### Dock Department—Rescindment of Resolution Authorizing a Lease of the Pier to Be Built Near the Foot of 8th Street and in Front of Dreamland Park, Coney Island, to the Coney Island Carnival Company.

The following communication was received from the Commissioner of Docks:

Pier A, North River, February 25, 1916.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—On October 20, 1915, the Commissioners of the Sinking Fund adopted a resolution authorizing and consenting to the execution by the Commissioner of Docks of a lease of pier to be built near the foot of 8th Street and in front of Dreamland Park, Coney Island, Borough of Brooklyn, to the Coney Island Carnival Company.

At a meeting of the Commissioners of the Sinking Fund, held November 18, 1915, resolution was adopted, pursuant to the provisions of section 180 of the Greater New York Charter, recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue Corporate Stock of The City of New York to the amount of \$55,000, the proceeds to be used to meet the cost of building by contract a pier near the foot of 8th Street and in front of Dreamland Park, Coney Island, Brooklyn.

The above issue of Corporate Stock was authorized by the Board of Estimate and Apportionment on December 17, 1915, and on January 21, 1916, said Board adopted a resolution approving the form of contract, plans and specifications of Contract 1494 for the construction of this pier, at an estimate of cost in the sum of \$55,000.

On February 9, 1916, a communication was addressed to the Commissioners of the Sinking Fund asking the adoption of a resolution recommending to the Board of Estimate and Apportionment that additional corporate stock to the amount of \$10,800 be authorized for this work in order that the contract could be awarded. This additional request for corporate stock was made necessary owing to the fact that at the opening of bids on February 9, 1916, for the building of this pier the total of the low bids amounted to \$65,800, or \$10,800 more than had been theretofore authorized.

On February 21st a communication was forwarded to the Commissioners of the Sinking Fund relative to the terms upon which the pier was to be leased, and renewing this Department's request of February 9th for the adoption of a resolution recommending to the Board of Estimate and Apportionment that additional corporate stock to the amount of \$10,800 be authorized for this work.

This Department is in receipt of a communication from the Coney Island Carnival Company, dated February 23, 1916, stating that it will not be in a position to enter into a lease of the proposed pier on terms offered by the City.

I therefore request that the resolution of the Commissioners of the Sinking Fund of October 20, 1915, approving of the lease of the pier to said company, and the resolution of November 18, 1915, recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock to the amount of \$55,000, the proceeds to be used to meet the cost of building the pier by contract, be rescinded, and I hereby withdraw my communication of the 9th instant and 21st instant relative to the issuance of additional corporate stock to the amount of \$10,800 for building the pier in front of Dreamland Park, Coney Island.

Yours respectfully,

R. A. C. SMITH, Commissioner of Docks.

The Commissioner of Docks, who was present, withdrew his request for the rescindment of the resolutions, recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue the Corporate Stock hereinabove mentioned. The following resolution was then offered for adoption.

Resolved, That the resolution adopted by this Board at meeting held October 20, 1915, approving of and consenting to the execution, by the Commissioner of Docks, of a lease to the Coney Island Carnival Company, incorporated under the Laws of the State of New York, of the pier to be built in front of Dreamland Park on ocean side of Coney Island, Borough of Brooklyn, City of New York, together with a small shed thereon for a term of ten years from May 1, 1916, with the privilege of a renewal for a further term of five years.

—be and the same is hereby rescinded.

Which resolution was adopted, all the members present voting in the affirmative.

**Register, Bronx County—Lease for, of Premises in the Bergen Building, Corner of Arthur and Tremont Avenues, Borough of The Bronx.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 7, 1916.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the Register of Bronx County, requesting a lease of 1,250 square feet of floor space on the sixth floor of the Bergen Building, located at the southeast corner of Arthur and Tremont Avenues, Borough of The Bronx.

In his communication the Register states that the Recording and Examining Departments of his office at present occupy rooms containing, respectively, 503 and 447 square feet on the sixth floor in this building, which is insufficient for their purposes, as the Examining Department is used by nine clerks and contains libers, desks, chairs, etc. In the Recording Department there are nine clerks with typewriting machines, tables, chairs, etc., besides six men representing the title companies and newspapers, and at times a number of other persons, examining unfinished libers. In consequence thereof, the recording clerks are working under continuous disadvantage, and he requests that the additional space above mentioned be leased for the use of the Register for a period from April 1, 1916, to July 1, 1917.

It is proposed to cancel the lease of 950 square feet of space on the sixth floor at present occupied by the Register in this building, and to lease 2,200 square feet of space on the same floor, at the rate of 75 cents per square foot per annum, for a period from April 1, 1916, to July 1, 1917, which is the same rate paid for other space occupied by the different departments in this building.

I, therefore, respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize a lease from William C. Bergen of 2,200 square feet of floor space on the sixth floor of the Bergen Building, located at the southeast corner of Arthur and Tremont Avenues, Borough of The Bronx, for use of the Register of Bronx County, for a period from April 1, 1916, to July 1, 1917, at a rental at the rate of \$1,650 per annum, payable quarterly; the lessor to pay taxes and water rates, make inside and outside repairs, erect such partitions as may be required, and furnish heat, light, elevator and janitor service; the lease to contain a clause providing for the cancellation of the lease dated January 7, 1914, for 950 square feet of space on the sixth floor of the Bergen Building, now occupied by the Register of the County of The Bronx, in accordance with a resolution of the Commissioners of the Sinking Fund adopted on December 17, 1913.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from William C. Bergen, of 2,200 square feet of floor space on the sixth floor of the Bergen Building, located at the southeast corner of Arthur and Tremont Avenues, Borough of The Bronx, for use of the Register of Bronx County, for a period from April 1, 1916, to July 1, 1917, at a rental at the rate of Sixteen hundred and fifty dollars (\$1,650) per annum, payable quarterly; the lessor to pay taxes and water rates, make inside and outside repairs, erect such partitions as may be required, and furnish heat, light, elevator and janitor service; the lease to contain a clause providing for the cancellation of the lease dated January 7, 1914, for 950 square feet of space on the sixth floor of the Bergen Building, now occupied by the Register of the County of The Bronx, in accordance with a resolution of the Commissioners of the Sinking Fund adopted on December 17, 1913; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—The Chief City Magistrate, in two communications to your Board under date of February 2, 1916, requests a renewal of the lease of the premises occupied by the Probation Bureau and Chief Clerk, on the second floor of the building No. 44 Court Street, Borough of Brooklyn, for a period of five years from May 1, 1916.

