The following communication was received:

HEALTH DEPARTMENT—CRIMINAL COURT BUILDING, NEW YORK, November 26, 1895.
To the Honorable the Board of Estimate and Apportionment, New York City:

GENTLEMEN—At a meeting of the Board of Health of the Health Department, held this day, the following preamble and resolutions were adopted:

Whereas, It appears from the communication of the Commissioner of Street Cleaning, dated November 22, 1895 (a copy of which is hereto annexed), that the unexpected balance of the appropriation for the year for this purpose is insufficient to properly clean the streets and to promptly remove the ashes and garbage; and

Whereas, This Board is advised by a Committee of the Board of Estimate and Apportionment, consisting of the President of the Board of Aldermen, the Comptroller, the Counsel to the Corporation, and the President of the Department of Taxes and Assessments, that the additional amount necessary for this purpose for the remainder of the year can only be lawfully appropriated pursuant to the authority vested in the Board of Health by chapter 535, Laws of 1893; therefore

Resolved, That this Board, pursuant to the authority conferred by chapter 535, Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the additional sum of eighty thousand six hundred and thirty-eight dollars and sixty-six cents should be appropriated for the month of December for the proper cleaning of the streets and the prompt removal of garbage.

Resolved, That the Board of Health expressly states that it does not ask for this appropriation of money to make good a deficiency in another department, caused by expenditures in excess of the amount appropriated thereto; that it is concerned with the question of clean streets in its sanitary aspect only; and it will not consent to use the extraordinary powers conferred upon it save to provide for such cleanliness as is necessary to the proper sanitary condition of the city, and the Board wishes it to be distinctly understood that it will only consent to the expenditure of such portion of the eighty thousand six hundred and thirty-eight dollars and sixty-six cents as may be found absolutely necessary to preserve the public health, and it will, in its absolute supervision of these expenditures, see that the money is spent with the utmost economy and solely for the purpose of preserving the public health.

EMMONS CLARK, Secretary.

(Copy.) DEPARTMENT OF STREET CLEANING, NEW YORK, NOVEMBER 22, 1895. Hon. CHARLES G. WILSON, President, Health Department, New York City:

SIR—On the first day of July, 1895, I addressed a communication to you as President of the Health Department, showing in detail the expenditures of the Department of Street Cleaning for the six months ending June 30, 1895, and the estimated amount of money necessary to carry on the work for the remaining six months of the current year in the same efficient manner as during the months of April, May and June. In said communication it was estimated that the amount necessary to be provided in addition to the moneys at present available would be:

For carting (ashes, garbage and street sweepings) for six months.....	\$354,684 00	Or, say one-sixth for each month, as follows:	
For final disposition (from dumps), for six months.....	132,148 00	For carting.....	\$58,614 00
		For final disposition.....	22,024 00
In all.....	\$483,832 00	In all.....	\$80,638 00

As the additional amount (\$80,638.66) is necessary for the month of December, to keep the streets in their present condition and to remove and dispose of the ashes and garbage as promptly as is now being done, I respectfully request the Board of Health to use the authority vested in and conferred upon it by chapter 535, Laws of 1893, to secure from the Board of Estimate and Apportionment the above amount for this important public purpose. Without such action by your Board I shall be unable properly to clean the streets and promptly to remove the ashes and garbage.

Respectfully,

(Signed)

GEORGE E. WARING, Commissioner.

EMMONS CLARK, Secretary.

The following communication was received:

LAW DEPARTMENT, OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, November 22, 1895. CHARLES V. ADEE, Esq., Clerk, Board of Estimate and Apportionment:

SIR—I have received your letter of the 19th instant, transmitting a communication from the Board of Education of November 6, 1895, requesting the transfer of twelve thousand four hundred and twenty-one dollars and sixty-one cents (\$12,421.61) from various appropriations for the year 1893 to the appropriation entitled "Salaries of Teachers in Grammar and Primary Schools" for 1893, which was referred to me by the Board of Estimate and Apportionment.

Section 207 of the Consolidation Act, as amended by chapter 186 of the Laws of 1893, provides:

"The board of estimate and apportionment shall have the power, at any time, to transfer any appropriation for any year which may be found by the head of the department for which such appropriation shall have been made to be in excess of the amount required or deemed to be necessary for the purposes or objects thereof, to such other purposes or objects for which the appropriations in such year are insufficient, or such as may require the same."

The transfer which is requested by the Board of Education is within the power of the Board of Estimate and Apportionment thus defined, and therefore may be made by your Board in its discretion.

I remain, yours, respectfully,

FRANCIS M. SCOTT, Counsel to the Corporation.

Laid over.

A communication was received from Edmund Lyon, Secretary of the State Board of Charities, requesting an appropriation sufficient to enable the Commissioners of Charities and Correction to employ three or more persons to examine the children and adults in private charitable institutions, in order to determine whether they are proper charges upon the City.

Ordered placed on file.

The Counsel to the Corporation presented the following:

LAW DEPARTMENT, OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, November 26, 1895. To the Board of Estimate and Apportionment:

The undersigned, who were appointed as a Committee of this Board to examine into the condition of the Register's office, both as to the safety of the records kept therein and as to the accommodation afforded for the transaction of the public business, respectfully report:

That we find that the building now occupied by the Register is wholly inadequate and unfitted for the amount of public business necessarily transacted there, and is by no means so safe from danger by fire as such a building should be. No time should, in our opinion, be lost in providing proper accommodations for this most important office.

