LAW DEPARTMENT.

OPINIONS OF THE COUNSEL TO THE CORPORATION.

A proposal for a contract must be rejected if not substantially made according to the laws and ordinances relating to the making of contracts.

If the irregularity be not of substance, but only of form, it is within the discretion of a Department to accept or reject it as such Department may deem proper.

Where the lowest bidder is rejected for the irregularity of his proposals, the next lowest bidder whose proposals comply with the ordinance is entitled to receive the contract.

A Department is not justifiable in incurring the expense and delay of new advertisements when the list of bidders contains any one who has, in substance and form, complied with existing regulations in relation to the making of contracts.

LAW DEPARTMENT, OFFICE OF THE
COUNSEL TO THE CORPORATION,

NEW YORK, 21st April, 1874.

Hon. William Laimbeer, President of the Department of Charities and Correction,

SIR:—Your letter of the 4th instant requests my opinion with regard to three proposed contracts.

First. The Eagle Condensed Milk Company propose to enter into a contract with your Department to furnish certain supplies. It appears that the sureties named for acceptance, when the contract shall have been entered into, have not qualified by taking an oath in the form prescribed by the ordinances of the city. In relation to this objection it is my judgment that the requirement of the ordinances in this particular being directory, and intended for the protection of the city, it is competent for the Department to waive the irregularity and enter into the contract if they deem advisable. There is no doubt that the irregularity is one forming ample ground, in the discretion of the Department, to reject the proposal altogether. This you may do if you think fit; but, if you deem that the interests of the city will not suffer, you may, as above intimated, waive the irregularity and the contractor cannot, certainly, complain.

Secondly. The communication from the National Condensed Milk Company, offering to furnish similar supplies, cannot be regarded as a proposal in either the form or the substance of the requirements of the laws or of the ordinances. It must, therefore, be rejected altogether, and you have no discretion to accept it.

The rule which in my judgment must govern you in the awarding of contracts is as follows: If a proposal is, in substance and form, clearly irregular, then you are bound to reject it. If the irregularity is only a matter of form, and not of substance, being the disobedience of directory provision, intended to place the city in a position of self-protection, then you may for such irregularity in form reject the bid altogether, or you may waive the irregularity and enter into the proposed contract. When, for irregularity in both substance and form, or either, you reject the lowest bid, then the next lowest is entitled to consideration. If irregular in both substance and form, you are bound to award the contract to such next lowest bidder. If irregular only in form, and not in substance, then you may either waive the irregularity and enter into the contract, or you may reject it for the formal irregularity. Where there are two or more bids and you feel authorized to reject the first, the next lowest is entitled, if regular, and, if not, then the next lowest. It would be unjustifiable to go to the expense and delay of re-advertising where there are several bidders, merely because the lowest bidder is rejected.

I return the papers.

Very respectfully yours,

E. DELAFIELD SMITH,

Counsel to the Corporation.

CORPORATION SALE OF FERRY FRANCHISES.

SEALED BIDS WILL BE RECEIVED TO BE publicly opened at the Comptroller's Office, on THURSDAY, April 30th, 1874, at 2 o'clock, P. M., for leases of Franchise or right to maintain and operate several ferries around the City of New York for the terms and on the conditions hereafter set forth.

The leases will be made to conform to the requirements of the laws relative to ferries, and subject to such regulations, ordinances or by-laws, as now are or hereafter may be made or passed by the Common Council or State Legislature, and the leases will also provide that the lessees shall take and assume at their own costs and charges all or any responsibilities and liabilities of the Corporation of the City of New York to the present lessees of ferries in relation to boats, fixtures, &c., belonging to such lessees at the respective ferries.

The minimum rate for which the ferry Franchise or license to operate ferries shall be used or enjoyed, has been appraised and set by the Commissioners of the Sinking Fund, at two and one-half per centum of the gross receipts for ferriage, that shall hereafter accrue at each separate ferry, to be paid quarterly yearly to the Corporation, and a covenant will be contained in each lease requiring the lessees to make and deliver to the Comptroller of the City of New York, quarterly, a statement in writing verified by oath or affirmation of the actual total gross receipts for ferriage received by such lessee during the preceding three months, and also that the lessees shall keep regular books of account showing the daily gross receipts of the ferry leased, and allow said Comptroller or any person designated by him to examine such books.

The Department of Docks of the City of New York, has fixed and established the rent for which it will lease the property in wharves, piers, slips and lands under water belonging to the Corporation at the several ferries to be leased to the parties or persons to whom the lease of the ferry franchise shall be awarded by the Commissioners of the Sinking Fund, for the term specified for the lease of the franchise at the rates set forth hereafter, and no deviation will be made from the same, and covenants will be contained in such leases for construction, maintenance and surrender of all necessary fixtures and appurtenances to the wharf and pier property belonging to the City used by such respective ferries.

Proposals for the lease or license to use the ferry franchise at the respective ferries, to state the maximum percentage on gross receipts which the person or parties offering to take each ferry will pay in addition to the rent fixed by the Department of Docks for the use of the pier or wharf property belonging to the city, but no lease will be given at less than the minimum rate of 2½ per cent. on the gross receipts.

Security satisfactory to the Comptroller will be required for the punctual performance by the lessees of the covenants of the lease of the franchise in their behalf.

The several ferries at which the franchise only is to be leased are as follows:
