, requesting the Chairman of the Cities Committees, of both houses, to report the bill favorably, and that the Legislature enact the same into law in the interests of Home Rule, to abate a legalized and uncontrolled monopoly and to place all applicants for stage coach franchises on equal terms. It will then be possible for the local authorities to determine the merits of each application and the Public Service Commission to pass upon the convenience and necessity of the same. Respectfully,
HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York did, by motion duly adopted at the meeting of March 27, 1913, authorize its Franchise Committee, consisting of his Honor the Mayor, the Comptroller and the President of the Board of Aldermen, to confer with a committee appointed by the Public Service Commission for the First District on the advisability of requesting the State Legislature to enact into law the pending bill prepared by the Corporation Counsel of this City under the direction of this Board for the control of stage coach companies known as the Pollock-Walker Bill, Assembly Int. No. 1176, Printed No. 1704, and Senate Int. No. 936, Printed No. 1175; and

Whereas, The joint Committee fixed April 2, 1913, as the date for hearing to those in opposition and on that day heard the representatives of the railroad companies operating in the Boroughs of Manhattan and Brooklyn; and

Whereas, After mature deliberation the joint Committee decided that the best interests of the City required that said bill should be pressed for passage without amendment; now, therefore, be it

Resolved, That the Cities Committees of the Senate and of the Assembly be and they are hereby requested to present a favorable report upon the Pollock-Walker bill for the control of stage coach companies at the earliest possible moment; and be it further

Resolved, That the Legislature of the State of New York be and it is hereby requested to enact the Pollock-Walker bill, without amendment, into law, in the interests of Home Rule, to abate a legalized and uncontrolled monopoly and to place all applicants for stage coach franchises on equal terms so that it may be possible for the local authorities to determine the merits of each application and for the Public Service Commission to pass upon the convenience and the necessity of the same; and be it further

Resolved, That the Secretary of this Board be and he is hereby directed to forward copies of these resolutions to the Chairmen of the Cities Committees of the Senate and of the Assembly, the President of the Senate, the Speaker of the Assembly, the Hon. Robert F. Wagner, Temporary President of the Senate; the Hon. James J. Walker, the Hon. Henry W. Pollock and the Hon. Edward J. McGoldrick, Assistant Corporation Counsel, representing The City of New York, at Albany, New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Jaburg Brothers (Cal. No. 3).

In the matter of the consent granted to Jaburg Brothers to continue to maintain and use a wooden conduit under and across Front Street, south of Canal Street, Stapleton, Borough of Richmond, connecting properties of the grantee on opposite sides of said street and to contain pipes for the conveyance of steam, air and electric current between said premises.

This consent was granted by resolution adopted by this Board January 30, 1913, approved by the Mayor February 6, 1913.

The Secretary presented the following:

Bureau of Franchises, April 4, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—By resolution adopted by the Board of Estimate and Apportionment January 30, 1913, approved by the Mayor February 6, 1913, the firm of Jaburg Brothers was granted permission to continue to maintain and use a wooden conduit under and across Front street, south of Canal street, Stapleton, Borough of Richmond, connecting properties of the grantee on opposite sides of said street and to contain pipes for the conveyance of steam, air and electric current between said premises.

Section 14 of the consent provides as follows:

"14. This consent shall be null and void unless said grantee shall duly execute an instrument in writing wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

"And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized."

Under and pursuant to this section the agreement should have been filed in this office March 8, 1913. This agreement was not filed until March 20, 1913.

By resolution adopted by the Board of Estimate and Apportionment March 27, 1913, the Board waived this default and accepted the agreement as if it had been filed within the time required by the provisions of the consent. The agreement was then transmitted to the Corporation Counsel for his approval as to form, and was returned to this office duly approved, with a communication dated April 1, 1913.

Certified copies of the approved resolution have been forwarded to the grantee and to the officials interested.

It is recommended that the papers be filed. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

Which was ordered filed.

Rapid Transit Railways—Steinway Tunnel (Cal. No. 4).

A communication was received from the Public Service Commission for the First District acknowledging receipt of resolution adopted by this Board March 18, 1913, requesting the Commission to take such steps as are necessary to provide for the temporary operation of the Steinway Tunnel as speedily as possible and stating the Commission has transmitted to the Interborough Rapid Transit Company a communication requesting it to enter into an agreement with the City for such operation.

Which was ordered filed.

George Ehret (Cal. No. 5).

A communication was received from the Contractor for George Ehret stating the work of laying the 14-inch salt water pipe in 93d Street, from the pumping station on said street west of Avenue A to the brewery on said street, between 2d and 3d Avenues, Borough of Manhattan, was completed February 6, 1913.

This consent was granted by resolutions adopted by this Board November 7, 1912, and January 30, 1913, approved by the Mayor November 11, 1912, and February 6, 1913, and the notice is given in conformity with Section 13 of the resolution of November 7, 1912.

The communication was ordered filed.

Jacob Ruppert, Inc. (Cal. No. 6).

A communication was received from the Contractor for Jacob Ruppert, Inc., stating the work of installing the 14-inch pipe line from the pumping station on the southerly side of East 93d Street, between First Avenue and Avenue A, to the brewery on the northerly side of East 92d Street, between 2d and 3d avenues, Borough of Manhattan, was completed February 6, 1913.

This consent was granted by resolution adopted by this Board November 21, 1912, approved by the Mayor November 22, 1912, and the notice is given in conformity with Section 13 of the consent.

The communication was ordered filed.

New York, Westchester and Boston Railway Company (Cal. No. 7).

In the matter of the petition of the New York, Westchester and Boston Railway Company for a refund of the securities in the sum of \$125,000 deposited by the New York and Port Chester Railroad Company with the City under contract dated May 31, 1906, granting said Company a franchise which contract was assigned to the Westchester Company with the consent of this Board.

This petition was presented to the Board at the meeting of March 13, 1913, and was referred to the Bureau of Franchises.

The Secretary presented the following:

Bureau of Franchises, April 4, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—By a petition dated February 25, 1913, the New York, Westchester and Boston Railway Company applied to the Board of Estimate and Apportionment for the return of a certain security deposit in the sum of one hundred and twenty-five thousand dollars (\$125,000), made by the New York and Port Chester Railroad Company under and pursuant to the contract dated May 31, 1906, granting said last-named Company a franchise.

By a resolution adopted by the Board December 17, and approved by the Mayor December 21, 1909, the City gave its consent to the assignment by the New York, Westchester and Boston Company of all its rights and franchises to a new corporation to be formed by the consolidation or merger of said Company and the New York and Port Chester Company. This resolution further provided for the surrender to the City of the contract of the Port Chester Company and that the above-named security deposit of \$125,000 should be held by the Comptroller of the City as security for the completion of the railroad of the New York, Westchester and Boston Railway Company, and that upon full completion of said Company's railroad this sum should be returned.

The ordinance of August 2, 1904, granting the Westchester Company its franchise, as subsequently amended, provides for the construction and placing in operation of a main line from the Harlem River to the northerly boundary of the City on or before September 2, 1912, and for a branch line from a point on the main line at West Farms to Throggs Neck on or before August 2, 1913, and that any portion of the route not completed prior to August 2, 1913, shall be deemed to have been abandoned.

The description of the main line as contained in the ordinance of 1904 has since been amended four times. By these modifications the line between the Harlem River and 174th street was made to coincide with the route of the Harlem River and Port Chester Railroad Company, and north of 174th street to coincide with that of the New York and Port Chester Company.

The provision in regard to placing in operation the main line, as amended, has been complied with, but, so far as I am advised, no portion of the branch line has as yet been constructed.

The petition forming the subject of this report was presented to the Board at its meeting of March 13, 1913, and referred to this Bureau. Upon receipt of this petition, a communication was addressed to the Corporation Counsel, reciting the facts in relation to the matter and requesting that he advise the Board as follows:

First—If any legal objection exists to the Board authorizing the return to the New York, Westchester and Boston Railway Company of the above-mentioned \$125,000.

Second—In the event of there being no legal objections to the return of this sum, is it proper to make such return prior to August 2, 1913, the date upon which any unconstructed portion of the route described in the ordinance of 1904, as amended, shall be deemed to have been abandoned.

In an opinion under date of April 1, 1913, the Corporation Counsel, after reviewing the statements laid before him in relation to the matter, writes:

"I am therefore of the opinion that the amount in question should not be paid over to the applicant company at this time and that the question as to whether there has been full completion of all the terms and conditions of the contract should be determined by the status of the company on August 2, 1913."

In view of this opinion, it would seem that no action can be taken by the Board at this time.

A further report in relation to this matter will be presented at a later date, and in such report there will also be considered the communication from the President of the Borough of The Bronx presented to the Board at its meeting of March 27, 1913, and referred to this Bureau, recommending that the request for the return of the security deposit be not complied with until certain columns supporting the bridge carrying the tracks of the Westchester Company over Boston road have been removed.

It is recommended that action in relation to the petition of the Company for the return of the security deposit be deferred pending the presentation of such further report. Respectfully,
HARRY P. NICHOLS, Engineer, Chief of Bureau.

P. S.—Since writing the above, there has been received from the Corporation Counsel an opinion dated April 5, 1913, relative to the communication from the President of the Borough of The Bronx, in which the Corporation Counsel refers to his opinion of April 1, as above quoted.

The matter was laid over.

Union Railway Company of New York City (Cal. No. 8).

The Secretary presented the following:

Bureau of Franchises, April 4, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—The Union Railway Company of New York City has, under date of March 31, 1913, petitioned the Board of Estimate and Apportionment for three extensions to its existing street surface railway system in the Boroughs of Manhattan and The Bronx, as follows:

First—Upon and along East 136th street, from 3d avenue to Lincoln avenue, Borough of The Bronx.

Second—From the intersection of Willis avenue and 134th street, Borough of The Bronx, over the Willis avenue bridge and its approaches to 125th street, Borough of Manhattan, and thence over existing tracks in 125th street, Manhattan street, 12th avenue and West 129th street.

Third—From the intersection of the Willis avenue and Southern boulevard approaches to the Willis avenue bridge, over said Southern Boulevard or easterly approach to Southern Boulevard, in the Borough of The Bronx.

The object of the petition is to afford a direct car line from The Bronx to the Fort Lee Ferry at the foot of Manhattan street, and to enable its patrons to more readily reach points along its route, including the east and west side elevated lines and the subway.

It is recommended that Thursday, May 8, 1913, be fixed as the date for the preliminary public hearing upon this petition and that his Honor, the Mayor, be requested to designate two daily newspapers in which the petition and notice of hearing thereon shall be published according to law.

A resolution to this effect is transmitted herewith. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

To the Board of Estimate and Apportionment of The City of New York:

Union Railway Company of New York City, a New York corporation, owning and operating a street surface railroad in the Boroughs of Manhattan and The Bronx, City of New York, hereby petitions for a franchise or franchises to construct, maintain and operate extensions of its existing railroad in the Boroughs of Manhattan and The Bronx with a double track (except as hereinafter specified) in, upon, along and over the following described routes:

First. Beginning at and connecting with the existing tracks of the Company in Third Avenue, at or near its intersection with East 136th Street, thence easterly upon and along East 136th Street to its intersection with Lincoln Avenue, and there connecting with the existing tracks of the Company in said Lincoln Avenue, all in the Borough of The Bronx.

Second. Beginning at and connecting with the existing tracks of the Company in Willis Avenue, at or near the intersection of the northerly side of East 134th Street, in the said Borough of The Bronx; thence running southerly upon and along Willis Avenue to the northerly approach to the Willis Avenue Bridge; thence southerly upon and over the said northerly approach to the Willis Avenue Bridge, and upon and over the said Bridge to its southerly approach in the Borough of Manhattan; thence southerly upon and over the said southerly approach to its intersection with 125th Street; thence westerly upon and along 125th Street to its intersection with Manhattan Street; thence northwesterly upon and along Manhattan Street to its intersection with Twelfth Avenue; thence southerly in and upon Twelfth Avenue

to West 129th Street; thence curving easterly into West 129th Street to the centre line of West 129th Street; thence easterly by single track in and upon West 129th Street to Manhattan Street, and there connecting with the existing east bound track in Manhattan Street.

Third. Beginning at the terminus of the easterly approach to the Willis Avenue Bridge with the northerly approach to said Bridge in the Borough of The Bronx, and there connecting with the tracks of the Company to be laid on the said northerly approach, and thence easterly and northerly on said easterly approach to its intersection with the Southern Boulevard, and there connecting with the existing tracks in the Southern Boulevard.

It is proposed to operate the said extensions in the Borough of The Bronx by an overhead current of electricity similar to that employed by the Company on its existing lines of railroad, and in the Borough of Manhattan by the underground current of electricity similar to that employed on the existing lines of railroad in said Borough.

Dated, New York, March 31st, 1913.

UNION RAILWAY COMPANY OF NEW YORK CITY,

[CORPORATE SEAL.] By EDWARD A. MAHER, Vice-President.

Attest: FREDERIC J. FULLER, Secretary.
State of New York, County of New York, ss.:

Edward A. Maher, being duly sworn, deposes and says that he is the Vice-President of Union Railway Company of New York City, the petitioner herein, that he has read the foregoing petition and knows the contents thereof and that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief and as to those matters he believes it to be true.

EDWARD A. MAHER,

Sworn to before me this 31st day of March, 1913.

[SEAL.] JAMES F. FEELY, Notary Public, N. Y. Co., No. 12.

The following was offered:

Whereas, The foregoing petition from Union Railway Company of New York City dated March 31, 1913, was presented to the Board of Estimate and Apportionment at a meeting held April 10, 1913:

Resolved, That in pursuance of law this Board sets Thursday, the 8th day of May, 1913, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard, and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The Long Island Railroad Company (Cal. No. 9).

In the matter of the application of the Long Island Railroad Company for permission to construct, maintain and use a side track across 3rd Street, near Van Alst Avenue, Borough of Queens, connecting the railroad with premises southwest corner of Van Alst Avenue and 3rd Street.

This application was presented to the Board at the meeting of January 16, 1913, and was referred to the Bureau of Franchises.

The Secretary presented the following:

The Long Island Railroad Company, General Office, Pennsylvania Station, New York, March 28, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sir—On December 19, 1912, I transmitted to you original and four copies of a petition by this Company, dated December 10, 1912, for leave to construct and maintain a sidetrack across Third Street, in the Borough of Queens, as well as tracing and nine litho prints, in the matter, asking that you present the petition to the Board of Estimate and Apportionment at an early date. This you did and the application was, as I understand it, referred to the Bureau of Franchises for report.

It is also my understanding that no report has as yet been made by the Bureau of Franchises.

Since presenting our application a plan has been developed which will be more satisfactory to all concerned and which will enable us to construct a sidetrack at this point without crossing Third Street.

We, therefore, desire to withdraw our application above referred to and request that this letter be considered a formal withdrawal. Yours truly,

J. F. KEANY, General Solicitor.

The papers were thereupon ordered filed.

Pole Lines, Borough of Queens (Cal. No. 10).

A communication was received from the New York and Queens Electric Light and Power Company acknowledging receipt of certified copy of resolution adopted April 3, 1913, directing the Company to string its wires on a single pole line on Myrtle Avenue from the Brooklyn borough line to Cooper Avenue, on Seneca Avenue from DeKalb Avenue to Myrtle Avenue and on Cypress Avenue from Myrtle Avenue to the Manhattan Beach Division of the Long Island Railroad, Borough of Queens, and stating the matter will have its immediate attention.

Union Railway Company of New York City (Cal. No. 11).

A communication was received from the Union Railway Company of New York City, transmitting consents of abutting property owners to the construction, maintenance and operation of a street surface railway on 230th Street from Bailey Avenue to Broadway, Borough of The Bronx, as an extension to its existing system.

This franchise was granted by contract dated January 3, 1912, and the consents are filed in accordance with the provisions of Section 2, First, of the contract.

The consents were referred to the Bureau of Franchises.

New York Connecting Railroad Company (Cal. No. 12).

The Secretary presented the following:
State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau street, New York, April 2, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, City:

Dear Sir—Herewith I transmit for your information and files a certified copy of resolution adopted by the Commission at its meeting April 1, 1913, approving certain plans submitted by the New York Connecting Railroad Company for bridges over certain streets in the Borough of Queens.

Very truly yours,
TRAVIS H. WHITNEY, Secretary.

Public Service Commission for the First District, State of New York.

Whereas, The New York Connecting Railroad Company, in accordance with the certificate dated February 14, 1907, granting to it by the Board of Rapid Transit Railroad Commissioners of The City of New York, has made application to the Public Service Commission for the First District for the approval of four drawings showing masonry plans of proposed bridges over 18th avenue, 19th avenue, Wilson and 17th avenues, and 3d street, on that portion of said company's road between Woodside avenue and Stenler street, in the Borough of Queens, City of New York, known as the Pennsylvania Tunnel and Terminal Railroad Connection; and

Whereas, The said plans so submitted are satisfactory to the Commission, it is, therefore,

Resolved, That the following four drawings shown on blue prints having the general title "Southern Division of the New York Connecting Railroad," bearing the seal of the Commission and marked "Approved by the Public Service Commission, First District, by resolution adopted April 1, 1913, Travis H. Whitney, Secretary," be and the same hereby are approved:

No. 12041, Masonry Plan of Bridge No. 5, over 18th avenue (formerly Baldwin St.), dated September 11, 1912, signed H. C. Booz, Asst. Chief Engineer.

No. 12043, Masonry Plan of Bridge No. 6 over 19th Avenue (formerly Cabinet St.), dated Sept. 16, 1913, signed H. C. Booz, Asst. Chief Engineer.

No. 12191, Masonry Plan of Bridge No. 4, over Wilson and 17th Avenues, dated November 13, 1912, signed A. C. Shand, Chief Engineer.

No. 12194, Masonry Plan of Bridge No. 2-B over Third Street, formerly Fourth St., dated October 12, 1912, signed A. C. Shand, Chief Engineer.

State of New York, County of New York, ss:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify, that I have compared the above resolution with the original adopted by the said Commission on April 1, 1913, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto subscribed my hand and affixed the seal of the said Commission, this 2d day of April, 1913.

Union Railway Company of New York City (Cal. No. 13).

The Secretary presented the following:

Bureau of Franchises, April 7, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—By resolution adopted by the Board of Estimate and Apportionment May 11, and approved by the Mayor May 12, 1911, the Union Railway Company of New York City was authorized to construct, maintain and operate a double track extension to its existing street surface railway upon and along the 155th street viaduct and 155th street, from 8th avenue to Broadway, Borough of Manhattan. The Company at that time was in the hands of a receiver, and upon application being made by him for permission to execute the contract for this grant, such strong opposition was raised by the owners of property along 155th street, between Amsterdam avenue and Broadway, that no order was signed by the Court granting the desired authorization, and, in consequence, the franchise contract was not executed.

The Receiver was discharged on February 26 last, and the Company is again in the hands of its officers and stockholders.

The Company is now desirous of extending the line on 155th street as far as Amsterdam avenue, where connection can be made with the line of the Third Avenue Railroad Company on that street, and has decided to abandon that portion of the proposed extension between Amsterdam avenue and Broadway. This arrangement of the matter, if carried out, will undoubtedly be a convenience to the traveling public, the only possible objection being that it will necessitate a walk of two blocks from Amsterdam avenue in order to reach the Broadway subway.

After a conference with the officials of the Company, this Bureau advised that the best way to accomplish the object sought would be to execute the original contract and, simultaneously with its return for execution by the City, present a petition for the necessary amendments thereto. In conformity with this suggestion, the contract was executed by the Vice-President and Secretary of the Company on March 27, 1913, and on the same date the Company petitioned the Board for the following amendments in and to said executed contract:

First—By changing the description of the route as contained in said contract so that the westerly terminus thereof will be at Amsterdam avenue instead of Broadway.

Second—By reducing the amount of the initial payment and annual compensation in proportion to the reduction in the length of the route.

Third—By amending the provision in relation to the substitution of a loop terminal for the stub-end terminal authorized by the contract, by substituting in this section the words "Amsterdam avenue" for the words "Broadway." This amendment is made necessary by the change in the westerly terminus of the route.

Since the receipt of the petition the contract has been executed by the Mayor, on April 4, and by the City Clerk.

It is recommended that Thursday, May 8, 1913, be fixed as the date for the preliminary public hearing upon the petition and that his Honor the Mayor be requested to designate two daily newspapers in which the petition and notice of hearing thereon shall be published according to law.

A resolution to this effect is transmitted herewith. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

Union Railway Company of New York City, a New York corporation (herein called "the petitioner"), respectfully states:

First: That this Board, by resolution adopted on May 11, 1911, and approved by the Mayor on May 12, 1911, approved a form of franchise contract, to be executed by The City of New York, granting to the petitioner the right and privilege to construct, maintain and operate a double track extension to its present street surface railway, with the necessary wires and equipment for the purpose of conveying passengers only in the Borough of Manhattan, City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks of the petitioner on the 155th street Viaduct, at or near 8th avenue, thence westerly upon and over said Viaduct to its intersection with 155th street and westerly upon and along said 155th street to the easterly side of Broadway.

Second: That the petitioner executed the said contract on March 27, 1913, but finds that public convenience and the demand for transportation on said street will be adequately answered by the construction, maintenance and operation of such extension from 8th avenue to Amsterdam avenue only.

Third: That the petitioner therefore desires that the said contract be modified as follows:

(a) By substituting the words "Amsterdam avenue" for the words "the easterly side of Broadway," in section 1 thereof;

(b) By reducing the amounts of the several payments required under section 2-third thereof in proportion to such reduction in length of the said extension; and

(c) By substituting the words "Amsterdam avenue" for the word "Broadway" in section 2-twenty-fifth thereof.

Wherefore the petitioner asks this Board to approve such modifications and to authorize the execution of a proper supplemental contract by the City of New York.

Dated, New York, March 27, 1913.

UNION RAILWAY COMPANY OF NEW YORK CITY,

[SEAL] By EDWARD A. MAHER, Vice-President.

Attest: FREDERIC J. FULLER, Secretary.

State of New York, County of New York, ss:

Edward A. Maher being duly sworn, deposes and says that he is the Vice-President of Union Railway Company of New York City, the petitioner herein, that he has read the foregoing petition and knows the contents thereof, that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

EDWARD A. MAHER.

The following was offered:

Whereas, The foregoing petition from Union Railway Company of New York City, dated March 27, 1913, was presented to the Board of Estimate and Apportionment at a meeting held April 10, 1913.

Resolved, That in pursuance of law this Board sets Thursday, the 8th day of May, 1913, at 10.30 o'clock in the forenoon, and room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard, and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

The petition was then referred to the Bureau of Franchises.

Union Railway Company of New York City (Cal. No. 14).

A communication was received from the Public Service Commission for the First

District transmitting certified copy of order adopted by said Commission granting the application of the Union Railway Company of New York City for the approval of the exercise of its franchise to construct, maintain and operate a street surface railway on Morris avenue from 161st to 167th streets, Borough of The Bronx.

Which was ordered filed.

Manhattan Bridge Three Cent Line (Cal. No. 15).

The Secretary presented the following:
Manhattan Bridge Three Cent Line, 215 Montague street, Brooklyn, N. Y., March 25, 1913.

Board of Estimate and Apportionment of The City of New York, 277 Broadway, New York City.

Gentlemen—Paragraph "Fourth" of section 2 of the contract between The City of New York and the Manhattan Bridge Three Cent Line provides that the Company shall commence construction of its railroad within three months from the date upon which the consents of property owners are filed with the Board, and shall complete the same within six months from such date, provided, however, that the period for commencement and the period for completion may be extended by the Board not exceeding six months.

On January 9, 1913, there were filed with the Board, consents of property owners for Bridge street, 3d avenue, Atlantic avenue and 4th avenue in the Borough of Brooklyn, and, pursuant to a resolution adopted by the Board on January 30, 1913, the Company was notified that its time to commence construction in these streets would expire on April 9, 1913, and its time to complete the same would expire on July 9, 1913. Later there were filed by the Company consents covering Fulton street between Rockwell place and Flatbush Avenue Extension.

Proceedings are now pending in the Appellate Division, Second Department, pursuant to section 174 of the Railroad Law to obtain the determination of Commissioners that the road of the Company ought to be constructed in Fulton street, (between Bridge and Hoyt streets) Hoyt street, Livingston street, Flatbush avenue and Rockwell place. Commissioners have been appointed and a hearing set for April 2, 1913.

Obviously the portions of the Company's road to be constructed in the streets as to which it has obtained consents of property owners would be incapable of operation independent of the remainder of the road. For this reason, it is not desirable to construct these portions until it has been determined whether the Company can obtain the necessary rights to enable it to construct the remaining portions of its road.

We, accordingly, request the Board to extend the time of the Company to commence the construction of its road in Bridge street, 3d avenue, Atlantic avenue, 4th avenue and Fulton street (between Rockwell place and Flatbush Avenue Extension) to October 9, 1913, and the time to complete the same to January 9, 1914. Yours very truly,

MANHATTAN BRIDGE THREE CENT LINE,
By F. W. ROWE, President.

Bureau of Franchises, April 7, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—The Manhattan Bridge Three-Cent Line has, under date of March 25, 1913, petitioned the Board of Estimate and Apportionment for an extension of time of six months, to October 9, 1913, in which to commence construction of its street surface railway upon those portions of its route for which property owners' consents have been filed, and a further extension of time of six months, to January 9, 1914, in which to complete construction on these streets.

On January 9, 1913, the company filed with the Board the consents of abutting property owners to the construction and operation of its railway as authorized by the contract dated July 10, 1912, upon Flatbush avenue extension, Bridge street, 3d avenue, Atlantic avenue and 4th avenue. These consents were examined and found to be sufficient, and were accepted by the Board at its meeting of January 30, 1913, and the resolution accepting them provided that construction on the above named streets should be commenced April 9, 1913, and the railway completed and in full operation thereon July 9, 1913.

Subsequently, the company filed consents covering the portion of its route on Fulton street, and pursuant to the provisions of the contract, notified the Board that proceedings had been instituted for the appointment of commissioners to determine if the railway ought to be constructed on the remaining streets of the route. Such commissioners have since been appointed and a hearing held before them on April 2, 1913.

The company states in its petition that the portions of its road to be constructed in the streets, for which it has obtained the necessary property owners' consents would be incapable of operation independent of the remainder of the route, and that for this reason it is not desirable to construct those portions until it has been determined whether the company can obtain the necessary rights to enable it to construct the remaining portions of its route. This statement would seem to be borne out by the facts, as the streets for which consents have been filed do not constitute a continuous route when taken in connection with the portion of the route already in operation on Flatbush avenue extension.

The contract granting the company its franchise provides that the Board may, by resolution, extend the time for commencement and the time for completion and placing the railway in full operation, for periods not exceeding in the aggregate six (6) months each.

This matter is laid before the Board for its consideration, and should it see fit to grant the requested extension of time, a resolution to that effect has been prepared and is herewith transmitted. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The President of the Borough of Brooklyn offered the following:

Whereas, The Board of Estimate and Apportionment did, by contract dated July 10, 1912, grant a franchise to the Manhattan Bridge Three Cent Line for the construction, maintenance and operation of a street surface railway upon and along Desbrosses, Vestry, Washington, Greenwich and Canal streets, Borough of Manhattan, to and across the Manhattan Bridge and its approaches, and upon and along Flatbush Avenue Extension and other streets and avenues in the Borough of Brooklyn, from the Desbrosses Street Ferry, Borough of Manhattan, to the Long Island Railroad Depot, Borough of Brooklyn; and

Whereas, Section 2, Fourth, of said contract provides as follows:

"Fourth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder, that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or the date of such order; otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board, the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings;"

—and

Whereas, The Company, on January 9, 1913, filed with the Board consents of abutting property owners for the construction and operation of that portion of its route on certain streets in the Borough of Brooklyn—to wit, Flatbush Avenue Extension, Bridge street, 3d, Atlantic and 4th avenues; and

Whereas, The time for commencement of construction on said streets will expire April 9, 1913, and the time for completing and placing the railway in full operation on said streets will expire July 9, 1913; and

Whereas, The Company has completed and placed in operation that portion of

its railway on Flatbush Avenue Extension from Nassau street to Fulton street, Borough of Brooklyn; and

Whereas, The Company, on February 10, 1913, filed with the Board the consents of abutting property owners to the construction and operation of that portion of its railway on Fulton street between Flatbush Avenue Extension and Rockwell place, Borough of Brooklyn; and

Whereas, The time for construction on said portion of Fulton street will expire May 10, 1913, and the time for completing and placing the railway in full operation on said portion of Fulton street will expire August 10, 1913; and

Whereas, Commissioners have been appointed by the Appellate Division of the Supreme Court for the Second Department to determine if the railway of the Company ought to be constructed and operated on the remaining streets of the route in the Borough of Brooklyn for which consents of abutting property owners have not been obtained; and

Whereas, The Company has, by petition dated March 25, 1913, requested the Board of Estimate and Apportionment for an extension of time to October 9, 1913, in which to commence the construction of its railway on those streets for which property owners consents have been obtained, and an extension of time to January 9, 1914, in which to complete construction and place the railway in full operation on said streets; now, therefore, be it

Resolved, That the Board of Estimate and Apportionment herein and hereby grants to the Manhattan Bridge Three Cent Line an extension of time up to and including October 9, 1913, within which to commence the construction of its railway on Bridge street, 3d, Atlantic and 4th avenues and Fulton street, between Flatbush Avenue Extension and Rockwell place, Borough of Brooklyn, and a further extension of time up to and including January 9, 1914, in which to complete construction and place the railway in full operation on said streets.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

New York Central and Hudson River Railroad Company (Cal. No. 16).

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, April 3, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, City.

Dear Sir—It was discovered some weeks ago that the Putnam Division of the New York Central & Hudson River Railroad had laid a single track across Moshulu Avenue in Van Cortlandt Park. Directly beneath this railroad this Department maintains a 20-inch main. There is no special construction by the railroad company at this point to prevent any damage or injury to the main, resulting from passing trains.

No permit was issued by this Department for the construction of the railway and, so far as I have been able to learn, no other Department or Commission authorized the construction of this section of railroad. The railroad company allege that no permit was necessary from any of the officials of Departments of The City, as they were the owners in fee of the land.

I submitted the facts to the Corporation Counsel and under date of March 27, 1913, received from him an opinion stating, in effect, that it would be advisable for me to submit the entire question to the Board of Estimate and Apportionment in order that the Board may consider whether an invitation should be extended to the company to apply for the proper consent to maintain this track, or whether summary action should be taken to remove this section of track.

I am transmitting herewith a tracing showing the location of the railroad crossing at Mosholu Avenue, and also a copy of the Corporation Counsel's opinion above referred to. Yours truly,

HENRY S. THOMPSON, Commissioner.

City of New York Law Department, Office of the Corporation Counsel, New York, March 27, 1913.

Hon. HENRY S. THOMPSON, Commissioner of Water Supply, Gas and Electricity:

Sir—I received from you the following communication dated December 16, 1912:

"The Putnam Division of the New York Central & Hudson River Railroad has laid a single track across Mosholu Avenue, east of Broadway, in Van Cortlandt Park, directly beneath which this Department maintains a 20-inch water main. There is some fear that the constant passing of trains will injure this pipe. No permit was issued by the Department or, so far as I have been able to learn, by any other Department or Commission, authorizing the construction of this track.

"Mosholu Avenue, where the rails are located, appears to have been acquired when that section of the Borough was part of the City of Yonkers and was taken under authority of laws enacted under dates of April 22, 1869, and April 18, 1871. Title vested in the City of Yonkers on April 12, 1870 (Supreme Court Record 1870, page 117).

"Notwithstanding the official record of conveyance of title in this street, the railroad company maintains that they hold a fee in the highway where it crosses their right of way.

"Will you please investigate this matter and advise me what rights The City of New York holds to that section of Mosholu Avenue, and whether I have authority to order the railroad company to change the location of the tracks or construct such supports or install such work as will lessen the danger of any damage to the water main."

The data on file in this department not being sufficient to answer your inquiry, I requested additional information from the railroad company, Bureau of Franchises and Bureau of Street Openings. The report from the railroad company, though promised, has not been furnished and I feel further delay in answering your inquiry to be not justifiable.

It was clear to me from the outset that if Mosholu Avenue had been acquired in fee prior to the establishment of the railroad, such occupancy by the railroad, in the absence of a consent from the local authorities having control of the highways, would be illegal.

The status of this street is, therefore, material. On this point the Bureau of Street Openings reports as follows:

"In reply to your letter of December 24, 1912, in which you ask to be advised if the City of New York has the fee title of Mosholu Avenue, east of Broadway in Van Cortlandt Park, Borough of The Bronx, I desire to state that the Commissioners of Estimate and Assessment were appointed on the 14th day of December, 1869, in the matter of widening, making, extending and improving Midland Avenue, and other highways, in the Town of Yonkers and Eastchester under the authority of Chapter 272 of the Laws of 1869.

"The report of the said Commissioners was confirmed by an order entered April 12, 1870.

"Chapter 272 of the Laws of 1869, provided for the acquiring of a right-of-way and for the language of said chapter, I am of the opinion that only an easement was acquired under that authority by the City of Yonkers."

The Assessment Map of Mosholu Avenue, on file in Manor Hall, Town Clerk's Office, Yonkers, entitled "Assessment Map, page 40," shows Mosholu Avenue as a 75-foot street and does not show any railroad crossing or property of any railroad on either side. The Town of Kingsbridge was erected out of a part of the Town of Yonkers by the Board of Supervisors, December 19, 1872 (Chap. 873 of the Laws of 1873). The Town of Kingsbridge became a part of the City of New York pursuant to Chapter 613 of the Laws of 1873, which became effective January 1, 1874.

