MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from His Honor the Mayor.

No. 25.
City of New York—Office of the Mayor,)
February 17, 1904. }

To the Honorable the Board of Aldermen:

Gentlemen—I return herewith, without my approval.

"An ordinance granting the assent of The City of New York to the New York, Westchester and Boston Railway Company to construct, maintain and operate its road across certain streets."

It is unnecessary to discuss at length all the questions raised at the public hearing on this measure.

The ordinance is deficient in the respect that it does not protect the City's interests, and that failure of itself makes it objectionable. The privilege which this ordinance would bestow upon the applicant is given without any compensation to the City, and no contract obligation is imposed on the grantee to bear any part of the expense which it seems reasonable to assume will fall on the City in the natural course of its development by reason of the construction and operation of this road.

It is well for the City to encourage the extension of transit facilities, but a time has come when it is unwise to let the urgency of public need force us into measures of temporary expediency regardless of the effect of such a policy on the future welfare of the City.

In my first message to your Honorable Board I spoke of the necessity of a general fiscal policy, which should be so clearly recognized that no administration, whatever its political character, could or would depart from it. I believe also that some uniform system should be adopted for the protection of municipal interests in cases like that dealt with in this ordinance. This right to cross streets, so indispensable to the railroad companies, is a valuable municipal asset and reasonable consideration should be exacted for it.

I shall not attempt at this time to set up a general rule for the granting of such privileges, but merely point out some of the omissions which make it impossible for me to give my approval to this ordinance.

No provision is made for a money compensation to the City, and no condition is imposed that the expense of the structures necessary to admit of the tracks running under and over the grade of the street shall either in whole or in part be borne by the company.

The City is not safeguarded against the building of unsightly or inartistic structures which might forever deface the territory through which the road proposed to pass.

The grant involves the building of bridges, which otherwise the City would not have to construct or maintain, and it does not appear that the railroad company is to assume any part of this expense.

It imposes no obligation on the applicant in regard to the cost of the structures in the opening of new streets or the widening of existing streets, which will come inevitably with the increase of population.

There is no restraint upon the company as to the use of such motive power within the City limits as to prevent the nuisances of noise and smoke.

Important as these considerations are, there is still another, which should have great weight; the ordinance takes no care to insure the usefulness of the road to the public in the number of trains to be operated, the rate of fare, the location of stations, and other details that involve convenience and comfort.

While there is opportunity these advantages ought to be secured by agreement instead of seeking them after the corporation has gained its desires.

For these reasons, while I keenly realize the need for immediate transit improvements in the northern part of the City, I must disapprove this ordinance.

Respectfully,

GEORGE B. McCLELLAN, Mayor.

The Committee on Railroads, to whom was referred on January 12, 1904 (Minutes, page 32), the annexed petition and ordinance in favor of granting assent of The City of New York to the New York, Westchester and Boston Railway Company to operate its road across certain streets, respectfully

REPORT:

No. 214.
Jamaica, Queens Borough, New York,
February 8, 1904.

To the Honorable the Board of Aldermen, City of New York, N. Y.:

Sirs—At a meeting of citizens of Jamaica and vicinity called to receive and act upon a report of the committee appointed at the public meeting of January 19, 1904, to endeavor to find ways and means of improving and lessening the cost of the service of the Brooklyn Rapid Transit Company between Manhattan and the Jamaica section, a report having been adopted, it was regularly moved and motion carried that a copy of said report be sent to your Honorable Board.

Herewith enclose same.

Very respectfully,

HENRY A. FICKEN, Secretary pro tem.

(Copy, Minority Report).

After careful consideration, the undersigned, constituting a minority of the committee, while earnestly desiring improved transportation facilities for this district, are unable to concur in the recommendation of the majority and respectfully submit reasons, as follows:

It appears to us upon a careful investigation that the Brooklyn Rapid Transit Company has exceeded the rights granted by the City Charter in attempting to run three-car trains upon Jamaica avenue.

That said Company, by running motor trains, would violate its contract with the Board of Supervisors, by which it is bound at all times to construct and operate the road in such a manner as shall be suitable and proper for a street surface railroad.

That said Company, by operating the motor trains, violates its agreement made with the property owners on Fulton street in that their consent was gained for the laying of the T-rail on the condition that a trolley service would be given them with cars stopping at every crossing, and not a train service with stops at stations four or five blocks apart.

That the motor trains, when in operation, were the cause of an unusual number of accidents, twenty-three resulting in personal injury in the first three months.

That the motor trains cause much annoyance and discomfort to people living on or near Fulton street, because of the noise resulting from their operation, and that they block the street, at times, with four or five trains standing on one track, prohibiting traffic, and causing inconvenience and danger.

That the Local Board, upon complaint, investigated the troubles arising from the running of trains, and, after careful deliberation, declared unanimously that their operation was a public nuisance.

That if the claims of said railroad are now conceded there will be given no guarantee that Fulton street will not soon be converted into a railroad street for express trains and freight traffic.

That in view of the fact that for more than four years prior to the running of the motor trains the fare by trolley from Jamaica (with transfer from East New York to the elevated) to the Manhattan end of the Brooklyn Bridge was five cents, the conclusion is irresistible that the refusal of the railroad company to give such transfers now cannot be for the reason that such a course would result in financial loss to the road.

That the present unsatisfactory service without transfer is unfair and calculated to create dissatisfaction in order to make possible the obtaining of signatures to a petition for the repeal of the ordinance removing the motor trains.

We therefore recommend that a resolution should be passed that a repeal of said ordinance would work a great lasting injury to the community interests of this locality.

We further recommend that efforts be still continued to secure more and better cars, together with a transfer at East New York at a single fare of five cents.

No. 220.

Union Railway Company of New York City,
No. 204 East One Hundred and Twenty-eighth Street,
New York, February 23, 1904.

Hon. CHARLES V. FORNES, President of the Board of Aldermen:

Dear Sir—In connection with the presentation of its petition and that of its allied company, the Southern Boulevard Railroad Company, for franchises for certain extensions of its lines, principally in the Borough of The Bronx, the Union Railway Company desires to call your attention to the circumstances under which the applications are made.

The Union Railway Company operates all the surface lines in The Bronx, aggregating about 80 miles. These lines, however, cross only two of the bridges over the Harlem, viz., the Third Avenue Bridge and the Madison Avenue Bridge. Last year your Honorable Board, in response to a strong public demand in the Borough of The Bronx, granted the Union Railway Company a franchise to cross the Macombs Dam Bridge, and an extension of the company's lines over that bridge is about to be made. Recently there have been many and vigorous requests from the citizens of The Bronx that the company's lines be extended over four other of the Harlem river bridges, so as to furnish street-railway connections over those bridges with the surface and other lines on Manhattan Island. These four bridges are the Willis Avenue Bridge, the One Hundred and Forty-ninth Street Bridge, the Washington Bridge and the Fordham Heights Bridge. The public demand for these extensions has recently found expression in many ways, including resolutions adopted by the Taxpayers' Alliance of The Bronx and also by the Twenty-third Ward Property Owners' Association, copies of which resolutions are handed you herewith. In view of the demand by the citizens of The Bronx for the above-mentioned extensions, the Union Railway Company recognizes that it cannot do otherwise than apply to the City for the necessary authority to make them, as it has always been the policy of the company to make any extensions of its lines which seem necessary to meet the fair requirements of the territory which it serves.

In order to provide adequate facilities for carrying passengers from all parts of The Bronx to these bridges, as well as the other Harlem bridges over which the Union lines are now or are about to be extended, it is necessary that several short extensions of the Union lines in The Bronx be made, including a crosstown line on One Hundred and Forty-ninth street and a crosstown line extending from the corner of Webster and Olin avenues to Two Hundred and Thirty-eighth street and Broadway. Submitted herewith is a map showing all of the proposed extensions for which franchises are now applied for, as well as the present Union lines in The Bronx and those under construction or about to be constructed under existing franchises.

