## PROCLAMATION.

To the People of The City of New York:

During the celebration of the discovery of the Hudson River by Henry Hudson and the successful use of steam in navigation by Robert Fulton, which begins on Saturday, September 25, I urge all citizens to display the national ensign, and if possible to add the colors—orange, white and light blue—of Holland at the time of Hudson's voyage.

The celebration is international in its scope, and the territory of its display extends not only to every Borough of the City, but the length of the Hudson River, from the Battery to Albany. It will be not merely a spectacle, but a demonstration of New York's development and her commercial power.

Of particular interest will be the naval parade on the opening day, when the replicas of the "Half Moon" and the "Clermont," escorted by the great merchant fleet, will pass up the river to meet the squadrons from the navies of the United States and many foreign countries.

The historical pageant of September 28 will illustrate strikingly the changes that have taken place since Hudson's time.

The military parade of September 30 will be participated in by the troops of the Department of the East, the New York City regiments of the National Guard, the Marine Corps, the Naval Reserve, the veteran organizations and the sailors and marines of the foreign warships.

The Commission has also arranged a large number of commemorative exercises, dedications, religious services, receptions and aquatic sports.

It is the duty of every loyal citizen to do all in his power to add to the success of a celebration which means so much to New York.

To which I have set my hand and affixed my seal of office this 10th day of September, 1909:

[Seal.] (Signed) GEO. B. McCLELLAN, Mayor.

### MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held at the Commission's Offices, No. 299 Broadway, on Wednesday, June 23, 1909, at 10 a. m.

Present—President Frank L. Polk and Commissioners R. Ross Appleton and Arthur J. O'Keeffe.

The President, Mr. Frank L. Polk, presided.

On motion, the minutes of the meeting held June 16 were approved.

Antonio La Porta, No. 744 East Two Hundred and Fourteenth street, having failed to appear, as directed to show cause why his name should not be removed from the eligible list of Sergeant on Aqueduct, on motion, it was

Resolved, That the name of Antonio La Porta, No. 744 East Two Hundred and Fourteenth street, New York City, be and the same hereby is removed from the eligible list of Sergeant on Aqueduct, under the provisions of paragraph 14 of Rule VII, for unsatisfactory character.

The Secretary stated that James Doherty, No. 410 West Fifty-fourth street, an applicant for Patrolman on Aqueduct, had failed to appear, as directed, to explain the discrepancy between the date of birth given in his application and that given in his examination paper. It appeared that the candidate had stated the date of birth in his application July 20, 1880, and in the preliminary sheet July 20, 1884, but that he had produced a baptismal certificate from the Church of St. Francis Xavier, New York, which gave the date as July 20, 1878. On motion, the Secretary was directed to mark the candidate qualified on the eligible list.

On the recommendation of the President, to whom the matter had been referred at the last meeting, the protest of Frank Slevin, No. 204 East Eighty-fourth street, Manhattan, candidate for the position of Court Attendant, against his rejection in the physical examination for short height, was ordered filed.

On motion, it was

Resolved, That no person employed in the labor class shall be transferred from one department to another where the duties of the position to which transfer is sought are of a different character from the duties of the position in which he is serving.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to place the names of the following candidates for Patrolman upon an eligible list for the position of Police Doorman, it appearing that the said persons were successful in passing the examination, but that their names could not be placed upon the list of Patrolman for the reason that they had attained the age of thirty years prior to the completion of the examination:

Samuel Moskovitz, No. 337 Ellery street, Brooklyn.  
John W. Price, No. 345 East Fiftieth street.  
Edward H. Pruschen, No. 1316 College avenue, The Bronx.

A communication was presented from the Chief Examiner, dated June 11, with reference to the protest of Laurence J. Kelly, No. 879 Tenth avenue, Manhattan, against the examination for Inspector of Supplies and Repairs. The communication was ordered filed.

A report was presented from the Chief Examiner, dated June 19, stating that the examination for Clerk, Board of Water Supply, held on November 6, 9, 13 and 18, 1908, had been completed on May 25, 1909. On motion, it was

Resolved, That the eligible list resulting from the examination for Clerk, Board of Water Supply, be and the same hereby is established as of May 25, 1909, the date on which the rating of the papers was completed.

A communication was presented from the Chief Examiner, dated June 19, stating that as he had been unable to get monitors enough from the regular list for the examination for Police Matron held on June 16, the services of Messrs. T. D. Wells and R. W. Dox had been obtained through the Employment Committee of Columbia University. On motion, the appointment of Messrs. T. D. Wells and R. W. Dox as Monitors on June 16 was approved under paragraph 4 of Rule XII.

A communication was presented from the Chief Examiner, dated June 21, transmitting a report of Examiner Collingwood with reference to the proposed change of title of Messrs. William Mason and Thomas Brennan from Inspector of Regulating, Grading and Paving to Inspector of Sewer Construction, and of George B. Mickle from Inspector of Regulating, Grading and Paving to Inspector of House Connections, in the office of the President of the Borough of Queens. The Chief Examiner stated that while the question presented some peculiar points and was not without difficulties, he was inclined to recommend that in the case of the said employees the change of title should be granted, but that he would be unwilling to make the recommendation as a general proposition. On motion, the change of title was approved.

