National Association of Letter Carriers—Acknowledging Receipt of Resolution Relative to Increase of Salaries of Carriers and Clerks in Post Office Department.

National Association of Letters Carriers, Office of Secretary, 945 Pennsylvania Avenue, N. W., Washington, D. C., December 1, 1917.

Mr. P. J. SCULLY, City Clerk, Municipal Bldg., New York City:

Dear Mr. Scully—Received your favor of the 30th containing copy of resolution adopted by the Board of Aldermen, November 27, 1917, endorsing the Madden Bill, H. R. 1654, to increase the salaries of letter carriers and post office clerks.

Permit me, through you, to express to the Board of Aldermen of the City of New York the sincere thanks and appreciation of the letter carriers of the United States, represented in the National Association of Letter Carriers, for the recommendation to Congress for a living wage for postal employees. Very truly yours,

Hon. Nathan Straus—Endorsing Resolution Designating Commissioner of Public Markets as Agency for Purchase and Sale of Foodstuffs.

Nathan Straus, Pasteurized Milk Laboratories, Founded 1892, 348 East Thirty-second Street, New York City, December 4, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, Manhattan:

My Dear Mr. Dowling—I understand that the Board of Aldermen must pass a resolution designating the Commissioner of Public Markets as the agency for the purchase, storage and sale of food and fuel to the inhabitants of the City. This must be passed before he can carry out the suggestion that the City sell milk through the municipal milk stations or through any other distributing points to the poor families. The little children of these families are suffering because the price of milk is so high that their parents cannot afford to buy milk in sufficient quantities to feed them properly.

Realizing your sympathy for the suffering little children, I am confident that this resolution will have your support and the support of your party. But I urge haste because this is an emergency situation and a day lost means increasing distress. Will you, therefore, see to it that the resolution is passed by the Board of Aldermen at the very earliest possible moment? I understand that it is ready to be presented at the meeting Tuesday, December 4, 1917. Will you have your Board act immediately?

I will try and attend the meeting if I possibly can. But for fear that I may not be able to come on time, I am sending you this appeal.

Always with high esteem, I am, very sincerely yours, NATHAN STRAUS.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Queens:

No. 1975.

President, Borough of Queens—Designating James Butler, Assistant Commissioner of Public Works, to Act in His Place and Stead.

The City of New York, Offices, Commissioner of Public Works of the Borough of Queens, Long Island City, December 4, 1917.

Honorable FRANK L. DOWLING, President of the Board of Aldermen, City of New York:

Dear Sir—Pursuant to the provisions of section 383 of the Greater New York Charter and opinion of the Corporation Counsel, dated January 15th, 1908, based thereon, I have designated James Butler, Assistant Commissioner of Public Works, to act as Member of the Board of Aldermen of The City of New York, in and for the President of the Borough of Queens, at a meeting of the Board of Aldermen, advertised to be held in the City Hall, Borough of Manhattan, New York City, on this date at 1:30 P. M. Respectfully,

R. S. NEWCOMBE, Acting President of the Borough of Queens.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the Register's Office, County of Bronx:

No. 1976.

Register, Bronx County—Resolution Requesting That Steps Be Taken to Provide Means for Advertising the Torrens Law.

Register's Office, Bergen Building, County of Bronx, December 4, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, N. Y.:

Dear Sir—I am submitting herewith for the consideration of your honorable Board the following resolution:

Resolved, That the Board of Aldermen of the City of New York hereby request the Board of Estimate of the City of New York to authorize the Comptroller of the City of New York to issue certificates of indebtedness or other evidences of indebtedness to be redeemed out of the tax levy for the year next succeeding the year of their issue to provide the means necessary to make payments of one thousand dollars (\$1,000) for the purpose of advertising the Torrens Law by the Register of the County of Bronx.

This procedure is authorized by section 188 of the Charter of the City of New York, subdivision 8, which requires that the resolution requesting this authorization be adopted by an affirmation vote of three-fourths of the members of your Board.

