December 11, 2017

CERTIFICATE

26412

RESOLVED That the Design Commission, having considered designs for the design of a prototypical kiosk for installation in plazas, citywide, submitted by the Department of Transportation, represented by exhibits 6816-GS, GT & GU of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that DOT will (1) consider solar tubes or photovoltaic panels to draw in additional light if the perforated screens are found to be insufficient for daylighting; (2) incorporate a standard location and size for information that will be on all kiosks, such as DOT's logo; (3) develop the signage guidelines to provide as much control as possible; and (4) return as soon as possible with an update on the Astor Place kiosks. The Commission urges DOT to (1) require maintenance partners to utilize this design in all plazas, except in unique site contexts, and (2) establish aesthetic guidelines for temporary kiosks. The Commission also notes that any kiosk or other structure remaining in-situ (with or without permanent footings) for longer than 365 days is subject to PDC review per the New York City Charter, Chapter 37, Section 854(g).

Preliminary approval is conditioned upon submission of this project for final review and approval before December 11, 2019.