In compliance with the recommendation of the Taxpayers' Alliance the Union Railway Company is willing that the franchises over the four bridges in question should be in such form as to permit its tracks over the bridges and the approaches to the bridges to be used upon equal terms by any other company which may hereafter be authorized by the City to cross those bridges.

We recognize that the franchises which we request should provide for the payment of adequate compensation to the City for the use of the bridges and streets which are to be occupied by our tracks.

Yours truly,

UNION RAILWAY COMPANY,
EDWARD A. MAHER, President.

Memorandum.

The Taxpayers' Alliance of The Bronx is an organization composed of seven delegates from each of the thirty local organizations of citizens in that territory.

Attached are copies of resolutions adopted by the Taxpayers' Alliance on February 3, 1904, and also copies of similar resolutions adopted by such local bodies as the Property Owners' Association of the Twenty-third Ward, The South Bronx Taxpayers' Association and the Building Trades Employers' Association, all adopted early in February.

Copies of editorials which appeared in The Bronx Borough Record and Times on February 6 and 21 last are also attached.

Resolutions unanimously adopted at a meeting of the Taxpayers' Alliance held February 3, 1904:

Whereas, Improvements to the transit facilities in The Bronx, and more so to the surface roads, are of the utmost importance so that home-seekers can reach the northern part of the borough in reasonable time from different sections and while traveling enjoy such comforts as it is possible for the surface lines to provide; and

Whereas, It is also of great importance that the residents of The Bronx should be provided with transportation for one fare from any part of the borough to One Hundred and Twenty-fifth street in Manhattan and west or east across that important thoroughfare, there being now on an average six hundred residents of The Bronx every hour during the day transferring at One Hundred and Twenty-fifth street from the elevated road to the surface cars crossing that street, or leaving the elevated road and walking across; and

Whereas, If permits were granted now existing surface roads to cross all of the several bridges spanning the Harlem and Bronx rivers, such improved transit facilities could be provided and much time, annoyance and money saved for the residents of The Bronx; and

Whereas, To obtain such improved transit facilities within reasonable time it can be secured only through some existing and actually operated lines of surface roads; be it

Resolved, That the Taxpayers' Alliance recommends that the proper authorities be respectfully requested to at once grant permits to the Union Railway Company to lay tracks across Willis Avenue Bridge and run cars across same, and to lay tracks across any other bridge now in existence and spanning the Harlem and Bronx rivers or any bridges now under construction, provided the railway company receiving such permit shall transport passengers from any part of said borough across Willis Avenue Bridge to One Hundred and Twenty-fifth street, and in Manhattan across One Hundred and Twenty-fifth street east or west also for one fare; and provided further that such permits if granted shall not bar any other railway company from receiving similar permits, and the company procuring such permits in advance of other companies shall permit such other companies crossing such bridges upon its tracks.

Resolved, That a copy of these resolutions be forwarded to the local authorities of the Borough of The Bronx, with the request that resolutions be prepared and adopted by the Local Boards in favor of these measures.

Resolved, That the President of the Borough be respectfully requested to set a day for a hearing on the matter.

Editorial in The Bronx Record and Times, February 6, 1904.

The Bronx is booming so steadily, uniformly and consistently that we are willing, and can certainly well afford to meet every one who enters the district to contribute to its development and advancement with equitableness. In other words, we can, and we ought to treat all hands fairly. This situation applies as much, and perhaps a little more, to transit facilities as to any other form of public improvement.

The local feeling in The Bronx toward the Union Railway Company is to give it everything it wants, and to do it gladly, as long as it will extend its lines and develop its system. To a certain degree this is as it should be, but in putting it into practice certain limits must be clearly recognized and never overstepped, that the ultimate well-being of our district must not be jeopardized.

It must be distinctly understood that The Bronx and the approaches thereto shall ever remain an open field for all parties with intentions and abilities to carry them out. They must be at the mercy of no man or corporation.

The Taxpayers' Alliance and kindred bodies have taken up the proposition made editorially by the Record and Times on January 3, that the trolley cars be allowed to cross all the river bridges, and apparently without any restriction.

This is all very well for the present, but we must not overlook our duty of guarding our future interests. Already rival companies to the Union are seeking to enter the borough, and still other companies whose lines would be very desirable local acquisitions may appear. For this reason the provision suggested in our first editorial on this subject that other companies than the Union should also have the right to cross our bridges, is one that should be rigidly adhered to.

This is a vital point, one that should not be lost sight of. There must be no monopoly on our bridges.

Editorial in The Bronx Borough Record and Times, February 21, 1904:

Why the Bridge Petition Is a Popular One.

The popular petition to the Union Railway Company to ask the City authorities for permission for its lines to cross all bridges, present or future, over the Harlem or Bronx river, and which was started by the Taxpayers' Alliance, has already proven a popular petition indeed.

The people realize and, what is more, appreciate the broadmindedness of the petition in that it not only does not ask for any monopoly but expressly provides that there shall be none. It is this provision—that all other railroads may have the same privileges as the Union to cross these bridges—that has shown the people they are working for their own interests and not those of a corporation.

This bridge privilege will improve the Union Railway service by completing its system and giving it connections with the subway, elevated and metropolitan systems, all of which will be of no small advantage to the people of The Bronx.

So far as the Union is concerned its personal benefit will be greater in years to come than at this present day, for its greatest advantages will be to its cross-town lines, now but a feature of its system, but we predict that five years from now when

the subway is in operation and the New York Central is running on its improved plan, the Union's greatest traffic will be east and west and its cross-town routes will be by far the most important of its lines.

The fact that the Union Company is agreeable to the proposition indicates that there will be a transfer system with the Metropolitan system, as the Union cars would run on the Metropolitan tracks for some two miles on One Hundred and Twenty-fifth street. It would certainly be a big step toward the exchange of transfers between the two systems.

It would also introduce the underground trolley equipment in the Union system, as the cars running on One Hundred and Twenty-fifth street would have to be equipped with substructural trolleys, that being the system in use there now.

Everyone who lives in The Bronx, or who has property interests here, ought to sign the Taxpayers' Alliance petition.

Which were severally referred to the Committee on Railroads.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 221.

Department of Finance—City of New York, }
February 19, 1904. }

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment, February 19, 1904, ratifying and confirming your action in fixing the salary of the position of First Assistant Sergeant-at-Arms to the Board of Aldermen, and copies of communications relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

February 18, 1904.

HON. GEORGE B. McCLELLAN, Chairman Board of Estimate and Apportionment, City Hall, New York:

Dear Sir—In the matter of the resolution adopted by the Board of Aldermen, bearing date January 4, 1904, fixing the salary of John Duffy, First Assistant Sergeant-at-Arms, at \$1,200, and which resolution was referred by your Honorable Board to me to report thereon, I beg to report that, inasmuch as Mr. Duffy has been elected the First Assistant Sergeant-at-Arms, the duties and responsibilities of the Sergeant-at-Arms will at times, in the absence of the latter, devolve upon him. It seems to me, therefore, that, in view of these responsibilities, the proposed distinction of \$200 in salary between the First Assistant and the other Assistant Sergeants-at-Arms would be justified. I therefore beg leave to report in favor of the adoption of the resolution.

Very sincerely yours,

C. V. FORNES, President Board of Aldermen.

(Copy.)

February 2, 1904.

To the Honorable, the Board of Estimate and Apportionment:

Gentlemen—On January 4, 1904, the Board of Aldermen for the years 1904-1905, holding their first meeting, elected as First Assistant Sergeant-at-Arms one John Duffy at an annual salary of \$1,200. Provision was made in the estimate approved by your honorable body for the year 1904 for \$1,000 per annum for the salary of the position of Assistant Sergeant-at-Arms, and this man cannot be paid at the rate of \$1,200 per annum unless some arrangement is made by your Board. I therefore respectfully request that the salary of John Duffy, as First Assistant Sergeant-at-Arms of the Board of Aldermen, be fixed at \$1,200 per annum.