I am informed that the sub-committee of the Board of Estimate which has investigated this matter will recommend this expenditure to the Board after action by your body.

I am submitting herewith a memorandum in support of this resolution.

Very respectfully yours,

EDWARD POLAK, Register.

Memorandum Supporting Resolution.

As Register of Bronx County I have made application for the issuance of special revenue bonds in the amount of one thousand dollars (\$1,000) to cover advertising in the proper newspapers for 1918 for the purpose of calling to the attention of the real estate interests, lawyers and real estate brokers the fact that the Bronx County Register's Office is prepared to examine real estate titles and issue certificates guaranteeing the title thereto under the Torrens Law; that an official examiner has been appointed by the Register of Bronx County who is prepared to examine titles to real estate under the act.

My request was made because of the fact that the Registrar and Recorder of Deeds of Chicago, Ill., has advertised the Torrens System in the newspapers of Chicago and has succeeded in obtaining considerable business for his office.

I am of the opinion that if this request is allowed it will bring to the knowledge of the real estate interests the great benefits of the present Torrens Law and result in securing such an income for the office as will bring back manifold the amount expended for advertising.

"Chicago Examiner," Monday, April 23, 1917.

More property was registered in March under Torrens System than in any month since its establishment by Cook County twenty years ago, proving that the Torrens Certificate is the most modern and best evidence of title, because: It economizes time, for under it transactions can be concluded within an hour; it saves money because it provides for an expenditure of only \$3 when property is conveyed; it saves trouble because it eliminates red tape, technicalities and delay; it is the safest and best way to insure title because it is issued under court decree and is an obligation of Cook County, which stands behind it with assets of over \$200,000,000.

Register your property under the Torrens System.

The President laid before the Board the following communication from the Commissioner of Public Markets:

No. 1977.

Commissioner of Public Markets—Resolution Designating Said Commissioner as Agency for Purchase and Sale of Foodstuffs.

Office of the Commissioner of Public Markets, Municipal Building, December 4, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, Manhattan:

My dear Mr. Dowling—In order to effect the sale of milk through municipal milk stations or any other distributing points agreed upon, the Corporation Counsel has informed the Mayor that the enclosed resolution must be passed by the Board of Aldermen designating the Commissioner of Markets as the agency for the purchase and sale of foodstuffs.

The enclosed resolution is sent you for introduction and passage by the Board of Aldermen at the earliest possible moment, so as to bring relief to the little children who have been deprived of milk because of prevailing high prices and who, in consequence are suffering from malnutrition and from diarrhoeal diseases which the Board of Health maintains is due to a lack of the proper quantity and quality of milk.

It is the intention of the Market Commissioner to meet this critical emergency by the sale of milk to those families at prices within their means so as to alleviate the present suffering. Very truly yours,

HENRY MOSKOWITZ, Commissioner.

Whereas, The State Food Commission, under date of November 1, 1917, pursuant to the provision of section 14 of chapter 813 of the Laws of 1917, gave the following consent in writing to the exercise by The City of New York of the power to purchase food and fuel with municipal funds and on municipal credit, and to provide storage for and sell the same to its inhabitants under the provisions of said section:

"Whereas, The City of New York has certified to the existence of an actual and anticipated emergency on account of a deprivation of necessities by reason of excessive charges and otherwise, and has applied to the State Food Commission for the consent of such Commission to exercise the power of purchasing food and fuel with municipal funds and on municipal credit and provide storage for and sell the same to the inhabitants of such city, in such manner and through such agencies as it may determine.

"Now, therefore, after due consideration the State Food Commission hereby grants such application, subject to the following resolutions and restrictions, viz.:

"(1) Such consent is granted until further order of the Commission.
"(2) The City of New York shall make, monthly or oftener if required by the State Food Commission, a report of its operations pursuant to the foregoing consent to the State Food Commission. Such report shall be in such form as shall be prescribed by the Commission.

"Dated, Albany, N. Y., November 1st, 1917."

