DEPARTMENT OF HEALTH.

Report for the Week Ending May 17, 1913.

JUDICIAL REVIEW OF REGULATIONS FOR THE ISSUE OF POULTRY SLAUGHTER HOUSE PERMITS.

The control of poultry slaughter houses by the Department of Health has always been a difficult and troublesome task. Section 79 of the Sanitary Code provides that "no live chickens, geese, ducks, or other fowls, shall be brought into, or kept, or held, or offered for sale, or killed, in any yard, area, cellar, coop, building, premises or part thereof, or in any public market, or on any sidewalk, except upon premises used for farming in unimproved sections of the City, without a permit from the Board of Health, and subject to the conditions thereof, and obtained in accordance with the rules and regulations adopted by the Board of Health."

Applications for permits under this section are numerous, and it is difficult for the Department to carry out a policy calling for the greatest possible restriction of the number of poultry slaughter houses consistent with the rights of citizens to embark in any proper business venture on premises which they own or control. Poultry slaughter houses, however, almost inevitably become a source of nuisance and complaint, particularly in congested tenement regions. Under these conditions, the granting of such a permit necessarily becomes a more or less valuable concession and charges of improper conduct on the part of employees of the Health Department in this connection have been made. As a result of investigations some years ago, it was discovered that persons not connected with the Department of Health had extorted money from dealers interested in this industry.

Because of these general conditions, and in order to establish a definite and clear-cut policy, the Board of Health at a meeting held February 10, 1913, decided to restrict the further granting of such permits as follows:

(a) It was required that the site of the slaughter house should not be within two hundred feet of an inhabited dwelling, factory, office building, church, hospital or school.

(b) It was decided that no site in the Borough of Manhattan would be approved when at a greater distance from the water-front than 200 feet, except in (1) the locality bounded by W. 39th st., North River, W. 41st st. and 11th ave.; (2) the locality bounded by E. 90th st., East River, E. 111th st. and 2d ave.; (3) the locality bounded by Jefferson st., East Broadway, Roosevelt st. and East River; where sites may be approved when at a distance greater than 200 feet from the water-front.

(c) It was also decided that no site in the Borough of Brooklyn would be approved when at a greater distance from the water-front than 200 feet, except in (1) the locality bounded by Broadway, Union ave., Montrose ave., Bogat ave., Flushing ave.; (2) the locality bounded by East New York ave., Rockaway ave., Vienna ave. and Pennsylvania ave., where sites may be approved when at a distance greater than 200 feet from the water-front.

Decision of the Court in 1903.

The right of the Department of Health to enforce the restrictions originally contained in section 79 had been upheld in 1903 by a decision of Mr. Justice Hirschberg in the Appellate Division of the Supreme Court. A dealer had been convicted in the Court of Special Sessions of keeping live poultry within a populated district of The City of New York without a permit from the Health Department. He appealed (People vs. Davis, 78 A. D., 570). Justice Hirschberg, in confirming the conviction, in which all the other Justices concurred, stated "That the health authorities of The City of New York have, for a long period of time, exercised and regulated by ordinance the right of granting permits of the character now questioned, is practically undisputable. While it is probable that no specific legislative authority exists for the regulation of the keeping and killing of poultry in The City of New York by limiting the act to such times and places as the Health Department may see fit to sanction by permit, the whole tenor and scope of the laws applicable to that City, and the history of the legislation upon the general subject of the public health, clearly indicate that such is the meaning and intent of the law; and that the power has been and is conferred upon the local authorities of confining the keeping and slaughtering of poultry within the thickly settled sections to such places as the health officials in the exercise of their judgment and discretion may find to be possessed of sanitary adjuncts and surroundings consistent with a due regard for the public health and cleanliness."

Recent Decision.

On May 13, 1913, the right of the Department of Health to restrict the slaughtering of poultry to certain districts was again upheld. A Brooklyn dealer had applied for a permit for this purpose and the permit had been denied by the department on the ground that the applicant's place of business was situated outside the prescribed area. He then applied for a writ of mandamus. This was denied in the Special Term of the Supreme Court held in the County of Kings on May 13, 1913. Mr. Justice Blackmar, in denying the application, stated as follows:

"The single question is the validity of the ordinance of the Board of Health, passed February 11, 1913, localizing within defined limits the business of conducting poultry slaughter houses. The relators were denied their permit simply because the site of the proposed business was not within the prescribed limits. If the regulation is valid, their license was properly refused. The validity of the Sanitary Code, so far as it requires that a permit shall be taken out for bringing live poultry into the City or killing it there, has been established by the courts (People vs. Davis, 78 A. D. 570). It follows that this business is within the scope of public regulation. The resolution expressed in its recitals, the relation of the regulation of this business to public health and comfort. From that point of view it would be desirable to exclude it entirely from the settled portions of the city. But as the business serves a public use, the inconvenience to the public of banishing it entirely must be weighed against the consideration of public health and discomfort. Localizing the business within defined limits is justified by these considerations. It follows that a resolution defining certain localities within which permits will be granted is not in and of itself either arbitrary or tyrannical. For many years there has been upon the statute books a law defining the locality in The City of New York within which cattle, sheep and hogs may be slaughtered (sec. 1227 of the Charter). The power to localize the business being conceded, upon what principle can this resolution be condemned? The presumption is that the regulation was framed in the interests of the public health and wellbeing. Although the two areas excepted in the Borough of Brooklyn contain the most thickly populated sections within the borough, yet other provisions regarding nearness to dwellings and tenement houses also apply, so that the public health may be conserved notwithstanding the congestion of population. Neither does the alleged fact that the excepted areas are mostly inhabited by Hebrews affect the question unless their own

DAMAGED PAGE(S)

peculiar method of slaughtering furnish a reason for permitting poultry used by them to be slaughtered apart from that used by citizens at large. If this be so, it is a fact which may properly be taken into account by the Board of Health in defining the excepted areas. Motion for peremptory writ of mandamus denied."

AMENDMENT TO THE SANITARY CODE.

Complaint having been made that empty milk bottles are sometimes allowed to find their way into ash or garbage cans and in consequence are returned to the milk company in an unsanitary condition, section 183 of the Sanitary Code was amended at a meeting of the Board of Health of the Department of Health, held May 6, 1913, in order to prevent such action in the future. The section reads in full as follows, the amended portion being stated in italics:

"Section 183. It shall be the duty of all persons having in their possession bottles, cans or other receptacles containing milk or cream, which are used in the transportation and delivery of milk or cream, to clean or cause them to be cleaned immediately upon emptying.

"No person shall use or cause or allow to be used any receptacle which is used in the transportation and delivery of milk or cream for any purpose whatsoever other than the holding of milk or cream; nor shall any person receive or have in his possession any such receptacle which has not been washed after holding milk or cream used or intended for use as aforesaid or which is unclean in any way, *nor shall any person place a receptacle in any unclean or improper place.*"

ANALYSIS OF THE VITAL STATISTICS FOR THE FIRST QUARTER OF 1913.

If the average quarterly death rate (17.06) for the immediately preceding quinquennium had prevailed during the first quarter of this year, there would have been 1,589 more deaths reported from all causes than actually took place. This is an excellent showing and if the decrease continues in the same ratio it will mean a decreased mortality of over 6,000 during the entire year compared with that of the previous five years. The causes of death that have engaged the attention of sanitary officials showed considerable decreases in the absolute figures taken in connection with the increased population, for example, typhoid fever a decrease of 60 per cent., measles 40 per cent., scarlet fever 47 per cent., diphtheria 22 per cent., pulmonary tuberculosis 10 per cent., diarrhœal diseases under five years of age 16 per cent. The decrease in the infectious diseases of childhood was accompanied by a decrease in the number of deaths from acute bronchitis and broncho pneumonia amounting to 10 per cent. The few diseases that exhibited an increased mortality were those which have not as yet entered the list of those against which preventive measures have been taken, for example cancer, the deaths from which increased 10 per cent., organic heart diseases, with an increase of 8 per cent., and lobar pneumonia with an increase of 7 per cent.

The number of births reported during the quarter was 34,196, an increase of 1,220 over the average for the previous quinquennium.

The number of marriages reported was 11,820, an increase of 1.218 over the quinquennial average.

The figures for the births and deaths are not corrected for increase of the population.

DEATH RATE FOR THE WEEK.

There were 1,531 deaths reported during the past week with a death rate of 14.87 per 1,000 of the population, as against 1,463 deaths and a rate of 14.75 during the corresponding week of 1912, an increase of 68 deaths and .12 of a point in the death rate. Measles showed a decrease of 11, whooping cough 2, typhoid fever 2, lobar pneumonia 15, and broncho pneumonia 21 deaths. The diseases that showed increases were nearly all of a chronic nature; organic heart diseases increased 44, pulmonary tuberculosis 22 and Bright's disease and nephritis 16. The violent deaths showed an increase of 30.

Viewed from the standpoint of age grouping there were 24 less deaths of infants under one year of age, 13 less under five years of age, and 26 less deaths at the ages 65 years and over. There were 117 more deaths between the age of 5 and 65 years, so that the increased mortality during the week was due entirely to a greater mortality between the ages five and sixty-five years, the total increase being 117 deaths.

The death rate for the first twenty weeks of 1913 was 15.14 per 1,000, as against 15.26 in the corresponding period of last year, a decrease of .12 of a point.

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in favor of or in opposition to the proposed area of assessment, the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Sickles street, from Broadway to Nagle avenue, in the Borough of Manhattan, City of New York, should be acquired by The City of New York;

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises;

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Sickles street, from Broadway to Nagle avenue in the Borough of Manhattan, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Manhattan, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 15th day of May, 1913; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Bounded on the north by a line always distant 100 feet northerly from and parallel with the northerly line of Broadway, the said distance being measured at right angles to Broadway; on the east by a line midway between Sickles street and Arden street, and by the prolongations of the said line; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Nagle avenue, the said distance being measured at right angles to Nagle avenue; and on the west by a line midway between Sickles street and Ellwood street and by the prolongations of the said line.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantor be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Hearing on the Proposed Area of Assessment in the Matter of Acquiring Title to Tehama Street, from 36th Street to West Street, Borough of Brooklyn (Cal. No. 11).

The Secretary presented affidavits of publication showing that the matter had been duly advertised.

No one appearing in favor of, or in opposition to the proposed area of assessment, the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Tehama street, from 36th street to West street, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises;

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Tehama street, from 36th street to West street, in the Borough of Brooklyn, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Brooklyn in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and the publishers of the corporation newspapers, that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 15th day of May, 1913; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point on the easterly line of 36th street, where it is intersected by a line midway between 12th avenue and Tehama street, and running thence eastwardly along the said line midway between 12th avenue and Tehama street, to the intersection with the westerly line of West street; thence eastwardly at right angles to West street to a point distant 100 feet easterly from its easterly side; thence southwardly and parallel with West street to the intersection with a line at right angles to West street, and passing through a point on the westerly line of West street where it is intersected by a line midway between Tehama street and Clara street; thence westwardly along

the said line at right angles to West street to the intersection with its westerly side; thence westwardly along the said line midway between Tehama street and Clara street to the intersection with the easterly line of 36th street; thence westwardly at right angles to 36th street to a point distant 100 feet westerly from its westerly side; thence northwardly and parallel with 36th street to the intersection with a line at right angles to 36th street and passing through the point of beginning; thence eastwardly along the said line at right angles to 36th street to the point or place of beginning.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantors be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point on the southwesterly line of Fort Schuyler road distant 1,000 feet northerly from the northerly line of Tremont avenue, the said distance being measured at right angles to Tremont avenue, and running thence eastwardly and parallel with Tremont avenue to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Schley avenue, the said distance being measured at right angles to Schley avenue; thence northeastwardly along the said line parallel with Schley avenue to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Ellsworth avenue as this street is laid out between Schley avenue and Shore drive, the said distance being measured at right angles to Ellsworth avenue; thence southeastwardly along

the said line parallel with Ellsworth avenue, and along the prolongation of the said line to the intersection with the northerly line of Shore drive as this street adjoins Pennyfield avenue; thence eastwardly, southwardly and westwardly along the outshore side of Shore drive to the intersection with the northeasterly line of Pennyfield avenue; thence southeastwardly along the northeasterly line of Pennyfield avenue to the intersection with the westerly property line of the Fort Schuyler reservation; thence southwardly along the said property line to the intersection with the bulkhead line of the East River; thence northwestwardly along the said bulkhead line to a point distant 100 feet westerly from the westerly line of Pennyfield avenue, the said distance being measured at right angles to Pennyfield avenue; thence northwestwardly and always distant 100 feet southwesterly from and parallel with the southwesterly line of Pennyfield avenue to a point distant 100 feet southeasterly from the southeasterly line of Schurz avenue; thence southwestwardly and parallel with Schurz avenue to the intersection with a line midway between Throgs Neck boulevard and Kearney avenue; thence northwestwardly along the said line midway between Throgs Neck Boulevard and Kearney avenue, to the intersection with a line midway between Lawton avenue and Schurz avenue; thence southwestwardly along the said line midway between Lawton avenue and Schurz avenue to the intersection with a line midway between Logan avenue and Hollywood avenue; thence northwestwardly along the said line midway between Logan avenue and Hollywood avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northwesterly line of Lawton avenue and the southeasterly line of Miles avenue, as these streets are laid out between Fort Schuyler road and Logan avenue; thence southwestwardly along the said bisecting line to a point distant 100 feet southwesterly from the southwesterly line of Fort Schuyler road, the said distance being measured at right angles to Fort Schuyler road; thence northwestwardly and always distant 100 feet southwesterly from and parallel with the southwesterly line of Fort Schuyler road to the intersection with a line distant 1,000 feet southerly from and parallel with the southerly line of Tremont avenue as this street is laid out between Fort Schuyler road and Sampson avenue, the said distance being measured at right angles to Tremont avenue; thence westwardly along the said line parallel with Tremont avenue and along the prolongation of the said line to the intersection with a line at right angles to Tremont avenue and passing through the point of beginning; thence northwardly along the said line at right angles to Tremont avenue to the point or place of beginning; together with any adjoining lands located between the shore side of Shore drive and of Pennyfield avenue, and the mean high water lines of Long Island Sound and Eastchester Bay.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantor be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Hearing on the Proposed Area of Assessment in the Matter of Acquiring Title to Ditmars Avenue, from Old Bowery Bay Road to 43d Street, Borough of Queens (Cal. No. 15).

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in favor of or in opposition to the proposed area of assessment, the hearing was closed.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, as amended, deems it for the public interest that the title, for the uses and to the extent thereof as herein mentioned, to the lands and premises required for the opening and extending of Ditmars avenue, from Old Bowery Bay road to 43d street, in the Borough of Queens, City of New York, should be acquired by The City of New York;

Resolved, That the title to be so acquired is hereby determined to be a title in fee in such premises;

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and of one Commissioner of Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title as herein determined, wherever the same has not heretofore been acquired, for the use of the public for the same purpose, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Ditmars avenue, from old Bowery Bay Road to 43d street, in the Borough of Queens, City of New York, upon the receipt by him of a rule map, damage map and profile, certified as having been approved by this Board.

Resolved, That no portion of the cost and expense of said proceedings, incurred by reason of the provisions of title 4, chapter 17, of the Greater New York Charter, as amended, shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the expense of the Bureau of Street Openings, the cost and expense incurred by the President of the Borough of Queens, in the preparation of rule, damage, benefit and profile maps, for the use thereof; and of the awards, if any, for damages caused by intended regulation and all other expenses and disbursements authorized by section 997 of said title, as amended, shall be assessed upon the property deemed to be benefited thereby; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that due notice was given therein that at the time of the adoption of the resolution directing the institution of proceedings herein to acquire title to the lands required for this improvement that the Board of Estimate and Apportionment would consider a proposed area of assessment as therein described and would give a public hearing thereon upon the 15th day of May, 1913; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in these proceedings be and is hereby fixed and determined to be as follows:

Beginning at a point on the bulkhead line of Flushing Bay, as this is indicated on the final maps of the borough, where it is intersected by the prolongation of a line midway between Mansfield avenue and Harbor street, as these streets are laid out between Ditmars avenue and Berrian avenue, and running thence southwestwardly along the said line midway between Mansfield avenue and Harbor street, and along the prolongations of the said line to the intersection with a line midway between Mansfield avenue and Sigel avenue as these streets are laid out west of Dulon street; thence westwardly along the said line midway between Mansfield avenue and Sigel avenue and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet southwesterly from and parallel with the southwesterly line of Potter avenue as this street is laid out between 16th avenue and 17th avenue, the said distance being measured at right angles to Potter avenue; thence northwestwardly along the said line parallel with Potter avenue and along the prolongation of the said line to the intersection with the prolongation of a line midway between 16th avenue and 17th avenue as these streets are laid out north of Potter avenue; thence northeastwardly along the said line midway between 16th avenue and 17th avenue, and along the prolongation of the said line to a point distant 100 feet northeasterly from the northeasterly line of Wolcott avenue; thence southeastwardly and parallel with Wolcott avenue to the intersection with a line distant 1,000 feet northerly from and parallel with the northerly line of Ditmars avenue as this street is laid out between Meagher street and McCook street, the said distance being measured at right angles to Ditmars avenue; thence eastwardly along the said line parallel with Ditmars avenue and along the prolongation of the said line to the intersection with the bulkhead line of Flushing Bay, as this is indicated on the final maps of the borough; thence southeastwardly along the said bulkhead line to the point or place of beginning.

Resolved, By the Board of Estimate and Apportionment of The City of New York, in conformity with the provisions of section 994 of the Charter, that the Corporation Counsel be and he hereby is authorized to enter into agreements relative to the acceptance of deeds of cession to land lying within the lines of the street to which these proceedings relate, and comprising one-half or more of the street width, at a date subsequent to that on which the Commissioners of Estimate and Assessment may have been appointed in these proceedings, provided that the title of the grantor be established to his satisfaction and that the sum of one dollar be accepted as an award for the land so ceded, the said agreement being also conditioned upon the release of all of the remaining abutting land owned by the grantor, extending to the centre line of the block and occupying a position approximately at right angles to the land ceded, from any assessment in the proceedings, except its proportionate share of any and all awards that may be made for the taking of buildings acquired, or awards for damages to buildings affected in and by the said proceedings, and its proportionate share of the expenses incurred in said proceedings to the date when the deed is accepted.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Hearing on a Modified Area of Assessment in the Matter of Amending the Proceeding for Acquiring Title to Gerry Avenue, from Pike Street to Marlowe Avenue, and to Pike Street, from Corona Avenue to Maurice Avenue, so as to Relate Only to Gerry Avenue, from Marlowe Avenue to Corona Avenue, Borough of Queens (Cal. No. 16).

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in favor of, or in opposition to the proposed area of assessment, the hearing was closed.

The following resolution was offered:

Resolved, By the Board of Estimate and Apportionment of The City of New York that the proceeding instituted by said Board on November 18, 1910, for acquiring title to Gerry avenue from Pike street to Marlowe avenue; and Pike street from Corona avenue to Maurice avenue, in the Borough of Queens, City of New York, be and the same is hereby amended by excluding therefrom Pike street, from Corona avenue to Maurice avenue, and by making the proceeding relate only to Gerry avenue, from Marlowe avenue to Corona avenue, as the said Gerry avenue, between said limits, is shown on a map or plan adopted by the Board of Estimate and Apportionment March 6, 1913, and approved by the Mayor March 14, 1913.

Resolved, That the Corporation Counsel be and he hereby is requested to take the necessary steps to have this amendment carried into effect; and,

Whereas, Pursuant to a resolution adopted by the Board on April 17, 1913, due notice has been given in the CITY RECORD that the Board would consider a proposed modified area of assessment for the aforesaid proceeding as amended; and,

Whereas, On the 15th day of May, 1913, a public hearing was given to all persons interested in such proposed area of assessment who appeared, and such proposed area of assessment was duly considered by this Board;

Resolved, That the area of assessment for benefit in this amended proceeding be and is hereby fixed and determined to be as follows.

Beginning at a point on the southeasterly line of Corona avenue, where it is intersected by a line distant 200 feet easterly from and parallel with the easterly line of Gerry avenue, as this street adjoins Corona avenue, the said distance being measured at right angles to Gerry avenue, and running thence southwardly along the said line parallel with Gerry avenue to the intersection with the prolongation of a line midway between Parcell street and Gerry avenue; thence eastwardly along the said line midway between Parcell street and Gerry avenue and along the prolongations of the said line to the intersection with a line midway between Toledo street and Gay street; thence southwardly along the said line midway between Toledo street and Gay street to the intersection with the prolongation of a line midway between Alstyne avenue and Gerry avenue, as these streets are laid out between Southern avenue and Marlowe avenue; thence eastwardly along the said line midway between Alstyne avenue and Gerry avenue, and along the prolongations of the said line to a point distant 100 feet easterly from the easterly line of Bronson street, the said distance being measured at right angles to Bronson street; thence southeastwardly and parallel with Bronson street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Gerry avenue and Christie street, as these streets are laid out between Cushman place and Marlowe avenue; thence westwardly along the said bisecting line to the intersection with a line midway between Gerry avenue and Christie street, as these streets are laid out between Sothern avenue and Field place; thence westwardly along the said line midway between Gerry avenue and Christie street to a point distant 100 feet westerly from the westerly line of Field place; thence northwardly and parallel with Field place to the intersection with the prolongation of a line midway between Gerry avenue and Maurice avenue, as these streets are laid out between Chicago street and Hanover avenue; thence westwardly along the said line midway between Gerry avenue and Maurice avenue and along the prolongations of the said line to the intersection with the prolongation of a line distant 200 feet westerly from and parallel with the westerly line of Gerry avenue, as this street adjoins Corona avenue, the said distance being measured at right angles to Gerry avenue; thence northwardly along the said line parallel with Gerry avenue and along the prolongations of the said line to the intersection with the northwesterly line of Corona avenue; thence northwestwardly at right angles to Corona avenue to the intersection with a line midway between St. James street and Corona avenue; thence northeastwardly along the said line midway between St. James street and Corona avenue to the intersection with a line at right angles to Corona avenue and passing through the point of beginning; thence southeastwardly along the said line at right angles to Corona avenue to the point or place of beginning.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Borough of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Public Hearing on the Proposed Area of Assessment in the Matter of Acquiring Title to Murray Street, from Bayreuth Street to Mitchell Avenue; to Aspinwall Street, from Jackson Avenue to Mitchell Avenue, and to Murray Lane, from Murray Street to Bayside Avenue, Subject to the L. I. R. R. Easement in Land Within the Lines of Murray Street, Which Forms a Part of the Railroad Right of Way, Borough of Queens (Cal. No. 17).

The Secretary presented affidavit of publication showing that the matter had been duly advertised.

No one appearing in favor of, or in opposition to the proposed area of assessment, the hearing was closed.

On motion of the President of the Borough of Queens the matter was referred back to him for further consideration.

Changing the Grade of 4th Avenue, from East 32d Street to East 34th Street; of Park Avenue, from East 34th Street to East 35th Street; of East 33d Street, from 4th Avenue to a Point 256 Feet Easterly Therefrom, and of East 34th Street, from Madison Avenue to a Point 238 Feet East of Park Avenue, Borough of Manhattan (Cal. No. 18).

(At the meeting of the Board on May 8, 1913, this matter was laid over for one week.)

Mr. Walter Stabler appeared in behalf of the Fourth Avenue Improvement Association and urged the adoption of the proposed change.

On motion of the President of the Borough of Manhattan, the matter was again laid over for one week (May 22, 1913), and the Mayor announced that the Board would meet in executive session, at his office, on Tuesday, May 20, 1913, at 10.30 o'clock a. m., for the purpose of considering the proposed improvement.

Closing and Discontinuing the Unnamed Street on the Westerly Side of the Harlem River, Extending from Broadway to West 225th Street, and West 226th Street and West 227th Street, Between a Line 125 Feet East of Broadway and the Said Unnamed Street, Borough of Manhattan (Cal. No. 19).

(At the close of the public hearing on May 1, 1913, this matter was referred to

the Comptroller, with the request that he advise the Board on or before May 15, 1913, as to the value of the title owned by the City in land in West 226th street and West 227th street, to which title would be lost in case the map is adopted.)

On motion of the Comptroller the matter was laid over for one week (May 22, 1913).

Laying Out an Extension of Highbridge Park to Include the Territory Bounded by Amsterdam Avenue, Fort George Avenue, St. Nicholas Avenue, Dyckman Street, the Present Westerly Boundary of Highbridge Park and Laurel Hill Terrace, Borough of Manhattan (Cal. No. 20).

The Secretary presented the following resolution of the Local Board of the Washington Heights District, Borough of Manhattan, and report of the Chief Engineer:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan, and,

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and of the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and,

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, By the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment an alteration of the map or plan of The City of New York, by laying out thereon for use as a public park all the lands lying between 188th street, Amsterdam, Fort George and St. Nicholas avenues and Dyckman street, as shown on the accompanying diagram; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 22d day of April, 1913, all the members present voting in favor thereof.

Attest: LOUIS GRAVES, Secretary.

Approved this 23d day of April, 1913.

GEORGE McANENY, President of the Borough of Manhattan.

Report No. 12547. May 10, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on April 22, 1913, recommending a change in the City plan by laying out an extension of Highbridge Park, to include the area bounded by Amsterdam avenue, Fort George avenue, St. Nicholas avenue, Dyckman street, the present westerly boundary of Highbridge Park, and Laurel Hill terrace.

The resolution is accompanied by a petition signed by three property owners, urging the inclusion of this territory within the park system, on the grounds that its present use for cheap amusement purposes is objectionable, and, if discontinued, would enhance property values in the immediate vicinity; that the land can now be bought at a very low price, and that the American Scenic and Historic Preservation Society is desirous of saving the picturesque ruins of Fort George from threatened destruction.

The plan relates to an area of about 27.5 acres, of which a parcel, having an area of about 0.2 acre, was acquired under a proceeding authorized in 1897 and confirmed in 1912, to be used for the construction of an outlet sewer, while another parcel, having an area of about 0.3 acre, was made the subject of an opening proceeding in 1910, in order to clear the way for the construction of a flight of steps leading from Dyckman street to Fort George avenue. The preliminary authorization of the latter improvement was given by the Board at its meeting of June 13, 1912, at which time information was presented to show that the physical work was estimated to cost about $25,000. The area comprises a steep hillside similar to that which is included in the Highbridge Park as heretofore laid out and acquired, and naturally forms a part of the area heretofore included in the park system, no provision having been made for a bounding street along the present boundary on the westerly side of the park north of Laurel Hill terrace. A considerable portion of the frontage is now devoted to amusement purposes of a character which is apparently prejudicial to a substantial development of the adjoining area on the west, where values have recently been materially increased as a result of the construction of the new subway station at West 191st street. The property affected is subdivided on the tax books into twenty-seven parcels, including the one owned by the City, these having an aggregate assessed valuation of $788,200, of which amount $45,500 is credited to buildings. No information is given by the petitioners which would serve to indicate the price for which this property could be obtained, but it is evident that if it was acquired under condemnation proceedings the awards would represent the maximum value and would be substantially higher than that represented by the assessed valuation. The argument offered by the petitioners for the acquisition of this property would justify a belief that they were prepared to assume a portion of the expense involved, inasmuch as the improvement would admittedly have the effect of increasing the value of their property.

In my judgment the project is one to be commended in case the property owners are prepared to assume the resulting burden, and in this case might properly be approved. If this action is taken by the Board, I believe that it would be desirable to ask the President of the Borough to suspend further operations in the matter of carrying out the proceeding for the construction of the stairway, inasmuch as this improvement would then fall under the jurisdiction of the Park Department, and should be made a charge against the corporate stock account rather than the Street Improvement Fund.

If the plan does not commend itself to the Board under the conditions noted, I believe that steps should at once be taken to provide for the laying out of a marginal street to separate the park lands from the adjoining area on the west. In case the centre line of such a street were to be so located as to approximately coincide with the present boundary line, the expense of improving it would be shared equally between the City and the adjoining property owners.

If the map is adopted, I would recommend that steps be at once taken toward the carrying out of an opening proceeding with provision for placing about 30 per cent of the cost upon all of the property within a distance of about 1,500 feet from the park boundary, and with the understanding that about 5 per cent. of the remaining expense will be placed upon the Borough of The Bronx and the balance upon the Borough of Manhattan, this apportionment being based on a belief that the property is one which will not lend itself to use as a local playground, but would rather serve to perpetuate a picturesque formation to the benefit of a large area from which it will be visible with special benefit to the Borough having jurisdiction over it and in which it is located. Respectfully, NELSON P. LEWIS, Chief Engineer.

Mr. Thomas C. Blake appeared and requested that the six blocks between West 182d street and West 188th street be included in the extension.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out as a public park the territory bounded by Laurel Hill terrace, Amsterdam avenue, Fort George avenue, St. Nicholas avenue, Dyckman street and the present westerly boundary line of High Bridge Park, in the Borough of Manhattan, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the Secretary of the Board of Estimate and Apportionment, and dated April 19, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Widening Fulton Street, from the Flatbush Avenue Extension to Ashland Place, and Ashland Place, from Fulton Street to a Point About 91 Feet North of Lafayette Avenue, Borough of Brooklyn (Cal. No. 21).

(At the meeting of the Board on May 1, 1913, this matter was laid over for two weeks.)

On motion of the President of the Borough of Brooklyn the matter was laid over for four weeks (June 12, 1913).

Laying Out a Public Park to Comprise the Block Bounded by Eastern Parkway Extension, Stone Avenue and Dean Street, Borough of Brooklyn (Cal. No. 22).

The Secretary presented the following resolution of the Local Board of the New Lots District, Borough of Brooklyn, and report of the Chief Engineer:

In the Local Board of the New Lots District.

Whereas, A petition for a local improvement, to wit: To lay out a public park and to acquire title to the triangular block of land bounded by Eastern parkway, Stone avenue and Dean street, has been received by the President of the Borough of Brooklyn, and,

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board; and,

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

Resolved, That the Local Board of the New Lots District, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out as a public park the triangular block of land bounded by Eastern parkway, Stone avenue and Dean street; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the New Lots District on the 10th day of July, 1912, Commissioner Pounds and Aldermen Grimm and Martyn voting in favor thereof.

Report No. 11757. May 12, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on July 10, 1912, recommending a change in the City plan by laying out a public park to comprise the block bounded by Eastern parkway, Stone avenue and Dean street.

This triangular block has an area of about 0.13 acre, with a frontage of approximately 153 feet on Eastern parkway, 116 feet on Stone avenue, and 100 feet on Dean street. The property was occupied by a building which has recently been destroyed by fire. The land is valued by the Department of Taxes and Assessments at $5,000.

In my judgment the plot is smaller than desirable for either a park or playground, while at the same time it is large enough to admit of private development.

In order to ascertain the views of the property owners in the matter I would recommend that a public hearing be given and that the project be not approved unless it is clearly established that opening proceedings will be at once instituted and that the expense involved will be assumed entirely by the property owners of the locality immediately adjoining. Respectfully. NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York by laying out as a public park the territory bounded by Eastern parkway extension, Stone avenue and Dean street, in the Borough of Brooklyn, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated July 23, 1912.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Changing the Lines of Newkirk Avenue, Between Ocean Parkway and First Street, Borough of Brooklyn (Cal. No. 23).

The Secretary presented the following resolution of the Local Board of the Flatbush District, Borough of Brooklyn, and report of the Chief Engineer:

In the Local Board of the Flatbush District.

Whereas, A petition for a local improvement, to wit: To reduce the width of Newkirk avenue, between Ocean parkway and 1st street, from 60 feet to 50 feet to agree with the street as in use at present, has been received by he President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board; and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now therefore it is

Resolved, That the Local Board of the Flatbush District hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of the City of New York by narrowing Newkirk avenue, between Ocean parkway and 1st street, from 60 feet to 50 feet, so as to agree with the old road as here in use.

Adopted by the Local Board of the Flatbush District December 19, 1912, Commissioner Pounds and Aldermen Bosse and Morrison voting in favor thereof.

Report No. 12268 May 12, 1913

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 19, 1912, recommending a modification in the lines of Newkirk avenue in the block between Ocean parkway and 1st street, by here decreasing the street width from 60 feet to 50 feet.

Newkirk avenue through this block was originally known as Lawrence avenue, which was laid out with a width of 50 feet. In 1905 a plan was adopted for increasing the width of Newkirk avenue in the section west of East 17th street, from 50 feet to 60 feet, and for extending it through the two blocks between Coney Island avenue and Ocean parkway, here including old Lawrence street in the westerly block, thereby affording a desirable outlet for the street. A proceeding for acquiring title to the widened street was authorized on October 22, 1909, and the rule and damage maps were approved by the Board on October 3, 1912; no information has yet been received from the Corporation Counsel relative to the appointment of Commissioners of Estimate and Assessment.

On July 29, 1910, a grading improvement was authorized in the block between Ocean parkway and 1st street at the request of the Borough President, who presented an opinion from the Corporation Counsel to the effect that the street was owned by the City to a width of 50 feet, and that it would be proper to carry out the work then under consideration. A recent inspection shows that the grading was limited to a width of 50 feet, while the rule and damage maps show that with one exception, all of the buildings erected upon the abutting property are set well back from the new lines. Information is also presented to the effect that restrictions were

placed upon all of the streets in this locality prohibiting the erection of buildings within a space of 10 feet on each side of the street, but that this prohibition has not been fully respected, as appears to be evident in the case of the building already referred to on Newkirk avenue.

The Local Board resolution is accompanied by a petition for the change, with the further request that as soon as it has been approved, steps will be taken to correspondingly amend the opening proceeding.

In my judgment, the carrying out of the proceeding as heretofore proposed, should not involve a serious burden to the abutting owners, while on the other hand, the case is clearly one falling within the scope of the resolution recently adopted by the Board under which a policy was declared of fixing a minimum width of 60 feet for all streets having a length of over 1,500 feet, unless conditions were such as to involve an unwarranted expense if such width were insisted upon.

I would recommend that the resolution be disapproved. Respectfully

NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Borough of Brooklyn the matter was laid over.

Proposed Boardwalk at Coney Island, Borough of Brooklyn (Cal. No. 24).

The Secretary presented the following communication from the Secretary of the Public Recreation Commission which was ordered printed in the minutes and filed:

The Public Recreation Commission, City of New York, 51 Chambers Street, May 5, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York:

Dear Sir—At a regular meeting of the Public Recreation Commission held on April 24, 1913, the following resolutions were adopted:

Resolved, That the Recreation Commission put itself on record as being in favor of any act on the part of the City which would give to the general public the right of use at all time of the entire beach front on the ocean at Coney Island.

Resolved, That the Secretary be instructed to transmit to the Secretary of the Board of Estimate and Apportionment a copy of the above resolution.

Yours very truly, BASCOM JOHNSON, Secretary.

(This subject is covered in the matter of the proposed board walk at Coney Island, which is in the hands of a committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn.)

Changing the Grade of Liebig Avenue, Between Mosholu Avenue and West 259th Street, Borough of The Bronx (Cal. No. 25).

The Secretary presented the following communication from the Commissioner of Public Works of the Borough of The Bronx, and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, Office of the Commissioner of Public Works, August 29, 1912.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—I forward herewith for consideration and adoption by your Board "Map showing a change of grade in Liebig avenue, between Mosholu avenue and West 259th street, dated August 28, 1912." This proposed change saves considerable excavation and increases the fill only slightly.

A proceeding to acquire title to Liebig avenue, from Mosholu avenue to the City line is pending and the maps have been forwarded, and if this proposed change is adopted the profile will be affected. Respectfully,

THOMAS W. WHITTLE, Commissioner of Public Works.

Report No. 12529. May 3, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of August 29, 1912, requesting the approval of a map showing a change in the grade of Liebig avenue between Mosholu avenue and West 259th street.

This change provides for the insertion of a summit about in the middle of the block, here raising the elevation about 5 feet and making the legal grade conform much more closely with the topography than did the grade heretofore adopted. The street is not in use, but preliminary authorization for a grading improvement was given on March 6th last.

I see no reason why the map should not be adopted, and would recommend such action after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York by changing the grade of Liebig avenue, between Mosholu avenue and West 259th street, in the Borough of The Bronx, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated August 28, 1912.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Changing the Lines and Grade of Sacket Avenue, from Haight Avenue to Williamsbridge Road, together with a Change in the Grade of Williamsbridge Road, from Pierce Avenue to Eastchester Road, with a Corresponding Change in the Grade of the Intersecting Streets, and in the Grade of Munroe Avenue, from Pierce Avenue to Sacket Avenue, Borough of The Bronx (Cal. No. 26).

The Secretary presented the following communication from the President of the Borough of The Bronx, and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, Office of the President, March 17, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—Herewith is forwarded for consideration and adoption by the Board of Estimate and Apportionment a "Map showing a change of lines and grades of Sacket avenue, from Haight avenue to Williamsbridge road; a change of grades in Munroe avenue, from Pierce avenue to Eastchester road, and the adjustment of grades of the intersecting avenues and streets affected thereby, dated March 12, 1913. Amendment to Section 46."

This map, in addition to changing the lines of Sacket avenue, adjusts the grades of Williamsbridge road as the bridge over the New York, New Haven and Hartford Railroad is not constructed in accordance with the filed grades. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

Report No. 12525. May 2, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the President of the Borough of The Bronx, bearing date of March 17, 1913, requesting the approval of a map showing a change in the line and grade of Sacket avenue from Haight avenue to Williamsbridge road, together with a change in the grade of the following streets:

Munroe avenue from Sacket avenue to Pierce avenue: Williamsbridge road from Eastchester road to Pierce avenue; Poplar street from Roselle street to Williamsbridge road; Poplar street from Williamsbridge road to a point about 30 feet easterly therefrom; Sacket avenue from Williamsbridge road to Yates avenue.

The change in the position of Sacket avenue is intended to make the southerly line of this street coincide with the northerly right-of-way line of the New York, New Haven and Hartford Railroad, the lines now being separated at this point by a maximum of about 75 feet. The change will involve an abrupt offset in the line of Sacket avenue, but will result in the inclusion within the street system of an area not susceptible of substantial improvement.

The changes proposed in the grade of Williamsbridge road and the intersecting streets are desired partly for the purpose of making them conform with the elevation to which the bridge over the New York, New Haven and Hartford Railroad has been built, and partly for the purpose of interpreting the elevation of the platform at the various streets intersected.

The Munroe avenue change consists of the insertion of a summit about in the middle of the block. No information is presented as to the occasion for this change which is assumed, however, to be desired in order to secure closer conformity with the topography.

I see no reason why the map should not be adopted and would recommend such action after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of the City of New York by changing the lines and grades of Sacket avenue, between Haight avenue and Williamsbridge road; changing the grades of Munroe avenue, between Sacket avenue and Pierce avenue; of Williamsbridge road, between Eastchester road and Pierce avenue; of Poplar street, between Roselle street and Williamsbridge road; of Poplar street, between Williamsbridge road and a point about 30 feet to the east of Williamsbridge road; and of Sacket avenue, between Williamsbridge road and Yates avenue, in the Borough of The Bronx, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated March 12, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Laying Out a Public Park at the Junction of Garden Street, Grote Street and Crotona Avenue, Borough of The Bronx (Cal. No. 27).

The Secretary presented the following communication from the Commissioner of Public Works of the Borough of The Bronx and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, Office of the Commissioner of Public Works, July 27, 1912.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—I transmit herewith for consideration and adoption by your Board a map entitled "Map Showing the Laying Out of a Public Park or Place at the Intersection of Garden Street, Grote Street and Crotona Avenue (Amendment of Section 13), Dated July 25, 1912."

This map was prepared with a view to requesting, after the adoption of same by your Board, that the jurisdiction of this public park or place be transferred to the Department of Parks. Respectfully,

THOMAS W. WHITTLE, Commissioner of Public Works.

Report No. 12413. April 19, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of July 27, 1912, requesting the approval of a map showing a public park at the junction of Garden street, Grote street and Crotona avenue.

This park comprises a triangle having an area of 0.13 acre, at the junction of the three streets described. The property was originally acquired for highway purposes and was curbed off when the streets were improved with the evident intention of excluding it from the paved area. An effort appears to have been made to plant shrubbery on the property, but owing to it being outside of the jurisdiction of the Park Department, no provision seems to have been made for its maintenance.

The plan as prepared provides for retaining a roadway width for the bounding streets coinciding with that fixed through adjoining portions of their length, and for placing the sidewalk space within the park limits. The Commissioner advises that as soon as the plan has been adopted by the Board steps will be taken to secure a transfer of jurisdiction to the Commissioner of Parks.

In my judgment the plan is a proper one, and its approval is recommended after a public hearing. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out as a public park the territory bounded by Garden street, Grote street and Crotona avenue, in the Borough of The Bronx, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated July 25, 1912.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Changing the Grade of the Street System Within the Territory Bounded by West Farms Road, Williamsbridge Road, Halperin Avenue, Waters Avenue and Westchester Avenue, Borough of The Bronx (Cal. No. 28).