What is true of the Register's office is equally true of other offices containing invaluable public records.

The records to which we refer may be divided into two classes:

First—The records affecting the titles to real estate generally in the city, and

Second—The records especially affecting the property, rights and liabilities of the City.

The records embraced in the first class are to be found in the Register's office, the County Clerk's office and the office of the Surrogate.

The records contained in the second class are to be found in the office of the Comptroller and the office of the Counsel to the Corporation.

In the Register's office are the recorded deeds and mortgages affecting the title to all the real estate in the city and a vast number of original and valuable maps, no less important than the deeds themselves.

In the County Clerk's office are the original records of actions in foreclosure, partition and ejectment upon which numberless titles depend, and which are constantly consulted by conveyancers.

In the Surrogate's office are the records of wills, a great number of original wills, and the papers in all the actions and proceedings affecting the testamentary disposition of property from the earliest days.

These three offices are filled daily by lawyers engaged in examining titles, and each of the offices are so inadequate in accommodation and room that this most necessary work is rendered unreasonably difficult.

In the Comptroller's office are preserved at least one of the original ancient charters of the city, a very large number of water grants and valuable maps, and documents without number which may be necessary at any time to defend the City against unwarranted claims, or to enable her to assert undoubted rights.

In the office of the Counsel to the Corporation are the papers in all the litigations to which the City is a party, and a great number of valuable original contracts, grants and other documents necessary for the successful presentation of the City's case in each of these litigations.

The total or even partial destruction of the records in any one of the offices we have mentioned would lead to endless confusion and probably great loss to the owners of real estate or to the City of New York.

The Register's office is located in an old building, memorable only for its age and varied history, which, as we have said, is wholly inadequate for the purpose for which it is used, and by no means free from danger from fire.

The County Clerk's office is located in the basement of the County Court-house, a portion of the cellar being used for the storage of records. It is badly arranged for the purpose for which it is used, is inadequate as to space even for the necessary clerks employed, and is overcrowded with papers, a fault which will be increased beyond tolerance after January 1, 1896, when all the Records in the Clerk's offices of the Superior Court and Court of Common Pleas will be turned over to the custody of the County Clerk.

The Surrogate's offices are in another portion of the basement of the County Court-house, and, like those of the County Clerk, are badly arranged, inadequate as to space, and badly overcrowded.

In both the County Clerk's and the Surrogates' offices the light and ventilation are bad, as from their location must necessarily be the case.

The Comptroller's office is located in the Stewart Building, on the corner of Broadway and Chambers street. This building was constructed a great many years ago, and used for many years as a dry goods store. A few years ago partitions were run up to convert it into an office building. It is well located, conveniently arranged and well lighted, but in no sense of the term can it be considered a fire-proof building, and while great care may and probably will avert any immediate danger of fire, yet if a fire should once get well started, the consequences to the valuable City records kept therein might be most disastrous.

The office of the Counsel to the Corporation is in the Staats Zeitung Building, at the intersection of Chambers and Centre streets. The situation is convenient, and the building is of the class commonly designated fire-proof, but the offices are noisy, owing to the proximity of the Elevated Railroad Station, and are wholly inadequate in size, it having been found necessary to locate every Bureau connected with the Law Department in other buildings.

In the opinion of your Committee it is absolutely necessary that proper provision should be made in the near future to place all the offices we have mentioned in a building or buildings which shall be absolutely fire-proof conveniently located, of adequate size and properly subdivided and arranged, to the end that the public records shall be safely housed and that the public business shall be properly carried on.

For this purpose your Committee recommend that authority be sought from the Legislature for the removal of the Old Brown Stone Court-house, the Engine-house and the Hall of Records

in the City Hall Park, and for the erection, in the Park, at the corner of Centre and Chambers streets, of a fire-proof building of proper height and size to accommodate all the offices mentioned in this report, including two Court-rooms for the use of the Surrogates and the Department of Taxes and Assessments.

The superficial area of the park occupied by the three buildings whose demolition we recommend is nearly 21,000 square feet. A building occupying a considerable less number of square feet could readily be designed to afford ample accommodation for the five offices referred to. If the County Clerk's office was put on the second story of such a building a light bridge connecting the new building with the County Court-house would conveniently connect the Supreme Court with the Clerk. The removal of the Hall of Records would afford an opportunity for much more convenient access to the Brooklyn Bridge than is at present enjoyed by the thousands who daily cross the City Hall Park going to and from the bridge.

The amount that would annually be saved in rentals alone would go far to pay the yearly interest and Sinking Fund charge upon the cost of such a building, if, indeed, it did not wholly pay them.

Your Committee, therefore, recommend that the Counsel to the Corporation be directed to prepare and present to the Board for approval a bill to effect the purposes outlined in this report.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Poultry, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made of Poultry on Monday, December 23, 1895, before 7 o'clock A.M., all in accordance with specifications.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of

the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the hose shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required upon the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact. The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct.