Yours respectfully,

P. J. SCULLY, City Clerk.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at meeting, held February 19, 1904:

"Resolved, That subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the President of the Board of Aldermen in fixing the salary of the position of First Assistant Sergeant-at-Arms to the Board of Aldermen at twelve hundred dollars (\$1,200) per annum, as of date January 4, 1904."

Alderman McCall moved the adoption of the resolution.

The Vice-Chairman put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Baldwin, Bennett, Boyhan, Brenner, Bridges, Callahan, Coggey, Collins, Culkin, Davies, Donohue, Doill, Dowling, Gaffney, Gass, Gillies, Goodman, Grifenhagen, Grimm, Haggerty, Harburger, Harnischfeger, Hann, Higgins, James, Jones, Kline, Koch, Lochner, McCall, McCarthy, Malone, Marks, Morris, Arthur H. SURROGATES' COURT.

NEW YORK COUNTY.

Chambers of the Surrogates' Court, County of New York, }
New York, August 15, 1903. }

To the Honorable the Board of Estimate and Apportionment:

An estimate of the amount of the appropriation necessary for maintenance of the Surrogates' Court and Office and the transaction of the business thereof during the year 1904 is herewith submitted.

The same amount appropriated for the present year for the Clerks employed, pursuant to chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890, in the preservation of the public records, will be required for the year 1904. Eight (8) Clerks are so employed at a salary of \$1,200 per annum each, and a Superintendent and Examiner at \$1,500 per annum. Ten (10) libers, in addition to those on hand, at a cost of \$30 each, and \$100 for stationery will be required for the prosecution of this work next year. The necessity for this work has been duly certified in accordance with the statutes mentioned. Certain of the certificates are referred to in the communication of August 15, 1902, submitting the estimates for this year; one of them accompanied it, another is sent herewith, and three others were transmitted to the Board of Estimate and Apportionment March 6, June 4 and June 29, 1903, respectively.

It is proposed to increase the salaries of Andrew L. Dalton and J. Henry Ferguson by adding to the salary (\$1,800) which each of them now receives \$700. These gentlemen hold positions similar to those of the private clerks and secretaries of the Supreme Court Judges in this Department, who are paid \$2,500 per annum each. Mr. Dalton is Surrogate Thomas' private Clerk and Secretary, and Mr. Ferguson occupies the same relation to Surrogate Fitzgerald. The duties of these Clerks and the services they perform are of such a character as to entitle them to the increase asked. They are among those placed in the exempt class by the State Civil Service Commission.

The salary of William H. Down, who fills the position of "Entry Clerk," is sought to be increased to \$1,800 per annum. His present salary is \$1,600 per annum. The duties of his position require him to personally keep and index 13 different index books relating to as many different subjects; to keep the book required to be kept by chapter 544 of the Laws of 1896 respecting deposits directed by decrees of the Surrogates to be made with the City Chamberlain, besides attending to a variety of details and other matters, and acting in the absence of the Deputy Chief Clerk in provisionally fixing the commissions of executors, administrators and others, and in examining the bills of costs and decrees in accounting proceedings before they are passed to the Surrogates for consideration and disposition.

It is proposed to add to the salary of James O'Hara, the Second Assistant Probate Clerk, \$100. His present salary is \$1,400. He was appointed to his present position January 1, 1897, and has been continuously employed in this office since February 21, 1888. He has been a faithful and capable clerk, and is entitled to the small increase of salary asked.

The salaries of John J. Mooney, Guardian Clerk, and Thomas F. McDevitt, the Guardian Accounting Clerk, each now \$1,600 per annum, are sought to be increased to \$1,700 per annum each. Mr. Mooney and Mr. McDevitt were appointed to their respective positions January 1, 1891, and have ever since faithfully and efficiently discharged the duties thereof. The former provisionally receives and passes upon the petitions and other papers for the appointment of guardians of the persons and estates of minors, presented pursuant to sections 2823 and 2827 of the Code of Civil Procedure, and Mr. McDevitt receives and examines, and attends to the preliminary proceedings necessary for the enforcement of the filing of the accounts of guardians required by sections 2842, 2844 and 2845 of the said Code to be annually filed and examined.

It is requested that \$200 be added to the salary of Michael Parker, First Assistant Clerk of Records, and that of Eugene F. McGinnis, Second Assistant Clerk of Records. Mr. Parker was appointed to his present position March 20, 1899, and has continuously served in the office since February 1, 1888. Mr. McGinnis was appointed January 12, 1898, to his present position. Both of these Clerks have rendered faithful and excellent services.

Twelve hundred dollars per annum is the salary attached to each of the positions of Court Attendant and Messenger, with the exception of one, that of Messenger. The salary attached to this position is \$900 per annum, and it is urged that it should be increased to \$1,200 per annum, which is the same compensation paid the other Messengers and Court Attendants. The duties of the Messengers and Court Attendants are substantially the same, the services of both Court Attendants and Messengers being used and performed in and about the offices and court as the business needs of the Surrogates demand.

In no instance is requested an increase of salary beyond the maximum fixed by the grade in which the position is classed by the State Civil Service Commission.

To the Board of Estimate and Apportionment, New York City, New York:

Gentlemen—In submitting the estimates for the current year we asked for the appropriation of \$2,600 for the stated purpose of increasing the annual salaries of the two Clerks to the Surrogates from \$1,800 to \$2,500 each; the salary of the Second Assistant Probate Clerk from \$1,400 to \$1,500; the salaries of the Guardian Clerk and the Guardian Accounting Clerk from \$1,600 to \$1,700 each; the salary of the Entry Clerk from \$1,600 to \$1,800; the salaries of the First and Second Assistant Clerks of Records from \$1,000 to \$1,200 each, and the salary of Messenger from \$900 to \$1,200.

The reasons for such increases were given in the communication accompanying the estimates, and the increased amount so asked, together with the two other appropriations applied for, was allowed by the Budget as finally adopted. We assumed that this allowance authorized us to fix the salaries mentioned at the increased rates from January 1, instant, and accordingly did so. We have since been informed that the approval and ratification of our action by the Board of Estimate and the Board of Aldermen is necessary to make it effectual, and we respectfully request such approval and ratification.

In no instance does the amount of the increased salary exceed the maximum fixed by the grade in which the position is classed by the State Civil Service Commission.

Yours very truly,
(Signed) FRANK S. FITZGERALD,
ABRAM C. THOMAS,
Surrogates.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 19, 1904:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action taken by the Surrogates of New York County, in fixing the salaries of the following positions in the office of the Surrogates of said County, as follows:

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 19, 1904, ratifying and confirming the action taken by the Commissioner of Department of Docks and Ferries in fixing the salary of the position of Cashier in said Department at the rate of \$3,000 per annum, as of date February 5, 1904, together with copy of communication from the Dock Department relative thereto.

I also enclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
J. W. STEVENSON, Deputy Comptroller.

February 4, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

Sir—I beg to advise you that I have this day appointed Silas Strauss, of No. 248 East Seventy-eighth street, Borough of Manhattan, to the position of Cashier in this Department, with compensation at the rate of \$3,000 per annum, to take effect February 5, 1904, subject to the approval of the Board of Estimate and Apportionment and the Board of Aldermen.

This appointment of Mr. Strauss is to fill the vacancy caused by the resignation of William H. Cole, who has for the past two years held the position of Cashier, with compensation at the rate of \$2,000 per annum.

