Sir—Pursuant to section 1544 of the Greater New York Charter, I submit herewith a report of the transactions of the Law Department for the quarter and year ended December 31, 1911.

On January 1, 1911, there were pending and undisposed of 46,260 actions and proceedings of all sorts in the various offices and bureaus of the Department. The number of actions and proceedings commenced during the year was 45,776. and the number terminated 52,795, leaving pending and undisposed of on December 31, 1911, 39,241. There has therefore been a considerable reduction in the amount of pending litigation.

BROOKLYN BRANCH OFFICE.

The work of the branch office in Brooklyn is included in the foregoing tables and in the matters dealt with under the heading "Main Offices," but the important duties of that office deserve more detailed comment.

During the year, there were assigned to the Brooklyn office requests for advice to the number of 784 and, in reply, were written opinions to the number of 652; in addition to these, written opinions to the number of 57 were given to the various heads of Departments, making a total of 709.

One condemnation proceeding for water supply purposes has been finished, viz.. In the matter of Wantagh, and another proceeding for the same purpose. In the matter of Valley Stream was concluded and the final order was entered in July, 1911, partially confirming the report of the Commissioners. Part of the report was referred back to new Commissioners and hearings are now being held before them.

Three proceedings to acquire property for school sites have been instituted during the year, which had 49 hearings before the Commissioners, and one site for ferry purposes is still pending before the Commissioners.

Thirteen appeals were argued in the Court of Appeals during the year, and 68 in the Appellate Division, Second Department, during the same period.

During the year there were tried and otherwise disposed of in the Trial Term of the Supreme Court and in the Municipal Court 287 cases.

At the Special Term for Trials there were 7 cases disposed of by trial and 1 discontinued.

There were 9 cases tried in the Municipal Court, exclusive of those referred to above.

There were 61 motions disposed of at the Special Term of the Supreme Court.

One bankruptcy proceeding in the United States District Court for the Eastern District.

One proceeding in the Surrogate's Court.

Twenty hearings before a referee in the matter of the 39th Street Ferry (claims of Porter, Graham and Stone).

One proceeding in the Magistrates' Court was disposed of during the year, and there have been 4 hearings in reference to charges preferred against employees in various Departments.

The most important cases of the year in this office were the two involving the appointment of Probation Officers, namely: In the matter of Benchin, and People ex rel. Simons vs. McGuire, the latter of which is now pending in the Court of Appeals.

Another very important case in this office was Gautier vs. Ditmar and others, involving the constitutionality of the law relating to the sale of tax liens. This action was decided at the Special Term in favor of the constitutionality of the law, and the Appellate Division subsequently affirmed said decision. The case was still pending in the Court of Appeals at the end of the year, but that Court, on January 9, 1911, unanimously affirmed the orders of the courts below and thus the constitutionality of the tax lien provisions of the Charter have been sustained.

The number of claims investigated during the year was 169.

BUREAU OF STREET OPENINGS.

During the year 106 reports were confirmed in proceedings to open streets. In these proceedings the awards aggregated $5,045,881.04, and the assessments for benefit $4,645,226.60.

About 38½ miles of streets were acquired.

The following statement shows the number of meetings of Commissioners of Estimate held during the past five years:

Year.	Number of Meetings.	Folios of Stenography.	Average Number of Folios per Meeting.
1907	7,063	297,207	42
1908	7,185	327,157	45.5
1909	8,335	393,523	47.2
1910	6,705	381,048	56.8
1911	5,685	327,485	57.6

The decrease in the number of meetings of Commissioners is accounted for by the fact that the Commissioners are required to hold longer sessions and take more testimony.

As a result of the amendment to section 992 of the Charter by chapter 548 of the Laws of 1910, which made it possible for owners to cede their land in the street in front of their abutting lots without limitation as to the length of frontage and to obtain exemption from assessments, the number of cessions accepted has greatly increased. The total number of such cessions in 1909 was 145; in 1910, 149, and in 1911, 2,523.

Certain reforms have been instituted in the method of handling the stenographic work, which have resulted in a substantial reduction in cost. The net saving for the year 1910 as compared with 1909 was $9,796.49; the net saving for 1911 as compared with 1909 was $22,110.06; and as compared with 1910, $12,313.57.

BUREAU FOR THE COLLECTION OF ARREARS OF PERSONAL TAXES.

During 1911 the Bureau instituted 6,428 actions to recover arrears of personal taxes, and disposed of 6,486 such actions.

Five thousand four hundred and forty-four oral examinations of defendants were conducted, and judgments were entered in favor of the City in 2,560 cases, amounting to $442,217.37.

The amount of money collected was as follows:

Taxes and Interest	$64,116 84
Costs	885 10
Total	$65,001 94

This amount is somewhat less than the collections for previous years. The falling off is accounted for by the failure of the Receiver of Taxes to transmit to the Bureau the usual number of uncollected warrants. The Marshal for the collection of personal taxes was removed on August 25, 1911, and no successor was appointed. As a result there was returned by the Receiver of Taxes for collection $1,343.786.75 of the tax levy of 1910, as against $2,964,173.50 of the tax levy of 1909, which sum was transmitted the previous year.

BUREAU FOR THE RECOVERY OF PENALTIES.

The number of actions and proceedings of all kinds commenced during the year was 24,600, and the number terminated 24,438, and at the close of the year there were only 1,034 cases undisposed of.

Sixty-six thousand six hundred and twenty-six (66,626) complaints and other matters were acted upon by the Bureau during the year, while sixty-three thousand nine hundred and seventy (63,970) of such matters were conducted by the Bureau during the year 1910, the increase in the volume of the work for the past year, in so far as it may be represented numerically, being two thousand six hundred and fifty-six (2,656). This numerical comparison does not begin to indicate the increased amount of the work of the Bureau, which will, however, become apparent when the character of the work performed is set forth.

The total amount of money received by the Bureau during the year 1911 was	$53,621 26
In addition to this amount, the amount of fines imposed by the Court of Special Sessions in Health Department cases, prosecuted by the Bureau of Penalties, was	13,170 00
Total	$66,791 26
During the year 1910, the total amount of money received by the Bureau was	$40,360 91
While the amount of fines imposed by the Court of Special Sessions in Health Department cases was	9,895 00
Total	$50,255 91

The following is a list of the kinds of work managed or acted upon by the Bureau:

I.—The prosecution of all Fire Department complaints, involving the failure to comply with orders issued by the Fire Commissioner requiring the installation in buildings in The City of New York of auxiliary fire appliances, such as standpipes, automatic sprinklers, perforated pipes, fire extinguishers, boxes for telegraphic communication with Fire Department Headquarters, etc., and violations of the various Fire Laws contained in the Greater New York Charter, which included the obstructing of aisles and passageways of theatres, moving picture show houses, and other places of public amusement, dangerous conditions in buildings, the obstructing of fire hydrants, chimney fires, failure to close hoistways and iron shutters at the close of business for the day, etc.

II.—The prosecution of Health Department actions, criminal and civil, involving violations of the Health Laws, contained in the Charter, and the Sanitary Code.

III.—The prosecution of actions brought to recover penalties for violations of the various provisions of the Code of Ordinances of The City of New York, including short weight cases and those involving the use of incorrect scales, weights, measures and balances.

IV.—The prosecution of abandonment and bastardy cases.

V.—The prosecution of actions brought to recover moneys due upon bonds and undertakings given in abandonment and bastardy proceedings.

VI.—The prosecution of delinquent Jurors.

VII.—Equity suits, writs of habeas corpus, motions of various kinds and miscellaneous business.

The results accomplished through the prosecution of the Fire Department and Health Department cases have been particularly gratifying and deserve special comment.

The power of the Fire Commissioner to safeguard, in a great measure, human life and property in this great City has been firmly established through the energetic prosecution of the Fire Department cases, and through appeals, in each of which the Fire Commissioner has been sustained.

Number of Fire Department complaints acted upon during the year 1911	1,413
Number of Fire Department complains acted upon during the year 1910	508
Amount of money collected through the prosecution of Fire Department complaints during the year 1911	$8,318 00
Amount of money collected through the prosecution of Fire Department complaints during the year 1910	$1,970 00

The prosecution of the Health Department cases has resulted in safeguarding human life in this congested City by eliminating, to a great extent, the practice of adulterating foods and the use of preservatives in food, and in improving the general sanitary conditions throughout the City.