The Secretary presented the following communication from the Assistant Commissioner of Public Works of the Borough of The Bronx and report of the Chief Engineer:

The City of New York, President of the Borough of The Bronx, Office of the Commissioner of Public Works, August 15, 1912.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—I forward herewith for consideration and adoption by your Board a map entitled "Map Showing the change of Grades in the Territory Bounded by Halperin Avenue, Waters Avenue, Westchester Avenue, West Farms Road and Williamsbridge Road (Amendment to Sections 46 and 51), Dated August 14, 1912."

This change of grade was recommended by our Engineer of Sewers, and this map was prepared since there does not seem to be any vital objection.

Respectfully,

ERNEST W. BRADBURY, Assistant Commissioner of Public Works.

Report No. 12528. May 3, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Assistant Commissioner of Public Works, Borough of The Bronx, bearing date of August 15, 1912, requesting the approval of a plan showing changes proposed in the grades of the street system within the territory bounded by West Farms road, Williamsbridge road, Halperin avenue, Waters avenue and Westchester avenue.

These changes more particularly relate to Blondell avenue, between Halperin avenue and Westchester avenue, the elevation of which is to be raised a maximum of

1.5 feet. The Board is informed that this change is desired in order to permit of the construction of sewers, and it is assumed that the object specifically sought is to increase the covering over the sewers which, under the plan as heretofore adopted, will be very scant. A narrow roadway is in use along the line of most of the streets affected, and, more particularly in the case of Blondell avenue, is many feet below the present legal grade. A few buildings have been erected upon the abutting property, some of which conform with the existing conditions, while others appear to be adapted to the grade now planned and will probably not sustain damage in case it is legalized.

I believe that the map may properly be adopted, and would recommend such action after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Changing the Lines of Jay Avenue, Between Willow Avenue and Burrough Avenue, Borough of Queens (Cal. No. 29).

The Secretary presented the following communication from the Secretary to the President of the Borough of Queens and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 1, 1913.

JOSEPH HAAG, Esq., *Secretary of the Board of Estimate and Apportionment:*

Dear Sir—I send you herewith for the approval of the Board of Estimate and Apportionment "Map Showing a Change in the Street System Heretofore Laid Out Within the Territory Bounded by Willow Avenue, Borden Avenue, Hyatt Avenue, Whitney Street, Burrough Avenue and Jay Avenue, in the Second Ward, Dated New York March 20, 1913."

This map was prepared in order to agree with the lines of old Jay avenue, which is laid down on property maps to a width of 60 feet, with the exception of a small portion at each end. Yours respectfully,

HUGH HALL, Secretary to the President.

Report No. 12527. May 3, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of April 1, 1913, requesting the approval of a map showing a change in the lines of Jay avenue between Willow avenue and Burrough avenue.

As heretofore laid out, Jay avenue between the limits named, these comprising a length of about 1,000 feet, has been given a width of 50 feet. Under the change now proposed provision is made for increasing the width to 60 feet between Willow avenue and a point about 100 feet west of Burrough avenue, from which point it is to be contracted to 50 feet, as heretofore laid out at Burrough avenue. The object sought under the change is to make the lines through nearly all of the length affected conform with those of an old street which have been used as the basis for conveying property. The contraction at Burrough avenue appears to be planned partly for the purpose of avoiding damage to a building and partly to make the width here coincide with that fixed in the adjoining section on the east.

The map, in my judgment, is a proper one, and its approval is recommended after a public hearing. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of Jay avenue, between Willow avenue and Burrough avenue, in the 2d Ward, Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated March 20, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Changing the Grade of Bayreuth Street, from Percy Street to Ziegler Avenue, and of Botanic Street, from Jackson Avenue to Amity Street, Borough of Queens (Cal. No. 30).

The Secretary presented the following communication from the Secretary of the Borough of Queens and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Queens, Long Island City, January 30, 1913.

JOSEPH HAAG, Esq., *Secretary of the Board of Estimate and Apportionment:*

Dear Sir—President Connolly directs me to transmit herewith for the approval of the Board of Estimate and Apportionment "Map Altering the Grades of Bayreuth Street (Beech Street), from Percy Street to Ziegler Avenue, and Botanic Street (Botanic Place), from Jackson Avenue to Amity Street, in the Third Ward. Dated New York, January 11, 1913."

In connection with this map the Engineer in Charge of the Topographical Bureau states:

"The purpose of the change of grade on Bayreuth street is to agree with existing conditions, and is pursuant to an order of the President of the Borough, dated October 10, 1912. The purpose of the Botanic street grade change is to agree with existing conditions, and is pursuant to an order of the President of the Borough under date of December 2, 1912."

Yours respectfully,

JOSEPH FLANAGAN, Secretary of the Borough of Queens.

Report No. 12526. May 2, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary of the Borough of Queens, bearing date of January 30, 1913, requesting the approval of a map showing a change in the grade of the following streets:

Bayreuth street from Percy street to Ziegler avenue; Botanic street from Jackson avenue to Amity street.

As heretofore laid out, a uniform grade was fixed for the block of each street which is affected by the change now proposed. I am informed that at a date subsequent to that on which the streets were laid out upon the City map some of the owners of property fronting on Bayreuth street constructed a sidewalk through a portion of the street length at an elevation conforming with that shown on the City map. A further study of the topography made it evident that by depressing the elevation of this street at a point about midway in the block it would be practicable to make the grade conform more advantageously with existing conditions. In anticipation of the legalization of these changes, other property owners on Bayreuth street have recently constructed sidewalks to comply therewith. It would therefore appear that no matter what grade is adopted for Bayreuth street, some of the sidewalk will have to be replaced.

Under ordinary conditions it would seem reasonable to relieve property owners who have recognized the grades fixed on the City plan from the burdens occasioned as a result of failure on the part of other owners to show a similar respect, but in this instance I am informed that the retention of the grade as heretofore fixed will prove a serious hardship to a substantial portion of the frontage and that the changes proposed are deemed to conform as closely as practicable with existing conditions, which contention appears to be substantiated by the profiles which have been prepared by the Topographical Bureau.

The Botanic street change consists of the depression of the street grade at a point 100 feet north of Amity street, thereby making the legal grade more closely harmonize with existing conditions than did the grade heretofore adopted.

I believe that the map may properly be approved and would recommend such action after a public hearing. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the grade of Bayreuth street between Percy street and Ziegler avenue, and of Botanic street between Jackson avenue and Amity street in the 3d Ward, Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated January 11, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Changing the Grade of the Street System Within the Territory Bounded by Burnside Avenue, 50th Street, Astoria Avenue, 51st Street, French Place, Lent Street, Polk Avenue, 51st Street, Darvall Street, Brady Street, Polk Avenue, 46th Street, Fillmore Avenue, 48th Street, Hayes Avenue, 47th Street, Jackson Avenue and 48th Street, Borough of Queens (Cal. No. 31).

The Secretary presented the following communication from the Secretary to the President of the Borough of Queens, and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 16, 1913.

JOSEPH HAAG, Esq., *Secretary of the Board of Estimate and Apportionment:*

Dear Sir—President Connolly directs me to transmit herewith for the approval of the Board of Estimate and Apportionment "Map showing a change in street grades heretofore established in the territory bounded by Astoria avenue, 51st street, Darvall street, Brady street, Polk avenue, Alburtis avenue, Fillmore avenue, 48th street, Hayes avenue, 47th street, Jackson avenue, 48th street, Burnside avenue and 50th street in the 2d Ward. Dated New York, April 1, 1913."

The Engineer in charge of the Topographical Bureau, this department, states: "The purpose of this map is to more clearly meet existing conditions on Polk avenue, Hayes and Jackson avenues; the latter avenue is now being regulated and graded. Upon 49th, 50th and 51st streets a considerable amount of grading can be saved by the grades proposed on this map." Yours respectfully,

HUGH HALL, Secretary to the President.

Report No. 12546. May 10, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of April 16, 1913, requesting the approval of a map showing a change in the grade of the street system within the territory bounded by Burnside avenue, 50th street, Astoria avenue, 51st street, French place, Lent street, Polk avenue, 51st street, Darvall street, Brady street, Polk avenue, 46th street, Fillmore avenue, 48th street, Hayes avenue, 47th street, Jackson avenue and 48th street.

The Board is informed that the object of these changes is to make the established grade more closely conform with existing conditions on Polk avenue, Hayes avenue and Jackson avenue, and to avoid a large amount of excavation on 49th, 50th and 51st streets which would otherwise be required. The roadway of Jackson avenue has recently been paved, while at the same time a grading improvement is being carried out pursuant to an authorization given by the Board in September last. It now appears that in making these improvements it has been found desirable to depart from the established grade a maximum of about 4 feet, the elevation in each case being lowered, as required, to conform with the existing conditions. Polk avenue has already been paved at an elevation differing from that laid out upon the map a maximum of 1.9 feet, while Hayes avenue has been approximately graded along lines differing from those laid out on the City map by a little over 2 feet. In each of these cases it is now planned to recognize existing conditions.

The plan also shows a corresponding modification in the grades of the intersecting streets to conform with those fixed at Jackson avenue, Hayes avenue and Polk avenue, and also provides for the insertion of summits in the block of 49th street and of 51st street, between Burnside avenue and Jackson avenue, and in the two blocks of 50th street, between Burnside avenue and Hayes avenue, with the effect of here substantially raising the grade to conform with the topography as well as the lines to which these streets have in part been graded, and at the same time decreasing the damage which would otherwise result to the buildings which have been erected.

In my judgment the plan is a proper one, and its approval is recommended after a public hearing. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by changing the grades of the street system bounded by Burnside avenue, 50th street, Astoria avenue, 51st street, French place, Lent street, Polk avenue, 51st street, Darvall street, Brady street, Polk avenue, 46th street, Fillmore avenue, 48th street, Hayes avenue, 47th street, Jackson avenue and 48th street in the 2d Ward, Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated April 1, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Laying Out Elderts Lane, from Egan Avenue to a Point About 200 Feet North of Egan Avenue; Egan Avenue, from Elderts Lane to Forbell Avenue, and Forbell Avenue, from Egan Avenue to Flynn Avenue, Borough of Queens (Cal. No. 32).

(At the meeting of the Board on May 1, 1913, this matter was laid over for two weeks.)

The President of the Borough of Queens offered the following resolution:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out the lines and grades of Elderts lane from the south line of Egan avenue to a point 200 feet north of the north line of Egan avenue; of Egan avenue from the west line of Elderts lane to Forbell avenue; and of Forbell avenue from Egan avenue to the south line of Flynn avenue, in the 4th Ward, Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated January 15, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Laying Out Garfield Avenue, Between Rosebank (Tompkins) Avenue and Bath Avenue (McFarland Place), Borough of Richmond (Cal. No. 33).

The Secretary presented the following communication from the President of the Borough of Richmond, and report of the Chief Engineer:

Borough Hall, New Brighton, New York City, April 28, 1913.

Board of Estimate and Apportionment,

Mr. JOSEPH HAAG, *Secretary*, No. 277 Broadway, New York:

Gentlemen—On April 3, 1913, the Board referred back to the President of the Borough of Richmond the map submitted for adoption, showing Garfield avenue, 4th Ward, Borough of Richmond.

This street has been under consideration for many months past and has once before been referred back for further consideration. The greater portion of the street has been opened and in public use for upwards of twenty years. It is located on practically a side hill in such position that it would be almost impossible to make of it a main thoroughfare. Its present use as a highway is almost negligible, but the property owners desire and must have sewerage relief. The property owner at the eastern end of the street is willing to dedicate to public use a strip fifty (50) feet in width, which will furnish, free of cost, a right of way through which a sewer can be constructed when authorized. In all probability it will be years before any further physical improvement of said street is required. The lay of the land is such and the cutting up into lots so firmly fixed that the property owner in question will not give a sixty (60) foot strip; in fact, the delays have been so great in this matter that we are not fully assured that the owner will still hold the offer open.

The Board has laid down a very reasonable general principle that for new layouts of streets in excess of fifteen hundred (1,500) feet in length, the width shall be not less than sixty (60) feet. The Chief Engineer of the Board argues that because in the present instance there would be little damage done to existing buildings by a widening to sixty (60) feet, therefore, the Board's policy should be upheld, apparently without regard to the wishes of the property owners, who have all of the bills to pay.

It is of almost universal experience throughout the City that properties taken by condemnation cost the property owners many times the real value of the lands taken. In some cases, there is no other course open than through condemnation. In the Garfield avenue case we consider, however, that it would be a gross wrong perpetrated upon the property owners at interest to force a widening of their street from fifty (50) to sixty (60) feet at the cost of proceedings, when they can have everything needed for comfort, convenience and access from a fifty (50) foot street, and can secure the necessary sewer without costs other than for its construction.

We should also remind the Board that but a few years ago the only reasons given for asking that streets be made sixty (60) feet in width as against fifty (50) feet for other than main thoroughfares, was because encroachments were permitted of five feet on each side of the street, thus making them only available for fifty (50) feet, which at that time was considered sufficient. Encroachments were at that time known to be illegal but were tolerated. To-day they are not permitted; consequently a fifty (50) foot street of to-day is just as available as a sixty (60) foot street of a few years ago, and a sixty (60) foot street of to-day has the same standing as a seventy (70) foot street of a few years ago.

It is all well to have a general policy, but a policy that must be carried out with reason. It is just as much the duty of the Board and its advisers to consider the financial interests of the property owners affected by each individual improvement as it is to consider the general appearance of a city map and the living up to a policy which can be changed by majority vote at any meeting of the present or any future Board.

I ask that the Garfield avenue plan be adopted as returned herewith with the minor amendments as suggested by the Chief Engineer of the Board.

Very truly yours, GEORGE CROMWELL, President of the Borough

Report No. 12531. May 6, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on October 17, 1912, a map showing the proposed lines and grades for Garfield avenue, between Rosebank (Tompkins) avenue and Bath (McFarland place) avenue, in the Borough of Richmond, was referred back to the Borough President with the recommendation that it be amended in such a way as to increase the street width from 50 feet to 60 feet, as contemplated on the tentative maps previously adopted, and by including within the street lines at the Rosebank avenue intersection a large open space which the tentative plans indicated was to be absorbed within the street system. The plan was again presented at the meeting of April 3, 1913, with provision for retaining the width of 50 feet, as originally proposed. At this time it was pointed out that the street had a length of about 1,800 feet and that under the provisions of the resolution adopted by the Board on February 6, 1913, a width of at least 60 feet would be required unless evidences could be presented of such a character as to establish damage to buildings greater than would be warranted by the improvement. Information was also presented at the same time to show that the widening of this street to 60 feet would involve slight damage to two buildings having an aggregate assessed valuation of $3,000. In order to secure conformity with this policy the plan was again returned to the Borough President and his attention was also called to the desirability of deferring a determination of the street grade at the Rosebank avenue intersection until such time as provision could be made for the separation of the grade of the latter street from that of the Staten Island Rapid Transit Railroad immediately adjoining its intersection with Garfield avenue.

In the accompanying communication from the Borough President, bearing date of April 28, 1913, the Board is informed that the greater portion of the street has been in public use for upwards of twenty years, that it is located on a steep hillside, that sewer construction is now desired, that the owner of the property at the easterly end of the street is prepared to cede the land within the street lines to the City to a width of 50 feet, and that it will be many years before further physical improvements are required.

The Borough President also calls attention to the hardship resulting from the carrying out of opening proceedings by reason of the exorbitant awards and while he states that, in his judgment, the resolution of February 6, 1913, relative to street widths involves a reasonable principle, he believes that it would result in the perpetration of a gross wrong to force the property owners along the line of Garfield avenue to give up the additional 10 feet required under this resolution for highway purposes. He also takes the position that by reason of the withdrawal of courtyard privileges and identical roadway widths having been fixed for streets 50 feet and 60 feet wide, the necessity for the greater street width is not now as great as would have been the case a few years ago.

The opinion is also expressed by the Borough President that the interests of the property owners affected by an improvement should be considered by the Board, and he requests the approval of the plan now submitted, this being identical with the one presented at the meeting of April 3 with the exception of the modification of the grade at Rosebank avenue, which has now been made to conform with the suggestions offered at that time.

In accordance with the request of the Acting Commissioner of Public Works, the Borough President's communication is appended to this report. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out the lines and grade of Garfield avenue, from Bath avenue (McFarland place) to Rosebank avenue (Tompkins avenue), in the 4th Ward, Borough of Richmond, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated April 28, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 12th day of June, 1913, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and placed, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Discontinuance of the Proceeding for Acquiring Title to West 168th Street, from Amsterdam Avenue to Jumel Place, Borough of Manhattan (Cal. No. 34).

(At the meeting of the Board on January 23, 1913, this matter was laid over for two weeks, on February 6 for two weeks, on February 20 for two weeks and on March 6 for three weeks.)

(On March 27, 1913, it was referred to a committee consisting of the President of the Board of Aldermen, the President of the Borough of The Bronx and the President of the Borough of Manhattan for report in one week. On April 3 it was laid over for three weeks, on April 24 for one week, on May 1 for one week and on May 8 for one week.)

On motion of the President of the Borough of Manhattan the matter was laid over for two weeks (May 29, 1913).

Recommendation for the Purchase of Inwood Hill as a Public Park, Borough of Manhattan (Cal. No. 35).

The Secretary presented the following:

The Members of the Board of Estimate, City of New York:

Gentlemen—As a resident and taxpayer in The City of New York, I desire to call your attention to the advantage of acquiring land for a public park in the Inwood section of this City. The part of the City, as I understand, is at present but poorly supplied with parks. There is a large piece of land facing the canal, which has great natural beauties, and which, if purchased, could be readily adapted at small immediate expense for the use of the public. In fact, this piece of land might be left in its present wild condition for years, a source of enjoyment to the people. Being uneven and hilly, this piece of land is readily adapted for use as a park, and, correspondingly, it is unfitted for purposes of residence, and therefore it should be practicable to secure it for a low price at moderate expense to the City.

Trusting that this matter may receive favorable consideration at your hands, I remain, Sincerely, HENRY A. DOWS.

25 Fort Washington avenue, New York City, May 8, 1913.

On motion of the President of the Borough of Manhattan the matter was referred to the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

Acquiring Title to Ashford Street, from New Lots Avenue to Vandalia Avenue, Borough of Brooklyn (Cal. No. 36).

(At the close of the public hearing on May 1, 1913, this matter was laid over for two weeks.)

On motion of the President of the Borough of Brooklyn the matter was referred to the Chief Engineer of the Board for report on a suggested amendment of the proposed proceeding, so as to make it relate only to the section of Ashford street, between New Lots avenue and Wortman avenue.

Acquiring Title to West Street, from Eagle Street to Dupont Street, and to Commercial Street, from Dupont Street to Franklin Street, Borough of Brooklyn (Cal. No. 37).

(At the close of the public hearing on May 1, 1913, this matter was laid over for two weeks.)

On motion of the President of the Borough of Brooklyn the matter was referred back to him for further consideration.

Acquiring Title to Belmont Avenue, from Powell Street to Junius Street, and from Alabama Avenue to Pennsylvania Avenue, Borough of Brooklyn (Cal. No. 38).

The Secretary presented the following resolution of the Local Board of the New Lots District, Borough of Brooklyn, and report of the Chief Engineer:

In the Local Board of the New Lots District:

Whereas, A petition for a local improvement, to wit: To amend proceedings to open Belmont avenue, from Pennsylvania avenue to Wyona street, and from Elderts lane to the Old City line, by including therein that portion of Belmont avenue between Powell and Junius streets, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board; and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

Resolved, That the Local Board of the New Lots District hereby amends proceedings to open Belmont avenue, from Pennsylvania avenue to Wyona street, and from Elderts lane to the Old City line, by including therein that portion of Belmont avenue between Powell and Junius streets, and between Alabama avenue and Pennsylvania avenue, so as to make the amended resolution read as follows:

"To open Belmont avenue, from Powell street to Junius street; from Alabama avenue to Wyona street, and from Elderts lane to the Old City line."

Adopted by the Local Board of the New Lots District on the 16th day of April, 1913, Commissioner Pounds and Aldermen Eichhorn and Grimm voting in favor thereof.

Attest: REUBEN L. HASKELL, Secretary.

Approved on April 21, 1913.

L. H. POUNDS, Acting President, Borough of Brooklyn.

Report No. 12492. May 7, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on December 14, 1911, a proceeding was instituted for acquiring title to Belmont avenue, from Pennsylvania avenue to Wyona street, and from Elderts lane to the old city line, Borough of Brooklyn, and the Commissioners of Estimate and Assessment filed their oaths on February 3, 1913.

When the proceeding was instituted the Board was advised that through the entire remaining length of the street either an easement title for street purposes had been acquired or that the Corporation Counsel had advised that the street was dedicated to public use.

On January 23 last final authorization was granted for grading, curbing and flagging Belmont avenue, from Van Sinderen avenue to Snediker avenue, and from Alabama avenue to Pennsylvania avenue, such action being based upon the alleged dedication of the street. It was later ascertained that a building encroached about 10 feet on the southerly side in the block between Sheffield avenue and Pennsylvania

avenue, and the advice of the Corporation Counsel was sought as to the procedure to be followed to secure the removal of this building so that the grading improvement could be carried out.

In response to this request the Corporation Counsel has informed the Acting Borough President that his original opinion as to dedication was predicated upon information describing the street as 60 feet wide and as in use to such a width. He states that the obstructions are structures legally erected along the line of a 50-foot street and that it will not be possible to here improve Belmont avenue to its present legal width unless the City first acquires a strip 10 feet wide, located on the southerly side.

In accordance with this recommendation the Local Board of the New Lots District, on April 16, 1913, adopted a resolution, which is herewith transmitted, recommending that the opening proceeding as heretofore authorized be amended by the inclusion of that portion of Belmont avenue, extending from Powell street to Junius street, and from Alabama avenue to Pennsylvania avenue, these sections including all of the remaining street length in which the City's title has not been clearly established.

From advice received from the Corporation Counsel in similar cases it appears that the proceeding authorized on December 14, 1911, has advanced too far to permit of the amendment proposed by the Local Board, but the same result can be accomplished if the Court appoints the same Commission to act in a new proceeding.

Such a proceeding would relate to a total of four blocks having an aggregate length of about 1,000 feet. The street has been laid out to have a width of 60 feet, but is here in use only for a portion of its width. A number of buildings have been erected upon the abutting property, one of which, as above noted, encroaches upon the land to be acquired.

With the suggestion that the Corporation Counsel be asked to draw the attention of the Court to the desirability of designating the Commissioners heretofore appointed for the adjoining section to serve in this case, I would recommend the adoption of a resolution for acquiring title to Belmont avenue, from Powell street to Junius street, and from Alabama avenue to Pennsylvania avenue.

I would also recommend that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out, to comprise the following areas:

1. Bounded on the north by a line midway between Pitkin avenue and Belmont avenue; on the east by a line midway between Junius street and Van Sinderen avenue; on the south by a line midway between Belmont avenue and Sutter avenue; and on the west by a line midway between Sackman street and Powell street.

2. Bounded on the north by a line midway between Pitkin avenue and Belmont avenue; on the east by a line midway between Pennsylvania avenue and New Jersey avenue; on the south by a line midway between Belmont avenue and Sutter avenue; and on the west by a line midway between Williams street and Alabama avenue.

It is understood that the grading of Belmont avenue, from Van Sinderen avenue to Snediker avenue, and from Alabama avenue to Pennsylvania avenue, has not as yet been placed under contract, and that such action will be deferred until the opening proceeding now being considered has advanced sufficiently to permit of vesting title to the land in the City. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Belmont avenue, from Powell street to Junius street, and from Alabama avenue to Pennsylvania avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following are proposed areas of assessment for benefit in this proceeding:

1. Bounded on the north by a line midway between Pitkin avenue and Belmont avenue; on the east by a line midway between Junius street and Van Sinderen avenue; on the south by a line midway between Belmont avenue and Sutter avenue; and on the west by a line midway between Sackman street and Powell street.

2. Bounded on the north by a line midway between Pitkin avenue and Belmont avenue; on the east by a line midway between Pennsylvania avenue and New Jersey avenue; on the south by a line midway between Belmont avenue and Sutter avenue; and on the west by a line midway between Williams street and Alabama avenue.

Resolved, That this Board consider the proposed areas of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 12th day of June, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Acquiring Title to Huntington Street, from Smith Street to the Bulkhead Line of Gowanus Canal, Borough of Brooklyn (Cal. No. 39).

The Secretary presented the following communication from the President of the Borough of Brooklyn:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, May 5, 1913.

The Honorable the Board of Estimate and Apportionment:

Gentlemen—At the meeting of the Board of Estimate and Apportionment of May 1 there was referred to me the matter of the opening of Huntington street, from Smith street to the Gowanus Canal. The report of the Engineer was, in short, that there was no petition for the street and that there seemed to be no necessity for its opening, and, therefore, it was recommended that the resolution of the Local Board be not approved and that proceedings be taken to strike the street from the map.

I have had this matter investigated, and find that although there was no petition for the opening of the street, there was a petition for regulating, grading and paving the same, and this was taken as a petition for the opening. At the present time all of the property on the street is in the hands of three owners, nine-tenths of it being controlled by two parties. Both of these parties are opposed to any action being taken regarding the improvement of the street. The third is a small owner, and he has not been seen, but as his property fronts on Smith street he cannot be vitally interested in the improvement.

I would recommend, therefore, that the resolution of the Local Board be denied, but do not see at the present time why the street should be taken from the map. I would, therefore, in this particular recommend no action. Yours very truly,

ALFRED E. STEERS, President of the Borough.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby disapproves the resolution adopted on July 25, 1912, by the Local Board of the Bay Ridge District, Borough of Brooklyn, initiating proceedings to open Huntington street, from Smith street to the bulkhead of Gowanus Canal.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Amending the Proceeding for Acquiring Title to Troy Avenue, from Canarsie Lane to a Line About 275 Feet North of Avenue M, and from a Line About 240 Feet South of Avenue M to Flatbush Avenue, and to East 43d Street, from Flatbush Avenue to Flatlands Avenue, so as to Relate to Troy Avenue, Between the Limits Named, but to East 43d Street, from Flatlands Avenue to Avenue M, and by Including in the Proceeding Baughman Place, from Flatbush Avenue to Troy Avenue, Borough of Brooklyn (Cal. No. 40).

The Secretary presented the following report of the Chief Engineer:

Report No. 12512. May 6, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on February 8, 1912, a proceeding was instituted for acquiring title to the following streets in the Borough of Brooklyn: Troy avenue, from Canarsie lane to a line about 275 feet north of Avenue M, and from a line about 240 feet south of Avenue M to Flatbush avenue; East 43d street, from Flatbush avenue to Flatlands avenue; but up to the present time the proceeding has not been materially advanced.

When this matter was presented for the consideration of the Board attention was directed to the fact that, as incorporated upon the City Plan, the lines of East 43d street were inconsistent with Old Lincoln avenue, and it was suggested that if it were found practicable to make a modification in the street plan a suitable map be presented, after which the opening proceeding could be amended prior to the preparation of the damage maps. A map was accordingly recently approved under which East 43d street is discontinued in the block between Avenue M and Flatbush avenue, and provision is here made for frontage development along the lines of a new street to be known as Baughman place, which occupies a position parallel with Avenue M and extends between Troy avenue and Flatbush avenue.

It will be necessary to amend the opening proceeding referred to so as to conform to the new street plan, but in my judgment provision should also be made at this time for acquiring title to Baughman place.

The new street has a length of one block or about 300 feet, and a width of 50 feet. It is not in use and a building near the former location of East 43d street falls partially within the street lines.

I would accordingly recommend that, after a new public hearing has been given upon a district of assessment identical in position and description with the one heretofore fixed, the opening proceeding be amended so as to relate to Troy avenue between the limits originally proposed, together with East 43d street, from Flatlands avenue to Avenue M, and to Baughman place, from Flatbush avenue to Troy avenue.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, At the meeting of the Board of Estimate and Apportionment, held on February 8, 1912, a proceeding was instituted for acquiring title to East 43d street, from Flatbush avenue to Flatlands avenue; and Troy avenue, from Canarsie Lane to a line about 275 feet north of Avenue M, and from a line about 240 feet south of Avenue M to Flatbush avenue, Borough of Brooklyn; and

Whereas, By resolution adopted by the Board on May 1, 1913, and approved by the Mayor on May 7, 1913, East 43d street is discontinued in the block between Avenue M and Flatbush avenue, and provision is here made for frontage development along the lines of a new street to be known as Baughman place, which occupies a position parallel with Avenue M and extends between Troy avenue and Flatbush avenue; and

Whereas, The Board is considering the advisability of amending the aforesaid proceeding instituted on February 8, 1912, so as to relate to Troy avenue, from Canarsie lane to a line about 275 feet north of Avenue M, and from a line about 240 feet south of Avenue M to Flatbush avenue, together with East 43d street, from Flatlands avenue to Avenue M, and to Baughman place, from Flatbush avenue to Troy avenue as said streets are now mapped.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the northeasterly line of Flatbush avenue where it is intersected by the prolongation of a line midway between East 42d street and East 43d street, and running thence northwardly along the said line midway between East 42d street and East 43d street, and along the prolongations of the said line to a point distant 100 feet northerly from the northerly line of Canarsie lane, the said distance being measured at right angles to Canarsie lane; thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Canarsie lane to the intersection with the prolongation of a line midway between East 45th street and East 46th street; thence southwardly along the said line midway between East 45th street and East 46th street and along the prolongations of the said line to the intersection with the northeasterly line of Flatbush avenue; thence southwestwardly at right angles to Flatbush avenue a distance of 200 feet; thence northwestwardly and parallel with Flatbush avenue to the intersection with a line at right angles to Flatbush avenue, and passing through the point of beginning; thence northeastwardly along the said line at right angles to Flatbush avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 12th day of June, 1913, at 10:30 a. m. and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and in the corporation newspapers for ten days prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Amending the Proceeding for Acquiring Title to Cruger Avenue, from White Plains Road to Rhinelander Avenue; to Victor Street, from Van Nest Avenue to Rhinelander Avenue; and to Rhinelander Avenue, from Old Unionport Road to White Plains Road, Borough of The Bronx, so as to Conform with Changes Made in the Lines of These Streets (Cal. No. 41).

The Secretary presented the following communication from the President of the Borough of The Bronx and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, Office of the President, May 9, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—Request is hereby made to the Board of Estimate and Apportionment that the proceedings for acquiring title to Victor street, from Van Nest avenue to Rhinelander avenue, to Rhinelander avenue, from Old Unionport road to White Plains road, and to Cruger avenue, from Rhinelander avenue to White Plains road, be amended to refer to the lines of these streets as shown on a map which was approved by the Board of Estimate and Apportionment at the meeting of April 3, 1913, and which is entitled "Map Showing Change of Lines and Grades in the Territory Bounded by Bronx Park, East 180th Street, Morris Park Avenue, White Plains Road, Etc." Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

Report No. 12510. May 6, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on July 6, 1911, a proceeding was instituted for acquiring title to the following streets in the Borough of The Bronx: Cruger avenue, from White Plains road to Rhinelander avenue; Victor street, from Van Nest avenue to Rhinelander avenue; Rhinelander avenue, from Old Unionport road to White Plains road; and the Commissioners of Estimate and Assessment filed their oaths on June 11, 1912.

Under a recent map change the lines of Victor street, where this street adjoins Rhinelander avenue, were slightly deflected to the west, and the width of Rhinelander avenue was changed from 80 feet to 60 feet between White Plains road and the former location of Bronx Park East, west of which point the street was discontinued. A minor modification was also made in the lines of Cruger avenue. It will, therefore, be necessary to make a corresponding modification in the opening proceeding.

I would recommend that after a new public hearing has been given upon a district of assessment, modified as required by the changed conditions, the opening proceeding be amended in such a way as to relate to Victor street and to Cruger avenue between the limits named, and to Rhinelander avenue, from Unionport road to White Plains road, as these streets are now laid out.

The amended district of assessment is to include the following area:

Beginning at a point on the westerly line of White Plains road where it is intersected by the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Cruger avenue, as this street is laid out between Rhinelander avenue and White Plains road, the said distance being measured at right angles to

Cruger avenue, and running thence eastwardly and parallel with Sagamore street to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of White Plains road, as this street adjoins Rhinelander avenue, the said distance being measured at right angles to White Plains road; thence southwardly along the said line parallel with White Plains road to the intersection with a line midway between Rhinelander avenue and Morris Park avenue, as these streets are laid out east of White Plains road; thence westwardly along the said line midway between Rhinelander avenue and Morris Park avenue, and along the prolongation of the said line to the intersection with a line midway between White Plains road and Victor street, as these streets adjoin Morris Park avenue; thence southwardly along the said line midway between White Plains road and Victor street, and along the prolongation of the said line to the intersection with the prolongation of a line midway between Van Nest avenue and Mead street; thence southwestwardly along the said line midway between Van Nest avenue and Mead street, and along the prolongation of the said line, to the intersection with a line parallel with Unionport road, and passing through a point on the southeasterly line of Van Nest avenue where it is intersected by the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Victor street as this street adjoins Morris Park avenue, the said distance being measured at right angles to Victor street; thence northwestwardly along the said line parallel with Unionport road to the intersection with the southerly line of Van Nest avenue; thence northwardly along the said line parallel with Victor street and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of Morris Park avenue and the southerly line of Rhinelander avenue, as these streets are laid out between Victor street and White Plains road; thence westwardly along the said bisecting line to the intersection with the westerly line of Unionport road; thence westwardly at right angles to Unionport road a distance of 100 feet; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Unionport road to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Rhinelander avenue, as this street is laid out between Unionport road and Cruger avenue, the said distance being measured at right angles to Rhinelander avenue; thence eastwardly along the said line parallel with Rhinelander avenue and along the prolongation of the said line to the intersection with a line parallel with Cruger avenue, as this street is laid out between Rhinelander avenue and White Plains road, and passing through the point of beginning; thence northwardly along the said line parallel with Cruger avenue to the point or place of beginning.

I would also recommend that the Corporation Counsel be then requested to apply to the Supreme Court to have the jurisdiction of the Commissioners of Estimate and Assessment changed accordingly. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, At the meeting of the Board of Estimate and Apportionment, held on July 6, 1911, a proceeding was instituted for acquiring title to Victor street, from Van Nest avenue to Rhinelander avenue; Rhinelander avenue, from old Unionport road to White Plains road; and Cruger avenue, from White Plains road to Rhinelander avenue, Borough of The Bronx; and

Whereas, By resolution adopted by the Board on April 3, 1913, and approved by the Mayor on April 11, 1913, the lines of Victor street, where it adjoins Rhinelander avenue, were slightly deflected to the west and the width of Rhinelander avenue was changed from 80 feet to 60 feet between White Plains road and the former location of Bronx Park East, west of which point the street was discontinued; a minor modification being also made in the lines of Cruger avenue; and

Whereas, The Board is considering the advisability of amending the aforesaid proceeding instituted on July 6, 1911, so as to relate to Victor street and to Cruger avenue, between the limits named therein, and to Rhinelander avenue, from Unionport road to White Plains road, as these streets are now mapped.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed modified area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the westerly line of White Plains road where it is intersected by the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Cruger avenue, as this street is laid out between Rhinelander avenue and White Plains road, the said distance being measured at right angles to Cruger avenue, and running thence eastwardly and parallel with Sagamore street to the intersection with a line distant 100 feet easterly from and parallel with the easterly line of White Plains road, as this street adjoins Rhinelander avenue, the said distance being measured at right angles to White Plains road; thence southwardly along the said line parallel with White Plains road to the intersection with a line midway between Rhinelander avenue and Morris Park avenue, as these streets are laid out east of White Plains road; thence westwardly along the said line midway between Rhinelander avenue and Morris Park avenue, and along the prolongation of the said line to the intersection with a line midway between White Plains road and Victor street, as these streets adjoin Morris Park avenue; thence southwardly along the said line midway between White Plains road and Victor street, and along the prolongation of the said line to the intersection with the prolongation of a line midway between Van Nest avenue and Mead street; thence southwestwardly along the said line midway between Van Nest avenue and Mead street, and along the prolongation of the said line, to the intersection with a line parallel with Unionport road, and passing through a point on the southeasterly line of Van Nest avenue where it is intersected by the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Victor street as this street adjoins Morris Park avenue, the said distance being measured at right angles to Victor street; thence northwestwardly along the said line parallel with Unionport road to the intersection with the southerly line of Van Nest avenue; thence northwardly along the said line parallel with Victor street and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of Morris Park avenue and the southerly line of Rhinelander avenue, as these streets are laid out between Victor street and White Plains road; thence westwardly along the said bisecting line to the intersection with the westerly line of Unionport road; thence westwardly at right angles to Unionport road a distance of 100 feet; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Unionport road to the intersection with the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Rhinelander avenue, as this street is laid out between Unionport road and Cruger avenue, the said distance being measured at right angles to Rhinelander avenue; thence eastwardly along the said line parallel with Rhinelander avenue and along the prolongation of the said line to the intersection with a line parallel with Cruger avenue, as this street is laid out between Rhinelander avenue and White Plains road, and passing through the point of beginning; thence northwardly along the said line parallel with Cruger avenue to the point or place of beginning.

Resolved, That this Board consider the proposed modified area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 12th day of June, 1913, at 10:30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Acquiring Title to the Extension of Bronx Park on Its Easterly Side, Between East 180th Street and White Plains Road, Borough of The Bronx (Cal. No. 42).

The Secretary presented the following communication from the President of the Borough of The Bronx and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, Office of the President, April 12, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—At the meeting of April 3, 1913, the Board of Estimate and Apportionment approved a map showing the change of plan for the street system comprising the territory bounded by Bronx Park, Bronx Park East, Bear Swamp road, Wallace avenue, Rhinelander avenue, White Plains road, Morris Park avenue and East 180th street, Borough of The Bronx.

In accordance with the suggestion contained in the Chief Engineer's report on this matter, request is made that the Board of Estimate and Apportionment initiate proceedings for acquiring title to the lands necessary for the extension of Bronx Park along its easterly boundary between East 180th street and White Plains road, all as shown on the above mentioned map approved by the Board of Estimate at the meeting of April 3, 1913.

In a letter dated April 11, 1913, Commissioner Eustis, of the Public Service Commission, states that he is busy getting real estate rights in connection with the extension of the present subway over to White Plains road. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

Report No. 12498. May 10, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment held on April 3, 1913, a map was adopted providing for incorporating within the limits of Bronx Park an area of about 5.5 acres, located between the present easterly boundary of the park and the land which it is proposed to acquire for the White Plains branch of the new subway system. At this time it was pointed out that by reason of the present or future ownership by the City of all of the land adjoining the proposed park extension, it would not be practicable to assess any private lands for benefit, and it was with the understanding that the expense involved in carrying out the opening proceeding would be assumed by the Borough that the map was approved. At the same time it was noted that it would be desirable to institute the opening proceeding simultaneously with any proceeding begun by the Public Service Commission for acquiring land needed for subway purposes.

In the accompanying communication from the President of the Borough bearing date of April 12, 1913, the Board is informed that the Public Service Commission is now acquiring the real estate necessary to the construction of the White Plains branch of the Interborough system, and request is made for the institution of proceedings for acquiring the additional park lands at this time. The property to which the proceeding relates is valued on the books of the Tax Department at $56,400, of which amount about $13,700 is credited to buildings

After giving a public hearing in conformity with the provisions of chapter 679 of the Laws of 1911, I would recommend the adoption of a resolution providing for acquiring title to the extension of Bronx Park comprising all of the unacquired area on its easterly side between East 180th street and White Plains road.

I would also recommend that the entire cost and expense of the proceeding be placed upon the Borough of The Bronx, to be collected with the first tax levy made after the date when the proceeding is confirmed.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for an extension of Bronx Park, to comprise all of the unacquired area on its easterly side between East 180th street and White Plains road in the Borough of The Bronx, City of New York; and

Whereas, In pursuance of the provisions of section 247 of the Greater New York Charter, as amended, the Board proposes to place the entire cost and expense of the said proceedings upon the Borough of The Bronx, said cost and expense to be collected with the taxes upon the real property in said Borough becoming due and payable in the year in which such cost and expense shall have been fixed and determined, provided that such cost and expense be ascertained in time to be included with the taxes on the real property of said Borough in the same year and if not determined in time, the same is to be levied and collected with the taxes of the succeeding year.

Resolved, That this Board consider the proposed determination as to the cost and expense of the proceedings at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 12th day of June, 1913, at 10.30 a., m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Acquiring Title to Morris Park Avenue, from Williamsbridge Road to Eastchester Road, Borough of The Bronx (Cal. No. 43).