The premises in question consist of Rooms 209 to 216, inclusive, having a total floor area of 2,976 square feet, and are now rented by the City under two separate leases, at a total rental of \$5,208.25. It is intended to renew them in one document.

Through the efforts of the Comptroller the lessor has agreed to renew the lease at a rental of \$5,045, thereby effecting a saving in rent of \$816.25 for the term.

Deeming the rent reasonable and just, and it being less than previously paid, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a renewal of the lease of Rooms 209 to 216, inclusive, on the second floor of premises No. 44 Court Street, Borough of Brooklyn, for use of the Board of City Magistrates, Second Division, for a period of five years from May 1, 1916, at an annual rental of \$5,045, payable quarterly; the lessor to pay taxes and water rates, furnish heat, light, elevator and janitor service and make inside and outside repairs and otherwise upon the same terms and conditions as contained in the existing lease. **Second Battalion Naval Militia—Hiring by, of Premises at No. 2 Rector Street, Borough of Manhattan.**

Laid over.

**President, Borough of Brooklyn—Turning Over by, of a Small Triangular Gore at the Corner of Bushwick and Myrtle Avenues, Borough of Brooklyn.**

The following was received:

January 3, 1916.

*Honorable Sinking Fund Commission, New York City:*

Gentlemen—The Department of Parks, in a communication addressed to the Borough President dated December 9, 1915, expressed a desire to have this depart-

ment turn over to them the small triangular gore or plot of land at the corner of Bushwick avenue and Myrtle avenue.

The Chief Engineer of our Topographical Bureau, to whom this was referred, reports that the plot in question was laid out on the City map as a public place by action of the Board of Estimate and Apportionment, adopted December 15, 1905. Its dimensions are about 28 feet on Myrtle avenue, 20 feet on Willoughby avenue and 15 feet on Bushwick avenue, and the area is 144 square feet. The curbs and sidewalks have been set around this public place, so that the total area within the curb lines is about 4,680 square feet. The fee title to the public place was acquired through condemnation proceedings confirmed March 27, 1912, and the cost was assessed upon a local area of assessment containing about 125 city lots.

The three streets adjacent to the triangular plot are all legally open and their widths are, on Myrtle avenue, 70 feet; Willoughby avenue, 60 feet, and Bushwick avenue, 120 feet, with roadway widths respectively 34, 30 and 52 feet. There are several columns of the Myrtle avenue elevated railroad situated at the curb line on the Myrtle avenue side of the triangle. Should the public place be entirely paved over and used as a street these columns would stand in the roadway, but the paving of the roadway does not seem necessary at this time as the traffic at this point is not sufficiently heavy to require an area greater than that provided by the present roadways.

We have, therefore, no objection to turning this property over to the Park Department, and we hereby release this plot of ground. The Commissioner of Parks, we believe, will make a request to have this turned over to his department.

Yours very truly, E. W. VOORHIES, Commissioner, Public Works.

Filed—See disposition of following:

**Park Department, Brooklyn—Assignment to, of a Small Triangular Gore at the Corner of Bushwick and Myrtle Avenues, Borough of Brooklyn.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 3, 1916.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—I am in receipt of a communication to the Commissioners of the Sinking Fund from the President of the Borough of Brooklyn, turning over as no longer required, a small triangular gore at the corner of Bushwick Avenue and Myrtle Avenue, Borough of Brooklyn.

The Department of Parks of said Borough has requested that this parcel of land be turned over to its jurisdiction. Title to these premises was acquired by condemnation on March 27, 1912.

I therefore respectfully recommend that the Commissioners of the Sinking Fund assign to the Department of Parks, Borough of Brooklyn, a small triangular gore at the corner of Bushwick and Myrtle Avenues, Brooklyn, being 28 feet on Myrtle Avenue, 20 feet on Willoughby Avenue and 15 feet on Bushwick Avenue, containing an area of 144 square feet.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, the President of the Borough of Brooklyn in a communication dated January 3, 1916, having turned over as no longer required the property hereinafter described, it is

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter as amended, the Commissioners of Sinking Fund hereby assign to the Department of Parks, Borough of Brooklyn, the small triangular gore at the corner of Bushwick Avenue and Myrtle Avenue, being 28 feet on Myrtle Avenue, 20 feet on Willoughby Avenue and 15 feet on Bushwick Avenue, containing an area of 144 square feet, in the Borough of Brooklyn.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

**Application of Joseph Gullo of White Plains for a Pipe Line Privilege.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 3, 1916.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—On February 25, 1916, the Deputy Commissioner of Water Supply, Gas and Electricity transmitted a copy of the application of Frank J. Farrell, representing Joseph Gullo, of White Plains, who wishes to install and maintain a sewer and water pipe across the eight-foot easement in Central Avenue, immediately east of the junction of Sixth Street and Chatterton Avenue, White Plains, N. Y.

The Deputy Commissioner states that the Department of Water Supply, Gas and Electricity has no objection to granting the request providing certain terms and conditions are complied with as set forth in the communication.

As the privilege granted is small (the total area covered by the pipes being not over eight square feet), I consider the nominal rental of ten dollars (\$10) per annum sufficient.