Through the strict enforcement of the provisions of the Charter requiring physicians to report the births of children within ten days after such birth to the Department of Health most beneficial results have been obtained, which necessarily affect the individual, the community and the country.

The following is a comparison of the work of the year 1911 with that of the preceding year:

Number of civil actions brought during the year 1911	320
Number of civil actions brought during the year 1910	85
Amount of money collected in civil actions, 1911	$3.257 00
Amount of money collected in civil actions, 1910	$654 92
Number of criminal actions prosecuted in 1911	735
Number of criminal actions prosecuted in 1910	859
Amount of fines imposed in criminal actions, 1911	$13,170 00
Amount of fines imposed in criminal actions, 1910	9,895 00

Many important decisions were rendered in the Appellate Courts during the past year affecting vitally the prosecution of Fire Department, Health Department and Ordinance cases.

TENEMENT HOUSE BRANCH OFFICE.

From the Tenement House Department there were received during the year 5,516 notices of violations, and there were disposed of 13,241, which included 430 criminal actions. During the year the number of pending violations was reduced from 9,495 to 1,707.

There were received from the Building Bureaus of the several Boroughs during the year 5,397 violations, and there were disposed of 5,556, which included 51 criminal actions and 130 "Unsafe Building" proceedings in the Supreme Court; the fines collected for the said Bureaus amounted to $5.516.09; the number of pending proceedings was reduced during the year from 3,333 to 3,174.

During the year especial attention was paid to fire prevention cases, many of which were pressed to judgment in the Municipal Court, and a number of which were treated drastically in the police courts.

The testimony given by the Superintendent of Buildings for the Borough of Manhattan before the Factory Investigating Commission, which has held sessions during the past year, was erroneously construed to mean that there were 2,500 fire escape violations sent from his Bureau and pending in the Corporation Counsel's office. This assumption was incorrect. The fact is that at the time when Mr. Miller testified before said Commission there were not over 200 fire escape cases from his Bureau pending in the Corporation Counsel's office. In a brief subsequently submitted by Mr. Miller to the Factory Investigating Commission he makes it clear that his testimony had been misconstrued.

During the year 1911 170 judgments for penalties were taken in tenement house cases, 430 criminal prosecutions were completed, 301 vacating orders prepared, $7,189.89 in penalties collected, 2,408 lis pendens notices filed, and 80 Supreme Court actions in rem instituted.

It should be noted here that the number of criminal prosecutions is regulated by the Tenement House Department, the initiative in all such cases being taken by them. And further it should be noted here that a new procedure has been adopted in Municipal Court prosecutions for penalties during the year 1911. Under the express directions of the Tenement House Commissioner every violation case now forwarded to this Bureau for prosecution is sent for the purpose of actually collecting the penalty, and in no case is the action terminated otherwise, even though the work required by the Department has been done, except with the consent and under the direction of the Tenement House Commissioner. This method was adopted under the direction of the Tenement House Commissioner to supplement the work done in his Department. During the year he inaugurated a plan of enclosing with the last notice of a violation sent out a special notice that if the orders of the Department were ignored and the violations sent to the Corporation Counsel's office for prosecution, the penalty would be insisted upon at that time even though the orders were subsequently complied with. It was to make these notices effective that the Commissioner adopted the rule of insisting upon penalties in every case forwarded for prosecution, except where he sees good reasons for contrary action.

A new form was adopted for forwarding cases for prosecution which meant some change in the procedure of this Bureau.

During the year 1911 the Corporation Counsel's office was successful in every proceeding and action brought in the Supreme Court in behalf of the Tenement House Department

MAIN OFFICE.

Titles.

Thirty-six contracts for the purchase of real property by the City were examined and approved. Thirty-four titles were approved and closed.

Title to a large tract of land under water in Richmond County examined.

Miscellaneous Work.

Many opinions were written concerning various matters. Several releases of easements in re 4th ave. (Brooklyn) rapid transit were examined as to form of execution and transmitted to the Register of Kings County for record.

Various contracts for the purchase of easements in properties to build the high pressure tunnel in connection with the Catskill Aqueduct were prepared for the Board of Water Supply. Over two hundred foreclosure actions and about ten actions in partition were attended to. Various "unknown owner" proceedings were also attended to.

Four actions brought against the City for the recovery of awards have been defended and various other litigation has been attended to.

DIVISION FOR CONTRACT LITIGATION.

The work of the Division of Contract Litigation is divided into two parts, (1) opinion work and (2) litigation work.

During the year, this division has prepared over 390 opinions for the Corporation Counsel in reply to the requests from heads of departments of the City.

The division has pending litigation aggregating $4,854,648.32. The courts have passed upon 68 cases afer trial and upon at least forty motions at Special Term. The claims in these cases aggregate $902,878.64, and the recoveries and settlements therein to date amount to $133,966.13.

Perhaps the most important cases handled by this division are the following:

DIVISION FOR TAXES.

Tax Certiorari Cases.

During the year 1911 proceedings in which the amount of the assessments reviewed was $173,103,908 were disposed of by trial and by settlement. Amount of assessments compromised $127,769,158. Amount of assessments in litigation in those proceedings was $33,214,680. Amount of reductions allowed $5,927,103, or .046 per cent. of the original assessments. Amount of assessments in cases tried $45,334,750. Amount of assessments in litigation in those proceedings $15,639,357. Amount of reductions granted by the courts $1,597,507, or .035 per cent. of original assessments. Of the 142 proceedings instituted to review assessments of real and personal property for the year 1910, 126 were disposed of by trial or compromise up to January 1, 1912, leaving only 16 proceedings undisposed of.

Two hundred and ninety-three proceedings were instituted to review the assessments for the year 1911 against real and personal property, and 36 proceedings were instituted to review the assessments for that year against bank shares.

Special Franchise Assessments.

Proceedings to review assessments for taxation against special franchises were compromised wherein the assessments reviewed amounted to $126,911,954. Reductions claimed amounted to $94,083,446, and the reductions actually made amounted to $41,917,855. The taxes on the reduced assessments amount to $1,414,367.

During this year the trial of the special franchise proceedings of the Metropolitan Street Railway Company system for the assessments for 1910 was had before Mr. Justice McCall. The assessments amount to $58,181,000, and the amount of the reduction claimed is $39,707,020. The case is undecided as yet. In November the trial of the 1911 proceedings of this system was begun before Mr. Justice Davis. The amount of these assessments is $49,057,000. Amount of assessments in litigation $31,889,665.

Ninety-nine proceedings were instituted to review the 1911 special franchise assessment levied against the various public utility corporations in The City of New York.

This division also defended mandamus proceedings against the Commissioner of Water Supply, Gas and Electricity, and the Comptroller to cancel charges for the supply of water. There were drafted 394 opinions in the course of the year.

Assessments on Bank Shares.

There are now pending a number of certiorari proceedings which were instituted after the enactment of chapter 74, Laws of 1909, to review on the ground of irregularity, assessments on bank shares made in 1901 to 1907, aggregating about $600,000,000. Since the decision in People ex rel. American Exchange National Bank, 199 N. Y., 55, sustaining the act of 1909, the relators are seeking refund only of interest upon the taxes, conceding that they cannot recover the taxes paid. Orders were entered in proceedings instituted prior to the act directing interest to be paid, in view of the decision in the American Exchange case, but the pending proceedings are being opposed by the City upon the ground of laches, and typical cases are now before the court for determination.

Similar recoveries are sought with respect to taxes paid in 1901 to 1907 in actions pending which are opposed by the City.

Certiorari proceedings are also pending, instituted by about thirty shareholders, attacking assessments made since 1901 on their bank shares in each year, upon the ground that the tax law authorizing such assessments is invalid as contravening the provisions of the Revised Statutes of the United States; and in this litigation which will be finally determined in the United States Supreme Court, the City has thus far been successful.

TORT DIVISION.

During the year there were 442 cases disposed of in the various courts by this Division; 217 in the Supreme Court, 36 in the City Court and 189 in the Municipal Court.

