WHEREAS, By contract dated May 4, 1914, the Board granted to the Company the franchise, right and privilege to construct, maintain and operate certain railroad tracks at or in the vicinity of Hollis, in the Fourth Ward of the Borough of Queens, as follows:

- Sixteen (16) tracks across Hamilton Street (Winsted Avenue), between Fulton Street (Jamaica Avenue) and South Street (Liberty Avenue), adjoining the two existing main line tracks of the Company.
- Three (3) tracks across South Street (Liberty Avenue), immediately east of the point where South Street is intersected by Hamilton Street.

"Sixth—Tracks across Hamilton Street.

"The sixteen (16) tracks hereby authorized across Hamilton Street shall be constructed and maintained over and above the surface of said street in the manner and subject to the terms and conditions hereinafter named:

"(a) The Company shall construct a bridge or archway of sufficient width and capacity to accommodate the sixteen (16) tracks hereby authorized and also the two (2) main line tracks of the Company, now laid and existing on the surface of Hamilton Street, between Fulton and South Streets. Said bridge or archway shall have a span of at least thirty-two (32) feet and a clearance of at least fourteen (14) feet over the surface of Hamilton Street at the center line thereof. For the purpose of constructing said bridge or archway with the prescribed clearance the Company shall depress the surface of Hamilton Street as now existing between Fulton and South Streets. The method of constructing said bridge or archway and of depressing the street grades shall be subject to the approval of the Board and the Company shall submit to the Board for its approval plans showing the method of such work. The grades of said bridge or archway and of Hamilton Street shall be as shown on the map and profile attached to and made part of this contract or as may be hereafter fixed by the Board.

"(b) That portion of Hamilton Street under the bridge or archway and for a distance of fifty (50) feet outside the same at either end thereof shall be well and sufficiently lighted at the expense of the Company during such hours of the day and night and by such lighting

system as may be prescribed by the President of the Borough of Queens and to his entire satisfaction.

"(c) Hamilton Street for its entire length from Fulton Street to South Street, the depression of which is made necessary by the construction of the said bridge or archway, shall be provided by the Company with such suitable and adequate drainage system, with proper outlets therefor, as may be prescribed by the President of the Borough of Queens, and to his entire satisfaction. And the Company shall pave the surface of Hamilton Street for its entire length from Fulton to South Streets, including its intersection with such streets, with such material as may be prescribed by the President of the Borough of Queens.

"(d) The work of constructing the said bridge or archway, changing the street grades and the drainage system, providing drainage outlets and paving the street, as above provided, shall be done at the sole cost and expense of the Company. The Company shall also, at its own entire cost and expense, and for the entire term of this contract, whether original or renewal, maintain the said bridge or archway and the piers and abutments thereof in good order and repair.

"(e) The construction of said bridge or archway shall be completed in no event later than the day two (2) years after the date of the execution of this contract by the Mayor. During the period of such two (2) years and pending the construction of said bridge or archway the Company may construct, maintain and operate the tracks hereby authorized across Hamilton Street, at the same grade as the surface of said street; provided, however, that the Board may by resolution direct the removal of such tracks from the surface of Hamilton Street and the construction of the bridge or archway across said street before the expiration of such two-year period.

"The Company shall complete the construction of the bridge or archway hereinafter provided for on or before the expiration of the two-year period or within the time fixed by the Board, should the Board direct the prior removal of the surface tracks, and the Company shall, before such expiration, or within such time, as the case may be, remove from the surface of Hamilton Street the sixteen (16) tracks hereby authorized, and the said two (2) main line tracks and thereafter maintain and operate the same upon said bridge or archway, subject to the terms and conditions of this contract.

"Should the Company fail or neglect to complete the construction of the said bridge or archway within the two-year period hereinafter specified, or within the period fixed by the Board, should it direct the prior removal of the surface tracks, as the case may be, or should the Company, within the same time, fail to remove from the surface of Hamilton Street the sixteen (16) tracks hereby authorized and also the said two (2) main line tracks, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine upon the termination of such two-year period, or on the date fixed for the prior removal of the surface tracks.