The position of Cashier in this Department is one of considerable responsibility, the holder thereof having the handling of all the moneys received by the Department from rentals, etc., amounting in the aggregate to upwards of \$3,000,000 per annum. He is also held solely responsible for the petty cash fund of the Department, and is bonded for the faithful performance of his duty.

I am of the opinion that a salary of \$3,000 per annum would be but fair compensation for the services required of the Cashier, and I would therefore respectfully ask that the Board of Estimate and Apportionment establish the position of Cashier for this Department, with compensation at the rate of \$3,000 per annum, to take effect as of February 5, 1904.

Respectfully yours,
(Signed) MAURICE FEATHERSON,
Commissioner.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 19, 1904:

Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Commissioner of the Department of Docks and Ferries taken and dated February 4, 1904, in fixing the salary of the position of Cashier in said Department at the rate of three thousand dollars (\$3,000) per annum, as of date February 5, 1904.

Which was referred to the Committee on Salaries and Offices.

Subsequently the committee reported as follows:

The Committee on Salaries and Offices, to whom was referred, on February 23, 1904, the annexed resolution in favor of fixing the salary of position of Cashier in the Department of Docks and Ferries, respectfully

REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

PHILIP HARNISCHFEGGER, JOHN H. DONOHUE, ARTHUR M. MURPHY, FRANK L. DOWLING, PATRICK CHAMBERS, Committee on Salaries and Offices.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen, Ahner, Baldwin, Boyhan, Brenner, Bridges, Chambers, Coggey, Collins, Cullin, Dietz, Donohue, Doull, Dowling, Gaffney, Gass, Gillies, Grienhagen, Haggerty, Harburger, Harnischfeger, Hann, Higgins, James, Kline, Lochner, McCall, McCarthy, Malone, Marks, Arthur H. Murphy, Owens, Poole, Redmond, Schappert, Schloss, Shea, Sheil, Sturges, Towney, Wafer; the Vice-Chairman—41.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment, transmitting ordinance:

No. 224.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of preambles and resolution adopted by the Board of Estimate and Apportionment February 19, 1904, authorizing the issue of Corporate Stock to the amount of \$370,000 to provide means for the construction of a stable on the block bounded by Flushing avenue, Graham street, Kent avenue and Little Nassau street, Borough of Brooklyn.

I also enclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
J. W. STEVENSON, Deputy Comptroller.

February 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

Sir—On June the fourth, 1903, there was laid before the Board of Estimate and Apportionment a request for bond account of \$395,000 for the construction of a building in the Borough of Brooklyn to be used for the purpose of a stable, repair department and administration building. This being reported upon favorably by the Engineer of the Department of Finance, as in the accompanying letter, bonds to the amount of \$370,000 were passed by the Board of Estimate and Apportionment and referred to the Finance Committee of the Board of Aldermen. There it was not acted upon, and the bonds not having been signed, after six weeks of nonaction of the Board of Aldermen, by the late Mayor, it has been deemed wise by the Corporation Counsel that this matter should be resubmitted to the Board of Estimate and Apportionment for their action.

The land upon which this stable is to be erected has been acquired by the City. The plans and specifications for this building are most distinctly utilitarian and simple in their design and quality of material. The City owns no building whatever in the Borough of Brooklyn for the use of the Street Cleaning Department. What stabling we have in this borough is rented property and totally insufficient. The Department has to-day ninety-six horses in temporary shedding in the incumbrance yard in Pacific street, the rear enclosure of which, under the Building Law, may only be a canvas drop curtain, which at this season of the year is an insufficient protection.

As is shown by the plans accompanying this letter, there would be stabling for 250 horses, room for the storage of carts under cover instead of exposing them in all weathers, out of doors, together with adequate space for repairs, storage and administration.

Respectfully,
(Signed) JOHN McG. WOODBURY, Commissioner.
City of New York—Department of Finance, }
Comptroller's Office, }
June 4, 1903. }

Hon. EDWARD M. GROUT, Comptroller:

Sir—Hon. John McGaw Woodbury, in communication under date of May 28, 1903, requests the Board of Estimate and Apportionment to authorize an additional bond issue for new stock and for the erection of a stable in the Borough of Brooklyn.

The building is to be located in the Borough of Brooklyn on the entire block bounded by Flushing avenue (187 feet 7 inches), Kent avenue (179 feet 2 inches), Little Nassau street (187 feet 9 inches) and Graham street (160 feet 10 inches). Portion of the site has been bought by the City and the balance is being acquired.

The stable (187 feet by 159 feet 9 inches, 169 feet 6 inches by 187 feet, with a court 53 feet by 60 feet) is three stories, with a basement under about half of the building. The basement, entered by a runway from the court, is to be used for the storage of carts.

First or Ground Floor—The centre building on Flushing avenue is the offices, toilet, etc. In the main building to the left of the office building is arranged for a blacksmith shop; at the right for a repair shop. The remainder of this story is for storage of carts.

Second Story—This entire floor is taken up by the horses, 240 stalls, feed boxes, watering troughs, harness racks, etc.

Third Story—Arranged for storage rooms, feed bins, men's lockers, toilet, a dispensary for horse medicines to be supplied at the various stables in the Borough of Brooklyn.

There are two large freight elevators running from the basement to the top floor; also a manure chute from the second story.

The exterior walls are to be built of selected common brick; exposed stone facings up to sill course of first story windows shall be of limestone or other similar stone rock face.

The roof is to be a slate gable roof, supported by trusses, and in order not to have any columns in the first and second stories, these roof trusses are to be heavy enough to support the steel beams of the second and third floors by means of the rods.

The floor arches between steel beams and channels shall be segmented hollow terra cotta 6-inch blocks. On these blocks shall be laid granolithic cement composition, laid off in 2-foot squares, except in toilet rooms and offices. The floors of the stalls shall be of wood. The plumbing will all be exposed. There will be no plastering throughout the building.

The arrangement of the space and general layout of the building I consider good and well adapted for the purpose, but I would call your attention again to the fact that the steel floor beams of the second and third stories, which have a

span of at least 60 feet, rest on the brick piers (4 feet by 2 feet 4 inches), and are supported in the centre by two tie rods suspended from the roof trusses.

This construction is more expensive than the usual method of supporting floor beams by means of iron columns, and in a building of this size I estimate that it will increase the cost by at least \$25,000.

It is claimed that this construction is necessary in order to have a clear floor space in the first and second stories. In the second story the columns could be out at the end of the stalls, and hence would not interfere with the space. On the first floor, which is entirely used for the storage of carts, the columns could be arranged so as not to materially affect the space. They would not be over one foot in diameter, and could be placed so that the carts could be stored either side of them. By using columns instead of tie rods, we will get a more rigid floor, and I would advise that columns be used.

The elevation of the stable gives a very elaborate and handsome gable slate roof. While its beauty cannot be questioned, I do not think it necessary. A flat roof covered with some roofing material would be more serviceable, and reduce the cost of the building at least \$20,000.

In order to make a flat roof on this building it will be necessary to make a new study of the exterior of the third floor, but this can be done very easily.

The architects, Warren & Witmore, have informed me that they think the stable can be erected, according to their plans and specifications as submitted, for \$395,000, including architects' fees.

