MOTIONS AND RESOLUTIONS.

(G. O. 213½.)

By Alderman Biglin—

Whereas, The triumph of the Columbia College four, the representatives of American college oarsmen at the international regatta at Henley-on-the-Thames, London, on the memorable 4th and 5th days of July, 1878, redounds so directly and justly to the glory of our common country, that the governments and people of every section thereof should manifest their appreciation of the glorious victory there won by the most enthusiastic demonstrations of commendation and praise of the gallant four—Jasper T. Goodwin, Henry G. Risabek, Cyrus Edson, and Edwin Sage—who so manfully upheld the honor of their native land, on the anniversary of its natal day, at the capital of the nation from whom, a century ago, we won our political independence, and who, until this great victory of Columbia College, claimed to be our superiors in manly sports and athletic games, particularly as oarsmen; and

Whereas, This brilliant achievement of a distinctively American college rowing crew, following so closely upon the victories of our American riflemen, and the admitted superiority of American yachtsmen, proves conclusively that the men of this young republic have not deteriorated morally, mentally or physically, the assertions of the enemies of free government to the contrary notwithstanding, but proves, on the contrary, and most conclusively, that they are more than the equals of the best men in the old world, and that the glories of our free institutions is bearing its legitimate fruit—ambition, self-reliance, energy, and determination to succeed—being the chief characteristics of our countrymen; and

Whereas, The "Columbia Crew," being also distinctively the crew of a New York City rowing club, imposes upon the people and government of this city the duty of recognizing in an especial and particular manner the renown they have reflected upon the City of New York in winning the "Visitors' Cup," by defeating the crews of the Oxford and Cambridge Colleges, in the ever-memorable rowing regatta, at Henley-on-the-Thames, in the city of London, on the 4th and 5th days of July, 1878; be it therefore

Resolved, That a special committee of five members of this Board, of whom the President shall be one, be appointed to receive the crew of the Columbia College Rowing Club on their arrival in this city, to welcome them home; to tender them the congratulations of the people and government of the City of New York upon their brilliant victories on the Thames, and to extend to them the use of the Governor's room in the City Hall, on any day that may best suit the convenience of the members of the crew, to receive personally the felicitations of their friends and our citizens generally; and be it further

Resolved, That a copy of this preamble and these resolutions be engrossed and framed, duly authenticated by the signatures of his Honor the Mayor and the President of the Board of Aldermen, the corporate seal affixed and attested by the Clerk of the Common Council, and presented to the President and Faculty of Columbia College, to be retained in the institution as a slight token of the appreciation of the people of the City of New York of the brilliant achievements of the Columbia College Crew of 1878 in defeating their competitors, the crews of Oxford and Cambridge Colleges, at the international rowing regatta, at the capital of the British empire, July 4 and 5, 1878.

Alderman Pinckney called for a division of the question.

The President put the question whether the Board would agree with the preamble and first resolution.

Which was decided in the affirmative.

The second resolution was then laid over.

And the President subsequently appointed as such committee Aldermen Biglin, Sauer, Guntzer, and Perley, the President being named in the resolution.

PETITIONS.

Alderman Waehner offered the following:

To the Honorable the Board of Aldermen of the City of New York:

At a meeting of the citizens in the vicinity of Tompkins square, held at No. 140 Seventh street, on the evening of June 24, 1878, the following resolution, among others, relative to the restoration of Tompkins square as a public park, was adopted, and the undersigned were requested to transmit the same to the Board of Aldermen of the City of New York:

Resolved, That the Board of Aldermen be and they are hereby requested to adopt the resolution recently introduced in said Board with reference to the restoration of Tompkins square as a public park at as early a day as the law will permit.

HENRY KEIM, President.

HERMAN GERTH, Secretary.

Alderman Waehner, by unanimous consent, then called up G. O. 193, being a preamble and resolution, as follows:

Whereas, By chapter 411 of the Laws of 1878 power is conferred upon the Common Council of the City of New York to restore Tompkins square as a public park;

Resolved, That the Department of Public Parks be and the same hereby is directed to immediately take and adopt all necessary measures to restore said square as a public park.

