## BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, ROOM 16, CITY HALL, FRIDAY, JANUARY 13, 1905.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Charles V. Fornes, President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Martin W. Littleton, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Cassidy, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

Hon. George B. McClellan, Mayor, presiding.

Minutes of meetings held December 2, 9, 16 and 23, 1904, were approved as printed.

The Secretary presented the following petition from the Hecla Iron Works requesting the reconsideration of the award of the contract for the erection of the stack work for the New York Public Library, Astor, Lenox and Tilden Foundations:

To Hon. GEORGE B. McCLELLAN, Mayor of The City of New York, as Chairman of the Board of Estimate and Apportionment:

The petition of the Hecla Iron Works respectfully shows:

First—Your petitioner is a domestic manufacturing corporation doing business in the Borough of Brooklyn, in the City of New York, as a manufacturer of architectural and other iron work; and that your petitioner was one of the bidders in the competition for the erection of the stack work upon the New York Public Library, Astor, Lenox and Tilden foundations, which was recently, by vote of the Board of Estimate and Apportionment, awarded to The Snead & Co. Iron Works, of Louisville, Kentucky.

Second—That your petitioner respectfully asks for a reconsideration of the award of said contract and a rehearing of the whole matter to enable it to present further reasons why the award should be made to the lowest bidder, rather than to The Snead & Co. Iron Works, and urges in support of its request the following facts:

(a) That your petitioner did not have a proper opportunity to present the reasons for the award of the said contract to it at the time of the previous hearing for the reason that its President, Mr. Niels Poulson, was at the date of said hearing absent in St. Louis as a member of the Committee of One Hundred representing the Borough of Brooklyn at the Brooklyn Day celebration held in connection with the Louisiana Purchase Exposition; that its said President had been promised by Borough President Littleton and by Comptroller Grout an opportunity to be personally present at the hearing upon the question of the award of the contract; that he received no intimation that the hearing on the subject would take place in his absence while serving at the request of the City Officials as a member of the said Committee of One Hundred; and that the hearing and consequent award of the contract to The Snead & Co. Iron Works was contrary to the verbal understanding between the said President of your petitioner and said Borough President Littleton and Comptroller Grout, and in consequence no opportunity was given for a proper presentation of the facts and claims of your petitioner for the award of said contract.

(b) That the bid of The Snead & Co. Iron Works was over \$180,000 in excess of that of your petitioner, and that your petitioner verily believes that the said The Snead & Co. Iron Works, to whom the said contract was awarded, are not capable of executing the work any better or more efficiently than it can be done by any of the other bidders in the said competition.

(c) That your petitioner was, under one of its alternate bids, the lowest bidder. That your petitioner's said bid was according to the architect's plans and specifications

in every particular, \$737,200, if the shelves were made in several pieces, and if they were made in one piece, as shown in the sample furnished by your petitioner, the bid would be \$30,000 less, namely \$707,200. Your petitioner also recommended the latter style of shelves as being even better than the one costing \$30,000 more, and as both of them are according to the architect's plans and specifications, your petitioner is therefore the lowest bidder.

(d) That in addition your petitioner has several alternatives in other features of construction which greatly reduce the bid. For instance, if the uprights were made in one piece, instead of several, they would deduct an additional \$30,000, and that again is far superior to the construction when made in several pieces.

(e) That your petitioner also proposes to make the library fireproof and use a fireproof material for flooring, instead of marble, and thereby reduce the estimate by an additional \$75,000. This they consider a much better library, because, as it is proposed, it is not fireproof, and not built according to law. The statute requires that the building shall be fireproof and the Building Law requires that wherever steps and platforms are of marble or slate, they shall be supported by an iron plate, and to do that will add at least \$100,000 to the cost in complying with the plans and specifications of the architects. Other features of construction, for instance, the "deck slit" or opening in the floor in front of each book stack, is contrary to the Building Code, and renders the stack work not fireproof.

(f) The specifications upon which the bids are based, in section 37 thereof, in reference to stack requirements, provide in part as follows:

"All of the details of the work must be arranged in the simplest and most direct manner to avoid complicated construction and to produce the simplest forms without projecting members which would engage the books, and to avoid crevices or projections which would catch dust, and all parts must be accessible for inspection and cleaning."

That portion of the specifications your petitioner's exhibit is the only one capable of meeting. The proposed Snead construction is so arranged as to furnish a large number of small holes which are liable to offer lodgment to roaches, bugs and other vermin, and to catch quantities of dust, and is a mode of construction which should not be used in any library. This is apparent from the photographs of the said Snead exhibit, which is hereto annexed and marked "Exhibit A." The photograph of your petitioner's sample is also hereto annexed and marked "Exhibit B," from which it appears that this feature of the holes is absent from their proposed construction, and in place thereof is substituted a series of projections for corner of shelf to rest upon.

(g) The class of work called for according to the specifications and plans of the architects is such as any first-class architectural iron workers can produce, and all the bidders, with possibly one exception, were perfectly able to do the work satisfactorily, according to these plans and specifications. The plans and specifications are prepared in such detail and with such care and precision on all points as to preclude any serious deviation in plan or style or character of workmanship among the various bidders, and therefore the price should be the only thing to decide who should do the work.

(h) That The Snead & Co. Iron Works seek to introduce an alleged patented construction in violation of the terms of the proposal.

A few days before the bids were to be opened your petitioner was notified by Mr. Snead's attorney that if they bid on the library work according to the plans and specifications they would be prosecuted. This notification was by letter, and a copy of it is hereto annexed and marked "Exhibit C" and hereby made a part of this petition. Your petitioner also learned that all the other bidders had been notified in the same way.

(i) So far as your petitioner is concerned, its claim of ability to do the work called for in the specifications and plans for the said book stacks is based upon the following facts and circumstances:

Previous to its incorporation, the Hecla Iron Works was known as the firm of Poulson & Eger; its president, Mr. Poulson, is an architect by profession and was employed in the office of the Government Supervising Architect in Washington until 1869, when he resigned to go into the iron work business. He was then for eight years in charge of the office of the Architectural Iron Works in New York City, then one of the largest concerns of its kind in the country. In 1876 the firm of Poulson & Eger began business on its own account, and it has since continued to design, construct and execute various kinds of architectural iron work down to the present time, and is regarded as one of the leading architectural iron works of the country.

This fact is further attested by a letter addressed to the Board of Estimate and Apportionment from R. W. Raymond, the well-known mining engineer, of date November 29, 1904, which is attached to this petition. Your petitioner also desires to refer to a letter received by it not long since from the well-known architects McKim, Mead & White, a portion of which, pertinent in this connection, reads as follows:

"We take pleasure in stating, as you know, that we have, during the entire course of our practice, always asked you to estimate on all our architectural iron and bronze work, and in every case where the contract has been awarded you, your work has been eminently satisfactory. We know of no firm in your line of work to whom we would more willingly give a contract, with the entire confidence that it would be carefully executed and to our satisfaction."

"We have always looked upon your firm as leaders in the work of the kind you manufacture, and we believe that the general good results in this line are due, in a large measure, to your efforts."

Other letters from engineers and architects are hereto annexed and made a part hereof.

The Hecla Iron Works and its predecessor, Poulson & Eger, have had large experience in the construction of library book stacks, and particularly in the construction of such stacks as are called for by these plans and specifications.

In 1878 your petitioner contracted with Colonel Lincoln Casey and Bernard R. Green, representing the Government of the United States, to construct and build a library in the Navy Department in Washington, which your petitioner carried out to completion, and which was very much in advance of any library work done before, so much so that some four or five months ago, when Mr. Poulson was in Washington at the Congressional Library, Mr. Green introduced Mr. Poulson to the Librarian in Washington and said that he was the father of the whole system of library construction as it is to-day.

In 1885 your petitioner's President was again called upon by Colonel Casey and Bernard R. Green, to assist them in preparing plans and models for a library in the State Department. They wanted to have the best form of construction, up-to-date in finish and every other particular. During the progress of the making of the plans, Mr. Poulson made many trips to Washington to assist Mr. Green; Mr. Green also visited your petitioner's works several times in regard to the samples that they were making for bidders to bid upon. The library contained all the elements of construction which are in the Congressional Library, and also the proposed Public Library in Bryant Park. For this building Mr. Poulson designed models and mode of construction of the book stack work, and these plans were subsequently adopted with no substantial variations in the Congressional Library.

In 1888 the then firm of Poulson & Eger was informed by letter from Mr. Green that the samples which had been sent to the State Department were no longer needed; but that they would like to have a section of the book shelf and support transferred to the office for the construction of the Congressional Library as a sample, to be used in the construction of that building, which favor was granted and the models are there yet.

After the plans of the book shelves of the Congressional Library had been made, Mr. Green came to New York with the plans and wanted Mr. Poulson to look them over with him and see if they were practicable. Mr. Poulson did this, and proposed several important modifications. They were adopted, and the library is built according to his mode of construction.

Your petitioner has built a great number of libraries, among which may be mentioned the Yale Law School, in 1897, Cady, Berg & See, architects; the Smith College Library, Northampton, Mass., in 1901, York & Savage, architects; the University Club of New York City, in 1898, McKim, Mead & White, architects. From 1888 to 1890

your petitioner made a number of additions to the Columbia College Library, C. C. Haight, architect. In 1885 your petitioner built the library in the Capital of Springfield, Ill., Boyington, Chicago, architect.

Your petitioner was among the bidders for the library for the State Department at Washington in 1888, for which it had designed the model of construction for the guidance of other bidders. Some weeks before the bids were to be opened, Mr. Snead, of Louisville, Ky., at present connected with the Snead & Co. Iron Works, called at your petitioner's works and said that he had seen in Washington its beautiful samples for the library work, and as he was not a competitor for that kind of work, he would like to see how it was done. Mr. Poulson took him around the works and showed him the different processes. About two weeks after, when the bids for the shelf work in the library room were opened, Snead was among the bidders and the lowest. The only improper transaction in connection with the competition was Mr. Snead's conduct in coming to your petitioner's factory and procuring information by misrepresentations.

After the contract had been awarded to him Mr. Snead began the work; he then called upon Mr. Poulson and stated that he had gotten the contract by mistake; he did not know anything about library work, and did not know anything about the different processes of finish which they had to use in connection with that particular work, and requested Mr. Poulson to take the contract off his hands, which he refused to do. He then persuaded an employee of your petitioner, who was familiar with library work and the different processes used for finish, to go with him to Louisville, Ky., and duplicate your petitioner's plant.

The above facts are recited for the purpose of showing that the processes, methods and construction employed by The Snead & Co. Iron Works are based upon those of Mr. Poulson and are in no respects superior, but are mere imitations.

Mr. Poulson's firm and its successor, the Hecla Iron Works, have made a specialty of ornamental and architectural iron work for upwards of thirty years, and are the pioneers in the performance of that class of work in the United States. For about fifteen years your petitioner had no competitors at all; since then many young men have graduated from your petitioner's office and shops, and either started for themselves or have become connected with other concerns, so it is fully recognized among your petitioner's competitors that they are the pioneers of the present class of work.

The statement is further proved by the fact that the Society of Mining Engineers for two years, at their yearly meetings, have made it an object to compare European and American workmanship, to find which country was producing the finest work in architectural iron work, and after thorough investigation they have come to the conclusion that this country is far ahead of Europe, and have given your petitioner the credit of originating the work in this country, and notified your petitioner that they took pleasure in putting them on record for all time to come as being the creators of the present style of work in this country.

Your petitioner has since furnished iron work to be used in Technical Schools in Berlin; they have also furnished drawings, samples and workmen for the instruction of students in the different colleges in this country; and have also furnished plans for the use of students in three Technical Schools in Japan.

Your petitioner simply calls attention to these facts on account of its having been stated before the Board of Estimate and Apportionment that The Snead & Co. Iron Works are the only people who are able to carry out the plans and specifications in a proper manner.

Wherefore your petitioner respectfully asks for a reconsideration of the award of said contract and a rehearing of the whole matter.

Respectfully submitted,

HECLA IRON WORKS,  
By N. POULSON, President.