A report was presented from Mr. T. J. O'Leary, Examiner, dated May 27, with reference to the protest of Mr. Stephen Daniels against the questions given in the examination for Inspector of Supplies and Repairs held on May 18, 1909, and stating that in his opinion there was no merit in the case. John Schulze, Neptune and Van Sicklen avenues, Brooklyn, Patrolman.  
Bernard Cullen, No. 337 East Twenty-third street, Court Attendant.  
Joseph Kinsler, No. 585 Broome street, Court Attendant.

On motion, it was

Resolved, That Messrs. Wagner, Schulze, Cullen and Kinsler be directed to appear before the Commission on Wednesday morning, July 7, 1909, at 10 o'clock, to show cause why their names should not be removed from the eligible lists indicated, under paragraph 14 of Rule VII.

Reports were presented from Mr. James A. Rafferty, Examiner, recommending that the following named candidates be marked qualified on the eligible lists specified:

Charles B. Grant, No. 162 East Forty-eighth street, Clerk, Board of Water Supply.  
Thomas J. Frizzell, No. 50 Madison street, Patrolman.  
Robert J. Scanlon, No. 433 East Fifty-second street, Patrolman.

James F. Carney, No. 710 East One Hundred and Thirty-eighth street, Court Attendant.

Edward C. T. Dougherty, No. 332 East Twenty-ninth street, Court Attendant.  
Leon C. Wallace, No. 144 East Forty-eighth street, Court Attendant.

The recommendation was adopted.

A report was presented from Mr. James A. Rafferty, Examiner, dated June 19, stating that the following named candidates for Patrolman had either absented themselves from the examination or else failed, or had been rejected by the Medical Examiners:

George Ewers, Emil Wolfertz, Joseph Kern, Robert Lee, George M. Schumacher, Thomas J. Coady, L. R. Courtenay, John J. Spreckley, Charles E. Kerler, Edward Cook, Richard J. McNally, Edwin J. Long, Albert J. Oppermann, Hugo Reutter, Thomas F. Coyne, Hugo R. F. McAllister.

On motion, the applications were ordered filed for future reference.

A report was presented from Mr. Thomas C. Murray, Examiner in charge of the Promotion Bureau, dated June 22, recommending that an examination for promotion from the position of Inspector of Dredging to that of Hydrographer, in the Department of Docks and Ferries, be held in accordance with Rule XV., clause 10, to be open to all Inspectors of Dredging who had served as such for not less than six months. The recommendation was adopted.

A report was presented from Mr. Thomas C. Murray, Examiner in charge of the Promotion Bureau, dated June 18, recommending that, in accordance with the communication from the Commissioner of Bridges, dated June 14, the records of Messrs. Isaac Menline, Louis Goodman, Mark Isaac and Charles J. McGronan, candidates for promotion to Assistant Engineer in the Department of Bridges, be rerated as though they had originally received a rating of "A" on all items, and that the eligible list be amended in accordance. The recommendation was adopted.

A report was presented from Mr. Thomas C. Murray, Examiner in charge of the Promotion Bureau, dated June 21, in relation to the request of the President of the Borough of Richmond that an examination be held for promotion from the position of Laborer to that of Axeman, in the Bureau of Engineering Construction of his Department. On motion, the request was denied, without prejudice to a renewal of same in the month of October.

A report was presented from Mr. Thomas C. Murray, Examiner in charge of the Promotion Bureau, dated June 18, relative to the examinations which had been ordered on May 5 for promotion to the positions of Ticket Agent or Gateman, Supervising Marine Engineer and Quartermaster in the Department of Docks and Ferries, the applications for which were on file. It appeared that the Ferry Service (Part VIII.) had been graded on October 21, 1908, and that all candidates who had filed applications for the above examinations had been appointed under the new titles of their positions on May 1, 1909, and therefore had not served under said titles for a period of six months, as required by the promotion rule. After careful consideration of the matter, it being the opinion of the Commission that the rule might be construed to mean employment of the candidates in their positions for more than six months, regardless of the title of the position, the Examiner was directed to proceed with the examinations.

A report was presented from Mr. Thomas C. Murray, Examiner in charge of the Promotion Bureau, dated June 16, relative to the communications from Messrs. Thomas W. Golding and Sidney Diamant, Structural Steel Draughtsmen employed in the Department of Education, who had filed applications for promotion to Assistant Engineer and competed in the examination held on January 12, 1909, notwithstanding the fact that the Department of Education had not requested that they be admitted to the said examination, in accordance with the Commission's rule in such cases. After consideration of the matter, the Secretary was directed to communicate with the candidates and inform them that the promotion list to which they referred had never been promulgated and would not be promulgated for the reason that an examination for promotion from Structural Steel Draughtsman and Architectural Draughtsman to Assistant Engineer had not been requested by the Department of Education, and that their only recourse would be to have such a promotion examination called by the Department during the month of October, the time set apart by the Commission for the holding of promotion examinations.

