The following preamble and resolutions from the Special Committee on Monthly and Annual Reports of the City Superintendent were also adopted:

Whereas, The number of sittings in each classroom in the public schools, as determined by the inspectors of the Bureau of Buildings, differs materially from the number of sittings as reported by the principals; and

Whereas, The number of sittings in many rooms exceeds the number of children that should be taught in said rooms, as determined by a reasonable amount of floor space and air space for each child; and

Whereas, The existence of such sittings impedes for legitimate school purposes the use of the rooms in which they are found, and is often wrongfully used as an argument against the purchase of necessary school sites and the erection of necessary school buildings; be it

Resolved, That the Board of Education hereby adopts as the rule for determining the capacity of each classroom the rule laid down in section 451 of the Educational Law of the State for such purpose, as follows:

"At least fifteen square feet of floor space and two hundred cubic feet of air space for each pupil to be accommodated in each study or recitation room therein."

Resolved, That the Superintendent of School Buildings be, and he hereby is, instructed to determine by actual measurement the capacity of each classroom in the public schools in accordance with said rule, to keep a record thereof, and to supply a certified copy of such record to the City Superintendent of Schools and to the Auditor.

Resolved, That all rooms in rented premises and all spaces other than regular and legitimate classrooms occupied for classroom purposes shall be segregated on said lists and described as such.

Resolved, That the capacity of each classroom, as determined in accordance with said rule, shall be written or printed on a card securely and conspicuously fastened upon the door of each such room, and that the capacity of each school building shall be the sum of the capacities of all the regular (not emergency) classrooms.

Resolved, That hereafter, in all official reports upon the accommodations in schools now in use or hereafter to be constructed or used, the word "capacity" be substituted for the word "sittings," and that the said capacity be uniformly stated in accordance with the official record thereof on file in the office of the Superintendent of School Buildings, as to the capacity of regular classrooms and the capacity of emergency classrooms.

Unfinished Business.

The President announced for consideration the minority report from the Special Committee on Teachers' Salaries presented at the meeting of the Board held on May 10, 1911, in connection with the majority report, which reports were included in the proceedings of the adjourned meeting held on May 17, 1911.

Mr. C. J. Sullivan moved that the majority report be approved and the resolutions attached thereto adopted, and the motion was seconded.

Mr. Whalen moved that the minority report be substituted for the majority report, and the motion was seconded.

The President decided that the motions offered by Mr. C. J. Sullivan and Mr. Whalen were out of order, as both matters were acted upon at the last meeting of the Board.

Mr. Aldcroftt moved that the minority report be approved and the resolutions attached thereto adopted, and the motion was seconded.

Mr. Wingate moved that the minority report be amended by striking out the schedule for teachers of physical training in high schools and providing that teachers of physical training in high schools shall receive the same salary as assistant teachers in high schools.

The amendment was accepted by Mr. Aldcroftt, on behalf of the minority of the Special Committee on Teachers' Salaries.

Mr. Wilsey moved that the minority report be amended by striking out the schedule for teachers of cooking and sewing in high schools and providing that teachers of cooking and sewing in high schools shall receive the same salary as assistant teachers in high schools.

The amendment was accepted by Mr. Aldcroftt, on behalf of the minority of the Special Committee on Teachers' Salaries.

Mr. C. J. Sullivan, on behalf of the majority of the Special Committee on Teachers' Salaries, accepted the amendments proposed by Mr. Wingate and Mr. Wilsey.

Mr. C. J. Sullivan moved that the majority report be substituted for the minority report, and the motion was seconded.

Mr. Cosgrove raised the point of order that the motion offered by Mr. C. J. Sullivan was out of order, for the reason that the matter had previously been passed upon by the Board.

The President decided that the point of order raised by Mr. Cosgrove was not well taken, for the reason that both reports had been amended since a motion similar to the one just offered by Mr. C. J. Sullivan was decided in the negative at the preceding meeting.

Discussion ensued, after which the motion offered by Mr. C. J. Sullivan was decided in the negative by 19 to 24.

Mr. Whalen moved that the minority report be approved and the resolutions attached thereto adopted, and the motion was seconded.

Mr. Aldcroftt moved that the following be substituted for the third resolution attached to the minority report:

Resolved, That the Corporation Counsel be, and he is hereby, requested to prepare a bill for presentation to the Legislature which shall so amend section 1091 of the Revised Charter as to enable the Board of Education to adopt and enact as a part of its By-Laws the schedules of salaries included in this report, together with the schedules of salaries of teachers in elementary schools approved by the Board of Education on May 17, 1911.

Resolved, That the Corporation Counsel be, and he is hereby, requested to prepare such bill with all convenient speed and submit the same to the Board of Education.

Resolved, That said bill, when received from the Corporation Counsel, be referred to the Special Committee on Teachers' Salaries and the Committee on By-Laws and Legislation, with power to approve or amend the same and to submit the bill to the Legislature.

The motion offered by Mr. Aldcroftt was seconded and adopted.

The President put the question whether the Board would approve the minority report in reference to the salaries of teachers in high schools and training schools and adopt the resolutions attached thereto, as amended, and it was decided in the affirmative by 25 to 18.

New Business.

The following-named persons were elected to the positions indicated:

JOHN H. FINLEY, President.

Bellevue and Allied Hospitals.

Report for Quarter Ending June 30, 1910.

New York, July 1, 1910.

Hon. WILLIAM J. GAYNOR, Mayor:

Sir—In behalf of the Board of Trustees of Bellevue and Allied Hospitals, I have the honor to present the following report for the three months closing on June 30, 1910:

The Department as a Whole.

On April 7 the General Medical Superintendent reported that the appropriations for general supplies available for open market purchases were inadequate for the year. The estimated deficiency was as follows: General supplies, $42,790; forage, shoeing and boarding horses, $1,580; contingencies, $6,000; total, $50,370.

This amount was therefore requested in revenue bonds. The Board of Aldermen, after an investigation, readily authorized an additional appropriation in these amounts. Subsequently, a contract was let for coal and the lowest bid received was lower than estimated, resulting in a saving of over $6,000. The Trustees then requested that the amount authorized by the Board of Aldermen be reduced by $6,000. The matter is now under the consideration of the Board of Estimate and Apportionment.

The bill which was introduced to the Legislature to authorize the City authorities to provide for the treatment of Doctors and Nurses who have contracted contagious diseases in the performance of their duties in City institutions has now become a law. The bill is retroactive and will enable the sums due the Minturn Hospital to be paid.

Authority has been received from the Board of Aldermen to purchase two automobile ambulances in the open market without public letting. A new electric ambulance has been ordered for Bellevue Hospital at a cost of $3,000.

The Board of Aldermen also authorized the purchase of fresh fruits required by the Department without public letting at a cost not exceeding $11,200, experience having proved that it is impracticable to contract for these supplies.

The Trustees learned with satisfaction that the Board of Estimate and Apportionment and Board of Aldermen had approved, authorizing their request for authority to employ additional incumbents, as follows:

Assistant Medical Superintendent, $3,500 per annum; Assistant Medical Superintendent, $2,500; Physicians to Out Patients, 7 incumbents, $600 each; 5 Instructors in Anæsthesia, at $750 each; Investigator, $1,200; General Storekeeper, $1,200; Egg Candler, $1,000; Pathologists, 2 incumbents, $1,800 each; Stenographers, $900; Butcher, $720; and Typewriting Copyist, $600.

An appropriation of $7,320.80 was also secured in order to pay the salaries of these additional employees for the remainder of the year beginning June 1.

Hitherto the administration has been greatly under-staffed and the appointment of these extra employees will secure greater efficiency in the Department. The authority to appoint two Assistant Medical Superintendents is especially gratifying. The appointment of Instructors in Anæsthesia is a progressive step in surgery.

It has been the custom for several years for the General Drug Department, under the control of the Department of Public Charities, to contract to a very large extent for the medical and surgical supplies required in this Department, and for this Department in turn to contract for certain other supplies for use in this Department and the Department of Public Charities. The arrangement has proved far from satisfactory, complicating the system of accounts, and involves many times needless delay. It is believed that no material advantage is derived from any such arrangement. In view of these facts the General Medical Superintendent has recommended that the Trustees organize and maintain an independent drug department. The Committee on Supplies has carefully considered this recommendation, but it has been decided in view of the many difficulties involved, some of which are insurmountable at the present time, to leave the question in abeyance.

A report of an investigation made by the State Charities Aid Association relative to the advantage and disadvantage of blankets as a substitute of mattresses for patients and inmates of the public charitable institutions of the City, was received and referred to the General Medical Superintendent of Training Schools for their information. So many varying opinions have been received that the State Charities Aid Association made no recommendation in the premises.

The lease of the premises 144 E. 37th st., occupied as a residence for the General Medical Superintendent, expires during the present year, and inasmuch as a renewal could only be obtained at an increased rental, a new residence has been selected at 58 W. 11th st., the lease of which has been authorized by the Commissioners of the Sinking Fund.

Bellevue Hospital.

During the quarter a very careful study has been made of the specifications for the proposed fire alarm system of Bellevue and Harlem Hospitals. It was claimed by the Star Electric Company that the specifications did not allow competition. The Fire Department, which was consulted, recommended that the specifications be adhered to. The State Charities Aid Association also submitted a list of objections to the specifications suggested by Professor Black. In view of the circumstances, Professor Sever, Consulting Engineer of the Department of Water Supply, Gas and Electricity, was requested to consider the subject. Professor Sever made a very careful investigation and held several meetings with the members of the Building Committee, and finally recommended that the proposed new system should not be installed unless it was definitely determined that the old fire alarm system could not be rehabilitated. This recommendation was approved by the Trustees and a competent electrician is to be employed to examine the old fire alarm system in Bellevue Hospital. Provision is to be made in the Department estimate of 1911 for the installation of a sprinkler system in the parts of the hospital where there is most danger of fire, such as the store, drug rooms, etc. A rule was also adopted directing that the City Fire Department should be notified at once should a fire occur in any of the hospitals.

Many structural alterations and important repairs have been authorized by the Trustees. Some of these are:

Erection of a partition in the Record Room to give more space to the rapidly growing demands in connection with the Social Service Department; the construction of new refrigerators in the milk hall; an enlargement of the butcher shop and installation of a new refrigerator therein; the construction of a storage shed for lumber; installation of an elevator in the laundry building; an enlargement of the office of the Secretary to the President, and of the transfer of the surgical supply room to larger quarters. The installation of a new steam main from the demonstration building to the boiler room has also been authorized at an estimated cost of $500.

Building Affairs.

The architects have been directed to arrange for the inspection of the Pathological Department and Men's Dormitory in order that these buildings may be accepted from the contractors.

On account of the delay by the Department of Docks and Ferries in constructing the bulkhead wall at 29th st. and 1st ave., which in turn delayed the progress of the new laundry building, it was necessary to grant the contractors an extension of time of eight months. This was only done, however, upon the understanding that the contractors would have two boilers ready and available for use for the supply of heat on October 1, 1910, otherwise they would furnish heat by some other means at their own expense until the boilers referred to were completed.

Notice was received from the Department of Docks and Ferries that the piers at E. 28th and E. 29th sts. were vacated and had been assigned to this Department under date of April 1, 1910.

On June 7, bids for the erection of a temporary office building of Bellevue Hospital and for the reconstruction of the old Registrar's office into bath rooms were received as follows:

Clarke & Appleman, $4,460; William Horn Company, $5,770; B. Diamond, $5,926; Louis Koenig, $5,990; A. H. Hillers, $6,000; John K. Kenney Company, $6,065; George Dress, $6,148; A. & W. Gray & Co. (Inc.), $6,230; J. M. Knopp, $6,357; Daniel J. Ryan, $6,800; V. Green Construction Company, $6,847; Neptune B. Smyth (Inc.), $6,947; Madison Building Company, $7,300; and Charles Wille, $7,384.

The lowest bid has been accepted.

On June 7, bids were received for the proposed reconstruction of Ward 31 into isolation quarters. The bids, however, were in excess of the appropriation available and had all to be rejected. The architects have been instructed to modify the specifications with a view of reducing the cost of the work.

The architects have been ordered to provide for a dental service in connection with the new hospital and also for the installation of electric clocks throughout all the buildings.

The progress of the various buildings now in the course of construction is reported by the architects, Messrs. McKim, Mead & White, to be as follows:

Pathological Building and Men's Dormitory.

The work on these buildings has been practically completed.

The Men's Dormitory is now ready for wall painting and erecting of electric light fixtures.

The plumbing work is practically completed and the final smoke test called for in the contract has been made.

The work of heating and ventilating is practically completed.

Electric work has been completed and ready for fixtures.

Laundry Building.

The progress of the work on the Laundry Building during the past months has been slow. The retaining wall on the north side of building, which was completed to street level, has to be rebuilt. By taking some of the shoring and bracing away too soon part of this wall collapsed, falling on to cellar floor, and the rest was pushed out of place. Only the carelessness of the contractors can be blamed for this delay.

The structural steel work has been erected and is about three-fourths completed.

Boiler House and Coaling Station.

Fair progress has also been made on this building during the quarter. Two chimneys on the west and east elevation are completed.

The south, west and east walls are built up to roof level.

Training Schools.

A request by the school authorities for individual lockers was disapproved.

The Board of Managers requested that the new Training School building be named Osborn Hall, in memory of the services rendered to the school by the late Mrs. Osborn. The Trustees, however, decided that inasmuch as any other name for the new Nurses' residence than that which is borne at the present might cause confusion and be misunderstood in connection with a building wholly erected by the City by its own funds, to deny the request; but suggested that the name of Osborn Hall might be conferred upon the meeting hall within the building.