County of New York, ss.:

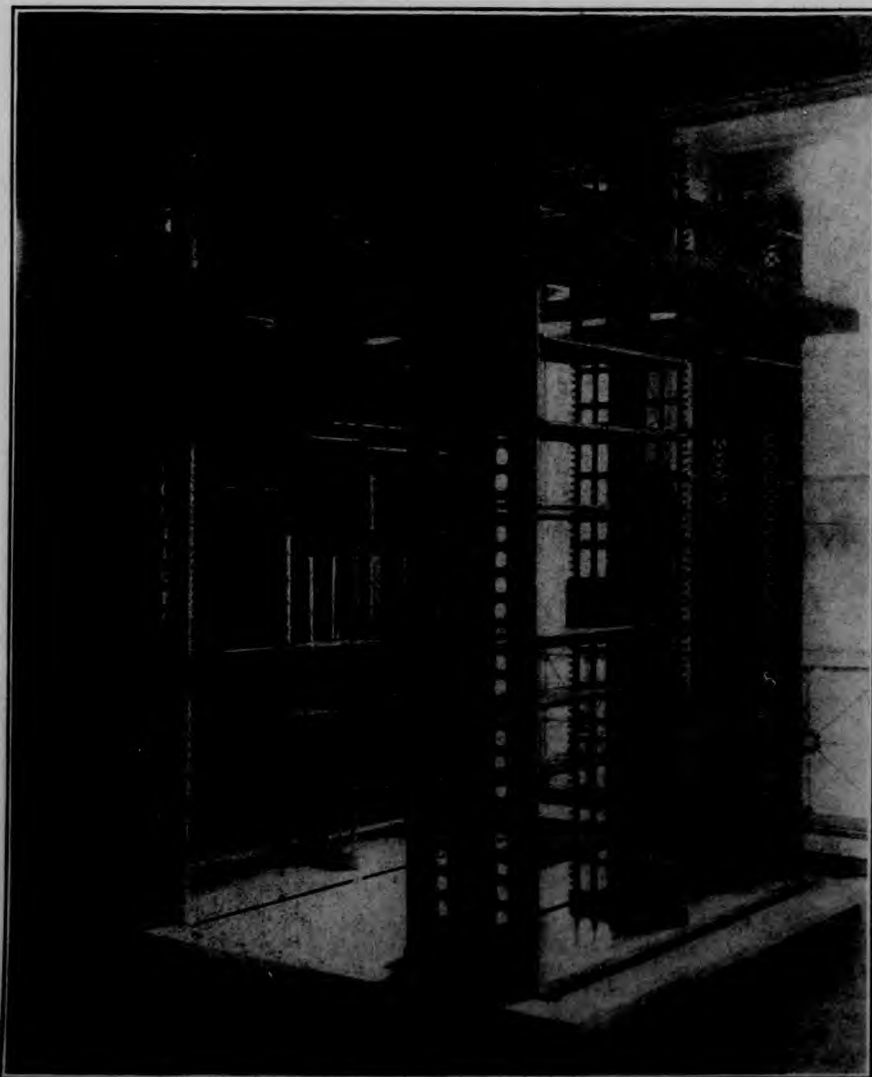

Niels Poulson, being duly sworn, deposes and says that he is the President of the Hecla Iron Works, the petitioner herein, that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge, except as to those matters therein stated to be alleged upon information and belief, and as to those matters he believes it to be true; that the reason why this verification is not made by the petitioner is that the petitioner is a corporation; that the ground of deponent's belief as to all matters in said petition not stated upon his knowledge is information derived by him as President of such petitioner, which information he acquired during the course of his administration as such President.

N. POULSON.

NEW YORK, September 20, 1904.

Hecla Iron Works, No. 118 North Eleventh Street, Brooklyn, N. Y.:

GENTLEMEN—We are advised by our client, The Snead & Co. Iron Works, that your company is infringing its patents for book stacks, shelves and supports for libraries. The Snead & Co. Iron Works owns and controls a number of such patents, among the principal patents being reissued letters patent No. 11,401, letters patent No. 516,734 and No. 520,191.

You are hereby required to discontinue the manufacture or sale of any book stacks, shelves and supports which infringe the patents belonging to The Snead & Co. Iron Works, or to make any use of such patents. In case of failure on the part of your company so to do, we will be obliged to take such action for the protection of our client as the circumstances require.

Yours truly,

R. W. RAYMOND, MINING ENGINEER,  
No. 99 JOHN STREET,  
NEW YORK, November 29, 1904.

Exhibit C.

To the Board of Estimate and Apportionment, New York City:

GENTLEMEN—It is reported that a few days ago the contract for the iron book stacks of the Public Library at Fifth avenue and Fortieth to Forty-second street, was awarded by your Honorable Body to a western concern, over the Hecla Iron Works, of Brooklyn, N. Y., which had made a much lower bid; and that this had been done upon the ground (quite sufficient, if true) that the Hecla Iron Works were not competent to execute the work proposed.

I do not know whether the reported action of your Board was final and irrevocable or not. Nor have I any interest, direct or indirect, in the Hecla Iron Works. But if the report of your action, and the reasons therefor, is correct, and if there is still an opportunity for reconsideration on your part, I must earnestly request a consideration of the testimony which I offer.

My knowledge on this subject is derived from two sources: First, my personal acquaintance with the history and achievements of the enterprise now known as the Hecla Iron Works; and, secondly, my acquaintance, as Secretary of the American Institute of Mining Engineers, with the discussion which took place a few years ago, in that society, concerning the production of artistic iron-work in the United States.

In my private capacity, as a professional inspector and visitor, I learned many years ago, that the concern now known as the Hecla Iron Works was actually the pioneer, in the United States, in the manufacture of fine interior iron-work for buildings; that it established, for the training of its employees in the design and execution of such work, a fine school of instruction, and that, in this new branch of industrial art, it produced results equalling, if not surpassing, the products of certain famous European establishments supposed, up to that time, to possess, by reason, either of peculiar raw materials or of secret methods of manufacture, an unassailable monopoly of such highly artistic work in iron.

I know, also, that with regard to the special kind of work here under consideration, the Hecla Iron Works first designed and made public the construction of iron book stacks now, in substance, universally employed; that this design, first furnished for the Library of the State Department at Washington, D. C., was followed, years after, with their permission, in the Congressional Library, and is now practically the method of construction upon which bids have been received for the New York Public Library. It would indeed be strange if the concern which originated this design were now deemed unable to execute it!

In addition to my personal knowledge in this connection, I have been enabled, as Secretary of the American Institute of Mining Engineers, to learn a good deal about the knowledge and opinions of others. The grounds of this official knowledge may be found in the transactions of the society named, which contain an exceptionally complete record of the progress of the iron manufacture for the past thirty years. An extended discussion of the subject of artistic cast-iron work, occurring at successive meetings of the Institute, five or six years ago, resulted in the acknowledgment that the Hecla Iron Works had not only been the pioneer in this branch of American industry, but had produced the best examples of the art for which this country can claim credit.

It would be a great surprise to the three thousand American members of our Institute to be told that the establishment to which, after repeated discussions, they conceded this deserved distinction, had become incompetent to execute the kind of work which it was the first to teach American manufacturers how to do.

I understand that there are at the Arsenal in Central Park samples of the product in this line of the Hecla Iron Works; and I trust that, if it is not too late, your Honorable Body will cause these samples to be examined by competent persons, and that, by this and other inquiries, you will be led to reconsider your conclusion (if, indeed, you have, as the result of misinformation, arrived at such a conclusion) that this famous New York establishment, to which American metallurgical art owes so much, is less competent than its own pupils and imitators to do what it undertakes, in its own peculiar line, to do.

Yours truly,  
R. W. RAYMOND.

WILLIAM J. FRYER, CONSULTING ARCHITECT AND ENGINEER,  
No. 104 HAVEMEYER BUILDING,  
New York, December 12, 1904.

NIELS POULSON, Esq., President, Hecla Iron Works, Brooklyn, N. Y.:

MY DEAR MR. POULSON—In compliance with your request that I should express my opinion concerning the general character of the architectural and ornamental iron work manufactured by your company, I beg to state as follows:

I have enjoyed a personal acquaintance with yourself and your partner, Mr. Eger, from the very time when, many years ago, you started to manufacture ornamental iron work for buildings as a special and distinct branch from structural iron work. I have seen your establishment grow from modest dimensions to become the largest and most complete of its kind in the world—the Hecla Iron Works. From the very start your products were stamped with the highest artistic merit and superior construction. Your skill, enterprise and courage met with full appreciation. You rapidly took precedence and have continuously kept far in advance of others; indeed, your firm were the pioneers and leaders in that class of work in this country and created a demand for that which had no prior existence. Your business expanded, and as building after building was added to your original works, foundries for brass and iron, forging shops, fitting shops, plating shops, modeling shops, each supplied with the best modern appliances, apparatus and machinery, much of it being of special construction, buildings for drafting and photographing, and the installation of processes for making the surfaces of iron rustless, for plating iron with bronze and other finishes by which iron is made practically indestructible; each step of progress was in the line of producing work of the highest standard, both in artistic design and exquisite workmanship.

It was allotted to me some six years ago to prepare an article on the History of Ornamental Iron Work for Buildings, as part of the elaborate publication in book form of the History of Real Estate, Building and Architecture in New York, in the "Record and Guide." In that history I said:

"It is largely due to the skill and enterprise of the proprietors of the Hecla Iron Works that nowhere else in the world can be found as artistic interior iron work in modern buildings as in this country. Types of iron work unknown twenty years ago, and which would have been impossible of production by any processes of manufacture then in vogue, are to be seen now in nearly every first-class modern building in New York and in other large cities in this country. The influence of the artistic labors of Messrs. Poulson & Eger has spread far and wide, and the methods initiated by this firm are being followed by many other manufacturers. \* \* \* Few other American industries have grown with such rapidity as ornamental iron work, and but few other manufacturers better illustrate the history of the progress of the American people in skill and refinement."

The Hecla Iron Works continue to stand pre-eminent in the production of artistic iron work for building purposes, and it is with great pleasure that I write with personal knowledge to this effect. And I further desire to bear testimony to your straightforward business ways and sterling honesty in all your transactions; which to many persons would be deemed almost of equal importance with the recognized high financial standing of your company, that any agreement you may enter into will be faithfully and well executed.

Very truly yours,  
WM. J. FRYER.

GEO. B. POST, ARCHITECT,  
No. 33 EAST SEVENTEENTH STREET,  
New York, December 9, 1904.

To N. POULSON, Esq., Care of The Hecla Iron Works, No. 118 North Eleventh Street, Brooklyn, N. Y.:

MY DEAR MR. POULSON—I cannot believe it possible that the Hecla Iron Works should be refused a contract for any kind of metal work requiring accuracy and skill on the ground that they were not competent to execute it. Your present concern, the Hecla Iron Works, and its predecessor Poulson & Eger, have been my selection for all work executed in my office requiring nicety of finish and accuracy of mechanical work and have performed every contract in the most thorough and satisfactory manner. The aggregate amount of these contracts has been very large (much over a million dollars).

I am,

Yours very truly,  
GEO. B. POST.

THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS,  
CHIEF ENGINEER'S OFFICE, No. 320 BROADWAY,  
New York, December 16, 1904.

The Hecla Iron Works, No. 118 North Eleventh Street, Brooklyn, N. Y.:

DEAR SIRS—Now that the construction of the Rapid Transit contract is practically at an end, I desire to state that your work in connection with it, consisting of the important features of the subway entrance and elevated stations, has been eminently satisfactory in all respects. Not only have you carried out your orders, but you have made suggestions during the progress of the work resulting in a very large reduction in cost, coupled with greater efficiency.

Very truly yours,  
(Signed) WM. BARCLAY PARSONS, Chief Engineer.

Mr. J. Edward Swanstrom, representing the Hecla Iron Works and Mr. John C. Wait, representing P. J. Carlin & Co., appeared in support of the application for a reconsideration of the award.

Mr. J. L. Wells, representing The Snead & Co. Iron Works, appeared in opposition. The following communications were presented from Messrs. Carrere & Hastings, Architects; The Van Dorn Iron Works and the Trustees of the New York Public Library, which were ordered printed in the minutes:

CARRERE & HASTINGS, ARCHITECTS,  
No. 28 EAST FORTY-FIRST STREET,  
New York, January 10, 1905.

The Hon. GEORGE B. McCLELLAN, Mayor of The City of New York, as Chairman of the Board of Estimate and Apportionment, New York, N. Y.:

DEAR SIR—We have received from the Secretary of your Board a copy of a petition presented by Nils Poulson for the Hecla Iron Works, asking for a rehearing before your Board in the matter of the award by the Board of the contract for the book stack work for the New York Public Library to The Snead & Co. Iron Works of Jersey City, which award was made by your Board on November 18.

As the Architects of this building we beg to comment upon this petition as below:

The contentions made by Mr. Poulson are for the most part matters of his personal opinion concerning construction and material for work about which plans and specifications are absolutely definite.

His contention is practically for a change of the requirements of plans and specifications to suit his views.

We find nothing in his petition which influences our opinion as already fully expressed to your Board. The plans and specification for this work were the result of very long study of the subject by ourselves, and they were drawn in harmony with the instructions received from the Board of Library Trustees, and they received the approval of that Board, all as required by the terms of the agreement with the City and the specifications received the careful consideration of your Board and were approved by it.

We desire to state, in justice to Mr. Poulson, that our recommendation in favor of The Snead & Co. Iron Works' bid was in no way a reflection upon the ability of the Hecla Iron Works to produce first-class work.

We call the attention of your Board to the very serious injury to the work which would result from any further delay in executing the stack work.

Yours respectfully,  
CARRERE & HASTINGS.

The Honorable Board of Estimate and Apportionment, City of New York, N. Y.:

GENTLEMEN—We are in receipt of a notice from your Secretary, dated January 5, to the effect that on Friday, January 13, 1905, the Board will consider the question of the advisability of reconsidering the award of Contract No. 4, relating to library stack work, and we, the undersigned bidders, would respectfully request that you do reconsider said award, and in justice to the bidders who have gone to large expense in this matter, and also in justice to the taxpayers for The City of New York, would ask that the same be readvertised under specific specifications.

Our reasons for this request are as follows:

1. The bid of Van Dorn Iron Works was approximately \$100,000 lower than that of the Snead Iron Works, and was in accordance with the specifications in every particular.