Respectfully,
(Signed) EUG. E. McLEAN, Engineer.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of three hundred and seventy thousand dollars (\$370,000), to provide means for the construction of a stable on the block bounded by Flushing avenue, Graham street, Kent avenue and Little Nassau street, Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following preambles and resolution adopted by the Board of Estimate and Apportionment February 19, 1904, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Whereas, The Board of Estimate and Apportionment on June 5, 1903, adopted a resolution, subject to the concurrence of the Board of Aldermen, authorizing the issue of Corporate Stock to an amount not exceeding three hundred and seventy thousand dollars (\$370,000), to provide means for the construction of a stable on the block bounded by Flushing avenue, Graham street, Kent avenue and Little Nassau street, Borough of Brooklyn;

"Whereas, The Board of Aldermen failed to take action thereon before the expiration of the term of office of the old Board of Aldermen; and

"Whereas, The Commissioner of the Department of Street Cleaning, in a communication to the Board of Estimate and Apportionment dated February 16, 1904, has made requisition for the issue of bonds to the amount of three hundred and seventy thousand dollars (\$370,000), to provide for the construction of a stable on the block bounded by Flushing avenue, Graham street, Kent avenue and Little Nassau street, Borough of Brooklyn, as provided by section 546 of the Greater New York Charter; therefore be it

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of three hundred and seventy thousand dollars (\$370,000), the proceeds whereof to be expended for the purposes aforesaid."

Which was referred to the Committee on Finance.

MESSAGES FROM HIS HONOR THE MAYOR RESUMED.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 225.
City of New York—Office of the Mayor, }
February 23, 1904. }

To the Honorable Board of Aldermen of The City of New York:

Gentlemen—I transmit herewith a letter from the Secretary to the Mayor pointing out the necessity of a new ordinance that will put the Department of Sealers and Inspectors of Weights and Measures on a business basis.

The proposed ordinance which accompanies the communication establishes the office of "Inspector of Weights and Measures" as the responsible head of the Department and makes the present Inspectors and Sealers "Deputy Inspectors of Weights and Measures."

I respectfully recommend to your Honorable Body the immediate consideration of the proposed change.

Respectfully,
GEORGE B. McCLELLAN, Mayor.
City of New York—Office of the Mayor, }
February 16, 1904. }

Hon. GEORGE B. McCLELLAN, Mayor, City:

Sir—Under the existing ordinances the Sealers and Inspectors of Weights and Measures, of whom there are eighteen, work separately in their districts, and no direct supervision is exercised over them. Their reports are made to the City Clerk, who has no authority over them, and their salaries are drawn on their own affidavits that they have performed the service expected of them. They are, of course, subject in a general way to the direction of the Mayor, who appoints them, but it is clear that this department, like every other one in the municipal government, should have a responsible head, who may be held for the faithful observance of the ordinances, and who in turn may exercise powers over the Sealers and Inspectors.

With that end in view I have caused an ordinance to be drawn which empowers each of the Sealers and Inspectors of Weights and Measures to both inspect and seal weights and measures and creates the office of Chief Inspector of Weights and Measures at a salary of twenty-five hundred dollars per year.

I have the honor to submit the proposed ordinance for your consideration.

Respectfully,
JOHN H. O'BRIEN, Secretary.

AN ORDINANCE in relation to the sealing and inspection of weights and measures in The City of New York.

Be It Ordained, By the Board of Aldermen of The City of New York, as follows:

Section 1. There shall be a Mayor's Bureau of Weights and Measures in The City of New York, in charge of an Inspector of Weights and Measures, to be appointed by the Mayor and removable by him at his pleasure, who shall be paid a salary of twenty-five hundred dollars per annum. The present Sealers and Inspectors of Weights and Measures, numbering eighteen in all, shall hereafter be known as Deputy Inspectors of Weights and Measures, and they and their successors shall each receive a salary of fifteen hundred dollars per annum and be removable by the Mayor at pleasure.

Sec. 2. The present Sealers and Inspectors of Weights and Measures shall continue to hold office as Deputy Inspectors of Weights and Measures. Any vacancy which shall hereafter occur shall be filled by appointment by the Mayor.

Sec. 3. Said Inspector and each of said Deputy Inspectors of Weights and Measures shall, before entering upon the duties of his office, execute to The City of New York a bond, with one or more sufficient sureties to be approved by the Mayor, in the penal sum of two thousand dollars, conditioned for the faithful performance of the duties of his office.

Sec. 4. All persons using weights and measures, scale beams, patent balances, steelyards or any other instrument in weighing or measuring any article intended to be purchased or sold in The City of New York, shall cause the same to be sealed and marked by a Deputy Inspector of Weights and Measures of said City.

Sec. 5. Any person who shall, in weighing or measuring any article for purchase or sale within The City of New York, use any weight, measure, scale beam, patent balance, steelyard or other instrument not sealed and marked as herein required, shall forfeit and pay the sum of fifty dollars for each and every offense.

Sec. 6. All weights, measures, scale beams, patent balances, steelyards and other instruments for weighing, to be sealed and adjusted by a Deputy Inspector of Weights and Measures in The City of New York, shall be made to conform to the

standard of the State, and shall be marked by him with the initials of his name and the date on which the same shall be sealed and marked.

"Upon the written request of any resident of The City of New York, the Inspector of Weights and Measures shall test or cause to be tested, within a reasonable time after the receipt of such request, the weights, measures, scale beams, patent balances, steelyards or other instruments used in buying or selling by the person, firm or corporation designated in such request."

Sec. 7. If any person shall use, in The City of New York, in weighing or measuring, as aforesaid, any weight, measure, scale beam, patent balance, steelyard or other instrument which shall not conform to such standard, or shall use in weighing aforesaid, any scale beam, patent balance, steelyard or other instrument, which shall be out of order or incorrect, or which shall not balance, he, she or they shall forfeit and pay for every such offense the sum of twenty-five dollars.

Sec. 8. The Inspector shall keep a register of the name of each person, firm or corporation whose weights, measures, scale beams, patent balances, steelyards or other instruments have been inspected, together with the number and size of same, and what of each was approved and what condemned, with the date of inspection, and such record shall be open to the inspection of the public at all reasonable times.

Sec. 9. No person shall sell or offer for sale in any market or in the public streets or in any other place in The City of New York any fruits, vegetables or berries in crates, baskets or other measures, or any butter in prints, or any ice or coal or other fuel at or for a greater weight or measure than the true measure thereof; and all ice, coal, coke, meats, poultry and provisions (except vegetables sold by the head or bunch) of every kind, sold in the streets or elsewhere in The City of New York, shall be weighed or measured by scales, measures or balances, or in measures duly tested and stamped by the Inspector or Deputy Inspectors of Weights and Measures; provided that poultry may be offered for sale and sold in other manner than by weight, but in all cases where the persons intending to purchase shall so desire and request poultry shall be weighed as hereinbefore provided.

Sec. 10. Any weights or scales found by the Deputy Inspector in use in any market or in the public streets, which upon being tested are found to be short in weight by one-quarter of a pound or upwards, may be summarily confiscated and destroyed.

Sec. 11. No person shall sell or supply any coal or coke within the limits of The City of New York, unless there shall be delivered to the person in charge of the wagon or conveyance used in such delivery a certificate duly signed by the person selling such fuel, showing the weight of the fuel proposed to be delivered, the weight of the wagon or conveyance used in such delivery, the total weight of fuel and conveyance and the name of the purchaser.

Sec. 12. Tenement House Department, at the rate of \$1,200 per annum, together with copy of communication from the Tenement House Commissioner relative thereto.

Tenement House Department of The City of New York,
No. 61 Irving Place.
New York City, February 17, 1904.

Board of Estimate and Apportionment, No. 280 Broadway; Board of Aldermen, City Hall, New York:

Gentlemen—I respectfully request, in accordance with the provisions of section 56 of the Greater New York Charter, that you fix the following salary for an employee of the Tenement House Department:

Tabulator, per annum..... \$1,200 00

Said salary to date from and including January 1, 1904.

Your Honorable Body acted upon a similar resolution at a recent meeting, but it is now found necessary to resubmit it to you for the following reasons:

1—That the word "expert" should not appear; and

2—That the resolution did not contain the clause enabling this Department to give the employee pay from January 1. This latter request is made inasmuch as the gentleman now filling this position was appointed by Commissioner DeForest, who was under the impression that the salary had been fixed by the Board of Aldermen, which later proved was a mistake. He has therefore continued since date of appointment.