"Should the Company not take advantage of the privilege to construct, maintain and operate the tracks hereby authorized upon the surface of Hamilton Street, as hereinbefore provided, and fail to complete the construction of the said bridge or archway within two (2) years from the date of the execution of this contract by the Mayor, as hereinbefore provided, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine upon the termination of such two-year period."

WHEREAS, Section 2, Tenth, of said contract provided as follows:

"Tenth—Tracks across Farmers Avenue. The three (3) tracks hereby authorized across Farmers Avenue shall be constructed and maintained over and above the surface of such Avenue in the manner and subject to the terms and conditions hereinafter named:

"(a) The Company shall construct a bridge of sufficient width and capacity to accommodate the three (3) tracks hereby authorized, and also the two (2) main line tracks of the Company now laid and existing across Farmers Avenue on the surface thereof, carrying said Farmers Avenue under said bridge at the width shown on the tentative plan for this territory, and upon the completion of said bridge, shall remove from the surface of said Farmers Avenue, the three (3) unauthorized tracks and the said two (2) main line tracks now constructed thereon, and shall thereafter maintain the said tracks on said bridge.

"(b) Said bridge shall be constructed with a clearance of at least fourteen (14) feet over the surface of Farmers Avenue. For the purpose of constructing said bridge with the prescribed clearance, the Company shall perform all the work of changing the street grades and the drainage system and of providing the drainage outlets made necessary by the construction of said bridge, and shall also replace or restore the street pavement which may be disturbed during such work; all to be done under the supervision and subject to the approval of the President of the Borough of Queens. The method of constructing said bridge and changing the street grades shall be subject to the approval of the Board. Before commencing work, the Company shall submit to the Board for its approval a plan showing the methods of such work. The grade of said bridge and of Farmers Avenue shall be as shown on the map and profile attached to and made a part of this contract or as may be hereafter fixed by the Board.

"(c) The Company shall commence and complete the work of constructing said bridge and of changing the street grades and drainage system, as above provided, within one (1) year after the date of the execution of this contract by the Mayor, and shall within the same period remove from the surface of Farmers Avenue the three (3) unauthorized tracks and the two (2) main tracks now constructed thereon; otherwise the right and privilege hereby granted to construct, maintain and operate three (3) tracks across Farmers Avenue shall cease and determine, unless said period shall be extended, as hereinafter provided.

"(d) The Company shall bear the entire cost and expense of constructing said bridge, changing the street grades and the drainage system, providing drainage outlets and replacing or restoring the street pavement, as above provided, and shall also pay all damages to property owners, resulting from change of street grades, except as to such portion of such cost and such damages as would relate to or result from the elimination of the crossing at grade of the two (2) existing main line tracks. Said last named portion shall be apportioned in the manner provided by the Railroad Law for the elimination of existing grade crossings, except that in no event shall the City's share of such portion exceed the sum of forty-eight thousand five hundred dollars (\$48,500), and the Company agrees to assume and repay to the City any sum in excess of the said forty-eight thousand five hundred dollars (\$48,500), which the City may be required to pay as its share of such portion. The Company shall at its own entire cost and expense, for the entire

term of this contract, whether original or renewal, maintain the said bridge and the piers and abutments thereof in good order and repair."

WHEREAS, Section 2, Seventeenth, in the second paragraph thereof, provided as follows:

"It is provided that the period herein fixed for completing the reconstruction of the bridge across South Street and performing the work in connection therewith, and for completing the construction of the bridge across Farmers Avenue, removing the surface tracks from the said Avenue and performing the work in connection therewith, may be extended by the Board, but the total extension of time in the case of either of said streets shall not exceed in the aggregate one (1) year, and provided further that when the commencement or completion of such construction or reconstruction shall be prevented by legal proceedings in any court, or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided further that in no case shall such delay be deemed to begin until the Company shall have given notice to the Board of any such court proceedings or other occasion of delay and delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings."