Alderman Keenan moved to amend by adding to the resolution the following: "And that all workmen employed by the Commissioners, in the restoration of the park, be paid by the day."

The President put the question whether the Board would agree with said amendment.

Which was decided in the affirmative, on a division, viz.:

Affirmative—The President, Aldermen Bennett, Biglin, Carroll, Ehrhart, Foster, Guntzer, Hall, Jacobus, Keenan, Kiernan, Lewis, Morris, Perley, Phillips, Pinckney, Reilly, Sauer, Sheils, Slevin, and Waehner—21.

Alderman Sauer moved a reconsideration of the above vote.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

In connection with the above the President offered the following:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE (EAST),
NEW YORK, July 3, 1878. }

Hon. WM. R. ROBERTS, President Board of Aldermen:

DEAR SIR—This Department is in receipt of the resolution of the Board of Aldermen, approved by his Honor the Mayor on the 24th ult., requesting the Commissioners of this Department to communicate "such plans as they should adopt relative to restoring Tompkins square as a public park, pursuant to the act of 1878, in the event of being directed by the Common Council to so restore said square."

All plans heretofore followed by the Department necessarily provided for a parade ground in said square. The recent act, viz., chapter 411 of the Laws of 1878, removes this obstacle to the proper improvement of the square.

The result of this is that new arrangements will have to be made, and new plans made.

The appropriation to pay for the preparation of the plans is provided by chapter 411, Laws of 1878, but is dependent upon the Common Council directing the improvement to be made, so that the Department is unable to comply with your request until you have, in the first instance, directed the work to be proceeded with.

I may state that the Commissioners have already directed that no plans be adopted for the improvement of the square until first submitted to the residents of the neighborhood, who will be given an opportunity to express their views concerning them. The same courtesy will be gladly extended to the Board of Aldermen.

Yours, respectfully,

JAS. F. WENMAN, President D. P. P.

Alderman Sauer moved to amend by adding the following: "Always provided that said work of restoration be done only by days' work and not by contract."

The President put the question whether the Board would agree with said amendment.

Which was decided in the affirmative, on a division, viz.:

Affirmative—The President, Aldermen Bennett, Biglin, Carroll, Foster, Gedney, Guntzer, Hall, Jacobus, Keenan, Kiernan, Lewis, Morris, Perley, Reilly, Sauer, Sheils, Slevin, and Waehner—19.

Negative—Aldermen Ehrhart, Phillips, and Pinckney—3.

The President then put the question whether the Board would agree with said resolution as amended.

Which was decided in the affirmative, on a division, viz.:

Affirmative—The President, Aldermen Bennett, Biglin, Carroll, Ehrhart, Foster, Gedney, Guntzer, Hall, Jacobus, Keenan, Kiernan, Lewis, Morris, Perley, Pinckney, Reilly, Sauer, Sheils, Slevin, and Waehner—21.

Which was referred to the Committee on Lands and Places.

By Alderman Keenan—

Whereas, The need of enlarged facilities for the transaction of business on the water front of the east side of the city, north of Seventy-ninth street, is so apparent that steps should be taken at once to afford a landing place for vessels of every description at the foot of Eighty-sixth street, and as the present pier at the foot of said street is very small, in fact only half of its original size, and is old, dilapidated, and greatly in need of extension and repair, be it therefore

Resolved, That the Department of Docks be and is hereby respectfully requested to cause the old pier at the foot of Eighty-sixth street, East river, to be widened and extended southerly so as to include the old broken crib formerly used to inclose the ferry slip (the ferry being now located at the foot of Ninety-second street), or to remove the old pier and collapsed crib adjoining and construct a bulkhead the full width of the street, in order to afford a much needed addition to the pier facilities of that part of the city, and with a view especially of providing a landing place for steamboats, for the accommodation of the great number of people, residents of the vicinity, who now are compelled to use a private and nearly inaccessible pier at the foot of Eighty-fourth street, which is not opened, regulated, or graded, for the purposes of a steam-boat landing.

Which was referred to the Committee on Ferries and Docks.