If the railroad had been constructed prior to the acquiring of the easement in the highway, such easement would possibly have been subject to the right of the railroad, but there is a question whether the street easement was not acquired prior to the easement or right of way of the railroad.

On this point the Bureau of Franchises states:

"The New York and Boston Railroad Company filed a certificate of incorporation May 21, 1869, under and pursuant to the General Railroad Law, Chapter 140 of 1850, as amended. This company filed a profile map in the Register's Office, Westchester County, on September 14, 1869, and later, on September 5, 1871, filed a map showing a center line of its route as well as the profile, but no proposed width of right of way, which map bears the certificate of the directors of September 14, 1869. Subsequently this company passed into various other companies, being reorganized and merged several times, and it was not until

1881 that the reports to the State Engineer or Railroad Commission show the company commenced operation within the limits of the City of New York, at which time a single track line was operated from 155th Street northerly.

"It appears quite probable, from the foregoing, that the street was laid out and title vested in the Town of Yonkers prior to the time when the company acquired permanent rights in this territory."

The doubt that thus exists should, in my opinion, be resolved in favor of the City and the public.

In the absence of a vested right in favor of the railroad company, it is thus material to ascertain whether the company complied with the provisions of the Railroad Law (Chap. 140 of the Laws of 1850), as thereafter amended, which at the time the company acquired its certificate required in Section 28, subdivision 5:

- (a) In towns, an order of the Supreme Court to cross any highway;
- (b) In cities, the consent of the local authorities.

A search made by the Bureau of Franchises, however, failed to reveal any such order to the New York & Boston Railroad Company, or its successors, prior to the time when this district became a part of the City of New York, nor did such search show the result of any condemnation proceedings. The minutes of the New York City Common Council since 1874 also fail to reveal any general consent to the railroad company to cross the streets in the City.

In the absence of any such order, consent or condemnation proceedings, it is not necessary here to pass upon the question of the franchise right of the railroad company to lay additional tracks in this locality.

In my opinion, therefore, the Putnam Division of the New York Central and Hudson River Railroad was without legal authority in laying its additional track across Mosholu Avenue, east of Broadway in Van Cortlandt Park. Under the circumstances I would advise a submission by you of this entire question to the Board of Estimate and Apportionment, in order that that body may determine whether an invitation should be extended to the company to apply for a legalization of its track in Mosholu Avenue, or whether summary action should be taken to abate the nuisance now existing as a result of the installation of this illegally constructed track.

Respectfully yours,
G. L. STERLING, Acting Corporation Counsel.

Belt Line Railway Corporation (Cal. Nos. 19 and 20).

A communication was received from the Public Service Commission for the First District transmitting certified copy of resolution adopted by said Commission directing a hearing upon the application of the Belt Line Railway Corporation for a change of motive power on certain portions of its route in the Borough of Manhattan.

Which was ordered filed.

The Secretary presented the following:

To the Board of Estimate and Apportionment of The City of New York:

The Belt Line Railway Corporation, a street surface railroad corporation, shows, upon information and belief:

First: That as successor to the right, property and franchises formerly owned by the Central Park, North and East River Railroad Company, it operates a street surface railroad in the Borough of Manhattan, City of New York, by virtue of Chapter 511 of the Laws of 1860, and by virtue of an ordinance of the Mayor, Aldermen and Commonality of the City of New York passed on or about December 31, 1861.

Second: That it has operated its road by horse power, as follows:

From Tenth Avenue and 54th Street southerly through Tenth Avenue to West Street; West Street to Battery Place; Battery Place to State Street; State Street to Whitehall Street; Bowling Green from Battery Place to Whitehall Street; Whitehall Street from Bowling Green to South Ferry.

Also from First Avenue and 59th Street along First Avenue to East 14th Street; East 14th Street to Avenue D; Avenue D to East Houston Street; East Houston Street to Mangin Street; Mangin Street to Grand Street; Goerck Street from East Houston Street to Grand Street; Grand Street to Corlears Street; Corlears Street to South Street; Monroe Street from Corlears Street to Jackson Street; Jackson Street to Front Street; Front Street to South Street; South Street to Old Slip; Old Slip to Water Street; Water Street to Broad Street; Broad Street to South Street; South Street to Whitehall Street; Roosevelt Street from South Street to Front Street; Front Street to Whitehall Street.

Third: That it has operated its road by underground current of electricity, as follows:

From Tenth Avenue and 54th Street along Tenth Avenue to 59th Street; 59th Street to First Avenue.

Fourth: Your petitioner desires to operate by storage battery cars so much of its road as is now operated by horse cars, and also desires to operate storage battery cars over so much of its road as is operated by underground electricity, in addition to the underground electric operation.

Fifth: Your petitioner has obtained consents in writing from a large number of the owners of property abutting on the said routes, to the operation of storage battery cars.

Sixth: The City of New York is the owner of property abutting on said routes, as shown on the annexed Schedule A.

Seventh: The City of New York is the owner of the dock properties abutting on marginal streets, laid out and adjacent to West Street and South Street, respectively, upon which your petitioner's railroad is operated, as shown on the annexed Schedule B.

Eighth: That your petitioner has applied to the Public Service Commission for the First District, for its consent to the operation by your petitioner of storage battery cars as aforesaid, and such application is now pending.

Wherefore, your petitioner prays that the City of New York, as owner of the abutting properties shown on Schedule A, consent to the operation of storage battery cars upon and over the streets above named, and so far as its consent as the owners of the dock properties shown on Schedule B may affect the operation of storage battery cars on West Street and South Street adjacent to the marginal streets upon which such dock properties abut, that the City of New York, as the owner of such dock properties, consent to the operation of storage battery cars upon and over West Street and South Street adjacent to such marginal streets.

BELT LINE RAILWAY CORPORATION,

By EDWARD A. MAHER, Vice President.

State of New York, County of New York, ss.:

Edward A. Maher, being duly sworn, says: That he resides in the City of New York and is Vice President of the Belt Line Railway Corporation, the corporation described in and which executed the foregoing petition; that he has read the said petition and knows the contents thereof; that the same is true except as to the matters therein stated to be alleged on information and belief, and that as to those matters, he believes it to be true.

That the reason why this verification is not made by the petitioner, is that the petitioner is a corporation, and that the sources of affiant's information and belief are an inspection of the railroad of the petitioner, of which affiant is General Manager, and affiant's knowledge of the records and papers of the petitioner.

EDWARD A. MAHER.

Sworn to before me this 5th day of April, 1913.

[SEAL.] JAMES F. FEELY, Notary Public, New York County, No. 12.

abutting on the several routes and that an application is now pending before the Public Service Commission for the First District for its consent. Attached to and forming part of the petition are two exhibits marked respectively "Schedule A" and "Schedule B". The first of these contains a list of thirty parcels of City property consisting of school, library, park, market and hospital property, etc., abutting on the various streets of the Company's routes, having a valuation as shown on the tax books of \$283,807,000 which includes Central Park at a valuation of \$250,000,000; and the second, a large number of piers and bulkheads along the North and East Rivers abutting on the marginal streets adjacent to West and South streets, with a total valuation of \$48,019,500.

Under the provisions of sections 180 and 171 of the Railroad Law, in computing whether or not the requisite amount of consents have been obtained, the value of the City property is ascertained and determined by making the value thereof to be the same as is shown by such assessment-roll to be the value of the equivalent in size and frontage of the adjacent property on the same street or highway; * * * * * When this equalization has been made the above amounts will be materially reduced. It is believed that the change of motive power from horse power to storage battery system would be a highly desirable one and of great convenience to the traveling public. It is recommended that the requested consent of the City as an abutting property owner to such change of motive power be given.

A resolution granting the consent is herewith transmitted. Respectfully,
HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, The Belt Line Railway Corporation has, by a petition verified April 5, 1913, requested the Board of Estimate and Apportionment of The City of New York for the consent of said City, as an abutting property owner, to a change of motive power from horse power to the storage battery system of electrically operated cars upon the following streets and avenue in the Borough of Manhattan, City of New York, to wit:

1. Tenth avenue from 54th street to West street.
2. West street from Tenth avenue to Battery place.
3. Battery place from West street to State street.
4. State street from Battery place to Whitehall street.
5. Bowling Green from Battery place to Whitehall street.
6. Whitehall street from Bowling Green to South Ferry.
7. First avenue from 59th street to 14th street.
8. 14th street from First avenue to Avenue D.
9. Avenue D from 14th street to East Houston street.
10. East Houston street from Avenue D to Mangin street.
11. Mangin street, from East Houston street to Grand street.
12. Goerck street from East Houston street to Grand street.
13. Grand street from Goerck street to Corlears street.
14. Corlears street from Grand street to South street.
15. Monroe street from Corlears street to Jackson street.
16. Jackson street, from Monroe street to South street.
17. South street from Corlears street to Old Slip.
18. Old slip from South street to Water street.
19. Water street from Old slip to Broad street.
20. Broad street from Water street to South street.
21. South street from Broad street to Whitehall street.
22. Roosevelt street from South street to Front street.
23. Front street from Roosevelt street to Whitehall street.

—and
Whereas, In and by said petition, said Belt Line Railway Corporation has requested the further consent of said City, as an abutting property owner, to the operation of storage battery cars, in addition to the operation of cars by the underground system of electricity, upon the following streets and avenues in the Borough of Manhattan, City of New York, to wit:

1. Tenth avenue from 54th street to 59th street.
2. 59th street from Tenth avenue to First avenue.

—and
Whereas, In and by said petition, said Belt Line Railway Corporation has requested the further consent of said City, as the owner of certain dock properties abutting on the marginal streets laid out and adjacent to West street and South street, respectively, insofar as its consent as the owner of said dock properties may affect the operation of storage battery cars on said West and South streets; and

Whereas, The City of New York is the owner of certain parcels of property abutting on the above-described routes, as set forth and shown in a certain table or exhibit marked "Schedule A", annexed to and forming part of said petition; and

Whereas, The City of New York is the owner of certain parcels of dock properties abutting on the marginal streets adjacent to West and South streets, as set forth and shown in a certain table or exhibit marked "Schedule B", annexed to and forming part of said petition; now, therefore, be it

Resolved, That the consent of The City of New York, as the owner of the said property described in said "Schedule A" as abutting on the foregoing routes of the Company, be and the same is hereby given to the Belt Line Railway Corporation for a change of motive power from horse power to the storage battery system of electrically operated cars on those portions of the above-described routes in the Borough of Manhattan, now operated by horse power, and for the operation of storage battery cars, in addition to the operation of cars by the underground system of electricity, upon those portions of the above-described routes in the Borough of Manhattan now operated by the underground system of electricity; and be it further

Resolved, That the consent of the Corporation of The City of New York, as the owner of the said dock property described in said "Schedule B" as abutting on the marginal streets laid out and adjacent to West street and South street, be and the same is hereby given to the Belt Line Railway Corporation for a change of motive power from horse power to the storage battery system of electrically operated cars, in so far as said consent may affect or be necessary for the operation of storage battery cars on said West and South streets adjacent to the marginal streets upon which the said dock properties abut.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Brooklyn, Queens County & Suburban Railroad Company. (Cal. No. 21)

In the matter of the operation of a street surface railway upon and along Utica Avenue from Church Avenue to Avenue N, Borough of Brooklyn, without authority.

By resolution adopted March 27, 1913, the Brooklyn, Queens County and Suburban Railroad Company was directed to present an application on or before April 4, 1913, and in the event of its failure or neglect to comply therewith the Borough President was directed to remove the tracks.

The Secretary presented the following:

Brooklyn, Queens County and Suburban Railroad Company, 85 Clinton street, Brooklyn, N. Y., April 2, 1913.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—In reply to your letter of March 22, 1913, whereby the Brooklyn, Queens County and Suburban Railroad Company is requested to present to your honorable Board an application in writing for the right to construct, maintain and operate a street surface railway upon and along Utica avenue from Church avenue to Avenue N, in the Borough of Brooklyn, on or before the 4th day of April, 1913, would say:

1. Heretofore and on or about the 12th day of July, 1910, the Public Service Commission for the First District, pursuant to investigation under Order No. 615, did investigate the Brooklyn, Queens County and Suburban Railroad Company's right to construct, maintain and operate a street surface railroad in Utica avenue. At various hearings thereon in Case No. 1253 before said Commission, testimony was taken upon the question as to whether or not the franchise of the Brooklyn, Queens County and Suburban Railroad Company in Utica avenue was a valid franchise. In a communication from the Franchise Bureau of the Board of Estimate and Apportionment, dated October 5, 1910, it was suggested that the Corporation Counsel should appear in said proceeding before said Commission, and at the next meeting thereafter your Honorable Board passed a resolution, in part as follows:

Bureau of Franchises, April 9, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of Board of Estimate and Apportionment:

Sir—The Belt Line Railway Corporation, by a petition verified April 5, 1913, has requested the Board of Estimate and Apportionment for the consent of the City as an abutting property owner, as follows:

(a) To a change of motive power from horse power to the storage battery system of electrically operated cars on those portions of its route on 10th avenue and West and other streets from 54th street to South Ferry, and on 1st avenue, Avenue B, South, Front and other streets from 59th street to South Ferry.

(b) For the operation of storage battery cars in addition to the operation of cars by the underground system of electricity upon 10th avenue between 54th and 59th streets and upon 59th street from 10th avenue to 1st avenue, in order that the several lines of the Company may be operated as a unit around the east and west sides of the City south of 59th street.

(c) As the owner of certain dock properties abutting on the marginal streets adjacent to West and South streets, to the change of motive power from horse power to the storage battery system insofar as such consent may be necessary or affect the operation of storage battery cars on West and South streets.

Section 180 of the Railroad Law provides that any street surface railway desiring to make a change in its motive power must obtain the consents of the owners of one-half in value of the property abutting on its route and also the approval of the Public Service Commission. This section further provides that any railroad corporation changing its motive power may make the necessary changes and alterations in the construction of its road or roadbed required by the new form of power.

The petition of the Company states that consents in writing to the change of motive power have been obtained from a large number of the owners of property

"Resolved, That the Corporation Counsel be and he is hereby directed:

(a) To advise the Public Service Commission for the First District, immediately, that it is his intention to have a representative present at all future hearings and to take part in all future proceedings in regard to this matter, and request the Commission to adjourn the hearing from time to time, and not close the same until he has had an opportunity to fully present any and all facts in the City's interests."

Thereafter, on November 1, 1910, the Corporation Counsel appeared in said proceeding, representing the City in said matter, and participated in all of said future hearings, and at the close of the testimony submitted a brief which raised certain questions as to the validity of said franchise. Said matter has been fully tried out before said Commission, briefs have been submitted by all parties interested, and no decision of the Commission has up to the present date been announced. The Commission being a quasi-judicial body, having assumed jurisdiction for the purpose of making this investigation, and the City voluntarily appearing before said Commission in said proceeding, we submit that the City should await the final determination by said Commission therein, and, pending said determination, your Honorable Board should not order the Borough President of this borough by force to destroy the railroad company's property in Utica avenue.

2. If your Honorable Board has decided to withdraw its appearance before said Commission and not abide by any decision that might be made therein, and take the matter into its own hands, we submit that before the drastic measures suggested in your resolution of March 27, 1913, are put into effect, the Brooklyn, Queens County and Suburban Railroad Company should be given a hearing before your Honorable Board or a committee appointed for that purpose.

It is respectfully submitted that inasmuch as the resolution of March 27, 1913, was passed without affording the Brooklyn, Queens County and Suburban Railroad Company a hearing thereon, the same should be rescinded. Yours very truly,

GEORGE D. YEOMANS, General Counsel.

Bureau of Franchises, April 7, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of Board of Estimate and Apportionment:

Sir—Under an opinion of the Corporation Counsel advising that the Brooklyn, Queens County and Suburban Railroad Company had laid tracks on Utica avenue, from Church avenue to Avenue N, in the Borough of Brooklyn, without authority, the Board at its meeting of March 27 adopted resolutions directing that the company, if it desired to continue to maintain the tracks and operate this line, should on or before April 4, make formal application to the Board for a franchise, and in case of failure so to do, the Secretary be instructed to inform the company to cease operation, and the Borough President be directed to remove the tracks. This action was recommended in order that the rights of the City and the company could be properly tested in a court of competent jurisdiction, as it would afford the company an opportunity to enjoin the city if it saw fit.

No application has been filed by the company for a franchise, but in a communication dated April 2, signed by George D. Yeomans, General Counsel, the company asserts:

First—That the question of the validity of its franchise is being investigated by the Public Service Commission for the First District, and that to date no decision has been rendered, and

Second—Suggests that before the resolution adopted by the Board of Estimate and Apportionment on March 27, 1913, is put into effect, the company should be given a hearing before the Board or a committee appointed for that purpose.

There appears to be no objection to asking the Public Service Commission if it desires to render an opinion in the case before it, but in any event it is submitted that the legal adviser of the Board has already given it as his opinion that the company is without rights in the street, and in view of such opinion, it would seem that it is incumbent upon the Board to test the matter in the courts. As regards a hearing before either the Board or a committee of the Board, it would appear that the matter is of a highly technical and particularly of a legal nature, and the Corporation Counsel, to whom the matter was referred, had not only all the facts in the case as presented on the City's side, but also had the benefit of a brief submitted on behalf of the company, all of which was before him prior to the rendering of his opinion.

I would therefore suggest that the matter be laid over for two weeks and that a copy of the report and the resolution adopted by the Board on March 27, together with a copy of the company's reply to it, be submitted to the Public Service Commission for the First District, with a request that it advise the Board of Estimate and Apportionment if it is the intention of the Commission to determine the question at issue before it at an early date. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The matter was laid over until the meeting of April 24, 1913, and the Secretary directed to forward copies of the report, resolution and reply to the Public Service Commission for the First District with the request that it advise this Board if it is the intention of the Commission to determine the question at issue before it at an early date.

Mexican Telegraph Company; United States & Hayti Telegraph & Cable Company; French Telegraph & Cable Company (Cal. No. 22).

In the matter of the communications from the Commissioner of Water Supply, Gas and Electricity stating the Mexican Telegraph Company, the United States and Hayti Telegraph and Cable Company and the French Telegraph and Cable Company are operating in the streets of the City and as he was unable to locate any record of franchises granted to them, requesting the Board to investigate the validity of their operations.

These communications were presented to the Board at the meeting of January 16, 1913, and were referred to the Bureau of Franchises.

The Secretary presented the following:

City of New York, Law Department, Office of the Corporation Counsel, New York City, April 4, 1913.

Board of Estimate and Apportionment, City of New York:

Sirs—In a communication from Harry P. Nichols, Engineer, Chief of Bureau of Franchises, Board of Estimate and Apportionment, dated February 28, 1913, I am requested to advise you regarding the franchise rights of the following Telegraph-Cable Companies:

1. Mexican Telegraph Company.
2. United States and Hayti Telegraph and Cable Company.
3. Compagnie Francaise des Cables Telegraphiques.
4. Postal Telegraph-Cable Company and Commercial Cable Company in leasing wires or conduits to the French and Hayti Cable Companies.

I am asked to answer in detail the following questions:

"1. Have the Cable Companies mentioned above, or any of them, authority to operate in the streets of the City as such operations are at present carried on, without the further and additional consent of the Board of Estimate and Apportionment?"

"2. If such companies, or any of them, require the consent of the Board, is the consent required such as is contemplated by section 73 of the Greater New York Charter?"

"3. Has the Postal Telegraph Company under its contract with the City, dated February 27, 1912, any authority to lease facilities in the conduits constructed pursuant to such contracts, without the further and additional consent of the Board with proper money charges and the imposition of other terms and conditions therefor?"

"4. If the Cable Companies above mentioned are held to have permission or authority to operate in the City streets without the further consent of the Board, can they lease facilities from the Postal Telegraph-Cable Company in its new lines without the approval of the Board and upon charges and reasonable terms to be imposed therefor?"

"In addition, please furnish such other information regarding the above subjects as you may deem necessary for the guidance of the Board in considering the subject."

I. *Mexican Telegraph Company.*

This Company was incorporated under the Telegraph Act of 1848. Its certificate of incorporation, filed with the Secretary of State November 1, 1879, recites that the Company organized

"for the purpose of owning or constructing, using and maintaining a line or lines of electric telegraph partly within and partly beyond the limits of the State of New York. * * * * *

"The general route of the line or lines of telegraph of this association and the points to be connected therewith are as follows:

"From The City of New York in said State of New York to the City of Vera Cruz in the Republic of Mexico. The said line or lines to cross the Gulf of Mexico in a telegraph cable or cables from some convenient point on the southern coast of Texas to a point near the City of Tampico in Mexico; thence to said City of Vera Cruz, and to be extended in the future to other points in Mexico and Central America."

On January 16, 1907, the Company filed a certificate of extension of lines with the Secretary of State and therein names the following as the general route of the line or lines of the Company and the extensions:

"1. The general route of the line or lines of telegraph of this corporation and the points to be connected therewith described in the original certificate of incorporation are as follows:

"From The City of New York in said State of New York to the City of Vera Cruz in the Republic of Mexico. The said line or lines to cross the Gulf of Mexico in a telegraph cable or cables from some convenient point on the southern coast of Texas to a point near the City of Tampico in Mexico; thence to said City of Vera Cruz; and to be extended in the future to other points in Mexico and Central America."

"2. The general route and points to be connected by the extension of the lines of said corporation are described as follows, to wit:

"A line or lines of electric telegraph either wholly or partly beyond the limits of this State, the extreme points to be connected thereby being The City of New York and the Isthmus of Panama, and the general route of such lines being from The City of New York to the Isthmus of Panama, either wholly by land or wholly by sea, or partly by land and partly by sea; and either directly or touching at Cuba and thence to the Isthmus of Panama; thence wholly or partly by land lines or submarine cables connecting with the Central American States, Costa Rica, Nicaragua, Honduras, Salvadore and Guatemala, or one or more of them; or else from the Island of Cuba to the Republic of Mexico; and thence south to the Isthmus of Panama, connecting with one or more of the said Central American States, or by both of said lines."

"The Company states it is engaged in transmitting telegrams from The City of New York to Guantanamo, Cuba; Central and South America and vice versa. All this business, excepting Central American traffic which is transmitted over Western Union lines via Galveston, passes over the cable landing at Coney Island hut. Upon leaving the Coney Island hut these messages are carried over a cable belonging to the New York Telephone Company, placed in its conduits and which extends from the said hut to the cable office of the Mexican Telegraph Company at No. 64 Broad street, its only cable offices in this City."

"This cable is leased to the Mexican Telegraph Company by the New York Telephone Company."

"The cable which lands at Coney Island was opened for public use in the month of August, 1907."

In its report to the State Board of Tax Commissioners the Company states:

"This Company leases from the New York Telephone Company a three-pair underground cable from its office, 64 Broad street, New York, to its cable hut, Coney Island, the annual rental being \$8,550."

It is conceded that no consent was ever obtained by this company from the city authorities to operate under the streets and avenues of the city.

II. *United States and Hayti Telegraph and Cable Company.*

This Company was organized under the Transportation Corporations Law July 22, 1896. Its certificate of incorporation recites that the Company was formed

"for the purpose of constructing and owning, using and maintaining a line or lines of electric telegraph and for the purpose of joining with any other corporation in constructing, leasing, owning, using and maintaining such line or lines and of holding or owning interest therein or of becoming lessees thereof, * * *"

The general route is stated to be as follows:

"That the general route and the points to be connected are as follows: From the City of New York to Coney Island or some other point or points on the coast of this State and thence by submarine cable or cables to the Island of Hayti in the West Indies or to other points, places and islands in the said West Indies, as well as from the City of New York through the States of Connecticut, Rhode Island and Massachusetts to the City of Boston, as well as to other ports, points and places on the coast of the State of Massachusetts."

This Company operates by means of an underground cable leased from the Commercial Cable Company from its office in 25 Broad street to the cable in Sheepshead Bay, where it lands from the Island of Hayti. This underground cable crosses the Brooklyn Bridge and from thence through Brooklyn to Sheepshead Bay. For the use of this cable the Company pays to the Commercial Cable Company the sum of \$2,500 per annum. No consent was ever granted this Company by the local authorities for such underground operation.

In the absence of such consent of the local authorities to these companies the operation of the Mexican Telegraph Company and the United States and Hayti Telegraph and Cable Company in and under the streets of the city is, in my opinion, illegal. Neither the New York Telephone Company nor the Commercial Cable Company has authority to lease its wires or electrical conductors under the streets of the city to other public utility companies unless these latter companies are thereunto duly authorized by the consent or permission of the local authorities (Chapter 483, Laws of 1881, amending Laws of 1879, chapter 397, section 1. Transportation Corporations Law, article 9, section 102; matter of Independent Telephone Company vs. Monroe, New York Law Journal November 10, 1883, page 488, affirmed 97 A. D. 611, 179 N. Y. 521. Matter of New York Independent Telephone Company, 133 A. D. 635; affirmed 200 N. Y. 527, sections 73, 74, 242 and 523 of the Greater New York Charter; chapter 499, Laws of 1885; chapter 716, Laws of 1887.)

Such consent is required by a public service corporation whether it operates underground through and over conductors constructed and laid by itself or through and over conductors hired, leased or used under an arrangement with some other public service corporation.

III. *Campagne Francaise des Cables Telegraphiques.*

This Company is a foreign corporation organized and existing under the laws of the Republic of France. The name contained in the certificate of the Secretary of State authorizing it to operate in this State is "Campagne Francaise des Telegraphes de Paris A New York." This certificate was issued by the Secretary of State March 9, 1894, after the Company had filed a certificate to the effect that

"The business or objects of said corporation which it is engaged in carrying on within the State of New York are as follows: The business of transmitting telegraphic messages between New York City and Paris, France, by, over and through its land lines of telegraph between New York City and Cape Cod, and thence by its submarine ocean telegraphic cable between Cape Cod and France."

(b) *Operations.*

In the correspondence which this Company has had with the Bureau of Franchises it makes the following statements regarding its operations:

Letter of January 23, 1913:

"This company simply does a telegraphic cable business between Europe and America and has nothing whatever to do with domestic messages in any way possible. The lines it leases to reach severally its cable at Sheepshead Bay from Orleans, Mass., to New York—or its own overhead lines at 138th street, which go to Orleans, Mass., where the ocean cable lands are obtained from the New York Telephone Company and the Commercial Cable Company."

Letter of January 28, 1913:

"The French Telegraph Cable Company of Paris, France, operating here under a New York State charter—have two trans-Atlantic cables landing at Orleans, Mass., and another shorter ocean cable running from Orleans to Manhattan Beach, N. Y."

"Our cable station at Orleans is connected with our main line at 25 Broad street, New York City, by land lines. These lines are the company's property from Orleans to 138th street, at which point they connect with two pairs of underground conductors running to our main office, as above. The last 6.68 miles of the overhead lines from the city limits, Westchester County, to 138th street, are, however, carried on poles which are the property of the Postal Telegraph Company. The underground connections are leased by us from the New York Telephone Company."

"The third ocean cable referred to is connected from our cable house at Manhattan Beach to our main office by a conductor leased by us from the Commercial Cable Company of New York."

"All these connections are used for the transmission of trans-Atlantic cablegrams between this side of the Atlantic and the other. No domestic business of any kind is carried by us.

"In addition to the foregoing connections we have leased underground wires adjoining our main office at 25 Broad street with the following points in New York City:

"Branch Offices.

"Pulitzer Building, 1 Worth street, 3 Mercer street, 581 Broadway, 65 Fifth avenue, 281 Fifth avenue.

"Other City Connections.

"Swift & Co., 32 Tenth avenue; Armour & Co., 52 Tenth avenue; Morris & Co., 46 Tenth avenue; Irving National Bank, West Broadway and Chambers street; New York Journal, William street, Associated Press, 195 Broadway.

"All above connections leased by us from the New York Telephone Company and used for the transmission of trans-Atlantic cablegrams exclusively."

Letter of February 3, 1913:
 "This Company does business solely in the Borough of Manhattan; that is to say, a purely cablegram business, receiving and transmitting between Europe and America, and the only authority that we appear to have is from the Secretary of State of New York dated March the 9th, 1894, * * * but the wires it leases run through the Boroughs of Manhattan and The Bronx, as well as Kings County, Brooklyn."

Letter of February 11, 1913:
 "The French Telegraph Cable Co. started business in New York in the month of October, 1879, and continued to do so for upwards of three years—it then became assimilated with the Direct United States Cable Company then in 42 Broadway, who handled its business until February, 1887, when it re-established its own offices here and has done business ever since.

"I want to impress upon you its business is solely an international one."
 From the statements filed by the Company with the City Department of Taxes and Assessments on November 9, 1912, the following is taken:

Borough of Brooklyn:
 "The cable from Cape Cod to Manhattan Beach is connected with our main office (25 Broad street, Manhattan) by two underground conductors which are the property of the Commercial Cable Company, from whom they are leased."

Borough of The Bronx:
 "The 6.60 miles of wire from Mott Haven to the City limits (Westchester County) are on the poles of the Postal Telegraph Cable Company."

Borough of Manhattan:
 "The wires connecting Mott Haven to the central office of the Company, also the branch offices to 25 Broad street are the property of the New York Telephone Company, from whom they are leased.

"The conductors connecting the shore ends of the New York-Cape Cod cable (Manhattan Beach) with the central office of the Company are leased from the Commercial Cable Company."

The attorney for the Postal Telegraph Cable Company in his communication to the Franchise Bureau under date of December 13, 1911, states that the French Company pays to the Commercial Cable Company a rental of \$2,500 a year for the wires used by it.

The following are the franchise assessments against the French Telegraph Cable Company for the years 1911 and 1913:

	1911.	1913.
Manhattan	\$5,000 00
Brooklyn	5,000 00
Bronx	5,000 00	\$4,550 00

The Company was referred to as having property and wires in the streets of the City in the Minutes of the Board of Electrical Control for March 18, 1891 (Volume 2, page 1057), and those for April 20, 1891 (same volume, page 1104).

(c) Franchise.

As before stated, the only authority claimed by the Company for its operations is that contained in the statement made in its communication of February 3, 1913, as follows:

"* * * The only authority that we appear to have is from the Secretary of State of New York, dated March the 9th, 1894. * * *"

It has never received the consent of the local authorities to its underground operation.

This Company it is apparent has no franchise or consent from the City to use or operate wires either over or under the streets of the City. Under subdivision 2 of section 99, chapter 480, Laws of 1910, known as the Public Service Commissions Law, it is provided:

"No franchise or right to, or under any franchise to own or operate a telegraph line shall be assigned, transferred or leased to or owned or operated by any foreign corporation."

The operation of this Company in the streets of the City is in my opinion illegal.

IV. Postal Telegraph-Cable Company and Commercial Cable Company.

Two of the above mentioned companies, viz.: the French Telegraph-Cable Company and the United States and Hayti Company, use conductors of the Commercial Cable Company for the purpose of connecting with their cables at Manhattan Beach. The conduits in which the cables so used are at present located will in the near future have to be abandoned and the Company will have to use a new line having a terminal at Far Rockaway, this being done so as to allow of the clearing of the proposed channel of Jamaica Bay for the purpose of permitting the United States Government to dredge the same.

The present connection of the Commercial Cable Company with Manhattan Beach will be terminated on or about April 1, this year, and the companies concerned will then have to use the new line constructed under the contract between The City of New York and the Postal Telegraph-Cable Company, dated February 27, 1912, in accordance with the resolution of the Board of Estimate and Apportionment adopted February 15, 1912. The consent granted by this contract did not impose any money payment on the Company, under the opinion of the Corporation Counsel, which held that the imposition of any money charges on the Company under the facts and circumstances of the case would probably be regarded by the courts as unfair and unreasonable. It was, however, stated by the Corporation Counsel in an opinion to the Board dated December 26, 1912:

"the subletting of these conduits to other companies—to which you have called my attention—is quite another question. The necessity for the use and occupation of such conduits by other companies is not quite clear or apparent.

The consent of the City to the Postal Company does not contemplate such additional use and occupation and if permitted, I believe a money charge or rental may be legally imposed upon the applicant company therefor."

The contract between the City and the Postal Telegraph-Cable Company provides:

"First—This contract is entered into on the mutual and express understanding and agreement by and between the parties hereto that the Company will not use the said conduits or conductors for which consent is hereby granted for any other purpose than as a telegraph line in connection with the cable lines of the Postal-Telegraph-Commercial Cable system, so-called."

As a supplement to this first subdivision there is contained in the fourth a prohibition against assignment or the passing of any interest in the said conduits and conductors and the thirteenth prohibits the use of the wires, cables, conductors and conduits to be laid for any other purpose than that explicitly set forth in the contract, except by consent of the Board.

The companies seeking to use the conduits, cables or electrical conductors of the Postal Telegraph-Cable Company must be first duly authorized and receive the consent or permission of the Board to operate in the streets of the City. Without such consent the operation of the said companies is, in my opinion, illegal.

Answering your questions specifically I advise you:

1. The cable companies mentioned in your communication have not authority to operate in the streets of the City without the further and additional consent of the Board of Estimate and Apportionment.
2. Such companies require the consent contemplated by section 73 of the Greater New York Charter.
3. The Postal Telegraph-Cable Company has no power or authority to lease to

such companies facilities in its conduits unless such companies have previously received the consent of the Board to such operation.

4. The Board has the power to impose such terms, charges and conditions upon the companies seeking to use the facilities of the conduits, cables or conductors of the New York Telephone Company, the Postal Telegraph-Cable Company or the Commercial Cable Company for underground operation as may be deemed proper and reasonable. Respectfully, yours,

GEORGE L. STERLING, Acting Corporation Counsel.