2. The Van Dorn Iron Works Company denies that the Snead Iron Works Company has any basic patents covering this work which the Van Dorn Iron Works Company has or would infringe if the contract were awarded to the Van Dorn Iron Works Company, for, on receipt of a notice from the Snead Iron Works Company that their work was an infringement upon the patents of the Snead Iron Works Company, the President of the Van Dorn Iron Works Company personally visited Washington and the Congressional Library, and had a conference with Bernard R. Greene regarding same. Mr. Greene stated that if the Snead Iron Works Company had patents, that they were not basic ones, as the number of the stacks at the Congressional Library has been in use more than seventeen years, and that any patents they may have were either of no effect or of such a combination as would not affect said library stack work as built. The Van Dorn Iron Works Company bid upon said Congressional Library in competition with the Snead Company, and the Snead Company did not, at that time, claim to have any patents covering the same, but it was understood that Mr. Bernard R. Greene was the architect, designer and superintendent of said work, the same being done under his supervision. The Van Dorn Iron Works Company denies that the Snead Iron Works Company has any legal patents whatever that would prevent The City of New York from advertising upon a duplicate of the Congressional Library at Washington, or of the improved construction as shown in our models, which is a decided improvement upon the Congressional Library stack work, and which is in strict compliance with the specifications and requirements of your architect, and the special shelf (designated as X in our proposal), as designed, is far superior to the shelf submitted by the Snead Company, and is no infringement on the same, and we hereby offer the above-mentioned models, together with the shelf mentioned, to The City of New York as far as the architect may deem it necessary to use them, if they readvertise said work under specific specifications.

We also submit to your Honorable Board that we are fully qualified, both in equipment and financial ability, to undertake this work, and urgently request your Honorable Board to make the fullest investigation possible in order to satisfy the Board on this point, and invite the fullest investigation of our models by any competent engineer or architect to be appointed by your Honorable Board.

We are aware that your Honorable Board in this case, through special act of Legislature is clothed with final discretion in this matter, in which there is no appeal, and we therefore ask that before final disposition of the contract you ascertain the truth of the above statement, which we are ready at any time to verify.

Respectfully submitted,

THE TRUSTEES OF THE NEW YORK PUBLIC LIBRARY,  
ASTOR, LENOX AND TILDEN FOUNDATIONS,  
OFFICE OF THE EXECUTIVE COMMITTEE,  
ASTOR LIBRARY BUILDING, No. 40 LAFAYETTE PLACE,  
New York, January 11, 1905.

Hon. GEORGE B. McCLELLAN, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—At a meeting of the Board of Trustees of the New York Public Library, Astor, Lenox and Tilden Foundations, held on Wednesday, January 11, 1905, the following resolution was adopted:

"Resolved, That the Chairman of the Executive Committee be requested to address a letter to the Board of Estimate and Apportionment, stating in substance that the Trustees of the New York Public Library, Astor, Lenox and Tilden Foundations, after considering the petition of the Hecla Iron Works and the accompanying papers, remain strongly of the opinion that the award of the contract for the library stacks to the Snead & Co. Iron Works ought not to be rescinded, and that the efficiency of the library and the interests of the public using it will suffer serious injury by the adoption of any other course."

In pursuance of these instructions, I desire to submit to the Board of Estimate and Apportionment the following suggestions in relation to the petition of the Hecla Iron Works:

1. The competence of the Hecla Iron Works and of their predecessors, Messrs. Poulson & Eger, in their particular line of business, has never been disputed by the representatives of the New York Public Library. On the contrary, they have a very well deserved and high reputation, although they were not the only well known and excellent concern who competed in the bidding. The firm of J. B. & J. M. Cornell are also well known.

2. As was stated to the Board of Estimate and Apportionment at the former hearing and as now abundantly appears from the petition of the Hecla Iron Works, they have no recent or large experience in the particular kind of work which will be involved in the contract for library stacks. The two cases to which they particularly refer—the Libraries of the Department of State and of Columbia College—happen to be familiar to members of this Committee. Neither of these libraries was large or modern. The Library of the Department of State was constructed about twenty years ago and the Library of Columbia College about fifteen years ago. The work then done would not be at all acceptable at the present time, as the science of library construction has very much advanced. Neither the United States Government nor the Trustees of Columbia College, in building the large new libraries recently constructed by them, have employed the Hecla Iron Works.

3. It is understood that there are only two concerns in the United States which made a specialty of library stacks and other library appliances. They are the Snead & Co. Iron Works and the American Library Bureau, both of which were competitors for the contract now under consideration, the Snead Company being the lower of the two.

4. The samples of shelving submitted by the Snead Company were decidedly superior to those of any other competitor in the judgment of the members of the Board of Trustees of the Library who examined the samples, and also in the independent judgment of the library officials and of the architects.

5. The construction of the library was authorized by the Board of Estimate and Apportionment in the month of December, 1897. The work of removing the reservoir, which formerly stood upon the ground, was begun in the month of May, 1899. The contract with Messrs. Norcross Brothers for constructing the building was awarded in the month of August, 1901.

During the term of nearly six years since the City definitely determined to erect the building, now in course of construction, the demands upon the Public Library have grown to such an extent that its available space has become entirely insufficient. At times it is impossible to find seats for those of the public who desire to read. It would be a serious injury to the public interests with which the Library Trustees have to deal, if by any action of the Board of Estimate and Apportionment the question of the library stacks work should be reopened and further controversies arise in respect to it.

Respectfully yours,  
(Signed) JOHN L. CADWALADER,  
Chairman, Executive Committee.

The following resolution was offered:

Resolved, That the papers in the matter of a contract for the construction of stack work for the New York Public Library be transmitted to the Corporation Counsel, with the request that he advise us whether or not the Board has any legal power to reconsider the award on any ground of misrepresentation or of misapprehension of the facts, or of any illegality in the specifications as to patented articles or otherwise, or of any allegations that the Snead Company sent warning letters against infringements of patents to other bidders, in view of the fact that the contract has been executed and sureties approved, and that the transaction has been completed, except the certificate of the Comptroller as to the appropriation.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

The Secretary presented the following communication from the Board of Trustees of the College of The City of New York, requesting an additional appropriation of \$2,058,931.39 Corporate Stock to provide means for the completion of the new buildings of the College, for the furnishing of said buildings, the grading, putting in order and properly planting the grounds:

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The Board of Trustees of the College of The City of New York respectfully requests the appropriation of \$2,058,931.39 for the completion of the new buildings of the college upon the site between One Hundred and Thirty-eighth and One Hundred and Fortieth streets, Amsterdam avenue and St. Nicholas terrace, for the furniture of the buildings, for grading and putting in order the grounds and properly planting them, and for the expenses of removal of the college from its present site.

When the college was last before your Honorable Board it was estimated that the total cost of the buildings was to be \$3,150,000, but this estimate did not include furniture or work upon the grounds. At that time no details for furniture or such work had been prepared. There were also omitted items (like the additional story to the Chemical Building, since approved by your Board, or the treatment of the drainage of underground water courses, discovered during the work), the necessity or propriety of which has been developed or more clearly recognized as the work has proceeded, and the total estimated cost of which is \$366,587.57. At the time we were thus here with the \$3,150,000 estimate your Board had made an appropriation of \$600,000 which enabled the college to make the contracts for excavations and foundations and for the terra cotta work, the manufacture of which would require very considerable time; and the college asked from you the remaining \$2,500,000. We were then allowed \$2,000,000 to proceed with construction, and that amount was sufficient for the contracts which then needed to be made. The remaining \$500,000 which we asked for the construction of buildings was not granted us, the same not being then immediately needed. We append a memorandum of the contracts for construction thus far awarded and duly executed with the approval of the Comptroller's office, the amount being \$2,312,765.04, to which, if the Architect's commissions, \$115,638.25, be added, the total is \$2,428,403.29, leaving as yet unused \$171,596.71 of the \$2,600,000 appropriation. Our present requirement of \$1,558,931.39 over and above the \$500,000 not granted of our last requirement, not being then immediately needed, is explained as follows:

Equipment, furniture and supplies (including Architect's commissions) which were excluded from former estimate.....	\$503,198 90
Work upon the grounds, also excluded from former estimate, including walls, steps, railings, lamp-posts, borders, gutters, filling, grading, tree and shrub planting and the like (including Architect's commissions).....	224,387 15
Additional items not included in former estimate and the necessity for which has been developed as the work has proceeded, including staircase inclosures ordered by the Department of Buildings, to cost \$66,018; waterproofing cellars on account of subsurface drainage, \$10,045.60; fireproof kalomine doors for staircase inclosures, \$14,560; enlargement of the Chemical Building, already approved by your Honorable Board, \$30,000; sweeping system, \$14,600; and other items as set forth by the architect (including his commission).....	366,581 57
For expenses of removal and incidental expenses attending the opening of the buildings.....	25,000 00
	<u>\$1,119,167 62</u>

Deducting this from the excess above stated of \$1,558,931.39, there remains an excess over our estimate of \$439,763.77. This excess represents the additional cost by reason of the increase of labor wages and other items over the rates prevailing at the time the former estimate was made. As illustrating this increase of cost the architect advises us that the contractor for the excavations and foundations lost upwards of \$50,000 upon his contract.

Two, if not three, of the buildings—that is to say, the building for the academic or preparatory department (heretofore called the "subfreshman building"), the gymnasium and the Mechanical Arts Building—are likely to be ready for occupation by the opening of the new college term in September next. The remainder can, it is now estimated, be ready for occupation by the opening of the midwinter term in February, 1906. Any delay in awarding the contracts which now need to be made will seriously, and, probably for as much as a year, postpone the occupation of the buildings. This will inflict great hardship upon the college, the quarters of which are already strained to an inconvenient and almost impracticable extent. It will necessitate continued expenditure for rentals, and it will deprive the City of an earlier receipt of the proceeds of sale of the present site of the college. That site, it is now estimated, is worth \$750,000.

The number of students at the college, including the preparatory or academic department, at the opening of the term last September was 2,807. The number will, beyond a doubt, be materially greater September next. The necessity for the new building is therefore most peremptory.

In devising the buildings of the college and in providing its site, the policy of the City has been to look to the future and to the inevitably very great growth of the college. The number of students thirty years ago, in the year 1874, was 974. The time is not far distant when the total number of students will be 5,000. The present buildings have been devised so as to provide ample space for 5,247 students (excluding the capacity of the Great Hall and of the Assembly Hall in the preparatory department building); or, by expanding the use of the room to their largest capacity by enlarging the sections of 30 pupils each, but still without using the Great Hall or Assembly Hall, we shall have provision for 6,372. The City will have a far better result and we believe, in the long run, as economical a result, by the moderately ample provision it has made.

We, of course, regret that the total expense of the buildings is to exceed the earlier estimate. But we are in the situation of all others who have lately had to do with building, that the great increase in cost could not have been foreseen. The cost per cubic unit of the building, as shown by our architect, does not, if we except a somewhat additional scale of cost for the Great Hall, exceed the rate of the more important high schools.

Our intention with respect to the Great Hall was presented to your Board when the first appropriation of \$600,000 was authorized; and the Board then agreed to the view that this principal auditorium of the college should be made of large capacity with some elements of architectural grandeur fit to what would be the most important audience chamber belonging to The City of New York, and one which would be available to the City for important occasions as well as for the regular use of the college.

We are informed by Mr. Post, our architect, that the cost of the new Hall of Records, as shown by the contracts made up to the present time, which do not include a cost of as much as \$300,000 for interior partitions or the cost of fixed furniture or of the grading and arrangement of the grounds such as are necessary to the college,

amounts to \$3,900,000. That building contains 4,560,000 cubic feet. The buildings of the college are twice as large, containing 10,000,000 cubic feet. But omitting (as does the \$3,900,000 for the Hall of Records, the items for furniture and grounds, the complete cost will be only \$3,991,345.34, or about the same as the Hall of Records, which is one-half as large. Your Board is now providing buildings for the free college of Greater New York with its population of nearly 4,000,000, while the present college building erected fifty years ago was a provision for a City including only the present Borough of Manhattan, with a population of less than 500,000.

We venture to add that the college is the more entitled to reasonably liberal treatment because of the credit it deserves for exceptional and even remarkable economy (if not sometime parsimony) in administration. The rate of compensation of the teaching force of the college has not been increased within the last thirty years. In 1874 the salary of a professor was \$4,750; and to-day it is the same. The salaries of tutors at that time varied from \$1,800 to \$2,500; now they vary from \$1,000 (or if the Fellows be included, from \$500) to \$2,300. Thirty years ago we had thirteen professors at \$4,750. To-day we have only twelve at the full professor's salary. Others who do professor's work and have professorial rank receive but \$3,200. While the number of students has increased about three-fold, the total amount of the salaries for the teaching force has been doubled, and the total annual expense has less than doubled. It was \$162,171.45 in 1874, while the appropriation for the coming year is only \$313,862. We believe that in every other department of the Government of this City the rate of increase in expense during the last thirty years has been far greater than the rate of increase in the volume of business; and especially in the school system has there been a very great increase.

In view of the really peremptory need of the college and of its large and increasing student body and in order that the college may lose no time in availing itself of the past liberality of your Honorable Body, we respectfully submit that we ought to be permitted to at once make all of the remaining necessary contracts, and that to this end the appropriation of \$2,058,931.39 should now be made.

It is proper for us to add that these figures represent a minute and thorough study of the estimates and of all details, not only by the architect and his subordinates, but by the President of the college and Professor Sickels, the representative of the faculty, by the subcommittee of our Board, consisting of Messrs. James Byrne, M. Warley Platzek and Henry W. Taft. It is also proper to add that the entire Board of Trustees of the college has given the matter careful and we may with propriety add conscientious attention, with every desire to economize still further than we have.

