COMMUNICATIONS RESUMED.

The President laid before the Board the following communication from City Vigilance League: THE CITY VIGILANCE LEAGUE, THE TWELFTH ASSEMBLY DISTRICT, NEW YORK, October 22, 1895.

Hon. JOHN JEROLOMAN, President, Board of Aldermen:

SIR—In the deliberations of your Honorable Board upon the push-cart nuisance, we would respectfully request you to consider three vital points:

1st. The great inconvenience caused those who use the streets and sidewalks for legitimate purposes, i. e., passing to and fro upon business.

2d. The menace to health by the sale of unripe fruit, decayed fish and vegetables and other articles which are unfit for food, but which are habitually sold by these peddlers.

3d. The injury to the business of those who occupy stores and endeavor to do an honest business.

Can these peddlers not be prevented from doing business upon Sundays? Rivington street, from Ridge to Cannon, is practically monopolized by push-cart peddlers, to the great annoyance of those who desire peace and quietness upon the Sabbath day.

Asking your favorable consideration.

Respectfully submitted,

F. E. MITCHELL, Chairman.

COMMUNICATIONS AGAIN RESUMED.

The President laid before the Board the following communication from Simon Sterne: LAW OFFICES OF SIMON STERNE, DELMONICO BUILDING, NO. 56 BEAVER STREET, NEW YORK, October 16, 1895.

Hon. JOHN JEROLOMAN, President, Board of Aldermen, City Hall, City:

MY DEAR SIR—About six months ago I drew the attention of the Department of Public Works to the fact that One Hundred and Seventeenth street requires a crosswalk at the crossings at Seventh and Sixth avenues.

I live, as you are probably aware, on One Hundred and Eighteenth street, between Lenox and Seventh avenues. There are crosswalks almost everywhere about there, but there are none at the intersection of One Hundred and Sixteenth street and Seventh avenue, and none at One Hundred and Seventeenth street. Inasmuch, however, as there is one at the crossing of Seventh avenue and the northerly side of One Hundred and Sixteenth street, we can reach, without too much mire, the northerly side of One Hundred and Sixteenth street and Seventh avenue, meeting, however, the quagmire at One Hundred and Seventeenth street. With great energy a double flagging has been put down on the streets between One Hundred and Eighteenth and One Hundred and Twelfth streets, on both sides of Seventh avenue, leaving, however, totally unprotected the feet of the passers by on One Hundred and Seventeenth street and Seventh avenue, in consequence of the absence of a crosswalk.

The Department of Public Works promised to have an ordinance introduced to remedy this defect, and I believe one has been submitted to the Board of Aldermen but has never yet been passed. Will you kindly give the matter a little attention, and if you feel as I do that it is a proper thing to be done, have the same passed.

Very truly yours,

SIMON STERNE.

COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS AGAIN RESUMED.

The President laid before the Board the following communication from the Police Department: POLICE DEPARTMENT OF THE CITY OF NEW YORK, NO. 300 MULBERRY STREET, NEW YORK, October 18, 1895.

Hon. JOHN JEROLOMAN, President, Board of Aldermen, New York, N. Y.:

MY DEAR SIR—I beg to inclose herewith a printed copy of a letter recently submitted to us by Dr. S. G. Cook, President of the Board of Police Surgeons, relative to the increase of that body from fifteen to eighteen in number.

Yours truly,

A. D. ANDREWS, Commissioner.

WHY MORE THAN FIFTEEN SURGEONS ARE NEEDED. NEW YORK,

, 1895.

To the Board of Police:

GENTLEMEN—In May, 1873, after the passage of the charter of that year, the Board of Police at that time tried the experiment of employing private physicians to take care of the sick and wounded policemen, fixing the price per visit each was to receive for his services, and designated two or more in each precinct for that purpose. I know of one precinct, and there were probably more, that had five surgeons.

The experiment was a failure in more ways than one.

Besides an enormously increased sick list and a greatly demoralized police force, the expense was more than quintupled, nearly bankrupting the Department.

In the latter part of September of that year (1873), with a desire for economy, stimulated by a reduced exchequer, the Board looked the ground over carefully and came to the conclusion that the Department could get along with nineteen surgeons. Nineteen were appointed, and for many years the Board of Surgeons consisted of that number.

At that time the total police force numbered about 2,000 men. It now numbers (when filled) about 4,000.