The total amount in suit was $1,889,068.05, and the total recoveries $70,262.50.

There were 31 "Division" appeals decided, the net result showing a reduction of $23,157.57, which, deducted from the amount of recoveries for 1911 shows a recovery of about 2½ per cent. of the amount in suit.

There were 360 cases disposed of by trial in the various courts, of which 67 were against individual defendants, and of these 51 were against the Property Clerk of the Police Department for delivery of property seized by the Police. The determination of these cases does not involve the City in damage.

There were 82 cases dismissed for lack of prosecution, at Special Terms (54 in the Supreme Court and 28 in the City Court). Of this number 22 were against individual defendants.

The foregoing summary is confined to cases appearing on trial calendars, and does not include discontinuances of cases not set down for trial, which, if added, would materially reduce the percentage of recoveries.

Four hundred and eighty-one oral and medical examinations of claimants were conducted during the year, in which investigations were instituted and the various steps taken preliminary to final disposition.

DIVISION OF FRANCHISES.

The most important result accomplished by this Division during the year 1911 was the decision of the Court of Appeals in the action brought by the New York Central and Hudson River Railroad Company against the Board of Estimate and Apportionment, to restrain said Board from tearing up the tracks of the railroad on the surface of the streets. This decision was the culmination of the litigation growing out of the opposition of the City to the operation of this railroad on the surface of the streets of the City below Spuyten Duyvil, and particularly below 72d st., such operation having caused the death of several hundred persons and serious injury to many more, not to speak of the depreciation of property along its route.

The Court of Appeals handed down a decision the 20th of May, 1911, which, though holding that the railroad company had a perpetual franchise to operate within the City limits, yet clearly enunciated the principal that such operation was subject to regulation under the police power of the State, and that under the exercise of such power as approved by the United States Supreme Court, the company could be compelled to remove its tracks from the surface of the streets at its own expense. This decision was shortly after followed by the passage of an act of the Legislature (chapter 777, Laws of 1911), providing among other things for the discontinuance by this company of the use of the streets at grade and authorizing the City and the company to enter into an arrangement for the elimination of the grade crossings of this railroad within the City limits. That matter is now pending before the Board of Estimate and Apportionment.

The net result of the litigation carried on between the City and the railroad company is that by the decision of the Court and the act of the Legislature the railroad company will be required to remove its tracks from the surface of the streets by either elevating or depressing them, and the cost of such relocation of the tracks and elimination of grade crossings must be borne by the company. Such cost it is estimated will be over $50,000,000.

A number of actions involving threatened interference with the powers of the Board of Estimate and Apportionment and other City officials were disposed of and others are being prepared for trial. Of the latter, the two most important are, first, the New York Electric Lines Company against the Board of Estimate and Apportionment, brought to have declared void a resolution adopted by the Board of Estimate and Apportionment in 1906, revoking the consent of the Board of Aldermen granted in 1883 to said company to construct electric subways in the streets of the City.

The Court of Appeals decided (201 N. Y. 321) that the revocation by the Board was valid and legal, inasmuch as no subways had ever been constructed or wires laid under the franchise granted to the company in 1883, and that where a grant was made by the City under which there had been no substantial construction, such

grant was but a revocable license which might be revoked at any time by the City. This decision is a powerful weapon in the hands of the municipality in dealing with companies now claiming the right to operate under franchises granted many years ago under which no work of construction was ever done. This Division has been assiduous in preparing to defend such decision in view of its great importance to the City. Another action is that brought by the Amsterdam Electric Light Company and the Edison Electric Illuminating Company of Brooklyn against the Board of Estimate and Apportionment to enjoin the threatened revocation of the franchise granted to the State Electric Light Company, the predecessor of the plaintiffs, on the ground of failure to carry out the terms and conditions of the original grant. Both these actions will be disposed of at the January Term, 1912.

This Division has been in constant co-operation with the Attorney General of the State in the prosecution of the actions brought in the name of the People of the State against various street railway companies to have their franchises declared forfeited for failure to operate. Judgment has already been entered in a number of such cases and many miles of abandoned tracks have been removed from the streets. Some of the pending actions, it is expected, will soon be settled. The others will be tried during the year 1912.

The action against the Fulton Ferry Railroad Company will be the first of these cases to be tried.

In the case of Joline against the City, the Receivers of the Metropolitan Street Railway Company sought to enjoin the Board of Estimate and Apportionment from interfering with the operation of the railroad over the new Madison Avenue Bridge. The City claimed such company was operating illegally, inasmuch as it had never received a franchise from the City; the company contended it has sufficient authority through a permit from the Park Department and the Commissioner of Bridges. The case was tried before Mr. Justice Gerard, and judgment given in favor of the City. An appeal was taken from this judgment to the Appellate Division, which affirmed the judgment of the lower court, sustaining the authority of the Board of Estimate and Apportionment. From this decision the company has appealed to the Court of Appeals.

Several actions are still pending for lighting bills disallowed by the City, and will shortly be brought to trial. These actions do not arise in the Borough of Manhattan, but are actions brought by companies operating in the Boroughs of Queens and Brooklyn.

One hundred and ninety-eight hearings before the Public Service Commission, relating to franchises in which the City is interested, were attended by this Division. One result was the issuance by the Commission of orders eliminating a great number of railroad crossings at grade in the Boroughs of Queens and Richmond, involving an expenditure of over a million dollars.

Eighty-nine franchise contracts were examined, revised where necessary, and approved.

Sixty-six opinions to the Board of Estimate and Apportionment and various other City Departments were prepared and furnished.

Division for Queens County Litigation.

The attention of this Division is given not only to the claims and litigation arising against the City and municipal officers in the Borough of Queens, but also to a legal supervision of the maintenance and operation of public and private water supplies for the Boroughs of Brooklyn, Queens and Richmond. If reference be had respectively to the annual reports, to the Mayor, of the Department of Water Supply, Gas and Electricity and the Department of Health, the reason why results are not mentioned here in the matter of exhaustive legal examinations and investigations of subjects therein discussed, will be obvious. So that repetition may be avoided, it is sufficient to state that all important questions associated with water supply projects receive the deliberate revision of this branch of the Law Department.

Owing to the uniform success of this Division, during the past six years, in resisting the entry of judgments for alleged water diversion, formerly thought to be caused by the City's water securing devices maintained in Nassau County, whose operations were said to have depreciated the rental and usable value of farm land for the cultivation of market garden crops, not a single claim for such damage was filed with the Comptroller during the past year. The most important cases, however, in this character of litigation which have been tried in the courts, as yet, were presented to the Honorable Walter H. Jaycox, at a Special Term of the Supreme Court, held for the County of Nassau, in the month of May, 1911. The titles of these actions are Frederick Reisert vs. The City of New York, and Frank Felten vs. The City of New York. The past money damages claimed aggregate $52,000, and in addition thereto the plaintiffs demand that an injunction issue which shall restrain the further operation of the City's Watts Pond Pumping Station, situated at Valley Stream, N. Y. The trial of these actions consumed a period of nearly four weeks. The evidence adduced was intricate and voluminous, which explains the reason why these matters have not as yet been adjudicated.

Although there has been less activity on the part of Long Island farmers during the year of 1911 in the matter of pressing this kind of litigation to trial, owing probably to the fact that all of their neighbors have been defeated in the courts since the year 1905, this Division, nevertheless, has persistently continued its investigation of the many claims already filed. Pertinent subjects of inquiry herein are transmitted to the Department of Water Supply, Gas and Electricity, which require the constant attention of a corps of fifteen engineers, whose studies thereof, I am informed, form an important part of the watershed work conducted by the Department of Water Supply, Gas and Electricity for the Borough of Brooklyn.

Two other subjects require special investigation by this Division. They are mentioned seriatim:

First—A careful study of the ownership of title to lands under water along the shore front of the East River in the Astoria and Newtown localities of the Borough of Queens. The importance of this investigation cannot be underestimated, in view of the fact that the premises referred to embrace the only area of land under water within the City limits available for dock purposes and waterfront privileges, where title has not been quieted. It became necessary to prosecute this investigation at the present time in order to secure accurate information for use in the defense of the City's interests in an action now pending in the Supreme Court, County of Queens, and instituted for the purpose of determining the right of the City to empty sewage deposits into the East River over flats at the foot of Temple st., Astoria.