A communication was presented from the Labor Clerk, dated June 14, requesting that his action in deducting the name of Patrick Hennessy, No. 200 High street, Brooklyn, a Laborer in the Bureau of Highways, Borough of Brooklyn, from the payroll of said Bureau on April 16, be approved. It appeared that the Labor Clerk had observed certain discrepancies between the original application and the appointment sheet filled out by the candidate, and that he had thereupon taken the action reported to the Commission. On motion, the action of the Labor Clerk was approved, and the Commission directed that the President of the Borough of Brooklyn be instructed to drop said name from his payroll.

A communication was presented from the Labor Clerk, dated June 17, requesting approval of his action in deducting the name of John Doherty, No. 109 South Sixth street, Brooklyn, a Laborer in the Bureau of Highways, Brooklyn, from the payroll. It appeared that Doherty had been notified to appear at the Labor Bureau, and upon being questioned had admitted that his name was William Barthold, and that his father-in-law was John Doherty, whom he had personated. On motion, the action of the Labor Clerk was approved, and the Commission directed that the President of the Borough of Brooklyn be instructed to drop the said name from the roster of his Department.

A report was presented from the Certification Clerk, dated June 22, in relation to the protest of Frank Herzog, No. 2222 Pitkin avenue, Brooklyn, against the action of the Commissioner of Parks, Boroughs of Manhattan and Richmond, in failing to appoint him from the preferred list of Architectural Draughtsman certified on June 4, upon which list his name stood No. 1. A letter was presented from the Fire Commissioner, dated June 17, requesting approval of the transfer of Chief of Battalion Thomas F. Barrett to the position of Chief of Construction and Repairs to Apparatus, on the ground that the latter title was more appropriate to the duties Chief Barrett had been performing since July 9, 1906, when he was placed in charge of the repair shops of the Boroughs of Manhattan, The Bronx and Richmond. The request was denied, and the Secretary was directed to arrange an examination for the position of Chief of Construction and Repairs to Apparatus, to be open to all the Battalion Chiefs who had served as such for not less than six months.

A letter was presented from the Secretary of the Fire Department, stating that Michael F. Merron had been reinstated as a Fireman of the first grade, with salary at the rate of \$1,400 per annum to take effect from 8 o'clock a. m., June 15, 1909, under the authority of chapter 723 of the Laws of 1907, and transmitting a copy of the letter of his Honor the Mayor, dated December 3, 1907, consenting to the rehearing of Merron. The following requests for restoration to the eligible lists indicated were denied for laches:

Joseph Whiteside, No. 2444 Seventh avenue, Attendant.

Henry A. Muller, No. 281 East One Hundred and Fifty-fourth street, Fireman.

A letter was presented from Alan G. Kennish, dated June 11, requesting that the certification of his sister's name from the eligible list of Stenographer and Typewriter be withheld for a period of six months, and transmitting a doctor's certificate to the effect that Miss Kennish's health would not permit her to accept an appointment for that length of time. The request was granted.

The request of Nathaniel Nirenberg, No. 406 Blake avenue, Brooklyn, that his application for Clerk, first grade, be accepted, was denied for the reason that the date of birth given in same showed him to be over eighteen years of age.

The applications of Victor Florio, No. 242 East One Hundred and Seventeenth street, and Harry Diamond, No. 200 East Seventh street, for Clerk, first grade, were rejected for non-citizenship.

An affidavit was presented from Harry Bernstein, No. 1479 Washington avenue, The Bronx, candidate for Clerk, first grade, to the effect that he had become a citizen of the United States through the naturalization of his father, but that he would not be able to produce his father's certificate of naturalization until August, for the reason that they were in the possession of his brother, who had gone to Russia as correspondent for a New York City newspaper. The Secretary was directed to give the candidate a conditional notice for the examination, subject to the furnishing of the necessary proof as to his citizenship.

The Secretary presented the application of Thomas Petrizzo, No. 719 Lorimer street, Brooklyn, for the position of Clerk, first grade, in which the date of birth had been given as June 1, 1891, together with a baptismal certificate in which the name was given as Gaetano Petrizi, and the date of birth as August 19, 1892. The Secretary was requested to direct the candidate to appear before the Commission at the next meeting and explain the discrepancy in the names and dates given in his application and baptismal certificate.

A communication was presented from George S. Elcock, No. 26 Halsey street, Brooklyn, dated June 17, protesting against the promotion of Jules L. Remond to the position of fifth grade Clerk in the Department of Bridges, at a salary of \$2,700 per annum, on the ground that in the examination for promotion to fifth grade Clerk in the Department of Bridges held by the Commission on December 10, 1907, he and Mr. Remond had been the only candidates, and that he, being a veteran of the Civil War, had a prior right to promotion. The communication was ordered filed.

A letter was presented from George J. Schlusing, No. 468 Fourth avenue, Manhattan, requesting that he be permitted to amend his answer to question 7 in his application for Patrolman by setting forth the circumstances of an arrest. On motion, the Secretary was directed to summon the candidate to appear before the Commission at the next meeting in relation to his request.