At that time the city did not extend beyond Manhattan Island.

It now covers several times the original area, with policemen living in every part of it, requiring, frequently, hours of the Surgeon's time to visit one of them when sick.

About four years ago, in consequence of the resignations of Drs. Reese H. Voorhees and Morton Grinnell and the death of Drs. Matthews and Damainville, the aforesaid number was reduced to fifteen.

A civil service examination was held and an eligible list obtained, and the Board of Surgeons expected and had reason to believe that their depleted number would soon be filled, but their expectations were not realized.

It seems that one of the City officials had expected, intended and promised that one of the vacancies should be filled by a particular friend of his, but when the eligible list appeared it was found either that his friend's name was not on it at all or else was so low down that it could not be reached.

Obstructive tactics were then commenced and continued so long that the public press took the matter up and berated the author of them, without mercy, until the meeting of the Board of Estimate and Apportionment, two years ago last fall, when the aforesaid official, probably without the least knowledge of the services required, declared that fifteen surgeons were sufficient to perform the labors required of them and that the appropriation should be made on that basis. His motion was carried. Soon after this, I, as President of the Board of Surgeons, was directed by the Board of Police to redistrict the city into fifteen Surgical Districts instead of nineteen.

The number continued at fifteen until May of this year (1895), when by the resignation of Dr. Dorn it was reduced to fourteen, where it now stands.

The question of dividing the city into local districts and assigning surgeons to attend all members of the force living within certain established boundaries has frequently been proposed, fully discussed and abandoned because of its impracticability.

Policemen are almost as migratory in their habitations as the birds, and the district which to-day contains its fair proportion of them, might, six months hence, be deserted, or, vice versa, might contain double the number it contained when the division was made.

Another objection would be the complete "loss of touch" between the Surgeon and the commanding officers of the various precincts, from whom the surgeons have long been in the practice of gathering points regarding the character, habits and general personnel of the men they have to deal with. The knowledge thus gained frequently leads the surgeon to deal in a summary manner with a policeman on the sick list. Without this knowledge a much longer time might be required to arrive at a definite conclusion.

Still another objection would be the continual change of clientele. Every Surgeon of Police will bear me out when I say that he would much prefer to attend the precinct with which he has long been familiar than to take one much smaller with which he is unfamiliar.

All physicians also know how much easier it is to make a diagnosis in the case of and to prescribe for an old patient than for a new one. I have never known a Police Surgeon who had given the subject due consideration to favor districting the city by local lines instead of by precincts.

Like that of the general public, the health of the police force varies greatly with the seasons.

During the months of May, June, July, August, September and October, the number of sick men in the Department will probably average not far from one hundred daily. This number fifteen surgeons can take care of without any difficulty, "giving them the same care and attention they would give to private patients," but it will be remembered that it is during these months that the surgeons must get their vacations, if they have any, and when one surgeon is absent on vacation, another one must be at home doing his own work and also that of his absent colleague, theirs being the only instance in the Department where the duties of one are doubled or sensibly increased by the absence of another.

During the other half of the year the daily sick list runs from 150 to 300, and has been over 400 for several days in succession. At such times the present number of Police Surgeons (15) is entirely inadequate to perform the duties as they should be performed.

The number of Police Surgeons should be based, if not upon the maximum services required, then certainly upon the average requirements of the six months of the year beginning with November and ending with April.

The proper performance of the duties during that period, in my opinion, requires at least nineteen surgeons, or one to every two precincts. Including the various Court, Central Office and other Squads, the Sanitary Company and the Detective Bureau, there are practically 38 precincts.

While the professional care of sick and wounded policemen is the principal duty of a Surgeon of Police, it is by no means the only one.

It was formerly made a part of their duty to attend all cases of accidents and injury occurring in the public streets and decide what disposition should be made of them (such as home or hospital) after they had been cared for at the station-houses, but of late years they have been almost entirely relieved of these duties by the excellent ambulance system now in operation.

As an offset to this, however, the surgeons are compelled to "take medical and surgical charge of the pensioners of the 'Police Pension Fund' and their families, giving them, without charge, the same care and attention as patients in private practice." (See Rule 106.)

As the pension list has grown, this latter requirement takes no inconsiderable portion of their time.

The pensioners now number over twelve hundred (1,273). Estimating "their families" to consist, on an average, of two persons besides themselves (which I believe to be a low estimate), would give us an additional clientele equal to or greater than the present active police force (3,726).