Very respectfully yours,

EDWARD M. SHEPARD,

Chairman of the Board of Trustees of the College of The City of New York.  
CHAS. PUTZEL, Secretary.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 168 of the Laws of 1895, as amended by chapter 608 of the Laws of 1896 and chapter 433 of the Laws of 1897, and sections 169 and 170 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of an additional appropriation of two million fifty-eight thousand nine hundred and thirty-one dollars and thirty-nine cents (\$2,058,931.39), and hereby authorizes the issue of Corporate Stock to the amount of two million fifty-eight thousand nine hundred and thirty-one dollars and thirty-nine cents (\$2,058,931.39) to provide means for the completion of the new buildings of the College of The City of New York, in the Borough of Manhattan, the furnishing of said buildings, the grading, putting in order and properly planting the grounds, and for the removal of the college from its present site, and the Comptroller is hereby authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two million fifty-eight thousand nine hundred and thirty-one dollars and thirty-nine cents (\$2,058,931.39), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

The Secretary presented the following communication, relative to an issue of \$15,000 Corporate Stock for the improvement of parks, parkways and drives in the Borough of The Bronx:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 9, 1905.

To the Board of Estimate and Apportionment:

GENTLEMEN—On August 4 of last year the Department of Parks of the Borough of The Bronx requested an appropriation of \$15,000 to carry out the terms of a judgment of the Supreme Court in connection with the dredging of Cromwell's creek, it being necessary to expend that amount to protect the crib-bulkhead before the said creek could be dredged. At that time no action was taken by the Board of Estimate and Apportionment for the reason that there was a balance of \$250,000 in the bond account of the Department of Parks. The Commissioner did not, however, take any action toward having the work done. Since then the party who obtained the judgment from the Supreme Court is insisting that the work be immediately undertaken. There is not now sufficient balance in the account of the Park Department to permit it to let a contract. I therefore submit a resolution authorizing the issue of \$15,000 Corporate Stock for the improvement of parks, parkways and drives in the Borough of The Bronx.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,  
OFFICE OF COMMISSIONER FOR THE BOROUGH OF THE BRONX,  
ZBROWSKI MANSON, CLAREMONT PARK,  
NEW YORK, August 4, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman Board of Estimate and Apportionment, New York City:

SIR—I herewith transmit communication of Hon. John J. Delany, Corporation Counsel, together with the order of Hon. Samuel Greenbaum, Justice of the Supreme

Court, in the matter of dredging Cromwell's creek, and the necessary steps to protect the crib-bulkhead forming the boundary of Macomb's Dam Park facing said creek.

The judgment of the Court directs this Department to protect the creek, "that mud, dirt or stones may not enter said creek."

To carry out the terms of said order, and the instruction conveyed in the communication of the Corporation Counsel, I respectfully request an emergency appropriation by the Board of Estimate and Apportionment of fifteen thousand dollars (\$15,000) to thoroughly protect the channel of Cromwell's creek in accordance with the terms of said opinion and order.

Respectfully yours,  
WILLIAM P. SCHMITT,  
Commissioner of Parks, Borough of The Bronx.

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, July 14, 1904.

Hon. WILLIAM P. SCHMITT, Commissioner of Parks, Borough of The Bronx:

SIR—I herewith transmit copy of the judgment entered in the action of Clifford L. Miller against The City of New York, directing the City to dredge Cromwell's creek from One Hundred and Sixty-first street to the Harlem river to a depth of at least 11 feet and to so protect the northerly side thereof that mud, dirt or stones may not enter said creek.

The action was tried before Justice Greenbaum and the evidence submitted, in my judgment, sustains the findings of fact made by the Judge and the judgment entered thereon.

No appeal will be taken by this office.

The bed of the creek between the channel lines is under the jurisdiction of the Department of Docks and Ferries and the crib-bulkhead forming the boundary of the park is under the jurisdiction of the Commissioner of Parks for the Borough of The Bronx.

I have transmitted a copy of the judgment to the Commissioner of Docks with the request that the bed of the creek be dredged.

The steps necessary to protect the crib-bulkhead in question, as provided in said judgment, should be taken by you.

Respectfully yours,  
(Signed) JOHN J. DELANY, Corporation Counsel.

At a Special Term, Part VI. of the Supreme Court of the State of New York, held at the Court-house in the County of New York, on the 29th day of June, 1904.

Present—Hon. Samuel Greenbaum, Justice.  
Clifford L. Miller,  
Plaintiff.

vs.

The City of New York,  
Defendant.

This cause being on the general calendar of this Court and reached in its order, and tried, resulting in a judgment in favor of the plaintiff and against the defendant, as appears by the findings of fact and conclusions of law, of even date herewith, wherein it appears to the Court that the plaintiff, lessee of premises on the south side of Cromwell creek, in The City of New York, was accustomed to use the said Cromwell creek by means of vessels drawing from eleven to twelve feet of water, in bringing merchandise to his said premises; and that the defendant has carelessly and illegally closed the said creek by filling in the same with mud and dirt and stones, so as to seriously impair the rights of the plaintiff to the great injury and threatened destruction of his business, and as by reference to said findings of fact and conclusions of law will more fully and at large appear, and it appearing to the Court that the plaintiff is entitled to relief by way of compelling The City of New York to remove the obstructions and restore the said creek to the condition in which it was before the commission of such illegal acts and to damages therefor.

Now, on motion of Millier, Miller & Storm, attorneys for the plaintiff, it is

Ordered and Adjudged, That the plaintiff, as lessee of premises on the southerly side of Cromwell creek, near One Hundred and Sixty-first street, is entitled to have the said creek opened and unobstructed, as it was accustomed to be before the unlawful acts of the defendant were committed, and the defendant, The City of New York, is hereby directed forthwith to open said creek, from One Hundred and Sixty-first street to the Harlem river, and remove all obstructions therefrom to a depth of at least eleven feet so as to render the same navigable for boats drawing at least eleven feet of water going to and from One Hundred and Sixty-first street to the Harlem river, and of sufficient width to allow vessels drawing eleven feet of water to pass each other in said creek, and to protect the northerly side of said creek that mud and dirt or stones from the park may not enter into said creek, or fill up the same; And it is further

Ordered and Adjudged, That the plaintiff recover of the defendant the damages which he has suffered or may suffer hereafter from the acts of the defendant in closing or partly closing the said creek, or rendering it unnavigable for vessels drawing at least eleven feet of water, and that application may be made, from time to time, as occasion may require, at the foot of this judgment for an order of reference or for an assessment by a jury to ascertain the damages which the plaintiff has suffered or may hereafter suffer, or both, by reason of the filling in and obstructing the said creek as aforesaid; and it is further

Ordered and Adjudged, That the plaintiff recover of the defendant the costs of the action and a reasonable allowance to be determined in the final judgment.

Dated June 29, 1904.

SAMUEL GREENBAUM, Justice of the Supreme Court.

MUNICIPAL CIVIL SERVICE COMMISSION,  
NEW YORK, November 9, 1904.

Hon. GEO. B. McCLELLAN, Mayor of The City of New York:

SIR—Following my recent conversation with you with reference to the work of the Civil Service Commission, I beg to submit the following facts for your consideration:

Upon assuming the office of President of this Board with a Commission of three members, including myself, I found the work much more arduous than I had expected and such as required practically the constant attendance of at least a quorum of the Board. In order that the work shall progress as promptly as possible under the law, it is necessary that a quorum of the Board shall meet daily in order that the important business of the various departments may receive immediate attention. Delayed action by this Commission is detrimental to the proper conduct of the various City departments and costly to the tax taxpayers. Difficulty in the past has apparently arisen from failure to obtain a quorum of the Commissioners, so that upon coming into office we found that some matters had been delayed as long as four months awaiting action that should have been immediate.

The President of the Board, not being vested by law with any greater powers than the other members of the Commission, cannot individually accomplish very much, if anything, without the concerted action of the other Commissioners. To expect a daily attendance of the other Commissioners without compensation is hardly reasonable, yet the law places upon them equal responsibility and an equal share of the labors, as the President alone cannot act without a quorum of the Board.

The Civil Service Reform Association, during the term of Mayor Low, recommended that the Commission, then consisting of six members, be reduced to three, and that the salary of each be the same. The Association to-day, I am informed by its Secretary, is of the same opinion, and in conference with those interested in the development and conduct of the Civil Service in this City the unanimous expression of opinion has been in favor of this suggestion.

Outside of the daily work of the Commission there is much to be accomplished for the merit system, which, according to our present plans and the adoption of valuable suggestions made by those interested in civil service reform, will require a great deal of time and attention for development. I have therefore the honor to suggest that the other Commissioners be given the same compensation as myself.

Respectfully,

(Signed) BIRD S. COLER, President.

The Secretary presented the following communication from the Commissioner of Docks and Ferries requesting an appropriation of \$3,000,000 by the issue of Corporate Stock to meet various obligations of his Department:

On February 16, 1904, I made a requisition for the issuance of bonds to the amount of \$13,350,000, and on February 29 the Commissioners of the Sinking Fund recommended to the Board of Estimate and Apportionment in accordance with the provisions of section 180 of the Charter, that the said amount of bonds be issued for the uses and purposes of this Department.

The Board of Estimate and Apportionment, however, has thus far authorized the issue of \$5,000,000 only of the bonds, which sum, as will be seen from the above statement, is totally inadequate to meet the requirements of this Department for the present year, and that in fact there is a deficit of \$2,250,000, and I respectfully request that additional bonds for \$3,000,000 be authorized by your Honorable Board and by the Board of Aldermen.

Yours respectfully,  
MAURICE FEATHERSON, Commissioner.

The following resolution was offered:

Resolved, That, pursuant to the provisions of sections 47 and 180 of the Greater New York Charter, and the recommendation of the Commissioners of the Sinking Fund, by resolution adopted February 29, 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding three million dollars (\$3,000,000), to provide means for the uses and purposes of the Department of Docks and Ferries, and that when authority shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner prescribed by section 169 of the Charter, to the amount of three million dollars (\$3,000,000), the proceeds whereof shall be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

The Secretary presented the following report of the Engineer of the Department of Finance and request of the Fire Department for an additional appropriation of \$100,000 to provide means to place electrical conductors underground in various streets and avenues in the Borough of Brooklyn:

Kent avenue, between Hewes and Grand streets.  
Court street, between Atlantic avenue and Fulton street.  
Vanderbilt avenue, between Flushing avenue and the Park Plaza.  
Seventh avenue, between Flatbush avenue and Fifteenth street.

JULY 1, 1905.

In connection with this subject, I inclose copy of communication from the Deputy Fire Commissioner, Boroughs of Brooklyn and Queens, dated December 7, 1904, heretofore referred to, and of the report of the Chief Operator in charge of the Fire Alarm Telegraph Branch in said boroughs, referred to therein, bearing date November 26, 1904, which latter gives the details of the proposed expenditure.

In view of the urgency of the case, it is requested that the matter herein submitted receive prompt attention.

Yours respectfully,  
THOMAS W. CHURCHILL,  
Deputy and Acting Fire Commissioner.

FIRE DEPARTMENT—CITY OF NEW YORK,  
BOROUGH OF BROOKLYN AND QUEENS,  
OFFICE OF DEPUTY COMMISSIONER, Nos. 365 AND 357 JAY STREET,  
BROOKLYN, December 7, 1904.

Hon. NICHOLAS J. HAYES, Fire Commissioner:

SIR—I inclose herewith communication from Hon. Thomas R. Farrell, Deputy Commissioner, Department of Water Supply, Gas and Electricity, Borough of Brooklyn, calling attention to a resolution, adopted July 22, 1904, by the Board of Estimate and Apportionment, directing this Department to place electrical conductors underground on certain streets, and giving the dates when the work shall be completed. I have had Chief Operator James T. Wafer estimate the probable cost of this work, and his report is also inclosed herewith. Mr. Wafer's estimate calls for an expenditure of about \$100,000, and I would recommend that the Board of Estimate and Apportionment be requested to appropriate that amount to carry out the work.

Respectfully,  
(Signed) WILLIAM A. DOYLE,  
Deputy Fire Commissioner, Boroughs of Brooklyn and Queens.

FIRE DEPARTMENT—CITY OF NEW YORK,  
BOROUGH OF BROOKLYN AND QUEENS,  
OFFICE OF SUPERINTENDENT OF TELEGRAPH, Nos. 365 AND 367 JAY STREET,  
BROOKLYN, November 26, 1904.

Hon. WILLIAM A. DOYLE, Deputy Fire Commissioner:

SIR—In reference to communication from Deputy Commissioner, Department of Water Supply, Gas and Electricity, Borough of Brooklyn, I beg to say:

To place fire wires underground in streets mentioned will cost approximately \$73,000.

On Fifth avenue, between Flatbush avenue and Fifteenth street.

On Adams street, between Myrtle avenue and Sands street. The Department wires are on the elevated railroad structure.

On Court street, between Fulton street and Atlantic avenue.

The work is provided for by bond issue and named in the specifications submitted to you.

On Ninth street, between Fifth avenue and Prospect Park, West. No Department wires.

Jay street, between Myrtle avenue and East river.

Kent avenue, between Hewes and Grand streets.

Willoughby street, between Adams and St. Edwards streets.

Vanderbilt avenue, between Flushing avenue and Park Plaza.

Franklin avenue, between Wallabout street and Flushing avenue.

Seventh avenue, between Flatbush avenue and Fifteenth street.

Bergen street, between Nostrand avenue and Boerum place.

A subway will have to be built to accommodate our fire wires.

On Bedford avenue, between Broadway and Myrtle avenue.

Vanderbilt avenue, between Flushing avenue and Park Plaza.

Bergen street, between Nostrand avenue and Boerum place. There is a telegraph subway that the Department can enter. The Board of Estimate and Apportionment should provide funds by bond issue for amount named above, or say, \$100,000, which would provide for additional underground service.

I hereby recommend an appropriation for the above amount.