I therefore recommend the adoption of the attached resolution, which incorporates the terms and conditions suggested by the Commissioner of the Department of Water Supply, Gas and Electricity.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby consent to the granting by the Commissioner of Water Supply, Gas and Electricity, of a permit to Joseph Gullo, of White Plains, N. Y., the privilege of laying and installing a sewer and water pipe over and across the easement belonging to the City of New York in Central Avenue immediately east of the junction of 6th Street and Chatterton Avenue, White Plains, N. Y., that the compensation to be paid to the City for such privilege shall be the nominal sum of ten dollars (\$10) per annum; the work to be done at the expense of Joseph Gullo, under the jurisdiction and direction of the Commissioner of Water Supply, Gas and Electricity; the sewer pipe crossing the 48-inch pipe line shall be one length of cast iron with a cushion of earth at least one foot in depth between the two pipes, no joints allowed over the City's structure; the one-inch water pipe shall have at least a six-inch cushion; the installation to be done without the use of dynamite or other explosive for blasting in case any rock is encountered in the trench and subject to such conditions as the Commissioner shall prescribe; the privilege to be on condition that said Joseph Gullo shall be liable for any damage due to laying or maintenance of said pipes; and that the Commissioner of Water Supply, Gas and Electricity may revoke such permission or privilege at any future time, if found necessary in the interest of the City.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

**Sale at Public Auction of Plot of Land on the Northwest Corner of Pond Street (Carmel Turnpike) and Fowler Avenue, in the Town of Carmel, County of Putnam, New York.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 3, 1916.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—The City is the owner of a plot of land at the northwest corner of Pond Street (Carmel Turnpike) and Fowler Avenue, in the Town of Carmel, County of Putnam, N. Y., acquired for the sanitary protection of its water supply.

The above property was acquired as Parcels 4 and 5 in the Lake Gleneida proceeding, and contains about 1.02 acres, and the Commissioner of the Department of Water Supply, Gas and Electricity, in communications to your Board under dates of February 4 and 15, 1916, has surrendered it as being no longer required by his Department, and recommends that it be sold subject to certain restrictions.

I am in receipt of a request for a sale of these premises at public auction at a minimum or upset price of \$100, which, to my mind, is the fair and reasonable value thereof.

I, therefore, respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a sale at public auction of the following described property:

All that certain piece or parcel of land, situated at Lake Gleneida, Town of Carmel, County of Putnam and State of New York, shown on Map No. 10,938-Z, on file in the office of the Commissioner of Water Supply, Gas and Electricity of the City of New York, more fully described as follows:

Beginning at the northwest corner of Fowler Avenue and Pond Street; running thence westerly along the northerly line of Pond Street 264.39 feet to a point; thence deflecting to the right an angle of 92 degrees 45 minutes a distance of 199.84 feet to a point; thence deflecting to the right an angle of 101 degrees 39 minutes a distance of 171.44 feet to a point on a stone monument; thence deflecting to the right an angle of 9 degrees 24 minutes 30 seconds a distance of 126.72 feet to a point on the westerly line of Fowler Avenue; thence deflecting to the right an angle of 80 degrees 36 minutes a distance of 109.26 feet along the westerly line of Fowler Avenue to the point or place of beginning, containing within said bounds 44,259.65 square feet, more or less.

—at a minimum or upset price of \$100, which I deem to be a fair and reasonable value therefor, and upon the following terms and conditions:

No building or construction of any kind shall be erected or constructed upon the premises to be demised, nor shall the demised premises be used for any other purposes than ingress and egress to or from adjoining premises.

In the event of the use of any portion of the premises to be demised for roadway purposes, such portion thereof to be used for roadway purposes shall have proper paved gutters on either side thereof, which gutters shall be so constructed as to receive only the natural drainage from the surface of said roadway, such drainage to drain into gutters on either side thereof.

It is distinctly understood that no house waste, filth, refuse or other objectionable matter to the City of New York shall be thrown upon or discharged upon the surface of the grounds to be demised, nor shall the premises or any part thereof be used for any purpose or purposes inconsistent with the sanitary protection of the water supply of the City of New York.

It is distinctly understood and agreed that in the event of a breach of any of the conditions contained in the above mentioned terms, the property shall then revert back to the City of New York without further action.

The highest bidder will be required to pay ten per cent (10%) of the amount of the bid, together with the auctioneer's fees, at the time of the sale, and ninety per cent (90%) upon the delivery of the deed, which shall be within sixty (60) days from the date of sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may, at his option, resell the property, if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That pursuant to the provisions of Section 205 of the Greater New York Charter as amended the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction of the following described property:

All that certain piece or parcel of land situated at Lake Gleneida, Town of Carmel, County of Putnam and State of New York, shown on Map No. 10,938-Z, on file in the office of the Commissioner of Water Supply, Gas and Electricity, of the City of New York, more fully described as follows:

—the minimum or upset price at which said property shall be sold be and is hereby appraised and fixed at the sum of One hundred Dollars (\$100), and the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting such sale upon the following terms and conditions:

No building or construction of any kind shall be erected or constructed upon the premises to be demised, nor shall the demised premises be used for any other purposes than ingress and egress to or from adjoining premises.

In the event of the use of any portion of the premises to be demised for roadway purposes, such portion thereof to be used for roadway purposes, shall have proper paved gutters on either side thereof, which gutters shall be so constructed as to receive only the natural drainage from the surface of said roadway, such drainage to drain into gutters on either side thereof.

The highest bidder will be required to pay ten per cent (10%) of the amount of the bid, together with the auctioneer's fees, at the time of the sale, and ninety per cent (90%) upon the delivery of the deed, which shall be within sixty (60) days from the date of sale.

The deed so delivered shall be in the form of a bargain and sale deed without covenants.

The Comptroller may, at his option, resell the property, if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

**Petition of William J. Russell for a Release of the City's Interest in Certain Premises at Glenmore and Drew Avenues in the Borough of Brooklyn.**

The following petition was received:

In the matter of the petition of William J. Russell, to obtain a release from The City of New York to certain land in the bed of Old South Road in the Borough of Brooklyn, City of New York.