A suggestion of the Board of Managers that a ward in the New Bellevue Hospital be termed Lazarus Ward, was laid over for consideration, after the plans for the new hospital are somewhat advanced.

Medical Appointments, Resignations, etc.—April 7, 1910: Dr. I. O. Woodruff and Dr. William M. Bradshaw were appointed Physician to Out Patients and Assistant Physician to Out Patients, Tuberculosis Service, Children's Division, respectively.

Colie, Assistant Surgeon to Out Patients; Dr. Edward D. Truesdell, Assistant Surgeon to Out Patients. A second place of Adjunct Assistant Attending Genito-Urinary Surgeon to the Fourth Division was created.

May 17, 1910—Dr. W. C. Clarke, Surgeon to Out Patients and Adjunct Assistant Surgeon on the First Division, resigned.

June 7, 1910—Dr. Ransom S. Hooker, appointed Surgeon to Out Patients and Adjunct Assistant Attending Surgeon on the First Division; Dr. Julius A. Becker, appointed Surgeon to Out Patients and Adjunct Assistant Attending Surgeon, Third Division; Dr. Walter C. Cramp, promoted to Assistant Attending Surgeon, Third Division; Dr. Benjamin S. Barringer, promoted to the place of Genito-Urinary Surgeon to Out Patients and Adjunct Assistant Attending Genito-Urinary Surgeon to the Fourth Division, recently created; and Dr. H. V. Guile, promoted to Physician to Out Patients and Adjunct Assistant Attending Physician, Fourth Division. Dr. Curtenius Gillette, Assistant Physician to Out Patients on the First Division, resigned.

June 14, 1910—Dr. Joseph G. Yocum, Genito-Urinary Surgeon to Out Patients and Adjunct Assistant Attending Genito-Urinary Surgeon, Second Division, resigned; Dr. B. E. Boone, appointed one year Interne on the Second Division.

June 7, 1910—Dr. Edward H. Raymond, Jr., appointed Assistant Visiting Dentist.

Gouverneur Hospital.

No definite action has yet been taken by the Commissioners of the Sinking Fund upon the request of the Trustees for the assignment of the vacant lot at the south of Gouverneur Hospital as a site for the proposed new Out Patient Department. Messrs. McKim, Mead & White have been selected as architects for the proposed building.

A request of the Dispensary Committee that the Tuberculosis Clinic should be removed to the Day-Camp "Westfield," was disapproved, as an investigation showed that the expense involved will be far in excess of the benefits gained.

Medical Appointments, Resignations, etc.—April 7, 1910—Internes were appointed as follows: Dr. William H. Potter, surgical, July 1, 1910; Dr. Samuel S. Arluch, surgical, January 1, 1911; Dr. Walter G. Eberle, medical, July 1, 1910; Dr. Earl Charlton Reynolds, medical, January 1, 1911; Dr. Joseph A. Lee, one year, July 1, 1910; Dr. Stanley C. Fox, one year, July 1, 1910.

May 17, 1910—The resignation of Dr. Charles Dumey as Clinical Assistant to Out Patients was accepted.

June 7, 1910—Dr. Isaac H. Marcus, appointed Clinical Assistant to Out Patients.

June 14, 1910—Dr. Wallace D. Carr, Interne, resigned; Dr. Benjamin J. Beck and Dr. Robert Abrahams, Assistant Surgeons to Out Patients, resigned from the class of skin diseases.

Harlem Hospital.

The specifications for a proposed fire alarm system of Bellevue Hospital which have been the subject of so much criticism were also intended to provide for the installation of a fire alarm system at Harlem Hospital. In this instance there is no old system which could be rehabilitated, but the specifications will be amended so as to insure competition before bids are advertised for the work.

The Medical Board recommended that permission be given the Internes to ride an ambulance after four months' service. The rule requires six months' hospital service. The Board hesitated to comply with the request. Finally it was resolved to adhere to the rule as far as accident calls are concerned, to permit Internes with less than six months' experience to ride the ambulance when it is employed in transferring patients from one hospital to another, etc.

Medical Appointments, Resignations, etc.—April 19, 1910—The resignation of Dr. F. M. Hanes, Pathologist, was accepted, to take effect May 20.

May 3, 1910—Internes were appointed as follows: Dr. P. G. Cole, July 1, 1910; Dr. J. S. McCallum, July 1, 1910; Dr. J. E. Donnelly, November 1, 1910; Dr. J. E. Baker, November 1, 1910; Dr. J. M. Sheridan, March 1, 1911; Dr. L. Marton, March 1, 1911. Dr. Claude H. Weir, Clinical Assistant, resigned. Dr. W. Lamberson and Dr. R. H. Goldberg, Clinical Assistants, resigned.

May 17, 1910—Dr. Thomas G. Davis, Dr. Jacob L. Maybaum and Dr. John E. Shrady, appointed Clinical Assistants to Out Patients; and Dr. Martin Cohen, appointed Consulting Oculist, vice Dr. McAuliffe, resigned.

June 7, 1910—Dr. Jacob L. Maybaum, Clinical Assistant to Out Patients, resigned.

June 14, 1910—Dr. Jean Miltimore, Clinical Assistant to Out Patients, resigned.

June 7, 1910—Dr. H. J. Kauffer, appointed Consulting Dentist.

Fordham Hospital.

Upon the recommendation of the Medical Board, the Trustees have created the place of Pathological Interne at Fordham Hospital, and have authorized the appointment of a helper in the Laboratory. This, it is believed, will greatly increase the efficiency of the Pathological Department. Many important repairs have been authorized, principal of which are: The general overhauling of the elevator at an estimated cost of $600 and the laying of steam trenches with iron plate covers at an estimated cost of $470.

Medical Appointments, Resignations, etc.—April 7, 1910: Appointments were made to the house staff as follows: Dr. W. M. W. Ennis, July 1, 1910, surgical; Dr. A. R. Moodie, January 1, 1911, surgical; Dr. M. F. Healy, July 1, 1910, medical; Dr. E. E. W. Walker, January 1, 1911, medical.

April 19, 1910—Dr. Edward J. Connell, Jr., was appointed Assistant Physician to Out Patients (eye and ear clinic).

May 17, 1910—The resignation of Dr. W. M. W. Ennis as Interne was accepted. Dr. H. Schorr was appointed to fill the vacancy, and the services were rearranged as follows: Dr. A. R. Moodie, July 1, 1910, surgical; Dr. M. F. Healy, July 1, 1910, medical; Dr. E. E. W. Walker, January 1, 1911, surgical; Dr. H. Schorr, January 1, 1911, medical.

June 14, 1910—Dr. Joseph J. Lordi, Clinical Assistant to Out Patients, resigned.

June 30, 1910—Dr. M. F. Healy, dropped from list of those appointed as Internes; and date of Dr. E. E. W. Walker's appointment changed to July 1, 1910.

Respectfully submitted,

JAMES K. PAULDING, Secretary, Board of Trustees.

Report for Quarter Ending September 30, 1910.

Hon. WILLIAM J. GAYNOR, Mayor:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to present the following report for the three months ending on the 30th of September, 1910:

The Department as a Whole.

The Board's request of the Municipal Civil Service Commission that the requirements of competitive examination be suspended in the case of the two Assistant Medical Superintendents and the Assistant Resident Physician in charge of the Alcoholic Wards was granted in June last, and the following appointments were made in accordance with this authority:

Dr. George O'Hanlon, First Assistant Medical Superintendent, at $3,500 per annum; Dr. Mark L. Fleming, Second Assistant Medical Superintendent, at $2,500 per annum; Dr. Ernest S. Bishop, Assistant Resident Physician in charge of the Alcoholic Wards, at $1,500 per annum.

At the same time it was resolved to make provision in the departmental estimate for 1911 for an employment agent to superintend the engaging of help in the Department.

The Trustees were gratified at the end of June by receiving from the Board of Estimate a copy of their resolution authorizing the issue of revenue bonds in the amount of $12,380 for additional Nurses and Ward Maids. This will assist materially in putting the nursing service on a more secure foundation. At the same time the Board of Estimate approved the issue of $50,400 special revenue bonds to cover a deficit in the appropriations of 1910.

A decision involving the interests of the patients in public hospitals was rendered by Justice Erlanger, dismissing the complaint against a lawyer for attempting to bribe an employee of the hospital in order to secure information concerning the condition of a pataient in Bellevue. The decision held that the hospital records are public and must not be withheld.

As the Trustees had frequently been advised by the Corporation Counsel that these records were privileged and confidential, and involving as they do information concerning the physical condition and ailments of patients in the public hospitals, the Trustees requested the District Attorney to take an appeal against this decision.

The question of equitable distribution of the bodies of the unidentified dead has come up for discussion on numerous occasions. The law assigns these bodies to the several medical schools conducting classes for the instruction of students in New York. As three of these schools enjoy the privilege of teaching in Bellevue Hospital, it was determined to address them a circular letter declaring that the Trustees would expect their co-operation in supplying the Pathological Department of the hospital with cadavers for scientific purposes.

George A. White, Contract Clerk and Auditor, was designated to co-operate with the Committee having in charge the preparation of the Budget Exhibit.

Howard B. Dinwiddie, an Examiner in the Charities Department, was transferred to act as Investigator in place of Mr. Ward, resigned, at Bellevue.

In the absence of Dr. Brannan during the months of July and August, James K. Paulding was Acting President and Arden M. Robbins Acting Secretary.

Bellevue Hospital.

Pathological Laboratory and Men's Dormitory Building.

A formal inspection of the new building was made by the Trustees on July 29, and thereupon it was resolved to accept the work of the Bellevue Completion Company, and to authorize the certification of the final payment, subject to the retention of $5,000 to insure the completion of a few minor items that could not be performed by the contractors until the plumbing contract is further advanced. The final bill of Wells & Newton Co. on the contract for plumbing was approved by the Board on August 16, and the work of the contractors accepted, reservation being made of a certain sum for the completion of details dependent upon the making of a water test. Specifications for painting the new buildings were approved by the Department of Finance late in August and bids will be advertised for soon. An appropriation of $100,000 was obtained for the equipment of these new buildings.

Permission to advertise for bids for the installation of the new lighting fixtures and the painting of the building was asked for on July 1. The Department of Finance advised that this contract should be drawn against the sum of $100,000 allowed in the Corporate Stock Budget for the equipment of the new building, and the bids were accordingly advertised for. These were received on August 15 and the contract was awarded to Gaites, Peace & Co. for $9,750, this being the lowest of three bids received.

The New Laundry and Boiler House.

An appropriation of $50,000 for the installation of machinery and painting of the new Laundry Building was authorized on June 28. The plans and specifications for this machinery and equipment were approved by the Department of Finance, and were referred to Dr. Goldwater, the Department's expert advisor, for his inspection. Later these specifications were approved by the Trustees with the modification that only such machinery should be installed as will provide for the needs of the hospital during the immediate ensuing years, space being reserved for the installation of additional machinery at some future time.

The architects report that fair progress has been made on the Laundry Building during the past quarter.

Good progress has also been made on the new boiler house.

The coal hoisting and coal and ashes conveying machinery has been installed and is about two-thirds completed. Hoisting engine has been set in place; also turn table.

The track for weighing hoppers is practically completed.

Two boilers are now ready for use.

The automatic stokers are erected.

Plans for New Surgical Pavilions.

The architects, Messrs. McKim, Mead & White, with the assistance of Dr. Goldwater, the hospital expert employed by the trustees, have been making excellent progress with the plans for the new surgical wards to be known as Pavilions L and M.

Some revision of the plans to permit a direct access from the ward to the Nurses' utility rooms was ordered by the Board, and, on Dr. Goldwater's advice, it was decided to omit the plumbing in one of the two surgical dressing rooms provided on each floor and to convert the room into a small ward. Two sets of revised specifications for the pavilions were received from the architects on August 9. Provision was made in these specifications for increasing the width of the balconies, installing a temporary sash in the opening of the loggias, increasing the height of the railings of the loggias and construct-in wind breaks on the east and west sides of the north and south balconies. All of these items were approved.

The question of the value of an artificial ventilating system was discussed in the Board at great length and the matter referred to Dr. Goldwater for his expert opinion. The specifications omitting the parts relating to the ventilation of the wards and to the installation of a fire alarm system upon which the architects were requested to furnish a report, received the approval of the Board on September 7. The sum set apart for the construction of these pavilions is $1,000,000.

Extension to Psychopathic Ward and Temporary Office Building.

Bids for the construction of an extension to the psychopathic ward were opened on July 1, and the lowest bid, that of Daniel J. Ryan for $12,340, was accepted.

Resolution of the Board of Estimate dated June 16 had previously been received appropriating $20,000 special revenue bonds for the construction of this extension, and also of the covered passageway leading from the administration building to the new medical pavilions.

Other Building Matters.

Amended plans and specifications for the alterations to Ward 31 were received from the architects in the middle of July. The Board approved of these plans, and authorized an advertisement for bids on the alterations.

The final payment of the Cooper & Evans Co. of their contract for the fence, walls and grounds of the Training School for Women Nurses was approved upon the recommendation of the architects, Messrs. Parish and Schroeder, an extension of time until the date of the completion of their contract being at the same time allowed, as the contractors were not responsible for the delay in the completion of their work.

Fire Alarm System.

