BOARD OF ARMORY COMMISSIONERS.

ARMORY BOARD COMMISSIONERS,
MAYOR'S OFFICE, CITY HALL, September 17, 1886.

A meeting of the Armory Board was held this day, at 2 P. M., at the office of his Honor Mayor Grace.

Present—Mayor Grace, Commissioner M. Coleman, of the Tax Department, General Newton, Commissioner of Public Works Department, Brigadier-General Louis Fitzgerald and Colonel Emmons Clark.

The minutes of the last meeting were read and approved.

Commissioner Coleman explained that the action taken toward securing the skating rink for quarters for the Second Battery, was too late, as the premises were leased by other parties.

A communication was received from Mr. M. H. Orr, offering to supply Babcock fire extinguishers for the Twelfth Regiment Armory Building. Read and ordered on file.

NEW YORK, September 9, 1886.

The Armory Board, City Hall, N. Y. City:

DEAR SIRS—It was suggested by Mr. Ware, architect, that I send your Board prices of Babcock fire extinguishers, for Twelfth Regiment New Armory. The prices are, viz.:

One extinguisher, \$60, less 15 per cent., or net \$51.

Three extinguishers, \$60, less 20 per cent., or net \$48 each.

Five (5) or more extinguishers, \$60, less 25 per cent., or net \$45 each.

With chemicals charges for extinguishers.

Hoping to receive the order when the Board concludes to put them in Twelfth Regiment Armory.

I am, respectfully yours,

M. H. ORR, Salesman and Inspector,
No. 407 Broadway, N. Y.

I am a member of Twelfth Regiment, N. G. S. N. Y., and have been for over five (5) years.

Respectfully,
M. H. ORR.

A communication was received from Captain Earle, of the Second Battery, which was read and ordered on file.

NEW YORK, September 15, 1886.

Hon. WM. R. GRACE:

MY DEAR SIR—I understand a report will be made to-morrow, by the sub-committee, relating to an armory for the Eighth Regiment and Second Battery.

Will you kindly grant a hearing of the officers of the Second Battery, which battery I have the honor to command, before any action is taken in regard to the acceptance of plans submitted by various architects of this city.

Yours truly,

FERDINAND P. EARLE, Captain Commanding Second Battery, N. G. S. N. Y.
To Hon. WM. R. GRACE, Mayor and Chairman of the Armory Board, New York City.

An application for an armory was received from Colonel Albert P. Stewart in behalf of his regiment, the Eleventh.

And also one from Colonel James Cavanagh in behalf of his regiment, the Sixty-ninth.

These applications were read and ordered on file, and after some explanatory remarks from Captain Coleman in behalf of the Sixty-ninth, his Honor the Mayor said due consideration would be given them.

HEADQUARTERS SIXTY-NINTH REGIMENT, FIRST BRIGADE, N. G. S. N. Y., }
NEW YORK, September 6, 1886.

To the Honorable the Armory Board of the City and County of New York:

The undersigned commanding officer of the Sixty-ninth Regiment, N. G. S. N. Y., in compliance with section 62 of the Military Code, respectfully make application for a new armory, for the reasons that the present armory is unsuitable to accommodate the number of men now in the Sixty-ninth Regiment, besides the building is not in a safe condition.

The public market now on the first floor of the building could be used in case of riot, etc., for the destruction of the building, together with the property of the State.

Very respectfully, your obedient servant,

JAMES CAVANAGH, Colonel.

HEADQUARTERS ELEVENTH REGIMENT, NATIONAL GUARD, S. N. Y., }
NEW YORK, September 13, 1886.

GENTLEMEN—In compliance with page 61, Military Code, I have the honor to demand that a suitable armory be provided for the use of the Eleventh Regiment, its present quarters being unfit for military purposes.

I am, yours very respectfully,

ALBERT P. STEWART, Col. Comdg. Eleventh Regt., N. G. S. N. Y.

To the Honorable the Armory Board, New York City.

A letter was received from H. P. Binswanger recommending the Salem limestone for building the armories. Read and ordered on file.

MORSE BUILDING, No. 140 NASSAU STREET, }
NEW YORK, September 6, 1886.

To the Armory Board Commissioners:

GENTLEMEN—I submit herewith for your inspection a sample of Indiana oolitic limestone from the Salem quarries, with a view of securing its adoption for use in the proposed armory buildings, the plans for which are about being submitted.