*To the Honorable Sinking Fund Commissioners of The City of New York:*

The petition of William J. Russell respectfully shows:

I. That your petitioner resides at Greene, State of New York.

II. That your petitioner is the owner in fee simple of the following described premises:

All that certain block or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the southerly side of Glenmore Avenue with the westerly side of Drew Avenue, running thence southerly along the westerly side of Drew Avenue four hundred and two and twenty-three one-hundredths (402.23-100) feet to the northerly side of Pitkin Avenue; thence westerly along the northerly side of Pitkin Avenue two hundred and one and eleven one-hundredths (201.11-100) feet to the easterly side of Forbell Avenue; thence northerly along the easterly side of Forbell Avenue, four hundred and two and twenty-three one-hundredths (402.23-100) feet to the corner formed by the intersection of the southerly side of Glenmore Avenue with the easterly side of Forbell Avenue; thence easterly along the southerly side of Glenmore Avenue two hundred and one and eleven one-hundredths (201.11-100) feet to the point or place of beginning.

III. That your petitioner has recently been advised that The City of New York has some interest in the aforesaid premises and that such interest constitutes a cloud upon petitioner's title.

IV. That the premises aforesaid owned by your petitioner are partly in the bed of the road known as and called Old South Road, as it was located in the year 1809, which road is of doubtful origin, there being a difference of opinion as to whether it is of English or Dutch origin. If such road be of Dutch origin, then The City of New York might have or claim to have an interest in the land in the bed of said road, which might render or tend to render the title of your petitioner to the aforesaid property owned by him as questionable.

V. That the premises affected by such cloud on title in favor of The City of New York and sought to be released by this petition are described as follows:

All that certain plot, piece or parcel of land situate, lying and being in the road known as Old South Road, in the Borough of Brooklyn of the City of New York, County of Kings and the State of New York, bounded and described, as follows, to wit:

Beginning at the corner formed by the intersection of the southerly side of Glenmore Avenue with the westerly side of Drew Avenue; running thence southerly along the westerly side of Drew Avenue, fourteen feet and eighty-four one-hundredths of a foot to the southerly side of Old South Road, thence westerly along the southerly side of said Old South Road, two hundred feet and thirty-nine one-hundredths of a foot to the easterly side of Forbell Avenue; thence northerly along the easterly side of Forbell Avenue, twenty-three feet and forty one-hundredths of a foot to the corner formed by the intersection of the southerly side of Glenmore Avenue with the easterly side of Forbell Avenue; and thence easterly along the southerly side of Glenmore Avenue two hundred and one foot and eleven one-hundredths of a foot to the point or place of beginning.

VI. That your petitioner acquired title to said premises by three deeds, one made by G. Winslow Powell and wife, dated June 29, 1892, and recorded in the office of the Register of the County of Kings in liber 2124 of Conveyances, page 193, on July 1, 1892, and another made by Charles G. Juliard, and dated July 1, 1902, and recorded in said Register's Office in liber 20 in section 13 of Conveyances, page 343, on July 8, 1902, and the last made by said Charles G. Juliard, and dated May 16, 1903, and recorded in said Register's Office in liber 22 in section 13 of Conveyances, page 232, on May 18, 1903.

VII. That as your petitioner is informed and verily believes said property has been in possession of your petitioner, and all those from and through which he procured title thereto, for a period upward of forty years, continuously, openly, notoriously and adversely; that neither The City of New York nor any other person has ever asserted any ownership or claim of ownership to any part of the petitioner's said premises.

The petitioner further alleges that even if said road be of Dutch origin, nevertheless, The City of New York has lost all its right thereunder owing to the adverse possession thereof by the petitioner and his grantors and predecessors in title.

VIII. That your petitioner has acted in good faith in this matter, and that, as he is advised by counsel and verily believes, The City of New York has but a technical claim in the premises by virtue of the fact that The City of New York has never disputed the possession of the petitioner or his prior grantors, and particularly by virtue of the fact that the City has imposed taxes and assessments upon the aforesaid portion of your petitioner's property. It is submitted that The City of New York should not now stand upon its technical rights but should deliver a quit claim deed of all its interest in and to said property to your petitioner.

IX. That attached hereto and forming part of this opinion is a blue print of a survey showing the property owned by your petitioner and made by Moserole & Middleton, City Surveyors, bearing date July 30, 1914, which also shows the premises sought to be released by this petition and all angles, distances, etc., as required by the rules of your Honorable Board.

X. Upon information and belief that The City of New York has absolutely no use or need for the premises which it is sought to have released.

XI. That in a proceeding similar to this, and known as No. 33 of July 30, 1915, your Honorable Board granted to Rockmore Realty Company a deed of the interest of The City of New York in and to the aforesaid Old South Road on payment of a nominal consideration and your petitioner is willing to pay the same consideration for the deed from The City of New York of the premises described in this petition.

Wherefore, your petitioner prays for a quit claim deed from The City of New York to grant and convey that part of the premises owned by your petitioner as is within the bed of the said Old South Road and that application be made to the Corporation Counsel of The City of New York for a certificate permitting your Honorable Body to execute said deed on the ground that the interest of The City of New York in and to the premises herein is a cloud upon the said title, and for such other and further relief in the premises as may be just and proper.

Dated, Brooklyn, New York, November 6, 1915.

WM. J. RUSSELL, Petitioner.

State of New York, County of Chenango, ss.:

William J. In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 3, 1916.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—I am in receipt of a petition to the Commissioners of the Sinking Fund from William J. Russell, in which he states that he is the owner of certain premises located at Glenmore Avenue and Drew Avenue, Borough of Brooklyn. Included within the premises owned by him is the bed of the old road known as and called "Old South Road" as it was located in 1809. He requests a release to him of the City's interest in said old road on the theory that he has been in possession of these premises for more than forty years.

This petition is similar to that presented by the Rockmore Realty Company, wherein the Corporation Counsel rendered an opinion to the effect that Old South Road was not a Dutch road, and that the City's title thereto was merely nominal.

I therefore respectfully recommend that the Commissioners of the Sinking Fund

authorize a release to William J. Russell of the interest of the City in and to the following described property:

All that certain plot, piece or parcel of land, situate, lying and being in the road known as Old South Road, in the Borough of Brooklyn, of the City of New York, County of Kings and the State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the southerly side of Glenmore Avenue with the westerly side of Drew Avenue; running thence southerly, along the westerly side of Drew Avenue, fourteen feet and eighty-four one-hundredths of a foot to the southerly side of Old South Road; thence westerly, along the southerly side of said Old South Road, two hundred feet and thirty-nine one-hundredths of a foot to the easterly side of Forbell Avenue; thence northerly, along the easterly side of Forbell Avenue, twenty-three feet and forty one-hundredths of a foot to the corner formed by the intersection of the southerly side of Glenmore Avenue with the easterly side of Forbell Avenue; and thence easterly, along the southerly side of Glenmore Avenue, two hundred and one feet and eleven one-hundredths of a foot to the point or place of beginning.

—in consideration of the sum of \$101, and the additional charge of \$12.50 for the preparation of the necessary papers. The release to contain the following terms and conditions:

That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the land fronting on the section of the street or avenue to be conveyed.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, William J. Russell, in a petition addressed to the Commissioners of the Sinking Fund requests a release of the City's interest in certain premises located at Glenmore and Drew Avenues, in the Borough of Brooklyn, and more particularly hereinafter described.

Resolved, That the Commissioners of the Sinking Fund hereby determine that the land described as follows is not needed for any public use:

All that certain plot, piece or parcel of land, situate, lying and being in the road known as Old South Road, in the Borough of Brooklyn of the City of New York, County of Kings, and the State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the southerly side of Glenmore Avenue with the westerly side of Drew Avenue; running thence southerly, along the westerly side of Drew Avenue, fourteen feet and eighty-four one-hundredths of a foot to the southerly side of Old South Road; thence westerly, along the southerly side of said Old South Road, two hundred feet and thirty-nine one-hundredths of a foot to the easterly side of Forbell Avenue; thence northerly, along the easterly side of Forbell Avenue, twenty-three feet and forty one-hundredths of a foot to the corner formed by the intersection of the southerly side of Glenmore Avenue with the easterly side of Forbell Avenue; and thence easterly, along the southerly side of Glenmore Avenue, two hundred and one feet and eleven one-hundredths of a foot to the point or place of beginning.

—and be it further

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize a release to William J. Russell of the interest of the City of New York in and to the property hereinabove in this resolution bounded and described, in consideration of the sum of one hundred and one dollars (\$101), and the additional charge of twelve dollars and fifty cents (\$12.50) for the preparation of the necessary papers. The release to contain the following terms and conditions:

That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the land fronting on the section of the street or avenue to be conveyed.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

**New York Foundling Hospital—Application of, for Free Transportation for the Hospital Stage Over the Staten Island Ferry.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 6, 1916.

*To the Commissioners of the Sinking Fund:*

Gentlemen—Dr. Joseph A. Dillon, in a communication addressed to the Commissioners of the Sinking Fund, requests that free transportation be granted over the Staten Island Ferry to the New York Foundling Hospital for its stage with children and their caretakers. This stage is used for carrying foundling children and their caretakers (Sisters and Nurses) between the main house, 175 East 68th Street, Manhattan, and their country branch at Huguenot, Staten Island. Similar applications have been heretofore granted to the Children's Farm School and the Hebrew Free Burial Association.

I see no objection to the granting of the request. Very truly yours,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioner of Docks be and is hereby authorized and directed to grant free transportation over the Staten Island Ferry to the New York Foundling Hospital for its stage, with children and their caretakers (Sisters and Nurses).

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

**President, Borough of Queens—Lease for, of Premises at No. 622 Lefferts Avenue, Richmond Hill, Borough of Queens.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 7, 1916.

*To the Honorable the Commissioners of the Sinking Fund:*

Gentlemen—The Commissioner of Public Works of the Borough of Queens, in a communication to your Board under date of January 24, 1916, requests a lease of the store and cellar of premises on the west side of Lefferts Avenue, 170 feet south of Jamaica Avenue, Richmond Hill, Borough of Queens, for use of the Bureau of Street Cleaning, for a period of three years, at an annual rental of \$240, with the privilege of renewal for two additional years, at an annual rental of \$300.

The premises in question consist of a store 20 feet by 40 feet, cellar space of size 13 feet by 29 feet, and yard space approximately 20 feet by 50 feet, to be used by two sections, consisting of thirty men.

The rental of \$240 a year was deemed excessive, and as a result of negotiations by the Division of Real Estate of this Department, the owner has consented to accept a rental of \$216 a year, which will effect a saving of \$72 for the term, but will not give any renewal privilege.

Deeming the rent reasonable and just, I respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the store floor, with cellar space, size 13 feet by 29 feet, and yard, of premises located on the west side of Lefferts Avenue, 170 feet south of Jamaica Avenue, and known as 622 Lefferts Avenue, Richmond Hill, Borough of Queens, for use of the President of the Borough of Queens, for a term of three years from April 1, 1916, at an annual rental of \$216, payable quarterly; the lessor to pay taxes and water rates and make outside repairs; the lessee to furnish heat, light and janitor service and make such inside repairs as it may deem necessary. Lessor, P. M. Kronoff, 622 Lefferts Avenue, Richmond Hill, Borough of Queens. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from P. M. Kronoff, of the store floor with cellar space 13 feet by 29 feet, and yard of premises located on the west side of Lefferts Avenue, 170 feet south of Jamaica Avenue, and known as No. 622 Lefferts Avenue, Richmond Hill, Borough of Queens, for use of the President of the Borough of Queens, for a period of three years from April 1, 1916, at an annual rental of two hundred and sixteen dollars (\$216), payable quarterly; the lessor to pay taxes and water rates and make outside repairs; the lessee to furnish heat, light and janitor service and make such inside repairs as it may deem necessary; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

We have examined and compared the securities with the detailed statements attached hereto, prepared by the stock and bond division of the Department of Finance, representing the holdings of the Sinking Fund Commission at the close of business December 31, 1915, and transmitted to this office with your letter of the 2nd inst.