The Secretary presented the following resolution of the Local Board of the Chester District, Borough of The Bronx, and report of the Chief Engineer:

In Local Board of Chester, 23d District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Chester, 23d District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For acquiring title to the lands necessary for Morris Park avenue, from Williamsbridge road to Eastchester road, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Chester, 23d District, on the 2d day of December 1912, Aldermen O'Neil and Mulligan and the Acting President of the Borough of The Bronx voting in favor thereof. Negative, none.

Attest: GEO. DONNELLY, Secretary.

Approved and certified this 7th day of December, 1912.

CYRUS C. MILLER, President of the Borough of The Bronx.

Report No. 12497. May 3, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Chester District, Borough of The Bronx, adopted on December 2, 1912, initiating proceedings for acquiring title to Morris Park avenue, from Williamsbridge road to Eastchester road.

This resolution affects eight blocks or about 2,000 feet of Morris Park avenue, which has been laid out upon the City map to have a width of 100 feet. The street is not in use in the two blocks west of Hering avenue, but east of this point it includes old Saratoga avenue at a lesser width. A few buildings have been erected upon the abutting property, but it is believed that none of these encroaches upon the land to be acquired.

I would recommend the approval of the resolution; that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited, and that a district of assessment be laid out to comprise the following area:

Beginning at a point on a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Seminole street and Abbott place where it is intersected by the prolongation of a line midway between Neil avenue and Rhinelander avenue, as these streets adjoin Williamsbridge road on the west, and running thence eastwardly along the said bisecting line to the intersection with the westerly line of Stillwell avenue; thence eastwardly at right angles to Stillwell avenue to the intersection with the prolongation of a line distant 1,000 feet easterly from and parallel with the easterly line of Eastchester road as this street adjoins Wilkinson avenue on the south, the said distance being measured at right angles to Eastchester

road; thence southwardly and always distant 1,000 feet easterly from and parallel with the easterly line of Eastchester road and its prolongation northwardly as laid out where it adjoins Wilkinson avenue on the south, to the intersection with the prolongation of a line distant 1,000 feet southerly from and parallel with the southerly line of Morris Park avenue as this street is laid out between Newport avenue and Elberon avenue, the said distance being measured at right angles to Morris Park avenue; thence westwardly along the said line parallel with Morris Park avenue and along the prolongations of the said line to the intersection with the prolongation of a line midway between Van Nest avenue and Pierce avenue as these streets adjoin Williamsbridge road on the west; thence southwestwardly along the said line midway between Van Nest avenue and Pierce avenue, and along the prolongation of the said line to the intersection with a line midway between Paulding avenue and Hone avenue; thence northwestwardly along the said line midway between Paulding avenue and Hone avenue to the intersection with a line midway between Neil avenue and Rhinelander avenue as these streets adjoin Williamsbridge road on the west; thence northeastwardly along the said line midway between Neil avenue and Rhinelander avenue, and along the prolongation of the said line to the point or place of beginning. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Morris Park avenue, from Williamsbridge road to Eastchester road, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Seminole street and Abbott place where it is intersected by the prolongation of a line midway between Neil avenue and Rhinelander avenue, as these streets adjoin Williamsbridge road on the west, and running thence eastwardly along the said bisecting line to the intersection with the westerly line of Stillwell avenue; thence eastwardly at right angles to Stillwell avenue to the intersection with the prolongation of a line distant 1,000 feet easterly from and parallel with the easterly line of Eastchester road as this street adjoins Wilkinson avenue on the south, the said distance being measured at right angles to Eastchester road; thence southwardly and always distant 1,000 feet easterly from and parallel with the easterly line of Eastchester road and its prolongation northwardly as laid out where it adjoins Wilkinson avenue on the south, to the intersection with the prolongation of a line distant 1,000 feet southerly from and parallel with the southerly line of Morris Park avenue as this street is laid out between Newport avenue and Elberon avenue, the said distance being measured at right angles to Morris Park avenue; thence westwardly along the said line parallel with Morris Park avenue and along the prolongations of the said line to the intersection with the prolongation of a line midway between Van Nest avenue and Pierce avenue as these streets adjoin Williamsbridge road on the west; thence southwestwardly along the said line midway between Van Nest avenue and Pierce avenue, and along the prolongation of the said line to the intersection with a line midway between Paulding avenue and Hone avenue; thence northwestwardly along the said line midway between Paulding avenue and Hone avenue to the intersection with a line midway between Neil avenue and Rhinelander avenue as these streets adjoin Williamsbridge road on the west; thence northeastwardly along the said line midway between Neil avenue and Rhinelander avenue, and along the prolongation of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 12th day of June, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Vesting Title to Havemeyer Avenue, from Watson Avenue to Waterbury Avenue, and to a Short Adjoining Section of Haviland Avenue, Borough of The Bronx (Cal. No. 44).

(At the meeting of the Board of April 3, 1913, this matter was laid over for one week, on April 10 it was laid over for one week, on April 17 for two weeks, on May 1 for one week, and on May 8 for one week.)

The President of the Borough of The Bronx withdrew the matter from further consideration by the Board.

Acquiring Title to Amethyst Street, from Morris Park Avenue to Unionport Road; and to Unionport Road, from Morris Park Avenue to Bronx Park East, Near Bear Swamp Road, Borough of The Bronx (Cal. No. 45).

The Secretary presented the following communications from the President of the Borough of The Bronx:

City of New York, President of the Borough of The Bronx, Office of the President, May 9, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—At the meeting of the Board of Estimate and Apportionment held on April 20, 1911, a resolution for acquiring title to Amethyst street, from Morris Park avenue to Rhinelander avenue, which had been adopted by the Local Board at its meeting of April 4, 1911, was referred back, at my request, pending map changes in this section.

On April 3, 1913, the Board approved a map upon which are shown the lines of Amethyst street, and I would therefore request that the proceedings for acquiring title to Amethyst street, between Morris Park avenue and Unionport road, as shown on the map above mentioned, be initiated at the next meeting of the Board of Estimate and Apportionment. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

City of New York, President of the Borough of The Bronx, Office of the President, May 9, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment:*

Dear Sir—At the meeting of the Board of Estimate and Apportionment held on January 9, 1913, the matter of acquiring title to Unionport road, from Morris Park avenue to Bronx Park East near Bear Swamp road, was referred back to me, pending certain map changes.

On April 3, 1913, the Board approved a map showing the change of lines and grades in the street system in the territory bounded by Bronx Park, East 180th street, Morris Park avenue, White Plains road, etc., on which are shown the modified lines of Unionport road.

I would therefore request that the proceedings for acquiring title to Unionport road, from Morris Park avenue to Bronx Park East near Bear Swamp road, be presented to the Board at its next meeting, for amendment, to conform to the lines shown on the above mentioned map, and to include that portion of Sagamore street, between Bronx Park and White Plains road. Yours truly,

CYRUS C. MILLER, President of the Borough of The Bronx.

P. S.—The Public Service Commission is getting real estate rights for its line crossing Sagamore street. Any land which it acquires should be eliminated from the above proceeding.

On motion the matter was referred to the Chief Engineer of the Board.

Amending the Proceeding for Acquiring Title to Clermont Avenue, from Maurice Avenue to Hebberd Avenue; to Cox Place, from Flushing Avenue to Broad Street; and to Marabel Avenue, from Maurice Avenue to Maspeth Avenue, Borough of Queens (Cal. No. 46).

The Secretary presented the following report of the Chief Engineer:

Report No. 12515. May 7, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment, held on November 16, 1911, a proceeding was instituted for acquiring title to the following streets in the Borough of Queens: Clermont avenue from Maurice avenue to Hebberd avenue; Cox place from Flushing avenue to Broad street; Marabel avenue from Maurice avenue to Maspeth avenue; but up to the present time the proceeding has not been materially advanced.

Under a recent map change the lines of Cox place were shifted so as to conform with the street as heretofore recognized by the property owners, and it will be necessary to make a corresponding modification in the opening proceeding.

I would accordingly recommend that, after a new public hearing has been given upon a district of assessment identical in description with the one heretofore fixed, although the position of some of the boundary lines is slightly changed, the opening proceeding be amended insofar as Cox place is concerned so as to relate to this street as now laid out. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, At the meeting of the Board of Estimate and Apportionment held on November 16, 1911, a proceeding was instituted for acquiring title to Cox place, from Flushing avenue to Broad street; Marabel avenue, from Maurice avenue to Maspeth avenue, and Clermont avenue, from Maurice avenue to Hebberd avenue, Borough of Queens; and

Whereas, By resolution adopted by the Board on May 1, 1913, and approved by the Mayor on May 7, 1913, the lines of Cox place were shifted so as to conform with the street as heretofore recognized by the property owners; and

Whereas, The Board is considering the advisability of amending the aforesaid proceeding instituted on November 16, 1911, so as to relate to the streets therein as the same are now mapped;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on the southeasterly line of Maurice avenue where it is intersected by a line midway between Bloomer place and Clermont avenue, and running thence southwardly along the said line midway between Bloomer place and Clermont avenue to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Borden avenue, the said distance being measured at right angles to Borden avenue; thence eastwardly along the said line parallel with Borden avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Willow avenue and Clermont avenue as these streets are laid out immediately north of Maspeth avenue; thence southwardly along the said bisecting line to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Flushing avenue, the said distance being measured at right angles to Flushing avenue; thence southwestwardly along the said line parallel with Flushing avenue to the intersection with the prolongation of a line midway between Fresh Pond road and Clermont avenue; thence southwardly along the said line midway between Fresh Pond road and Clermont avenue, and along the prolongation of the said line to the intersection with a line midway between Hebberd avenue and Mount Olivet avenue; thence westwardly along the said line midway between Hebberd avenue and Mount Olivet avenue to the intersection with the prolongation of a line midway between Clermont avenue and Mary street; thence northwardly along the said line midway between Clermont avenue and Mary street and along the prolongation of the said line to the intersection with a line distant 100 feet southeasterly from and parallel with the southeasterly line of Flushing avenue, the said distance being measured at right angles to Flushing avenue; thence southwestwardly along the said line parallel with Flushing avenue to the intersection with a line at right angles to Flushing avenue and passing through a point on its southeasterly line, where it is intersected by the prolongation of a line midway between Cox place and Edward street; thence northwestwardly along the said line at right angles to Flushing avenue to the intersection with its southeasterly side; thence westwardly along the said line midway between Cox place and Edward street and along the prolongations of the said line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Broad street, the said distance being measured at right angles to Broad street; thence northwardly along the said line parallel with Broad street to the intersection with the prolongation of a line midway between Cox place and Charles street; thence eastwardly along the said line midway between Cox place and Charles street, and along the prolongation of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Pond place and the westerly line of Clermont avenue as these streets are laid out between Charles street and Herbert street; thence northwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Pond place and the westerly line of Clermont avenue as these streets are laid out between Hill street and Herbert street; thence northwardly along the said bisecting line to a point distant 100 feet southerly from the southerly line of Maspeth avenue, the said distance being measured at right angles to Maspeth avenue; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Maspeth avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Broad street and the westerly line of Marabel avenue as these streets are laid out immediately north of Maspeth avenue; thence northwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southeasterly line of Maurice avenue and the westerly line of Marabel avenue as these streets are laid out immediately north of Halle avenue; thence northeastwardly along the said bisecting line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Marabel avenue, the said distance being measured at right angles to Marabel avenue; thence northwardly along the said line parallel with Marabel avenue to the intersection with the northwesterly line of Maurice avenue; thence northwestwardly at right angles to Maurice avenue a distance of 100 feet; thence northeastwardly and parallel with Maurice avenue to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Newtown avenue, the said distance being measured at right angles to Newtown avenue; thence southeastwardly along the said line parallel with Newtown avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southeasterly line of Maurice avenue and the westerly line of Clermont avenue as these streets are laid out immediately north of Newtown avenue and Borden avenue; thence northwardly along the said bisecting line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Clermont avenue, the said distance being measured at right angles to Clermont avenue; thence northwardly along the said line parallel with Clermont avenue to the intersection with the northwesterly line of Maurice avenue; thence northwestwardly at right angles to Maurice avenue a distance of 100 feet; thence northeastwardly and parallel with Maurice avenue to the intersection with a line at right angles to Maurice avenue and passing through the point of beginning; thence southeastwardly along the said line at right angles to Maurice avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 12th day of June, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Acquiring Title to Bayreuth Street, from Parsons Avenue to Dutchess Street, and to Percy Street, from Sanford Avenue to Bayreuth Street, Borough of Queens (Cal. No. 47).

The Secretary presented the following resolutions of the Local Board of the Jamaica District, Borough of Queens, and report of the Chief Engineer:

In the Local Board of the Jamaica District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Jamaica District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Report No. 12424. April 19, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith are transmitted two resolutions of the Local Board of the Jamaica District, Borough of Queens, adopted on November 29 and December 27, 1912, initiating respectively proceedings for acquiring title to the following streets: Bayreuth street, from Parsons avenue to Dutchess street; Percy street, from Sanford avenue to Bayreuth street.

Each of these streets has been laid out upon the City map to have a width of 60 feet. The resolutions affect two blocks, or about 600 feet, of the latter, and six blocks, or about one-half mile, of the former. The relative position of the streets is such that they can advantageously be made the subject of a single opening proceeding, such treatment being recommended.

A narrow roadway falls within the lines of Percy street, and Bayreuth street is approximately graded from Parsons avenue to Custer street, but is not in use east of the latter point. A few buildings have in each case been erected upon the abutting property, none of which, it is believed, encroaches upon the land to be acquired.

From Parsons avenue to a point located east of Murray street, the greater portion of Bayreuth street was ceded to the City by Mr. William Ziegler. The boundary of the ceded area is very irregular and for the reason that it is impracticable to accurately describe the land still to be acquired, it would seem advisable to carry out the opening proceeding as recommended by the Local Board. The property abutting on the ceded area is included in the district of benefit hereinafter proposed, but this will be automatically exempted from assessment under the provisions of section 992 of the City Charter.

The Board has recently granted preliminary authorization for the construction of sewers in Bayreuth street from Parsons avenue to Wentworth avenue, where the area in private ownership comprises only a narrow strip located on the northerly side.

I would recommend the approval of the resolutions; that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following area:

Beginning at a point on the northeasterly line of Parsons avenue, where it is intersected by a line midway between Ash street and Bayreuth street, as these streets are laid out immediately east of Parsons avenue, and running thence eastwardly along the said line midway between Ash street and Bayreuth street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of Parsons avenue and the westerly line of Percy street, as these streets are laid out between Sanford avenue and Ash street; thence northwestwardly along the said bisecting line to the intersection with the southerly line of Sanford avenue; thence northwardly at right angles to Sanford avenue to a point distant 100 feet northerly from its northerly side; thence eastwardly and parallel with Sanford avenue to the intersection with a line midway between Percy street and Ziegler avenue; thence southwardly along the said line midway between Percy street and Ziegler avenue to the intersection with a line midway between Ash street and Bayreuth street; thence eastwardly along the said line midway between Ash street and Bayreuth street to a point distant 100 feet westerly from the westerly line of Murray street; thence northwardly and parallel with Murray street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Bayreuth street, as these streets adjoin Murray street on the east; thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Bayreuth street, as these streets are laid out between Custer street and Dutchess street; thence eastwardly along the said bisecting line to the intersection with a line midway between Dutchess street and Elton street; thence southwardly along the said line midway between Dutchess street and Elton street to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Bayreuth street as this street adjoins Dutchess street, the said distance being measured at right angles to Bayreuth street; thence westwardly along the said line parallel with Bayreuth street and along the prolongation of the said line, to the intersection with a line midway between Bayreuth street and California avenue, as these streets are laid out immediately west of Murray street; thence westwardly along the said line midway between Bayreuth street and California avenue and along the prolongation of the said line, to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Parsons avenue, the said distance being measured at right angles to Parsons avenue; thence northwestwardly along the said line parallel with Parsons avenue to the intersection with a line at right angles to Parsons avenue and passing through the point of beginning; thence northeastwardly along the said line at right angles to Parsons avenue to the point or place of beginning.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Bayreuth (Beech) street, from Parsons avenue to Dutchess (16th) street; and Percy street, from Sanford avenue to Bayreuth street, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceedings;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed area of assessment for benefit in these proceedings:

Beginning at a point on the northeasterly line of Parsons avenue, where it is intersected by a line midway between Ash street and Bayreuth street, as these streets are laid out immediately east of Parsons avenue, and running thence eastwardly along the said line midway between Ash street and Bayreuth street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northeasterly line of Parsons avenue and the westerly line of Percy street, as these streets are laid out between Sanford avenue and Ash street; thence northwestwardly along the said bisecting line to the intersection with the southerly line of Sanford avenue; thence northwardly at right angles to Sanford avenue to a point distant 100 feet northerly from its northerly side; thence eastwardly and parallel with Sanford avenue to the intersection with a line midway between Percy street and Ziegler avenue; thence southwardly along the said line midway between Percy street and Ziegler avenue to the intersection with a line midway between Ash street and Bayreuth street; thence eastwardly along the said line midway between Ash street and Bayreuth street to a point distant 100 feet westerly from the westerly line of Murray street; thence northwardly and parallel with Murray street to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Bayreuth street, as these streets adjoin Murray street on the east; thence eastwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the southerly line of Sanford avenue and the northerly line of Bayreuth street, as these streets are laid out between Custer street and Dutchess street; thence eastwardly along the said bisecting line to the intersection with a line midway between Dutchess street and Elton street; thence southwardly along the said line midway between Dutchess street and Elton street to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of Bayreuth street as this street adjoins Dutchess street, the said distance being measured at right angles to Bayreuth street; thence westwardly along the said line parallel with Bayreuth street and along the prolongation of the said line, to the intersection with a line midway between Bayreuth street and California avenue, as these streets are laid out immediately west of Murray street; thence westwardly along the said line midway between Bayreuth street and California avenue and along the prolongation of the said line, to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Parsons avenue, the said distance being measured at right angles to Parsons avenue; thence northwestwardly along the said line parallel with Parsons avenue to the intersection with a line at right angles to Parsons avenue and passing through the point of beginning; thence northeastwardly along the said line at right angles to Parsons avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 12th day of June, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 12th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Report No. 12545. May 12, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith are transmitted three resolutions of the Local Board of the Jamaica District, Borough of Queens, adopted on October 25, 1906, and June 20, 1907, initiating proceedings for acquiring title to the following streets at Ingleside:

Seventeenth street, from Mitchell avenue to the northerly boundary line of the Ziegler estate; 18th street, from Mitchell avenue to Broadway; from Cypress avenue to the northerly boundary line of the Ziegler estate, and from the southerly boundary line of the Ziegler estate to Oak avenue; 15th street, from Broadway to Mitchell avenue.

Subsequent to the date on which these resolutions were adopted by the Local Board maps have been approved under which 15th street is designated as Clarence street, 17th street, through that portion of its length south of the Long Island Railroad, is designated as Elton street, and as Eagles street in the section north of the railroad, and 18th street is designated as Forbes street.

The southerly limit named for the 17th street proceeding comprises a portion of a very irregular property line which at this point is located just south of California avenue, and the remaining portion of the street was evidently excluded by the Local Board for the reason that the land has here been ceded to the City. Between Broadway, which is designated as Jackson avenue on the later maps, and Cypress avenue, now known as California avenue, 18th street has been made the subject of an opening proceeding, at the present time in progress, and between the limits included within the Ziegler estate the street has been ceded to the City. For the reason that it would be impracticable to accurately define the position of the boundary lines of this estate, it would seem desirable to extend the proceeding relating to 17th street as far south as Franconia avenue and to carry the 18th street proceeding across the land formerly owned by the Ziegler estate.

The property fronting on these ceded areas will, however, be automatically exempted from assessment under the provisions of the City Charter.

The opening proceeding should therefore be made to relate to the following streets: Clarence street, from Mitchell avenue to Jackson avenue; Eagles street, from Mitchell avenue to Matthew place; Elton street, from Lucerne place to Franconia avenue; Forbes street, from Mitchell avenue to Jackson avenue, and from California avenue to Oak avenue.

Each of the streets has been laid out upon the City map to have a width of 60 feet and the proceeding as proposed would affect lengths varying from two blocks or about 1,300 feet of Clarence street to six blocks or a little less than one mile of Forbes street. The streets occupy relative positions such that they can advantageously be made the subject of a single opening proceeding, such treatment being recommended.

Each of the streets is in use through the entire distance affected and a few buildings have been erected upon the abutting property, but it is believed that there are no encroachments on the land to be acquired.

I would recommend the approval of the resolutions with the understanding that the modifications suggested will be made.

I would also recommend that title to the land be acquired in fee; that the entire cost and expense of the proceeding, including any damages allowed for intended regulating, be assessed upon the property benefited; and that a district of assessment be laid out to comprise the following areas:

I. Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly line of Mitchell avenue, the said distance being measured at right angles to Mitchell avenue; on the east by a line midway between Clarence street and Dunsing street; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Jackson avenue, the said distance being measured at right angles to Jackson avenue; and on the west by a line midway between Beeckmann avenue and Clarence street.

II. Beginning at a point on a line midway between Forbes street and Grennell street distant 100 feet northerly from the northerly line of Mitchell avenue, and running thence southwardly along the said line midway between Forbes street and Grennell street to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of Jackson avenue, the said distance being measured at right angles to Jackson avenue; thence westwardly along the said line parallel with Jackson avenue to the intersection with a line midway between Eagles street and Forbes street; thence southwardly along the said line midway between Eagles street and Forbes street and along the prolongation of the said line to the intersection with the prolongation of a line midway between Elton street and Forbes street; thence southwardly along the said line midway between Elton street and Forbes street and along the prolongation of the said line to a point distant 100 feet northerly from the northerly line of California avenue, the said distance being measured at right angles to California avenue; thence eastwardly and parallel with California avenue to the intersection with a line midway between Forbes street and Gerold street; thence southwardly along the said line midway between Forbes street and Gerold street and along the prolongation of the said line to a point distant 100 feet southerly from the southerly line of Oak avenue; thence westwardly and parallel with Oak avenue to the intersection with the prolongation of a line midway between Elton street and Forbes street; thence northwardly along the said line midway between Elton street and Forbes street and along the prolongation of the said line to a point distant 100 feet southerly from the southerly line of Franconia avenue; thence westwardly and parallel with Franconia avenue to the intersection with a line midway between Dutchess street and Elton street; thence northwardly along the said line midway between Dutchess street and Elton street and along the prolongation of the said line to the intersection with the prolongation of a line midway between Dunsing street and Eagles street as these streets are laid out south of Jackson avenue; thence northwardly along the said line midway between Dunsing street and Eagles street and along the prolongations of the said line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Dunsing street and Eagles street as these streets are laid out between State street and Jackson avenue; thence northwardly along the said bisecting line to the intersection with a line parallel with Mitchell avenue and passing through the point of beginning; thence eastwardly along the said line parallel with Mitchell avenue to the point or place of beginning.

Respectfully, NELSON P. LEWIS, Chief Engineer

On motion of the President of the Borough of Queens the matter was referred back to him for further consideration.

Enlargement of the Assessment District in the Matter of the Proceeding for Acquiring Title to Cotton Street, from Arrietta Street to Griffin Street, Borough of Richmond (Cal. No. 49).

The Secretary presented the following:

Philbin, Beekman, Menken & Griscom, 52 William street, New York, February 25, 1913.

To the Honorable, the Members of the Board of Estimate and Apportionment, 277 Broadway, New York City.

Dear Sirs—Enclosed please find application of our client, the American Dock and Trust Company, in connection with matter of the opening of Cotton street, a proposed new street, in the Borough of Richmond.

Will you kindly send us notice of hearing as far in advance as possible, in order that we may prepare the necessary papers in connection with the same.

Yours very truly, PHILBIN, BEEKMAN, MENKEN & GRISCOM.

New York, February 21, 1913.

To the Honorable the Members of the Board of Estimate and Apportionment.

Dear Sirs—We the undersigned, American Dock and Trust Company, owning property situated at Tompkinsville, Borough of Richmond, indicated in blue on the accompanying map, do respectfully call attention of the Honorable Board to the fact that in the matter of the opening of Cotton street, a proposed new street in the Borough of Richmond, there has been designated an area of assessment which your petitioner believes to be an improper area of assessment, which said area is indicated on the annexed map within the lines colored blue, and your petitioner respectfully asks that the area be extended to substantially include the property indicated within the lines colored red.

In support of its request your petitioner respectfully refers to the fact that the opening of Cotton street is of general benefit to the Borough of Richmond, and especially to property owners within the last indicated proposed area, in so much that they will be continual users of Cotton street as opened. At the foot of Arrietta street are docks and sheds which are used as a means of access to boats supplying the vast fleet of ships, both naval and merchant marine, docking and anchoring in the waters adjacent thereto. A great mercantile business is done with these ships by those who supply them with coal and merchandise for consumption, and in addition thereto your petitioner would call attention to the fact that large quantities of merchandise are landed at the docks at the foot of Arrietta street for the purpose of supplying the residences and businesses within the proposed extended area, indicated by the above mentioned lines colored.

Your petitioner would further call attention to the fact that no other street is at present open and available as a means of ingress and egress to the water-front northwest of Arrietta street, and that the proposed Cotton street will provide convenient and safe method of access, and will furnish ingress and egress to the water-front in the territory between St. George docks and Wave street, a distance of over 4,750 lin. feet, measured on the shortest line between the two points.

Your petitioner further alleges that the present proposed area of assessment works undue hardships and injustice to your petitioner, and if not changed your petitioner, in view of the character of its property, and nature of its improvements, will be compelled to bear almost the entire cost of a great benefit to the general community, and your petitioner respectfully urges that in view of the general public use of Cotton street, and the benefit thereof, to a large section of the Borough of Richmond, and the general interest in its construction, that the area of assessment should be extended so that the cost of this improvement will be ratably borne by the main beneficiaries therefrom. Respectfully submitted,

AMERICAN DOCK AND TRUST COMPANY,
A. B. POUCH, President.

Report No. 12548. May 8, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from Messrs. Philbin, Beekman, Menken & Griscom, bearing date of February 25, 1913, presenting, on behalf of the American Dock and Trust Company, a petition requesting the enlargement of the assessment area fixed in the matter of the proceeding for acquiring title to Cotton street, from Arrietta street to Griffin street, in the Borough of Richmond.

Cotton street, with a width of 50 feet and a length of one block, or about 400 feet, was placed upon the City map on July 29, 1910, in order to provide an adequate outlet for water-front traffic along the line of Arrietta street west of the Staten Island Rapid Transit Railway, the grade fixed for the adjoining section of Arrietta street on the west being objectionably steep. A proceeding for acquiring title to this street was authorized on June 15, 1911, as a result of a petition for the improvement presented by the American Dock and Trust Company and by William Butler Duncan to the Local Board having jurisdiction, both of which petitioners further requested that steps be taken for physically improving the street. The rule and damage maps in the opening proceeding were approved on January 25, 1912; they show that the proceeding relates to an area of 21,744 square feet, of which 4,563 square feet fall within the lines of an old street, which, it is assumed, has been dedicated to public use. The Commissioners of Estimate and Assessment filed their oaths on May 4, 1912, but have not yet prepared their preliminary report.

At the office of the Bureau of Street Openings I am informed that the property owners have presented damage claims aggregating about $26,234, and that the evidence offered on behalf of the City is based on a recognition of damage to the extent of $11,563. I am also informed that it is proposed to make awards to the amount of about $183 for the apparently dedicated portions of the street. It appears that the buildings have been removed by the owners and that no allowance is to be made for the two frame stables which encroached upon the street at the time when the proceeding was authorized. The incidental expense incurred in the proceeding up to the present time is about $2,500.

At the meeting of March 21, 1912, a protest against any local assessment in the matter of this proceeding was submitted to the Board by the vice-president of the American Dock and Trust Co., the petition being based on an allegation that the steep grade in the section of Arrietta street which was to be replaced by Cotton street had been occasioned as a result of carrying out the St. George Ferry improvement, and that the property owned by the company was used as a freight terminal of general interest. The Board was, therefore, asked to apportion the assessment in the same method as was used in the case of the ferry improvement, under which 70 per cent. was placed upon the City and the remainder upon the Borough, while at the same time a protest was made against the recognition of a benefit area of lesser extent than the entire Borough. This petition was denied.

The petitioners now reiterate their allegation that the improvement is of general benefit to the Borough, but, more particularly, to a local area indicated on a plan accompanying the petition, this including a large amount of adjoining territory, which, it is stated, will be benefited by reason of the large amount of merchandise landed at the water-front and intended for the use of owners of property in the vicinity. It is also claimed that the extension of the benefit district, to include a greater amount of water-front property, is justified by reason of the location of the street, the cost of acquiring which, the petitioner states, will fall almost wholly upon his property unless the district is extended.

Under the rules generally observed by the Commissioners acting in opening proceedings, the major portion of the expense is placed upon the property abutting directly upon the street to be opened, none of which, in this instance, appears to belong to the American Dock and Trust Company. It is also generally understood that where wharfage is provided the owners of such privileges include in their charges to the public all expenses to which they are subjected in maintaining such conveniences, for which reason it would seem manifestly unfair to ask residents of the district, who will not be benefited other than through such an indirect method, to assume a portion of the expense of the improvement which is clearly intended to enhance the value of the petitioners' property.

I would, therefore, recommend that the application for a modification in the assessment district be denied.

In connection with this application it might be pertinent to point out that the conditions which will result from the acquiring and improvement of Cotton street must inevitably be of a more or less temporary character for the reason that they involve the use of a railroad crossing at grade. Under the tentative plans which have been submitted relative to the mapping of this portion of the Borough, it is planned to elevate the railroad in the section south of Arrietta street and to retain the present grade in the tunnel section through the Government property on the north, which treatment would prevent any radical modification in the railroad grade at the Arrietta street intersection, the elevation of which will necessitate the carrying of the street over the railroad whenever the grades are separated and of here giving the street an elevation permitting of a direct connection with the St. George Ferry approach along the old lines. When the street was mapped, the carrying out of such a plan was impracticable, owing to the lack of State appropriations for work

of this character, but since this time money for similar purposes has been made available and the railroad companies have generally indicated a readiness to join the City in carrying out grade crossing elimination improvements to the extent of waiving what appears to be their statutory right to insist upon the entire giving way of the streets to the existing railroad grade. In case a plan could be developed for the elimination of the Arrietta street crossing, I believe that the object sought under the Cotton street improvement would be accomplished, and I would, therefore, suggest that the petitioners take up this question with the Borough President with a view to the preparation of a suitable plan along these lines, and with the understanding that in case such a plan can be carried out the Cotton street proceeding would be abandoned upon payment to the City by the property owners, of a sum identical with that expended by the City up to the date of discontinuance. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Mr. S. Stanwood Menken appeared in support of the petition.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby denies the petition dated February 21, 1913, submitted by the American Dock and Trust Company, requesting an enlargement of the district of assessment in the proceeding authorized by the said Board on June 15, 1911, for acquiring title to Cotton street, from Arrietta street to Griffin street, Borough of Richmond.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

—

The Secretary was then directed to notify the petitioners that they might properly take up with the President of the Borough of Richmond the question of raising the grade of Arrietta street in order to secure the removal of an existing railroad grade crossing, with the understanding that in case a suitable plan can be agreed upon the opening proceeding will be discontinued upon payment to the City by the property owners of an amount equivalent to the total expense incurred up to the date of discontinuance.

The Secretary presented the following report of the Chief Engineer:

Report No. 12522. May 8, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of April 25, 1913, presenting for consideration that portion of the damage map and profile in the Fort Schuyler road opening proceeding extending from Eastern boulevard to Morris lane.

A proceeding for acquiring title to Fort Schuyler road from the lands acquired for West Farms road at Westchester Creek to Shore Drive, was instituted by the Board of Estimate and Apportionment on July 27, 1911. The proceeding was deemed of an urgent nature, and on March 21, 1912, the Board approved the rule map covering the entire area to be acquired, together with the damage map relating to all of the street west of Waterbury avenue. The oaths of the Commissioners of Estimate and Assessment were filed on September 17 following.

On December 12, 1912, the damage map for the section of the street extending from Waterbury avenue to Eastern boulevard was approved, as was also the profile for all of the street west of Eastern boulevard.

Opposition developed on the part of the property owners to acquiring Fort Schuyler road east of Morris lane, which is located about midway between Miles avenue and Lawton avenue near the easterly end, and on March 27 last the proceeding was amended by excluding the short section between Morris lane and Shore Drive. The Commissioner of Public Works has also presented a supplementary rule map showing the land not needed under the proceeding originally contemplated, and which will be used when the court is requested to confirm the amendment made.

The maps now under consideration affect all of the street area for which damage maps and profile maps have not heretofore been approved. They conform in dimensions with the plan under which the street was laid out and indicate that between Eastern boulevard and Morris lane the proceeding affects an area of 653,332.68 square feet. Of this area 7,218.83 square feet has been acquired in connection with an opening proceeding relating to East 177th street, leaving a net area of 646,113.85 square feet to be acquired between the limits named. As previously reported, the proceeding affects a net area of 419,743.98 square feet, which makes the net area included in the entire opening proceeding aggregate 1,065,857.83 square feet. Of this area 582,543.66 square feet fall within the lines of Old Fort Schuyler road, which was referred to in the County Road Book as a highway in the year 1737, and is probably fully dedicated to public use.

In the section now under consideration three buildings encroach upon the street lines, making the total number of such encumbrances amount to thirty-seven. In addition to buildings, porches, steps and fences also fall within the street area.

Portions of the street between Eastern Boulevard and Morris lane are shown on a map filed by the property owners on May 19, 1905.

I would recommend the approval of the maps, and that, after certification, they be forwarded to the Corporation Counsel. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby approves the supplementary rule map in the proceeding for acquiring title to Fort Schuyler road from the easterly boundary line of the land acquired for West Farms road at Westchester Creek to Morris lane; together with the profile and damage map for that portion of the street east of Eastern boulevard, which maps were transmitted to the Board in a communication dated April 25, 1913, from the Commissioner of Public Works, Borough of The Bronx, and which maps are to be used by the Corporation Counsel in the proceeding authorized by the Board on July 27, 1911, for acquiring title to Fort Schuyler road from the easterly boundary of lands acquired for West Farms road at Westchester Creek to Shore drive; and amended on March 27, 1913, so as to relate to Fort Schuyler road from the easterly boundary of the land acquired for West Farms road at Westchester Creek to Morris lane.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Rule Map, Damage Map and Profile in the Proceeding for Acquiring Title to Cooper Street, from the Borough Line to St. Felix Avenue; to Cooper Place, from Wyckoff Avenue to Cypress Avenue; to Covert Street, from the Borough Line to Wyckoff Avenue; to Decatur Street, from the Borough Line to Myrtle Avenue; to Irving Avenue; from the Borough Line to Moffat Street; and to Schaeffer Street, from the Borough Line to Wyckoff Avenue, Borough of Queens (Cal. No. 51).

The Secretary presented the following report of the Chief Engineer:

Report No. 12482. May 2, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of April 15, 1913, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to the following streets: Cooper street, from the Borough line to St. Felix avenue; Cooper place, from Wyckoff avenue to Cypress avenue; Covert street, from the Borough line to Wyckoff avenue; Decatur street, from the Borough line to Myrtle avenue; Irving avenue, from the Borough line to Moffat street; Schaeffer street, from the Borough line to Wyckoff avenue.

A proceeding for acquiring title to these streets was instituted by the Board of Estimate and Apportionment on October 8, 1909, and was amended to conform with certain map changes on December 19, 1912. The maps now presented conform in dimensions with the plan under which the streets have been laid out and indicate that the proceeding affects an area of 518,850.8 square feet, distributed among the various streets as shown in the following table, which also indicates the number of buildings affected:

Streets.	Area Acquired Under Other Opening Proceedings. (Sq. Ft.)	Area Ceded by Property Owners. (Sq. Ft.)	Net Area to Be Acquired Under This Proceeding. (Sq. Ft.)	Number of Buildings Affected.
Cooper street	.....	.....	63,187.4	3
Cooper place	.....	.....	39,833.6	2
Covert street	.....	.....	44,324.4	6
Decatur street	6,672.5	33,185.5	179,555.9	6
Irving avenue	.....	.....	102,815.1	1
Schaeffer street	.....	.....	49,276.4	..
Total	6,672.5	33,185.5	478,992.8	18

Portions of the streets are shown on maps filed by the property owners between May 15, 1855, and January 17, 1895.

In addition to the buildings above noted, porches, steps, fences and greenhouses encroach upon the land to be acquired.

I would recommend the approval of the maps, and that, after certification, they be forwarded to the Corporation Counsel. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby approves the rule map, damage map and profile, submitted by the President of the Borough of Queens, to be used by the Corporation Counsel in the proceeding instituted by said Board on October 8, 1909, for acquiring title to Cooper street, from the Borough line to Cypress avenue; Decatur street, from the Borough line to Myrtle avenue; Schaeffer street, from the Borough line to Wyckoff avenue; Covert street, from the Borough line to Wyckoff avenue (excepting in each case the right of way of the Evergreen branch of the Long Island Railroad); and Irving avenue, from the Borough line to Moffat street, Borough of Queens, which proceeding was amended on December 19, 1912, so as to relate to Cooper street from the Borough line to St. Felix avenue; Cooper place, from Wyckoff avenue to Cypress avenue; Covert street, from the Borough line to Wyckoff avenue; Decatur street, from the Borough line to Myrtle avenue; Irving avenue, from the Borough line to Moffat street; and Schaeffer street, from the Borough line to Wyckoff avenue, as the same are now laid out upon the map or plan of the City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Rule Map, Damage Map and Profile in the Proceeding for Acquiring Title to Onderdonk Avenue, from Metropolitan Avenue to Catalpa Avenue, Borough of Queens (Cal. No. 52).

The Secretary presented the following report of the Chief Engineer:

Report No. 12483. May 2, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Queens, bearing date of April 16, 1913, presenting for consideration the rule map, damage map and profile prepared for the court record and for the use of the Commissioners of Estimate and Assessment to be appointed in the proceeding for acquiring title to Onderdonk avenue, from Metropolitan avenue to Catalpa avenue.

A proceeding for acquiring title to this street was instituted by the Board of Estimate and Apportionment on January 11, 1912, at which time it was shown that west of Flushing avenue the street is located partially within the Borough of Brooklyn and partially within the Borough of Queens, the street being here irregularly traversed by the dividing line.

The maps now presented correspond in dimensions with the plan under which the street has been laid out and indicate that the proceeding affects an area of 460,210.4 square feet. Of this area 14,487.4 square feet has already been acquired in connection with some of the intersecting streets; 3,966.3 square feet is included in an opening proceeding now in progress relating to Madison street, and 109,612.8 square feet has been ceded to the City by the property owners, leaving a net area of 332,143.9 square feet to be acquired under the new proceeding.

The street is in use through the greater portion of the distance affected and a large number of buildings have been erected upon the abutting property, thirty-three of which, together with steps and fences, encroach upon the land to be acquired. Thirty-one of the buildings noted fall only slightly within the street lines, the extent of such encroachments varying from a little over one-half inch to about five inches.

Portions of the street are shown on maps filed by the property owners between July 26, 1880, and November 21, 1908, and also upon other property maps not filed.

I would recommend the approval of the maps and that, after certification, they be forwarded to the Corporation Counsel. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment of the City of New York hereby approves the rule map, damage map and profile, submitted by the President of the Borough of Queens, to be used by the Corporation Counsel in the proceeding instituted by said Board on January 11, 1912, for acquiring title to Onderdonk avenue, from Metropolitan avenue to Catalpa avenue, Borough of Queens.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Modification in the Drainage Plan of District No. 29-N, Borough of Manhattan (Cal. No. 53).

The Secretary presented the following communication from the Secretary to the President of the Borough of Manhattan and report of the Chief Engineer:

City of New York, Office of the President of the Borough of Manhattan, City Hall, December 11, 1912.

Hon. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Sir—By direction of the Borough President, I transmit herewith original and three duplicate copies of (1), the modified drainage plans for Sewerage District 29-M, and (2), the same for Sewerage District 29-N, for which the President asks the approval of the Board. These changes are necessary because of certain minor but necessary changes in grade at Haven avenue and Fort Washington avenue to conform with existing sewers. Requests have been filed with the department for permission to construct sewers under private contracts in 172d and 173d streets in order that the property in that section may be developed in advance of the formal acquisition of the streets by the City. Yours very truly,

JULIAN B. BEATY, Secretary to the President.

Report No. 12441. April 22, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Secretary to the President of the Borough of Manhattan, bearing date of December 11, 1912, requesting the approval of a modification in the drainage plan for District No. 29-N.

This plan relates to the two blocks of West 173d street, between Haven avenue and Fort Washington avenue. The changes are of a minor character and appear to be partially due to modifications which have been made in the grade of this street at a date subsequent to that on which the drainage plan was originally approved.