Respectfully submitted,

(Signed) WM. C. T. CRAIN, Commissioner.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment February 19, 1904:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment February 5, 1904, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Expert Tabulator in the Tenement House Department be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

—be and the same is hereby amended to read as follows:

Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Commissioner of the Tenement House Department in fixing the salary of the position of Tabulator in the Tenement House Department at the rate of twelve hundred dollars (\$1,200) per annum, as of date January 1, 1904.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 19, 1904, recommending to the Board of Aldermen the fixing of the salary of the position of Stenographer's Amanuensis in the Surrogate's Court, Kings County, at the rate of \$800 per annum, together with copy of communication from the Surrogate relative thereto.

Chambers of Surrogate's Court, Brooklyn, N. Y.,
February 11, 1904.

To the Board of Estimate and Apportionment, No. 280 Broadway, New York City, N. Y.:

Gentlemen—Your communication asking me whether the position of Court Stenographer's Amanuensis is so classified in the State Civil Service Commission's rules is duly received. I must frankly confess that these various rules of the State Civil Service Commission are beyond my comprehension, and that it is impossible for me to answer.

The only thing that I can draw from their classification is that they specifically exempt by name certain positions in each office, and all other positions are declared to be in the competitive class, and that further in the competitive class all Stenographers are apparently rated alike, irrespective of the importance of their duties, and that all Clerks are apparently rated alike, irrespective of whether they really have to perform some intelligent clerical labor or are mere copyists.

Perhaps a word of explanation in regard to the details of the positions in my office will simplify the transaction: By the provisions of section 2508 of the Code of Civil Procedure all the employees of the Surrogate's Court outside of the Chief Clerk and Stenographer are designated as Clerks, irrespective of the duties which they have to perform. Long before the adoption of the Civil Service rules, however, for the purpose of convenience in making out the payroll and budget, the various Clerks were given titles corresponding to the duties which they were required to perform, although there was no legal authority for the giving of these titles. Upon the adoption of the Civil Service rules they were adopted by the State Civil Service Commissioners, and in referring to the offices they have come to be regarded as if they were positions which were officially created.

When a Stenographer was appointed to assist the Court Stenographer in writing out the court minutes, in accordance with the provisions of the Code, for the sake of convenience such Stenographer was referred to as Court Stenographer's Amanuensis, and such appointee has been known by that title ever since, although, as I explained before, there was no legal provision for such title to the provision.

I regret that I am unable to give you better information on this matter, but this is the best I can do.

Trusting this will be satisfactory, I remain,

Yours very truly,

(Signed) JAMES C. CHURCH.

Whereas, The Board of Estimate and Apportionment at a meeting held February 19, 1904, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Stenographer's Amanuensis in the Surrogate's Court, Kings County, be fixed at the rate of eight hundred dollars (\$800) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Stenographer's Amanuensis in the Surrogate's Court, Kings County, at the rate of eight hundred dollars (\$800) per annum.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

1 Assistant, per annum..... \$7,000 00
1 Assistant, per annum..... 5,000 00

Bureau of Street Openings.

1 Topographical Draughtsman, per annum..... \$1,350 00
1 Topographical Draughtsman, per annum..... 1,200 00

—and substituting in place thereof the following:

Main Office.

1 Assistant, per annum..... \$3,000 00
3 Assistants, each per annum..... 2,000 00
2 Assistants, each per annum..... 1,500 00

Bureau of Street Openings.

1 Assistant, per annum..... \$2,500 00

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

February 15, 1904.

Board of Estimate and Apportionment of The City of New York:

Dear Sirs—I enclose herewith a draft of a resolution making certain changes in the schedule of positions and salaries in this Department. It is merely a readjustment of the schedule now in force, for the purpose of meeting the growing needs of the Department, with no increase of cost on the payroll of the main office, and with a slight decrease in cost in the Bureau of Street Openings.

The changes which I propose are as follows:

(1) To take the position of "Assistant" in the main office at \$7,000, which is now vacant and to divide the salary so that I may appoint two Assistants at \$2,000 each, and two Assistants at \$1,500 each; (2) to take the position of "Assistant" in the Brooklyn office at \$5,000 per annum, which is now vacant, and to divide it so that I may appoint one Assistant at \$3,000 and one Assistant at \$2,000; (3) in the Bureau of Street Openings, to abolish the positions of two Topographical Draughtsmen, one at \$1,350 and the other at \$1,200 per annum (these positions now being vacant and unnecessary), and to substitute in place thereof one "Assistant" at \$2,500.

My reasons for recommending these changes are as follows:

The number of cases on the court calendars which are now coming on for trial is increasing very rapidly and the Senior Assistants in the office have not the time to properly prepare all these actions for trial.

As an illustration of the increase in the number of actions tried and appeals argued, the following schedule will show the remarkable growth of this part of the office work since the date of consolidation.

Year.	Appeals argued at Court of Appeals.	Appeals argued at Appellate Division.	Actions tried in Court.
1898.....	35	157	118
1899.....	51	144	231
1900.....	46	140	273
1901.....	72	150	255
1902.....	45	182	348
1903.....	80	203	439

These statistics show, therefore, that the number of appeals to be argued has about doubled and that the number of cases now being tried is between three and four times as great as during the first year of consolidation. The office greatly needs the services of a number of assistants, who can be obtained at the smaller salaries which I have recommended, who have been trained in the work of preparing actions for trial and who can come into this Department and take up the same line of work here. There is nothing more important than a thorough preparation of an action before trial, and these assistants would have time to examine the records of the departments, interview witnesses and prepare trial briefs, and in this manner relieve the Trial Assistants of much detail work which they are now obliged to do and which could be done by others. Another reason is the fact that in case of the absence through sickness, or for any other good reason, of an Assistant assigned to try an action there is no one to take his place. My idea is that each Trial Assistant should have one or more subordinates, whose work it would be to prepare cases for trial and who would be competent, in case of the absence of the Trial Assistant, to take charge of the case. This is, to my mind, the greatest need of the Department at present, and I am sure that the changes which I have proposed will greatly add to the efficiency of the Department.

In the Bureau of Street Openings I propose the abolishing of the positions of two Topographical Draughtsmen, which are now vacant, the salaries of which aggregate \$2,550, and the addition of an Assistant at \$2,500. The present force of Topographical Draughtsmen is sufficient to do the work of the Bureau, and an additional Assistant is needed to try condemnation proceedings.

As the abolishing of these positions at higher salaries and the substitution in place thereof of more positions at smaller salaries will add nothing to the payroll of the Department, and will increase the office force, there can be no objection upon the ground of increased expense, and I am sure that your Board will agree with me that the changes suggested will be to the best interests of the City.

I therefore ask that your Board adopt a resolution similar in form to that submitted herewith to carry out the proposed changes in the salary schedule, and that the resolution be forwarded to the Board of Aldermen for their approval.

Yours respectfully,

JOHN J. DELANY, Corporation Counsel.

Resolved, That the resolution of the Board of Estimate and Apportionment, adopted February 13, 1903, and approved by the Board of Aldermen on the 10th day of March, 1903, fixing the number of positions and the salaries thereof in the Law Department, be amended by striking therefrom the following positions:

1 Assistant at \$7,000 00
1 Assistant at 5,000 00

Total..... \$12,000 00

Bureau of Street Openings.

1 Topographical Draughtsman, at \$1,350 00
1 Topographical Draughtsman at 1,200 00

Total..... \$2,550 00

—and by substituting in place thereof the following:

Main Office.

1 Assistant at \$3,000 00

Total..... \$12,000 00

Bureau of Street Openings.