By Alderman Bennett—

Resolved, That hereafter, before the commencement of any action for violation of any of the ordinances of the city by the Corporation Attorney, except the ordinances relating to the removal of snow and ice from the sidewalks, the said Corporation Attorney shall give notice, in writing or printed, or partly written and printed, at least three (3) days before entering complaint, to every such delinquent, to remove such cause of complaint, which shall be clearly set forth in such notice, and if obedience is given to such notice, and the cause of complaint removed on or before the expiration of said three (3) days, then and in that case no complaint shall be made for such violation so removed or remedied; but nothing herein contained shall require more than one notice to be given to the same

person or persons for violation of any one Corporation ordinance or parts thereof; said notice shall have printed across its face, in large and conspicuous letters, the following words: "If the violation of the Corporation ordinance in this notice referred to be discontinued within three (3) days, no action will be commenced by the Corporation Attorney."

In connection with the above the President laid before the Board the following:

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,
NEW YORK, July 15, 1878.

To the Honorable the Board of Aldermen:

GENTLEMEN—Under chapter 476, Laws of 1875, there has been appropriated by the Board of Estimate and Apportionment for "Repaving Streets" the sum of \$200,000 for 1877, and \$300,000 for 1878. The appropriation for 1877 was supplemented by a transfer of \$11,000 from surplus balances of other appropriations of this Department, making the total amount hitherto appropriated for "Repaving," \$511,000.

With your authority and approval the appropriation of 1877 was expended in laying 105,624 square yards of new granite and trap-block pavements, and for the year 1878 contracts have been made and partly completed for 143,574 square yards of granite and trap-block pavements, and 23,000 square yards of Macadam pavement, covering the appropriation of \$300,000. These contracts do not include Waverley place, from Broadway to Christopher street, which is one of the streets which you authorized to be repaved by your resolution, approved February 26, 1878.

The necessities of public travel and the condition of the pavements are the only considerations which have controlled the Department in the difficult duty of selecting from among the many miles of streets requiring repavement the comparatively few that could be repaved out of these appropriations. The improvement in the facilities for traffic and in cleanliness are quite appreciable in the localities where the repaving has been done, but the wear and tear and decay of old pavements in other places counterbalances in good part the work so far done.

I have deemed it proper, therefore, to request the Board of Estimate and Apportionment to transfer to the appropriation for "Repaving Streets" the sum of \$65,000 from the appropriation for "Lamps and Gas," on which there is a large surplus in consequence of the reduction in the cost of lighting public lamps.

This transfer will enable the Department to repave Waverley place from Broadway to Christopher street, as already authorized, and which is now covered by a worthless wooden pavement.

And I further certify and report to your Honorable Board, in accordance with the provisions of section 1, chapter 476, Laws of 1875, that the safety, health, and convenience of the public require that Second avenue, from Twenty-third to Forty-second street, be repaved with Belgian or trap-block pavement, of which mode and manner of paving said avenue I hereby approve.

As the season is already far advanced, and the preparation of contract and specifications, advertising, letting, approval of sureties, execution of contracts, etc., will consume considerable time, I respectfully request your immediate action in this matter.

Very respectfully,

ALLAN CAMPBELL, Commissioner of Public Works.

By Alderman Keenan—

Resolved, That permission be and the same is hereby given to Dry Dock and East Broadway Railroad Company to place a street-washer opposite No. 189 East Broadway, corner of Jefferson street, for the purpose of watering horses, the company to pay the usual rate for water used, the work to be done at their own expense; such permission to continue only during the pleasure of the Common Council.

AN ORDINANCE to amend chapter XXXVII. of the ordinance of 1866, entitled "Of carts and cartmen, dirt carts, public carts, and garbage carts."

The Mayor, Aldermen, and Commonalty of the City of New York do, as amended by ordinance of May 6, 1878, ordain as follows:

Section 1. Chapter XXXVII. of the ordinance of 1866 is hereby amended, and shall read as follows:

ARTICLE I.

OF CARTS AND CARTMEN.

Section 1. Every cart, truck, wagon, dray, or other vehicle, drawn by one or more horses or other animals, which shall be kept, used, driven, or employed for the transportation or conveyance of goods, wares, merchandise, or other articles, from place to place, within the city of New York, shall be deemed a "public cart" within the meaning of this chapter, and every person who shall set up, or so keep, use, or employ any such public cart, without first obtaining license therefor from the Mayor of said city, as is hereinafter provided, shall be deemed guilty of a violation of this chapter.