I can see no reason why the map should not be adopted, and would recommend such action. Respectfully. NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan showing location, sizes and grades of sewers in Sewerage District No. 29-N, being the design for sewers in West 173d street, between Haven avenue and Fort Washington avenue, Borough of Manhattan, bearing the signature of the President of the Borough and dated November 27, 1912.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Alder-

men and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Modification in the Drainage Plan for Sewerage District No. 33-E5, Borough of The Bronx (Cal. No. 54).

The Secretary presented the following communication from the Commissioner of Public Works of the Borough of The Bronx and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, Third avenue and 177th street, April 11, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—I forward herewith, for consideration and adoption by your Board, lithoprint of modified plan of drainage of Sewerage District 33-E5.

This plan discontinues the sewer in Monterey avenue between 179th street and 180th street, and diverts the sewage from Monterey avenue between 180th street and Quarry road into the sewer in East 180th street.

The land bounded by 180th street, Lafontaine avenue, 179th street and 3d avenue is at present owned by the Interborough Railroad Company and occupied by said company as a yard. The company has also erected repair shops on the easterly side of the plot. The structures built by the railroad company are evidently permanent and, therefore, the sewer in Monterey avenue between East 179th street and East 180th street will be unnecessary. Respectfully,

THOMAS W. WHITTLE, Commissioner.

Report No. 12549. May 8, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of April 11, 1913, requesting the approval of a modification in the drainage plan for Sewerage District No. 33-E5.

This plan relates to the sewer in Monterey avenue, between East 178th street and East 180th street, here providing for the omission of a sewer in the northerly block with a corresponding decrease in the size of the southerly block, and also includes provision for diverting the drainage from the adjoining section of Monterey avenue north of East 180th street into the sewer in the latter street. The change is occasioned as a result of the occupancy of Monterey avenue in the block between East 179th street and East 180th street by the yard of the Interborough Railroad Company, which use the Commissioner states will remove the necessity for here constructing a sewer.

Final authorization of the sewer in the block between East 178th street and East 179th street was given by the Board on April 17 last, and is based on constructing it in accordance with the plan now submitted.

The change, in my judgment, is a proper one, and its approval is recommended.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves the modified drainage plan showing location, sizes and grades of sewers in Sewerage District No. 33-E5, Borough of The Bronx, being the design for sewers in Monterey avenue between East 181st and East 180th street, and between East 179th street and East 178th street, bearing the signature of the President of the Borough and dated April 11, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Modification in the Drainage Plan for Sewerage District No. 36-D2, Borough of The Bronx (Cal. No. 55).

The Secretary presented the following communication from the Commissioner of Public Works of the Borough of The Bronx and report of the Chief Engineer:

City of New York, President of the Borough of The Bronx, 3d avenue and 177th street, Office of the Commissioner of Public Works, January 22, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—I forward herewith for consideration and adoption by your Board a lithoprint of drainage plan for Modified Sewerage District No. 36-D2.

This plan provides a sewer to carry the dry weather flow from the area drained by the Tiffany street sewer to the new United States Pierhead Line. Respectfully,

THOMAS W. WHITTLE, Commissioner.

Report No. 12415. April 19, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of The Bronx, bearing date of January 22, 1913, requesting the approval of a modification in the drainage plan for Sewerage District No. 36-D2.

This plan shows an extension of the Tiffany street sewer from a point near the bulkhead line to the pierhead line, designed to intercept the dry weather flow from the outlet now in use and to discharge it through a fully submerged off-shore outlet. The evident effect of carrying out this revision will be to improve the sanitary conditions at the water-front in this vicinity.

In my judgment the plan is a proper one, and its approval is recommended.

Respectfully, NELSON P. LEWIS, Chief Engineer.

LOCAL IMPROVEMENTS—BOROUGH OF MANHATTAN.

(Preliminary Authorization.)

Paving, Curbing and Recurbing West 129th Street, from the Easterly Curb Line of Amsterdam Avenue to a Line 220 Feet Easterly Therefrom, and West 129th Street, from Convent Avenue to a Line 220 Feet East of the Easterly Curb Line of Amsterdam Avenue, Borough of Manhattan (Cal. No. 56).

The Secretary presented the following resolution of the Local Board of the Riverside District, Borough of Manhattan, and report of the Chief Engineer:

In the Local Board of the Riverside District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of the Riverside District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To pave with a permanent sheet asphalt pavement on concrete foundation, curb and recurb 129th street from the easterly curb line of Amsterdam avenue to a line 220 feet east, and to pave with a permanent granite block pavement on concrete foundation, curb and recurb 129th street from a line 220 feet east of the easterly curb line of Amsterdam avenue to Convent avenue, and do all other necessary work incidental thereto; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Riverside District on the 25th day of February, 1913, all the members present voting in favor thereof.

Attest: LOUIS GRAVES, Secretary.

Approved this 27th day of February, 1913.

GEO. McANENY, President of the Borough of Manhattan.

Estimated cost, $6,955; assessed valuation of property benefited, $380,200.

Report No. 12331. April 4, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Riverside District, Borough of Manhattan, adopted on February 25, 1913, initiating proceedings for paving with asphalt (permanent pavement) and curbing and recurbing West 129th street, from the easterly curb line of Amsterdam avenue to a line 220 feet easterly therefrom, and for paving with granite block (permanent pavement) and curbing and recurbing West 129th street, from Convent avenue to a line 220 feet east of the easterly curb line of Amsterdam avenue.

This resolution affects one block or about 500 feet of West 129th street, title to which has been legally acquired. The street is graded and curbed, the abutting property is partially improved, and, with the exception of the gas main, all of the subsurface construction has been provided for.

The work is estimated to cost about $7,000, and the assessed valuation of the property to be benefited is $380,200.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if provision has been made for laying the gas main.

Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Manhattan has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Riverside District, duly adopted by said Board on the 25th day of February, 1913, and approved by the President of the Borough of Manhattan on the 27th day of February, 1913, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To pave with a permanent sheet asphalt pavement on concrete foundation, curb and recurb 129th street from the easterly curb line of Amsterdam avenue to a line 220 feet east, and to pave with a permanent granite block pavement on concrete foundation, curb and recurb 129th street from a line 220 feet east of the easterly curb line of Amsterdam avenue to Convent avenue, and do all other necessary work incidental thereto."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Manhattan to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Manhattan has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Curbing, Recurbing and Paving West 212th Street, from Broadway to 10th Avenue, Borough of Manhattan (Cal. No. 57).

The Secretary presented the following resolution of the Local Board of the Washington Heights District, Borough of Manhattan, and report of the Chief Engineer:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: To regulate and pave with a permanent sheet asphalt pavement on concrete foundation, curb and recurb 212th street from Broadway to 10th avenue, and in connection therewith the furnishing and setting of necessary headerstone, and all other work incidental thereto; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 11th day of March, 1913, all the members present voting in favor thereof.

Attest: LOUIS GRAVES, Secretary.

Approved this 12th day of March, 1913.

Report No. 12025. March 29, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on March 11, 1913, initiating proceedings for curbing, recurbing and paving with asphalt (permanent pavement) West 212th street, from Broadway to 10th avenue.

This resolution affects one block or about 600 feet of West 212th street, title to which has been legally acquired. The street is graded, curbed and flagged; a few buildings have been erected upon the abutting property on the northerly side, and all of the subsurface construction has been provided.

The work is estimated to cost about $5,900, and the assessed valuation of the property to be benefited is $207,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

LOCAL IMPROVEMENTS—BOROUGH OF BROOKLYN.

(Preliminary Authorization).

Sewer in 13th Avenue, from 76th Street to 77th Street, Borough of Brooklyn (Cal. No. 58).

The Secretary presented the following joint resolution of the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, and report of the Chief Engineer:

In the Local Boards of the Bay Ridge and Flatbush Districts.

Whereas, A petition for a local improvement, to wit: To build sewers in 13th avenue, from 73d street to 86th street, where not already done, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board; and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

Resolved, That the Local Boards of the Bay Ridge and Flatbush Districts hereby initiate proceedings to construct a sewer in 13th avenue, between 76th and 77th streets.

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for approval.

Adopted by the Local Boards of the Bay Ridge and Flatbush Districts this 27th day of October, 1910, Commissioner Pounds and Aldermen Heffernan, Kenney, Meagher and Potter voting in favor thereof.

Attest: REUBEN L. HASKELL, Secretary.

Approved on March 20, 1913.

L. H. POUNDS, Acting President, Borough of Brooklyn.

Report No. 12356. April 9, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a joint resolution of the Local Boards of the Bay Ridge and Flatbush Districts, Borough of Brooklyn, adopted on October 27, 1910, initiating proceedings for constructing a sewer in 13th avenue, from 76th street to 77th street.

This resolution affects one short block of 13th avenue, title to which has been legally acquired. The roadway is graded and the abutting property is partially improved. The central portion of the roadway is occupied by a double track trolley railroad. The outlet sewer has been provided for.

The work is estimated to cost about $1,500, and the assessed valuation of the property to be benefited is $41,755.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfuly,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Boards of the Bay Ridge and Flatbush Districts, duly adopted by said Boards on the 27th day of October, 1910, and approved by the President of the Borough of Brooklyn on the 20th day of March, 1913, as follows, to wit:

"Resolved, That the Local Boards of the Bay Ridge and Flatbush Districts hereby initiate proceedings to construct a sewer in 13th avenue, between 76th and 77th streets."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the asessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on April 3, 1913 initiating proceedings for constructing a sewer in 94th street, from Marine avenue to Shore road.

This resolution affects one block or about 600 feet of 94th street, title to which has been legally acquired. The street is regulated and graded, but the abutting property is generally unimproved. The outlet sewer is built.

The work is estimated to cost about $2,200, and the assessed valuation of the property to be benefited is $111,100.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfuly,

NELSON P. LEWIS, Chief Engineer.

Report No. 12485. April 30, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on April 3, 1913, initiating proceedings for constructing sewers in the following streets: 61st street, from 16th avenue to 17th avenue; 62d street, from 15th avenue to 16th avenue; 63d street, from 15th avenue to 17th avenue; 66th street, from 15th avenue to 16th avenue; 67th street, from New Utrecht avenue to 16th avenue; 16th avenue, from 60th street to 66th street. Title to 61st street and to 16th avenue has been legally acquired.

An opening proceeding relating to 62d street, from 10th avenue to 18th avenue, and from Bay parkway to West street, excluding railroad lands, together with 24th avenue, from 62d street to West street, was instituted by the Board of Estimate and Apportionment on April 6, 1911, and the oaths of the Commissioners of Estimate and Assessment were filed on February 3, 1913.

A proceeding relating to 63d street, from New Utrecht avenue to 18th avenue, and from 23d avenue to West street, excluding the right of way of the New York and Sea Beach Railroad, was instituted by the Board of Estimate and Apportionment on October 5, 1911, and the oaths of the Commissioners of Estimate and Assessment were filed on February 3, 1913.

A proceeding relating to 66th street, from 4th avenue to the westerly line of New Utrecht avenue, and from the easterly line of New Utrecht avenue to 22d avenue, excluding the lands of the New York and Sea Beach Railroad, was instituted by the Board on June 18, 1909. and the oaths of the Commissioners of Estimate and Assessment were filed on January 3, 1912.

A proceeding relating to 67th street, from New Utrecht avenue to Bay parkway, was instituted by the Board of Estimate and Apportionment on February 11, 1910, and the oaths of the Commissioners of Estimate and Assessment were filed on June 13, 1912.

Title to the land in each of the above proceedings can be vested in the City at any time.

The resolution now presented affects lengths varying from one long block of 67th street to six short blocks of 16th avenue, aggregating about one mile. With the exception of 66th street and the portion of 16th avenue lying southerly from the tracks of the New York and Sea Beach Railroad located near 64th street, each of these streets is in use and the property abutting upon them is partially improved. The outlet sewers have been provided for.

The work is estimated to cost about $25,000, and the assessed valuation of the property to be benefited is $732.820.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 11803. December 2, 1912,

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on July 10, 1912, initiating proceedings for constructing a sewer in East 10th street, from Avenue K to Avenue L.

A opening proceeding relating to this street, from Foster avenue to Avenue Q, together with East 9th street, from Foster avenue to Avenue T, excluding the land of the Long Island Railroad, was instituted by the Board of Estimate and Apportionment on April 24, 1908, and the Commissioners of Estimate and Assessment filed their oaths on January 28, 1910. On May 18, 1911, the proceeding was amended to conform with a change made in the lines of Foster avenue, and the court order confirming this amendment was filed on November 16 of the same year. Title to the land can therefore be vested in the City at any time.

The resolution now presented affects one block or about 800 feet of East 10th street. The street is graded and partially curbed and flagged on the westerly side for about 200 feet adjoining Avenue K where the abutting property is partially improved. For a short distance adjoining Avenue L a narrow roadway is in use, but the abutting property is here entirely unimproved. In the intervening section the street is not in use and a large frame house falls within its lines. The outlet sewer is provided for.

The work is estimated to cost about $2,800, and the assessed valuation of the property to be benefited is $64,270.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 12489. April 30, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 4, 1911, initiating proceedings for constructing a sewer in East 10th street, from Avenue N to the sewer summit southerly therefrom.

An opening proceeding relating to East 10th street, from Foster avenue to Avenue Q, together with East 9th street, from Foster avenue to Avenue T, excluding lands of the Long Island Railroad, was instituted by the Board of Estimate and Apportionment on April 24, 1908, and the oaths of the Commissioners of Estimate and Assessment were filed on January 28, 1910. On May 18, 1911, the proceeding was amended to conform with a change made in the width of Foster avenue, and the order of the Court confirming this amendment was filed on November 16 of the same year. Title to the land can therefore be vested in the City at any time.

The resolution now presented affects about 300 feet of East 10th street. An approximately graded roadway is in use and the abutting property is partially improved. A favorable report has been prepared upon the necessary outlet sewer in Avenue N.

The work is estimated to cost about $1,000, and the assessed valuation of the property to be benefited is $37,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if the outlet sewer has been provided for. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 4th day of December, 1911, and approved by the President of the Borough of Brooklyn on the 11th day of April, 1913, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to constduct a sewer in East 10th street, from the sewer summit between Avenue N and Avenue O to Avenue N."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Sanitary and Storm Water Sewers in East 12th Street, from Avenue O to Avenue R; in East 13th Street, from Avenue O to Avenue R; in East 14th Street, from Avenue O to Avenue R; in East 15th Street, from Kings Highway to Avenue R, and in Kings Highway, from East 14th Street to Coney Island Avenue, Borough of Brooklyn (Cal. No. 65).

The Secretary presented the following resolution of the Local Board of the Flatbush District, Borough of Brooklyn, and report of the Chief Engineer:

In the Local Board of the Flatbush District.

Whereas, A petition for a local improvement, to wit: To construct lateral sewer in East 12th street, from Kings Highway to Avenue R, in East 14th street, from Avenue O to Avenue R, and in Kings Highway, from East 14th street to Coney Island avenue, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board, at which meeting the said petition would be submitted by him to the said Local Board; and

Whereas, The said petition was duly submitted thereafter to the said Local Board; now, therefore, it is

Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to construct storm water sewers and sanitary sewers in East 12th street, East 13th street and East 14th street, each from Avenue O to Avenue R; in East 15th street, from Kings Highway to Avenue R, and in Kings Highway, from East 14th street to Coney Island avenue.

Adopted by the Local Board of the Flatbush District on the 3d day of April, 1913, Commissioner Pounds and Aldermen Bosse and Morrison voting in favor thereof.

Report No. 12484. April 30, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on April 3, 1913, initiating proceedings for constructing sanitary and storm water sewers in the following streets: East 12th street, from Avenue O to Avenue R; East 13th street, from Avenue O to Avenue R; East 14th street, from Avenue O to Avenue R; East 15th street, from Kings highway to Avenue R; Kings highway, from East 14th street to Coney Island avenue. Title to East 12th street, East 13th street and East 15th street has been legally acquired.

An opening proceeding relating to East 14th street, from Avenue D to Foster avenue, from Avenue H to Kings highway, and from Avenue V to Gravesend Neck road, together with a number of other streets, in each case excluding railroad lands, was instituted by the Board of Estimate and Apportionment on February 28, 1908, and the oaths of the Commissioners of Estimate and Assessment were filed on November 22, 1911. On October 17, 1912, the proceeding was amended in certain particulars not affecting the section now under consideration, and title to the land, where necessary, can therefore be vested in the City at any time.

A proceeding relating to Kings highway, from Ocean parkway to Flatbush avenue, together with a number of other streets, was instituted by the Board of Estimate and Apportionment on December 15, 1910. The oaths of the Commissioners of Estimate and Assessment in this proceeding were filed on November 22, 1911, and title to the land can here also be vested in the City at any time.

The resolution now presented affects one block of East 15th street and three blocks of each of the remaining streets, aggregating a length of nearly two miles. Each of the streets is in use and the abutting property is partially improved. The outlet sewer in Coney Island avenue has been provided for and preliminary authorization was recently given for those needed in Avenue P, Avenue R and Kings highway.

The work is estimated to cost about $50,000, and the assessed valuation of the property to be benefited is $2,489,900.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if the outlet sewers have been provided for. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 3d day of April, 1913, and approved by the President of the Borough of Brooklyn on the 8th day of April, 1913, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to construct storm water sewers and sanitary sewers in East 12th street, East 13th street and East 14th street, each from Avenue O to Avenue R; in East 15th street, from Kings Highway to Avenue R, and in Kings Highway, from East 14th street to Coney Island avenue."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Sewer in Riverdale Avenue, from Ames Street to Douglass Street, Borough of Brooklyn (Cal. No. 66).

The Secretary presented the following resolution of the Local Board of the New Lots District, Borough of Brooklyn, and report of the Chief Engineer:

In the Local Board of the New Lots District.

Resolved, That the Local Board of the New Lots District, Borough of Brooklyn, after duly advertised hearing had this 30th day of June, 1910, hereby initiates proceedings to construct a sewer in Riverdale avenue, between Ames street and Douglass street.

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for approval.

Adopted by the Local Board of the New Lots District this 30th day of June, 1910, Commissioner Pounds and Aldermen Eichhorn, Grimm and Drescher voting in favor thereof.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on June 30, 1910, initiating proceedings for constructing a sewer in Riverdale avenue, from Ames street to Douglass street.

This resolution affects one short block of Riverdale avenue, title to which has been legally acquired. The street is graded, curbed and flagged, but the abutting property is entirely unimproved. A favorable report has been prepared upon the continuing outlet sewer in Douglass street.

The work is estimated to cost about $1,100, and the assessed valuation of the property to be benefited is $7,860.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if the outlet sewer has been provided for.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Report No. 11851. December 4, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on October 9, 1912, initiating proceedings for

grading, curbing and flagging 80th street, from 18th avenue to Bay parkway, and from 23d avenue to Stillwell avenue.

This resolution affects five blocks or about 3,400 feet of 80th street, which the Corporation Counsel has advised is dedicated to public use. The roadway is macadamized and the abutting property is partially improved.

In the westerly block the grades heretofore established for the street appear to be too flat to provide adequate surface drainage, but the further investigation as to the practicability of removing this objection can be advantageously made in connection with the preliminary work.

The work is estimated to cost about $9,500, and the assessed valuation of the land to be benefited is $318,650.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if any necessary changes in the street grade have been effected. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on July 10, 1912, initiating proceedings for grading, curbing and flagging 81st street, from 21st avenue to Stillwell avenue.

An opening proceeding relating to this street, from 14th avenue to Stillwell avenue, excluding the land occupied by the tracks of the Brooklyn, Bath and West End Railroad, was instituted by the Board of Estimate and Apportionment on June 19, 1908. The oaths of the Commissioners of Estimate and Assessment were filed on August 9, 1912, and title to the land can be vested in the City at any time.

The resolution now presented affects three long blocks of 81st street. An approximately graded roadway is in use and the abutting property is partially improved.

The work is estimated to cost about $5,800, and the assessed valuation of the land to be benefited is $196,800.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Report No. 12371. April 14, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is tranmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on November 14, 1912, initiating proceedings for grading, curbing and flagging where necessary East 22d street, from Avenue M to Kings highway.

An opening proceeding relating to this street between the limits named, together with a number of other streets, was instituted by the Board of Estimate and Apportionment on April 18, 1912, through the amendment of a proceeding affecting Avenue N, which was instituted on January 15, 1909. The oaths of the Commissioners of Estimate and Assessment were filed on February 3, 1913, and title to the land can be vested in the City at any time.

The resolution now presented affects three blocks or about one-half mile of East 22d street. The street is approximately graded through the greater portion of the two southerly blocks, but the abutting property is generally unimproved. At Avenue N it crosses the old village of South Greenfield, and a number of buildings inconsistent with the street here fall within its lines.

The work is estimated to cost about $11,100, and the assessed valuation of the land to be benefited is $166,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfuly,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 14th day of November, 1912, and approved by the President of the Borough of Brooklyn on the 20th day of December, 1912, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District hereby initiates proceedings to regulate, grade, set cement curb and lay cement sidewalks on East 22d street, where not already done, from Avenue M to Kings highway."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Report No. 12076. January 28, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on December 5, 1912, initiating proceedings for grading, curbing and flagging Tapscott street, from East New York avenue to East 98th street.

An opening proceeding relating to this street from East New York avenue to East 98th street, together with a number of other streets, was instituted by the Board of Estimate and Apportionment on April 10, 1908, and the oaths of the Commissioners of Estimate and Assessment were filed on July 30, 1910. On December 14, 1911, the proceeding was amended to conform with a map change under which Old Hunterfly road was incorporated upon the City plan, and by making Clarkson avenue the southerly limit of the proceeding insofar as it affected Tapscott street. The court order confirming this amendment was filed on July 10, 1912, and title to the land where necessary can be vested in the City at any time.

The resolution now presented affects four blocks or about 2,100 feet of Tapscott street. The street is not in use and the abutting property is entirely unimproved.

The work is estimated to cost about $8,900, and the assessed valuation of the land to be benefited is $49,000.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 12543 May 12, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment;*

Sir—At the meeting of the Board of Estimate and Apportionment held on October 3, 1912, and in accordance with a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on May 23, 1912, preliminary authorization was granted for grading, curbing and flagging Chester street, from Riverdale avenue to Stanley avenue.

The work was estimated to cost about $9,300, and the assessed valuation of the land to be benefited was stated to be $175,100.

Objections subsequently developed to carrying out this improvement south of Hegeman avenue, and the Local Board accordingly on April 16 last adopted a new resolution, which is herewith transmitted, for regulating and grading this street from Riverdale avenue to Hegeman avenue only.

Between the limits named the street comprises three blocks or about 1,600 feet, title to which, under an opening proceeding now in progress, can be vested in the City at any time. The street is in use in the two northerly blocks and a portion of the curbing and flagging has here been provided.

As now contemplated the work is estimated to cost about $4,200, and the assessed valuation of the land to be benefited is $110,250.

In my judgment the amendment proposed is a proper one, and I would recommend that it be approved. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby amends the resolution adopted by the Board on October 3, 1912, granting preliminary authorization for regulating, grading, setting cement curb and laying cement sidewalks on Chester street, from Riverdale avenue to Stanley avenue, where necessary, Borough of Brooklyn, so as to relate to Chester street, from Riverdale avenue to Hegeman avenue, where necessary, the amended resolution to read as follows:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the New Lots District, duly adopted by said Board on the 16th day of April, 1913, and approved by the President of the Borough of Brooklyn on the 7th day of May, 1913, as follows, to wit:

"Resolved, That the Local Board of the New Lots District hereby amends resolution of May 23, 1912, initiating proceedings to regulate, grade, set cement curb and lay cement sidewalks on Chester street, from Riverdale avenue to Stanley avenue, where necessary, by excluding therefrom that portion of Chester street from Hegeman avenue to Stanley avenue, so as to make the amended resolution read as follows:

"To regulate, grade, set cement curb and lay cement sidewalks on Chester street, from Riverdale avenue to Hegeman avenue, where necessary."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Regulating, Grading and Paving Dumont Avenue, From Powell Street to Junius Street, Borough of Brooklyn (Cal. No. 75).

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on July 25, 1912, initiating proceedings for paving with asphalt (preliminary pavement) 46th street from 7th avenue to 8th avenue.

This resolution affects one block, or about 700 feet of 46th street, title to which has been legally acquired. The street is graded, curbed and flagged, but the abutting property is almost entirely unimproved. All of the subsurface construction has been provided.

The work is estimated to cost about $4,700, and the assessed valuation of the land to be benefited is $57,800.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Bay Ridge District, duly adopted by said Board on the 25th day of July, 1912, and approved by the President of the Borough of Brooklyn on the 1st day of November, 1912, as follows, to wit:

"Resolved, That the Local Board of the Bay Ridge District hereby initiates proceedings to lay a preliminary asphalt pavement on a 4-inch concrete foundation on 46th street, from 7th avenue to 8th avenue;"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Report No. 11846. December 4, 1912.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on October 9, 1912, initiating proceedings for paving with asphalt (preliminary pavement) 75th street, from 13th avenue to 15th avenue.

An opening proceeding relating to this street from 10th avenue to the westerly line of New Utrecht avenue, and from the easterly line of New Utrecht avenue to 22d avenue, together with a number of other streets, was instituted by the Board of Estimate and Apportionment on March 26, 1909. The oaths of the Commissioners of Estimate and Assessment were filed on November 22, 1911, and title to the land, where necessary, can be vested in the City at any time.

The resolution now presented affects two blocks or about 1,400 feet of 75th street. The street is graded, curbed and flagged; the abutting property is partially improved, and all of the subsurface construction has been provided.

The work is estimated to cost about $16,000, and the assessed valuation of the land to be benefited is $166,200.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 12516. May 7, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment*

Sir—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on October 9, 1912, initiating proceedings for paving with asphalt (permanent pavement) West 17th street from Surf avenue to Neptune avenue, and with granite block pavement (permanent pavement) from Neptune avenue to Coney Island Creek.

This resolution affects a little over three blocks, or about 2,200 feet of West 17th street, title to which has been legally acquired. The street is graded, curbed, and flagged; the abutting property is partially improved; and all of the subsurface construction has been provided for.

In the year 1900 the roadway was macadamized, the expense of this improvement being paid for from the common lands fund of the late town of Gravesend, and the cost of the work now under consideration can therefore properly be assessed directly against the property owners.

The work is estimated to cost about $21,100, and the assessed valuation of the land to be benefited is $391,900.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Report No. 12314. April 3, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on December 19, 1912, initiating proceedings for paving with asphalt (preliminary pavement) Riverdale avenue from Rockaway avenue to Junius street.

This resolution affects eight short blocks of Riverdale avenue, title to which has been established. The street is graded, curbed, and flagged; the abutting property is partially improved; and, with the exception of a portion of the gas main, all of the subsurface construction has been provided for. In the block between Christopher avenue and Sackman street the entire frontage on the southerly side is occupied by the New Lots playground.

The work is estimated to cost about $16,000, and the assessed valuation of the land to be benefited is $429,600.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if arrangements have been made for completing the gas main. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the New Lots District, duly adopted by said Board on the 19th day of December, 1912, and approved by the President of the Borough of Brooklyn on the 4th day of February, 1913, as follows, to wit:

"Resolved, That the Local Board of the New Lots District hereby amends resolution of March 15, 1912, initiating proceedings to pave Riverdale avenue with asphalt on concrete foundation, from Rockaway avenue to Junius street, by providing for a preliminary asphalt pavement on a four-inch concrete foundation, so as to make the amended resolution read as follows: 'To lay a preliminary asphalt pavement on a four-inch concrete foundation on Riverdale avenue, from Rockaway avenue to Junius street,'"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Approved on May 8, 1913.

L. H. POUNDS, Acting President, Borough of Brooklyn.

Report No. 12538. May 9, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the New Lots District, Borough of Brooklyn, adopted on April 16, 1913, initiating proceedings for paving with asphalt (preliminary pavement) Ames street, from Sutter avenue to Blake avenue.

This resolution affects one block, or about 500 feet, of Ames street, title to which has been legally acquired. The street is graded, curbed and flagged; the abutting property is largely improved, and all of the subsurface construction has been provided for.

The work is estimated to cost about $3,600, and the assessed valuation of the land to be benefited is $36,675.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Brooklyn has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the New Lots District, duly adopted by said Board on the 16th day of April, 1913, and approved by the President of the Borough of Brooklyn on the 8th day of May, 1913, as follows, to wit:

"Resolved, That the Local Board of the New Lots District hereby initiates proceedings to lay a preliminary asphalt pavement on a four-inch concrete foundation on Ames street, from Sutter avenue to Blake avenue."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Brooklyn to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Brooklyn has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

LOCAL IMPROVEMENTS—BOROUGH OF THE BRONX.

(Preliminary Authorization.)

Report No. 12437. April 24, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Van Courtlandt District, Borough of The Bronx, adopted on March 18, 1913, initiating proceedings for grading, curbing and flagging Newton avenue, from West 253d street to West 260th street.

A proceeding for acquiring title to this street between the limits named was instituted by the Board of Estimate and Apportionment on January 11, 1912. The oaths of the Commissioners of Estimate and Assessment were filed on March 6, 1913, and title to the land can be vested in the City at any time.

The resolution now presented affects six blocks or about 2,100 feet of Newton avenue. The street is in use only for a short distance adjoining Mosholu avenue on the south and West 253d street on the north, and the abutting property is generally unimproved. A building fronting on West 254th street falls largely within the street lines.

The work is estimated to cost about $44,700, and the assessed valuation of the property to be benefited is $330,230.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

LAWRENCE GRESSER, President of the Borough of Queens.

Report No. 12407. April 19, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Jamaica District, Borough of Queens, adopted on March 3, 1911, initiating proceedings for constructing sewers in the following streets: Cypress avenue (California avenue), from 17th street (Elton street) to 23d street (Kendall place); 20th street (Haydock street), from Franconia avenue to Cypress avenue (California avenue).

The Corporation Counsel has advised that 20th street is dedicated to public use.

An opening proceeding relating to Cypress avenue, from 16th street to Broadway, was instituted by the Board of Estimate and Apportionment on April 19, 1907, and the oaths of the Commissioners of Estimate and Assessment were filed on April 27, 1909. Because of certain inconsistencies in the district of assessment this proceeding was amended on June 13, 1912, so as to relate to this street, from 16th street to the center line of Broadway, and the court order confirming this amendment was filed on December 17, 1912. Title to the land can, therefore, be vested in the City at any time.

The resolution now presented affects one long block of 20th street, and six short blocks of Cypress avenue, aggregating about 2,300 feet. The streets are in use and a few buildings have in each case been erected upon the abutting property.

The flow from these sewers will be delivered into the existing sewer in 17th street, with a temporary outfall at the foot of Oak avenue. The approved drainage plan, however, provides a separate system beyond the intersection of Cypress avenue and 17th street, at which point the dry weather flow will ultimately be diverted into a sanitary trunk following the lines of 17th street, Queens avenue, Parsons avenue, etc., with a final outfall at the foot of Amity street. Local Board resolutions for constructing this sewer are now before the Board awaiting consideration, but cannot be approved for the reason that title is lacking in Amity street. A number of sewers have recently been given preliminary authorization, the flow from which will be temporarily discharged at the foot of Oak avenue, and when these are built, it is probable that a nuisance will be quickly created. It is desirable, therefore, that the construction of the sanitary outlet sewer be undertaken at as early a date as practicable, and to expedite this, it would seem necessary to immediately provide for the acquisition of title to Amity street. If such a course is followed there would seem to be no reason to defer the consideration of the resolution now presented.

The work is estimated to cost about $15,700, and the assessed valuation of the property to be benefited is $3,442,462.

In my judgment, the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract.

I would also recommend that the attention of the Borough President be directed to the advisability of taking such steps as are necessary to establish the City's title in Amity street, from Wateredge avenue to Lawrence street, so that the construction contemplated under the approved drainage plan may be carried out without undue delay, Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 3d day of March, 1911, and approved by the President of the Borough of Queens on the 10th day of March, 1911, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct a sewer and appurtenances in Cypress avenue, from 17th street to 23d street; and in 20th street, from Franconia avenue to Cypress avenue, 3d Ward of the Borough of Queens."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was then directed to call the attention of the President of the Borough of Queens to the advisability of taking such steps as are necessary to establish the City's title to Amity street, from Wateredge avenue to Lawrence street, so that the construction contemplated under the approved drainage plan may be carried out without undue delay.

Sewers in Liberty Avenue, from Nebraska Avenue to Van Wyck Avenue; in Nebraska Avenue, from Liberty Avenue to Garden Street; in Van Wyck Avenue, from Liberty Avenue to Atlantic Avenue; in Chichester Avenue, from Maure Avenue to Van Wyck Avenue; in Beaufort Avenue, from Maure Avenue to Van Wyck Avenue; and in Jerome Avenue, from Maure Avenue to Van Wyck Avenue, Borough of Queens (Cal. No. 91).

The Secretary presented the following resolution of the Local Board of the Jamaica District, Borough of Queens, and report of the Chief Engineer:

In the Local Board of the Jamaica District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Report No. 12143. February 19, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Jamaica District, Borough of Queens, adopted on May 3, 1912, initiating proceedings for constructing sewers in the following streets: Liberty avenue, from Nebraska avenue to Van Wyck avenue; Nebraska avenue, from Liberty avenue to Garden street; Van Wyck avenue, from Liberty avenue to Atlantic avenue; Chichester avenue, from Maure avenue to Van Wyck avenue; Beaufort avenue, from Maure avenue to Van Wyck avenue; Jerome avenue, from Maure avenue to Van Wyck avenue. Title to Jerome avenue and to Liberty avenue for a sufficient width to permit of carrying out the desired construction has been legally acquired, and the Corporation Counsel has advised that each of the remaining streets is dedicated to public use through all or a portion of its width.

The resolution affects lengths varying from five blocks, or about 1,400 feet of Chichester avenue, to six blocks, or about 2,200 feet of Van Wyck avenue, aggregating a little less than two miles. Each street is in use and the area traversed is partially improved. The central portion of the roadway in Liberty avenue is occupied by a double track trolley railroad. The outlet sewer was recently granted preliminary authorization.

The work is estimated to cost about $50,000, and the assessed valuation of the property to be benefited is $941,175.

In my judgment the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract, with the understanding that the construction will then be authorized if the outlet sewer has been provided for. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 3d day of May, 1912, and approved by the President of the Borough of Queens on the 23d day of May, 1912, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in Liberty avenue, from Nebraska avenue to Van Wyck avenue; Nebraska avenue, from Liberty avenue to Garden street, Van Wyck avenue, from Liberty avenue to Atlantic avenue; Chichester avenue, from Maure avenue to Van Wyck avenue; Beaufort avenue, from Maure avenue to Van Wyck avenue; and in Jerome avenue, from Maure avenue to Van Wyck avenue, 4th Ward of the Borough of Queens."

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on October 15, 1908, initiating proceedings for grading, curbing and flagging Jefferson avenue, from the Brooklyn Borough line to Cypress avenue.

An opening proceeding relating to this street between the limits named, together with a number of other streets, excluding the right-of-way of the Evergreen branch of the Long Island Railroad, was instituted by the Board of Estimate and Apportionment on September 24, 1909, and was amended to conform with certain map changes on March 23, 1911. The oaths of the Commissioners of Estimate and Assessment were filed on October 14, following, and title to the land can be vested in the City at any time.

The resolution now presented affects a little less than two blocks, or about 1,300 feet of Jefferson avenue. An approximately graded roadway is in use and the abutting property is partially improved.

The work is estimated to cost about $7,000, and the assessed valuation of the property to be benefited is $166,300.

In my judgment, the resolution is a proper one, and I would recommend that the Borough President be authorized to have the work performed which is required prior to placing the improvement under contract. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The prelinmary work for this improvement was authorized by the Board of Estimate and Apportionment on February 20, 1913, at which time information was presented to show that its probable cost would be about $56,000. The Borough President states that the time to be allowed for the completion of the improvement is 175 days, and that the expense incurred for the preliminary work amounts to $386.05.

The work to be done comprises the following: 793 linear feet 72-inch brick sewer, 887 linear feet 60-inch brick sewer, 848 linear feet 54-inch brick sewer, 905 linear feet 48-inch brick sewer, 237 linear feet 42-inch brick sewer, 87 linear feet 30-inch brick sewer, 30 linear feet 24-inch pipe sewer, 62 linear feet 22-inch pipe sewer, 30 linear feet

20-inch pipe sewer, 2,555 linear feet 18-inch pipe sewer, 905 linear feet 15-inch pipe sewer, 286 linear feet 12-inch pipe sewer, 282 linear feet 8-inch pipe sewer, 30 manholes, 6 receiving basins. The cost of the improvement is now estimated to be $65,000.

16. Grading, curbing and flagging East 35th street, from Linden avenue to Church avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on April 17, 1913, at which time information was presented to show that its probable cost would be about $2,200. The Borough President states that the time to be allowed for the completion of the improvement is 25 days, and that the expense incurred for the preliminary work amounts to $27.26.

The work to be done comprises the following: 390 cubic yards excavation, 1,280 linear feet cement curbing, 6,230 square feet cement sidewalk. The cost of the improvement is now estimated to be $1,900.

17. Grading, curbing and flagging East 14th street, from Avenue U to Avenue V.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on April 3, 1913, at which time information was presented to show that its probable cost would be about $2,300. The Borough President states that the time to be allowed for the completion of the improvement is 45 days, and that the expense incurred for the preliminary work amounts to $47.91.

The work to be done comprises the following: 4,150 cubic yards filling, 1,510 linear feet cement curbing, 7,320 square feet cement sidewalk. The cost of the improvement is now estimated to be $4,500.

I see no reason why the construction work required to carry out these improvements should not be authorized and would recommend such action.

I would also recommend that title be vested in the City on July 1, 1913, to the following streets:

Avenue O, from the westerly line of the former Village of South Greenfield at intersection of East 23d street to East 26th street.

Avenue O, from the westerly line of East 26th street to Kings Highway.

Kings Highway, from the southerly line of Avenue O to the northerly line of Avenue N, and from the westerly line of East 14th street to the easterly line of East 16th street. Respectfully, NELSON P. LEWIS, Chief Engineer.

The Secretary presented the following report of the Chief Engineer, relating to Cal. Nos. 112 to 114:

Report No. 12553. May 12, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith are transmitted communications from the President of the Borough of Brooklyn, advising that all of the conditions which it is the practice of the Board to impose prior to the final authorization of local improvements have been complied with in the matter of the following:

1. Paving with asphalt (preliminary pavement) Ames street, from Sutter avenue to Blake avenue.

The Borough President states that the time to be allowed for the completion of this improvement is thirty days, and that no charges have been made against the Street Improvement Fund.

The work to be done comprises the laying of 1,735 square yards of asphalt pavement, at an estimated cost of $3,800.

2. Paving with asphalt (preliminary pavement) Riverdale avenue, from Rockaway avenue to Junius street.

The Borough President states that the time to be allowed for the completion of this improvement is thirty-five days, and that no charges have been made against the Street Improvement Fund.

The work to be done comprises the laying of 7,740 square yards of asphalt pavement, at an estimated cost of $15,200.

3. Paving with asphalt (permanent pavement) West 17th street, from Surf avenue to Neptune avenue, and with granite block (permanent pavement) from Neptune avenue to Coney Island Creek.

The Borough President states that the time to be allowed for the completion of this improvement is thirty days, and that no charges have been made against the Street Improvement Fund.

The work to be done comprises the following: 4,310 square yards asphalt pavement, 2,530 square yards granite block pavement. The cost of the improvement is estimated to be $20,400.

Reports recommending the preliminary authorization of these improvements have already been prepared and are now before the Board for consideration. Assuming that they will meet with approval, there seems to be no reason to prevent the final authorization now requested. Respectfully,

NELSON P. LEWIS, Chief Engineer.

Regulating and Grading Chester Street, From Riverdale Avenue to Hegeman Avenue, Brooklyn.

Vesting Title to Chester Street, From Riverdale Avenue to Hegeman Avenue, Brooklyn (Cal. No. 115).

The Secretary presented the following report of the Chief Engineer:

Report No. 12544. May 12, 1913.

Hon. William J. Gaynor, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith is transmitted a communication from the President of the Borough of Brooklyn, advising that all of the conditions which it is the practice of the Board to impose prior to the final authorization of local improvements have been complied with in the matter of grading, curbing and flagging Chester street, from Riverdale avenue to Hegeman avenue.

A report recommending the amendment of a resolution adopted on October 3, 1912, for a similar improvement affecting this street between Riverside avenue and Stanley avenue by the exclusion of the two blocks south of Hegeman avenue, is now before the Board awaiting consideration.

Assuming that it will meet with approval, there seems to be no reason to prevent the final authorization now requested, and such action is recommended.

The Borough President states that the time to be allowed for the completion of the improvement is forty days, and that charges amounting to $189.87 have been made against the Street Improvement Fund.