Bureau of Franchises, April 7, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—The Commissioner of Water Supply, Gas and Electricity, by three communications presented to the Board at its meeting held Thursday, January 16, 1913, called the attention of the Board to the operation in the streets of the City of the Mexican Telegraph Company, the United States and Hayti Telegraph and Cable Company and the Compagnie Francaise Telegraph de Paris A New York, otherwise known as the French Telegraph-Cable Company, by which name it will be referred to hereinafter.

The Commissioner states in his communications that he was unable to locate any record of franchises to these companies in the files of his Department, and therefore requested that the Board of Estimate and Apportionment investigate the validity of their operations.

Upon these communications being presented to the Board they were referred to this Bureau, which immediately entered into communication with the companies concerned, for the purpose of ascertaining the extent of their operations and the privileges or franchises claimed by them. When this information was obtained, the same was compiled in a report to the Corporation Counsel under date of February 28, 1913, with a request for his opinion as to whether the said companies had any authority to operate in the streets of the City without the further and additional consent of the Board of Estimate and Apportionment, and, if such consent were required, whether the same should be given under the provisions of section 73 of the Greater New York Charter.

A brief summary of the organization and operations of these companies is as follows:

1. Mexican Telegraph Company.

(a) Organization.
 This Company was incorporated by a certificate of incorporation filed in the office of the Secretary of State November 1, 1879, pursuant to the Telegraph Companies' Act of 1848, and by a certificate of extension of lines filed in the same office on January 16, 1907, it extended its corporate powers with respect to the construction of its telegraph routes.

(b) Operations.
 The Company's operations in the City are conducted by means of a cable leased from the New York Telephone Company and extending from a cable landing at Coney Island to its cable office at 64 Broad street. In June, 1907, the Company laid a cable in New York Bay, between Pier A, Manhattan, and Coney Island, but it is claimed that the same has been so injured by dredges that the same has been abandoned. It may be noted, however, that it is assessed on a special franchise in both the Boroughs of Manhattan and Brooklyn.

The business in which the Company is engaged consists in the transmitting of telegrams or cable messages from The City of New York to Guantanamo, Cuba, Central and South America, and vice versa, most of which is carried on over the cable leased from the New York Telephone Company, mentioned above. It does, however, transmit messages to some extent over Western Union lines to Galveston, Texas, and thence to Central America.

2. United States and Hayti Telegraph and Cable Company.

(a) Organization.
 This Company was formed by a certificate of incorporation filed with the Clerk of New York County on July 22, 1896, pursuant to the provisions of the Transportation Corporations Law.

(b) Operations.
 The Company conducts a cable business by means of underground wires leased from the Commercial Cable Company and extending from its cable office at 25 Broad street to its cable landing in Sheepshead Bay. From this cable landing the cable of the Company extends to the Island of Hayti.

3. French Telegraph-Cable Company.

(a) Organization.
 This Company is a foreign corporation, organized and existing under the laws of the Republic of France, which was authorized to exercise its corporate powers in the State of New York by a certificate of the Secretary of State, issued March 9, 1894.

(b) Operations.
 The Company carries on a cable business between the Republic of France and the United States by two separate routes in the City. One of these routes runs from its office at 25 Broad street to a cable landing at Manhattan Beach, the necessary conductors being leased from the Commercial Cable Company. The other route extends from 25 Broad street through the Borough of Manhattan and the Borough of The Bronx and continues to its cable landing at Orleans, Massachusetts. That portion of the latter line in the Borough of Manhattan is leased from the New York Telephone Company, and the rest, from 138th street northerly to the city line, is owned by the Company itself, the said wires, however, being carried on poles which are the property of the Postal Telegraph-Cable Company. The Company also has connections with various offices within the City, the necessary conductors to make these connections being leased from the New York Telephone Company.

All of the above companies either claim not to operate in the streets of the City (presumably because of the fact that they lease the conductors used by them) or assert authority to conduct such operations under their organization. The Corporation Counsel, however, in his opinion, which is dated April 4, 1913, holds that no consent of the City authorities having been obtained to conduct these operations, the same are illegal, and the companies require the further and additional consent of the Board of Estimate and Apportionment, under section 73 of the Greater New York Charter, to continue their use of the streets.

It must be noted that with respect to the two companies organized in this State, viz., the Mexican Telegraph Company and the United States and Hayti Telegraph and Cable Company, the granting of such consent would involve no difficulties, but, because of the fact that the French Telegraph-Cable Company is a foreign corporation, it would seem necessary that for the purpose of validating its use of the streets that a domestic corporation should be organized and apply for the City's consent. This is apparently necessary under the provisions of subdivision 2 of section 99, chapter 480 of the Laws of 1910, known as the Public Service Commissions Law, and which is quoted in the opinion of the Corporation Counsel, as follows:

"No franchise or right to or under any franchise to own or operate a telegraph line or telephone line shall be assigned, transferred or leased to or owned or operated by any foreign corporation."

It is therefore suggested that, in accordance with the opinion of the Corporation Counsel, the Board adopt the necessary resolutions calling upon these companies to apply for permission to use the streets of the City and that, in the case of the French Telegraph-Cable Company, the said Company be directed to obtain the incorporation pursuant to the Laws of the State of New York of a properly organized company to acquire this consent.

It was found upon investigation that two of the above companies—that is, the United States and Hayti Telegraph and Cable Company and the French Telegraph-Cable Company—leased the conductors used by them to reach the cable landing at Coney Island from the Commercial Cable Company. In this connection, attention may be called to the fact that because of the improvements now being made to Jamaica Bay, it will be necessary to abandon that cable landing within the near future, and in anticipation of such abandonment, the Postal Telegraph Cable Company applied for, and was, by a contract dated February 27, 1912, granted permission to construct a new line of conduits in the Boroughs of Manhattan, Brooklyn and Queens, so as to establish a cable landing at Far Rockaway Beach in substitution for the one to be abandoned by the Commercial Cable Company at Coney Island. This consent was obtained by the Postal Telegraph-Cable Company because of the fact that it was closely affiliated with and formed part of the system operated by both it and the Commercial Cable Company and because of the further fact that it had obtained certain privileges by accepting the Post Roads Act of Congress, which it was desired to take advantage of in obtaining the consent of the City to the construction of this new line. The consent granted by said contract of February 27, 1912, did not, under the circumstances and in accordance with the opinions of the Corporation Counsel relating thereto, impose any

money charge upon the Postal Company for the privilege of constructing the same, but it was prohibited by the said contract from using the said conduits or conductors for any other purpose than as a telegraph line in connection with the cable lines of the Postal Telegraph-Commercial Cable System, so called, without the further consent of the City, and the Corporation Counsel held that a money charge or rental might be imposed for such further consent upon the applicant company therefor.

As I have been informed that the abandonment of the present line of the Commercial Cable Company will take place in the near future, and as such abandonment will impose upon the United States and Hayti Company and the French Telegraph-Cable Company the necessity for obtaining new accommodations, this Bureau has addressed a communication to the Postal Company for information as to the progress which has been made under the above-mentioned contract and as to the company or companies, if any, to which it has extended or proposes to extend facilities in the new line, and when this information is received, a report regarding the same will be made to your Board.

In accordance with the suggestions above, with reference to requiring the three cable companies under discussion to obtain the consent of the City to continue their use of the streets, I am submitting herewith proposed forms of resolutions which I believe will accomplish this object. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Whereas, The Commissioner of Water Supply, Gas and Electricity, by communications presented to this Board at its meeting held January 16, 1913, called attention to the operations in the streets of the City of the Mexican Telegraph Company and the United States and Hayti Telegraph and Cable Company, and requested an investigation as to the legality of the same; and

Whereas, The Bureau of Franchises, to which the said communications were referred, made an investigation of the organization, operations and privileges of the said companies and reported to the Corporation Counsel regarding the same under date of February 28, 1913, with a request for his opinion as to their right to use the streets; and

Whereas, The Corporation Counsel has, by an opinion presented to the Board this day, advised that the said Mexican Telegraph Company and United States and Hayti Telegraph and Cable Company are operating illegally in the streets of the City and must secure the consent of this Board, pursuant to the provisions of section 73 of the Greater New York Charter, to legalize the said operations; now, therefore, be it

Resolved, That the said Mexican Telegraph Company and United States and Hayti Telegraph and Cable Company be, and each of them is, hereby directed to submit to this Board, on or before Saturday, May 10, 1913, a verified petition for permission to use the streets of the City; and be it further

Resolved, That the said companies, and each of them, be and they are hereby directed to notify this Board, on or before Saturday, April 26, 1913, whether they will comply with the foregoing resolution; and be it further

Resolved, That the Secretary of the Board be and he is hereby directed to serve a copy of this resolution upon each of the above named companies.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Whereas, The Commissioner of Water Supply, Gas and Electricity, by a communication presented to this Board at its meeting held January 16, 1913, called attention to the operations of the Compagnie Francaise Telegraphique de Paris a New York, otherwise known as the French Telegraph-Cable Company, and requested that the Board make an investigation as to its authority to use the streets of the City; and,

Whereas, The matter having been referred to the Bureau of Franchises, it, on February 28, 1913, after investigation, submitted a report to the Corporation Counsel regarding the organization, operations and privileges claimed by the said company; and,

Whereas, The Corporation Counsel has, by an opinion presented to the Board this day, advised that the said French Telegraph-Cable Company is operating illegally in the streets and must secure the consent of this Board, pursuant to the provisions of section 73 of the Greater New York Charter, to legalize such operations; and,

Whereas, It further appears that the said French Telegraph-Cable Company is a foreign corporation which, under the provisions of subdivision 2 of section 99 of the Public Service Commissions Law, is not permitted to own a franchise to use the streets or highways in the State of New York, or any part thereof; now, therefore, be it

Resolved, That the said French Telegraph-Cable Company be and it is hereby directed to procure the organization of a properly incorporated telegraph company, pursuant to the provisions of the Laws of the State of New York, and to have such company submit to this Board, on or before Saturday, May 10, 1913, a verified petition for permission to use the streets of the City as now used or as hereafter proposed to be used by the French Telegraph-Cable Company; and be it further

Resolved, That the said French Telegraph-Cable Company be and it is hereby directed to notify this Board on or before Saturday, April 26, 1913, whether it will comply with the foregoing resolution; and be it further

Resolved, That the Secretary of the Board be and he is hereby directed to serve a copy of this resolution upon the above named company.

The following matters not on the Calendar for this day were considered by unanimous consent.

Manhattan and Queens Traction Corporation (No. 23).

In the matter of the franchise granted to the South Shore Traction Company by contract dated October 29, 1912, authorizing said Company to construct, maintain and operate a street surface railway upon, along and over the Queensboro Bridge and upon and along Thomson Avenue and Hoffman Boulevard and other streets and avenues in the Borough of Queens which franchise with the consent of the City, was subsequently assigned to the Manhattan and Queens Traction Corporation.

The Engineer, Chief, Bureau of Franchises presented the following:

Bureau of Franchises, April 5, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Section 3, First, of the contract dated October 29, 1912, granting the South Shore Traction Company a franchise for the construction, maintenance and operation of a street surface railway upon and over the Queensboro Bridge and upon and along Thomson Avenue and Hoffman Boulevard and other streets and avenues in the Borough of Queens, which, with the consent of the City, was subsequently assigned to the Manhattan and Queens Traction Corporation, provides as follows:

"First—The consent in writing of the owners of half in value of the property bounded on each street and avenue described in the route of the company to the construction and operation of said railway, shall be obtained by the company, and a copy of such consents shall be filed with the Board before construction is commenced on such street or avenue. The consent in writing of the owners of half in value of the property bounded on all streets and avenues to the construction and operation of said railway, shall be obtained by the company within one year from the signing of this contract by the Mayor, and a copy of such consent shall be filed with the Board within such time, or a copy of an order of the Appellate Division of the Supreme Court that said railway ought to be constructed in lieu of such consents."

Pursuant to the above-quoted section, the Manhattan and Queens Traction Corporation filed with the Board on January 11, 1913, a copy of an instrument dated December 24, 1912, and signed by the receivers of the South Shore Traction Company, wherein said receivers, pursuant to the power vested in them by an order of the United States District Court, dated October 30, 1912, sold, assigned, transferred and set over to the Manhattan and Queens Traction Corporation certain consents of property owners previously given to the South Shore Traction Company for the operation of a street surface railway upon various streets and avenues in the Borough of Queens, some of which are included in the route of the Manhattan and Queens Traction Corporation. This instrument also conveyed the interest in an order, dated October 20, 1910, of the Appellate Division of the Supreme Court, obtained in lieu of

property owners' consents, authorizing the construction by the South Shore Traction Company of that portion of its railway on Hoffman boulevard.

On January 17, 1913, the Manhattan and Queens Traction Corporation filed a number of additional consents of abutting property owners for that portion of its route on Thomson Avenue. A number of these consents were in substitution for corresponding ones covered by the aforementioned assignment, which had become null and void by reason of conditions made at the time of the giving of the original consents.

An examination of the consents contained in the assignment, together with the new ones filed, reveals that more than the required amount has been obtained on certain streets of the company's route, as shown by the following table:

Street.	50 Per Cent. of Assessed Valuation.	Consents Obtained.
Sunnyside viaduct from Jackson Avenue to Thomson Avenue	\$124,300 00	\$149,600 00
Thomson Avenue from Sunnyside viaduct to Broadway	2,000,862 50	2,214,875 00
Fulton Street from Hoffman Boulevard to Campion Street	49,380 00	57,500 00
Campion Street from Fulton Street to Carl Street	53,900 00	63,300 00
Central Avenue from Merrick Road to Nassau County Line	470,445 00	551,715 00

The contract of October 29, 1912, as amended by subsequent resolutions of the Board, definitely fixes the dates upon which the railway shall be completed and put in operation on Thomson Avenue and Hoffman Boulevard, and provides that on the remaining streets of the route between the former village of Jamaica and the Nassau County line, the railway shall be completed and put in operation within six months after notification by the President of the Borough of Queens that he is willing to issue a permit for the construction of tracks on the streets involved.

The consents filed cover a continuous line from the Queens Plaza of the Queensboro Bridge to the intersection of Campion Avenue and Carl Street, Jamaica, and the entire portion of the route on Central Avenue.

It would appear, therefore, that the Manhattan and Queens Traction Corporation had complied with the provisions of the contract in relation to the filing of property owners' consents on the portions of the route above named, and that consents, or a favorable determination of the Appellate Division of the Supreme Court, must be obtained and filed with the Board prior to October 29, 1913, for the remaining streets of the route.

As was recited in a report presented to the Board at its meeting of March 27, 1913, the company has been operating its cars from the Queens Plaza of the Queensboro Bridge over the viaduct and along Thomson Avenue to the Long Island Railroad crossing at Greenpoint Avenue since January 29 last, and has completed and is about ready to start operation upon the section between the above-mentioned railroad crossing and Broadway, with the exception of the temporary trestle to be erected over the tracks of the Long Island Railroad Company at Greenpoint Avenue, for which permission was given by resolution adopted by the Board on March 27 and the time for commencement of operation extended thirty days from March 31, 1913.

It is recommended that the consents of abutting property owners filed by the Manhattan and Queens Traction Corporation be accepted and that the papers in connection therewith be filed.

A resolution accepting the consents is herewith transmitted. Respectfully,

HARRY P. NICHOLS, Engineer, Chief of Bureau.

The following was offered:

Resolved, That the instrument dated December 24, 1912, and filed with this Board by the Manhattan and Queens Traction Corporation January 11, 1913, wherein and whereby the receivers of the South Shore Traction Company sell, assign, transfer and set over to the Manhattan and Queens Traction Corporation certain consents of property owners heretofore given to the South Shore Traction Company for the construction, maintenance and operation of a street surface railway upon and along Thomson Avenue and Hoffman Boulevard and other streets and avenues in the Borough of Queens, and also selling, assigning, transferring and setting over to said Manhattan and Queens Traction Corporation an order, dated October 20, 1910, of the Appellate Division of the Supreme Court, in lieu of property owners' consents, authorizing the construction of a street surface railway by the South Shore Traction Company upon and along Hoffman Boulevard from Broadway to Fulton Street, Borough of Queens, be and it hereby is accepted; and be it further

Resolved, That the copies of consents of abutting property owners to the construction, maintenance and operation of a street surface railway by the Manhattan and Queens Traction Corporation, upon and along Thomson Avenue and other streets and avenues in the Borough of Queens, filed with this Board January 17, 1913, be and they are hereby accepted; and be it further

Resolved, That the Secretary of this Board be and he hereby is directed to call the attention of the Company to the date for filing consents of abutting property owners on the remaining streets of the route, or, in lieu thereof, a favorable determination of the Appellate Division of the Supreme Court that its railway ought to be constructed on said streets.

Brooklyn City Railroad Company (No. 24).

In the matter of the application of the Brooklyn City Railroad Company for permission to construct, maintain and operate a spur track from its street surface railway on Flushing Avenue into the premises of Meurer Bros. Company at 575 Flushing Avenue, Borough of Brooklyn.

By resolution adopted March 13, 1913, the Bureau of Franchises was directed to prepare the necessary consent and submit same to the Board for action.

The Engineer, Chief, Bureau of Franchises, presented the following:

Bureau of Franchises, April 9, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—The Brooklyn City Railroad Company presented a petition dated January 30, 1913, to the Board of Estimate and Apportionment for permission to construct and operate a street surface railway spur track leading from its double track railway in Flushing Avenue to and into the property of Meurer Bros. Company at No. 575 Flushing Avenue, in the Borough of Brooklyn. The petition recites that the spur track is desired for the purpose of transporting freight to and from Meurer Bros. Company's premises.

I caused an examination to be made and it was found that Meurer Bros. are conducting a general tin plate and copper manufacturing business. Sheet iron and copper are received in boxes weighing from 150 to 750 pounds each and manufactured into galvanized iron piping, ventilators, roof tiling, etc.

At the meeting of the Board held February 13, 1913, the Bureau of Franchises presented a report suggesting that the matter be referred to the Franchise Committee of the Board for an expression of opinion as to the general policy to be pursued in this and similar applications in the future.

At the meeting held February 27, 1913, the Committee presented a report, which was adopted by the Board on March 7, and at the meeting held March 13 an amended report was presented by the same Committee and a resolution was adopted directing the Bureau of Franchises to prepare the necessary consent in response to the petition and submit the same to the Board for action.

Copies of the petition with accompanying plan were forwarded to the President of the Borough of Brooklyn and to the Commissioner of Water Supply, Gas and Electricity, with a request that the customary examinations be made by the various bureaus of their departments having jurisdiction, with a view to advising as to any particular conditions which should be incorporated in the form of consent heretofore used by the Board for similar privileges.

In replies, dated, respectively, April 3, 1913, and March 27, 1913, I have been informed that there are no particular conditions necessary to be incorporated in the form of consent.

A communication was also addressed to the attorney for Meurer Bros., requesting that the consents of adjoining property owners to the proposed spur track be obtained and filed with the Board. Such requirement was deemed necessary in view of the case of the spur track of R. H. Macy & Company, authorized to be constructed into the

building on the northerly side of 34th street, west of Broadway, Borough of Manhattan, by resolution adopted by the Board of Estimate and Apportionment on July 6, 1906, and approved by the Acting Mayor July 13, 1906. After the construction of that track an adjoining property owner took the matter into court and an opinion was finally rendered by the Court of Appeals holding that the Board had no authority to grant the spur track in question, and R. H. Macy & Company were obliged to remove the track at quite large expense. (See *Hatfield vs. Straus*, 189 N. Y., 209.)

In requiring such consents, this Bureau had in mind the possible effect of a suit which might result in a decision so broad as to estop the Board entirely from granting such privileges, even in places where they would be entirely unobjectionable and of great service to the City as well as to the applicant. Since the above mentioned decision all petitioners for revocable permission to construct structures upon or above the surface of the City streets have been required to obtain such consents.

Meurer Bros. Company took this question of the consents up with the Mayor, who advised me he considered the same unnecessary in this particular case.

The South Brooklyn Railroad Company has an operating agreement with the Brooklyn Rapid Transit Company, which permits it to operate cars over the tracks of the companies controlled by the latter, and under such agreement the South Brooklyn Company will operate the cars to be used over the proposed spur. The company's freight agent has informed me that the cars are invariably operated singly and never in trains.

In the course of the examination into this matter it was stated by the railroad company that the freight consigned to or from Meurer Bros. Company will be received at the Bush Terminal, and it was then understood that ordinarily the cars would be routed via Flushing avenue, Washington avenue, Park avenue, Navy street, Willoughby street, Court street, Hamilton avenue, 3d avenue, 29th street and 2d avenue to the Bush Terminal. With the exception of the portion in the vicinity of Borough Hall, this route is along streets given over to business, and the cars will not pass through any strictly residential section of the City.

A form of resolution granting consent was prepared, containing a special provision that cars should be operated over the spur only after 10 p. m. and before 6 a. m. Such provision was assented to by Meurer Bros. Company without objection. A draft of such resolution was forwarded to the counsel for the railroad company on March 11, 1913, for examination, and in a reply received April 9, 1913, it was requested that section 4 of the resolution be altered so as to provide for the operation of the spur by the South Brooklyn Railway under traffic agreement. Such request has been complied with. It was also suggested that the special provision limiting the operation of cars over the spur to the hours between 10 p. m. and 6 p. m. be eliminated. This suggestion has not been complied with, as in my opinion that provision should be strictly enforced in order to prevent any possible interference with passenger traffic due to the cars being routed through the street surface railway congestion in the vicinity of Borough Hall.

Meurer Bros. Company also operates a boiler plant in Long Island City on Borden avenue and 3d street, east of the Long Island Railroad Company's main tracks, and said factory is supplied by means of a track installed by the Long Island Railroad in 3d street. That track has lately been under investigation by this Bureau, and, so far, it would appear that it was laid without proper authorization, and a report on the matter will be presented at a latter date.

I understand that in addition to sending and receiving freight to and from the Bush Terminal on the South Brooklyn water front, the company also contemplates shipping small boilers from the factory in Long Island City to the plant in Brooklyn, where some of the interior fittings of the boilers are proposed to be installed. No fixed route for the carrying of freight to and from Meurer Bros. Company on Flushing avenue has been provided in the form of resolution granting consent, as in case of accident on such route the railway company would be unable to operate its cars without violating such provision.

In accordance with the direction of the Board, I herewith submit the customary form of resolution granting consent during the pleasure of the Board, but in no case to extend beyond a period of ten years from the date of the approval of the consent by the Mayor, and revocable upon sixty days' notice. It is made a condition of the consent that the grantee deposit with the Comptroller of the City the sum of five hundred dollars (\$500), either in cash or securities, to be approved by said official, the said deposit to be for the faithful performance of the terms and conditions of the consent. On the basis of compensation heretofore used by the Board for similar tracks, the charge for the privilege has been fixed at:

During the first term of five years the sum of \$100 per annum; and
During the second term of five years the sum of \$105 per annum;
such sums to be paid into the City treasury in advance on November 1 of each year.
Respectfully,
HARRY P. NICHOLS, Engineer, Chief of Bureau.

Bureau of Franchise

The following was offered:

Whereas, The Brooklyn City Railroad Company has presented a petition dated January 30, 1913, to the Board of Estimate and Apportionment for permission to construct, maintain and operate by the overhead electric system a spur track from its northerly track in Flushing avenue to and into the property of Meurer Brothers Company, known as No. 575 Flushing avenue, Borough of Brooklyn, for the purpose of delivering and receiving freight to and from the said premises; now, therefore, be it Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the Brooklyn City Railroad Company, a domestic corporation, Borough of Brooklyn, to construct, maintain and operate a spur track and wires for operation by the overhead electric system from its northerly track in Flushing avenue to and into the property of Meurer Brothers Company, known as No. 575 Flushing avenue, for the purpose of delivering and receiving freight to and from the said premises; the said track to be located as shown on a plan accompanying the petition, and entitled:

"Plan of Proposed Railroad Side Track to be Constructed in Flushing Avenue, Borough of Brooklyn. To accompany application. Dated January, 1913, Brooklyn City Railroad Co. to the Board of Estimate and Apportionment, City of New York."

—and signed Z. E. Watson, Secretary and Treasurer—a copy of which is attached hereto and made a part hereof upon the following terms and conditions.

1. Said consent shall continue only during the pleasure of the Board of Estimate and Apportionment, and shall be revocable upon sixty (60) days' notice in writing to the said grantee, but in no case shall it extend beyond a term of ten (10) years from the date of its approval by the Mayor, and thereupon all rights of the said grantee in or upon said street by virtue of this consent shall cease and determine.

2. The said grantee shall pay into the treasury of The City of New York, as compensation for the privilege hereby granted:

During the first term of five (5) years the sum of one hundred dollars (\$100) per annum, and

During the second term of five (5) years, the sum of one hundred and five dollars (\$105) per annum.

Such payments shall be made in advance on November 1 of each year; provided, however, that the first payment shall be made within sixty (60) days of the approval of this consent by the Mayor, and shall be only such proportion of the annual charge as the time between the date of approval of this consent by the Mayor and November 1 following bears to a whole year. Such compensation shall continue up to the date of restoration of the street pavement after the removal of the structure from the street.

Such payments shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid under any ordinance of The City of New York or by any law of the State of New York.

3. Upon the revocation or termination by limitation of this consent, the said grantee shall, at its own cost, cause the said track and wires and all appurtenances thereto to be removed if required so to do by The City of New York, or its duly authorized representatives, and all that portion of said street affected by this consent to be restored to its proper and original condition. If the said track and wires shall not be required to be removed, it is agreed that they shall become the property of The City of New York.

4. This consent is for the exclusive use of the grantee and its lessee, the Brooklyn Heights Railroad Company, and the South Brooklyn Railway Company, under certain traffic agreements between the Brooklyn Heights Railroad Company and the South Brooklyn Railway Company, and shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person, firm or corporation whatsoever, either by the acts of the grantee or by operation of law, without the consent in writing of The City of New York acting by the Board of Estimate and Apportionment.

5. The grantee shall pay the entire cost of

(a) The construction, maintenance and removal of the track and wires.
(b) The protection of all the surface and subsurface structures which shall in any way be disturbed by the construction or removal of the track and wires.

(c) All changes in the sewer, water pipes or other structures made necessary by the construction or removal of the track and wires, including the laying or relaying of drains, pipes, conduits, sewers or other structures.

(d) The placing, replacing or restoring of the pavement and sidewalks in said street which may be required or disturbed during the construction or removal of the track and wires.

(e) Each and every item of the increased cost of any future substructure caused by the presence of the track and wires.

(f) The inspection of all work during the construction or removal of the track and wires as herein provided which may be required by the President of the Borough and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction or removal shall be begun the grantee shall obtain permits to do the work from the President of the Borough and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed by those officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to those officials working plans which shall include and show in detail the method of construction of the track and wires and the mode of protection or changes in all subsurface structures required by the construction of the track and wires.

If at any time it shall become necessary to replace or alter any structure in said street, the City shall have the right to break through or remove all or any portion of the track hereby authorized, and the grantee shall pay to the City the expense incurred by such removal.

7. The track shall be constructed and operated in the latest improved manner of railroad construction and operation and solely upon the terms and according to the lines and surveys to be approved by the President of the Borough. The top of rails shall be laid flush with the surface of the roadway, and the grade of the roadway and sidewalks shall be altered and drainage provided as shall be directed and approved by the President of the Borough. The character of the rails and other parts of the construction shall also be approved by the said official and the track shall be maintained in good condition by the said grantee throughout the term of this consent.

8. The spur track authorized by this consent shall be maintained and operated solely for the purpose of transporting merchandise, and cars are to be operated over the said spur track only after 10 p. m. and before 6 a. m.

Said track and wires shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York, who have jurisdiction in such matters under the Charter of The City of New York.

9. The grantee shall at all times keep the entire street between the rails of the track and for a distance of two feet beyond the rails on either side thereof free and clear from ice and snow.

10. Said grantee shall pave and keep in permanent repair the portion of the surface of the street and sidewalk between the rails of the track and for a distance of two feet on either side thereof under the supervision of the proper local authorities and whenever required by them to do so and in such manner as they may prescribe, and The City of New York shall have the right to change the material or character of the pavement of the street and sidewalk, and in that event the grantee shall be bound to replace the existing pavement between the rails of the track and for a distance of two feet on either side thereof with such changed or altered pavement and in the manner directed by the proper City officials, at its own expense, and the provisions as to repairs herein contained shall apply to such changed or altered pavement.

11. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to said street.

12. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction, operation or maintenance of said track, and it is made a condition of this consent that The City of New York assumes no liability to either persons or property on account of this consent.

13. This consent is granted upon the further and express condition that the provisions of the Railroad Law applicable thereto and all laws or ordinances now in force or which may hereafter be adopted shall be strictly complied with.

14. This consent is upon the express condition that within sixty (60) days after its approval by the Mayor, and before anything is done in exercise of the rights conferred hereby, the grantee shall deposit with the Comptroller of The City of New York the sum of five hundred dollars (\$500) either in money or securities to be approved by him, which fund shall be security for the performance of all of the terms and conditions of this consent.

In case of default in the performance by said grantee of any of the terms or conditions of this consent, The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs after ten days' notice in writing, and shall collect the reasonable cost thereof from said fund without legal proceedings, or in case of default in the payment of the charge for the privilege shall collect the same from such fund with interest after ten (10) days' notice in writing to the said grantee.

In case of any draft so made upon the security fund, the grantee shall, upon thirty (30) days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and in default of the payment thereof, the consent hereby given may be cancelled and annulled at the option of the Board of Estimate and Apportionment of The City of New York acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

15. Said grantee shall complete the construction of the track and wires hereby authorized on or before July 1, 1913; otherwise this consent shall be forfeited forthwith and without any proceedings either at law or otherwise for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment.

16. Said grantee shall give notice in writing to the President of the Borough and to the Commissioner of Water Supply, Gas and Electricity of its intention to begin the work hereby authorized at least forty-eight hours before such work commences. The grantee shall also give to the Board of Estimate and Apportionment notice in writing of the date on which the work is commenced and also the date on which the work is completed not later than ten (10) days after such dates.

17. This consent shall be null and void unless said grantee shall duly execute an instrument in writing, wherein said grantee shall accept this consent and shall promise, covenant and agree to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file said instrument with the Board of Estimate and Apportionment of The City of New York within thirty (30) days after the approval of this consent by the Mayor, provided, however, that such time may be extended by the Board of Estimate and Apportionment.

And said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the structure hereby authorized.

(On April 3, 1913, the request of the Commissioner of Bridges for an appropriation for the above purpose was referred to the Corporate Stock Budget Committee.) Which were ordered filed.

Department of Bellevue and Allied Hospitals—Issue of Special Revenue Bonds (Cal. No. 12).

(On February 20, 1913, the resolution of the Board of Aldermen was referred to the Comptroller.)

(On March 27 and April 3, 1913, this matter was laid over one week.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand two hundred and fifty dollars (\$6,250), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of providing additional facilities and help for the Psychopathic Department, as follows:

One motor ambulance.....	\$4,000 00
One Assistant Physician, at \$1,500 per annum.....	1,125 00
One Chauffeur, at \$900 per annum.....	675 00
One Nurse, at \$600 per annum.....	450 00
	\$6,250 00

The ambulance to be contracted for on or before December 31, 1913. The salaries to run from April 1 to December 31, 1913.

Adopted by the Board of Aldermen February 11, 1913, three-fourths of all the members voting in favor thereof.

Approved by the Mayor February 18, 1913.

P. J. SCULLY, Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 10, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On February 11, 1913, the Board of Aldermen adopted a resolution requesting \$6,250 in special revenue bonds for the purpose of providing additional facilities and help for the Psychopathic Department of Bellevue Hospital, as follows:

One motor ambulance.....	\$4,000 00
One Assistant Physician, at \$1,500 per annum.....	1,125 00
One Chauffeur, at \$900 per annum.....	675 00
One Nurse, at \$600 per annum.....	450 00

In connection therewith I report as follows:

The Board of Trustees has orally requested that the title "Assistant Alienist" be substituted for the "Assistant Physician" at \$1,500 per annum. The General Medical Superintendent states the following:

"The number of insane patients has increased during the past year. The average daily census in the Psychopathic Ward is 100, about equally divided in the sexes. These patients are under observation from a few hours to five days. Under the new law we are required to send a physician to the home of an afflicted person, if requested to do so. We have no man to assign to this service.

"In the future we shall be obliged to run two ambulances, instead of one, from the Psychopathic Ward, which will require an additional nurse and a chauffeur. We have, at times, ten calls in one day. Of course, night calls are also made in these cases. Many are at a long distance from the hospital.

"We now have in the department one gasoline, two steam and four electric ambulances. In the departmental estimate for 1913 we asked for five automobile ambulances to substitute for horse ambulances. We were allowed two in the Budget at \$3,500 each. A well built, strong machine, costing at least \$4,000, is required for the psychopathic service, as long trips are made from The Bronx or the Battery to the hospital. The lighter and cheaper machine is quickly put out of order on long runs."

The rates requested for the three positions are the same paid others for similar services.

In view of the foregoing, the additional ambulances, with necessary help, appear to be needed at Bellevue Hospital.

I, therefore, recommend the adoption of the attached resolutions granting the request, and approving the necessary schedule modification. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
Resolved, That the resolution adopted by the Board of Aldermen on February 11, 1913, and approved by the Mayor February 18, 1913, requesting an issue of special revenue bonds in the sum of six thousand two hundred and fifty dollars (\$6,250), the proceeds whereof to be used by the Department of Bellevue and Allied Hospitals for the purpose of providing additional facilities and help for the Psychopathic Department, as follows:

Department of Water Supply, Gas and Electricity—Issue of Special Revenue Bonds (Cal. No. 13).