Sec. 2. The Mayor shall, from time to time, license and appoint so many and such persons, companies, or corporations as he may think proper, to set up and keep public carts in said city, and he may revoke or suspend any or all such licenses at his pleasure. All persons licensed, as aforesaid, to keep public carts, shall be deemed to be public cartmen within the meaning of this chapter; but it shall not be lawful for any person to receive or hold a license to keep public carts, or to be a public cartman, unless he be a citizen of the United States and resident of the State of New York, and is the actual owner of the cart or carts, with good horses therefor, so licensed to be kept as public carts; and the Mayor may examine, under oath, all persons applying for or holding any such license, or the renewal thereof, touching their qualifications as aforesaid; and all licenses other than to persons so qualified shall be void.

Sec. 3. The Mayor shall require and receive for the use of the city from every person to whom he may grant a license, for every one-horse truck, cart, or wagon or other vehicle, mentioned in section 1, two dollars; for every two-horse truck, wagon or other vehicle, mentioned in section 1, three dollars; and half the above for renewal, as hereinafter provided.

Sec. 4. All licenses to persons to keep public carts shall expire on the last day of October next after the date thereof, and all licenses granted under this ordinance previous to October 30, 1877, shall remain in force for one year from that date, unless sooner revoked, as provided in this ordinance; and it shall be lawful for the Mayor to renew and continue any or all of such licenses for a year succeeding, provided that the applicant therefor continues in all things qualified, as hereinbefore provided, to hold such license, and the application be made therefor prior to the expiration thereof.

Sec. 5. No public cart shall be used within said city except it be duly licensed, and the person to whom license is granted to keep and use a public cart shall, for all the purposes of this chapter, be considered the owner thereof, and responsible for all articles entrusted to and for the conduct of the driver thereof, and liable to all forfeitures, penalties, and punishments herein contained or provided.

Sec. 6. Every public cart shall have fairly painted on the outside of the square of the after-part of the shaft, or on some other conspicuous place, on each side, so as to be easily seen, the number of the license therefor, in plain figures, and the driving or using of a public cart, without its being so numbered, shall be deemed a violation of this chapter.

Sec. 7. Every person licensed, as aforesaid, to keep a public cart, upon failing to renew the license for, or disposing of, or parting with the same, shall deface, remove, and obliterate the license number therefrom, and failing or neglecting to do so shall be deemed to be a violation of this chapter.

Sec. 8. Every person, upon receiving a license to keep a public cart, or to be a public cartman, shall report his residence to the Mayor; and upon changing his residence, shall, in like manner, report his new residence, and the failing or neglecting to do so shall be deemed a violation of this chapter.

Sec. 9. It shall not be lawful for any person to keep, use, drive, or employ any cart or other vehicle with numbers or figures thereon similar to or resembling the numbers on public carts, or for any person licensed to keep public carts to place or have any number for which he may have received license on more than one cart, or to use more carts as public carts than he may have license for.

Sec. 10. The Mayor may assign to the owner of each duly licensed public cart a stand, where such cart may remain waiting to be employed, and also a stand where it may remain at other times, provided that no such stand shall be assigned for a cart to remain at such other times in front of the premises of any person other than the owner of such cart, against the wishes of the occupant thereof; and provided further, that carts shall not be permitted to stand two abreast in any of the streets; and every public cartman who shall permit his cart to stand loaded, or waiting for employment, or to remain at other times at any place other than the one so assigned for such carts, shall be deemed guilty of a violation of this chapter.

Sec. 11. The Mayor and the several officers and members of the Police Department and magistrates, shall have power and authority to order the driver or other person having charge of any public cart or any other vehicle, to remove such cart or other vehicle away from any place in any of the streets, or on any of the wharves or docks of said city which, in his or their opinion, may be improperly incumbering such street or wharf, or obstructing or impeding the public travel, and any and every person neglecting or refusing to comply with or obey any such order shall be deemed guilty of a violation of this chapter.