The work to be done comprises the following: 1,630 cubic yards of excavation; 2,490 linear feet of cement curbing; 12,970 square feet cement sidewalk. The cost of the improvement is now estimated to be $4,100.

I would also recommend that on July 1, 1913, title be vested in the City to all of the land needed for Chester street, from Riverdale avenue to Hegeman avenue, where not already ceded. Respectfully, NELSON P. LEWIS, Chief Engineer.

The following was offered:

Whereas, The Board of Estimate and Apportionment on the 10th day of April, 1908, adopted a resolution requesting the Corporation Counsel to institute proceedings to acquire title, in fee wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Saratoga avenue, from Pitkin avenue to East 98th street; Douglass street, from Sutter avenue to East 98th street; Ames street, from Sutter avenue to East 98th street; Amboy street, from Blake avenue to East 98th street; Hopkinson avenue, from Blake avenue to East 98th street; Bristol street, from a point about 125 feet south of Blake avenue to Dumont avenue; Bristol street, from a point about 260 feet north of Newport avenue to East 98th street, and Chester street, from Riverdale avenue to East 98th street, Borough of Brooklyn, City of New York, which proceeding was amended February 23, 1911, by the exclusion of the block of Chester street, between Stanley avenue and East 98th street, and further amended June 29, 1911, by including an additional block of Amboy street, and

Whereas, Commissioners of Estimate have been appointed by the Supreme Court, in proceedings to acquire title to said streets, and the oaths of said Commissioners of Estimate were duly filed as required by law on the 7th day of March, 1912; be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of July, 1913, the title in fee to each and every piece or parcel of land lying within the lines of said Chester street, from Riverdale avenue to Hegeman avenue, in the Borough of Brooklyn, City of New York, so required, shall be vested in The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following was offered:

A copy of a resolution of the Local Board of the New Lots District, duly adopted by said Board on the 16th day of April, 1913, and approved by the President of the Borough of Brooklyn on the 7th day of May, 1913, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the New Lots District hereby amends resolution of May 23, 1912, initiating proceedings to regulate, grade, set cement curb and lay cement sidewalks on Chester street, from Riverdale avenue to Stanley avenue, where necessary, by excluding therefrom that portion of Chester street, from Hegeman avenue to Stanley avenue, so as to make the amended resolution read as follows:

"To regulate, grade, set cement curb and lay cement sidewalks on Chester street, from Riverdale avenue to Hegeman avenue, where necessary."

—and

Whereas, On the 3d day of October, 1912, and the 15th day of May, 1913, resolutions having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Brooklyn to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Brooklyn had submitted certain statements as provided in the said resolutions, and the said resolutions having been duly complied with by the President of the Borough of Brooklyn, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of $4,100; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of $110,250 having also been presented; it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

LOCAL IMPROVEMENTS—BOROUGH OF THE BRONX.

(Final Authorization.)

The Secretary presented the following report of the Chief Engineer, relating to Cal. Nos. 116 to 125:

Report No. 12552. May 12, 1913.

Hon. William J. Gaynor, Mayor, Chairman of the Board of Estimate and Apportionment:

Sir—Herewith are transmitted communications from the President of the Borough of The Bronx, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with:

1. Paving with granite block (permanent pavement), where the grade is more than 6 per cent., and with asphalt block (permanent pavement) where the grade is less than 6 per cent., Bailey avenue, from Albany road, at West 234th street, to Fort Independence street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on February 20, 1913, at which time information was presented to show that its probable cost would be about $9,900. The Borough President states that the time to be allowed for the completion of the improvement is 40 days, and that the expense incurred for the preliminary work amounts to $27.79.

The work to be done comprises the following: 475 square yards asphalt block pavement, 1,520 square yards granite block pavement. The cost of the improvement is now estimated to be $9,900.

2. Paving with asphalt and asphalt block, where not already paved (permanent pavement), Longwood avenue, from Southern boulevard to Westchester avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on February 20, 1913, at which time information was presented to show that its probable cost would be about $8,400. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to $24.32.

The work to be done comprises the following: 1,570 square yards asphalt block pavement, 735 square yards sheet asphalt pavement.

The cost of the improvement is now estimated to be $6,600.

3. Grading Fieldston road, from Mosholu avenue to a line about 303 feet north of West 250th street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on February 6, 1913, at which time information was presented to show that its probable cost would be about $85,900. The Borough President states that the time to be allowed for the completion of the improvement is 350 days, and that the expense incurred for the preliminary work amounts to $177.53.

The work to be done comprises the following: 53,500 cubic yards earth and rock excavation, 45,000 cubic yards filling.

The cost of the improvement is now estimated to be $93,000.

4. Sewer in Marmion avenue, from East 175th street to East 176th street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on May 8, 1913, at which time information was presented to show that its probable cost would be about $3,800. The Borough President states that the time to be allowed for the completion of the improvement is 70 days, and that no expense has been incurred for the preliminary work.

The work to be done comprises the following: 375 linear feet 12-inch pipe sewer, 4 manholes.

The cost of the improvement is now estimated to be $4,400.

5. Paving with asphalt (permanent pavement), and curbing where necessary, West 230th street, from Broadway to Corlear avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on April 17, 1913, at which time information was presented to show that its probable cost would be about $19,300. The Borough President states that the time to be allowed for the completion of the improvement is 40 days, and that the expense incurred for the preliminary work amounts to $20.95.

The work to be done comprises the following: 6,950 square yards asphalt pavement, 2,020 linear feet new and old curbing.

The cost of the improvement is now estimated to be $19,300.

6. Paving with bituminous concrete (preliminary pavement), and adjusting the curbing where necessary, on Findlay avenue, from East 165th street to East 166th street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on April 3, 1913, at which time information was presented to show that its probable cost would be about $3,200. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to $20.15.

The work to be done comprises the following: 1,500 square yards bituminous concrete pavement, 900 linear feet old curbing adjusted.

The cost of the improvement is now estimated to be $3,200.

7. Paving with granite block (preliminary pavement), and curbing where necessary, German place, from Westchester avenue to Rae place.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on April 17, 1913, at which time information was presented to show that its probable cost would be about $4,000. The Borough President states that the time to be allowed for the completion of the improvement is 25 days, and that the expense incurred for the preliminary work amounts to $22.16.

The work to be done comprises the following: 1,230 square yards granite block pavement, 930 linear feet new and old curbing.

The cost of the improvement is now estimated to be $4,600.

8. Paving with bituminous concrete (preliminary pavement), and adjusting the curbing where necessary on Hoe avenue, from East 173d street to Boston road.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on April 3, 1913, at which time information was presented to show that its probable cost would be about $7,800. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to $20.15.

The work to be done comprises the following: 3,760 square yards bituminous concrete pavement, 500 linear feet old curbing adjusted.

The cost of the improvement is now estimated to be $7,800.

9. Paving with bituminous concrete (preliminary pavement) and adjusting the curbing where necessary on Vyse avenue, from East 173d street to Tremont avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on May 1, 1913, at which time information was presented to show that its probable cost would be about $16,200. The Borough President states that the time to be allowed for the completion of the improvement is fifty days, and that the expense incurred for the preliminary work amounts to $20.95.

The work to be done comprises the following: 7,700 square yards bituminous concrete pavement, 2,300 linear feet old curbing adjusted. The cost of the improvement is now estimated to be $16,200.

10. Grading, curbing and flagging Pugsley avenue, from McGraw avenue to Tremont avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on March 6, 1913, at which time information was presented to show that its probable cost would be about $8,100. The Borough President states that the time to be allowed for the completion of the improvement is seventy days, and that the expense incurred for the preliminary work amounts to $38.54.

The work to be done comprises the following: 4,425 cubic yards excavation, 2,425 cubic yards filling, 1,780 linear feet curbing, 8,880 square feet cement sidewalk. The cost of the improvement is now estimated to be $8,100.

I see no reason why the construction work required to carry out these improvements should not be authorized and would recommend such action.

I would also recommend that title be vested in the City on July 1, 1913, to the following streets: Fieldston road, from Mosholu avenue to the southerly limit of the property of the Northern Broadway Realty Associates, located about 300 feet north of West 250th street; Pugsley avenue, from Westchester avenue to Tremont avenue.

Respectfully, NELSON P. LEWIS, Chief Engineer.

LOCAL IMPROVEMENTS—BOROUGH OF QUEENS.

(Final Authorization.)

The Secretary presented the following report of the Chief Engineer, relating to Cal. Nos. 126 to 134:

Report No. 12551. May 12, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith are transmitted communications from the President of the Borough of Queens, advising that all of the conditions imposed by the Board prior to the authorization of the following local improvements have been complied with:

1. Sewer in Elton street, from California avenue to Sanford avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on February 6, 1913, at which time information was presented to show that its probable cost would be about $1,500. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to $44.62.

The work to be done comprises the following: 646 linear feet 12-inch pipe sewer, 5 manholes. The cost of the improvement is now estimated to be $2,000.

2. Sewers in the following streets:

Forest avenue, from Putnam avenue, as laid out north of Forest avenue, to Putnam avenue, as laid out southerly therefrom; Putnam avenue, from Forest avenue to Buchman avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on February 20, 1913, at which time information was presented to show that its probable cost would be about $5,500. The Borough President states that the time to be allowed for the completion of the improvement is 60 days, and that the expense incurred for the preliminary work amounts to $40.65.

The work to be done comprises the following: 461 linear feet 24-inch vitrified pipe sewer, 271 linear feet 18-inch vitrified pipe sewer, 290 linear feet 12-inch vitrified pipe sewer, 8 manholes, 3 receiving basins. The cost of the improvement is now estimated to be $4,900.

3. Sewer in the easterly side of Jackson avenue, from South Washington place to Skillman place.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 31, 1912, at which time information was presented to show that its probable cost would be about $1,300. The Borough President states that the time to be allowed for the completion of the improvement is 20 days, and that the expense incurred for the preliminary work amounts to $49.39.

The work to be done comprises the following: 563 linear feet 12-inch vitrified pipe sewer, 5 manholes. The cost of the improvement is now estimated to be $1,500.

4. Receiving basins at the following points on Myrtle avenue:

Northeasterly corner of Fosdick avenue, northeasterly corner of Lafayette street, northeasterly corner of Tompkins place.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on February 20, 1913, at which time information was presented to show that its probable cost would be about $600. The Borough President states that the time to be allowed for the completion of the improvement is 10 days, and that the expense incurred for the preliminary work amounts to $11.40.

The cost of the improvement is now estimated to be $700.

5. Combined sewer in Parsons avenue, from Queens avenue to Oak avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on December 12, 1912, at which time information was presented to show that its probable cost would be about $9,200. The Borough President states that the time to be allowed for the completion of the improvement is 75 days, and that the expense incurred for the preliminary work amounts to $324.79.

The work to be done comprises the following: 672 linear feet 3-foot 3-inch concrete sewer, 839 linear feet 3-foot concrete sewer, 10 manholes, 6 receiving basins. The cost of the improvement is now estimated to be $14,500.

6. Sewer in Potter avenue, from Lawrence street to 2d avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on March 6, 1913, at which time information was presented to show that its probable cost would be about $600. The Borough President states that the time to be allowed for the completion of the improvement is 20 days, and that the expense incurred for the preliminary work amounts to $17.95.

The work to be done comprises the following: 255 linear feet 12-inch vitrified pipe sewer, 2 manholes. The cost of the improvement is now estimated to be $800.

7. House connecting drains, where not already laid, in Webster avenue, from Vernon avenue to William street.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on December 12, 1912, at which time information was presented to show that its probable cost would be about $700. The Borough President states that the time to be allowed for the completion of the improvement is 50 days, and that the expense incurred for the preliminary work amounts to $70.80.

The work to be done comprises the laying of 570 linear feet of 6-inch pipe for house connections. The cost of the improvement is now estimated to be $1,700.

8. House connecting drains in Woolsey avenue, from Steinway avenue to 2d avenue.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on October 17, 1912, at which time information was presented to show that its probable cost would be about $1,200. The Borough President states that the time to be allowed for the completion of the improvement is 30 days, and that the expense incurred for the preliminary work amounts to $50.26.

The work to be done comprises the laying of 1,750 linear feet of 6-inch pipe for house connections. The cost of the improvement is now estimated to be $1,600.

9. Sewer in Wyckoff avenue, from Halsey street to the Manhattan Beach Division of the Long Island Railroad.

The preliminary work for this improvement was authorized by the Board of Estimate and Apportionment on September 19, 1912, at which time information was presented to show that its probable cost would be about $6,800. The Borough President states that the time to be allowed for the completion of the improvement is 90 days, and that the expense incurred for the preliminary work amounts to $75.93.

The work to be done comprises the following: 1,082 linear feet 18-inch pipe sewer, 492 linear feet 12-inch pipe sewer, 12 manholes, 4 receiving basins. The cost of the improvement is now estimated to be $7,800.

I see no reason why the construction work required to carry out these improvements should not be authorized, and would recommend such action.

I would also recommend that title be vested in the City on July 1, 1913, to Parsons avenue, from Queens avenue to Oak avenue, unless previously confirmed.

Respectfully, NELSON P. LEWIS, Chief Engineer.

Sewer in Elton Street, from California Avenue to Sanford Avenue, Queens (Cal. No. 126).

The following was offered:

A copy of a resolution of the Local Board of the Jamaica District, duly adopted by said Board on the 28th day of June, 1912, and approved by the President of the Borough of Queens on the 16th day of September, 1912, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For the construction of a sewer and appurtenances in Elton (17th) street, from California (Cypress) avenue to Sanford avenue, 3d Ward of the Borough of Queens,"

—and thereupon, on the 6th day of February, 1913, resolution having been adopted by the Board of Estimate and Apportionment authorizing the President of the Borough of Queens to prepare the necessary plans, specifications and an estimate of the cost of the proposed improvement based on actual survey and further resolving that the Board of Estimate and Apportionment will consider the authorization of the construction of the proposed improvement after the President of the Borough of Queens had submitted certain statements as provided in the said resolution, and the said resolution having been duly complied with by the President of the Borough of Queens, as appears by papers and documents on the files of the Board of Estimate and Apportionment, and there having been presented to the Board of Estimate and Apportionment an estimate in writing in such detail as the Board has directed that the cost of the proposed work or improvement, together with the preliminary expenses, will be the sum of $2,000; and a statement of the assessed value according to the last preceding tax roll of the real estate included within the probable area of assessment, to wit, the sum of $70,900 having also been presented, it is

Resolved, That the said resolution of the Local Board be and the same is hereby approved and the construction of the local improvement therein provided for is hereby authorized. This Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense, including the aforesaid preliminary expenses, shall be assessed upon the property deemed to be benefited by the said local improvement.

Which was adopted by the following vote:

Removal of Sidewalk Encroachments in East 34th Street, from Park Avenue to Lexington Avenue, and in Park Avenue, from East 34th Street to East 35th Street, Borough of Manhattan (Cal. No. 135).

(At the meeting of the Board on May 8, 1913, this matter was laid over for one week.)

On motion of the President of the Borough of Manhattan the matter was again laid over for one week (May 22, 1913).

Removal of Sidewalk Encroachments on Cedar Street, from Broadway to West Street, Borough of Manhattan (Cal. No. 136).

The Secretary presented the following report of the Chief Engineer:

Report No. 12554. May 12, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—At the meeting of the Board of Estimate and Apportionment, held on February 20, 1913, the President of the Borough of Manhattan presented several resolutions for the removal of sidewalk encroachments, one of which related to Cedar street, from West street to Pearl street, and March 6 was set as the date for a public hearing. On the latter date the hearing was adjourned, and on March 27 an amended resolution which related only to the portion of this street, lying between William street and Broadway, was presented and approved.

On May 8 a similar resolution was presented relating to Cedar street, from Broadway to West street, which was referred to the Chief Engineer for report.

An examination of this street has been made and a brief description of the conditions will be given.

Westerly from Greenwich street the sidewalks have a width of about 13 feet and easterly therefrom it varies from 9 feet on the northerly side to 11 feet on the southerly side. Opposite practically one-half of the frontages there are encroachments which occupy fully one-third of the sidewalk space. These encroachments consist of loading platforms, stairways leading to basements, enclosed frame storm doors, and fences at the area line. The most conspicuous and continuous occupancy of the sidewalk space occurs on the northerly side of the street in the block between Temple street and Broadway, where a fence protecting a deep areaway and stairways leading to the basement occupy fully 4 feet of the total sidewalk width of 9 feet.

In my judgment the interest of the public in this street justifies the removal of the existing encroachments, and I would recommend that the resolution submitted by the President of the Borough of Manhattan be approved. Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was offered:

Resolved, by the Board of Estimate and Apportionment of The City of New York, That all ordinances, resolutions, permits or licenses heretofore adopted, issued or granted by The City of New York, or by any board, body, council or officer thereof, or by any department, division, bureau or officer thereof, permitting, licensing or allowing any stoop, steps, courtyard, area, platform, porch, fence, railing, show case, bay window, ornamental entrance, storm door, news stand, flower stand, or any other projection or encroachment of whatsoever nature or description, either temporary or permanent, or signs which extend more than one foot from the building line on Cedar street, from the westerly curb line of Broadway to the easterly curb line of West street, in the Borough of Manhattan, between levels ten (10) feet above the curb grade and a sufficient depth below said curb to provide proper support for the street and walk surfaces and for necessary and proper subsurface structures, be and they are hereby in all respects repealed, cancelled and revoked; and be it further

Resolved, That the President of the Borough of Manhattan be and he is hereby authorized to remove or cause to be removed all said encroachments or encumbrances in accordance with the foregoing resolution.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fixing the Roadway and Sidewalk Widths for Lafayette Avenue, Between Fulton Street and Flatbush Avenue, Borough of Brooklyn (Cal. No. 137).

The Secretary presented the following communication from the Commissioner of Public Works of the Borough of Brooklyn and report of the Chief Engineer:

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, April 16, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment:*

Dear Sir—In the matter of the widening of the roadway of Lafayette avenue, between Fulton street and Flatbush avenue, Borough of Brooklyn, I would state that the proposed widening of Lafayette avenue roadway provides for a 50-foot roadway and two 20-foot sidewalks.

It is essential to widen this roadway owing to the enormous amount of traffic.

At the present time the property along Lafayette avenue has certain courtyard privileges which were fixed by an act of the Legislature, passed February 23, 1852, and known as chapter 31 of the Laws of 1852. In this act the Common Council of the City of Brooklyn is authorized to lay out Lafayette avenue, between Fulton street and Flatbush avenue as follows:

"That the carriageway of said street shall be 30 feet wide, the sidewalks 12 feet wide and the remaining 18 feet on each side shall be enclosed, used and maintained as courtyards."

Under date of April 4, 1913, an opinion was rendered by the Corporation Counsel in response to a request from the Commissioner of Public Works, to the effect that the Board of Estimate and Apportionment, under section 242 of the Charter, has full power to change the lines of Lafayette avenue, from Flatbush avenue to Fulton street, in accordance with the lines proposed in the letter sent to the Corporation Counsel.

Copies of the letters of the Commissioner of Public Works, addressed to the Corporation Counsel, and the reply of the Corporation Counsel of April 4, 1913, are hereto attached.

I therefore request that a resolution be introduced in the Board of Estimate and Apportionment fixing the roadway width of Lafayette avenue at 50 feet with two 20-foot sidewalks. Yours very truly, L. H. POUNDS, Commissioner.

Report No. 12530. May 3, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman of the Board of Estimate and Apportionment:*

Sir—Herewith is transmitted a communication from the Commissioner of Public Works, Borough of Brooklyn, bearing date of April 16, 1913, requesting the adoption of a resolution fixing the width of the roadway of Lafayette avenue between Fulton street and Flatbush avenue at 50 feet, this to adjoin sidewalks on each side having a width of 20 feet.

The Commissioner states that Lafayette avenue was laid out under the provisions of a special act of the Legislature known as chapter 31 of the Laws of 1852, which provides "that the carriageway of said street shall be 30 feet wide, the sidewalks 12 feet wide, and the remaining 18 feet on each side shall be enclosed, used, and maintained as court yards." I am also informed that a deed executed by the owners of land within the street lines between the limits named was accepted by the Common Council of the former City of Brooklyn on November 29, 1852, and was recorded in the Register's office of Kings County on December 6, 1852.

The Commissioner presents a copy of a communication addressed to him by the Acting Corporation Counsel, advising that under the provisions of section 242 of the Charter, the Board of Estimate and Apportionment has power to change the curb and courtyard lines as now proposed. This opinion ratifies the one rendered by the Corporation Counsel to the Board under date of May 12, 1908, which served as the basis of the general resolution adopted by the Board of Estimate and Apportionment on April 23, 1909, providing for fixing the roadway and sidewalk widths for all streets within the City limits. Under the provisions of this general resolution a street having a width of 90 feet, as in the case of Lafayette avenue, should have a roadway width of 52 feet, with sidewalks on each side having a width of 19 feet. I assume that the opinion of the Corporation Counsel was sought in this instance for the reason that the act of the Legislature under which courtyards were laid out might have been construed as the basis for the deeds under which the land was ceded to the City, and that a question might be raised as to the right of the City to compel the removal of encroachments as would be required in order to carry out the treatment now planned.

I have also been furnished with a copy of an opinion rendered by the Acting Corporation Counsel to the President of the Borough of Brooklyn, under date of September 11, 1911, in the matter of the removal of encroachments on Gravesend avenue between 20th street and Fort Hamilton avenue, in which he advises that courtyard privileges specially given by statute were not revoked under the resolution of the Board of Estimate and Apportionment of April 23, 1909, unless a public hearing had been given in the matter and the action had been based on the provision of section 442 of the Charter, the case having apparently been construed as one relating to the street lines rather than to the apportionment of the space to be occupied by roadways and sidewalks, neither of which latter have heretofore been considered as a part of the City map, but rather as subjects governed wholly by resolutions enacted under the authority given by section 242 of the Charter.

Before acting upon this request, I would recommend that the advice of the Corporation Counsel be again sought to the end that the way may be cleared for carrying out the treatment planned, and that he be asked to advise the Board in the following particulars:

First—Where courtyard privileges within the public street have been extended to abutting owners through special or general acts of the Legislature, and where an easement title only to such streets has been acquired either through formal proceedings or by act of dedication or by deed of cession, has the City power to compel the removal of encroachments upon the courtyard space without carrying out further proceedings in the matter of completing title?

Second—In case further proceedings are necessary to the completion of title, can the cost thereof be assessed back upon the benefited area?

I would also suggest that the attention of the Borough President be called to the question raised by the Comptroller and the Chief Engineer in a report submitted to the Board at its meeting of April 24, 1913, concerning the policy of making the recurbing and reflagging of sidewalks as well as the paving of a widening of a roadway the subject of a Local Board resolution, and of assessing the cost thereof upon the abutting property. Should this policy be adopted a Local Board resolution would be required. Respectfully, NELSON P. LEWIS, Chief Engineer.

On motion of the President of the Borough of Brooklyn the matter was referred to the Corporation Counsel.

The Secretary was directed to call the attention of the President of the Borough of Brooklyn to the question recently raised as to the policy to be adopted in the matter of assessing the cost of recurbing and reflagging and paving the widened portions of existing streets.

Petition for Changing the Width of the Roadway of Myrtle Avenue, from the Brooklyn Borough Line to Cooper Avenue, Borough of Queens (Cal. No. 138).

(At the meeting of the Board on April 17, 1913, this matter was laid over for one week, on April 24 it was laid over for one week, on May 1 for one week, and on May 8 for one week.)

On motion of the President of the Borough of Queens the matter was again laid over for one week (May 22, 1913).

Transfer of Jurisdiction Over Public Park at the Junction of Shakespeare Avenue, West 168th Street and Woodycrest Avenue, from the President of the Borough to the Department of Parks, Borough of The Bronx (Cal. No. 139).

The Secretary presented the following communication from the Commissioner of Public Works, Borough of The Bronx, City of New York:

President of the Borough of The Bronx, Office of the Commissioner of Public Works, May 9, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* 277 Broadway, City:

Dear Sir—On May 1, 1913, a map was adopted by your Board providing for the laying out of a public park at the junction of Shakespeare avenue, West 168th street and Woodycrest avenue, this Borough. When this map was forwarded to you on October 8, 1912, I stated that it had been prepared so that the public place referred to might be turned over to the jurisdiction of the Department of Parks after approval by your Board, and I would therefore request that you authorize such transfer.

Respectfully, THOMAS W. WHITTLE, Commissioner.

On motion the matter was referred to the Commissioners of the Sinking Fund.

Improvement of the Tracks and Structures of the New York Central and Hudson River Railroad Company on the West Side of the City (Cal. No. 140).

The Secretary presented the following report of the Committee on Terminal Improvements:

May 15, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—Your Terminal Committee transmits herewith the plans and profiles covering the entire New York Central Railroad Company's proposed improvement from the City line to St. John's Park. These plans, as announced some time ago, have been in process of preparation since the time of the submission of the report of this committee on March 27. The plans now filed with your Board are in accordance with the committee's report of that day.

The Committee desires to call attention to the following features of these plans: At various points along Washington street and 10th avenue, sidings to private property have been shown for short distances. This is in strict accordance with the proposed settlement reported by this Committee, and is, of course, an integral part of the new plan, as such sidings constitute essential features of the subway through these streets, and are necessary to the service of industrial enterprises along the line.

At 12th street a single spur track is shown leading off the main line and continuing under Gansevoort Market and along the easterly side of West street as far south as Bethune street. This track, while not directly in contemplation by the Committee at the time of the submission of its report on March 27, is nevertheless complementary to the general plan, and necessary to the service of the important market industries fronting on West street between these limits. The spur track has been so laid out as to constitute no interference with the future construction of any marginal terminal railway along the water-front which the City may desire to build or authorize. Space has been left sufficient to carry such a marginal subway to a width of eight tracks.

In 10th avenue, between 23d and 30th streets, the plans show four tracks in subway. These tracks are for the purpose of permitting proper access below the surface to the 30th street yards, and are integral parts of the subway plan reported by this Committee on March 27.

The Committee believes that the above are the only features of the plans transmitted which require comment or explanation. In all respects these plans follow and are in accord with the suggested settlement reported on March 27.

With the plans the Committee presents a model of the roof structure proposed to be constructed along Riverside Park. This model has been prepared by the New York Central Railroad Company under the directions of the Committee. It is in two sections, both prepared to scale. The first section shows the proposed roof structure between 72d street and 77th street, with a suggested park treatment for this area and for the park area which will lie outshore of the roof structure. The second section is typical of the roof structure which is planned for the district north of 96th street, and shows a like treatment for park purposes. Your Committee believes that these models illustrate better than could any other device the proposed improvement within this district.

The plans, models and suggested settlement are now fully before your Board for consideration. The Committee has taken occasion to state publicly at hearings and otherwise that its members will welcome suggestions for improvements at any points where such can be suggested. The Committee is informed that a group of citizens, property owners along Riverside Drive north of 137th street, have organized for the employment of consulting engineers to devise, if possible, a better solution of the terminal yard problem at this point. The Committee is waiting hopefully for such suggestions as these gentlemen may be able to submit, and will report further to your Board thereon if received.

In the meantime, the Committee suggests that a further public hearing upon this entire suggested settlement be fixed for the 27th day of May next.

Respectfully submitted, JOHN PURROY MITCHEL, President of the Board of Aldermen; WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President of the Borough of Manhattan; NELSON P. LEWIS, Chief Engineer of the Board of Estimate and Apportionment.

Mr. Julius Henry Cohen appeared and requested an opportunity to be heard on the proposed plans.

On motion of the President of the Board of Aldermen, Tuesday, May 27, 1913, at 2 o'clock p. m., was fixed as the day and time for a public hearing on the entire subject.

Approved Papers (Cal. No. 141).

The following communication from the Secretary was ordered printed in the minutes and filed:

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, May 15, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—I beg to inform you that his Honor the Mayor has returned to this office the following resolutions, adopted by the Board of Estimate and Apportionment May 1, 1913, and approved by him May 7, 1913, changing the map or plan of The City of New York, viz.:

549. By changing the grade of Park Terrace West, from a point about 25 feet south of West 217th street to West 218th street; of West 217th street, from Park Terrace West to a point about 25 feet easterly therefrom, and of West 218th street, from a point about 25 feet westerly from Park Terrace West to a point about 25 feet easterly from Park Terrace West, Borough of Manhattan.

550. By closing and discontinuing East 17th street, from Church avenue to Albemarle road, Borough of Brooklyn.

551. By changing the grades of the street system bounded by Bedford avenue, Church avenue, Nostrand avenue and Snyder avenue, and laying out the lines and grades of Johnson place, from Erasmus street to Church avenue; of Lloyd street, from Erasmus street to Church avenue, and of Lott street, from Snyder avenue to Erasmus street, Borough of Brooklyn.

552. By changing the lines and grades of the street system bounded by Flat-

bush avenue, Flatlands avenue, Avenue L, Utica avenue and Avenue N, and discontinuing East 43d street, between Flatbush avenue and Avenue M, Borough of Brooklyn.

553. By laying out a public park at the intersection of Shakespeare avenue and West 168th street, Borough of The Bronx.

554. By changing the grades of the street system bounded by Bronx Park East, Burke avenue, Olinville avenue and Arnow avenue, Borough of The Bronx.

555. By laying out the lines and grades of the street system within the area designated as section 56 of the final maps, bounded approximately by Dewey avenue, Logan avenue, Evans avenue, Fort Schuyler road, Eastern boulevard, Throgs Neck boulevard, Layton avenue and Eastchester Bay, Borough of The Bronx.

556. By changing the grades of the street system within the territory bounded by Dutch Kills place, Meadow street, Queens boulevard, Hill street and Nelson avenue, 1st Ward, Borough of Queens.

557. By changing the lines of the street system bounded by Rust street, Grand street, Clermont avenue and Flushing avenue, 2d Ward, Borough of Queens.

Respectfully, JOSEPH HAAG, Secretary.

The following Public Improvement matters not on the Calendar for this day were considered by unanimous consent:

Relocation of the Tracks of the Ulster and Delaware Railroad Company in Connection With the Construction of the Ashokan Reservoir (No. 142).

The Comptroller presented the following communication from the Ulster and Delaware Railroad Company:

The Ulster and Delaware Railroad Company, Office of the President, 22 Ferry street, Kingston, N. Y., May 13, 1913.

To The City of New York, the Board of Water Supply of The City of New York and the Board of Estimate and Apportionment of The City of New York:

Pursuant to the provisions of the agreement entered into the 15th day of June, 1911, by and between The Ulster and Delaware Railroad Company and The City of New York, acting by and through its Board of Water Supply, and by and through its Board of Estimate and Apportionment, you and each of you are hereby notified that on the 15th day of June, 1913, The Ulster and Delaware Railroad Company will transfer its railroad service from the present to the relocated line and abandon the present railroad line within the Ashokan Reservoir, except for City purposes, and will transfer to the City the railroad's title to that portion of the road to be abandoned by the railroad company, and this notice is given under that covenant of the said agreement requiring the City to pay to the railroad company, upon thirty days' prior notice to the City of the transfers above mentioned, of the sum of one million dollars ($1,000,000). Respectfully,

THE ULSTER AND DELAWARE RAILROAD COMPANY,
By EDWARD COYKENDALL, President.

On motion the matter was referred to the Comptroller.

Transferring Jurisdiction, from the Commissioner of Parks to the President of the Borough of Manhattan, Over Columbus Circle, Mail Street, West End Avenue, 5th Avenue, from 58th to 110th Streets, Including the Plaza, Between 58th and 59th Streets; 59th Street, from 5th Avenue to 8th Avenue; 72d Street, from Central Park West to Riverside Drive; 86th Street, from Central Park West to Riverside Drive; 96th Street, West of West End Avenue; 110th Street, from 5th Avenue to Riverside Drive, Including the Plazas at 5th Avenue and 8th Avenue (No. 143).

The President of the Borough of Manhattan presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, May 15, 1913.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—I transmit herewith resolution transferring certain streets within the Borough of Manhattan from the jurisdiction of the Commissioner of Parks to the jurisdiction of the President of the Borough. This resolution is proposed as the result of an agreement between Commissioner Stover and myself, and for the purpose of concentrating in a single authority the responsibility for pavement conditions throughout the Borough. The proposed transfer has been made possible by the recent passage of chapter 331 of the Laws of 1913, which gives to the Board of Estimate, with the concurrence of the Board of Aldermen, power to transfer the jurisdiction and control of any street from one department of the City government to another.

The streets at present under the jurisdiction of the Park Commissioner were placed there by successive acts of the State Legislature. Repeated attempts on my part during the last two years to secure the repeal of such acts having failed, the present law was introduced and passed at my request, with the concurrence of Commissioner Stover. Respectfully yours, GEORGE McANENY, President.

On motion the matter was referred to the Chief Engineer of the Board.

Removal of Encroachments on 33d Street, from the Westerly Curb Line of 6th Avenue to the Easterly Curb Line of 7th Avenue, Borough of Manhattan (No. 144).

The President of the Borough of Manhattan presented a resolution directing the removal of encroachments on 33d street, from the westerly curb line of 6th avenue to the easterly curb line of 7th avenue.

On motion, Thursday, May 22, 1913, was fixed as a date for a public hearing on the proposed action, and the matter was referred to the Chief Engineer for report on that day.

Regulating and Grading; and Installing Drains in Van Alst Avenue, From Nott Avenue to Ridge Street, and Curbing and Flagging Van Alst Avenue, From Nott Avenue to Harris Avenue, and From Payntar Avenue to Beebe Avenue, Borough of Queens (No. 145).

(Preliminary Authorization.)

The President of the Borough of Queens presented the following resolution of the Local Board of the Newtown District, Borough of Queens:

In the Local Board of the Newtown District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens, and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, By the Local Board of the Newtown District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit: For regulating, grading, installing and extending drains in Van Alst avenue, from Nott avenue to Ridge street; curbing and laying sidewalks and crosswalks from Nott avenue to Harris avenue, and from Payntar avenue to Beebe avenue, and all work incidental thereto, 1st Ward of the Borough of Queens, and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Newtown District, on the 2d day of May, 1913, Aldermen O'Connor, Dujat and Gelbke, and Joseph Flanagan, Commissioner of Public Works, voting in favor thereof.

Attest: HUGH HALL, Secretary.

Approved May 10, 1913.

MAURICE E. CONNOLLY, President of the Borough of Queens.

The President of the Borough of Queens offered the following:

Whereas, The President of the Borough of Queens has transmitted to the Board of Estimate and Apportionment a copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 2d day of May, 1913, and approved by the President of the Borough of Queens on the 10th day of May, 1913, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"For regulating, grading, installing and extending drains in Van Alst avenue, from Nott avenue to Ridge street; curbing and laying sidewalks and crosswalks from Nott avenue to Harris avenue, and from Payntar avenue to Beebe avenue, and all work incidental thereto, 1st Ward of the Borough of Queens,"

—and which resolution is accompanied with an approximate estimate of the cost of the work and the assessed value of the property benefited.

Resolved, That the Board of Estimate and Apportionment hereby authorizes the President of the Borough of Queens to prepare plans, specifications and an estimate of cost based on actual survey, and also to secure a determination of the boundary of the district of assessment; the entire expense of the work done subsequent to the date of this authorization to be charged against the Street Improvement Fund and later included in the assessment.

Resolved, That the Board of Estimate and Apportionment will consider the authorization of the construction of the said proposed improvement after the President of the Borough of Queens has submitted a statement showing that all of the above described work has been done, that he has secured the approval of the form of contract by the Corporation Counsel, that he is prepared to place the improvement under contract as soon as he receives the consent of the Board, and that the assessment map will be completed on or before the date of payment on acceptance; this report being accompanied by a further statement showing the quantity of work to be performed under each item and the unit price thereof, the expense incurred for preliminary work, the allowance to be made for additional engineering and contingencies, the total probable cost, and the number of working days to be allowed the contractor for carrying out the work.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Petition for Relief From Assessment in the Proceeding for Acquiring Title to Grandview Avenue, From Metropolitan Avenue to Stanhope Street, and From Linden Street to Forest Avenue, Borough of Queens (No. 146).

The President of the Borough of Queens presented petitions from Messrs. Phillip B. LaRoche, Jr., Geo. L. Stamm and Henry A. Ingraham, requesting relief from assessment in the proceeding for acquiring title to Grandview avenue, from Metropolitan avenue to Stanhope street, and from Linden street to Forest avenue, Borough of Queens.

On motion the petitions were ordered on the Calendar for May 22, 1913, and referred to the Chief Engineer for report.

Establishing the Lines and Grades of Sea Girt Avenue (Bay Avenue), From Beach 30th Street, North (Hudson Avenue) to Beach 26th Street (Wavecrest Avenue), Borough of Queens (No. 147).

The President of the Borough of Queens offered the following resolution:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out the lines and grades of Sea Girt avenue (Bay avenue), from Beach 30th street north (Hudson avenue), to Beach 26th street (Wavecrest avenue), in the 5th Ward, Borough of Queens, City of New York, which proposed change is more particularly shown upon a map or plan bearing the signature of the President of the Borough, and dated May 10, 1913.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 5th day of June, 1913, at 10:30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 5th day of June, 1913.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

FRANCHISE MATTERS.

Rapid Transit Railway, Flushing Route (Cal. No. 1).

The Board proceeded with the consideration of the communication from the Public Service Commission for the First District transmitting resolution adopted by said Commission establishing route and general plan of construction for additional rapid transit railway in the Borough of Queens, known as Flushing Route, and requesting the approval and consent of this Board thereto.

This communication was presented to the Board at the meeting of April 24, 1913, when by resolution duly adopted the consideration was fixed for May 1, 1913, and the communication was referred to the Transit Committee and also to the Transit Conference Committee.

At the meeting of May 1, 1913, the consideration was continued until this day.

An affidavit of publication of the notice of the continued consideration was received from the CITY RECORD.

No one appeared in opposition.

George W. Pople, Charles W. Posthauer and a delegation of citizens and property owners from the 3d Ward, Borough of Queens, appeared in favor.

The President of the Borough of Manhattan, Chairman of the Transit Conference Committee, reported on behalf of said committee that it was still conferring with the Public Service Commission for the First District on the difference in cost between the construction of an elevated railroad or a subway through Amity street, Flushing.

The consideration was then continued until the meeting of May 29, 1913.

The Brooklyn and North River Railroad Company (Cal. No. 2).

The public hearing was opened on the proposed form of contract for the grant of a franchise to The Brooklyn and North River Railroad Company to construct, maintain and operate a street surface railway from Fulton street and Flatbush Avenue Extension upon and along Flatbush Avenue Extension and across Nassau street to the Manhattan Bridge, and upon, along and over said bridge and its approaches to Canal street and the Bowery, Borough of Manhattan.

The Company proposes to operate from Canal street and the Bowery to the North River by means of trackage agreements with the existing companies.

By resolution adopted January 30, 1913, the hearing was fixed for March 13, 1913, and has been continued from time to time until the meeting of May 1, 1913, when it was continued until this day.

An affidavit of publication of the notice of the continued hearing was received from the CITY RECORD.

No one appeared in opposition to or in favor of the proposed grant.

The hearing was then continued until the meeting of May 22, 1913.

FINANCIAL MATTERS.

Department of Docks and Ferries—Acquisition of Property for Terminal Facilities Along the South Brooklyn Water-front (Cal. No. 1).

The Chair announced a public hearing relative to the request of the Commissioner of Docks for authority to acquire title in the name of and for the benefit of The City of New York to the following parcels of land required for terminal facilities along the shores of the East River, Buttermilk Channel, Gowanus Bay and Upper Bay, between the foot of Fulton street and the foot of 66th street, Borough of Brooklyn, showing the estimated cost of acquisition as indicated by the assessed valuation:

Plot I, right of way, 2d avenue to Gowanus Canal	$19,500 00
Plot H, right of way, Gowanus Canal to Smith street	10,800 00
Terminal yard, Court to Otsego street, State Barge Canal Terminal to Hamilton avenue	1,007,400 00

The Secretary presented:

Communication from the Fire Commissioner requesting the establishment in the Fire Department of the grade of position of Process Server, at $1,200 per annum, for one incumbent.

President, Borough of Queens—Establishment of Position of Engineering Inspector (Cal. No. 6).

The Secretary presented:

Communication from the President, Borough of Queens, requesting the establishment of the grade of position of Engineering Inspector, at $1,800 per annum for an unlimited number of incumbents.

Board of Estimate and Apportionment—Establishment of Position of Engineering Inspector (Cal. No. 7).

The Secretary presented:

Communication requesting the establishment of the grade of position of Engineering Inspector, at $1,800 per annum, for the Division of Standardization of Supplies.

Which were referred to the Committee on Salaries and Grades, consisting of the Comptroller and the President of the Board of Aldermen.

President, Borough of Manhattan; Supreme Court, New York County—Issue of Special Revenue Bonds (Cal. No. 8).