The Secretary presented:
 Report of the Comptroller, referring to the resolution of the Board of Aldermen requesting the issue of \$23,500 special revenue bonds, the proceeds to be used by the Department of Water Supply, Gas and Electricity to provide means for "sinking driven wells" on a strip of land adjoining the Flushing Pumping Station in the Borough of Queens, now held under a five-year lease from the Long Island Railroad Company, and recommending that the request in its present form be not approved. The Comptroller states that this appropriation is intended for purposes in addition to that indicated. It is suggested that a copy of this report be sent to the Commissioner of Water Supply, Gas and Electricity, and that he apply to the Board of Aldermen for the amendment of its resolution to permit of the use of the appropriation for all of the purposes intended.

(On March 13, 1913, the above resolution was referred to the Comptroller.)
 (On March 27 and April 3, 1913, the above report was laid over for one week.)

Transfer of Unexpended and Unencumbered Cash Balances in Corporate Stock Funds (Cal. No. 15).

The Secretary presented the following:
 City of New York, Department of Finance, Comptroller's Office, March 31, 1913.

To the Honorable the Board of Estimate and Apportionment, City of New York:
 Gentlemen—On March 21, 1912, there was presented to your Board by the Comptroller a recommendation that the Corporation Counsel be requested to introduce a bill in the Legislature relative to the amendment of section 237 of the Greater New York Charter. This is to provide for the disposition of the unencumbered cash balances in corporate stock funds in excess of the amounts required to effect the purposes of the authorizations.

As it was thought too late to introduce the proposed bill in the 1912 session of the Legislature, the Comptroller's report was laid over. In response to his request of October 16, 1912, however, it was considered by your Board on October 24, 1912, and its recommendations approved.

The amendment was introduced in the Legislature and became a law (chapter 36, Laws 1913) on February 21, 1913. This act is quoted below in full from a certified copy furnished by the Secretary of State:

Chapter 36.

An Act to amend the Greater New York Charter, in relation to the transfer and utilization of cash balances in corporate stock funds.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section two hundred and thirty-seven of the Greater New York Charter, as re-enacted by chapter four hundred and sixty-six of the laws of nineteen hundred and one, is hereby amended to read as follows:

Section 237. The board of estimate and apportionment shall have the power at any time to transfer any appropriation for any year which may be found, by the president of a borough, the head of a department or other officer having control of such appropriation, to be in excess of the amount required or deemed to be necessary for the purposes or objects thereof, to such other purposes or objects for which the appropriations in such year are insufficient, or such as may require the same. But nothing in the power thus conferred shall authorize the transfer by said board of an appropriation made for any object or purpose, in one year, to any purpose or object, whether an appropriation has been made therefor or otherwise, in any subsequent year. And any balance of appropriations remaining unexpended at the close of any fiscal year, after allowing sufficient to satisfy all claims payable therefrom, and also any balance to the credit of any account of moneys which have been or may hereafter be paid into the treasury of the city, under existing laws, appropriated or authorized to be expended for any specific purpose, and which the said board of estimate and apportionment may determine not to be necessary, or to be in excess of the amount required therefor, may, at any time, but not less than sixty days after the expiration of the year for which such appropriations are made, or sixty days after the expiration of the year during which the moneys aforesaid were paid into the treasury of the city, after allowing sufficient to satisfy all claims payable from such appropriations, or which the comptroller shall certify should be paid from said moneys paid into the treasury, as aforesaid, be transferred by the comptroller, with the approval of the said board of estimate and apportionment, to the general fund of the city, and applied to the reduction of taxation. The approval by the board of estimate and apportionment of the certificate of the comptroller, as aforesaid, shall be an appropriation of the amounts therein stated to the objects or purposes in said certificate specified. *Nothing hereinbefore in this section contained shall be deemed to apply to such cash balances as may remain unexpended from the sale of corporate stock issued for permanent improvements, and which are no longer required for the specific purposes for which said corporate stock was issued. Where there remains a cash balance from the sale of corporate stock issued for permanent improvements, which the president of a borough, the head of a department, or other officer having control thereof, finds to be in excess of the amount required for the purposes for which such corporate stock was issued, after allowing sufficient sums to satisfy all claims payable therefrom, and when certification to that effect is made by said president of a borough, head of a department or other officer having control thereof to the comptroller, the board of estimate and apportionment upon the recommendation of the comptroller may transfer such unincumbered cash balance to a fund, to be known as "moneys available for permanent improvements for which corporate stock may lawfully be issued," created for this purpose. The board of estimate and apportionment may apply all or any part of the above-mentioned fund to or toward the payment of the cost of any permanent improvement, which may lawfully be paid for from the proceeds of the sale of corporate stock, the disbursements from such fund to be made with the same legal force and effect as though the expenditure was from the proceeds of a sale of corporate stock. Where there remains a cash balance from the sale of corporate stock issued by authority of the board of commissioners of the sinking fund for armory purposes, which balance of cash the armory board finds to be in excess of the amount required for the purposes for which such corporate stock was issued, after allowing sufficient sums to satisfy all claims payable therefrom, and when certification to that effect is made by the armory board to the board of commissioners of the sinking fund, the latter board may, upon the recommendations of the comptroller, transfer such cash balance to the fund above mentioned, known as "moneys available for permanent improvements for which corporate stock may lawfully be issued."*

Sec. 2. This act shall take effect immediately.

(The portion of the above act in italics is new matter.)

Acting upon the authority thus conferred, letters were addressed on March 7, 1913, to the various departments, enclosing a list of the corporate stock cash balances which, by reason of their inactivity, seemed transferrable to the new account, asking that they pass upon these balances and also inform us of any others of a similar nature.

As the practical result of this procedure, there has been compiled by the Division of Expert Accounting a list of the unincumbered cash balances of the corporate stock funds transferrable to the new account entitled "Moneys available for permanent improvements for which corporate stock may lawfully be issued." These balances aggregate seven hundred and thirty-three thousand three hundred and seventy-five dollars and two cents (\$733,375.02). They come from the Departments named in the following summary:

	TO	
	<i>Care of Parks and Boulevards.</i>	
1549	Operation of Stables	\$1,500 00

The request is made necessary for the reason that during the early part of this year we lost through illness eight horses that had been in the Department for a number of years. Three of these horses had to be killed on the premises to prevent the disease from which they were suffering from spreading. The other horses were turned over to the Department of Health under a resolution of the Sinking Fund.

The stable at the present time is in a depleted condition, and in view of the fact that during the summer months we are sorely in need of horses, I respectfully request that the transfer be acted upon at your earliest convenience, so that I may get out the necessary contract in time to start the summer work.

The \$1,500 allowed in the account "No. 1572, General," will not be needed this year, for the reason that the allowance was made for lighting the various lakes during the skating season. There having been no skating, the money remains intact. Respectfully yours,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 3, 1913.

To the Board of Estimate and Apportionment:
 Gentlemen—On March 27, 1913, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the transfer of \$1,500 within appropriations to his Department for the year 1913. In connection therewith I report as follows:

The proposed transfer is from Light, Heat and Power, Lighting Streets and Parks, Care of Parks and Boulevards, No. 1572, General, to Live Stock, Care of Parks and Boulevards, No. 1549, Operation of Stables.

Since January 1 it has been necessary to kill three horses in the Department on account of disease, and five others have been transferred to the Department of Health for antitoxin purposes. The Commissioner states that it is necessary, therefore, to purchase at least six horses in excess of the number estimated when the Budget was made up. The allowance for the purchase of horses was \$2,100.

An allowance of \$1,500 was made in No. 1572 for the purpose of providing lights for skating in Central Park. There having been no skating, the appropriation is available for transfer.

I recommend the adoption of the attached resolutions approving the request.
 Respectfully,
 WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
 Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1913, as follows:

	FROM	
	<i>Contract or Open Order Service, Light, Heat and Power—Lighting Streets and Parks, Care of Parks and Boulevards.</i>	
1572	General	\$1,500 00
	TO	
	<i>Purchase of Equipment, Live Stock, Care of Parks and Boulevards.</i>	
1549	Operation of stables	\$1,500 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The following resolution was offered:
 Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules as revised for the Department of Parks, Boroughs of Manhattan and Richmond, for the year 1913 as follows:

1549 *Purchase of Equipment, Live Stock, Care of Parks and Boulevards.*

President, Borough of Queens—Modification of Schedules and Transfer of Appropriation (Cal. No. 16B).

The Secretary presented the following:
 The City of New York, Office of the President of the Borough of Queens, Long Island City, March 19, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment, City of New York:

Sir—Pursuant to the provisions of section 237 of the Greater New York Charter, application is hereby made for the transfer of funds allotted to the office of the President of the Borough of Queens, for the year 1913, to wit:

FROM
President of the Borough of Queens, General Plant Supplies, Care of Sewers and Sewage.

3180 Disposal of sewage \$50 00
General Plant Equipment.

3205 Disposal of sewage (care of sewers and sewage)..... 135 00
Contract or Open Order Service, General Repairs, Care of Sewers and Sewage.

3230 Disposal of sewage 250 00

TO
General Plant Materials, Care of Sewers and Sewage.

3224 Disposal of sewage \$435 00
 In the budget for the year 1913, the sum of \$125 was allotted to line No. 3224, which sum was entirely inadequate to take care of three plants, and as this sum has been exhausted, I would request that your honorable Board grant the above transfer. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.
 City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 2, 1913.

To the Board of Estimate and Apportionment:
 Gentlemen—On March 19, 1913, the President of the Borough of Queens requested transfer in the sum of \$435 within appropriations to his office for the year 1913. In connection therewith I report as follows:

It is proposed to transfer \$50 from General Plant Supplies, Care of Sewers and Sewage; No. 3180, Disposal of Sewage; \$135 from General Plant Equipment, Care of Sewers and Sewage, No. 3205, Disposal of Sewage and \$250 from Contract or Open Order Service, General Repairs, Care of Sewers and Sewage, No. 3230, Disposal of Sewage. The total of \$435 is to go to General Plant Materials, Care of Sewers and Sewage, No. 3224, Disposal of Sewage.

The \$125 allowed in the 1913 budget for No. 3224, has proved to be inadequate. The account is now exhausted, and the transfers are requested for the purchase of additional materials for the three disposal plants. Sufficient balances remain in Nos. 3180, 3205 and 3230 to permit of the transfers.

I recommend the adoption of the attached resolution granting this request. Respectfully,
 WM. A. PRENDERGAST, Comptroller.

Board of Coroners, Borough of The Bronx—Modification of Schedules and Transfer of Appropriation (Cal. No. 16C).

The Secretary presented the following:
 Coroner's Office, Borough of The Bronx, 1932 Arthur Avenue, Corner Tremont Avenue, New York, February 24, 1913.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—The Board of Coroners, Borough of The Bronx, respectfully request the Board of Estimate and Apportionment that a transfer of \$50 be made from Code No. 1991, 1913, Office Supplies, to Code No. 1994, 1913, Telephone Service.

The reason this application is made is because of the fact that the appropriation of \$393 for telephone service is inadequate to cover the contract for our office telephone. Trusting that favorable consideration will be given to this application, we are,

Yours very truly,
 JEROME F. HEALY, JACOB SHONGUT.
 City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 4, 1913.

To the Board of Estimate and Apportionment:
 Gentlemen—On February 24, 1913, the Board of Coroners, Borough of The Bronx, requested transfer of \$50 within the 1913 appropriations to their office. In connection therewith I report as follows:

It is proposed to transfer the amount from No. 1991, Office Supplies, to No. 1994, Telephone Service. The police telephone trunk line connected with the Coroner's office has been changed from an aerial to a subsurface system. This change was not contemplated at the time of the submission of the Departmental Estimate. It has, however, increased the contract liability for telephone service by the sum of \$50 to cover which the transfer is requested. The balance in No. 1991 permits of the debit transfer.

I recommend the adoption of the attached resolutions granting the request and modifying the schedules involved. Respectfully,
 WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
 Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the Board of Coroners, The Bronx, for the year 1913, as follows:

Sheriff, New York County—Transfer of Appropriation (Cal. No. 16D).

The Secretary presented the following:
 Sheriff's Office, New York County, Barclay Building, 299 Broadway, New York, March 24, 1913.

Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—In the Budget appropriation to this office for 1912, there are unencumbered balances, respectively, of twenty-three dollars and ninety cents (\$23.90), one hundred and eighty-five dollars (\$185), and one hundred and sixty-eight dollars and ten cents (\$168.10), aggregating three hundred and seventy-seven dollars (\$377).

1912 Code No. 2223 \$23 90
 1912 Code No. 2227 185 00
 1912 Code No. 2228 168 10

\$377 00

I respectfully request that the following transfers be made from Code No. 2223 to Code No. 2225, the sum of \$23.90, closing both accounts:

From Code No. 2227 to Code No. 2224 \$44 42
 From Code No. 2227 to Code No. 2226 38 00
 From Code No. 2227 to Code No. 2229 36 73
 From Code No. 2227 to Code No. 2230 65 85

\$185 00

Closing Code Nos. 2226 and 2229.

From Code No. 2228 to Code No. 2230 \$168 10

The appropriations for "Food Supplies for Employees and Prisoners," Code No. 2224, and "Telephone Service," Code No. 2229, are both insufficient to meet expenditures necessarily incurred to the extent of \$251.44, for which amount the Board of Aldermen will be requested to recommend to your honorable Board the issue of special revenue bonds. Very respectfully,
 JULIUS HARBURGER, Sheriff.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 3, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On March 24, 1913, the Sheriff of New York County requested transfers in the sum of \$377 within the 1912 appropriations to his office. On March 31, the request was orally amended. In connection therewith I report as follows:

It is proposed to transfer \$23.90 from Supplies and Materials, No. 2223, Administration: \$185 from Housing, Storage and Care of Apparatus, Machines, Harness and Vehicles, except Automobiles, No. 2227, Administration, and \$168.10 from Fuel, Maintenance, No. 2228, County Jail; \$20.64 to go to Maintenance, County Jail, No. 2224, Food Supplies for Employees and Prisoners; \$23.90 to Maintenance, County Jail, No. 2225, General; \$38 to Shoeing and Boarding Horses, including Veterinary Service, No. 2226, Administration, \$60.51 to Telephone Service, No. 2229, Administration, and \$233.95 to Contingencies, No. 2230, Administration.

The cash balance in No. 2224 is \$3.88, and a liability exists of \$275.96 for meats and groceries. There is a balance of 23 cents in No. 2225, and there is a liability of \$24.13 for medicine, washing, supplies, etc. In No. 2226 the balance is \$22, and there is chargeable to the account an outstanding bill of \$60 for boarding horses. There is a balance of \$133.17 in No. 2229 and liabilities total \$193.68 for December telephone service. The balance in No. 2230 is \$141.93, and against the account is a liability of \$375.88 for transportation of prisoners, water, ice, carfares, etc., for November and December.

In Nos. 2223, 2227 and 2228 the unencumbered balances are sufficient to permit the debit transfers.

The transfers will leave a deficit of \$251.44 in No. 2224. The Sheriff states that he will request an issue of special revenue bonds to cover the amount.

I recommend the adoption of the attached resolution, granting the amended request. Respectfully,
 WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the Sheriff of New York County for the year 1912, as follows:

Trusting that this request will receive your early and favorable consideration, I remain, respectfully yours,

MICHAEL J. DRUMMOND, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 27, 1913, the Commissioner of Public Charities requested the transfer of \$350 within the appropriation to his Department for the year 1913, as follows:

FROM	
<i>Purchase of Equipment, Wearing Apparel, Institutional Care for Dependents.</i>	
1047 Richmond	\$350 00
TO	
<i>Supplies, Forage and Veterinary Supplies, Institutional Care for Dependents.</i>	
988 Richmond	\$200 00
TO	
<i>Contract or Open Order Service, Motor Vehicle Repairs, Institutional Care for Dependents.</i>	
1107 Richmond	150 00

The appropriation for No. 988 is \$2,950. The liability incurred to March 27, 1913, amounted to \$3,109.40, showing a deficit of \$159.40. The transfer of \$200 is requested to meet the present deficit and the future needs of the account.

The appropriation for No. 1107 is \$150. Liabilities of \$219.75 were incurred to March 27, 1913, or \$69.75 in excess of the appropriation. Request is for \$150 to provide for the existing deficit and anticipated repairs.

The balance in No. 1047 is sufficient to permit of the requested transfer.

I recommend that the request be approved by the adoption of the attached resolutions. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

The Secretary presented the following:

In Board of Education.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve the following transfers from the Special School Fund for the year 1912 and from the items contained therein, entitled as follows:

Repairs and Replacements by Contract or Open Order, Maintenance, Bureau of Buildings, General Repairs, No. 1181A, New York Preparatory Trade School, Borough of Manhattan	\$831 50
Repairs and Replacements by Contract or Open Order, Maintenance, Equipment of Open Air Classes for Anaemic Children, No. 1193, Borough of The Bronx	282 59
	\$1,114 09

—which items are in excess of their requirements, to the item also contained within the Special School Fund for the year 1912 entitled "Special Contract Obligations,

Maintenance, Bureau of Buildings, Water, No. 1234, Borough of Queens," which item is insufficient for its purposes.

A true copy of resolution adopted by the Board of Education on March 12, 1913.

A. E. PALMER, Secretary, Board of Education.
In Board of Education.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of one thousand two hundred and ninety and 30-100 dollars (\$1,290.30) from the Special School Fund for the year 1912 and from the item contained therein entitled "Repairs and Replacements by Contract or Open Order, Maintenance, Public Lecture Centres, No. 1209, All Boroughs," which item is in excess of its requirements, to the item also contained within the Special School Fund for the year 1912 entitled "Special Contract Obligations, Maintenance, Bureau of Buildings, Water, No. 1234, Borough of Queens," which item is insufficient for its purposes.

A true copy of a resolution adopted by the Board of Education on March 26, 1913.

A. E. PALMER, Secretary, Board of Education.
City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 12 and March 26, 1913, the Board of Education requested transfer in the sum of \$2,404.39 within the Special School Fund for the year 1912. In connection therewith I report as follows:

It is proposed to transfer \$831.50 from "Repairs and Replacements by Contract or Open Order, Maintenance, Bureau of Buildings, General Repairs, No. 1181A, New York Preparatory Trade School"; \$282.59 from "Repairs and Replacements by Contract or Open Order, Maintenance, Equipment of Open Air Classes for Anaemic Children, No. 1193, Borough of The Bronx," and \$1,290.30 from "Repairs and Replacements by Contract or Open Order, Maintenance, Public Lecture Centres, No. 1209, All Boroughs," the amount to go to "Special Contract Obligations, Maintenance, Bureau of Buildings, Water, No. 1234, Borough of Queens."

The available balance in No. 1234 is \$396.23, which is insufficient to meet outstanding water bills. There are sufficient balances in Nos. 1181A, 1193 and 1209 for the requested transfers.

I recommend the adoption of the attached resolution granting the request.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

Department of Water Supply, Gas and Electricity—Transfer of Appropriation (Cal. No. 16G).

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, March 24, 1913.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Dear Sir—In order that the department may pay bills aggregating nearly \$900, I respectfully request that the Board of Estimate and Apportionment transfer to the appropriate account the sum of \$894.90:

FROM	
S-315 Maintenance, Improvement and Extension of Water Supply in the Borough of Brooklyn, 1912, Repairs and Replacements by Contract or Open Order, Water Supply, Distribution.....	\$894 90
TO	
S-314 Maintenance, Improvement and Extension of Water Supply in the Borough of Brooklyn, 1912, Repairs and Replacements by Contract or Open Order, Water Supply, Pumping.....	
	894 90

Yours truly,
HENRY S. THOMPSON, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 24, 1913, the Commissioner of Water Supply, Gas and Electricity requested the transfer of \$894.90 within the appropriations to his department for 1912. In connection therewith I report as follows:

It is proposed to transfer the amount to the accounts entitled "Maintenance, Improvement and Extension of Water Supply in the Borough of Brooklyn, 1912, S-314, Repairs and Replacements by Contract or Open Order, Water Supply, Pumping." The transfer is to cover a bill of the Davis & Farnum Company in the sum of \$781.25 for the operation of pumping engines at the Ridgewood Pumping Station, from December 1 to 15, 1912, and to liquidate other liabilities amounting to \$113.65.

The debit transfer is from the account entitled "Maintenance, Improvement and Extension of Water Supply in the Borough of Brooklyn, 1912, S-315, Repairs and Replacements by Contract or Open Order, Water Supply, Distribution." There is an unencumbered balance in the account sufficient for the transfer.

I recommend the adoption of the attached resolution granting the request.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Maintenance, Improvement and Extension of Water Supply in the Borough of Brooklyn, 1912.

S314 Repairs and Replacements by Contract or Open Order, Water Supply, Pumping \$894 90

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Department of Education—Modification of Schedules and Transfer of Appropriations. (Cal. No. 16H).

The Secretary presented the following:

In Board of Education:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of twenty thousand dollars (\$20,000) from the Special School Fund for the year 1913 and from the item contained therein entitled "Purchase of Equipment, Janitorial Equipment, No. 3531, Bureau of Supplies," which item is in excess of its requirements, to the item also contained within the Special School Fund for the year 1913 entitled "Supplies, Laundry, Cleaning and Disinfecting Supplies, No. 3473, Bureau of Supplies," which item is insufficient for its purposes.

A true copy of resolution adopted by the Board of Education on March 12, 1913.

A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 2, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 12, 1913, the Board of Education requested the transfer of \$20,000 within the Special School Fund for 1913. In connection therewith I report as follows:

It is proposed to transfer the amount from "Purchase of Equipment, Janitorial Equipment, No. 3531, Bureau of Supplies," to "Supplies, Laundry, Cleaning and Disinfecting Supplies, No. 3473, Bureau of Supplies."

In 1912 the appropriation for the purposes now covered by both of these accounts was included in one account. It now develops that in the 1913 budget the sum of \$20,000 allotted to No. 3531 should have been allotted to No. 3473. The request, therefore, is for the necessary transfer.

I recommend the adoption of the attached resolutions granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds within the Special School Fund of the Board of Education for the year 1913, as follows:

	FROM	
	Purchase of Equipment, Janitorial Equipment	
3531 Bureau of Supplies.....		\$20,000 00
	TO	
	Supplies, Laundry, Cleaning and Disinfecting Supplies.	
3473 Bureau of Supplies.....		20,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment approves of the schedules, as revised, for the Board of Education, Special School Fund, for the year 1913, as follows:

	Purchase of Equipment, Janitorial Equipment.	
3531 Bureau of Supplies.....		\$22,268 13
	Supplies, Laundry, Cleaning and Disinfecting Supplies.	
3473 Bureau of Supplies.....		57,309 52

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Armory Board—Transfer of Appropriation (Cal. No. 16-1).

The Secretary presented the following:
Office of the Secretary, The Armory Board, Basement Suite 6, Hall of Records, New York, January 7, 1913.

To the Honorable the Board of Estimate and Apportionment:

Sirs—I have the honor to request that the sum of \$21,180 be transferred from Repairs and Replacements 1912-1379, to Supplies and Materials, 1912-1377.

Respectfully, C. D. RHINEHART, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 2, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On January 7, 1913, the Secretary of the Armory Board requested transfer of \$2,180 within appropriations for the board for the year 1912. On March 18, 1913, a verbal request was made to make the amount \$2,179.44. In connection therewith I report as follows:

It is proposed to transfer the \$2,179.44 to "Supplies and Materials, Maintenance of Armories, No. 1377, Boroughs of Brooklyn and Queens," the amount to be apportioned as follows:

Fourteenth Regiment.....	\$1,659 39
Second Company, Signal Corps.....	133 24
Battery "B".....	386 81

The Secretary states that the accounts have been overdrawn in the above amounts, and that the transfers are to close the accounts.

The 1912 Budget appropriations for the Fourteenth Regiment and for Battery "B" were made mostly for materials to be used in connection with the reconstruction of the armories of these organizations. The Secretary states that there was an increase of about 10 per cent. in the cost of materials between the time of the adoption of the Budget and the time of the letting of the contracts. Also an increased quantity of materials and supplies was needed for the Fourteenth Regiment.

The overdraft in the account for the Second Company, Signal Corps, is stated to be due to the purchase of supplies and materials, the need for which was not foreseen.

The Budget appropriations for these organizations were as follows:

Fourteenth Regiment.....	\$2,600 00
Second Company, Signal Corps.....	600 00
Battery "B".....	2,200 00

There is a balance of \$2,180 available for transfer in the 1912 account entitled "Repairs and Replacements by Contract or Open Order Service, Maintenance of Armories, No. 1379—Boroughs of Brooklyn and Queens."

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated for the Armory Board, for the year 1912, as follows:

	FROM	
	Repairs and Replacements by Contract or Open Order, Maintenance of Armories.	
1379 Boroughs of Brooklyn and Queens, Battery "B".....		\$2,179 44
	TO	
	Supplies and Materials, Maintenance of Armories.	
1377 Boroughs of Brooklyn and Queens:		
Fourteenth Regiment	1,659 39	
Second Company, Signal Corps.....	133 24	
Battery "B"	386 81	

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Board of Education—Transfer of Appropriation (Cal. No. 17).

The Secretary presented the following:

In the Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that it has had under consideration the matter of computing "salary accruals," or savings, arising from the differences between the compensation of outgoing and incoming teachers. The Committee has also had under consideration the extension of the work of collating the monthly expenditures from the General School Fund, so that such information may be prepared more expeditiously than at present. In the matter of computing salary accruals, the Committee has in mind the approaching time when it will become necessary to commence the work upon the Budget for 1914. In the usual course of events, it will take some time to obtain funds from the Board of Estimate and Apportionment for additional assistance; for the establishment of positions and fixation of salaries by the Board of Aldermen; for the establishment or modification of budget lines through the Board of Estimate and Apportionment; and for the obtaining of employees to fill positions which may be created through the agency of the Municipal Civil Service. The Committee has been awaiting the receipt of a report upon this matter from the Comptroller, and it is understood that one will be forthcoming in the near future. However, in order to accelerate the whole matter, the City Superintendent and the Auditor have been requested to present their requirements for additional assistance. The following was received from the City Superintendent of Schools:

"March 10, 1913.

"Hon. JOHN GREENE, Chairman, Committee on Finance:

"Dear Sir—Following is a statement of the additional help I shall need in order to make the necessary records and prepare the necessary statements in regard to salary accruals and general statistics of the schools:

"Salary Accruals—Two permanent Clerks at \$1,500, one Stenographer and Typewriter at \$1,500, three temporary Clerks (two months), at \$75 per month.

"General Statistics—One statistician at \$4,000, three Clerks at \$1,200, one Stenographer and Typewriter at \$1,200, increase of salary for Mr. Mills, \$1,000.

"Respectfully yours, WILLIAM H. MAXWELL."

The Auditor reported that his office would require for the purpose of computing and accounting for "salary accruals," three Clerks at \$1,500 per annum; and for the purpose of accelerating the production of monthly statements of disbursements from the General School Fund, two Clerks at \$900 per annum.

The following resolutions are submitted for adoption:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of eight thousand five hundred and fifty dollars (\$8,550) from the appropriation contained in the Special School Fund for the year 1913 entitled "Personal Service, Wages, Temporary Employees, Administration, No. 3454, Accounting Force," to the appropriations also contained within the Special School Fund for the year 1913, entitled:

Personal Service, Salaries, Regular Employees, Administration, No. 3438,	\$3,825 00
Office of the City Superintendent of Schools.....	4,725 00
Personal Service, Salaries, Regular Employees, Administration, No. 3437,	4,725 00
Office of the Auditor.....	8,550 00

—for the purpose of paying the salaries from April 1, 1913, applicable to the following named positions:

Office of the City Superintendent.

Two permanent Clerks at \$1,500.
One Stenographer and Typewriter at \$1,500.
Three temporary Clerks (two months) at \$75 per month.

Office of the Auditor.
Three Clerks at \$1,500.
Two Clerks at \$900.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to transfer the sum of seven thousand three hundred and fifty dollars (\$7,350) from the appropriation contained in the Special School Fund for the year 1913 entitled "Personal Service, Wages, Temporary Employees, Administration, No. 3453, Force for Efficiency and Statistics," to the appropriation also contained within the Special School Fund for the year 1913 entitled "Personal Service, Salaries, Regular Employees, Administration, No. 3438, Office of the City Superintendent of Schools," for the purpose of paying the salaries from April 1, 1913, applicable to the following named positions:

Office of the City Superintendent.

One Statistician at \$4,000.
Three Clerks at \$1,200.
One Stenographer and Typewriter at \$1,200.
Increase of salary for Mr. F. L. Mills, \$1,000.

Resolved, That the Secretary and Auditor be empowered and directed to present to the Board of Aldermen and Board of Estimate and Apportionment the requisite requests for the creation of new positions, the fixations of salaries and such changes or modifications of budget lines as may be necessary.

A true copy of report and resolution adopted by the Board of Education on March 12, 1913.

A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 12 1913, the Board of Education requested transfers within the Special School Fund for the year 1913, as follows:

	FROM	
3454 Wages, Temporary Employees, Administration, Accounting Force..		\$8,550 00
3453 Wages, Temporary Employees, Administration, Force for Efficiency and Statistics.....		7,350 00
		\$15,900 00

	TO	
3438 Salaries, Regular Employees, Administration, Office of the City Superintendent of Schools.....		\$11,175 00
3437 Salaries, Regular Employees, Administration, Office of the Auditor.....		4,725 00
		\$15,900 00

The proposed transfers from "Wages, Temporary Employees" to "Salaries, Regular Employees," are contrary to the resolutions governing the 1913 Budget.

For that reason, therefore, the request cannot be approved. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby disapproves of the request of the Board of Education, as set forth in a resolution adopted by said Board March 12, 1913, for the transfer of fifteen thousand nine hundred dollars (\$15,900) from Accounts Nos. 3454 and 3453 to Accounts Nos. 3438 and 3437, within the appropriation made for the year 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The Secretary was directed to transmit a copy of the report of the Comptroller to the Secretary of the Board of Education.

County Clerk, Queens County—Transfer of Appropriation (Cal. No. 18).

The Secretary presented the following:

Office of the County Clerk of Queens County, Jamaica, Borough of Queens, New York City, Jamaica, N. Y., March 26, 1913.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—Application is hereby made for the transfer of the sum of \$200 from the account known as No. 3880, Salaries, Regular Employees, to the account

known as No. 3885, Carfare. When the estimate was made for the budget of 1913 this office requested an appropriation for carfare in order that subpoenas might be answered and the carfare paid from a regular fund. The sum of \$30 only was allowed. During the month of January the sum of \$15.75 was expended and the month of February \$9.60, and March will see an equal amount expended in this connection. This wipes out the account and leaves a deficit, and in order to account for all carfares and moneys spent by me I desire that the account be reimbursed in the amount asked for.

Please give this matter your attention, as I desire to know how to proceed in the matter of answering subpoenas as to what is to be done in reference to reimbursing me for any amounts that I may expend. Yours very truly,

LEONARD RUOFF, County Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 4, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 26, 1913, the County Clerk of Queens County requested the transfer of \$200 within the 1913 appropriations to his office. In connection therewith I report as follows:

It is proposed to transfer the amount from Personal Service, No. 3880, Salaries, Regular Employees, to Contract or Open Order Service, Transportation, No. 3885, Carfare. The proposed transfer is contrary to the resolutions governing the 1913 budget.

I recommend, therefore, that no action be taken on the request. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby disapproves of the request of the County Clerk of Queens County, as set forth in a communication dated March 26, 1913, for the transfer of two hundred dollars (\$200) from Account No. 3880 to Account No. 3885, within the appropriation made for the year 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx, Queens, and the Acting President of the Borough of Richmond—16.

The Secretary was directed to transmit a copy of the report of the Comptroller to the County Clerk of Queens County.

President, Borough of Manhattan—Approval of Form of Contract, Etc. (Cal. No. 19).

The Secretary presented the following:

Offices of Commissioner of Public Works, Borough of Manhattan, 21 Park Row New York City, March 25, 1913.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York:

Gentlemen—Pursuant to a resolution of the Board of Estimate and Apportionment of July 11, 1912, there are transmitted herewith contract, specifications and plan for the electrical work and other work incidental thereto, for the new public bath building to be located at Nos. 407 to 413 West 28th street, Borough of Manhattan.

The estimated cost of the work is \$5,500, and will be charged to the fund C. P. M. 26-C, "Public Bath in Borough of Manhattan, Acquisition of Site and Construction of Building." Very truly yours, W. R. PATTERSON, Assistant Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 2, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 25, 1913, the President of the Borough of Manhattan requested approval of the form of contract, plans, specifications and estimate of cost, in the sum of \$5,500, for the electrical work and all work incidental thereto, in the Public Bath building to be located at Nos. 407 to 413 West 28th street, Borough of Manhattan.

The cost of the work is to be paid from the unencumbered balance of \$191,753.54 (as of April 1, 1913) in the corporate stock fund entitled, "C. P. M. 26-C, Public Bath in the Borough of Manhattan, Acquisition of Site and Construction of Building." The appropriation in the sum of \$250,000 was approved by the Board of Estimate and Apportionment on July 11, 1911, and concurred in by the Board of Aldermen on July 25, 1911.

The form of contract is satisfactory, and the plans and specifications are complete and satisfactory. The estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of five thousand five hundred dollars (\$5,500), for the electrical work, and all work incidental thereto, in the public bath building to be located at Nos. 407 to 413 West 28th street, Borough of Manhattan, under the jurisdiction of the President of the Borough of Manhattan; the cost of the work to be paid from the corporate stock fund entitled, "C. P. M.—26C, Public Bath in the Borough of Manhattan, Acquisition of Site and Construction of Building."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the President of the Boroughs of Brooklyn, The Bronx, Queens, and the Acting President of the Borough of Richmond—16.