1 Assistant at \$2,500 00

Resolved, That the resolution of the Board of Estimate and Apportionment adopted February 13, 1903, and approved by the Board of Aldermen March 10, 1903, fixing the number of positions and the salaries thereof in the Law Department, be amended by striking therefrom the following positions:

In the matter of the request to fix the salary of the position of Tabulator at the grades ranging from \$1,200 to \$1,800 per annum, you are informed the Board did not make a request for an increase of salary, but requested that the position of Tabulator of the fourth to the eighth grades, inclusive, be created, for the reasons stated in the communication.

The Commissioner of Health desires me to state, however, that he will make it his business to appear before the Board of Estimate and Apportionment at the meeting mentioned, in respect to this and other matters pending before the Board at that time.

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment, February 19, 1904, recommending to the Board of Aldermen the fixing of the salary of the position of Director of the Menagerie, Department of Parks, Boroughs of Manhattan and Richmond, at the rate of \$3,000 per annum; together with copies of communications from the Department relative thereto.

January 21.

Hon. EDWARD M. GROUT, Comptroller:

Dear Sir—I am directed by President Pallas, Park Commissioner for the Boroughs of Manhattan and Richmond, to acknowledge receipt of your favor of the 16th instant, signed by Deputy Comptroller Stevenson, notifying him that the matter of the salary of the Director of the Menagerie was laid over by the Board of Estimate in order to afford an opportunity for stating the reasons for having it fixed at \$3,000 per annum.

He directs me further to give you the facts in the case, as follows:

The Director of the Menagerie in Central Park is an official of long experience and well known in connection with animal work all over the world. His success and efficiency in taking care of this collection is universally recognized among animal men. His salary was \$3,000 for many years, until during the administration of the preceding Park Commissioner it was reduced to \$2,500. This reduction was made upon the plea of economy, but no other head of a bureau in the Department in this borough had his salary reduced.

In the departmental estimate for this year, as passed by the Board of Estimate and Apportionment, provision for this salary is made at a figure of \$3,000, but in order to be certain that it is entirely legal and proper, the Commissioner asks that the Board of Estimate directly authorize the restoration of the salary to that figure.

The work of the Director of the Menagerie is onerous and responsible. Instead of being relieved by intermissions on Sundays and holidays, it is made more difficult and exacting on such occasions. He is on duty every day in the year for long hours, and is subject to call at any time of the night.

Very respectfully yours,

Secretary, Park Board.

January 8, 1904.

The Board of Estimate and Apportionment, The City of New York:

Gentlemen—In the final estimate or Budget for this Department for the current year your Honorable Board allowed in the appropriation for the Zoological Department, boroughs of Manhattan and Richmond, an item of \$3,000 for the payment of the salary of the Director of the Menagerie, as requested by the former Park Board. This was to enable payment of the salary paid to the Director prior to its reduction to \$2,500, which was made in 1902.

The amount having been thus allowed, and being now available for the purpose, I beg to request that your Honorable Board will recommend to the Board of Aldermen that the salary of the Director of the Menagerie be fixed at the amount named, in order that the same may be restored on the payrolls of the Department.

Respectfully,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

Whereas, The Board of Estimate and Apportionment at a meeting held February 19, 1904, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Director of the Menagerie, Department of Parks, boroughs of Manhattan and Richmond, be fixed at the rate of three thousand dollars (\$3,000) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution, and fixes the salary of the position of Director of the Menagerie, Department of Parks, boroughs of Manhattan and Richmond, at the rate of three thousand dollars (\$3,000) per annum.

Which were severally referred to the Committee on Salaries and Offices.

Department of Bridges—City of New York, }
January 26, 1904. }

To the Honorable the Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

Gentlemen—My predecessor, Hon. G. Lindenthal, addressed a communication to your Honorable Board June 29, 1903, presenting plans, specifications and estimate of cost of an approach to Willis Avenue Bridge from the Southern Boulevard, and asking that an appropriation of \$100,000 be made for beginning the work.

Such an appropriation was made, and approved by the Mayor September 14, 1903, but the work has not been begun, because the City is not yet in possession of the land.

Title to the land will, however, vest in the City on March 15, 1904, in virtue of a resolution passed by the Board of Estimate and Apportionment January 15, 1904.

It is desirable that construction should begin immediately upon the City assuming possession of the premises, and should be carried on to completion under one contract. I therefore respectfully recommend that your Honorable Board, with the approval of the Board of Aldermen, appropriate the additional sum of \$57,000, which, together with the unexpended \$100,000 already appropriated, will, it is estimated, be sufficient to complete the approach.

Respectfully,

(Signed) GEO. E. BEST, Commissioner of Bridges.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of fifty-seven thousand dollars (\$57,000), in addition to the sum of one hundred thousand dollars (\$100,000) authorized July 22, 1903, to provide additional means for the completion of the construction of the approach to Willis Avenue Bridge, from the Southern Boulevard, in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment February 19, 1904, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding fifty-seven thousand dollars (\$57,000), in addition to the sum of one hundred thousand dollars (\$100,000) authorized July 22, 1903, to provide additional means for the completion of the construction of the approach to Willis Avenue Bridge, from the Southern Boulevard, in the Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the

manner provided by section 169 of the Greater New York Charter, to an amount not exceeding fifty-seven thousand dollars (\$57,000), the proceeds whereof to be applied to the purposes aforesaid."

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE authorizing and providing for the location of a public market place and for the establishment and maintenance of a public market in the Eighth Ward of the Borough of Brooklyn, City of New York, for the acquisition of lands for this purpose, and for the regulation and maintenance of the same.

Whereas, The requirements of the inhabitants of the southerly and westerly portion of the Borough of Brooklyn, comprising an area equal to one-third of the entire borough, demand the location of a public market in that vicinity, there being no market south of the Wallabout Market, distant about four miles from said localities; and

Whereas, The means of transportation by vehicles and cars, both trolley and steam, throughout said localities concentrate at or near the Thirty-ninth Street Ferry, in said borough; and

Whereas, The establishment of a public market in that vicinity would tend to greatly increase the assessed valuations of real estate throughout said localities, which are capable of sustaining a population at least four times greater than that now existing;

Be it Ordained; by the Board of Aldermen of The City of New York as follows:

Section 1. Provision is hereby made for the acquisition and establishment of a public market in the Eighth Ward of the Borough of Brooklyn, City of New York, upon the lands or lands under water hereinbelow described, which are hereby selected for a public market in said Borough of Brooklyn, and surveys and maps thereof are hereby directed to be made and filed as provided by law. Said lands or lands under water shall be acquired for said purposes by purchase or by condemnation proceedings as required by law; provided, however, that this matter be submitted to the Board of Estimate and Apportionment, and that no further proceedings be taken until the acquisition of said lands or lands under water is approved and authorized by a majority vote of all the members of said Board of Estimate and Apportionment, as required by law.

Sec. 2. The Corporation Counsel is directed and instructed to take the necessary steps to acquire title to said lands or lands under water and any and all rights and hereditaments in and to the same by condemnation proceedings to be conducted as required by law.

Sec. 3. The lands or lands under water so selected, whether purchased or acquired as above provided, shall be set apart for use as a market and dedicated to market purposes, and shall be used and occupied as such in the manner provided by law.

Sec. 4. The expense of the purchase and acquisition of said lands or lands under water and interests therein or any part thereof, and the amounts of the awards made in condemnation proceedings for the value of said lands or lands under water and interests therein, and the money for the payment thereof, together with the fees of the Commissioners of Estimate, compensation of such necessary clerks or assistants as they may employ, and all other necessary expenses in and about said condemnation proceedings, including the fees of counsel employed by the Corporation Counsel in the proceeding, and all other reasonable expenses incurred by said Corporation Counsel in the conduct of said proceeding, shall be paid through the issue of Corporate Stock of The City of New York, and the Comptroller of said City is hereby authorized and directed, upon the requisition of said Board of Estimate and Apportionment, to issue such Corporate Stock of The City of New York from time to time to the amount of such requisition or requisitions, in the manner provided by law, and the amount so issued is hereby created a fund for the purposes aforesaid, but no bonds or other evidences of indebtedness shall be issued under the authority of this ordinance unless the proposition for creating such debt shall first be approved by a majority vote of the whole Board of Estimate and Apportionment, as provided by law. The proceeds of such bonds shall be paid into the City Treasury and shall be used solely for the purposes aforesaid.