The Secretary presented:

Resolution of the Board of Aldermen requesting the issue of $8,000 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used by the President of the Borough of Manhattan, for the purpose of meeting the requirements of the Supreme Court, New York County.

Which was referred to the Comptroller.

Public Recreation Commission—Issue of Corporate Stock (Cal. No. 9).

The Secretary presented:

Communication from the Secretary, Public Recreation Commission, referring to request heretofore presented for the issue of $100,111 corporate stock for the improvement of playground at Southern boulevard and Willis avenue, The Bronx, and of a playground in Brooklyn, located at Harrison and Ingraham avenues and Porter street, and amending same, by reducing the amount asked for the improvement of the latter site from $50,183 to $5,000, the difference in said amounts to be used for the purpose of improving the site at President and Carroll streets, Brooklyn.

Department of Parks, Boroughs of Manhattan and Richmond—Issue of Corporate Stock (Cal. No. 10).

The Secretary presented:

Communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting the issue of $18,000 corporate stock for the construction of a bridle path in Central Park, beginning at the 5th avenue entrance at 79th street and running northward to the southern side of Upper Reservoir, just north of 86th street, where connection could be made with the existing bridle path.

Police Department—Acquisition of Site for Police Station House (Cal. No. 11).

The Secretary presented:

Communication from the Harlem Board of Commerce recommending the acquisition of a site and the erection of a building for a police station house in the vicinity of Lenox and 8th avenues and 132d and 142d streets, Manhattan.

Which were referred to the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

Fire Department—Salaries of Firemen and Engineers (Cal. No. 12).

The Secretary presented:

Communication from the Mayor's office notifying the Secretary of the reference of the communication from the Chairman of the Committee of Firemen, relative to petition for increases in salaries of Engineers of Steamers and Firemen in the Fire Department, to the standing Committee of the Board on said subject.

(On April 3, 1913, the communication from the Chairman of the Committee of Firemen was presented to the Board and referred to a committee to be appointed by the Mayor.)

(At the meeting held April 24, 1913, the Mayor announced that the matter was referred to the Committee on Standardization of Salaries and Grades, consisting of the Comptroller and the Presidents of the Boroughs of Manhattan and Brooklyn.)

Which was ordered filed.

Department of Health — Establishment of Division of Infectious Diseases (Cal. No. 13).

The Secretary presented:

Communication from the Secretary of the Board of Health, transmitting copies of resolutions adopted by said Board March 25, 1913, relative to the establishment of a Division of Infectious Diseases, to supersede the Division of Contagious Diseases and the Division of Communicable Diseases, and detailing Dr. John S. Billings, Medical Inspector, as Director of the Division of Infectious Diseases, to be effective as of May 1, 1913, and assigning Dr. Bertram H. Waters, Medical Inspector, in the place of Dr. Billings, as Acting Chief of the Division of Communicable Diseases, pending the organization of the new division.

Which was ordered filed.

President, Borough of Manhattan—Expenditure for Placing on Exhibition the Exhibit on City and Town Planning (Cal. No. 14).

The Secretary presented:

Communication from the President of the Borough of Manhattan, recommending that the expenditure of $3,000 be authorized from the Contingent Fund of the Board for the purpose of defraying the expenses connected with bringing to The City of New York, and placing the same on exhibition here, the exhibit of City and Town Planning, arranged in 1910 by the Royal Institute of British Architects in the Royal Academy Galleries, London, and which, because of its unusual quality, attracted a great deal of interest and was exhibited in a number of cities throughout England, Scotland and Ireland, and will also form a part of the International Exhibition at Ghent, Belgium, in the fall of this year, and stating that it is proposed to bring this exhibit to America for a tour of the leading cities, if the necessary support for the project can be obtained.

(On May 1, 1913, the above matter was laid over for two weeks.)

Which was referred to the Budget Committee, consisting of the Comptroller, the President of the Borough of Manhattan and the President of the Board of Aldermen.

Submission of Departmental Estimates by all City Departments, Etc. (Cal. No. 15).

The Secretary presented the following:

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—In order that the departmental estimates of the various departments may be made up in time to be acted upon by the Board of Estimate and Apportionment, it is necessary that work be begun as soon as possible. It is customary at this season of the year for the Board of Estimate and Apportionment to take appropriate action. I suggest that, in accordance with this custom, the heads of the various departments be requested to submit their estimates for 1914 on or before July 15, 1913, the departmental estimates to be accompanied by a complete statement setting forth all requests for proposed changes in the 1914 budget, as compared with allowances made to departments in the budget for 1913. I suggest also that the present Budget Committee of the Board be continued and authorized to investigate and report upon estimates, and to prepare a tentative budget for the year 1914.

I recommend the adoption of the attached resolution, which is identical in form with that adopted on May 9, 1912. Respectfully,

WM. A. PRENDERGAST, Comptroller, Chairman, Budget Committee.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby requests the Presidents of the several Boroughs and heads of departments, bureaus, offices, boards and commissions in The City of New York and the counties therein contained, to submit to the Board of Estimate and Apportionment their departmental estimates for 1914 on or before July 15, 1913, said departmental estimates to be accompanied by a complete statement setting forth all requests for proposed changes in the 1914 Budget, as compared with allowances made to departments in the Budget for 1913.

Resolved, That the Board of Estimate and Apportionment hereby continues its Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen, and the President of the Borough of Manhattan, with power to devise and distribute forms for the departmental estimates for the year 1914 and to investigate and report upon such estimates and to prepare a tentative Budget for the year 1914.

Resolved, That the Secretary of the Board of Estimate and Apportionment is hereby directed to send copies of this resolution to the head of every department, bureau, office, board and commission as soon as possible.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Approval of Form of Contract, Etc. (Cal. No. 16).

The Secretary presented:

Report of the Comptroller, recommending approval pursuant to resolution adopted July 11, 1912, of the form of contract, specifications, as amended, and estimate of cost ($1,400) for the erection of a new iron fence, tool house, etc., at the Crotona Athletic Field, Borough of The Bronx, under the jurisdiction of the Department of Education, provided the specifications be amended by omitting paragraph noted in the accompanying resolution.

Protest from the Crotona Park Improvement Association against the use of these premises as an athletic field.

(At various meetings since December 19, 1912, the above report and protest have been laid over, and on May 8, 1913, were laid over to this meeting.)

On motion of the President of the Borough of The Bronx the matter was laid over one week (May 22, 1913).

Department of Parks, Borough of Queens—Approval of Form of Contract, Etc. (Cal. No. 17).

The Secretary presented:

Report of the Chief Engineer, reviewing the arguments for and against the construction of the road in Forest Park proposed by the Commissioner of Parks. The plans have been the result of careful study by the Landscape Architect and the Engineer of the Department of Parks, who express the belief that the soil in Forest Park is of such a nature that the new roads would be fairly satisfactory for eight months of the year, and that a permanent improvement should be deferred until they shall have settled. The park at present is a barrier to vehicular traffic, just as the cemeteries adjoining it are. The road as designed will furnish an excellent connection for the interborough parkway through the cemeteries. Forest Park, purchased between 1894 and 1898, has an area of 536 acres, but has been very slightly developed, some portions of it being almost inaccessible.

It is believed that the plan is a proper one and should be carried out without further delay.

(On April 17, 1913, the report of the Comptroller recommending disapproval of the form of contract, plans, specifications and estimate of cost ($54,000), for the construction of an automobile road in Forest Park, under the jurisdiction of the Department of Parks, Borough of Queens, for the reason that the expenditure does not appear to be warranted, was presented to the Board and laid over for two weeks.)

(On May 1, 1913, the above report was referred to the Chief Engineer.)

On motion of the Comptroller, the matter was laid over one week (May 22, 1913).

Department of Water Supply, Gas and Electricity—Installation of Filtration Plant, at Jerome Park Reservoir (Cal. No. 18).

The Secretary presented:

Majority report of Advisory Commission of Engineers on the Jerome Park filters, making certain recommendations in regard to the filtration of the water supply, and stating that it is the opinion of the Commission that the filtration of the Croton water supply is not imperative, but that it is highly advisable to filter the water at this time, both with a view to improve the physical quality and as a safeguard against potential danger, and so recommending.

Minority report of the Assistant Engineer, Department of Finance, concurring with the opinions expressed in the majority report above, except as to the need of filtration at the present time.

Supplementary majority report of the Advisory Commission of Engineers discussing certain features contained in the minority report above referred to.

Communication from Robert A. Chesebrough, relative to the enormous expense of constructing the filtration plant at the Jerome Park reservoir, which is deemed unnecessary in view of the urgent need of the City's money for other purposes.

Communication from W. W. Niles, containing report and resolutions adopted by the North Side Board of Trade on April 23, 1913, relative to the proposed filtration plant at the Jerome Park reservoir, and protesting the proposed expenditure therefor.

Telegram from Ira H. Jewell requesting to be consulted in regard to his patented system of filtration.

(On February 13, 1913, on the recommendation of the Corporate Stock Budget Committee, the Board adopted a resolution approving of the appointment by said Committee of an Advisory Commission of Engineers to report on the contract and specifications for the construction of the filtration plant for the Croton water supply at the Jerome Park reservoir site.)

Communication from the Commissioner of Water Supply, Gas and Electricity requesting approval of contract and authority to award.

Communication from the Citizens' Union protesting the above proposition.

(On May 1 and again on May 8, 1913, the above matter was laid over for one week.)

Communication from the New York Board of Trade and Transportation suggesting that decision be delayed, etc.

The matter was laid over one week (May 22, 1913).

Board of Water Supply—Issue of Corporate Stock (Cal. No. 19).

The Secretary presented:

Report of the Committee to which was referred on March 27, 1913, the request of the Board of Water Supply for an issue of corporate stock in the sum of $1,300,000 for paving the substituted roads about the Ashokan Reservoir with vitrified brick on a concrete foundation, stating that the Committee reports that after careful consideration, including a personal examination of the roads, and after advice from the Corporation Counsel upon certain points, it believes that the only course open at the present time is to improve the roads in the manner contemplated by the court order of March 13, 1909, namely, with bituminous macadam, and that an effort should be made to reopen the order of October 17, 1910, and try to have the obligation of perpetual maintenance removed. It is further recommended that the Board of Water Supply be requested to submit revised estimates based upon the kind of improvement recommended.

(On May 8, 1913, the above report was laid over for one week.)

Hon. Charles Strauss, President of the Board of Water Supply, appeared in favor of the proposition.

The matter was laid over one week (May 22, 1913).

President, Borough of Queens—Modification of Schedules and Transfer of Appropriation (Cal. No. 20A).

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Queens, Long Island City, May 3, 1913.

To the Board of Estimate and Apportionment, City of New York:

Gentlemen—Request is hereby made for your approval of a transfer of $950 from the appropriation for 1913, entitled, "General Plant Equipment, Care of Highways, 3201, Roadways, Viaducts, Streets," to "Motor Vehicles and Equipment, Care of Highways, 3193, Roadways, Viaducts and Streets."

One of the two automobiles used by the Bureau of Highways has broken down and will require extensive repairs. The car has been used continually for over two years, and would not be serviceable for long if the present required repairs were made. It is proposed not to repair the car which has broken down, but to purchase one to take its place. The car is used exclusively by the Chief Inspector of the Highway Bureau, and at this time of year his services are required throughout the entire borough in the supervision of maintenance work, the planning for deliveries of materials and the laying out of work for the forces. Respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 3, 1913, the President of the Borough of Queens requested the transfer of $950 within appropriations to his office for the year 1913. In connection therewith I report as follows:

It is proposed to transfer $950 from Purchase of Equipment, General Plant Equipment, Care of Highways, No. 3201, Roadways, Viaducts and Streets, to Purchase of Equipment, Motor Vehicles and Equipment, Care of Highways, No. 3193, Roadways, Viaducts and Streets.

This transfer is requested for the purpose of providing funds for the purchase of an automobile. In July, 1911, the Bureau of Highways purchased an Overland automobile for $1,250. During the year 1912, $400 was expended in repairing this car. At present the car is in the garage in very poor condition. It is estimated that several hundred dollars would be required to put the car in running order, and that it would be more economical to purchase a new machine. The President states that the car is urgently needed for use by the Chief Inspector of the Bureau of Highways in supervising maintenance work and the delivery of materials in all parts of the borough.

There is a sufficient balance in No. 3201 to permit of the debit transfer.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Queens for the year 1913, as follows:

FROM

Purchase of Equipment, General Plant Equipment, Care of Highways.

3201 Roadways, Viaducts and Streets..... $950 00

TO

Purchase of Equipment, Motor Vehicles and Equipment, Care of Highways.

3193 Roadways, Viaducts and Streets..... $950 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

—

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the office of the President of the Borough of Queens for the year 1913, as follows:

Purchase of Equipment, Motor Vehicles and Equipment, Care of Highways.

3193 Roadways, Viaducts and Streets..... $1,460 00

Purchase of Equipment, General Plant Equipment, Care of Highways.

3201 Roadways, Viaducts and Streets..... 32,542 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Debt Service; Board of Estimate and Apportionment—Transfer of Appropriation (Cal. No. 20B).

The Secretary presented the following:

City of New York, Board of Estimate and Apportionment, Office of the Secretary, 277 Broadway, April 16, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Dear Sir—The appropriation for Contingencies, Board of Estimate and Apportionment, Code No. 2141, 1913, is $25,000.

The expenditures and obligations on account thereof, to date, are as follows:

Vouchers for expenditures transmitted to the Finance Department.....	$20,407 07
Payroll vouchers awaiting approval of the Civil Service before transmittal to the Finance Department.....	2,894 50
Outstanding open market orders not yet invoiced.....	959 05
Total.....	$24,260 62

There have also been appropriated and set aside out of the appropriation for Contingencies, 1913, by the Board of Estimate and Apportionment, under specific resolutions, the following items:

Services of experts, etc., Committee on Final Disposition of Refuse.....	$5,000 00
Expenses of Advisory Commission of Engineers examining into the Jerome Park Filtration Plant .....No amount stated.	
Expenses of Director of the Standard Testing Laboratory on an Inspection tour abroad	800 00
Expenses of Advisory Commission, on the height, etc., of buildings.....	15,000 00
Expenses of Representative of the President of the Borough of Manhattan, annual convention of Society of Plumbing and Sanitary Engineers.	100 00
Total.....	$20,900 00

I would suggest that a substantial transfer be made to this appropriation at the earliest date, in order that bills properly chargeable thereto may be forwarded without delay. Yours very truly. JOSEPH HAAG, Secretary.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 16, 1913, the Secretary of the Board of Estimate and Apportionment requested the transfer of $50,000 from "some unexpended balance for the year 1913" to the account entitled, "Contingencies, No. 2141, Administration." In connection therewith I report as follows:

The 1913 budget appropriation for contingencies for the Board was $25,000. The Secretary states that by specific resolutions, the following items were made chargeable to the contingency appropriation for 1913 by the Board:

Services of experts, etc., Committee on Final Disposition of Refuse.....	$5,000 00
Expenses of Director of the Standard Testing Laboratory on an Inspection tour abroad	800 00
Expenses of Advisory Commission on the height, etc., of buildings.....	15,000 00
Expenses of Representative of the President of the Borough of Manhattan, annual convention of Society of Plumbing and Sanitary Engineers.	100 00
	$20,900 00

In addition to these expenses, the Secretary states that the expenses of the Advisory Commission examining the Jerome Park filtration plant have also to be provided for. The amount of these expenses is not known at the present time, but the total amount that will be necessary to cover all of the above items will be at least $25,000.

The Secretary states the condition of the contingency account, as of May 1, 1913, to be as follows:

Vouchers for expenditures transmitted to the Department of Finance....	$26,287 22
Outstanding contracts and open market orders.....	2,244 27
Vouchers now in course of preparation.....	4,672 44
	$33,204 93

This indicates a present deficit in the account amounting to $8,204.93, which, with the addition of at least $25,000 for the above charges, will produce a total deficit of $33,204.93.

The Secretary states that other necessary contingencies of the Board to be incurred throughout the balance of the year will increase the deficit to about $50,000. Request is, therefore, made to transfer $50,000 to this account in order to provide sufficient funds.

There is a sufficient balance in the 1913 account entitled, "Debt Service, Fixed Charges and Contributions, Interest, No. 109, Interest on Revenue Bonds and Revenue Bills," to permit of a transfer of $50,000.

I recommend the adoption of the attached resolutions transferring $50,000, as requested, and modifying the schedules affected thereby. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves of the transfer of funds appropriated for the year 1913, as follows:

FROM

Debt Service, Fixed Charges and Contributions, Debt Service, Interest.

109 Interest on Revenue Bonds and Revenue Bills $50,000 00

TO

Board of Estimate and Apportionment, Contingencies.

2141 Administration $50,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

—

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Board of Estimate and Apportionment, for the year 1913, as follows:

BOARD OF ESTIMATE AND APPORTIONMENT.

Contingencies.

2141 Administration $75,000 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Allotment of Portion of Special School Fund for 1913 For the Statistical Work for the Office of the City Superintendent of Schools (Cal. No. 21).

The Secretary presented the following:

City of New York, Department of Finance, Comptroller's Office, May 6, 1913.

To the Honorable Board of Estimate and Apportionment City of New York:

Gentlemen—Supplementing my report of March 24, 1913, relative to item No. 3453 of the Budget for 1913, "$23,000, Force for Efficiency and Statistics," and the note appended thereto:

"The above allowance for 'Force for Efficiency and Statistics' is made by the Board of Estimate and Apportionment under the terms and conditions that no contract shall be entered into for services to be paid for out of this allowance without the approval of said Board,"

—in connection with which a resolution was presented to your Board providing for several positions approved by the Board of Education, I now desire to lay before you the following letter from Mr. William H. Maxwell, City Superintendent of Schools, as follows:

"April 30, 1913.

"*Hon.* WILLIAM A. PRENDERGAST, *Comptroller of The City of New York,* 280 Broadway, N. Y.:

"Dear Sir:—I am informed by the District Superintendent assigned to evening schools that, in order to provide your department with certain data relative to

the Budget for evening schools, it will be necessary for him to have additional clerical help.

"I, therefore, request that a Clerk be assigned to the District Superintendent in charge of evening schools, or that a fund sufficient to cover the employment of such a Clerk be laid aside, such Clerk to be employed in the work of compiling data for the evening school budget and to be employed not later than July 1.

"Yours very truly,

"WM. H. MAXWELL, City Superintendent of Schools."

Inquiry elicits the further information that this Clerk is to be used to check the accuracy of the reports made by the principals of the evening schools and to do some typewriting in connection therewith. A Clerk with knowledge of typewriting, with compensation at the rate of $900 per annum, would apparently meet Dr. Maxwell's needs.

In connection with this request of Superintendent Maxwell, and with the facts above set forth, I submit for your consideration a resolution providing for an additional Clerk in his office from the undistributed portion of the appropriation above referred to for the purposes indicated above, subject, however, to detail or reassignment by the Board of Education to any other office in the department.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby allots, from the special school fund appropriation in the 1913 Budget, entitled, "No. 3453, Force for Efficiency and Statistics, $23,000," a portion of the funds therein provided, for the extension of statistical work in the office of the City Superintendent of Schools, by a force, subject to detail or reassignment by the Board of Education to any other office in the department, as follows:

From May 12 to June 30, 1913, 1 Clerk, with knowledge of typewriting, at $900 per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Modification of Schedules (Cal. No. 22).

The Secretary presented the following:

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 24, 1913, your Board approved transfers aggregating $4,980 within the appropriations to the Department of Water Supply, Gas and Electricity for the year 1913, and also modification of the schedules supporting six of the accounts affected. In addition to the schedules thus modified transfers were made within nine accounts.

In order that the schedules for the administration of all funds appropriated to the Department may show the exact amounts approved for these several purposes, I recommend the adoption of the attached resolution modifying the schedules for the nine accounts to conform with the transfers approved on April 24.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedules, as revised, for the Department of Water Supply, Gas and Electricity for the year 1913, to be effective as of January 1, 1913, as follows:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY.

Supplies, Office Supplies, Illumination, Power and Heat Control.

747 Executive $100 00

Purchase of Equipment, Office Equipment.

768 Illumination, Power and Heat Control..... 1,800 00

Respectfully submitted, OTTO H. KLEIN, Director.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:.

Gentlemen—On April 29, 1913, the Director of the Standard Testing Laboratory requested modification of the 1913 salary schedule for the Laboratory entitled, "Board of Estimate and Apportionment, Personal Service, Salaries Regular Employees, No. 2122, Analyzing and Testing." In connection therewith I report as follows:

The modification is requested in order to provide for increases in salary of several employees. The Director states that the present salaries of Engineering and Fuel Engineering Chemists are inadequate and that it is impossible to retain the class of men needed at the present rates. He also states that the positions of Junior Engineering Chemist at $1,200 per annum cannot be filled with efficient men at that salary. Request is therefore made to abolish the position of Junior Engineering Chemist.

It is proposed to change the line, Engineering Chemist, at $1,800, to *Clerk, 1 at $1,200 per annum (N. A. S. I.). The $600 made available for salary increases is to be used for the following increases:

Fuel Engineering Chemist, from $1,800 to $2,100 per annum.

Fuel Engineering Chemist, from $2,100 to $2,400 per annum.

It is also proposed to change the line, Junior Engineering Chemist, 3 at $1,200 per annum, to *Clerk, 3 at $900 per annum (N. A. S. I.). The $900 made available for salary increases is to be used for the following increases:

Engineering Chemist, from $2,100 to $2,400 per annum.

Clerk, from $1,200 to $1,500 per annum.

Coal Sampler, 1 at $1,200, to Principal Coal Sampler, 1 at $1,500.

It is also proposed to change the title of two Engineering Chemists at $1,500 per annum to Fuel Engineering Chemists. The Director states that these employees were appointed from the Fuel Engineering Chemist list of the Municipal Civil Service Commission, but were provided for in the Budget under the title of Engineering Chemist. Request is, therefore, made to change the schedule titles to conform with the title of the Municipal Civil Service Commission.

Examination of the records of the Department of Finance shows that of the proposed changes the only grades of positions established pursuant to the provisions of section 56 of the Greater New York Charter for the Standard Testing Laboratory, are those of Clerk, at $1,500, $1,200 and $900 per annum. The Director, therefore, verbally requests that the proposed reductions in the positions of Engineering Chemist, at $1,800, and Junior Engineering Chemist, 3 at $900, be made, and that the increase in the salary of a Clerk, from $1,200 to $1,500, be provided for, the $1,200 remaining to be carried as an unassigned balance available for salary increases.

The following shows the line item changes in detail as proposed by the verbal request of the Director:

Code No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
2122	Engineering Chemist, 1 at $1,800	$1,800 00	.....	$1,200 00	.....
	*Clerk, at $1,500 (A. S. I. $700)	.....	$1,500 00	.....	$1,000 00

		$6,600 00	$6,600 00	$4,400 00	$4,400 00

I recommend the adoption of the attached resolution modifying the schedule as verbally requested. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Board of Estimate and Apportionment for the year 1913, to be effective as of May 1, 1913, as follows:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Modification of Schedule and Transfer of Appropriation (Cal. No. 24).

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, April 29, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York:

Dear Sir—Request is hereby made that the supporting schedules of salaries attached to the Budget of the President of the Borough of Manhattan for the year 1913 be amended so as to read as follows:

Personal Service, Salaries, Regular Employees, Care of Highways.

2702	Executive:	
	Chief Engineer	$5,000 00
	Assistant Engineer	4,000 00
	Inspector	1,650 00
	Transitman, 2 at $1,650 (A. S. I. $650 each)	3,300 00
	Clerk	2,700 00
	Clerk	1,800 00
	Clerk	1,500 00
	Clerk (A. S. I. $100)	1,200 00
	Clerk (A. S. I. $200)	1,200 00
	Clerk, 3 at $900	2,700 00
	Clerk	750 00
	Clerk (A. S. I. $50)	750 00
	Clerk (N. A. S. I.)	600 00
	Clerk, 2 at $600 (A. S. I. $100 each)	1,200 00
	Clerk, 2 at $540 (A. S. I. $160 each)	1,080 00
	Clerk, 2 at $300 (A. S. I. $60 each)	600 00
	Messenger, 4 at $1,200	4,800 00
	Automobile Engineman, 3 at $1,200	3,600 00
	Attendant (A. S. I. $450)	1,050 00
		$39,480 00

Under the foregoing code a Messenger at $1,200 is subdivided into two Clerks at $600. These positions are then reduced to $540. The balance of $120 is used for an increase in salary under Code No. 2716.

		$39,480 00

Personal Service, Salaries, Regular Employees, Care of Public Buildings and Offices.

2711	Executive:	
	Superintendent	$5,000 00
	Assistant Engineer (A. S. I. $1,500)	3,500 00
	Confidential Inspector	2,100 00
	Clerk	1,650 00
	Clerk	1,200 00

	Telephone Operator, 2 at $750	1,500 00
	Attendant (A. S. I. $450)	1,050 00
		$19,750 00

The only change made under Code No. 2711 is the elimination of the unassigned balance of $50. This is carried forward and used to provide an increase in salary under Code No. 2716.

Personal Service, Salaries, Regular Employees, Heat, Light and Power.

Mechanical Engineer (A. S. I. $1,300)	$3,000 00
Mechanical Engineer	2,100 00
Assistant Engineer	1,800 00
Mechanical Draftsman, 2 at $1,800	3,600 00
Mechanical Draftsman	1,500 00
	$12,000 00
2716 Office Buildings	$6,000 00
2717 Baths and Comfort Stations	6,000 00

In the foregoing schedule a Mechanical Engineer is increased from $2,550 to $3,000 per annum. The funds to provide this increase are as follows:

$120 from Code No. 2702, $50 from Code No. 2711, as shown above. The balance of $280 is secured by the elimination of the unassigned balance under Code No. 2718, as shown immediately below.

Personal Service, Salaries, Regular Employees, Design and Survey.

2718TC Tax Levy and Corporate Stock Force:	
Assistant Engineer	$3,500 00
Assistant Engineer, 2 at $2,400	4,800 00

Transitman and Computer (A. S. I. $650)	1,650 00
Transitman and Computer, 12 at $1,500	18,000 00
Leveler	1,500 00
Rodman, 18 at $1,050	18,900 00
Axeman (A. S. I. $200)	900 00
Axeman, 27 at $900	24,300 00
Sounder	900 00
Mechanical Draftsman	1,650 00
Mechanical Draftsman	1,500 00
Topographical Draftsman (A. S. I. $700)	1,800 00
Topographical Draftsman, 2 at $1,650 (A. S. I. $650 each)	3,300 00
Topographical Draftsman, 16 at $1,500	24,000 00
Topographical Draftsman, 4 at $1,200 (A. S. I. $240 each)	4,800 00
Topographical Draftsman, 3 at $1,200 (A. S. I. $200 each)	3,600 00
Topographical Draftsman, 2 at $1,200 (A. S. I. $100 each)	2,400 00
Topographical Draftsman, 11 at $1,200	13,200 00
Laborer	900 00
Architectural Draftsman	1,200 00
Junior Draftsman, 5 at $900	4,500 00
	$157,980 00
Tax levy allowance	$39,500 00
Corporate stock allowance	118,480 00
	$157,980 00

The only change made under Code No. 2718 is the elimination of the unassigned balance of $280. This is transferred for the purpose of increasing a salary under Code No. 2716, as shown above. It is desired to have this modification effective as of April 1, 1913. The reason for the increase in salary of the Mechanical Engineer from $2,550 to $3,000 per annum was gone into thoroughly a few weeks ago when the request for the establishment of the grade was made. There is also enclosed a form for the necessary transfer of funds. Yours very truly,

E. V. FROTHINGHAM, Acting President, Borough of Manhattan.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 29, 1913, the President of the Borough of Manhattan requested modification of four salary schedules in his office for the year 1913. In connection therewith I report as follows:

In Personal Service, Salaries, Regular Employees, Care of Highways, No. 2702, Executive, the line "Messenger, 5 at $1,200," is changed to read "Messenger, 4 at $1,200, *Clerk, 2 at $540 (A. S. I. $140 each)." A vacant position of Messenger at $1,200 is substituted by two Clerks at $540. The $120 thereby made available for salary increases is transferred to No. 2716 to provide for an increase shown therein.

In Personal Service, Salaries, Regular Employees, Care of Public Buildings and Offices, No. 2711, Executive, a balance unassigned of $50 available for salary increases is transferred to No. 2716 to provide for an increase shown therein.

In Personal Service, Salaries, Regular Employees, Design and Survey, No. 2718TC, Tax Levy and Corporate Stock Force, a balance unassigned of $280 available for salary increases is transferred to No. 2716 to provide for an increase shown therein.

In Personal Service, Salaries, Regular Employees, Care of Public Buildings and Offices, Heat, Light and Power, No. 2716, Office Buildings, and No. 2717, Baths and Comfort Stations, a Mechanical Engineer, Mr. Louis W. Bates, is increased from $2,550 to $3,000. Of the $450 necessary for this increase $120 is transferred from No. 2702, $50 from No. 2711 and $280 from No. 2718TC, as stated above. The increase for Mr. Bates is in accordance with grade established by resolution of your Board on January 16, 1913, and approved by the Board of Aldermen on March 11, 1913.

The following table shows the line item changes in detail:

Code No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
2702	Messenger, 5 at $1,200	.....	$1,200 00	.....	$900 00
	*Clerk, 2 at $540 (A. S. I. $140 each)	$1,080 00	.....	$810 00	.....

2716	Mechanical Engineer, 1 at $2,550	.....	2,550 00	.....	1,912 50
2717	*Mechanical Engineer, 1 at $3,000 (A. S. I. $1,300)	3,000 00	.....	2,250 00	.....
2718TC	Balance unassigned (A. S. I.)	.....	280 00	.....	210 00
		$4,080 00	$4,080 00	$3,060 00	$3,060 00

I recommend the adoption of the attached resolutions granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Manhattan for the year 1913, as follows:

Department of Docks and Ferries—Modification of Schedule (Cal. No. 25).

The Secretary presented the following:

City of New York, Department of Docks and Ferries, Pier A, North River, April 17, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman Board of Estimate and Apportionment:*

Sir—In the budget for this Department for the year 1913 provision is made in Code 233 for three Hydrographers, at $1,800 per annum, and for two Topographical Draftsmen at the same rate, $1,800 per annum. There is one vacancy in the position of Topographical Draftsman at $1,800 per annum.

At your meeting, held February 20, 1913, a resolution was adopted recommending to the Board of Aldermen the establishment of a grade in the position of Hydrographer, at $1,800 per annum, for this Department for one additional incumbent. This grade for one additional incumbent has been established by the Board of Aldermen by resolution adopted April 1, 1913, and is therefore now in effect.

It is requested that code 233 in the budget be modified by changing the provision for Topographical Draftsman from two to one, at $1,800 per annum, and by changing the provision for Hydrographers from three to four, at $1,800 per annum. The vacancy thus created in the position of Hydrographer at $1,800 per annum will be filled by the promotion of John Winters, now an Inspector of Dredging in this Department, paid at the rate of $1,500 per annum. Mr. Winters is No. 1 on the Civil Service list for this promotion.

The modification herein recommended will make no change in the total amount of the appropriation in code 233.

This request is drawn upon the lines of communication forwarded to you by this Department under date of February 4, 1913, asking the establishment of a grade for an additional Hydrographer to meet this Department's requirements.

Yours very truly, R. A. C. SMITH, Commissioner of Docks.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 17, 1913, the Commissioner of Docks requested modification of a schedule of salaries in his department for the year 1913. In connection therewith I report as follows:

The request is in General Maintenance, Engineering, No. 233 T. C., Tax Levy and Corporate Stock Force. It is proposed to substitute a Hydrographer, at $1,800, for a Topographical Draftsman, at the same rate. The position thus created will be filled by the appointment of John Winters, now an Inspector of Dredging, at $1,500. Mr. Winters is first on the Civil Service list for promotion. The additional Hydrographer is needed for the work of the Engineering Bureau.

The following table shows the line item changes in detail.

Code No.	Title.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
233T.C.	Topographical Draftsman, 2 at $1,800	$1,800 00	.....	$1,200 00	.....

Supreme Court, Queens County—Modification of Schedule (Cal. No. 26).

The Secretary presented the following:

Supreme Court of the State of New York, Long Island City, N. Y., April 24, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, City of New York,* 280 Broadway, New York City:

Dear Sir—Pursuant to section 167 of the Judiciary Law, the Hon. Garret J. Garretson and Hon. James C. Van Siclen, resident Justices of Queens County, have appointed Gaston Lapinsky as Interpreter in the Supreme Court to take effect April 21, 1913, and have fixed his salary pursuant to section 386 of the Judiciary Law as in Consolidated Laws of 1911, at $1,500 per annum.

I respectfully request that revenue bonds be issued to meet his salary for the balance of the year, the amount being:

April, 1913 (10 days)	$41 67
May to December, 1913 (8 months)	1,000 00
Total	$1,041 67

I also request that salary schedule line be modified to provide for four (4) Attendants at $1,600 and four (4) Attendants at $1,500, instead of three (3) Attendants at $1,600, and five (5) Attendants at $1,500, to provide for an increase in salary for Frank Shelton from $1,500 to $1,600 per annum, increase to take effect May 1, 1913. and made pursuant to section 351, as in Consolidated Laws of 1911.

The above sections are mandatory.

Bonds issued under subdivision 7, section 188 of the Charter. Respectfully yours,

JOHN D. PEACE, Special Deputy Clerk, Supreme Court, Queens County.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 24, 1913, the Special Deputy Clerk in charge of the Supreme Court, Queens County, requested $1,108.34 in special revenue bonds to provide for an additional Interpreter and an increase in the salary of an Attendant in the Court. In connection therewith I report as follows:

Section 167 of the Judiciary Law provides that "The Justice or Justices of the Supreme Court residing in Queens County, or a majority of them, may appoint an Interpreter or Interpreters * * * interpreters so appointed in the County of Queens shall receive the salary specified in section three hundred and eighty-six of this chapter," * * *

Section 386 as amended by section 3 of Chapter 566 of the Laws of 1911 provides that: "The Interpreters appointed for the Supreme Court in the County of Queens * * * shall each receive an annual salary to be paid by the Justice or Justices * * * mentioned (in section 167); * * * and all of such salaries shall be a county charge."

Section 351 of the Judiciary Law, as amended by section 1 of chapter 566 of the Laws of 1911, provides, in part, as follows:

"The court attendants appointed for the supreme court in the county of Queens, * * * shall each receive an annual salary to be fixed by the justice or justices (of the Supreme Court residing in Queens County) * * * and all of such salaries shall be a county charge."

Pursuant to the provisions of the statutes above cited, the Justices of the Supreme Court residing in Queens County have appointed Gaston Lapinsky as Interpreter in the Supreme Court at $1,500 per annum, from April 21, 1913, and increased the salary of Frank Shelton, Court Attendant, from $1,500 to $1,600, the increase to be effective as of May 1, 1913. Payment of these salaries is mandatory. Provision for them, in the sum of $1,108.34, will therefore be made by the Comptroller under subdivision 7 of section 188 of the Greater New York Charter.

I recommend the adoption of the attached resolution modifying the schedule involved. Respectfully, WM. A. PRENDERGAST, Comptroller..

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the schedule, as revised, for the Supreme Court, Queens County, for the year 1913, to be effective as of April 21, 1913, as follows:

	Total allowance			$35,800 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Manhattan—Modification of Schedule (Cal. No. 27).

The Secretary presented the following:

City of New York, Office of the President of the Borough of Manhattan, City Hall, April 24, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* 277 Broadway, New York:

Dear Sir—Request is hereby made that the supporting schedules of Salaries and Wages attached to the budget of the President of the Borough of Manhattan for the year 1913 be amended so as to read as follows:

Care of Sewers.

2727	Cleaning and Repairing—	
	Foreman, 4 at $5 per day, 313 days	$6,260 00
	Foreman, 8 at $4 per day, 313 days	10,016 00
	Foreman, 3 at $4 per day, 365 days	4,380 00
	Foreman Mason, 1 at $6 per day, 313 days	1,878 00
	Foreman Mechanic, 1 at $5 per day, 313 days	1,565 00
	Foreman Bricklayer, 1 at $5.60 per day, 313 days	1,752 80
	Assistant Foreman, 1 at $3.50 per day, 313 days	1,095 50
	Assistant Foreman, 5 at $3 per day, 313 days	4,695 00
	Assistant Foreman, 1 at $2.50 per day, 313 days	782 50
	Assistant Foreman, 1 at $2.50 per day, 365 days	912 50
	Mason, 4 at $5.60 per day, 313 days	7,011 20
	Bricklayer, 8 at $5.60 per day, 313 days	14,022 40
	Laborer, 2 at $3 per day, 313 days	1,878 00
	Laborer, 31 at $2.50 per day, 313 days	24,257 50
	Sewer Cleaner, 28 at $3 per day, 313 days	26,292 00
	Sewer Cleaner, 41 at $2.50 per day, 313 days	32,082 50
	Sewer Cleaner, 4 at $3 per day, 365 days	4,380 00
	Sewer Cleaner, 2 at $2.50 per day, 365 days	1,825 00
	Balance unassigned (A. S. I.)	281 70
		$145,367 60

The changes made in the foregoing schedule are the following:

One Foreman, at $4 per day, 313 days, is reduced to an Assistant Foreman, at $3 per day, 313 days.

Two Assistant Foremen, at $2.50, 313 days, are changed to two Laborers, at $2.50, 313 days.

The balance left over from the reduction of a Foreman, at $4 per day, to an Assistant Foreman, at $3 per day, is added to the unassigned balance of $751.20. This amount is then used to create an additional Laborer, at $2.50 per day, 313 days. The remainder is placed in the unassigned balance and marked A. S. I.

It is desired to have this modification effective as of April 28, 1913.

Very truly yours, E. V. FROTHINGHAM, Acting President, Borough of Manhattan.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 7, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 24, 1913, the President of the Borough of Manhattan requested modification of a wage schedule in his office for the year 1913. In connection therewith I report as follows:

In Personal Service, Wages, Regular Employees, Care of Sewers, No. 2727, Cleaning and Repairing, the line "Foreman, 9 at $4 per day (313 days)," is changed to read:

Foreman, 8 at $4 per day (313 days), and *Assistant Foreman, 1 at $3 per day (313 days), (A. W. I., $104.33).

Of the $313 thereby made available for wage increases, $281.70 is carried as "Balance unassigned available for wage increases, and $31.30 is added to an existing balance unassigned of $751.20. This amount of $782.50 is used to create a position of Laborer at $2.50 per day (313 days). The positions of two Assistant Foremen at $2.50 per day (313 days), are changed to two Laborers at the same rate.

The following table shows the line item changes in detail:

Code No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.
2727	Foreman, 9 at $4 per day (313 days)	.....	$1,252 00	.....	$852 00

Code No.	Schedule Line.	Schedule Transfer. Increase.	Schedule Transfer. Decrease.	Cash Transfer. Increase.	Cash Transfer. Decrease.

		$3,568 20	$3,568 20	$2,428 20	$2,428 20

The changes proposed are in accordance with the resolution governing salary and wage schedule modifications adopted by your board January 30, 1913.

I recommend the adoption of the attached resolution granting the request.

Respectfully WM. A. PRENDERGAST, Comptroller.

To the Board of Estimate and Apportionment:

Gentlemen—On April 22, 1913, the Chief Clerk of the Court of Special Sessions requested modification of a salary schedule in the Court for 1913. In connection therewith I report as follows:

The request is in "Personal Service, No. 2379, Salaries Regular Employees," and involves a reduction in the salary of a vacant position of Stenographer and Typewriter in the Office of the Chief Probation Officer from $1,050 to $900 per annum, and an increase in the salary of Helen Long, Stenographer and Typewriter in the same office from $1,050 to $1,200 per annum. Request is also made for a reduction in the number of additional female Probation Officers in Manhattan from 20 to 18 to provide for a female Deputy Chief Probation Officer. The necessary grades of positions have been established.

Miss Long was for two years employed as Stenographer and Typewriter in Bellevue and Allied Hospitals at $750 per annum, and for two years in the Department of Finance at $900 per annum. In 1911 she was transferred to the office of the Chief Probation Officer, Court of Special Sessions, at the same salary. The present duties consist of taking dictated reports from Probation Officers, the preparation of the regular monthly reports of the probation work of the Court, typewriting of all letters and communications of the Chief Probation Officer and other clerical work. She is also in charge of the office during the absence of the Chief Probation Officer. The Justices of the Court have unanimously recommended that her salary be increased to $1,200.

Of the $2,400 released by reducing the number of female Probation Officers from 20 to 18, $2,000 is to be used for the salary of the new position of Female Chief Deputy Probation Officer, and the remainder, $400, is to be carried as an unassigned balance.

The line changes in detail are as follows:

Account No.	Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Register, Kings County—Modification of Schedule (Cal. No. 30).