Sec. 12. Sec. 43. It shall not be lawful for any person to represent himself as or to wear or exhibit any badge, inscription, card, or device, purporting or implying that he is employed or authorized by the keeper, proprietor, agent or officer of any hotel, boarding-house, vessel, steamboat or railroad company, to solicit, receive or convey persons, baggage, or other things, to or from any such hotel, boarding-house, vessel, steamboat, or railroad company's station or depot, without being actually and duly authorized by such keeper, proprietor, officer or agent so to do, under the penalty of twenty-five dollars for every offense.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

EXECUTIVE DEPARTMENT—CITY HALL, }
NEW YORK, July 16, 1878.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit the report of Elliott F. Shepard, Esq., as Commissioner to Codify the Ordinances of the Mayor, Aldermen, and Commonalty of the City of New York.

The work submitted consists of eight hundred and forty-four sections, numbered serially, and contains all the municipal ordinances in force on the fourth day of July, 1878, and nothing else.

This work is one upon which the Commissioners have been engaged for a long period, and has been prepared with great care, and has been highly commended by several of our most eminent judges, to whom it has been submitted for examination.

As the city ordinances have not been revised as a whole since the year 1859, and have not been compiled or published since the year 1866, since which time almost innumerable changes have been made in the laws affecting this city and in the ordinances, this report constitutes a work of great value and importance, and I therefore respectfully recommend that the same receive your prompt and careful consideration.

SMITH ELY, JR., Mayor.

OFFICES OF ELLIOTT F. SHEPARD,
ATTORNEY AND COUNSELLOR AT LAW,
TRIBUNE BUILDING, COURT-HOUSE PARK,
NEW YORK, July 9, 1878.

Hon. SMITH ELY, JR., Mayor of the City of New York:

YOUR HONOR—I have the honor to make my report as Commissioner to Codify the Ordinances of the Mayor, Aldermen, and Commonalty of the City of New York.

As you are aware, my appointment by the Mayor (which was unanimously confirmed by the Board of Aldermen) was to prepare the "New York Municipal Code," which was to embrace all the ordinances of the city, and all the laws of the State relating to the city and to affairs therein.

A great part of that work had been performed by me, when the Common Council passed a resolution directing that my efforts thereafter should be confined to codifying the municipal ordinances.

This work has been prosecuted with all the diligence its nature would permit, and is now completed.

The ordinances were last revised and adopted as a whole in 1859.

The almost innumerable changes in the laws affecting this city, and in the ordinances, and especially the reorganization of the Corporation by the Charter of 1873, entirely remodeling it, and rendering obsolete many ordinances which have not been technically repealed or modified by the action of the Common Council itself, combined with other circumstances, have rendered this work one of great intricacy, difficulty, and responsibility, involving most careful investigation, analysis, detail, and consideration.

I have necessarily required assistance, which I have had of the most competent and skillful character, and also books, for some of which I have had to pay very large prices.

I have consulted freely with the various Departments of the Corporation, and have been able, in this manner, to obtain their understanding as to what are the ordinances now in force.

I have examined the ordinances of various other cities, as well as those of the Health and other Departments prevailing here, with a view of selecting the best models and utilizing them in the preparation of this Code.

The plan which I have adopted in serially numbering all the sections of this work, from first to last, has been found by experience to be the most ready of reference and convenience in use; the same system prevailing in the United States Revised Statutes, of five thousand six hundred and one sections; in the Sanitary Code of the Health Department of this city, containing one hundred and ninety-seven sections; in the Code of Civil Procedure of this State, containing one thousand four hundred and ninety-six sections, and in other instances which might be cited. No plan has ever been devised superior to it, whereas the opposite plan, as illustrated in the New York Revised Statutes, where it is necessary to give the numbers of the part, chapter, title, article, and section, in order to cite the statute, is onerous and dilatory and liable to such slips of the pen as to confuse or destroy the intention of the reference.

The so-called "Revised Ordinances" of 1866, which should, in fact, be called the "Compiled Ordinances" of that date, contain about two thousand sections; the work which I now submit, eight hundred and forty-four sections—this difference being chiefly caused by the present Charter.

I think that the work that is now submitted contains absolutely every municipal ordinance in force on the fourth day of July, 1878, and nothing else.