Sick and wounded or injured prisoners do not come under "the ambulance system," and have to be attended by the Surgeon of the District in which the disability occurs.

The examination of applicants for appointment on the force takes a large amount of their time.

The Board of Surgeons have to hold bi-weekly meetings, at which discussion and disposition of cases brought up for consideration by the individual members, and at which cases that have been referred to them by the Board of Police have to be carefully considered, great care being necessary to avoid injustice to the Department or to the members thereof under consideration; mental disabilities are the most troublesome, frequently requiring several visits by committees to some one of the various institutions of the insane, including Middletown, White Plains and Amityville.

By reason of their position they are frequently called as witnesses before Grand Juries and the Courts.

Those familiar with the working of our courts will know that a subpoena to attend and give evidence means the loss of the larger portion of at least one day and frequently of more than one.

They are frequent witnesses in the trial room of the Board of Police against malingering and intoxicated policemen.

They have to attend any accidents or sudden illness occurring in the public schools.

They have many professional calls of a charitable nature coming to them by virtue of their positions as Police Surgeons which cannot be disregarded and which make considerable drafts upon their time.

Unlike all other members of the force as to "regular tours of duty," followed by their allotted "time off," the Surgeons have to hold themselves in readiness for duty at all times, both day and night. The fact is, that a large percentage of their work is done at night. Policemen, like the rest of the human family, are more likely to be taken sick at night. More than seventy-five per cent. (estimated) of sick time commences at 6 P. M., and regardless of the number so reporting, it is the almost invariable custom, as it is the duty, of the Surgeons to visit and examine each member of the force so reporting, before going to bed.

One night last winter I was notified that eight policemen doing duty in my surgical district had reported sick, and as they lived from Liberty street to One Hundred and Forty-third street, it was nearly 2 o'clock in the morning before I finished visiting them. Prompt attention to sick reports is demanded, both for the protection of the Department and for the welfare of the policemen.

They may be very sick when reported, or they may be malingering or intoxicated.

Finally, there is a duty the Surgeons perform, higher and more important than any which has yet been referred to, and nearly equal in value to all the others combined, and that is their moral influence in sustaining the discipline and morality of the Department. But this duty is so widespread in its character—so subtle and undemonstrative in its action and so far-reaching and beneficial in its effects that it would require a separate paper to do it full justice.

The foregoing statement may seem unnecessarily long, but I have found it almost impossible to place the subject in its proper light and summarize the various duties of the Surgeons at less length and do justice to the subject.

Besides, their positions have so long been regarded as practical sinecures, and their services as slight and nearly valueless, that it is a pleasure for them to know and feel they have at last a Board

of Police who take interest enough in them and in their duties to desire to know what said duties are.

As the law now stands the Commissioners may appoint "not to exceed twenty-two (22) Surgeons of Police, one of whom shall be Chief Surgeon."

As there are practically thirty-eight precincts, I am of the opinion that the city should be divided into nineteen Surgical Districts, with one surgeon to each district.

And now as to Chief Surgeon. The Rules of the Department make it incumbent upon the Board of Surgeons to elect annually, "at their first meeting in January," one of their number as President, and it has been the custom to designate the President so elected as Chief Surgeon.

That I have been so elected for several years past does not prove that I am best fitted for the position, but that I have received the most votes. Neither does it follow because I was elected this year that I will be next.

I say this to show that the further recommendation I am about to make is unselfish and disinterested, and it is this—The President of the Board of Surgeons should be entirely relieved from district duty, excepting perhaps something nominal, such as House of Detention or Central Office Squad. His duties should be to have a general supervision of the medical work of the Department, to advise, counsel and direct, to hold himself in readiness for consultation with other surgeons in cases of serious illness, to assign to districts when the regular Surgeon is sick or absent, and to make examinations and reports in special cases referred to him by the Board of Police or any of its members.

In conclusion, I recommend that six additional Surgeons be appointed, making the Board of Surgeons consist of twenty (20), "one of whom shall be Chief Surgeon."

(Signed) Very respectfully, S. G. COOK, M.D., President Board of Surgeons.

FRANCIS M. SCOTT, Counsel to the Corporation.

APPROVED PAPERS.