Sec. 5. The lands or lands under water hereinabove mentioned and referred to are described as follows: All that certain plot, piece or parcel of land or land under water situate, lying and being in the Eighth Ward of the Borough of Brooklyn, County of Kings, City of New York, State of New York, bounded and described as follows, to wit: Beginning at a point on the westerly line or side of Second avenue, 375 feet northerly from the centre line of Thirty-ninth street, as said street is laid down on the map of the Commissioners appointed by the Legislature of the State of New York to lay out streets, avenues and squares in The City of New York, running thence westerly on a line parallel with and distant 375 feet from said centre line of Thirty-ninth street and a line drawn in continuation thereof 994.52 feet; thence northeasterly 350.89 feet to a point 717 feet northerly from the continuation of the centre line of Thirty-ninth street; thence easterly, parallel with said centre line of Thirty-ninth street, 916.02 feet, to the westerly line or side of Second avenue; thence southerly along the westerly side of Second avenue 342 feet to the point or place of beginning, be the said several dimensions more or less.

Sec. 6. This ordinance shall take effect immediately.

BOARD OF CITY RECORD.

COUNCIL CHAMBER, CITY HALL, NEW YORK, }
THURSDAY, December 31, 1903, 11 A. M. }

The Hons. Seth Low, Mayor; George L. Rives, Corporation Counsel, and Edward M. Grout, Comptroller, the officers designated by section 1526, chapter 466, Laws of 1901, met this day.

The minutes of resolutions adopted December 9, 18 and 24, 1903 and of meetings held December 24 and 28, 1903, were approved as printed.

The Supervisor, in compliance with a resolution of the Board, adopted December 16, 1903, submitted bids for the printing briefs, etc., for the Corporation Counsel, for 1904. He stated that Douglas Taylor & Co., of 8 Warren street, Manhattan, and C. G. Burgoyne, 146 to 150 Centre street, who had been requested to submit estimates, refused to do so, on the ground that they would not be committed to the CITY RECORD scale, each firm stating that its price upon each job must be fixed by the conditions as to night work, etc.

The bid of the Evening Post Job Printing Office was as follows:
Plain law matter, 30 copies..... \$1 00 per page.
For 50 copies..... 1 10 per page.

These prices to govern day work only; night work to be charged at double these rates, and alterations at 70 cents per hour.

The bid of The Martin B. Brown Company was as follows:
Law cases, briefs, etc., 30 copies..... 85 cents per page.
Each ten copies additional..... 5 cents per page.
Alterations..... 70 cents an hour.

The following resolution was then adopted by concurrent vote:
Resolved, That the Supervisor be directed to enter into an agreement with The Martin B. Brown Company for the printing of law cases, briefs, etc., for the City, for the year 1904, at the rate of eighty-five cents per page for thirty copies, with a charge of five cents per page for each additional ten copies, and alterations at seventy cents per hour.

The following resolution was then adopted:
Resolved, That the Supervisor be directed to make an agreement with The Martin B. Brown Company for the excess cost of the additional maps and text of the Report of the Commission on Additional Water Supply, at a sum not exceeding five thousand dollars, to be paid out of the appropriation of the Department of Water Supply, Gas and Electricity, "for examination and surveys for additional sources of water supply for The City of New York."

The following was presented:

No. 127 READE STREET, NEW YORK CITY, }
December 29, 1903. }

The Honorable, the Board of City Record:

GENTLEMEN—My attention has been called to certain prices quoted by me in Schedules 28 and 31 in my bid, submitted to your Board at the meeting of December 28, for supplying stationery, etc., for the year 1904.

These prices were prepared by one of my employees, and they appear to be so much in error that I hereby request the withdrawal of my bid on said schedules, and the return of my surety check.

I write this request believing it for the best interests of the City, as well as myself, because of the unavoidable confusion in the execution of orders under these schedules upon the bid as submitted by me.

Yours respectfully,
JOSEPH N. EARLY.

The following resolutions were then adopted by concurrent vote:

Resolved, That the contract "for supplying stationery, etc., for the use of the courts, and the departments and bureaus of The City of New York during the year 1904," amounting to the sum of ninety-three thousand, eight hundred and forty-nine dollars and fifty cents, be and is hereby awarded under the terms of the specifications on which bids were submitted at a meeting of the Board of City Record, held December 28, 1903, to the lowest bidder, The L. W. Ahrens Stationery and Printing Company, at the prices given in its estimate as submitted to and accepted by this Board; subject to acceptance by said L. W. Ahrens Stationery and Printing Company of the form of contract, with the following insertion:

(Z) "Seventy-five per cent. of the total quantity of any item or of all items under this contract shall constitute a complete delivery thereof, under the terms of this contract, unless the Supervisor shall direct that a quantity greater than seventy-five per cent. shall be furnished by the contractor."

And be it further

Resolved, That the Supervisor of the City Record be and hereby is directed to notify the said L. W. Ahrens Company of the award of this contract, subject to the above conditions.

And be it further

Resolved, That the party to whom this contract has been awarded be required to furnish securities acceptable to the Comptroller in time for the final execution of this contract within the specified time from the receipt of the notice of this award.

Resolved, That the contract for "supplying printed, lithographed or blank books, dockets, libers, binding covers, binding, etc., for the use of the courts and the departments and bureaus of the government of The City of New York during the year 1904," amounting to the sum of eighteen thousand, five hundred and

seventy-seven dollars and sixty-three cents, be and is hereby awarded under the terms of the specifications on which bids were submitted at a meeting of the Board of City Record, held December 28, 1903, to the lowest bidder, James H. English & Son, at the prices given in their estimate as submitted to and accepted by this Board.

And be it further

Resolved, That the Supervisor of the City Record be and hereby is directed to notify the said James H. English & Son of the award of this contract.

And be it further

Resolved, That the party to whom this contract has been awarded be required to furnish securities acceptable to the Comptroller, in time for the final execution of this contract within the specified time from the receipt of the notice of this award.

Resolved, That the Supervisor be directed to enter into an agreement with Martin B. Brown Company for the printing of one thousand copies (in cloth) of Professor Woolson's report of the proceedings of the International Fire Prevention Congress, at a cost not to exceed eight hundred dollars.

Resolved, By concurrent vote of the Mayor, Corporation Counsel and Comptroller, that the contract for the printing of the CITY RECORD for 1904 shall not be awarded to the lowest bidder; this Board deeming it to be for the best interests of the City to direct, and they do hereby direct, that such printing shall be done under an agreement with The Martin B. Brown Company, under the terms and conditions set forth in the proposals for bids and the bid submitted by The Martin B. Brown Company under the bids recently submitted.

Resolved, That the following newspapers be and hereby are designated in which to publish notice of proposals for regulating and macadamizing the roadways of Van Siclen street, from Kings Highway to Neck Road, published from September 5 to 17, 1903 inclusive:

"Brooklyn Daily Eagle,"
"Brooklyn Standard Union,"
"Brooklyn Freie Presse,"
"Brooklyn Daily Times,"
"Brooklyn Citizen."

Resolved, That the Supervisor of the City Record be, and he hereby is, authorized to procure by direct order, that is, without contract let after advertisement, the articles called for by the following requisitions allowed at this meeting, not exceeding the estimates this day submitted by the Supervisor, as shown by schedules this day signed by the members of the Board of City Record, that course being deemed for the best interests of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
