EMPLOYEES FOR CALENDAR YEAR 2024**

ANNUAL REPORT OF WORKERS' COMPENSATION CLAIMS OF NEW YORK CITY EMPLOYEES FOR CALENDAR YEAR 2024

INTRODUCTION

Section 12-127 of the Administrative Code of The City of New York requires that a report concerning workers' compensation claims by City employees be compiled and transmitted annually to the Mayor, the Comptroller, the Public Advocate and the Speaker of the Council.

This report contains a compilation of all workers' compensation claims indexed by the New York City Law Department during 2024. In accordance with the recent amendments to Section 12-127, the report includes, but is not limited to, a breakdown of expenses paid, a list of specific claim information for each agency, as well as specific types and locations of injuries.

The report contains records for all entities whose workers' compensation claims are administered by the New York City Law Department: The City of New York, The New York City Health + Hospitals Corporation, The Department of Education of The City of New York, The City University of New York and the New York City Board of Elections. It should be noted that Uniformed Police Officers, Uniformed Firefighters, Uniformed Sanitation Workers and pedagogical employees of the Department of Education are not covered by the Workers' Compensation Law.

The information for individual claims includes the date of injury (or disablement), a brief description of the injury, the injured body part(s) and the location at which the injury occurred, as well as additional information required by the amendments to Section 12-127. Each section of the report is grouped by agency. An entry of "N/S" indicates that the requisite information was not submitted to the Law Department. An entry of "N/A" indicates the field is not applicable.

A summary of the costs incurred on these claims by each agency is provided at the end of each section of the report. These costs include Total Indemnity Costs (consisting of wages and workers' compensation benefits paid), medical costs, penalties as well as additional information required by the amendments to Section 12-127. Also listed is the total number of employees in each agency on December 31st of the reporting year and the total number of claims filed on behalf of each agency during the reporting year.

In addition to the costs by agency, the administrative costs attributed to the Workers' Compensation Division of the Law Department were \$8,111,568 during Calendar Year 2024.

EXECUTIVE SUMMARY 2024

In accordance with Section 12-127 of the Administrative Code of The City of New York, this Report is being delivered to the Mayor, the Comptroller, the Speaker and the Public Advocate. In addition, pursuant to Section 1133 of the City Charter, electronic copies of the Report are being submitted to the Department of Records and the Municipal Reference and Research Center. The Report is accessible on the Department of Records' website, www.nyc.gov/records, under NYC Government Reports/Publications Portal.

This Annual Report contains a compilation of all workers' compensation claims indexed by the New York City Law Department during 2024. These claims include those of employees of The City of New York, The New York City Health + Hospitals Corporation, the Department of Education of the City of New York, the City University of New York and the New York City Board of Elections.

A total of 14,185 new claims were received in 2024. This number represents a decrease of 3.3% in claims when compared with 2023 for claims filed in that year.

The total amount paid in 2024 with respect to these claims was \$44.9 million. This includes \$35.7 million for indemnity costs, and \$9.1 million for medical costs.

The largest numbers of claims came from the following seven agencies: Health + Hospitals Corporation (2,907), Department of Correction (2,801), Department of Education (2,507), Fire Department (1,763), Department of Parks & Recreation (781), Police Department (772), and the Department of Transportation (746). These agencies account for approximately 86% of all claims made in 2024.

The leading agencies in terms of cost were: Department of Correction (\$11.1 million), Health + Hospitals Corporation (\$10.3 million), Administration for Children Services (\$4.7 million), Police Department (\$2.9 million), Department of Education (\$2.7 million) and Department of Transportation (\$2.6 million). These six agencies account for approximately 85% of payments made on the cases in this Report during 2024.