WHEREAS, Pursuant to section 2, Sixth, as above, the period for the completion of construction of the bridge across Hamilton Street and the work in connection therewith is about to expire—i. e., on May 4, 1916; and

WHEREAS, Pursuant to section 2, Tenth, as above, the time for the completion of construction of the bridge across Farmers Avenue and the work in connection therewith expired on May 4, 1915; and pursuant to Section 2, Seventeenth, as above, the Board, on the application of the Company and by resolution adopted April 30, 1915, and approved by the Mayor May 4, 1915, granted an extension of time up to and including May 4, 1916, within which to complete the construction of the bridge across Farmers Avenue and the work in connection therewith, which period is about to expire; and

During the period prior to August 1, 1916, and pending the construction of said bridge or archway, the Company may construct, maintain and operate the tracks hereby authorized across Hamilton Street at the same grade as the surface of said street; provided, however, that the Board may, by resolution, direct the removal of such tracks from the surface of Hamilton Street and the construction of a bridge or archway across said street before August 1, 1916.

The Company shall complete the construction of the bridge or archway hereinafter provided for on or before August 1, 1916, or within the time fixed by the Board, should the Board direct the prior removal of the surface tracks and the Company shall, on or before such date, or within such time, as the case may be, remove from the surface of Hamilton Street the sixteen (16) tracks and the two (2) main line tracks and thereafter maintain and operate the same upon said bridge or archway, subject to the terms and conditions of this contract.

Should the Company fail or neglect to complete the construction of the said bridge or archway on or before August 1, 1916, or within the period fixed by the Board, should it direct the prior removal of the surface tracks, as the case may be, or should the Company within the same time fail to remove from the surface of Hamilton Street the sixteen (16) tracks hereby authorized and also the said two (2) main line tracks, the right and privilege hereby granted to construct, maintain and operate sixteen (16) tracks across Hamilton Street shall cease and determine on and after August 1, 1916, or on and after the date fixed for the prior removal of the surface tracks.

—signed by T. A. Adams, President, a copy of which is hereto annexed and made a part of this contract.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from August 1, 1916, with the privilege of renewal of said contract for the further period of ten (10) years upon a fair revaluation of such right and privilege.

If the company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract and if the parties shall not forthwith agree upon what is reasonable then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested persons selected in the following manner:

One disinterested person shall be chosen by the Board; one disinterested person shall be chosen by the Company; these two shall choose a third disinterested person, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of the original term of this contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one thousand dollars (\$1,000) in cash within one (1) month after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years, an annual sum which shall be equal to two (2) per cent. of its gross annual receipts, but which sum shall not be less than two hundred and fifty dollars (\$250).

During the second term of five years, an annual sum which shall be equal to four (4) per cent. of its gross annual receipts, but which sum shall not be less than four hundred dollars (\$400).

During the third term of five years, an annual sum which shall be equal to four (4) per cent. of its gross annual receipts, but which sum shall not be less than six hundred dollars (\$600).

The gross receipts mentioned above shall be the total receipts of the Company or any subsidiary of the Company or of any purchaser of refrigeration from the Company for purpose of resale from all business of furnishing refrigeration to consumers except those located in West Washington Market.

(c) An annual payment for each linear foot of conduit constructed within the limits of the streets under the franchise hereby granted (excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business) as follows:

For conduits of outside dimensions, including insulation and other covering, not exceeding 30 inches by 18 inches—twenty-five cents (25c).

For conduits of outside dimensions, including insulation and other covering, exceeding 30 inches by 18 inches—but not exceeding 35 inches by 20 inches—thirty cents (30c).