To the Honorable the Common Council of the City of New York:

The petition of St. Luke's Hospital respectfully sheweth:

1. That your petitioner is a benevolent corporation of the State of New York, incorporated under the Act of 1848, entitled "An Act for the incorporation of benevolent, charitable, scientific and missionary societies," and the acts amendatory thereof and supplementary thereto, and that it is the owner in fee of certain real estate in the City of New York, bounded on the east by Fifth avenue, on the north by Fifty-fifth street, on the west by a line distant three hundred feet westerly from Fifth avenue and drawn parallel thereto and on the south by Fifty-fourth street.

2. That your petitioner's title to the said premises is derived from the Mayor, Aldermen and Commonalty of the City of New York, as follows:

By deed dated May 10, 1848, and recorded in the Register's Office, May 12, 1848, in Liber 507 of Conveyances, page 1, the Mayor, Aldermen and Commonalty of the City of New York conveyed the plot in question to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of St. George the Martyr, in the Diocese of New York. This deed recites that the parties of the first part have heretofore consented to convey to the parties of the second part the premises granted for the purposes and upon the conditions after mentioned; that the Rector, Church Wardens and Vestrymen of Trinity Church, in the City of New York, in consideration of the said grant, have by their indenture of even date, released and quit-claimed to the parties of the first part all their right, title and interest in law and equity, in and to the block of land bounded by Washington, West, Duane and Reade streets, in the City of New York, and thereupon in consideration of the premises and of one dollar gives, grants, aliens, releases and confirms the said parcel of land, describing it as part of the block known and distinguished as Block No. 73 of the common lands, and as being bounded "easterly by the Fifth avenue, southwardly by Fifty-third street, northwardly by Fifty-fourth street and westwardly by a line drawn three hundred feet west of Fifth avenue and parallel thereto." The habendum in fee "for the uses and purposes hereinafter provided, to wit: provided always and these presents are upon this express condition, that the said parties of the second part, their successors and assigns, shall and do, within three years from the date hereof, erect upon the said ground so conveyed to them a suitable building or buildings for a hospital and chapel for the accommodation of British emigrants; the plan of said buildings to be approved by the Mayor of the said city; and that the said parties of the second part, their successors and assigns, shall and do forever hereafter use and apply the premises hereby granted for the purpose of the hospital and chapel. In default or failure of which conditions, or either of them, or in case the land hereby granted shall cease to be used as and for the purposes of the said hospital and chapel for the accommodation of British emigrants, this present conveyance and every matter and clause herein contained shall be null and void; and the said parties of the first part and their successors or assigns may re-enter into the said land hereby granted and every part thereof, and hold and enjoy the same as of their former estate therein, anything herein contained to the contrary in anywise notwithstanding."

The description in this deed incorrectly describes part of the block No. 73 of the common lands thereby conveyed as bounded southwardly by Fifty-third street instead of Fifty-fourth street, and northwardly by Fifty-fourth street instead of Fifty-fifth street. By resolution of the Board of Aldermen passed May 12, 1851, concurred in by the Board of Assistant Aldermen May 19, 1851, and approved by the Mayor May 20, 1851, the Corporation Counsel was directed to prepare the necessary papers to correct these errors, and a deed was executed by the City, dated and proved March 16, 1852, and recorded in the Register's Office March 8, 1853, in Liber 631 of Conveyances, page 56, and also recorded in the Comptroller's Office in Book A of Deeds, page 369, again conveying the said part of lot No. 73 of the common lands to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of Saint George the Martyr by a correct description, upon all the "provisoes, conditions, acts, performance and stipulations on their part," contained in the former deed. By the same resolution, approved May 20, 1851, the time fixed by the Common Council to enable the Anglo-American Free Church of St. George the Martyr to build its hospital and chapel was extended for two additional years, from May 1, 1851.

