## COMMISSIONERS OF EXCISE.

Report of the Commissioners of Excise of the City of New York to  
Hon. Hugh J. Grant, Mayor, December 31, 1889.

OFFICE OF THE BOARD OF EXCISE,  
54 BOND STREET,  
NEW YORK, Dec. 31, 1889.

Hon. HUGH J. GRANT, Mayor:

SIR—We respectfully submit to you our report on the operations of the Board of Excise for the calendar year ending December 31, 1889.

The total number of licensed places now in existence in the City and County of New York is 8,885, classified as follows:

Hotels .....	Class 1,	108,	license fee	\$250
" .....	" 2,	104,	" "	200
Liquors, ale, beer and wine .....	" 3,	5,857,	" "	200
Ale and beer only .....	" 5,	194,	" "	30
Ale, beer and wine only .....	" 6,	1,266,	" "	50
Restaurant .....	" 7,	152,	" "	100
Steamboat .....	" 8,	56,	" "	50
Total number .....		7,787		

Licensed to sell strong or spirituous liquors, wines, ale and beer, to be drank on the premises:  
Of that number 152 are restaurants, Class 7, where no bar is permitted, and where strong and spirituous liquors, wines, ale and beer are served with food only; and 575 are restaurants where a bar is permitted, but many of which, however, have no bar. Of the latter, 375 are Class 3, 76 are Class 5 and 124 are Class 6.

The total number of licensed drinking places other than hotels, restaurants and steamboats is 6,742. The total number of such places in existence one year ago was 6,820, showing a decrease within the year of 78.

During the past year 56 steamboat licenses were issued, an increase of 14 over the preceding year; the increase appears to be due to the fact that owners of boats have failed to recognize the authority of the Board of Excise, but upon proper explanation readily complied with the State law. Several owners of steamboats still refuse to comply with the law and legal proceedings have been instituted to punish them for its violation.

In places licensed to sell liquors, not to be drank on the premises, such as wholesale dealers, druggists, grocers, etc., the license fee was regulated by the amount of business done, are as follows:

Storekeepers .....	Class 4, Grade A,	29,	fee	\$250
" .....	" " B,	17,	"	150
" .....	" " C,	42,	"	100
" .....	" " D,	1,010,	"	50
Total number .....		1,098		

The total number of such licenses issued the previous year was 971. The increase in the number of storekeepers' licenses issued during the past year being 127, chiefly from the growth of the grocery and beer bottling business.

The growth of the city has increased the demand for licenses known as storekeepers, allowing the sale of liquors, etc., not to be drank on the premises. The grade of licenses, where drinking on the premises is allowed, has decreased. The law permitting transfer of the license is sufficient to supply the demand for this class of traders and lessens the number at the same time.

The receipts for licenses during the past year have been \$1,442,770, an excess of \$12,350 over the receipts during the previous year, with less licensed places where a bar is permitted and drinking on the premises allowed. We would call the attention to the fact that, while this report calls for twelve months' work, January, February, March and April were in charge of our predecessors.

During the above months there was a falling off in the receipts compared with the previous year of \$14,410, while the balance of the year, as compared with the previous one, was an excess of \$26,760, showing a net gain on the year's work of \$12,350.

During the past year 167 complaints for violation of the excise law were brought to trial before the Board; 79 were complaints received by the Board and 88 were initiated by it; as the result of above trials, 40 licenses were revoked.

In addition to the trials, 246 hearings were held upon protests made to granting, transferring or surrendering licenses.

The number of applications rejected by the Board was 358.

The number of applications granted for transfers of licenses, 451.

### RULES OF THE BOARD OF EXCISE.

The following rules of the Board of Excise were adopted for the guidance of persons having business to transact with the Board:

The Board of Excise will not permit any increase in the number of drinking places beyond the number now licensed; and a license will not be issued for a new place except upon the closing of an existing place and the surrender of the license thereof.

An application for a license for a new place must be accompanied by the written consent of the owner of the property, or his authorized agent, that spirituous liquors, wine, ale or beer, may be sold on the premises.

A license will not be issued for a new place adjoining or in the immediate vicinity of a church, schoolhouse, hospital or asylum.

A third corner will not be licensed for a new place, i. e., where two corners of any streets are already licensed, a license will not be issued for a new place at a third corner.

A place closed and unlicensed for more than three months will be considered as a new place if application for a license at that place is made.