Walter H. Ambrose was employed early in July to test the value of the present fire alarm system at Bellevue. His report was to the effect that the system could be rehabilitated and put into good working order at small expense. The changes and repairs recommended by Mr. Ambrose were referred to the General Medical Superintendent with instructions to have them carried out. In view of this report, it was decided not to provide for the installation of a new fire alarm system. The Acting President again requested the Department of Water Supply, Gas and Electricity to prepare the specifications already promised by them for the repair of the electric lighting fixtures, cut-outs, etc., in Bellevue Hospital.

Trees for the Grounds.

A set of blue prints with a prospective sketch to illustrate the proposed manner of planting trees in the grounds of the new hospital was received from the architects in July. After some consideration, these plans and specifications were approved. Nine thousand dollars is available for this purpose, together with the laying out of the grounds.

Psychopathic Service.

The Board adopted a resolution calling upon the relatives of insane patients to furnish the clothing for such patients whenever their pecuniary circumstances permit.

The matter of the selection and purchase of a new motor ambulance to be used in the psychopathic service was referred by the Board to the Acting President and the General Medical Superintendent with power. Toward the middle of September the new system of transporting these patients by ambulance instead of police wagon was put into operation with the ambulance facilities then existing, considerable difficulty having been encountered in preparing specifications for the special ambulance required for this service.

Medical and Miscellaneous.

The Trustees, having learned that fracture cases were frequently left to the care of the house staff, directed that these cases be cared for by the Visiting Surgeon on duty.

It was decided to discontinue the special treatment of alcoholism and drug habits under the supervision of Dr. Lambert, on account of the great expense involved in the employment of Special Nurses necessitated by the service.

Dr. Herbert L. Wheeler, in charge of the Dental Service, was requested to recommend a competent Dentist to act as dental interne in the hospital.

A valuable gift comprising several sets of books by standard authors was received in September from Dr. J. Ackerman Coles and was placed in the Library of the hospital.

Medical Appointments, Resignations, etc.

July 1, 1910—Dr. David W. MacKenzie, appointed Genito-Urinary Surgeon to Out Pataients and Adjunct Assistant Attending Genito-Urinary Surgeon, Second Division.

July 19, 1910—Dr. Philip A. Shaffer, Pathological Chemist, Second Division, resigned. Dr. Arthur M. Wright, Assistant Surgeon to Out Patients, was transferred from the Fourth to the Third Division. Dr. Herbert Jones was appointed senior interne on the Fourth Medical Division to fill the vacancy caused by the resignation of Dr. Simon F. Wade. Dr. J. W. Young, Assistant Gynaecologist to Out Patients, Second Division, resigned.

July 29, 1910—Dr. John R. Herrick, appointed Assistant Gynaecologist to Out Patients, Second Division. Dr. Edward L. Keyes, Jr., appointed Attending Genito-Urinary Surgeon on the Third Division in place of Dr. F. T. Brown, deceased. Dr. Sidney B. Tyron, appointed Anaesthetist, Third Division.

September 20, 1910—Dr. Daniel A. Sinclair, appointed Assistant Genito-Urinary Surgeon to Out Patients on the Fourth Division; Dr. Frederick W. Rice, appointed Assistant Physician to Out Patients on the Fourth Division; Dr. W. Ten Eyck Elmendorf, Assistant Physician to Out Patients on the First Division, resigned. Dr. Ward A. Holden, Consulting Ophthalmologist, resigned.

GOUVERNEUR HOSPITAL.

Suggestion was made that the Board of Health might be willing to transfer its trachoma clinic from the wooden building south of the hospital, providing some new location could be secured. This would leave the building available for an overflow from the Gouverneur Dispensary. The matter was taken up with the Health Commissioner, who expressed his willingness to co-operate, but no other available building was discovered.

The Obstetrical Service at the hospital was constituted a separate service under the charge of an Obstetrician who shall have no other service in the hospital wards. Under charge of a competent man this arrangement is expected to work greatly to the interest of the patients.

Complaint was made to the Department of Water Supply, Gas and Electricity concerning the delay in furnishing specifications for the lighting system in the hospital.

Information was received from the executors of the late Michael Horn of a bequest of $500 to Gouverneur Hospital contained in his will. It was resolved to place this money in a savings bank in the name of the Board of Trustees, the interest to be drawn upon by the President or the Secretary for use as the Supervising Nurse may desire for the benefit of the children in Gouverneur Hospital.

Medical Appointments, Resignations, etc.

On September 20, 1910, Dr. Thomas A. Cheatham, senior interne, resigned.

HARLEM HOSPITAL.

The purchase of a transformer for the X-Ray Department at Harlem Hospital was decided upon, obtaining, if possible, an allowance for the present coils.

Much difficulty has been experienced in the summer owing to the excessive temperature in the operating room. This has been overcome by the stretching of an awning over the skylight, as the temperature has been much reduced this summer. It has been possible also to keep the windows open, wire screens having been inserted.

The Department of Water Supply, Gas and Electricity has been asked to prepare a form of specifications for the installation of a fire alarm system at Harlem.

Medical Appointments, Resignations, etc.

July 1, 1910—Dr. Mark Heiman, appointed Clinical Assistant to Out Patients (dermatology), and Dr. S. D. Etkin, appointed Clinical Assistant to Out Patients (genito-urinary).

FORDHAM HOSPITAL.

Mr. Almirall, the Architect at Fordham Hospital, was asked early in the summer to prepare plans for the extension of the balconies at Fordham, an appropriation for this purpose having been allowed in the Corporate Stock Budget. Mr. Almirall's estimate of the cost was $29,500, a sum considerably in excess of the appropriation available, and he was accordingly requested to modify the plans. He suggested the preparation of alternate bids providing for the omission of certain portions of the work, but this was not regarded as satisfactory by the Trustees, and the preparation of the new plans and specifications was referred to a committee, consisting of the Architect, the General Medical Superintendent and Mr. Robbins, of the Building Committee. Later Dr. Brannan and Mr. Sachs were added to this committee to determine the extent of the changes of the alterations that should be required. The Department of Finance in the meantime declined to approve of a contract on the basis of 10 per cent. for the architect as requested by Mr. Almirall, and a 7½ per cent. basis was accordingly substituted.

Money for the construction of a new workshop on the grounds of Fordham Hospital has been voted, and plans for its construction are now under way.

The radiographic work at Fordham has been placed in charge of Dr. William H. Stewart, the Radiographer in charge of this work at Gouverneur and Harlem Hospitals.

Medical Appointments, Resignations, etc.

September 20, 1910—Dr. William H. Meyer, Radiographer, resigned, and Dr. A. M. Bell, Assistant Visiting Physician, resigned. Respectfully submitted,

JAMES K. PAULDING, Secretary, Board of Trustees.

Report for the Quarter Ending December 31, 1910.

New York, January 1, 1911.

Hon. WILLIAM J. GAYNOR, Mayor:

Sir—In behalf of the Board of Trustees of Bellevue and Allied Hospitals, I have the honor to present the following report for the three months closing on December 31, 1910:

The Department as a Whole.

In a statement prepared by the General Medical Superintendent concerning economies effected in the administration department during the first six months of 1910, it was estimated that the saving of coal caused by the use of buckwheat instead of pea coal amounted to $5,000; that on poultry, through the substitution of fowl for part of the chicken formerly asked for, $600; that on milk, caused by reduction of the requirements as to butter, fats, etc., $3,000; that on eggs secured through the appointment of an Egg Candler, $1,600; dressing gause, $2,500; saving on Nurses, Pupil Nurses being employed instead of Post Graduates, $5,916, or a total of $18,616.

In drawing specifications for the general supplies for the coming year, compliance was had with the recommendation of your Honor that contracts be awarded for six months only. In the case of milk, it was decided to advertise in March for the second six months of the year, and in the case of ice, some time during the spring. Arrangement was made to purchase the meat in carcass form, which is expected to result in a saving to the Department. In the specifications for ether, provision has been made to accept either Squibbs or Mallinckrodt, the latter being the less expensive kind of ether, through which equally satisfactory results have been achieved.

The Board received notice of an investigation to be undertaken by a Committee of the Board of Estimate into the plans, organization, methods, etc., in use in this Department, the Department of Health, and the Department of Public Charities, and will co-operate in every manner for the success of the proposed investigation. Previous to the receipt of this notfiication it had made request of the Commissioner of Accounts for an examination of the books of the Department and had received assurance that such examination would be made.

When the positions of the two Assistant Medical Superintendents were established, provision was made for the payment of a certain salary "with maintenance." As no specific amount was named at the time to include the maintenance, it was decided that this, in the case of the First Assistant should not exceed $100 a month, and in the case of the Second Assistant, $75 a month.

It has been decided to place all subpoena fees, except those paid to members of the house staff, in a special fund to be used for various charitable purposes.

A lease for the residence of the General Medical Superintendent, 58 W. 11th st., has been executed for a term of twenty-five months, beginning the first of September last.

An important subject, that of providing suitable education and training for midwives, was brought to the attention of the Board by Dr. Brannan. its President, and the matter was referred to him with authority to draw up a scheme of systematic instruction, to the end that steps may be taken immediately to meet the existing need in this direction.

The subject of wsate of steam in the wards of the hospital was referred for investigation to the General Medical Superintendent.

An important conference was had with the Deans of the several medical colleges in charge of the teaching at Bellevue Hospital, at which discussion was had upon the proper disposition of the unclaimed dead. It is hoped that a better system of co-operation between the several colleges concerned and the Pathological Department of the hospital may be brought about as a result of this meeting.

It was ordered that all operations on adenoids and tonsils shall be performed in the hospitals proper and no longer as in the past in the Out Patient Departments of the same.

A Joint Committee, to be composed of two members of the Board of Trustees, two members of the Medical Board, and two members of the Board of Managers of the Training School, to advise the Trustees on questions pertaining to the Training School, has been created.

BELLEVUE HOSPITAL.

Pathological Building and Men's Dormitory.

A request was made of the Board of Estimate for permission to amend the wording of the resolution providing $100,000 for the equipment and furnishing of the new building in order also to include its painting. An advertisement for furniture and fittings was authorized on November 22. At the same time it was provided that certain articles, at the discretion of the General Medical Superintendent, should be purchased in the open market. Bids on these specifications were received on December 1 and were accepted, with the exception of those on a few items not considered satisfactory by the Board.

The Architects, Messrs. McKim, Mead & White, reported the condition of these buildings on December 31 as follows:

The work of plumbing included in general contract has now been completed. All required tests, including that of final smoke test, have been made.

The fixtures for electric lights, except hall fixtures and fixtures in toilets, have been practically completed in the Male Dormitory, and the installation of fixtures in the Pathological Department is now going ahead.

New Surgical Pavilions.

Much progress has been made upon the plans for the new surgical wards to be contained in Pavilions L and M, in particular, the subject of the artificial ventilation of these wards has come in for earnest discussion, and in accordance with the advice of Dr. Goldwater, the Board's expert in hospital construction, it was decided to install exhaust ducts in the walls and to use a perforated sash board in the lower sash of each window. At the same time ample provision was made for open air treatment, it being decided to have an open air ward on the roof, and for this purpose the high walls surrounding the roof will be modified so as to permit of a view on the part of the patients. The general plans and specifications for the new pavilions were approved by the Trustees at their meeting on November 22, and request was made of the Board of Estimate to approve these amended plans and specifications. The cost of the construction as previously estimated and approved by the Board of Estimate and Apportionment is $957,000.

Extension of Psychopathic Ward.

The contractor for the extension to the Psychopathic Ward has asked for an extension of 60 days on his contract on the claim that he has been delayed through failure of the sub-contractor for steam fitting. His request was denied and he was told that he would be held strictly accountable for any delay in the completion of the work. For a time no progress was made with the building, and the Board was on the point of declaring the contract abandoned when the contractor once more put men to work and is now completing the building.

The architects report that the work is practically finished.

Temporary Passageway.

Bids for the construction of the temporary passageway leading from the administration building to Pavilions A and B were received on October 17, and the contract was awarded to J. M. Knopp, the lowest bidder, for $4,604. It has been found necessary to make a change in the stairway leading from the covered passageway to the extension of the psychopathic pavilion in order that patients can be carried up and down on stretchers.

The Boiler House.

The proposal of the P. J. Carlin Construction Company for installing in the new Boiler House a scale of three ton capacity at an estimated cost of $775, has been accepted. The Board has been assured that it could take possession of the new building on the first of January.

The architect's report on the condition of this building is as follows:

The building is fast approaching completion, and is now being painted. The boilers, steam mains, pumps, blowers, etc., is ninety per cent. completed.

New Laundry Building.

A request has been received from John H. Parker Company for an extension of time for a period of six to eight months on their contract for the Laundry Building. This request was referred to the architects for their recommendation, while the contractors were asked for detailed particulars of the cause for the delay. As a result, the Parker Company were allowed 90 days' extension. With this they are not satisfied and have addressed a protest to the Board.

Authority was given to the General Medical Superintendent to specify just how much laundry machinery shall be installed at the present time.

The architects report that rapid progress has been made on this building during the past quarter.

Other Building Matters.

It has been directed that the balcony railings on Pavilions A and B and in future sections of the hospital be made considerably higher in order to provide better protection and to frustrate possible attempts at suicide. The stairway leading to the fire escapes from the loggias of Pavilions A and B will hereafter be kept closed by means of grille gates. These gates will only be fastened with such fastenings as can readily be opened without the use of keys.

Fire Alarm System.