The Secretary presented:

Report of the Comptroller, recommending that no action be taken on the request of the Register of Kings County for the modification of salary schedule No. 3772 for the year 1913, to provide for an increase in the number of Laborers and a decrease in the number of Messengers, as an investigation of the conditions obtaining in said office shows that the laboring force provided for in the Budget is sufficient for the performance of extra work, as well as for the current work.

Which was ordered filed, and the Secretary directed to transmit a copy of the report to the Register, Kings County.

President, Borough of Manhattan—Approval of Form of Contract, Etc. (Cal No. 31).

The Secretary presented the following:

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 7, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 7, 1913, the Presidentof the Borough of Manhattan orally requested approval of new estimates of costs for the erection and completion of a public bath building and gymnasium, to be located at Nos. 407 to 413 West 28th street, Borough of Manhattan, as follows:

	Estimate of Cost.
1. General construction	$126,500 00
2. Plumbing system	17,000 00
3. Heating	24,500 00
	$168,000 00

On February 20, 1913, the Board of Estimate and Apportionment approved the form of contracts, plans, specifications at estimates of costs as follows:

	Estimate of Cost.
1. General construction	$105,000 00
2. Plumbing system	35,000 00
3. Heating system	25,000 00

On April 4, 1913, bids were opened for the work. The lowest bids were as follows:

General construction	$135,109 00
Plumbing system	16,985 00
Heating system	24,500 00

On April 24, 1913, the Board of Estimate and Apportionment approved certain modifications in the general construction contract with the object of decreasing the cost of the work below the aggregate sum approved on February 20, 1913.

On May 6, 1913, bids were opened for the completion of the general construction work, as modified. The lowest of six bids received was $126,385. This amount is reasonable.

The request is made to permit the awarding of the contracts for plumbing and heating. It is proposed to readvertise the contract for the general construction work.

The cost of the work is to be charged against the corporate stock fund entitled "C. P. M.—26C, Public Bath Fund in the Borough of Manhattan, Acquisition of Site and Construction of Building." The authorization, in the sum of $250,000, was approved by the Board of Estimate and Apportionment, on July 17, 1911, as amended on February 29, 1912, and by the Board of Aldermen on July 25, 1911, as amended on March 12, 1912. On May 7, 1913, an unencumbered balance of $184,936.61 remained in the fund.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment on April 24, 1913, as follows:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment on February 20, 1913, as follows:

Department of Docks and Ferries—Approval of Form of Contracts, Etc. (Cal. No. 32).

The Secretary presented the following:

City of New York, Department of Docks and Ferries, Pier "A," North River, April 19, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, and Chairman Board of Estimate and Apportionment:*

Sir—I transmit herewith specifications and form of Contract 1376 for obtaining a supply of granite. There are two classes, each class being in itself a separate and distinct contract.

Class 1 calls for 424 granite headers and 424 granite stretchers, amounting to 10,666.66 cubic feet. The estimate is $1 per cubic foot.

Class 2 calls for 100 granite coping stones amounting to 5,633.68 cubic feet. The estimate is $1.10 per cubic foot.

I request your approval of the specifications, form of contract and estimates in order that the contracts may be advertised.

These contracts are to be charged against corporate stock funds C. D. D.—27, Supplies, etc., for Construction and Improvement of Docks, in which fund the amount is sufficient to cover the contracts at the given estimates. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 5, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 19, 1913, the Commissioner of Docks requested approval of form of contract, specifications and estimate of cost for furnishing and delivering a supply of granite, under separate contracts, as follows:

Class No. 1—424 granite headers and 424 granite stretchers, amounting to 10,666.66 cubic feet, at an estimated cost of $1 per cubic foot	$10,666 66
Class No. 2—100 granite coping stones, amount to 5,633.68 cubic feet, at an estimated cost of $1.10 per cubic foot	6,197 36

The total estimated cost for the two classes, including 5 per cent. for supplies in excess of the quantities estimated, is $17,707.22.

The cost is to be paid from a corporate stock fund of $664,600 approved by the Board of Estimate and Apportionment to the extent of $469,600 on April 4, 1911, and to the extent of $195,000 on January 9, 1913, and entitled "C. D. D.—27, Department of Docks and Ferries, Supplies, etc., for Construction and Improvement of Docks." On April 25, 1913, an unencumbered balance of $89,841.74 remained in the fund.

The form of contract is the standard approved by the Board of Estimate and Apportionment on December 5, 1912, and as amended on January 16, 1913.

The specifications are satisfactory and the estimate of cost reasonable.

I recommend the adoption of the attached resolution granting the request.

Yours truly WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the resolution adopted on July 11, 1912, hereby approves the form of contract and specifications and an estimate of cost in the sum of seventeen thousand seven hundred and seven dollars and twenty-two cents ($17,707.22) for furnishing and delivering granite for the construction and improvement of docks under the jurisdiction of the Commissioner of Docks; the cost to be paid from the corporate stock fund entitled, "C.D.D.—27, Department of Docks and Ferries, Supplies, Etc., for Construction and Improvement of Docks."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Education—Approval of Form of Contract, Etc. (Cal. No. 33).

The Secretary presented the following:

Board of Education, Park avenue and 59th street, New York, May 2, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Dear Sir—I beg to advise you of the receipt of a communication from Mr. C. B. J. Snyder, Superintendent of School Buildings, dated May 1, 1913, as follows:

"I am transmitting herewith plans and specifications for Item 2, Plumbing and Drainage of new School 94, Borough of Queens, to be forwarded to the Comptroller, for presentment to the Board of Estimate and Apportionment, in compliance with the resolution adopted by that Board on January 5, 1911.

"The plans and specifications have just been returned by the Department of Water Supply, Gas and Electricity approved, as noted on same.

"Approximate cost, $9,000."

The Superintendent of School Buildings states that the cost of the above mentioned work is chargeable to Corporate Stock Account C. D. E., Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 7, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 2, 1913, the Board of Education requested approval of the form of contract, specifications, plans and estimate of cost, in the sum of $9,000, for Item 2, Plumbing and Drainage of new Public School 94, Borough of Queens.

The cost of the item is to be charged to the corporate stock fund entitled "C. D. E.—130G, School Buildings, Construction and Equipment, Queens, Sub-title 7." An appropriation of $121,400 was approved by the Board of Estimate and Apportionment on July 17, 1911, as amended on June 27, 1912, and concurred in by the Board of Aldermen on July 25, 1911, as amended on October 15, 1912. On May 6, 1913, no expenditures had been made from the fund.

The specifications and plans have been approved by the Department of Water Supply, Gas and Electricity, and are satisfactory. The form of contract is satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves of the form of contract, specifications plans and estimate of cost, nine thousand dollars ($9,000), for item 2, plumbing and drainage of new Public School 94, Borough of Queens, under the jurisdiction of the Department of Education, the cost of the item to be charged to the corporate stock fund entitled, "C.D.E.—130G, School Buildings, Construction and Equipment, Queens, Subtitle 7."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Richmond—Approval of Form of Contract, Etc. (Cal. No. 34).

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, April 4, 1913.

Board of Estimate and Apportionment, 277 Broadway, New York:

Dear Sirs—I send herewith, for approval, one set of plans, contract and specifications for the construction of a brick cottage at the Clifton Destructor property in this borough, chargeable against Corporate Stock Fund No. 7A.

The estimated cost of the work is as follows:

Building and electric work	$5,150 00
Plumbing and heating	700 00
Architect's fee	150 00
	$6,000 00

As the plumbing and heating will cost less than $1,000, it will be more economical to let this portion of the work by open informal bid rather than to incur the added expense of two formal contracts. Yours truly,

GEORGE CROMWELL, President of the Borough.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 4, 1913, the President of the Borough of Richmond requested approval of the form of contract, plans and specifications for the construction of a brick cottage at the Clifton Destructor, Borough of Richmond.

The estimated cost of the work is as follows:

General construction of the building and electric work	$5,150 00
Plumbing and heating	700 00
	$5,850 00

As the plumbing and heating will cost less than $1,000 it is proposed to let this portion of the work by open, informal bidding, rather than to incur the added expense of two formal contracts. Hence it will only be necessary to approve the form of contract for the general construction of the building.

The cost of the work is to be paid from the unencumbered corporate stock fund entitled " C. P. R.—7A, Refuse Destructor, Clifton, Construction of Engineer's House." The appropriation, in the sum of $6,000, was approved by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911.

The form of contract is satisfactory, the plans and specifications are satisfactory and complete and the estimates of cost are reasonable.

I therefore recommend the adoption of the attached resolution approving the request. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution adopted on July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost, five thousand one hundred and fifty dollars ($5,150) for the general construction of a brick cottage at the Clifton Destructor, Borough of Richmond, and the plans, specifications and estimate of cost, seven hundred dollars ($700), for the heating and plumbing work of said building, under the jurisdiction of the President of the Borough of Richmond, the cost of the work to be paid from the corporate stock fund entitled, "C.P.R.—7A, Borough of Richmond, Refuse Destructor, Clifton, Construction of Engineer's House."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

President, Borough of Queens—Approval of Form of Contract, Etc. (Cal. No. 35).

The Secretary presented:

Report of the Comptroller, recommending approval, pursuant to resolution adopted July 11, 1912, of the form of final contract with Hans Liebau, Architect, for the preparation of complete plans, specifications, etc., and supervising the construction of a refuse destructor, stable and section house at Ridgewood, under the juridiction of the President of the Borough of Queens, at an estimated fee of $7,015.96.

Which was laid over one week (May 22, 1913).

Department of Water Supply, Gas and Electricity—Approval of Form of Contract, Etc. (Cal. No. 36).

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Bureau of Supplies, 13-21 Park Row, New York, April 25, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, City of New York:*

Dear Sir—I transmit herewith, for report by you to the Board of Estimate and Apportionment, in accordance with the resolution adopted by said Board on July 17, 1911, as amended August 31, 1911, a form of contract, specifications, etc., for hauling and laying water mains and appurtenances in Tremont avenue, from Webster avenue to 3d avenue, Borough of The Bronx; the estimated cost of which is $3,500, chargeable to C. D. W.—13.

I would ask that this be reported by you to the Board of Estimate and Apportionment as soon as possible. Yours truly,

J. W. F. BENNETT, Deputy and Acting Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 7, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 25, 1913, the Acting Commissioner of Water Supply, Gas and Electricity requested approval of the form of contract, plans, specifications and estimate of cost, in the sum of $3,500 for hauilng and laying water mains and appurtenances in Tremont avenue, from Webster avenue to 3d avenue, Borough of The Bronx.

The cost is to be paid from a corporate stock fund of $1,768,243, approved by the Board of Estimate and Apportionment on January 31, 1908, and by the Board of Aldermen on March 18, 1908; and in the additional sum of $1,125,000 by the Board of Estimate and Apportionment on July 2, 1909, as amended on May 27, 1910, and concurred in by the Board of Aldermen on July 13, 1909, and June 7, 1910. The fund is entitled, "C.D.W.—13, Water Fund, Boroughs of Manhattan and The Bronx." On May 1, 1913, an unencumbered balance of $41,566,08 remained in the fund.

The form of contract, plans and specifications are satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolution of July 11, 1912, hereby approves the form of contract, plans, specifications and estimate of cost, in the sum of three thousand five hundred dollars ($3,500), for hauling and laying water mains and appurtenances in Tremont avenue, from Webster avenue to 3d avenue, Borough of The Bronx, under the jurisdiction of the Department of Water Supply, Gas and Electricity, the cost to be paid from the corporate stock fund entitled "C. D. W.—13, Water Fund, Boroughs of Manhattan and The Bronx."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Department of Water Supply, Gas and Electricity—Authority to Award Contract (Cal. No. 37).

(On April 27, 1913, the request of the Commissioner of Water Supply, Gas and Electricity in this matter was referred to the Comptroller.)

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, April 14, 1913.

Mr. JOSEPH HAAG, *Secretary, Board of Estimate and Apportionment,* No. 277 Broadway, City:

Dear Sir—I desire to recommend to your Board that the contract for supply and maintenance of gas lamps in a certain district in the Borough of Manhattan, for the year 1913 be awarded to the higher bidder, and not to the lower, for I believe it to the public interest so to do. The reasons for this recommendation are as follows:

The bids for street lighting for the year 1913, contained two bids from a corporation entitled the "Pressure Lighting Company." This company bid in competition with the Welsbach Street Lighting Company of America for the supply and maintenance of certain mantle gas lamps for lighting a section of the City included within the north side of 72d street, the east side of Riverside Drive, the north side of 93d street, and the west side of Central Park West. This district is lighted by some six hundred (600) mantle gas lamps, and is one of the best residential sections of the City.

The same company also bid for the supply and maintenance of the mantle gas lamps, in competition with the New York & New Jersey Globe Gas Lighting Company, a company affiliated with the Welsbach Street Lighting Company of America, for the section supplied with gas by the Brooklyn Borough Gas Company, in the 31st Ward, in and about Sheepshead Bay.

The respective bids, compared, are as follows:

	Manhattan.	Brooklyn.
Welsbach Street Lighting Co., per lamp per month	$1.00	.....
New York & New Jersey Globe Co., per lamp per month	.....	$1.02½
Pressure Lighting Co., per lamp per month	0.95	1.00
Difference per lamp per month	$0.05	$0.02½

The Pressure Lighting Company was, therefore, the lowest bidder in both sections.

It is pertinent to state that during the six (6) months preceding the submission of these bids, representatives of the Pressure Lighting Company had requested the department to modify its specifications, so that a trial could be made of a system of lighting and extinguishing of gas lamps by means of varying the gas pressure at certain times. In this way, certain automatic appliances were actuated to cut off gas and so extinguish the lights, and also to turn on gas and light the lights. This was with a view to decreasing the cost of gas lighting by doing away with the services of a lamp lighter and extinguisher. Only one gas company could be found who would supply such momentary pressure impulse on its gas mains, the Brooklyn Borough Gas Company. The engineers of the department were willing to try the experiment, and the specifications were amended slightly to allow same in this more or less suburban territory of this company.

Bids were received with the results as shown. The engineers were not familiar with the appliance to be used, nor was there any idea of any such service trial in the Borough of Manhattan. Bids were received for the two sections mentioned from the Pressure Lighting Company, with the proviso that they might have the option of lighting and extinguishing by variations of pressure, or by hand, as with lamp lighters. This option was not given the company by the specifications in either territory.

On receipt of the bids the company was asked for sample lamps for test of the pressure system, and on submission to, and test by, the City's Chief Gas Examiner, it was found that this pressure system was not desirable for the City, and the mechanism was disapproved. The lamp itself, without this mechanism, attended to by hand, seemed worthy of trial, as compared with the present lamps in use.

Shortly after bids were received, the Public Service Commission promulgated certain regulations as to variations of pressure, which would prohibit the use of a pressure system in the City, except temporarily in the Brooklyn Borough Gas Com-

any's district. In consequence, we are only considering this company's bid now, from a hand lighting basis.

An investigation was also made of the financial responsibility of this company, as well as its experience in this service. The results were not such as warranted me in making more than a careful trial of the service that would be given, and it is my opinion that for the best interests of the City and future competition, that they should concentrate their efforts on one district, and not divide them among two districts, widely separated. They can thus give more careful attention to their work and develop from this small district throughout the large gas lighting district existing in Brooklyn, without dividing their forces or base of supplies.

From the fact that by law the City's lighting contracts can only be made for one year, and that it takes a considerable time to investigate new bidders, test their appliances and make changes of equipment over large areas, the determination of these factors brings us usually to about the 1st of April before the investigations and tests are made, and in this case, it would be about the 1st of June before the competing company could be in operation in both districts.

Under the bids received, this would make a total difference of cost to the City in the Manhattan district of only two hundred and ten dollars ($210) for the year. I do not feel justified for this amount to change the lighting in an important and densely built-up section of the City, involving as it does at best, a temporary disturbance of the service.

This matter was thoroughly discussed with the representatives of the Pressure Lighting Company, and it was generally concluded that it was better for all concerned that they should restrict their service to a single given district for this year until its quality is thoroughly proved. They could then extend their service next year if they were the lowest bidder, all other elements having been determined by a test through the balance of this year in a relatively suburban section.

In my opinion, this is not only the best policy for the City in maintaining uninterrupted mantle lamp service in the streets of an important section, but it is the best policy under our limited term contracts to develop a strong and lasting competition from which the City will derive some permanent benefit.

In consequence of the above statements of this case, to dispose of the matter, I would respectfully suggest to your Board that under section 530 of the Charter, a resolution be passed that it is for the public interest that in the Borough of Manhattan in the district bounded by the north side of 72d street, the east side of Riverside Drive, the north side of 93d street, and the west side of Central Park West, the supply and maintenance of the gas lamps shall be awarded to the Welsbach Street Lighting Company of America for the year 1913. I am very respectfully,

HENRY S. THOMPSON, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 8, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 14, 1913, the Commissioner of Water Supply, Gas and Electricity recommended that the Board of Estimate and Apportionment authorize him to award the contract for the year 1913 for supply and maintenance of gas lamps in the district between West 72d street and West 93d street, and between Riverside Drive and Central Park West, Borough of Manhattan, to other than the lowest bidder, for the reason that it is for the public interest so to do.

On December 6, 1912, the Commissioner received and opened the following bids for the above described district in the Borough of Manhattan and the 31st Ward of the Borough of Brooklyn:

Borough of Manhattan, West Side District, 600 Lamps.

Welsbach Street Lighting Co., $1 per lamp per month.

Pressure Lighting Co., 95 cents per lamp per month.

Borough of Brooklyn, 31st Ward, 754 Lamps.

New York and New Jersey Globe Company, $1.025 per lamp per month.

Pressure Lighting Co., $1 per lamp per month.

The Pressure Lighting Company was, therefore, the lowest bidder in both sections.

The contract for the Brooklyn contract has been awarded to the Pressure Lighting Company, in order that a careful trial of its service might be made. The Commissioner, however, considers it unwise and against public interest to award the Manhattan contract to this company until its experience is well established in this service.

The Welsbach Street Lighting Company of America has been doing the work satisfactory for the last five or six years at the price bid, $1 per lamp per month, and for a difference of only $210; the Commissioner does not feel justified for this amount to change the lighting in an important and densely built up section of the City.

The Commissioner states that this matter has been thoroughly discussed with the representatives of the Pressure Lighting Company, and it was generally concluded that it was better for all concerned that the company should restrict its service to a single given district for this year until its qualifications are thoroughly proven. The company could then extend its service next year, if it was the lowest bidder.

I concur in the Commissioner's views and recommend the adoption of the attached resolution approving his recommendation. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 530 of the Greater New York Charter, hereby determines that it is for the public interest that other than the lowest bid should be accepted for the contract, for the year 1913, for supply and maintenance of gas lamps within the district bounded by north side of 72d street, the east side of Riverside drive, the north side of 93d street and the west side of Central Park West, Borough of Manhattan; and be it further

Resolved, That the Commissioner of Water Supply, Gas and Electricity is hereby authorized to award said contract to the Welsbach Street Lighting Company of America at its bid price of one dollar ($1) per lamp per month, said company being other than the lowest bidder.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fire Department—Issue of Special Revenue Bonds (Cal. No. 38).

(On April 3, 1913, the resolution of the Board of Aldermen, in this matter, was referred to the Comptroller.)

The Secretary presented the following:

In the Board of Aldermen.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eighteen thousand, three hundred and forty-five dollars and 78 cents ($18,345.78), the proceeds whereof to be used by the Fire Department for the purpose of paying the salaries and wages from April 15 to December 31, 1913, of the following additional force in the division of maintenance and inspection of the lines and equipment of the telegraph system of the Fire Department in the Boroughs of Brooklyn and Queens:

Inspectors, 6 at $1,500, 8½ months	$6,375 00
Cable Splicers, 2 at $1,400, 8½ months	1,983 33
Linemen, 6 at $1,000, 8½ months	4,249 84
Groundmen, 2 at $730, 8½ months	1,033 61
Laborers, 8 at $3 per day, 196 days	4,704 00
	$18,345 78

Adopted by the Board of Aldermen March 18, 1913, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor April 1, 1913, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 18, 1913, the Board of Aldermen requested $18,345.78 in special revenue bonds to be used by the Fire Department for the purpose of paying salaries and wages from April 15 to December 31, 1913, of the following additional force in the Division of Maintenance and Inspection of the lines and equipment of the telegraph system of the Department in the Boroughs of Brooklyn and Queens:

Inspectors, 6 at $1,500, 8½ months	$6,375 00
Cable Splicers, 2 at $1,400, 8½ months	1,983 33
Linemen, 6 at $1,000, 8½ months	4,249 84
Groundmen, 2 at $730, 8½ months	1,033 61
Laborers, 8 at $3 per day, 196 days	4,704 00
	$18,345 78

It is stated that this additional force is necessary for the maintenance and inspection of the lines and equipment of the telegraph system ot Brooklyn and Queens. Provision was made for those purposes in the budget for 1913. No need is now shown for additional employees for work in maintenance or inspection.

The Chief of the Fire Alarm Telegraph Bureau states that the additional force is necessary in connection with the extension of the system. The cost of extension work is a corporate stock charge, and therefore not payable out of special revenue bonds.

In view of the foregoing, I recommend that the request be not approved.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *disapproves* of the request of the Board of Aldermen, by resolution adopted March 18, 1913, for an issue of special revenue bonds in the sum of eighteen thousand three hundred and forty-five dollars and seventy-eight cents ($18,345.78), the proceeds whereof to be used by the Fire Department for the payment of salaries and wages from April 15 to December 31, 1913, for an additional force in the Division of Maintenance and Inspection of the Lines and Equipment of the Telegraph System of the Fire Department in the Boroughs of Brooklyn and Queens, as set forth therein.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to notify the Board of Aldermen and the Fire Commissioner.

President, Borough of Queens—Issue of Special Revenue Bonds (Cal. No. 39).

(On April 17, 1913, the resolution of the Board of Aldermen, in this matter, was referred to the Comptroller.)

The Secretary presented the following:

In the Board of Aldermen.

Resolved, That, pursuant to the provisions of section 188, of the Charter of The City of New York, the Comptroller is hereby authorized to issue special revenue bonds to an amount not exceeding five thousand ($5,000) dollars, proceeds whereof to be expended by the President of the Borough of Queens, for the purpose of removing encroachments from the property of The City of New York.

All obligations contracted for hereunder to be incurred on or before December 31, 1913.

Adopted by the Board of Aldermen March 25, 1913, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor April 8, 1913, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On March 25, 1913, the Board of Aldermen adopted a resolution requesting $5,000 in special revenue bonds for the office of the President of the Borough of Queens for the purpose of removing encroachments from the property of The City of New York, all obligations contracted for to be incurred on or before December 31, 1913. In connection therewith I report as follows:

In some street opening proceedings parts of buildings are acquired by the City. The portions of buildings so acquired are placed on sale by the Collector of City Revenue. An upset price is put on the building, and it this upset price is not realized the Collector of City Revenue does not sell the property. The Department of Finance notifies the President of the Borough of Queens to remove all encroachments not sold. I am informed by the Collector of City Revenue that the necessity for removal by the City has been considerably reduced.

Inasmuch as there are now no encroachments requiring removal, and, owing to the indefinite nature of the necessity for such work, I recommend that the request be denied. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *denies* the request of the Board of Aldermen by resolution adopted March 25, 1913, for an issue of special revenue bonds in the sum of five thousand dollars ($5,000), the proceeds whereof to be expended by the President of the Borough of Queens for removing encroachments from the property of The City of New York.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to notify the Board of Aldermen and the President, Borough of Queens.

Department of Water Supply, Gas and Electricity—Issue of Special Revenue Bonds (Cal. No. 40).

(On May 1, 1913, the resolution of the Board of Aldermen in this matter was referred to the Comptroller.)

The Secretary presented the following:

In the Board of Aldermen.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand eight hundred dollars ($1,800), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of paying salaries of additional force in the Borough of Queens from May 1 to December 31, 1913, as follows:

Two Clerks, at $900 each per annum	$1,200 00
One Typewriting Copyist, at $900 per annum	600 00
	$1,800 00

Adopted by the Board of Aldermen April 15, 1913, three-fourths of all the members voting in favor thereof.

Received from his Honor the Mayor April 29, 1913, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it. P. J. SCULLY, Clerk.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 15, 1913, the Board of Aldermen requested an issue of special revenue bonds, in the sum of $1,800, the proceeds to be used by the Department of Water Supply, Gas and Electricity for paying the salaries of additional employees, to be assigned to the Borough of Queens, from May 1, to December 31, 1913, as follows:

Two Clerks, at $900 each per annum	$1,200 00
One Typewriting Copyist, at $900 per annum	600 00
	$1,800 00

At the time this matter was pending in the Board of Aldermen, the Examiner, for the Department of Finance, assigned to matters relating to the Department of Water Supply, Gas and Electricity, called the attention of the Commissioner's representative to certain vacancies then existing in the 1913 budget schedules, approved for that department, and suggested that the additional force, required for the Borough of Queens, could be provided by the proper schedule modifications, utilizing these vacancies. On April 15, 1913, the Deputy and Acting Commissioner addressed a communication to the President of the Board of Aldermen, as follows:

"Under date of March 18, 1913, this Department asked that the Board of Aldermen request the Board of Estimate and Apportionment to authorize the issue of special revenue bonds, in the sum of $1,912.50, in order that there might be appointed in the Borough of Queens two Clerks and one Stenographer, each at $900 per annum.

"It has become possible to provide the money necessary for the employment of these men out of the present appropriation. I, therefore, respectfully ask to recall the application above mentioned."

In view of the previous statements I recommend that the request of the Board of Aldermen be denied. Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby *denies* the request of the Board of Aldermen, by resolution adopted April 15, 1913, for an issue of special revenue bonds in the sum of eighteen hundred dollars ($1,800) the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity, for the payment of salaries of additional force in the Borough of Queens, from May 1 to December 31, 1913, as follows:

Two Clerks at $900 each per annum	$1,200 00
One Typewriting Copyist at $900 per annum	600 00
	$1,800 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to notify the Board of Aldermen and the Department of Water Supply, Gas and Electricity.

Department of Health—Issue of Special Revenue Bonds (Cal. No. 45).

The Secretary presented:

Report of the Comptroller in the matter of a resolution of the Board of Aldermen recommending the issue of $59,925 special revenue bonds to be used by the Department of Health for the purpose of maintaining and extending the work of mosquito extermination in the Boroughs of the Bronx, Brooklyn, Queens and Richmond during 1913.

(On May 1, 1913, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

(On May 8, 1913, the above report was laid over for one week.)

Pending a report of the Comptroller on the issue of special revenue bonds, this matter was laid over one week (May 22, 1913).

Law Department—Issue of Special Revenue Bonds (Cal. No. 46).

The Secretary presented:

Report of the Comptroller, recommending the issue of $31,196.68 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used by the Corporation Counsel for the purpose of reimbursing the fund for street and park openings diverted to account of Division of Real Estate, Law Department.

(On March 13, 1913, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

(On May 8, 1913, the above report was laid over for one week.)

Pending a report of the Comptroller on the issue of special revenue bonds, this matter was laid over one week (May 22, 1913).

President, Borough of Brooklyn; Appellate Division of the Supreme Court—Issue Special Revenue Bonds (Cal. No. 47).

The Secretary presented:

Report of the Comptroller, recommending the issue of $16,800 special revenue bonds (subdivision 8, section 188 of the Charter), the proceeds to be used by the President of the Borough of Brooklyn for the purpose of making necessary alterations at the Borough Hall, Brooklyn, to accommodate the Appellate Division of the Supreme Court and the Bureau of Buildings, Brooklyn, also recommending modification of schedule No. 3052 for the office of the President of the Borough of Brooklyn to include said appropriation.

(On April 17, 1913, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

(On May 8, 1913, the above report was laid over for one week).

Pending a report of the Comptroller on the issue of special revenue bonds, this matter was laid over one week (May 22, 1913).

Department of Street Cleaning—Issue of Special Revenue Bonds (Cal. No. 48).

The Secretary presented:

Report of the Comptroller, recommending the issue of $3,500 special revenue bonds (subdivision 8, section 188 of the Charter), for the purpose of building a temporary dump in the vicinity of 80th street and the East River, Manhattan, under the jurisdiction of the Department of Street Cleaning, also recommending modification of schedule No. 1314½ for said department to include this appropriation.

(On February 20, 1913, a resolution of the Board of Aldermen, requesting the issue of $43,500 special revenue bonds for the construction of a fireproof covered dump at 97th street and North River, also for the construction of a temporary dump as above, was referred to the Comptroller.)

The Comptroller states that the cost of the new dump is a corporate stock charge, and recommends, for that reason, that this item be disapproved.

(On May 8, 1913, the above report was laid over for one week.)

Pending a report of the Comptroller on the issue of special revenue bonds, this matter was laid over one week (May 22, 1913).

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 28, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment, City of New York:*

Sir—Pursuant to the provisions of section 237 of the Greater New York Charter, application is hereby made for the transfer of funds within the appropriations allotted to the office of the President of the Borough of Queens for the year 1913, to wit:

PRESIDENT OF THE BOROUGH OF QUEENS.

FROM

Motor Vehicle Supplies, Supervision of Building Construction and Alterations.

3175	Executive	$150 00

Storage of Motor Vehicles, Supervision of Building Construction and Alterations.

3249	Executive	45 00
		$195 00

TO

Motor Vehicles and Equipment, Supervision of Building Construction and Alterations.

3196	Executive	$195 00

The amount allowed under Code No. 3196 is entirely inadequate and virtually exhausted, and I would therefore request that the above transfer of funds be granted.

Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 10, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 28, 1913, the President of the Borough of Queens requested transfer of $195 within appropriations to his office for the year 1913. In connection therewith I report as follows:

It is proposed to transfer $150 from "Supplies, Motor Vehicle Supplies, Supervision of Building Construction and Alteration, No. 3175, Executive," and $45 from "Contract or Open Order Service, Storage of Motor Vehicles, Supervision of Building Construction and Alterations, No. 3249, Executive," to "Purchase of Equipment, Motor Vehicles and Equipment, Supervision of Building Construction and Alteration, No. 3196, Executive."

The transfer is requested to provide funds for the purchase of automobile shoes, a robe, horn and chains. The amount appropriated to this account was exhausted by the purchase of one automobile. Nos. 3175 and 3249 contain sufficient balances for the debit transfers.

I recommend the adoption of the attached resolutions granting this request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the office of the President of the Borough of Queens for the year 1913, as follows:

Department of Correction—Modification of Schedules and Transfer of Appropriations (Cal. No. 50B).

The Secretary presented the following:

Department of Correction of The City of New York, Commissioner's Office, 148 East 20th Street, New York, April 29, 1913.

JOSEPH HAAG, Esq., *Secretary, Board of Estimate and Apportionment,* No. 277 Broadway, New York City:

Dear Sir—I would respectfully request the Honorable the Board of Estimate and Apportionment to make the following transfers in 1913 appropriations as listed below:

FROM

495	Purchase of Motor Vehicles and Equipment, Prison Service	$310 00
496	Purchase of Wearing Apparel, Prison Service	100 00
516	Expressage, etc., General Administration	10 00
518	Telegraph, Cable and Messenger Service, General Administration	10 00
519	General Plant Service, General Administration	264 00
		$694 00

TO

483	Botanical and Agricultural Supplies, Prison Service	$384 00
493	Purchase of Motorless Vehicles and Equipment, Prison Service	310 00
		$694 00

Trusting that the above will meet with your approval, I am, very respectfully,

PATRICK A. WHITNEY, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 12, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 29, 1913, the Commissioner of Correction requested the transfer of $694 within appropriations to his department for the year 1913, as follows:

FROM

Purchase of Equipment, Motor Vehicles and Equipment, Prison Service.

495 Ferry, Van and Truck Service $310 00

Purchase of Equipment, Wearing Apparel, Prison Service.

496 Care of Plant and Inmates..... 100 00

Contract or Open Order Service, Expressage and Deliveries.

516 General Administration 10 00

Contract or Open Order Service, Communication.

518 Telegraph, Cable and Messenger Service 10 00

Contract or Open Order Service.

519 General Plant Service 264 00

TO

Supplies, Botanical and Agricultural Supplies.

483 Prison Service $384 00

Purchase of Equipment, Motorless Vehicles and Equipment, Prison Service.

493 Ferry, Van and Truck Service 310 00

The appropriation for No. 483 was $1,600. The liabilities charged against the account amount to $1,954.62, making a deficit of $354.62. The Commissioner states that this deficit has been caused by extending the agricultural activities on Riker's Island, and the botanical and agricultural activities on Harts Island. The $29.38 difference between the present deficit and the amount requested is for the purchase of plants and seeds.

The appropriation for No. 493 was $150. There is a balance of $10.93 in the account. The transfer of $310 to the account is for the purchase of a depot wagon at $100, to carry visitors the one mile between the Penitentiary and the Workhouse on Blackwells Island; and also to purchase a single truck at $150, to be used on Riker's Island for the hauling of supplies and materials. At present this hauling is done by sand carts and with great inconvenience.

The Commissioner states that the two vehicles to be purchased are second-hand, but in first class condition. He also states that their purchase will mean a saving to the City.

The remaining $60 requested is for the purchase of two sets of harness at an estimated cost of $50, and other such equipment as may be necessary.

The debit accounts have sufficient balances to meet the transfers as requested.

I recommend the adoption of the attached resolutions approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Correction for the year 1913, as follows:

FROM

Purchase of Equipment, Motor Vehicles and Equipment, Prison Service.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 10, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 25 and 26, 1913, the Commissioner of Public Charities requested the transfer of $4,037.26 within the appropriations to his department for the year 1912, as follows:

FROM

Supplies and Materials, Maintenance and Operation, General.

626 Manhattan and The Bronx $4,037 26

TO

Supplies and Materials, Maintenance and Operation, General.

628 Richmond $202 75

Supplies and Materials, Maintenance and Operation, Repairs and Replacements by Departmental Labor.

632 Richmond 462 50

Repairs and Replacements by Contract or Open Order, Maintenance and Operation.

633 Manhattan and The Bronx 1,880 99

Special Contract Obligations.

660 Clothing for Epileptics Sent to Craig Colony 1,491 02

$4,037 26

In connection therewith I report as follows:

The appropriation for No. 628 was $80,000. Liabilities aggregating $80,202.75 were charged against the account, showing a deficit of $202.75.

The appropriation for No. 632 was $7,400. The liability incurred amounted to $7,862.50, leaving a deficit of $462.50.

The appropriation for No. 633 was $85,200. Liabilities amounting to $87,080.99 were incurred, or $1,880.99 in excess of the amount available.

The appropriation for No. 660 was $8,000. The obligations incurred for clothing furnished to epileptics sent to Craig Colony, Sonyea, N. Y., amounted to $9,491.02, showing a deficit of $1,491.02.

The balance in the debit account (No. 626) is sufficient to meet the proposed transfers.

I recommend the adoption of the attached resolution approving the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 237 of the Greater New York Charter, hereby approves transfer of funds appropriated to the Department of Public Charities for the year 1912, as follows:

President, Borough of Queens—Modification of Schedules and Transfer of Appropriations (Cal. No. 50D).

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 28, 1913.

Hon. WILLIAM J. GAYNOR, *Mayor, Chairman, Board of Estimate and Apportionment, City of New York:*

Sir—Pursuant to the provisions of section 237 of the Greater New York Charter, application is hereby made for the transfer of funds, within the appropriations, allotted to the office of the President of the Borough of Queens, for the year 1913, to wit:

PRESIDENT OF THE BOROUGH OF QUEENS.

FROM

Materials, Highway Materials, Care of Highways.

3213 Roadways, Viaducts and Streets $600 00

TO

Office Supplies, Care of Highways.

3159 Engineering and Inspection $600 00

With the vast improvements now going on and to be started in the very near future, it is absolutely necessary to have more money in the above Code No. 3159, to cover the necessary expenditure incurred by the Inspectors in the Engineering Division of the Bureau of Highways for postage stamps. A system of notifying property owners and corporations has just been inaugurated of intended improvements, in order that they may make repairs to their subsurface improvements and house service connections before pavements are laid, which requires a large amount of postage stamps each month.

I would request that your honorable Board grant the above transfer of funds, in order that the improvements now going on may not be delayed through the lack of the necessary funds. Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 10, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 28, 1913, the President of the Borough of Queens requested transfer of funds within appropriations to his office for the year 1913. In connection therewith I report as follows:

It is proposed to transfer $600 from Materials, Highway Materials, Care of Highways, No. 3213, Roadways, Viaducts and Streets, to Supplies, Office Supplies, Care of Highways, No. 3159, Engineering and Inspection.

In No. 3159 no provision was made for the purchase of postage stamps for Engineers and Inspectors who mail their daily reports to the office. Additional postage is also required for a system, recently installed, of notifying property owners and corporations before pavements are laid, in order that they may make subsurface improvements and house service connections.

No. 3213 contains a sufficient balance for the transfer.

I recommend the adoption of the attached resolutions granting this request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

Court of General Sessions—Modification of Schedule (Cal. No. 51).

The Secretary presented the following:

Court of General Sessions of the Peace, County of New York, Clerk's Office. May 2, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller of The City of New York*, 280 Broadway, New York City:

Dear Sir—In view of the transfer of William Cowans to this Court, to the position of Court Attendant, request is hereby made for a modification of the schedule of salaries (No. 3617), supporting the budget for the year 1913 for the Court of General Sessions, by changing the line "Attendant, 61 at $1,800—$109,800.00," to read, "Attendant, 60 at $1.800—$108,000.00"; by changing the line "Attendant, $1,500.00," to read "Attendant, 2 at $1,500—$3,000.00," and by changing the line "Unassigned balance, $1,800.00," to read "Unassigned balance, $2,100.00."

This request is made for the purpose of having the schedule conform to the actual payroll conditions of this Department. Very respectfully yours,

EDWARD R. CARROLL, Clerk of Court

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 12, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 2, 1913, the Clerk of the Court of General Sessions requested modification of a salary schedule for the court for 1913. In connection therewith I report as follows:

The request is in "Personal Service, No. 3617, Salaries, Regular Employees." It is proposed to substitute an Attendant at $1,500 for one at $1,800, and to add $300 to the unassigned balance.

The Clerk states that a vacant position of Attendant at $1,800 has been filled by the transfer of William Cowans, Process Server in the District Attorney's office, at $1,500. He also states that request is made for the purpose of bringing the Schedule in conformity with the actual payroll of the Court.

The following table shows the line item changes in detail:

Account No.	Schedule Line.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
3617	Attendant, 61 at $1,800	$1,800 00	.....	$1,200 00	.....
	Attendant	.....	$1,500 00	.....	$1,000 00

President, Borough of Queens—Modification of Schedule (Cal. No. 52).

The Secretary presented the following:

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 16, 1913.

To the Honorable Board of Estimate and Apportionment, City of New York:

Gentlemen—Request is hereby made for your approval of the establishment of a schedule of temporary employees, to be paid entirely from other than budget funds, in addition to the regular budgetary part schedule for engineering, Bureau of Highways.

The force provided for at present is entirely inadequate to meet the demands which now exist. Projected improvements chargeable to assessment funds are being petitioned for constantly and we are unable to take up the work promptly. At the present time there are 28 contracts ordered on, 40 contracts that may be ordered on in the near future, we are about to receive bids for 24 contracts and have 25 contracts prepared, and for which we expect to receive bids in the near future.

The details involved in the preparation of the contracts and the necessary inspection and engineering that are essential after work is ordered require more help and progress on contemplated work and will be seriously interfered with without at least additional temporary force. It is estimated that there is at least $1,000,000 assessment work involved in our present contemplated activities; in addition, the paving of Corona avenue, Strong's Causeway and Lawrence street are under contract involving an expenditure of $178,000; repaving contracts let or to be let amount to $900,000; the cost of sea walls under contract amount to $40,000.

There are some vacancies in the engineering schedule which we are earnestly endeavoring to fill as soon as the Civil Service Commission will furnish us with eligible lists. If all the positions now provided for were filled, and if all employees were engaged on the construction work above mentioned, the entire cost would represent about 5 per cent. of the cost; a large portion of the force is employed on local board matters, reports of various kinds and executive work in connection with the office which is not chargeable against assessment work, so that making allowance for the time of men not actually engaged on construction, or partly so, if the schedule now requested is allowed and the positions all filled, our average charges for engineering and inspection would then not exceed 5 per cent. of the cost, which we regard exceedingly low, compared with the engineering cost for similar work in other departments throughout the City.