In or about the month of August, 1851, the said Church of St. George the Martyr presented to the Common Council of the City of New York a petition dated August 1, 1851, stating that the incorporation of St. Luke's Hospital, your said petitioner, had made proposals to the said church by which its object would be to a great extent secured. That the said church was desirous of having the said parcel of land transferred to your petitioner, and that the corporation of Trinity Church consented to and approved of such transfer and praying that the parcel of land "so agreed to be transferred" to it might be "conveyed and granted to" your petitioner. This application was referred to the Committee on the Law Department of the Board of Aldermen, which reported that, as St. Luke's Hospital was to be open to the indigent poor of all nations, the prayer of the petition should be granted, and that "it should to some extent be under the supervision of the City authorities, which may be done by making the Mayor and the Presidents of the two Boards of the Common Council ex officio members of the Board of Trustees or Managers of said Hospital, and that said buildings should be erected within a certain specific period." The action of the Board of Aldermen was concurred in by the Board of Assistants, and the application resulted in the passage by the Common Council of the following resolutions:

"Resolved, That the piece, parcel or plot of ground situated on the Fifth avenue, between Fifty-fourth and Fifty-fifth streets, and heretofore agreed to be granted to the Rector, Wardens and Vestrymen of the Church of St. George the Martyr, be transferred to the incorporation of St. Luke's Hospital, on their procuring the assent thereto in writing of the Rector, Church Wardens and Vestrymen of Trinity Church, in the City of New York, under their seal, and depositing the same with the Comptroller of the City of New York, and executing to the Mayor, Aldermen and Commonalty of the City of New York an instrument covenanting that such building shall be erected and completed within two years from the passage of these resolutions, in default of which said lands shall revert to the City, and will constitute and appoint the Mayor and the Presidents of the two Boards of the Common Council ex officio, for the time being, members of the Board of Trustees and Managers of the said Hospital.

"Resolved, That the Comptroller be charged with carrying into effect these resolutions."

These resolutions were passed by the Board of Assistant Aldermen on November 17 and by the Board of Aldermen November 18, and were approved by the Mayor November 20, 1851.

Thereupon the Mayor, Aldermen and Commonalty made a deed to your petitioner, reciting the said resolution, that the terms and conditions mentioned therein had been fully complied with, and in consideration of the premises and of one dollar, granting, bargaining, selling, aliening, remising, releasing, conveying and confirming the said plot of land, properly describing it, "to have and to hold all and singular the above-mentioned and described premises, together with the appurtenances, unto the said parties of the second part" (your petitioner) "their successors and assigns forever, upon condition that the terms and stipulations in said resolution contained are forever hereafter fully complied with by said parties of the second part."

3. That your petitioner desires to sell the said plot of land in order to pay for the erection and completion of new hospital buildings upon the property which it has bought between Morningside avenue, Amsterdam avenue, One Hundred and Thirtieth street and One Hundred and Fourteenth street, in the City of New York, and that it has entered into contracts for the sale of certain parcels of the said plot of land, but that some question has arisen as to its right to convey the same for other than hospital uses on the ground that the deed last above mentioned, although it contains words of release, does not specifically release the plot in question from the conditions and covenants imposed by the first deed by the Corporation to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of St. George the Martyr, in the Diocese of New York. Your petitioner is advised that this objection is not well taken; that the deed from the City to your petitioner operated as a release of the said conditions and covenants and that the title of your petitioner to the property in question is made perfect by adverse possession. Your petitioner, however, is desirous of avoiding the expense and delay of a law suit to determine these questions.

4. The removal of your petitioner from its present site will be of great advantage to the City for the following reasons:

(a) Your petitioner's present hospital is antiquated and inadequate for its needs and your petitioner finds it impossible to carry on its great and beneficent work without much greater facilities, which it will be unable to acquire unless it can sell its present site, the price of which is necessary to meet the heavy disbursements incidental to removal and the completion of suitable buildings at Morningside, which are now in course of erection.

(b) As long as it remains the property of your petitioner the plot in question is exempt from taxation. Its sale, therefore, will increase the taxable valuation of the real estate of the City by upwards of two million dollars. This will be an absolute gain to the City, for the property at Morningside, having been purchased by your petitioner in 1892, is already exempt from taxation by virtue of the provisions of subdivision 8 of section 824 of chapter 410 of the Laws of 1882, commonly called the Consolidation Act.

It is further submitted that your petitioner, on account of its many free beds and great charitable work, is deserving of the assistance of the Corporation. Moreover, although the land in question cease to be actually used for hospital purposes, the proceeds thereof will be devoted to such uses, and the sale of the Fifty-fourth street site and purchase of the Morningside site is to all intents and purposes not so much a disposal of the plot in question as its removal from a part of the city which is becoming so crowded and where land is in so great demand that it would be impossible for your petitioner to obtain the room necessary for its increased needs to a part of the city much better adapted to its work, and where it has already acquired a site which is eminently suitable.