No license will be granted for a new saloon, whether by transfer or surrender of a license, where such transfer or surrender would result in the permanent closing of the licensed saloon, without first notifying the owner or landlord of the licensed place and giving him opportunity to be heard.

A license to sell spirituous liquors, wine, ale or beer, to be drank on the premises, will not be granted at any place connected with a grocery or provision store.

Application for a renewal of license should be made not less than two weeks before the time the existing license expires.

Application must be made by the applicant in person, accompanied by the bondsmen, at the office of the Board of Excise, where the necessary papers will be prepared by the clerks without fee or charge.

Any officer or employee of the Board of Excise who accepts any fee or gratuity from any person will be dismissed.

If an applicant for a license, or any person interested with or representing such applicant, gives, or offers to give, any money or anything of value to any officer or employee of the Board of Excise to influence or reward his action as such officer or employee, the Board of Excise will, upon proof of any such gift or offer, refuse a license to such applicant.

The duties of an inspector of excise are confined to making such written reports to the Board of Excise as are required by the rules or by direction of the Board.

Inspectors have no proper business to transact with applicants for license in or about the office of the Board of Excise. It is their duty to visit the applicants at their residences or their places of business when necessary in making their inspections.

Inquiries relating to the business of the Board of Excise must be addressed to the Secretary.

Any employee of the Board of Excise who shall give any information to any person regarding the business of the Board of Excise, except under the direction or by the authority of the Board, will be dismissed.

Grade B. For one whose sales are \$5,000 or more, and less than \$10,000 per annum, \$150.

Class 7. Restaurant without bar, to sell spirituous liquors, wines, ale and beer, at table with food only, \$100.

Class 8. Steamboat with bar, to sell spirituous liquors, wines, ale and beer, \$50.

As to Classes 5 and 6, the following rules apply:

A license, Class 5 or 6, will not be issued until a permanent sign, on glass, metal or wood, has been put up over the entrance to the premises, on the outside, in a conspicuous position, bearing, in letters not less than two inches in height, the following words: Ale and Beer Only (or, Ale, Beer and Wines Only). No Spirituous Liquors Sold.

All signs on the premises, inside or out, advertising the sale of spirituous liquors of any sort, must be taken down; and all spirituous liquors must be removed from the premises.

Upon proof that any spirituous liquor has been sold upon any place licensed to sell ale and beer (or wines) only, the license will be revoked, and the bondsmen will be immediately prosecuted for the full penalty of the bond; and a license to sell ale and beer (or wines) only, will not be issued again for that place.

All applicants have abided by the decision of the Commissioners, and no appeals have been made to the Courts to compel the granting of a license.

Respectfully submitted,

ALEX. MEAKIM,

EDW. T. FITZPATRICK,

JOSEPH KOCH,

Commissioners.

The Comptroller presented the following resolution to pay Williams Brothers for posting bills of sale of leases:

Resolved, That a warrant be drawn for the sum of three dollars (\$3), payable from the appropriation entitled "Commissioners of the Sinking Fund - Expenses of" for 1890, in favor of Williams Brothers, to pay for posting notices of sale of leases at auction of real estate, in Twelfth Ward.

Which was unanimously adopted.

The Commissioners of Emigration attended the meeting, and by request of President Ridgway the consideration of the subject of leasing Castle Garden to the Secretary of the Treasury of the United States as an immigrant station was postponed until the next meeting.

A committee of The Protective Dock Association of the Nineteenth Ward waited on the Board to urge upon it the necessity of providing piers for local business on the East river water-front. Mr. John D. Crimmins addressed the Board and explained the importance of the improvement of the water-front of the East river for the prosperity of the Nineteenth Ward, on account of the insufficient landings for brick, lumber, coal, etc., especially in that section from Sixty-fourth to Eighty-first street, where a plan for an exterior street had been prepared by the Department of Docks.

It was ordered that this subject should be considered at a special meeting to be held at 1 o'clock, on Monday, the 21st instant.

Mr. Latham G. Reed, representing Messrs. Platt & Bowers, appeared before the Board and asked attention to the improvement of the water-front of the East river, between Forty-ninth and Fifty-third streets, for which a plan for an exterior street has been prepared by the Department of Docks, which is now before the Board for consideration.