Very respectfully,  
(Signed) JAMES T. WAFER,  
Chief Operator, Boroughs of Brooklyn and Queens.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 9, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—Hon. Thomas W. Churchill, Deputy and Acting Fire Commissioner, in communication under date of December 16, 1904, requests the Board of Estimate and Apportionment, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to authorize the issue of Corporate Stock to an amount not to exceed \$100,000, for the purpose of placing electrical conductors underground in various streets and avenues in the Borough of Brooklyn.

I would report that practically none of the Fire Department electrical conductors are placed underground. I am informed that there are only two short lines, one in Jay street, from Myrtle avenue to Fulton street, and one in Eighth avenue, between Lincoln place and Flatbush avenue.

At meeting of the Board of Estimate and Apportionment, held January 29, 1903, a bonds issue of \$40,000 was authorized for the purpose of placing wires and conduits of the fire alarm system underground in the Borough of Brooklyn. None of this appropriation, I am informed by the Fire Department, has been used, but plans and specifications are being prepared for placing the wires in telephone ducts, and to lay ducts and place wires in same, where telephone ducts do not exist, to extend as far as the \$40,000 will allow. This will only permit of the wires being put underground in a very small area in the immediate vicinity of the Fire Department Headquarters in Jay street. As to the additional \$100,000 requested for the placing of electrical conductors underground in the Borough of Brooklyn, the work I consider necessary, and this additional amount can easily be expended this year.

Therefore, if the financial condition of the City will warrant the expenditure, I think the Board of Estimate and Apportionment may properly authorize the Comptroller to issue Corporate Stock, pursuant to section 47 of the Amended Charter of Greater New York, as amended by chapter 409 of the Laws of 1904, to an amount of \$100,000, for the purpose of placing electrical conductors underground in various streets and avenues in the Borough of Brooklyn.

Respectfully,  
EUG. E. McLEAN, Engineer.

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred thousand dollars (\$100,000), to provide additional means for the purpose of placing electrical conductors underground in various streets and avenues in the Borough of Brooklyn, under the jurisdiction of the Fire Department, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to the purposes aforesaid.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx and the President of the Borough of Queens—15.

The Secretary presented a communication from the owner of property on Fifty-seventh street, 100 feet east of Sixth avenue, Borough of Brooklyn, requesting an opportunity to be heard in opposition to the acquisition of property on Fifty-sixth and Fifty-seventh streets for school purposes.

Referred to the Comptroller.

The Secretary presented preambles and resolutions from the Queens County Democratic Committee, recommending that action be taken for the acquisition by the City of suitable water, gas and electric plants, either by condemnation or the construction of new ones, which were ordered on file, and the Secretary directed by the Board to request the President of the Borough of Queens to present a report on this subject, setting forth the conditions that prevail in the Borough of Queens.

The Secretary presented a communication from the Surrogate of Kings County, requesting an additional appropriation of \$7,500 for moving and sorting various records in the Hall of Records, Borough of Brooklyn.

Ordered on file.

The Secretary presented the following communication from the Rapid Transit Commission, requesting an appropriation of \$535,000 for the purpose of defraying the expenses contained in a requisition of said Commission, under date of September 29, 1904:

To the Board of Estimate and Apportionment:

Requisition is hereby made upon you, pursuant to the provisions of section 10, chapter 4, of the Laws of 1891, entitled "An Act to provide for rapid transit in cities of over one million inhabitants," as amended by section 7, chapter 752, of the Laws of 1894, by the Board of Rapid Transit Railroad Commissioners, organized under the

aforsaid act as amended, for the sum of five hundred and thirty-five thousand dollars (\$535,000), which is requisite and necessary to enable the said Board properly to do and perform or to cause to be done and performed, the duties prescribed by the said statute as amended.

Appended hereto is a statement marked "Schedule A," and authenticated by the signatures of the President and Secretary of the said Board, showing the purposes to which it is intended to place the appropriation for which requisition is now made.

This requisition is made pursuant to a resolution adopted by the Board of Rapid Transit Railroad Commissioners by the concurrent vote of four members thereof, at a regular meeting held on Thursday, December 29, 1904.

In witness whereof the Board of Rapid Transit Railroad Commissioners have caused this requisition to be subscribed by its President and Secretary and its official seal to be affixed this 29th day of December, 1904.

[SEAL.]

Whereas, The needs of the children attending the public schools in The City of New York, and patients suffering from tuberculosis, scarlet fever, diphtheria and measles, as well as persons sent to the Trachoma Hospital of the Department of Health, demand the continuance of the work performed by the Nurses in the employ of the Department of Health during the year 1904; and

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, recommending that a resolution adopted November 18, 1904, authorizing the condemnation of property on Madison and Jackson streets, adjoining Public School 12, Manhattan, be amended:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 6, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment, held November 18, 1904, a resolution was adopted approving the action of the Board of Education in the matter of the selection of certain lands and premises located in the Borough of Manhattan, on the northwesterly corner of Madison and Jackson streets, adjoining Public School 12, and authorized the institution of condemnation proceedings for the acquisition thereof.

A survey of the property shows that the description, as selected by the Board of Education and approved by the Board of Estimate and Apportionment, is incorrect, and the Corporation Counsel states that it will be necessary to have the same corrected before condemnation proceedings can be instituted.

The Board of Education, at a meeting held December 28, 1904, adopted a resolution requesting an amendment to the resolution adopted by the Board of Estimate and Apportionment on November 18, 1904, by inserting a description in accordance with the new survey. I would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution amending the resolution adopted at its meeting held on November 18, 1904, so that when amended it shall read as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following-described lands and premises for school purposes in the Borough of Manhattan:

Beginning at a point formed by the intersection of the northerly line of Madison street with the westerly line of Jackson street, and running thence northerly along the westerly line of Jackson street one hundred and three (103) feet one (1) inch; thence westerly at right angles to Jackson street one hundred (100) feet; thence southerly and parallel with Jackson street fourteen (14) feet ten and one-half (10½) inches; thence westerly and parallel with Madison street fifty (50) feet three and one-quarter (3¼) inches; thence southerly along the easterly line of the lands of Public School 12 ninety-four (94) feet to the northerly line of Madison street; thence easterly along the northerly line of Madison street one hundred and fifty (150) feet four (4) inches to the westerly line of Jackson street, the point or place of beginning.

Assessed valuation of the above-described lands and premises, as shown by the books of record on file in the Department of Taxes and Assessments, is \$97,000.—and the Corporation Counsel be and he hereby is authorized to institute condemnation proceedings for the acquisition of all of the parcels of land within the area of the above-described premises.

Nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

To the Board of Education:

The Committee on Sites respectfully reports that on October 28, 1904, the Board of Education selected as a site for school purposes certain lands and premises on Madison and Jackson streets, adjoining Public School 12, Borough of Manhattan, and the Board of Estimate and Apportionment on November 18, 1904, approved of the selection of said site and authorized the Corporation Counsel to institute condemnation proceedings for the acquisition of title thereto by The City of New York. A survey of said lands and premises shows that the description thereof as selected by the Board of Education and approved by the Board of Estimate and Apportionment is incorrect, and your Committee is advised by the Law Department that it will be necessary to have the same corrected before the condemnation proceedings can be instituted.

The following resolutions are submitted for adoption:

Resolved, That the report and resolutions adopted by the Board of Education on October 28, 1903 (see Journal, page 2953), selecting and determining as a site for school purposes certain lands and premises on Madison and Jackson streets, adjoining Public School 12, Borough of Manhattan, be and the same hereby is amended so as to make the description of said lands and premises, contained in the first resolution, read as follows:

Beginning at a point formed by the intersection of the northerly line of Madison street with the westerly line of Jackson street, and running thence northerly along the westerly line of Jackson street one hundred and three (103) feet one (1) inch; thence westerly at right angles to Jackson street one hundred (100) feet; thence southerly and parallel with Jackson street fourteen (14) feet ten and one-half (10½) inches; thence westerly and parallel with Madison street fifty (50) feet three and one-quarter (3¼) inches; thence southerly along the easterly line of the lands of Public School 12 ninety-four (94) feet to the northerly line of Madison street; thence easterly along the northerly line of Madison street one hundred and fifty (150) feet four (4) inches to the westerly line of Jackson street, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to amend the preamble and resolution adopted November 18, 1904, approving said site and authorizing the Corporation Counsel to institute a condemnation proceeding for the acquisition of title thereto, in accordance with the foregoing resolution.

The Secretary presented a report of the Appraiser of Real Estate, relative to the acquisition of an additional site for Public School 35, on Prospect and Vera avenues, Borough of Queens.

Laid over until next meeting.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, recommending that resolution adopted May 13, 1904, authorizing the purchase of property on Sherman street, adjoining Public School 54, Borough of Queens, be rescinded, and another resolution adopted authorizing the purchase of another piece of property on the same block:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 5, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Education at a meeting held November 25, 1903, selected as a site for school purposes a plot of ground 125 by 100 feet on Sherman street, adjoining Public School 54, at Richmond Hill, Borough of Queens.

The present Public School 54 fronts about 93 feet on Sherman street and 100 feet on Hillside avenue, and is occupied by a two-story and basement frame school building, 51 by 49 feet, the rear line of which is 70 feet from the Hillside avenue front. This would leave 23 feet unoccupied in the rear of the old building.

The Board of Estimate and Apportionment at a meeting held May 13, 1904, adopted a resolution approving of the selection of the site 125 by 100 feet on Sherman street and authorized the purchase thereof at a price not exceeding \$1,750. The owner of the property, Mrs. Elizabeth J. Lester, who resides in Wales, Great Britain, is the owner of this property and also the property adjoining the school on the east, size about 100 by 250 feet, the entire plot containing about fifteen lots, and she has refused to sell to The City of New York at private sale the portion authorized to be purchased for \$1,750, but offered to the City the entire piece of property for \$4,000.

The Board of Education has begun the construction of a new two-story and basement building, or wing, measuring 39 feet 6 inches by 60 feet, which is nearly completed. This building extends at least 16 feet upon the property of Mrs. Lester and not presently owned by The City of New York, but is now requested to be purchased.

At a meeting of the Board of Estimate and Apportionment held November 18, 1904, a report was presented by this Department, stating the facts and recommending that the matter of the acquisition of this site be referred back to the Board of Education with the request that they rescind their original resolution and adopt a resolution covering the entire site.

The Board of Education at a meeting held December 28, 1904, adopted a resolution selecting the entire site adjoining Public School 54, Richmond Hill, Borough of Queens. The price asked by the owner, \$4,000, is reasonable and I would respectfully recommend that the Board of Estimate and Apportionment rescind the resolution of May 13, 1904,

authorizing the purchase of a portion of the property, size 100 by 125 feet, and adopt the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby approves of the action of the Board of Education in the matter of the selection of the following described lands and premises for school purposes in the Borough of Queens:

Beginning at a point formed by the intersection of the southerly line of Hillside avenue with the westerly line of Wickes street, and running thence southerly along the westerly line of Wickes street two hundred and fifty-three (253) feet more or less; thence westerly at right angles to Wickes street two hundred (200) feet to the easterly line of Sherman street; thence northerly along the easterly line of Sherman street one hundred and twenty-five (125) feet to the southerly line of the lands of Public School 54; thence easterly along the said southerly line of the lands of Public School 54 one hundred (100) feet; thence northerly along the easterly line of the said lands of Public School 54 to the southerly line of Hillside avenue; thence easterly along the southerly line of Hillside avenue to the westerly line of Wickes street, the point or place of beginning—together with all the right, title and interest of the owner of said premises of, in and to the streets and avenues in front thereof to the centre thereof.—and the Comptroller be and is hereby authorized to enter into contracts for the purchase of said property at a price not exceeding \$4,000, said contracts to be submitted to the Corporation Counsel for his approval as to form.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

#### To the Board of Education:

The Committee on Sites respectfully reports that the Board of Education, on November 25, 1903, selected as a site for school purposes a plot of land, 125 feet by 100 feet, on Sherman street, adjoining Public School 54, at Richmond Hill, Borough of Queens, and the Board of Estimate and Apportionment, on May 13, 1904, approved of the selection of said site and authorized the purchase thereof at a price not to exceed \$1,750. At a meeting of the Board of Estimate and Apportionment, held November 18, 1904, a report was presented from the Appraiser of Real Estate in charge of Bureau, Department of Finance, stating that this site is part of a plot containing about fifteen lots, and that the owner refuses to sell any part thereof, but will sell the entire plot for \$4,000, and recommending that "the matter of the acquisition of this site be referred back to the Board of Education, with the request that they rescind their original resolution and adopt a resolution requesting the acquisition of the entire site." The matter was thereupon referred back to the Board of Education for further consideration.

Your Committee recommends that the entire plot be acquired, and submits for adoption the following resolutions:

Resolved, That the action taken by the Board of Education on November 25, 1903 (see Journal, pages 3205, 3206), in selecting as a site for school purposes certain lands and premises on Sherman street, adjoining Public School 54, Borough of Queens, be and the same is hereby rescinded.

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following-described lands and premises on Hillside avenue, Sherman and Wickes streets, adjoining Public School 54, at Richmond Hill, in Local School Board District No. 44, Borough of Queens, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$3,500:

Beginning at a point formed by the intersection of the southerly line of Hillside avenue with the westerly line of Wickes street, and running thence southerly along the westerly line of Wickes street two hundred and fifty-three (253) feet, more or less; thence westerly at right angles to Wickes street two hundred (200) feet to the easterly line of Sherman street; thence northerly along the easterly line of Sherman street one hundred and twenty-five (125) feet to the southerly line of the lands of Public School 54; thence easterly along the said southerly line of the lands of Public School 54 one hundred (100) feet; thence northerly along the easterly line of the said lands of Public School 54 to the southerly line of Hillside avenue; thence easterly along the southerly line of Hillside avenue to the westerly line of Wickes street, the point or place of beginning.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

The Secretary presented a communication from the Auditor of Accounts, Investigations Division, Department of Finance, reporting upon a communication from the Department of Charities, relative to the establishment of various positions.