A communication was presented from Mr. Thomas Rock, Business Representative, District Council No. 1, International Union of Pavers, Ramblers, Flaggers, Bridge and Curb Setters, dated June 17, protesting against the system in vogue in the several Highway Departments, under which city employees, instead of receiving their weeks' wages on Friday, were compelled to wait until the following week for same. The communication was ordered filed.

A communication was presented from Howard B. Smith, Patrolman in the Police Department, dated June 17, protesting against the action of the Commission in ruling that only those Patrolmen who had reached the first grade should be admitted to the examination for promotion to Assistant Superintendent of Telegraph and Electrical Service. The communication was referred to the Examiner in Charge of the Promotion Bureau for a report.

A letter was presented from A. A. Dutton, Superintendent of Transportation, Brooklyn Rapid Transit System, No. 85 Clinton street, Brooklyn, dated June 15, in response to the Commission's inquiry as to the seniority in service of Martin Ryan, A. F. Muller and William Norton, former employees of the New York and Brooklyn Bridge, who had been re-employed by the Bridge Department under a resolution approved by the State Commission on February 25, 1909, and regarding whom a complaint had been received from the Civil Service Reform Association. The letter certified that the said persons had been appointed Conductors on July 1, 1898, in the Brooklyn Rapid Transit Company, and that they had served continuously from that date, with the exception of an occasional leave of absence or vacation, until the time of their reinstatement in the Bridge Department. The Secretary was directed to transmit a copy of the communication to the Civil Service Reform Association.

A communication was presented from John J. Canning, a Clerk employed in the Board of Education, with reference to the action of the Board in promoting him from the second to the third grade, as of December 18, 1908, which action the Commission had disapproved for the reason that Mr. Canning's name had not been certified as eligible for such promotion, in accordance with the provisions of the Civil Service Rules, until April 20, 1909. The Secretary was directed to state that there

was nothing in the letter of Mr. Canning which would cause the Commission to change its ruling in his case; that the practice referred to by him of dating increases in salary back to the date of the examination had been discontinued, and, as stated to the Board of Education, in no case would a promotion be permitted to take effect prior to the date of the certification of the employee's name as eligible for such promotion.

The Commission then adjourned to meet Wednesday, July 7, 1909, at ten o'clock in the forenoon.

F. A. SPENCER, Secretary.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE BRIDGE Commissioner, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for bridge purposes, in the

##### Borough of Manhattan

being all the buildings, parts of buildings, etc., standing within the lines of property acquired for the purposes of the Manhattan Bridge, being more particularly designated as the property known as the Kenwood House at No. 31 Bowery, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 30, 1909, the sale by sealed bids of the

above described building and appurtenances thereto will be held by direction of the Comptroller on **WEDNESDAY, SEPTEMBER 20, 1909,**

at 11 a. m., in manner and form as follows: Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 29th day of September, 1909, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale, as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for; (2) the amount of the bid; (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened September 29, 1909," and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

##### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than 2 feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards

The compensation will be at a rate or price per cubic yard of snow and ice, computed by multiplying the actual depth of snow and ice in the place or places where work under this contract is carried on, by the area of the street or avenue which is cleaned. The depth of snow and ice shall be determined by the official reports of the New York Meteorological Observatory of the Department of Parks, Central Park, in the City of New York, or by the official reports of an observatory or observatories established or designated by the Commissioner of Street Cleaning; the area of the street or avenue shall be taken from the area maps on file in the Department of Street Cleaning, which have been drawn from the original surveys and have been made by the Sanborn Map Company for the Department of Street Cleaning.

Compensation at so much per centum of the above rate or price will be allowed for snow and ice that has been piled but has not been removed because of the work being stopped by the Commissioner of Street Cleaning after the snow has been so piled and before it was removed, and at so much per centum thereof for rough cleaning because of the work being stopped by the Commissioner of Street Cleaning after the piles have been removed, leaving a certain amount of crust or a film of ice on the surface of the street to be removed.

This price and these percentages must be written out and must also be given in figures.

The contract, if awarded, will be awarded to the lowest bidder per cubic yard, without taking into account any estimate of the probable amount of piling or rough cleaning.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

Sec. 2. The grant of this privilege is in consideration of and subject to and conditioned upon the performance and observance of the following conditions:

First—The said right to lay, construct, maintain and operate pipes, mains or other conductors for conducting gas in the above-described territory shall be held and enjoyed by the Company, its successors or assigns, from the date when this contract is signed by the Mayor until the twenty-seventh day of October, nineteen hundred and thirty-one, with the privilege of renewal of said contract for a further period of twenty-five (25) years upon a fair revaluation of said right and privilege. Such revaluation shall be of the right and privilege to maintain and operate such a gas system by itself, and is not to include any valuation derived from the ownership, operation or control of any other gas, electric or other system used for the purpose of supplying light, heat or power, by the Company, its successors or assigns.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time, not earlier than two years and not later than one year, before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but the annual sum to be paid by the Company to the City under such renewal shall not be less than the sum required to be paid during the last year of this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount as shall be reasonable, but no annual sum thus fixed shall in any event be less than the sum required to be paid by the Company to the City during the last year of this original contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board, one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum to be paid thereunder shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this original contract, or if the same is renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, if the Board shall so elect, the mains, service pipes and street lamps erected and located by the Company in the territory designated in Section 1 of this contract, including all property erected or located by it in the public streets or roads of the City, as the same now exist or may be extended, and in all new streets or roads which may be hereafter opened in that portion of the Borough of Queens, constructed pursuant to this contract, shall become and be the property of the City, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If the Board shall so elect, upon the termination of this grant for any cause, the plant and property erected and located by the Company pursuant to this contract, in that portion of the Borough of Queens as bounded and described in Section 1 of this contract, including the buildings, plants, holders, meters, house fittings and all property not situated in the public streets or roads used by the Company in the manufacture and distribution of gas to street lamps and public and private buildings in said territory, shall become and be the property of the City on payment to the Company of the value of the same, as fixed by three disinterested freeholders, appointed and paid in the same manner and with the same powers as appraisers appointed upon any renewal of this original contract, as above set forth, but such valuation shall in no case be greater than the value of such property, as shown by the last report submitted by the Company to the Board, as required by the terms of this contract, and shall not include any compensation for any value which such property may have by reason of this grant.

If, however, at the termination of this grant for any cause, as aforesaid, the City, by the Board, shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its pipes, mains and conductors from all the streets and public places within the limits of the territory in which it is authorized to operate by this contract.

Third—The Company, its successors or assigns, shall pay for this privilege to the City the following sums of money, to wit:

1. Five thousand dollars (\$5,000) in cash within thirty days after the signing of this contract.

2. During the period between the date on which this contract is signed by the Mayor and the twenty-seventh day of October, nineteen hundred and eleven, an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

3. During the succeeding five years of this original contract an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal to one (1) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of five hundred dollars (\$500).

4. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand dollars

(\$1,000), and which shall be equal to two (2) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

5. During the succeeding five years of this original contract an annual sum which shall in no case be less than one thousand five hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of one thousand five hundred dollars (\$1,500).

6. During the last five years of this original contract an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500), and which shall be equal to five (5) per cent. of the gross receipts of the Company in the territory in which it is authorized to operate under the terms of this contract, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

All the sums herein provided for shall be paid into the treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Fourth—The said annual charge or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any gas or other company providing for payments for similar rights or franchises at a different rate, and no transfer, sale, assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or any part thereof, shall be valid or effectual for any purpose unless the said transfer, sale, assignment, lease or sublease shall contain a covenant on the part of the transferee, purchaser, assignee or lessee that the same is subject to all the conditions of this contract, and that the transferee, purchaser, assignee or lessee assumes and will be bound by all of said conditions, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding; and that the said transferee, purchaser, assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

It is agreed that any and all payments to be made under the terms of this contract by the Company to the City shall not be considered in any manner in the nature of a tax, but that such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinances of the City or by any law of the State of New York.

Fifth—The plant, manufactory or works of this Company which may be erected under the privilege contained in and granted by this contract for the purpose of manufacturing and furnishing gas, shall be constructed so as not to be in any way detrimental to the public health, nor otherwise create a nuisance. Before the construction of any plant, holder or other apparatus used in the manufacture or storage of gas the Company shall obtain the approval of the Board to the location and the plans for the construction of the same.

Sixth—The Company shall construct, maintain and operate its gas system, mains, conductors, service connections and pipes subject to the supervision, control and inspection and to the entire satisfaction of the proper authorities of the City who have jurisdiction in such matters, under the Charter or ordinances of the City, or under the provisions of this contract, and the entire expense of such supervision, control and inspection shall be borne by the Company.

Before opening any street, lane, alley or public place to lay or begin the laying of any mains, conductors, pipes or service connections, the Company shall submit to the President of the Borough of Queens and the Commissioner of Water Supply, Gas and Electricity, working plans which shall include and show in detail the proposed location and method of construction of said mains, conductors, pipes or service connections, and the mode of protection or changes in all subsurface structures required by the construction of such mains, conductors, pipes or service connections, and shall obtain from these officials, if such working plans are approved, permits for the construction of such work.

Whenever the pipes or conductors of the Company are to be laid under or adjoining a railroad track the work of trenching for and laying the same shall be conducted so as to interrupt as little as possible the running of cars thereon, and when the work is finished, the track and street, avenue or public place shall be replaced and repaired by said Company in as good condition as before the commencement of the work.

Whenever the Company shall open any street, avenue or public place in the territory in which it is granted the privilege to operate by this contract, for the purpose of laying pipes or conductors, then the Company, when restoring the pavement of said street, shall do so in accordance with the specifications for the construction of said pavement, and the Company shall also, at its own cost and expense, maintain the same in good condition, and at the proper grade and curvature, for the period of one year from the time of its restoration, whether the same had been restored by the said Company or by the City authorities, as hereinafter provided. When streets paved with improved pavements, on which the contractor's guarantee has not expired through time, are to be paved, the Company shall have the power to arrange with the contractor to open and relay such pavements under an agreement or contract.