The aggregate par value of the securities examined amounted to \$382,118,607.79, viz.:

2. For account of Water Sinking Fund, City of New York .....	21,105,226 79

Purchase price under foreclosure .....	\$3,950 00
Deficiency .....	3,565 79
	\$7,515 79

The stocks and bonds and bonds and mortgages are in the custody of Edmund D. Fisher, Deputy Comptroller.

The Sheriff's deeds are in the custody of Charles A. O'Malley, in charge of the real estate bureau in the Department of Finance.

We have compared the balances in the various funds of the Sinking Fund Commission, as shown on the attached statement, with the balances in the auxiliary ledger in the office of the Comptroller, and found them in agreement.

The mortgage libers kept in the office of the Register of Kings County have been examined and the mortgages found to be on record in the name of the City of Brooklyn.

An examination of the conveyance libers shows that the Sheriff's deeds were recorded in the name of the City of Brooklyn.

A physical examination was made of the parcels of land described in the Sheriff's deeds. We found them to consist of vacant plots. Respectfully submitted,

LEONARD M. WALLSTEIN, Commissioner of Accounts.

To the Honorable the Commissioners of the Sinking Fund:

**President, Borough of Brooklyn—Assignment to, of Vacant Plot of Ground Located on the Easterly Side of 19th Avenue, Known as Lot 1, Block 5495, Section 17, Being Part of Land Formerly Occupied by the Brooklyn Disciplinary Training School for Boys.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 8, 1916.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—The Commissioner of Public Works of the Borough of Brooklyn, in a communication to your Board under date of March 2, 1916, states that the lease of the corporation yard at 67th Street, 100 feet west of 18th Avenue, will expire on August 1, 1916, and requests that the Commissioners of the Sinking Fund assign in place thereof, part of the land formerly occupied by the Brooklyn Disciplinary Training School.

He further states that if the assignment be made at once, it would give an opportunity to move during the winter, when the street work would not be seriously interfered with.

This assignment will result in the saving to the City of \$1,050 a year, which is the rental now paid for the present quarters.

I therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution assigning to the President of the Borough of Brooklyn, the vacant plot of ground owned by the City in the Borough of Brooklyn, located on the easterly side of 19th Avenue and known and designated on the tax maps of the City of New York, Borough of Brooklyn, as Lot 1, Block 5495, Section 17. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the President of the Borough of Brooklyn the vacant plot of land owned by the City in the Borough of Brooklyn, located on the easterly side of 19th Avenue and known and designated on the tax maps of the City of New York as Lot 1 of Block 5495, Section 17.

The report was accepted, and the resolution adopted, all the members present voting in the affirmative.

**Municipal Building—Rooms Nos. 505-507 Allotted for the Temporary Use of the Joint Committee of the New York Legislature Investigating Public Service Commissions.**

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

New York, March 4, 1916.

To the Honorable the Commissioners of the Sinking Fund of The City of New York, Municipal Building, N. Y.:

Gentlemen—Your Committee presents for consideration recommendations as to space in the Municipal Building as follows: That,

(1) The use of a public hearing room on floor 5 of the Municipal Building, numbered 505-507, together with the connecting room, to the whole amount of 1,608 square feet of space, be allotted for the temporary use of the Joint Committee of the New York State Legislature investigating Public Service Commissions.

Memorandum.

Under date of March 2, 1916, the Chairman of the said Committee made application for the use of this space. The space is desired for public hearings during the future continuance of the investigation in New York City. The applicant agrees to pay to the City a rental which shall cover the proportionate cost of the maintenance of the building during the period of occupancy of this space for its purposes.

WM. A. PRENDERGAST, Comptroller; President of the Board of Aldermen; HENRY BRUERE, Chamberlain; F. J. H. KRACKE, Commissioner of Bridges; Committee on Allotment of Space in the Municipal Building.

Resolved, That the use of the Public Hearing Room on the Fifth Floor of the Municipal Building and known as Rooms 505-507, together with connecting room, containing 1,608 square feet of space, be and the same is hereby allotted for the temporary use of the Joint Committee of the New York State Legislature Investigating Public Service Commissions.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

**Public Service Commission—Offer of, to Transfer to the Dock Department the Montague and Joralemon Street Properties in the Borough of Brooklyn.**

A communication was received from the Public Service Commission offering to agree upon the transfer to the Dock Department certain property at the foot of Montague and Joralemon Streets, in the Borough of Brooklyn.

Under date of January 29, 1916, the Public Service Commission requested the approval of the Commissioners of the Sinking Fund to the sale at public auction of the Montague and Joralemon street properties at an upset price of \$112,500.

The Corporation Counsel has subsequently rendered an opinion to the Commissioner of Docks, in which he advises in effect that the proposed arrangement between the Commission and the Dock Department is within the spirit of subdivision 4A of section 39 of the Rapid Transit Act, providing for exchanges of property between the Public Service Commission and City departments and that therefore a sale at public auction is unnecessary.

In accordance with said opinion the Commission modified its communication of January 29, 1916, by offering to agree upon the transfer to the Dock Department of the properties in question.

Which was referred to the Comptroller.

Adjourned.

JOHN KORB, Jr., Secretary.