The following communication to the Mayor, protesting against the further use of Castle Garden and Battery Park as an immigrant bureau, was presented, and ordered on file:

NEW YORK, April 5, 1890.

Honorable HUGH J. GRANT, Mayor of the City of New York:

DEAR SIR—As the custodian of the interests of this great city, I beg leave to ask you to use your official influence against the scheme "to continue the use of Castle Garden and Battery Park as an immigrant bureau," and the perpetuation of this great wrong upon the city.

The location of this Bureau, originally at Castle Garden, was an error, and one which worked injury to the city in an amount impossible to state, but undoubtedly exceeding millions of dollars. It resulted in degrading the park and depreciating the property immediately surrounding it to an extent which reached its climax about ten years ago, and which fit language can scarcely describe. By referring to the early records of New York and consulting with some of its older citizens, you will learn that Battery Park was the loveliest and best frequented spot in this city and the favorite resort of its citizens. Whose were the ruthless hands which destroyed this fair pleasure ground, and why the citizens of New York allowed such sacrilege, I shall not stop to inquire. My purpose is not to ask why this crime against the peace and dignity of this city was committed, but to ask your official aid in preventing its continuance. The Battery region (excepting in its northern district) is, in spite of the Immigration Bureau, rising from its ashes. All it needs, Mr. Mayor, to become again prosperous and valuable, an honor and a pride to the city (as its gateway should be) rather than a disgrace, as it has been, is the removal of that bureau. The general feeling against the use of Bedloe's Island for the immigrants and the implied degradation of the Statue of Liberty, shows that the sentiment of the people is only dormant, and can easily be roused.

You are on record, Mr. Mayor, as being opposed to the use of any part of Battery Park for a loop for the elevated road. Consistency demands that you should now be on record against its use as an immigrant bureau, which is a thousand times worse. I am led to believe that without your official signature the attempt to lease Castle Garden cannot succeed, also that its use so far is not and never has been legal.

As a citizen of New York, as a taxpayer and as an owner of property fronting Battery Park, and therefore largely interested, I claim the benefit of your official consideration of this subject and write you this open letter.

Very respectfully yours,  
ROBT A. CHESEBROUGH.

The following papers were presented and referred to the Comptroller:

## Plan No.

10906. For one dwelling, west side of Simpson street, three hundred and twenty-five feet south of Home street.  
 10947. For two tenements, north side of One Hundred and Fortieth street, one hundred feet west of Willis avenue.

On January 4, 1890, and again on January 13, 1890, in response to inquiries from the Aqueduct Commission as to when you would be prepared to furnish the six similar property maps for the dam known as "D," you replied by letter that your available force of Topographical Engineers was

so fully occupied in making certain surveys required by the Counsel to the Corporation, and in surveying the upper portion of the basin to be flooded when the Titicus dam is completed, that you could not state at what date you would be able to complete the surveys of dam site "D" so as to obtain the necessary data for the six similar property maps.

So important did the Aqueduct Commission consider it to be that there should be no unnecessary delay in commencing the construction of the dam "D," that on January 22, 1890, a resolution was adopted by the Board and transmitted to you suggesting that, if it would be agreeable to you, the Commission would employ a force of engineers selected by yourself to make the necessary surveys. To this suggestion no reply from you has been received, and no names of engineers to be employed for that purpose have been suggested by you.

Still impressed with the necessity of beginning the work as promptly as possible the Aqueduct Commission has now, under the authority conferred upon it by statute, caused a survey to be made of the land that will be required for the construction of the main and subsidiary dams, and has caused six similar property maps to be made.

It is due to the Engineers of your Department to say that these maps have been made in large part from data cheerfully furnished for the purpose by the Chief Engineer of your Department at the request of the Engineers of this Commission, such data being, as we understand, the result of recent surveys made by the Engineers of the Department of Public Works.

The final plan sheet for this dam is in your possession, having been transmitted by you some time since for the purpose of a public hearing thereon, and afterwards returned to you at your request.

The six similar property maps above referred to are herewith transmitted to you, and you are hereby requested to re-transmit them, as well as the final plan sheet, to the Aqueduct Commission for adoption. By so doing you will enable the Commission to put the dam speedily under contract, and to make substantial progress with its construction before cold weather again sets in. By this means nearly a year's time will be saved in the completion of the reservoir.