If the Company at any time, after five days' notice from the President of the Borough of Queens, shall neglect or refuse to restore, repave or maintain any pavement in accordance with the provisions of this contract, then the President of the Borough of Queens may restore, repave or maintain the same, and the cost of such restoration, repaving or maintenance, with legal interest thereon, shall be a proper charge against, and may be deducted from, the security fund to be deposited by the Company with the Comptroller, as hereinafter provided.

Seventh—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Eighth—Within three (3) months after the execution of this contract by the Mayor, the Company shall commence the laying of mains, and within one (1) year thereafter shall have laid and in operation at least five (5) miles of mains within the streets in the territory in which it is hereby granted the privilege to lay its mains, and shall supply gas through the same to the sections known as Queens and Little Neck. The Company shall also, within two (2) years thereafter, have laid, ready to supply gas through the same, mains or conductors to supply the sections known as Springfield, Rosedale and Holliswood. From and after two (2) years from the date of the signing of this contract the Company shall also lay such further mains as may be directed by the Board. Unless the provisions of this paragraph are fulfilled by

the Company, this grant shall cease and determine.

Ninth—In the event that the City finds it necessary to change the grade or line of any street, road or avenue now existing, or which may hereafter be opened in any part of the Borough of Queens, or place therein any new structures, or change the location of any structure therein, the Company agrees that it will make no claim or attempt to obtain any compensation for its expense in relaying or replacing its mains, if the same is necessary to conform to such improvement in or of such street, road or avenue, in the territory in which it is hereby granted the right to lay its mains.

Tenth—The Company shall, upon being directed to do so by the Commissioner of Water Supply, Gas and Electricity, extend its main to such places and along such streets as he may direct, but shall not be required to lay a greater length of main or conductor during any one year than that hereinbefore prescribed; provided, however, that if any public building or public lamps the Commissioner desires to be lighted are situated within one hundred (100) feet of any main or conductor of the Company in a public street, avenue or highway, then and in that case the Company shall be required to extend the same, in addition to the above, in compliance with section 62 of the Transportation Corporations Law (chapter 219 of the Laws of 1909), and a public lamp shall be deemed a building or premise within the meaning of such section.

Eleventh—The Company, within three (3) months after the signing of this contract by the Mayor, shall commence the construction of a gas works, including all the appurtenances necessary thereto, of a sufficient capacity to furnish at least forty million (40,000,000) cubic feet of gas per annum, and shall complete the same within twelve (12) months thereafter. This gas works shall be constructed within the boundaries of the territory within which it is granted the right to operate by this contract, and a failure to complete the same within the time limited shall result in the forfeiture of this franchise without legal or equitable proceedings; provided that such period may be extended by the Board for a period or periods not exceeding in the aggregate twelve (12) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any Court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City, as a party, may intervene in such proceedings.

The gas plant, mains and all appurtenances thereto shall be constructed and operated in the latest approved manner, and shall be operated with the most modern and improved appliances. The gas furnished by the Company shall be of the best quality, and the supply shall be continuous for twenty-four hours in each day during the term of this contract, or any renewal thereof, except for interruption from unavoidable causes over which the Company shall have no control.

And the Company further binds itself to furnish gas of superior candle-power and quality to that herein set forth or ordered by the Board whenever required to do so by any general or local act of the Legislature, and such act shall be deemed a modification of this agreement, but no act providing for the furnishing of an inferior quality of gas shall be deemed to in any way affect the provisions of this agreement. The pressure of said gas shall not exceed that fixed by law.

Fourteenth—The Company agrees to provide and furnish to the Department of Water Supply, Gas and Electricity the necessary apparatus and station to conduct tests to ascertain the pressure and quality of the gas furnished by it, if required to do so by the Commissioner of Water Supply, Gas and Electricity. power to regulate and fix the maximum and minimum rates to be charged by the Company throughout the territory in which it is hereby granted the right to lay its mains for gas for private lighting, provided such rates shall be reasonable and fair.

Nineteenth—The Company shall supply gas to all applicants in the territory in which it is authorized to operate, not in arrears for prior bills, owning or occupying premises on streets in which gas mains or conductors are laid, and where the Company has not laid mains or conductors it shall lay the same upon the application, in writing, of the owner or occupant of any building or premises within one hundred feet of any main laid by it, provided he shall pay all money due from him to the Company. The Company, however, shall not refuse to supply gas to any person owning or occupying premises on the line of its mains or to extend its mains for that purpose if there be any rent or compensation in arrear for gas supplied, or for pipes or fittings, furnished to a former occupant thereof, unless such owner applying for a supply of gas shall have undertaken or agreed with the former occupant to pay or to exonerate him from the payment of such arrears, and shall refuse and neglect to pay the same; and if for the space of ten days after such application, and the deposit of a reasonable sum as security, if required, in pursuance of section 63 of the Transportation Corporation Law, the Company shall refuse or neglect to supply gas as required, said Company shall forfeit and pay to the applicant the sum of ten dollars, and the further sum of five dollars for every day thereafter during which such refusal or neglect shall continue; provided that the Company shall not be required to lay service pipes for the purpose of supplying gas to any applicant where the ground in which such pipe is required to be laid shall be frozen or shall otherwise, in the opinion of the Board, present serious obstacles to laying the same; nor unless the applicant, if required, shall deposit in advance with the Company a sum of money sufficient to pay the cost of his portion of the pipe required to be laid, and the expense of laying such portion.