College of The City of New York—Approval of Specifications, Etc. (Cal. No. 20).

The Secretary presented the following:

The College of The City of New York, Office of the Curator, St. Nicholas terrace and 139th street, March 10, 1913.

Hon. WILLIAM A. PRENDERGAST, Comptroller, 280 Broadway, City:

Dear Sir—Pursuant to the resolution adopted by the Board of Estimate and Apportionment on July 11, 1912, there is herewith submitted for the approval of the Board, specifications of apparatus for the partial equipment of a psychological laboratory in the College of The City of New York, the cost of which is payable out of corporate stock. Estimate of cost, \$1,500. Yours truly,
JAS. W. HYDE, Secretary, Board of Trustees.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 2, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 10, 1913, the Board of Trustees of the College of The City of New York requested approval of specifications and estimate of cost in the sum of \$1,500, for apparatus for the partial equipment of a psychological laboratory in the College.

The cost of the apparatus is to be charged to the corporate stock fund entitled, "C. C. N. 5, College of The City of New York, Equipment of Psychological Laboratories." An appropriation of \$5,000 was approved for the fund by the Board of Estimate and Apportionment on February 13, 1913, and concurred in by the Board of Aldermen on March 11, 1913. On April 2, 1913, there had been no expenditure from the fund.

It is proposed to use the standard form of contract for supplies heretofore approved by the Board of Estimate and Apportionment. The specifications are satisfactory and the estimate of cost is reasonable. I recommend the adoption of the attached resolution granting the request. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the specifications and estimate of cost, one thousand five hundred dollars (\$1,500), for apparatus for the partial equipment of a psychological laboratory in the College of The City of New York, under the jurisdiction of the Board of Trustees of the College of The City of New York; the cost of the apparatus to be charged to the corporate stock fund entitled "C. C. N.—5, College of The City of New York, Equipment of Psychological Laboratories."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Department of Education—Approval of Form of Contract, Etc. (Cal. No. 21).

The Secretary presented the following:

City of New York, Board of Education, Park avenue and 59th street, New York, March 31, 1913.

Hon. WILLIAM A. PRENDERGAST, Comptroller.

Dear Sir—I beg to advise you of the receipt of a communication from Mr. C. B. J. Snyder, Superintendent of School Buildings, dated March 29, 1913, as follows:

"I am transmitting herewith plans and specifications for Item 2, Plumbing and Drainage of new Public School 14, Borough of Queens, to be forwarded to the Comptroller for presentment to the Board of Estimate and Apportionment, in compliance with the resolution adopted by that Board on January 5, 1911.

"The plans and specifications have just been returned by the Department of Water Supply, Gas and Electricity, approved, as noted on same. Approximate cost \$18,000."

The Superintendent of School Buildings states that the cost of the above mentioned work is chargeable to Corporate Stock Account C. D. E.—130E. Respectfully yours,
A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 4, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On February 11, 1913, the Board of Education requested approval of the form of contract, specifications, plans and estimates of cost for work at new Public School 97, Borough of Manhattan, as follows:

Estimated Cost.

Item 1, General Construction \$250,000 00

Item 2, Plumbing and Drainage 20,000 00

It was proposed to charge the cost of the items to the corporate stock fund entitled "C. D. E.—9B, School Building Fund, All Boroughs, Sites, Construction and Equipment." An appropriation of \$2,512,740 was approved for the fund by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911. The resolution for the authorization provided that the amount for each building should be fixed by subsequent resolution of the Board of Estimate and Apportionment.

When the Board of Education requested approval of the form of contract, specifications, plans and estimates of cost for Items 1 and 2, there had been no fixation of the amount for this building. This was on account of the fact that the Board of Education had not requested the necessary fixation. The Board was so notified, and my report on the approval of the form of contract, specifications, plans and estimates of cost was withheld pending the application for such fixation, and action thereon by the Board of Estimate and Apportionment.

On March 27, 1913, your Board adopted a resolution fixing \$370,000 as the amount to be expended for construction and equipment of new Public School 97, Borough of Manhattan.

The title of this fund is "C. D. E.—100 F., School Buildings, Construction and Equipment, Manhattan, Subtitle 6." On April 3, 1913, there had been no expenditures from the fund.

When the form of contract, specifications, plans and estimates of cost were submitted the specifications and plans for Item 2, Plumbing and Drainage, had not been approved by the Department of Water Supply, Gas and Electricity, as required by the resolution adopted by the Board of Estimate and Apportionment on February 18, 1910. These specifications and plans, therefore, were returned to the Board of Education with the request that said approval be obtained before again submitting them for the consideration of the Board of Estimate and Apportionment.

On March 31, 1913, the Board of Education again requested approval of the plans and specifications for Item 2, they having been approved by the Department of Water Supply, Gas and Electricity.

The form of contract, specifications and plans for Items 1 and 2 are now satisfactory, and the estimates of cost are reasonable.

I recommend the adoption of the attached resolution approving the items, the cost to be charged to "C. D. E.—100F." Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, specifications, plans and estimates of cost for work at new Public School 97, Borough of Manhattan, under the jurisdiction of the Department of Education, as follows:

- Item 1. General Construction, estimated cost, two hundred and fifty thousand dollars (\$250,000).
- Item 2. Plumbing and Drainage, estimated cost, twenty thousand dollars (\$20,000).

—the cost of the items to be charged to the corporate stock fund entitled "C. D. E.—100F, School Building, Construction and Equipment, Manhattan, Subtitle 6."

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

To the Board of Estimate and Apportionment:
Gentlemen—On March 25, 1913, the Board of Education requested approval of the form of contract, specifications, plans and estimates of cost for work at new Public School 99, Borough of Brooklyn, as follows:

- Item 1. Installing heating and ventilating apparatus; estimated cost.... \$40,000 00
- Item 2. Installing temperature regulation; estimated cost..... 3,000 00

The cost of the items is to be charged to the unencumbered balance of \$71,202 (as of March 31, 1913) in the corporate stock fund entitled "C. D. E.—120E, School Buildings, Construction and Equipment, Brooklyn, Subtitle 5." An appropriation of \$230,620 was approved for the fund by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911.

The specifications and plans have been approved by the Department of Water Supply, Gas and Electricity and are satisfactory. The form of contract is satisfactory and the estimates of cost are reasonable.

I recommend the adoption of the attached resolution granting the request.
Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, specifications, plans and estimates of cost for work at new Public School 99, Borough of Brooklyn, under the jurisdiction of the Department of Education, as follows:

- Item 1. Installing heating and ventilating apparatus; estimated cost, forty thousand dollars (\$40,000);
- Item 2. Installing temperature regulation; estimated cost, three thousand dollars (\$3,000);

—the cost of the items to be charged to the corporate stock fund entitled, "C. D. E. 120E, School Buildings, Construction and Equipment, Brooklyn, Sub-title 5."

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Hon. WILLIAM A. PRENDERGAST, Comptroller:
Dear Sir—I beg to advise you of the receipt of a communication from Mr. C. B. J. Snyder, Superintendent of School Buildings, dated March 19, 1913, as follows:

"I am transmitting herewith to be sent to the Comptroller for presentment to the Board of Estimate and Apportionment, the addenda and revised approximate cost for Item I, Installing Heating and Ventilating Apparatus in New Public School 28, Borough of Brooklyn.

"On November 22, 1912, when the plans and specifications, as approved by the Department of Water Supply, Gas and Electricity, were sent to you, the approximate cost of Item I. was given as \$30,000. When this amount was sent it was not taken into consideration that this was a first portion in which mains, pumps, etc., have to be large enough for future, as well as present conditions. Therefore, this addenda and increased cost.

	"Approximate
	"Costs.
"Item I.—Heating and ventilating apparatus.....	\$37,000 00"
"Item II.—Temperature regulation.....	3,000 00"

The addenda to specification for Item I, mentioned in the foregoing letter, is transmitted herewith. Respectfully yours,
A. E. PALMER, Secretary, Board of Education.
City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 2, 1913.

To the Board of Estimate and Apportionment:
Gentlemen—On November 22, 1912, the Board of Education requested approval of the form of contract, specifications, plans and estimates of cost for work at new Public School 28, Borough of Brooklyn, as follows:

- Item 1—Installing heating and ventilating apparatus; estimated cost.. \$31,000 00
- Item 2—Installing temperature regulation; estimated cost..... 3,000 00

On March 20, 1913, the Board of Education transmitted an addenda to the specifications and an additional sheet of drawings for the plans, and requested that the estimate of cost for Item 1 be approved at \$37,000 instead of \$31,000.

The reason for the increase in the estimate is that the plant now to be installed is to be constructed so as to permit additional installation for the heating and ventilating of the entire new building when completed. The structure now under construction is the first part of the proposed school and much extra expense will be avoided by now installing the steam mains and otherwise arranging the plant to take care of the entire building.

The form of contract, specifications and plans are satisfactory, and the estimates of cost are reasonable. The specifications and plans have been approved by the Department of Water Supply, Gas and Electricity.

The cost of the items is to be charged to the corporate stock fund entitled, "C. D. E.—120H, School Building Fund, Construction and Equipment, Brooklyn, Subtitle 8." An appropriation of \$2,512,740 was authorized for sites, construction and equipment of school buildings by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911, subject to segregation and apportionment of the amount for each building by the Board of Estimate and Apportionment.

On December 19, 1912, the Board of Estimate and Apportionment fixed the amount to be expended on Public School 28, Brooklyn, at \$225,540. On March 27, 1913, there was an unencumbered balance in the fund of \$55,790.75.

I recommend the adoption of the attached resolution approving the form of contract, the specifications and plans, as amended, and the estimates of cost for Items 1 and 2, at \$37,000 and \$3,000 respectively. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, the specifications and plans as amended, and the estimates of cost for work at new Public School 28, Borough of Brooklyn, under the jurisdiction of the Department of Education, as follows:

- Item 1. Installing heating and ventilating apparatus; estimated cost, thirty-seven thousand dollars (\$37,000);
- Item 2. Installing temperature regulation; estimated cost, three thousand dollars (\$3,000).

—the cost of the items to be charged to the corporate stock fund entitled, "C. D. E., 120H, School Building Fund, Construction and Equipment, Brooklyn, sub-title 8."

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, March 25, 1913.

Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:
Dear Sir—I transmit herewith, for report by you to the Board of Estimate and Apportionment, in accordance with the resolution adopted by said Board on July 17, 1911, as amended August 31, 1911, a form of contract, specifications, etc., for furnishing all the labor and material for the installation of the complete electric lighting system and gas-fitting in the 98th street pumping station, Department of Water Supply, Gas and Electricity, Manhattan Borough, the estimated cost of which is \$2,800, and chargeable to C. D. W., 22A.

I would ask that this be reported by you to the Board of Estimate and Apportionment as soon as possible. Yours truly,
J. W. F. BENNETT, Deputy and Acting Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 2, 1913.

To the Board of Estimate and Apportionment:
Gentlemen—On March 25, 1913, the Deputy and Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of \$2,800 for the installation of the complete electric lighting system and gasfitting in the 98th Street Pumping Station.

The cost of the work is to be paid from the unencumbered balance of \$15,196.19 (as of March 2, 1913) in the corporate stock fund entitled "C. D. W. 22 A, Water Supply, Gas and Electricity, Department of, Manhattan. Extending and remodeling high service pumping stations at Jerome Avenue, 179th Street and 98th Street." The appropriation, in the sum of \$170,000, was approved by the Board of Estimate and Apportionment on January 8, 1909.

The form of contract is satisfactory. The plans and specifications are complete and satisfactory, and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution approving the request. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves of the form of contract, plans, specifications and estimate of cost in the sum of two thousand, eight hundred dollars (\$2,800), for the installation of complete electric lighting system and gas-fitting in the 98th street pumping station, Borough of Manhattan, under the jurisdiction of the Department of Water Supply, Gas and Electricity; the cost of the work to be paid from the corporate stock fund entitled, "C. The Secretary presented the following:
The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park row, New York, March 25, 1913.
Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—I transmit herewith for report by you to the Board of Estimate and Apportionment, in accordance with the resolution adopted by said Board on July 17, 1911, as amended August 31, 1911, form of contract, specifications, etc., for furnishing, delivering and laying high pressure fire service mains and appurtenances in Atlantic, 4th, Hudson and Myrtle avenues; in Adams, Beard, Columbia, Court, Fulton, Halleck, John, Johnson, Nassau and Wyckoff streets, and in Leo, 2d and Tiffany places, Borough of Brooklyn, the estimated cost of which is \$135,000 and chargeable to C. D. W.-9A.

I would ask that this be reported by you to the Board of Estimate and Apportionment as soon as possible. Yours truly,
J. W. F. BENNETT, Deputy and Acting Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 4, 1913.

To the Board of Estimate and Apportionment:
Gentlemen—On March 25, 1913, the Deputy and Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans and specifications and estimate of cost in the sum of \$135,000 for furnishing, delivering and laying high pressure fire service mains and appurtenances in Atlantic, 4th, Hudson and Myrtle avenues; in Adams, Beard, Columbia, Court, Fulton, Halleck, John, Johnson, Nassau and Wyckoff streets, and in Leo, 2d and Tiffany places, in the Borough of Brooklyn.

The cost of the work is to be paid from an unencumbered balance of \$146,157.03 (as of March 27, 1913) in the corporate stock fund entitled "C. D. W.-9A, Extension of High Pressure Water Supply for Fire Service to Gowanus and South Brooklyn Districts." The appropriation, in the sum of \$750,000, was approved by the Board of Estimate and Apportionment on May 28, 1909.

The form of contract is satisfactory, the plans are complete and the estimate of cost is reasonable. The specifications are complete and satisfactory, with the exception of paragraph 234, which should be amended in order to receive bids upon a normal section and to allow the Engineer to change the location of the mains where existing or proposed subsurface structures or other conditions make it impracticable or inadvisable to so lay them.

I, therefore, recommend the adoption of the attached resolution approving the request with the above amendment. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost in the sum of one hundred and thirty-five thousand dollars (\$135,000), as submitted, for furnishing, delivering and laying high pressure fire service mains and appurtenances in Atlantic, 4th, Hudson and Myrtle avenues; in Adams, Beard, Columbia, Court, Fulton, Halleck, John, Johnson, Nassau and Wyckoff streets; and in Leo, 2d and Tiffany places, Borough of Brooklyn, under the jurisdiction of the Department of Water Supply, Gas and Electricity, with the following amendment:

Paragraph 234 of Specifications to be changed to read as follows:
234. The plans showing the mains and appurtenances to be laid are diagrammatical only. The mains shall, unless otherwise shown or noted on the drawings, be laid between curb lines; except that, when existing or proposed subsurface structures or other conditions make it impracticable or inadvisable to so lay them, they shall be laid anywhere between house lines, as directed by the Engineer. The exact location at which the pipe shall be laid and the valves, hydrants and other appurtenances set will be determined by the Engineer as the work progresses. The pipe and appurtenances shall be laid to the line and grade determined by the Engineer, in accordance with the terms of the specifications.

—the cost of the work to be paid from the corporate stock fund entitled, "C. D. W., 9A, Extension of High Pressure Water Supply for Fire Service to Gowanus and South Brooklyn Districts."

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Department of Parks, Borough of Brooklyn—Approval of Form of Contract, Etc. (Cal. No. 28).

The Secretary presented the following:
The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, March 11, 1913.
To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—I am transmitting herewith, for your approval, plans, revised contract form and specifications for the general contract for the Second Part of the Greenhouses for the Brooklyn Botanic Garden, Borough of Brooklyn.

The plans, contract form, etc., for the completed building, were originally approved by your Board on June 20, 1912. Bids were received for the work on October 17, 1912, but owing to a technicality in the specifications, all bids were subsequently rejected.

In order to conform to the provisions of chapter 514, Laws of 1909, as amended, the contract form heretofore submitted has been separated into three parts: (1) General contract, (2) plumbing and (3) steam heating. The specifications for the general contract submitted herewith have been revised, on pages Nos. 27 and 28, by eliminating all references to "U" bar construction.

The estimated cost of the general contract work is \$27,600, and is to be charged to the Corporate Stock Fund, entitled, "Construction and Equipment of Laboratory Building and Greenhouses, Brooklyn Botanic Garden." Code number C. D. P.—200L.

Very truly yours,
M. J. KENNEDY, Commissioner.

The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, March 11, 1913.
To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—I am transmitting herewith for your approval, plans, contract form and specifications for the erection and completion of the plumbing, drainage and water supply systems required for the Second Part of the Greenhouses for the Brooklyn Botanic Garden, Borough of Brooklyn.

The specifications for the above mentioned work were originally approved by your Board on June 20, 1912, as a part of the contract for the completed building. In order to comply with the provisions of chapter 514, Laws of 1909, as amended, it has been necessary to make up a separate contract for the plumbing, drainage, etc.

The estimated cost of this work is \$900, and is to be charged to the Corporate Stock Fund, entitled, "Construction and Equipment of Laboratory Building and Greenhouses, Brooklyn Botanic Garden." Code number C. D. P.—200L. Very truly yours,
M. J. KENNEDY, Commissioner.

The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, March 11, 1913.
To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—I am transmitting herewith for your approval, plans, contract form and specifications for the steam heating apparatus for the Second Part of the Greenhouses, for the Brooklyn Botanic Garden, Borough of Brooklyn.

The specifications for the above mentioned work were originally approved by your Board on June 20, 1912, as a part of the contract for the completed building. In order to comply with the provisions of chapter 514, Laws of 1909, as amended, it has been necessary to make up a separate contract for the steam heating apparatus.

The estimated cost of this work is \$4,500, and is to be charged to the Corporate Stock Fund, entitled, "Construction and Equipment of Laboratory Building and Greenhouses, Brooklyn Botanic Garden." Code number C. D. P.—200L. Very truly yours,
M. J. KENNEDY, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 2, 1913.

To the Board of Estimate and Apportionment:
Gentlemen—On March 11, 1913, the Commissioner of Parks, Borough of Brooklyn, requested approval of three forms of contract, plans, specifications and estimates of cost in the aggregate sum of \$33,000; for the erection and completion of the second part of the greenhouses for the Brooklyn Botanic Garden.

A form of contract, and plans, specifications and an estimate of cost in the sum of \$33,000 for this work were approved by this Board on June 20, 1912. Bids were subsequently received for the work, but all were rejected on account of a technicality in the specifications.

In order to comply with chapter 514 of the Laws of 1912, the contract has been divided into three parts at estimates of cost as follows:

General construction	\$27,600 00
Plumbing	900 00
Steam heating	4,500 00
Total	\$33,000 00

The cost is to be paid from a corporate stock fund entitled, "C. D. P.—200L, Department of Parks, Boroughs of Brooklyn and Queens, Construction and Equipment of a Laboratory Building and Greenhouses in the Botanic Garden and Arboretum." Appropriations for this account aggregating \$100,000, have been made as follows:

By the Board of Estimate and Apportionment on June 3, 1910, and the Board of Aldermen on June 14, 1910, \$25,000.

By the Board of Estimate and Apportionment on June 3, 1910, and the Board of Aldermen on June 14, 1910, \$25,000.

By the Board of Estimate and Apportionment on July 17, 1911, \$17,000.

By the Board of Estimate and Apportionment on July 17, 1911, \$33,000.

On July 27, 1911, a resolution was adopted by the Board of Estimate and Apportionment combining the several amounts into one fund for the "construction and equipment of a laboratory building and greenhouses in the Brooklyn Botanic Garden." The resolution was concurred in by the Board of Aldermen on July 31, 1911. On April 1, 1913, an unencumbered balance of \$43,488.48 remained in the fund.

The forms of contracts, plans and specifications are satisfactory and the estimates of cost are reasonable.

I recommend the adoption of the attached resolutions approving the request and rescinding the resolution of approval of June 20, 1912. Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
Resolved, That the resolution adopted by the Board of Estimate and Apportionment on June 20, 1912, as follows:

"Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 17, 1911, as amended on August 31, 1911, hereby approves the form of contract and plans, the specifications, as amended, and the estimate of cost in the sum of thirty-three thousand dollars (\$33,000), for all material and labor required for the erection of the second part of greenhouses for the Brooklyn Botanic Garden, to be situated on Washington avenue, opposite Crown and Montgomery streets, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Borough of Brooklyn, the cost to be paid from the corporate stock fund entitled, "C. D. P.—200L, Department of Parks, Boroughs of Brooklyn and Queens, Construction and Equipment of Laboratory Building and Greenhouses in the Botanic Garden and Arboretum."

—be and the same hereby is rescinded.

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The following resolution was offered:
Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the forms of contracts, plans, specifications and estimate of cost in the aggregate sum of thirty-three thousand dollars (\$33,000) for all materials and labor required for the erection and completion of the second part of greenhouses for the Brooklyn Botanic Garden, to be situated on Washington avenue, opposite Crown and Montgomery streets, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Borough of Brooklyn, at estimates of cost for the respective contracts as follows:

General construction	\$27,600 00
Plumbing	900 00
Steam Heating	4,500 00
	\$33,000 00

—the cost to be paid from the corporate stock fund entitled "C. D. P.—200L, Department of Parks, Boroughs of Brooklyn and Queens, Construction and Equipment of Laboratory Building and Greenhouses in the Botanic Garden and Arboretum"; and be it further

Resolved, That in the event that the aggregate sum of the lowest bids received for the three items of work, general construction, plumbing and steam heating, is equal to or less than the aggregate sum of the three items herein approved for the construction of the second part of the greenhouses, although the amount of the lowest bid for one or more items may exceed the amount approved for said item or items, then the awards for the three items, provided all three are awarded, may be made without further approval by the Board of Estimate and Apportionment; and be it further

Resolved, That in the event that the aggregate sum of the lowest bids received for the three items of work exceeds the aggregate sum of the estimates herein approved for the three items, no award for any item shall be made for the said second part of the greenhouses for the Brooklyn Botanic Garden.

Which was adopted by the following vote:
Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

President, Borough of Brooklyn—Modification of Schedule (Cal. No. 29).

The Secretary presented the following:
The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, March 13, 1913.

Hon. WM. A. PRENDERGAST, Comptroller, Department of Finance, City of New York:
Dear Sir—I transmit herewith copy of the present Salary Schedule No. 2945, Inspection, Bureau of Buildings, this department, also proposed schedule which I respectfully ask that you kindly have report made on by your Bureau of Statistics, recommending to the Board of Estimate and Apportionment adoption of a resolution modifying the salary schedule, this account, as proposed on the enclosed revised statement.

This modification changes the line "Inspector of Carpentry and Masonry" from \$2,400 to \$1,800, and reduces the line "Inspector of Plumbing" from \$1,800 to \$1,200, and increases one Inspector of Plumbing from \$1,350 to \$1,500, and creates an unassigned balance available for salary increases of \$1,050, which we propose to use to increase the salaries of the Chief Inspector and the Plan Examiner, in the Bureau

of Buildings, as soon as the grades are established, request for which is now pending before the Committee on Salaries and Grades.

I would thank you to have this matter given your early consideration.

Yours very truly, ALFRED E. STEERS, President of the Borough.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, March 31, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 13, 1913, the President of the Borough of Brooklyn requested modification of a salary schedule in his office for the year 1913. In connection therewith I report as follows:

The request is in the schedule entitled "Personal Service, Supervision of Building Construction and Alteration, No. 2945, Inspection."

It is proposed to reduce the rate of an Inspector of Carpentry and Masonry from \$2,400 to \$1,800, and of an Inspector of Plumbing from \$1,800 to \$1,200 per annum.

The amount released is \$1,200. It is proposed to use \$150 to increase Michael Brennan, an Inspector of Plumbing, from \$1,350 to \$1,500 per annum, the balance of \$1,050 to be scheduled as unassigned.

The following table shows the schedule and cash transfers in detail:

Ac- count No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Increase.	Decrease.	Increase.	Decrease.
2945	Inspector of Carpentry and Masonry, 1 at \$2,400.....		\$2,400 00		\$2,000 00

To the Board of Estimate and Apportionment:

Gentlemen—On March 27, 1913, a resolution was adopted by your Board modifying the 1913 Schedule for the Department of Parks, Borough of The Bronx, entitled "Wages, Temporary Employees, Care of Parks and Boulevards, No. 1632, General." Owing to a clerical error a line item for Auto Lawn Mower Engineer was omitted.

I recommend the adoption of the attached resolution correcting the schedule.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Sir—At a meeting of the Board of Health of the Department of Health, held January 21, 1913, the following resolution was adopted:

"Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to consent to the expenditure by the Board of Health of the sum of \$3,960 from the funds at the disposal of the Board of Health derived from the sale of vaccine virus and surplus bacteriological products, for the purpose of employing the following workers in the Research Laboratory of the Department of Health:

"Two Laboratory Assistants at \$900.....	\$1,800 00
"Two Laboratory Helpers at \$600.....	1,200 00
"Two Laboratory Helpers at \$480.....	960 00
	\$3,960 00"

EUGENE W. SCHEFFER, Secretary.

City of New York, Department of Health, Office of the Secretary, January 29, 1913.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 277

Broadway:

Sir—During the latter part of 1912 the Board of Estimate and Apportionment consented to the expenditure of \$300 from the funds at the disposal of the Board of Health derived from the sale of vaccine virus and surplus bacteriological products, for the payment of the salaries of certain employees in the Research Laboratory. No money for this purpose, however, was provided in the Budget for the year 1913, and unless some way can be found to prevent, the Laboratory will lose these employees on January 1, 1913, and the work of the Laboratory will be greatly crippled, and the Department will be compelled to curtail either the very successful work undertaken to lessen trachoma in the schools and the Wassermann tests in venereal disease and glanders, or the regular laboratory work.

Since the antitoxin fund has had added to it unusually large receipts during the last year, the Board of Health feels justified in asking the Board of Estimate and Apportionment to allow the sum mentioned in the enclosed resolution, adopted by the Board of Health on January 21, 1913. The workers provided for in the resolution will devote their time to the production of antitoxins and thus relieve others to assist in the investigations on eye and venereal diseases.

Will you be good enough to submit this matter to the Board of Estimate and Apportionment for consideration at the earliest possible moment. Very truly yours,

EUGENE W. SCHEFFER, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, February 18, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On January 29, 1913, the Board of Health requested the consent of the Board of Estimate and Apportionment to the expenditure of \$3,960 for salaries for the Research and Vaccine Laboratories during 1913, from accumulations in the Antitoxin Fund. In connection therewith I report as follows:

Section 1226 of the Greater New York Charter provides as follows:

"The avails of such lymph or virus, and diphtheria antitoxin, and other antitoxins, shall be accounted for and paid to the Chamberlain, and shall be set apart and constitute distinct funds, to be known respectively as 'the fund for gratuitous vaccination,' and 'the antitoxin fund,' and they shall be subject to the requisition of the Board of Health for the purposes named in the preceding section."

Receipts from sales of antitoxin and vaccine virus for two years were as follows:

For 1911.....	\$46,009 00
For 1912.....	47,646 56

Prior to 1912, the receipts from bacteriological products were expended for salaries and supplies for the Research and Vaccine Laboratories. In the preparation of the budget for 1912 it was mutually agreed between the Board of Estimate and Apportionment and the Commissioner of Health that full provision should be made for salaries and supplies for the Research and Vaccine Laboratories. The budget allowance for 1911 was \$93,740, and for 1912 was \$137,434, an increase of \$43,694.

In October, 1912, the Board of Estimate and Apportionment consented to the expenditure of \$7,500 from the Antitoxin and Gratuitous Vaccination Funds for the purchase of supplies and materials, to meet a deficit.

Eight different sera and vaccine are now produced in the laboratories. During 1912 the sales of antinephritis serum increased \$9,000 over 1911. The work of producing new sera and handling the products is constantly increasing. No additional Laboratory Assistants were allowed for 1913. Three additional Helpers were granted. There appears to be need for more help at the laboratories.

In view of the foregoing, I recommend the adoption of the attached resolutions granting the request, to the extent of \$3,630. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the expenditure, by the Board of Health, of a sum not to exceed three thousand six hundred and thirty dollars (\$3,630), for the payment of employees engaged in the production of antitoxins and vaccine virus in the Research and Vaccine Laboratories of the Department of Health, up to and including December 31, 1913, the said sum to be made a charge against the special and trust fund entitled, "S-2, Antitoxin Fund."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Department of Public Charities—Issue of Special Revenue Bonds and Modification of Schedules (Cal. No. 32).

(On March 13, 1913, the resolution of the Board of Aldermen was referred to the Comptroller).

The Secretary presented the following:

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty-seven thousand five hundred and ninety-four dollars (\$27,594), the proceeds whereof to be used by the Department of Public Charities for the following purposes:

Purchase of two automobile ambulances at \$3,000 each.....	\$6,000 00
Hire of additional employees, as follows:	
Auditor (expert), at \$2,500 per annum, for 9 months.....	1,875 00

	\$27,594 00

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

Adopted by the Board of Aldermen February 18, 1913, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor March 11, 1913, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On February 18, 1913, the Board of Aldermen requested \$27,594 in special revenue bonds, to be used by the Department of Public Charities for the following purposes:

1. Purchase of two automobile ambulances, at \$3,000 each	\$6,000 00
Hire of additional employees, as follows:	
2. Auditor (expert), at \$2,500 per annum, for 9 months	1,875 00
3. Draftsmen, at \$1,000 per annum, for 3 months	750 00
4. Randalls Island, 4 stokers, 359 days each, at \$3 per day	4,308 00
5. Randalls Island, 3 Engineers, 334 days each, at \$4.50 per day	4,509 00
6. Metropolitan Hospital, 3 Stokers, 334 days each, at \$3 per day	3,006 00
7. City Hospital, 1 Stoker, 334 days, at \$3 per day	1,002 00
8. Kings County Hospital, 2 Stokers, 334 days each, at \$3 per day	2,004 00
9. New York City Farm Colony, Staten Island, 9 Hospital Helpers, at \$300 per annum	2,700 00
10. New York City Farm Colony, Staten Island, 6 Hospital Helpers, at \$240 per annum	1,440 00

Item No. 1. Purchase of two automobile ambulances, at \$3,000 each.

One of the proposed ambulances is for service at the emergency station, at the foot of East 70th street, Manhattan. The station is now provided with one ambulance, and covers a territory extending from 70th street to 110th street, and from 3d avenue to the East River. During 1912, the number of calls responded to was 3,662.

By reason of needed repairs, the ambulance is frequently out of commission, making it necessary for the transfer of the ambulance in service on Blackwells Island. It is stated that an additional ambulance is required to care properly for the increasing demands upon the station. The second ambulance requested its for the Kings County Hospital. The two ambulances now in service were purchased in 1907.

Both are in bad condition. The Superintendent of the hospital states that a new ambulance is required for the general hospital work and for the transfer of psychopathic cases, requiring long trips to Flushing, Whitestone, Astoria and other sections of the Borough of Queens.

Item No. 2. Auditor (expert), at \$2,500 per annum, for 9 months, \$1,875.

The grade of Auditor, at \$2,500 per annum, has not been established in accordance with the provisions of section 56 of the Greater New York Charter. The request for this item, therefore, cannot be approved at this time.

Item No. 3. Three Draftsmen, at \$1,000 per annum, for three months, \$750.

The Commissioner states the following:

"The Draftsmen are for a temporary period of three months and are needed in connection with taking measurements and making drawings of the installation of the heating plants as now in existence in the different buildings of the various institutions. This installation in many of our institutions is of very ancient design and very uneconomical."

The Hospital Investigation Committee believes that such plans or drawings should be prepared.

Item No. 4. Randalls Island, 4 Stokers, for 359 days each, at \$3 per day, \$4,308.

Item No. 5. Randalls Island, 3 Engineers, for 334 days each, at \$4.50 per day, \$4,509.

Provision is made in the Budget for 1913 for the employment of six Stokers. The plant comprises two boiler houses, about one-quarter of a mile apart, with four and three boilers, respectively. There is also a gas generating plant. The services of the six stokers are needed for the two boiler houses, working in eight hours shifts of two men each, or one stoker for each power plant. The Chief Engineer of the department states the following:

"There are no Stokers for the gas house, and three should be employed for this plant, and one additional Stoker should be employed who might divide his time among the three plants to make odd repairs which are bound to be necessary from time to time in a plant of this size."

Fourteen Stokers were employed in 1912. On the recommendation of the Hospital Investigation Committee, the number was reduced to six for 1913. The force allowed was not sufficient to care for the gas plant. The Commissioner was compelled to employ three Stokers for this purpose early in January. The employment of the additional force requested meets with the approval of the Hospital Investigation Committee.

The Budget for 1913 provides for three Engineers. Each Engineer, on his eight-hour watch, is compelled to oversee both boiler plants, although widely separated. This system is a violation of the rule of the Steam Boiler Inspection Bureau of the Police Department, in whom authority is vested by chapters 342 and 343 of the Greater New York Charter, prohibiting an Engineer from having charge of boilers in separated buildings. Request is for three additional Engineers to comply with the law.

Item No. 6. Metropolitan Hospital, 3 Stokers, 334 days each, at \$3 per day, \$3,006.

Twelve Stokers were employed in 1912. The force for 1913 was reduced to six. The Chief Engineer of the Department states as follows:

"In the power house in this district are ten boilers installed and two on the premises for installation. Eight of these boilers are of an antiquated two-furnace down-draft system, two are of the Scotch type with magazine furnace, and the two for installation are also a Scotch type with magazine furnaces. The eight boilers of all down-draft type are in one boiler room, and those of the Scotch type in a second boiler room. At present there are two Stokers on each watch on the down-draft boilers, the Scotch boilers being out of commission for repairs. These repairs are practically completed and the boilers will be in commission in a day or two. It will be impossible to operate this plant with two Stokers in two fire rooms when the Scotch boilers are put in commission."