In many respects this study has been similar to the City's defense to the Manhattan Beach, Flatlands, Jamaica Bay and Rockaway Park Improvement Company suits.

Second—As a result of extensive alterations brought about by the change of street grades in the vicinity of Thomson ave. boulevard, Long Island City, and the construction of the Sunnyside Yard Improvement, so-called, the abutting property owners have filed with the Comptroller claims for damages. One of the actions pending at present is ready for trial, namely, McCabe vs. The City et al., and will be the test case presented for an adjudication at the Special Term of the Supreme Court, to be held for the County of Queens in January, 1912.

The miscellaneous work of the Division for the year 1911 has been disposed of as follows:

There have been written to heads of Departments sixty-six (66) opinions upon subjects of administrative procedure.

The Police Department reported one hundred five (105) accidents which occurred in the Borough of Queens. Although only twenty-four (24) claims for damages growing out of said accidents were filed with the Comptroller, each report was fully investigated promptly and the City prepared therein for the contingencies of litigation. The damages demanded in claims filed aggregated one hundred eighty-two thousand three hundred dollars ($182,300).

There were twenty-six (26) actions disposed of which were pending in the trial Courts of Queens and Nassau Counties. The damages demanded aggregated one hundred nineteen thousand one hundred two dollars ($119,102). With the exception of three actions now on appeal, and two actions not yet decided, the City suceeded in each of the suits above referred to.

Six motion for writs of mandamus were argued and in each, with the exception of one matter wherein the head of Department voluntarily reinstated the relator, the respondent's exercise of administrative discretion was sustained.

Division for Civil Service Matters.

This Division opposed applications for peremptory or alternative writs of mandamus in twenty proceedings to compel the Civil Service Commission to certify the payrolls of employees or to rerate examination papers, and to compel the heads of departments to reinstate removed employees. These applications were denied in nine proceedings; alternative writs were issued in four proceedings; and peremptory writs were issued in four proceedings (all of which were subsequently dismissed upon appeal). Decision on three applications was not rendered in 1911, but the applications were subsequently denied. One application for a writ of certiorari was denied.

An application for a preliminary injunction against the Civil Service Commission was also denied in the case of Donohue vs. Creelman et al., composing the Civil Service Commission, which included a matter of great interest from a Civil Service point of view.

Nine other motions were made or opposed by this Division. Five cases were tried before the court or juries, arising out of returns to alternative writs of mandamus, and two cases were tried in the Municipal Court.

Applications for a final order after the trial of issues upon the return to alternative writs of mandamus were made or opposed in three cases.

Five returns to alternative writs of mandamus were prepared and filed. Two returns to writs of certiorari were prepared and filed. Two appeals from orders granting peremptory writs of mandamus were prepared and argued (successfully).

Thirty-three opinions were written to different City officials on various Departmental matters. The Division also conducted eight hearings upon charges against employees of various City departments, who claimed to be veterans and entitled to hearings under the Civil Service Law.

Division for Affirmative Actions.

This Division assumes charge of all claims upon which the City or any of its departments find it necessary to commence action; 252 such actions were pending at the beginning of the year, 69 new actions were commenced, 166 actions were disposed of and there were pending at the close of the year 155 actions.

The amount of money collected during the year as a result of the activities of the Division was $254,297.30. This included the money collected by the Law Department and a few collections made by other departments after action had been commenced by the Law Department.

Division for Change of Grade Claims.

Before the Change of Grade Damage Commission 440 claims were disposed of during 1911. Awards were made in 285 claims and 155 claims were dismissed.

Twenty-nine claims were disposed of before the Board of Assessors; 24 awards were made, including one of $102,500 to Jordan L. Mott (in which proceeding $450,000 was claimed); five claims (including one involving $140,000) were dismissed.

Four actions were tried in the Supreme Court, all resulting in judgment for the City.

Returns were made to several writs of certiorari brought to review the determinations of the Change of Grade Damage Commission and the Board of Assessors. Some of these proceedings have been argued before the Appellate Division, but have not been finally disposed of.

Seven mandamus proceedings to collect awards or to compel action by the Board of Assessors were disposed of. In three of these proceedings, however, appeals have been taken.

Proceedings to collect awards made to unknown owners or to the wrong parties have been disposed of.

Various opinions on questions of law were prepared for the Board of Assessors, the Board of Revision of Assessments and the Change of Grade Damage Commission.

Division for Board of Education Matters.

Sixty-three cases were disposed of or passed upon by the courts during the year 1911. Of that number 30 were settled with the approval of the Board of Education against which they had been instituted; 17 were decided in favor of the Board of Education; 2 motions for injunctions pendente lite were denied; 1 case was discontinued; in one case the plaintiff was compelled to reply; 1 motion for a writ of mandamus was granted and an appeal from the order is now pending; 4 motions for writs of mandamus were granted against the Comptroller in cases which were opposed merely because threats to hold the Comptroller personally liable had been made; 1 motion for a writ of mandamus against the Board of Education was granted and no appeal was taken; 5 cases in which liability was admitted except as to the period for which interest was owing resulted in judgments for the plaintiffs and appeals are pending from such portions of the judgments as affect the question of interest, and in 1 case the defendant's demurrer to the complaint was overruled. In addition to the foregoing this Division prosecuted the case of the Board of Education against a Principal which resulted in his dismissal, and the case of the same body against a Clerk, which also terminated in his discharge. In the course of the year 27 opinions were prepared.

Division for General Litigation.

The work of this division is increasing rapidly. With the growth of the City, the questions which arise, both in the course of litigation and in requests for opinions, become more and more diverse and cover a larger range of the law than ever before. It has become a common practice for residents of the City, of the State, of other States and even of foreign countries to submit to the Corporation Counsel for his consideration and advice questions of law in which they are interested.

A typical case may be cited. A resident of a distant state requested an opinion as to whether it was a violation of law for him to ship to his invalid daughter in The City of New York or for her to receive, cook and eat a game bird when out of season.

Conferences were held with consular representatives of various European countries, upon whose subjects it was claimed laws in force in the City placed restrictions as to employment and as to their right to carry on certain businesses which require licensing.

During the year a decision was obtained holding constitutional the recently added sections of the Charter, providing for the supervision and licensing of dance halls, with the result that the City authorities now have full control over this class of places.

The aid of the courts was invoked both by action to restrain the Chief of the Bureau of Licenses of the Mayor's office from revoking licenses which had been issued, and by applications for mandamus, to constrain him to grant licenses which he had refused to issue, but in every instance his action was sustained by the courts. Similar actions and proceedings were instituted against the Police Commissioner and other officers with the result that with but one exception the courts refused to interfere.

In response to requests from the various municipal departments, hundreds of opinions upon many different subjects were written. Almost every day it is necessary to pass upon the right of the City Clerk to issue marriage licenses to persons who have been divorced in this and other states, or whose husband or wife has been absent and not heard from for various periods of time, involving the examination of the marriage and divorce laws of this and other states and of foreign countries.

Under the provisions of the Poor Law, authorizing the Overseer of the Poor to bring an action therefor, a somewhat novel action was instituted in behalf of the Commissioner of Charities to recover from an alleged usurious lender several thousand dollars unlawful interest alleged to have been exacted by him from a borrower. The outcome of this action will be watched with considerable interest, because, if successful, it may prove effective in dealing with an evil which should, if possible, be eradicated.

Many actions seeking to recover damages to real property alleged to be caused by loss of light, air and access, by reason of the construction of elevated railroads in connection with the subway and by reason of interference with lateral support during the construction of the Brooklyn Loop Lines have been commenced and are being defended by an assistant assigned to this division. These cases present many novel questions of law and involve large sums of money.

Assistants in this division have been assigned during the year to various departments to advise with their heads with regard to important situations which arose.

There has been a large increase in the number of actions commenced and opinions requested arising under the Admiralty Law. In this connection, it may be of interest to note that the opinion of the lower court, holding that a fire-boat had the right of way in proceeding to a conflagration to which it had been summoned and that the City was not answerable in damages because the rules of navigation were not adhered to strictly by the pilot was sustained upon appeal.