The Aqueduct Act seems to contemplate that all maps, plans, surveys, contracts and specifications shall originate with the Commissioner of Public Works, and be by him transmitted to the Aqueduct Commission for adoption, rejection or modification.

In practice, as you are aware, it has been the custom in nearly all cases, that the plans, contracts, specifications and the like have, in the first instance, been prepared by the engineers and draughtsmen of this Commission, sent to the Commissioner of Public Works, and by him formally re-transmitted to the Aqueduct Commission.

It has been the experience in the past that by the adoption of this method much valuable time has been avoided.

We understand from your letters on the subject that the only obstacle which prevented your transmission of the property maps for dam site "D" has been your inability so to dispose of the force at your command as to complete the requisite surveys, without neglecting other work which you deemed more immediately important. That obstacle we have sought to remove by ourselves causing the surveys to be made and the maps to be prepared, and I am instructed by the Aqueduct Commission to request that you will, at your earliest convenience, re-transmit these maps, together with the final plan sheet, for adoption by the Commission, and will thus enable it to proceed without further delay with this work which, after long and full consideration, it believes to be of vital importance to the interests of the City.

I remain, sir, yours, very respectfully,  
President.

The report was approved, and the recommendation therein contained adopted by the following vote:

Affirmative—The Comptroller, and Commissioners Duane, Tucker, Scott and Howe—5.

Respectfully,

RICHARD A. STORRS, Deputy Comptroller.

The Construction or Executive Committee presented the following:

The Construction or Executive Committee recommend that the hearing of the order to show cause by Heman Clark, contractor for the construction of Section 10B of the New Aqueduct, why the further work of construction of said section should not be discontinued, owing to the fact that the work is unnecessarily and unreasonably delayed, and for his failure to comply with the directions and orders of the Chief Engineer, and the further completion of said section done under the

direction and supervision of the Aqueduct Commissioners, as provided in Clause P of the contract for the construction of said section, adjourned to this day, be postponed until Wednesday, April 9, 1890, at 3 o'clock P. M.

Resolved, That the Aqueduct Commissioners do accept the work done and materials furnished by Brown, Howard & Co., under the contract made by them with this Commission on the 20th day of December, 1884, for constructing Section 3 of the New Aqueduct, and that a proper voucher for the final payment for work done and materials furnished under said agreement be approved by the Commissioners, and certified to the Comptroller for payment.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become

surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N.B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amounts in which security will be required for the performance of the contracts are as follows:

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contracts when awarded will in each case be awarded to the lowest bidder.

The up-set price of the parcels or premises exposed or offered for sale will be announced by the auctioneer at the time of sale.

The Department will do all dredging whenever it shall deem it necessary or advisable so to do.

The term for which leases are sold will commence at the date mentioned in the advertisement, viz.: May 1, 1890, and the rents accruing therefor will be payable from that date in each case.

Each purchaser of a lease will be required, at the time of the sale, to pay, in addition to the auctioneer's fees, to the Department of Docks, twenty-five per cent. (25%) of the amount of annual rent bid, as security for the execution of the lease, which twenty-five per cent. (25%) will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, with good and sufficient surety or sureties, to be approved by the Department, within ten days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks, Pier "A," North river, Battery place.

The Department expressly reserves the right to resell the lease or premises bid off, by those failing, refusing or neglecting to comply with these terms and conditions, the party so failing, refusing or neglecting, to be liable to the Corporation of the City of New York for any deficiency resulting from or occasioned by such resale.

Lessees will be required to pay their rent quarterly in advance, in compliance with the terms and conditions of the lease prepared and adopted by the Department.

In all cases where it is mentioned in the advertisement of sale, the purchaser shall be entitled to the privilege of occupying any shed upon the pier or bulkhead at the commencement of the term or that may thereafter be permitted or licensed by the Department, and to the rights attached to such permission or license, but subject to the conditions thereof, such purchaser being engaged in the business of steam transportation and using and employing the same for the purpose of regularly receiving and discharging cargo thereat.

Not less than two sureties, each to be a householder or freeholder in the State of New York, to be approved by the Board of Docks, will be required under each lease to enter into a bond or obligation, jointly and severally with the lessee, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease, the names and addresses of the sureties to be submitted at the time of sale.

Each purchaser will be required to agree that he will, upon ten days' notice so to do, execute a lease with sufficient surety as aforesaid, the printed form of which may be seen and examined upon application to the Secretary, at the office of the Department, Pier "A," Battery place.