Information has been received that the water mains in the vicinity of Bellevue Hospital are insufficient in case of a large fire. This information was immediately reported to the Department of Water Supply, Gas and Electricity with the request that steps be taken to increase the water facilities in the neighborhood of the hospital. A plan for the protection of the hospital from fire was adopted at a meeting attended by the Building Committee of the Board of Trustees, the Consulting Engineers and the General Medical Superintendent. The fire alarm system installed in Pavilions A and B has been connected with the system now repaired in the main building. Provision has been made for a fire alarm system in the new surgical pavilions in accordance with the general plan adopted. Specifications have been prepared for the installation of an automatic sprinkler system in the hospital.

Medical Administration.

An important change has been carried out in the organization of the alcoholic service by putting the same under the direct charge of Dr. Gregory, the Resident Alienist in charge of the psychopathic wards. This will not interfere with participation in the alcoholic service by the members of the house staff as at present. It is expected to promote the cure of these patients by associating trained authority in the healing of mental diseases with those having their physical ailments in charge.

A rule has been made prohibiting the transfer from one ward to another in the hospital of any patients until such transfer has received the approval of the Visiting Physician or Surgeon in charge of the ward and of the Superintendent or his Assistant.

A committee has been formed to recommend means of diversion and recreation for the men employees in the new dormitory building.

Medical Appointments, Resignations, etc.

October 3, 1910: Dr. Stanley Brady, Assistant Physician to Out Patients, Fourth Division, resigned.

October 21, 1910: Dr. F. C. Holbrook, Assistant Surgeon to Out Patients, Fourth Division, resigned.

November 3, 1910: Dr. Arthur E. Hoag, appointed Assistant Surgeon to Out Patients, Second Division; Dr. Arthur L. Slocum and Dr. John Henry Wyckoff, Jr., appointed Assistant Physician to Out Patients, Fourth Division.

November 29, 1910: Dr. Henry Graefe, Interne, resigned; Dr. Samuel Alexander, Attending Genito-Urinary Surgeon, Second Division, died.

December 6, 1910: Dr. Emil Boehm, appointed Pathological Interne in the Second Division, to serve one year, dating from August 1, 1910.

December 20, 1910: Dr. Robert L. McCready and Dr. William M. Bradshaw, appointed Assistant Physician to Out Patients, First Division; Dr. Alfred C. Henderson, appointed Assistant Physician to Out Patients, Tuberculosis Service, First Division; Dr. Harry Hausman, appointed Assistant Genito-Urinary Surgeon to Out Patients, Third Division.

Dental Service.

December 27, 1910: Dr. William Carr, appointed Oral Surgeon to Dental Department.

GOUVERNEUR HOSPITAL.

Word was received from the Department of Finance on October 20 informing the Trustees that the powers of law delegated by chapter 703, Laws of 1894, were exhausted, and that the plot of ground lying to the south of Gouverneur Hospital could therefore not be assigned to the use of Gouverneur Hospital under that law. In view of the great need of a new dispensary building in connection with the hospital, the Trustees next urged the Commissioners of the Sinking Fund to take whatever action may be proper to secure the assignment of this lot as a site for a new out patient department building. The request in this form was again referred to the Corporation Counsel, who has not yet replied.

A communication from the State Charities Aid Association urging that provision be made in the Corporate Stock Budget for funds for the construction of a new out patient department building has been received and heed will be given to its request in the preparation of this Budget by the Trustees.

A change which is expected will greatly improve the Obstetrical Service at the hospital, is the appointment of a single Physician to be in charge of this service, thus making it a continuous one. Dr. George L. Brodhead was appointed to this position and he will have the services of an assistant.

A full set of plans and specifications for the revision of the lighting system of the hospital has been received. These were approved and referred to the General Medical Superintendent for the preparation of bids.

Medical Appointments, Resignations, etc.

October 21, 1910: Dr. Benjamin Schwartz, appointed Interne, to fill vacancy caused by the resignation of Dr. Thomas Cheatham. Dr. Archibald W. Taves, Physician to Out Patients and Assisting Visiting Physician, resigned.

November 3, 1910: Clinical Assistants to Out Patients were appointed as follows: Dr. Frank Friedman (female, medical), Dr. Max K. Fladen (tuberculosis), Dr. Leonard K. Gaves (nose and throat), and Dr. Benjamin Rosenthal (children). Dr. B. J. Beck, Assistant Surgeon to Out Patients, resigned.

November 15, 1910: Dr. Julius J. Goldstein and Dr. M. Rosenberg, appointed Clinical Assistants to Out Patients (children); Dr. William H. Friedman and Dr. Alexander Mansky, appointed Clinical Assistants to Out Patients (surgical). Dr. George L. Brodhead was appointed Attending Obstetrician.

December 6, 1910: Dr. Charles E. Perkins, Assistant Physician to Out Patients (nose and throat), resigned; Dr. Alfred Kahn, Clinical Assistant to Out Patients (nose and throat), resigned.

December 14, 1910: Dr. Benjamin Schwartz, Interne, resigned.

HARLEM HOSPITAL.

The principal change during the past quarter at Harlem Hospital has been the appointment of Mr. Cosmo D. O'Neil, formerly Assistant Superintendent at Bellevue, as a Superintendent in charge of the hospital. Some time ago the Board voted to appoint men Superintendents in place of the women Supervising Nurses in charge of the three Allied Hospitals. Funds, however, were not available at the time to carry out the change. Harlem Hospital has grown most rapidly, and it was therefore selected as the appropriate place to inaugurate the change of policy contemplated.

The condition of the floors in Harlem Hospital has been very unsatisfactory for some time, and experiment was made of having one of the ward floors scraped with a view of determining whether they could be improved by the work of our own employees, or whether it would be necessary to engage the services of some floor polishing concern.

Trouble having arisen by reason of the regulation requiring six months' experience on the part of an Interne before he is permitted to ride the ambulance, the Trustees inquired of the Harlem Medical Board whether it would not be advisable to return to the old 24 months' system as the term of the house staff instead of the 20 months which has been in practice as an experiment. Pending a decision of this question, the two Second Juniors were allowed to take transfers. This permission was afterwards made permanent, a change in the length of term being deemed undesirable.

Medical Appointments, Resignations, etc.

November 3, 1910: Dr. Henry G. Wincor, appointed Clinical Assistant to Out Patients (eye and ear); Dr. Gabriel Hamburger, appointed Clinical Assistant to Out Patients (surgery); Dr. George L. Rohdenburg, appointed Clinical Assistant to Out Patients (general medicine); Dr. L. H. Berliner, appointed Assistant Pathologist; Dr. Edmund L. Cocks, appointed Consulting Dermatologist; Dr. David Lazarus, appointed Clinical Assistant to Out Patients (surgery). Dr. M. J. Sheridan, who had been appointed a member of the house staff to go on duty March 1, 1911, resigned, and Dr. H. H. Ritter was appointed to fill the vacancy. Dr. J. B. Cohen, Clinical Assistant to Out Patients (surgical), resigned; Dr. Thomas G. Davis, Assistant Physician to Out Patients, resigned; Dr. H. B. Biscow and Dr. F. H. Collins, Assistant Physicians to Out Patients, dropped from the roll for neglect of duty.

December 6, 1910: Dr. Nathan B. Martin, Assistant Surgeon to Out Patients, dismissed, for non-attendance.

December 14, 1910: Dr. J. Radda, appointed Clinical Assistant to Out Patients (dermatology); Dr. Abraham J. Goldman, appointed Clinical Assistant to Out Patients (pediatrics); Dr. Samuel Schaeffer, appointed Clinical Assistant to Out Patients (surgery).

FORDHAM HOSPITAL.

Miss Jane Nash succeeded Miss F. Detwiller as Supervising Nurse in charge of Fordham Hospital, on October 1, 1910. Miss Nash was formerly Miss Wadley's Assistant in the Social Service work at Bellevue Hospital and is well qualified for performing the duties in her new position.

An approximate itemized estimate for the enlargement of the balconies at Fordham was received from Mr. Almiral, the Architect, under date of October 1. A set of specifications and drawings for such enlargement and also enclosure were received on November 16. These plans were approved and they were referred to the Board of Estimate for approval.

It has been resolved to establish a dental service at Fordham Hospital and a staff of dentists to operate there has been secured. The small room hitherto used as a waiting room for patients about to

be operated upon has been provided with a dental chair, and all other necessary arrangements for the new services have been completed.

Medical Appointments, Resignations, etc.

October 21, 1910: Dr. Joseph Stammers appointed Pathological Interne, to date from July 1, 1910.

November 29, 1910: Dr. James C. Harkins promoted to place of Physician to Out Patients and Assistant Attending Physician.

December 20, 1910: Appointment of Dr. Joseph Stammers as Pathological Interne changed to date from June 1, 1910.

Dental Service.

November 15, 1910: Dr. Waldo H. Mork, appointed Chief Dentist; Dr. Robert W. Taggart, Dr. Andrew H. Oeder, and Dr. Thomas J. Bartley, appointed Assistant Visiting Dentists.

Respectfully submitted,

JAMES K. PAULDING, Secretary, Board of Trustees.

Synopsis of Proceedings.

(Received at City Record Office, June 26, 1911.)

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, April 18, 1911.

Present—Dr. Brannan, the President; Messrs. Farley, Paulding, Robbins, Sachs and Stern, Trustees; and Mr. Drummond, Commissioner of Public Charities: Excused—Mr. O'Keeffe.

The minutes of the meetings of March 14 and 21, copies of which had been sent to each member, were held as read and approved.

Bills amounting to $127,127.68 were presented.

Dr. W. H. Smith, the General Medical Superintendent, reported as follows:

The number of pupils in the Mills Training School for men Nurses is now so small that it is possible and desirable to start the training school for Hospital Attendants. It is therefore recommended:

That a first class be admitted on or about May 15.

That a brief statement of the training proposed, and the conditions governing admission and retention, be printed, for the purpose of sending same to applicants for admission.

That the original recommendation providing for an advisory Board of Managers, composed of two laymen and one representative from each Division of the Medical Board, be amended to provide for an Advisory Board of Managers to be made up as follows: Two members of the Board of Trustees, two members of the Medical Board, and two laymen having no other connection with the hospital.

That all applicants shall be passed upon by both the General Medical Superintendent or his First Assistant, and the General Superintendent of Training Schools.

That the Second Assistant Medical Superintendent shall have the special duty of scrutinizing and supervising these Attendants in the wards, as regards their work, their conduct and their personality.

That applicants to be admitted must be approved by both the General Medical Superintendent and the General Superintendent of Training Schools.

That these Attendants may be discharged by either the General Medical Superintendent or the General Superintendent of Training Schools.

Authority was granted to convert all the grounds of the Bellevue Training School yard into a lawn, which may be used as croquet grounds by the Nurses.

Authority was granted to advertise for bids for such supplies as it may be necessary to contract for during the remainder of the year 1911.

The recommendations of the General Medical Superintendent in regard to the school for Hospital Attendants were all approved.

It was resolved to revert to the old system of contracting for the maintenance of the gas lighting fixtures in Bellevue Hospital.

It was resolved to ask the Commissioner of the Fire Department to direct an examination of the buildings of Bellevue Hospital, and to assign a Fireman to that hospital at all times.

On the recommendation of the Conference Committee of the First Division of Bellevue Hospital, appointments were made to that division as follows: Dr. Gerald Grout, Consulting Ophthalmologist; Dr. Edward C. Brenner, Assistant Physician to Out Patients, Tuberculosis Service; and Dr. J. P. Hoguet, Assistant Surgeon to Out Patients. Upon the further recommendation of that Committee, Dr. I. O. Woodruff and Dr. William M. Bradshaw were reappointed Assistant Physicians to Out Patients for the year 1911.

On the recommendation of the Conference Committee of the Second Division of Bellevue Hospital, Dr. Rolfe Floyd was promoted to the place of Physician to Out Patients and Adjunct Assistant Visiting Physician; Dr. T. Homer Coffen was appointed Assistant Physician to Out Patients; and Dr. B. Raymond Hoobler was appointed Externe in Clinical Pathology.

Upon the recommendation of the Conference Committee, the following appointments were made to Gouverneur Hospital: Dr. Thomas H. Russell, Assistant Surgeon to Out Patients; and Dr. Bernard Frankel, Dr. Philip Suffin, and Dr. Louis Nagorsky, Assistant Physicians to Out Patients. The recommendation that Dr. Thomas H. Russell be paid a salary was also approved.

On the recommendation of the Special Committee, composed of the President and General Medical Superintendent, it was resolved to defer action upon the recommendation of the Medical Board of Gouverneur Hospital that twenty additional salaried positions be created in the out patient department of that hospital until such time as the departmental estimate is being prepared for the year 1912.

The Committee on Supplies reported that careful consideration had been given to the complaint of Bloomingdale Brothers, and that while it was believed that the error in the attachment of the sketches must have been self-evident to the representatives of the contractor, as it was to the other bidders, it was deemed best, under the circumstances, to rescind the resolution awarding the contract for wood furniture, lines 8 to 12 inclusive, and to reject all bids received on these items. The report was adopted, and it was resolved to authorize a readvertisement for bids on these items.

The President submitted a list of bids received on April 11 for the reconstruction of the electric light system at Gouverneur Hospital, as follows: Anderson-Martin Electric Company, $6,320; The Phillips Manufacturing Company, $7,312; Cowden De Young, Inc., $7,900; T. Frederick Jackson, Inc., $8,288; New York Construction Company, $8,300; Electric Construction and Supply Company, $9,-461; A. L. Granger Company, $10,072.

Inasmuch as the lowest bid was in excess of the estimated cost furnished by the Department of Water Supply, Gas and Electricity, the bids were referred to that Department for opinion as to whether or not the lowest bid is fair and reasonable and should be accepted.