The Company shall not require or receive any deposit or advance payment in excess of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate. Any consumer or person who desires to be connected with the mains of the Company can apply to the Board to compel the Company to comply with the provisions of this contract, and all orders of the Board made on the request of any such consumer or person shall be complied with by the Company.

The provisions herein made in regard to a penalty for refusal to comply with the provisions of this subdivision of the contract, and requiring the payment of interest on deposits made by consumers, may, in the event of the refusal of the Company to comply with any order of the Board, on complaint made in regard thereto, be deducted from the security fund to be deposited with the Comptroller, as hereinafter provided, and the Comptroller is authorized to deduct the amount from the said fund and pay the same to the claimant, on being directed to do so by the Board.

The repeal or amendment of section 62 of the Transportation Corporations Law, requiring the Company to extend its mains to supply gas to any building within one hundred feet of its existing mains, upon application for the same, shall not be deemed to in any way affect the provisions of this contract, except that if such amendment requires the Company to do something in addition to or not inconsistent with the provisions of this contract, then, and in that case, the Company shall comply with both of the provisions of this contract and the laws of the State in regard to such extensions.

Twentieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Nothing herein contained shall apply to any mortgagee or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

In the event of any consolidation, sale or merger with any other gas company operating in the same territory whereby any duplication of plant or mains shall be effected, such duplication shall not be included in the assets on which a return is to be provided in fixing a reasonable rate.

Twenty-second—The Company hereby agrees and stipulates that any and all rights which by its incorporation it may now have or may hereafter acquire, under the law, as it now exists or may be hereafter amended or altered, whereby it may purchase, acquire or hold stock, bonds or other evidence of indebtedness in any other corporation, are hereby waived; but the Company may exercise such rights upon acquiring the consent of the Board so to do, under such conditions as it may impose.

#### Proposed Form of Contract.

This contract, made this ..... day of ..... 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Staten Island Rapid Transit Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The President of the Borough of Richmond, on October 17, 1907, addressed a communication jointly to the Board of Estimate and Apportionment and the Commissioners of the Sinking Fund, requesting the authorization and approval of the exchange of certain parcels of land in the Borough of Richmond, between the City and the Company, and in connection therewith the granting of the right to the Company to lay additional tracks across and under certain streets and avenues; and

Whereas, Such approval was given by the Board at its meeting held April 16, 1909; and

Whereas, The Company, on April 14, 1909, duly submitted two petitions for franchises, which were presented to the Board at its meeting held April 30, 1909; now therefore

In consideration of the said exchange of properties and of the mutual covenants and agreements herein contained, and in accordance with the resolution of the Board, adopted June 12, 1908, referred to above, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate—

(a) Two additional tracks across and under South street, near Jay street, First Ward, Borough of Richmond, within the lines of said South street as the same is now laid out or may hereafter be widened, said tracks to be constructed immediately to the west of the present two tracks of the Company crossing under South street at this point and constituting the existing right of way of the Company under said South street. All as shown on a map entitled:

"Map Showing Proposed Tracks Under and Across South Street, in the First Ward, Borough of Richmond, City of New York, to Accompany Petition of The Staten Island Rapid Transit Railway Company to the Board of Estimate and Apportionment. Dated April 14, 1909."

—signed by George H. Campbell, Vice-President, and William B. Redgrave, Division Engineer, attached to this contract and made a part thereof.

(b) Two additional tracks across and upon Central avenue, Union avenue, Harbor road, and South avenue, and one track across and upon Richmond terrace, formerly known as Shore road, at a point 550 feet, more or less, east of the intersection of Western avenue with Richmond terrace, and in a line with the right of way fifteen (15) feet wide acquired by the Company from Edward Milliken and wife, all in the Third Ward of the Borough of Richmond. The said additional tracks across and upon Central avenue, Union avenue, Harbor road and South avenue to be constructed, one on either side of the present tracks of the Company, crossing said streets, all as shown on a map entitled:

"Maps Showing Proposed Tracks Across Central Avenue, Union Avenue, Harbor Road, South Avenue and Richmond Terrace, in the Third Ward, Borough of Richmond, City of New York, to Accompany Petition of The Staten Island Rapid Transit Railway Company to the Board of Estimate and Apportionment. Dated April 14, 1909."

—signed by George H. Campbell, Vice-President, and William B. Redgrave, Division Engineer, attached to this contract and made a part hereof.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said railroad tracks shall be held and enjoyed by the Company for the term of

twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) During the first term of ten (10) years the annual sum of six hundred dollars (\$600), being the annual sum of one hundred dollars (\$100) for each crossing herein authorized.

(b) During the second term of fifteen (15) years the annual sum of nine hundred dollars (\$900), being the annual sum of one hundred and fifty dollars (\$150) for each crossing herein authorized.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that portion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments herein provided for shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any railroad or railway company providing for payment for railroad or railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, and the removal of the tracks herein authorized from the surface of the streets crossed by the same, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the acts of the said grantee, its successors or assigns, or by operation of law, without the consent in writing of the City, acting by the Board, or its successors in authority.