Pursuant to a resolution of the Board of Estimate and Apportionment, an application was made to the Appellate Division for the exclusion, in ascertaining the power of the City to become otherwise indebted, of the indebtedness incurred by the City for the construction of the Brooklyn-Manhattan Rapid Transit Railroad, which eventuated in an order directing that all the bonds, amouting to $3,614,400, issued by the City prior to January 1, 1910, for this improvement should be so excluded.

In an action instituted by the Admiral Realty Company against the Board of Estimate and Apportionment, the Public Service Commission for the First District and the Bradley Contracting Company, to restrain the letting of contracts for the construction of the new subways and to have declared unconstitutional and illegal an alleged agreement which the plaintiff claimed was an agreement for operation entered into

between these two Boards and the Brooklyn Rapid Transit Company or a company to be formed by it, a motion for an injunction pendente lite seeking this relief was denied at Special Term, and upon appeal this decision was sustained by the Appellate Division.

As heretofore, many proceedings seeking to enforce rights claimed by parties and candidates under the Election Law were in charge of assistants in this division.

A large number of bills requested by the heads of City departments were drafted.

Hudson River Polution.

This office is now prosecuting a suit in the Supreme Court of the United States entitled The People of the State of New York against The State of New Jersey and the Passaic Valley Sewerage Commission.

The object of the prosecution is to secure an injunction against the State of New Jersey and the Passaic Valley Sewerage Commission, restraining them from discharging 360,000,000 gallons of crude filth per day into the upper New York Bay.

The Chief Justice of the Supreme Court of the United States has appointed a Commissioner who is now holding hearings in this suit. During the months of June, September, November and December, of 1911, testimony has been given on behalf of the complainant, the State of New York, of over eleven thousand chemical and bacteriological analyses of the harbor waters and of the deposits at the bottom of these waters.

A bill is now before the New Jersey Legislature extending the territory to be drained by the Passaic Valley Trunk Sewer Project. With this new region added, the volume of sewage and trade-waste to be discharged within sight of the Battery will reach the portentous proportion of over 407,000,000 gallons per day, an amount of refuse far beyond the power of our harbor waters to assimilate. If the State of New Jersey should prevail in her contemplated scheme of wholesale pollution, the Island of Manhattan would be surrounded by putrefactive liquid filth exceeding in loathsomeness that of the Gowanus Canal before New York City installed the flushing scheme for its improvement.

The City, in prosecuting this suit, seeks to restrain the discharge of this vast quantity of putrescent waste, menacing our properties with gross injury, and our large community with pestilence. The City expects to succeed in enjoining the State of New Jersey from the perpetration of this mammoth nuisance that threatens alike the commercial pre-eminence of this great City and the health and comfort of our citizens.

DIVISION OF APPEALS.

The large number of appeals argued and briefs prepared and submitted during the year, to which I have already adverted, gives some idea of the activities of this Division. The more important cases decided were as follows:

United States Supreme Court.

Fifth Avenue Coach Co. vs. New York (221 U. S., 467), held that an ordinance of The City of New York prohibiting advertising on vehicles in streets is not unconstitutional.

Court of Appeals.

Bockman vs. City of New York (200 N. Y., 53), held that a Commissioner of Deeds for The City of New York, who was also an employee of the City, cannot recover fees for services rendered when he did not administer the oath in compliance with the statute.

Matter of City of New York (200 N. Y., 138), held that the Surrogate's Court has control of funds held by that Court despite the fact that the possession of the funds may be in the Chamberlain of The City of New York, and the Supreme Court cannot direct the transfer or payment of such funds.

People ex rel. Walker vs. Ahearn (200 N. Y., 146), held that a proceeding against a municipal officer does not abate by the removal of the officer against whom it was originally instituted, but may be continued against his successor in office.

Borough Construction Company vs. City of New York (200 N. Y., p. 149), held that in a municipal contract, when the contractor was required to do some work not covered by the contract, he may recover damages as upon a breach of contract.

Hogan vs. Board of Education (200 N. Y., 370), held that the power to fix salaries of employees in the Department of Education rests exclusively with the Board of Aldermen.

Bogart vs. City of New York (200 N. Y., 379), held that The City of New York was not liable for injuries received by a voluntary spectator of automobile races permitted on a public highway.

People ex rel. N. Y., etc., R. R. Co. vs. Willcox (200 N. Y., 423), held that the Public Service Commission has no jurisdiction to abate a nuisance affecting the public health, although the same was committed by a railroad company, as the supression of such a nuisance is within the jurisdiction of the Board of Health.

Hart vs. City of New York (201 N. Y., 45), held that a contract for the construction of a sewer and sewerage disposal plant in The City of New York, where the invited bidder was allowed to select any method of sewerage disposal and construct, locate and arrange buildings, etc., was invalid and unenforcible because plans and specifications were too indefinite.

Milliken Brothers vs. City of New York (201 N. Y., 65), held that the time for filing municipal lien dates from the actual completion of the work and not from the date of certificate of substantial completion.

Macey Company vs. The City of New York (144 App. Div., 408), held that the provision in a municipal contract that the contractor should pay $10 as liquidated damages for each day the completion of the contract was delayed beyond the contract period, constituted an agreement for liquidated damages and not a penalty.

Mahoney vs. The City of New York (145 App. Div., 884), held where The City of New York has never given a license for the construction of vaults under a public street, pursuant to statute licensing such vaults, it may demand a fee for their maintenance, no matter how long they have been in existence.

LEGISLATIVE MATTERS.

During the legislative session of 1911, there were introduced 514 bills especially affecting The City of New York, 132 of which were by way of amendment to the Charter. This does not take into account the number of reprinted bills, or the measures amending the codes or the general statutes.

There were transmitted to the Mayor 120 special City bills. Before action thereon 5 of them were recalled from the Mayor by the Legislature for the purpose of amendment. The Mayor, therefore, acted on 115 bills (42 Senate and 73 Assembly), accepting 70 and disapproving 45. Of the 70 approved and returned to the Governor. 64 received executive sanction and 6 were vetoed. No bill vetoed by the Mayor was repassed by the Legislature.

Two constitutional amendments in which the City was deeply interested were repassed by the Legislature, but failed of adoption when submitted to the people at the general election held in 1911, one providing that compensation to be paid by the City in condemnation proceedings may be ascertained by the Supreme Court with or without a jury, in addition to the other methods now prevailing, and the other providing that when the City takes property for public use it may also take additional adjoining or neighboring property under conditions to be prescribed by the Legislature by general law.

Among the bills passed by the Legislature and approved by the Governor at the request of the City, the following are the most important:

Three measures proposed by the Department of Finance and designed to improve the financial methods of the City and save the money of the municipality: (1) "An act in relation to notes to be issued in anticipation of the sale of corporate stock," so that hereafter it will be only necessary to borrow by corporate stock notes such money as may be required for disbursements instead of having large sales of corporate stock in advance of expenditure, which method could only result in much loss of interest while the money was being gradually disbursed; (2) "An act in relation to the issue of corporate stock in foreign countries," which gives to the Comptroller the opportunity of placing abroad where the interest is generally lower than in this country an occasional issue in sterling, francs or marks; and (3) "An act to amend the Greater New York Charter in relation to the levy and collection of taxes and water rates" (Semi-annual Collection of Taxes), which alone will save to the City $2,000,000 annually in interest charges.

Three bills proposed by the Department of Docks and Ferries and designed to vest in the local authorities the power to make the port of New York the best, most improved and greatest in the world: (1) "An act to amend the Transportation Corporations Law, by adding two new sections, 153 and 154, providing for the incorporation of freight terminal companies," which is a new kind of corporation to be under the supervision and control of the Public Service Commission, having some of the powers and responsibilities of common carriers, and with authority more effectually to handle the problem of port transshipment, warehousing and manufacturing; (2) "An act to improve the water-front facilities of The City of New York, in relation to the receipt, delivery and shipment of freight," which, among other provisions, permits the Department, under the direction of the Board of Estimate and Apportionment, to create terminals and operate them, if necessary, as distinct from mere dock improvements to which the City has heretofore been limited in its construction, and which plan is in conformity with the general practice throughout the world at large seaports; and (3) "An act for the removal of the New York Central tracks from the surface of 11th avenue," which is purely a permissive measure, but which places in the Board of Estimate and Apportionment the power through agreement to acquire from the railroad company certain water-front property which it is necessary for the City to own in order properly to develop its water-front facilities.