I have been asked by some of the Departments to suggest amendments for new enactments, but have invariably declined to do so, as not being within my province; and I now present a complete and harmonious code of municipal ordinances, with an analysis and index.

Of course, I have added the usual repealing and explanatory sections at the end, which are purely of a technical and perfunctory nature, and do not in the least alter, modify or amend the ordinances as they are now actually in force.

Had I been employed and instructed to prepare new ordinances, that would have been a very different matter, obliging quite another report. It is not for me to suggest the course to be pursued by your Honor and the Common Council, but I take the liberty of stating that Congress adopted as a whole all the Revised Statutes of the nation, in one body, as they came from the hands of the revisers. Their purpose was undoubtedly to enact a complete and harmonious code of laws. This did not in any manner interfere with the power of subsequent amendment. Whether or not the example of Congress in this respect be followed, it is for you and the Common Council to determine.

Very respectfully, your obedient servant,
ELLIOTT F. SHEPARD.

The President laid before the Board the following on the same subject:

Hon. WM. R. ROBERTS, President of the Board of Aldermen:

SIR—The undersigned are members of the Committee on the Municipal Code appointed by the Association of the Bar of the City of New York.

Our chairman, Elliott F. Shepard, Esq., upon the employment of the Corporation, has codified the existing ordinances, and the work has been transmitted to your Honorable Board.

We think that our duty to the bar and to the public justifies our indicating to your Honorable Board our opinion that it would be a public benefit to have this Code adopted as a whole as reported. If this course be pursued, every one can immediately know what the ordinances are—a result long and generally wished for, and in bold contrast with the present confused, contradictory, and partially annulled condition of the ordinances.

On the other hand, it will be entirely within the power of the legislative department of the city to make immediate amendments, if desired, so that no conceivable harm can arise from the adoption of the Code as reported; especially as nothing new is attempted in it, but only a collection and systematizing of the valid ordinances as they now actually exist.

The Charter of 1873 evidently points out this method of procedure.

The great care given to the preparation of this Code is a guaranty of its correctness on which the Common Council can rely with confidence.

Dated New York, July 16, 1878.

We have the honor to be, very truly, your obedient servants,
CHARLES A. PEABODY, per C. A. R. W.,
EVERETT P. WHEELER,
RICH'D H. BOWNE,
WM. H. SCOTT.

Members of the Committee on the Municipal Code, N. Y. City Bar Association.

Which were referred to the Committee on Law Department, together with the original copy of the Revised Ordinances.

MOTIONS AND RESOLUTIONS AGAIN RESUMED.

Alderman Hall moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the negative, on a division called by Alderman Sauer, viz.:

Affirmative—Aldermen Bennett, Carroll, Foster, Hall, and Morris—5.

Negative—The President, Aldermen Biglin, Ehrhart, Gedney, Guntzer, Jacobus, Keenan, Kiernan, Lewis, Perley, Phillips, Pinckney, Sauer, Sheils, Slevin, and Wachner—16.

PETITIONS AGAIN RESUMED.

By Alderman Sauer—

To the Honorable the Common Council of the City of New York:

GENTLEMEN—The undersigned, property owners, tradesmen, and residents of the Ninth, Fifteenth, and Sixteenth Wards of this city, respectfully petition that the block of ground bounded by Gansevoort, Little West Twelfth, Washington, and West streets, known as part of the "Fort Gansevoort property," be set apart as a depot for farmers' wagons, for the sale of garden produce by market gardeners.

Your petitioners respectfully represent that the market gardeners have at present no fixed or permanent stand, and their locations are continually changing, to the great detriment of their business. This is unjust, as the tax paid by them is a large source of revenue to the city, and their interest should be protected by the city authorities. Having regular customers among the retail tradesmen of the city, the continual shifting of their stations entails great injury and loss, not only upon them but upon these who deal with them.

The "Fort Gansevoort property," so called, is a valuable property, is owned by the city, and no revenue is at present derived from it. Should it be selected as a depot for this purpose, and a permanent stand thereby secured, the number of market wagons doing business in the city will be largely increased, and the revenue derived by the city from this source be greatly augmented.