This stone although quarried for many years is only just now being introduced in this market, and consequently there are no buildings erected in New York City to refer to. I would instance, however, the Emigrants' Savings Bank on Chambers street, adjoining the Stewart Building, and the new building of the Mutual Life Insurance Co. on Nassau street, both built of Bedford limestone, which closely resembles the Salem stone, although the latter was recently selected for rebuilding the Trenton State House, by reason of its supposed superiority.

It can be delivered in this city at \$1 per cubic foot, which is below the price of all other stones of known merit and durability, besides effecting a great saving in cost of cutting, etc.

I enclose herewith several cards containing cuts of buildings erected or in course of erection, where Salem stone is being used, together with pamphlets, etc., containing other information and giving evidence of its durability and advantages over other stones, excepting granite.

Trusting that it may receive favorable consideration at your hands, I am, gentlemen,

Yours, very respectfully,

H. P. BINSWANGER, representing the Salem Stone and Lime Co.

A letter and certificate were received from Architect Ware, stating that \$4,150 were due on plumbing contract of John Renehan. After some discussion the matter was referred to the Secretary for examination and report.

SEPTEMBER 2, 1886.

Hon. M. COLEMAN, Secretary Armory Board:

DEAR SIR—Please have the usual certificates prepared for the payment of "Additional Plumbing Work" contract, for John Renehan, plumbing contractor, the amount of which is \$4,150.

Yours, truly,

JAMES E. WARE, Architect Twelfth Regiment Armory.

The committee appointed to examine the plans that had been offered in competition presented their report, which was read and discussed.

It was unanimously agreed that the report should be received and adopted, with the following provision: That the architects whose plans are named as most desirable should so modify their plans as to make them acceptable to the committee in charge thereof, and prepare sufficient working drawings to enable builders to estimate the cost; and provided also that such estimates satisfy the committee that the cost will not exceed \$330,000 for the Eighth Regiment Armory, and \$300,000 for the Twenty-second Regiment Armory.

His Honor the Mayor named Commissioner Coleman as a member of Committee on Plans, to succeed Gen. Newton, who desired to be relieved from that position.

NEW YORK, September 14, 1886.

To the Armory Board:

GENTLEMEN—The Committee appointed at the meeting of September 6, to examine the plans for the new armories, respectfully report:

That they met on the afternoons of September 6 and 13; that they received in all ten sets of plans, and, in the presence of the commanding officers of the regiments interested, gave to each architect an opportunity to explain in detail the plan presented by him.

Twenty-second Regiment.

For an armory for the use of this regiment, plans were presented by Messrs. Lindsay, Harding and Post. Those of the first two were found to be impracticable in many respects, and not acceptable to the officers of the regiment. The plans of the latter, with certain modifications, met the approval of the officers of the regiment, and with that of the members of the Committee.

Your Committee therefore recommends:

That the plans presented by Mr. George B. Post for an armory for the use of the Twenty-second Regiment be adopted by the Board, provided certain modifications in the height of the drill-room, in the front elevation, and in the arrangement of the basement floor, and in such other particulars as the Board may require, be made.

Eighth Regiment and Second Battery.

For an armory for the use of this regiment and battery, plans were presented by Messrs. Leo, Luce, Jones, Harding, Thomas, Duncan and Young & Cable. After a very careful and exhaustive examination in detail of each plan, the Committee finally settled upon those presented by Mr. Thomas and by Mr. Duncan. The plan of Mr. Duncan having been arranged on the hypothesis that the battery required almost as much space as the regiment, when in fact it is one-tenth its size, and the cost being so much in excess of other plans, although it should be stated that Mr. Duncan's estimates seemed to be more complete than those of any other architect.

Your Committee recommends: That the plans presented by Mr. Thomas for an armory for the use of the Eighth Regiment and Second Battery of Artillery be adopted by the Board, provided certain modifications in the galleries on the sides of the drill-room and in the front elevation, and in such other particulars as the Board may require, be made.

Your Committee further recommend that if this report be adopted, the architects specified be required to make full and complete specifications and working drawings of the respective buildings as modified by the Board, and that a competent and trustworthy man in each department be employed by the Board to make a careful estimate of the cost, according to such specifications and working plans, and that until such report be received no plans or estimates be forwarded to the Commissioners of the Sinking Fund for their approval.