Referred to the President of the Board of Aldermen for examination and report.

DECEMBER 15, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In regard to the recommendation made by the Hon. James H. Tully, Commissioner of the Department of Public Charities, to the Board of Estimate and Apportionment, in relation to the establishment or change of compensation for services in certain positions in said Department, and referred to this division for investigation, I beg to report as follows:

From information acquired in part from said Commissioner and in part from Mr. J. McKee Borden, Secretary of said Department, as well as from the civil list, the following particulars have been ascertained regarding the several positions included in the recommendation:

Taken in the order in which they appear in the Commissioner's letter to the Board the changes recommended are as follows:

1. That for the position of Investigator in said Department there shall be established a salary of \$1,800 per annum. There is but one such position, the salary at present being \$1,200 per annum. The Investigator has entire charge of the Municipal Lodging-house, discharging duties formerly shared by a Superintendent and Assistant Superintendent. The house is being enlarged so as to accommodate twice its former number of lodgers. The number accommodated last month was about eight thousand. The Investigator has to be on the lookout for, and to report to the proper authorities any and all suspicious characters among the lodgers, a duty requiring for its proper discharge the exercise of native tact and experienced judgment. He keeps his own books, and has under his direction a force, paid and unpaid, of about fifty persons. The service of the present occupant is said to have been highly meritorious.

2. That there be established for the position of Driver a salary of \$900 per annum. The highest salary for that position is at present \$800, some Drivers receiving maintenance as well. It is desired at present to advance but one person to the new grade proposed by the Commissioner, a Driver not receiving maintenance, and meriting promotion.

3. That there be established a salary of \$600 per annum for the position of Registrar. There is at present no such position in the Department, but the services of one are said to be needed for the proper cataloguing of the somewhat recently adopted card system of keeping track of committed children and other wards of the Department.

4. That a salary of \$1,500 per annum be established for the position of Draughtsman. There is but one Draughtsman in the Department. He not only draws plans, but, also, prepares specifications for and superintends much work that would otherwise require the supervision and involve the expense of an architect. He is said to be a man of special ability in his line and to be well earning the salary proposed. The present salary is \$1,000 per annum. Fifteen hundred dollars does not seem to be an unusual salary for similar positions in the different Departments.

5. That the salary of Superintendent of Almshouse, New York City Farm Colony, in the Borough of Richmond, be established at \$1,500 per annum, the present salary being \$1,200 per annum. It seems, as stated in the Commissioner's letter, that the inmates of the institution are rapidly increasing in number, from recently about one hundred, to about seven hundred before the close of the current year. It is claimed that the Superintendents of somewhat similar institutions in the City are being paid larger salaries than that recommended in this case. The present incumbent has been employed by the City since 1898, and seems to have rendered satisfactory service. Like other resident Superintendents, he receives the maintenance of himself and whatever family he may have in addition to his salary.

6. That there be established a salary of \$600 per annum for the position of Matron. The highest salary at present is \$480, a sum not sufficient, in the opinion of the Commissioner, to insure the retention of competent Matrons for large institutions, in one of which there are said to be some twenty-six hundred inmates to be looked after by the Matron in Charge. He would like to have a salary of \$600 established, making a grade to which persons of experience and merit could be promoted on proper occasions. He desires to make at least two such promotions at the present time.

7. That a salary of \$2,100 be established for the position of Bookkeeper, the only grade at present being \$1,950. There is but one Bookkeeper in the Department. The Commissioner states that the position is a very responsible one, and that the salary recommended would be none too large for the work to be done. The present incumbent was formerly paid \$2,000 per annum and has a good record.

8. That a salary for the position of Clerk be established at \$2,400 per annum, the highest salary at present being \$2,250. The grade which the Commissioner desires to be made would correspond to what was formerly designated as the position of Chief Clerk, the salary for which was \$2,500 per annum.

9. That a salary for the position of Superintendent of Asylums and Schools be established at \$2,700 per annum, the highest salary at present being \$2,400. The Commissioner states that the salary was formerly \$2,500, having been reduced to \$2,400 in 1902. He would like to restore it to the former figures, but finds the next grade to be \$2,700, as asked. He regards the position as a very responsible one, the present incumbent, Mrs. M. C. Dunphy, not only acting as Superintendent, but devising and directing all methods of teaching defective children on Randall's Island. She has been in the Department some thirty years, and attends to duties formerly shared by two Superintendents. She has no family, and her record is said to be most meritorious.

10. That the salary of Secretary to the Department be changed from \$3,500 to \$3,600 per annum. The Commissioner states that the position is one requiring ability, responsibility, industry and close application to multitudinous duties, and that, in his opinion, the salary should be at least what is paid in other departments. The present incumbent began at the salary now received, has been in the position seven years, and has no assistant. It appears from inspection of the Civil List that there are about a dozen similar positions in the different departments, the salaries of which range from \$4,000 to \$5,000 per annum, with three or four only at a salary of \$3,500 or less.

11. That the salary of the Private Secretary be changed from \$2,036 to \$2,500 per annum. The Commissioner states that the position is one of great responsibility, due in part to the charge and custody of large sums of money received from various sources, and he feels that the salary should be as high as that of similar positions in other departments.

12. That the salary of Auditor be changed from \$3,000 to \$3,600 per annum. The Commissioner states that the work of the Auditor has increased very considerably since the consolidation of the work of all boroughs in the one central office. There is but one Auditor. He audits all accounts in the Department, visiting its different institutions in person. His salary remains the same as before the consolidation mentioned and the consequent increase of work and responsibility.

Assuming that there may be at times good reason for increase of compensation, it is but reasonable to presume that of the dozen changes recommended by the Commissioner, a certain number, greater or less, would be found, even after the most searching investigation, to rest on some such reason. Such examination as has been practicable in the time allowed fails to discover any special reason for questioning the soundness of the Commissioner's judgment in regard to any particular change recommended by him.

Leaving out of consideration the \$600 proposed as salary for the new position of Registrar, the total increase of compensation asked for twelve persons, counting two Matrons, is \$3,504. In no instance does the grade of salary suggested seem to exceed the average or prevailing rate for similar positions in the various departments of the

City Government, and this investigation would seem to disclose nothing unreasonable in the recommendation or request of the Commissioner.

Yours respectfully,  
CHARLES S. HERVEY,  
Auditor of Accounts, Investigations Division.

DEPARTMENT OF PUBLIC CHARITIES OF THE CITY OF NEW YORK,  
FOOT OF EAST TWENTY-SIXTH STREET,  
December 19, 1904.

To the Honorable the Board of Estimate and Apportionment, Hon. J. W. STEVENSON,  
Secretary:

DEAR SIR—I would respectfully ask that you take favorable action upon my recommendation of August 29, requesting that certain new grades of salaries be established for the following positions in this Department:

	Per Annum.
1. Investigator .....	\$1,800 00
2. Driver .....	900 00
3. Registrar .....	600 00
4. Draughtsman .....	1,500 00
5. Superintendent of Almshouse .....	1,500 00
6. Matron .....	600 00
7. Bookkeeper .....	2,100 00
8. Clerk .....	2,400 00
9. Superintendent of Asylums and Schools .....	2,700 00

And that the salaries of the following positions be changed as follows:

1. Secretary to Department, \$3,500 to \$3,600 per annum.
2. Private Secretary, \$2,036 to \$2,500 per annum.
3. Auditor, \$3,000 to \$3,600 per annum.

I am especially anxious to have the Board of Aldermen take action upon the matter this year.

Yours respectfully,  
JAMES H. TULLY, Commissioner.

DEPARTMENT OF PUBLIC CHARITIES OF THE CITY OF NEW YORK,  
FOOT OF EAST TWENTY-SIXTH STREET,  
August 29, 1904.

To the Honorable the Board of Estimate and Apportionment, Hon. J. W. STEVENSON,  
Secretary:

DEAR SIR—I beg respectfully to recommend that the following salaries be established in this Department, in addition to the salaries heretofore established:

	Per Annum.
1. Investigator .....	\$1,800 00
2. Driver .....	900 00
3. Registrar .....	600 00
4. Draughtsman .....	1,500 00
5. Superintendent of Almshouse .....	1,500 00
6. Matron .....	600 00
7. Bookkeeper .....	2,100 00
8. Clerk .....	2,400 00
9. Superintendent of Asylums and Schools .....	2,700 00

And that the salaries of the following positions be changed as follows:

1. Secretary to Department, \$3,500 to \$3,600 per annum.
2. Private Secretary, \$2,036 to \$2,500 per annum.
3. Auditor, \$3,000 to \$3,600 per annum.

My reasons for asking for the establishment of the new grades as above indicated, are as follows:

1. Investigator at \$1,800.

The only existing salary for Investigator in this Department at present is \$1,200. There should be an opportunity to promote from a lower to a higher grade for meritorious service.

2. Driver at \$900.

The highest salary at present for this position is \$800. Some of the drivers getting \$800 do not receive maintenance. There should therefore be another grade for those who do not receive maintenance.

3. Registrar at \$600.

This is a new position classified in this Department, although a similar position is in other Departments.

4. Draughtsman at \$1,500.

The only salary now is \$1,000, which is not commensurate with the services rendered as the Draughtsman is practically the Architect as well of the Department and saves the Department Architects' fees on a great deal of work awarded for alteration, additions and repairs to buildings, etc., that was formerly given to outside Architects on which they were paid in fees.

5. Superintendent of Almshouse at \$1,500.

The salary at present paid is only \$1,200 to the Superintendent of the Farm Colony, Borough of Richmond. Heretofore the Farm Colony has been only a small place, having about one hundred inmates. This year, buildings have been added so that before the close of the year there will be about seven hundred inmates, which involves more responsibility and the salary should be more in keeping with the added responsibilities of the head of such a large institution.

6. Matron at \$600.

The highest salary at present for Matron is \$480. This is not sufficiently large to allow us to retain the services of competent Matrons in our large institutions. I therefore ask for the higher grade.

7. Bookkeeper at \$2,100.

The only grade we have established at present is \$1,950. There was formerly a grade of \$2,000 in this Department for Bookkeeper and I wish to restore the incumbent to his former salary of \$2,000, but I find there is no such grade. As the position is a very responsible one, I think \$2,100 is none too large.

8. Clerk at \$2,400.

The position originally paid \$2,500 and the title was Chief Clerk, but was decreased to \$2,250 and title changed to Clerk. I wish to restore the salary to the position, but find there is no \$2,250 grade, so have asked for \$2,400.

9. Superintendent of Asylums and Schools at \$2,700.

This position originally paid \$2,500, but was reduced in 1902 to \$2,400. I wish to restore the salary but find there is no \$2,500 grade. I have therefore asked for \$2,700 as the position is a very responsible one. The incumbent not only acts as Superintendent, but directs and devises all methods of teaching the defective children on Randall's Island.

- Secretary at \$3,600.

The position in this Department is one requiring ability, responsibility, industry and close application to the multitudinous duties devolving upon a Secretary of a Department as large as this. I therefore think the salary should be at least what is paid in some of the other City Departments.

- Private Secretary at \$2,500.

Among his responsibilities is the custody of all the moneys belonging to the Department kept in the Court Fund, money from deceased patients and moneys received from the sale of refuse material. The position is a very responsible one and should at least be as high as similar positions in other Departments.

- Auditor at \$3,600.

The work of the Auditor has increased very considerably since the consolidation of the work of all boroughs in the Central Office. The salary of the position should therefore be increased in proportion to his increased responsibilities and it certainly should not be less than is paid in similar positions in other City Departments.

Yours respectfully,  
JAMES H. TULLY, Commissioner.

The Secretary presented the following communication from the Commissioner of Parks, Boroughs of Manhattan and Richmond, requesting the fixing of the salary of the position of Stenographer and Typewriter in his Department at the rate of \$1,200 per annum:

THE CITY OF NEW YORK—DEPARTMENT OF PARKS,  
ARSENAL, CENTRAL PARK,  
January 5, 1904.

To the Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—Under the action of your Honorable Board, of November 18 last, your Secretary has returned my communication of October 31 last requesting the establishment of the grade of position of Stenographer and Typewriter at the rate of \$1,200 per annum in this Department, the same having been received by your Board too late for consideration in connection with the Budget for 1905.

In this connection, I beg to state that it was not the intention to provide for an additional appointment in this grade, but merely to provide for a slight promotion of a Stenographer and Typewriter, now employed in a lower grade, whose very useful services it is desired to recognize by promotion.

Provision for the small additional sum involved by the establishment of this grade has already been made in the appropriation for the current year, and the object of my request is merely for the creation of the grade, which does not now exist in this office, to meet the requirements of the Charter and the Civil Service rules.

I therefore beg to renew my request for the establishment of this grade, and respectfully ask that the matter may receive your early consideration.

Respectfully,

JNO. J. PALLAS,

Commissioner of Parks, Boroughs of Manhattan and Richmond.

Hon. John J. Pallas, Commissioner of Parks, Boroughs of Manhattan and Richmond, appeared and made oral statement in support of the request.