Wherefore, Your petitioner prays that the Common Council pass a resolution directing the City authorities to execute to your petitioner a release and quit-claim of the plot in question, in a form to be approved by the Counsel to the Corporation, releasing the said plot from the conditions and covenants imposed by the first deed thereof to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of St. George the Martyr, in the Diocese of New York, and referred to and renewed in the second deed to the same parties.

Dated NEW YORK, October 8, 1895.

ST. LUKE'S HOSPITAL, by GEO. MACCULLOCH MILLER, President.

J. P. MORGAN, JR., Secretary.

Whereas, A certain piece and parcel of land situated on Fifth avenue, between Fifty-fourth and Fifty-fifth streets, being part of the block known and distinguished as Block Number Seventy-three (73) of the Common Lands, was heretofore granted by the Mayor, Aldermen and Commonalty of the City of New York, by deed dated May 10, 1848, and recorded in the Register's office May 12, 1848, Liber 507 of Conveyances, page 1, wherein and whereby the said property was conveyed to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of St. George the Martyr, in the Diocese of New York, upon certain conditions therein set forth, and subsequently thereto a further deed was executed by the City, dated and proved March 16, 1852, and recorded in the Register's office March 8, 1853, in Liber 631 of Conveyances, at page 56, correcting a misdescription in the former deed, and again conveying the said part of Lot Number Seventy-three of the Common Lands to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of St. George the Martyr, by a correct description, upon the same conditions; and

Whereas, Thereafter on the petition of said Church of St. George the Martyr, and pursuant to a resolution of the Common Council, a further deed of conveyance was made by the Mayor, Aldermen and Commonalty to St. Luke's Hospital, conveying the said plot of land to said Hospital on condition that said St. Luke's Hospital should procure the consent thereto, in writing, of the Rector, Church Wardens and Vestrymen of Trinity Church, in the City of New York, under their seal, and should deposit the same with the Comptroller of the City of New York, and should execute to the Mayor, Aldermen and Commonalty of the City of New York an instrument covenanting that said building shall be erected and completed within two years from the passage of the resolutions by the Common Council, and should constitute and appoint the Mayor and the Presidents of the two Boards of the Common Council ex-officio members of the Board of Trustees and Managers of the said hospital; and

Whereas, Said last named conditions have been fully complied with, but it is claimed that the conditions contained in the deeds from the City to the Anglo-American Free Church of St. George the Martyr are still binding upon St. Luke's Hospital; and

Whereas, Said St. Luke's Hospital desires to sell the said plot of land in order to pay for the erection and completion of new hospital buildings upon certain block of land it has bought between Morningside avenue, Amsterdam avenue, One Hundred and Thirteenth street and One Hundred and Fourteenth streets, in the City of New York; and

Whereas, It is deemed advisable, in the interests of the City, to release the plot in question from the conditions and covenants imposed by the said deeds from the City to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of St. George the Martyr, in the Diocese of New York.

Resolved, That the Mayor, Aldermen and Commonalty of the City of New York hereby release, on its procuring the consent thereto in writing of the Rector, Church Wardens and Vestrymen of Trinity Church, in the City of New York, under their seal, to said St. Luke's Hospital, and its successors and assigns, the conditions and covenants contained in the deed from the Mayor, Aldermen and Commonalty of the City of New York to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of St. George the Martyr, in the Diocese of New York, dated May 10, 1848, and recorded in the Register's office May 12, 1848, in Liber 507 of Conveyances, at page 1, and in the deed from the Mayor, Aldermen and Commonalty of the City of New York to the Rector, Church Wardens and Vestrymen of the Anglo-American Free Church of St. George the Martyr, in the Diocese of New York, dated and proved March 16, 1852, and recorded in the Register's office March 8, 1853, in Liber 631 of Conveyances, at page 56; and

Resolved, That a deed of quit-claim and release be executed from the Mayor, Aldermen and Commonalty of the City of New York to St. Luke's Hospital of the property on Fifth avenue, between Fifty-fourth and Fifty-fifth streets, now belonging to said St. Luke's Hospital, and described in the deed from the City to said St. Luke's Hospital, dated November 20, 1852, proved January 3, 1853, and recorded in the Register's office March 8, 1853, in Liber 631 of Conveyances, at page 59; said deed to be executed under the seal and in the name of the City by the Mayor and Aldermen of the City and County of New York.