No person will be received as a lessee or surety who is delinquent on any former lease from this Department or the Corporation.

No bid will be accepted from any person who is in arrears to this Department or the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to this Department or to the Corporation of the City of New York.

The auctioneer's fees (\$20), on each lot or parcel must be paid by the purchasers thereof respectively at the time of sale.

at 12 o'clock noon, for and on account of the Department of Docks, the right to dump and fill-in behind the new bulkhead or river-wall on the Bellevue Section, between East Twenty-sixth and East Twenty-eighth streets, when built. The right or privilege to fill-in the said premises will be sold to the highest bidder, and the price for such right or privilege must be paid at the time of sale. The material to be dumped or filled in, must be composed of clean ashes, sand, loam, earth, etc., or of stone; if of stone, no piece of stone must be greater than 16 inches in its largest dimensions, and all material must be dumped and filled in only at such times and places and in such manner as shall be directed by the Engineer-in-Chief of the Department of Docks, or such other officer or employee of the Department of Docks as may be designated by him, and all the work of dumping and filling-in must be done under the direction of the Engineer-in-Chief or designated employee.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of **FOUR THOUSAND (\$4,000) DOLLARS**.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of

this contract, over and above all his debts of every nature, and over and above his liabilities, as bail surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security, as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including the specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

NEW YORK, June 1, 1889.

**CLAIMS FOR EXEMPTION FROM JURY** duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and

United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

## BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD,  
No. 2 CITY HALL,  
NEW YORK, April 5, 1890.

**PROPOSALS TO DO PRINTING AND LITHOGRAPHIC WORK FOR THE COURTS AND DEPARTMENTS OF THE GOVERNMENT OF THE CITY OF NEW YORK.**

TO PRINTERS AND LITHOGRAPHERS.

**SEALED ESTIMATES FOR SUPPLYING THE** City Government with Printed or Lithographed Forms, Pamphlets, Letter and Note Heads, Envelopes, etc., will be received at the office of the Mayor, in the City of New York, until 12 o'clock M. of Saturday, the 19th day of April, 1890, at which place and time said estimates will be publicly opened and read.

Each person making an estimate shall inclose it in a sealed envelope, indorsed "Estimate for furnishing Printed or Lithographed matter," and with his name and the date of its presentation.

Each estimate shall state the name and place of residence of the person making it; if there is more than one such person, their names and residences must be given; and if only one person is interested in the estimate it must distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for his faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the preliminary security required, and in the proposals stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be ONE THOUSAND DOLLARS.

Should the person to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, as provided by law.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation, and no estimates will be accepted from, or a contract awarded to, any person not having at the time of making his estimate, full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests.

Separate contracts will be made with the lowest bidder for the Printing or Lithographic Work required by any Court, Department or Bureau of a Department, provided it involves more than five hundred dollars, and separate contracts will be made with the lowest bidder for each and every description of Printing and Lithographic work involving an expense of more than five hundred dollars.

Blanks, etc., must be dated "1890," unless otherwise marked; but those of the Bureau of Assessments in the Finance Department shall have only the date "1890."

The printed or lithographed blanks, etc., must be folded, and be put up in packages by the contractors, according to the directions of the Supervisor of the City Record, and the contractors must complete the delivery of the goods at the office of the CITY RECORD within fifty days from the execution of the contracts.

The delivery of the work must also begin within five days from the execution of the contracts, and be continued in such a manner that the immediate needs of the Departments shall be supplied.

As many of the printed forms would be made worthless by typographical errors, or by mistakes in the preparation of samples, the right is reserved to the Supervisor of the City Record to require proofs to be furnished, under an agreement that the contractors shall not be expected to make changes practically altering the character of forms.

### DESCRIPTION OF ARTICLES.

For particulars as to the quantities and kinds of Printing and Lithographing, reference must be had to the samples and specifications on file in the Department of Public Works. Copies of the specifications may be procured from the Supervisor of the City Record.

## DEPARTMENT OF PUBLICWORKS.

DEPARTMENT OF PUBLIC WORKS,  
COMMISSIONER'S OFFICE,  
No. 31 CHAMBERS STREET,  
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

**ATTENTION IS CALLED TO THE RECENT** Act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved; repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number, of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Commissioner of Public Works.