The following resolution was offered:

OFFICE OF THE DISTRICT ATTORNEY OF THE COUNTY OF RICHMOND, }  
PORT RICHMOND, N. Y., November 15, 1904. }

Board of Estimate and Apportionment, Hon. EDWARD M. GROUT, Comptroller:

DEAR SIR—My term comes to a close on December 31, 1904. A reference to my correspondence with members of the Board of Estimate and Apportionment will show that my request for an appropriation to run the business of this office for this year was in excess of the amount granted. Resultingly there are a number of bills for legitimate and necessary expenditures which will remain unpaid until your Board makes a transfer of the necessary sum to meet their payment or until suit is brought upon them by the claimants.

I therefore suggest that you transfer to the account of this office the sum of \$1,500 for the payment of these bills. This suggestion is made so that the claimants shall not be inconvenienced by a long delay in the payment of legitimate claims and also to save the City the annoyance of a suit and the costs of the actions.

Respectfully,

EDWARD SIDNEY RAWSON, District Attorney.

OFFICE OF THE DISTRICT ATTORNEY OF THE COUNTY OF RICHMOND, }  
PORT RICHMOND, N. Y., December 30, 1904. }

Hon. EDWARD M. GROUT, Comptroller, New York City:

DEAR SIR—On or about the 15th of November, 1904, I filed a claim in your office for \$73.17, for disbursements made by me as District Attorney of Richmond County. I am informed that the fund "Witness Fees and Contingencies" has been exhausted; and this is to request of you the transfer of an amount sufficient to pay this claim. I notified the Board of Estimate and Apportionment about six weeks ago that the expenditures of this office would exceed the balance of the funds appropriated for this office, requesting a transfer to meet the deficiency. This will be the third appeal for an appropriation to meet these claims. The City will save the cost of suits on all of these claims by promptly making the transfer I suggest.

Yours respectfully,

EDWARD SIDNEY RAWSON, District Attorney.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, recommending that condemnation proceedings be authorized for the acquisition of property located on Putnam and Sumner avenues, Borough of Brooklyn, as an additional site for the Thirteenth Regiment Armory:

CITY OF NEW YORK—DEPARTMENT OF FINANCE, }  
COMPTROLLER'S OFFICE, }  
November 28, 1904. }

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Armory Board, held on September 29, 1904, the following preamble and resolution were adopted:

"Whereas, The commanding officer of the Thirteenth Regiment, H. A., N. G. N. Y., has made requisition for an enlargement to the armory of his organization; be it

"Resolved, That the report of the Committee on Armories for Brooklyn and Queens, on the selection of a site in the Borough of Brooklyn, for the enlargement of the armory of the Thirteenth Regiment, H. A., N. G. N. Y., be received and adopted; that the site selected and referred to in said report extending through from Jefferson to Putnam avenues, and extending eastward from the present armory about 108 feet on Jefferson avenue and about 100 feet on Putnam avenue, be accepted; that this Board does hereby select said site for an addition to the Thirteenth Regiment Armory, and that the Secretary be directed, under the provisions of section 212 of the Laws of 1898 and the amendments thereto, to make requisition on the President of the Borough for a survey map or plan of said site; and that the Secretary be also directed to transmit this resolution to the Commissioners of the Sinking Fund for their concurrence."

The present Thirteenth Regiment Armory, located in the Borough of Brooklyn on Sumner avenue, extending from Jefferson avenue to Putnam avenue, occupies the entire space 200 feet on Sumner avenue by 480 feet on Jefferson and Putnam avenues, and the proposition of the Armory Board is now to acquire 108 feet on Jefferson avenue and 100 feet on Putnam avenue additional, extending through from street to street, so that when acquired, the armory site will occupy approximately 200 by 585 feet. The necessity for the additional space, I am informed by the Colonel commanding the Regiment, is for the purpose of installing proper guns and mountings for the use of the Regiment.

The Thirteenth Regiment is the only artillery regiment of the National Guard in the State of New York, and not only that, it is the largest in point of numerical strength of any regiment in this State, and it is absolutely necessary that this additional ground should be obtained at the earliest possible moment in order that work may be begun looking to the erection of a building as an addition to this armory.

From an examination made of the property desired by the Armory Board, I find that it is lots known as Nos. 30 to 34 inclusive, and 53 to 58 inclusive, in Block 1649, section 6 on the tax maps of the Twenty-third Ward, Borough of Brooklyn. In Putnam avenue each lot is 20 by 100 feet, and has erected thereon two and two and one-half story stone-front houses for one and two families. The Jefferson avenue lots are 18 by 100 feet with similar houses erected thereon. The total assessed valuation of the land is \$16,700, and of the buildings \$57,800, making a total of \$74,500. The fair market value of the property is in the vicinity of \$95,000.

I would respectfully recommend that the Commissioners of the Sinking Fund concur in the resolution of the Secretary of the Board of Armory Commissioners, and that the matter be then presented to the Board of Estimate and Apportionment for the adoption of a resolution authorizing the institution of condemnation proceedings for the acquisition of the property.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

DEAR SIR—Your attention is respectfully called to the fact that a request of this Department made to the Board of Estimate and Apportionment August 29, 1904, requesting approval of an issue of Corporate Stock to be provided for by the Board of Aldermen to the amount of \$213,000, for the purpose of defraying the necessary expenses required to be incurred by the Board of Health in the alteration, repair and addi-

tions to existing plants in the several boroughs and in the purchase of a launch for the use of the Physicians, Nurses, etc., at Riverside Hospital, has as yet not been submitted to the Board of Estimate and Apportionment for its consideration.

The condition of the buildings, especially that occupied by the Department as an office building at Nos. 38 and 40 Clinton street in the Borough of Brooklyn, as well as the grounds of the different hospitals, is such as to make the required alterations and repairs in the very near future a matter of urgent necessity, and if you will be good enough to place the request of the Department referred to upon the calendar to be submitted to the Board of Estimate and Apportionment at its meeting to be held Friday, December 30, 1904, I would be exceedingly obliged to you.

Respectfully,

THOMAS DARLINGTON, President.

Other improvements are being done by the Department, as, for example, the fitting up old morgue building on North Brother Island. The repairs to Brooklyn office is also in this requisition, and should not be included, as it is within a subsequent requisition.

I would therefore recommend that if the financial condition of the City will warrant the expenditure the Board of Estimate and Apportionment authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$98,000 to enable the Department of Health to pay for the following improvements:

The following resolution was offered:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding ninety-eight thousand dollars (\$98,000), for the purpose of improving, permanently bettering and equipping buildings under the jurisdiction of the Department of Health, to wit:

The Secretary presented the following communication from the Commissioner of Water Supply, Gas and Electricity, relative to the appropriation of \$500,000 from the water revenues received during the year 1905, etc., for the maintenance and distribution of the water supply in the Borough of Brooklyn during said year:

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,  
COMMISSIONER'S OFFICE, NOS. 13 TO 21 PARK ROW,  
CITY OF NEW YORK, January 10, 1905.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

SIR—Subdivision 1 of section 242 of the Greater New York Amended Charter provides that "the Board of Estimate and Apportionment shall, from time to time, appropriate

for the maintenance, improvement and extension of the system of water supply of the Borough of Brooklyn, the moneys received from water rent in the said borough, subject, however, to the charges now imposed by law upon said revenues."

Pending the preparation of the Department's estimate of the money to be appropriated for the year 1905, under this section of law, I would ask that your Honorable Board provide, at the earliest possible moment, a sum sufficient to meet the current expenses chargeable to this appropriation.

The Department's estimate for the year 1905 will be submitted in a very short time.

Very truly yours,  
JNO. T. OAKLEY, Commissioner.

The following was offered:

Whereas, By subdivision 1 of section 242 of the Greater New York Charter the Board of Estimate and Apportionment has the power to appropriate from time to time, for the maintenance, improvement and extension of the system of water supply, of the Borough of Brooklyn, the moneys received from water rents in said Borough, subject, however, to the charges now imposed by law upon said revenues; and

Whereas, The Commissioner of the Department of Water Supply, Gas and Electricity has requested an appropriation to meet the current expenses, pending the preparation of the Department's estimate of the money to be appropriated for the year 1905, under said section of the law; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby determines that the sum of five hundred thousand dollars (\$500,000) be and hereby is set aside and appropriated from the water revenues received during the year 1905, if such revenues be sufficient, and if not, from the balance remaining in the water revenue account on December 31, 1904, for the maintenance and distribution of said water supply in the Borough of Brooklyn during 1905.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented a communication from the Fire Department requesting authority to award the contract for the furnishing of 600 tons of coal for the use of apparatus houses in the Borough of The Bronx to other than the lowest bidder.

HEADQUARTERS FIRE DEPARTMENT, CITY OF NEW YORK,  
NOS. 157 AND 159 EAST SIXTY-SEVENTH STREET,  
BOROUGH OF MANHATTAN, January 7, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

SIR—At a public letting held in this Department on the 4th inst., bids for furnishing and delivering 600 tons of anthracite coal, for use of apparatus houses, Borough of The Bronx, were received as follows:

No. 1. John H. Meyer, No. 1 Broadway, Manhattan, \$5.74 per ton.....	\$3,444 00
No. 2. Olin J. Stephens, No. 44 East One Hundred and Thirty-eighth street, The Bronx, \$6.20 per ton.....	3,720 00

"While the bid of Mr. Meyer is the lowest, yet, in view of the fact that the coal furnished by him, under his last contract, executed June 22, 1904, and based upon bids received at public letting held in this Department May 11, 1904, was found to be inferior in quality, and not in accordance with the specifications, I have deemed it my duty to request that your Honorable Board, pursuant to the authority conferred upon it by the provisions of section 419 of the Greater New York Charter, authorize the award of the contract to Mr. Olin J. Stephens, as I am of the opinion that such course would be for the public interest.

Early and favorable action in this matter will be appreciated.

Respectfully,  
THOMAS W. CHURCHILL, Deputy and Acting Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 12, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—In a communication dated January 7, 1905, Mr. A. M. Downes, Secretary of the Fire Department, transmits the following:

"At a public letting held in this Department on the 4th inst., bids for furnishing and delivering 600 tons anthracite coal, for use of apparatus houses, Borough of The Bronx, were received as follows:

"John H. Meyer, No. 1 Broadway, Manhattan, \$5.74 per ton, \$3,444.  
"Olin J. Stephens, No. 44 East One Hundred and Thirty-eighth street, Bronx, \$6.20 per ton, \$3,720.

"While the bid of Mr. Meyer is the lowest, yet, in view of the fact that the coal furnished by him under his last contract, executed June 22, 1904, and based upon bids received at public letting held in this Department May 11, 1904, was found to be inferior in quality and not in accordance with the specifications, I have deemed it my duty to request that your Honorable Board, pursuant to the authority conferred upon it by the provisions of section 419 of the Greater New York Charter, authorize the award of the contract to Mr. Olin J. Stephens, as I am of the opinion that such course would be for the public interest."

I beg to report that I have looked up this matter in detail, and find that the Fire Department employed last year a chemist to analyze samples of coal furnished at a public letting, such samples having been taken from several fire houses in the Borough of Manhattan. This chemist found that there were differences in the coal and recommended a certain standard form of specification, based on the number of British thermal units developed by the combustion of each ton of coal.

But no reference to such a standard was included in the specification under which the bids in question were received, and inquiry among coal men leads to the conclusion that it would be impossible to buy coal in this market under such a specification.

As to the kinds of coal proposed to be furnished by these bidders, there is and can be little or no choice, as each is willing to furnish any one of several well-known brands of coal.

It would seem, then, that if the higher bid were accepted, there would be no guarantee that better coal would be furnished than if the lower bid were accepted; that, in fact, each bidder buys of the same people and takes what is furnished by the wholesale agents. There is no doubt that there are variations in quality in the boat-loads as furnished to retail dealers, but the retail dealer is compelled to take the bad with the good and to dispose of same.

In view of all these circumstances I recommend that the request of the Fire Commissioner be denied.

Respectfully,  
EUG. E. McLEAN, Engineer.

The Secretary presented a communication from the Commissioner of the Tenement House Department requesting the fixing of the salaries of the positions of Secretary to the Commissioner at \$2,000 per annum, and Stenographer to the First Deputy Commissioner at \$1,500 per annum.

Referred to the Comptroller.

The Secretary presented a communication from the Department of Health requesting the creation of the position of Stenographer and Typewriter, with salary at the rate of \$1,500 per annum.

Referred to the Comptroller.

The Secretary presented the following communication from the Merchants' Association of New York, urging that a sufficient appropriation be made to enable an increase of the police force sufficient to give adequate protection to life and property in all sections, which was ordered on file and the Secretary directed to advise said association that the only way in which any additional appropriation can be made to the Police Department is by the issue of Special Revenue Bonds, and that it will be impossible to make the appropriation suggested unless the Legislature authorizes an increase of the amount of said bonds to be issued in any one year:

THE MERCHANTS' ASSOCIATION OF NEW YORK,  
No. 346 BROADWAY,  
NEW YORK, January 10, 1905.

Honorable Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—The Commissioner of Police has recently publicly stated that the force of Policemen at his disposal is inadequate to properly protect life and property in this City. This condition, especially as regards outlying portions of the City, has long been notorious and the source of bitter complaint on the part of numerous citizens. Because of it burglaries, robberies and crimes of violence have been frequent and to a large degree unchecked. This subject has been actively brought before the public by the recent outrages in the neighborhood of the Riverside Park section of the City. The public admission of these conditions made by the Police Commissioner will tend to attract to this City thieves and law-breakers from all over the country.