## BELLEVUE AND ALLIED HOSPITALS.

## REPORT FOR THE QUARTER ENDED DECEMBER 31, 1915.

Special revenue bonds in the amount of \$71,195.18 have been issued to meet the deficit in the appropriation for the department in the year 1915.

**Bellevue Hospital.**

The last quarter was marked by the occupation of the new surgical pavilions I, K, L and M. At the same time the men patients of the Third Medical Division were moved to the sixth floor of pavilions A and B, and the women of this service transferred to the old Sturges pavilion, ward 40.

The second floor of pavilions I and K will be occupied by the gynaecological service and the fourth floor by the genito-urinary service.

The members of the house staff have been moved to the sixth floor of pavilions I and K and their rooms will be temporarily occupied by nurses who are to report on January 3rd and 4th. Later on it is planned to move the men attendants from the Mills School to the rooms at present occupied by the internes in the old building, thus leaving the Mills School building available for occupation by women nurses.

Late in the fall the Trustees called the attention of the architects to the insufficient number of balconies on pavilions I and K, and requested them to submit plans at the earliest possible moment for additional balconies. A letter from McKim, Mead & White, under date of November 3rd, set forth an estimated cost of \$18,000 for each set of balconies. Plans and specifications for these balconies were later submitted to the Board of Trustees and approved by them and forwarded to the Board of Estimate and Apportionment for approval. The estimated cost of these balconies is \$54,000.

In the case of the company's contract for the installation of lighting fixtures in pavilions I and K, it has been necessary to declare the contract abandoned and to notify the sureties to complete the work. This company, the International Gas and Electric Fixture Company, had requested an extension of time for which no adequate reason was alleged, so that the Trustees declined to grant it. They later made an effort to transfer their contract to some other company. In the meantime the Department of Water Supply, Gas and Electricity was invited by the Trustees to install temporary lighting fixtures, which was done at a cost not exceeding \$50 for labor.

The specifications for the surgical supply closets and x-ray installation were long held in the Bureau of Contract Supervision. Bids for this installation have just been received and the contract awarded to the lowest bidder, A. W. King, in the sum of \$8,780.

The newly constructed floors on the roof wards of pavilions A and B have now been accepted, the defects having been remedied and made good.

On the advice of the Building Committee and after a very careful and extensive investigation into the efficiency and economy of operation of the automatic telephone system the bid of this company for the installation of an automatic telephone system in the new buildings has been accepted by the Trustees. The cost of the installation will be \$10,100.

The plans for the layout of the grounds to the north and east of pavilions L and M, at an estimated cost of \$10,650, have been forwarded to the Board of Estimate and Apportionment. Modifications having been suggested by the Bureau of Contract Supervision, a conference has been arranged between the Building Committee, its representatives and the architects for a further consideration of these plans.

The architects, McKim, Mead & White, having been asked to prepare sketch plans for a suitable building to provide a day camp for tuberculosis patients on the pier at the foot of East 29th Street, reported that a structure would cost in the neighborhood of \$150,000. The Board took no action upon this plan, leaving the matter in the hands of the Building Committee.

The new refrigerating system in the nurses' home has been completed and accepted by the Trustees in behalf of the City.

The receiving room at the foot of East 29th Street, to be used in conjunction with the new morgue, has been finished in accordance with the plans and specifications and accepted by the Trustees.

The use of the Street Cleaning dump at the foot of East 30th Street was discontinued on the first of December. This result was preceded by energetic action on the part of the Trustees, it being necessary for the occupation of the new wards that the nuisance should be removed before the patients were installed there.

**Fire Prevention.**

An investigation of the old buildings of the hospital, conducted by the Fire Department on November 29th, resulted in the submission of a report ordering the immediate removal of all patients from the upper stories, the evacuation of parts of the building and certain construction work for rendering the remainder of the building safe. There was some ambiguity about the Commissioner's meaning, but later proved

that with certain alterations to remedy defective conditions it would be unnecessary to remove patients from any but the top floors of the building. Moreover these floors would still be available for use by able bodied persons, such as nurses and other employees of the hospital. The Trustees took immediate action to comply with the recommendations of the Fire Commissioner and have asked for an estimate of the cost of making the improvements ordered.

The removal of the drug store in the basement of the main building and the discontinuance of the use of the amphitheatre were determined upon immediately. In the meantime the Fire Commissioner has assented to the request of the Trustees for the assignment of a fireman to the hospital for the rest of the year. Provision for the payment of such an officer has been made in the budget for 1916.

In view of the necessity of abandoning so large a portion of the old building the Trustees have renewed their request for \$800,000 corporate stock for the construction of pavilions F and G, the next portion of the new Bellevue to be erected.

**Medical Reorganization.**

At the request of the Trustees the Executive Committee of the Medical Board drew up and presented a plan for the consolidation of the special services now existing in the hospital, with the design of making these services continuous with one hand. The report when received recommended

- That the consolidated genito-urinary service be assigned to the Second Division.
- That the consolidated gynaecological service be assigned to the Third Division.
- That the children's surgical service be assigned to the Fourth Division.
- That the children's surgical service, which had already been consolidated in the hands of the First Division, be designated as a special service.

This arrangement was confirmed by the Trustees and it was further resolved to request the Executive Committee for information regarding (a) the manner in which the different divisions proposed to subdivide the work that would be carried on under the various assignments and (b) the plan of organization to be followed in carrying out the administration of the new arrangement.

The Trustees also resolved in future to deal directly with the universities in making appointments to the several collegiate divisions instead of with the representatives of the universities on the Medical Board as formerly.

**Miscellaneous.**

In addition to renewing the lease of the rooms now occupied in Osborn Hall, it is planned, as already stated, to use the Mills Training School building to accommodate as many of the nurses as possible.

A kindergarten class for children under school age exposed to tuberculosis has been authorized in the day camp on the ferryboat "Southfield," together with the food necessary for the children while on the boat.