Forms of proposals, specifications and contract may be had at the office of the Department.

Under the following resolution of the Board of Estimate and Apportionment of the City of New York, adopted on the 4th day of September, 1895:

"Resolved, That the Commissioner of Street Cleaning be and he is hereby authorized and directed to prepare a form of advertisement and contract, inviting proposals for the receiving, at the various dumps in this city, and finally disposing of all ashes, sweepings and other refuse material that may be collected and delivered at said dumps by the carts of this city and by private carts authorized to collect such material, each proposal to be accompanied by a specification, stating in full the manner of proposed final disposition of such material. All clean, fresh ashes may, under the inspection of this city, be deposited by the com-

tractor within the crib-work at Riker's Island, sweepings, garbage and other refuse material to be disposed of in such manner only that will render it unobjectionable, in any and every respect; said advertisement and form of contract to be first approved by the Counsel to the Corporation, and after such approval said advertisement to be inserted in the CITY RECORD, and brief advertisement, calling attention to the same, inserted in all official papers for thirty days, and when proposals are received and tabulated that they be submitted to the Board of Estimate and Apportionment, for such action as may be determined."

Sealed proposals for the receiving at the various dumps in this city and finally disposing of all ashes, garbage, sweepings and other refuse material that may be collected and delivered at said dumps by the carts of this city and by private carts authorized to collect such material for a period of five years from the first day of April, 1896, will be received by the Commissioner of Street Cleaning, at the office of said Department, No. 32 Chambers street, in the City of New York, until 12 o'clock M., of Tuesday, December 10, 1895, at which place and time they will be publicly opened by the Commissioner of Street Cleaning and read.

Each proposal to be accompanied with a specification stating in full the manner of proposed final disposition.

All clean, fresh ashes may, under the inspection of the city, be deposited by the contractor within the crib-work at Riker's Island. Sweepings, garbage and other refuse material to be disposed of in such manner only that will render it unobjectionable, in any and every respect, but no part thereof shall be dumped in the waters of New York Harbor, or in the waters adjacent thereto, or in the Atlantic Ocean.

No estimate will be received or considered after the hour mentioned.

The form of the agreement, with specifications, may be seen and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope, directed to said Commissioner of Street Cleaning, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the right to reject any and all bids or estimates if deemed to be for the public interest.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the persons interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of \$100,000; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law.

The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money for five per cent. of the amount for which the work bid for is proposed in any one year to be performed. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

A special deposit of ten thousand dollars in cash will be required to be made with the Comptroller of the City of New York, on or before the execution of the contract, as a security for the faithful performance of the same.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

GEORGE E. WARING, JR., Commissioner of Street Cleaning.

PERSONS HAVING BULKHEADS TO FILL, IN the vicinity of New York Bay, can procure material for that purpose—ashes, street sweepings, etc., such as is collected by the Department of Street Cleaning—free of charge, by applying to the Commissioner of Street Cleaning, in the Criminal Court Building.

PROPOSALS FOR ESTIMATES FOR DREDGING AT EAST NINETY-NINTH STREET SECTION, ON THE HARLEM RIVER.

ESTIMATES FOR DREDGING AT EAST NINETY-NINTH STREET SECTION, on the Harlem river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

FRIDAY, NOVEMBER 8, 1895.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Two Thousand Four Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged is as follows:

CLASS I.
Mud, sand, earth filling, etc., to be dredged, about 10,000 cubic yards.

CLASS II.
Crib dredging, about 2,600 cubic yards.

N.B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks that the premises are in such condition that the work can proceed. And all the work done under this contract is to be fully completed on or before the 1st day of January, 1896.

The damages to be paid by the contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for the whole of the work to be done, in each class, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each class of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other

person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. *Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.*

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock on Tuesday, November 12, 1895, at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR SEWER IN FIRST AVENUE, between Forty-seventh and Forty-eighth streets.

No. 2. FOR SEWER IN FIFTH AVENUE, between Twelfth and Thirteenth streets.

No. 3. FOR ALTERATION AND IMPROVEMENT TO SEWER IN CENTRAL PARK, WEST, between Ninetieth and Ninety-first streets, WITH CONNECTIONS TO PRESENT SEWERS IN NINETIETH AND NINETY-FIRST STREETS.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the lease within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room No. 9, No. 31 Chambers street.