Resolved, That the Board of Aldermen hereby designates the Commissioner of Public Markets of The City of New York as the agency for the purchase, storage and sale to the inhabitants of the City of food and fuel, pursuant to the provisions of section 14 of chapter 813 of the Laws of 1917, and designates the Department of Health of The City of New York as an agency to cooperate with the Commissioner of Public Markets in the manner and to such extent as said cooperation may be requested by said Commissioner of Public Markets.

This designation is made on the following conditions:

1. That the amount of monies to be expended hereunder shall not exceed \$25,000, except that as from time to time the moneys expended are repaid from sales, such moneys may be used again for the purchase of other food and fuel to be sold; and
2. That the designation hereby made may be revoked at the pleasure of this board.

Which was referred to the Committee on General Welfare.

The Chairman announced that the Committee would hold a public hearing on the foregoing proposition on Friday, December 7, 1917, at 2 o'clock p. m., in the Aldermanic Chamber, City Hall.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 1978.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, November 30, 1917.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—I transmit herewith for your information copy of a report by the Bureau of Contract Supervision of this Board recommending that the resolution of the Board of Aldermen adopted July 17, 1917, requesting an issue of \$15,000 special revenue bonds, the proceeds to be used by the President of the Borough of Manhattan for the purpose of repairing damage by fire to the cupola on the City Hall, Manhattan, be filed, in view of the appropriation of \$50,000 authorized by the Board of Estimate and Apportionment on September 6, 1917, for the renovation and preservation of the exterior stone work and reconstruction of the cupola and central section of building above third floor line including roof.

At the meeting of the Board of Estimate and Apportionment on November 30, 1917, the resolution of the Board of Aldermen was placed on file, as recommended.

Respectfully,

Board of Estimate and Apportionment, Municipal Building, November 15, 1917.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Sir—On July 17, 1917, the Board of Aldermen requested \$15,000 in special revenue bonds, the proceeds to be used by the President of the Borough of Manhattan for the purpose of repairing damage by fire to the cupola on the City Hall, Manhattan.

On August 14, 1917, the President of the Borough of Manhattan submitted to the Board of Estimate and Apportionment estimates prepared by Mr. Grosvenor Atterbury, aggregating \$175,804 for the further rehabilitation of the City Hall, which included the reconstruction of the entire roof and the third floor of the central section of the City Hall in fireproof material.

On September 6, 1917, the Board of Estimate and Apportionment approved of an authorization of \$50,000 in addition to \$35,000 previously authorized under date of December 28, 1916, the aggregate amount of \$85,000 to provide for the renovation and preservation of the exterior stone work and the reconstruction of the cupola

and that part of the central section of the building above the third floor line including the roof, in fireproof material.

In view of the above appropriations the special revenue bonds requested are unnecessary and the request is accordingly returned to you to be filed.

Respectfully,

TILDEN ADAMSON, Director.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Plant and Structures:

No. 1979.

Commissioner of Plant and Structures—Request for Authority to Enter Into Contract, Without Public Letting, for Improvement of the Manhattan Plaza of the Manhattan Bridge.

Department of Plant and Structures, City of New York, Municipal Building, Manhattan, N. Y., November 30, 1917.

To the Honorable the Board of Aldermen of the City of New York:

Gentlemen—On December 12, 1916, your Honorable Board adopted a resolution authorizing the Commissioner of Plant and Structures to enter into a contract, without public letting, for the Improvement of the Southerly Portion of the Manhattan Plaza of the Manhattan Bridge at a price not to exceed \$106,000. The contract for the work was executed on January 11, 1917. The contract consists of various items and was let on a unit price basis for the sum of \$105,768.85. Certain of the items of work called for in the contract have somewhat exceeded the estimated quantities, and thus the final cost of the contract will exceed the amount certified therefor. Such final cost will be approximately \$113,500. I beg to request your Honorable Board to amend the resolution adopted on December 12, 1916, so that the price for the work will read \$113,500, instead of \$106,000. Respectfully,

F. J. H. KRACKE, Commissioner.

Sec. 2. Article 3 of chapter 26 of the Code of Ordinances is hereby amended by adding thereto a new section 31, to read as follows:

§31. Coal.