The obvious cure is to increase the Police Force. For this a greater appropriation is necessary. The Executive Committee of this Association, having considered the subject, are of the opinion that no matter of government activity is of more importance to the people than proper provision for an effective police force, and that it is the first duty of the appropriating body of this City to make such provision. This Association respectfully urges upon you that sufficient appropriations be made by your Honorable Body to enable an increase of the Police Force of this City sufficient to give adequate protection to life and property in all sections.

It is further respectfully represented to you that in case the present insufficiency of police protection is due to provision of existing law, especially that relating to the so-called "Three Platoon System," that your Honorable Body take such steps to cause the amendment of the law as shall remove the conditions complained of.

In the opinion of this Association, adequate police protection should be afforded whatever it cost, even at the expense of other less pressing public undertakings, or if necessary, by means of an increase in the tax rate.

Respectfully yours,  
THE MERCHANTS' ASSOCIATION OF NEW YORK,  
By CLARENCE WHITMAN, President.

The Secretary presented the following communication from the Board of Elections, relative to the transfer of \$30,000 to "Rents," 1904:

BOARD OF ELECTIONS OF THE CITY OF NEW YORK,  
GENERAL OFFICE, No. 107 WEST FORTY-FIRST STREET,  
NEW YORK, January 10, 1905.

Mr. H. L. SMITH, Assistant Deputy Comptroller, City of New York:

DEAR SIR—I beg leave to acknowledge receipt of your communication, dated to-day, in which you desire to know whether the Board of Elections will consent to the transfer of \$30,000 from the appropriation for the year 1904, entitled "For expenses made necessary by the Primary Election Law," to other appropriations within the same year, for which it is needed, and in reply would inform you that a resolution, of which the following is a copy, was adopted at the meeting of the Board held to-day, viz.:

Resolved, That in pursuance of request contained in communication from the Department of Finance of The City of New York, under date of January 10, 1905, the Board of Elections of The City of New York does hereby assent to the transfer of thirty thousand dollars (\$30,000) from the appropriation for the year 1904, entitled "For expenses made necessary by the Primary Election Law," to other appropriations within the same year for which it is needed.

Respectfully,  
JOHN R. VOORHIS, President.

The following resolution was offered:

Resolved, That the sum of thirty thousand dollars (\$30,000) be and the same is hereby transferred from the appropriation made to the Board of Elections, for the year 1904, entitled "For expenses made necessary by the Primary Election Law (chapter 179, Laws of 1898)," the same being in excess of the amount required for the purposes thereof, to the appropriation made for the year 1904, entitled "Rents," the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

The Secretary presented the following communication from the Police Department relative to the transfer of \$5,750 to "Additions to Mounted Squad," 1905:

POLICE DEPARTMENT OF THE CITY OF NEW YORK,  
No. 300 MULBERRY STREET,  
NEW YORK, January 9, 1905.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—The following proceedings were this day directed by Police Commissioner William McAdoo:

Whereas, Bids were received January 3, 1905, for furnishing and delivering not more than seventy-five nor less than fifty horses for the use of mounted officers of the Police Department of The City of New York, the lowest bid being the amount of two hundred and ninety dollars per horse, making a total for the seventy-five horses of twenty-one thousand seven hundred and fifty dollars; and

Whereas, The appropriation made to the Police Department for the year 1905 for "Additions to Mounted Squad" is the sum of sixteen thousand dollars;

Ordered, That application be and is hereby made to the Board of Estimate and Apportionment for the transfer of the sum of five thousand seven hundred and fifty dollars from the appropriation made to the Police Department for the year 1905, entitled "Supplies for Police," which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the Police Department for the year 1905, entitled "Additions to Mounted Squad," which is insufficient to enable the Police Commissioner to contract for seventy-five horses to the lowest bidder.

Very respectfully,  
WM. H. KIPP, Chief Clerk.

The following resolution was offered:

Resolved, That the sum of five thousand seven hundred and fifty dollars (\$5,750) be and the same is hereby transferred from the appropriation made to the Police Department for the year 1905, entitled "Supplies for Police," the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Department for the same year, entitled "Additions to Mounted Squad," the amount of said appropriation being insufficient.

The Secretary presented the following communication from the Commissioner of Docks and Ferries relative to the acquisition of the block between Twenty-second and Twenty-third streets and Eleventh and Thirteenth avenues for the use of his Department:

DEPARTMENT OF DOCKS AND FERRIES OF THE CITY OF NEW YORK,  
PIER "A," NORTH RIVER,  
NEW YORK, January 4, 1905.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

SIR—Referring to your communication of November 23, 1904, relative to the letter from Gardiner Sherman to his Honor the Mayor, dated November 8, 1904, I beg to advise that the acquisition of the block between Twenty-second and Twenty-third streets, from Eleventh to Thirteenth avenue, was delayed by this Department until such time as the progress of the improvements along the Chelsea section called for such action.

The area is within the lines of the marginal street laid out for that locality on the New Plan for the improvement of the water front, and the work is now sufficiently advanced to warrant the institution of condemnation proceedings.

I therefore request that the Board of Estimate and Apportionment authorize the institution of condemnation proceedings for the acquisition of the property embraced within the said block, which, according to a communication from the Department of Taxes and Assessments, dated January 3, 1905, is assessed for the year 1904 at \$433,500.

The letter from Mr. Sherman, together with the other papers transmitted to this Department with your letter of November 23, 1904, are returned herewith.

Yours respectfully,

MAURICE FEATHERSON, Commissioner.

I see no objection to complying with the request of the Dock Commissioner.

CHANDLER WITHINGTON,

Principal Assistant Engineer, Department of Finance.

January 10, 1905.

The following resolution was offered:

Resolved, That the Corporation Counsel be and is hereby authorized to institute condemnation proceedings for the acquisition of title in behalf of the Corporation of The City of New York to the following described lands, premises, rights and property for the improvement of the water front on the North river, which said lands, premises, rights and property are situated in the Borough of Manhattan, in The City of New York, and are described as follows:

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of The Bronx, the President of the Borough of Queens and the President of the Borough of Richmond—16.

January 10, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held December 16, 1904, adopted a resolution at the request of the President of the Borough of Brooklyn, authorizing the acquisition at private sale of three parcels of land described in said resolution as Sites I, II, and III, in the Borough of Brooklyn, for the purpose of erecting thereon an interior bath.

An examination of the title to Site No. I, located on the corner of Fourth avenue and President street, in the Borough of Brooklyn, being 60 feet in width front and rear, by a depth of 91 feet 10 inches on each side, discloses the fact that there is an easement for light and air running with the land in favor of the property adjoining on the east, fronting on President street. I am informed by the office of the President of said Borough that this is not a detriment to the site and will not in any way interfere with the erection of the public building. I would therefore respectfully recommend that the Comptroller of The City of New York be authorized to accept the title to said property subject only to said easement, and that the resolution so adopted by said Board December 16, 1904, as to Site No. I, be amended so as to read as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the selection and location by the President of the Borough of Brooklyn of the three following described premises for bath sites, in the Borough of Brooklyn:

"Site I.—All that certain lot, piece or parcel of land, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

"Beginning at the point of intersection of the easterly side of Fourth avenue with the northerly side of President street, and running thence northerly along the easterly side of Fourth avenue sixty (60) feet; thence easterly and parallel with President street ninety-one (91) feet ten (10) inches; thence southerly parallel with Fourth avenue sixty (60) feet, to the northerly side of President street; thence westerly along the northerly side of President street ninety-one (91) feet ten (10) inches to the point or place of beginning, together with all the right, title and interest of the owners of said premises, of, in and to the streets and avenues in front thereof to the centre thereof, premises being known as Lot No. 1, in Block 955, Section 4, Twenty-second Ward, on the land map of the County of Kings, subject nevertheless to an easement two (2) feet in width and fifteen (15) feet in length on the rear of the lot for the benefit of the property adjoining on the east, fronting on President street; and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the

same at a price not exceeding six thousand dollars (\$6,000), said contracts to be submitted to the Corporation Counsel for his approval as to form."

Respectfully submitted for approval.

Appraiser of Real Estate in Charge of Bureau.

SUPREME COURT OF THE STATE OF NEW YORK,

Respectfully,

J. F. McGEE, General Clerk.

The Secretary presented the following report of the Appraiser of Real Estate, Department of Finance, relative to the amending of a resolution adopted December 16, 1904, authorizing the acquisition of three sites for interior public baths in the Borough of Brooklyn, in so far as it relates to site No. 3, Hamburg and Willoughby avenues, Brooklyn:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 12, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held December 16, 1904, approved the selection and location by the President of the Borough of Brooklyn of three sites for interior bath sites in the Borough of Brooklyn.

Site No. I., on the corner of Fourth avenue and President street, was authorized to be acquired at \$6,000, and is now under contract.

Site No. II., on the westerly side of Nostrand avenue, 225 feet 9 inches northerly of Myrtle avenue, was authorized to be acquired at \$5,500, and is now under contract.

Site No. III., located on the easterly side of Hamburg avenue, 25 feet north of Willoughby avenue, being 50 feet in width front and rear by 100 feet in depth, was authorized to be acquired for the sum of \$5,000. It seems that the owner of this site, No. III., also owns the corner lot, 25 by 100 feet, and she declined to part with the portion as authorized, but would dispose of the whole parcel, 75 by 100 feet, for \$7,500. This price is reasonable and just, and I would respectfully recommend that the Board of Estimate and Apportionment rescind so much of their resolution, adopted December 16, 1904, in relation to Site No. III., which authorized the Comptroller to purchase the lot 50 by 100 feet on Hamburg avenue, near Willoughby avenue, at a price not exceeding \$5,000, and which resolution, when so amended, shall read as follows:

Resolved, That the Board of Estimate and Apportionment hereby approves of the selection and location by the President of the Borough of Brooklyn of the three following described premises for bath sites in the Borough of Brooklyn:

\* \* \* \* \*

Site III. Beginning at the point of intersection of the easterly side of Hamburg avenue with the northerly side of Willoughby avenue, and running thence northerly along the easterly side of Hamburg avenue seventy-five (75) feet; thence easterly and parallel with Willoughby avenue one hundred (100) feet; thence southerly and parallel with Hamburg avenue seventy-five (75) feet to the northerly side of Willoughby avenue, and thence westerly along the northerly side of Willoughby avenue one hundred (100) feet to the point or place of beginning, together with all the right, title and interest of the owner of said premises of, in and to the streets and avenues in front thereof to the centre thereof, premises being known as Lots Nos. 1, 2 and 3, in Block 3197, Section 11, Twenty-seventh Ward on the land maps of the County of Kings, —and the Comptroller be and he hereby is authorized to enter into contracts for the acquisition of the same at a price not exceeding seventy-five hundred dollars (\$7,500), said contract to be submitted to the Corporation Counsel for his approval as to form.

Respectfully submitted for approval.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,  
COMPTROLLER'S OFFICE,  
January 11, 1905.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment, at a meeting held May 20, 1904, approved the acquisition at private sale of property within the area of a park known as "Sunset Park," in the Borough of Brooklyn, which was laid out by a resolution of the Board of Estimate and Apportionment, adopted at a meeting held the 16th day of September, 1903, and authorized the acquisition of the property within the said area at a price not exceeding \$162,000.

All of the property in the two blocks, with the exception of four parcels, has been acquired. It has been found impossible to acquire this property at the price originally allotted by the Board of Estimate and Apportionment. The Commissioners in condemnation having been appointed and have been taking testimony, the costs of the examination of titles on the part of a title company and other incidental expenses in addition to the advanced price required by the owners, will bring the cost of the acquisition of the entire two blocks up to \$175,000. I would therefore respectfully recommend that the resolution adopted by the Board of Estimate and Apportionment at a meeting held May 20, 1904, be amended in so far that the figures \$175,000 be substituted for the figures \$162,000, so that when amended said resolution shall read as follows:

Whereas, The Board of Estimate and Apportionment, at a meeting held on the 16th day of September, 1903, adopted a resolution laying out an addition to Sunset Park, in the Borough of Brooklyn, bounded by Forty-third and Forty-fourth streets and Fifth and Seventh avenues; and

Whereas, It having appeared from a report submitted by the Comptroller that nearly all the property can be acquired at private sale; therefore be it

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Comptroller to enter into contracts for the acquisition of the two blocks of land bounded by Fifth and Seventh avenues and Forty-third and Forty-fourth streets, together with all the rights, title and interest of the owners of said premises of, in and to the streets in front of said premises to the centre thereof, at a price not exceeding one hundred and seventy-five thousand dollars (\$175,000), said contracts to be submitted to the Corporation Counsel for his approval.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate in Charge of Bureau.

The following resolution was offered:

Resolved, That the resolution adopted by the Board of Estimate and Apportionment May 20, 1904, relative to the acquisition at private sale of property within the area of "Sunset Park," Borough of Brooklyn, at a price not exceeding one hundred and sixty-two thousand dollars (\$162,000), be and the same is hereby amended to read as follows:

Whereas, The Board of Estimate and Apportionment at a meeting held on the 16th day of September, 1903, adopted a resolution laying out an addition to Sunset Park, in the Borough of Brooklyn, bounded by Forty-third and Forty-fourth streets and Fifth and Seventh avenues; and

Resolved, That the Board of Estimate and Apportionment hereby authorizes the Comptroller to enter into contracts for the acquisition of the two blocks of land bounded by Fifth and Seventh avenues and Forty-third and Forty-fourth streets, together with all the rights, title and interest of the owners of said premises of, in and to the streets in front of said premises to the centre thereof, at a price not exceeding one hundred and seventy-five thousand dollars (\$175,000), said contracts to be submitted to the Corporation Counsel for his approval.