The additional Stokers will also be employed in cleaning boilers and making repairs, which will be more economical than having the work done by outside parties.

Item No. 7. City Hospital, 1 Stoker, for 334 days, at \$3 per day, \$1,002.

The present force of twelve Stokers is sufficient for firing purposes in the two power plants in the City Home and City Hospital districts. An additional incumbent is requested for cleaning boilers, hoisting coal and to act as spare man for both districts. The request is approved by the Hospital Investigation Committee.

Item No. 8. Kings County Hospital, 2 Stokers, 334 days each, at \$3 per day, \$2,004.

Six Stokers are now employed for firing purposes. The Chief Engineer of the Department states as follows:

"These men are continually employed at stoking, and there is no extra force for cleaning boilers or for relieving in case of illness or absence of any of the regular Stokers."

"The boilers (12 in number), owing to lack of help, have not been cleaned since the beginning of the season. They are very dirty inside and outside; inside on account of the very hard water which is used in this plant, and outside owing to soot and dirt being deposited in the tubes."

The request is approved by the Hospital Investigation Committee.

Report on Items Nos. 9 and 10 is withheld, pending further examination.

I recommend the adoption of the attached resolutions, approving the request at this time to the extent of \$19,468.50, for the following purposes:

Purchase of two automobile ambulances.....	\$6,000 00
Draftsman, 3 at \$1,000 per annum, for 3 months.....	750 00

Board of City Magistrates—Issue of Special Revenue Bonds and Modification of Schedules (Cal. No. 33).

(On March 13, 1913, the resolution of the Board of Aldermen was referred to the Comptroller.)

The Secretary presented the following:

In the Board of Aldermen.
 Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand dollars (\$2,000), the proceeds whereof to be used by the Board of City Magistrates, Second Division, for the purpose of purchasing books needed to provide working libraries for fifteen courts in said division. All obligations contracted for hereunder to be incurred on or before December 31, 1913.

Adopted by the Board of Aldermen February 18, 1913, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor March 11, 1913, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 1, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On February 18, 1913, the Board of Aldermen adopted a resolution requesting \$2,000 in special revenue bonds to be used by the Board of City Magistrates, Second Division, for the purchase of law books for working libraries in fifteen City Magistrates' courts in that division. In connection therewith I report as follows:

On September 27, 1912, the Board of City Magistrates, 2d Division, adopted a resolution setting forth that volumes of the Consolidated Laws, the Codes of Civil Procedure, the Greater New York Charter as amended and certified copies of City Ordinances and Session Laws were needed in each of the fifteen courts.

Chief City Magistrate Kempner states that the law books, reports and ordinances asked for are required as a working library for each court. He also states that the City Magistrates are frequently inconvenienced and the business of the courts delayed for the lack of necessary reference books and reports.

A special committee appointed by the Board of City Magistrates unanimously decided that the following law books, reports, session laws, codes, ordinances, etc., were required for distribution among the various courts:

Consolidated Laws, annotated to date, 9 vols., \$56 per set, 15 sets.....	\$840 00
Consolidated Act, 1882, \$6.50 vol., 15 sets.....	97 50
Bliss' Code of Civil Procedure, annotated to date, 4 vols., \$30, 15 sets..	450 00
Greater New York Charter, with supplements, annotated to date, 2 vols., \$11.50, 15 sets.....	172 50
Certified Copy City Ordinances.....	105 00
Session Laws, years 1900 to 1910 inclusive, 2 vols., \$4.50 each year, 15 sets.	335 00

\$2,000 00

The City Magistrates' Courts in the First Division are each supplied with the law books, codes, session laws, etc., now requested for the courts in the 2d Division. There is a central library for the courts of each division, but it is stated that it is absolutely necessary to have a small working library for ready reference in each court.

In view of the foregoing I recommend the adoption of the attached resolutions approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, June 7, 1912.

To the Honorable the Board of Estimate and Apportionment:

Sirs—Request is hereby made for the issue of corporate stock in the amount of \$8,200 for the purpose of installing an elevator in the County Court House, said elevator to be for the exclusive use of the Justices sitting in this building.

The above amount requested is the amount estimated by a reputable elevator concern as the sum necessary to install an elevator that will be sufficient in capacity to accommodate the Justices of this building. Respectfully submitted,

GEORGE McANENY, President, Borough of Manhattan.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On June 7, 1912, the President of the Borough of Manhattan requested corporate stock in the sum of \$8,200 to provide for the cost of installing an elevator in the County Court House, to be for the exclusive use of the Justices sitting in this building.

We recommend that the request be approved by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; E. V. FROTHINGHAM, Acting President, Borough of Manhattan, Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding eight thousand two hundred dollars (\$8,200), to provide means for the installation of an elevator in the New York County Court House, under the jurisdiction of the President of the Borough of Manhattan, for the exclusive use of the Justices sitting in the said County Court House, and when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Department of Docks and Ferries—Acquisition of Property for Terminal Facilities Along the South Brooklyn Waterfront (Cal. No. 40)

(On March 27, 1913, this matter was referred to the Committee on Terminal Improvements).

The Secretary presented the following:

City of New York, Department of Docks and Ferries, Pier "A," North River, New York, March 19, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—Pursuant to the provisions of chapter 776 of the Laws of 1911, the Board of Estimate and Apportionment, by resolution adopted at a meeting held February 20, 1913, authorized the Commissioner of Docks to adopt a plan for terminal facilities and equipment thereof and therefor, to be located upon lands and lands under water, situate, lying and being on, adjacent or near the shores of the East River, Buttermilk Channel, Gowanus Bay and Upper Bay, between the foot of Fulton street and the foot of 66th street, Borough of Brooklyn, City of New York, which plan was adopted by me February 20, 1913. The certificate of the Board was inscribed on said plan and signed by each member thereof, pursuant to resolution adopted at a meeting of the Board held March 13, 1913, and was thereafter filed in the office of this Department.

In accordance with the provisions of chapter 776 of the Laws of 1911, I hereby request the Board of Estimate and Apportionment to authorize the Commissioner of Docks, in pursuance of said plan, to acquire property not now owned by the City and required for terminal facilities and equipment thereof and therefor under and in accordance with the provisions of law.

Attached hereto is a certified copy of resolution adopted by the Board of Estimate and Apportionment February 20, 1913, which contains a technical description of the property needed for the purposes of the terminal.

The assessed valuations of the various parcels involved are now being obtained and will be forwarded as soon as received from the Department of Taxes and Assessments. Yours respectfully,

B. F. CRESSON, Jr., First Deputy and Acting Commissioner of Docks.
April 3, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 27, 1913, the Commissioner of Docks addressed a communication to the Board of Estimate and Apportionment requesting authority pursuant to chapter 776 of the Laws of 1911, to acquire property not now owned by the City and required for terminal facilities and equipment thereof in the Borough of Brooklyn between 65th street and Brooklyn Bridge, under and pursuant to a plan for terminal facilities as adopted by said Commissioner of Docks, with the authority of the Board of Estimate and Apportionment, on February 20, 1913, and certified by the Board of Estimate and Apportionment, pursuant to law, on the 13th day of March, 1913. The above application of the Commissioner of Docks was referred to the Terminal Committee of this Board at the time of its presentation.

The plans for the terminal marginal freight railway along the South Brooklyn waterfront, as adopted and certified, call for the construction of a connecting link between the Bush railway on the south and the New York Dock Company's property on the north, together with the necessary subtending facilities in the nature of a classification yard, float bridges and approaches, cut-offs and terminal stations. To the complete development of the plan, the acquisition of the Bush freight railway at the south, and the New York Dock Company's railway upon the north will be required.

The Dock Commissioner has not as yet applied for authority to acquire either the Bush franchise or the New York Dock Company franchise.

He has, however, requested authority to acquire the various parcels of land shown on the plan for acquisition along the line of the railway.

Your Committee is of the opinion that until steps can be taken toward the acquisition of the Bush railway franchise and the New York Dock Company franchise, it would be useless to acquire property along the proposed line south of 28th street or north of Hamilton avenue either for a right-of-way or for subtending facilities. It is possible, however, to construct so much of the proposed railroad as lies between the above limits, and to develop the middle section with a view to ready connection with the systems upon the north and south when the time for their acquisition arrives.

Beginning at 28th street, the first parcel shown for acquisition is the right of way through the bed of 2d avenue, as proposed to be extended northward. This property should and can be acquired in a street opening proceeding rather than under and pursuant to the terms of chapter 776 of the Laws of 1911, and if so acquired, the cost may be assessed against the property benefited, rather than assumed by the City at large. For that reason, the committee recommends that the Board withhold its authority to the Dock Commissioner to acquire land between 28th street and 17th street.

The next parcel shown upon the map for acquisition is listed as parcel I, and consists of an irregular plot beginning at the middle line of 17th street as a southerly boundary and lying to the west of 2d avenue and extending from 2d avenue to the Gowanus Canal. This plot the City must acquire in order that the railroad may be constructed through the Erie Basin district. The committee, therefore, recommends that the Dock Commissioner be authorized to proceed with the acquisition of parcel I.

The next parcel shown for acquisition is listed as H, and consists of a strip of land for the right of way between Gowanus Canal and Smith street. This is necessary to the construction of the railroad in the Erie Basin district, and the committee recommends that the Dock Commissioner be authorized to proceed with the acquisition thereof at once.

The next parcel shown on the map for acquisition is the classification yard lying between Court and Otsego streets, bounded on the south by the State Barge Canal Terminal and on the north by an irregular line. This classification yard is necessary to the construction and operation of the railroad in the Erie Basin district, and as laid out has had the approval of the committee, the Dock Commissioner and the committee of trunk line railroads appointed to consider the submission to the City of a proposition for the operation of the proposed railroad. While the plot as laid out is extensive, it is no more than will be required for the successful operation of the road, and in the opinion of the committee its acquisition in its entirety at the

present time will be a distinct economy for the City, as the land values at the present time in this neighborhood are exceptionally low. The committee recommends that the Dock Commissioner be authorized to proceed with the acquisition thereof at once.

The next plot shown upon the map for acquisition is that lying to the south of Van Dyck street, and between Van Brunt street and the water-front, and is the piece designed for the location of transfer bridges and approaches. Your committee is in receipt of a letter from President Peters of the Long Island Railroad, the chairman of the committee of trunk line railroads, in which he states:

"I understand that it is proposed that the City shall acquire at once the Grace property adjoining the Erie Basin as the site for the float or transfer bridges to be built in connection with the terminal road. It seems to me that it is unwise to proceed hastily in this matter, as further consideration of the plans may show that a better location for the float bridges can be acquired within the Erie Basin. We are somewhat afraid that the Grace property will make a dangerous location for the operation of car floats in and out of the transfer bridges because of the rapid currents and eddies at that point."

It will undoubtedly be necessary to acquire a plot either at this point or at some neighboring point for the location of the float bridges. In view, however, of the advice of the chairman of the committee of trunk line railroads, and the question which he raises concerning the disadvantages of the plot shown upon the map, your committee recommends that no step be taken toward the acquisition of this plot until the committee, the Dock Commissioner and the representatives of the railroad have had ample opportunity to discuss the entire question and come to final conclusions upon the question raised by the chairman of the committee of trunk line railroads.

The next plot shown upon the map for acquisition is that listed as G. It consists of a curved strip of land at the northeasterly corner of Van Dyck and Ferris streets, and is required in order to permit the railroad to curve from Van Dyck street to Ferris street. This plot the committee recommends that the Dock Commissioner be authorized to acquire at once.

The next plot shown for acquisition is that listed on the map as Terminal Station, occupying a block bounded by Sullivan, Ferris, King and Conover streets. A portion of this block, while not required for immediate use, may better be purchased in connection with the remainder required immediately for the right of way. If left for later acquisition, it would undoubtedly entail the payment of a higher price. The committee therefore recommends that the Dock Commissioner be authorized to proceed at once with the acquisition of this parcel.

Serious questions have been raised concerning possible desirable amendments of the map between King street and Harrison street. These questions are now under consideration by the Chief Engineer of the Board, by the Dock Commissioner and by the Terminal Committee, and until final determination, the committee believes that it would be unwise to proceed with the acquisition of any of the parcels in the district north of King street. These questions will be determined within the next few weeks, and will be reported by the committee to the Board. It is possible that they may entail minor amendments of the map as now adopted.

The parcels which are herein recommended for immediate acquisition make possible the construction and operation of the railroad from King street on the north to 17th street on the south. A street opening proceeding from the opening of 2d avenue from 17th to 28th street, will make possible the operation of the line to 28th street as the southerly limit, where it will connect with the tracks of the Bush railway. Under the Interstate Commerce Law, there must be an interchange of freight between the road so constructed and the Bush railroad. The construction of the line between the points named, therefore, will enable shippers, if they so desire, to send freight over the line of the Bush railroad and via that road, over the lines of the Long Island and Pennsylvania systems, pending such time as the City may find itself able to acquire the franchise of the Bush railroad.

As soon as the amendments of the map now under consideration have been passed upon by the committee and the Dock Commissioner, the acquisition can proceed in the district north of King street. As soon as the parcels herein recommended for acquisition have been acquired and title is vested in the City, the way will be open for the physical construction of the railroad from 28th street on the south to King street or such other point on the north as the Board may see fit to carry the line this year.

The following is a list of the parcels herein recommended for immediate acquisition, together with the estimated cost of such acquisition as indicated by their assessed valuations:

Plot I, right of way, 2d avenue to Gowanus Canal.....	\$19,500 00
Plot H, right of way, Gowanus Canal to Smith street.....	10,800 00
Terminal yard, Court to Otsego street, State Barge Canal terminal to Hamilton avenue	1,007,400 00
Plot G, right of way, Van Dyke to Ferris street.....	10,000 00
Terminal station, King to Sullivan street, Ferris to Conover street.....	134,500 00

Total estimated\$1,182,200 00

In the resolution submitted herewith appear the technical descriptions of the above parcels as contained in the resolution of this Board of February 20, 1913, authorizing the adoption of the map of this improvement by the Commissioner of Docks.

Respectfully submitted, JOHN PURROY MITCHEL, President of the Board of Aldermen; WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President of the Borough of Manhattan; NELSON P. LEWIS, Chief Engineer of the Board of Estimate and Apportionment.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby fixes Thursday, May 1, 1913, at 10.30 o'clock in the forenoon, as the time, and Room 16, City Hall, Borough of Manhattan, as the place, for a public hearing relative to the request of the Commissioner of Docks of The City of New York that the Board of Estimate and Apportionment authorize said Commissioner to acquire title, in the name of and for the benefit of The City of New York for terminal facilities and equipment thereof and therefor, in pursuance of a certain plan adopted by said Commissioner of Docks on February 20, 1913, and certified by the Board of Estimate and Apportionment on March 13, 1913, and filed in the office of the Department of Docks and Ferries, under and in accordance with the provisions of chapter 776 of the Laws of 1911, to the following described lands and premises situated in the Borough of Brooklyn, in the City of New York, namely:

All of the upland, filled-in lands, lands and lands under water, wharves and bulkheads, and all rights, easements, emoluments and privileges appurtenant thereto, situated on the easterly side of Gowanus Canal at and near the northeasterly prolongation of 2d avenue and the northwesterly prolongation of 17th street, in the Borough of Brooklyn, more particularly bounded and described as follows:

Beginning at a point in the bulkhead along the easterly side of Gowanus Canal where the same is intersected by the northeasterly boundary of the grant from the State of New York to Peter Wyckoff, dated February 24, 1853; and running thence southeastwardly along the said northeasterly boundary of the grant to Peter Wyckoff to its intersection with the northeasterly prolongation of the northwesterly side of 2d avenue; thence southwestwardly along the said prolongation of the northwesterly side of 2d avenue to its intersection with the northwesterly prolongation of the centre line of 17th street; thence northwardly in a straight line to a point in a line drawn 40 feet southwesterly from and parallel with the northeasterly line of the grant to Peter Wyckoff, above mentioned, said point being 300 feet southeasterly from the bulkhead along the easterly side of Gowanus Canal measured along said parallel line; thence northwesterly along said parallel line 300 feet to the bulkhead along the easterly side of Gowanus Canal; thence northwardly and along said bulkhead to the intersection of the easterly bulkhead of Gowanus Canal with the northeasterly boundary of the grant to Peter Wyckoff, the point or place of beginning.

Which was adopted by the following vote:

President, Borough of Manhattan—Modification of Schedules and Transfer of Appropriations (Cal. No. 41).

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, March 25, 1913.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York:

Gentlemen—The appropriation for office supplies for the Supreme Court for 1913 was \$9,450, all of which has been practically expended. I, therefore, respectfully request that a transfer of \$1,000 be made from the appropriation—"President, Borough of Manhattan, 1913, Purchase of Equipment—Office Equipment, No. 2772—Care of Supreme Court," \$1,000; to the appropriation made to this Department entitled—"President, Borough of Manhattan, 1913, Supplies—Office Supplies, No. 2752—Care of Supreme Court," \$1,000.

Very truly yours, GEORGE McANENY, President, Borough of Manhattan.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 25, 1913, the President of the Borough of Manhattan requested a transfer of \$1,000 within appropriations in his office for the year 1913.

In connection therewith I report as follows:

It is proposed to transfer the amount from Purchase and Equipment, Office Equipment, No. 2772, Care of Supreme Court, to Supplies, Office Supplies, No. 2752, Care of Supreme Court.

The budget appropriation for No. 2752 was \$9,950, which was subsequently reduced to \$9,450 by transfer. This amount is now practically exhausted and the additional \$1,000 is asked for to meet current and future needs.

I recommend that the request be approved by the adoption of the attached resolutions. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Manhattan, for the year 1913, as follows:

	FROM	
	<i>Purchase of Equipment, Office Equipment.</i>	
2772	Care of Supreme Court.....	\$1,000 00
	TO	
	<i>Supplies, Office Supplies.</i>

A true copy. EUGENE W. SCHEFFER, Secretary.
 City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 4, 1913.

To the Board of Estimate and Apportionment:
 Gentlemen—On March 17, 1913, the Board of Health requested modification of two schedules of salaries, temporary employees, in the Department of Health for the year 1913, involving a transfer of \$1,080. In connection therewith I report as follows:

In No. 570, Hospital Service, Tuberculosis Sanatorium, Otisville, Operation of Hospital, it is proposed to substitute an Orderly, at \$600, for a Domestic at the same rate, and to make changes in the time allowance for various classes of employees to meet current conditions. These changes in the schedule involve no salary increases.

In No. 571, Hospital Service, Tuberculosis Sanatorium, Otisville, Care of Buildings and Grounds, it is proposed to increase the time allowance for Laborers, at \$720, from 48 to 96 months, and for Laborers, at \$600, from 156 to 192 months. The funds for these changes are to be provided by decreasing the time for Laborers, at \$480, from 420 to 330 months, and by transfer from No. 570 of \$1,080, made available through the changes in time mentioned above.

The changes in No. 571 provide for five salary increases: A Laundryman, at \$600, with maintenance, is to receive \$720 per annum, without maintenance; a Cook, at \$600, is to be transferred to a larger kitchen with additional work, and is to be increased to \$720. Three Laborers are to be increased from \$480 to \$600 each. The men are to do work in the cow barns formerly done by four Laborers.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer.	
		Decrease.	Increase.

Department of Parks, Borough of Brooklyn—Approval of Form of Contract, Etc. (Cal. No. 43).

The Secretary presented the following:
 The City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Prospect Park, Borough of Brooklyn, March 14, 1913.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—I am transmitting herewith for your approval plan, form of contract and specifications for the proposed grading and topsoiling in the Brooklyn Botanic Garden, Borough of Brooklyn.

The estimated cost of this work is thirty-six thousand five hundred and forty-five dollars (\$36,545), and is to be charged to the corporate stock fund entitled "Grading and Improvements, Botanic Garden and Arboretum." Code number C. D. P.—200J. Very truly yours,
 M. J. KENNEDY, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 14, 1913, the Commissioner of Parks, Borough of Brooklyn, requested approval of the form of contract, plans and specifications, and estimate of cost in the sum of \$36,545 for the proposed grading and top-soiling in the Brooklyn Botanic Garden.

The sum of \$2,000 has been added to the estimated cost for contingencies. The amount, therefore, that may properly be approved as the estimated cost is \$34,545.

The cost is to be paid from a corporate stock fund of \$40,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911, and entitled "C. D. P.—220J, Department of Parks, Boroughs of Brooklyn and Queens, Grading and Improvement of Botanic Garden and Arboretum." On April 1, 1913, an unencumbered balance of \$39,200 remained in the fund.

The form of contract has been amended at the suggestion of the Department of Finance, and is now satisfactory. The plans and specifications are satisfactory and \$34,545 is reasonable as an estimate of cost.

I recommend the adoption of the attached resolution approving the form of contract, as amended, the plans and specifications and the estimate of cost in the sum of \$34,545. Respectfully,
 WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves of the form of contract, as amended, the plans and specifications and the estimate of cost in the sum of thirty-four thousand five hundred and forty-five dollars (\$34,545) for the proposed grading and top-soiling in the Brooklyn Botanic Garden, Borough of Brooklyn, under the jurisdiction of the Department of Parks, Borough of Brooklyn, the cost to be paid from the corporate stock fund entitled "C. D. P.—200J, Department of Parks, Boroughs of Brooklyn and Queens, Grading and Improvement of Botanic Garden and Arboretum."

Which was adopted by the following vote:
 Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

The City of New York, Department of Parks, Boroughs of Brooklyn and Queens, Litchfield Mansion, Prospect Park, Borough of Brooklyn, March 19, 1913.

To the Honorable Board of Estimate and Apportionment, 277 Broadway, New York City:

Gentlemen—I am transmitting herewith for your approval form of final contract for services of Messrs. Olmsted Brothers, landscape architects, Brookline, Mass., in preparing complete plans and specifications and supervising the grading and topsoiling of lands in the Brooklyn Botanic Garden, Borough of Brooklyn.

The preliminary service contract was approved by the Comptroller on August 2, 1912, in accordance with the resolution of your Board, dated August 31, 1911.

The plans, contract form and specifications for this work were submitted for your approval on March 14, 1912. The cost of this work is to be charged to the corporate stock fund entitled "Grading and Improvement of Botanic Garden and Arboretum." Code number, C. D. P.—200J. Very truly yours,
 M. J. KENNEDY, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 7, 1913.

To the Honorable Board of Estimate and Apportionment:

Gentlemen—On March 19, 1913, the Commissioner of Parks, Borough of Brooklyn, requested approval of the final contract for the services of Olmsted Brothers, landscape architects, for the preparation of complete plans, specifications, etc., and the supervision of the proposed grading and topsoiling of lands in the Brooklyn Botanic Garden, in the Borough of Brooklyn.

The contract provides that the Architects shall prepare the plans and specifications and also furnish the necessary engineering services for the setting of stakes and the measuring and the inspection of the work.

The contract also provides that the Architects shall be paid 10 per cent. of the cost of the work, which is estimated approximately at \$34,545, less the amount paid or to be paid under the preliminary contract.

The cost of the contract is to be paid from a corporate stock fund of \$40,000, approved by the Board of Estimate and Apportionment on July 17, 1911, and by the Board of Aldermen on July 25, 1911, and entitled "C. D. P., 200J, Department of Parks, Boroughs of Brooklyn and Queens, Grading and Improvement of Botanic Garden and Arboretum." On April 1, 1913, an unencumbered balance of \$39,300 remained in the fund.

The form of contract is satisfactory and the proposed fees are reasonable.

I recommend the adoption of the attached resolution approving the request.
 Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of proposed final contract for the services of the Olmsted Brothers, as Landscape Architects, for the preparation of complete plans, specifications, etc., and the supervision of the proposed grading and topsoiling of lands in the Brooklyn Botanic Garden, in the Borough of Brooklyn, under the jurisdiction of the Department of Parks, Borough of Brooklyn; the compensation to be ten per cent (10%) of the cost of the construction work, estimated approximately, at thirty-four thousand five hundred and forty-five dollars (\$34,545) less the amount paid or to be paid pursuant to the terms of the preliminary contract, the fees of the Architects to be paid from the corporate stock fund entitled "C. D. P.—200J, Department of Parks, Boroughs of Brooklyn and Queens, Grading and Improvement of Botanic Garden and Arboretum."

Which was adopted by the following vote:
 Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens and the Acting President of the Borough of Richmond—16.

Issue of Special Revenue Bonds for Payment of Bill of Dr. William J. Arlitz for Services Rendered to the Mayor Since August 1, 1910 (Cal. No. 45).

The Secretary presented the following:
 Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1912, the Board of Estimate and Apportionment, pursuant to the provisions of chapter 887 of the Laws of 1911, authorized an issue of \$19,000 in special revenue bonds, "the proceeds thereof to be applied to the payment of expenses for medical and surgical treatment rendered to his Honor, the Mayor, of The City of New York, since August 1, 1910, while suffering from a bullet wound sustained at the hands of a person deeming himself aggrieved by, and seeking revenge for, an alleged official act on the part of his Honor the Mayor." A balance of \$2,500 remains in the fund.

Dr. William J. Arlitz, one of the attending physicians, brought an action against the Mayor, and a jury in the United States District Court, District of New Jersey, rendered a verdict for \$5,800 in favor of Dr. Arlitz. On March 18, 1913, the Board of Aldermen, pursuant to the provisions of chapter 887 of the Laws of 1911, adopted a resolution certifying to the Comptroller for payment a charge of \$5,800.

The statute authorizes and empowers the Comptroller to issue and sell certificates of indebtedness to carry out the provisions of the act, when so directed by the Board of Estimate and Apportionment. With an available balance of \$2,500 it will be necessary to authorize \$3,300 in special revenue bonds to cover the amount allowed by the jury.

I recommend the adoption of the attached resolutions directing the Comptroller to issue and sell special revenue bonds, the proceeds whereof to be applied to the purposes stated in the resolutions.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment on January 4, 1912, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 887 of the Laws of 1911, hereby directs the Comptroller of The City of New York to issue and sell certificates of indebtedness in the sum of nineteen thousand six hundred dollars (\$19,600), the proceeds thereof to be applied to the payment of expenses for medical and surgical treatment rendered to his Honor, the Mayor of The City of New York, since August 1, 1910, while suffering from a bullet wound sustained at the hands of a person deeming himself aggrieved by, and seeking revenge for, an alleged official act on the part of his Honor, the Mayor;" and

Whereas, The Board of Aldermen on March 18, 1913, adopted the following resolution:

"Whereas, Dr. William J. Arlitz instituted an action against Mayor William J. Gaynor during August, 1910, while suffering from a bullet wound sustained at the hands of a person deeming himself aggrieved by and seeking revenge for, an alleged official act on the part of the said Mayor, and

"Whereas, Upon the trial of such action a verdict was rendered by a jury in the United States District Court, District of New Jersey, in favor of said Dr. William J. Arlitz and against the said Mayor for the sum of five thousand eight hundred dollars (\$5,800) as the value of such medical and surgical treatment.

"Resolved, That pursuant to the provisions of chapter 887 of the Laws of 1911, the Board of Aldermen hereby certifies to the Comptroller for payment as a charge against The City of New York the sum of five thousand eight hundred dollars (\$5,800) to be paid to Dr. William J. Arlitz for medical and surgical treatment rendered to Mayor William J. Gaynor during August, 1910, while suffering from a bullet wound sustained at the hands of a person deeming himself aggrieved by and seeking revenge for an alleged official act on the part of said Mayor, and be it further

"Resolved, That all resolutions and ordinances theretofore adopted by this Board, in so far as the same appertain to the claim of said Dr. William J. Arlitz, be and they hereby are rescinded and repealed."

—and transmitted the same to this Board; and

Whereas, It appears that the sum of nineteen thousand six hundred dollars (\$19,600) to which amount the Comptroller of The City of New York was directed by the resolution adopted by this Board on January 4, 1912, to issue and sell special revenue bonds, is insufficient to meet the payment of expenses for such medical and surgical treatment rendered to his Honor, the Mayor, and that the further sum of three thousand three hundred dollars (\$3,300) is necessary for that purposes. Therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of chapter 887 of the Laws of 1911, hereby directs the Comptroller of The City of New York to issue and sell special revenue bonds in the sum of three thousand three hundred (\$3,300) the proceeds thereof, together with the sum of two thousand five hundred dollars (\$2,500), being the amount remaining unexpended from the proceeds of the issuance and sale of certificates of indebtedness issued and sold pursuant to the said resolution of this Board adopted January 4, 1912, to be applied to the payment of expenses for medical and surgical treatment rendered since August 1, 1910, by Dr. William J. Arlitz to his Honor, the Mayor of The City of New York, while suffering from a bullet wound sustained at the hands of a person deeming himself aggrieved by, and seeking revenge for, an alleged official act on the part of his Honor, the Mayor.

Presidents of the Boroughs of Manhattan and Brooklyn, and the Department of Parks, Boroughs of Manhattan and Richmond—Issues of Corporate Stock (Cal. No. 46).

(On January 23, 1913, the request of the President of Manhattan for an issue of \$2,500,000 for repaving was referred to the Corporate Stock Budget Committee. On February 6, 1913, and on March 14, 1912, the requests of the Park Commissioner were referred to said Committee, and on May 2, 1912, the communication from the president of the City Club, urging an appropriation for improving the roadways in Central Park and Riverside drive, were referred to said Committee.)

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, January 17, 1913.

Board of Estimate and Apportionment, 277 Broadway, New York City:

Dear Sirs—According to the program submitted to your Board last year in connection with the repaving work to be done in the Borough of Manhattan, I shall require during the year 1913 the amount of \$2,500,000, in addition to the \$1,000,000 appropriated to my department at a recent meeting of the Board. I would accordingly request you to authorize the issue of \$2,500,000 of corporate stock for repaving in the Borough of Manhattan. Very truly yours,

GEORGE McANENY, President, Borough of Manhattan.

The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Arsenal, Central Park, February 3, 1913.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In the 1912 corporate stock budget of this department, Boroughs of Manhattan and Richmond, as modified by supplementary request of March 9, 1912, I asked for \$300,000 for road rebuilding; \$200,000 for Riverside drive and \$100,000 for Central Park. The experience on Riverside drive during the summer and fall of 1912, and especially experience there during the present winter, make it evident to all who travel over that road how urgent it is to rebuild the drive, from 72d street north, not only as far as the \$200,000 will go, but all the way up to the 129th street viaduct and around Grant's Tomb and Claremont, on both sides.

The latest revised estimates of the cost of this complete rebuilding, inclusive of the very necessary relaying of gutters and curbs, amount to \$375,000. That is for a bituminous macadam road of 3-inch wearing surface, laid on a concrete foundation 6 inches thick.

Therefore, I respectfully ask that the corporate stock budget, already submitted, be modified so that the item for Riverside drive road building be increased from \$200,000 to \$375,000.

The labor and expense of maintaining the gravel road in Riverside Park is heavy and wasteful. During 1912 this entire stretch of the drive was spiked up, relaid and rolled, and yet now, during this winter season, it is in wretched condition, and quite beyond repair, owing to the rapid changes in the temperature and the great amount of wet weather. Everybody who passes over this drive in an automobile is aware of its condition, and those who use the auto buses also know how true the following description is, taken from a letter to this department from President Meade of the Fifth Avenue Coach Company, this week, viz.:

"Even touring cars on pneumatic tires are obliged to leave the drive for comfort and the safety of their springs, and, if our material were not of such very high character, we could never keep it on the road at all. As it is, it is almost heart-breaking to try and keep it up and we will have a tremendous bill at the end of the winter. Even our new buses are being damaged to such an extent that I often feel that we should take them off there altogether."

The City cannot too soon get rid of this entire stretch of gravel road. If by any

means possible, \$375,000 of corporate stock should be allowed for this purpose, and for a new bituminous macadam road. Very respectfully,

CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

The City of New York, Department of Parks, Arsenal, Central Park, March 9, 1912.

To the Board of Estimate and Apportionment, The City of New York:

Gentlemen—In my estimate submitted to you for the corporate stock budget for the year 1912 is a request for \$200,000 for repaving the roads in Central Park and Riverside drive. I respectfully request that those amounts be eliminated from consideration when the Budget is compiled, and that immediate action be taken upon a request for \$300,000 for paving roads in Central Park, Riverside drive, 110th street and the Circle at 59th street and 8th avenue. This request is made necessary for the reason that if the money for these improvements is made available before the 1st of June, it will enable me to begin and complete the work before the cold weather sets in.

I am about to award a contract for the greater portion of the west drive in Central Park, and desire, before the completion of that contract, to be able to award another for the continuation of the work.

Riverside drive is in a deplorable condition, owing to the heavy traffic, and it is absolutely impossible to repair it out of the appropriation made in the annual Budget. The maintenance charge for the necessary repairs to the old water bound park roads and Riverside drive is something appalling. The 110th street pavement has been laid now about twenty years, as has also the pavement at the Park Circle, 59th street and 8th avenue. They have outlived their usefulness, and it means a constant patching under contract, at a great expense, for the reason that as soon as a new patch is laid the old pavement breaks away from it. The expenditures made for the necessary repairs to 110th street and the 59th street Circle alone amount to about \$1,000 a month, and, as we have no Budget account that will stand an expenditure of this kind, I respectfully request immediate action, so that new pavements can be laid which will save the City the cost of trying to maintain the old pavements.