The hospital had the misfortune to lose, by death, on December 3rd, one of its oldest and most honored attending practitioners, Dr. A. Alexander Smith.

Official notice has been received that the hospital has been awarded a medal of honor for its exhibit at the Panama-Pacific Exposition.

**Gouverneur Hospital.**

The John H. Parker Company, contractor for the new out patient department building at Gouverneur, has completed the piling and begun the work of laying brick walls. The delivery of iron bases has also been begun. Most of the cellar floor has been waterproofed and the greater part of the wall and column fittings are in place. An allowance of \$6.20 for each pile omitted from the north fence wall of the new building has been recommended by the architects and approved. Permission has been given to the contractors for the plumbing to use boiler steel instead of wrought iron for the suction, heating and hot water tanks.

Under date of October 4th the Board of Trustees received a letter from the Department of Docks and Ferries reporting that the boat "Westfield," used as a day camp for tuberculosis patients, was unsafe in its present position and could not be made safe by the repairs contemplated by the Building Committee. Acting upon this report the Trustees took immediate steps to discontinue the use of the boat. This action of the Board, although brought on by circumstances beyond its control, resulted in a deplorable scatter through the neighborhood of afflicted cases and placed in jeopardy the success of a clinic which has proved of the utmost service to the neighborhood. Steps were taken immediately to communicate with railway and ferry companies in an effort to obtain another boat, and one was offered by the College Point Ferry Company for the sum of \$1,000. Investigation, however, by an examiner from the Finance Department showed that this boat was not in any better condition in so far as the hull was concerned than the "Westfield," and the Comptroller declined to authorize its purchase by the City. In the meanwhile an offer by Miss Wald of the Henry Street Settlement for the temporary use of the roof of the Neighborhood Playhouse at 466 Grand Street, together with the kitchen of that building, for the children of the clinic formerly cared for on the "Westfield," was gratefully accepted by the Trustees, and the appointment of the nurse and cook, formerly on the "Westfield," was authorized. Un-

fortunately it proved that the roof was of no value in very cold weather by reason of the wind and the children were moved from there to the old school house of the Children's Aid Society, at the corner of East Broadway and Gouverneur Street. An effort was then made to obtain from this society a lease of several floors of this building for the installation of the more important activities of the clinic. The proposals of the Trustees were, however, declined on the ground that it would be inexpedient for the sale of the building to allow it to be used by tuberculous patients.

In despair at the failure of all efforts to provide a temporary place for the clinic, the matter of repairing the "Westfield" was taken up anew and a report obtained from the Supervising Engineer to the effect that the boat would have to be recaulked and placed for that purpose in dry dock at a cost of about \$48 a day. Simultaneously with starting an effort to obtain the necessary funds for this purpose, an investigation was made in the neighborhood of the hospital with a view to obtaining a house for the camp without, however, any successful results. The Board resolved to undertake these repairs as a temporary measure provided funds could be obtained, having in mind as the permanent solution of the problem the occupation of a pier about to be constructed by the Commissioner of Docks and Ferries at Corlears Street. The only activity of the old camp receiving attention at the present time is the children's open air class and clinic.

The Trustees regret to report the untimely death of Dr. John H. Huddleston, President of the Medical Board of Gouverneur Hospital and founder of the clinic in discussion. Dr. Huddleston brought to his duties a disinterested attention and his loss is one that cannot be easily replaced at this hospital and in the various other activities of which his life was so full.

The Commissioners of the Sinking Fund have been asked to renew the lease of the buildings at 197 to 203 Monroe Street, now used as a residence for the nurses actively engaged at the hospital.

The establishment of a rectal clinic and the creation of the place of Neurologist at the hospital has been approved by the Trustees.

#### The Other Allied Hospitals.

Most of the contractors for work under way at Harlem Hospital have made requests for extensions of time on their contracts. Several of these contracts are under way at Harlem Hospital, all of which are interdependent, and it is not always possible to give the contractor immediate access to the place where the work is to be done. In conclusion of this situation the Trustees have found themselves compelled at different intervals to grant the extensions of time asked for, such courses having been recommended by the architect and the Board's Building Committee in each instance.

Bids were received on October 18th for the furnishings of the new ward wing at Harlem Hospital, but action was deferred until November 9th, pending an analysis of the estimates. At that time the lowest bids on a number of items were accepted, and as the prices on several others were too high, they were rejected. New proposals were received on November 24th. In view of the fact that the low bids from any one contractor did not exceed one thousand dollars, it was not necessary for the department to enter into formal contracts and the General Medical Superintendent was instructed to purchase the articles at the prices quoted.

On the recommendation of the Medical Board the position of Resident Pathologist to Harlem Hospital was created.

Bids were received on October 13th for the construction of balconies and fire escapes at Neponsit Beach Hospital for Children. As the low bidder was \$387 in excess of the amount allowed, and it was believed to be a reasonable one, request was made of the Board of Estimate and Apportionment for a reconsideration of the resolution approving the form of contract, plans and specifications and estimate of cost of these balconies. The Board of Estimate, having increased the estimate of cost, award of the contract was made to the lowest bidder, Architectural Contracting Company, in the sum of \$18,887.

Bids were received on the same day for the construction of partitions on the fourth floor of this hospital but action was deferred at the time to allow an investigation of the bids, with the result that at the following meeting the contract was awarded to the lowest bidders, Levin & Gewertz, in the sum of \$2,270. The work upon these partitions began in the week of November 15th.

The Trustees were notified early in October of the appropriation of \$1,500 for the purpose of constructing a sewer from the Neponsit Beach Hospital to connect one in Washington Avenue, Neponsit, and the architects were instructed to prepare the necessary plans and specifications for this purpose. Plans and specifications were prepared and advertisement authorized, with a result that bids were received on December 27th, and the contract awarded to the lowest bidder, the Marshall Construction Company, in the sum of \$845.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made."

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