APPROPRIATIONS.

The cost of maintaining the Law Department has declined during the past four years, the Board of Estimate and Apportionment having seen wise, in the exercise of its judgment, to reduce the total amounts allowed, as follows:

1909	$849,940 00
1910	843,410 00
1911	817,660 00
1912	788,410 00

I feel, however, that a mistake was made in cutting down some of the appropriations for 1912, and my efforts during the current year will be handicapped in several directions by the lack of sufficient appropriations.

CONCLUSION.

The workings of a great law office and the results accomplished cannot be adequately shown in mathematical tables, and any attempt to make comparisons with former years on a statistical basis might be misleading, but I have no hesitancy in stating that while there has been no increase for three years in the office staff, and notwithstanding the fact that the appropriations to the Department have decreased, there has been a great increase in the amount of substantial work done and results obtained.

I gladly acknowledge my indebtedness to my staff of assistants and force of employees, without whose hearty co-operation the results achieved would have been impossible.

The detailed report of the general offices, contained in eight schedules, follows, and there is attached thereto in an appendix the complete reports of the Bureau of Street Openings, the Bureau for the Recovery of Penalties, the Bureau for the Collection of Arrears of Personal Taxes, the Tenement House Branch Office, and the counsel in charge of Water Supply Condemnation Proceedings.

Yours respectfully, ARCHIBALD R. WATSON, Corporation Counsel.

Report of the Bureau of Street Openings.

90 and 92 West Broadway, Borough of Manhattan, New York, February 5, 1912.

Hon. ARCHIBALD R. WATSON, *Corporation Counsel:*

Sir—I herewith transmit a report of the Bureau of Street Openings for the year ending December 31, 1911:

One hundred and six reports in street opening proceedings were confirmed in which the awards aggregate $5,045,881.04, and the assessments for benefit, $4,645,226.60.

The streets acquired cover 203,446.17 linear feet, or about 38½ miles.

Thirteen reports were moved for confirmation, in which the awards amounted to $708,481.99, and the assessments for benefit to $1,095,692.93. The length of these streets to be acquired equals 55,763.96 linear feet, or slightly over 10½ miles. Seven final reports were signed, which have not yet been moved for confirmation.

Of the 391 reports upon which the Commissioners have been engaged in the whole Bureau, 126, or almost one-third, have been completed, as above shown, and 265 have reached the stages enumerated below:

Final instructions received	49
Hearing or considering objections	53
Preliminary abstracts in course of preparation	54
Considering awards	16
Taking testimony	73
Damage maps received, hearings to be called	14
Awaiting final maps	5
Proceedings to be discontinued	1
	265

One hundred and two (102) proceedings were instituted during the year by the appointment of Commissioners of Estimate.

Three thousand seven hundred and fourteen (3,714) opinions and letters of advice were prepared during the year.

Nine appeals were argued before the Court of Appeals and twenty-seven appeals before the Appellate Division.

Twenty-seven other appeals were disposed of by the decisions in the above cases and by lack of prosecution.

One hundred and thirty (130) preliminary abstracts of awards for damage and assessments for benefit were prepared and filed for objections in which the awards amounted to $7,770,054.25, and the assessments for benefit to $10,916,995.94.

Commissioners' bills of costs were prepared for taxation in one hundred and twelve (112) proceedings. A certificate was prepared and presented to the Court as to each bill of costs certifying that the costs as presented had been audited and examined and setting forth the result of such audit and examination.

Five thousand six hundred and eighty-five (5,685) meetings of Commissioners were held.

The decisions rendered by the Courts during the year 1910 as to Commissioners' fees, which were referred to in my letter transmitting the annual report for that year have, as there stated would be the case, had the effect of reducing the number of necessary meetings of Commissioners for the year 1911, as will appear below.

The reforms mentioned in my letter transmitting the annual report for 1910 as to the method of handling the stenographic work of the Bureau, which were instituted by your direction during 1910, show results during 1911 of more substantial reductions in the cost of the stenographic work done by contract. The net saving for the year 1910 on stenographic work as compared with 1909 was $9,796.49. The net saving for 1911 as compared with 1909 was $22,110.06, and as compared with 1910 was $12,313.57.

Notwithstanding the curtailment of the stenographic minutes in all proceedings resulting from the instructions issued by your direction on June 10, 1910, referred to in my letter transmitting the annual report for 1910, the average number of folios per meeting of Commissioners throughout the year 1911 shows the same favorable result as for the year 1910, as will appear from the following statement:

Year.	Number of Meetings of Commissioners.	Number of Folios, Stenography.	Average Number of Folios Per Meeting.
1907	7,063	297,207	42.0
1908	7,185	327,157	45.5
1909	8,335	393,523	47.2
1910	6,705	381,048	56.8
1911	5,685	327,485	57.6

The decrease in the number of meetings of Commissioners, to which attention was above called, is shown by the above statement.

As a result of the amendment of section 992 of the Charter by chapter 548, Laws of 1910, which made it possible for owners to cede their land in the street in front of their abutting lots, without limitation as to length of frontage, and obtain exemption from assessments, the number of cessions accepted has greatly increased during the year 1911, as will appear by the following statement:

Cessions Examined and Accepted.

Year.	Manhattan, The Bronx. Queens and Richmond.	Brooklyn.	Total.
1909	46	99	145
1910	55	94	149
1911	1,163	1,360	2,523

This result was forecasted in my letter transmitting the annual report for 1910.

Respectfully,

JOEL J. SQUIER, Assistant Corporation Counsel, in Charge of Bureau of Street Openings.

Report of the Bureau for the Collection of Arrears of Personal Taxes.

No. 280 Broadway (Stewart Building), Borough of Manhattan, New York, January 2, 1912.

Hon. ARCHIBALD R. WATSON, *Corporation Counsel:*

To which should be added costs collected during the same period.....	885 10
Total collected during the year.....	$65,001 94

Collections of the Bureau.

The falling off in the collections of the Bureau is accounted for by the failure of the Receiver of Taxes to transmit to the Bureau the usual number of uncollected warrants. The Marshal for the Collection of Personal Taxes was removed on August 25, 1911, and no successor was appointed. As a result there was returned by the Receiver of Taxes for collection $1,343,786.75 of the tax levy of 1910, as against $2,964,173.50 of the tax levy of 1909, which sum was transmitted the previous year.

Schedule "A," hereto annexed, shows the year and amount of collections of taxes and interest by Boroughs; also of collection of costs by months.

Following the practice inaugurated by this Bureau, and referred to in my Quarterly Report throughout the year 1911, in cases where the defendants were not represented by counsel, and the facts seemed to warrant such a course, the original deposition of the defendant, together with the original summons and complaint in the action, and a form of order of dismissal, were presented to the Court. under the provisions of the Tax Law, for such action as appeared to said court just.

Number of such orders transmitted to the Comptroller of The City of New York	2,656

Ex Parte Motions.

It is the policy of the Department adequately to protect the interests of persons wrongfully assessed as well as the interests of the City. Where defendants are not represented by counsel their depositions are taken and the taxable status disclosed. If it is apparent from the testimony taken that the person assessed is not liable for personal taxation or has a legal defense, the said testimony is made the basis of an *ex parte* application to dismiss the action and vacate the assessment; and as I have stated in my previous reports, the said application is then presented to a Justice at Special Term, Part II, for final disposition. Attached thereto is the affidavit of the Assistant-in-Charge of the Bureau to the effect that the same was conducted by the Department.

In case the application is granted, an order is entered and becomes a matter of public record, together with the original testimony and affdavit of the Assistant-in-Charge of the Bureau.

It is still the custom to insist upon the personal appearance of defendants, except where physical inability makes such an appearance impossible; and in such cases the deposition is prepared by the Bureau and transmitted to the defendant for answer and verification.