1. To be sold by weight.

Coal shall be sold by avordupois weight, as hereinafter provided. A person, firm or corporation shall not attempt to sell or deliver less than two thousand pounds by weight to the ton of coal or a proper proportion thereof in quantities less than a ton and shall be liable to a penalty of not exceeding \$50, provided that in all cases thirty pounds to a ton shall be allowed for the variation in scales and wastage.

2. Scales, designation of.

There shall be designated by the commissioner stationary scales, suitable for the purpose of weighing coal, the owners of which may tender the same for public use in different parts of the city in such number and locality as shall be deemed necessary, on which the coal, or the vehicle, with or without coal, may be weighed. The scales so designated shall be provided at the expense of the owners thereof, with test weights, and shall be subject at all times to the inspection and supervision of the commissioner or an inspector of weights and measures, who shall inspect such scales at least once in each month. Such scales shall also be provided by the owner thereof with a competent weighmaster. The owner of such scales shall be entitled to charge for weighing coal, and vehicles containing coal at such scales, a fee of not exceeding fifteen cents per ton; empty vehicles returning to such scale and after delivery of coal contained therein shall be reweighed without further charge.

One of such tickets shall be delivered to the purchaser of the coal specified thereon and the other of such tickets shall be retained by the seller of the coal. Any person, firm or corporation who shall violate provisions of this section shall be liable to a penalty of not exceeding fifty dollars.

The preceding section shall not apply to coal delivered by the entire cargo direct from the vessel containing the same to one destination and accepted by the purchaser on the original bill of lading as proof of weight; but with every such delivery of an entire cargo of coal in the city there shall be delivered to the purchaser thereof one of the original bills of lading, issued by the person, firm or corporation by whom the coal was loaded into the vessel from which such coal is delivered to the purchaser of the entire cargo thereof, on each of which bills of lading there shall be in ink or other indelible substance distinctly expressed the date and place of loading such cargo and the number of pounds contained thereon. Any person, firm or corporation who shall violate the provisions of this section shall be liable to a penalty of not exceeding fifty dollars.

request of the purchaser or an inspector of weights and measures to such scales for the purpose of having the same weighed, provided, however, that the purchaser of such coal shall have first paid the owners of the scales or the seller of such coal, or the driver or other person in charge of the vehicle containing such coal, an amount sufficient to meet the charges for weighing such coal shall render the person, firm or corporation selling the coal liable to a penalty not to exceed one hundred dollars.

8. Penalty for fraudulent weighing.

Any owner of such scales or any agent or representative of his, or any weigh-master employed by him thereat who shall be concerned in any manner in any fraudulent weighing of coal at such scales, or false entry of such weighings, shall forfeit and pay for every such offense the sum of one hundred dollars.

MESSAGE FROM THE MAYOR.

No. 1990.

His Honor the Mayor—Communication in Regard to Reductions Made in Budget for 1918 by Board of Aldermen.

City of New York, Office of the Mayor, December 3, 1917.

To the Honorable the Board of Aldermen:

Gentlemen—I have carefully considered the reductions in the budget for 1918 made by your Honorable Board, and intend to let the reductions stand as made. While there are administrative reasons for interposing the veto of the Mayor, in the case of some of these reductions, nevertheless, since the action of your Board represents, in fact, as well as in public understanding, the administrative policy of the city administration which will assume office on January 1, I deem it both unnecessary and useless to correct changes which could, and no doubt would, be made again by the same action taken administratively following the first of the year.

Respectfully yours,

JOHN PURROY MITCHEL, Mayor.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

"No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, the City of New York shall be deemed to have authorized the relocation or re-erection at public or private sale may be made in the same manner as if no prior sale thereof had been made."