The location is a desirable one for this business, being situated about midway between the Battery and Fifty-ninth street. The possible objection that it is too far west is met by the statements that there is no suitable plot on the east side of the city where these wagons could be stationed, and that the retail grocers and others on the east side are supplied in the neighborhoods of Twenty-third street and Thirty-fourth street ferries by the Long Island farmers who cross those ferries.

By the selection of this site the narrow, crowded streets in the lower part of the city will be greatly relieved, as under the present system of stationing these wagons in the vicinity of the markets, traffic and travel in the lower part of the city are greatly obstructed. A great evil, which has been the source of continual complaint and remonstrance from the business community, will thus be remedied.

For these reasons we pray that the said property be set apart and designated as a stand for farmers' wagons, for the sale of garden produce.

COMMUNICATIONS FROM THE DEPARTMENTS AND CORPORATION OFFICERS RESUMED.

The President laid before the Board the following communication from the Department of Public Works:

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,
NEW YORK, July 9, 1878.

To the Honorable the Board of Aldermen:

GENTLEMEN—I have duly received your resolution, approved by the Mayor on the 5th inst.,

requesting me to inform you whether the alleys and courts named in General Order 194 are dedicated for the use of the public and part of its property.

The alleys and courts herein referred to are "Washington square alley," between Fifth avenue and University place; "Bond street alley," between Bond and Bleecker streets; and "Union court," in the rear of No. 53 University place.

After diligent search, I am unable to find any records that they have ever been laid out on the map of the city as public highways; or that the city has ever acquired title to them by the regular process of acquiring title to lands for public use as streets, roads, parks or other purposes; or that they have been ceded to the city or dedicated for public use. They may, however, have become public highways, and consequently public property, under § 135 (sec. 100), article 4, chapter 16, title 1, of the Revised Statutes, by use as public highways for twenty years or more; but, inasmuch as that is a legal question of considerable difficulty and importance, I would suggest that it be submitted to the Counsel to the Corporation.

Respectfully,

ALLAN CAMPBELL, Commissioner of Public Works.

Which was ordered to be printed in full in the minutes.

The President laid before the Board the following communication from the Department of Public Works:

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE, ROOM 19, CITY HALL,
NEW YORK, July 11, 1878.

To the Honorable the Board of Aldermen:

GENTLEMEN—By chapter 386, Laws of 1878, passed June 3, 1878, the Law of 1877, chapter 477, is so amended as to authorize the Commissioner of Public Works to erect and construct such structures and fixtures as he may deem necessary to deliver Croton water at higher levels and in greater quantities, when thereunto authorized by a three-fourths vote of all the members of the Common Council, to be approved by the Mayor, the expense to be paid out of the funds appropriated by said chapter 477, Laws of 1875.

To carry out the purposes of this act or amendment, viz., to deliver Croton water at higher levels, so as to supply buildings above the level of 60 feet above mean tide, which are now inadequately supplied with water, I deem it necessary to erect a suitable building, with two pumping engines and fixtures, including a tank and stand-pipe, on the lots situated between Ninety-seventh and Ninety-eighth streets, west of Ninth avenue, formerly occupied by the Aqueduct, and retained for this purpose after the removal of the Aqueduct, and to lay the necessary pipes to connect such pumping works with the proper distributing mains, at an expense not exceeding \$220,000.

I therefore submit a draft of a resolution to confer the necessary authority, and respectfully urge your early action thereon, to enable the Department to meet as soon as possible the rapidly growing demands for greater pressure of water.

Year after year a large extent of additional water-pipe has been laid. Even within the past two and a half years, during my administration of this Department, 42 38-100 miles have been put down, being an addition of more than ten per cent. to the length of pipes previously laid. The effect of this is to reduce the pressure in the previously existing mains. The city has also been extended on the higher grounds in its upper portion, where water can at present be supplied only in the lower stories. This subject has been fully presented in various reports of the Department, and there can be no doubt that the carrying out of the proposed plan will much improve our water system in respect to the delivery at higher elevations.

Very respectfully,

ALLAN CAMPBELL, Commissioner of Public Works.