The Committee further call the attention of the Board to the importance of the question as to the material of which the building shall be constructed. They make no recommendation on this subject, but simply point out the fact that the difference in cost between brick and stone is an important consideration.

LOUIS FITZGERALD,
JOHN NEWTON,
EMMONS CLARK, } Committee.

Mr. Jas. E. Ware, Architect for the Twelfth Regiment Armory, addressed the Board, stating that the cost of paving about the armory would be about thirty cents per square foot, either with Granolithic pavement or bluestone $3\frac{1}{2}$ inches thick.

Commissioner Coleman and General Newton spoke in favor of bluestone, and the former recommended that it be 4 inches to $4\frac{1}{2}$ inches thick, where most used, and that it be "coarse-axed."

Mr. Ware gave approximate estimates of the cost of the necessary cooking-range and boilers as \$800, of two wooden sinks, shelves and lockups as \$78, and of the necessary seats on the gallery, 268 in number, and on the floor, 220 in number, as about \$3 each.

On motion of Colonel Clark, seconded by Commissioner Coleman, it was agreed, without a dissenting voice, that the Architect should prepare plans and specifications of all this work, submit the same to the Committee on Plans and Specifications, and, if approved, the work to be advertised for letting in the usual way.

An application was received from Colonel Jones of the Twelfth Regiment, asking for a marble bulletin-board in the new armory. Which was read and ordered on file.

HEADQUARTERS TWELFTH REGIMENT, N. G. S. N. Y.,
NEW YORK, September 3, 1886. }

The Secretary of the Armory Board for the City of New York:

SIR—I have the honor to request that a marble bulletin-board be placed in the first floor hall of the new armory for the Twelfth Regiment.

Very respectfully, your obedient servant,

JAMES H. JONES, Colonel.

The meeting then adjourned.

DEPARTMENT OF PUBLIC PARKS

DEPARTMENT OF PUBLIC PARKS.
Nos. 27 and 29 READE ST.,
NEW YORK, September 16, 1886.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR EACH OF the following-mentioned works, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received by the Department of Public Parks, at its offices, Nos. 27 and 29 Reade street, until 11 o'clock A. M., on Wednesday, September 29, 1886:

No. 1 For Flagging the Sidewalks a space four feet wide, and Setting Curbstones and Laying Gutterstones in Forest (formerly Concord) avenue, between Westchester avenue and Home street.

No. 2 For Paving with Granite-block Pavement the Roadway of East One Hundred and Fiftieth street, from Mott avenue to Walton avenue, and Laying Crosswalks at the terminating avenues.

Special notice is given that the works must be bid for separately, that is, both works must not be included in the same estimate or envelope.

The nature and extent of each of the works, as near as it is possible to state them, in advance, is as follows:

NUMBER 1, ABOVE MENTIONED.

7,850 linear feet of new curbstone finished and set.
7,930 linear feet of new gutter-stone furnished and laid.
30,000 square feet of new flagging furnished and laid.
Also, the time required for the completion of the whole work, which will be tested at the rate of \$3 per day.

NUMBER 2, ABOVE MENTIONED.

885 square yards of new granite-block pavement.
200 square feet of new bridge-stones for crosswalks.

The person making any bid or estimate must furnish the same inclosed in a sealed envelope, to the head of said Department, at his office, on or before the day and hour above mentioned.

The envelope must be indorsed with the name or names of the person presenting the same, the date of its presentation, and a statement of the work to which it relates.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent in writing of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Plans may be examined and specifications and blank estimates may be obtained by application to the undersigned, at his office in the Central Department. By order of the Board. WILLIAM H. KIPP, Chief Clerk. New York, September 8, 1886.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The amount in which security will be required for the performance of the several contracts is as follows: For No. 1, above mentioned, \$9,000 00 " 2, " 1,500 00

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the city so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contracts when awarded will in each case be awarded to the lowest bidder.

Blank forms for proposals and forms of the several contracts which the successful bidders will be required to execute, can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos. 27 and 29 Reade street.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of twenty thousand dollars.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Hardware, Iron, Tin, Paints, Lime and Lumber," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