Number of such examinations since January 1, 1911.....	5,444
Number of *ex parte* motions submitted and granted since January 1, 1911.....	2,656

Reports to the Department of Taxes and Assessments.

Monthly reports are still made by the Bureau to the Receiver of Taxes and the Tax Department of all cases dismissed on account of inability of the person assessed to pay the tax, although the law only requires the same to be made annually. The said report consists of a copy of the order dismissing the action, attached to which is a copy of the testimony upon which said order was procured; and in addition a copy of every such order is certified to the Comptroller. This method has been of immeasurable help to the Tax Commissioners in the preparation of the tax roll for the succeeding year. Its effect has been to correct the assessment rolls in cases where assessments were illegal on account of mistakes in names or description of persons assessed, and also in eliminating therefrom uncollectable and worthless assessments. The Finance Department has also benefited in that it furnishes a report of uncollectible taxes.

Number of such orders transmitted to the Tax Department.....	2,656
Number of such orders transmitted to the Finance Department.....	2,656
Number of such orders transmitted to the Receiver of Taxes.....	2,656

Non-Resident Individuals and Foreign Corporations.

No effort has been made by the Bureau to collect by action personal taxes against non-resident individuals or corporations, as there is no way to enforce payment by personal judgment. It is deplorable that some method should not be devised to compel contributions to the support of the City Government from such individuals and corporations.

BUREAU FOR COLLECTION OF ARREARS OF PERSONAL TAXES—*(Continued).*

Litigated Motions.

The reduction of personal assessments continues to be effected under the provisions of chapter 374 of the Laws of 1909, which enactment gives the Court the right to review and consider the facts of the assessment as they existed before and after the same is imposed. If personal assessments are excessive and no appearance was made before the Tax Commissioners on account of ignorance and neglect, the taxable status of the person so assessed is determined by sworn testimony, and if it is clearly shown that the same should be reduced, a motion is made by the attorney representing the person or corporation so assessed and the application is neither opposed nor consented to by this Bureau, but the Court is furnished with all of the information relating to the particular application, which the Bureau has been able to procure, and the matter is left entirely to the Justice before whom the same is presented for the exercise of the discretion which the law authorizes.

Where it is considered that there is no legal or equitable right to the review sought, such application is, of course, opposed by the Department, and such motions are invariably not granted.

Number of such motions argued at Special Term	68
Number of such motions granted	60
Number of such motions opposed	6
Number of such motions denied	2
Number of such motions pending	4
Number of such motions withdrawn	2

Settlements and Costs.

No compromise or settlement in any form is effected by the Department where the assessment is found to be correct in every particular, and the full amount of the tax, with statutory interest, is collected. This is done in every instance, except where the Court directs, after a motion duly coming on to be heard, and all the facts having been passed upon, an order modifying or reducing the assessment is obtained, and if the application is granted with costs, the order entered sets forth the amount.

Thus the Corporation Counsel, the Assistant-in-Charge of the Bureau, and the Comptroller are relieved of all responsibility and the same is assumed by the Court, wherein it properly lies.

Remedial Legislation.

It has been held that persons holding property in representative capacities, such as executors, trustees, guardians, etc., are personally responsible for the tax on such assessment and must be assessed as such.

This construction of the law is a benefit to the City only in cases where the representatives are financially responsible. In the case of substitution of trustees the estate is not liable, but such liability attaches to the representatives of the estate assessed.

As suggested in the last annual report, it would appear for the best interests of the City to provide for the collection of personal taxes so assessed against such individuals, and requiring the successor or successors thereof to pay the tax; and also requiring the Surrogate to allow the claim for the City's tax and to compel the new representative or representatives to pay the tax so assessed, or an amount which may be determined upon, after application to Court under the provisions of chapter 374 of the Laws of 1909, before any distribution of the estate can be effected. In other words, to make the estate, as well as the substituted representatives, liable for the payment of the tax upon any just assessment.

Important Decisions Affecting the Bureau.

The most important decisions during the year 1911 were the following:

The City of New York vs. Chase Talbot Company (Reported 132 N. Y. Supp, p. 1094).

The City of New York vs. Marion G. Hall et al., Administrator, etc. (Not yet reported. See New York Law Journal, January 27, 1912).

In the Matter of John W. Wallace Company, Bankrupt (New York Law Journal, March 15, 1911). (Case in the United States District Court, Southern District of New York.)

In the case of the *City of New York vs. Chase Talbot Company,* mention of which was made in my report of January 3, 1911, the order of Special Term, in favor of the City, was reversed by the Appellate Division, and defendant's motion to dismiss the proceeding and cancel its personal assessment was granted.

The defendant corporation filed a statement with the Tax Commissioners for the year 1907, and was assessed thereon in the sum of $158,700. After action was brought by the City, a motion was made by the defendants under the provisions of chapter 374 of the Laws of 1909, for an order dismissing the action, upon the ground that the statement which the defendants had filed with the Tax Commissioners was not correct. Said motion was denied at Special Term for the reason urged by the City, mainly, that the Court should not reveiw the action of the Tax Commissioners where the assessment was imposed upon evidence furnished by the defendants, as a review by certiorari would have been the proper proceeding.

A dissenting opinion was filed by Mr. Justice Ingraham, wherein the City's construction of the statute is upheld. An appeal was advised and the case was accordingly taken to the Court of Appeals for final determination.

In *The City of New York vs. Marion G. Hall et al., adm.,* defendants were assessed for personal taxation in their respective capacity for the year 1909. The assessment was fixed as of the second Monday of January of that year, which was January 11. A final decree of the distribution of the Surrogate's Court was entered on January 7, 1909, but the physical transfer of the assets of the estate was not made to the beneficiaries until January 14 of the same year. A motion was made to dismiss the proceeding and cancel the tax upon the ground that the delay in transferring the property was caused by the inability of the general guardian to arrive in New York to receive the estate until January 14, aforesaid. Defendant admitted actual possession of the property on January 11, and the Supreme Court at General Term granted defendant's motion, and the City appealed upon the ground that by the express provision of the Tax Law, section 33, the person or persons in actual possession on the second Monday of January of the year in which the assessment is imposed, whether as administrators, agents or otherwise, were subject to the tax. The Appellate Division affirmed the order of the Court below, and if such a determination is correct, the taxable day in the State of New York is no longer fixed and determined by statute, but is subject to be moved about by the Court, as the exigencies of each case may require. As this was deemed not a proper construction of the statute, an appeal was taken to the Court of Appeals.

In the *Matter of John W. Wallace Company, Bankrupt,* the Referee in Bankruptcy permitted evidence to be introduced showing that the bankrupt in question should not have been assessed for the reason that it was insolvent on the second Monday of January of the year in which the tax was imposed, although a statement was filed with the Tax Commissioners upon which the assessment in question was based.

The Referee held that he had jurisdiction under chapter 374 of the Laws of 1909 to review the tax, and that it was not just that the company should pay the claim, the Treasurer's statement being shown to be erroneous at the time it was made. This construction was opposed by the Bureau and exceptions were taken to the ruling of the Referee. The United States Court (opinion by Hand, J.) supported the City's contention, reinstated the claim and directed that it be paid.

This decision is important in that it established a precedent which has been followed by all of the Referees in Bankruptcy since that date.

Management of the Bureau.

The general plan of administration of the Bureau remains unchanged. In addition, however, to the suggestions contained in the last annual report, this branch of the Law Department is in need of an additional Clerk to properly protect the City's interest in bankruptcy proceedings. The Assistant in charge of such matters should be relieved of the detail work involved, and to designate a Clerk for this particular purpose from the present force would sorely cripple the efficiency of the working plan of the Bureau. Respectfully submitted,

GEO. O'REILLY, Assistant Corporation Counsel in Charge.

Report as to Proceedings to Acquire Land for the Water Supply.

Water Proceedings Other Than the Catskill Supply.