The President submitted a list of bids received on April 11 for the planting of trees within the grounds of the new Bellevue Hospital as follows: Charles L. Doran Contracting Company, $2,300; Evergreen Construction Company, $3,-040.95; William Young, $4,190.

The estimate of the lowest bidder was accepted.

A communication dated April 10 was received from Dr. Walter H. Conley, applying for the place of Assistant Medical Superintendent at Bellevue Hospital, and enclosing credentials. It was resolved to request Dr. Conley to be present at the next meeting of the Board of Trustees.

Reports were presented from the Medical Boards of Bellevue, Gouverneur, Harlem and Fordham Hospitals, dated March 1, 1911, February 1, 1911, December 28, 1910, and December 5, 1910, respectively, in regard to the Meltzer method of anaesthesia. Harlem and Fordham Hospitals both reported that they had not had sufficient experience with the method to give an opinion. The Gouverneur Hospital Medical Board withheld its approval for the same reason. The Bellevue Medical Board, however, recommended that the Meltzer apparatus, as modified by Elsberg, had been sufficiently tried to demonstrate its safety and its great utility in proper cases, and requested that such an apparatus be obtained for use in Bellevue Hospital, but that its use be restricted to persons who are familiar with its action.

Referred to the Committee on Medical Affairs.

A communication dated April 15 was received from Daniel J. Ryan, requesting an extension of time on his contract for the extension of the psychopathic pavilion. It was resolved to reply that the request would be considered after the work had been certified completed by the architects, and in the interval to refer the request to the Building Committee.

A communication dated April 8 was received from Dr. Goldwater, suggesting that following the completion of the plans and specifications for Pavilions L and M and I and K, that the architects be urged to proceed with the plans for the remainder of the hospital with all possible despatch.

It was resolved to request the architects to do so.

Communications dated April 13 and 14 were received from Dr. Goldwater, containing suggestions for temporary arrangements for administration purposes, dining rooms, etc., to be made in Pavilions I and K pending the completion of the remainder of the hospital.

These letters were referred to the Building Committee and General Medical Superintendent with power.

A communication dated April 7 was received from McKim, Mead & White enclosing estimate received from Reis & O'Donovan, amounting to $485, for the installation of lighting fixtures in the new boiler house. This estimate was referred to the Building Committee with power to accept, provided the approval of the Department of Water Supply, Gas and Electricity is obtained.

The minutes of the meeting of the Medical Board of Fordham Hospital, held on April 3, were presented. The resignation of Dr. Charles Ginsberg as Assistant Surgeon to Out Patients, was accepted, and the nomination of Dr. Walter D. Weil referred to the Conference Committee.

A resolution adopted on March 21 by the Board of Aldermen, authorizing the issue of special revenue bonds to the amount of $6,000, for the purpose of providing means for the establishment of a training school for midwives, was presented.

A communication dated March 10 was received from Dr. Thomas J. Bartley, resigning from the place of Assistant Visiting Dentist to Fordham Hospital. The resignation was accepted.

A communication dated April 5 was received from the Board of Estimate and Apportionment, transmitting copies of seven resolutions adopted by that Board on March 30, as follows: (1) Amending resolution by striking from the fund "C-BH-13" the sum of $3,289.48; (2) amending resolution reducing the appropriation for the construction of Harlem Hospital from $213,000 to $210,500; (3) authorizing the issue of $2,500 to provide for the installation of floors of concrete construction on the balconies of Harlem Hospital; (4), recommending the establishment of grades of Hospital Attendant at $240, $300, $360, $420, and $480; (5), modifying the salary schedules for the year 1911; (6), transferring $400 within the appropriations for the year 1911; (7), transferring $150 within the appropriations for the year 1910.

The minutes of the meeting of the Medical Board of Bellevue Hospital, held on April 1, were presented.

The report in regard to the transfers from the outlying services was approved.

It was resolved that a copy of the report upon the obstetrical service should be forwarded to each member and made a subject for special consideration at next meeting.

A communication was received from the Comptroller directing that the day camp "Westfield" be moved to some other location, as in its present situation it interferes with a public bathing station.

This communication was referred to the President with power.

It was resolved to authorize the President, after consultation with the Comptroller, to make whatever changes he may consider necessary in the Corporate Stock Budget which has been submitted to the Board of Estimate and Apportionment, so far as relates to the School for Hospital Attendants and the extension of the Bellevue Training School.

Adjourned.

BOARD OF ESTIMATE AND APPORTIONMENT.

Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment, held June 8, 1911, three petitions were received from the Lakeville Holding & Development Company, for the right to construct, maintain and operate bridges over and across:

(a) Alley road,
(b) Little Neck road,
(c) Clinton avenue,

—in the Borough of Queens.

And at the meeting held this day, the following resolutions were adopted:

Whereas, At the meeting of the Board of Estimate and Apportionment held June 8, 1911, petitions, dated June 1, 1911, were presented from the Lakeville Holding & Development Company, Inc., for the right to erect bridges over Alley road, Little Neck road and Clinton avenue, in the Borough of Queens.

Resolved, That this Board sets Thursday, the 6th day of July, 1911, at 10.30 o'clock in the forenoon, and Room 16, City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause due notice of said public hearing to be published in the CITY RECORD.

JOSEPH HAAG, Secretary.

Dated New York, June 22, 1911. j24,jy6

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held May 25, 1911, the following petition was received:

To the Board of Estimate and Apportionment:

The petition of the Twenty-eighth and Twenty-ninth Streets Crosstown Railroad Company, respectfully shows:

That it is a Street Surface Railroad Corporation, organized under the Laws of the State of New York, and is now engaged in operating a railroad by electrical storage battery, between 23d street and North River and 34th street and East River, in the Borough of Manhattan, City of New York, through streets and avenues including 28th and 29th streets. The discontinuance of the Pennsylvania Ferry at West 23d street and the Hudson River, and the use of the new Pennsylvania Terminal at 33d street and 7th avenue, a large amount of passenger traffic which formerly passed over petitioner's railroad has been diverted to such terminal, and is lost to your petitioner.

That your petitioner's road is operated through 28th and 29th streets, two important crosstown thoroughfares of the City, and it transports passengers to a section of the City not reached by any other crosstown road, there being no other crosstown railroad near the applicant's lines. For the distribution of such traffic, your petitioner desires and proposes to construct an extension or branch thereof, upon and over the following route:

"Commencing at 28th street and 7th avenue; thence northerly, in or upon 7th avenue, with double tracks to 32d street; thence again northerly, in or upon 7th avenue, with a single track to 33d street; thence westerly, in or upon 33d street, with a single track to 8th avenue; thence southerly, with a single track, in or upon 8th avenue to 31st street; thence easterly, in or upon 31st street, with a single track to 7th avenue, connecting with the double-track proposed to be constructed thereon."

Wherefore, your petitioner prays that the right or franchise authorizing the construction and operation of a road upon the route aforesaid be given under the provisions of the Greater New York Charter, and of the Railroad Law applicable thereto.

Dated New York, May 12, 1911.

TWENTY-EIGHTH & TWENTY-NINTH STREETS CROSSTOWN RAILROAD COMPANY,

By Jos. B. MAYER, Receiver.

City of Buffalo, County of Erie, State of New York, ss.:

Jos. B. Mayer, being duly sworn, deposes and says:

That he is the Receiver of the Twenty-eighth and Twenty-ninth Streets Crosstown Railroad Company, the petitioner above named; that he has read the foregoing petition and knows the contents thereof, and that the same is true to the knowledge of deponent, except as to the matters therein stated to be alleged upon information and belief, and as to these matters he believes it to be true.

JOS. B. MAYER.

Sworn to before me, this 12th day of May, 1911.

(SEAL) A. F. TIDESWELL, Notary Public in and for Erie County.

State of New York, County of Erie, ss.:

I, John H. Price, Clerk of the County of Erie, and also Clerk of the Supreme and County Courts for said County, the same being Courts of Record, do hereby certify that A. F. Tideswell, whose name is subscribed to the certificate of the proof, acknowledgment or affidavit of the annexed instrument in writing, was, at the time of taking such proof, acknowledgment or affidavit, a Notary Public in and for said County, duly commissioned and sworn and authorized to take and certify the same; and further, that I am well acquainted with the handwriting of such Notary Public and verily believe the signature to the said certificate of proof, acknowledgment or affidavit is genuine.

In Witness Whereof, I have hereunto set my hand and affixed the seal of said County and Courts at Buffalo, this 12th day of May, 1911.

No. 6319. J. H. PRICE, Clerk.

—and at the meeting of June 8, 1911, the following resolutions were adopted:

Whereas, The foregoing petition from the Twenty-eighth & Twenty-ninth Streets Crosstown Railroad Company, dated May 12, 1911, was presented to the Board of Estimate and Apportionment at a meeting held May 25, 1911,

Resolved, That in pursuance of law this Board sets Thursday, the 6th day of July, 1911, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least fourteen (14) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner. ("The Sun" and "Evening Mail" designated.

New York, June 8, 1911. j23,jy6

PUBLIC NOTICE IS HEREBY GIVEN THAT at a meeting of the Board of Estimate and Apportionment, held May 25, 1911, the following petition was received:

To the Board of Estimate and Apportionment of The City of New York:

The petition of the Riverside Light & Power Company respectfully shows:

1. That your petitioner is an electric light and power company organized under the transportation corporation laws of the State of New York, and has its principal office at 40 10th avenue, Manhattan, New York City.

2. That on information and belief, prior to the year 1898, Joseph and John E. Conron, doing business as copartners under the firm name of Conron Bros., constructed a plant or apparatus on the west side of 12th avenue, between 130th and 131st streets, for the purpose of generating electricity, and also installed conduits or pipe lines below the surface of the ground containing electric wires or conductors under and within the right of way of the New York Central and Hudson River Railway Company, and crossing Manhattan, 131st, 132d and 133d streets, for the purpose of supplying electric current for light and power in the buildings occupied by the various meat, poultry and produce concerns west of 12th avenue and adjacent to said avenue and said streets.

3. That at said time and for a number of years thereafter there were no means by which any of the occupants of said buildings could secure electricity for light or power excepting from said Conron Bros., there being no electric wires or conduits either over or under the streets anywhere in the vicinity of said buildings. That the business conducted in the said buildings then consisted and still consists almost entirely of selling beef, poultry and produce, and necessitated the maintenance of large refrigeration or ice boxes, into which daylight could not penetrate, and in which artificial light was necessary, and until the installation of the electric plant of said Conron Bros. it had been necessary to use lanterns and candles for the illumination of said boxes, that business could not be properly conducted therein, and the need for electric light was imperative. That said Conron Bros. applied to the Mount Morris Electric Light Company (which deponent is informed and believes at that time had a franchise to supply electric light within the said territory and to use the streets for that purpose), before installing their electric plant, for electricity for light and power, and said Mount Morris Electric Company refused to supply same, stating that it would not pay it to go way over to 12th avenue for that purpose.

4. That in or about 1902, said Conron Bros., incorporated under the name of Conron Bros. Company, under the Laws of the State of New York, and transferred the business and property owned by said Conron Bros. to said Conron Bros. Company, and since said time said Conron Bros. Company has continued to supply electricity for light and power to the occupants of the buildings along the avenue and the streets mentioned.

5. That recently said Conron Bros. Company was notified by the representatives of the City in the Division of Franchises, that as its wires crossed City streets it would be necessary to incorporate under the transportation corporation laws and apply for a franchise to maintain wires in the said streets and said avenue where they have been for many years.

6. That in compliance with the demand of the City authorities, Joseph Conron, John E. Conron, and Charles F. Kelley, the owners of over ninety per cent. of the stock of Conron Bros. Company, have organized the "Riverside Light & Power Company" under the laws of the State of New York, for the purpose of applying for a franchise as required by the said authorities, and in order to continue to supply electricity for light and power to the said tenants of the buildings along the avenue and streets heretofore mentioned.

7. That recently said Joseph Conron, John E. Conron and Charles F. Kelley, on behalf of the said Conron Bros. Company, and in compliance with the demand made by the Department of Franchises, applied for and received a franchise to maintain and install refrigeration pipes or conduits across said streets and said avenue, and it is in said conduits that the electric conductors or wires of the Riverside Light & Power Company have and will be maintained, with the consent of The City of New York.

8. That said Conron Bros. Company recently purchased two lots on the north side of 131st street, 100 feet east of 12th avenue, and intends to remove its refrigeration and electric plant to said premises, from where they are now located, on the west side of 12th avenue, between 130th and 131st streets, upon the expiration of the lease covering the premises in which said plants are now located, and that by reason thereof it will be necessary to cross 12th avenue with the electric wires or conductors as well as with the refrigeration pipes heretofore mentioned.

Wherefore, your petitioner prays your Honorable Board for a franchise to construct, maintain and operate certain conduits with the necessary branches and extensions therefrom leading into private property, for the sole purpose of supplying electricity for light and power; the same to be constructed and operated beneath the surface of the streets and avenue situate within the Borough of Manhattan, City of New York, within the district bounded as follows:

Beginning at a point in the easterly line of the marginal street adopted by the Commissioner of Docks, February 27, 1907, where the same intersects the centre line of West 134th street, running thence easterly along the centre line of 134th street to the centre line of 12th avenue; thence southerly along the centre line of 12th avenue to the northerly line of 131st street; thence easterly along the northerly line of 131st street to a point 125 feet east of the easterly line of 12th avenue; thence southerly to the centre line of 131st street; thence westerly along the centre line of 131st street to the centre line of 12th avenue; thence southerly along the centre line of 12th avenue to the centre line of 129th street; thence westerly along the centre line of 129th street to the easterly line of the marginal street heretofore mentioned; thence northerly along said line to the centre line of 134th street, the point or place of beginning.

