\*Delayed Data Entry or No Entry reflects cases wherein HOME-STAT outreach staff either (1) did not enter point of first engagement OR (2) entered data only after successfully helping an individual off the street and into dedicated transitional housing settings, which include Safe Havens, stabilization beds, or faith-based beds, all of which require referrals from HOME-STAT outreach teams.

\*\*For the remaining clients, upon engagement, outreach teams determined they were in need of immediate connections to alternative support settings or care, including detox treatment and emergency medical assistance.