I attach hereto a resolution for reference to the Corporate Stock Budget Committee, providing for an issue of corporate stock in the amount of \$300,000 for paving roads and parkways under the jurisdiction of the Commissioner of Parks, Boroughs of Manhattan and Richmond, which, in accordance with the findings of the Corporate Stock Budget Committee, will mature ten years after the date of their issue.

Respectfully, CHAS. B. STOVER, Commissioner of Parks, Boroughs of Manhattan and Richmond.

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding three hundred thousand dollars (\$300,000), maturing not more than ten (10) years after the date of issue, to provide means for repaving roads and parkways under the jurisdiction of the Commissioner of Parks, Boroughs of Manhattan and Richmond, and, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue such corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof, to the amount of the par value of the stock, to be applied to the purposes aforesaid, providing, however, that no contract shall be made for repaving any parkway unless the Commissioner having charge thereof submits to the Comptroller, with such contract, evidence showing that the original pavement on such parkway was laid at the expense of the abutting property owners, or by local taxation, or by bond issues paid by the locality before consolidation, unless the Board of Estimate and Apportionment shall otherwise determine upon presentation of the facts and circumstances affecting such parkway.

The City Club of New York, 55 West 44th Street, April 25, 1912.

Hon. JOSEPH HAAG, Secretary, Board of Estimate, 277 Broadway, New York City:

Dear Sir—The condition of the roadways in Central Park and Riverside drive is a matter which should, we think, receive your earnest and effective attention. It is our view that the policy heretofore followed, of resurfacing these roads at frequent intervals, should no longer be pursued. These new surfaces remain of value only for a very short time, usually but a few weeks. The process is, in the end, very expensive, and the results are trivial and a continual source of dissatisfaction to all concerned. We respectfully urge that these roads be rebuilt from the bottom up, and a sufficient amount of money placed at the command of the Commissioner to accomplish this during the approaching summer.

The City Club would wish with approval your prompt and liberal action to this end. Very truly yours,

CHARLES H. STRONG, President.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—In order to provide for the repaving of streets and avenues in the Boroughs of Manhattan and Brooklyn and for repaving of drives in the Borough of Manhattan during the current year, your Committee recommends that an appropriation of \$2,300,000 be made, to be apportioned as follows:

Repaving streets and avenues, Borough of Manhattan.....	\$1,500,000 00
Repaving streets and avenues, Borough of Brooklyn.....	500,000 00
Repaving Riverside drive, Department of Parks, Boroughs of Manhattan and Richmond.....	200,000 00
Completing repaving of West drive in Central Park, Department of Parks, Boroughs of Manhattan and Richmond.....	100,000 00

We recommend the adoption of the attached resolutions, approving authorizations as indicated above. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; E. V. FROTHINGHAM, Acting President, Borough of Manhattan; Corporate Stock Budget Committee.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one million, five hundred thousand dollars (\$1,500,000), maturing not more than ten (10) years after date of issue, to provide means for repaving streets and avenues, in the Borough of Manhattan, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller be and is hereby authorized to issue said corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, the proceeds thereof to the amount of the par value of the stock to be applied to the purposes aforesaid.

Provided, however, that no contract shall be made for repaving any street or avenue unless the Borough President having charge thereof submits to the Comptroller with such contract evidence showing that the original pavement on such street or avenue was laid at the expense of the abutting property owners or by local taxation or by bond issue paid by the locality before consolidation, unless the Board of Estimate and Apportionment shall otherwise determine upon presentation of the facts and circumstances affecting such street or avenue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the President of the Borough of Brooklyn and the Acting President of the Borough of Richmond—14.

Negative—The Presidents of the Boroughs of The Bronx and Queens—2.

Department of Water Supply, Gas and Electricity—Establishment of the Position of Mechanical Engineer (No. 48).
 (On March 27, 1913, this matter was referred to the Committee on Salaries and Grades.)

The Secretary presented the following:
 City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, March 14, 1913.
 JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, 277 Broadway, Manhattan:

Dear Sir—Upon the reorganization of the Engineering Bureau, I selected Alfred Williamson as Mechanical Engineer, to take charge of the operation and maintenance of the pumping stations in the Boroughs of Manhattan and The Bronx. This work had previously been in charge of two Engineers, whose combined salaries amounted to \$9,800. These stations included the two pumping plants which deliver water for the sole use of the Fire Department, and the proper supervision of same requires an extensive knowledge of mechanical and electrical engineering. Especially at these two stations has Mr. Williamson's ability as Supervising Engineer been most clearly established. The pumping of said stations has advanced 10 per cent. since the beginning of 1910, and the cost of operation has decreased 17 per cent., which represents an annual saving of about \$35,000.

Mr. Williamson is now receiving \$2,100 per annum. The ordinary Enginemen of the stations receive \$1,750 per year, and their duties and responsibilities are confined to but one or two pumping engines. Mr. Williamson is now eligible for appointment as Mechanical Engineer at a salary of \$3,000 per annum, as result of an open competitive examination. His rating placed him third on the list, and the two who preceded him have since secured appointments. He has declined offers of private companies, anticipating that the City would eventually recognize the services he had rendered and compensate him accordingly. The data obtained from other cities show that Engineers holding similar positions are receiving a salary of \$3,000 per annum and upwards.

I would, therefore, respectfully request that the position of Mechanical Engineer at \$3,000 per annum be established, under authority of section 56 of the charter. By rearrangement of the schedule of the Engineering Bureau to conform to the recent rule of the Board of Estimate and Apportionment in respect to increases, it would be possible to provide for Mr. Williamson's advance in salary of \$900, should the grade be established. Yours truly, HENRY S. THOMPSON, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 1, 1913.

To the Board of Estimate and Apportionment:
 Gentlemen—On March 14, 1913, the Commissioner of Water Supply, Gas and Electricity requested the establishment in his department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of the position of Mechanical Engineer, at \$3,000 per annum, for one incumbent. In connection therewith, we report as follows:

The Commissioner states the following:
 "Upon the reorganization of the Engineering Bureau, I selected Alfred Williamson as Mechanical Engineer, to take charge of the operation and maintenance of the pumping stations in the Boroughs of Manhattan and The Bronx. This work had previously been in charge of two Engineers, whose combined salaries amounted to \$9,800. These stations included the two pumping plants which deliver water for the sole use of the Fire Department, and the proper supervision of same requires an extensive knowledge of mechanical and electrical engineering. Especially at these two stations has Mr. Williamson's ability as Supervising Engineer been most clearly established. The pumping of said stations has advanced 10 per cent. since the beginning of 1910, and the cost of operation has decreased 17 per cent., which represents an annual saving of about \$35,000.

"Mr. Williamson is now receiving \$2,100 per annum. The ordinary Enginemen of the stations receive \$1,750 per year, and their duties and responsibilities are confined to but one or two pumping engines. Mr. Williamson is now eligible for appointment as Mechanical Engineer at a salary of \$3,000 per annum, as a result of an open competitive examination. His rating placed him third on the list and the two who preceded him have since secured appointments. He has declined offers of private companies, anticipating that the City would eventually recognize the services he had rendered and compensate him accordingly. The data obtained from other cities show that Engineers holding similar positions are receiving \$3,000 per annum and upwards."

Mr. Williamson entered the service of the City on December 12, 1905, and has received his present rate of compensation since May 15, 1909.

A memorandum has been submitted setting forth, in detail, the cost of operating and maintaining these stations in 1909, before Mr. Williamson took charge, and in 1912, the last full year under his jurisdiction. This data shows that while the total pumpage at the distribution stations increased from 24,919 million gallons in 1909 to 30,403 million gallons in 1912, the cost of operation and maintenance decreased from \$231,189 to \$198,914.

The position of Mechanical Engineer at \$4,800, \$4,500 and \$4,000, for one incumbent each, is established for the department. In view of the nature and responsibility of the services of Mr. Williamson, the proposed rate of \$3,000 does not appear to be excessive.

The Commissioner states that the funds for the increase will be made available by schedule modification, pursuant to the resolution governing salary increases adopted by your Board on January 30, 1913.

We recommend the adoption of the attached resolution, approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHELL, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:
 Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Water Supply, Gas and Electricity of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Mechanical Engineer	\$3,000 00	1

Which was adopted by the following vote:
 Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Department of Water Supply, Gas and Electricity—Approval of Form of Contract, etc. (No. 49).

The Secretary presented the following:
 Department of Water Supply, Gas and Electricity, Bureau of Supplies, Room 1904, 13-21 Park Row, City of New York, April 3, 1913.
 Hon. WILLIAM A. PRENDERGAST, Comptroller, City of New York:

Dear Sir—I transmit herewith for report by you to the Board of Estimate and Apportionment, in accordance with the resolution adopted by said Board on July 17, 1911, as amended August 31, 1911, a form of contract, specifications, etc., for hauling and laying water mains and appurtenances in Pelham, Crotona, Tremont and Belmont avenues, Borough of The Bronx, the estimated cost of which is \$4,500.

I would ask that this be reported by you to the Board of Estimate and Apportionment at your next meeting, as this work is necessary to introduce the tower service in the section north of Crotona Park. Yours truly,
 J. W. F. BENNETT, Deputy and Acting Commissioner.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, April 7, 1913.

To the Board of Estimate and Apportionment:
 Gentlemen—On April 3, 1913, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost in the sum of \$4,500, for hauling and laying water mains and appurtenances in Pelham, Crotona, Tremont and Belmont avenues, Borough of The Bronx.

The cost is to be paid from a corporate stock fund entitled "C. D. W.—13, Water Fund, Boroughs of Manhattan and The Bronx." The fund was approved in the sum of \$1,768,243 by the Board of Estimate and Apportionment on January 31, 1908, and by the Board of Aldermen on March 18, 1908. An addition to the fund was made in the sum of \$1,125,000 by the Board of Estimate and Apportionment on July 2, 1909, as amended on May 27, 1910, and approved by the Board of Aldermen on July 13, 1909, as amended, on June 7, 1910. On April 5, 1913, an unencumbered balance of \$46,540.33 remained in the fund.

The specifications have been amended at the suggestion of the Department of Finance, and are now satisfactory. The form of contract is satisfactory, and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution, approving the form of contract and plans, the specifications as amended, and the estimate of cost. Respectfully,
 WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:
 Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract and plans, the specifications as amended, and the estimate of cost in the sum of four thousand five hundred dollars (\$4,500), for hauling and laying water mains and appurtenances in Pelham, Crotona, Tremont and Belmont avenues, Borough of The Bronx, under the jurisdiction of the Department of Water Supply, Gas and Electricity; the cost to be paid from the corporate stock fund entitled "C. D. W.—13, Water Fund, Boroughs of Manhattan and The Bronx."

Which was adopted by the following vote:
 Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Acting President of the Borough of Manhattan, the Presidents of the Boroughs of Brooklyn, The Bronx and Queens, and the Acting President of the Borough of Richmond—16.

Board of Estimate and Apportionment—Modification of Schedules and Transfer of Appropriation (No. 50).

The Secretary presented the following:
 Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, March 27, 1913.

Hon. WILLIAM J. GAYNOR, Mayor and Chairman, Board of Estimate and Apportionment:
 Dear Sir—I find that it is necessary to have another Junior Clerk in this office on account of the extensive deliveries of papers and correspondence and the steady

growth of mailing matter. An arrangement has been made with Mr. Lewis, Chief Engineer of the Board, for the transfer of \$300 of the unassigned balance in the schedule supporting the appropriation made to the Board of Estimate and Apportionment for the year 1913, Code No. 2118—Engineering, to Code No. 2117—Administration, which will permit of this appointment.

I will thank you to consider favorably the request for this transfer, which will involve the modification of both schedules, Nos. 2118 and 2117, so that when revised they will read as follows:

Yours very truly, JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, April 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 27, 1913, the Secretary of the Board of Estimate and Apportionment requested modification of the 1913 schedules, entitled "Personal Service, Salaries Regular Employees, No. 2117, Administration," and "No. 2118, Engineering." In connection therewith I report as follows:

The Secretary states that an additional clerk is necessary in his office, on account of increased deliveries of papers and correspondence and an increase in the amount of mailing matter. It is proposed to appoint an incumbent, at \$300 per annum. The Chief Engineer of the Board has consented to the transfer of the \$300 from an unassigned balance of \$800 in the salary schedule for the Engineering Division. The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer.		Cash Transfer.	
		Decrease.	Increase.	Decrease.	Increase.
2117	Clerk, 1 at \$300		\$300 00		\$225 00

	Balance unassigned (A. S. I., \$730)	230 00		172 60	
		<hr/>		<hr/>	
		\$300 00		\$225 00	

I recommend the adoption of the attached resolutions granting the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Board of Estimate and Apportionment for the year 1913, as follows:

Minutes of Meeting of the Municipal Civil Service Commission of New York. Held at the Offices of the Commission, No. 299 Broadway, on Wednesday, February 26, 1913, at 10 O'Clock A. M.

Present—President Frank Gallagher, and Commissioners Alexander Keogh and Richard Welling. The President presided.

A public hearing was had on the proposed amendment of the Municipal Civil Service classification by striking from the Exempt Class, under the heading "Coroners," the following: "Chief Clerk in East Borough Office." The following-named appeared in favor of the proposed amendment:

Hon. Herman Hellenstein, Coroner of the Borough of Manhattan; Hon. A. S. Ambler, Coroner of the Borough of Queens; Hon. G. J. Schaefer, Coroner of the Borough of Queens; Hon. William H. Jackson, Coroner of the Borough of Richmond; Mr. Antonio Delessandro, Chief Clerk of the Coroners' Office, Borough of Manhattan; Mr. Michael A. Cunneen, Chief Clerk of the Coroners' Office, Borough of Brooklyn; Mr. Albert Humm, Chief Clerk of the Coroners' Office, Borough of Queens; Mr. Thomas R. McGinley, Chief Clerk of the Coroners' Office, Borough of Richmond; Mr. Robert W. Belcher, Secretary of the Civil Service Reform Association. Hon. Jacob Shongut, Coroner of the Borough of The Bronx, appeared in opposition. The Secretary stated that a telephone message had been received from the office of the Coroners of the Borough of Manhattan to the effect that Hon. James E. Winterbottom, Coroner, was neutral in the matter of the proposed amendment, and that Coroners Israel L. Feinberg and Herman W. Holtzhauser opposed the same. There were no other appearances, and the Chair declared the hearing closed.

The Commission then went into regular session, and the minutes of the meetings held February 19 and 20 were approved.

On motion, it was resolved, that the Municipal Civil Service classification be and the same hereby is amended by striking from the Exempt Class, under the heading "Coroners," the following: "Chief Clerk in Each Borough Office."

On motion, it was resolved, that, after a hearing this day accorded each of the following-named, at which they duly appeared, their names be and the same hereby are removed from the eligible list of Patrolman, under the provisions of clause 14 of Rule 7 (false statements):

Thomas Faughnan, 401 E. 92d st., New York City.
William Lutz, 1089 Park ave., New York City.

On motion, it was resolved, that, after a hearing this day accorded Frank Marek, Shell road, Winfield, L. I., at which he duly appeared, his name be and the same hereby is removed from the eligible list of Patrolman, under the provisions of clause 14 of Rule 7.

On motion, it was resolved, that, after a hearing of the following-named candidates for the position of Fireman on this date, their names be and the same hereby are removed from the eligible list under the provisions of clause 14 of Rule 7 (physical disability):

Vincent Finn, 234 E. 94th st., New York City.
William A. McCarthy, 78 Bond st., Brooklyn, N. Y.

On motion, it was resolved, that, after a hearing of Stephen T. Ray, 2303 Morris ave., New York City, on this date, the Secretary be and he hereby is instructed to record the candidate on the eligible list of Hostler (preferred), as being ineligible for certification to the Department of Street Cleaning, it appearing that he was over forty years of age.

Arsenio Spinelli, 320 E. 59th st., New York City, failed to appear, as directed, relative to his application for the position of Driver, Department of Street Cleaning. On motion it was

Resolved, That the name of Arsenio Spinelli, 320 E. 59th st., New York City, be and the same hereby is removed from the eligible list for the position of Driver, Department of Street Cleaning, under the provisions of clause 14 of Rule 7, and placed upon the disqualified list, he having attempted to perpetrate a fraud upon the Commission.

A communication was presented from Dr. R. W. Fowler, a 2d grade Medical Inspector in the Department of Health, stating his reasons for not accepting promotion from the list of Medical Inspectors at \$1,800 per annum. The Secretary was instructed to record the candidate as having declined appointment on account of location.

A communication was presented from William G. I. Roeder, 1123 Broadway, New York City, requesting to be informed whether or not his name appeared upon the eligible list of Inspector of Carpentry and Masonry. It appearing that the said person had been dismissed from the position of 2d grade Clerk in the Bureau of Buildings, Borough of Manhattan, as a result of which his name had been removed from the eligible list of Inspector of Masonry and Carpentry and placed upon the Commission's disqualified list, the letter was construed as a request to have his name removed from said disqualified list, and the Secretary was instructed to summon him before the Commission relative thereto.

The Secretary was instructed to summon the following named persons for non-competitive examination to qualify them for appointment as Monitors in the office of

the Commission: Ignatius J. Lynch, 150 E. 140th st., New York City; Rosetta M. Wade, 218 E. 72d st., New York City.

A communication was presented from Joseph F. McGee, 324 15th st., Brooklyn, N. Y., stating that he did not desire appointment in the Boroughs of Manhattan and The Bronx from the eligible list of Gardener. The Secretary was instructed to note the fact on the records.

Matters Not Upon the Calendar Considered by Unanimous Consent.

On motion, it was resolved that the employment of the following named persons as Civil Service Examiners in the office of the Commission for the month of February be and the same hereby is approved under clause 4 of rule 12, and the Secretary be and he hereby is instructed to summon them for non-competitive examination to qualify them for provisional appointment under clause 3 of rule 12, pending the establishment of the eligible list for that position: Charles R. Barker, S. A. Thoresen, Arthur W. Thomas.

On motion, it was resolved that the employment of the following named persons as Civil Service Examiners in the office of the Commission for the month of January be and the same hereby is approved under clause 4 of rule 12, and the Secretary is hereby instructed to summon them for non-competitive examination to qualify them for provisional appointment under clause 3 of rule 12, pending the establishment of the eligible list for that position, and to attach a special certificate to the payrolls of said persons for services rendered after January 31 and to the completion of said non-competitive examination: Edwin L. Pierce, Thomas B. Stillman.

On motion, it was resolved that the Secretary be and he hereby is instructed to proceed with an open competitive examination for the position of Probation Officer (male and female).

The Secretary was instructed to mark Dr. Aaron H. Appel "Not Qualified" on the eligible list of General Medical Superintendent and Medical Superintendent, pending the production by him of a transcript of his efficiency record in the War Department.

The following reports were presented from Mr. Leonhard F. Fuld, Examiner, relative to his investigation of the experience statements of candidates on the eligible lists specified:

- C-667, dated March 5—Inspector of Masonry Construction.
 - C-655, dated March 3—Junior Topographical Draftsman, grade B.
 - C-567, dated March 3—Assistant Engineer, with knowledge of methods of sewage disposal.
 - C-654, dated March 4—Title Examiner, Law Department.
 - C-669, dated March 5—Laboratory Assistant (diagnosis).
 - C-700, dated March 4—Junior Topographical Draftsman, grade B.
 - C-661, dated March 4—Gymnasium Attendant (male), grades 1 and 2.
- The reports were ordered filed.

A report was presented from the Examiner in Charge of the Bureau of Investigation, dated March 5, stating that the following named applicants for the position of Engineer Inspector, whose applications had been referred to him for investigation, had either failed in or absented themselves from the examination for that position: Andrew Robertson, 13 Dean st., Brooklyn, N. Y.; Charles Montgomery, 468 E. 143d st., New York City; Thomas F. Sweeney, 120 Franklin st., Queens, N. Y.; William J. Shea, 980 St. Johns place, Brooklyn, N. Y.; Edward Clarke, 2062 Ryer ave., New York City; Valentine Anderson, 79 Franklin ave., New Rochelle, N. Y.; Arthur St. Cameron, 45 Prospect st., Queens, N. Y.; George W. A. Kelly, 517 W. 147th st., New York City; Joseph P. Foley, 441 E. 164th st., New York City; Augustus T. Weisse, Yorktown Heights, N. Y.; Carl W. Schmidtke, 327 E. 239th st., New York City; James J. Kieran, 715 E. 136th st., New York City; William J. McElroy, 122 Bond st., Brooklyn, N. Y.; Anthony Crogan, 4347 Park ave., New York City; Peter P. Hughes, 249 Grand ave., Brooklyn, N. Y.; Francis McGowan, 138 W. 77th st., New York City; Edward G. Sexton, 1316 Findley ave., New York City; Walter G. Harrington, 540 W. 112th st., New York City. The papers were ordered filed.

A report was presented from the Examiner in Charge of the Bureau of Investigation, dated March 5, stating that Francis L. Haughey, 205 W. 119th st., New York City, whose application for the position of Instrument Maker had been referred to him for investigation, had absented himself from the examination for that position. The papers were ordered filed.

A report was presented from the Examiner in Charge of the Bureau of Investigation, dated March 5, stating that Clarence K. Simon, 220 W. 98th st., New York City, whose application for the position of Chemist had been referred to him for investigation, had failed in the examination for that position. The papers were ordered filed.

A report was presented from the Labor Clerk, dated March 3, transmitting the request of the Deputy Commissioner of Bridges for approval of the transfer of James Schafino from the position of Laborer (Part 4) in the Department of Health to that of Laborer (Part 1) in his department, and recommending that the request be denied for the reason that the transfer involved a change of title. The recommendation was adopted.

A report was presented from the Examiner in Charge of the Bureau of Investigation, dated March 5, relative to Joseph De Bona, 773 2d ave., New York City, a candidate for the position of Sweeper, Department of Street Cleaning, who had been rejected by the Commissioner of Street Cleaning for the reason that he was over forty years of age. The Secretary was instructed to summon the candidate before the Commission to show cause why his name should not be removed from the eligible list.

A communication was presented from the Acting General Medical Superintendent of Bellevue Hospital, dated February 17, requesting approval of the reinstatement as of January 2, 1913, of Louis C. Frees as General Inspector of Construction. In this connection the Commission considered a report of the Assistant Chief Examiner in Charge of Promotions, dated February 27, to the effect that there was on January 2, 1913, a preferred list of General Inspector containing the names of Nicholas R. O'Connor and John J. Kenny, and that the first named person had never been employed on duties similar to those demanded of a General Inspector of Construction in Bellevue and Allied Hospitals, but that John J. Kenny had been suspended from a position similar in character. The Secretary was instructed to certify the name of John J. Kenny, and to inform the Acting General Medical Superintendent of Bellevue Hospital that the services of Louis G. Frees must be terminated at once.

A communication was presented from the Assistant Secretary of the Board of Education, dated March 3, requesting approval of the appointment of Joseph Shedrowitz, 151 Jersey st., New Brighton, Staten Island, as 1st grade Clerk, with salary at the rate of \$300 per annum, on February 24, 1913, under the provisions of clauses 3 and 4 of rule 12. The appointment was approved, pending the preparation of an eligible list.

A communication was presented from the Assistant Secretary of the Department of Education, dated March 3, requesting approval of the emergency appointment of Bertha Aronheim, 212 East 87th st., New York City, as Stenographer and Typewriter, with salary at the rate of \$2.50 per day, for a period of fifteen days from February 18, 1913. The appointment was approved under clause 4 of rule 12.

A communication was presented from the Deputy Commissioner of the Department of Water Supply, Gas and Electricity, dated March 1, requesting approval of a voucher in payment of Dr. J. E. McNichol, 1225 Castleton ave., West New Brighton, S. I., in the amount of \$14.50, for services as Veterinarian from January 30 to July 14. The voucher was approved under clause 6 of rule 12.

On motion, it was resolved, That, under authority of clause 6 of rule 12, Mr. E. W. Stewart be and he hereby is excepted from examination to be employed as Expert Investigator for a period not to exceed fifty days from December 15, 1912, in the Board of Estimate and Apportionment; provided, however, that his total compensation shall not exceed \$500.

A communication was presented from the Board of Water Supply, dated March 4, requesting approval of the appointment of John Dalbo and Frank Dalbo, of North White Plains, N. Y., as Concrete Finishers, with salary at the rate of \$4.50 per diem each, for a period not to exceed three months. The appointments were approved under clause 7 of rule 12.

The following certifications were approved, the names in excess of the number prescribed by the rules having been ordered certified to anticipate possible declines on account of salary, location, etc.:

Seven names in response to a requisition dated March 4 from the Assistant Secretary of the Board of Education for an eligible list from which to appoint three temporary Clerks, with salary at the rate of \$3 per day each from the appropriate eligible list of Medical Inspector.

Twelve names in response to a requisition dated March 3 from the Assistant Secretary of the Board of Education for an eligible list from which to make one appointment to the position of Janitor with knowledge of steam heating at \$1,036 per annum, and one at \$720 per annum.

Twelve names in response to a requisition dated March 3 from the Assistant Secretary of the Board of Education for an eligible list from which to appoint two Janitors with salary at the rate of \$600 per annum.

The following reports of Departmental Boards of Examiners for Positions in the non-competitive class were approved upon the recommendation of the Chief Examiner:

Department of Health, February 26, March 4.

Bellevue and Allied Hospitals, February 21, 20, 20, 20, 17.

Brooklyn Disciplinary Training School for Boys, February 11.

Department of Public Charities, March 3.

The request of Mary L. Reed, 52 E. 182d st., New York City, that her name be restored to the eligible list of Nurse was granted, it appearing that she had never received the notice from the Department of Health, for failure to reply to which her name had been removed from the list.

The request of Anna Reilly, 706 W. 179th st., New York City, for permission to amend her statements as to date of birth where in error in the papers of her examination for the position of Nurse, to conform to the proof submitted, also that she be permitted to correct her name appearing therein as Anna B. "O'Reilly" to read "Anna Reilly," was granted.

The application of Irving Freidin, 182 Broome st., New York City, for the position of 1st grade Clerk, was accepted, the placing of his name upon the eligible list in the event of his passing the examination for that position to be conditional upon the production by him of proof of the citizenship of his father.

The application of Azar Koory, 5724 5th ave., Brooklyn, N. Y., for the position of Patrolman, was accepted, the proof submitted by him as to the date of birth in place of the birth certificate required having been satisfactory to the Commission.

The application of Abraham Jacobs, 218 Henry st., New York City, for the position of 1st grade Clerk, was accepted, the proof of date of birth submitted in place of a birth certificate having been satisfactory to the Commission.

A communication dated March 3 was presented from George P. Kuzmier, Hartsdale, N. Y., requesting that the Commission construe the non-competitive examination in which he qualified for provisional employment as Assistant Engineer in the office of the President of the Borough of Queens as having qualified him for provisional employment as Topographical Draftsman in that department under clause 3 of Civil service rule 12. The request was granted, and the action of the Commission in ordering a non-competitive examination to qualify Mr. Kuzmier for provisional employment as Topographical Draftsman was rescinded.

A communication was presented from Thomas J. Mangan, 33 Centre ave., Union Course, L. I., dated February 10, requesting that his name be removed from the Commission's disqualified list. The Secretary was instructed to summon the applicant before the Commission relative to his request.

The Commission then adjourned, to meet Wednesday, March 12, 1913, at 10 o'clock a. m.

F. A. SPENCER, Secretary.

DEPARTMENT OF DOCKS AND FERRIES. Auction Sale of Privileges. DEPARTMENT OF DOCKS AND FERRIES, PIER A, FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

JOSEPH P. DAY, Auctioneer. Will sell, on behalf of the Department of Docks and Ferries, at public auction, to the highest bidder, on

FRIDAY, APRIL 25, 1913. commencing at 12 o'clock, noon, at Pier A, foot of Battery place, North River, the herein detailed privileges, to be exercised under and according to the terms, conditions and limitations of agreement with the Commissioner of Docks, to be entered into as hereinafter required, for a term of two years, beginning at noon on May 1, 1913.

Each lot will be sold separately. Lot No. 1. Upset Price, \$23,000 Per Annum. Lot No. 1 includes privileges at the Manhattan terminal of the Staten Island Ferry, as follows:

A-The privilege of vending, selling and furnishing newspapers, books, periodicals, confectionery, soda water, bottled mineral waters, cigars, tobacco and fruits, and any other article which may at any time be included, at the discretion of the Commissioner of Docks. This privilege will include the use of the stand on the lower floor of the Terminal Building and the use of the stand on the upper floor of the Terminal Building. All articles offered for sale must be confined within the stand area, except that a small stand for the sale of newspapers will be allowed at the entrance to the Terminal Building at such point as may be designated by the Commissioner of Docks. The stands referred to within the Terminal Building are the property of The City of New York. Incandescent lamp border lighting around the top of the stand on the second floor will not be allowed as general illumination and cannot be permitted except at the expense of the concessionaire. The border lights around the top of the stand on the lower floor will be changed to what the Department of Water Supply, Gas and Electricity may consider to be a proper number of bracket lights, and, as so bracketed, will be considered part of the general illumination of the Terminal Building, which will be paid for by the City.

B-The privilege of maintaining a stand on the lower floor of the Terminal Building, at the foot of the stairs leading to the upper floor, for the vending, selling and furnishing of flowers. The flowers must be confined within the stand area. This stand may be placed in the Terminal Building at some other location than the one indicated, such other location to be

subject absolutely to approval by the Commissioner of Docks. The flower stand or icebox must be furnished by and at the expense of the successful bidder, the design and dimensions of the stand to be subject to approval by the Commissioner of Docks; the stand so furnished by the successful bidder will remain the property of the successful bidder and must be removed by him at or before the expiration of the term for which the privilege is granted. The stand now used is the property of the present permittee. No lighting in or on this flower stand will be allowed except at the expense of the concessionaire, as such lighting cannot be considered as any part of general illumination of the Terminal.

C-The privilege of maintaining a stand on the easterly side of the ground floor passenger entrance at the site now occupied, immediately outside the Terminal Building, for vending, selling and furnishing fruit. The fruit stand now installed is the property of the present permittee. The successful bidder must furnish his own stand at his own expense, the design of the same to be subject to approval by the Commissioner of Docks, and the dimensions of the stand not to exceed those of the existing stand. The stand so furnished by the successful bidder will remain the property of the successful bidder, and must be removed by him at or before the expiration of the term for which the privilege is granted. All articles offered for sale must be kept within the stand area, except that a small additional space adjacent to the stand may be occupied by a peanut roaster. No lighting in or around this stand will be allowed except at the expense of the concessionaire. The two arc lamps now located outside the Terminal Building and above this stand are maintained by and at the expense of the City and are all that will be allowed as general illumination.

Lot No. 2 will cover the privilege of placing, maintaining and operating automatic vending and weighing machines in the ferry building at the Manhattan Terminal of the Staten Island Ferry, excepting "Cent-a-Drink" water machines. This privilege will be limited to the maintenance of four machines on the ground floor and four machines on the second floor of the Terminal Building, the character and exact location of such machines on each floor to be designated by the Superintendent of Ferries.

Lot No. 3 will cover the privilege of placing, maintaining and operating automatic vending and weighing machines in the ferry building at the Manhattan Terminal of the 39th Street Ferry. This privilege will be limited to a total of nine machines, the character and exact location of the machines to be designated by the Superintendent of Ferries.

Lot No. 4 will cover the privilege of placing, maintaining and operating automatic vending and weighing machines in the ferry building at the St. George Terminal of the Staten Island Ferry. This privilege will be limited to the maintenance of ten machines, all of the machines to be located and maintained in the inside concourse at the Terminal, the character and exact location of the machines to be designated by the Superintendent of Ferries.

Lot No. 5 will cover the privilege of placing, maintaining and operating automatic vending and weighing machines in the ferry building at the Stapleton Terminal of the Stapleton Ferry. This privilege will be limited to the maintenance of three machines, the character and exact location of the machines to be designated by the Superintendent of Ferries.

Lot No. 6 includes stand privilege at the Stapleton Terminal of the Stapleton Ferry for the vending, selling and furnishing of newspapers, books, periodicals, confectionery, soda water, bottled mineral waters, cigars, tobacco, fruits and flowers, and any other article which may at any time be included, at the discretion of the Commissioner of Docks. This privilege will include the use of the stand now installed at the Terminal Building. This stand is the property of The City of New York. All articles offered for sale must be confined within the stand area, except that a small stand for the sale of newspapers will be allowed at the entrance of the Terminal Building at such point as may be designated by the Commissioner of Docks.

Lot No. 7 will include the privilege of occupying the five cab stands on the outside of the Terminal Building at the St. George terminal of the Staten Island Ferry. The successful bidder will be allowed the privilege of subletting not more than four of the stands to other hackmen, such subletting to be subject to approval by the Commissioner of Docks.

Lot No. 8 will cover the privilege of operating a boot blacking business on the Municipal ferryboats of the 39th Street Ferry, and in the terminals of said ferry at the foot of 39th st. in the Borough of Brooklyn, and at the foot of South street in the Borough of Manhattan. This privilege will allow the bootblacks on all parts of the boats and in the terminals of the said ferry, under such restrictions as the Commissioner of Docks shall make, but in no case will the bootblacks be permitted to solicit trade.

GENERAL TERMS AND CONDITIONS. 1. All bidding shall be upon the basis of an aggregate per annum fee or compensation to The City of New York for all the privileges included in the lot, which shall be payable quarterly, in advance, and in equal sums, on the 1st day of May, August, November and February, respectively, to the Cashier of the Department of Docks and Ferries.