Fifth—Upon the termination of this contract, or if the same be renewed, then upon the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract within the streets shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to the Company or any other company or individual.

If, however, at the termination of this contract, as above, the Board shall so order, by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment, constructed pursuant to this contract, and the said streets shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall commence the construction of the tracks herein authorized under South street, First Ward, within three (3) years, and complete the same within five (5) years from the date upon which this contract is signed by the Mayor, and shall commence and complete

the construction of the other tracks herein authorized within two (2) years from such date, otherwise the rights herein granted shall cease and determine as to such tracks not so constructed. In the event of the rights so ceasing, the Company shall not be required to make any further payments for the privilege of constructing and maintaining said tracks under this contract, but shall continue paying to the City the sum fixed by this contract for each crossing which it constructs within the time limit herein fixed.

Seventh—The grantee shall pay the entire cost of the construction and maintenance of the tracks herein authorized to be laid, and where the said tracks are authorized to be laid on the surface of the street, in addition shall pay the following:

(a) The cost of the protection of all surface and subsurface structures which shall be in any way disturbed by the construction of such tracks.

(b) All changes in sewer or other subsurface structures made necessary by the construction of the railroad tracks, including the laying or re-laying of pipes, conduits, sewers or other structures.

(c) The replacing or restoring the pavement in said street which may be disturbed during the construction of the tracks.

(d) The inspection of all work during the construction or removal of the tracks, as herein provided, which may be required by the President of the Borough of Richmond and the Commissioner of Water Supply, Gas and Electricity.

Eighth—Before the construction shall be begun the grantee shall obtain permits to do the work from the President of the Borough of Richmond and from the Commissioner of Water Supply, Gas and Electricity. Said grantee shall perform all the duties which may be imposed upon the grantee by these officials, as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to these officials working plans, which shall include and show in detail the method of construction of said railroad tracks and the mode of protection or changes in all subsurface structures required by the construction of such tracks.

Ninth—The said railroad crossings shall, for their entire length between the lines of the streets where they are laid on the surface, be paved between the rails and for a width of two (2) feet outside thereof with asphalt blocks or vitrified brick, laid upon a concrete foundation, or such other material as may be prescribed by the President of the Borough of Richmond, and in a manner acceptable to him. The said crossings shall be constructed, maintained and operated at the expense of the Company, subject to the supervision, control and inspection of the proper authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York.

Tenth—Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said railroad tracks, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

Eleventh—Free and uninterrupted access to and passage over said streets where the rails are laid on the surface shall be maintained at all times, both during construction and thereafter, and no cars shall be allowed to stand upon said railroad tracks within the limits of said streets.

Twelfth—This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

Thirteenth—The Company shall at all times keep the streets upon which the rails authorized by this contract are laid, between the said rails and for a distance of two (2) feet beyond the said rails, on either side thereof, free and clear from ice and snow.

Fourteenth—The Company shall, upon being ordered by the Board so to do, remove the tracks hereby authorized to be constructed on and across Richmond terrace, from the surface of said street, and construct the same over or under the said street, as directed by the Board, and in such manner as the Board may prescribe, under the supervision of the local authorities of the Borough, at its own expense. And it further agrees that if at any time during the continuance of this contract or any renewal thereof, proceedings shall be taken under the Railroad Law or any law of the State, looking to the removal of the tracks laid by it on the surface of any street, under authority of this contract, then and in that event the Company shall remove the tracks herein authorized and construct the same across said streets, either over or under the same as directed, at its own cost and expense. Nothing contained herein shall be deemed to affect the rights or liabilities of the Company as to the tracks already laid by it.

Fifteenth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights hereby conferred, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, the repairs of street pavement, and the removal of those tracks laid on the surface of the streets at its own expense as herein provided, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice in writing to the Company; or in case of failure to keep the other terms and conditions of this contract, the Company shall pay a penalty of ten dollars (\$10) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provision. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, and without legal procedure direct the Comptroller to withdraw the amount of said penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract shall be annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under this or any other provision of this contract shall

affect any other legal rights, remedies or causes of action belonging to the City.

Sixteenth—In case of any violation, or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad tracks constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Seventeenth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Eighteenth—The word "streets," wherever used herein, shall be deemed to mean such streets, avenues, highways, driveways, concourses, boulevards or public places across or under which the Company is hereby granted the right to lay its tracks.

Sec. 3. The City hereby agrees that it will construct a portal to the proposed new tunnel required for the construction of the tracks herein authorized under South street, in the First Ward of the Borough of Richmond. Said portal is estimated to cost not exceeding four thousand seven hundred dollars (\$4,700) in excess of the cost to the City of building a solid retaining wall at this point, as was heretofore proposed. All and every other expense in connection with the rights hereby granted shall be borne and paid for by the Company.

Sec. 4. The City and the Company promise, covenant and agree to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained, to be performed or observed by the respective parties hereto.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
