"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)
Department of Homeless Services (DHS)
Department of Probation (DOP)
Department of Small Business Services (SBS)
Department of Youth and Community Development (DYCD)
Housing and Preservation Department (HPD)
Human Resources Administration (HRA)

AGENCY RULES

OFFICE OF THE MAYOR

■ NOTICE

New York City Office of Long Term Planning and Sustainability Notice of Adoption of Final Rule

The Office of Long Term Planning and Sustainability, pursuant to the authority granted by New York City Charter section 1043(a), sections 499-aaa through 499-ccc of the New York State Real Property Tax Law, and Executive Order No. 61 issued on January 22, 2021, hereby adopts the following final rule establishing criteria for selection of priority green roof tax abatement districts.

This final rule was first proposed and published on December 22, 2020. A public hearing was held on January 25, 2021.

Statement of Basis and Purpose of Final Rule

Under sections 499-aaa through 499-ccc of the New York State Real Property Tax Law (RPTL), the City is authorized to designate priority community districts that will receive an enhanced tax abatement of \$15 per square foot from July 19, 2019 to June 30, 2024 for the installation of a green roof. All other community districts will receive the standard \$5.23 per square foot tax abatement for the installation of a green roof. Pursuant to RPTL section 499-bbb(5), the City must select priority districts based on priority combined sewage overflow tributary areas, with priority for areas that “lack green space”.

Based on the criteria provided in RPTL section 499-bbb(5), the Office of Long Term Planning and Sustainability (OLTPS) is promulgating this final rule that will select priority districts by considering factors which identify areas that can benefit from green roofs the most. The focus is on the potential for urban heat island reduction that would result from green roof construction. New York City, like other urban areas, is more vulnerable to heat than rural and suburban areas. Due to the relative amount of dark, impervious surfaces, limited vegetation, and dense human activity, cities can be up to 22°F hotter than rural and suburban areas as part of a phenomenon known as the Urban Heat Island Effect (UHI). The UHI effect leads to higher summertime peak energy demand, air conditioning costs, air pollution, and greenhouse gas (GHG) emissions. Variation in NYC’s densely built environment—including the distribution of sparse vegetation, building types, and surface materials—results in disparate neighborhood-level heat risks. These physical risks overlap with social and health risk factors, resulting in disproportionate effects borne by the most vulnerable residents of high poverty neighborhoods. The final rule’s priority district selection criteria include the New York City Department of Health and Mental Hygiene’s (DOHMH) Heat Vulnerability Index, an analysis of heat-related mortality based on neighborhood characteristics, such as but not limited to green space, poverty, daytime summer surface temperature, and households reporting air conditioning. Selection criteria also include percent of land area within a Combined Sewer Overflow (CSO) Priority Area Designated by The New York City Department of Environmental Protection (DEP).

New material is underlined.
[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Final Rule

Section 1. Title 43 of the rules of the City of New York is amended to add a new chapter 18 to read as follows:

Chapter 18: Green Roof Tax Abatement

§ 18-01 Scope of Rules

This chapter sets forth standards and procedures for designating priority community districts with properties that are eligible to receive an enhanced tax abatement for the installation of a green roof pursuant to sections 499-aaa, 499-bbb, and 499-ccc of the New York real property tax law.

§ 18-02 Priority Community District Selection Criteria

(a) The mayor’s office of long term planning and sustainability (OLTPS) will apply the following criteria in selecting priority community districts with properties that are eligible to receive an enhanced green roof tax abatement.

(1) Community districts will be evaluated based on the New York city department of health and mental hygiene’s (DOHMH) Heat Vulnerability Index.

(2) OLTPS will also consider the percent of the land area of a community district that is within a Combined Sewer Overflow (CSO) Priority Area Designated by the New York city department of environmental protection (DEP).