We therefore request that the following schedule of employees be approved, the cost of which shall be paid from assessment funds:

Two Assistant Enginers at	$1,800 00
Two Draftsmen at	1,800 00
Three Transitmen at	1,800 00
Three Rodmen at	1,200 00
Three Axemen at	900 00
Five Engineering Inspectors at	1,800 00
One Stenographer and Typewriter at	900 00
Two Typewriting Copyists at	720 00

Yours very truly,

MAURICE E. CONNOLLY, President of the Borough of Queens.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 10, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 16, 1913, the President of the Borough of Queens requested the establishment of a salary schedule for temporary employees in the Engineering and Inspection Division of the Bureau of Highways. This request was verbally amended on May 2, 1913, to cover a period of six months, in an amount not to exceed $15,120. In connection therewith I report as follows:

At present there are eighty contracts entered into, or about to be entered into, which involve an expenditure of approximately $1,000,000 in assessment work and $900,000 in the repaving of streets. Other improvements are in course of construction which require engineering and inspection service. The repaving of streets will necessitate the fixing of lines and grades to a greater extent than similar work performed last year. The present force is unable to give the required amount of engineering and inspection service to properly supervise this work.

The salaries requested for the temporary employees are higher than those being paid the regular employees, and are reduced to bring them in accord. The position of Transitman, however, is fixed at a slightly higher rate owing to the difficulty experienced in obtaining desirable men for these positions. The request for five Engineering Inspectors is denied for the reason that this grade of position was established for five incumbents only. At the present time there are five Engineering Inspectors in the Bureau of Highways.

The addition of one Typewriting Copyist appears to be sufficient for the additional work, instead of two, as requested. These reductions and the reduction in the salaries of the proposed temporary engineering force reduce the amount necessary to $9,510.

I recommend, therefore, the adoption of the attached resolution granting the request to the extent of $9,510. Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of the salary schedule for temporary employees in the office of the President of the Borough of Queens for the year 1913, as follows:

Personal Service, Salaries, Temporary Employees, Care of Highways.

3123½	Engineering and Inspection, Corporate Stock and Special and Trust Fund Force—	
	Assistant Engineer, at $1,800 (12 months)	$1,800 00
	Draftsman, at $1,500 (12 months)	1,500 00
	Transitman, at $1,650 (18 months)	2,475 00
	Rodman, at $1,050 (18 months)	1,575 00
	Axeman, at $900 (18 months)	1,350 00
	Stenographer and Typewriter, at $900 (6 months)	450 00
	Typewriting Copyist, at $720 (6 months)	360 00
		$9,510 00
	Corporate Stock allowance	$4,755 00
	Special and Trust Fund allowance	4,755 00
	Total allowance	$9,510 00

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary was directed to transmit a copy of the report of the Comptroller to the President, Borough of Queens.

District Attorney, Kings County—Modification of Schedule (Cal. No. 53).

The Secretary presented the following:

District Attorney's Office, County of Kings, Brooklyn, New York, May 3, 1913.

Board of Estimate and Apportionment, 277 Broadway:

Dear Sirs—Owing to changes in salaries of certain County Detectives in this office, which were effective on May 1, I ask that the following modification be made in the budget appropriation of this office in Line No. 3792, Salaries of Regular Employees, namely, that instead of there being one County Detective at $1,300 and five County Detectives at $1,000, there be two County Detectives at $1,350 and four County Detectives at $1,000.

Under previous modifications there is an unassigned balance to this account of $5,950. If the Budget is modified as above requested the unassigned balance would be five thousand five hundred and fifty dollars ($5,550). I ask that the above modifications be effective as of May 1, 1913. Truly yours,

JAMES C. CROPSEY, District Attorney.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 12, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 3, 1913, the District Attorney of Kings County requested modification of a salary schedule in his office for 1913, to provide for an increase in the salaries of two County Detectives. In connection therewith I report as follows:

Section 5 of chapter 772 of the Laws of 1896, as amended by chapter 452 of the Laws of 1911, provides, in part, as follows:

"There shall be officers known as county detectives in the County of Kings. * * * The said officers shall be appointed by the said District Attorney, * * *. The number of said officers shall not be less than twelve and the District Attorney shall fix and determine their compensation, which shall not exceed the sum of eighteen hundred dollars per annum each."

The District Attorney, empowered by the law quoted, has increased the compensation of one County Detective from $1,300 to $1,350 per annum and of one County Detective from $1,000 to $1,350. The total increase of $400 is provided in the unassigned balance in Personal Service, No. 3792, Salaries, Regular Employees, the account involved. The new rates are to be operative as of May 1, 1913.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Department of Water Supply, Gas and Electricity—Modification of Schedule (Cal. No. 54).

The Secretary presented the following:

The City of New York, Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, New York, April 29, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, City of New York:*

Dear Sir—Will you kindly recommend to the Board of Estimate and Apportionment the approval of the enclosed schedule, supporting Account No. 699, modified so that a man may be employed as tinsmith, who is now in the employ of the Department under the title of Machinist's Helper. He is a Tinsmith by trade, and while acting as Machinist's Helper, has done Tinsmith's work.

The modification is made by dropping a Blacksmith at $4.50 and a Machinist's Helper at $3 per day, adding a Tinsmith at $4.75 per day, leaving an unassigned balance. Yours truly, HENRY S. THOMPSON, Commissioner.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On April 29, 1913, the Commissioner of Water Supply, Gas and Electricity requested modification of a schedule for wages of regular employees in his Department for 1913. In connection therewith I report as follows:

The request is in Personal Service, Wages, Regular Employees, Water Supply, Pumping, No. 699, Tax Levy Force. It is proposed to change the line "Blacksmith, 1 at $4.50 per day (303 days)" and "Machinist's Helper, 6 at $3 per day (303 days)" to:

Machinist's Helper, 5 at $3 per day (303 days).
*Tinsmith, 1 at $4.75 per day (303 days). (A. S. I. $530.25).
*Balance unassigned (A. S. I.), $227.25.
*Balance unassigned (N. A. S. I.), $606.

This change is to provide for the payment of the prevailing rate of wages to Michael McAneny, a Tinsmith by trade, who has been employed by the Department as Machinist's Helper, at $3 per day, but doing Tinsmith's work. In view of this fact the Civil Service Commission has consented to change his title to Tinsmith. A position of Blacksmith, at $4.50 per day, is vacant. The position of Tinsmith, at $4.75 per day, is established for the Department.

It is requested that the modification be made effective as of May 15, 1913. The necessary line item changes in detail are as follows:

Account No.	Line Item.	Schedule Transfer. Decrease.	Schedule Transfer. Increase.	Cash Transfer. Decrease.	Cash Transfer. Increase.
669	Blacksmith, 1 at $4.50 per day (303 days)	$1,363 50	.....	$859 50	.....
	Machinist's Helper, 6 at $3 per day (303 days)	909 00	.....	573 00	.....
	*Tinsmith, at $4.75 per day (303 days) (A. S. I. $530.25)	.....	$1,439 25	.....	$907 25
	*Balance unassigned (A. S. I.)	.....	227 25	.....	143 25
	*Balance unassigned (N. A. S. I.)	.....	606 00	.....	382 00
		$2,272 50	$2,272 50	$1,432 50	$1,432 50

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

The Secretary presented the following:

Board of Education, Park Avenue and 59th Street, New York, May 6, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller:*

Dear Sir—I beg to advise you of the receipt of a communication from Mr. C. B. J. Snyder, Superintendent of School Buildings, dated May 5, 1913, as follows:

"I am transmitting herewith plans and specifications for Item 2, Plumbing and Drainage of New Public School 51, Borough of The Bronx, to be forwarded to the Comptroller for presentment to the Board of Estimate and Apportionment, in compliance with the resolution adopted by that Board on January 5, 1911.

"The plans and specifications have just been returned by the Department of Water Supply, Gas and Electricity approved, as noted thereon.

	Approximate Cost.
"Item 2	$20,000 00"

The Superintendent of School Buildings states that the cost of the above mentioned work is chargeable to Corporate Stock Account C. D. E.—110F.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 9, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 6, 1913, the Board of Education requested approval of the form of contract, specifications, plans and estimate of cost in the sum of $20,000 for Item 2, Plumbing and Drainage of New Public School 51, Borough of The Bronx.

The cost of the item is to be charged to the unencumbered balance of $355,714.33 (as of May 9, 1913) in the corporate stock fund entitled "C. D. E.—110F, School Buildings, Construction and Equipment, The Bronx, Subtitle 6." An appropriation of $366,030 was approved for the fund by the Board of Estimate and Apportionment on July 17, 1911, and concurred in by the Board of Aldermen on July 25, 1911.

The specifications and plans have been approved by the Department of Water Supply, Gas and Electricity and are satisfactory. The form of contract is satisfactory and the estimate of cost is reasonable.

I recommend the adoption of the attached resolution granting the request.

Respectfully, WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to its resolutions adopted on July 11, 1912, hereby approves the form of contract, specifications, plans and estimate of cost, twenty thousand dollars ($20,000) for Item 2, Plumbing and Drainage of new Public School 51, Borough of The Bronx, under the jurisdiction of the Department of Education, the cost of the item to be charged to the corporate stock fund entitled "C. D. E.—110F, School Buildings, Construction and Equipment, The Bronx, Sub-title 6."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Fire Department—Issue of Special Revenue Bonds (Cal. No. 56).

The Secretary presented:

Report of the Comptroller, recommending that no action be taken on the request contained in the resolution of the Board of Aldermen adopted April 22, 1913, requesting the issue of $1,280 special revenue bonds for the purpose of providing music, decoration, etc., in connection with the participation of the forces of the Fire Department in the civic parade on May 17, 1913, for the reason that other arrangements will be made to meet these expenses.

(On May 8, 1913, the above resolution was referred to the Comptroller.)

Which was ordered on file, and the Secretary directed to notify the Board of Aldermen and the Fire Commissioner.

Board of Estimate and Apportionment—Establishment of Positions (Cal. No. 57).

The Secretary presented the following:

Board of Estimate and Apportionment, City of New York, Standard Testing Laboratory, 127 Franklin street, New York, May 8, 1913.

Hon. WILLIAM A. PRENDERGAST, *Comptroller, City of New York:*

Dear Sir—I respectfully request that you recommend to the Board of Estimate and Apportionment, and the Board of Aldermen, the creation of the following positions in addition to those already existing in the Standard Testing Laboratory of the Board of Estimate and Apportionment:

Fuel Engineering Chemist, 1 at per annum	$2,400 00
Fuel Engineering Chemists, 2 at per annum	1,500 00
Engineering Chemist, 1 at per annum	2,400 00
Principal Coal Sampler, 1 at per annum	1,500 00

My intention is to increase the compensation of four Chemists and one Coal Sampler, as they are underpaid, and their services have been of great value to The City of New York.

As there are sufficient funds available in our Budget allowance for the year 1913 I trust you will approve this request. Very respectfully,

OTTO H. KLEIN, Director.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, May 12, 1913.

To the Board of Estimate and Apportionment:

Gentlemen—On May 8, 1913, the Director of the Standard Testing Laboratory requested the establishment, pursuant to the provisions of section 56 of the Greater

New York Charter, of the following grades of positions. In connection therewith we report as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Fuel Engineering Chemist	$2,400 00	1
Fuel Engineering Chemist	1,500 00	2
Engineering Chemist	2,400 00	1
Principal Coal Sampler	1,500 00	1

The Director states that he desires to increase the compensation of some employees of the Laboratory.

The grade of Fuel Engineering Chemist, at $2,400 per annum, is proposed for Mr. Walter Erlenkotter, whose salary is $2,100 per annum. Mr. Erlenkotter was appointed as a Fuel Engineering Chemist on June 5, 1911. On January 1, 1912, his salary was increased to $2,100. The Director states that Mr. Erlenkotter has been offered a position outside at an increased salary. He also states that the services of Mr. Erlenkotter, who is in charge of the Chemists in the Laboratory, and are of value to the progress of the work, and the Director desires to retain him at an increased salary.

The grade of Fuel Engineering Chemist, at $1,500 per annum, for two incumbents, is requested to permit a change in title of two Engineering Chemists at $1,500 each per annum. The Director states that these employees were appointed from the eligible list for Fuel Engineering Chemist, established by the Municipal Civil Service Commission, but provided for in the Budget under the title of Engineering Chemist. It is therefore proposed to change the schedule titles to conform with the titles of the Municipal Civil Service Commission.

The Director states that the grades of Engineering Chemist, at $2,400 per annum, and Principal Coal Sampler, at $1,500 per annum, are requested to permit an increase in the salaries of the following employees:

Mr. Herman W. Mahr, Engineering Chemist, from $2,100 to $2,400 per annum. Mr. Mahr was appointed in the Standard Testing Laboratory as an Engineering Chemist, at $1,800 per annum, on June 5, 1911. On January 1, 1912, his salary was increased to the present rate.

Mr. John J. Schoeh, from Coal Sampler, at $1,200, to Principal Coal Sampler, at $1,500 per annum.

Mr. Schoeh was appointed as a Coal Sampler on January 1, 1912, at his present salary.

The amount necessary to meet these proposed increases is $900. An unassigned balance of $1,200 available for salary increases remains in the schedule.

We recommend the adoption of the attached resolution recommending the establishment of the grades requested. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Estimate and Apportionment of the following grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Fuel Engineering Chemist	$2,400 00	1
Fuel Engineering Chemist	1,500 00	2
Engineering Chemist	2,400 00	1
Principal Coal Sampler	1,500 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

No. 767.

Whereas, The fiftieth anniversary of the Battle of Gettysburg will be celebrated at Gettysburg, Pennsylvania, on the 2d, 3d, 4th and 5th days of July, 1913; and

Whereas, A great gathering of "the Blue and the Gray" is contemplated, to rejoice together in the fortunate issue of the War for the Preservation of the Union, to meet long separated comrades and cement old friendships anew and new friendships with ancient foes; and

Whereas, The State of New York has appropriated the munificent sum of $150,000 to meet the expenses of the occasion, and the Government of the United States will provide camp equipage and rations; and

Whereas, A number of veterans of the war of 1861 to 1865 are employed in the various departments of The City of New York; and

Whereas, The services rendered by these veterans in the hour of the Nation's peril commend them to consideration; and

Whereas, It is improbable that any will survive to celebrate the centenary of this battle which determined the event, though delayed, of the great conflict; therefore be it

Resolved, That all employees of The City of New York who are veterans of the War for the Preservation of the Union be granted, as an extraordinary indulgence, leave of absence with pay for eight days, viz.: June 30 to July 7, 1913, inclusive.

VOUCHERS RECEIVED IN DEPARTMENT OF FINANCE FRIDAY, MAY 23, 1913.

A statement is herewith submitted of all vouchers filed in the Department of Finance on this date in which is shown the Department of Finance voucher number, the date or dates of the invoices or bills, the name of the payee and the amount of the claim. Where two or more bills are embraced in one voucher, the dates of the earliest and latest are given.

If the vouchers are found to be correct, and properly payable to the respective claimants, it will be my endeavor to have the warrants therefor made ready for payment within the next seven days.

If any claimant within the time stated does not receive his warrant or a written notice in relation thereto, then written or verbal inquiry may be made at this office, using the Department of Finance voucher number as a ready means of reference.

WM. A. PRENDERGAST, Comptroller.

MUNICIPAL CIVIL SERVICE COMMISSION.

Minutes of Meeting of the Municipal Civil Service Commission of New York, Held on Wednesday, April 16, 1913, at 10 o'Clock A. M.

Present—President Frank Gallagher and Commissioners Alexander Keogh and Richard Welling.

The President presided.

In connection with the public hearing on the proposed amendment of the classification by including in the labor class, part 2, the title "Elevator Attendant (Female)," the Secretary stated that he had been informed by the Department of Education that it had been decided to employ male Elevator Attendants.

A public hearing was had on the application of the President of the Board of Trustees of Bellevue and Allied Hospitals that the provision of the rules requiring competition be waived in the case of Dr. George O'Hanlon, and that his appointment as General Medical Superintendent be authorized under clause 5 of rule 12. Dr John W. Brannan, President of the Board of Trustees of Bellevue and Allied Hospitals; James K. Paulding, Esq., Secretary of that Board, and Messrs. John G. O'Keeffe and Samuel Sachs, Trustees, appeared in behalf of the application. Mr. George T. Keyes, Assistant Secretary of the Civil Service Reform Association, appeared in opposition.

The Commission then went into regular session and the minutes of the meeting held April 9 were approved.

On motion, the application of the President of the Board of Trustees of Bellevue and Allied Hospitals was ordered continued on the calendar.

Harry L. Berlinger, of 327 E. 101st st., New York City, appeared, as directed, in connection with the date of birth given by him in the papers of his examination for Temporary Clerk. It appearing to the satisfaction of the Commission that the candidate was not under the minimum age at the time he filed application, his certification to the Department of Finance was allowed to stand.

William J. Anderson, of 425 W. 56th st., New York City, appeared, as directed, relative to his request that his name be removed from the Commission's disqualified list upon which it had been placed by reason of his dismissal from the position of Inspector, Board of Water Supply, for absence on account of illness. The request was granted.

Simon F. Mulqueen, of 135 Perry st., New York City, appeared, as directed, in connection with statements relative to experience in the papers of his examination for Telephone Operator, male, Board of Water Supply. The papers of the candidate were referred to the Examiners who rated them for a report as to whether his statements relative to former employment had affected his rating on experience.

On motion, it was resolved, that the disqualification appearing against the following named candidates on the eligible list of Patrolman be and the same hereby is removed, they having this day appeared before the Commission and satisfactorily explained the circumstances of arrest in which they were involved: Walter E. Adams, 123 Hunter ave., Long Island City, N. Y.; Frank P. Gleason, 29 Irving pl., Brooklyn, N. Y.; Lester Pettigrew, 650 City Island ave., City Island, N. Y.; Patrick Sullivan, 2686 8th ave., New York City; Albert C. Munschy, 2419 8th ave., New York City; William F. Kirwan, 78 South 6th st., Brooklyn, N. Y.

William Shea, of 343 E. 81st st., New York City, failed to appear, as directed, to show cause why his name should not be removed from the eligible list of Fireman. On motion, it was resolved, that the name of William Shea, of 343 E. 81st st., New York City, be and the same hereby is removed from the eligible list of Fireman under the provisions of clause 14 of rule 7 for unsatisfactory character, and placed upon the list of persons disqualified for admission to examinations of the Municipal Civil Service Commission.

Max R. Robin, of 178 Powell st., Brooklyn, a candidate for the position of Patrolman, appeared, as directed, to explain his dismissal from the position of Police Officer in the Panama Canal Commission. The matter was laid over.

On motion, it was resolved, that after a hearing accorded the following named persons at which they duly appeared on this day, their names be and the same hereby are removed from the eligible lists specified for physical disability.

Sweeper, Department of Street Cleaning.

Salvatore Parise, 130 Union st., Brooklyn, N. Y.
Benjamin Lenchick, 412 Williams ave., Brooklyn, N. Y.

Driver, Department of Street Cleaning.

Francis Beirne, 406 E. 152d st., New York City.

On motion, it was resolved, that the name of William G. Lyons, of 1685 Bergen st., Brooklyn, be and the same hereby is removed from the eligible list of Sweeper, Department of Street Cleaning, for physical disability, after an opportunity to appear before the Commission, of which he failed to avail himself.

Girolamo Sanzone, of 203 Hamburg ave., Brooklyn, appeared, as directed, to show cause why his name should not be removed from the eligible list of Sweeper, Department of Street Cleaning, for physical disability. It appearing that the candidate had failed to appear for the medical re-examination ordered for him at a previous meeting, the Commission directed that another medical re-examination be arranged for him.

The Secretary was instructed to forward a copy of the report to the Mayor, in accordance with section 1544 of the Charter.

Reports (3) were presented from the Chief of the Bureau of Medical and Physical Examinations, dated April 14, stating that William S. Perine, of 1258 Brook ave., New York City, had passed a medical re-examination for Fireman, and that the following-named persons had been re-examined and rejected:

George A. Peach, 22 McAuley place, Jamaica, L. I.

Charles F. Stevens, 2495 8th ave., New York City.

The Commission ordered that the name of William Perine be recertified to the Fire Commissioner, and that Messrs. Peach and Stevens be summoned to show cause why their names should not be removed from the eligible list of Fireman, under the provisions of clause 14 of Rule 7.

Reports, dated April 8, 11, 14 and 15, were presented from the Examiner in Charge of the Bureau of Investigation, relative to his investigation of the character and experience of candidates for the position of Inspector, Bureau of Fire Prevention, grades 2 and 3. On motion, it was

Resolved, That the following eligible lists be and the same hereby are promulgated:

Inspector, Bureau of Fire Prevention, grades 2 and 3 (male).

Inspector, Bureau of Fire Prevention, grades 2 and 3 (female).

It was ordered that all the candidates named in the above reports be marked "Qualified" on the eligible lists, except in the following cases, where it was ordered that they be summoned before the Commission, relative to former employment, experience statements, etc.: Joseph D. Sheehan, Jacob Jacobson, Juliette Arden, John J. McKague, George J. Qua, Robert A. MacGregor, John E. Fitzpatrick, and in the following, where it was ordered that certification be withheld until further notice: Hubert W. Eldred, William H. Tilly, John J. Mahoney, Martin H. Oakwood, John H. Tracy, Emanuel Routh, Denis Mahoney, Jacob Felson, Henry J. Noble, and that Thomas J. McDermott be marked "Disqualified," his name having been placed upon the Commission's disqualified list on April 9, 1913.

A report was presented from the Assistant Chief Examiner in Charge of Promotions, dated April 11, transmitting reports of Examiners Ihlseng and Fuld relative to the request of the Secretary of the Department of Docks and Ferries, under date of March 28, that an examination for promotion to the position of Mechanical Engineer in the Bureau of Ferries at $2,400 per annum, be ordered, and recommending that the request be granted, the examination to be open to all persons holding the positions of Chief Marine Engineer and Supervising Marine Engineer in Part 11, the ferry service, class 2, grades 2 and 3, eligible under clause 19 of Rule 15, and to all Assistant Engineers, grade D, eligible under clause 18 of rule 15. The recommendation was adopted.

PERMANENT CENSUS BOARD.

REPORT FOR THE THREE MONTHS ENDING MARCH 31, 1913.

May 1, 1913.

Hon. WILLIAM J. GAYNOR, Mayor, The City of New York:

Dear Sir—I beg to submit the following report concerning the work of the Permanent Census Board for the quarter ending March 31, 1913:

In accordance with the action taken by this Board at the meeting held July 23, 1912, provision was made in the Budget for the year 1913, and an appropriation granted by the Board of Estimate and Apportionment for the employment of thirty-five civilian enumerators at a salary of $900 per annum each, and a supervising enumerator at a salary of $1,500 per annum.

At a subsequent meeting of the Permanent Census Board, held on December 18, 1912, the Secretary was directed to request from the Municipal Civil Service Commission a certification for census enumerators from the eligible list of attendance officers, no examination having been held for the position of Enumerator. From the lists submitted by the Municipal Civil Service Commission at various times, 25 Enumerators were appointed during the month of January—23 males and 2 females. Of this number, 24 rendered service the entire month, and one resignation was filed at the end of the first day of service. During the month of February, 11 new appointments were made and 2 resignations were received. No additional appointments were made, and no resignations received during the month of March.

The Enumerators appointed during January were assigned to duty in the 62d and 63d census districts in the Borough of Queens, and their activities during that month were confined entirely to that Borough. The results of their canvass, taking into consideration the inclement weather during that month, and the fact that they were new to the work, were quite satisfactory, compared with the work of the police Enumerators during the period of their introduction to this work, the daily average of returns reported to the office being 64+.

During the month of February, the force was divided, 28 being assigned to The Bronx, the remainder continuing their work in Queens. The results at the end of this month showed a decided improvement in the quantity as well as the quality of work performed. The daily average of the Enumerators was increased from 64+ to 110+.

During the last month of the quarter, the Enumerators were assigned to same Boroughs as in the preceding month, and while the work was prosecuted with the same earnestness and attention, a modified system of crediting returns—eliminating children not found by the Enumerator—reduced the general average for the entire force from 110+ in February to 96— in March.

The work performed during the first quarter of 1913 is summarized as follows:

	The Bronx.	Queens.
Blocks covered	774	2,472
Children enumerated	113,184	57,315
Actual number of days engaged in enumeration	1,042½	776½

The following tabulation shows the number of cases reported of children not complying with the Compulsory Education Law, the causes therefor being indicated:

Physically ill, 220; illegally detained, 315; immigrants, 228; truants, 7; illegally employed—boys 14-16, 318; illegally employed—girls, 14-16, 385; graduates, no work certificate, 18; not in evening school, 32; instructed at home, 8; evidence of age, 18.

These cases were referred to the Board of Education for investigation by or through its Compulsiry Education Division.

Cases requiring the attention of the Department of Health were referred as follows: Tuberculosis, children, 19; infantile paralysis, 14.

Cases of physically or mentally deficient children were referred to various agencies having jurisdiction over same, as follows: Deaf, 6; blind or defective vision, 16; crippled, 23; mentally ill, 56.

Cases referred to charitable organizations and children's society; Poverty, 1; neglect, 1.

At the request of, and in cooperation with the Department of Health, this Board during the first three months of 1913, issued 481 age certificates to children who had applied to that department for employment certificates and whose birth records were not on file there. Of this number 413 were located and 68 were reported as not found.

The results of the work performed through the various police precincts for the first quarter, under the supervision of Lieutenant Thomas J. Gleason, in connection with immigrant children, including those admitted under bond, will be found in the following figures:

Cases referred for investigation, 5,014; located, 2,574; not found, 2,439; still outstanding, 1.

During this period, the office of the Permanent Census Board was removed from the Hall of the Board of Education, at 500 Park ave., to its new quarters, in the Grand Central Palace, at Lexington ave. and 47th st.

The task of transferring the office furniture and fixtures and the hundreds of thousands of census cards was performed on February 12 (Lincoln's Birthday), the work being conducted with so little confusion that we were able, on the morning of the 13th, to proceed in an orderly manner. Respectfully submitted,

G. H. CHATFIELD, Secretary.

Borough of Brooklyn.

Minutes of a duly advertised meeting of the Local Board of the Flatbush District, held Thursday, April 3, 1913, at 2.55 p. m.

DEPARTMENT OF DOCKS AND FERRIES.

Proposals.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks, at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock, noon, on

THURSDAY, JUNE 5, 1913.

FOR INSURING THE FERRYBOATS "MANHATTAN," "BROOKLYN," "BRONX," "QUEENS" AND "RICHMOND," TO BE EMPLOYED ON THE MUNICIPAL FERRIES BETWEEN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF RICHMOND AND THE BOROUGH OF BROOKLYN, FOR A PERIOD OF ONE YEAR FROM JULY 16, 1913.

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuation:

For the ferryboats "Manhattan," "Brooklyn," "Bronx," "Queens" and "Richmond," $300,000 for each boat, or a total of $1,500,000 for the five boats, and in no case shall the Department be deemed as a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East Rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers, as above named, lightning and fires that shall occur to the hurt, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds $500.

Losses shall be payable in thirty days after proof of loss or damage and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

Bids will be received by the Commissioner of Docks at Pier "A," foot of Battery place, until 12 o'clock, noon, on

THURSDAY, JUNE 5, 1913.

at which time and place the estimates received will be publicly opened by the Commissioner of Docks and read, and the award of the contract made, according to law, as soon thereafter as practicable.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of one thousand dollars. The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent. of their estimates, in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deem it for the interest of the City so to do.

R. A. C. SMITH, Commissioner.

Dated The City of New York, May 21, 1913.

DEPARTMENT OF FINANCE.

Corporation Sales of Real Estate.

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN REAL ESTATE AND APPURTENANCES THERETO.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund and pursuant to a resolution adopted by them at a meeting held April 16, 1913, the Comptroller of The City of New York will sell by sealed bids on

MONDAY, JUNE 2, 1913.

at 11 a. m., in Room K, 280 Broadway, Borough of Manhattan, the lease for a period of ten years, commencing June 1, 1913, of the property belonging to the Corporation of The City of New York, situated and described as follows:

All that certain lot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on the northerly side of 15th st., distant 531 feet 11 inches westerly from the intersection of the northerly line of 15th st. with the westerly line of 8th ave. and running thence northerly parallel with 8th ave. 50 feet; running thence easterly and parallel with 15th st. 78 feet; running thence northerly and again parallel with 8th ave. 150 feet to the southerly line of 14th st.; running thence westerly along the southerly line of 14th st. 94 feet; running thence southerly and parallel to 8th ave. 164 feet 10 inches; running thence westerly and parallel to 15th st. 6 feet 5 inches; running thence southerly and again parallel to 8th ave. 35 feet 2 inches to the northerly line of 15th st.; running thence easterly along the northerly line of 15th st. 22 feet 5 inches to the point or place of beginning.

The Comptroller will receive sealed bids for the lease of the said parcel of land for the said period, at the minimum or upset price of $1,775 per annum, payable quarterly in advance, and the said sale will be made upon the following

TERMS AND CONDITIONS.

Each bid must be accompanied by cash or a certified check for twenty-five per cent. of the amount of the yearly rental offered; the amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

He will also be required to give an undertaking in the amount of the annual rental paid, with two sufficient sureties to be approved by the Comptroller, conditioned for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid shall be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety, or otherwise, upon any obligation to The City of New York, as provided by law.

The lease shall be in the usual form of leases of like property, and will contain, in addition to other terms, covenants and conditions, as follows:

1. A clause providing that the lessee shall pay the usual rates for water, per meter measurement, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

2. A clause providing that during the term of the lease the lessee shall comply with all the laws and ordinances of The City of New York.

3. A clause providing that if, at any time during the period of the lease or any renewal thereof, the lessee should desire to erect a building upon the demised premises, such building shall not be erected until plans thereof have first been approved by the Comptroller, and upon the expiration of the lease the building shall become the property of the City. In no event shall the premises be used for the sale of liquor.

4. A clause providing that in addition to the above, the successful bidder is to grade and concrete the premises to be demised in so far as not occupied by buildings in such manner as will prevent surface water drainage toward the adjacent armory, and to surround the premises with a fourteen (14) foot fence erected in accordance with the requirements of the Building Department.

5. A clause providing that upon the violation of any of these covenants, the Comptroller shall have the right to terminate the lease.

The Comptroller shall have the right to reject any or all bids if deemed to be to the interest of The City of New York.

Parcel No. 78. Part of porch and steps of two and one-half story frame house on the south side of Maclay ave., about 75 feet east of Sedden st. Upset price, $5.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m., on the 11th day of June, 1913, and then publicly opened, for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 11, 1913," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following named avenue in the BOROUGH OF QUEENS:

SECOND WARD.

GARRISON AVENUE — OPENING, from Grand st. to Flushing ave. Confirmed April 7, 1913; entered May 14, 1913. Area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point on the southeasterly line of Flushing ave. where it is intersected by the prolongation of a line midway between Garrison ave. and Furman ave., and running thence southeastwardly at right angles to Flushing ave. a distance of 100 feet; thence southwestwardly and always distant 100 feet southeasterly from and parallel with the southeasterly line of Flushing ave. to the intersection with a line at right angles to Flushing ave., and passing through a point on its northwesterly side where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Sophie st. and Garrison ave., as these streets are laid out between Flushing ave. and Frederick st.; thence northwestwardly along the said line at right angles to Flushing ave. to its northwesterly side; thence northwardly along the said bisecting line to the intersection with the prolongation of the line midway between Sophie st. and Garrison ave., as these streets are laid out north of Grand st.; thence northwardly along the said line midway between Sophie st. and Garrison ave., and along the prolongation of the said line to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of Grand st., the said distance being measured at right angles to Grand st.; thence eastwardly along the said line parallel with Grand st. to the intersection with a line midway between Garrison ave. and Furman ave.; thence southwardly along the said line always midway between Garrison ave. and Furman ave., and along the prolongation of the said line to the point or place of beginning.

The above entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides, in part: "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment, from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Municipal Building, Court House square, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before July 14, 1913, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum, from the date when the above assessment became a lien to the date of payment.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on April 24, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the area of assessment in the proceeding instituted by said Board on December 30, 1909, for acquiring title to White Plains road, between a point near the Old Unionport road and a point near Thwaites place, Borough of The Bronx, which proceeding was amended on May 4, 1911, so as to relate to White Plains road, from a point near Old Unionport road to a point near Thwaites place, and to the area between Bronx Park East and White Plains road south of the northerly line of Bear Swamp road which had not previously been legally acquired.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, as amended, hereby gives notice that the following is the proposed amended area of assessment for benefit in this proceeding:

Beginning at a point on a line midway between Wallace avenue and Barnes avenue distant 100 feet northerly from the northerly line of Mace avenue and running thence southwardly along a line always midway between Wallace avenue and Barnes avenue and the prolongations of these streets as laid out immediately north and south of Bronx and Pelham parkway to the intersection with the northwesterly line of the unnamed street adjoining the New York, Westchester and Boston Railroad on the west; thence southwardly in a straight line to a point on the southerly line of Bear Swamp road where it is intersected by a line midway between Wallace avenue and Barnes avenue as these streets adjoin Rhinelander avenue; thence southwardly along the said line midway between Wallace avenue and Barnes avenue to the intersection with a line midway between Rhinelander avenue and Morris Park avenue as these streets are laid out between Wallace avenue and Barnes avenue; thence westwardly along the said line midway between Rhinelander avenue and Morris Park avenue and along the prolongation of the said line to a point distant 100 feet westerly from the prolongation of the westerly line of Unionport road as this street is laid out immediately north of Bronx Park East, the said distance being measured at right angles to Unionport road; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Unionport road and its prolongation to the intersection with the prolongation of a line distant 400 feet westerly from and parallel with the easterly line of Bronx Park East as this street is laid out between Brady avenue and Lydig avenue, the said distance being measured at right angles to Bronx Park East; thence northwardly along the said line parallel with Bronx Park East and along the prolongations of the said line to a point distant 100 feet westerly from the prolongation of the westerly line of Bronx Park East as this street adjoins Thwaites place, the said distance being measured at right angles to Bronx Park East; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Bronx Park East and its prolongation as laid out at Thwaites place to the intersection with a line parallel with Mace avenue and passing through the point of beginning; thence eastwardly along the said line parallel with Mace avenue to the point or place of beginning.

Resolved, That this Board consider the proposed amended area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 29th day of May, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 29th day of May, 1913.

Dated May 16, 1913.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 1, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Southside boulevard, from Parkinson avenue to Rosebank avenue, in the Borough of Richmond, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby gives notice that it proposes to place 25 per cent. of the entire cost and expense of this proceeding upon the Borough of Richmond, excluding such proportion of the cost of buildings as may be placed upon The City of New York, and 75 per cent. of such cost and expense, including any damages allowed for intended regulating, upon the following area of benefit:

Beginning at a point on the southwesterly right-of-way line of the Staten Island Rapid Transit Railway, distant 1,000 feet easterly from the easterly line of Southside boulevard, the said distance being measured at right angles to Southside boulevard, and running thence southwardly along a succession of lines each of which is distant 1,000 feet easterly from and parallel with the successive tangents in the easterly line of Southside boulevard, the said distance being in each case measured at right angles to the respective tangents, or their prolongations, to the intersection with a line at right angles to Southside boulevard and passing through a point on its westerly side distant 1,000 feet southerly from the southwesterly line of Parkinson street, the said distance being measured along the line of Southside boulevard; thence westwardly along the said line at right angles to Southside boulevard to the intersection with a line distant 1,000 feet westerly from and parallel with the westerly line of Southside boulevard, as laid out south of Clove road, the said distance being measured at right angles to Southside boulevard; thence northwardly along the said line parallel with Southside boulevard and along the prolongation of the said line to the intersection with a line midway between Neckar avenue and Weser avenue, as these streets adjoin Pierce street; thence northwardly along the said line midway between Neckar avenue and Weser avenue and along the prolongation of the said line to a point distant 1,000 feet westerly from the westerly side of Southside boulevard, the said distance being measured at right angles to Southside boulevard; thence northwardly and always distant 1,000 feet westerly from and parallel with the westerly line of Southside boulevard and its prolongation, as laid out at the first tangent south of Rosebank avenue, to the intersection with the southwesterly line of Rosebank avenue; thence northeastwardly and parallel with Norwood avenue to the intersection with a line distant 100 feet northeasterly from and parallel with the northeasterly line of Talbot place, as this street adjoins Norwood avenue on the southeast, the said distance being measured at right angles to Talbot place; thence southeastwardly along the said line parallel with Talbot place and along the prolongation of the said line to the intersection with the easterly right-of-way line of the Staten Island Railway; thence northwardly and southeastwardly along the respective easterly and southwesterly right-of-way lines of the Staten Island Railway, and of the Staten Island Rapid Transit Railway, to the point or place of beginning. (The lines of streets hereinbefore referred to which have not been incorporated upon the City plan are intended to be those as in use and as commonly recognized.)

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 29th day of May, 1913, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the CITY RECORD for ten days prior to the 29th day of May, 1913.

Dated May 16, 1913.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on May 1, 1913, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment on April 10, 1908, authorized the acquisition of title to the lands and premises required for the opening and extending of Roebling street, as widened, from Broadway to Division avenue; the Public Place bounded by the easterly line of Roebling street extended southerly in a direct line to the northeasterly side of Lee avenue, Lee avenue and Division avenue; and Taylor street, as widened, from Lee avenue to Bedford avenue, in the Borough of Brooklyn, and directed that 25 per cent. of the cost and expense of the proceeding for the acquisition of title to the foregoing streets be borne and paid by The City of New York, and that the remainder of such cost and expense be assessed upon an area of assessment for benefit as fixed and determined by the resolution authorizing the acquisition of title to the foregoing streets; and

Whereas, The Board of Estimate and Apportionment on July 11, 1912, reconsidered its action of April 10, 1908, respecting the distribution of the cost and expense of the proceeding, and made a new determination, in pursuance of the provisions of section 247 of the Greater New York Charter, as amended, by placing 10 per cent. of the entire cost and expense of the proceeding upon an area described in the resolution as "Area A"; 20 per cent. of the entire cost and expense of the proceeding upon an area described in the resolution as "Area B"; 45 per cent. of the entire cost and expense of the proceeding upon the Borough of Brooklyn and the remaining 25 per cent. of the entire cost and expense of the proceeding upon The City of New York; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of again reconsidering its action with respect to the distribution of the cost and expense of the proceeding, and of making a new determination concerning the same, in conformity with the provisions of section 247 of the Greater New York Charter, as amended; be it

Resolved, That the Board of Estimate and Apportionment will hold a public hearing in Room 16, City Hall, Borough of Manhattan, City of New York, on Thursday, May 29, 1913, at 10.30 o'clock a. m., at which all persons interested will be given an opportunity to be heard upon the proposed reconsideration and redetermination concerning the distribution of the cost and expense of the aforesaid proceeding, so as to place 52 per cent. of the entire cost and expense thereof upon the Borough of Brooklyn, 25 per cent. of the entire cost and expense thereof upon The City of New York, 20 per cent. of the entire cost and expense thereof upon the Borough of Manhattan, and the remaining 3 per cent. of the entire cost and expense thereof upon the following area:

Beginning at a point on the southerly line of Broadway, where it is intersected by a line midway between Roebling street and Driggs avenue, and running thence eastwardly along the southerly line of Broadway to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the easterly line of Roebling street and the westerly line of Havemeyer street, as these streets are laid out between Broadway and South 9th street; thence southwardly along the said bisecting line to the intersection with a line midway between Roebling street and Havemeyer street, as these streets are laid out immediately adjoining Division avenue; thence southwardly along the said line midway between Roebling street and Havemeyer street and along the prolongation thereof to the intersection with the prolongation of a line midway between Taylor street and Wilson street, as these streets are laid out between Bedford avenue and Lee avenue; thence southwestwardly along the said line midway between Taylor street and Wilson street and along the prolongation thereof to the intersection with a line distant 100 feet southwesterly from and parallel with the southwesterly line of Bedford avenue, the said distance being measured at right angles to Bedford avenue; thence northwestwardly along the said line parallel with Bedford avenue to the intersection with a line midway between Taylor street and Clymer street; thence northeastwardly along the said line midway between Taylor street and Clymer street to the intersection with the prolongation of a line midway between Roebling street and Driggs avenue; thence northwardly along the said line midway between Roebling street and Driggs avenue and along the prolongation thereof to the point or place of beginning.

The fifty-two (52) per cent. of the entire cost and expense of the proceeding proposed to be placed as aforesaid upon the Borough of Brooklyn, and the twenty (20) per cent. thereof proposed to be placed as aforesaid upon the Borough of Manhattan is to be collected with the taxes upon the real property in said boroughs becoming due and payable in the year in which such cost and expense shall have been fixed and determined, provided that such cost and expense be ascertained in time to be included with the taxes on the real property of said boroughs in the same year; and if not determined in time, the same is to be levied and collected with the taxes of the succeeding year.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and in the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 29th day of May, 1913.

Dated May 16, 1913.

JOEL J. SQUIER, Clerk. m9,26

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beamholes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all person interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