Every remaining Commission in Westchester and Putnam Counties on Water Supply proceedings other than the Catskill Supply has been closed in 1911. Croton Falls Dam and Reservoir K proceeding, instituted under chapter 490 of the Laws of 1883, concluded with its Third Supplemental and Final Report on April 7, 1911. Matters in connection with this Commission are closed, except for an appeal in an award made in 1910, which is still pending. The Croton Falls Dam and Reservoir Highway proceeding has been closed and three-quarters of the amount of the awards made by the Commission have been set aside by the Court on the City's motion. The Mount Kisco proceeding has also been concluded, and matters in connection with the Wampus and Rye Pond, Eighth Cornell, the Cross River Highway, and the Croton Falls Dam, Second Supplemental. In the Cross River Dam and Reservoir, 1st Division, and in the Mount Kisco proceedings there are two parcels on appeal.

The total of these proceedings during 1911 was as follows:

41 Parcels.	
Awards	$330,490 00
Claimants' costs	9,794 55
Commissioners' fees	37,294 90
City's witnesses	1,945 00
Advertising	807 85
Special Counsel	18,504 10
Printing	370 90
Stenographers	1,366 47
Miscellaneous	140 65
	$400,714 42

Some of these proceedings have been dragging on for years, and this is, I believe, the first time since 1883 that there are no Commissions sitting under that act, and no pending business for any Commissioners under that act to transact.

Respectfully submitted, WM. M. SPEER, Special Counsel.

Catskill Water Supply Proceedings.

Catskill Water Supply proceedings were begun in 1907. Prior to 1910 forty-three Commissions of Appraisal were appointed, consisting of three members each. Of these, twenty-two original Ulster County Commissions have been terminated, and two new Commissions are disposing of the odds and ends and retrials. The three Orange County Commissions have concluded taking testimony; two of them have made their final report, and the last report of the Orange County Commission is in preparation. The Westchester Commissions have still before them several retrials, cases delayed by appeals or claimants, and the small claims arising from the taking and use by the City of various streets and highways.

In 1911 seven Commission reports were filed in Ulster County making awards of $327,572.08, allowances to claimants of $19,766.20 for witness' fees and disbursements, and $15,663.15 for claimants' counsel. In Orange, Putnam and Westchester Counties thirteen reports were filed containing awards of $967,152, with recommendations of $10,636.72 for claimants' witness fees and disbursements, and $5,498.30 counsel fees to claimants, a number of motions for counsel fees and witness fees being still pending.

By various orders of the Justices of the Supreme Court who appoint the Appraisal Commissioners, charges for their services and expenses were taxed in 1911 at an aggregate of $143,769.26, considerably less in several cases than the Commissioners asked for. In one case a referee was appointed at the City's request to take testimony, with the result of reducing that particular Commissioner's bills more than half. Two appeals to the Appellate Division also resulted in reducing Commissioners' fees.

PROCEEDINGS TO ACQUIRE LAND FOD WATER SUPPLY—*(Continued)*.

Following is a comparative summary of the awards and other costs of these proceedings since their beginning in 1907 to and including 1911:

	1907-8-9. 1,207 Parcels.	1910. 1,497 Parcels.	1911. 532 Parcels.

Average cost per parcel of awards	3,253 00	2,876 00	2,434 00
Average cost per parcel of condemnation proceedings	1,930 00	472 00	610 00
Comparative saving on condemnation cost per parcel in 1910 and 1911	.....	.....	1,422 00
Comparative saving on 2,029 parcels	.....	.....	2,885,238 00

The total of the items making up the Corporation Counsel's expenses in the above table includes the City's witnesses, references, advertising, Special Counsel, printing, stenography, Clerks, miscellaneous, including rent, telephone, express and postage. These items are the only ones under the Corporation Counsel's control, as the awards are determined by the Commissions, and the Commissioners' fees and claimants' costs by the Court.

The following table shows the expenses of the Corporation Counsel in 1907, 1908, 1909 and in 1910 and 1911:

	1907-8-9.	1910.	1911.
City's witnesses	$309,747 25	$69,317 64	$19,022 00
Advertising	417,119 25	12,412 99	4,867 45
Special Counsel	518,109 22	70,317 73	60,701 08
Printing	95,826 59	10,788 61	5,704 60
Stenography	90,001 15	40,287 72	24,107 91
Clerks	29,346 37	5,540 78	3,595 16
Miscellaneous	21,360 70	9,200 75	11,469 03
	$1,481,510 53	$217,866 22	$129,467 23
Expenses of the Corporation Counsel per parcel	1,227 00	143 00	243 00

The total of the awards is not final. As the result of a compromise after taking an appeal, $29,186 and interest was saved on one award. Several other large awards are being retried and appeals in a number of other cases are pending. Allowances to claimants' counsel have also been reduced by Judge Tompkins' decision limiting such allowances to $2,000.

The above statement of expenses of the Corporation Counsel also include the expenses for witnesses, advertising, printing, rent, Referees, Stenographers and Clerks in connection with the business claims and the wage claims and the certiorari proceedings under Ulster County. It also includes the cost of successfully opposing a number of claims in which no recovery was had, and which do not, therefore, appear in the number of awards. There were several hundred of these, which, if included, would make a material reduction in the pro rata cost of 1911. The cost of the stenography and printing of various appeals is also included, and the stenography, printing and witnesses in several of the trials.

In addition to the proceedings before the Commissions of Appraisal, this Bureau has conducted for the City during 1911:

Actions	14
Confirmations	33
Motions	386
Appeals	18

Two important actions are those of the Hudson River Telephone Company vs. The City of New York, and the County of Ulster vs. The City of New York. In the Hudson River Telephone case it was decided by Justice Newburger "that no interest can be awarded to the plaintiff upon the award for injury to the business or for cost and disbursements allowed the attorney." In the County of Ulster case, the County is seeking to recover from The City of New York the sums paid to Grand Jurors, Petit Jurors, Sheriff, Jailers and others as the cost of the criminal proceedings against employees or former employees of the Reservoir and Aqueduct contractors. This claim even extends to the cost of prosecuting sellers of liquor and cocaine to the contractors' laborers. This case is on trial before a Referee and is not yet decided.

The trial of business and wage claims under special provisions of the Water Supply Act in Ulster County began in 1911. Including the boarding houses there are more than six hundred business claims in Ulster County involving new questions of law and much more work in the preparation and trial than a parcel of land and buildings. Instead of appointing numerous Commissions to do this work, Justice Howard and Justice Betts, on the City's motion, appointed two Commissions which are now sitting virtually as a Court of Claims in two parts, hearing business claims as well as disposing of a few remaining real estate claims.

So far sixty-five business claims have been presented aggregating $916,000, of which twenty-three claims aggregating $169,000 have been tried. On seven of these claims aggregating $43,000 awards have been made for $10,740.

The total of the Ulster County claims arising from the Water Supply Act and apart from the taking of the fee to the real estate is roughly estimated as $8,000,000. Exceptional provisions inserted as amendments to the Water Supply Act through efforts of members of the Legislature and the lawyers of the Counties in which this Water Supply Work is being done have thrust upon the City a volume of novel litigation, great in amount. Several of the important questions involved have been decided by the Appellate Division of the Third Department in the Winchell and Dumond Country Store cases. Other cases are constantly arising before the Business Commissions.

Although the business and the wages claims are as numerous in Ulster County as the claims for the taking of the fee to real estate, two Commissions and a Referee have been hearing these cases with such expedition that any claimant so desiring has had a trial within two months. Also by having two Commissions instead of twenty-two in Ulster County, the item of Commissioners' compensation, for which so far the City has paid $982,254 in the Catskill proceedings, will be materially lowered in the future.

The Water Supply Act further gave claims for six months' wages to employees who lost their positions by the City taking more than twenty square miles of land in Ulster County. There were many of these employees. In the test case of Thompson vs. The City of New York, Justice Howard held that the Water Supply Act intended no gratuity and no liquidated sum, but that the claimant must prove actual damages. Following the Thompson cases, which resulted in judgment for the City, sixteen wage cases were tried before a Referee. The claims amounted to $4,825. Nine were dismissed and the judgments recovered against the City in the other seven amounted to only $677 and $245 costs. In the next six claims the amounts claimed, $1,592, were reduced to $643. In the next eleven claims for $2,479, the recovery was $1,514.95. Instead of the City having to pay out more than $400,000 on the construction of the law as sought by claimants' counsel, the total recovery should be less than $50,000.

Respectfully submitted, WM. M. SPEER, Special Counsel.