2. The successful bidder on each lot will be allowed the privilege of subletting any portion or portions of the privileges included within the lot, subject, however, to consent thereto in writing being first obtained from the Commissioner of Docks. The subletting of any portion of the privileges without having first obtained the consent, in writing, of the Commissioner of Docks thereto, shall at once subject the successful bidder to forfeiture of the privileges held by him, at the election of the Commissioner of Docks, who, in the event of any such forfeiture, shall then have the power at any time during the term of the privileges, to revoke and cancel the permit for the exercise thereof and to resell such privileges; and the successful bidder so forfeiting privileges shall be liable to The City of New York for any deficiency resulting from such resale.

3. The successful bidder on each lot will be required to: (a) At the time of sale pay the auctioneer's fee as follows: Lot No. 1, \$50; lot No. 2, \$25; lot No. 3, \$25; lot No. 4, \$25; lot No. 5, \$10; lot No. 6, \$10; lot No. 7, \$10; lot No. 8, \$25. (b) Enter into a written agreement, at the time of the sale, with the Commissioner of Docks to comply with the terms, conditions and limitations of the permit issued to him by the Commissioner of Docks, blank forms of which are on file for examination at the office of the Secretary of the Department of Docks and Ferries.

(c) Pay to the Department of Docks and Ferries, at the time of sale, 25 per cent. of the amount of the annual fee or compensation to be paid The City of New York for said lot, as security for carrying into effect the terms of

the sale, which 25 per cent. will be applied to the payment of the quarterly installment of such fee or compensation first accruing under said agreement when executed, or will be forfeited to The City of New York as liquidated damages if the successful bidder neglects or refuses to execute the agreement, with good and sufficient bond or obligation of a surety company authorized by law to act as surety in the sum of the upset annual fee or compensation herein specified for the lot to be approved by the Commissioner of Docks for the faithful performance of the terms and conditions thereof, within five days after being notified that the agreement is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier A, foot of Battery place, North River.

(d) Arrange with the Department of Water Supply, Gas and Electricity for the water required in connection with the privileges, and must pay to said Department the regular water charges for the water used. All gas installation will be by and at the expense of the successful bidder, subject to the rules and regulations of the Department of Water Supply, Gas and Electricity, and the gas must be paid for by the successful bidder. Any electricity required by the successful bidders other than the regular lighting of the terminals, must be paid for by the successful bidders. No installation of water, gas or electricity shall be attempted without consent being first obtained from the Department of Water Supply, Gas and Electricity and from the Commissioner of Docks.

4. The Commissioner of Docks expressly reserves the right to: (a) Revoke, cancel and annul any permit issued to or agreement made with any successful bidder at this sale who shall fail or neglect to observe, keep and perform any of the terms, conditions or limitations of such permit or agreement.

(b) Resell any privileges where the successful bidder fails, refuses or neglects to comply with the terms and conditions herein contained, the parties so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

(c) Grant to other than the successful bidder at any terminal the privilege to maintain and operate "Cent-a-Drink" or other or similar water machines.

(d) Reject any or all bids if, in his judgment, he deems it for the best interests of The City of New York so to do. No person will be accepted as a successful bidder who is delinquent on any form of contract with the Department of Docks and Ferries or with The City of New York. No bid will be received from any person who is in arrears to the Department of Docks and Ferries, or to The City of New York upon debt or contract, or who is a defaulter of surety or otherwise upon any obligation to the Department of Docks and Ferries or to The City of New York.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at the above office until 12 o'clock noon on

WEDNESDAY, APRIL 30, 1913. CONTRACT NO. 1339.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR FURNISHING ABOUT 1,000 HOURS' SERVICES OF TUGS IN TOWING ON THE NORTH AND EAST RIVERS, AND WATERS WITHIN THE LIMITS OF THE CITY OF NEW YORK.

The time for the completion of the work and the full performance of the contract is on or before December 31, 1913.

The amount of security required is Two Thousand Dollars (\$2,000).

The bidder shall state, both in writing and in figures, a price per hour for towing and a flat price per call for running time in each of the five zones specified and described in the specifications. Any bid not specifying a per hour figure for towing and a flat call price for each of the five zones will be informal and cannot be considered. The contract, if awarded, will be awarded to the bidder whose price is the lowest based upon an estimate of 1,000 hours of towing and an estimate of 200 calls for zone one; 75 calls for zone two; 20 calls for zone three; 1 call for zone four and 1 call for zone five. The five zones are described in detail in the specifications and the zone map referred to in the specifications may be seen and examined at Pier "A," foot of Battery place, North River, Manhattan. In case of discrepancy between the written price and that given in figures, the price in writing will be considered as the bid.

Tugs will be required at the time and in the manner and in such quantities as may be directed. Blank forms and further information may be obtained upon personal application at the office of the said Department or by mail only when request is accompanied by ten (10) cents in stamps to cover postage.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened April 24, 1913," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on April 3, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York on January 11, 1907, authorized the acquisition of title to the lands and premises required for the opening and extending of Lane avenue, between Westchester avenue and West Farms road; the public place bounded by Lane avenue, West Farms road and Westchester avenue, and Westchester avenue, between Main street, or West Farms road, and the Eastern boulevard, at Pelham Bay Park, in the Borough of The Bronx, the cost and expense of which was placed, on November 20, 1908, upon an area deemed to be benefited by the improvement; and

Whereas, After a public hearing, held by the Board on May 7, 1909, the area of assessment was enlarged; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of reconsidering its action with respect to the distribution of the cost and expense of said proceeding and of making a new determination concerning the same in conformity with the provisions of section 247 of the Charter, as amended (chapter 679 of the Laws of 1911); be it

Resolved, That the Board of Estimate and Apportionment will hold a public hearing in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, May 1, 1913, at 10.30 o'clock a. m., at which all persons interested will be given an opportunity to be heard upon the proposed reconsideration and redetermination concerning the distribution of the cost and expense of the aforesaid proceeding so as to place 15 per cent. of the entire cost and expense thereof upon the Borough of The Bronx, 10 per cent. of such cost and expense upon the Borough of Manhattan and the remaining 75 per cent. upon the local area fixed by the Board on May 7, 1909, which area is more particularly described as follows:

Beginning at a point on a line midway between Parker street and Zerega avenue, where it is intersected by the prolongation of a line midway between Frisby avenue and Glebe avenue, as these streets are laid out northeasterly from Zerega avenue, and running thence northeasterly along the said line midway between Frisby avenue and Glebe avenue, and along the prolongation of the said line to the intersection with a line midway between Overing street and Benson avenue; thence northwardly along the said line midway between Overing street and Benson avenue to a point distant 100 feet southeasterly from the southeasterly line of St. Raymond avenue; thence northwardly and always distant 100 feet southeasterly from the southeasterly line of St. Raymond avenue and the prolongation thereof to the intersection with a line midway between Brockett avenue and Halperin avenue; thence northwardly along the said line midway between Brockett avenue and Halperin avenue to a point distant 100 feet northeasterly from the northeasterly line of Blondell avenue; thence southeasterly and always distant 100 feet northeasterly from the northeasterly line of Blondell avenue to a point distant 600 feet northwesterly from the northwesterly line of Westchester avenue, the said distance being measured at right angles to the lines of Westchester avenue; thence northwardly, northwardly and northeasterly and always distant 600 feet northwesterly, westerly and northwesterly lines of Westchester avenue, and the prolongation thereof to a point distant 600 feet easterly from the westerly line of Pelham Bay Park, the said distance being measured at right angles to the line of Pelham Bay Park; thence southwardly along a line parallel with the westerly line of Pelham Bay Park, as laid out immediately northwest of Westchester avenue, and along the prolongation of the said line to the intersection with the prolongation of the northwesterly line of Morris Park avenue, as laid out east of Westchester avenue; thence southwardly along the said prolongation of the northwesterly line of Morris Park avenue to a point distant 250 feet easterly from the westerly line of Pelham Bay Park, the said distance being measured at right angles to the line of Pelham Bay Park; thence southwardly and always distant 250 feet easterly from the westerly line of Pelham Bay Park to the intersection with the prolongation of a line midway between Buhre avenue and Roberts avenue, as these streets are laid out adjoining the Eastern boulevard; thence southwardly along the said line midway between Buhre avenue and Roberts avenue and along the prolongation of the said line, to the intersection with a line midway between Jarvis avenue and Mahan avenue; thence southwardly along the said line midway between Jarvis avenue and Mahan avenue to a point distant 100 feet southeasterly from the southeasterly

line of Roberts avenue; thence southwardly along a line parallel with Roberts avenue, as laid out between Crosby avenue and the Eastern boulevard, and along the prolongation of the said line to a point distant 600 feet southeasterly from the southeasterly line of Westchester avenue, the said distance being measured at right angles to the line of Westchester avenue; thence southwardly and always distant 600 feet southeasterly from the southeasterly line of Westchester avenue to the intersection with the prolongation of a line midway between Parker street and Zerega avenue, as these streets are laid out adjoining Westchester avenue; thence northwardly along the said line midway between Parker street and Zerega avenue, and along the prolongation of the said line to the point or place of beginning.

The 15 per cent. of the cost and expense of this proceeding proposed to be placed upon the Borough of The Bronx, and the 10 per cent. thereof upon the Borough of Manhattan, are to be levied and collected with the taxes upon the real property in said Boroughs becoming due and payable in the year in which the cost and expense shall have been fixed and determined, provided that such cost and expense be ascertained in time to be included with the taxes on the real property of said Boroughs in the same year; and if not determined in time the same is to be levied and collected with the taxes of the succeeding year.

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held March 27, 1913, the following petition was received:

APPLICATION FOR LEAVE TO SURRENDER FRANCHISE. To the Honorable the Board of Estimate and Apportionment of The City of New York:

Sirs—Electric Protection Company of New York (hereinafter called the Protection Company) respectfully petitions as follows:

(1) The Protection Company is a corporation duly organized under the Transportation Corporations Law of the State of New York.

(2) By a contract dated March 1, 1911, the City of New York granted to the Protection Company a certain franchise and entered into a certain contract with the Protection Company, whereof copies are hereto annexed and are hereby referred to as if fully incorporated in this petition.

(3) By section 2, paragraph second, of said franchise and contract, it was provided that the Protection Company should pay annually upon each first day of November, a stated percentage of its gross earnings for the year ended on the September 30th preceding each such first day of November, and that if such percentage of such gross earnings should not equal the sum of \$1,200, then the Protection Company should pay the minimum sum of \$1,200 per year.

(4) As a security deposit to protect the City of New York in such annual payments the Protection Company deposited with the Comptroller \$5,000 in accepted securities, which deposit still remains in the hands of said Comptroller.

(5) The Protection Company has not yet commenced to avail itself in any respect whatsoever of the privileges to it granted under said franchise and contract, and has so reported to the Comptroller of the City of New York for the years ended respectively September 30, 1911, and September 30, 1912.

(6) The said minimum annual payment due November 1, 1912, not having been paid, the Comptroller, as provided by said franchise and contract, served upon the Protection Company a notice that at the expiration of ten (10) days thereafter he would cause the said payment to be made out of said security deposit. Said notice terminates and becomes effective at the opening of business on March 17, 1913.

(7) The Protection Company finds itself unable to use the privileges and benefits of its said franchise and contract and desires to surrender the same. The Protection Company has made diligent efforts to assure itself of business sufficient to justify it in using the franchise and contract and the privileges thereunder, but has not been able to secure sufficient business to warrant it in embarking upon the development of the enterprise in furtherance of which said franchise and contract were granted.

(8) The Protection Company has no subscribers for the use of its proposed service, so that the termination of its franchise will not result in embarrassment or inconvenience to third parties; and no competing companies have been deprived of the right to furnish a similar service by reason of the franchise granted to the Protection Company.

(9) Inasmuch as under the terms of said contract a large sum of money, to wit, \$5,000 was paid by the Protection Company to said City of New York as a consideration for the granting of said franchise, and at the date of the granting thereof; and inasmuch as the further sum of \$1,200 was paid to said City on or about November 1, 1911, being the minimum annual payment for the first year of said franchise; and inasmuch as the Protection Company has made no use whatever of said franchise and contract, nor of any of the privileges and benefits granted thereunder, nor has the Protection Company in any manner whatever imposed any burden or enjoyed any easement upon, in or under the streets of said City by virtue of said franchise and contract or otherwise howsoever, the Protection Company respectfully submits that it is justly entitled to surrender said franchise and contract, absolving the City of New York from all liability whatsoever to the Protection Company thereunder, and in return therefor should be repaid in the sum of \$5,000, being the amount of said security deposit.

The Protection Company therefore respectfully prays:

(a) That it be permitted to surrender irrevocably the said franchise and contract dated March 1, 1911.

(b) That, upon the consummation of such surrender of said franchise and contract, the City of New York repay to the Protection Company the sum of \$5,000 now on deposit with the Comptroller of the City of New York or such part thereof as may seem just and equitable.

Dated New York, March 17, 1913.

ELECTRIC PROTECTION COMPANY OF NEW YORK.

By ALFRED J. JOHNSON, President.

Attest: R. L. FORBES, Secretary.

State of New York, County of New York, ss.: Alfred J. Johnson, being duly sworn, deposes and says:

I am the president of the Electric Protection Company of New York. I have read the foregoing petition and the same is true to my own knowledge.

ALFRED J. JOHNSON.

Sworn to before me this 17th day of March, 1913.

LESTER FRINK, Notary Public, Kings County. Certificate filed in New York County No. 44, and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Electric Protection Company of New York, dated March 17, 1913, was presented to the Board of Estimate and Apportionment at a meeting held March 27, 1913.

Resolved, That in pursuance of law this Board sets Thursday, the 24th day of April, 1913, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause a notice of such petition to be published for at least two (2) days in two daily newspapers in the City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day a public hearing was had on the petition of the Harrison Street Cold Storage Company for the consent of the Board to surrender and have cancelled contract dated December 27, 1909, by and between the company and the City authorizing the company to install, maintain and use pipes in certain districts in the Borough of Manhattan for the distribution of refrigeration to consumers, and the hearing was continued until April 24, 1913, at 10.30 o'clock a. m., in Room 16, City Hall, Borough of Manhattan, when all persons interested will have an opportunity to appear and be heard.

JOSEPH HAAG, Secretary. a12,24
Dated New York, March 13, 1913.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The Merchants' Refrigerating Company has, under date of February 24, 1913, made application to this Board, for a modification of the terms and conditions of the contract dated October 21, 1910, granting said company a franchise for the construction, maintenance and operation of conduits for the distribution of refrigeration in limited districts in the Borough of Manhattan; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on February 27, 1913, fixing the date for a public hearing thereon as March 13, 1913, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "Sun" and "Evening Mail," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the proposed modifications and amendments of said contract of October 21, 1910; now therefore it is

Resolved, That the following form of the resolution for the consent or right applied for by the Merchants' Refrigerating Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain modifications in the terms and conditions of the said contract of October 21, 1910, such modified terms and conditions being, fully set forth and described in the following form of proposed contract, for the grant thereof, embodying such terms and conditions as modify or alter said contract of October 21, 1910, which said contract otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1913, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of authority of the Board of Estimate and Apportionment of said City, and the Merchants' Refrigerating Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City, by contract dated October 21, 1910, did grant to the Company the right and privilege to construct, maintain and operate conduits in and under the surface of the streets in certain districts in the Borough of Manhattan, City of New York, for the purpose of supplying refrigeration to consumers, upon certain conditions therein fully set forth; and

Whereas, The said Company has applied to the Board by a petition verified the 24th day of February, 1913, for a modification of the said contract, in accordance with said petition;

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City consents to such modification in and to the said contract, subject to the following conditions:

Section 2. Subdivision Second, paragraph (b) is hereby amended to read:

(b) From October 21, 1910, to the date of the execution of this contract by the Mayor, an annual sum which shall in no case be less than eight hundred dollars (\$800), and which shall be equal to two (2) per cent. of its gross annual receipts if such percentage shall exceed the sum of eight hundred dollars (\$800).

From the date of the execution of this contract by the Mayor to October 21, 1915, an annual sum which shall in no case be less than sixteen hundred dollars (\$1,600), and which shall be equal to two (2) per cent. of its gross annual receipts if such percentage shall exceed the sum of sixteen hundred dollars (\$1,600).

During the second term of five (5) years an annual sum, which shall in no case be less than twenty-four hundred dollars (\$2,400), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of twenty-four hundred dollars (\$2,400).

During the third term of five (5) years an annual sum, which shall in no case be less than three thousand dollars (\$3,000), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand dollars (\$3,000).

The gross receipts mentioned above shall be the total receipts from all business for furnishing refrigeration to consumers.

Section 2, Subdivision Twenty-third, Paragraph 1 is hereby amended by providing that the sum of five thousand five hundred dollars (\$5,500) shall be deposited with the Comptroller of the City in lieu and in place of the sum of three thousand dollars (\$3,000) named therein.

Sec. 2. This contract shall take effect on the date of the execution thereof by the Mayor.

Sec. 3. All the terms and conditions contained in the said contract dated October 21, 1910, shall remain unchanged, except as hereinabove modified.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part,

Resolved, That in pursuance of law this Board sets Thursday, the 24th day of April, 1913, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause a notice of such petition to be published for at least two (2) days in two daily newspapers in the City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

FOR FURNISHING AND DELIVERING GASOLENE.

The time allowed for the performance of the contract is during the year 1913.
 The amount of security will be thirty (30) per cent. of the total amount for which the contract is awarded.

No bid will be considered unless it is accompanied by a deposit, which shall be in the form of money or a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or corporate stock or certificates of indebtedness of any nature issued by The City of New York and approved by the Comptroller, as of equal value to the security required.

Such deposit shall be in amount not less than one and one-half (1½) per cent. of the total amount of the bid.

The bidder will state the price of each item or article contained in the specifications or schedules per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The bids will be read from the total of each item, and the Police Commissioner will award the contract to the lowest bidder on each item for all the articles, materials or supplies specified and contained in the specifications and schedule.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioner, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Commissioner, and any further information can be obtained at the office of the Bureau of Repairs and Supplies, Headquarters of the Police Department, 240 Centre st., Borough of Manhattan.

Filing Preliminary Abstracts.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of **LIEBIG AVENUE**, from Mosholu avenue to the City line; and **TYNDALL AVENUE**, from Mosholu avenue to a line extending between a point on the westerly line of Tyndall avenue, distant 81.01 feet north of the northerly line of West Two Hundred and Sixtieth street and a point on the easterly line of Tyndall avenue, distant 65.23 feet north of the northerly line of West Two Hundred and Sixtieth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of May, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 14th day of May, 1913, at 10 o'clock a. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 12th day of May, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 15th day of May, 1913, at 10 o'clock a. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 11th day of January, 1912, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Von Humboldt avenue and Liebig avenue, as these streets are laid out immediately southerly from and adjoining West Two Hundred and Fifty-ninth street, distant 100 feet northerly from the northerly line of West Two Hundred and Fifty-sixth street, the said distance being measured at right angles to the line of West Two Hundred and Fifty-sixth street and running thence northwardly along the said line midway between Von Humboldt avenue and Liebig avenue, and the prolongation thereof, to the southerly line of West Two Hundred and Fifty-ninth street; thence northwardly to a point on the northerly line of West Two Hundred and Fifty-ninth street midway between Von Humboldt avenue and Liebig avenue as these streets

are laid out north of West Two Hundred and Fifty-ninth street; thence northwardly along a line always midway between Von Humboldt avenue and Liebig avenue to the northerly boundary line of The City of New York; thence eastwardly along the said boundary line to a point midway between Liebig avenue and Tyndall avenue; thence southwardly along a line midway between Liebig avenue and Tyndall avenue to a point distant 100 feet northerly from the northerly line of West Two Hundred and Fifty-sixth street; thence eastwardly and parallel with West Two Hundred and Fifty-sixth street to a point midway between Tyndall avenue and Fieldston road; thence southwardly along a line always midway between Tyndall avenue and Fieldston road to the northerly line of Mosholu avenue; thence southeastwardly and parallel with the line of Fieldston road as this street is laid out between Mosholu avenue and Faraday avenue to the intersection with a line midway between Mosholu avenue and Faraday avenue; thence southwestwardly along the said line midway between Mosholu avenue and Faraday avenue to the intersection with a line parallel with West Two Hundred and Fifty-sixth street and passing through the point of beginning; thence westwardly along the said line parallel with West Two Hundred and Fifty-sixth street to the point or place of beginning.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 14th day of May, 1913.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 27th day of June, 1913, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.
 Dated Borough of Manhattan, New York, April 10, 1913.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises not now owned by The City of New York in the block bounded by Jackson avenue, East One Hundred and Fifty-eighth street, Trinity avenue and East One Hundred and Sixtieth street, in the Twenty-third Ward, in the Borough of The Bronx, in The City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Appraisal in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons, respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education of The City of New York, situated at the southwest corner of Fifty-ninth street and Park avenue, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, Monday, April 14, 1913, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 28th day of April, 1913, at 11 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.
 Dated New York, April 14, 1913.

Application for Appointment of Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of **EAST ONE HUNDRED AND SIXTY-SIXTH STREET**, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, in the Twenty-third Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III thereof, in and for the County of New York, in the County Court House, in the Borough of Manhattan, City of New York, on the 24th day of April, 1913, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of East One Hundred and Sixty-sixth street, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, in the Twenty-third Ward, Borough of The Bronx, City of New York, being the following described pieces or parcels of land:

Beginning at a point in the eastern line of

Brook avenue distant 581.75 feet southwesterly from the intersection of said line with the southern line of East One Hundred and Sixty-seventh street; thence southwesterly along the eastern line of Brook avenue for 20.549 feet; thence southerly deflecting 76 degrees 43 minutes 40 seconds to the left for 97.978 feet to the westerly line of the right of way of the New York and Harlem Railroad; thence easterly along the westerly right of way line of the New York and Harlem Railroad for 20.114 feet; thence northerly for 100.546 feet to the point of beginning.

East One Hundred and Sixty-sixth street, from Brook avenue to the westerly right of way line of the New York and Harlem Railroad, is shown on a map or plan entitled "Map or Plan showing the Locating, laying out and the grades of East One Hundred and Sixty-sixth street, from Park avenue east to Brook avenue, for the purpose of constructing a foot bridge across the tracks of the N. Y. & H. R. R., in the Twenty-third Ward, Borough of The Bronx, City of New York. Prepared by the President of the Borough of The Bronx, under authority of chapter 466, Laws of 1901," which map was filed in the office of the President of the Borough of The Bronx on December 28, 1911; in the office of the Register of the County of New York on December 27, 1911, as Map No. 1579, and in the office of the Counsel to the Corporation of The City of New York on December 27, 1911, in pigeon hole 176.

Land required for East One Hundred and Sixty-sixth street is located in Block 2392 of Section 9 of the Land Map of The City of New York.

The Board of Estimate and Apportionment on the 3d day of October, 1912, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the westerly line of Clay avenue, where it is intersected by the prolongation of a line midway between East One Hundred and Sixty-sixth street and East One Hundred and Sixty-seventh street, as these streets are laid out between Clay avenue and Webster avenue, and running thence eastwardly along the said line midway between East One Hundred and Sixty-sixth street and East One Hundred and Sixty-seventh street, and along the prolongations of the said line to the intersection with the westerly line of Third avenue; thence southwardly along the westerly line of Third avenue to the intersection with the prolongation of a line midway between East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street as these streets are laid out between Findlay avenue and Teller avenue; thence westwardly along the said line midway between East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of East One Hundred and Sixty-fifth street and East One Hundred and Sixty-sixth street, as these streets are laid out between Grant avenue and Morris avenue; thence westwardly along the said bisecting line to the intersection with the easterly line of Grand Boulevard and Concourse; thence northwardly along the easterly line of Grand Boulevard and Concourse to the intersection with a line midway between East One Hundred and Sixty-sixth street and McClellan street as these streets are laid out adjoining Carroll place; thence eastwardly along the said line midway between East One Hundred and Sixty-sixth street and McClellan street and along the prolongation of the said line to the intersection with the easterly line of Teller avenue; thence eastwardly in a straight line to the point or place of beginning.
 Dated New York, April 12, 1913.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of **VIRGINIA AVENUE**, from the Public place at Westchester avenue to Ludlow avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term thereof, to be held in Part III thereof, in and for the County of New York, in the County Court House, in the Borough of Manhattan, City of New York, on the 24th day of April, 1913, at the opening of Court on that day, or as soon thereafter as counsel can be heard, for the appointment of Commissioners of Estimate and one Commissioner of Assessment in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee by The City of New York, for the use of the public, to all the lands and premises, together with the buildings thereon and the appurtenances thereunto belonging, required for the opening and extending of Virginia avenue, from the Public place at Westchester avenue to Ludlow avenue, in the Twenty-fourth Ward, in the Borough of The Bronx, City of New York, being the following described pieces or parcels of land:

Beginning at a point in the northern line of Ludlow avenue distant 1,502.138 feet westerly from the intersection of said line with the western line of Olmstead avenue; thence westerly along the northern line of Ludlow avenue for 60.74 feet; thence northerly deflecting 81 degrees 02 minutes 35 seconds to the right for 2,307.19 feet to the southerly line of the Public place at Westchester avenue; thence easterly along the southerly line of the Public place for 60.74 feet; thence southerly for 2,307.19 feet to the point of beginning.

Virginia avenue, from the Public place at Westchester avenue to Ludlow avenue, is shown on Section 47 of the Final Maps of the Borough of The Bronx, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901 and amendatory acts, which map was filed in the office of the President of the Borough of The Bronx April 29, 1909; in the office of the Register of the County of New York on April 27, 1909, as Map No. 1326, and in the office of the Counsel to the Corporation of The City of New York on April 27, 1909, in pigeon hole 116.

Land required for Virginia avenue is located east of the Bronx River.

The Board of Estimate and Apportionment on the 7th day of March, 1912, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on a line midway between Ludlow avenue and Houghton avenue where it is intersected by the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Virginia avenue, the said distance being measured at right angles to Virginia avenue and running thence northerly along the said line parallel with Virginia avenue and along the prolongations of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Westchester avenue, as this street is laid out between White Plains road and East

One Hundred and Seventy-seventh street, the said distance being measured at right angles to Westchester avenue; thence eastwardly along the said line parallel with Westchester avenue and along the prolongation of the said line to the intersection with a line midway between Gray street and Storrow street, as these streets are laid out adjoining the Public place at Westchester avenue; thence southwardly along the said line midway between Gray street and Storrow street and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Virginia avenue and the southwesterly line of East One Hundred and Seventy-seventh street, as these streets are laid out where they adjoin the Public place at Westchester avenue; thence southeastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Virginia avenue and the westerly line of Pugsley avenue, as these streets are laid out between Watson avenue and Haviland avenue; thence southwardly along the said bisecting line to the intersection with a line midway between Ludlow avenue and Houghton avenue; thence westwardly along the said line midway between Ludlow avenue and Houghton avenue to the point or place of beginning.

Filing Supplemental and Amended Abstracts.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of **EAST TWO HUNDRED AND TWENTY-SECOND STREET**, formerly Eighth street or avenue (although not yet named by proper authority), from Bronx River to Seventh street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 25th day of April, 1913, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 28th day of April, 1913, at 3.30 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of April, 1913.

Third—That the limits of our supplemental and amended assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the easterly line of the Bronx River with a line parallel to and distant 2,000 feet northerly from the northerly line of East Two Hundred and Twenty-second street; running thence easterly and parallel to East Two Hundred and Twenty-second street and always distant 2,000 feet northerly therefrom to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Boston road; thence southerly along said line parallel to Boston road to its intersection with a line parallel to and distant 2,000 feet southerly from the southerly line of East Two Hundred and Twenty-second street; thence westerly and parallel to East Two Hundred and Twenty-second street and always distant 2,000 feet southerly therefrom to its intersection with the easterly line of the Bronx River; thence northerly along the easterly line of the Bronx River to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said supplemental and amended abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 6th day of June, 1913, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said supplemental and amended abstracts of estimate and assessment, the notice of motion to confirm our supplemental and amended final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

JOEL J. SQUIER, Clerk. a14,24

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of **SEAMAN AVENUE**, from Academy street to Dyckman street, and of an **UNNAMED STREET** northeasterly from Dyckman street, from Seaman avenue to Broadway, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their supplemental and amended estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Bor-

ough of Manhattan, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 30th day of April, 1913, at 3 o'clock p. m.

Second. That the undersigned, Commissioner of Assessment, has completed his supplemental and amended estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 1st day of May, 1913, at 3 o'clock p. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 18th day of June, 1909, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on a line distant 100 feet southwesterly from and parallel with the southwesterly line of Dyckman street, the said distance being measured at right angles to the line of Dyckman street, where it is intersected by a line distant 100 feet northwesterly from and parallel with the northwesterly line of F street, the said distance being measured at right angles to F street, and running thence northeasterly and parallel with F street and the prolongation thereof to the intersection with the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Academy street, the said distance being measured at right angles to Academy street; thence southwardly along the said line parallel with Academy street and along the prolongation of the said line to a line bisecting the angle formed by the intersection of the prolongation of the southeasterly line of Seaman avenue and the northwesterly line of Broadway, as these streets are laid out between Academy street and Dyckman street; thence southwesterly along the said bisecting line to a point distant 100 feet northeasterly from the north-easterly line of the unnamed street, the said distance being measured at right angles to the unnamed street; thence southeasterly and parallel with the unnamed street and the prolongation thereof to a point distant 100 feet southeasterly from the southeasterly line of Broadway, the said distance being measured at right angles to Broadway; thence southwesterly and parallel with Broadway to the intersection with the prolongation of a line distant 100 feet southwesterly from and parallel with the southwesterly line of the unnamed street, the said distance being measured at right angles to the unnamed street; thence northwesterly along the said line parallel with the unnamed street and the prolongation thereof to the intersection with the bisecting line hereinbefore described; thence southwesterly along the said bisecting line to a line parallel with Dyckman street and passing through the point of beginning; thence northwesterly along the said line parallel with Dyckman street to the point or place of beginning.

Fourth. That the abstracts of said supplemental and amended estimate of damage and of said supplemental and amended assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of April, 1913.

Fifth. That, provided there be no objections filed to either of said supplemental and amended abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 19th day of June, 1913, at the opening of Court on that day.

Sixth. In case, however, objections are filed to the foregoing supplemental and amended abstracts of estimate and assessment, or to either of them the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, April 4, 1913.

First. That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 29th day of April, 1913, at 3 o'clock p. m.

Second. That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 11th day of February, 1910, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the prolongation of a line midway between Sixty-seventh street and Sixty-eighth street, as these streets are laid out east of Eighteenth avenue, distant 100 feet southeasterly from the southeasterly line of Bay parkway, the said distance being measured at right angles to Bay parkway, and running thence northwesterly along the said line midway between Sixty-seventh street and Sixty-eighth street and along the prolongation of the said line to the southeasterly line of Eighteenth avenue; thence westwardly in a straight line to a point on the northwesterly line of Eighteenth avenue where it is intersected by a line distant 100 feet southwesterly from and parallel with the southwesterly line of Sixty-seventh street as this street is laid out between Seventeenth avenue and Eighteenth avenue, the said distance being measured at right angles to Sixty-seventh street; thence northwesterly along the said line parallel with Sixty-seventh street to the intersection with the northeasterly line of Sixty-eighth street; thence northwesterly along the northeasterly line of Sixty-eighth street and the prolongation thereof to the intersection with a line distant 100 feet westerly from the westerly line of New Utrecht avenue, the said distance being measured at right angles to New Utrecht avenue; thence northwardly along the said line parallel with New Utrecht avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of Sixty-seventh street and the southwesterly line of Sixty-sixth street as these streets are laid out between New Utrecht avenue and Eighteenth avenue; thence southeasterly along the said bisecting line to the intersection with the northwesterly line of Eighteenth avenue; thence eastwardly in a straight line to a point on the southeasterly line of Eighteenth avenue midway between Sixty-sixth street and Sixty-seventh street and along the prolongation of the said line to the intersection with the southeasterly line of Bay parkway; thence southwardly and parallel with West Seventh street to the intersection with a line parallel with Bay parkway and passing through the point of beginning; thence southwesterly along the said line parallel with Bay parkway to the point or place of beginning.

Fourth. That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 9th day of May, 1913.

Fifth. That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 12th day of June, 1913, at the opening of the Court on that day.

Sixth. In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, April 9, 1913.
HARRY J. ROSENSON, WILLIAM M. RUSSELL, DARWIN R. JAMES, Commissioners of Estimate; HARRY J. ROSENSON, Commissioner of Assessment.
EDWARD RIEGELMANN, Clerk. a9,25

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of MONTAUK AVENUE, from Atlantic avenue to Pitkin avenue, excepting the land occupied by the tracks of the Long Island Railroad, in the Twenty-sixth Ward, Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First. That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 29th day of April, 1913, at 10.30 o'clock a. m.

Second. That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections, in writing, duly verified, with him at his office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 28th day of April, 1913, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 30th day of April, 1913, at 10.30 o'clock a. m.

Third. That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 21st day of September, 1911, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Atlantic avenue, the said distance being measured at right angles to Atlantic avenue; on the east by a line midway between Montauk avenue and Milford street and by the prolongation of the said line; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Pitkin avenue, the said distance being measured at right angles to Pitkin avenue; and on the west by a line midway between Atkins avenue and Montauk avenue, and by the prolongation of the said line.

Fourth. That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 9th day of May, 1913.

Fifth. That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 12th day of June, 1913, at the opening of the Court on that day.

Sixth. In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, April 9, 1913.
WALTER MOFFAT, THOS. P. PETERS, EDWARD T. WALSH, Commissioners of Estimate; WALTER MOFFAT, Commissioner of Assessment.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale.

Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon.

The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale.

The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants.

The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point.

The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against any or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beams, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all person interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Council, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