An annual payment of two dollars (\$2) for each manhole constructed within the limits of the streets under the franchise hereby granted. The annual charges shall commence on August 1, 1916.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31, next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between August 1, 1916, and December 31, 1916, shall bear to the whole of one year. Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal) notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof or of any of the streets, avenues or highways included within the district herein described or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual, firm or other corporation a similar right or privilege upon the same or other terms and conditions in the same streets, avenues, highways and other property of the City included within the district hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever either by act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of the original term of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination or forfeiture of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits, pipes and appurtenances of the company constructed pursuant to this contract within the streets, avenues, highways and other property of the City shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets, avenues, highways and other property of the City shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues, highways and other property of the City in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit lines, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the street in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, avenues, highways and other property of the City, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction or maintenance of public works in the streets, avenues, highways and other property of the City, wherever the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the

manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for repairing of the conduit line and its appurtenances.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall, at its own expense, remove from beneath the surface of Tenth Avenue the unused conduits, pipes and appurtenances now existing therein from a point at or near the southerly line of Bloomsfield Street to a point at or near the southerly line of 14th Street, as shown by the hatched broken black line on the map hereto attached. The work of removal shall be done whenever the street is being repaved and within such reasonable time as may be fixed by the President of the Borough of Manhattan and under his supervision. In case of the Company's failure to comply with the above provision, the Borough President shall remove the conduits, pipes and appurtenances at the Company's expense.

Fourteenth—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(a) If the test be made in the foundry where the pipes are manufactured, such pipes shall be subjected to a pressure of three hundred (300) pounds per square inch.

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and endorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fifteenth—The Company shall not charge consumers more than the following rates for refrigeration to be furnished to boxes properly insulated at a temperature of not lower than 32 degrees Fahrenheit.

Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

Two (2) cents per month per cubic foot for boxes of over 500 cubic feet, but less than 1,500 cubic feet.

One (1) cent per month per cubic foot for boxes of 1,500 cubic feet and over.

These rates to apply to boxes located not above the first floor of any building.

During the term of this contract the Board shall have absolute power to regulate the maximum and minimum rates for all refrigeration, and the Company agrees to abide by such rates provided that such rates shall be reasonable and fair.

Sixteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within the district within which the Company is hereby authorized to operate, shall extend its conduits to such premises and furnish to said applicant refrigeration at rates not exceeding those herein prescribed or hereafter fixed by the Board as herein provided, on condition that before any such extension shall be made, such person, firm or corporation shall agree, in writing, to accept and pay for such service for a reasonable time not exceeding one (1) year. The Company shall not be required, however, to furnish refrigeration to applicants before October 1, 1916, nor to applicants whose premises are located above the first floor of any building.

Seventeenth—A correct map shall be furnished to the Board by the Company on the first day of February, 1917, showing the exact location of all conduit lines and manholes constructed, with reference to the street lines, the curb lines and the street surface, together with a statement of the total length of such conduit. On the same date of each succeeding year, during the term of this contract, a supplementary map shall be furnished the Board showing all conduits laid during the preceding year.

Eighteenth—The conduit lines hereby authorized shall be used only by The Manhattan Refrigerating Company, and for no other purpose than supplying refrigeration.

Nineteenth—The Company shall submit a verified report to the Board not later than February 1, in each year, for the year ending December 31, next preceding, and at any other time, upon the request of the Board, which shall state:

Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-second—If the Company shall fail to give efficient public service at rates not exceeding those herein or hereafter fixed, or fail to maintain its conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board, in case such conduits or appurtenances which may affect the surface of the street shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-fourth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of Two thousand five hundred dollars (\$2,500), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at rates not exceeding those herein or hereafter fixed, the removal of unused conduits and pipes, the restoration and repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company shall (except where other sums are fixed by this contract) pay to the City the sum of one hundred dollars (\$100), for each violation as liquidated damages for such failure, which sums may be deducted from said fund.

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be required to pay such liquidated damages in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith require the payment of said sums herein provided for, or where the damages are not liquidated by the terms of this contract such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw such amount from the security fund deposited with him. The finding of the Board as to the amount to be paid by the Company shall be final and can only be attacked on the ground of fraud or mistake. In case of any drafts made upon the security fund, the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of two thousand five hundred dollars (\$2,500), and in default thereof, this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

These provisions for the recovery of such damages are in addition to the right to forfeit the franchise, conferred by section 3, subdivision Twenty-first, of this contract.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale.

Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may be at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale.

The placing therein or permitting the occupancy of any such buildings by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be at the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting bricks, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureau or officers, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation of the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.