Dated New York, May 16, 1911.

RIVERSIDE LIGHT & POWER COMPANY,

By JOSEPH CONRON, President.

City and County of New York, ss.:

Joseph Conron, being duly sworn, says: That he is the president of Riverside Light & Power Company, the petitioner named in the foregoing petition; that the foregoing petition is true to his own knowledge, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true; that the reason this verification is made by deponent and not by the petitioner is that the petitioner is a corporation and deponent is an officer thereof, to wit, the president, duly authorized by the board of directors to verify said petition.

JOSEPH CONRON.

Sworn to before me this 16th day of May, 1911.

HUGH F. WESTON, Notary Public, New York County.

—and at the meeting of June 8, 1911, the following resolutions were adopted:

Whereas, The foregoing petition from the Riverside Light & Power Company, dated May 16, 1911, was presented to the Board of Estimate and Apportionment at a meeting held May 25, 1911.

Resolved, That in pursuance of law this Board sets Thursday, the 6th day of July, 1911, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner. (The "New York Herald" and the "New York Press" designated.)

JOSEPH HAAG, Secretary.

New York, June 8, 1911. j23,jy6

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Southern Boulevard Railroad Company has under date of October 27, 1910, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway as an extension to its existing system upon and along Southern boulevard from Boston road to Pelham avenue in the Borough of The Bronx; and

Whereas, Section 172 of the Railroad Law and Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on November 11, 1910, fixing the date for public hearing thereon as December 9, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Evening Sun" and "New York Press," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to The Southern Boulevard Railroad Company and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by The Southern Boulevard Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Southern Boulevard Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying **all the terms** and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract, in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of , 1911, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and The Southern Boulevard Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track street surface railway as an extension to its existing railway, with the necessary wires and equipment, for the purpose of conveying passengers only, in the Borough of The Bronx, in The City of New York, upon the following route; to wit:

Beginning at and connecting with the existing tracks of the Company in Southern boulevard at its intersection with Boston road; thence in a general northerly direction in and upon said Southern boulevard to and connecting with the existing tracks of the Union Railway Company of New York City in Pelham avenue, and to cross such other streets and avenues, named and unnamed, as may be encountered in said route. Provided, however, that nothing in this contract shall be construed as permitting more than a double track street surface railway in any portion of Southern boulevard.

The said route with turnouts, switches, and crossovers hereby authorized is shown upon a map entitled:

"Map showing Proposed Extension of The Southern Boulevard Railroad Co. in the Borough of The Bronx, City of New York, to accompany petition dated October 27, 1910, to the Board of Estimate and Apportionment,"

—and signed by Edward A. Maher, President, and T. F. Mullaney, Chief Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, main-

tain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until March 1, 1924, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of One Thousand Dollars ($1,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than six hundred dollars ($600), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of Six Hundred Dollars ($600).

During the second term of five (5) years an annual sum which shall in no case be less than Eleven Hundred Dollars ($1,100), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of Eleven Hundred Dollars ($1,100).

During the remaining term, expiring March 1, 1924, an annual sum which shall in no case be less than Twelve Hundred Dollars ($1,200), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of Twelve Hundred Dollars ($1,200).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30, next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the route hereinbefore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment or any structures used in connection therewith, in streets and avenues hereinbefore described shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if, in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board and the Board may fix a percentage upon the cost to be paid to the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render necessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board, or from the date of the order of the Appellate Division of the Supreme Court made pursuant to section 174 of the Railroad Law confirming the determination of the Commissioners appointed thereunder that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums paid or which may be deposited with the Comptroller of the City as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board, the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power, except locomotive steam power or horse-power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Twelfth—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof within the limits of the City.

The Company shall carry free upon the r way hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curblines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twentieth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of The Bronx, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues, the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damages to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-sixth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-seventh—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company, specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of Two Hundred and Fifty Dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-ninth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of Three Thousand Dollars ($3,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of Fifty Dollars ($50) per day for each day of violation, and the further sum of Ten Dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of a violation of the provisions relating to those matters, all of which sums may be deducted from the said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of Three

Thousand Dollars ($3,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5, and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by The Southern Boulevard Railroad Company and the said form of proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 6, 1911, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to Thursday, July 6, 1911, in two (2) daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of The Southern Boulevard Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment before authorizing any contract for the grant of the franchise or right applied for by The Southern Boulevard Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right and before adopting any resolution authorizing such contract, will at a meeting of said Board to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, July 6, 1911, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Dated New York May 25, 1911. j12,jy6

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment, held this day, the following resolutions were adopted:

Whereas, This Board did, by resolution adopted March 2, 1911, and approved by the Mayor March 7, 1911, authorize the Mayor to execute and deliver a contract for the grant of a franchise to the Nassau Electric Railroad Company for the construction, maintenance and operation of a street surface railway extension upon and along Flatbush, 4th and Atlantic avenues, Borough of Brooklyn; and

Whereas, Said contract contained the following provision, being section 3 thereof:

"This contract shall not become operative until the Nassau Company shall procure to be executed and approved in proper form for record, and duly delivered to the Board of Estimate and Apportionment, an agreement with the Brooklyn City Railroad Company and the Brooklyn Heights Railroad Company, its lessee, wherein they shall agree to permit the use of such portions of their track in Atlantic and Flatbush avenues as may be necessary for the convenient operation of the tracks herein authorized by the Nassau Electric Railroad Company, its successors or assigns, The City of New York and any other company to which the City may hereafter grant or lease rights."

Whereas, The Nassau Electric Railroad Company has advised the Board the proposed agreement accompanying the aforementioned contract is not acceptable to The Brooklyn City Railroad Company as, in its opinion, said agreement does not correctly and clearly set forth the intent and meaning of the parties thereto, and has submitted a supplementary agreement which cures this defect, which all companies interested are willing to execute in addition to the agreement accompanying the contract, and such supplementary agreement has been approved by the Corporation Counsel; now, therefore, it is

Resolved, That the following form of resolution authorizing the execution and delivery of said supplementary agreement and containing said form of supplementary agreement, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby adopts and accepts the form of agreement to be executed by the several companies parties thereto and The City of New York, in addition to and as a supplement to the contract and agreement authorized by resolution adopted by the Board March 2, 1911, and approved by the Mayor March 7, 1911, and the Mayor of The City of New York be and he hereby is authorized to execute and deliver such supplementary agreement simultaneously with the execution of the contract granting a franchise to The Nassau Electric Railroad Company to construct, maintain and operate a street surface railway upon and along Flatbush, 4th and Atlantic avenues, Borough of Brooklyn, as follows, to wit:

Proposed Form of Agreement.

Agreement made this day of , 1911, between The Brooklyn City Railroad Company (hereinafter called the Brooklyn Company), party of the first part, The Brooklyn Heights Railroad Company (hereinafter called the Brooklyn Heights Company), party of the second part, The Nassau Electric Railroad Company (hereinafter called the Nassau Company), party of the third part, and The City of New York (hereinafter called the City), party of the fourth part.

Whereas, The execution and delivery of an instrument of agreement between the parties hereto, the same bearing even date herewith, has been duly authorized by the parties hereto upon the understanding that the true intent and meaning of the words thereof hereinafter quoted is as hereinafter set forth and provided; and

Whereas, Doubts on the part of the Brooklyn Company have arisen as to whether such true intent and meaning of such portion of such instrument be correctly and clearly represented by the language thereof, and the parties hereto have agreed that at the time of the delivery thereof any existing ambiguity therein shall be made clear and such doubts shall be set at rest by this instrument, the execution of which shall have been duly authorized for all the parties hereto in like manner as was the said agreement bearing even date herewith; and

Whereas, Such portion of said agreement so bearing even date herewith is in the following words, to wit:

"Now, therefore, in consideration of the premises and of the sum of one dollar ($1) by each of the parties of the first, second and third parts to the other paid, the receipt whereof is hereby acknowledged, the parties of the first, second and third parts do hereby covenant and agree with each other and with the party of the fourth part that the Nassau Company may connect its tracks with those of the Brooklyn Company in Flatbush avenue, the Nassau Company enjoying with the Brooklyn Company and the Brooklyn Heights Company, a right in common to the use of the tracks and appurtenances of the Brooklyn Company in said street and the Brooklyn Company and the Brooklyn Heights Company further covenant and agree to allow such joint use of their tracks and appurtenances by the Nassau Company, its successor and assigns, or by the City or by any other company to which the City may hereafter grant or lease any rights on said street, to wit: Flatbush avenue, between Atlantic avenue and the point of intersection of said extension with the easterly bound track of the Brooklyn Company in Flatbush avenue."

Now, therefore, in consideration of the premises and the sum of one dollar ($1) by each of the parties hereto to the other paid, the receipt whereof is hereby acknowledged, the parties do hereby mutually covenant and agree that the true meaning of the said words hereinbefore quoted from the said agreement bearing even date herewith, was intended to be and is the same as if the said words, instead of reading as they do in the said agreement bearing even date herewith, read as follows, to wit:

"Now, therefore, in consideration of the premises and of the sum of one dollar ($1) by each of the parties of the first, second and third parts to the other paid, the receipt whereof is hereby acknowledged, the parties of the first, second and third parts do hereby covenant and agree with each other and with the party of the fourth part that the Nassau Company may connect its tracks with those of the Brooklyn Company in Flatbush avenue *as hereinbefore recited*, the Nassau Company enjoying with the Brooklyn Company and the Brooklyn Heights Company, a right in common to the use of the tracks and appurtenances of the Brooklyn Company in *that portion of Flatbush avenue lying between Atlantic avenue and the point of intersection of said extension with the easterly bound track of the Brooklyn Company in Flatbush avenue*, and the Brooklyn Company and the Brooklyn Heights Company further covenant and agree to allow such joint use of their tracks and appurtenances *in the portion of Flatbush avenue hereinbefore specified*, by the Nassau Company, its successors and assigns, or by the City, or by any other company to which the City may hereafter grant or lease any rights *in* said *portion* of Flatbush avenue."

And it is further agreed that the said agreement bearing even date herewith is delivered upon the express understanding that the meaning of the said portion thereof is and shall be as hereinbefore lastly set forth, and not otherwise.

In witness whereof, the Brooklyn Company, the Brooklyn Heights Company and the Nassau Company have caused these presents to be executed on their behalf by their Presidents, and their corporate seals to be hereunto affixed and attested by their Secretaries, and The City of New York, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of the said City, caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, all the day and year first above written.

Resolved, That these preambles and resolutions and said form of supplementary agreement, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Thursday, July 6, 1911, in the CITY RECORD, and at least twice (2) during the ten (10) days immediately prior to Thursday, July 6, 1911, in two (2) daily newspapers to be designated by the Mayor therefor, and published in The City of New York, at the expense of The Nassau Electric Railroad Company, together with the following notice, to wit:

"Notice is hereby given that the Board of Estimate and Apportionment before authorizing the execution and delivery of the aforementioned supplementary agreement and before adopting any resolution authorizing such supplementary agreement, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Thursday, July 6, 1911, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard."

JOSEPH HAAG, Secretary.
Dated New York, June 8, 1911. j12,jy6

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following resolutions were adopted:

Whereas, The City of New York, by an ordinance adopted by the Board of Aldermen July 26, 1904, and approved by the Mayor August 2, 1904, granted to the New York, Westchester and Boston Railway Company the right to construct, maintain and operate a four-track railroad upon certain routes, particularly set forth in Section 1 of said ordinance, and which ordinance, including all the terms and conditions thereof, was accepted by said Company by an instrument in writing duly filed with the Comptroller of The City of New York on August 13, 1904; and

Whereas, The Board of Estimate and Apportionment, by resolution adopted July 14, 1905, and approved by the Mayor July 21, 1905, consented to certain modifications or alterations in the aforesaid routes; and

Whereas, Said ordinance was further amended by contract between the City and the Company, dated January 29, 1909; and

Whereas, The said Company has petitioned the Board of Estimate and Apportionment, by petitions verified March 6 and May 2, 1911, for the consent of The City of New York to certain modifications and alterations in said routes and to certain modifications and amendments in the terms and conditions of the aforesaid ordinance, as amended by the resolution approved July 21, 1905, and by the contract dated January 29, 1909, as is fully set forth in said petitions; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on March 16, 1911, fixing the date for a public hearing on the first of said petitions as April 27, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Press" and the "New York Times," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, In pursuance of such laws, this Board adopted a resolution on May 11, 1911, fixing the date for a public hearing on the second of said petitions as May 25, 1911, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the "New York Sun" and "Evening Mail," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, The said Board has made inquiry as to the proposed modifications and amendments of said ordinance as heretofore amended; now, therefore, it is

Resolved, That the following form of resolution for the consent or right applied for by the New York, Westchester and Boston Railway Company, containing the form of proposed contract for the grant of such right, be hereby introduced and entered in the minutes of this Board, as follows to wit:

Resolved, That the Board of Estimate and Apportionment hereby consents to certain changes, alterations and amendments in the route of the New York, Westchester and Boston Railway Company as granted by an ordinance of the Board of Aldermen approved by the Mayor August 2, 1904, as amended by resolution of the Board of Estimate and Apportionment approved July 21, 1905, and by contract dated January 29, 1909, and the right to cross certain streets, avenues, highways and public places and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad and that the said Board also consents to certain modifications in the terms and conditions of the said ordinance as heretofore amended, such changed, altered or amended route and such modified terms and conditions being fully set forth and described in the following form of proposed contract for the grant thereof, embodying such terms and conditions as modify or alter said ordinance of the Board of Aldermen as heretofore amended, which said ordinance as heretofore amended otherwise remains unchanged as to all the other terms and conditions expressed therein, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of , 1911, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York, Westchester and Boston Railway Company (hereinafter called the Company), party of the second part, witnesseth:

Whereas, The City did by ordinance approved by the Mayor August 2, 1904, grant to the Company the right to cross certain streets and highways and the privilege to construct and operate a four-track railroad upon certain routes particularly set forth in Section 1 of said ordinance, and as shown on certain maps and profiles therein referred to and filed in the office of the County Clerk of the City and County of New York, on the 23d day of June, 1904; and

Whereas, The Board did on July 14, 1905, adopt a resolution which was approved by the Mayor July 21, 1905, consenting to a change in the route of the Company; and

Whereas, The Board did on November 20, 1908, adopt a resolution which was approved by the Mayor November 30, 1908, authorizing the execution and delivery of a contract modifying and altering certain of the terms and conditions of the said ordirance of the Board of Aldermen approved by the Mayor August 2, 1904, as amended by the said resolution of the Board of Estimate and Apportionment approved by the Mayor July 21, 1905, and said contract so authorized was executed by the President and Secretary of the Company on January 29, 1909, and by the Mayor and City Clerk February 8, 1909, and bears the former date; and

Whereas, In and by said ordinance as amended by said resolution and said contract, the consent of the City was granted to the Company for the construction, maintenance and operation of the said railroad across certain enumerated streets, avenues or highways, either above or below the grade thereof within said City upon certain conditions therein fully set forth; and

Whereas, The Company has applied to the Board as the local authority of the City by a petition verified March 6, 1911, for the consent of such local authority to certain modifications and amendments in the ordinance approved by the Mayor August 2, 1904, as amended by resolution approved by the Mayor July 21, 1905, and by contract dated January 29, 1909, to wit:

1. By extending the time for the completion of a four-track railroad from the northerly line of the City south to East 174th street, one year, by amending section 5, paragraph 1 of said ordinance of August 2, 1904, as amended by said contract dated January 29, 1909, by changing the figures "1911" to "1912."

2. By permitting the temporary use of steam locomotive power by inserting in section 2, subdivision 15 of said ordinance of August 2, 1904, as amended by said contract dated January 29, 1909, after the words "except locomotive steam power," the following:

"Said New York, Westchester and Boston Railway Company may also operate the said railroad by steam locomotive power for a period of one year from September 1, 1911, and for such further periods as may be permitted by the Board of Estimate and Apportionment not exceeding in all a total period of two years."

—and

Whereas, On the 10th day of December, 1910, the Board of Directors of said Company at a meeting of said Board of Directors duly held on said date, and by a vote of two-thirds of all the Directors of said Company, adopted a resolution altering and amending the route of the said Company as amended by the said resolution of July 21, 1905, and the said contract dated January 29, 1909, and which alterations and amendments are shown upon a certain map dated December 10, 1910, entitled:

"Map and Profile of New York, Westchester and Boston Railway, for New York County, New York, part of sections 1, 2 and 3 being map and profile of that part of the route of the main line of said Railway Company within said County extending from a point between Ludlow avenue and Westchester avenue east of Whitlock avenue in the Borough of The Bronx, City of New York, to a point in White Plains road near its intersection with Sagamore street in said Borough and City, and

"Map and profile of that part of the route of the Branch Line of said Railway Company within said County extending from a point in 177th street between Van Nest avenue and Berrian street in said Borough and City to a point in Bronx Park avenue between Chanute avenue and Craighill avenue in said Borough and City.

"All as altered, changed, amended and adopted by affirmative vote of two-thirds of all the directors of the said Company on the 10th day of December, 1910,"

—and signed by the Chief Engineer, President, Secretary and ten directors, which map was filed in the office of the County Clerk of New York County on May 1, 1911; and

Whereas, The Company has applied to the Board as the local authority of the City by a second petition verified May 2, 1911, for the consent of such local authority for such change, alterations and amendments to the route of said railroad and for the right to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on said amended route and for the modification of the said ordinance, resolution and contract in accordance therewith and for the further consent of such local authority to certain other modifications and amendments in the ordinance approved by the Mayor August 2, 1904, as amended by resolution approved by the Mayor July 21, 1905, and by contract dated January 29, 1909, to wit:

1. That the description of the main line of the Company as contained in Section 1 of the contract of January 29, 1909, be altered and amended between a point at or near 174th street and a point at or near Adams street.

2. That the description of the branch line of the Company as contained in Section 1 of the contract of January 29, 1909, be altered and amended between its point of divergence from the main line and a point at or near Bronx River avenue between Chanute and Craighill avenues.

3. By striking out in section 2, subdivision First of the contract of January 29, 1909, the whole of the paragraph entitled:

"Connection with the Present Subway-Elevated Route at West Farms Road,"

—and substituting therefor the following:

"In Connection with the Present Subway-Elevated Route (Interborough Rapid Transit Company).

"Beginning at a point on the main line of the New York, Westchester and Boston Railway Company at or near Adams street; thence running southwesterly, crossing 180th street between Morris Park avenue and Berrian street (or Bronx park avenue); thence crossing Berrian street and Lebanon street at or near their intersection; thence crossing 179th street and Devoe avenue at or near their intersection; thence crossing Bronx street between Clover street and Walker avenue, and thence to a connection with the Interborough Rapid Transit Railroad on Boston road between Clover street and Walker avenue."

4. By adding to section 2, subdivision Ninth of the ordinance of August 2, 1904, a clause permitting superstructures of a greater width than sixty (60) feet at certain designated points and the construction of platforms and a station across certain designated streets within the width of the increased superstructures.

—and

Whereas, After due publication, public hearings were held by the Board upon the modifications and amendments contained in the first of the above petitions on the 27th day of April, 1911, and upon the modifications and amendments contained in the second of said petitions on the 25th day of May, 1911; and

Whereas, The Board has made inquiry as to the proposed modifications and amendments of said ordinance of 1904, resolution of 1905, and contract of 1909; and

Whereas, On the day of , 1911, the Board, as the local authority of the City, adopted a resolution granting to the Company the right to make such changes, alterations and amendments to the route of said railroad and the right to cross certain streets, avenues, highways and public places, and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, and gave its consent to the other modifications in the ordinance approved by the Mayor August 2, 1904, as amended by resolution approved by the Mayor July 21, 1905, and by contract dated January 29, 1909, and authorized the Mayor to execute and deliver a contract granting such rights in the name and on behalf of the City, which resolution was approved by the Mayor on the day of , 1911.

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree, as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right to make such changes, alterations and amendments to the route of said railroad and the right to cross certain streets, avenues, highways and public

places and to construct, maintain and operate a railroad in, upon and across the streets, avenues, highways and public places on such amended route of said railroad, which amended route is shown upon the map heretofore referred to and is more particularly described as follows:

1. The description of the main line of the Company as contained in section 1 of the contract of January 29, 1909, is hereby amended by striking therefrom that portion of said description reading as follows:

"thence crossing 174th street and Van Nest avenue, between Devoe avenue and the Harlem River and Port Chester Railroad; thence running northerly substantially parallel to Devoe avenue and crossing 177th street, Wyatt street and Walker avenue (West Farms road), between Devoe avenue and Berrian street; thence crossing 179th street and Lebanon street, between Devoe avenue and Berrian street; thence crossing 180th street and Berrian street at or near their intersection; thence crossing Adams street, between Morris Park avenue and the easterly line of Bronx Park,"

—and substituting therefor, the following:

"thence crossing 174th street and Van Nest avenue, between Devoe avenue and the Harlem River and Port Chester Railroad; thence running northeasterly and crossing an unnamed street between Devoe avenue and Van Nest avenue; thence crossing 177th street at its junction with Berrian street (or Bronx Park avenue) and thence crossing Wyatt street, 178th street, Walker avenue (or West Farms road), Lebanon street, 180th street and Adams street, between Morris Park avenue and Berrian street (or Bronx Park avenue)."

2. The description of the branch line of the Company as contained in section 1 of the contract of January 29, 1909, is hereby amended by striking therefrom that portion of said description reading as follows:

"Beginning at a point on the main line near the junction of Walker avenue (West Farms road) and Devoe avenue; thence running southerly crossing Wyatt street and Tremont avenue, between Devoe avenue and Berrian street,"

—and substituting therefor, the following:

"Beginning at a point on the main line near its intersection with Tremont avenue (East 177th street); thence running southerly crossing an unnamed street between Devoe avenue and Van Nest avenue."

3. Section 2, subdivision First of the said contract of January 29, 1909, is hereby amended by striking out therefrom the whole of the paragraph entitled:

"Connection with the present subway-elevated route at West Farms road,"

—and substituting therefor, the following:

"Connection with the present subway-elevated route of the Interborough Rapid Transit Company at West Farms.

"Beginning at a point on the main line of the Company at or near Adams street; thence running southwesterly and westerly and crossing 180th street, between Morris Park avenue and Berrian street; thence crossing Berrian street and Lebanon street at or near their intersection; thence crossing 179th street and Devoe avenue at or near their intersection; thence crossing Bronx street, between Clover street and Walker avenue, and thence to a connection with the Interborough Rapid Transit Railroad on Boston road, between Clover street and Walker avenue."

The amended routes hereby authorized are more particularly shown upon a map entitled:

"N. Y., W. and B. Ry. Map showing proposed change of route between 174th street and Unionport Rd. and proposed change in connection with Interborough Rapid Transit Co., to accompany petitions dated March 6, 1911, and May 2, 1911, to the Board of Estimate and Apportionment,"

—and signed by L. S. Miller, President, and J. L. Crider, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom which are consistent with the foregoing descriptions and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions:

First—All the terms, provisions and conditions contained in the said ordinance approved by the Mayor August 2, 1904, the said resolution of the Board, approved by the Mayor July 21, 1905, and the said contract, dated January 29, 1909, shall remain unchanged and shall apply to the routes described in said ordinance as amended, as hereby further amended, with the same force and effect as when they applied to the routes described in said ordinance as amended, and as though the changes in route herein authorized had been specifically described in said ordinance as amended, except as follows:

1. Section 5, paragraph 1, of said ordinance of August 2, 1904, as amended by said contract dated January 29, 1909, is hereby amended to read as follows:

"Said Railroad Company shall commence actual construction within one year from the date of the signing of this ordinance by the Mayor and shall complete a four-track railroad upon the main line from the northerly line of the City as far south as East 174th street by the second day of February, 1912, otherwise this grant shall cease and determine."

2. Section 5 of said ordinance of August 2, 1904, is hereby further amended so the last paragraph of said section shall read as follows:

"The Board of Estimate and Apportionment shall have power to extend the time provided for in this section for the completion of the railway and for the work to be performed and expenditure to be made as above for a period or periods not exceeding in the aggregate three (3) months, but such extension shall not be made unless the reasons given by the grantee for nonfulfillment are, in the opinion of the Board of Estimate and Apportionment, for causes over which the grantee had no control and was in no wise responsible."

3. Section 2, subdivision Ninth of said ordinance of August 2, 1904, is hereby amended by adding at the end thereof the following:

"except that the width of such superstructures at the following streets may be as herein designated:

"(1)	Unnamed street (between 174th and 177th streets)	70 ft.
"(2)	177th street	70 "
"(3)	Lebanon street, between Berrian street and Morris Park avenue.	100 "
"(4)	180th street	281 "
"(5)	Adams street	277 "
"(6)	Berrian street, between Bronx Park and Morris Park avenues..	250 "
"(7)	Berrian street, between 180th street and Lebanon street.....	215 "
"(8)	Lebanon street, between Berrian street and Devoe avenue.....	195 "
"(9)	Unionport road	140 "

"And provided further that at 180th street, Adams street and Berrian street, platforms and a station may be constructed across the said streets within the width of the superstructure above designated."

Second—The Company hereby agrees to assume all liability to any person or corporation by reason of the execution of this contract, the change of route herein authorized and the abandonment of the route herein described, and it is a condition of this contract that the City shall assume no liability whatsoever either to any person or corporation on account of the same, and the Company hereby agrees to repay to the City any damage which the City may be compelled to pay by reason of this contract, and by the said change of route and abandonment.

Section 3—The Company covenants and agrees to abandon and relinquish, and does hereby abandon, surrender and relinquish to the City all of its rights and franchises to construct, maintain and operate a railroad in, upon or across the streets on those portions of the route described in the said ordinance approved by the Mayor August 2, 1904, as amended by resolution approved by the Mayor July 21, 1905, and by contract dated January 29, 1909, to wit (a) Main line between 174th street and Unionport road; (b) Branch line from its junction with the main line to Van Nest avenue; (c) Connection with the Interborough Rapid Transit Company; which are not covered by the description of the new and amended routes as herein described, and which are not shown on the map of the amended route hereinabove referred to as having been filed in the office of the County Clerk of New York County on the first day of May, 1911, and which are not shown upon the map accompanying the said petitions of March 6 and May 2, 1911, a copy of which is attached hereto and forms a part of this contract.

Section 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all of the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

NOTICE IS HEREBY GIVEN THAT AT THE meeting of the Board of Estimate and Apportionment held on June 22, 1911, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the widening of West 138th street at its junction with 5th avenue, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following are the proposed areas of assessment for benefit in this proceeding:

Based on the Assessment of the Entire Expense of the Proceeding Upon the Property Benefited.