Resolved, That the Commissioner of Public Works be and he is hereby authorized, under chapter 477, Laws of 1875, and as amended by chapter 386, Laws of 1878, to erect on the lots situated between Ninety-seventh and Ninety-eighth streets, one hundred (100) feet west of Ninth avenue, and which lots were retained by the Commissioner of Public Works, under chapter 230, Laws of 1870, a suitable building, and to place therein two (2) pumping engines and fixtures, including a tank and stand-pipe; and to lay the necessary pipes to connect the same with the Croton main leading from the Reservoir in Central Park, and with the distributing mains now laid, so as to supply water at higher elevations to buildings on that portion of Manhattan Island situated above the level of sixty feet above mean high tide, at a cost not exceeding the sum of two hundred and twenty thousand dollars.

Which was ordered to be printed in full in the minutes.

PETITIONS AGAIN RESUMED.

By the President—

Petition to repeal permit to occupy Second avenue, between Thirty-second and Thirty-third streets, with vendors' wagons.

To the Honorable Board of Aldermen of the City of New York:

We, the undersigned tax-payers and store-keepers residing on the line of Second avenue, between Thirty-second and Thirty-third streets, do petition your Honorable Body to abate the nuisance to which we are now compelled to submit, viz.: A lot of wagons standing on the avenue, arranged along the curb-stone, making a regular market, particularly of that block, and we who, having heavy rents to pay, consider it a great loss to our business. Saturday afternoon and night they remain there the whole time, up to closing time; therefore we, the undersigned, most respectfully petition your Honorable Body to take such action in the matter as will relieve us from a great nuisance and loss, and we, your petitioners,

Will ever pray, etc.

TERMS AND CONDITIONS OF THE SALE.

The Department will make, prior to the commencement of the term of lease in each case, such repairs to any of the above premises, in the judgment of the Commissioners, needing them, as they may consider necessary to place them in suitable condition for service during the terms for which leases are to be sold; but all the premises must be taken in the condition in which they may be in on the date of commencement of said terms, respectively; and no claim that the property is not in suitable condition at the commencement of the lease, will be allowed by the Department; and all repairs and rebuilding required and necessary, during the terms leased, are to be done at the expense and cost of the lessees.

Purchasers will be allowed three months, from date of commencement of their leases, in which to notify the Department that dredging is required at the premises leased; and the Commissioners guarantee to do all possible dredging, as soon after being notified of the necessity thereof, as the work of the Department will permit; but in no case will the Department dredge where a depth of ten feet at mean low water already exists, nor after that depth shall have been obtained by dredging; and no claim will be received or considered by the Department, for loss of wharfage or otherwise, consequent upon any delay in doing the work of such dredging, or consequent upon the premises being occupied for dredging purposes. All dredging required at any of the above premises, of which the purchaser of the lease therefor, shall neglect or omit to notify the Department during the first three months of the term of the lease, and all dredging necessary during the remainder of such term, is to be done at the expense and cost of the lessee.

The up-set price for each of the above-named premises will be fixed by the Department of Docks, and announced by the auctioneer at the time of the sale.

Each purchaser of a lease will be required at the time of the sale, and in addition to the auctioneer's fees, to pay to the Department of Docks twenty-five per cent. of the amount of annual rent bid, as security for the execution of the lease, and which twenty-five per cent. will be applied to the payment of the rent first accruing under the lease when executed, or forfeited, if the purchaser neglects or refuses to execute the lease and bond within five days after being duly notified that the lease is prepared and ready for signature. The Commissioners reserve the right to resell the leases bid off by those failing to comply with these terms; the party so failing to be liable for any deficiency which may result from such resale.

Lessees will be required to pay their rent quarterly, in advance, in compliance with a stipulation therefor in the form of lease adopted by the Department.

Two sureties, each a freeholder and householder in the City of New York, and to be approved by the Commissioners of Docks, will be required, under each lease, to enter into a bond jointly with the lessee, in the sum of an amount double the annual rent, for the faithful performance of all the covenants of the lease; and each purchaser will be required to submit, at the time of the sale, the names and address of his proposed sureties.

Each purchaser will be required to agree that he will, upon being notified so to do, execute a lease prepared upon the printed form adopted by the Department, which can be seen upon application to the Secretary, at the office, 119 Duane street.

No person will be received as lessee or surety who is delinquent on any former lease from the Corporation; and no bid will be accepted from any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1877.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambers street entrance).