District No. 1, Borough of Manhattan.

Bounded on the northeast by a line midway between West 138th street and West 139th street; on the southeast by the northwesterly line of 5th avenue; on the southwest by a line always midway between West 137th street and West 138th street; and on the northwest by a line distant 100 feet northwesterly from and parallel with the northwesterly line of 7th avenue, the said distance being measured at right angles to the line of 7th avenue.

District No. 2, Borough of The Bronx.

Bounded on the northeast by a line always distant 100 feet northeasterly from and parallel with the northeasterly line of East 138th street, the said distance being measured at right angles to the line of East 138th street; on the southeast by the northwesterly right of way line of the New York and Harlem Railroad; on the southwest by a line always distant 100 feet southwesterly from and parallel with the southwesterly line of East 138th street, the said distance being measured at right angles to the line of East 138th street; and on the west by the easterly bulkhead line of the Harlem River.

Alternative Proposition.

Based on the Assumption by the City of 50 Per Cent of the Entire Cost of the Proceeding.

District No. 1, Borough of Manhattan.

Bounded on the northeast by a line midway between West 138th street and West 139th street; on the southeast by the northwesterly line of 5th avenue; on the southwest by a line always midway between West 137th street and West 138th street; and on the northwest by a line distant 100 feet northwesterly from and parallel with the northwesterly line of 7th avenue, the said distance being measured at right angles to the line of 7th avenue.

Resolved, That this Board consider the proposed areas of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 6th day of July, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 6th day of July, 1911.

Dated June 28, 1911.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on June 15, 1911, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of West 238th street, from Kingsbridge avenue to Riverdale avenue; West 236th street, from Albany road to Riverdale avenue, excluding the right-of-way of the New York and Putnam Railroad; Waldo avenue, from Greystone avenue to West 242d street; and Greystone avenue, from Riverdale avenue to West 242d street, in the Borough of The Bronx, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the southeasterly line of Spuyten Duyvil road where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the southerly line of West 240th street and the northeasterly line of West 238th street, as these streets are laid out between Tibbett avenue and Corlear avenue, and running thence southeastwardly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Broadway, the said distance being measured at right angles to Broadway; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Broadway to the intersection with a line midway between West 236th street and West 237th street, as these streets are laid out between Broadway and Putnam avenue West; thence eastwardly along the said line midway between West 236th street and West 237th street and along the prolongation of the said line to the intersection with the southeasterly right-of-way line of the New York and Putnam Railroad; thence northeastwardly along the said right-of-way line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the northerly line of West 236th street and the southerly line of West 238th street, as these streets are laid out where they adjoin Albany road on the west; thence southeastwardly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Albany road, the said distance being measured at right angles to Albany road; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Albany road to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West 234th street and West 236th street, as these streets are laid out between Broadway and Putnam Avenue West; thence westwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of West 234th street and West 236th street, as these streets are laid out between Spuyten Duyvil road and Tibbett avenue; thence northwestwardly along the said bisecting line to the intersection with a line distant 100 feet northwesterly from and parallel with the northwesterly line of Spuyten Duyvil road, the said distance being measured at right angles to Spuyten Duyvil road; thence southwestwardly along the said line parallel with Spuyten Duyvil road to the intersection with the prolongation of a line distant 100 feet southerly from and parallel with the southerly line of West 234th street, as this street is laid out between Cambridge avenue and Riverdale avenue, the said distance being measured at right angles to West 234th street; thence westwardly along the said prolongation of a line parallel with West 234th street to a point distant 65 feet westerly from the easterly line of Riverdale avenue, the said distance being measured at right angles to Riverdale avenue; thence northwardly and always distant 65 feet westerly from and parallel with the easterly line of Riverdale avenue to the intersection with the prolongation of a line midway between West 234th street and West 235th street, as these streets are laid out between Cambridge avenue and Riverdale avenue; thence westwardly along the said line midway between West 234th street and West 235th street and along the prolongation of the said line to the intersection with a line midway between Cambridge avenue and Riverdale avenue, as these streets are laid out between West 234th street and West 235th street; thence northwardly along the said line midway between Cambridge avenue and Riverdale avenue and along the prolongation of the said line to the intersection with the prolongation of a line distant 100 feet westerly from and parallel with the westerly line of Riverdale avenue, as this street is laid out between West 236th street and West 237th street, the said distance being measured at right angles to Riverdale avenue; thence northwardly and always distant 100 feet westerly from and parallel with the westerly line of Riverdale avenue and its southerly prolongation as laid out between West 236th street and West 237th street to the intersection with a line at right angles to Riverdale avenue and passing through a point on its easterly side where it is intersected by a line distant 350 feet northerly from and parallel with the northerly line of West 238th street, where it adjoins Fieldston road, the said distance being measured at right angles to West 238th street; thence eastwardly along the said line at right angles to Riverdale avenue to the intersection with its easterly side; thence eastwardly along the said line parallel with West 238th street to the intersection with a line midway between Fieldston road and Greystone avenue; thence northwardly along the said line midway between Fieldston road and Greystone avenue and along the prolongation of the said line to a point distant 100 feet northerly from its intersection with the northerly line of West 242d street; thence eastwardly in a straight line to a point on the prolongation of a line distant 100 feet easterly from and parallel with the easterly line of Spuyten Duyvil road where it adjoins West 240th street on the north, the said distance being measured at right angles to Spuyten Duyvil road distant 100 feet northerly from its intersection with the northerly line of West 242d street; thence southwardly along the said line parallel with Spuyten Duyvil road and along the prolongation of the said line to the intersection with a line at right angles to Spuyten Duyvil road and passing through a point on its westerly side distant 100 feet easterly from the easterly line of Waldo avenue, the said distance being measured at right angles to Waldo avenue; thence westwardly along the said line at right angles to Spuyten Duyvil road to the intersection with its westerly side; thence southwardly and always distant 100 feet easterly from and parallel with the easterly line of Waldo avenue to the intersection with a line parallel with West 238th street, as this street is laid out between Waldo avenue and Spuyten Duyvil road, and passing through the point of beginning; thence eastwardly along the said line parallel with West 238th street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 6th day of July, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 6th day of July, 1911.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on June 15, 1911, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York instituted a proceeding on June 26, 1908, for acquiring title to Sophie street from Nurge street to Flushing avenue, and from the Bushwick Branch of the Long Island Railroad to Maspeth avenue in the Second Ward, Borough of Queens, which proceeding was amended on March 9, 1911, so as to relate to Sophie street from Nurge street to Flushing avenue, and from the Bushwick Branch of the Long Island Railroad to Grand street; and

Whereas, The Board of Estimate and Apportionment is considering the advisability of further amending the above-mentioned proceeding so as to relate to Sophie street from Nurge street to Flushing avenue.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proposed amended proceeding:

Beginning at a point on a line distant 100 feet northerly from and parallel with the northerly line of Flushing avenue as this street is laid out adjoining Sophie street where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Sophie street and Garrison avenue as these streets are laid out north of Flushing avenue; and running thence southwardly along the said bisecting line to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Sophie street and Emma street as these streets are laid out between Flushing avenue and Nurge street; thence southeastwardy along the said bisecting line to a point distant 100 feet southeasterly from the southeasterly line of Nurge street, the said distance being measured at right angles to Nurge street; thence southwestwardly and parallel with Nurge street and the prolongation thereof as laid out adjoining Emma street to the intersection with the prolongation of a line distant 100 feet southwesterly from and parallel with the southwesterly line of Sophie street as this street is laid out between Flushing avenue and Nurge street, the said distance being measured at right angles to Sophie street; thence generally northwestwardly and always distant 100 feet southwesterly from and parallel with the southwesterly line of Sophie street and the prolongation thereof to the intersection with a line parallel with Flushing avenue and passing through the point of beginning; thence northeastwardly along the said line parallel with Flushing avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 6th day of July, 1911, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 6th day of July, 1911.

Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE COMMISsioner of the Department of Water Supply, Gas and Electricity, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for water supply purposes, located on

Long Island.

Being certain buildings, parts of buildings, etc., in care of the Department of Water Supply, Gas and Electricity, situated at Avenue S and E. 17th st., in the Borough of Brooklyn, Baisleys Pumping Station, Baisleys Pond, and Clear Stream Pumping Station on Long Island, all of which are more particularly described on certain maps on file in the office of the Collector of City Revenue, Department of Finance, Room K, 280 Broadway, Borough of Manhattan.

Pursuant to resolutions of the Commissioners of the Sinking Fund, adopted at meetings held June 14, 1911, and June 28, 1911, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, JULY 19, 1911,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel 1—One-story frame dwelling (25.2 feet by 42 feet), at Avenue S and E. 17th st., in the Borough of Brooklyn; also brick boiler house with chimney (51.2 feet by 51.3 feet), and coal trestle with rails (18 bents). The excavations left by the removal of these buildings are to be filled in by the purchaser to the level of the surrounding ground.

Parcel 2—Frame barn (30.4 feet by 20.25 feet) at Baisleys Pumping Station.

Parcel 3—Frame barn (40 feet by 24 feet) at Baisleys Pond.

Parcel 4—The following buildings at Clear Stream Pumping Station: Three frame chicken houses—(21.6 feet by 10.4 feet)—(12.7 feet by 6.2 feet), and (10.2 feet by 12.25 feet); also two frame tool sheds (10.3 feet by 13.35 feet) and (10.2 feet by 12.35 feet); also frame storehouse (10.3 feet by 16.3 feet).

Parcel 5—Two-story frame house, east of Clear Stream Pumping Station, between the 72-inch pipe line and the tracks of the Long Island Railroad. The excavation left by the removal of this building is to be filled in by the purchaser to the level of the surrounding ground.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, 280 Broadway, Borough of Manhattan, until 11 a. m. on the 19th day of July, 1911, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of $50 will be required with all bids, and that a deposit of $500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened July 19, 1911," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WESTCHESTER AVENUE (although not yet named by proper authority), from Bronx River to Main street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT THE supplemental and additional bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter, will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held at the County Court House in the Borough of Manhattan in The City of New York, on the 14th day of July, 1911, at 10.30 o'clock in forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of New York, there to remain for and during the space of ten days, as required by law.

Dated Borough of Manhattan, New York, June 30, 1911.

JOHN F. COFFIN, EDWARD L. GODFREY, MICHAEL J. MACK, Commissioners.

JOEL J. SQUIER, Clerk. j30,jy12

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BOSTON ROAD (although not yet named by proper authority), from White Plains road to north line of the City, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of July, 1911, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 18th day of July, 1911, at 3 o'clock p. m.

Second—That the undersigned, Commissioner of Assessment, has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of July, 1911, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of July, 1911, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 14th day of June, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of COLLINS AVENUE (although not yet named by proper authority), from Metropolitan avenue to Flushing avenue, in the Second Ward, Borough of Queens, City of New York, as amended by an order of the Supreme Court duly made and entered in the office of the Clerk of the County of Queens on the 4th day of October, 1910, so as to conform to the lines of said street as shown upon Section 16 of the Final Maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and approved by the Mayor on the 4th day of June, 1909.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 12th day of July, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 14th day of July, 1911, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 14th day of July, 1911.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point in the southerly line of Flushing avenue where the same is intersected by a line 100 feet easterly and parallel to the easterly line of Collins avenue; running thence southerly and at all times parallel to the easterly line of Collins avenue to the northerly line of Metropolitan avenue; thence westerly along the northerly line of Metropolitan avenue to a point 100 feet distant from the westerly line of Collins avenue, said distance being measured at right angles to the westerly line of Collins avenue, thence running northerly and at all times parallel to the westerly line of Collins avenue, to the southerly line of Flushing avenue; thence easterly along the southerly line of Flushing avenue to the point or place of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 10th day of October, 1911, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, May 24, 1911.

DENIS O'LEARY, Chairman; CLINTON B. SMITH, JAMES INGRAM, Commissioners.

JOSEPH J. MYERS, Clerk. j21,jy8

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of HIGH STREET (although not yet named by proper authority), from Bielby street to Maspeth avenue, in the Second Ward, Borough of Queens, City of New York, as amended by an order of the Supreme Court, duly made and entered in the office of the Clerk of the County of Queens on the 25th day of June, 1910, so as to conform to the lines of said street as shown upon Sections 12 and 13 of the Final Maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and approved by the Mayor on the 4th day of June, 1909.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in The City of New York, on or before the 7th day of July, 1911, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 10th day of July, 1911, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Court House Square, Long Island City, in the Borough of Queens, in said City, there to remain until the 10th day of July, 1911.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning on the southerly line of Maspeth avenue at the centre line of the block between High street and Van Cott avenue, as shown on section No. 12 of the Final Maps of the Borough of Queens, and running thence southerly and parallel to High street to the southerly side of Bielby street; thence westerly along the southerly side of Biebly street to the intersection of Bielby street with the easterly line of Rust street; thence northwesterly along the easterly line of Rust street 387 feet to a point, said point being 119 feet west of and at right angles to High street; thence in a northerly direction and parallel with High street to the southerly side of Maspeth avenue; thence easterly along the southerly line of Maspeth avenue to the centre line of the block between High street and Van Cott avenue, the point of beginning.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 10th day of October, 1911, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, Borough of Manhattan, New York, June 7, 1911.

WILLIAM E. STEWART, Chairman; ANDREW J. VAN SICLEN, CHARLES H. SCHLOO, Commissioners.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resoved, That, while the said sale is held under the supervision of the Commissioner of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a Department, chief of a Bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
